The Daily Iowan

Established 1868 Vol. 78, No. 257—AP News and Wirephoto

Iowa City, Iowa, Saturday, July 20—Five Cents

GOOD MORNING, IOWA CITY!

Today we bear a handful of promises for a pleasant weekend. The weatherman says it will fair with moderate temperatures and low humidity.

House Votes to Let Army Make A-Bombs

New Suspect in May Case

WASHINGTON (AP)—An undercover inquiry into the relations of a second congressman with a war contractor was reported in progress last night after the senate was investigating the committee formally served a subpoena on Rep. May (D., Ky.).

Earlier May had showed signs of ignoring such a summons. Officials said the house would have to grant him special permission before he could testify under compulsion.

Meantime, persons familiar with the senate committee's work said the name of a second member of the house of representatives, not previously mentioned in public testimony, had entered into the investigation.

These persons, who cannot be named, said the committee had come into possession of three documents which purported to be:

1. A photostatic copy of a check for \$2,500, dated May 19, 1945, from a contractor engaged

on a \$1,000,000 job to the secretary of the congress member.

2. A letter from the secretary to the contractor expressing gratitude for assistance, inasmuch as the expenses of the member's office in Washington were great.

3. A letter from the member to the contractor saying that the "slip of paper" given to his secretary was going to relieve a great deal of the member's worries.

The correspondence was said to indicate that the contractor had run into difficulties in dealing with a government department and had gone to the house member for assistance.

Photostats of the documents, it was learned, had been forwarded to Senator Brewster (R., Me.), who turned them over to the committee. Committee counsel have started an investigation based on the documents.

Three other congressmen named in testimony appeared before the committee voluntarily during the day and denied un-

der oath that they gave the munitions firms any assistance. They were the senate and house Democratic leaders, Senator Barkley (Ky.) and Rep. McCormack (Mass.), and chairman Sabath (D., Ill.) of the house rules committee. Former Rep. Dickstein (D., N.Y.) filed a similar denial by telegram from Lake Placid, N. Y.

While Sabath was on the stand, Senator Brewster (R., Me.) dipped into previously undisclosed testimony in secret session which indicated that the first meeting between Henry Garsson, one of the chief promoters of the combine, and A. B. Gellman, president of Erie, was in Sabath's office in the capitol.

Humphrey S. Shaw, secretary of the rules committee, testified yesterday he knew of no such meeting. At another point he testified that Freeman had been to the office, maybe for some "after hours" pinocle games.

Murray Garsson, Sabath said,

once was employed as an investigator for a house committee looking into bondholders' protective committees. Sabath was chairman of the committee.

Barkley said the only calls his office placed to the Washington agency of the combine were made by Mrs. Charles Chance of his secretarial staff. He said she had no occasion to transact any business, but merely was trying to locate her husband who had been seeking employment.

Barkley volunteered that his son had gone to work for Batavia after the war when the company was turning toward the manufacture of farm equipment.

When McCormack took his turn on the witness stand, he was reminded of testimony of Mrs. Jean Bates that she thought he had called the Erie-Batavia Washington office several times.

"There's no foundation in that testimony," he said. "The witness is mistaken."

Writes Death Penalty Into Atom Control Bill

Final Decision Due Today on Measure Approved by Senate

WASHINGTON (AP)—The house wrote a death penalty provision into atomic energy legislation yesterday, paved the way for the army to manufacture atomic bombs, and rewrote the controversial patent section.

Then it put off a final decision on the legislation, passed unanimously by the senate in different form more than a month ago, until today.

The death penalty, the army bomb production, and the patents amendments were approved by standing votes still subject to roll-call counts if enough members demand them.

Representative Summers (D., Tex.) was author of the section setting up the death penalty for violators of security regulations. Also tentatively adopted was an amendment by Representative Howard Smith (D., Va.) making the minimum sentence in such cases 10 years.

Still ahead is a drive to send it back to the house military committee for further consideration, a move which, if successful, would kill the bill until next year.

A five-vote margin, 99 to 94, struck from the bill yesterday a senate section that would have allowed the commission to share with other nations, under certain conditions, information on the use of atomic energy for industrial purposes.

Yesterday's other main development on the military aspect was adoption of an amendment aimed at letting the army keep on making atomic bombs.

That provision, favored by the house military committee, went in on a 102 to 72 standing vote, subject to a later rollcall if enough members should demand it.

Under the amendment the president would have discretionary power to direct the proposed atomic control commission to allow the armed forces to make atomic weapons. Without such a provision, military committees had contended, the armed forces would be unable to make atomic bombs under any conditions.

OPA Conferees 'Get Nowhere' In Effort to Reach Compromise

LOUIS KAREM, a Louisville, Ky., meat market operator, places a sign in the window warning prospective customers not to buy his merchandise because of high prices. (AP WIREPHOTO)

Senate Grants Agency \$75-Million in Funds — If It's Revived

WASHINGTON (AP)—A ban on government "propaganda in support of price control" was voted by congress late yesterday, while senate-house conferees labored without success to agree on a bill reviving OPA.

"We're getting nowhere the fastest I ever saw," was the glum comment of Senator Barkley (D., Ky.), a leader in the attempt to write a bill that President Truman won't veto.

An afternoon session of the conference got nowhere and another meeting was set for today. Barkley announced that "we will work as long as there is any hope."

Passes OPA Appropriation

An appropriation bill the senate passed and sent to the White House granted OPA \$75,000,000 for expenses during the present fiscal year—if the agency is revived, but stipulated that none of the money shall be used for "general propaganda in support of price control."

The \$75,000,000 was a compromise between the \$106,000,000 the house had voted before the price control agency legally died July 1 and the \$56,650,000 the senate had voted to allow if it is revived by pending legislation.

The two houses also voted to cut out of the measure a proposed \$50,000 appropriation for a joint committee to report on economic prospects, a setup provided under the recently-enacted employment bill.

As for the argument over reviving OPA, conferees for the house flatly refused to accept any senate proposal that does not assure restoration of price ceilings on milk, meat, eggs and other foods.

That decision drew still tighter the deadlock over what sort of OPA—if any—shall get a new lease on life and prompted Senate Democratic Leader Barkley to say the prospect for an OPA revival "doesn't look so good."

Rejects Compromise

Refusing to budge from their insistence on putting basic foods back under price controls, the house members of the senate-house conference committee turned thumbs down on a proposed compromise submitted by a Republican-dominated senate subcommittee of Senators Taft, Tobey (R., N.H.), and Radcliffe (D., Md.).

This proposal would have left to a three-man board, with higher authority than OPA, the decision whether food price ceilings should be restored.

Boy Faces Two Charges Of Murder

OROVILLE, Cal. (AP)—In a tense courtroom appearance, punctuated by shrill feminine outcries, 14-year-old Albert Jones was arraigned in a justice court at Chico yesterday on double charges of murder.

Albert is accused of strangling to death, in a fit of pique over a kitten, Patricia Ann Crandall, 14, and fatally wounding Mrs. Myrtle Nielsen, Chico housewife, because he "wanted to drive her car." Two additional charges of assault and one of attempted murder were also preferred.

Before the arraignment, District Attorney J. M. McPherson disclosed that Albert had blandly announced he had chosen a third victim, a boy he called his "best friend," and whom the district attorney identified as Harlan Hume, son of the Chico city manager.

McPherson said Albert related in an interview:

"I was going to push him in a creek and drown him. I thought about it before. I wasn't mad at him. I just thought about killing him."

Mrs. Myrtle Nielsen, the second victim of Albert's inexplicable impulses, died Thursday night of a bullet wound in the abdomen received as she fed Albert cookies at her home Tuesday.

Other charges against Albert are:

1. Attempted murder of Mrs. Nielsen's husband, Harel, who was summoned by a hysterical telephone call from his grown daughter, Betty, after Mrs. Nielsen was shot. McPherson said Albert fired a shot at Nielsen when he came in, piercing his coat sleeve.
2. Assault on Betty Nielsen, who said he gagged her by pushing an apricot in her mouth and tying her up.
3. Assault on Barbara Searle, 6, a neighbor girl in the Nielsen house, who was also gagged and tied.

Gromyko Says 'Nobody Wants Secrets' As UN Committee Discusses Atom Control

NEW YORK (AP)—Andrei A. Gromyko, of Russia, declared yesterday that "nobody is asking for secrets" in the exchange of scientific information involved in framing a world atomic control charter.

Gromyko, sitting on the scientific and technical committee of the United Nations atomic energy commission until Russia's scientific representative arrives from the Bikini atomic bomb tests, said, however, that the methods of exchange of scientific information

Filipinos Clash Near Manila; 3 MP's Killed

MANILA, Saturday (AP)—Months of sporadic fighting between government forces and armed peasants in central Luzon approached a crisis today with the latest flareup taking an undetermined number of lives.

An official report to President Roxas late yesterday said one military police officer and two enlisted men had been killed and 11 MP's wounded in a continuing clash only 35 miles northwest of Manila.

Casualties among the opposing Hukbalahaps (armed peasants) were undetermined, said the report from the provost marshal general, Col. Mariano Castaneda, but they were believed to be "heavy."

Twelve MP companies equipped with mortars, armored cars, and machine-guns had been fighting for two days with an estimated 500-600 peasants armed with machine-guns and rifles. At last reports the fighting was still in progress.

Luis Taruc, slightly built leader of the Huks, told newspapermen in Manila the situation "fast was approaching a crisis" and that he would seek a conference with Roxas in an effort to avoid further bloodshed.

Taruc said there still was time to halt the fighting if Roxas and his leaders would meet with the PKM (peasant union) and Hukbalahap leaders.

Women's Rights Bill Loses in First Test

WASHINGTON (AP)—The proposed constitutional amendment to guarantee equal rights to women, introduced in congress annually since 1928, came to its first vote yesterday—and lost.

The senate voted 38 to 35 in favor of submitting it to the states, but a two-thirds majority was required.

With both political parties on record in favor of the amendment, the vote found 15 Democrats for it and 24 against; 23 Republicans for it and 10 against. The other negative vote was by Senator LaFollette (Prog., Wis.).

Opponents told the senate the amendment would throw into chaos state laws which give special protection to women in support, alimony and working conditions.

Backers of the amendment argued that it is the logical step to follow woman's suffrage and that the constitution should recognize equality of both sexes under the law.

Union Chief Demands Hearing for Employees Discharged by Army

WASHINGTON (AP)—A hearing for five civilian employees dismissed from the army's Aberdeen, Md., proving ground was demanded yesterday by the president of their union.

A statement from Brig. Gen. Alfred B. Quinton Jr., commander of the proving ground, said at the same time that they have the right to appeal by July 26 but no such action has been taken.

Quinton's statement added that they were dismissed upon orders from the war department under a law which bars the employment of Communists or members of "an organization which has as one of its tenets the overthrow of the United States government."

Abram Flaxer, president of the CIO United Public Workers of America, declared that "the war department is attempting to create a scandalous 'spy scare' on the eve of the vote in the house on the bill determining the control of atomic energy." He also accused the department of "an all-out union-breaking campaign."

The day's debate on the atomic control bill brought an assertion by Representative Rankin (D., Miss.) that "foreign spies" are operating at Oak Ridge, Tenn., and "the same thing has been going on" at Aberdeen.

Quinton announced, however, that none of those dismissed "were working on any classified secret projects."

13 Die in Crash

GOODLAND, KANS. (AP)—The bodies of 10 passengers and three crew members were found yesterday in the charred and scattered wreckage of a military transport plane which crashed and exploded Thursday night during a severe storm which swept this western Kansas area.

Young Girl Brutally Killed

DEAL ISLAND, Md. (AP)—While horrified friends and relatives watched, pretty Pansy Twigg, 20, was shot twice, yesterday, carried out into Chesapeake bay and held under water, where a third shot was fired into her body, state and Somerset county police reported.

Deputy County Sheriff Woodland Jackson and State Trooper J. J. Harbaugh drove Ross J. Abbott, 30, war veteran, to a Salisbury hospital later for treatment of a gunshot wound in his throat and chin.

The deputy sheriff and Harbaugh said that Abbott admitted killing the girl in a fit of jealousy.

No charges had been preferred against Abbott last night.

SCUFFLE IN ANTI-BRITISH DEMONSTRATION

PICKETS PROTESTING against the British government's Palestine policy mill around in front of the British consulate in Los Angeles yesterday during a scuffle resulting when a youth tried to seize the large placard at left. Several fist fights broke out between pickets and pedestrians. (AP WIREPHOTO)

Senator Connally Holds Hope For 'Real, Enduring Peace'

WASHINGTON (AP)—Senator Connally (D., Tex.) held out hope yesterday to Germany and Austria for a "real and enduring peace" in which their peoples will have the opportunity "to rebuild their shattered fortunes and to restore their economy."

The chairman of the foreign relations committee told the senate in a review of the Paris conference that while "the council of foreign ministers has travelled a hard road," the American delegation "this time... did not come home empty-handed" from the negotiations with Britain, Russia and France.

Conceding that the Paris statesmen thus far have "merely skirted the edges of Europe's peace problem," Connally declared that the calling of a 21-nation peace conference for July 29 on five proposed treaties was an "outstanding achievement."

The United States will oppose there and elsewhere, he said, any "cruel and brutal terms of peace," but will insist upon "terms that shall mean real and enduring peace and the extirpation of armed aggression."

As a means of demonstrating that this country stands "wholeheartedly back of the United Nations charter," he suggested the following seven-point course:

1. "In our dealings with other nations we must stand firmly on those principles of law and justice expressed in the charter. We should expect other nations to do the same."
2. "We should unhesitatingly make available to the security council our full quota of the troops, planes and ships necessary for the maintenance of world peace."
3. "We must maintain a strong army, navy and air force so that we may protect our land and our people and fulfill our obligations under the charter."
4. "We must put into treaty form the inter-American machinery contemplated in the act of Chapultepec and make it one of the permanent pillars in the temple of peace built at San Francisco."
5. "We should accept the compulsory jurisdiction of the international court of justice over those strictly legal disputes which affect the United States and any other state which has accepted the compulsory jurisdiction of the court."
6. "We should do our utmost to secure at the earliest practicable time complete agreement with respect to the control of atomic energy and other weapons of mass destruction."
7. "We should lend our full support to the economic, social and humanitarian program of the United Nations and thus help establish those conditions in the world which are essential for enduring peace."

Admiral Blandy Says Detonating Mechanism For Atom Bomb Works Perfectly in Test

ABOARD USS APPALACHIAN (AP)—Despite the distraction caused by the premature flash of a 100-pound flare, a successful test was conducted yesterday of the intricate mechanism to be used July 25 in detonating the first atom bomb ever exploded under water.

Because an electronic device was substituted for the bomb, only a radio blip marked the moment of detonation at Bikini lagoon.

Tried out for the first time, the complicated mechanism worked perfectly, Vice Adm. W. H. P. Blandy announced from his flagship, the Mt. McKinley.

The flare which went off 51 minutes ahead of schedule, startling onlookers, was being used to synchronize cameras and lacked the elaborate safeguards used in the bomb-firing circuit.

"The atomic bomb positively will not fire prematurely," Blandy said.

In a 700-mile radio interview, spanning the distance between his flagship and this press ship, Admiral Blandy foresaw as 50-50 the chances that the underwater burst would occur on schedule at 8:35 a. m. July 25 (4:35 p. m. Central Daylight Time July 24, U. S. date).

Blandy, commander of "Operation Crossroads," said bad radioactivity after the burst was not expected to last more than five days.

The Admiral expects dangerous rays from the water on the day the bomb is exploded. Some parts of the lagoon, he said, probably would be radiating intensely but he predicted it would be possible to send in few small craft, adequately shielded, for examinations and other work of immediate urgency.

House to Investigate This Year's Election Campaign of Members

WASHINGTON (AP)—The house authorized an investigation of political campaigns yesterday and associates of Rep. Slaughter (D., Mo.) immediately moved to turn its spotlight upon the Kansas City campaign in which he has been marked for defeat by President Truman.

Slaughter's friends said the investigation, if it is made, will be directed specifically at activities of the CIO political action committee against Slaughter.

They also said a check would be made into reported CIO-PAC operations against Reps. Tarver (D., Ga.) and Gibson (D., Ga.). Tarver conceded that he had been defeated for renomination in Wednesday's primary, and Gibson was running behind in a see-saw race that may not be decided until the count is complete.

Slaughter's friends made it clear that they would seek to publicize all angles of the campaign fights in Missouri and elsewhere, thus including the presidential "purge" move.

Rep. Howard Smith (D., Va.) took the lead by bringing to the floor and securing immediate passage of a resolution creating a special five-member committee to investigate this year's house election campaigns.

Housing Construction for 800 To Start Monday, Horner Says

Foundations Underway For Fifty Barracks Near Quad, Currier

Construction of 50 barrack-type housing units will start Monday for use of 528 men and 272 women in the fall semester, George L. Horner, university architect, said yesterday.

Of the 50 army barracks to be used, 30 arrived yesterday and the remainder are expected today, Dean C. Woody Thompson of the office of student affairs explained.

Groundwork Started
Work has already started on laying the groundwork for construction of the one-story units, each of which will house 16 students. The reconverted barracks are 20 by 54 feet, of wooden frame with corrugated metal exterior.

There are no toilet facilities within the units, but the university will construct adjoining facilities.

The entire project is financed by the university. Rents have not been determined, but they will be no higher than present rates charged for Currier hall and Quadrangle rooms.

Barracks in Quad Court
The 33 men's barracks are being constructed in the Quadrangle court and north and south of the dormitory. The Quadrangle cafeteria will be available to students living in these units.

The 17 women's units will be constructed near Currier hall with the same facilities as those of the men. All barracks will be equipped with beds, study tables and lamps, and chairs for each occupant. The barracks will be steam-heated.

These barracks are of the same type that will be used for the 680 married veterans. Barracks for the married students are expected soon.

U.S. Employment Office To Place SUI Labor

Indicating that the local U. S. employment office will cooperate in placing student labor on the building of the 680 barrack-apartments for veteran married students which is scheduled to begin soon, Albert E. Kline, manager of the office, said that a special file would be set up to handle the service.

Kline was contacted by Lewis Smith, G of Iowa City, and E. K. Reid, A1 of West Liberty, members of the Veterans Emergency Housing league. The league is promoting student labor on the construction of housing for married students.

Bernice Leeney Wed To Richard J. Kron At St. Mary's Church

Bernice Leeney, daughter of Mrs. Winifred Leeney, 510 S. Capitol street, was married to Richard J. Kron, son of Mr. and Mrs. Reno Kron of Riverside, Tuesday at 8 a. m. in St. Mary's church with the Rt. Rev. Msgr. Carl H. Meinberg officiating.

Mrs. Kron is a graduate of Oxford high school and is employed as a clerk by Sears and Roebuck Co. Mr. Kron was graduated from St. Mary's high school in Riverside and was recently discharged from the navy.

City Air Schedules To Change August 1

A change in the east and west-bound flight schedule for Iowa City beginning August 1, 1946, was announced by Dick Shrader, local station manager for United Air Lines.

The morning westbound mainliner will stop at 8:55 a. m. instead of 9:10 a. m.; similarly, the afternoon eastbound will stop at 1:03 p. m. instead of 4:57 p. m.

The air line office will remain open until 6 p. m. one hour longer, to take care of increased business. The office opens at 8 a. m.

NO MATTER WHAT YOUR TASTE IN MUSIC IS, YOU'LL FIND THE BEST

15 S. DUBUQUE

Wanted: 1 Woman Needed to Strengthen Relations

To 33 percent of the summer session's enrollment, the feminine element on the campus: Are you "an average American girl?"

Are you 17 or 18 years of age? Do you like outdoor sports? Do you like life? Do you have a pen pal?

If your answers to the above questions are all in the affirmative, then you're just the person whom Pvt. R. H. Bell, c/o 17, William St. Higher Boughton, Salford 7, Lancs, England, is looking for.

Pvt. Bell is 19 years old, he's in His Majesty's forces, and he's lonely. What's more, he's an avid supporter of Anglo-American friendship.

Pioneering in this field, Pvt. Bell has offered himself as a prospective "pen pal" to anyone who could meet the specifications which he outlined in a letter to Mary Osborne, June graduate and editor of the 1946 Hawkeye.

He got Miss Osborne's address from Look magazine when that publication featured the Hawkeye beauties in an issue this spring.

So, if you're a cynic—if you think that Pvt. Bell's primary motivation in this undertaking isn't to foster Anglo-American friendship—before you become his "pen pal" you might answer this question: Are you beautiful?

Honorary Commerce, Education Fraternity Elects New Members

At a meeting Thursday the following people were elected to Epsilon chapter of Pi Omega Pi, honorary commerce and education fraternity: Arthur Alle, instructor in the college of commerce, Iowa City; Roy Latimer, Fulton, Mo., who will teach in Long Beach, Cal.; Lois Saylor, Des Moines, who teaches at Pella; Morgan Thomas, Boone, Iowa, and Marian Zahn, Waverly.

The initiation will be held at

Improving U.S.—Russian Relations

Women Golfers Name Guest Day Winners

Winners of the Women Golfers' guest day Thursday at the Country club, at which the Iowa City women golfers entertained two members from the Kenwood Country club in Cedar Rapids, 10 from the Marion club and 12 from the Muscatine club, have been announced.

Low net winners were Mrs. C. Carlson of Cedar Rapids, Mrs. G. P. Clausen of Marion, Mrs. Nancy Kent of Muscatine and Mrs. Alfred Mitchell of Iowa City.

Low putt winners were Mrs. H. Marez of Cedar Rapids, Mrs. Jean Schenken, Mrs. G. Fairbanks

Iowa Union next Thursday at 5 p. m. and will be followed by a banquet. Dean Paul C. Packer of the college of education will be the guest speaker.

Members of Pi Omega Pi can get tickets for the banquet at Prof. G. M. Hittler's office.

15 Women Initiated By Pi Lambda Theta

The Theta chapter of Pi Lambda Theta, honorary women's education association, held its summer initiation exercises at Iowa Union Thursday. Dr. Moehlman, professor of education, spoke to the group about "The New Horizons in Education."

The following members were initiated: Dudley Ashton, G of Louisville, Ky.; Rebecca Baker,

G of Iowa City; Maude Blanchard, G of Mankato, Minn.; Gladys Collins, G of Cedar Rapids; Etta Cosner, G of Centerville; Isabel Davis, assistant in the education office, Iowa City; Norma Hajek, G of Buffalo, N. Y.; Mrs. Mary Iversen, G of Minneapolis, Minn.; Elaine Nelson, G of Viborg, S. D.; Mary Frances Parmalee, G of Liberty, Penn.

Evelyn Peters, G of Milwaukee, Wis.; Mrs. Florence Seebler, G of Iowa City; Frances Stiles, G of Ames; Annice String, G of Smithsire, Ill., and Jennie Swanson, G of Moline Ill.

Dischords:

Platter Chatter

By WILLIAM B. RUXLOW

SAM DONAHUE (Capitol 260)
TAKE FIVE—Donahue back from his highly regarded navy band, has formed a clean cutting crew that should break out on top very soon. On this side, the vocalizing by Mynell Allen displays good style with both voice and phrasing. She helps the band a great deal.

DINAH—Several, including the tenor of Donahue and Dick LaFave's trombone, take solos which continue to ride until the final is sounded. Not everything that you might expect from Donahue but it's a start in the right direction.

BENNY GOODMAN (Columbia 36988)
RATTLE and ROLL—Buddy Rich adds his drums to the rhythm section and gives it new life. BG playing great clarinet along with solos by Johnny Best, Dick LaFave and Mel Powell, helps give it that certain Goodman quality.

ON THE ALAMO—Sure to be a favorite through the efforts of Art Lund's vocal, the record becomes exceptional when Mike Bryan's guitar and the leader's clarinet wax some good improvising. Lund's vocal is good in places.

COOTIE WILLIAMS (Capitol 286)
ECHOES OF HARLEM—The ex-Ellington trumpeteer has come through to make this a tasty side. Those high trumpet passages by Cootie are exciting as ever.

WHEN MY BABY LEFT ME—Eddie Vinson sings his blues number fairly well and with some good background figures added, the side becomes a pleasing experience to the listener.

SPIKE JONES and his CITY SLICKERS (Victor 20-1893-94-55)

SPIKE JONES

MUSICAL DEPRECIATION WEEK

Nominated as the band-leader who has done least this year to further the cause of music, Spike Jones breaks all rules in presenting three new records. The recordings are: "The Glow Worm," "Hawaiian War Chant," "I Dream of Brownie With the Light Blue Jeans," "That Old Black Magic" and "Liebestraum."

More than the usual number of blanks are fired. Belches are set in a whimsical sequence. The sound department hangs out the "Business as Usual" sign.

"As the sun pulls quietly from the shore and our ship sinks slowly in the west," is softly spoken by Red Ingle on the War Chant number. "Liebestraum" takes the cake with silly rhymes such as: "Twinkle, twinkle little star, How you wonder who I am;

Interment Services Held for W.A. Jessup, President Emeritus

At private family services, the ashes of the late President-Emeritus Walter A. Jessup were interred in Oakland cemetery at 5 o'clock yesterday evening. The flag on Old Capitol was lowered at half-mast at that hour in memory of the former president.

Dr. Walter A. Jessup was dean of the college of education of the University of Iowa, 1912-1916, president of the university 1916-'34, president emeritus 1934-1944, president of the Carnegie foundation 1934-1944, and president of the Carnegie corporation 1941-1944. Dr. Jessup died in New York city on July 5, 1944.

In Iowa City for the services of interment were Mrs. Walter A. Jessup of New York and her two sons, Dr. Richard Jessup, a first lieutenant in the navy, and Bob A. Jessup, a lieutenant colonel in the army air forces. Both sons are on terminal leave.

J.P. Parrott Discharged

Joseph P. Parrott, seaman first class, USNR, 1029 N. Dodge street, was discharged from the navy July 17, at Great Lakes, Ill.

Way up in the sky so low, You're a better man than I am—

Old Black Joe."

Strictly hilarious, these records will be enjoyed by many. Spike is being kept busy these days looking for blank cartridges, stuffed ducks, stuffed fish and other novelties. He is always on the lookout for new ideas to ruin the composer's inspiration.

NIGHT AND DAY... EVERY DAY OF THE YEAR!

REDDY KILOWATT'S TIME CLOCK

TO READ YOUR ELECTRIC METER . . .

YOUR electric meter is a precision instrument designed to measure the amount of electricity used during a given period.

Reading it is an easy matter. You simply check the four dials from left to right and jot down the smaller of the two figures between which the hand on each dial stands. To determine the amount of electricity in kilowatt hours used since the last reading, you subtract the previous reading from the present reading.

In the case of the meter shown above, the reading is 5976. If the previous reading was 5873, the difference, or amount of electricity consumed, would be 103 kilowatt hours.

The procedure followed in reading your gas meter is equally simple. Fortunately, too, the cost of gas and electricity is actually at its lowest level—in spite of today's high cost of living!

Baseball Will Give Players A Voice In Making Contracts

CHICAGO (AP)—In a revolutionary move to combat player dissatisfaction, professional baseball decided yesterday to give players a voice in the framing of new contracts to be submitted for the 1947 season.

Commissioner Albert B. Chandler telegraphed each of the sixteen major league managers, asking him to name a playing representative of his club to meet in an extraordinary session with the presidents of the National and American leagues July 29, an open date, in an effort to reach an understanding covering over-all player problems.

The eight American league players will meet with President William Harridge in Chicago, while the eight National leaguers will meet with President Ford Frick in New York on the same date.

"Baseball's steering committee, meeting here the last two days, discussed the whole future of the game," President Harridge explained. "We felt that if some revisions are to be made, it might be well to invite the players to contribute their views."

Umpire Ousts 14 White Sox For Heckling

BOSTON (AP)—The Red Sox romped to an easy 9 to 2 victory over the White Sox yesterday in a wild game that saw 14 Chicago players banished for heckling an umpire's warning after a "dust off" pitch to Ted Williams.

Boston's win stretched their lead over the idle New York Yankees to 11 1/2 games.

Williams was forced to drop to the ground to escape a fast ball coming close to his head by Chicago pitcher Joe Haynes in the third inning, leading umpire-in-chief "Red" Jones to caution Haynes.

A chorus of yammering from the Chicago bench resulted in Jones ordering four White Sox players from the bench—Ralph Hodgkin, Dario Lodigiani, Ed Smith and Bing Miller.

When the heckling persisted, 10 others were chased in the next inning, leaving only three men on the Chicago bench when the team was on the field—Manager Ted Lyons, Coach Mule Haas and the trainer.

Williams himself, showed no emotion. After picking himself up from the ground, he nonchalantly brushed off his uniform and then lined out a single.

The Red Sox held the upper hand with Williams, as usual, the pacesetter, driving in the first two runs in the first inning with a double off the left field wall. Tom McBride walked to open the rally. Johnny Pesky singled. Dom DiMaggio forced Pesky, but then Williams came through.

MASS EVACUATION of Chicago White Sox players, enroute to the showers after being ejected by Umpire Red Jones (arrow) for heckling in the Boston-Chicago game at Fenway park yesterday. The other umpire is Bill Summers. A total of 14 players were ejected in the game, which the Red Sox easily won, 9-2. (AP WIREPHOTO)

Snap Losing Streak With 14-Hit Attack

CINCINNATI (AP)—Brooklyn broke a six-game losing streak yesterday, drubbing Cincinnati with a 14-hit attack, 8-4, in a contest played in 100 degree temperature.

Three runs in a seventh-inning spurt featured by Pee Wee Reese's triple with two men on sewed up the verdict.

Singles by Eddie Stanky and Augie Galan and a two-run homer by Dixie Walker gave the Brooks three scores in the third. After Ray Mueller's round tripper had tied the count in the fourth, Cincy opened up a one-run lead in the fifth.

Cards Rained Out; Bums Share Lead

ST. LOUIS (AP)—Rain brought about a first place tie in the National league pennant race last night by forcing a postponement of the St. Louis Cardinals-Philadelphia Phils arclight tilt at the end of three innings after the Brooklyn Dodgers had broken a six-game losing streak in an afternoon game at Cincinnati.

The postponement left the Cardinals and Dodgers with identical won and lost records of 50-34 and halted a scoreless mound duel between right-hander Hugh Mulcahy and the Cardinals' big question mark, Johnny Beazley.

Plumbers Clip Smith's, 10-9

In typical Ned Brant fashion, the Iowa City Plumbers with Ted Fay impersonating the game-breaking Ned erased a three run deficit in the last of the seventh to down Smith's Cafe in last night's City league softball tilt, 10-9.

With Smith's holding a nine to seven advantage going into the last of the final frame, Mittman started the proceedings with a single. Carroll Justice was safe on an error. Carl Williams scored Mittman on a sharp single to left, the runners advancing on the throw. With two out Fay took three straight wide ones and then two down the middle before smacking the ball out of the Benton street park.

Smith's started strong with three runs in the second and another three in the third. The Plumbers retaliated with two in each the third, fourth and fifth. The losers added one in the fifth and two more in the first of the seventh.

Ritchie went all the way for the Smith's boys with Bob King behind the plate. Fay and DeWayne Justice shared the pitching duties for the Plumbers, allowing eight hits.

Carroll Justice led the batters with a double and two singles in four attempts. Bob Lund smacked a fourbaser and a single for Smith's. Mittman and Weindruck of the Plumbers and Doc Lind of the losers each had two safeties.

Braves Romp Over Cubs for 6-1 Win

CHICAGO (AP)—The Boston Braves won their third straight game in the west by defeating the Chicago Cubs, 6-1, yesterday for a 2-1 edge here after successive 3-1 triumphs in Cincinnati and Pittsburgh.

Warren Spahn, young overseas Army discharge, allowed only six hits in gaining his second triumph.

Ray Sanders and Tommy Holmes paced Boston's 12 hit attack while sharing half the Braves' total with three hits apiece. Hank Wyse started for the Cubs, but exited during the Braves' three run seventh. Russ Meers and Bill Fleming finished up after Wyse retired.

'Bums 'Wuz Robbed'

CINCINNATI (AP)—The sneak thief who entered the hotel room shared by pitchers Kirby Higbe and Hugh Casey of the Brooklyn Dodgers early Thursday morning and stole their pay checks and cash, yesterday boldly visited a local bank where he posed as Higbe and succeeded in cashing both checks.

THE BASEBALL SCOREBOARD

| AMERICAN LEAGUE | | | | NATIONAL LEAGUE | | | |

Yankees Put Ruffing On Its Disabled List

NEW YORK (AP)—The New York Yankees announced yesterday that it had placed Charley "Red" Ruffing, its veteran right-hander, on the disabled list.

Ruffing suffered a split knee cap on his right leg while hurling against the Philadelphia Athletics at the Yankee stadium, June 29.

Iowan Carriers Lose

The Daily Iowan nine lost their first league game in five starts yesterday as Johnson's Hawks handed the Carriers a 4-3 defeat in a game played on the Benton street diamond. Eckland hurled for the Hawks with Gady catching. White pitched and Smith caught for the Wildcats.

Tigers Rally to Win From Senators, 10-5

WASHINGTON (AP)—The Detroit Tigers, once behind by 0-5, rallied to defeat the Washington Senators last night, 10-5, and give pitcher Hal Newhouser his 18th victory.

Favorites Slip In Golf Meet

CHICAGO (AP)—Professional E. J. (Dutch) Harrison of Little Rock, Ark., long absent from the amateur's circle, and the current amateur sensation, handsome Frank Stranahan of Toledo, Ohio, deadlocked with three-under-par 68 for the 18-hole lead yesterday in the \$10,000 Chicago Victory National golf tournament.

Stranahan, winner of the Kansas City Invitational last weekend, was the most consistent performer in a 72-player field which started over Medinah country club's exacting par 71, 6,800-yard course with a pair of 34's.

Harrison, whose last major victory was the St. Paul Open last year, opened with a par-matching 36 and then zoomed over the final nine in 32, three under standard.

One stroke off the pace with 69's were U. S. Open Champion Lloyd Mangrum, ex-baseballer Sammy Byrd and swinging Chick Harbert, a trio of professionals who all fizzled the tricky 18th hole for one-over-par fives.

Defending champion Byron Nelson could do no better than 36-37-73, two over par, for a listing far down the get-away standings.

Ben Hogan, nation's leading money winner and co-favored Nelson, was bracketed with eight players at 75, as he netted a 32 and 38 to finish Medinah's rambling No. 3 course.

Johnny Bulla, rangy Chicago professional who reeled off a five-under-par 137 in a 36-hole preliminary competition, slowed to a 37-34-71, a stroke behind sixth place Clayton Heafner, Charlotte, N. C., pro, who had 35-35-70.

Deadlocked at 71 with Bulla were Chicago's Al Huske (35-36), Dick Metz of Wilburton, Okla., (37-34) and Art Doering of Denver, Colo., (35-36).

Jerry Dewitt Wins River Forest Match

CHICAGO (AP)—Jerry Dewitt of San Francisco won the Boys-under-15 division of the River Forest tennis tournament yesterday by beating Keston Deimling Jr., of the Host club 6-2, 10-8.

In one of the meet's biggest upsets, Dorothy Watman of Chicago captured the Junior Girls final by consistently outplaying Doris Jensen of Des Moines to score a 6-4, 6-2 triumph.

Where Can You Find A Better Deal?

● The Daily Iowan Delivered To Your Door For 2 Weeks Free With A 3 Month Subscription - Only \$1.35 or 15c A Week -

Why Should Iowa City Residents Read The Daily Iowan?

Here are just a few of the many good reasons. First, it is one of nine Iowa newspapers with A.P. wirephoto service. And what does this mean to you? It means that you cannot only read what is happening in other parts of the world, but you can actually SEE it happening. It helps you visualize the news. Second, the Iowan has full leased A.P. Wire service to insure a complete coverage of all national and state news. To supplement this, the Iowan's own reporters are constantly on the alert for important University and City items of interest. For 15c a week, you can't find a better deal. So, the next time an Iowan paper boy knocks on your door, give him a subscription. He will appreciate it and so will you.

Trained Counselors To Help Baffled Vets

Veterans baffled by "blind alleys" in their education or on-the-job training will soon receive help from specially trained counselors, the Veterans Administration has announced.

A new program of training experts through special university courses will assure veterans of receiving the benefit of the best known techniques in the counseling field.

Burr Boyd of the local veteran's contact office stated yesterday that one of the specially trained counselors is expected to serve the Iowa City area in some capacity but it is too early to say if one will be permanently located here. Extensive training in psychology and several years of experience in personal counseling is necessary to qualify for appointment as counselor.

14 Carpenters Needed On Quonset Hut Job To Speed Production

Fourteen more carpenters are needed immediately for work on the Quonset huts being built to house university students, E. E. Kline, manager of the local United States employment service office, said yesterday.

"I'm afraid they aren't going to be ready by the opening of the fall semester unless they get the needed help," Kline said.

Carpenters are paid \$1.25 per hour for 40 hours a week, with time and a half for overtime. Positions will open in about a week for one cement finisher and one form setter at \$1.37 per hour for 40 hours a week, with time and a half for overtime. There will be plenty of oppor-

tunities to work overtime, Kline added.

Application should be made in the employment office in the community building.

BULLETIN—

(Continued from page 2)

be led by Rev. Fernando A. Laxamana, minister to student at the Congregational church. His subject will be "Problems Facing the New Philippine Republic." Students planning to attend the picnic must phone their reservations by calling 4301.

AMERICAN VETERANS COMMITTEE

The American Veterans Committee will hold a picnic for members and guests at Lake Macbride Sunday, July 21. All persons attending meet at the chemistry building at 10 a. m. with sandwiches and eating utensils. Those with private cars also meet at the chemistry building at the scheduled time. Gas will be paid for by the AVC. The charge of 75 cents will include transportation.

All members should forward at once their correct Iowa City address and phone number to post-office box 408, Iowa City.

VETERANS

All veterans who are interrupting their training Aug. 7 must report to room 17, southwest corner Schaeffer hall basement, to fill out interruption form. Room open 1 to 5 p. m. Monday through Friday.

SCIENTIFIC RUSSIAN

A reading course in Scientific Russian, 41:101, 41:102, with a total of 8 s. h. credit will be offered during the academic year 1946-47. Open to graduate students; a few under-graduates may be admitted by special permission. Graduate students may optionally take this course without credit. Total enrollment will be limited to 25. Students with a satisfactory language aptitude and interested in Russian should be recommended by their major depart-

Dr. Bell Urges Modern Youth to Defy Convention

Says World Not Yet Ready To Make Peace

Episcopal Clergyman Asks Young People To Live Creatively

Modern youth must defy the world and refuse to conform to patterns of a degraded society if it is not to die with the rest of the world, Dr. Bernard Iddings Bell said in his lecture here last night.

One may live by conforming to the social patterns of the mob, "but that's not living," Dr. Bell declared. Only by living in defiance of the forces that bind man to the path of selfish ignorance and by striving to live creatively as an artist of God, "with giving love," can man rise to rebuild on the crumbling ruins that civilization is becoming.

Dr. Bell, eminent Episcopalian clergyman, author and lecturer, described the world as "not making peace and seemingly incapable of doing so." To the contrary, he said, the actions and attitudes of nations bear the resemblance of a world preparing for war.

If we refuse to accept this trend but "take an attitude that all is right with the world, we are cowards," he said.

The schools of today are not preparing youth to meet the challenges of an unruly, restless civilization, Bell stated. They fail to teach "what life is all about," he said, "because society does not demand it."

Generation of Rabbits
It is up to youth to demand, "Give us what we want or we'll destroy you," Dr. Bell declared. "It is a generation of rabbits we have today," he said.

The modern world is based on four "inadequate" concepts, Bell stated; possession, pleasure, power and pedantism.
Until we find and utilize the fifth and true end—"That man must creatively cooperate with God"—we are doomed to the same wars and suspicions that have plagued us increasingly in this century, he said.

"Life consists of things to do," he continued. "If they are done creatively, as an artist of God, there is joy in them and man is happy."

When people are unhappy, they are unreliable and they will stoop to anything to get happiness, Dr. Bell said. "They seek to grab the happiness they have missed from someone they think has found it," he declared.

World Federation
Striving for a world federation of nations is a "curiously superficial analysis of the world's ills," Dr. Bell declared.

Our freedoms mean nothing to the people of Russia, he said, because they have never known similar freedoms. Yet there are those who would unite "two diametrically opposed nations like Russia and the United States by a few strokes of a pen."

A world state without a world community would never be successful, Dr. Bell said. "To try to solve our problems with political devices is to play the fool," he declared. The need is for human beings. "Man must be what he was made to be or he will perish," Bell stated.

Motivating Concepts
The motivating concept of possession is evident in students of today as well as in the world of business and international affairs, said Bell. They seek and register only for "practical" courses that will bring the largest financial returns, he said.

Observing that the concept of living to have a good time is better than that of possession, Dr. Bell nevertheless stated, "When one pursues pleasure, pleasure ceases to amuse him." Pleasure's place is one of moderation, he said, adding that it has become an obsession the world over.

Nazi Youth
In Germany, where he observed

DR. BERNARD IDDINGS BELL (right) talks with University of Iowa President Virgil M. Hancher just before Dr. Bell delivered the seventh in a series of summer lectures to students and university guests assembled on the west approach to Old Capitol.

the growth of Nazism, Dr. Bell said that Nazi youth turned to power because they were bored with the pursuit of pleasures and possessions. They were convinced, he said, that by attaining great power they could make a better world.

The Nazi attempt to unite Europe into a German federation failed because coercion was used in the attempt to achieve the unity.

"It is the nature of human beings to resent despots," Dr. Bell said, "and the more benevolent the despot, the more he is hated." He warned that if Americans continue to pursue the "sub-human end" of despotism they will earn the contempt of the world, and that destruction will inevitably follow.

When men pursue knowledge for the sake of knowledge, they forget that "destiny is not determined by the thinking men do," Dr. Bell said. A pedant is the most useless thing on earth. Man's future, he said, depends on how he handles what he already knows.

Leland Bodeen Named To I.C. Gas, Electric

Leland D. Bodeen of Moline, Ill., has been selected as sales supervisor of the Iowa City district of the Iowa-Illinois Gas and Electric company, R. H. Lind, district manager announced yesterday.

Bodeen replaces George M. Sheets in directing the sales promotion activities of the company in Iowa City. Sheets resigned a short time ago to accept a position with Central Surveys, a national market research organization.

Since 1944, Bodeen has been with the office of price administration in the capacity of farm commodity specialist, and price board supervisor.

Bodeen has a background of experience in the public utility, insurance and automobile fields. During 11 years with the Iowa-Illinois Gas and Electric company in Moline, he served first as an accountant and later as a sales representative.

He will be joined here by Mrs. Bodeen and their 3-year-old daughter, Linda, when suitable living accommodations can be located.

New York delegates were not authorized by their state convention to sign the Declaration of Independence until five days after the historic signing on July 4, 1776.

University Play Night To Feature 2 Divers

Tonight's all-university play night will feature two divers, David Brockway, A2 of Marshalltown, and Bill McDonald, A3 of Chicago, who will perform on the high and low boards. Play night, when held at the fieldhouse is sponsored by the men's physical education department.

Outdoor activities will begin at 7 p. m. and will continue until 8 p. m. when the gym and pool will be opened for games and a mixed plunge. All games and swimming end at 10 p. m.

The two divers, leading prospects for coach David Armbruster's tank squad this fall will begin the exhibition at 8:30 p. m. It is requested that all swimmers furnish their own towels and that the women bring a coat-hanger and wear bathing caps while swimming. Play night is for students and faculty members only.

There will be one additional play night Saturday, July 27, at the women's gym and athletic field under the direction of Polly Paulsen, instructor in the women's physical education department.

pins by Mrs. Lloyd Spencer were: Mrs. George Trundy, Mrs. A. W. Bennett, Mrs. Delmar Sample, Mrs. Emma Randal, Lois Randall, Mrs. Whittaker, Mrs. W. A. Gay, Mrs. Deborah Hurley.

Mabel Hurley, Mrs. Muriel Ward, Mrs. E. L. Boerner, Mrs. L. E. Clark, Mrs. A. D. Evans, Mrs. C. S. Greer, Mrs. George Maresh and Mrs. J. D. Reichart.

It was decided at a special meeting of the board Wednesday that the organization will buy a hot pack machine to be used in the treatment of infantile paralysis. It will be donated to the University hospital.

Legion Women Honor Members of 25 Years At Special Meeting

The American Legion auxiliary honored its 25-year members at a meeting Monday night in the Legion rooms of the Community building.

The women presented 25-year

Crews Stop Search When 'Victim' Calls

An insistent man's voice called the sheriff's office late Thursday night reporting a possible drowning and requesting a search for the body of a woman.

Crews from the sheriff's office and fire department sent to drag the Iowa river yesterday morning, were stopped at 10 a. m. when an equally insistent voice—this time a woman—called the police department and said she had not drowned as reported.

Stamp Club Reports 5,000 Cachets Issued

The Iowa City stamp club has sold 5,000 of the special envelopes printed up as first day cover cachets for the 3-cent Iowa Centennial stamp. Dr. Edward Bartow, president of the club made this announcement yesterday.

A printed postcard filler has been prepared by the stamp club for these envelopes, which have a picture of Old Capitol on the face.

Fifteen points taken from the plaque "The Old Stone Capitol Remembers," which stands in the lobby of Old Capitol will outline the history of the building, and the history of the formation of the state of Iowa.

The points on this card will develop the story from the days in 1839 when ground was cleared for the building, up to 1857 when the building was given to the state university for educational purposes.

Autos Collide

An accident involving cars driven by M. E. Scandrett of Grinnell, and Joseph Cooley of Seymour, occurred Thursday afternoon at Dubuque and Burlington streets. Fifty dollars damage to the Cooley vehicle was reported.

Rev. F.A. Laxamana Speaks to Masons On Philippine Success

"The success of the Philippine republic will reflect credit on the United States," the Rev. Fernando A. Laxamana, minister to students at the Iowa City Congregational church, told members of the Friday Masonic luncheon club.

"A half billion Orientals are hoping for Philippine success to lead the way of freedom for other peoples of the Pacific," the minister said.

Digging the country out of its ruins, building a democratic land system, and reviving Philippine industry are the main problems facing the new republic, the Rev. Mr. Laxamana declared.

There are many factors leading to the success of the new government, he pointed out. The islands are rich in natural resources, have abundant fertile lands, an untapped fishing industry, a friendship with this country and a stalwart determination to succeed.

The Rev. Mr. Laxamana was born 40 years ago in Pampanga, Luzon. He came to this country as a student in 1928, to attend South Dakota Wesleyan university.

After obtaining his bachelor of Divinity degree at Garrett seminaries in Evanston, he completed work on a master of arts degree at the University of Chicago.

When the war broke out the Rev. Mr. Laxamana was in charge of a Filipino church in Chicago. In 1943, he joined the United States army, and as a chaplain, was the first American soldier to return to the city of his birth in the Philippines at which time the residents declared an all-day holiday.

The Rev. Mr. Laxamana came to Iowa City on March 1, 1946, as a minister to students of the Congregational church. He and

'Taming of Shrew' Show Dates Shifted To July 29-August 3

A change in the performance schedule of the university production of Shakespeare's "Taming of the Shrew" has been announced by the dramatic arts department.

Instead of opening on Thursday, July 25, as originally scheduled, the production, which is under the direction of E. Iden Payne, will open on Monday, July 29 and run for six consecutive evening performances through August 3. No matinee performances will be given.

Tickets will be available at the university theatre box office, room 10, Schaeffer hall, beginning Thursday. Students may receive tickets upon presentation of a registration certificate.

Kline to Participate In Job-Report Survey For Burlington Area

E. E. Kline, manager of the local United States employment service office, will leave for Burlington tomorrow to join several other managers in a four or five day job-report program in the Burlington area.

Job-recruit surveys have been made in Dubuque and Mason City this year. In both cities several good jobs and training opportunities were unearthed.

The date for such a survey of the Iowa City area has not been set.

his wife and five-year-old daughter live at 919 E. Washington street.

Airport Work Moves Rapidly

Rapid progress is being shown in the \$299,925 civil aeronautics administration expansion program at the municipal airport, F. C. Wilson, resident engineer, declared yesterday.

Getting back into full production after Wednesday's slowup due to bad weather, a stretch of concrete over 700 feet long, 25 feet wide, and 9 inches thick was poured yesterday on taxiway "A" and the south end of the north-south runway.

The first half of taxiway "A" was completed yesterday afternoon at which time the cement equipment was moved to the south end of the north-south runway to lay a 1,040 foot extension.

Six different machines comprise the unit laying the cement. The cement mixer dumps out the mixed fluid on the stabilized base of sand and clay.

A spreader distributes this fluid equally between the steel forms. This machine is followed by a finisher which levels the concrete and rids the mass of all air pockets through a vibrating mechanism.

At this point a longitudinal float smooths off the top while a flex plane machine inserts joints into the cement.

Last of all, a compound spreader puts a wax coat on the finished strip to prevent water evaporation, thereby obtaining maximum strength in the finished concrete.

Good Paint Is Still Hard to Get

Although our paint supply is still limited and we may not have the exact color you desire, among our several lines of products you may find something that will suit your needs. If we don't have just what you want in our present stock—keep asking for it.

Why the Scarcity of Paint?

The supply of linseed oil, an essential material in the manufacture of paint products, is very critical. An edible oil, it is now being processed into a margarine to feed the starving peoples abroad. Thus, the supply of paint for the consumer is still curtailed. But again we say, if we don't have exactly what you want today—we may have it tomorrow.

We do have a good supply of wall paper patterns for all rooms in stock. And there is no shortage of home cleaners and brighteners. You can find waxes and polishes for all home purposes on our shelves.
