GOOD MORNING, IOWA CITY!

The weatherman has forecast partly cloudy weather for today and tomorrow. It will be warmer in this part of the state today.

TRUMAN LABELS STRIKE 'DISASTER'

President Warns Full Impact Of Coal Walkout 'Barely Begun'

WASHINGTON (AP)—President Truman issued a report yesterday calling the effects of the coal strike a "national disaster" and warning that its full impact has only "barely begun" to be felt.

The report came as the senate rang with demands for government action and denunciation of John L. Lewis. Whether it was designed to lay a basis for government seizure of the struck mines became immediately a matter for conjecture.

"Manufacturing plants are closing down all over the country as a result of the month-old soft coal strike," the report said. "And yet the American people have barely begun to feel the full impact of this national disaster."

The report was prepared for the chief executive by the office of war mobilization and reconversion from facts gathered by the civilian production administration. Presidential Secretary Charles G. Ross said Mr. Truman released it because he desires that "the public should have full information as to the seriousness of the situation."

The report came amid these other developments:

1. Senator Lucas (D., Ill.) demanded that the government seize the soft coal mines "unless John L. Lewis bows to reason." He told the senate that the walkout is not an "economic strike" but "a political strike waged by John L. Lewis for the purpose of attaining more power." Other senators also demanded action to end the strike.
2. The Railway Express Agency, Inc., announced it would embargo all express shipments of materials covered by the freight embargo effective May 10. The action was taken at the request of the office of defense transportation lest shippers who will be affected by the freight embargo seek to use express instead. A White House authority whose name could not be used said further restrictions may be imposed if the strike continues.
3. The negotiations between Lewis and the operators which the government has been trying to keep alive were recessed, still in a deadlock, until tomorrow morning after a brief session. The issue of payment of approximately \$3,000,000 in back pay for holidays has stymied the negotiations since they were resumed at the request of Secretary Schwelmbach last Monday.
4. The solid fuels administration reported it is drafting orders for still further curtailment of home deliveries of coal, already sharply cut. The specific steps to be taken were not disclosed.

The report issued by the president said that "the basic industries—particularly steel—have received the initial blow from the strike. The impact on even these industries has been cushioned by stocks on hand and in transit. But from now on the effects will spread rapidly throughout the economy and the damage to reconversion progress will take months to end."

It noted that coal inventories have been nearly exhausted and that supplies of raw materials dependent on coal are being depleted.

Even after miners go back on the job, it said, it will take ten days to two weeks before consumers will begin getting coal regularly, and it will require another week for closed plants to build up enough stocks to resume operations.

After that, it went on, the first weeks of production of basic materials will have to be used by manufacturers of consumer goods to fill depleted pipelines.

The industry-by-industry picture showed that food processing has been hit by lack of fuel and called the situation "alarming."

The report noted that "brown-outs" to reduce electricity consumption have been restored in some areas, that PRODUCTION OF NYLON HOSE IS ALMOST AT A STANDSTILL, that a million ingot tons of steel production was lost in April, that several copper plants soon will have to close. This capital joined the list of cities imposing a "brown-out" effective last night.

The report said plants making building materials essential for emergency housing for veterans are suffering from the coal strike. It predicted that half the nation's cotton mills would be shut down "within a very short time" if the strike goes on. It said "widespread curtailment" of the production of tires and mechanical rubber goods is imminent.

Byrnes Seeks To End Dispute By Plebiscite

Britain, Russia Ask Vote on All Claims By Italy, Yugoslavia

PARIS (AP)—U. S. Secretary of State James F. Byrnes last night proposed holding a plebiscite in the "no man's land" between boundaries projected by the Americans and Russians to settle the Italian-Yugoslav border dispute, an American source reported.

He was opposed by the Soviet and British foreign ministers, who said any plebiscite should cover the entire area claimed by both Italy and Yugoslavia. But Byrnes asked the other ministers to think over his proposal before another meeting today, it was said.

AVC Demonstrates — 'Save OPA'

BY THE ASSOCIATED PRESS

The American Veterans committee reported demonstrations throughout the country by 370 of its 450 chapters, along with other organizations, yesterday on what it proclaimed as "Save OPA day."

Six effigies were hanged from lampposts in Los Angeles and Hollywood with placards reading: "This congressman committed political suicide. He voted against price control, sez AVC."

In Omaha 15 labor and women's groups joined with veterans in holding a day-long meeting which they called an anti-inflation conference. They prepared petitions to Nebraska's Republican senators, Wherry and Butler, urging the retention of a strong OPA.

A "fight inflation" committee composed of representatives of 45 civic and labor organizations has been circulating petitions in St. Louis for several days. Leaders said they had obtained more than 45,000 signatures to petitions urging the extension of OPA controls.

Phantom Killer Eludes Extensive Manhunt In Texas, Arkansas

TEXARKANA, Tex. (AP)—A phantom killer believed to be responsible for five murders in this bordertown in six weeks yesterday continued to elude a concentrated manhunt by both Texas and Arkansas officials.

A stunned, tense Texarkana was shocked by details of Friday night's cold-blooded killing of popular Virgil Starks, 36, and the serious wounding of his attractive, 30-year-old brunette wife in their farm home near Homan, Ark., a few miles from here.

It was the third such attack since March 24. The other two were double slayings on remote country roads.

Sheriff W. E. Davis of Miller county, Ark., said yesterday officers had two major clues. He said that the fatal bullets were fired from a .22 calibre weapon, probably a rifle and that the killer dropped a flashlight in the grass near the window through which he had shot.

Sheriff Davis said earlier yesterday he believed the killer was the same who had earlier killed Richard Griffin, 29, and his companion, Polly Ann Moore, 17, on March 24, and Paul Martin, 17, and his teen-age friend, Betty Jo Booker, 15, on April 14.

Housing Bill Deadlocked

Senate, House Unable To Agree on Subsidy Payment Provision

WASHINGTON (AP)—House and senate conferees failed to agree yesterday on a key provision of the administration's housing bill—authority for \$600,000,000 in subsidy payments to spur the production of scarce building materials.

The senators offered to lower the subsidy figure to \$400,000,000 but this was not acceptable to the house members. Rep. Spence (D., Ky.) said the issue would have to be laid before the house—probably Thursday—before the conference could be resumed. The senate voted the subsidies but the house defeated them.

President Truman has called on the administration's housing program to produce 2,700,000 new homes by the end of next year.

The conferees got together on another section, agreeing to guarantee a market for 200,000 prefabricated dwelling units. The guarantee would protect manufacturers up to 90 percent of the price.

The bill provides for continuation of the government's priorities and allocation power in channeling scarce building materials to home construction; preference for veterans in the purchase or rental of new dwellings and a \$1,000,000 increase in government authority to insure mortgages on new homes.

The national association of real estate boards reported meanwhile that existing houses are selling for less than it would cost to replace them at present construction costs.

University Student Injured in Accident

Marilyn Prochnow, A3, 828 E. Washington street, received lacerations about the head this morning when the car in which she was riding collided with a Yellow cab at Burlington and Capitol streets.

The cab, driven by Clyde Lennox of Iowa City, was traveling west on Burlington street and collided with the car in which Miss Prochnow was riding as it was traveling north on Capitol street.

Miss Prochnow was thrown from the car but her injuries were not thought to be serious.

The automobile in which she was riding was driven by Bob Lawlor. Both cars were badly damaged, though no estimate was available this morning.

Electricity Fails Freak Accident Wins Willie Reprive

ST. MARTINVILLE, La. (AP) Willie Francis' new lease on life, gained in perhaps unprecedented fashion Friday when Louisiana's portable electric chair broke down, seemed destined yesterday to last less than a week.

At Baton Rouge, Gov. Jimmie H. Davis said he had no plans for halting the carrying out of the 17-year-old Negro's death sentence at the expiration next Thursday noon of a six-day reprieve.

The stay was issued after an executioner had strapped Francis into the chair, adjusted the black hood and thrown the switch.

The current failed, and Francis later said that "It tickled a little but didn't hurt much."

Atom Group to Meet In New York May 15

NEW YORK (AP)—The United Nations commission for the control of atomic energy, complete except for the Mexican representative, will hold its first meeting in New York May 15, an authoritative source said yesterday.

This source, who would not be identified, said efforts were being made to have all representatives on the commission in New York in ample time for the mid-May meeting.

Prison Riot Ends; 19 Known Casualties

SAN FRANCISCO (AP)—The historic siege of Alcatraz ended yesterday with the official announcement that the last of the conspirators had been taken into custody.

Two guards and three convicts are known to have died in the struggle. Fourteen guards were wounded. Three convicts are dead but the total number of convict casualties was not made known immediately.

Ringleaders Found Dead

Federal Prison Director James V. Bennett and Warden James A. Johnston announced that the last of the conspirators were taken into custody when the three ringleaders—Joseph Paul Cretzer, Bernard Coy and Marvin Hubbard—were found dead and their weapons recovered.

Official Statement

A statement issued by prison officials, said Cretzer, Coy and Hubbard "probably died as a result of gun shots in the tunnel or utilities corridor in a cell block. Hubbard, according to the doc-

tor's report, probably died yesterday morning around 8 o'clock. The others died earlier. Probably Coy died Friday evening and Cretzer somewhat later."

Other Ringleaders

The officials said the total number of conspirators who had taken part in the riot had not yet been finally established, but added that in addition to previously named men convicts named Thompson and Shockley were ringleaders. The statement added that there

Success Signs In Japan Seen By MacArthur

TOKYO, Sunday (AP)—General MacArthur, in the latest of his periodic reports on the progress of the occupation, said today he saw "encouraging signs" of success for the Allied campaign to establish democracy amid the ruins of a feudalistic Japan.

Publication of the report came scarcely 24 hours after MacArthur intervened in Japan's cabinet crisis to prevent the appointment of an allegedly pro-Axis premier, and after he had reprimanded the outgoing Shidehara government for its failure to disqualify the man—Liberal Party Leader Ichiro Hatoyama—without waiting for the supreme commander to act.

"There is reason to believe," MacArthur reported, "that the Japanese are becoming more cognizant of the fundamental issues involved in their political revolution."

Campaign to Establish Democracy Winning, Commander Reports

The revolution revealed itself, he said, in the proposed new Japanese constitution, which he called "epoch-making," in the recent general election—Japan's first free election in 11 years; in the new unshackled Japanese press, and in the spirit of the people themselves.

MacArthur added that although the proposed constitution drastically curtailed the authority of the emperor "The Japanese seem to accept the new constitutional limitations imposed on their ruler."

Enlistments In Iowa Drop During April

DES MOINES (AP)—Iowa enlistments in all branches of the armed forces dropped sharply during April. The decreases were attributed to several factors, including uncertainty over congressional action on the draft and proposed service pay boosts.

The army, navy and marine recruiting headquarters in Des Moines joined, however, in predicting an increase in enlistments after Iowa high schools let out in May and early June.

Iowa's army enlistments at the Des Moines headquarters and its 10 sub-stations throughout the state reported an enlistment total of 575 for May compared to 762 in March.

The navy's figure was 254 Iowa enlistments in April as against 368 in March. The navy described April as "the poorest month for enlistments since the war ended."

"A lot of boys have indicated they will go into the navy as soon as school is out in May" Lt. (j.g.) W. H. Barnes of the Des Moines recruiting office reported.

The marine corps enlisted 47 Iowans in April, ten less than in March.

Nebraska Senator Accuses Administration Of 'Plain, Dumb, Swivel-Chair Stupidity'

WASHINGTON (AP)—Senator Butler (R., Neb.), accused the administration yesterday of "plain, dumb, swivel-chair stupidity" for paying a bonus of 30 cents a bushel on wheat and corn for export while livestock and poultry producers are unable, he said, to buy feed.

The bonus was instituted to move grain off the farms for shipment to the hungry abroad.

Butler declared the lack of feed would force the "wholesale slaughter" of pigs, chicks, calves and lambs.

"This is no way to restore a starving world," he commented in a statement.

Butler, a farmer and rancher, said that since only the government can legally pay the bonus, it has created "its own private black market in corn and wheat." Grain farmers, he said, face the decision whether to sell their corn for \$1.50 a bushel to the government or for \$1.20 to a neighboring stockman.

Butler said he is determined to press his resolution, now before the banking committee, to permit the private sale of wheat and corn at the same prices the government is paying.

'Ike' Reveals Bases Wanted In Philippines

MANILA (AP)—General Eisenhower said last night that American military strength in the Philippines would depend on political agreements between the United States and the Philippine Republic. He added that the United States hopes arrangements can be made for air bases in the Archipelago.

His reference to bases was regarded as significant in the light of a statement to The Associated Press last Thursday by President-elect Manuel Roxas assuring the United States of close cooperation for defense.

Roxas plans to fly to Washington May 8 with High Commissioner Paul V. McNutt for talks with President Truman and other officials.

Eisenhower's statement on the Philippines was made at a press conference after a tour of military installations in the Manila area.

The speed of demobilization has seriously handicapped the maintenance of vital U. S. military bases in the Pacific, he said.

Millions of Dollars

"There are millions of dollars worth of equipment to be taken care of, and no one to take care of it," he added, citing the shrinkage of the Seventh air force at Honolulu to only 404 men and remarking, "The same general conditions apply elsewhere in the Pacific."

Eisenhower plans to fly to Shanghai Wednesday and then to Korea and Japan.

States U. S. Strength In Islands Depends On Political Accord

WASHINGTON (AP)—The United States has asked 15 foreign governments, including all the wartime allies, to disband their purchasing missions in this country as soon as possible in a sweeping move to get trade out of state hands and into private channels.

The state department, announcing this determined action yesterday, said that among the governments asked to wind up their missions are Britain, Russia and France.

The department also declared the policy that so long as official agencies continue to engage in world trade, "such state trading agencies should conduct their trade in accordance with usual commercial considerations."

Expect Close French Vote

PARIS (AP)—One of the closest votes in French history is expected in today's empire-wide balloting on a new constitution for the fourth republic, supported by leftwing parties.

The charter provides for the concentration of government power—legislative, executive and judicial—in a single chamber national assembly. It would abolish the senate of the third republic.

Communist leader Maurice Thorez said he anticipated a majority of 58 percent for the new document, which would be France's 14th constitution since 1791.

'Resources for World Unity' to Be Theme of— International Relations Institute

DES MOINES (AP)—The program theme for the 12th annual Midwest Institute of International Relations June 1-8 will be "Resources for World Unity," committee Chairman Roy L. Miller announced yesterday.

The meetings are sponsored jointly by Drake and the American Friends Service committee.

Miller reported that 14 persons, largest number the conference ever had, will serve on the faculty. John A. Vieg, chairman of the department of government at Pomona college, Claremont, Calif., will act as moderator for daily panel discussions.

Vieg formerly was associate professor of government at Iowa State college.

In addition to Vieg, the faculty includes Vera Brittain, English author and lecturer; Harold Chance, Friends society minister now on tour of England and the continent; Marquis Childs, Washington columnist; Louis Dolivet, international editor of Free World magazine; Maynard Kreuger, University of Chicago philosophy professor.

Scott Nearing, author, lecturer and editor of World Events magazine; Clarence E. Pickett, executive secretary of American Friends

Service committee; Bertram D. Wolfe, writer, lecturer and authority on Russia and Latin America.

Dr. Milton S. J. Wright, professor economics and political science at Wilberforce university, Wilberforce, Ohio; Hachiro Yuasa, former president of Doshisha university, Kyoto, Japan; Martin Hall, former German citizen and specialist on Germany and western Europe, and Ted F. Silvey, national reconversion officer of the CIO.

Drake's dormitories will be available for persons attending the institute.

Editorials:

Leanings of New Supreme Court Justice Important Point

The new chief justice of the supreme court will preside over two sharply divided schools of thought. The members of the "left" wing are Hugo L. Black, William O. Douglas, Frank Murphy and Wiley Rutledge. The "right" wing consists of Felix Frankfurter, Robert H. Jackson, Stanley F. Reed and Harold H. Burton.

This constitutes a 4-4 bloc which, with Stone gone, might create a deadlock. But the alignment is not as rigid as that.

Harold H. Burton, the newest member and the only Republican, describes himself as philosophically in the "center." Nevertheless, so far he has sided with the conservatives 12 times and only three times voted with the liberals. Undoubtedly a long run accounting will see him on the "right" side of the bench.

Stanley F. Reed occasionally votes with the liberal wing, despite leanings toward conservatism.

And Robert H. Jackson has been presiding over the Nuremberg trials and has been absent for many months.

The situation of two fairly well-defined schools of thought has provided many "close" decisions. Of the 96 decisions by the present court only half have been unanimous. Seventeen were decided on a 5-3 vote, the narrowest possible decision with Jackson absent. And 16 cases resulted in a 4-4 deadlock and were put aside to wait for Justice Jackson's return.

This is the court into which President Truman must introduce both a new chief justice and a new member. He can appoint an outsider as chief justice and only use one ap-

pointment, or he can elevate within the court and choose a new associate justice.

The men in the court who are regarded as most likely candidates for Stone's position are Black, Jackson and Douglas. The 60-year Black is a man chosen by Roosevelt because of their close agreement on economic questions; Black was a senatorial colleague of Truman's for over a year. Justice Jackson, only 53 years old, has had a distinguished career culminating in his appointment as American prosecutor in Germany. However, Jackson has been absent from the bench so long that it is felt he might have lost his chance. Justice Murphy is highly regarded by Truman. He was offered the labor secretaryship and is rumored to be a possible 1948 vice-presidential candidate.

As for outsiders, Secretary of State Byrnes, who has had previous experience on the bench, is considered possible candidate for chief justice.

In the cabinet, Secretary of the Treasury Vinson and Secretary of War Patterson are thought of as possible supreme court nominees. Numerous circuit court justices' names enter into the speculation.

Other considerations enter into the picture. Will it be a man chosen solely for his great judicial talent, or will it be a man chosen to strengthen the party politically in the 1948 elections? Perhaps a Republican will be chosen as Burton is now the only representative of that party in the court.

All these problems face President Truman in picking a successor. He will probably pick one shortly after he returns from his cruising vacation with the navy.

Indifference Serious Plague to Student Government

"What should be the function of the student council on this campus? Should it be a governing body? Should it be a liaison agency? Should it be a policy-forming agency?"

"Many of the students who were asked these questions replied that they had no opinion on the subject, since they had never heard of the student council. Yes, more than just a few asked: 'What is the student council?' Several upper-classmen confessed that they were at the university almost a year before they knew that a student council was in existence here.

"The first I heard of it," several said, "was the announcement that student council members were going to be elected at the spring election."

"Many of those who had heard of the council were vague as to their opinion of the function of the organization. The most popular answer was: 'It should act as a go-between for the students and the administration.' When asked to explain their answer, many of them replied that they didn't know just ex-

actly how this function should be carried out, and other than the opinion they had expressed, they had no opinion on the subject.

"A few students, however, did know just what they thought the council should do . . . (One said):

"The council must remember that it represents an entire student body—the persons for whom the University is being operated. It should not wait for suggestions to be brought in, but should seek new ideas. The council can, if it will, and if the administration will allow it, be an extremely influential group in determining university policies."

The words quoted above aren't about the University of Iowa Student Council. They were taken from a Daily Nebraskan editorial for April 28.

It shows, though does not excuse, that the indifference of the student body plagues efforts at student government on more than one campus. We mustn't let that indifference prevent success of the Campus Chest drive.

Unions Look to South

Both the American Federation of Labor and the Congress of Industrial Organization have announced large membership drives in the south. Each organization mentions a goal of 1,000,000 members.

During the war, the south made great industrial advance. Unionism showed membership increases in shipyards, transportation, automobiles, pulp and paper products, steel, railroads, clothing and the rubber industries. However, these gains are not regarded by the AFL and the CIO as large enough, and the textile industry, traditional industrial pillar of the south, has shown great resistance to organization. Of 375,000 cotton textile workers only 100,000 are union members.

The unions realize that southerners are easily aroused against northern outsiders and will be careful to use southerners as organizers. The position of the Negro worker will be of great importance in the two rival campaigns. Negroes have made many strides in southern industry during the war, now filling responsible jobs formerly reserved for the whites. Returning veterans and others are complaining. It is a delicate problem and the unions' attitudes may determine whether the Negroes are turned back into "dead end" unskilled and semi-skilled jobs.

The CIO has sought to eliminate its left wing organizers from the drive as in the sensitive south they might drive members into the AFL and employers' hands.

The CIO and AFL organize at cross purposes. The CIO organizes members "vertically"—all members of the textile industry, the automobile industry, etc. The AFL, on the other hand, organizes "horizontally"—all plumbers, carpenters, masons, etc., in all industries.

The drive, if successful, may do much to make the south part of the industrial life of the United States, and remove it from the position of a strange and reactionary never-never land separated by the Mason Dixon line from the rest of the country. Nevertheless, labor unity, if that is desirable, will hardly benefit by the great success of two competing, quarreling national labor unions.

New Ambassador to Russia Equal to All But Vodka

WASHINGTON—Lt. Gen. Walter Bedell "Beetle" Smith started on the low road and today is marching along the high.

In 1917, the Indianapolis Hoosier enlisted as a private to fight Germans. He fought them in two wars, without a break in his professional army climbing. Now, he's our newest ambassador to Russia.

If it turns out to be a thankless task, Smith is used to that. As chief of staff to Gen. Dwight D. Eisenhower, he had the tops of them all in this war. It was a labor of Hercules—because of the nature of the job, out of the spotlight.

If it demands diplomacy, we can take General Eisenhower's words of praise that Smith has "the high intelligence and skill in diplomacy that such an assignment calls for."

If it requires bending the elbow with glass after glass of vodka, which is one of the favorite Russian diplomatic sports, the new ambassador might as well take the next plane home. Otherwise tough in physique as well as in his attitude toward bunglers, the man who drove his co-workers to the point of exhaustion throughout the war suffers from stomach ulcers.

Wes Gallagher, former Associated Press war correspondent and now chief of bureau in Berlin, was with Smith much of the time in the Mediterranean and European theaters. Gallagher recalls one sentence Smith uttered to more than 100 Allied correspondents in a secret press conference in England, shortly before D-Day in 1944.

"I have found we cannot beat you," said Smith. "We must get you on our side."

After four days without sleep, flying all over the Mediterranean, as far west as Lisbon, to negotiate the Italian surrender just before the Salerno landings, Smith dropped down in his chair and gave correspondents every detail of the surrender and invasion plans.

That's our tough new ambassador to the Kremlin. A little of that frankness might go a long way in Moscow.

A Beneficiary of SUI Campus Chest—

WSSF Aids World's Students

Maintaining educational facilities for students of 18 countries is the job of the World Student Service fund, one of the beneficiaries of the Campus Chest, sponsored by the Student Council.

Through the WSSF the United States has shared with 13 other nations the task of keeping alive the international student community. Since 1937 relief has gone from American students to war-torn countries all over the world.

The WSSF provides direct relief, rehabilitation and reconstruction for students and professors on an international, inter-racial, non-sectarian and non-political basis.

During the Chinese-Japanese war, the WSSF supplied almost all the means for keeping schools in China open. Forced inland by conflict in the coastal areas, Chinese students, aided by the WSSF, carried their universities—what was left of them—1,500 to 2,000 miles. Now the supplies

must be carried back over the same hard route.

Expressing appreciation for WSSF aid, a Chinese student said, "Since we began our resistance, you have sent us sympathy and encouragement, and you have done various kinds of work to help us. This loyalty and friendship we shall never forget."

With malaria and tuberculosis common ailments among the Chinese students, they receive barely enough money from government food subsidies to provide for rice. Now the textbook shortage in China has forced students to use handwritten copies with sometimes as many as 40 students to one book. Because of inflationary prices, even fuel oil for study lamps is a luxury for the Chinese student.

In Europe students are returning to their studies from prisons, forced labor camps and the resistance forces. With their universities damaged or destroyed and the facilities dispersed, many of them are themselves homeless and unable to trace their families.

More than 70 percent of the Dutch students need hospital care before returning to universities.

With libraries and classrooms destroyed or damaged by the war, severe paper shortages throughout Europe have curtailed the printing of textbooks. Shortages of clothing, medical supplies, books and even paper and pencils exist throughout Europe.

WSSF beneficiaries include students in the Philippines, France, Belgium, Holland, Switzerland, Sweden, Denmark, Norway, Greece, Italy, Czechoslovakia, Yugoslavia, Russia, Poland, Canada and the United States.

With the need for help multiplied in all countries affected by the war, the end of hostilities and resulting relaxing of international boundaries makes it possible for the WSSF to reach more students in more countries during the coming year. A minimum goal of \$2,000,000 has been set for this year.

American students after the -75 uuy ouy postu ara wst 500,000 for relief and rehabilitation for foreign students.

It is to the interest of all American students that education of the youth all over the world be promoted, according to Howard Hensleigh, L2 of Iowa City, Campus Chest chairman. "If young persons in the economic and political festering spots of the world are uneducated and unenlightened, they will be much easier marks for agitation by future paper-banger fanatics."

Around the World—

Looking Ahead

—Public vs. Private Power

Washington—They are squaring away for the biggest public versus private power battle since TVA.

The Southwestern Power administration has requested \$23,000,000 from congress to launch a program which might some day cost \$200,000,000. The house appropriations committee may report on the request this week.

Rural Electric co-ops and other public power advocates say the proposed program is the only way to provide the full benefits of hydro-electric plants to Texas, Oklahoma and Arkansas.

The utilities claim they can do the same job without using taxpayers' money and that private investments of more than \$1,000,000,000 are jeopardized.

Incidentally, associates say Interior Secretary Krug won't make an active fight for a Missouri Valley authority. They say he doubts an MVA could get through congress.

He is expected to content himself with supporting the joint plan of the bureau of reclamation and the army engineers. Getting those two traditional feudists to patch up their differences will be his first problem.

Soft-Pedal Iran New York—The United Nations security council may maneuver around the next crisis on the Iranian question tomorrow.

Russia and Iran are supposed to report on Red army withdrawals from Iran. Since Soviet delegate Gromyko has threatened to walk out again if the subject is discussed in the council, council members may smooth the course of action beforehand in private, then make it legal in the council chamber.

If the council majority, led by the United States and Great Britain, is convinced that the pressure is off of Iran, it can forget the matter—but it doesn't have to.

Washington—When Harry S. Truman was vice-president he used to complain to friends that President Roosevelt didn't tell him in advance of important moves; now democratic senators complain they get less advance information out of HST than they did from FDR.

New York—American duck hunters probably will have a shortened season and a reduced bag limit this fall. Drought in Canada is drying up the marshes and damaging breeding prospects. Yet the outlook is for a record number of hunters.

Wallace's Campaign Washington—Secretary of Commerce Wallace's friends say he intends to continue his campaign to

put "progressives" in congress right up to election time. He told a Political Action Committee meeting recently: "We still have far to go in building a vigorous political organization in every county."

Washington—If Congress pulls OPA's teeth, a federal communications commission official says OPA Chief Paul Porter will return to the FCC chairmanship . . . John Rogge, government prosecutor in the sedition cases, is reportedly ready to resign when he returns from Europe, where he is seeking additional evidence . . . The FCC will hold up 300 radio station license renewals until it is satisfied the stations are complying with the commission's rule that they must present public service programs . . .

Freight Rates Washington—Transportation experts predict the interstate commerce commission will grant the railroads a four to eight percent freight rate increase by May 15 and that sometime this year the rate will be boosted a total of 16 to 18 percent. The roads are asking a twenty-five percent hike.

Political Calendar May 7—Alabama Democratic primary to nominate candidates for nine United States house seats, governor, state offices and legislature.

Florida—Primaries to elect nominees for United States senator, six United States house seats, some state offices and legislature.

Indiana—district primaries to pick candidates for 11 United States house seats and state legislature, as well as delegates to state conventions which later will choose candidates for United States senator.

Ohio—Primaries for election of candidates for United States senate, 23 United States house seats, governor, other state offices and legislature.

Board Is Governing Body for Student Center

Members Are Elected from Liberal Arts in Spring

Members of the Student Union board—coordinators and sponsors of student activity in Iowa Memorial Union—will be elected by university men and women Wednesday.

Each spring six sophomores or juniors in the college of liberal arts are chosen to membership on the student board for one year beginning with the fall semester.

Candidates for election must have served on one of the many Union board sub-committees during the preceding semester and submitted an application signed by 20 liberal arts students.

Iowa Union is a place where students live part of their extracurricular and social life. The Union has sponsored under the supervision of the various student committees, band concerts, university dances, tea dances, all-university sings, coffee hours, open houses, tournaments, campus nights, lectures, receptions, the Christmas party and the pre-

war Silver Shadow dry night club.

Art Exhibitions It has also sponsored art exhibitions including the annual art salon and organized the Club Cabaret, all-university dinner dance. Traditionally, they have sponsored the Dad's Day and Homecoming dances.

The Student Union board was organized to take effect during the fall term following the completion of Iowa Union. The board held its first meeting on Sept. 22, 1927. It was then composed of 11 men elected from the various colleges.

The purpose of Union board is to initiate, promote and control student activities of all types which shall be held in or around Iowa Union. The student board is now composed of 15 members, both men and women.

The election Wednesday includes only students in liberal arts. Students in other colleges will be chosen at elections designated by the colleges in which they are enrolled.

MEDICAL APTITUDE TEST

The university examination service will administer the medical aptitude test of the Association of American Medical Colleges at 3:10 p. m. Thursday in room 107, University hall. This test is now one of the normal requirements for admission to a medical school. It is extremely important for those who expect to enter medical school in 1946 to take the test at this time if they have not already taken it. The test will require approximately 2 hours. A fee of \$5 must be paid before noon of Thursday. Arrangement for payment of this fee may be made at the university examining service. The receipt for the fee should be retained as it will be required for admission to the examination room.

Emil Douby Files Damage Suit in Son's Name, Asks \$2,083.15

Emil Douby, in the name of his son, Frank, filed suit in district court yesterday asking \$2,083.15 damages from John D. Dillon and Leo Costello, charging negligence in an auto accident April 21. The plaintiff seeks compensation for the injuries and damages the petition states he suffered in the accident. Dillon was the driver and Costello the owner of a car which struck the rear of Douby's car.

M. F. Mitvalsky of Cedar Rapids is the attorney for the plaintiffs.

James DeLancey, born in New York in 1703, was an American jurist. He was educated in Cambridge, England, and admitted to the English bar. He returned to New York in 1728, and was one of the founders of King's college, now Columbia university.

Cadets, Iowa Debaters Argue Compulsory Military Training

Forensic Association Elects Officers, Gives Awards After Meet

"Adoption of compulsory military training will assure us that we are secure—secure behind an inefficient and inadequate army," Gordon Christensen, L3 of Iowa City, said in challenging an affirmative debate team from the United States Military Academy, West Point, N. Y., yesterday, on the question of compulsory military training.

Cadets Donald Dreier of Laurens and Charles Jacob of Winona, Miss., were flown by special army bomber to Iowa City to participate in the debate. Capt. George Lipsky accompanied them.

No results of the debate will be announced until ballots from 100 high schools have been received, Bob Ray, G. of Davenport, said.

"Universal military training can give us the reserve without which the existence of any fighting force is impossible," Cadet Jacob maintained.

Both cadets stressed the need for security in industrial training and the possibility of accomplishing this through compulsory training.

Leo Ziffren, A1 of Davenport, contended that a specially trained voluntary army would prevent any need for compulsory training.

Following the debate and forum, awards for outstanding achievement in debate, discussion and radio speaking were presented and the following officers of the forensic association were elected:

Betty Ann Erickson, A3 of Spencer, president; Jean Collier, A3 of Freeport, Ill., vice president; Herman Robin, A3 of Waterloo, secretary; John Oostendorp, A2 of Muscatine, treasurer; Jack Gallagher, A3 of Providence, R. I., historian; Edythe Rosenthal, A2 of Scarsdale, N. Y., secretary of the Speaker's Bureau.

Elected to serve with association officers on the Board of Governors for the Radio Forum were Dorothy Kotterman, A3 of Burlington, and Jake Bennison, A3 of Kewanee, Ill.

Music Study Group Will Meet Tuesday

Guests will be welcome at the May meeting of the Music Study club in the home of Mrs. E. W. Chittenden, 1101 E. Kirkwood avenue, Tuesday at 2:30 p. m. It is the last meeting until fall.

Mrs. Graham Bradley, president of the club, will give a short history of early Iowa statehood. Music on the program will be presented by Mrs. Val Jeanne Phillips, who will play two of her own piano compositions based on the poems "Death Dive" by Cartes and "Beyond the Years" by Dunbar. She will also play folk music and her excerpt from a phantasy based on James Thurber's "Many Moons."

Using Mrs. H. J. Thornton's notes on "Jehovah to Jazz" by Helen Kaufmann, Esther Thoman will review the growth of music in the United States. Mrs. Velma Harlow, soprano, and Mrs. Hymie Voxman, violinist, will present the musical part of the review.

A business meeting is scheduled for 1:45 p. m.

Mrs. Huston Elected P.T.A. Head Friday

Mrs. Paul Huston was elected president of Roosevelt school Parent Teacher association at a meeting Friday. Mrs. Ray Trussell was chosen secretary and Mrs. Dorothy Scheldrup, treasurer.

The committees for a picnic to be held May 23 were named. Mrs. L. K. Norris, Mrs. S. B. Barker, Mrs. Helen Walker and Mrs. Jessie Bright compose the food and coffee committee; Mr. and Mrs. Nate Moore and Dr. and Mrs. Paul Huston are in charge of ice cream; Mr. and Mrs. Howard Wilkinson and Mr. and Mrs. A. C. Cahill are in charge of pop; Wendell Thomas, Nathaniel Crow and Joe Chervinka are members of the table and chairs committee. The picnic will be held at the school.

Following the business meeting the annual spring concert directed by Mrs. Frances Ireland, music supervisor of public schools, was presented.

Assault Romps to 8-Length Win in Kentucky Derby

By GUS SCHRADER
Daily Iowan Sports Editor

LOUISVILLE, Ky. — Ten years after his famous sire, Bold Venture, won the Kentucky Derby, a vastly underrated Assault smashed to an eight-length victory here yesterday over the heavy mud of

beautiful Churchill Downs track. A record crowd, which track authorities estimated at 100,000 persons, saw the 72nd annual run of the roses and bet sums of money that beat anything in American turf history.

Spy Song, the Dixiana horse, was second after leading most of the way in the famous mile

and quarter race. Hampden, Foxcatcher Farms' entry, was third in a photo finish over Lord Boswell, race favorite and star of the Main Chance farms three-way entry.

Assault paid \$18.40 to win, \$9.60 to place and \$6.80 to show. Spy Song paid \$9.00 to place and \$6.60 to show, and Hampden paid \$5.20 to show.

The brown little Texas horse grabbed the lead from Spy Song at the three-quarters mark and went down the winning stretch like a burst of atomic energy.

It was far different than Assault's come-from-behind way of running that has characterized many of his victories, especially the narrow win he posted in the Wood Memorial two weeks ago.

He was ridden by Warren Mehrtens, 26-year-old Brooklyn born jockey, who received the derby horseshoe for the first time in his career. Eddie Arcaro, who rode the favorite Lord Boswell, failed in his attempt to mark up

his fourth, and an unprecedented victory.

The time was 2:06.6, considered to be good time for the conditions of the heavy track.

The record crowd started arriving at the famous Downs at about midnight Friday night. Some slept in cars to be on hand when the gates opened at 8

o'clock yesterday morning. Louisville oldtimers said it was the freest spending and best heeled crowd in history.

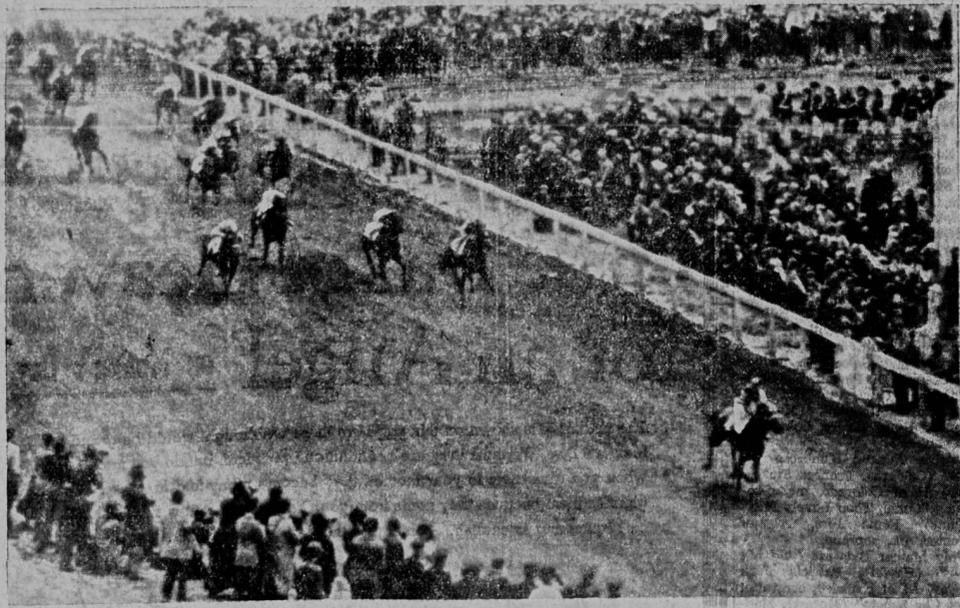

Twenty-five minutes before post time in the featured race, Pari-Mutuel disclosed that \$870,000, a new American record, had been wagered on the field of 17 thoroughbreds.

Lord B. was the only one of Mrs. Elizabeth Graham's horses to finish well up in the race. Both Knockdown and Perfect Bahram finished back in the stretch. The three-way entry started the race at even money odds to bring the cosmetic millionaire her first derby champion.

Assault's owner, Robert J. Kleberg, received \$96,160.

Iowa, Badger Tilt Canceled

MADISON, Wis. (Special) — Rain and cold weather forced the cancellation of the Iowa-Wisconsin baseball game here today. Under Big Ten conference scheduling the game will not be played and leaves Iowa with two wins and three losses in loop play and keeps the Badgers conference slate clean with three straight wins.

Iowa returns to Iowa City to meet Notre Dame in a two game series Tuesday and Wednesday. It will be the 32nd and 33rd times the two schools have met on the baseball diamond with Notre Dame holding a 17-14 edge in victories.

The Hawk-Irish series started in 1925 and was played each year until the beginning of the war. Last time the two schools met was in 1942 and Iowa, under the direction of Otto Vogel, has won six of the last ten engagements.

Winner Wears Garland of Roses

WEARING a garland of roses, Assault stands in the Kentucky Derby winners' circle, yesterday (left to right) Mrs. Robert J. Kleberg Jr., jockey Warren Mehrtens and Owner Robert J. Kleberg of King's Ranch, Texas.

'Easiest Race'—Jockey Warren Mehrtens

LOUISVILLE, Ky. (AP)—Riding Assault to a Kentucky Derby victory was "twice as easy" as jockey Warren Mehrtens thought it would be.

"He broke and ran just the way I wanted him to," the overwhelmed, 26-year-old rider from New York state beamed in the jockey room after the race.

"I hit him the first time turning into the stretch. I hit him a couple more times then, but he was breezing the last sixteenth. "It was the easiest race I ever rode—the way the horse ran."

Purdue Tips Bucks, 11-10

LAFAYETTE, Ind. (AP)—Purdue came from behind with three runs in the ninth inning to defeat Ohio State yesterday, 11-10, sweeping their two-game series.

Red Sox Rout Cleveland, 6-2

BOSTON (AP) — Bob Feller, fireball Cleveland pitcher whose last outing was a no-hit performance against the Yankees in New York, came to grief yesterday as he lasted but six innings against the Boston Red Sox, who beat the Indians 6-2 for their ninth consecutive victory.

While Feller struck out nine of the Sox, he gave up five walks and ten hits in the six full innings he worked. In those six frames Feller used 120 pitches.

The loss was Feller's third against two triumphs.

Jim Bagby went all the way for the Sox, turning in his first victory. Bagby who yielded 11 hits and walked three wobbled a couple of times but managed to last to the end.

NEW YORK (AP)—The New York Yankees obtained an order from the New York supreme court last night restraining agents of the Mexican baseball league and a New York sportswriter from attempting to induce any Yankee player to repudiate his signed contract.

The order, signed by justice Benjamin F. Scriber, and setting a preliminary hearing for Tuesday named Jorge Pasquel, president of the Mexican league; his brother, Bernardo Pasquel; their agents Carlos Baz, Mario Lousac and John Ohrrar; and sportswriter, Claire Rutherford ("Red" Rennie of the Herald-Tribune).

Bernardo Pasquel, who has been in New York for several weeks, said he had received an order from the court to appear for the hearing on Tuesday, but asserted "This thing is utterly ridiculous. "I am only too happy to cooperate with American authorities," Bernardo said. "I will remain in New York as long as it is necessary. I don't believe I have violated any American law."

Bernardo denied that Rennie was in any way connected with him or the Mexican league. "It's a shame to involve this newspaperman in this matter,"

Joe Louis Begins Work for Conn Bout

POMPTON LAKES, N. J. (AP) —Joe Louis yesterday started the boxing phase of his preparation for the defense of his heavyweight title against Billy Conn in Yankee stadium on June 19 and got a bloody nose for his efforts.

A left by Al Hoesman of Los Angeles brought a trickle of blood from Louis' nose but the champ followed by flooring Jimmy Bell of Washington, in the next round. Louis closed with a two round workout against George Fitch, a prewar sparring mate.

It was the first time Louis had donned the gloves since Dec. 13, 1945 and ringsiders voted about three to one that he looked good. Some said, however, that he appeared slow.

he said, "He has nothing to do with the situation. When he was in Mexico he wrote simply for the interest of his paper and just because his impressions of Mexico and Mexican baseball were favorable to us and counterbalanced those of some other writers, he is being made the goat."

New York Homers Rock Cubs, 5-1

Kennedy Hurls Five-Hitter For Giants

CHICAGO (AP) — The New York Giants broke loose with a trio of home runs yesterday to back up five hit pitching of young Monty Kennedy and defeat the Chicago Cubs, 5-1, before 5,560 fans who shivered in 42-degree weather.

The victory evened the two-game series here.

Johnny Mize and Ernie (Schnozzle) Lombardi were the big guns in the artillery attack the Giants launched against the Cubs' Ray Prim. Mize smashed two homers, and Lombardi had a homer, double and single.

Harry (Peanuts) Lowrey started the scoring when he slashed one of Kennedy's pitches into the left field stands with two out in the third inning. But the lead lasted only three or four minutes. Mize hit the first pitch of the fourth inning into almost the same spot to tie the count.

After four scoreless innings, Mize sent another of Prim's offerings clear over the right field bleachers and Lombardi followed him with another homer into the center field stands.

New York picked up another run in the eighth when Prim walked Vince DiMaggio. Bob Blattner and Kennedy singled off relief pitcher Paul Erickson to score DiMaggio.

Their final run counted when Sid Gordon came home on Lombardi's single.

Hawks Batter Maroons, 89-28

Iowa's thinclads had little trouble rolling over Chicago, 89-28, in a dual track meet on the Iowa oval yesterday. The Hawks took 10 first places with Chicago grabbing two and one tie.

Ike Johnson, dusky sprint artist, was the big gun with first place in the 200-yard low hurdles and broad jump and a second in the 120-yard high hurdles.

John Adams of Chicago took charge of the distance runs and came home with yards to spare in both the mile and two mile runs. He accounted for the only firsts the invaders could muster.

Best race of the day was in the 440-yard run when Eric Wilson and John Hunter of Iowa ran a dead heat. Tourtorette of Chicago edged out Sommers of Iowa in the last five strides for the third place slot. The dead heat time was 51.4 seconds.

Danny Sheehan of Iowa was first in the discus with a heave of 124 feet 10 inches and tied with Herb Wilkinson, All-American basketball player from Iowa, in the high jump at six foot even.

Zeke Bonura Released As Millers' Manager

MINNEAPOLIS (AP) — Mike Kelley, general manager of the Minneapolis American Association baseball club, late yesterday unconditionally released Zeke Bonura as manager of the club, and named Rosy Ryan, who has been acting as business manager, to the post.

Rivermen 2nd In Conference

MT. VERNON—Special — Mt. Vernon won the Eastern Iowa conference outdoor track meet here yesterday as they piled up 61 points. University high of Iowa City was second with 47.

Only one meet mark was equalled as the competitors were slowed by the damp track. Fischer of Mt. Vernon tied the mark in the 120 yard high hurdles at 1:16.00.

U-high's Rivermen grabbed three firsts and six seconds while they placed in every event except the weights and the high jump. The power of the winners, in piling up firsts, was too great for the balance of the Blue Hawks, however.

Craig Harper grabbed two of the three firsts when he won the 100 and 200 yard dashes. He also anchored the U-high winning mile relay team.

Bill Greene garnered three seconds as he placed behind Harper in the 100 and 220 and capped second in the broad jump.

Other Blue Hawk seconds were taken by Ralph Donovan in the 880 yard run, Jack Hady in the high hurdles, and the two mile relay team.

The winning mile relay team was composed of Hady, Fetzer, Sayre and Harper.

Yanks Hand Tigers 6th Straight Setback, 4-3

NEW YORK (AP)—The New York Yankees handed the world champion Detroit Tigers their sixth straight setback yesterday when lefty Joe Page hit an eighth inning home run to win his own game, 4-3, before a crowd of 34,090 chilled and dampened fans.

Joe DiMaggio hit his fifth homer off Stubby Overmire, with a man on base, to account for the first two Yankee runs. Charlie Keller's double and Nick Etten's single added another run in that session.

Little Hawk Golfers 2nd in Franklin Meet

CEDAR RAPIDS (Special)—City high of Iowa City tied for second in the Franklin high school invitational golf tournament here yesterday. Lincoln high of Des Moines won the meet with a score of 325 strokes and Roosevelt of Cedar Rapids was the other second place winner with a total of 340.

Gerri Cannon fired the medalist score for the Iowa City team, ending up with an 82 for the 18-hole route. Other Little Hawk scores were: Dale Stark, 83, Bob Crowe, 87 and Bob DeVine, 88.

Davenport finished third in the meet with a 344 and were followed by West Waterloo, 346; Franklin of Cedar Rapids, 349; Dubuque, 353; Oskaloosa, 358 and Wilson of Cedar Rapids.

Iowa Linksmen Tip Bees, 11-7

University of Iowa's second-string golf team defeated St. Ambrose of Davenport yesterday, 11-7 at Finkbine field. The Hawks took a 4-2 lead at the end of the morning round. Low scorer for Iowa was J. Burgess with a 78, in the morning play.

The foursome matches were played in the morning the Hawks taking both of these. In the first Bob Clem and N. Wilson defeated Robert Link and Jim Carron 2-1. In the second match Burgess and Bob Knarr clipped Lloyd Coehler and Burt Stitzel 2-1.

The Bees fared a little better in the afternoon, taking one in individual match. Link of St. Ambrose beat Clem 3-0. In the other matches Wilson defeated Carron 2-1, Burgess dropped Coehler 2-1, and Knarr trimmed Stitzel 3-0.

Besides Burgess' 78 other Iowa scores were Knarr 79, Wilson 82, and Clem 86.

Army, Navy Approve Aviation World's Fair

WASHINGTON (AP) — The army air-forces and the navy announced jointly yesterday approval of plans for a world's fair of aviation to be staged in July at Omaha and their intention to take part in both the exposition and flight phases.

Late model planes and tactics will be demonstrated.

Registration Dates Listed

Students From Four Colleges Must Sign Papers This Spring

All students in the college of liberal arts, engineering, commerce and the graduate college who plan to attend the first semester next year must register between May 8 and June 7, according to Ted McCarrel, assistant registrar. Students who plan to attend the summer session beginning June 12 will register June 10 and June 11.

Registration materials for both sessions will be available at the office of the registrar beginning Wednesday.

After obtaining registration materials, students in liberal arts should go immediately to the liberal arts advisory office in Old Capitol to make appointments for conferences with advisers.

Students in the college of commerce should make appointments with advisers as announced from Dean C. A. Phillips.

Graduate students should see the head of their major department. If they have no major department, they should consult Dean Carl E. Seashore of the graduate college.

Engineering students will obtain registration materials and register in the offices of their advisers.

There will be no registration during this special period for students in the colleges of dentistry, medicine, pharmacy, law and the school of nursing.

Fall registration is being carried on this semester to facilitate overcrowded conditions at the university, McCarrel said.

The United Youth Fellowship will also be out of town this weekend at the student conference at Ames.

A question box will be conducted by the Rev. A. C. Proehl, pastor of the Zion Lutheran church, at the Lutheran Student association meeting tonight at 5:30 p. m. Team captains will be Leighland Johnson and Ruth Landahl, A2 of Omaha.

The Gamma Delta of the St. Paul's Lutheran church will have an open forum at 7 p. m. The discussion will be led by the Rev. John P. Choitz, pastor.

Bradley Services Set For 9 a. m. Tomorrow

Services for William P. Bradley, 67, who died yesterday morning in Mercy hospital after a three-week illness, will be held tomorrow morning at 9 o'clock in St. Patrick's church.

Among the survivors are three daughters, Mrs. James P. O'Brien, Mrs. Earl Gilpin and Mrs. John Oaks, all of Iowa City; a brother Frank of Iowa City; a sister, Mrs. Jake Kuebrich of Iowa City and eight grandchildren.

The rosary will be said tomorrow night at 7:30 at the Hohen-schuh mortuary. Burial will be in St. Joseph's cemetery.

City High Schedules—

Red, White Carnival May 17-18

Committees Chosen For Annual Program

The annual Red and White carnival has been scheduled for Friday and Saturday, May 17-18, at the Junior high school grounds, according to Lynn DeReu, chairman.

The entertainment for this year's festival is under the guidance of the Iowa City high school music auxiliary. George Thomas is acting as co-chairman of the sponsoring committee.

DeReu stated that the Pearl City rides would be featured again this year and that cafeteria service will be offered Friday evening in the school dining room.

Committees for the forthcoming festival are as follows:

Publicity, Mrs. James Waery; finance, Milo Novy and R. N. Aupperle; stockroom, Walter Schmidt and Dave Thomas; cafeteria, Mrs. Robert Mott; outside food stands, Clark Penland; game stands, Andy Carmean; dance, Mrs. C. L. Woodburn; movies, Mrs. Mark Wicks.

Rides, Vernon Boldt and John Thomas; grounds, Vern Miller and Ollie White; ticket sales, Fred V. Johnson; refreshments, E. R. Williams and J. G. McDaniel; sound and advertising, C. L. Woodburn.

Prof. Paul R. Olson To Lecture Tonight Before Negro Forum

Prof. Paul R. Olson of the economics department will discuss "International Economics Relations" at the regular Sunday evening meeting of the Negro forum. A short period of discussion will follow his speech.

Final plans for the forum's annual spring party will be made at a business meeting immediately preceding the meeting.

The meeting will be held in conference room No. 2 of the Iowa Union today at 7 o'clock. The public is invited to attend.

Name Officers for New Student Religious Unit

Myron Petenakis, A1 of Mason City, was elected temporary chairman of the Eastern Orthodox student group organized Wednesday night at the Trinity Episcopal church.

Temporary secretary will be Helen Pappas, A2 of Mason City.

The group decided to meet twice a month at 7:30 p. m. on Wednesdays at the Trinity Episcopal parish house. The students will sponsor a picnic today in the City park, meeting at Iowa Union at 2 p. m.

School Board To Buy 2 Lots

The city school board has made preparations for the purchase of two more lots south of the high school circle, according to Verne

R. Miller, superintendent of grounds and buildings.

The lots were purchased from James Slika and Vernal R. Shimon. The school district will own all the lots in the area south of the high school circle, with these new purchases.

Miller was asked to purchase the lots for the purpose of keeping a clear front view of the high school building.

City Approves Erection of Power Station

The Iowa City board of adjustment yesterday recommended that the city council approve the petition of the Iowa-Illinois Gas and Electric Co. to erect a sub-station at 915 N. Dodge street.

Robert Lind, local manager for the company, said cost of the building is estimated between

\$15,000 and \$20,000. It finally approved, construction will be completed this fall.

A written objection to erection of the sub-station, signed by 20 owners of property within 200 feet of the proposed site, was presented to the board.

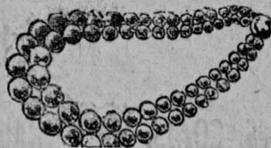

The petition of E. H. Rushfield

to convert a garage into a temporary dwelling at 1127 Franklin street was rejected by the board. Seven persons filed written objection to the conversion.

Ministers to Meet

The Iowa City Ministerial association will meet tomorrow at 10 a. m. in the home of the Rev. Evans A. Worthley, it was announced yesterday.

Plan Special Short Courses

A training program in special education, designed for supervisors and teachers of pupils educationally or physically handicapped, has been scheduled by the university for the summer session June 12 to August 7.

The program will have wide inter-departmental sponsorship.

In addition, a two week concentrated course in eight fields of general education for high school superintendents and principals will be given July 8 to 19 by the College of Education.

Four visiting lecturers have been appointed for the summer long courses. They are Florence Kelly, primary supervisor of Milwaukee public schools; Nellie Cummins, principal of DeLano school, Kansas City, Mo.; Ray Graham, director of education for exceptional children, Illinois State Department of Public Instruction, and Brian Tomlinson, head of the department of educational psychology of New York university.

Some 25 courses in various departments will be available, based on a research project dealing with the problems of the handicapped which has been maintained at the university for 25 years.

The two-week laboratory course will give superintendents and principals a general educational background in the fields of secondary, elementary and special education, community libraries, physical education, speech and dramatic art, school building, planning and audio-visual education.

High school administrative officers may register for two semester hours credit during the two-week course.

E. L. Plymale to Leave For West Virginia Job

Dr. E. L. Plymale, who has been doing research work in the botany department, has been appointed assistant professor of botany at Marshall college, West Virginia. He will leave this week.

Dr. Plymale received his doctorate degree at the university in May, 1942. During the war he served on Midway island. He has been doing research since March.

The final schedule for examination week, to run May 31 to June 7, has been released by Robert Ebel of the examinations service.

The schedule is to be read as follows: Students having classes Monday or Tuesday should look for the class hour on the sheet; then read directly left of that hour to find the day, and upward from that hour to find the time the examination will be given.

Deviations from the schedule will not be permitted, but the schedule is arranged so that students are not required to take more than two examinations in any one day, Ebel said.

Undergraduate students who find that their examinations conflict should request a change of schedule at the office of the registrar by Saturday, May 25. Graduate students should present requests for schedule changes to respective instructors.

All sections of courses on the schedule designated by department and course number will meet as scheduled. All courses having first meetings Monday or Tuesday meet according to the hour of the first weekly lecture or recitation period. Courses with laboratory periods only meet on

the hour at which the first period begins.

Courses which have the first meetings on days other than Monday and Tuesday or at hours other than provided for are scheduled by the instructor.

Young Democrat Club Will Meet Tomorrow

The Young Democrats club of Johnson county will hold a business meeting Monday, May 6, at the court house. All members are urged to attend and election of officers will be held.

Where to Go...

Mary Jane Nielson, petite looking Tri Delta, models brown and white spectators at STRUB'S mezzanine shoe dept. With cool cottons or summer suits spectators add the well dressed touch which women enjoy and men admire. In high, medium, or low heels spectators have become an American tradition which every woman observes for a successful summer of parties, picnics and baseball games.

For the most versatile shoe you can buy for this summer shop at STRUB'S SHOE DEPT soon while your size and favorite color combination is still available.

The IOWA SUPPLY COMPANY has made a Mom's Day gift suggestion which may be the instigation she needs to sit down, relax and enjoy a rest. IOWA SUPPLY has made a list of books especially for the enjoyment of mothers—a list which will help you in making your gift selection. Part of the list is itemized here as an aid to you.

On the non-fiction list are: "A Solo in 'Tom-Toms'"—Gene Fowler's story of early childhood in Denver.

"Mid-West at Noon," by Graham Hutton—all about the Mid-West.

"American Daughter"—a Negro story written by Eva Bell Thompson.

"The Egg and I"—Betty MacDonald's book, which is still popular after a year of record sales.

"Dear Theo"—an autobiography of Vincent Van Gough, the artist.

Fiction suggestions: "My Lady Cleves"—Margaret C. Barnes' story of the fourth wife of Henry VIII.

"Ivy Gripp'd the Steps"—short story collection by Elizabeth Bowen.

"Honeyfocling Time"—Virginia Dale's story of the Mid-West.

Give Mom a gift that will suggest relaxation—a good book from THE IOWA SUPPLY collection.

A diamond and a gold band made Peg O'Brien's week-end one big success. Yes—Peg became Mrs. Bob Hurst last Saturday.

AS the summer months grow nearer and the sun gets closer and closer we squint more and more which is a very good indication that our eyes are being strained. FUKS JEWELRY STORE have a very good suggestion to make to all of us to insure eye comfort all summer... a pair of special-grind lens sunglasses. Few of us realize the difference in an ordinary pair of sun-glasses which serves the purpose just as well as an expensive pair... (so we think, until we learn why they won't) but ruin our eyes. In an ordinary lens, which is not ground, there is a great deal of movement or aberration which is constantly irritating our eyes while a ground glass has absolutely no aberration and can be worn without the slightest danger to our eyes. Before you settle for an inferior pair of sun glasses visit FUKS and let Mr. Fuks fit you properly.

Mail service has more than doubled between Iowa City and Detroit since Millie Lawrence, Theta pledge, took Lowell Smith's Phi Rho pin, 'cause being that's where he's interning.

What's better to quench that thirst between classes than a big fat coke—or maybe a fresh strawberry sundae—well just about anything you can get at BOERNER'S FOUNTAIN will do the trick and give you that needed "lift" to finish the day. And then you can be assured that Mrs. Ebert, the fountain manager and a home economics grad herself, will give you that same quality and service that BOERNER'S PHARMACY has always been noted for. Stop in anytime at BOERNER'S, the store with the new front but the same good quality and service, and relax and enjoy a refreshment.

It's not only the women that are raving about nylons these days... no sir, the men are standing in line now for nylons at BREMERS and no wonder, for \$1.50 they can't be beat. The colors are knock-outs... bright prints which are very good for summer and plain colors which always come in handy for quiet moods. These latest ties are Du Pont creations in gabardine weave by Sherman. While you are Mother's Day shopping take home a gift for yourself, and in a round about way it will be her present too, for she likes to see you dressed smartly. And on her day she must be pleased. Be gay this Mother's day and wear a nylon tie to please the ladies... BREMERS is the shopping center for ties.

How many times have you felt like the poor man shown above when you just got to the bus stop in time to miss the bus? You feel like tearing your hair and uttering unpleasant phrases... which of course is very foolish when YELLOW CAB is such a good alternative. Just dash down to the Jefferson Hotel office of dial 3131 for service which will save the day for you when an early appointment must be kept. Don't despair, save your hair; call a YELLOW CAB.

She's the most wonderful mother in the world and she misses you more than you think. A grand reminder of your love for her is a gift from the FRYAUF LEATHER SHOP. A complete line of Lady Buxton genuine leather billfolds in all colors is a practical, long-lasting present. Or, select from the large variety of patent, plastic or leather purses in varied sizes, shapes and colors. To hold her make-up essentials when she travels, a lady's make-up kit, in genuine or imitation leather, serves the purpose and makes a perfect gift for her.

"By the selection of different make-up foundations," Frances Denney, beauty expert, says, "you can give to your complexion—a luscious look—a dewy look—a sophisticated look—or a natural look." For the luminous finish, for the luscious look of youth, try Luminous Cover-up—a startling new liquid foundation. Just five drops will cover the entire face. Bestow a dewy look to your complexion with Luminous Film. Or if you prefer a mat finish for the look of smart sophistication, select Over-tone which comes in colors to suit your skin. Under-Tone is the make-up foundation to use to bring out your own color and give you a natural look. These Frances Denney make-up foundations can all be purchased at TOWN-ER'S. Come in tomorrow and get that make-up to give you the "Look You Want."
