Bowles Assails Amendments to OPA

Pledges for Donations Mount As Drive Hits \$1,500 Mark

PRESIDENT Virgil M. Hancher yesterday made his contribution to Campus Chest and received a Campus Chest badge from Jane Hertlein, OS of Waverly, Campus Chest committee member.

Collections for Campus Chest yesterday had not reached the mark leaders had hoped for, but pledges for donations were pouring in.

The total of contributions turned in yesterday was \$242.41. After three days solicitations, all collections amounted to \$1,575.02.

Pledging a \$114 donation last night, the Delta Gammas joined the ranks of the "200 percenters." Law Commons, with a total of \$108 contributed to date from its 150 residents, is driving for a 100 percent goal.

Concentrated solicitation at the women's larger dormitories, Hillcrest and Currier, were planned for last night and tonight. Howard Hensleigh, L2 of Iowa City, drive chairman, urged all housing units to turn in their contributions as soon as possible to the university business office in University hall.

Town men and women or any other students not contacted by solicitors at housing units may make their contributions at the booth in front of Old Capitol or in the Y. M. C. A. rooms at Iowa Union.

U. N. Begins Study of Spain

NEW YORK (AP)—The United Nations security council subcommittee investigating Franco Spain plunged into a mass of 461 separate documents on the Spanish question yesterday at its first secret meeting.

A communique said most communications urged recognition of the Spanish Republican government "while some advocate that a new regime should be established in Spain on the basis of a free democratic election."

The documents were letters and telegrams received from private individuals and non-governmental bodies on the Spanish question between Jan. 1, 1946, and April 30. The communique said the U. N. secretary-general has been ordered to ask every member of the United Nations to supply all relevant material on the Spanish question.

First Negro Elected— American Mother

NEW YORK (AP)—Mrs. Emma Clarissa Clement, of Louisville, Ky., granddaughter of a slave, yesterday was chosen as the American Mother of 1946 by the American Mothers committee of the Golden Rule foundation. Mrs. Clement, the first Negro elected, is 71 years old and has seven children.

Children
Mrs. Clement, whose children include the president of Atlanta University, Atlanta, Ga.; a professor of physics, a professor of English and an army chaplain, is former national president of the Women's Society of the African Methodist church.

Mrs. Clement's election was announced by Mrs. Harper Sibley of Rochester, N. Y., American Mother of 1945.

Telephoning Louisville to notify Mrs. Clement of her selection, Mrs. Sibley said she was told by a daughter that "Mother is speaking on a radio program right now." Her subject was "The Family."

Recognition
Mrs. David DeSola Pool, chairman of the Mother's committee, said:

"In selecting Mrs. Clement as the American Mother for 1946, the committee gives recognition not only to the great personal qualities of Mrs. Clement as a mother of children who are devotedly serving their country and their people; as a partner in her husband's ministry in his life time; as a social and community worker in her own right; but it gives recognition also and pays tribute to the great spirit of America."

Britain Bids For U. S. Aid

Desires Joint Policy In Palestine as Jews, Arabs Assail Report

LONDON (AP)—Britain bid yesterday for United States military and financial aid to carry out a joint policy in Palestine, as an uproar of protest over the British-American inquiry committee report threatened to erupt in violence.

Jews and Arabs alike assailed the report, and in Jerusalem the Arab higher committee called for a general strike tomorrow by all Arabs in Palestine "as a first step to show our utmost dissatisfaction." An unconfirmed report said the committee also had sent cables to Washington and London repudiating the report, and reiterating demands for an independent Palestine.

In London, Prime Minister Attlee said Britain wanted to know "to what extent the United States government would be prepared to share the resultant military and financial responsibilities for administration of Palestine, which the British inherited as a League of Nations mandate."

Plea of Innocence Entered by Anderson

COUNCIL BLUFFS (AP)—Dr. J. C. Anderson pleaded innocent to second degree murder charges yesterday in connection with the abortion - death of 25-year-old Marian Blyth.

His plea was made before municipal judge Allan Ardell by William P. Welch, Logan, attorney now associated with John P. Tinley Jr., of Council Bluffs. Judge Ardell set preliminary hearing for Saturday. Defense attorneys told the court they reserved the right to waive the hearing.

Attorneys for Dr. Anderson indicated the \$20,000 bond may be posted soon.

SUI Granted 645 Housing Units

Addition Brings School's Total To 920 Units

Fred Ambrose Leaves For Chicago Today For FPHA Conference

Fred W. Ambrose, university business manager, will leave today for Chicago where he will confer with federal public housing authority officials on the allocation of 645 additional units of veterans' emergency housing to the university.

The Chicago regional office of the FPFA announced the allocation yesterday which included 6,845 units to municipalities and educational institutions in five midwestern states. University officials have received no information as to what type of units will be allotted for Iowa City, but Orvil R. Olmsted, FPFA regional director, indicated that the units would be barracks with the possibility of a few trailers and Quonset huts.

920 Total
The allocation of the 645 units brings the total of temporary housing accommodations at the university to 920.

An area northwest of Riverdale and south of Park road is reserved for 25 Quonset huts which were allocated to the university two months ago. George L. Horner, university architect, said that no further information about the transportation or arrival of the huts has been received.

In addition an area west of Riverdale is reserved for 20 privately owned trailers.

University officials indicated that barracks could be converted into apartments for both single and married students corresponding to the need. They said, however, that some units would probably be left as barracks.

Indications are that the additional units will not be located on the east bank of Iowa river but will be used to fill the few available pieces of vacant university property on the west side of the river.

Possible Sites
The following areas may be considered for the location of the 645 units.

Area south of Riverdale trailer camp and north of University theater in lagoon area.

Area between the university theater and the fine arts building.

Area around old quarry on Riverside drive and below rear of Law Commons building.

Area south of Westlawn, west-side nurses home.

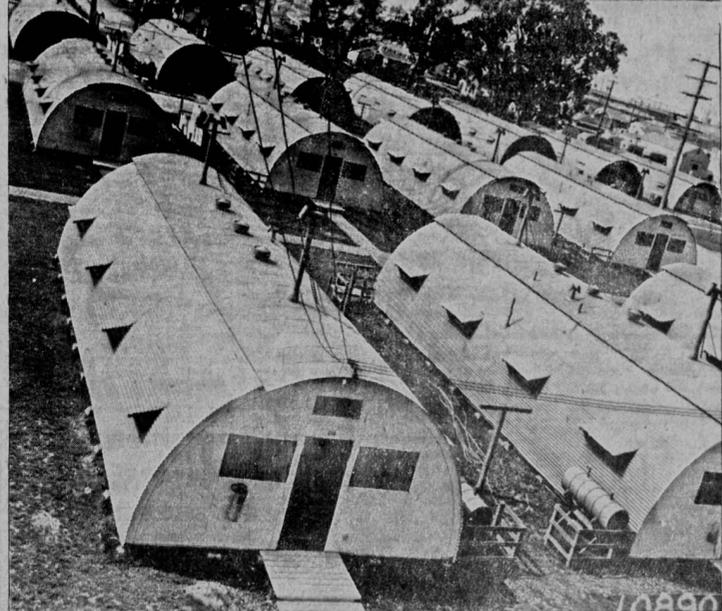

Area designated as the Folson property adjacent to the northeast corner of the university golf course along Newton road. The latter is one of the largest areas under consideration as a site for a sizeable number of the housing units.

Officials explained that the allocation had nothing to do with the failure to obtain bids on a general contract for the Parklawn development and Currier addition. The university made application for the additional housing unit last fall when it was seen that the influx of single and married veterans would overflow the university's housing accommodations.

Further Information
Ambrose said late yesterday that little is known of the "when, where and how" of the 645 units, but further information would be forthcoming after his conference with the FPFA in Chicago.

The university has not signed a contract for the 645 units. As soon as structures are available and the sites ready, the FPFA will authorize contracts to dismantle, convert and re-erect the structures.

Quonset Huts—You May Be Seeing Them Soon

A GROUP of Quonset huts, such as the university may receive as part of the allocation of 645 emergency housing units, is shown above. The huts can each be divided into two separate apartments for married students or into dormitory-type units for single students.

Iowa Sheriff Captures 2 Minnesota Convicts On Forest City Farm

FOREST CITY (AP)—Sheriff Jack Johnston of Winnebago county captured two escaped Minnesota convicts yesterday after wounding one of the men in the hip.

The men were identified as Arnold Bouman, 29, and Joseph Howden, 42, who escaped April 25 from the state prison at Stillwater, Minn.

Johnston said Howden was captured outside a farmhouse near Forest City and that Bouman was taken inside the house "after he tried to pull a gun on me and forced me to shoot first."

The sheriff said the men were to be questioned in connection with robberies at Austin, Minn., and the \$450 robbery Monday of Clinton Barenz, Osage, filling station operator.

Johnston said he and his deputy, Merrill Peterson, had been watching the farmhouse ever since receiving a tip a week ago that the two men might try and contact the housekeeper there.

At Mason City, Chief of Police H. E. Wolfe said that the car the men were driving was stolen from Cliff Lyons of Mason City.

Forrestal Hits Merger Plans

WASHINGTON (AP)—Secretary of the Navy Forrestal yesterday lambasted anew legislation to merge the armed forces, although praising President Truman's "basic objective" of post-war unification.

Appearing before the senate naval committee, Forrestal lashed out at what he termed the "army plan for merger"—a bill aimed to carry out the president's recommendations, which already has been approved by the senate military committee.

After presenting a formal statement, which was made public, Forrestal was in closed session with the navy committee for two hours. Chairman Walsh (D., Mass.) told reporters afterward members peppered the cabinet member with questions.

Byrnes Urges Cut in Forces

PARIS (AP)—U. S. Secretary of State James F. Byrnes urged the foreign ministers conference yesterday to reduce Allied occupation forces in Austria immediately and to plan simultaneous Allied evacuation of both Italy and Austria, a qualified conference source reported.

Byrnes asked that occupation garrisons be limited to 15,000 troops in each Austrian zone, and that their complete evacuation later coincide with the withdrawal of troops from Italy.

The proposals were made during a discussion of the Italian peace treaty. Byrnes said that so long as American troops remained in Austria, they would have to be maintained in Italy to protect supply lines.

OPA Allows Extension On Price Regulations Of Men's Clothing

WASHINGTON (AP)—The government acted last night to sweep away an obstacle to delivery of men's suits to retail stores. OPA gave manufacturers more time to meet price regulation requirements after clothing industry spokesmen had contended in New York that the regulations had halted shipment of from 75 to 80 percent of suits on hand.

The price agency took its action as the Civilian Production administration called a series of conferences with clothing industry representatives in a move to boost output of men's suits.

OPA revised its "maximum average price regulation" to give suit producers another 30 days—through May 30—to come into compliance with the order. Previously yesterday had been the deadline.

Warns Public Against Bill 'Compromises'

Stabilization Director Says Capital's Hotels Filled With Lobbyists

WASHINGTON (AP)—Chester Bowles last night advised the public not to be duped by "compromise" amendments now being proposed to replace the amendments fixed by the house to the OPA extension bill.

The public uproar over the "dangerous and overly inflationary" house bill has caused OPA's opponents to beat a seeming retreat, the stabilization director said in a radio address on the Mutual network.

"But—and let me make this warning absolutely clear—let's not be fooled by former opponents of firm price control who suddenly protest that they are really on our side."

Continue Protests
He urged consumers to continue their vigorous protests against a weakened price act, declaring: "You are opposed by a small but well organized group of lobbyists who are filling the hotels here in Washington right now."

Secretary of Agriculture Anderson said earlier in the day that price control on meat should be abandoned unless a 90-day test period showed that packers could get livestock in "something like normal" volume.

He agreed, in an appearance at senate banking committee hearings, with the packers' contentions that those who stayed within ceiling prices had been unable to get stock for slaughter.

Later, he told reporters that any dropping of controls should be experimental, with the government retaining power to reimpose them.

Anderson said that two things may correct the situation: (1) New quotas designed to route to slaughterers the same volume they had in 1944 and (2) A campaign to prevent diversion to black markets and other abnormal sources of trade.

"This is about the last effort to see if it will work," he told Senator Barkley (D., Ky.) in a discussion of meat control.

Barkley had related that a stockman "in whom I have every confidence" stated that while he normally slaughtered 7,000 head week he can now get but 500. Anderson called this a typical case.

Collision Injures Cedar County Sheriff, Wife

A HEAD-ON COLLISION last night about 7:30 sent this car into the ditch and Sheriff Charles Willey of Cedar county and his wife to Mercy hospital with undetermined injuries. The Willey car was traveling east on Highway 1 about five miles east of Iowa City when it collided with a car driven by Mrs. Charles Vannice of West Liberty. Mrs. Vannice said that she had stopped alongside a car parked on the highway with a flat tire after the headlights on her car failed. Both her car and the car with the flat tire, driven by Roy Berg of West Branch, were headed west. Walter Kephart, a passenger in the Berg car, said that after their car stopped with a flat tire, he noticed the lights fall on a car approaching from the rear. He said he waved a flashlight to warn the car and it pulled up beside the Berg car. Just then, he said, the Willey car came over the crest of a slight hill and hit the front of the Vannice car, knocking it back behind the Berg car, which was not hit. The Willey car went into the ditch about 100 feet down the road. Kephart said he attempted to warn the Willey car with his flashlight but the light failed. Sheriff and Mrs. Willey were taken to Mercy hospital in an ambulance. A report on their conditions would not be immediately available, hospital attendants reported last night. Army Needs Better Prepared Food

Secretary of War Patterson has finally revealed what any long-suffering G. I. could have told years ago.

Far from being "home cooked," army food has been prepared and served in a manner "definitely below the accepted practices of commercial hotels and restaurants," an investigating committee appointed by Patterson reported.

The committee, composed of civilians and assigned to survey army food management and conservation methods, found also that food has been overstocked and wasted.

Perhaps if Secretary Patterson had gone to a mess hall unannounced and had eaten a regular G. I. meal, he would have started the investigation sooner. Overcooked meat, undercooked vegetables, cold soup and the unappetizing preparation of food in general do not help morale.

There is a standing joke among many servicemen that all the auto mechanics were classified as cooks when they were processed by the army, and that all the cooks ended up changing tires on jeeps.

Not all army cooks are inept, however, and the survey did disclose that the G. I. bakeries have been superior in operation.

Another operation praised was the "good quality" of provisions purchased for army use at the "greatest economy." But even good food must be cooked properly, and many a soldier tells of unloading beautiful cuts of meat and crisp vegetables at the back door of the mess hall, only to be unable to eat the unappetizing food that finally came from the kitchen.

If the army is to appeal to men as a career, something must be done about army food. And, more important, with millions starving throughout the world, food waste and overstocking with resultant spoilage must stop immediately.

To improve army food management and handling, the committee recommended that pay rates and working conditions be made more attractive "to compensate for the hard work and long hours." It specifically proposed an extra dollar a day for KP duty.

In addition, the army is now trying to attract to its ranks men who wish to make a career of cooking. The resultant specialization would certainly increase the food preparation standards.

If the old adage "an army travels on its stomach" is to be taken as true, Patterson must see that not only is good quality food provided, but also that such food is adequately prepared.

For 'Thorns', a Far-Away Hideout

One of the hopeful signs in the renewed negotiations between the government of China and the Chinese Communists is the report that Generalissimo Chiang Kai-shek is trying to send Gen. Ho Ying-chin, his chief of staff, out of China.

General Ho has been for years a stumbling block in the path of progress. If he could be given a mission almost anywhere, except in China, the results should be beneficial to his country.

Unless the inhabitants objected too strongly, it might be a good idea to send him to investigate conditions in Pitcairn island, which is one of the most isolated bits of land in the world. The islanders, perhaps, could be placated with gifts. If they were rewarded handsomely enough they might even be willing to take a few troublesome characters from other countries.

The bright young men of the American state department should be able to think up a mission on Pitcairn for Representative Rankin and Senator Bilbo.

The British Socialists might like to be rid of Harold Laski for a while, in view of his capacity for putting both feet in his mouth simultaneously, and the Russians and the French must have a few individuals who would be better loved if they were far away from home.

The Pitcairn islanders, indeed, might profit greatly from a willingness to entertain missions, at a price, from most of the countries of the world.

Baseball Worrying Diplomats

You wouldn't think that the state department, plagued by the atomic bomb, the United Nations, relations with Russia and peace treaties, would be seriously concerned about baseball—but it is.

Derby Field Cut In Earnest Yanked From Big Race

BY SID FEDER
LOUISVILLE, KY. (AP)—In Earnest, an 8-1 winter book favorite for the Kentucky Derby, yesterday was declared officially out of Saturday's big race at Churchill Downs.

Owner Warren Wright decided to withdraw the horse after a conference with trainer Ben Jones who was disappointed with In Earnest's seventh place finish in the one-mile derby trial here Tuesday. Jones said the horse was losing weight and appeared to have "tailed off" in training.

Jones earlier said he would advise owner Wright not to start In Earnest Saturday, and after Tuesday's conference Wright agreed not to enter the little thoroughbred in Saturday's race.

Mrs. Vera Bragg's Mist O' Gold officially was declared out of the big race Tuesday after coming down with fever.

This leaves just 16 steppers still more or less sure of being on hand for the big heat, and not even all of those have their tickets yet. As a matter of fact, Art Brent, who trains the cantering Canadian Wee Admiral, said flatly Tuesday the son of War Admiral would not go to the post if it comes up mud. And, with the weather man predicting off-and-on showers most of the rest of the week, it seemed likely the Churchill Downs strip would still be a large bowl of pudding on Derby day.

The withdrawal of In Earnest made things look considerably more comfortable for Lord Boswell and Knockdown, Mrs. Elizabeth Graham's choice gallopers in this first \$100,000 derby. And Lord B, especially, doesn't care if it's mud, dry or chicken soup when it comes to operating over a race track.

He's the big horse here lately, because, actually, Knockdown hasn't looked too impressive and will be going into the Derby without having a race since March 9. So, since he probably will be carrying most of the load, the withdrawal of such swifties as In Earnest and stretch-running Mist O'Gold, makes Lord Boswell's work that much easier.

The Delaware dandy, William Du Pont Jr.'s Hampden, breezed a mile since he won the Chesapeake stakes at Havre De Grace last Saturday. He came back to his barn snorting and puffing and steaming from the effort.

Yanks Turn, Help Ruffing Tip Tribe, 6-3

NEW YORK (AP)—The New York Yankees reacted in healthy fashion after their no-hit experience Tuesday, making nine hits yesterday against Cleveland to win 6-3 for the veteran Red Ruffing, who was making the initial start of his 21st major league season.

The old master went the full distance for a four hitter, and the 26th victory of his long career.

Tommy Henrich batted in four runs on Ruffing's behalf, with a single and his second homer of the season.

Bosox Win, Keep Lead

BOSTON (AP)—The Red Sox romped to their sixth consecutive victory yesterday, routing the Tigers, 13-1, as the world champions displayed probably their most ragged game of the season.

Dave Ferris gave the Tigers but four hits in winning his second game without a defeat.

The Sox went on two merry-go-rounds, nine men going to the plate in both the first and second innings.

In the sixth Dom DiMaggio belted his second homer of the season, a long clout which bounded off the upright which supports the screen atop the left field wall.

Chapman's Blow Wins

PHILADELPHIA (AP)—Sam Chapman's fourth home run of the year and his second in two days, with no one out and the score tied at 2-2 in the ninth, gave the Philadelphia Athletics a 3-2 victory over the St. Louis Browns yesterday in the second game of the series.

St. Louis took a 1-0 lead in the first on successive singles by John Bernardino, Joe Grace and Vern Stephens. The Browns added another in the fifth on hits by Stephens and Zarilla and an error by Wallaesa.

Phils Sink Bucs, 8-0

PITTSBURGH (AP)—Isaac (Ike) Pearson, making his first start of the season after three war years with the marines, hurled brilliant five-hit ball yesterday as Philadelphia hammered out an 8-0 triumph over the sagging Pittsburgh Pirates before 4,426 fans.

The big righthander was never in trouble while his mates backed him up with an 11-hit assault on three Buc pitchers, including a two-run home run clout by first baseman Frank McCormick in the third inning.

Iowa Golfers Card St. Ambrose Here

Iowa golfers will meet a team from St. Ambrose college here Saturday, according to an announcement made yesterday by Coach Charles Kennett.

It will be a non-conference tilt, and Coach Kennett said that he would use his second team for the match.

Iowa's next conference meeting will be with Wisconsin here May 11.

Vinton Wins Hep Hawklets

Encouraged by their showing in the Vinton relays Tuesday night, City high's Little Hawks are looking forward to their next track appearance, the Mt. Pleasant relays next Tuesday. The team captured the mile and half-mile relays beside Bill Olson's first in the discus throw at Vinton.

A quartet of Wayne Fliss, Chan Coulter, Virgil Troyer and Don Fryauf toured the 880-yard relay in 1:36.2. An anchor lap by Troyer gave the Iowa City lads the mile relay. He covered the quartet in :51.8 to overcome a 20-yard lead held by Wilson high of Cedar Rapids. Running with Troyer were Coulter, Jack Davis and Tom Nichols.

The Little Hawks took seconds in the mile medley and 440 relays. Fryauf and Fliss placed third and fourth respectively in the 100-yard dash; Olson added a fourth in the high jump, a fifth in the 120-yard high hurdles and a fourth in the 200-yard low hurdles; Troyer was fifth in the football throw, and Chug Wilson was tied for third in the broad jump.

Chicago Track Team Meets Hawkeyes Here

Track fans will get their only look at the Iowa thincalcs at home when Coach Bresnahan sends his charges against Chicago in a dual meet on the Iowa track Saturday. It will be the first home appearance for the Hawk squad since 1940.

In all, 48 athletes have been entered with 18 journeying from Chicago. Iowa has the edge over the invaders on the basis of indoor meets in which the Hawks defeated Chicago in a dual meet and finished ahead of the windy city crew in a triangular go.

No relay events are scheduled for the meet but Iowa will throw the complement of its top 400 and 880 combinations against Chicago in the individual 100-yard dash, 220 and the 400-yard runs.

Herb Wilkinson, Drake relays second place high jump winner, will compete in that event.

Gregg's 6-Hit Win Puts Dodgers in Tie With Cards for First

CHICAGO (AP)—The Brooklyn Dodgers broke out with a rash of base hits that shelled three Chicago pitchers off the mound while their own Hal Gregg gave up six hits yesterday to take a 5-1 victory and even the current series at a game each.

The victory put the Dodgers in a tie for first place with the St. Louis Cardinals.

Gregg gave a somewhat chilled crowd of 10,926 a thrilling exhibition as he set the Cubs down in order in five of the nine innings, gave up but six singles and allowed no passes.

Brooklyn scored its first run in the second inning when Gene Hermanski singled and came home on Dick Whitman's double to left. They tallied twice more in the third when Eddie Stanky doubled to left and scored on Galan's single. Hermanski singled to center with two out and Galan scored when Marvin Rickert juggled the ball.

Their fourth run came in the fourth when Whitman singled, was sacrificed to second by PeeVee Reese and Galan singled.

Rambler Team To Be Feted

St. Mary's Ramblers, the mighty little class B squad which missed a state tournament berth by a heart-breaking one-point loss in the sub-state final, will be feted May 14 at the ninth annual St. Mary's banquet, it was announced last night by the banquet committee. The dinner will be held at 6:30 p. m. in the St. Mary's school assembly hall.

Guest speaker for the occasion will be Ernie Arboit, coach of St. Ambrose college and a former athletic great of Notre Dame university.

Father Herman Strub, assistant pastor at Holy Family in Davenport, will be toastmaster. He formerly was athletic director and assistant pastor at St. Mary's in Iowa City and served in the south Pacific as an army chaplain.

Coach Francis Sueppel will introduce members of the Rambler team that won 25 of 28 games last season and held a 17-game winning streak before bowing to Crawfordville in the sub-state final.

Cards Obtain Klutz, Boost Mound Staff

ST. LOUIS (AP)—The St. Louis Cardinals bolstered their weak catching staff yesterday by trading second baseman Emil Verban to the Philadelphia Phils for catcher Clyde Klutz, a few hours after the Phils obtained Klutz from the New York Giants in exchange for outfielder Vince DiMaggio.

Cardinal owner Sam Breadon said no money was involved in the Klutz-Verban trade. "We are now well fortified in the one department in which we had been numerically weak in experience," Breadon added.

As Hawks Visit Loop-Leading Badgers Tomorrow— Statistics Little Help to Iowa Baseballers

Iowa's Old Gold baseball nine, one of the conference leaders until last week's double loss to Minnesota knocked them into a sixth place tie, can find some—but not much—solace in a check of Big Ten statistics so far.

For instance, when the Hawks go to Madison tomorrow for a two-game series with Wisconsin, loop-leading Badgers will be facing a team that leads the loop in number of double plays, a total bases AND ERRORS. Besides that, second baseman Don Thompson shares the home run lead with two circuit clouts.

Iowa's hitting, long a worry to Coach Otto Vogel, has produced an average of .245 for loop tilts. That's the sixth best team average in the circuit. And the fielding is fifth best—930.

Naturally enough, the best hitting so far has been done by Michigan's Wolverines, who haven't lost a Big Ten game since 1943. They're hitting .336, followed by Illinois with .326.

Iowa's best hitter in the Big Ten is third baseman Keith Kafer with a .375 record for 16th place. Jack Wisniewski, rightfielder shows a .300 mark for a tie for 25th in the ranking. Bob Faber's one victory and one defeat in three mound starts make him the 12th ranked pitcher and the best for the Hawks on the score sheet.

The Hawks have pounded out a 55 total-base figure, have completed five double plays and batted the ball 14 times in their first two wins and two losses.

Following the Wisconsin series this weekend, the Hawks return to be hosts to Notre Dame next Tuesday and Wednesday.

Here are the ten best hitters in the Big Ten:

Chicago Track Team Meets Hawkeyes Here

Track fans will get their only look at the Iowa thincalcs at home when Coach Bresnahan sends his charges against Chicago in a dual meet on the Iowa track Saturday. It will be the first home appearance for the Hawk squad since 1940.

In all, 48 athletes have been entered with 18 journeying from Chicago. Iowa has the edge over the invaders on the basis of indoor meets in which the Hawks defeated Chicago in a dual meet and finished ahead of the windy city crew in a triangular go.

No relay events are scheduled for the meet but Iowa will throw the complement of its top 400 and 880 combinations against Chicago in the individual 100-yard dash, 220 and the 400-yard runs.

Herb Wilkinson, Drake relays second place high jump winner, will compete in that event.

The suit, filed by Attorney Bindley C. Cyrus, once attorney for Louis' wife, had been placed on the military calendar pending the boxer's release from the army. It was reinstated yesterday.

Mrs. Vrchoticky Files District Court Charge

A charge of contempt was filed in district court yesterday by Hazel Vrchoticky against Robert J. Vrchoticky, and Judge Harold D. Evans set May 8 as the date of hearing.

The couple were divorced Feb. 13 and the defendant was ordered to pay \$12.50 a week for support of their six children and \$75 attorney's fees. The petition states that the defendant has made no payment of any kind and this constitutes eleven separate acts in contempt of court.

Vets Administration Liberalizes Service Life Insurance Policy

The local Red Cross has been informed that the Veterans administration has made a temporary liberalization in regulations governing reinstatement of National Service life insurance.

Veterans are now able to recover their insurance protection, including those with disabilities who might never be able to qualify for other insurance, provided their health has not grown worse during the period of lapse.

It applies to both five-year level premium term policies and converted policies.

Any veteran whose National Service life insurance policy has lapsed or lapses between now and Jan. 1, 1947, may have it reinstated without a physical examination if he submits a signed statement that he is in as good health at the time he applies for reinstatement as he was at the time the policy lapsed.

This is possible regardless of the length of time the policy has been in a state of lapse or the length of time the veteran has been discharged from the service.

In the case of a National Service life insurance policy on the five-year level premium term plan, only two monthly premiums must accompany the application for reinstatement submitted during World War II and within six months thereafter.

In the case of a National Service life insurance policy on a permanent plan, all the unpaid premiums plus interest must accompany the application for reinstatement.

After Dec. 31, 1946, regulations that applied before this liberalization will again be effective. The permanent regulations governing reinstatement require a physical examination if the date of reinstatement is more than six months after the veteran's separation from service or more than three months from date of lapse, whichever is later.

Varsity Band Gives—Spring Concert

BY WILLIAM B. RUXLOW
The university varsity band under the direction of Arnold L. Oehlson, presented a spring concert in the South Music hall last evening.

Opening the program with the "Slavonic Rhapsody No. 2" by Friedmann, the band introduced the audience to the first varsity band concert since the spring of 1942.

Handel's "Minuet from Berenice," "Fughetta" by Stainer, "Eccossaises" by Beethoven and selections from "The Student Prince" by Romberg were presented before the intermission.

"Symphony No. 1 in E-flat" by Saint-Saens was well received and opened the second portion of light classical music. "A Southern Rhapsody—Virginia" by Wood, "Rhythms of Rio" by Bennett, "Pavanne" by Gould and "Grand March—The Pilgrim" by Lake added to the enjoyment of the listeners. "Rhythms of Rio" was especially accepted because of the use of latin-type dance progression. Also the "Pavanne" was widely applauded.

Local Police Seeking Woman Who Passed Bad Checks in City

Iowa City police are seeking a woman who passed two false checks here, both for \$39.50, one at Condon's Fur shop and the other at Dunn's, Inc.

The woman passed the checks under the name of Louise M. Martin and presented satisfactory identification. Both checks were dated April 26 and drawn on the Davenport First Trust and Savings bank.

Iowa City police will send photostatic copies of the false checks to the FBI in Washington and to the Iowa criminal investigation division of the state department of safety.

Police in Davenport, Muscatine and Cedar Rapids are also seeking the woman for the same type offense.

Realtor Offers Plan to Solve Vets' Housing

Howard F. Moffitt, Iowa City realtor, has offered to rent a house to any married veteran who will assist in the building of it.

Moffitt, who owns 40 lots in the Kirkwood Heights area, plans to use 100 acres of timber he already possesses, and a sawyer to convert it into lumber. He added that he thought he could locate sufficient other building materials to go ahead with construction.

According to his plan, any veterans interested enough to work on the building project will become the tenant of the house when it is finished. While working the veteran will be paid prevailing wage scale, Moffitt added. If enough veterans apply, the project will get under way June 1.

The buildings will be permanent one floor houses, Moffitt said, with 2 bedrooms, living room, kitchen with dining space, bath, gas heat and garage. Rental prices will run about \$60 per month.

Any married veterans interested in the project should call the Veterans Service office, 109 Schaeffer hall, extension 726.

At the meeting, the chapter's proposed constitution will be voted on by the membership.

Rations Trimmed

FRANKFURT, Germany (AP)—The worldwide food shortage hit the American army in Europe yesterday when headquarters announced that military rations would be trimmed 300 calories a day.

Committee To Investigate River Safety

A committee was appointed at a conference of city, county and university officials in the City hall last night to investigate ways to improve the efficiency of patrols on the Iowa river to help prevent drownings.

The conference was called by mutual accord of the three groups represented to work out a cooperative plan for the use of better equipment and more personnel in providing greater river safety.

Members of the committee are Sheriff Preston Koser, Alderman Dean Jones and Prof. David Armbruster, University of Iowa swimming coach.

The committee will meet tomorrow morning to work out a plan which will have as its immediate objective the hiring of additional help to patrol the river.

Later efforts of the committee will be directed toward providing a long range permanent program of river safety. It will try to determine the materials and personnel necessary to meet later water accident emergencies. The findings of this committee will be presented at a conference of the same officials for their endorsement.

In addition to committee members, the following men were present at the meeting: Mayor Wilber J. Teeters; city council members; E. G. (Dad) Schroeder, university athletic director; Fred W. Ambrose, university business manager; Joseph E. Peckman, chairman of the county board of directors, and Melville Fitzgerald, canoe livery operator.

He is survived by his wife and three daughters, all of Iowa City. Burial will be in Oakland cemetery.

Iowa City to Receive Safety Presentation During Club Meeting

Traffic safety awards won by Iowa City will be presented to city officials at a joint service club meeting of Rotarians, Lions, Kiwanians and Masons to be held May 21 at the Hotel Jefferson.

Iowa City rated first in Iowa for cities of its size in traffic safety for 1945 and placed fourth in the country.

Johnson County AAA Committeemen Urge Sale of Surplus Corn

The search for surplus corn in Johnson county, to be sold to the government for the local ceiling price plus a 30 percent bonus, started yesterday with a meeting of township AAA committeemen.

Immediate need in Europe for corn as a cereal was stressed by Johnson county AAA chairman Ray E. Smalley. Township committeemen are contacting holders of large corn stocks in the county beginning today to determine how much surplus will be available.

Smalley, however, expects little corn to move from Johnson county because it is mainly a livestock area, and there is barely enough feed for the livestock already on hand. Also the moisture content, which was excessive last year, may again surpass the 17 1/2 percent maximum on the tests at the elevators.

A local ceiling price had not been set yesterday, according to Smalley. At present there is one ceiling on corn shipped out of the state by barge, and another for rail shipments.

Social Action Group To Contact Barbers

Members of the Social Action committee decided last night to contact Iowa City barbers this week in regard to having a meeting of the barbers and a committee from the group to discuss the problem of the Negro haircut in Iowa City.

"We do not intend to attempt force in dealing with the barbers. Instead we want to discuss the

problem with them in a friendly manner," said Arthur Lambert, speaking for the group.

The committee went on record as stating that its formation was not the result of handbills regarding the Negro haircut recently distributed by Tom Olin, A2 of Springfield, Ohio, nor has it participated in the circulation of the handbills.

During the next two weeks a concerted drive for the signatures on petitions stating that white patrons of the barber shops will not discontinue their patronage though the Negroes are served will be made by the group. Petitions may be obtained at the Methodist student center, the Wesley Foundation Annex and the Roger Williams House.

Halts Affections
BERLIN (AP)—Maj. Gen. Walter A. Keating, assuming command of the American army garrison here, immediately demanded yesterday that his staff halt demonstrations of affection in public between American soldiers and German girls.

We're Sorry

that we couldn't serve half the people who came into our new store on Opening Day, but the reception swept us off our feet. We do hope, however, that the many who were served were served satisfactorily.

If you were one that couldn't be waited upon please give us another trial. The rush will not keep up forever.

And we want to urge you especially to visit our new fountain soon if you couldn't try it yesterday. Mrs. Ebert, the fountain manager, is striving to maintain the same quality and service at the fountain that this store has always been noted for in drugs during all the years. She is not only a Home Economics graduate but has had three years experience operating big fountains. Therefore, she knows her business.

We are sorry, too, that some merchandise and the flowers did not hold out to the end of the day but we estimated our needs and then doubled the order.

PLEASE GIVE US ANOTHER CHANCE
