INTO THE FRYING PAN

SEN. ALEXANDER WILEY (R., Wis.) gives a practice wave with aluminum frying pans in his Washington office yesterday before starting colleagues on the floor of the Senate by displaying the pans and asserting: "OPA has put American business into the frying pan and into the fire at the same time." ## Government Halts Shipment Of All Freight

### Industrial Activity In Indiana, Illinois Stopped by Walkouts

By THE ASSOCIATED PRESS  
The protracted soft coal strike brought a ban on virtually all freight shipments except food and fuel and a 25 percent cut in railroad passenger service yesterday and crippled normal industrial and commercial activity in most of Illinois and northern Indiana.  
At the same time, negotiations seeking to head off a scheduled nationwide railroad strike May 18 broke down when representatives of the Brotherhoods of Railroad Trainmen and Locomotive Engineers bolted a conference with the carriers in Chicago and said they wouldn't return until they were offered "something substantial."  
Nearly 300,000 railroad workers are affected by the strike threat which union leaders said would halt all the nation's major carriers.  
Meanwhile, in Detroit the Plymouth division of Chrysler Corp. announced it would be forced to halt final assembly line operations as a result of a shut-down of the Briggs Manufacturing company's Mack Avenue plant.  
The AFL bakery and confectionary workers union called a strike at Springfield, Ill., which it said would shut down 80 percent of all baking in downstate Illinois. The walkout, called in support of a 30 percent wage boost demand, affected 2,000 workers in 30 Illinois cities and Davenport.

## Reporter Irks Truman— Presidential Temper Rampages

WASHINGTON (AP)— President Truman put a flaring temper on display for the first time yesterday at a catch-all White House news conference.  
The conference skipped rapidly and sketchily from food to coal, from Manchuria to Paris.  
But what ruffled the presidential temper was a line of questioning about an army-navy merger and the attitude of Secretary of the Navy Forrestal toward it.  
Forrestal told the senate naval committee Wednesday he was not opposed to the president's "basic objectives" of post-war coordination of the armed services. But

he vehemently criticized a merger bill produced by the senate military committee, saying it was based on a "false premise."  
At yesterday's conference with reporters, Bert Andrews of the New York Herald Tribune asked whether the president regarded Forrestal's testimony as "lobbying against the merger bill."  
Mr. Truman said with emphasis that he did not. He asked Andrews whether the reporter had read the whole of the secretary's testimony.  
"He is very much against the bill," Andrews asserted.  
But he didn't say so, Mr. Truman replied. He said the secretary had submitted his testimony to him ahead of time, that Forrestal had a perfect right to say what he did, and that the president had authorized him to do so.  
Andrews came back a bit later with a statement that he was a bit puzzled about whether Forrestal opposed a merger or opposed the bill.  
The president got red in the face. He said the cabinet member was not opposing a merger and that the reporter couldn't have so much trouble if he would study these things carefully.

## Convicts Hold All Guards As Hostages

### Marine Detachment Landed on 'The Rock' To Subdue Fighting

SAN FRANCISCO (AP)— Alcatraz convicts fought a murderous gun battle last night for freedom from "The Rock."  
The lives of most of the guards of Alcatraz were at stake. The desperate men held them as hostages.  
One guard already had been killed and four injured in the raging battle and the situation was out of control.  
Late last night Warden J. A. Johnston announced: "Our situation is difficult and precarious. The armed prisoners on the island are still eluding us so that at the moment we cannot control them."  
Three hours after the riot began, a DETACHMENT OF MARINES, ARMED WITH AUTOMATIC WEAPONS, landed on the island. Warden Johnston turned over to them 150 prisoners not taking part in the riot. The marines herded them into the yard, clear of the cell block, and stood guard under the great searchlights.  
Shortly after issuing the riot call, Warden Johnston appealed for help. Coast guard, navy, police and FBI men sped to the scene in launches. The coast guard and navy stationed boats around the island to intercept any prisoners who might reach the water.  
Six hours after Warden Johnston issued his first riot call the battle was still underway. In the darkness, FLASHES OF GUNFIRE COULD BE SEEN FROM THE SHORE. Wives and children of prison guards lined the San Francisco docks, crying and pleading for information of their menfolk.  
The convicts had plenty of arms and ammunition. They seized the gun gallery at the outset and distributed weapons and ammunition to their accomplices. Then they herded most of the prison guards into the main cell block holding them as hostages.  
The shooting continued into the night, with desperate convicts manning windows, guards, creeping from cover of stone abutments, fired into the windows. Several guards mounted a narrow ledge directly beneath the cell block windows, and threw tear gas bombs into the interior. Many of them were tossed back again, where they exploded in the faces of the guards.  
Warden Johnston said his officers were attempting to storm the gun gallery. In these attempts, it was indicated, the guard casualties occurred.  
The dead guard was Harold P. Sutes. The injured were Herschel R. Oldham, Elmus Besk, Harry Cochrane and Fred J. Richberger.  
An Associated Press photographer who came within 50 yards of the island in a boat, told of tracer bullets streaming from the window of the cell house where the convicts were barricaded, and answering shots from the guards.

## Senate Subcommittee Requests Removal Of Controls on Meat

WASHINGTON (AP)—A senate agriculture subcommittee recommended yesterday that all price controls and subsidies on meat and livestock be removed immediately.  
In a report to the senate, it declared that controls and price regulations "have completely broken down," price ceilings "are a fiction," and "insanitary slaughtering" in black markets is "imperiling the national health."  
The report was signed by four of the five members. They were Chairman Thomas (D., Okla.), and Senators Bushfield (R., S. D.), Wheeler (D., Mont.) and Stewart (D., Tenn.). The fifth member is Senator Aiken (R., Vt.).  
Senator Wiley (R., Wis.) waved three shiny aluminum skillets at his startled colleagues on the senate floor yesterday to illustrate an assertion that "OPA has put American business into the frying pan and into the fire at the same time."  
Wiley also accused the OPA of "a type of fascism," while a similar statement in an anti-OPA booklet brought a flareup in the senate banking committee. The booklet was issued by the corn belt livestock feeders association which demanded an end of price controls on meat.  
Brandishing his frying pans, Wiley reported that price ceilings on two of them made a long-established manufacturer are \$1.98 and \$1.20 while that on the third, which he described as an inferior product of a new manufacturer, is \$2.50.

## Senate Loiters On Loan Vote

WASHINGTON (AP)—Chances for an early vote on the \$3,750,000,000 British loan faded further today when majority leader Barkley's attempt to limit each senator to two hours talk was blocked.  
Senator Knowland of California, acting republican floor leader, objected to Barkley's move—which required unanimous consent.  
Whereupon Barkley cracked: "The United States senate is frequently referred to as the 'greatest deliberative body in the world.' Sometimes I'm inclined to think of it as 'the most deliberative body in the world.'"  
He said the resolution which would give approval to the loan has been under debate 15 days.  
Meanwhile, senators Capper (R., Kan.) and Willis (R., Ind.) came out flatly against the loan. Senator Butler (R., Neb.) demanded that further consideration of it be deferred until it is learned whether any "secret commitments" have been made to Britain to slash United States tariffs.

## Osceola Man Shoots Brother; Kills Self After Heated Quarrel

OSCEOLA (AP)—George Briggs, 62-year-old farmer, was shot and killed last night, and his brother Charles Briggs, 51, died of a self-inflicted gunshot wound in a shooting at the elder Briggs' farm about five miles from here, Sheriff Harold C. Burgess said.  
Burgess said the shooting was witnessed by two neighbors who were taking the brothers to town at the time in their automobile. The sheriff said George was shot as he sat in the seat of the car in front of the house and that Charles then ran back to the house and shot himself.  
Burgess gave this version of the events leading to the shooting: George came into Osceola Wednesday night and filed assault and battery charges against his brother, saying they had been in a fight.  
George, after staying all night at a hospital here, returned to the farm yesterday, and met Charles in a pasture near a neighbors' house. The neighbors, John Reynolds (See SHOOTING Page 5)

# Time of Drive Extended

## Churches Help Campus Chest; Donate \$325

The Campus Chest drive will be extended until Wednesday unless collections today top the \$6,700 goal, which campaign officials counted as an outside chance late last night.  
Announcing the extension, Howard Hensleigh, L2 of Iowa City, drive chairman, said that collections in large dormitories, from which large donations are expected, had been slow in starting.  
The remainder of the campaign will be concentrated for the most part on areas not already completely covered — professional schools and large housing units, Dick Yoakam, G of Pittsburgh, Pa., solicitation chairman, said last night.  
Collections for yesterday totaled \$504.65, bringing the grand total for the week to \$2,079.67.  
Members of Chi Omega and Sigma Delta Tau became members of the 200 percent club yesterday by donating \$2 for each resident. The Gamma Phi Betas, Delta Upsilon and Phi Gamma Deltas pledged 200 percent donations last night.  
Two Iowa City churches have contributed to the drive, earmarking their donations for the World Student Service fund, and other churches plan collections for Sunday. The Methodist church collected \$150 and the Presbyterian \$175. Most of the churches are making their donations through student organizations.  
Representatives of the Student Christian council will sell ice cream bars at two booths from 10 a. m. to 5:30 p. m. today, with the benefits to go to the Campus Chest. One booth will be set up at the Congregational church corner, and the other will be on the lawn outside the out-patient entrance at university hospitals.

## Taft, Ball to Submit Medical Service Bill

WASHINGTON (AP)—Senators Taft (R., Ohio), Ball (R., Minn.), and Smith (R., N. J.) will introduce today a bill to give the states \$220,000,000 a year to help them provide medical service for persons unable to pay for it.  
Taft, announcing the plan last night, said in a statement that it was intended to replace the administration bill for compulsory health insurance.

## Iowa Author Receives Brigham Presentation

DES MOINES (AP)—Darrell Garwood, author of "Artist in Iowa, A Life of Grant Wood," last night was awarded the Johnson Brigham plaque at the Iowa Library Association convention.  
The plaque was accepted in Garwood's behalf by his mother, Mrs. Pearl Garwood of Des Moines. Garwood, who lives at Silver Springs, Md., was unable to attend the meeting.  
Garwood is a former resident of Des Moines and former newspaper man and student at the State University of Iowa.

## Allied Revision Of Armistice Terms Asked

PARIS (AP)—United States Secretary of State James F. Byrnes called upon the foreign ministers conference yesterday for prompt revision of Italian armistice terms and proposed a schedule of revisions for all armistices until agreements can be reached on European treaties, American sources said.  
Byrnes presented the proposals at the first informal session of the conference, held after the ministers broke off their formal sessions indefinitely yesterday morning.  
But further consideration of the Italian armistice terms was halted by British objections on grounds which could not be learned immediately, conference informants reported.  
Byrnes, however, took the opportunity to assert an American view that since peace treaties, even if drafted immediately, could not quickly become effective, revised armistice terms could be a short cut to stability in Europe.

## Chicago Cuts Daytime Commercial Activities

CHICAGO (AP)—Chicago, proclaimed in a state of emergency, made preparations last night to blot out its booming night life business and cut much of its daytime commercial and industrial activity from 40 to 50 percent.  
On the heels of an edict from the Illinois commerce commission rationing electricity to commercial and industrial users, Mayor Edward J. Kelly proclaimed the state of emergency and called for wholehearted compliance in the drastic move to conserve dwindling coal supplies.  
The building managers' association announced that elevator service and electricity would be furnished to downtown office buildings only between 2 and 6 p. m. starting today.

## Palestine Nears Boiling Point; Truman Statement Ready Soon

WASHINGTON (AP)—President Truman declined yesterday to discuss British suggestions for United States help in administering Palestine under recommendations of the Anglo-American Palestine inquiry committee.  
He told a news conference yesterday that a statement which he issued with the committee's report would speak for itself. The committee recommended the immediate admission of 100,000 Jews to the Holy Land.  
British foreign secretary Ernest Bevin was officially reported making "informal inquiries" as to what military and financial help Britain might expect from the United States in a joint Palestine policy.  
In Jerusalem the powerful Arab higher committee rejected the recommendations of the British-American inquiry commission on Palestine and asserted it would "proceed with the organization of forces and prepare all means of defense in order to resume the national struggle."  
BAGHDAD (AP)—The newly-formed national peoples defense committee called last night for a joint meeting of parliament today to consider active measures of defense against the recommendations

## Paris Radio Reports Ghoul Under Arrest For Mussolini Theft

NEW YORK (AP)—The Paris radio, in a broadcast monitored by NBC, said last night that two members of a gang that took the body of Benito Mussolini from its unmarked grave in San Vittore cemetery in Milan have been arrested.  
Their names have not been released "in order not to hamper the work of police but the case is said to be almost finished," the broadcast declared.

## Flash Fire Destroys 23 Thoroughbreds

CHICAGO (AP)—The costliest fire in turf history, a "flash blaze" which destroyed 23 young thoroughbreds valued at \$500,000 rocked the Main Chance farm of Mrs. Elizabeth Graham on the eve of her bid for almost certain glory in Saturday's Kentucky Derby.  
Six racers, including Beaugay, leading two-year-old filly of 1945, were all that emerged safely from the raging fire.  
BULLETIN  
LONDON, Friday (AP)—The Moscow radio declared today that Secretary of State James F. Byrnes proposal for a four-power alliance to main the peace in Europe falls far short of the aim of preventing the rebirth of militaristic Germany.

# Test Runs Conducted at Scene of Wreck

NAPERVILLE, Ill. (AP)—The Burlington railroad, conducting five test runs at the scene of a passenger train wreck a week ago, stopped a test train four times short of the point of collision, and in a final run—when he emergency brake was not applied until a red block signal was sighted on rounding a curve—the test train passed 393 feet beyond the point.  
3,529 Feet  
The last emergency test consumed 3,529 feet at 86 miles an hour, Harry Murphy, operating vice president reported.

The diesel engine of the nine-car test train when it had stopped 1,327 feet past the red block signal which signalled a stop to engineer W. W. Blaine of the Exposition Flyer a week ago.  
Forty-five persons died in the wreck when the Exposition Flyer rammed into the last car of the Advance Flyer which had made an emergency stop.  
In a statement on the five runs, Edward F. Streit, attorney for Blaine, who now is under a manslaughter warrant, but is hospitalized with a skull fracture, contended "the only surprising thing about the whole performance is that the result was not more favorable to the railroad's position."  
Not Admissible  
Streit asserted that "evidence of the test run will not be admissible in any court, and is not admissible before the grand jury which is investigating the wreck. The railroad knows this. Therefore the only purpose of the test run is to lay the foundation for newspaper stories to influence public opinion."

The first four tests were conducted at speeds varying from 80 to 86 miles an hour, with each train being brought to a halt short of the red block signal after the engineer had applied the brakes upon sighting the yellow caution signal.  
The fifth run and emergency stop, Murphy said, "assumed an engineman's failure to take action" at the yellow signal and assumed that he ran the distance between the two signals until the red light became visible at 2,496

feet rounding the curve into Naperville. This was the run that stopped 393 feet beyond the point of impact.  
In an informal statement after the test runs Murphy said, "I consider today's tests prove that a nice easy stop could have been made short of the red light."  
"Had emergency action been taken when the red light became visible, the train could have been stopped with a minor accident."

The Campus Chest drive is dangerously close to failure. Collections in the first four days of the campaign have fallen far short of the proportion needed to put the drive over the top.

Reader Urges 'Fairer' Exams

TO THE EDITOR: Several years ago when I first began my studies at the University of Iowa, I can remember the mysterious horror with which exams filled me. I can remember how the professors used to call them "little collections of knowledge."

After a few years of absence, I returned to the university older in years and wiser in experience. I still can't seem to conquer my "examin-o-mania." Just about the time I go to an examination with all of the facts and data "cold," a trick question or something seems to throw me completely off the track.

1. Graded class recitations and conferences to insure regular preparation of assignments. 2. Shortened and non-pedantic examinations of the essay type to discourage student bluffing and ease the work of the reader.

Points Out Value Of OPA Petition

TO THE EDITOR: A letter recently printed in your paper by an alleged Kenneth Lowery criticizing the AVC-sponsored petitions favoring retention of OPA deserves attention because it contains the type of fallacious reasoning by which propaganda-wise opponents of OPA such as the NAM are hoping to confuse the public.

There is in the country an organized reserve corps of more than 500,000 men. These are veterans of World War II who are willing to maintain their rank or rating or improve them by study, occasional training periods and making themselves subject to immediate call if trouble breaks out again.

On paper, the army has some rather vague plans of how this should be done. Most of the reserves are those very valuable technicians and experts in one field or another. Some of the "training camps" would be for officers only. Others for officers and a handful of enlisted men.

Where, when, and how the men are to be inducted to turn out are questions that nobody can answer now. The first two question marks might be resolved if congress would provide for this program.

ature and has received only half-hearted congressional support. OPA has been forced to walk slowly and tread lightly because if it had not, congress would have eliminated it entirely and prevented it from doing even the not wholly satisfactory job that it has done to date.

Mr. Lowery also declares that there is a great deal about OPA that even creates some inflation. Granted that this has been true so far, allow me to show Mr. Lowery by a simple lesson in economics that what would happen if we permit congress either to pass the house legislation or abolish OPA altogether (which is what the house amendments do in effect).

No thinking person would imagine that our system is workable if we refuse to allow the entrepreneur a certain amount of profit. Price ceilings have worked so far because when rising costs squeeze the profit margin too close to ceiling prices, the government has stepped in with a subsidy to make up this loss in profits.

# Commerce Day Career Talks To Begin at 9

## Bob Welty to Play For Informal Dance Tonight in Iowa Union

The Commerce day business careers conference, sponsored by the Commerce club, will begin at 9 a. m. today. Discussions led by 16 business men of Iowa and Illinois will continue throughout the day in University hall and Iowa Union.

The Commerce Mart, informal dance for all commerce students, is scheduled from 9 p. m. to 12 m. in the main lounge of the Union. Iowa baseballers will attempt to keep their hopes alive in the

Big Ten conference chase when they meet Wisconsin in a two game series Friday and Saturday at Madison. Wisconsin currently shares the top spot with double wins over Chicago and Purdue with no defeats.

Coach Otto Vogel took 19 men on the trip and one more, Bill Martin, will report to Madison Saturday. Martin was kept from the Friday game because of medical studies but will be counted upon by Vogel to chuck Saturday if both Jack Bruner and Bob Faber are called upon for Friday chores.

Bruner and Faber, Iowa's top pitching acts, were both shelled from the mound in the Hawk's double defeat by Minnesota last weekend.

Iowa hitters will face two of the top pitchers in the league when they go against Gene Taroeh on Friday and Thornton Kipper on Saturday. Both have won two league starts to-date and have given up only six hits while striking out 25 batters.

Wisconsin also holds an edge over the Hawkeyes in other departments. They have clubbed

out a .285 batting average in conference struggles and sport a .971 fielding average. Iowa has only been able to hit the ball at a .245 clip and in fielding have handled .930 of the chances.

Iowans on the trip are: Jack Bruner, Leo Cabalka, Wes Demro, Bill Diehl, "Doc" Dunagan, Dale Erickson, Lyle Ebner, Peter Everett, Bob Faber, Larry Gernuska, Roger Jorgensen, Keith Kafar, Jack Kenny, Bob Mikolajczak, Don McKeever, Bill Martin, Harry Rinkema, John Tedore, Don Thompson, and Jack Wishmier.

### Boston Tips Detroit On William's Circuit Clout in Tenth, 5-4

BOSTON (AP) — Ailing Ted Williams, who is fighting off a threatened sinus attack, drove a 10th inning homer into the right field bull pen yesterday to give the Boston Red Sox a 5-4 win over the Detroit Tigers and stretch his top-place forces' current winning streak to seven straight games.

The championship Tigers, who had dropped their previous two starts here in rather lop-sided fashion, appeared to be well tamed by starter Tex Hughson, until he suddenly lost his stuff in the eighth.

A three-run homer by Hal Wagner in the second, plus Bobby Doerr's double and two singles in the sixth, all against Virgil Trucks enabled Hughson to coast along with a 4-0 lead until the eighth.

### L. C. Nelsters To Join EITA

Members of the Iowa City Tennis club voted to join the Eastern Iowa Tennis association at their regular meeting held last night. Doc Clark Millikan, president of the local organization, was elected to represent the club on the executive board of the association.

It was also decided to hold a summer long tournament in Iowa City and anyone interested in tennis will be eligible to enter.

Members of the Iowa City team in the E. I. T. A. will be chosen next week and will represent the city in the matches which will start the first Sunday in June.

The next meeting of the local group will be held in Studio E of the radio building next Thursday night and all interested parties are urged to attend. Colored movies of tennis matches will be shown.

### Michigan-Illinois Meet In Headliner of Full Big Ten Ball Schedule

CHICAGO (AP)—The University of Michigan renews a 54-year old diamond rivalry in games tomorrow and Saturday with the University of Illinois at Champaign. The double bill will be one of five two-games series involving all teams in the western conference.

The Wolverines, defending champions, are undefeated in two games, but Wisconsin's Badgers, by virtue of double victories over Chicago and Purdue, are pacing the Big Ten field, with four triumphs against no defeats. The Badgers play hosts to Iowa (2-2) tomorrow and Saturday.

Other weekend conference two game-series match Chicago and Northwestern in home and home engagements; Minnesota at Indiana, and Ohio State at Purdue.

### Yanks Win, 8-2

NEW YORK (AP)—One inning was all the New York Yankees needed yesterday to defeat the Cleveland Indians. Highlighted by Nick Etten's grand slam home run, the Bronx Bombers slammed lefty Vic Johnson and Tommy Ferrick for eight runs in the big fourth frame to gain their second straight over the Tribe 8-2 and take the series two games to one.

Spurgeon (Spud) Chandler, though tagged for nine hits, the most he has allowed this season, gained his fourth victory without a defeat to take the lead among pitchers.

### Curran Grabs Third In Bowling Tourney

William Kanak's 1252 total remained as the score to beat as the Iowa City bowling tournament reached the halfway mark. None of last night's bowlers was able to break the 1200 mark although several came close.

Bud Curran moved into third place in the standings with a six game series of 1191. He rolled the high game for the night, rapping out a 221 effort.

The tournament is sponsored by the Iowa City bowling association which is furnishing all the prize money. Seventy two local bowlers are entered in the meet. The latter half of the entrants will roll their games tonight and Monday night.

Current leaders are Kanak with 1252; E. Neikirk, 1241; Bud Curran, 1191; Loyd Bontrager, 1189 and John Morose, 1180.

### Kelly Named Athletic Advisor for Troops

WASHINGTON (AP)—Ten civilian athletic advisers have been detailed by the war department to assist in the sport program for the American occupation forces in Germany.

They will give refresher training, the department announced today, to army special service officials and coaches who will direct summer sports activities of the troops in the American zone.

The army's aim is participation of all soldiers in one or more sports.

One man, Emory L. Kelley, of Iowa City, authority on equipment, repair and maintenance, has already been over.

### Tony Zale Knocks Out Rossi in Fourth Heat

MEMPHIS, Tenn. ## Night Sports Face Shutdown From Electricity Shortage

CHICAGO (AP)—Chicago's Six-Day bike race at the coliseum will continue during the power curtailment ordered by the Illinois commerce commission, but otherwise "night-life" in the sports world yesterday was facing a virtual shutdown.

The dimout, which limits commercial users to electricity between 2 and 6 p. m., was ordered as a result of the strike-enforced coal shortage. It appeared to hit bowling the hardest and may stretch into cancellation of a major boxing match at Wrigley field and major league night baseball.

Officials of the Six Day cycling corporation yesterday were busy installing a gasoline generating unit to flood the coliseum, but no plans are being made for the Coliseum after the current race—now in its fifth day—ends.

The brownoted edict prescribes bowling only from 2 p. m. to 5 p. m. which is expected to cancel most important league and tournament play. Weekly wrestling and boxing shows also will be hit by the shutdown.

One promoter, Jack Begun, said he "will find a way to stage next Monday night's boxing card at Marigold Gardens."

If the power ban continues throughout the month of May it will necessitate cancellation of the Holman Williams-Jake Lamotta boxing bout at Cubs park on May 22, and the White Sox-Detroit game at Comiskey park on May 24.

## Dodgers Grab Loop Lead

CHICAGO (AP) — Brooklyn moved into undisputed possession of first place in the National league yesterday by defeating the Chicago Cubs 3-2 as the St. Louis Cardinals were losing to the New York Giants.

A pair of Dodger veterans, infielder Billy Herman and pitcher Art (Red) Herring, collaborated to give the Brooks the victory. Herman, appearing as a pinch hitter in the eighth inning singled in Pete Reiser and Dixie Walker to account for the tying and winning runs.

The Dodgers grabbed a run off ex-Dodger Bob Chipman in the first inning but the Cubs came back with single tallies in the fourth and fifth frames to go ahead.

## Giants Top Cards

ST. LOUIS (AP)—The New York Giants broke loose for four runs in the top of the ninth yesterday to break a 1-1 deadlock and defeat the St. Louis Cardinals 5-1. The defeat dropped the Redbirds from the National league lead into second place, a full game behind Brooklyn.

## Ostermueller Wins

PITTSBURGH (AP) — Southpaw Fritz Ostermueller pitched the Pittsburgh Pirates to an 8-3 win over Philadelphia yesterday in the rubber match of a three-game home series with the Phillies. A crowd of 4,061 saw the game.

## Browns Drop Phils For Second Straight

PHILADELPHIA (AP)—Jack Kramer kept the Philadelphia Athletics under control yesterday while his St. Louis Browns' teammates clubbed three pitchers for a 10-3 victory and revenge for two consecutive defeats. A crowd of 5,556 saw Kramer limit the Mackmen to six hits. Herman Besse was charged with the loss.

## Bike Races Continue

CHICAGO (AP) — Chicago's "brownout" ordered by the state commerce commission to conserve coal failed to halt the six-day bike racers at the coliseum last night. At the end of the 97th hour, the veteran Frenchman, Alfred Letourneur was still pacing the field.

## Danville Rally Beats Evansville Nine, 5-3

Inclement weather washed out three games yesterday in the Three-1 league, but the rains held off long enough for Danville and Evansville to clash on the latter's diamond with Evansville staging a late rally to win 5-3.

Danville scored twice in the opening inning and added another run in the second, but the home club staged a five run rally in the seventh to clinch the decision. The winners used three pitchers and rapped out 10 hits. Sams pitched the route for the losers who collected five hits.

## Bowling Congress Begins

### SUI Receives Official Notification From FPH For Family-Type Units

A telegram giving official notification of the 645 family-type housing units allocated to the university was received yesterday from the federal public housing authority by university officials.

George L. Horner, university architect, said he had phoned the Chicago regional office of the FPHA but that the call failed to throw any more light on exactly what type of units would be sent to Iowa City and the date of shipment.

Horner said that a meeting of the dormitory planning committee will be held at 3 p. m. Monday to decide questions concerning the allocation.

Primary question to be decided at the meeting is that of location. It is said that no areas are under consideration as possible sites for the 645 units on which future university buildings will be constructed. These areas include only those for which funds were allocated by the last general assembly of the state of Iowa.

The telegram received yesterday explained that it is possible to convert the family-type units into single dormitory accommodations if necessary.

Meanwhile, Fred W. Ambrose, university business manager, enroute to Washington, D. C., visited the Chicago office of the FPHA. He informed university officials yesterday that his inquiry into the allocation had failed to reveal any further information.

olds and Russell Critz, heard them arguing and offered to take them into town where they could settle their differences.

Charles, who had been living with George for about two months, asked to stop at the Briggs' farm as they started to town, saying he wanted to change clothes. He emerged a few minutes later with a .38 special revolver.

### Lewis Waives Trial; Free on \$500 Bond

Charged with drunken driving, Clarence E. Lewis of Tiffin was free after posting a \$500 bond yesterday and waiving to district court in a preliminary police court hearing.

Lewis was arrested following an accident on highway 6, west of Iowa City, last Wednesday night. His truck collided with and badly damaged a car driven by Pete H. Sorenson, route 6.

# Nolan Says Iowa City May Get First Issue of Centennial Stamp

### Chances Better Than Des Moines; State Group Sends Okay

Chamber of Commerce President D. C. Nolan stated yesterday that Iowa City still has the inside track in getting first day issuance of the statehood centennial stamp. He made this statement despite a Des Moines stamp collector's announcement that postoffice department policy invariably is to designate the state capitol for such first day sales.

"Iowa City's chances are much better than Des Moines," said Nolan, "first, because the statehood centennial committee has already nominated this city, and second, because Third Assistant Postmaster J. J. Lawler, in charge of the matter, has indicated department approval of this site if it is endorsed by the committee and the governor."

Nolan cited a passage from a letter written to him and to Rep. Thomas Martin (R., Iowa) by Postmaster Lawler, substantiating Iowa City's chances.

On April 20 Lawler wrote Martin, "I do not believe there would be any serious objection on the part of this department to naming Iowa City for the purpose, if the arrangement is endorsed by the governor and centennial committee."

The committee's formal endorsement of Iowa City was sent to Lawler this week. The text of this approval is as follows:

"The committee unanimously requests . . . that the first day of issue of the stamp be placed at Iowa City. I am asking Mr. William J. Petersen, who was added to the committee, to send to you a copy of the Iowa City presentation, giving historical background and basis for the action of the committee."

"In addition to these reasons, the committee took into consid-

eration the fact that the Territorial Centennial stamp issued in 1938 was placed on sale in Des Moines."

If Iowa City gets first day sale, collectors from the whole nation will be invited to a three-day session in Old Capitol beginning Dec. 28.

The finals will take place in the main auditorium of the university theatre tonight. The schedule is: 7—oratorical declamation; 8—dramatic declamation; 9

## Council Urges Pension Board To Appeal Mulherin Decision

The city council last night recommended that the Iowa City pension board appeal a district court decision granting a policeman's disability pension to G. J. (Danny) Mulherin. The recommendation was made in the form of a resolution adopted by the council which will be sent to the board.

Affected by the recommendation is a decision of April 27 by District Judge James P. Gaffney who ruled the former Iowa City policeman and ex-serviceman was entitled to the pension under Iowa law.

Although the city was not a party in the case, members decided that the council should take action since a portion of pensions are paid by the city.

As adopted, the resolution authorizes the city attorney to prosecute the appeal and obtain legal assistance at the expense of the city should the pension board adopt the recommendation.

Council members expressed doubt of the legality of taxation to pay the pension, if the law as adopted does not provide for the Mulherin pension.

## Women's Tennis Club Elects New Officers

New officers of the Women's Tennis club elected last night are Mary Ellen Cabbage, A3 of Omaha, Neb., president; Shirley Mueller, A3 of Dubuque, vice-

president, and Opal Bane, A1 of Farnhamville, secretary-treasurer. Arrangements were completed for a ladder tournament to begin today and continue through May 22.

## 2 Fraternities Report Thefts Totaling \$164

Cash amounting to \$164 was reported stolen yesterday morning between 1 and 5 a. m. from residents of the Delta Tau Delta and Phi Delta Theta fraternity houses, 724 and 729 N. Dubuque street. Thieves are believed to have entered through unlocked front doors.

Five Phi Delta Theta residents told police \$41 was taken from their rooms, while a total of \$123 was reported stolen from the same number of Delta Tau Delta occupants. Money collected at a business meeting at the latter house amounting to \$200 was untouched, according to residents.

## Capacity Crowd at Kampus Kapers

"Klub Kapers," 1946 night club version of Newman Club's Kampus Kapers, cavorted before a capacity house again last night in Macbride auditorium.

Tony Saltzer Danny-Kayed and double talked, while little Herb Kanzell, butcher boy waiter, mugged for comedy. Leo Cortimiglia and his accordion played three encores.

Don Schultz, black magic artist, strung razor blades in his mouth; tap-dancer Rosemary Harmer, appeared in snug-fitting white slacks.

Bobbie Cotter DeLong returned this year to sing "Prisoner of Love." Howard Harrison's "Old Man River," sung with the Alpha Xi Delta chorus, climaxed the show.

Dick Baxter, master of ceremonies, estimated Wednesday and Thursday night attendance at 1,700, and announced a benefit performance of Kampus Kapers will be given in West Liberty for St. Joseph's church, destroyed by fire in January.

## Donald Walter Promoted

T/S Donald C. Walter, brother of Wesley Walter, 820 S. Van Buren street, has recently been promoted to his present rank and to the position of morning report clerk in his battalion. Walter is serving as a member of the army of occupation with the 42nd "Rainbow" division.

Walter, a graduate of Iowa City high school, attended the University of Iowa prior to his induction in May, 1944.

## ROTC Meeting Set for May 7

All former officers and enlisted men in this area interested in postwar R. O. T. C. training are invited to attend the first meeting on R. O. T. C. affairs since 1942 Tuesday at 7:30 p. m. in the chemistry auditorium.

Col. F. L. Oliphant, regional officer in charge of reserve affairs for this military area, will be the speaker.

## Mountaineers Plan Trip to Illinois Park
