GOOD MORNING, IOWA CITY!

We're scheduled for a brief respite from the heat today. But don't forget your raincoat because the weatherman predicts "occasional showers."

Seven Killed in Italian Riots

Orders March on Viminale Palace

SPEAKING TO ALMOST 100,000 pro-Republicans gathered in Rome's Piazza del Popolo, Socialist Minister of the Interior Giuseppe Romita (right) urges the huge crowd to march on the Viminale palace and demand action by the cabinet to force King Umberto into exile. At the left are two veterans of the Garibaldi legion. (AP WIREPHOTO)

Monarchists, Police Clash

Republicans March On Palace in Rome, Demand Cabinet Move

ROME, Wednesday (AP)—The blazing gun and bomb battle in Naples died to an occasional exchange of gunfire today as the casualty toll rose to at least seven persons dead and 50 wounded in yesterday's clash among Monarchist demonstrators, troops and opposing police factions.

A similar demonstration of violence was averted in Rome when almost 100,000 angry pro-Republicans, who marched on Viminale palace demanding cabinet action to force King Umberto II into exile, dispersed after thundering their sentiments.

Giuseppe Romita, socialist minister of the interior, who inspired the march on Viminale palace, cautioned the Republican sympathizers against bloodshed and warned them not to attack a smaller group of Monarchist sympathizers who cheered Umberto before the nearby Quirinale palace.

Meanwhile, Premier Alcide de Gasperi's cabinet assembled again shortly after midnight for their fifth session in 24 hours. The cabinet at its fourth session in Viminale palace late last night failed to find a solution to Umberto's refusal to leave the country and make way for the republic.

With Naples municipal officials still clearing away the traces of yesterday's heavy rioting, a new victory beset them—a pro-republic demonstration scheduled for 3 p. m. (9 a. m. central standard time) today.

Some of yesterday's casualties in Naples were victims of a clash between the monarchy-supporting Carabinieri and a group of mobile police who sympathized with the Republicans.

A pitched battle raged for hours in Naples' via Medina, with both police and Monarchists using automatic weapons and motor transport.

Hurl Bombs
The surging crowd of from 10,000 to 20,000 laid siege to Communist headquarters, adjacent to the police building, and hurled Molotov cocktails—bottled gasoline with flaming wicks—at the six-story building in a determined effort to destroy it.

Smaller battles broke out in several other sections of the city. The demonstration in Rome was called to express impatience with the government for failing to proclaim the republic on this day set aside as a holiday to celebrate it.

Because the supreme court of Cassation, which yesterday announced a 2,000,000-vote margin for the republic in last week's plebiscite has yet to rule on claims of irregularities and to count returns from 50-odd scattered precincts, Royalists insist the decision is not final.

GOP gubernatorial Aspirant Asks Probe Of Minnesota School

MINNEAPOLIS (AP)—Hjalmar Petersen, candidate for the Republican nomination for governor, yesterday asked for a Rice county grand jury investigation of conditions at the Faribault school for feeble-minded, where he contended there had been sadistic practices, beatings and punishments so extreme as to result in death of inmates.

Copies of affidavits, shown to reporters, said that several patients had been beaten with broom handles; that one child had died after such a beating; that children were tied to toilets for 24 hours or more at a time; that one child was later removed to a hospital where she died; that inmates were served food "unfit for human consumption," that regulations for segregation of male and female inmates had been lax, and that one patient gave birth to a child about Nov. 3, 1945.

Petersen said the affidavits were called to the attention of Gov. Edward Thye in 1945 but no action was taken. Governor Thye said that no such allegations as made by Petersen had come before him.

Jackson-Black Feud Causes Stir in Capitol

Sen. Lucas Demands Resignations of Both High Court Justices

WASHINGTON (AP)—Talk of resignations and investigations in the dissension-ridden supreme court flew about the capitol yesterday in the wake of Justice Jackson's angry blast at Justice Black.

Senator Lucas (D., Ill.), a lawyer himself, demanded that both justices resign, "for the good of themselves and for the good of the country." He told a reporter that "there can't be any confidence in the court from here on as a result of this feud."

Jackson said he was issuing his statement at Nuernberg "in fairness of my future work on the court," however, and thus it appeared he had no intention of leaving. Black spent the day at his office in the supreme court building, despite the close of the term Monday, but maintained his silence, as did the other justices.

Senators Eastland (D., Miss.) and Wherry (R., Neb.) of the judiciary committee told newsmen they believe the situation calls for a congressional investigation and Eastland announced he will discuss the matter in the senate today.

Rep. Celler (D., N. Y.) was the only house committee member willing to comment. He told reporters that it appeared to be "a clash of personalities" and a matter for the new chief justice to settle.

Celler also took the view that the propriety of Black's sitting in a case in which his former law partner, Crampton Harris, was interested was a matter for the justice individually to determine, rather than the court as a whole or congress.

It was this action, and developments arising from it during the ensuing year, which led to Jackson's denunciation. The case had involved portal-to-portal pay for soft coal miners and was decided against the Jewell Ridge coal corporation, by a 5 to 4 vote. The corporation unsuccessfully sought a rehearing, contending that Black should have disqualified himself.

Griswold Concedes In Nebraska Primary

Sen Butler's Victory Regarded as Setback For Harold Stassen

OMAHA (AP)—With only about 8 percent of the precincts reported, Governor Dwight Griswold last night conceded defeat in his attempt, with Harold E. Stassen's backing, to wrest the Republican senatorial nomination from Senator Hugh Butler. Butler led by approximately two to one from the outset.

The 68-year-old Omaha grain dealer's apparent victory constituted, in the eyes of political observers a sharp setback for Stassen's attempt to demonstrate his strength in the midwest. His backers had hoped for a Griswold victory to strengthen the former Minnesota governor's position in the 1948 presidential picture.

Griswold, 52-year-old former newspaper publisher completing his third term as governor, had campaigned on international issues, especially criticizing Butler's opposition to the loan to Britain, UNRRA, Bretton Woods and draft extension.

Conceding the nomination at 10:50 p. m. (CST)—two hours and 50 minutes after polls closed—Governor Griswold telegraphed Butler:

"Congratulations on your nomination by Nebraska Republicans as our candidate for the United States senate. I presented the issues and fought hard and the people have now made their choice. I wish you success in November and a constructive and happy term in the senate."

Idaho Primary
In Idaho's primary elections, George E. Donart polled 1,986 votes to 1,513 cast for United States Sen. Charles C. Gossett in returns from 63 to 843 precincts in the race for the Democratic senatorial nomination.

Seek Maritime Settlement

ALTHOUGH DOCK WORKERS throughout the world are asked to support CIO maritime unions in event of a breakdown in current contract negotiations, these men continue to give their efforts to effect a settlement before the crisis is reached Saturday. Edgar L. Warren, left, is director of the United States conciliation service, and Frank L. Taylor, right, is chairman of the negotiating committee for war shipping administration agents for the Atlantic and gulf coasts.

Link Explosion Death With Boston Murder

BOSTON (AP)—Lester Smith, traffic manager of the Great Northern Paper company, last night identified a picture of a Westfield, N. J. man as that of the man who left the office of William A. Whitcomb, president of the concern, just before Whitcomb was found shot to death Monday.

Boston Police Detective Matthew E. Hardy of Westfield, N. J. showed a picture of J. J. Smith at his Brookline home and asked him if it was that of the man he had seen coming out of Whitcomb's office.

Hardy died Monday night in a mysterious explosion in his Westfield apartment.

Smith looked at the picture carefully, hesitated for a moment and then said, "Yes, that's him." Smith said he saw the man start down the corridor outside of Whitcomb's office with a gun in his hand.

Whitcomb, a former Yale football player and one of the nation's leading newspaper magnates, was shot to death Monday morning by a well-dressed middle-aged stranger carrying a briefcase, who gained admittance to his luxurious downtown office-suite by posing as a government treasury agent.

House Upholds Truman's Veto Of Case Anti-Strike Measure

Backers May Add Main Provisions To President's Bill

WASHINGTON (AP)—A tumultuous house yesterday upheld President Truman's veto of the Case labor bill by the hairline margin of five votes—and its backers immediately planned a drive to revive the measure.

Amid boos and cheers, 255 legislators voted to over-ride the veto and 135 to sustain. Since a two-thirds vote was necessary to override, the measure died for the time being.

But undeterred supporters made plain that they were bent on passing its major provisions anew—perhaps in the form of an amendment to Mr. Truman's own strike-control legislation. This would force him to accept the Case program or forego his own bill. The fact that the Case bill backers obtained a good majority on yesterday's vote helped fuel the new drive.

The dramatic vote was completed within 30 minutes after the clerks finished reading the president's 4,500 word veto message to the jam-packed chamber.

Wagner Condemns Bill As Death Sentence Of Price Stabilization

WASHINGTON (AP)—The senate sliced OPA's powers still further yesterday in its first action on a price control bill which Stabilization Director Chester Bowles had protested already left the agency powerless to combat inflation.

It adopted without dissent a proposal by Senator Moore (R., Okla.) to require "prompt removal" of ceilings on manufactured products and other non-farm items whenever the supply exceeded or was in "approximate balance with" demand.

This wiped out discretionary power OPA was left with in the measure as reported by the senate banking committee. Under the committee bill, OPA could have retained ceilings if it believed prices would rise, as a result of lifting them, to a point exceeding "a true reflection of current costs plus reasonable profits."

One effect of Moore's amendment may be to require removal of ceilings from gasoline and petroleum products. The petroleum industry has contended that supplies are ample to meet demand.

It was the only change made during a day of debate. Senator Wagner (D., N. Y.) told the senate the OPA extension bill offered by the banking committee would "write the death sentence for effective price, wage and rent stabilization in the United States."

Wagner, chairman of the committee, took the floor to oppose specific provisions of its bill after Democratic Leader Barkley (Ky.) had opened debate on the measure with the pledge that an additional year's life will be all that will be asked for the OPA.

Senate Okays Further Cut in OPA Power

Wagner Condemns Bill As Death Sentence Of Price Stabilization

Dubuque Death Toll Reaches 18 as Body Of Woman is Found

DUBUQUE (AP)—The charred head and torso of an unidentified woman, more badly burned than any of the bodies previously recovered, was taken from debris of the Canfield hotel last night bringing to 18 the number of known dead in an early Sunday fire.

By the time the remains of the 18th known victim had been removed to a funeral home, it was too dark for the searching party to continue last night.

The portion of the body recovered was taken from a massive pile of plaster and charred timber in a third floor hallway where Fire Chief Perry Kirch said more bodies might be found since the hall way led to the fire escape.

Police and firemen had to keep back the big crowd of men, women and children around the hotel as word spread that another body had been found.

Ten persons still were unaccounted for and four bodies remained unidentified. Kirch said completion of the search for bodies would take several days.

Authorities were seeking ownership of \$5,000 in currency and "several thousand dollars" in United States bonds found in an unlocked safe in the lobby of the hotel.

Police Chief Joseph H. Strub said \$3,700 of the \$5,000 cash found in the safe was in three envelopes. One, containing \$1,000, was blank; another, with \$1,200 in it, was labeled "V. Lagie," and the third bore only the inscription "room 437" and contained \$1,500.

Seamen Reject Operators' Bid

WASHINGTON (AP)—A bid from ship operators to pay for time off shore failed to click with the sailors yesterday but left intact hopes of heading off a menacing nation-wide maritime strike.

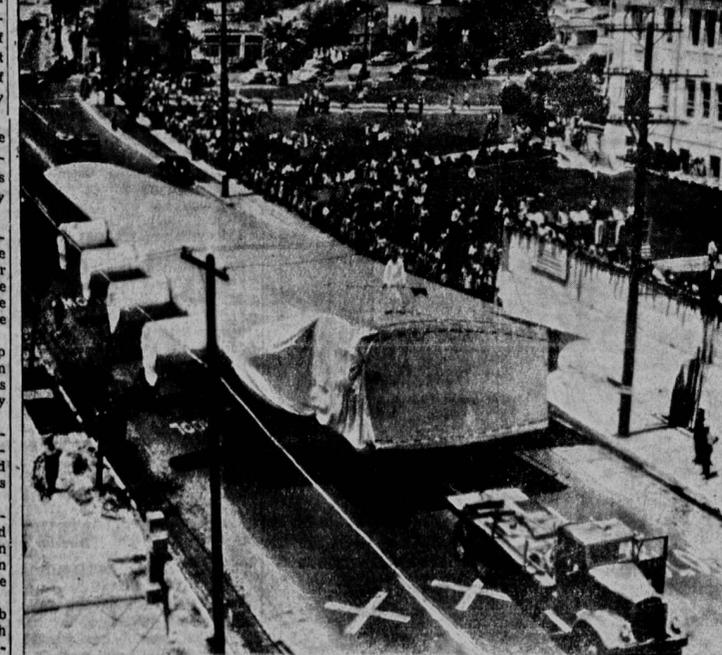

With the strike set for midnight Friday, a house labor sub-committee and government conciliators both grappled for a solution. They worked in an atmosphere of optimism unsupported by developments that came to the surface.

Frazzled but still trying, they spread out last night among informal conferences in hotel rooms. Some talked with operators, some with union leaders in meetings of a type which made it clear that no final agreement could be worked out before today at the earliest.

In the only full-dress negotiations last night, the mediators tried to work out wage differences between the Pacific Waterfront Employers association and west coast dock workers represented by the CIO International Longshoremen's and Warehousemen's union. The union wants 35 cents tacked onto its \$1.15 an hour pay rate.

The basic union demand is for a reduction in the present 56-hour week at sea.

Gigantic Wing Section Moves to Launching Site

HERMOSA BEACH, CALIF., school children leave their class rooms to watch a wing section of the mammoth Hughes flying boat "HK-1" pass through the beach town yesterday en route to the factory in Culver City to a dock in Long Beach where the plane will be launched. The second wing section was farther up the highway. (AP WIREPHOTO)

British May Request U.S. Aid in Palestine

By JOHN M. HIGHTOWER

WASHINGTON (AP)—A possibility of the United States backing up its policy for increased Jewish immigration to Palestine with troops was raised yesterday as Secretary of State Byrnes announced that and other problems will be discussed with the British.

They have asked the American government what contributions it would be willing to make to quell disorders in Palestine as the result of increased Jewish immigration. President Truman has urged that 100,000 Jews from Europe be admitted.

London did not specify any particular number of troops or quantity of air power that might be useful in Palestine, Byrnes said. Those are things which they have in mind, he assumed, and the United States will discuss with them on those points.

Byrnes refrained from indicating any American willingness to send troops to Palestine, where the Arabs oppose additional Jewish immigration. But he recognized for the first time officially and publicly the British contention that the United States should help carry out as well as advise on Palestine policy.

Byrnes is chairman of a newly designated cabinet committee named by the president to help in "formulating and implementing" Palestine decisions. Other members are Secretary of War Patterson and Secretaries of Treasury Snyder.

Meanwhile, the Arab League was reported authoritatively last night to be drafting a demand for "immediate American withdrawal from the Palestine case. A high Arab spokesman said, "We declare that America has no right to be consulted in the Palestine case because America is strictly a third party and not involved."

Iran Officials Regain Control Of Azerbaijan

TEHRAN (AP)—Azerbaijan province will return to the jurisdiction of the Iranian national government under Premier Ahmed Qavam's terms, ending a bitter six months dispute over the northwestern province's claims to autonomy, a foreign office spokesman said yesterday.

A government commission, headed by Qavam's under-secretary, Prince Mozaffar Firouz, arrived yesterday in Tabriz, capital of the province, on what the foreign office spokesman said was a mission to "work out final details for accepting the province back into the government."

Formal announcement of the settlement, along with details, will be made Friday or Saturday, the spokesman said.

The settlement was based solely upon the seven-point program announced by Qavam last April, and "nothing was granted beyond what was stated in the prime minister's seven points," the informant said.

Under the terms of the settlement, Premier Javar Pishavari, who headed the separatist government at Tabriz, will become governor-general of the province by appointment from Tehran.

Chinese Nationalists Expect Shangtung Fight

NANKING (AP)—An ominous upsurge of hostilities in mountainous Shangtung province jolted into the background last night the renewal here of Government-Communist peace talks aimed at broadening the Manchurian truce.

An Associated Press dispatch from Tsingtao reported weak government forces falling back to shortened defense lines outside the city in expectation of an attack by out-numbering Communist forces recently active against other Shangtung province nationalist garrisons.

Nationalist sources said every railroad bridge north of the city limits had been destroyed.

Approve Furlough Bill
WASHINGTON (AP)—The house membership clambered en masse yesterday on the GI bandwagon voting 379-0 to pay enlisted service personnel cash for unused furlough time.

Chetnik Chief Admits Meetings With Nazis, Attack on Tito Forces

BELGRADE (AP)—Gen. Draja Mihailovic admitted yesterday that he had contact with the Germans and with the Yugoslav puppet government in 1941, but insisted he was trying to lure Quislings to join his forces.

The Chetnik leader said "I do not feel guilty" when asked how he would plead to charges of treason and collaboration, and later complained that the court had deprived him of much of his defense material.

The spare, bushy-bearded guerrilla leader testified that in 1941 he led an attack on a unit of Marshal Tito's Partisans, but he declared he attacked because "here was a group unknown to me and it began to plunder."

(In a statement issued in New York, Col. Robert H. McDowell, chief of a United States mission to Mihailovic in 1944, said the Chetnik leader was "a bitter anti-Nazi" and that he had "seen and heard of absolutely no evidence serving to connect General Mihailovic personally, or officers under his direct command, with any form of collaboration with the Germans.")

Mihailovic was denied a continuance of his case for further study of his defense, following a long day of intensive questioning by the public prosecutor and the president of the three-man court.

Chinese Nationalists Expect Shangtung Fight

GEN. MIHAILOVIC

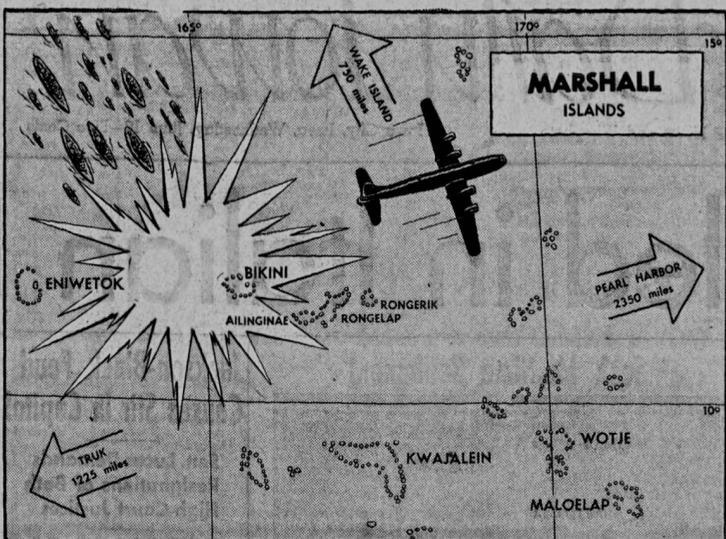

Editorial:

'Operation Crossroads'—What's Uncle Sam Up To?

The military boys are having the time of their lives. The atomic bomb is still their plaything in spite of delayed efforts by congress to bring it under civilian control and Bikini atoll has been reserved for the big exhibition. Ticket sales will be slight but this is to be expected since attendance is by invitation only. Besides, the military boys tell us this is just a test—the real show will come in the atomic war of tomorrow. Meanwhile, people all over the world are viewing the whole situation with fear and suspicion, wondering what the United States is up to. And why not? We razed Hiroshima, killing thousands of helpless civilians, and then dropped another of the big bombs at Nagasaki just for good measure, killing thousands more. There were many who thought the bombing of Nagasaki was inexcusable after we had already shown the Japs what a terrible destructive weapon the atomic bomb was at Hiroshima. There were even a few who felt that dropping the bomb off the coast of Japan, where it's power could have been demonstrated without massacring civilians, would have produced the desired results. Nevertheless, we chose the bloody course of action, and in doing so, convinced the world that the United States of America still has the biggest club. Now, while our statesmen strive for peace and international cooperation, the military boys prepare to wave that big club at the other nations of the world. The Bikini tests will inevitably launch the greatest armaments race in the history of mankind. And who can say which nation or people will be the victor in an armaments race involving the great and terrible destructive power of atomic energy? There is a strong possibility that no nation will emerge as the victor in an atomic war, that our entire civilization will be destroyed. The Bikini tests, furthermore, are entirely contrary to the spirit of the MacMahon bill for the control and development of atomic energy for peacetime use, as well as the proposals of the state department's advisory board on atomic power. This experiment in the Pacific is very apt to nullify all the progress that has been made toward international cooperation on atomic power. Some weeks ago when the plans for "Operation Crossroads" were first announced, many people were concerned about the possibility of resulting chain reaction. But the scientists say that there is but one chance in a

trillion that the Bikini tests will start a chain reaction which will destroy the world. But we'll string along with New Yorker magazine when it asks, "Who is it that will take even that chance with the world?" A few days ago in the "Official Journal, Science," Anatol J. Shneiderov, famous Seismologist, expressed fears that there may be no survivors of "Operations Crossroads" to report the explosion, and that the world's climate may be changed for decades. "Further experimenting with large nuclear fission bombs must be carried out with great precautions," Shneiderov declares. "I am afraid that there may be no survivors to report on the experiment if the bomb of Hiroshima size is exploded on or under the ocean surface, and if the preceding months are below their normal seismic activity." It must be remembered that the seismologist is making his estimates on the bomb of the Hiroshima type, which officially is supposed to be only about half as energetic as those to be used at Bikini atoll. Shneiderov continues: "If a rupture in the ocean bed caused by the test is sufficiently deep and therefore hot, the flow of water into the crack and the steam formed therein will deepen and broaden the rupture. The bulge of steam may produce a seismic tidal wave which may sweep away all ships—the targets and non-targets. The climate of the earth may be affected unfavorably for many decades if the quantity of dust erupted as a result of the experiment is several times that resulting from the explosion of Krakatoa in 1883 threw up between ten and twenty cubic miles of powdered rock and the sunlight was cooler, due to dust, for several years thereafter. We feel that no matter how one chooses to look at the situation, the United States stands to lose more from conducting the Bikini atomic bomb tests than it gains. For what we gain in knowledge of the damaging effect of atomic bombs, we lose in international good will and respect and we risk being responsible for starting an all-out atomic armaments race. In addition, there are the haunting admonitions of chains reactions, tidal waves, climate changes, etc. From where we stand, the fear, frenzy and suspicion which the Bikini tests would inspire among the other nations of the world make the whole experiment ridiculously untimely and costly. We can't help feeling that the Bikini atomic experiment may mean the beginning of the end.

WHERE THE BIG BOMB WILL BE DROPPED

THE MARSHALL ISLANDS, including Bikini atoll, where the atomic bomb will be tested on unmanned ships and shore installations, is shown above. Approximately 97 ships of all types will be anchored within a two-mile radius of Bikini lagoon, with the battleship Nevada in the very center painted a bright orange to aid the atom-bombardier. The experiment which has been tagged "Operation Crossroads" will be conducted by a joint task force of army and navy chiefs.

Bikini—History's Biggest Test

Militarists Experiment With Atomic Bomb Preparing for War of Tomorrow

By ELTON C. FAY Associated Press Staff Writer

That goat, placidly chomping on his cud, is standing at one of the great crossroads of history. Indeed, along with the atom bomb, he'll help make it. What happens to him when the world's deadliest explosive blasts the air and waters of Bikini atoll will, in a measure, decide the fate of the world. He develops when pounded by blast and a possible tidal wave, dozens and scores of types. They must record their findings without the help of man because no man will be aboard the ships. Samples of all equipment, including ammunition, fuel, aircraft, radar and communications equipment, will be left aboard the ships. The propelling machinery and auxiliaries of the anchored ships will be shut down except for certain equipment on special vessels. The ships will be "buttoned up" in the laboratory condition. The laboratory animals—the rats, goats, sheep and pigs—will bear mute testimony of what can be expected to happen to men aboard a fighting ship when an atom bomb explodes. Task force officers decided upon the use of animals only after scientists had insisted that there were some things instruments couldn't record. The training and preparation for the test is as complicated and comprehensive as the special equipment. Crews of navy seabees and army engineers have been working at Bikini for weeks, blowing away coral formations, clearing channels into the lagoon, readying anchorages for the target fleet. Down in the flat plains country of eastern New Mexico, army airforce crews have been training B-29 bombardiers dropping dummy bombs from prescribed altitudes. Other B-29 crews releasing practice parachutes like those which will record effects of the explosion in the air. Another AAF outfit making itself perfect at guiding unmanned B-17 bombers by radio control, planes which will automatically register and bring back recordings of radioactivity in the bomb cloud or send them back by radio. Camera planes practicing and all of them rehearsing for perfect synchronization when D-day and H-hour come at Bikini. The weapon is a bomb of the type which destroyed Nagasaki, better than the one that hit Hiroshima or the first one used in the New Mexico test last July. A vast quantity of special equipment is being gathered—instruments for measuring blast, heat, radioactivity, pressures transmitted to hulls through the air and water, inclinometers to tell the extent of roll or pitch a ship

James D. White's Interpreting The News...

The most important military activity in China today may not be in Manchuria, where trouble supposedly centers, but in the east China peninsula of Shantung. Strategically, this peninsula is really an island of easily-defended mountains, surrounded by the yellow sea on the south and east, the Gulf of Chihli on the north, and the north China plain on the west. For sometime this island has been in the process of becoming a Communist stronghold. The Communists appear to be pushing consolidation of its western side despite the 15-day truce which supposedly went into effect last Friday. At the same time they charge the government with breaking the truce elsewhere. The Communists held most of Shantung's mountains against the Japanese all during the war. When that ended, they took most of the cross-wise railway between Tsinan (the capital) and the main port of Tsingtao, and cut the north-south line both below and above Tsinan. Now they are menacing Tsinan itself. It will be recalled that many Communists troops reached Manchuria last fall by sailing in junk from the north Shantung coast across the Gulf of Chihli. They were poorly armed. Recently the Chinese government reported without further confirmation that many of them were returning well supplied with Japanese arms from Manchuria. This report got little attention at the time. Traditionally Shantung is a political island too, with an historic succession of warlords habitually defying central authority from the rugged interior of the mountainous mass. The precise significance of all this is hard to estimate, except to say that if civil war becomes open the Communists will be astride two important railways and have a strong defensive position not too far from Nanking itself. Attends GM Conference Prof. W. L. Daykin of the college of commerce will leave Sunday for a two weeks' conference in Chicago with leading teachers of personnel and public relations. The meeting is sponsored by General Motors company.

OFFICIAL DAILY BULLETIN

Items in the UNIVERSITY CALENDAR are scheduled to the President's Office, Old Capitol. Items for the GENERAL NOTICE are deposited with the campus editor of The Daily Iowan or may be placed in the box provided for their deposit in the office of The Daily Iowan. GENERAL NOTICE must be at The Daily Iowan by 4:30 p. m. the day preceding first publication; notices will NOT be accepted by telephone, and must be TYPED ON LEGIBLE WRITING and SIGNED by a responsible person. VOL. XXII No. 224 Wednesday, June 12, 1946 UNIVERSITY CALENDAR Wednesday, June 12 1:45-5 p. m. Physics colloquium, Rm. 301 Physics building. 8 a. m. Summer session instruction begins. Thursday, June 13 8 a. m.-2 p. m. Registration. Physics colloquium, Rm. 109, Physics building. 2-5 p. m. Physics colloquium, Rm. 301, Physics building. 4-6 p. m. Foreign language achievement tests. 6-7:30 p. m. Physics colloquium dinner, Iowa Union. 8 p. m. Physics colloquium exhibit, rooms 201, 217 and 122, Physics building. Friday, June 14 9-11 a. m. Physics colloquium, Rm. 301, Physics building. 10 a. m. Adult education conference, Senate Chamber, Old Capitol. 12 M. Physics colloquium, luncheon, Iowa Union. Saturday, June 15 1:45-5 p. m. Physics colloquium, Rm. 301 Physics building. 8:15 p. m. America's Town Meeting of the Air, West Front, Old Capitol. (Macbride Auditorium in case of rain). 9 p. m. Physics colloquium reception at home of G. W. Stewart, 1010 Woodlawn. Sunday, June 16 9 a. m. Adult education conference, Senate Chamber, Old Capitol. 9 a. m.-12 M. Physics colloquium, Rm. 301, Physics building. 12 M. Physics colloquium luncheon, Iowa Union. Monday, June 17 Peace Officers Short Course, River Room, Iowa Memorial Union. (For information regarding dates beyond this schedule, see reservations in the office of the President, Old Capitol.)

GENERAL NOTICES

IOWA MOUNTAINEERS Will leave by bus from Engineering building at 7 p. m. Friday for weekend outing at Devils Lake State Park, Wisconsin. Members, as well as students and townspeople who enjoy climbing, hiking, boating, swimming, horseback riding and camping, are invited to join the group. Call 7418 for registration. EUGENE BURMEISTER Chairman Ph.D. FRENCH READING EXAMINATION The Ph.D. French reading examination will be given Saturday, June 15, from 10 a. m. to 12 m. in room 314, Schaeffer hall. Make application by signing your name on the sheet of paper posted on the bulletin board outside room 317, Schaeffer hall. No applications accepted after Thursday, June 13. The next Ph.D. French reading examination will be given Saturday, July 27. PROF. S. H. BUSH Head, Foreign Languages Department SENIOR PRIVILEGES Senior privileges may be granted only to seniors living in sorority houses or dormitories. Those who believe they are eligible may sign up at the U.W.A. desk at Old Capitol. ELLEN LARSON Chairman Judiciary Board DAILY IOWAN ADVERTISING STAFF There will be a meeting for everyone interested in working on The Daily Iowan advertising staff tonight at 7:15. WALLY STRINGHAM Business Manager MUSIC ROOM SCHEDULE Monday through Friday: 11 a. m.-2 p. m., 3:30-5:30 p. m., 7-9 p. m. Tuesday and Thursday: 3:30-4 p. m., Iowa Union music hour, WSUI. Saturday: 11 a. m.-1 p. m., recordings, 1-2 symphony broadcast, 3:30-5:30 p. m. recordings. Sunday: 1-2 p. m. Columbia Symphony broadcast, 2-3 p. m. recordings, 3-4 p. m. Symphony of the Air broadcast, 4-5 p. m. recordings. EARL HARPER Director LIBRARY SCHEDULE Schedule of university library hours until August 7 are as follows: Reading Room, Macbride Hall. Monday-Friday: 7:50 a. m.-6 p. m., 7-10 p. m. Saturday: 7:50 a. m.-5 p. m. Periodical Reading Room, Library Annex Reserve Reading Room, Library Annex Monday-Thursday: 7:50 a. m.-6 p. m., 7-10 p. m. Friday-Saturday: 7:50 a. m.-5 p. m. Government Documents Dept., Library Annex Monday-Thursday: 8 a. m.-6 p. m. Friday-Saturday: 8 a. m.-5 p. m. Education - Philosophy - Psychology Library, East Hall Monday-Friday: 7:50 a. m.-10 p. m. Saturday: 7:50 a. m.-5 p. m. Schedules of hours for other departmental libraries will be posted on the doors of each library. Reserve books may be withdrawn for overnight use one hour before closing time. RALPH E. ELLSWORTH Director "PROBLEMS IN DISSEMINATION" CLASS All persons registered in Child Welfare 254, "Problems in Dissemination" and Journalism 254, "Science Writing" will meet at 4 p. m. Thursday in W613, East Hall, to arrange time of meeting. PROF. RALPH H. OJEMANN Psychology Department SUMMER SESSION HOURS Week night hours, Sunday through Thursday, will be 11 p. m. beginning Sunday. Hours for Friday and Saturday nights will continue to be 12:30 a. m. ELLEN LARSON VETERANS' FAMILIES Call Mrs. R. B. Stewart, 7971, for volunteer to stay with children. Call as far in advance as possible. Service offered through Johnson County Red Cross and Veterans center. HELEN PAULSEN Ph.D. READING TEST IN GERMAN The German Ph.D. reading test will be given Friday from 4 to 6 p. m. in room 104, Schaeffer hall. Register in room 102, Schaeffer hall. GERMAN DEPARTMENT FOREIGN LANGUAGE ACHIEVEMENT TESTS Tests (French, German, Spanish; spoken or reading; Latin, Greek; reading) will be given on Thursday, June 13, from 4 to 6 p. m. Students ready and willing to take these tests should report to the respective language department not later than Wednesday, June 12. Tests will be open to students who entered the university at the beginning of the summer session. For particulars, see announcement boards of departments. PROF. STEPHEN H. BUSH Head, Foreign Languages Department FOUR WEEK VETERANS SUMMER SESSION All veterans who did not receive a letter about the four week summer session should come to room 4, Old Capitol, to declare their preferences for courses. WALTER R. GOETSCH Advisor Office VETERANS' REQUISITION SCHEDULE Liberal Arts, Commerce, Education and Graduate Colleges: Room 111, University hall, June 11-14, 8:30 a. m.-4:30 p. m. WILLIAM D. CODER Director, Veterans Service PART-TIME WORK Any student who is interested in part-time position as life guard in women's swimming pool, please contact Virginia Dix Sterling, Ex. 723. VIRGINIA DIX STERLING Women's Physical Education Department. RADIO NEWS WORKSHOP First meeting of the radio news workshop and all members of WSUI news bureau staff today at 4:10 p. m. in Studio A, Engineering building. PROF. A. M. BARNES SUMMER SESSION BAND The summer session band will rehearse Tuesdays, Thursdays and Fridays from 4:10-5:20 p. m. in the south music hall. Students who wish to play in the band are asked to call room 15, music studio building. PROF. CHARLES B. RIGTER Band Director Deny Government Plea In Motion Picture Suit NEW YORK (AP)—A special three-judge federal statutory court yesterday refused to grant a government plea that five major motion picture companies, purportedly controlling most of the nation's movie theaters, should be ordered to divest themselves of their theater interests. The companies named in the suit were Paramount Pictures, Inc., Loew's, Inc., Radio-Keith-Orpheum corp., Warner Brothers Pictures, Inc. and Twentieth Century-Fox Film corp. The government's suit accused them of combining and conspiring unreasonably to restrain trade and to monopolize the industry.

Prof. L. A. Turner to Address Colloquium of Physicists Friday

Head of Department To Lecture on Radar At Morning Session

Two addresses by Prof. Louis A. Turner, new head of the physics department, will highlight the Friday sessions of the three-day colloquium of college physicists which starts here tomorrow.

PROF. L. A. TURNER

Professor Turner, who came to the university in February, will lecture at 10:30 a. m. on "Microwave Radar," and at 4:15 p. m. on "Pending and Recent Legislation of Interest to Physicists."

A member of the Princeton university staff from 1929 until he accepted the position here, Professor Turner, taking a leave of absence from Princeton, went to the radiation laboratory of Massachusetts Institute of Technology in 1940, the time of the laboratory's formation and has been there ever since. Since February, he has been dividing his time between the laboratory and the university.

Marmee Miller, Gene Claussen Exchange Vows in Cedar Rapids Christian Church

Marmee Miller, daughter of Mr. and Mrs. E. L. Miller of Gary, Ind., became the bride of Gene Claussen, son of Mr. and Mrs. C. J. Claussen of Manning last Friday at 4 p. m. in the First Christian church in Cedar Rapids, with the Rev. Marion H. Williams officiating.

The bride's mother chose a navy crepe two-piece dress and a red straw hat with navy veiling. Mrs. Claussen wore a pale blue crepe afternoon dress. Both had corsages of gardenias.

A reception held in the Florentine room of the Roosevelt hotel followed the ceremony. A four-tiered wedding cake topped with a gardenia and surrounded by gardenias and candles centered the wedding table.

For the wedding trip to Estes Park, Col., the bride wore a natural linen costume suit accented with gold buttons. The couple will be at home in Cedar Rapids after June 17.

Mrs. Claussen is a graduate of the University of Iowa, where she was affiliated with Pi Beta Phi sorority, Theta Sigma Phi and Kappa Tau Alpha, honorary journalism fraternities for women.

Mr. Claussen was also graduated from the university, where he was a member of Phi Delta Theta fraternity and Sigma Delta Chi, honorary journalism fraternity. He is now associated with radio station WMT.

W. Emerson Reck To Study for M.A.

W. Emerson Reck, public relations director of Colgate university, Hamilton, N.Y., and former University of Iowa instructor, returned here yesterday to register for further graduate work.

Reck's book, "Public Relations: A Program for Colleges and Universities," will be published August 28 by Harper and Brothers. Endorsed by the Association of American Colleges, the book will be Reck's thesis for an M.A. degree, which he will receive here at the end of the summer session.

cons, and since the first of this year, he has been a member of the editorial staff of the laboratory publications office which is preparing for publication a series of books on radar.

Registration for the colloquium will take place tomorrow morning in room 109, physics building. Lectures for the meetings will be held in room 301, physics building.

Featured in tomorrow afternoon's session will be two war reports on the work of physicists. Dr. Gregory Wannier, who was a member of an American postwar scientific mission to Germany, will give a lecture at 3:15 p. m. on the research activities in physics in Germany during the war.

During the war it became necessary to prevent Germany from detecting the approach of American bombers, and one of the devices consisted of a very powerful microwave radiator that was strong enough to mess up any sending and receiving system used by the Germans, according to Prof. G. W. Stewart, retired head of the physics department and director of the colloquium.

The "Radar Counter Measures" will be described at 4:30 p. m. by Dr. J. J. Livingood, one of the group that introduced measures in England. He is now assistant director of research at the Collins radio company.

New gadgets and demonstration experiments of the physicists will be exhibited at 8 p. m. tomorrow in rooms 201 and 217, physics building. A prize of \$25 will be offered for the equipment voted best by the members present.

In addition, there will be two special exhibits, one of the equipment used in giving a course in electronics, and one of the famous proximity fuse, which did so much damage during the war, Professor Stewart said.

Prof. A. H. Weber of St. Louis University will show the equipment of a course in electronics with part of it in actual operation. The proximity fuse exhibit has been sent by the U. S. bureau of standards. Dr. R. D. Huntington, chief of the electronics section of the bureau, is in charge of the exhibit.

Post-Election Check Shows J. Swisher Winner of Primaries

Jacob A. Swisher yesterday was officially proclaimed winner of the Republican nomination as state representative over Harold Vestermark after the regular post-election tally made by the board of supervisors.

Vestermark gained 3 votes in the recheck to narrow the margin of his defeat from 11 to 8. Official totals gave Swisher 822 votes, Vestermark 814.

The three extra votes were found in the canvass of Pleasant Valley township ballots. Six instead of three votes had been cast there for Vestermark.

No changes were found in any other contested race. To remove soiled rings from bathroom porcelain, use a few drops of a kerosene in a solution of soapy water.

PHARMACEUTICAL BOARD MEMBERS VISIT IOWA CITY

MEMBERS OF the state pharmaceutical board came to the university yesterday for the senior examinations in the college of pharmacy. Shown above with Dean R. A. Kuever of the college of pharmacy are, left to right, L. R. Henderson of Muscatine; Dean Kuever; Mayor Wilber J. Teeters, dean emeritus of the college of pharmacy; P. J. Jepson of Newton, chairman of the board; George Gilman of Ft. Dodge, and J. F. Rabe of Des Moines, Secretary of the board.

Vets' Housing Sites Inspected

A field representative of the federal public housing administration was at the university yesterday to inspect the proposed sites for the 680 temporary veteran housing units recently allotted to the university by the FPHA.

The units, all reconvered military barracks, will consist of 340 buildings, each containing two apartments, according to George R. Parizek, assistant superintendent of the university physical plant planning and construction department.

Parizek said that some of the units will be located in the area north of the university theater, others across the street from the fine arts building and north of Law Commons, some south and others west of Westlawn and the remainder on the west corner of the golf course.

The FPHA representative, Mr. Rice, left for Des Moines yesterday afternoon. He will submit a report on his inspection to the Chicago office for official approval, according to Fred M. Ambrose, university business manager.

Drawings of the proposed sites suitable to meet FPHA approval will be submitted to the Chicago office by the university, Parizek said.

University Club Plans Meeting for Summer

The first summer activity of the University club will be a Guest Tea on Thursday, June 20, at 3 p. m. which will honor visiting faculty women and wives of visiting faculty men. A bridge party is planned for Tuesday, June 25, at 2 p. m.

In July there will be four activities. There will be a coffee-bridge on Tuesday, July 9, at 9:30 a. m. This will be a coffee hour for all members, and there will be bridge games for members who wish to play. The next program will be a Midsummer Musical and tea, Thursday, June 11, at 3 p. m. A luncheon and special program is planned for Tuesday, July 16, at 12 noon.

The final program for July will be a bridge, Tuesday, July 23, at 7:30 p. m. Chairmen of these programs are Mrs. E. E. Harper, and Mrs. W. P. Loehwing. The committee members who will work with Mrs. Harper and Mrs. Loehwing are: Mrs. Paul Blommers, Mrs. Ernest L. Bright, Mrs. George Coleman, Mrs. William Dozier, Mrs. Robert Ebel, Mrs. Clarence W. Edney, Mrs. Walter R. Goetsch, Miss Clara Hinton, Mrs. Frank E. Harack, and Mrs. Randolph A. Jensen.

Mrs. Alexander Kern, Mrs. Willard Lampe, Gladys Lynch, Mrs. Arthur K. Miller, Mrs. Chester I. Miller, Catherine Mullin, Mrs. Ralph Ojemann, Mrs. I. A. Opstad, Bernice Prisk, Mrs. Wilbur Schramm and Mrs. Eric E. Wilson.

Hoerner, Ellsworth To Attend Meeting

George L. Hoerner, university architect, and Prof. Ralph E. Ellsworth, director of university libraries, will attend a meeting of the cooperative committee on library buildings in Princeton, N. J. Thursday through Saturday.

The group will study library building problems, and their conclusions may be of use in formulating plans for the new university library, according to Fred M. Ambrose, university business manager.

Club Meetings Women's Club to Hold Last Meeting

The last meeting for the year of the East Lucas Women's club will be held today in the electric light company office at 2:30 p. m. The program committee consists of Mrs. Lola Kessler, Mrs. Donald Kessler, Mrs. Edward A. Strub, Miss Mary Sunier and Mrs. Claude Woods.

The final business meeting for the year of the Ladies Aid of the Congregational church will be held in the church parlors at 2:30 p. m. today. Hostesses will be Mrs. Dick James and Mrs. W. R. Hughes.

A picnic is scheduled for July. The Jones Circle and Group IX of the Presbyterian church will have their annual family picnic supper tonight at 6 o'clock in upper city park. Members are to bring covered dishes and their own table service. Coffee, tea and ice cream will be served.

This will be the last meeting of the Jones circle until fall.

Lola Council No. 54 Degree of Pochontas The Lola Council No. 54 Degree of Pochontas will hold their regular meeting tonight at 8 o'clock in the K. P. hall. Mrs. O. L. Reese will be in charge of the meeting. There will be election of officers.

White Shrine of Jerusalem, Bethlehem Shrine No. 8

The White Shrine of Jerusalem, Bethlehem Shrine No. 8 will hold their final meeting of the year today at 4 p. m. Mrs. Rose M. Reid, of Washington, Ia., supreme worthy high priestess, and Mr. Eralm Loghry, of Iowa City, supreme second wise man, will be honored at a reception at 5:30 p. m. At 6:30 a potluck supper will be held and members are asked to bring a covered dish, sandwiches and table service.

During the dinner Norma Thornton and her pupils will entertain with dance routines. There will be initiation of officers at 8 o'clock.

W. S. C. S. of the Methodist church The W. S. C. S. of the Methodist church will hold their last meeting until fall today at 2:30 p. m. in Fellowship hall.

Unit H, with Mrs. R. L. Balantyne as leader, will be in charge of the social hour. Mrs. Velma Harlow will sing a solo and Marian O'Connor, Joyce Johnson and Carolyn Covert will present readings. Devotions will be led by Mrs. Frank A. Kinney.

Iowa City Rebekah Lodge No. 416

The Iowa City Rebekah Lodge No. 416 will hold their regular meeting tomorrow in the I. O. O. F. hall at 8 p. m. There will be election of officers, and past

Prof. Vincent Knowlis Joins Child Welfare Department Faculty

Prof. Vincent Knowlis, expert in social psychology and formerly of Indiana university, has assumed his position as assistant professor in the child welfare department here.

A graduate of Bowdoin college in Maine, Professor Knowlis received a doctor's degree at Yale university in 1939. For two years he taught psychology at the University of Connecticut and was formerly a member of Yale's laboratory of primate biology in Orange Park, Fla.

PROF. VINCENT KNOWLIS

Now especially interested in the social development of children and in parent-child relationships, Professor Knowlis taught at Indiana university for 1944-46 as an assistant professor of psychology and research associate in zoology. A native of Pennsylvania, Professor Knowlis is a member of Phi Beta Kappa and Sigma Xi.

Files Suit for Divorce

Charging cruel and inhuman treatment, Lois Finley filed suit in district court yesterday for a divorce from Orle D. Finley. They were married in Iowa City Nov. 8, 1943, and separated March 23.

Swisher and Swisher are the attorneys. Nathaniel Fellows chapter of the D. A. R. The Nathaniel Fellows chapter of the D. A. R. will entertain the Pilgrim chapter of the D. A. R. at a potluck luncheon Friday at 1 p. m. at the home of Gertrude Dennis, 412 Clinton street. Prof. Louis Pelzer will be the guest speaker.

The business meeting of the Nathaniel Fellows chapter later in the afternoon will be the last of the year.

Peace Officer Short Course Staff Named

An instructional staff of 60 persons, representing more than a dozen organizations including the FBI and U. S. Secret service, has been appointed for the tenth annual peace officers' short course at the university Monday through June 21.

Director R. M. Perkins said that the quality of the 1946 staff measures up to previous high standards of the course, with members drawn from six states.

Names FBI Men The FBI is contributing five men—E. E. Kuhnel and E. R. Fletcher of Des Moines; C. C. McCloskey of Buffalo, N. Y.; R. G. Phillips of Springfield, Ill., and Harry Howard of Kansas City, Mo. The secret service is represented by Charles Mazey of St. Paul, Minn., and Fremont Stout of Omaha, Neb.

From the Iowa department of public safety will come ten men, including Chief R. W. Nebergall of the bureau of criminal investigation; Bert Woodcock, director of safety education; Fred Wilkins, commissioner of public safety; and Clarence Shirer, superintendent of driver's license division.

To Attend Course Among others attending are Attorney General John Rankin, and B. F. Atherton of Charles City, president of the Iowa State Sheriff's association; Superintendent Fred Cooper, of the Iowa Training School for Boys, Eldora.

Allyn Crisler, district supervisor of the federal bureau of narcotics, Minneapolis, Minn.; Byron Engle, captain of the Kansas City, Mo. police academy; Chief S. N. Jespersen, Iowa Highway patrol, George Yates, staff photographer of the Des Moines Register and Tribune, and William Davis, assistant manager of the automobile protective and information bureau, Chicago.

Staff members will participate in lectures, demonstrations, laboratories, panel discussions and other events of the program for the benefit of more than 300 Iowa peace officers.

Manville Club Elects Mrs. Hensleigh Head

Mrs. A. D. Hensleigh was elected president of the Manville club for the ensuing year at a recent meeting of the group. Other new officers are Mrs. Clifford Palmer, vice president, and Mrs. J. E. Rose, secretary-treasurer.

The one remaining summer meeting of the club will be a picnic in City park June 27.

Registration Record Registration records for enrollment in eight weeks summer sessions here were broken yesterday, as figures for the session starting totaled 3,604 as of 5 p. m., according to Ted McCarrell, assistant registrar. This total represents only students in the liberal arts, commerce and graduate colleges, McCarrell said. He estimated that 250 students in engineering, 200 in law and 50 in pharmacy have enrolled at their individual colleges.

High School Pianist To Give Radio Recital Over WSUI Today

Mitchell Andrews, pianist and University high school student, will present the fifty-fifth of the university student recital series today at 8 p. m. in studio E, radio building. WSUI will broadcast the program.

Included on the program will be "Chromatic Fantasy and Fugue" (Bach), "Prelude, Chaconne and Fugue" (Franck), "Intermezzo, Opus 119," numbers one, two and three, (Brahms), and "Rhapsodie, Opus 119, No. 4," (Brahms).

Edward Fisher Rites Planned for Thursday

Funeral services for Edward D. Fisher, 76, uncle of Mrs. Max Vogel, 229 Iowa avenue, will be held Thursday at 2:30 p. m. at the Hohenschuh mortuary with Dr. L. L. Dunnington officiating. Burial will be in Oakland cemetery.

Mr. Fisher died about 6:20 p. m. Monday after a short illness. He came here recently from his home in Jerome, Idaho, to visit. He is survived by six brothers and several nieces and nephews.

Red Sox Boost Lead Over Yanks to Ten Games

Higgins, York Lead Assault On Cleveland

BOSTON (AP)—With Mike Higgins and Rudy York in murderous batting moods, the Red Sox stretched their American league lead to 10 games over the Yankees yesterday by coming from behind to trounce the Cleveland Indians, 10-5.

It was the Soxers' 12th win in a row.

The Red Sox pounded three Indian pitchers for 14 hits and a total of 28 bases. Among them were Ted Williams' 13th homer, York's eighth and Higgins' first of the campaign.

Higgins also collected a triple and two singles while driving in six of the Boston runs and York, who went four for four, also bashed a pair of two-baggers.

Red Embree was fairly effective until he ran into Higgins during the third inning, when the veteran infielder sparked the Soxers into rushing from behind for the 17th time by poling his three-bagger with two on base. And he also drove Bob Lemon from the box by connecting safely with the bases loaded and none out in the eighth.

The Indians collected all of their runs and six of their 11 hits, including homers by Manager Lou Boudreau and Pat Seery, before starter Charlie Wagner was relieved by Bob Klinger.

Phillies Trip Cubs

CHICAGO (AP)—Five straight first inning hits secured all the runs the Philadelphia Phillies needed to defeat the Chicago Cubs, 4-1, yesterday for their third consecutive victory and No. 10 in the past 14 starts.

After two were out, the Phillies teed off against starter Hank Wyse. Before Bill Fleming stopped them, the Phillies had completed their damage. Fleming proceeded to blend his pitching talents with Emil Kusch and Johnny Schmitz to check the climbing cellar-dwellers with one hit the rest of the distance.

Hugh Mulcahy gained his No. 2 triumph in this latest success, but he wasn't around at the windup. Lefty Oscar Judd was a one-hit pitcher as Mulcahy's successor during the final three innings.

Ron Northey started Wyse's decline with his No. 5 home run, a line blast that cleared the right field screen. Frank McCormick hit the left field bricks for two bases, and scored on Del Ennis' single.

No Yankee Power Here

JOHNNY LINDELL New York Yankee first baseman, is forced at second in the fifth inning of yesterday's game with Detroit Tigers as Tiger second baseman Jimmy Bloodworth fires the ball first in an unsuccessful try for a double play. (AP Wire Photo)

NLRB Dismisses Guild Charges Against Pirates Management

WASHINGTON (AP)—The National Labor Relations board yesterday advised its regional office in Pittsburgh to discuss unfair labor relations charges filed by the American Baseball guild against the Pittsburgh club of the National league.

An NLRB official told reporters that the regional office was advised "not to hold formal hearings at this time which could involve the question of possible jurisdiction over professional baseball teams."

The guild also has a petition before the NLRB asking certification of the guild as the collective bargaining representative of the Pittsburgh players.

Cards Whip Bums Again

ST. LOUIS (AP)—The St. Louis Cardinals, with some timely help from the Bums themselves, hammered out a 9-3 victory over Brooklyn last night, moving within a single game of the league leading Dodgers.

The loss, fifth in a row for the Dodgers, came after a promising start. Ed Stevens hit his sixth homerun of the season in the second and Pete Reiser did likewise in the fifth with one on to give Brooklyn a three-run lead but Al Brazle came in to relieve Card starter Ken Burkhardt, shutting off further Brooklyn scoring.

The Cards scored one legitimately off Joe Hatten in their half of the fifth and then loaded the bases whereupon Rube Melton was waved in to pitch. He promptly walked home another Card marker.

At that point Ed Stanky and Fred Walker bowed politely away from Marty Marion's pop fly which fell safely sending home two runners and giving the Cards a lead they never lost.

The teams meet again tonight with a first-place tie a possible result in the final contest for both on the current swing of eastern National league clubs through the west.

Dons Sign Mertes

LOS ANGELES (AP)—The Los Angeles Dons of the All-America Football conference have signed Bernard (Buzz) Mertes, former Iowa and Iowa pre-flight fullback.

Detroit Stops Yankees, 8-3

NEW YORK (AP)—Hurricane Hal Newhouser, with the aid of a 12-hit barrage that included homers by Hank Greenberg and Dick Wakefield, chalked up his tenth win of the season yesterday as the Detroit Tigers downed the New York Yankees, 8-3, before 20,203 spectators.

Newhouser fanned nine and yielded nine hits but wasn't able to coast until the ninth when his mates shoved four runs across the plate on three singles, a force out, error, Wakefield's four-master and a triple by Jimmy Bloodworth.

Greenberg blasted his 14th homer of the year in the sixth to break a 2-2 tie and the Tigers added another in the seventh off starter Floyd Bevens on Doc Chamber's triple and a single by Jimmy Outlaw.

Nick Etten, regular Yankee first baseman since 1943, was benched in favor of Johnny Lindell. Etten had appeared in 513 consecutive games prior to his benching.

Ed Smith Blanks A's

PHILADELPHIA (AP)—Edgar Smith had the better of a pitching duel with Russ Christopher yesterday as the Chicago White Sox shut out the Philadelphia Athletics, 1 to 0, in a game marked by a triple play by the White Sox in the first inning.

With Elmer Valo, who had doubled, on second and Barney McCosky, who had walked, on first, Irv Hall hit a 3-2 pitch on a line to Don Kolloway for out number one. Kolloway tossed to Luke Appling at second, doubling Valo and Appling tossed to Hal Trosky, tripling McCosky at first.

The White Sox got their winning run in the seventh. Appling doubled, went to third on Trosky's fly and scored on Whitey Platt's single.

Pirates Win, 5-3

PITTSBURGH (AP)—Hank Camelli's triple with the bases filled in the fourth inning gave the Pittsburgh Pirates a 5-3 victory over the Boston Braves last night before 17,181 fans.

Catcher Phil Masi misjudged Camelli's foul fly to give the Buc backstop another chance and he whacked a three-bagger.

The Pirates tallied two runs in the first inning. Lee Handley got on base when Masi dropped his pop fly and singles by Russell and Bob Elliott put him across. Russell tallied as Gustine fled to Tommy Holmes, who threw to Ray Sanders to double Elliott.

Sanders drove in the first Boston run in the fourth. In the eighth the Braves picked up two more on Johnny Hopp's single, Carvel Rowell's fly and hits by Masi, and Sanders.

Hawkeye Riflemen Win National Meet

WASHINGTON (AP)—Sharpshooters of the University of Iowa captured top honors in individual and team matches of the national intercollegiate rifle meet.

As a team, the Iowa marksmen shot 1,394 for first place. Charles A. Rogier, in individual matches, came out on top with a 292.

Reds Release Pitchers

CINCINNATI (AP)—Disposal of two righthanded pitchers, veteran Nate Andrews and Frank Dasso, was announced last night by the Cincinnati Reds.

Ben Hogan Favored As Pros Prepare For National Open

CLEVELAND (AP)—A strong warm wind whipped across the Canterbury Golf club links and there was hot air in the clubhouse, too, as most of the entrants got in their semi-final practice links yesterday for the first postwar United States Open Golf championship.

The prevailing wind from near-by Lake Erie was drying the greens rapidly, placing such a premium on approach shots that little Ben Hogan concentrated on his short irons yesterday morning and freely advised a fellow competitor that "these are the shots you'll want to work on." Unless there's a change in the weather before the field of 172 sets off in pursuit of the title Craig Wood won at Fort Worth in 1941, the putting surfaces will be extremely difficult to hold.

Bruce Coltart of Absecon, N. J., and Howard Everitt of Philadelphia won a special best-ball event with 31-33 for 64. Johnny Bulla of Chicago and Dick Burton of England finished second with 67, achieved individually by Bulla with nines of 33 and 34. Sam Snead and George Schneider, Ogden, Utah, posted 35-33-68.

Bulla's 67 was the best practice round reported for the day. Other scores reported included Stranahan, 72, Hogan and Byron Nelson, 73, Lawson Little 75, Wood, 76 and Bud Ward 75.

Hogan, rated off his tournament record since his discharge from the army last fall, ruled the spectators' favorite, and he was preferred by many of his fellow professional competitors. Ben was not eager to be the people's choice, because the pre-tournament favorite seldom has won. Of his own chances, he said, "I have as good a chance as anybody."

Physician Says Louis' 'Blood Pressure High'

POMPTON LAKES, N. J. (AP)—A New York state athletic commission physician examined Joe Louis yesterday and said Joe was in "splendid condition," but after watching the Bomber go through what was his worst workout to date, the medicine man looked him over again and changed his mind.

"His blood pressure went too high during the workout," explained Dr. Vincent Nardiello after going over Joe for the second time—a condition which indicates the Bomber might tire during the 15 round route next Wednesday when he tangles with Billy Conn in Yankee stadium.

"Of course this could all be overcome with a few days more training and Joe has until next Wednesday."

Emil Matas, Villanova pitcher, is a cousin of Eddy Mayo of the Detroit Tigers. Matas is a marine trainee.

Louis to Rest After This Bout

POMPTON LAKES, N. J. (AP)—Heavyweight champion Joe Louis made it clear yesterday that, win or lose against Billy Conn in Yankee stadium a week from Wednesday, he will not fight a major bout again this year.

Up to yesterday, it had been reported that if he defeated Conn, he might defend the crown again in September, either against Billy or some other opponent, and that if he lost to the Pittsburgh pretty boy, he would go after a return match in the fall.

"But I don't believe I'll make another fight this fall," he admitted yesterday. He pointed out that if he defeats Billy again next week, there doesn't appear to be any other capable challenger on the horizon.

He added too, that his purse from next week's expected \$3,000, 000 game would put him so high up in the income tax brackets he would have barely any financial return from a September scuffle.

Villanova and Florida will meet under the lights Nov. 16 at Gainesville, Fla., for the fourth time. They played in 1940, 1941 and 1942, the Wildcats winning all three games.

Traditional Games Mark Hawkeyes' 1946 Football Schedule; Minnesota Oldest Rival

Football relationships already mellow with age will be continued by the University of Iowa in 1946, because five of the opponents will be played for the 25th to 40th time.

Heading them all is Minnesota, first met in 1891, to be played at Minneapolis Nov. 16 in the 40th game. Nebraska likewise first was played in 1891 and the affair at Iowa City Oct. 12 will be the 35th with the Huskers.

Illinois ranks No. 3 as a venerable foe, for the homecoming game at Iowa City Nov. 2 will be the 27th in the series which opened in 1899.

The first conference opponent, Purdue, comes to Iowa stadium Sept. 28 for the 25th game of the series which started in 1910; while Wisconsin, first scheduled in 1894, will play the 24th game.

Others on the 1946 schedule: Indiana, 19th; Michigan, 13th; Notre Dame at Iowa City Oct. 26, 5th; and North Dakota State at Iowa City Sept. 21, 1st.

Ted Ellenwood Killed

AMSTERDAM, N. Y. (AP)—Theodore (Ted) Ellenwood, 26-year-old former speed skating champion, was killed by lightning yesterday while playing golf at the Antlers Country club four miles from here.

Bangert Passes Track Meet For Concert

LAFAYETTE, Ind. (AP)—Bill Bangert, Big Ten shotput and discus throw champion, will be absent from Purdue's track squad when it defends its Central Collegiate championship Saturday at Milwaukee.

Jim Youel, Former Hawkeye Gridder, Signs Pro Contract

WASHINGTON (AP)—Jim Youel, pre-war quarterback at the University of Iowa, signed yesterday with the Washington Redskins, the 20th backfield man under contract. He was a specialist in the navy and played for Great Lakes in 1941 and Corpus Christi, Texas, Naval station last season.

Youel, who completed his final year of eligibility at Iowa in 1942, was a Hawkeye regular during his junior and senior years.

JIM YOEUL

In the '42 season, he teamed with Tom Farmer, "Duke" Curran and Chuck Uknes to give Coach Eddie Anderson's last pre-war eleven one of the most versatile backfields in the conference.

Noted as an outstanding punter and a better-than-average passer in his college days, Youel became a top ball carrier at Great Lakes in 1944 and was the star of the Sailors' stunning upset of highly regarded Notre Dame in the final game of that season.

ANN ARBOR, Mich. (AP)—Bob Nussbaumer, star center-fielder for the University of Michigan baseball team, yesterday signed a contract with the Philadelphia Phillies of the National league for a \$15,000 bonus.

Nussbaumer, who batted .379 this year for the Wolverines, said he had received offers from the Chicago White Sox, Chicago Cubs, Detroit Tigers, New York Giants, New York Yankees, Pittsburgh Pirates and the Cleveland Indians.

Nussbaumer said he believed he would be sent either to the Ulca team of the Eastern league or to some club in the three-I league but as yet that has not been decided.

The 20-year-old athlete is a resident of Oak Park, Ill. A right-handed batter, he was regarded by Wolverine coaches as an excellent defensive fielder.

Collegian Boss Second Time

CHICAGO (AP)—Alvin (Bo) McMillin, coach of Indiana's Big Ten championship team, will direct the College All-Stars against the Los Angeles Rams, National Football league champions, in the Chicago Tribune's 13th annual charity game at Soldier Field, Aug. 23.

Selection of McMillin to head the All-Stars a second time was announced last night by the Tribune. McMillin's 1938 All-Stars whipped the Washington Red Skins, 28-16.

Silver-thatched "Bo," who will be starting his 25th season as a head coach when he takes over the collegians at Northwestern university Aug. 4 for practice, had his greatest season last year when he piloted his "pore li Hoosier boys" to the school's first Big Ten football championship.

McMillin's All-Star aids, outstanding coaches from various parts of the country, will be named later as will his playing personnel.

The nation's football writers last fall voted McMillin the "football man of the year."

Phillies Sign Michigan Star

ANN ARBOR, Mich. (AP)—Bob Nussbaumer, star center-fielder for the University of Michigan baseball team, yesterday signed a contract with the Philadelphia Phillies of the National league for a \$15,000 bonus.

Nussbaumer, who batted .379 this year for the Wolverines, said he had received offers from the Chicago White Sox, Chicago Cubs, Detroit Tigers, New York Giants, New York Yankees, Pittsburgh Pirates and the Cleveland Indians.

Nelson Recalls Start as Caddy

FORT WORTH, Tex.—The fact that the other kids had more candy and hamburger money caused Byron Nelson to visit a golf course. He wanted to get in on the wonderful opportunity of being a caddy.

That was almost 21 years ago. Recently Nelson came back to Fort Worth as the greatest money-winner of all time in golf. Today if he turned the cash he realizes from the links to candy and hamburgers it would require freight cars to handle the purchases.

Nelson, who won some \$66,000 in war bonds last year and who already has socked away more than \$10,000 in cash this year, recalled that first trip when he was in Fort Worth to participate in the Colonial \$15,000 National Invitational.

Caddy at 1'
Twenty-one years ago, the 13-year-old boy who had recently moved here from a farm down close to Waxahachie, Tex., paid his first visit to the Glen Garden Country Club, a golfing layout across town from Colonial.

"I went over to the club to make some money," said the tall Texan. "But it wasn't easy in those days—it took weeks for Byron to earn his first dollar. The Nelsons lived at the edge

of town, on a road that ran along the south boundary of the club property.

"Except from what I could see from the road while passing I had no idea what golf or a golf course was," said Nelson, "but some of the boys with whom I went to school interested me greatly when they explained the source of their greater amount of candy and hamburger money than I had. They made it, they said, as caddies over at the club on week-ends. That sold me on golf."

Byron talked the matter over with his mother and father and they agreed it would be all right for him to go over to the club on Saturdays and Sundays—after church.

"In those days," he recalled, "there were twice as many caddies as players and the older boys made it pretty tough on any green kid who tried to break into the bag-carrying business. I was put through kangaroo court two or three times, made to run the gauntlet and rolled down a hill in a barrel. But I wanted in on

this 'easy' money, so I kept going back each week."

It required an extra special event to get Nelson his first assignment. The Dallas Rotarians came over to play the Fort Worth Rotarians and there weren't enough experienced caddies to go around.

Paging Mr. Shoote
"So," said Nelson, "I got my first job. I remember it well. I was assigned to carry the bag of one of the Dallas players—a Mr. Shoote. I haven't, by the way, ever seen or heard of him from that day—although I would like to, because he was sure nice to a very poor caddy. I remember he guessed before we ever started that I had never been out—told me he'd give me an extra quarter if we played the 18 holes without losing a ball. Then he teed off."

"You know the first hole at Glen Garden—only about 300 yards long and wide open on the right side. Well, sir, Mr. Shoote hit his first shot not too well. I can see it now—short and slicing slightly over the first bunker into the mild rough not 200 yards from the tee. You guessed it, brother. . . . I lost the ball. It still beats the heck out of me. . . . I guess I was just too excited to see."

Unions Invite Farm Equipment Officials To Washington Talks

WASHINGTON (AP) — Representatives of strikers at seven Allis-Chalmers company plants yesterday urged, without success, that Conciliation Director Edgar Warren invite top company officials to Washington in a new effort to settle their dispute.

The labor department said that Warren had refused the request to bring the Allis-Chalmers officials to Washington. It said he had requested the union "not to disrupt negotiations that are under way."

The union representatives from CIO United Electrical workers and Farm Equipment workers said they had urged Warren to invite Walter Geist and Harold Storey, top officials of Allis-Chalmers, to come to Washington "if they were sincerely interested in negotiating the settlement of the strike."

The delegation said that in Springfield, Ill., there had been no meeting between the company and union since May 15, and in LaPorte, Ind., the last such meeting was May 13.

In Boston, the union representatives said, the company refused for three months to permit a United States conciliation commissioner to be present at a meeting between the company and union.

The union delegates said that no meeting had been held in the company at La Crosse, Wis., since April 25.

House Okays Labor Department Funds

WASHINGTON (AP) — The house turned back efforts yesterday to wipe out the national labor relations board, and then voted a \$1,136,500,238 appropriation for operation of the labor department and federal security agency in the year beginning July 1.

However, the house, on a 202 to 134 roll call vote, adopted an amendment by Rep. Elliott (D., Calif.), removing fruit and vegetable packing workers and farm laborers from NLRB's jurisdiction.

ROOM AND BOARD

Chicago, Des Moines OPA Representatives To Confer Here With Moffitt on Rent Increases

OPA accounting representatives from Des Moines and Chicago will arrive in Iowa City either today or tomorrow to confer with H. F. Moffitt on rental increases for his houses, according to a letter received yesterday from Forrest G. Huff of Chicago, regional rent executive.

Waldo Geiger, local OPA rent control director, could not be reached for comment.

The letter was addressed to A. F. Megrew, 1805 Yewell street, and R. S. Macy, 1302 Yewell street, and R. S. Macy, 1302 Yewell street, both Moffitt tenants, and was in answer to their telegraphed plea for immediate action to prevent sale of the houses by the granting of increased rentals.

Rent Increases Asked
Daniel C. Toomey, local manager of Moffitt real estate, said yesterday formal petitions for rent adjustments on 96 houses were filed with the local OPA office Monday night.

The petitions are based on the "peculiar circumstance" clause in OPA regulations. Under this clause Moffitt must show that a "peculiar circumstance caused rents on the maximum rent date (Jan. 1, 1944) to be substantially lower than comparable rents in the area."

Moffitt's claim is based on his policy of maintaining the 1942-1943 period rentals on his houses without increase. In those years his rents were reduced because so many vacancies existed in Iowa City.

Letter Received
The letter received by Megrew and Macy was dated June 7 and reads as follows:

Dear Sirs: Receipt of your telegram of June 3, with reference to the housing units owned by H. F. Moffitt, is herewith acknowledged.

Please be advised that representatives of the regional accounting department and the Des Moines district accounting office will be in Iowa City on June 12 or 13.

They will confer with Mr. Moffitt for the purpose of determining his eligibility for an adjustment under the regulations.

Yours very truly,
FORREST G. HUFF,
Regional rent executive.

June 5, two OPA officials told Moffitt he could not obtain rent boosts because of a "hardship" caused by increased operating costs. The officials said a survey made "did not show a definite hardship on the owner to exist at this time."

Moffitt announced June 1 he had decided to sell the entire group of houses since he could not get any word from the OPA as to whether or not he could obtain permission to ask an increased rental on some of his houses.

Food Drive Short of Goal

The Johnson county emergency food collection drive is still \$1,185 short of its \$5,325 goal, according to W. Fred Roberson, finance chairman of the drive.

All persons, including those who received written appeals for cash donations, are asked to send their donations to Roberson at 405, Iowa State bank building, at their earliest convenience.

Iowa City can still be one of the first to report successful completion of the drive, Roberson said. The quota of food donations has been reached, he added.

Local Wading Pool To Open Saturday

The city park wading pool will open Saturday, and remain open as long as the weather permits, according to B. F. Carter, superintendent of the city park.

New addition to the zoo is a horned owl, captured Sunday by the river. The owl, which is too dangerous to live with other birds, is being kept in the old bald eagle cage.

TO SPEAK AT EDUCATION CONFERENCE

DR. W. E. BLATZ

DR. LEE F. HILL

PROF. ROBERT SEARS

DR. JOHN DOLLARD

Four educational experts will speak at the 19th annual conference on child development and parent education here June 18 and 19.

Author of many books and pamphlets on child behavior, Dr. W. E. Blatz is director of the Institute of Child Study at the University of Toronto, Canada.

Dr. Lee F. Hill, president-elect of the American Academy of Pediatrics, has been prominent in the practice of pediatrics in Des Moines since 1921. Prof. Robert Sears is director of the Iowa child welfare research station here at the university.

Professor in the Institute of Human Relations at Yale Relations at Yale university for many years, Dr. John Dollard was for three years expert consultant to the secretary of war.

Bowman Says Jap War Industry Broken For 25 Years or More

"Japanese war industry which is basic to war economy is smashed for at least 25 years," Dr. Robert G. Bowman of the geography department told Kiwanis members at a luncheon meeting in the Hotel Jefferson yesterday.

Dr. Bowman served with the operation analysis section of the army airforce, and participated in a survey of damage done to Japanese targets by American bombing raids.

"The Japanese recognize American superiority in war resources," he added, "and they have a great respect for American power and ingenuity."

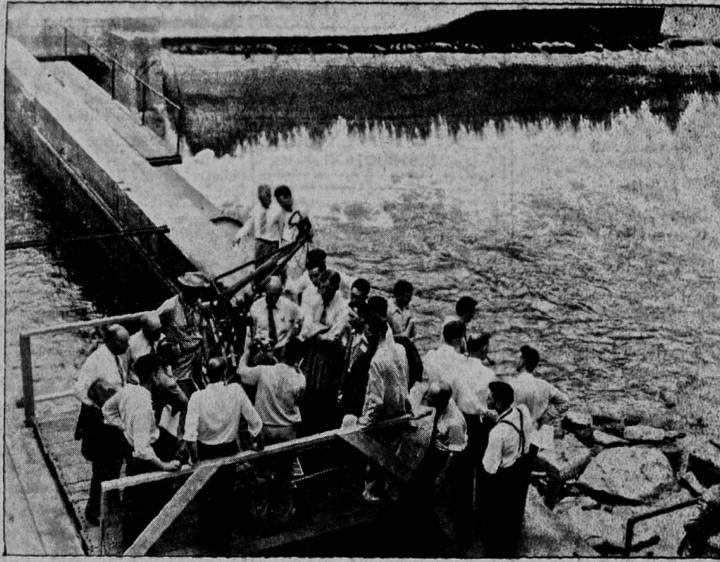

The greatest danger will follow after we remove our control of education and politics, Bowman said. The common Japanese have no real idea of the principles of democracy, but will follow the leader. If the wrong leader gets into power he can interpret democracy any way he desires, and the people will follow.

Dr. Bowman told of entering Hiroshima where Japanese guards stood with their backs to the highway, ready to fire on any civilians who should attempt to harm the Americans.

"When we went through the streets wearing guns the people were amazed," he said. "They knew no one dared harm us. The Japanese were very exact about following orders."

During his speech Dr. Bowman traced his course through the South Pacific to Japan.

Engineers Visit Hydraulics Laboratory

SHOWN INSPECTING THE IOWA HYDRAULICS LABORATORY are a group of the 250 engineers attending the three-day national hydraulics conference here which ends tomorrow. All engineers inspected the laboratory yesterday from 4-6 p. m. With the laboratory equipment all on display in working action, the engineers were able to witness the capacity of the entire plant. The men above are watching a demonstration of the sediment sampler and equipment for sediment analysis.

Student Council Hears Protest

A.S. of E. Officers, Spokesmen Requested To Attend Meeting

A petition protesting the May 24 election of officers of the Associated Students of Engineering was presented to members of the Student council at a meeting last night.

After a discussion of the issues, the council passed a motion that the old and new presidents of A.S. of E. and spokesmen for each side be asked to appear at the next regular council meeting July 1 so that council members may hear both sides fully before deciding the legality of the election.

Signed by 15 members of the American Society of Civil Engineers, the petition stated that "due to lack of publicity as to

when the election was to be held, we feel that the students who voted are not representative of the 400 students in the college of engineering.

Suggesting that a new election, more completely publicized, be held in the fall, the petition pledged the support of the A. S. C. E. chapter toward securing "a more representative vote."

Although there is no provision in the A. S. of E. constitution stating a necessary number of votes to make an election legal, Everett Phillips, E4 of Iowa City, said that the Student council has constitutional jurisdiction in all contests and disputes in student elections.

Phillips declared that the officers' election for A.S. of E. "supposedly made up of all engineering students," had insufficient interest drawn to it by the election officials—he old officers. "Most of the freshmen and sophomores didn't even know what it was," he added.

Don Hall, E4 of Tama, council member, stated that 24 mechanical engineering students voted, but that no civil engineering students

voted because they "did nothing about it." He read a letter to The Daily Iowan editor, printed June 2, explaining that although notices of the election date were posted in the engineering building lobby and library, only six percent of the eligible students voted.

Herb Olson, A3 of Winfield, council president, pointed out that the A.S. of E. constitution provides that election of officers should be held in April, and that it is not clear whether the provision for special elections includes officers' elections.

Appointing John Mitchell, M3 of Manly, to serve on the council summer executive with himself and the council secretary, Olson tentatively set the summer quorum at four members. Regular election of officers and executive committee members will be held in the fall, he said.

Drivers Licenses

Drivers licenses can be renewed now at the sheriff's office in the Johnson county court house. All drivers licenses expire July 5.

Hydraulics Conference Hears Factors in Collapse of Bridge

Contributing factors to the collapse of the Tacoma, Wash., suspension bridge in 1941 were explained in a talk by D. B. Steinman, consulting engineer from New York City during yesterday's session of the third annual national hydraulics conference.

Steinman showed a chart comparing the various degrees of stiffness of bridges in the United States. The chart showed that the

Tacoma bridge had the lowest coefficient of stiffness, which, he said, was one of the factors contributing to its collapse.

Pressure Distribution
Three methods of calculating pressure distribution and cavitation on submerged boundaries were discussed by John S. McNow, research engineer of the Iowa Institute of Hydraulic Research in yesterday's afternoon session. McNow cited the theoretical method, saying that the two objects of his method were the utilization of theory to problems and the reduction of theory from the high mathematical state to a workable level within the range of the engineer.

The second and third methods were the adaptation of previous experimental work to practical problems and the application of the analysis idea to make model studies more adaptable.

Other speakers on yesterday's program included Prof. C. G. Rosby, of the University of Chicago; Prof. Hunter Rouse, director of the Iowa Institute of Hydraulic Research; and James W. Dally, hydraulic engineer of the hydrodynamics laboratory at the California Institute of Technology.

The remainder of the afternoon was devoted to an inspection of the hydraulics laboratory. Speaker for the evening session was Howard Field Jr., engineering consultant of Los Angeles, who discussed present techniques applicable to hydraulic engineering.

Today's Program
Today's program will begin at 9 a. m. in the university theater with a talk on "The Effect of Cutting off Bends in Rivers" by E. W. Lane, associate director of the Iowa Institute of Hydraulic Research. John R. Riter, chief of hydrology division, branch of project planning of the bureau of reclamation, and F. B. Slichter, head engineer, Missouri river division of the United States engineer corps ward the girl.

will also speak during the morning session. Chairman will be W. G. Hoyt, executive officer, water resources commission of the United States department of the interior.

"Investigations of Free-surface Phenomena will be the general topic of the afternoon meeting. Chairman will be A. A. Kalinske, hydraulic engineer of Infilco, Inc., on leave from the University of Minnesota.

Speakers for the afternoon session will include Charles A. Lee, supervisor, hydraulic engineering section of the David Taylor Model basin; L. Standish Hall, principal hydraulic engineer, East bay municipal utility district of Oakland, Calif.; and J. W. Howe and C. J. Posey, research engineers of the Iowa Institute of Hydraulic Research

John Horton to Join History Department Faculty for Summer

Prof. John T. Horton of the University of Buffalo will join the university history department staff for the summer session as a visiting professor to teach courses in western civilization.

A graduate of the University of Buffalo, Professor Horton received an M.A. degree at Harvard university in 1929 and a Ph.D. degree in 1935. Since 1928, he has been an instructor and associate professor at Buffalo.

Hal C. Moss Given Suspended Sentence By Knox Yesterday

A suspended 30 day jail sentence was given Hal C. Moss, 314 S. Linn street, yesterday by Police Judge John Knox after finding him guilty of forcing his attentions on a female person with whom he was not acquainted. Moss had pleaded not guilty to the charge after his arrest June 1.

Testimony revealed Moss walked a short distance beside a 15 year old girl a short time before he was arrested and that he made no improper advances to the girl.
