GOOD MORNING, IOWA CITY!

The weather will be partly cloudy and cooler today. Warmer temperatures can be expected tomorrow, though, with a forecast of fair and warmer.

Negotiations Deadlock on Pay Levy

Reports Say Foreign Ministers' Conference Will Adjourn Today

PARIS (AP)—High authorities within the American delegation said last night the deadlocked conference of foreign ministers probably would adjourn today until June 15, accepting the proposal of United States Secretary of State James F. Byrnes to attempt in the interim to work out their disagreements.

Byrnes, reported by his associates as "very discouraged" over the results of this conference, lost in his attempt to have the foreign ministers set a definite date now for the European peace conference and to have the Austrian treaty included on the conference agenda. Russia objected to both, the American informants said.

Soviet Foreign Minister Vyacheslav M. Molotov and the others agreed, however, to revise the terms of the Italian armistice less than two weeks ago and Byrnes suggested Tuesday night that the four powers sign the revision.

Byrnes at a conference session yesterday morning proposed that American, British, Russian and French representatives begin immediately to draft terms for a German treaty to be presented to a peace conference on Germany next Nov. 12, American sources said, but no action was taken on this immediately.

Senator Arthur H. Vandenberg, (R., Mich.) minority leader of the senate foreign relations committee, told The Associated Press after last night's session:

"I will not come back to Paris for the June 15 meeting."

Molotov, French Foreign Minister Georges Bidault and British Foreign Secretary Ernest Bevin were said to have asked time to study Byrnes' proposal for a German peace conference, and it was expected the matter would be discussed further today.

Byrnes urged that the representatives of the four powers be instructed first to report to the foreign ministers at their next meeting—perhaps June 15—on the economic status of Germany. He warned that the present economic situation in the defeated nation, if continued, would result in chaos in the western occupation zones by winter.

Three Honeymooners Returned to Clinton On Delinquency Count

CEDAR RAPIDS (AP)—Three out of four honeymooners who were married in a double ceremony in Iowa City May 9 spent yesterday in the Linn county jail and then were returned to Clinton.

They were Marge Matthews, 26, and Beverly Parker, 16, both of Clinton, and George Rose, 28, of Marion.

The older woman and Rose face charges of contributing to the delinquency of the young girl who in turn is held on a charge of delinquency in running away from home.

Arrested at the request of Sheriff C. S. Peterson of Clinton county, the trio was rounded up after a hunt throughout Johnson and Linn counties. Deputy Sheriff P. J. Whittemore said the Parker girl and Rose were married in the same ceremony in which Mrs. Matthews, a widow and the mother of four children, was wed to Leonard M. Ralston of Marion. Marion was not arrested.

Army Retains Release Plan

WASHINGTON (AP)—The army will keep on discharging men with two years of service or 40 points until June 30, despite prospective slim pickings of new manpower under the stop-gap draft law, a war department spokesman said yesterday.

Both the draft extension, voted yesterday by congress, and the army's demobilization schedule will expire on that date.

In the meantime officials were hopeful that President Truman would act to make available for induction a pool of some 14,000 men in the 25-29 age bracket.

The extension law permits the induction of men from 20 to 29 years old, but bans the drafting of teen-age boys, lately the chief rank-filers of the service.

The 25-29 age group already has been combed over repeatedly and it was expected a large percentage of the estimated 15,000 remaining would be found physically disqualified.

Jury Gives Insanity Verdict for Slayer

DES MOINES (AP)—William T. Irwin, 41, charged with murder following the April 8 pick mattock slaying of his mother, wife and two children, yesterday was found insane by a district court jury, which deliberated less than 15 minutes before reaching a verdict.

The judge has indicated he will order Irwin committed to the insane division of Anamosa reformatory. If he should later be pronounced sane, he would face prosecution for murder.

Army Major Wants To Remain by Wife Ill in Leper Colony

SAN FRANCISCO (AP)—An army major whose wife developed leprosy during the Japanese imprisonment they endured together has refused to leave her side and has petitioned to share her fate at the leper colony in Carville, La., the Call-Bulletin said in a copyrighted article.

"I'm 65 and I've had my filing at life," said Maj. Hans George Hornbostel, former magazine executive in Manila. "I want just one thing in the world—to be with my wife."

Mrs. Hornbostel is making no protests, the paper says, because she understands the way he feels about it. Both know she would feel the same if positions were reversed.

Senate Group Passes OPA Extension Bill

Farm Representatives Demand Fair Price Instead of Subsidies

WASHINGTON (AP)—The senate banking committee voted 11 to 5 yesterday for a year's extension of OPA, then took a 4-day recess to enable members to prepare amendments to the extension bill.

The present price control law expires June 30. The house voted for an extension of only nine months, until March 31, 1947, and amended the bill in such a way that economic stabilizer Chester Bowles called it hardly more than a chart for a joyride toward economic disaster." Price administrator Paul Porter declared it "amounts to repeal of price control."

Meanwhile, the senate agriculture committee heard representatives of dairy farmers demand "a fair price instead of subsidies," and urge removal of price controls on milk, butter, cheese, cream and other dairy products.

Charles W. Holman, secretary of the cooperative milk producers, was one of the principal spokesmen. He declared that from 60 to 80 percent of all butter produced is going into the black market.

BULLETINS

TOKYO (AP)—United States Rear Adm. C. B. Momsen acknowledged to inquiring newsmen today that Russian patrol craft late last month haled, halted and boarded off Dairen a Japanese-manned landing ship returning Japanese repatriates from China, but said the incident was "no cause for complaint."

GLOUCESTER, Mass. (AP)—Eight crewmen were rescued last night and two others were being hunted by rescue craft searching through pea-soup fog for survivors of a fishing dragger believed sunk after collision with a Norwegian tanker about 40 miles off Cape Ann, the coast guard air sea rescue reported.

Regular weekends end usually about 11 p. m. for local innkeepers, while Saturday night tipplers are given until 11:30 p. m.

Lewis Blocks Truman's Hope For Contract

Miners, Operators To Meet in White House Again Today

WASHINGTON (AP)—Deadlocked over John L. Lewis' demand for a seven percent payroll levy, coal peace talks were broken off today and the negotiators went to the White House with empty hands instead of the signed contract requested by President Truman.

The president, after hearing their "no progress" report, told them to come back to the executive offices tomorrow morning for further conferences.

Government conciliators had stepped in and halted the negotiations between Lewis and the operators after the latter flatly rejected the program for a union-controlled health and welfare fund to be financed by the mine owners through a payroll levy.

Creates Speculation

The president had called for an agreement by today and the failure to reach it created some speculation of a new government move in the offing, to prevent a resumption of the soft coal strike on the expiration of the two weeks truce on May 25. Reconversion Director John W. Snyder said that the president would take "every possible action."

The recess in the negotiations was proposed by conciliators Edward F. McGrady and Paul W. Fuller. Mr. Roosevelt said he would not call the break in the operator-United Mine workers talk a "collapse." There was no disposition among officials, however, to deny that a major impasse had been reached.

Prevent Shutdown

The conciliators said Lewis now has submitted all of his specific demands except on wages and hours. He made acceptance of the union welfare fund proposal a required preliminary to further negotiations. The operators called it "a large tax upon the industry and the public by a private enterprise, the United Mine Workers of America."

The department of agriculture disclosed Mr. Truman's intention to take firm steps if necessary, in a report on the dire prospects for food production if the mines shut down again after the two-week strike truce.

OLMSTED RAPS GOP IN PRE-ELECTION TILT

ALGONA (AP)—Charging that certain employees of the Republican state headquarters are attempting to influence the result of the primary election campaign, George Olmsted last night called upon Willis York, the party's state chairman, to stop it.

Olmsted, candidate for the Republican nomination for governor, said in remarks prepared for an address here that the attempts were being made notwithstanding the announced policy of the state committee that it was taking no part in the primary campaign.

A program was outlined for contacting local civic organizations to gain support in opening Iowa City barber shops to Negroes.

The Social Action group will meet Wednesday night at 8 o'clock in the City hall.

HIGHLANDERS TO GIVE OUT-OF-STATE SHOWS

The Scottish Highlanders, all-girl 45-member university drums and bagpipe unit, will take their longest trip as a unit to give two performances in Denver, Colo., July 4.

The Highlanders will perform in a show in the University of Denver stadium sponsored by the American Legion for the benefit of underprivileged children. They will also play, march, sing and dance at Fitzsimmons army general hospital near Denver, according to Pipe Major William Adamson.

Leaving Iowa City July 3, the group will stop off in Des Moines for an Iowa centennial celebration.

During their three-day stay in Denver and vicinity, the Highlanders will be taken on a 200-mile motor trip through the mountains by the American Legion. The group will return home July 8.

FOOD DONATIONS MOUNT

Iowa City schools and civic organizations contributed an additional 2,088 cans of food yesterday to the Emergency Food Collection.

President Virgil M. Hancher said in regard to the drive:

Soviets Block—

Eleanor's Proposal

NEW YORK (AP)—The Soviet delegate to the United Nations commission on human rights, in a clash with Mrs. Franklin D. Roosevelt, yesterday blocked approval of the group's final report to the economic and social council.

Alexander Broisov, remained adamant in rejecting a recommendation for non-governmental delegates despite an explanation of the commission's majority views by Mrs. Roosevelt, the chairman.

Adjourn Meeting

After several exchanges Mrs. Roosevelt adjourned the meeting until today.

The Soviet representative objected specifically to two points:

That all members of the commission should serve as non-governmental representatives and that U. N. member states, which each would nominate two experts, could nominate a national of another member state if they desired.

In calling for direct governmental representation, he said:

"Under your plan we would have plenty of speeches and documents but the commission would be unable to secure any action. This would affect implementation of any decisions taken."

Nominate Quisling

"I could nominate a quisling or some such person who brought about the last war."

Mrs. Roosevelt observed that she saw "no danger that any government would nominate a quisling."

She said the commission felt that the point of allowing governments to nominate outside their own borders would be useful in case several nations agreed on some outstanding expert.

Good Financial Position

"Because the legislature did not appropriate funds on the possibility of future tax receipts," the governor asserted, "the state of Iowa is in a good sound financial position. There is no difference in the state and the individual who must make income balance output."

There is now about \$12 million in the fund for capital improvements of state buildings including those under the state board of control and the state schools at Ames, Cedar Falls and Iowa City. (This fund has \$300,000 earmarked for the new library at the University of Iowa). This fund has been held because it has been impossible to get men and material to make the improvements. Until it is possible to go ahead with the building plans these other developments:

1. The senate labor committee approved a resolution for an investigation of the causes of labor disputes, including the "policies and practices" of unions and management.

2. Senators' aides passed the word that no voting is in prospect before next week on the general labor bill and proposed amendments aimed at curbing unions.

The appropriations committee tacked onto the agriculture department appropriations bill a clause forbidding employment by the department of anyone belonging to any organization which "asserts the right to strike against the government."

Senator Russell (D., Ga.) told reporters a similar provision would be added to all future appropriations bills.

One of the most important things facing the next legislature is the problem of transportation, the governor said. The road program should include provisions that will permit counties to plan new roads. Such legislation would make it possible "for counties to absorb an unemployment that may arise from future depressions."

At a meeting last night, the Social Action committee commended as a progressive step President Hancher's statement that racial discrimination will not be practiced in university dormitories.

Governor Blue Speaks in Iowa City

GOVERNOR ROBERT D. BLUE is greeted by Mayor Wilber J. Teeters yesterday at the Hotel Jefferson. Governor Blue addressed Iowa City and Johnson county Republicans at a noon luncheon at the hotel. A total of 100 persons attended the event. Chairman for the occasion was Dr. Jacob A. Swisher, candidate for state representative.

Governor Blue Tells County Republicans Record of Iowa Legislature 'A Fine One'

"The record of the 51st Iowa legislature is a fine one," Gov. Robert D. Blue told Iowa City and Johnson county Republicans at a luncheon meeting yesterday in the Hotel Jefferson.

In reviewing the work of the past two years, the governor contrasted Iowa's legislative achievements with Congress' bickering and unwillingness to assume responsibility.

Editorials:**Deadline for Vote Registration Fast Approaching**

Iowa City residents and University of Iowa students who want to vote in the primaries June 3 have only eight more days to be sure that their registration is in order.

All persons who were not previously registered, who have changed their name by marriage or divorce or who have changed their residence must register to be qualified to vote. The last day for registration is Friday, May 24.

To meet the other qualifications for voting, a person must be a citizen of the United States, at least 21 years old, a resident of Iowa for six months, a resident of Johnson county for 60 days and must have lived in their precinct for 10 days.

Where to Now in Indian Independence Problem?

Another British commission ostensibly sent to India to pave the way for independence for that country has failed. The announced reason for the breakdown in negotiations was the inability of the Hindus and Moslems to get together. But what lies below the surface is difficult to ferret out.

There is no doubt that the Hindu-Moslem dispute over a separate state, Pakistan, for the Moslems is a great stumbling block. But if the two parties want a free India, they are going to have to settle the dispute somehow.

Whether Britain would give India her independence even if the Pakistan problem were solved is a matter of conjecture. Many Indian students on the campus are doubtful. They declare they will be skeptical of Britain's independence "promises" until an actual, workable program is put into effect.

The Hindus assert that the British have propagandized the Pakistan problem all out of proportion to the real difficulties. They say the British are secretly prodding the Moslems to demand a Pakistan and then are using propaganda to make the matter seem so serious that India can not be granted her independence at this time.

The Moslems say the Hindus have made too great a fuss over Pakistan. They assert that it would be a simple matter to create a free Moslem state without jeopardizing the rest of India. And if there is no Pakistan, the Moslems will be at the mercy of the Hindus.

Improvement in China

Things looked better in China yesterday. Reports of fighting still came in—and even unconfirmed charges that the Communists had got hold of some airplanes—but in Nanking where talking might avert civil war some changes were being made.

Things looked good enough, anyway, so that General Marshall felt able to leave the scene of his mediation efforts and take a two-day rest in Shanghai.

In Nanking, the Nationalist government was getting itself shaken down after the disrupting move downriver from Chungking; big jobs were reshuffled, with gestures here and there to both the Communists and to American interests in China.

It was announced that Kuomintang army headquarters will be reorganized into a national military council on June 1, paving the way for reorganization of both Kuomintang and Communist armies—and their demobilization—according to plan.

Arch anti-Communist Chief of Staff Ho Ying-Chin was out, and in his place another anti-Communist, Gen. Chen Cheng, was put in. But Chen is younger, known to be more flexible. It might not look like it, but this was considered the government's biggest concession to the Communists.

Premier T. V. Soong, trying to meet recent criticism of government inefficiency since Japan's surrender, replaced economics Minister Wong Wen-Hao with a non-partisan independent named Wong Yun-Wn.

Chinese in this nation thought the shake-up indicative of the government's desire to get itself in better shape for further changes which probably will have to be made later.

Jones' Homer
Deals Red Sox
2nd Loss in 19

CHICAGO (AP)—The Chicago White Sox turned the tide against the surging Red Sox yesterday and beat them, 3-2, at Comiskey park on a home run with one on by Murrell Jones and a three-hit performance by Johnny Rigney, who won his first game of the season.

It was the second defeat in 19 games for the amazing Boston Red Sox, who previously had won 15 straight before losing to the Yankees recently in New York.

The White Sox had to come from behind to win this one. Ted Williams' sixth homer of the season, a wallop into the upper deck in right field in the first inning, had put the Red Sox ahead, 1-0.

**Cardinals Win,
Retake Lead**

BROOKLYN (AP) — Lefty Howie Pollet and young Dick Sisler combined their talents to give the St. Louis Cardinals a tingling 1-0 victory over Brooklyn yesterday and a sweep of their two-game series as the Red Birds again took over the National league lead by 11 percentage points.

A crowd of 26,925 fans turned out for the series' finale.

Pollet limited the Dodgers to five well-scattered hits in handing them their first shutout of the year, while Sisler hammered across the only run of the game with a terrific 400 foot triple off the center field wall after Whitey Kurowski had doubled in the second inning.

Cubs Win in 13 Innings

P H I L A D E L P H I A (AP) — Launching their first invasion of the east, the Chicago Cubs beat the Philadelphia Phillies in a 13-inning game by a score of 6-4, yesterday on a deciding home run by catcher Clyde McCullough with two men on base.

The Phillies knotted the game, 3-3, in the ninth on a homer by Johnny Wyrrostek. Rookie Del Ennis also slapped a circuit wallop for the Phils in the seventh inning. It was the Phils' fifth straight defeat.

Tribe Grab Double Win

CLEVELAND (AP) — The sixth-place Cleveland Indians took both ends of a double header from the last-place Philadelphia Athletics yesterday, veteran Mel Harder shutting out the visitors, 3-0, in the opener and Steve Gromek allowing only four hits as the Tribe captured the nightcap, 5-0.

Harder, making his debut as a starting pitcher this season, held the visitors to six scattered hits as the Tribe collected as many off Philadelphia pitchers Jack Knott, Luman Harris and Herman Besse.

**Wilson to Use Dean
Against St. Ambrose**

Coach Gil Wilson announced last night that Sonny Dean would be his pitching choice when the Hawks face St. Ambrose here tomorrow afternoon.

The game is the last scheduled on the City high spring season. Wilson indicated that there was a possibility that another game would be arranged, however.

The rest of the Hawklet lineup will be the same as the team that took the field against Wilson Monday.

Babe Ruth Flies to Mexico on 'Visit'

WASHINGTON (AP)—Babe Ruth said yesterday that he had received "no offer whatsoever" to head the Mexican baseball league—and then amended his statement to add that he might have something further to say on the subject when he returned from Mexico City in about two weeks.

Ruth paused here en route to Mexico City for what he described as a "two week pleasure trip" at the invitation of Jorge Pasquel, president of the Mexican league.

Jacobs Hits 70 as Golfers Win

**Doc Dunagan Doubtful
Participant; Faber,
Martin Will Pitch**

Iowa's golf squad remained in the undefeated bracket by drubbing a previously unbeaten Knox team, 10-2, on Finkbine Yesterday. The win was the sixth straight for the Hawks.

The highlight of the day was the brilliant match between Johnny Jacobs and Knox's W. Carlson. Both fired under-par rounds of 70, the lowest score in match play for Finkbine field this year. After a one-over-par first hole, Jacobs eagled No. 3. His birdie on No. 7 offset the bogey on No. 10, and he finished the inside nine one-under-par.

Jacobs again bettered par on the outside nine, bogeying only No. 16. He shot birdies on No. 10 and No. 14.

The meet was a half-day contest, there being no foursomes played. The Hawks took all the singles matches. Leo Gauloche swatted a par 72 to trail the two leaders. Iowa's total was 289 to

The Johnson County chapter of the American Red Cross voted Tuesday night to inaugurate a program of water safety instruction during the next three weeks.

The Red Cross plan is in response to a request made last week by Mayor Wilber J. Teeters and Prof. David Armbruster, spokesmen for a joint committee of county, local and university officials working on permanent arrangements for water safety.

The executive committee of the Red Cross chapter voted \$500 to finance the project of the water safety committee.

Supplementing the university patrol service on the river, the Red Cross plan calls for a patrol, manned by two men, a mechanic and a Red Cross water safety instructor, active every day of the week from 1 p.m. to 10 p.m.

Classes in instruction on canoeing techniques, open to the public, will be conducted Monday through Friday at the Fitzgerald boathouse from 1 until 2 p.m. No opening date for the classes has been set.

A water safety instructor is needed for the class and anyone having qualifications for the position should see Prof. Gladys Scott, chairman of Red Cross

Radio contact to Guatemala City, Guatemala, Saturday evening at 6:15 enabled Francisco Villagran, A of Guatemala City, to talk in Spanish to his father and other members of his family for nearly an hour.

The conversation was carried on over a set owned by Kenneth Klipper, 633 S. Dodge street, a member of the Amateur Radio club, and one belonging to Jack Whitehead, an English neighbor of Villagran's parents.

Klipper and Whitehead had spoken to each other by radio before and arranged the conversation for Saturday night. The reception was excellent, according to Klipper and Villagran. There are several amateur radio sets in Guatemala City and contact with them is comparatively easy.

Across from the Campus

Help the starving millions abroad by contributing to the Emergency Food Collection Drive. The quota for Johnson County is 200,000 cans. This means 75¢ from every person in the county, including University students; or 5 cans from every man, woman and child!

Where can you place your donations? The Emergency Food Collection center is located in the old Railway Express building on Burlington street. In addition, contributors can donate food at local grocery stores where barrels have been placed for your convenience. Housing units on campus have likewise made arrangements for collection of food.

Food and money collected in the Johnson County drive will be turned over to UNRRA, according to the chairman, Emil Trott. Your contributions can mean the difference between life and death for starving human beings. GIVE!
