GOOD MORNING, IOWA CITY!

Generally fair and a little warmer today and tomorrow. High today between 80 and 85. Low tonight between 45 and 50.

Local Entry in Soap Box Derby Makes Valiant Try, But Loses

NORMAN E. SMITH, (left), Iowa City's entry in the All-American Soap Box Derby, at Akron, Ohio, Sunday, speeds toward the finish line—a close second to Ted Garland (right) of White Plains, N. Y. Norman was eliminated in his first competition of the day. He did beat the St. Louis, Mo., entry who was racing in the same heat but isn't shown. The time of Norman's race was 27.32 seconds. The grand champion winner of the derby was 14-year-old Gilbert Klecan of San Diego, Cal., with a time of 27.13 seconds for the 1,200-foot derby course.

There's lots more to a trip to Akron, Ohio, to take part in the All-American Soap Box Derby than just the race, according to Norman E. Smith, Iowa City's entry. Norman got back home last night after a swell weekend in Akron as one of 112 boys from throughout the United States who were entered in the race down the 1,200 foot derby course. The racing was over for Norman in just 27.32 seconds of his first heat. He was beaten by Ted Garland of White Plains, N. Y., who went on to win sixth place in the derby. The Iowa City youth placed second in the three-car race, whipping the St. Louis, Mo., entry.

"We didn't have much spare time in Akron—we were on the go all the time," Norman said. The boys were quartered in the Mayflower hotel, four to a room, and given every attention. Norman said it was easy to make friends and that the sportsmanship was "swell." His roommates were from Indiana, Mississippi and Ohio. "We were shown around the Firestone company's plant. They have everything in the way of sports—gymnastics and a pool. We swam in the pool—and Paramount cameramen were taking pictures all the time," he said. Norman was impressed by the singing of "The Battle Hymn of the Republic" by a 320 voice chorus during the Sunday night banquet in the city armory. Vaudeville shows were given at the banquet and several other musical groups performed. All the boys were given a Bulova, sweepstake, wristwatch and a diploma signifying their participation in the race. In addition, each boy got to keep the silk flag with the city of origin inscribed on it, the silk shirt and the helmet worn in the race. "The difference is in the weight of the car and driver and the wheels. More weight means more speed—and wheels must run smoothly. Maybe I can help next year's winner."

Expect Report Today From Price Board
Any Restored Controls To Be Made Effective Friday, Says Porter
WASHINGTON (AP)—The price decontrol board yesterday neared the end of its task of deciding whether livestock, grain, dairy products, cottonseed and soy beans shall go back under price control. A member of its staff reported that some points still are undecided but the board expects to deliver its verdict at 6 p. m. (CST) today. Price administrator Paul Porter announced that any restored price ceilings which the board may permit will not be made effective until 12:01 a. m. Friday. The purpose of the delay, he explained, is to avoid confusion on the part of the public and the trade. "Need Time to Adjust" "We do not know what the board's decision will be," Porter said in a statement. "A little time, therefore, is necessary for business to adjust itself to such reconrol as the board may order and to permit the administration to determine what specific changes in the regulations may be required by the decision of the board. "Of course, the interim order will have no effect in any case where the board may direct continued decontrol. But without any advanced knowledge of the board's plans, OPA's order must blanket all the commodities affected." New Price Increases The OPA announced last night increases in the ceiling prices of canned fruits, mechanical refrigerators and automobile parts. The increases on canned fruits apply to the 1946 pack as soon as it reaches the stores, and to all fruits except applesauce, citrus, fruit and juices, and grape juice. On No. 2 1/2 cans, they amount to one cent for peaches, two cents for apricots, plums figs and prunes, seven cents for pears, and four cents for fruit cocktail. They were granted to offset higher costs. In the case of pears and fruit cocktail, the OPA said, the boosts represent the first application of the Barkley substitute for the Taft amendment which stipulates that prices must return current costs plus "a reasonable profit." The increases on automobile replacement parts are to offset higher wage and material costs and become effective Saturday. The increases are 15 percent on engines and engine parts, 28.8 percent on radiator hose, 17.3 on fan belts, 12 percent on bearings, 24.5 percent on dump bodies and hoists, and 13 percent on all other parts. Refrigerator prices were boosted six percent at retail, completing a round of increases on household items required under the new law.

British Cabinet to Begin Talks on Palestine Issue

LONDON (AP)—Britain prepared yesterday to tackle the Palestine problem at cabinet-level discussion in which, an informed official source said, the government probably would agree to certain conditions fixed by Zionists as essential for their participation in the projected Arab-Jewish Holy Land conference. The source said the cabinet, resigned to resolving the Palestine issue alone, would meet tomorrow to discuss the thorny question in the light of President Truman's statement that the United States would not participate immediately in the Holy Land federalization proposals. As Prime Minister Attlee prepared to meet with his ministers, these developments emerged from the Palestine conflict. 1. Jewish leaders in Tel Aviv declared Monday's mass meeting and abortive demonstration were "the turning point in Jewish thinking—victory for moderation over extremism," and asserted that Jews were looking more and more to their political and diplomatic leaders than to saber-rattling terrorist chieftains. 2. Tension continued high in Jerusalem, fanned by additional bomb warnings, and a Jewish spokesman announced that details of a civic disobedience program protesting British Holy Land policies were still in the planning stage. 3. In Paris members of the Jewish Agency executive committee opened the third week of conferences on Palestine, discussing behind closed doors their recent exchange of views with British Foreign Secretary Ernest Bevin. 4. At Famagusta, the Cyprus refugee camp was swelled with an additional 784 illegal Jewish immigrants from Haifa. British sources here took the view that the American attitude left Britain to work out the explosive problem alone through discussions with Jews and Arabs. Four Arab states already have agreed to meet with British negotiators. Meanwhile, a foreign office spokesman—in reply to a question at a news conference—declared Britain would not object if any member-staff sought to raise the Palestine issue in the United Nations general assembly scheduled to meet in New York Sept. 23. The Jewish Agency's terms, fixed as essential for Zionist participation in the Arab-Jewish conference, were first conveyed to Colonial Secretary George H. Hall last Thursday when he received Dr. Chaim Weizmann, the World Agency president, Rabbi Stephen Wise and Dr. Nahum Goldman, United States members of the agency's executive. Later they were set out in a letter received by the colonial office Saturday.

Posse Circles Swamp, Hunt Two Men Blamed for Ambush
MAGEE, MISS. (AP)—Two Negro war veterans, whom officers chiefly blame for the ambush shooting of four white men, were surrounded in swampy Sullivan's Hollow last night by a posse which took eight other prisoners during the day. Acting Governor Fielding Wright visited the scene of the manhunt late yesterday and then came to assure himself on the safety of seven of the captives who are in jail here. He expressed satisfaction that there was no danger of violation of the prisoners. Got Calls "I knew there was nothing wrong down here but I got calls from the north and came down to see for myself," the acting governor said. He said the calls came from Assistant United States Attorney General Lamar Caudle, in charge of the department of justice criminal division, and from Walter White of New York, an official of National Association for the Advancement of Colored People. The posse was formed last night after a deputy sheriff, a city marshal and two special deputies were struck by shotgun charges as they approached the home of the Negro Craft family. The of-

Government Invites Miners, Operators To Resume Talks
WASHINGTON (AP)—The government, anxious to return the nation's soft coal mines to private owners, last night invited United Mine Workers' President John L. Lewis and the bituminous operators to resume negotiations Sept. 10. There was no immediate wave of optimism, among either operators or miners, that a contract would be negotiated soon, however. Operator representatives said that feelers thrown out since the government made its own agreement with Lewis May 29 indicated that Lewis intended to make additional demands on them when negotiations eventually were picked up again. There were strong indications within the union that the contract made by Lewis with the government might not be a transferrable document. Lewis, in Chicago, made no comment on the invitation. A spokesman here said, however, that the miners' position remains unchanged. "We're willing to negotiate a contract with the operators." Chairman Ezra Van Horn of the operators' negotiating committee withheld comment pending contact with members of his group, who have been scattered. There had been no negotiations between the operators and Lewis committee since May 22, when the government seized the approximately 4,500 bituminous coal diggings. The strike of 400,000 soft coal diggers began April 1 and ended with the agreement under which the pits are now operated by the government.

Stamp Sale Sets Record

WASHINGTON (AP)—The post office department said yesterday that the first-day sale of the Iowa statehood commemorative postage stamp exceeded all previous first-day sales of statehood stamps. At Iowa City, a total of 1,067,000 of the stamps, valued at \$32,010, were sold on the first day, the department said. There were 517,505 covers cancelled. The department said the number sold at Iowa City was more than 200,000 greater than first-day sales of the Tennessee statehood stamp on June 1. This was the next highest sales figure of statehood stamps.

U.S. Opposes Soviet Claims In Dardanelles
By JOHN M. HIGHTOWER
Diplomatic Reporter
WASHINGTON (AP)—The United States informed Russia yesterday of its unqualified opposition to Soviet demands for a share in military control of the Dardanelles. Diplomatic authorities who disclosed this said a note setting forth this government's attitude toward the strategic waterway between the Mediterranean and the Black Sea was handed to Fedor Orekhov at the state department. Orekhov is charge d'affaires at the Soviet embassy. At the same time, it was learned, the American embassy in Ankara is informing the Turkish government of this country's position. It was understood from diplomatic authorities that the note includes four principal points: 1. The United States cannot agree to Russia's proposal for a joint Soviet-Turkish defense of the straits. This proposition is considered here as tantamount to a Soviet demand for military bases in the straits. 2. The United States cannot agree to Russia's proposal that control of the straits should be worked out by agreement only among the Black Sea powers. These powers are principally Russia and Turkey. 3. On the contrary, the United States feels that the issues involved in future control and use of the Dardanelles should be settled in accordance with United Nations principles; that is, by broad international agreement along the lines of the present Montreux treaty which now governs the straits. 4. The United States would be happy to attend any international conference which might be called to consider revising control of the straits, presumably in accord with provisions of the Montreux treaty.

Stamp Sale Sets Record
WASHINGTON (AP)—The post office department said yesterday that the first-day sale of the Iowa statehood commemorative postage stamp exceeded all previous first-day sales of statehood stamps. At Iowa City, a total of 1,067,000 of the stamps, valued at \$32,010, were sold on the first day, the department said. There were 517,505 covers cancelled. The department said the number sold at Iowa City was more than 200,000 greater than first-day sales of the Tennessee statehood stamp on June 1. This was the next highest sales figure of statehood stamps.

Eyewitness Says Yugoslavs Shot Down U.S. Plane

BELGRADE, Yugoslavia (AP)—Italy, destination of the plane, picked up a radio call from the pilot saying he was under attack by a fighter plane in the Klagenfurt corridor just north of Yugoslavia. (Allied headquarters in Caserta said the radio of the missing plane went dead shortly after the message was received. By afternoon there still was no word of the European Air Transport Service C-47, which was on a routine run from Vienna to Udine.) Persons on the ground, the eyewitness said, first heard the cannon shots and then saw a huge column of smoke appear in the sky as the transport plane spiraled to the ground. The area where the plane was seen to fall is about 25 miles from the spot where the United States C-47, also on the Vienna-Udine run, was forced to land under gunfire on Aug. 9. According to the witness' story, "a large plane, flying a southeasterly course over the Julian Alps at 9:15 a. m., was seen to spiral to the ground in a column of black smoke," after being "attacked by two Yugoslav fighter planes." "Four or five cannon shots were heard from the ground near the Yugoslav summer resort of Bled," he added. Tito at Resort Marshal Tito, Premier of Yugoslavia, was reported to have been at his summer residence at Bled at the time the plane was shot down. It was seen in Bled on Sunday. (The missing American transport plane had radioed its report of the tracer and anti-aircraft just 10 days after another American C-47 was forced down by two of Tito's fighters. (A telephoned report received in Vienna said the airport at Udine, Italy, destination of the plane, picked up a radio call from the pilot saying he was under attack by a fighter plane in the Klagenfurt corridor just north of Yugoslavia. (Allied headquarters in Caserta said the radio of the missing plane went dead shortly after the message was received. By afternoon there still was no word of the European Air Transport Service C-47, which was on a routine run from Vienna to Udine.) Persons on the ground, the eyewitness said, first heard the cannon shots and then saw a huge column of smoke appear in the sky as the transport plane spiraled to the ground. The area where the plane was seen to fall is about 25 miles from the spot where the United States C-47, also on the Vienna-Udine run, was forced to land under gunfire on Aug. 9. According to the witness' story, "a large plane, flying a southeasterly course over the Julian Alps at 9:15 a. m., was seen to spiral to the ground in a column of black smoke," after being "attacked by two Yugoslav fighter planes." "Four or five cannon shots were heard from the ground near the Yugoslav summer resort of Bled," he added. Tito at Resort Marshal Tito, Premier of Yugoslavia, was reported to have been at his summer residence at Bled at the time the plane was shot down. It was seen in Bled on Sunday. (The missing American transport plane had radioed its report of the tracer and anti-aircraft just 10 days after another American C-47 was forced down by two of Tito's fighters. By afternoon there still was no word of the European Air Transport Service C-47, which was on a routine run from Vienna to Udine.) Persons on the ground, the eyewitness said, first heard the cannon shots and then saw a huge column of smoke appear in the sky as the transport plane spiraled to the ground. The area where the plane was seen to fall is about 25 miles from the spot where the United States C-47, also on the Vienna-Udine run, was forced to land under gunfire on Aug. 9. According to the witness' story, "a large plane, flying a southeasterly course over the Julian Alps at 9:15 a. m., was seen to spiral to the ground in a column of black smoke," after being "attacked by two Yugoslav fighter planes." "Four or five cannon shots were heard from the ground near the Yugoslav summer resort of Bled," he added. Tito at Resort Marshal Tito, Premier of Yugoslavia, was reported to have been at his summer residence at Bled at the time the plane was shot down. It was seen in Bled on Sunday. (The missing American transport plane had radioed its report of the tracer and anti-aircraft just 10 days after another American C-47 was forced down by two of Tito's fighters. (A telephoned report received in Vienna said the airport at Udine, Italy, destination of the plane, picked up a radio call from the pilot saying he was under attack by a fighter plane in the Klagenfurt corridor just north of Yugoslavia. (Allied headquarters in Caserta said the radio of the missing plane went dead shortly after the message was received. By afternoon there still was no word of the European Air Transport Service C-47, which was on a routine run from Vienna to Udine.) Persons on the ground, the eyewitness said, first heard the cannon shots and then saw a huge column of smoke appear in the sky as the transport plane spiraled to the ground. The area where the plane was seen to fall is about 25 miles from the spot where the United States C-47, also on the Vienna-Udine run, was forced to land under gunfire on Aug. 9. According to the witness' story, "a large plane, flying a southeasterly course over the Julian Alps at 9:15 a. m., was seen to spiral to the ground in a column of black smoke," after being "attacked by two Yugoslav fighter planes." "Four or five cannon shots were heard from the ground near the Yugoslav summer resort of Bled," he added. The New Emphasis on Education

In the midst of housing and space headaches, GI Bill red tape and overworked registrars, we wonder if university administrators throughout the nation ever pause to consider the great public service that educational institutions are doing at this time.

Their's is the thankless task of trying to accommodate the greatest enrollment of college students that this country has ever seen. And even with colleges crammed to maximum capacity, it is estimated that some 480,000 students, 290,000 of whom are veterans, will be turned away this fall.

According to the comprehensive Snyder report on "The Veteran and Higher Education," college enrollments of 3,000,000 are predicted for 1955. This number is twice the 1940 enrollment.

It is apparent that a new generation of Americans is emerging, a generation which evidently intends to be better prepared mentally to cope with the problems of the world than any of its predecessors.

This zeal for education on the part of so many thousands of young Americans is the most encouraging aspect of an otherwise discouraging postwar world. In 1940 only one sixth of the persons of college age were enrolled in universities. Dean Earl J. McGrath of the SUI college of liberal arts has said that the trend of more young persons attending college will continue for an indefinite period, and that the influx of veterans is only part of the trend.

Another aspect to this widespread desire for education is that a new student is emerging. Although it is generally conceded that the veteran students are out-doing their civilian classmates by a measurable margin, most educators have noticed a new spirit of academic aggressiveness among all students.

Associate Dean Nicholas M. McKnight of Columbia college has this to say about the veterans at Columbia university:

"The servicemen resuming their studies are still more than compensating for their absence from formal studies by their invaluable habit of sizing up their jobs quickly, getting at them promptly and finishing them on schedule. . . They are defter in the laboratories, quicker to see the theoretical principles in their science courses as a result of their experience with mechanical devices. Of course they are a complete delight to the instructors in courses in international economics, comparative government, sociology and similar courses."

It is becoming more and more apparent here at SUI, however, that the vitality of the veteran student, has through the spirit of competition, aroused an eagerness for knowledge on the part of all students. Never before in the history of America has knowledge and information been so strongly emphasized as it is today.

The educators of this country have a big job cut out for them. Top heavy enrollments will mean headaches and long hours for most of them. We hope that they will always bear in mind that upon their success in educating this new generation of Americans may depend the shape of the world tomorrow.

Alabama Has Jim Crow on the Bench

Here's a man who evidently doesn't believe in his name. You will remember reading about the race riot in Athens, Alabama, August 10. The riot started after two white men and a Negro had started a fight. When police arrived, the Negro fled, and the two white men were arrested as they should have been.

But shortly after that, a mob of whites, aroused at this sharp rebuff of white supremacy, gathered at the jail demanding the release of the two men. The police, who were probably in sympathy with the white gladiators, released the men immediately.

The mob then terrorized the whole town the rest of the night by chasing down all the Negroes in sight and beating them up. Now, according to a news item yesterday, a special jury has been asked to investigate the riot. The point of our story is that the circuit court judge who called the jury is named James Crow Jr.

But don't let his name fool you. He made it clear in his charge to the jury that his name is not to be taken as indicative of his views on the race question. Judge Jim Crow told the jury that it was expected "not to refuse to return indictments because of fear of disfavor."

So in this case, the answer to the proverbial question, "What's in a name?" would have to be, "Not much, brother, not much."

James D. White's

Interpreting the News....

CHINA HAS DEVALUED her currency, so the new exchange rate appears to revert to the old trend. This is borne out by the quick rise of prices in Shanghai, not only on imported goods but on local goods and services, which followed announcement of the new rate despite official pleas to merchants to help in keeping prices down.

Quantitatively, its meaning is simple. It means that anyone in China with United States dollars or credits can buy 3,350 Chinese dollars today for one United States dollar, whereas last week he could buy only 2,020.

The government controls and has a check on foreign exchange through a permit system operated through approved banks.

Anyone who loaded up last week on Chinese currency at the 2,020 rate takes a corresponding loss this week if he has to buy United States dollars.

By the same token anyone who bought United States dollars last week at the low rate stands to clean up this week if anyone wants to buy the American money on credit.

Last month for the first time in many years the Chinese government announced it had issued no new currency to add to the already terrible inflation. This was welcomed as a desirable step, toward halting inflation if not actually having a deflationary effect.

But devaluation is generally an inflationary thing, not deflationary.

Focal Points

By YOKE

Ooooo, how they murdered the Dorsey brothers Sunday night. On Tommy's show over NBC at 7:30 they committed such a crime against the good name of Dorsey as has not been seen in these parts for years.

The program "Dorsey Drive" is usually entertaining and always musically good. But the big feature of the show Sunday was to be the appearance of Jimmy Dorsey, and the script writers really strained themselves.

You know that the boys have not always gotten on so well. In fact, they fight, and have for years. What would you do with the script? Well, they didn't. They had the brothers fight over the air, a thing that not only drops like a lead balloon, but which is something personal which I would rather not hear.

And then they had mamma Dorsey come in and break the whole thing up. Now mamma may be a nice mamma, but she was certainly out of character in the part they gave her, and she was scared. The whole effect: blah!

What heaped further coals upon my head was the "concerto" to be released in the forthcoming picture "The Great Dorsey Brothers." The idea in the show was to have the Dorsey's wind up the extravaganza with a double concerto for trombone and clarinet. So Sunday night they give you a big treat, they play it as a premier on the radio program. What a crime!

Both Jimmy and Tommy are somewhat noted for their versatility and sophisticated style. You'll remember those "cool and limpid-green eyes" played by Jimmy, and Tommy is somewhat of a legend as far as popular music is concerned. But in this erstwhile concerto they play the most awful conglomeration of cacophonous chords these ears have heard in a long time, which proves two things: (1) When short-hairs get into the long-hair area, they often take a nasty spill, and (2) some junior genius who flunked out of the Zanivitz school of applied shoe-horn technique had to turn out a concerto in a couple of days and he did.

I understand that Leo Durocher (he of the Brooklyn Dodgers rhabar pie) is going to be on a radio soap opera in the fall. It's going to be typed around the "Casey at the Bat" fable and will star Leo in the title role. This I gotta hear.

But basically the radio people have a good idea. There is no reason why radio drama has to employ actors. Many of those present are not actors anyway, so it doesn't matter. With Durocher in the fold now, things are looking up.

Can't you hear it? The Lip: Mona, why'n'cha let me take youse away from all dis. Mona: But Leo, there's the first, second and third mortgage get out of the way. Little Elinor is sick with the seven year itch, and mama won't let me.

Leo: But Mona, I'll talk to yus mudder, pay off them mortgages and give your sister some (name of sponsors product to be inserted) for dat itch. Mona: Oh, Leo, your so manly and masterful.

After which we have a quick organ interlude and a long commercial.

Other intimate information picked up recently is that the King Brothers are going to produce a movie expose of the Klu Klux Klan. These people are the same

who produced the picture "Dillinger." All of which reminds me of a story about a good friend of mine.

It seems that this friend was invited to join the KKK when they were active in Iowa following the last war. He lived in a small town and knew everyone in the area whether they wore a white sheet or not. So he went to the meeting and broke up the whole procedure by calling a few names at the improper moment.

When the grand high exalted dragon got up to lead the newcomers around the secret circle (or what ever it is they do) my friend said: "O. K. Able, I'm right with you."

And when the chief high mucky-muck began his harangue, my friend disagreed with his statements, such as: "H. M. M.: "Now you all know that—"

My friend: "No, I don't know, Steve—"

And the meeting was adjourned to be held at such time when a more sympathetic crowd was assembled. This technique would work wonders in a good many instances when rabble rousing is employed. If you get a chance, try it!

Is Atlantic Charter Still Valid?

By H. D. CRAWFORD

WASHINGTON—Statesmen are talking peace at Paris. Over that conference table hovers the Atlantic Charter, with its eight points devised five years ago, this month, by the late President Roosevelt and British Prime Minister Winston Churchill on board warships off the coast of Newfoundland.

The Atlantic Charter was the first joint statement of aims for the peace to follow World War II. It was written four months before the United States entered the war. It grew out of the first Roosevelt-Churchill meeting. The charter formed the basis for the United Nations Declaration, signed on Jan. 1, 1942, by 26 nations. For five years the principles of the Atlantic Charter have played an important part in guiding the thinking of the world in anticipation of the time when statesmen of many nations would sit down at conferences to formulate peace.

On July 27, the day Secretary of State James F. Byrnes flew from Washington to Paris to attend the present conference, the text of the proposed treaty with Italy was announced, and the New York Times remarked editorially that "we cannot say that this treaty conforms to the Atlantic Charter."

Two days earlier, on July 25, Foreign Minister Ernest Bevin told the British House of Commons that he had "never yet been able to reconcile" the decision reshaping Poland's frontiers with principles of the Atlantic Charter.

All the wartime conferences, starting with the Atlantic Charter, based their agreements on principles upholding the sovereign equality and the cooperation of all nations, small as well as large.

On the day before Secretary Byrnes left Washington for the present conference, I attended his press conference at the department of state. Byrnes reiterated the principle that the ideas and suggestions of small nations as well as large would be given careful consideration.

People Are Asking—Peoples all over the world today are asking: will the statesmen make a lasting peace? Have nations learned that the crime of aggressive war does not pay? Will justice be administered to all the war criminals? Will the machinery of the new peace be able to prevent future wars?

Can the dreams and hopes and ideals of mankind be realized despite the clashing ideologies, the greed, the selfish nationalism, and the grasping opportunism of the post-war world? Do principles of the Atlantic Charter still mean what they were supposed to mean in 1941 and during the years of World War II, when they were a beacon of hope on the future's dark horizon?

Time alone can answer some of these questions. They will be answered by the motives and actions of nations, as well as by the words of their statesmen. Nations that are motivated by good-will, those that sincerely want to establish a just and lasting peace in a cooperating world of law and order, will make their stand clear during the months ahead.

If any nation desires to sabotage the peace and to seek national gain by creating chaos and frustration, it will show its true colors during the months ahead, and its actions will be judged before the bar of world opinion.

We can at this stage, however, re-evaluate the principles of the Atlantic Charter. We can look back to five years ago and recall the world stage upon which the charter was destined to begin its momentous role.

The fifth point of the charter expressed the desire "to bring about the fullest collaboration between all nations in the economic field with the object of securing, for all, improved labor standards, economic advancement and social security."

Sixth was the hope that after Nazi tyranny was destroyed there would be established "a peace which will afford to all nations security in their own boundaries and which will afford assurance that all the men in all the lands may live out their lives in freedom from fear and want."

Seventh was a restatement of the old principle of freedom of the seas, that "such a peace should enable all men to traverse the high seas and oceans without hindrance."

The eighth point has been called the most important of all, and certainly it is important to reconsider as our statesmen talk peace and at a time when agreements on Germany and Austria are yet to be reached.

This point stated that the United States and Great Britain "believe that all the nations of the world, for realistic as well as spiritual reasons must come to the abandonment of the use of force. "Since no future peace can be maintained if land, sea or air armaments continue to be employed by nations which threaten, or may threaten, aggression outside of their frontiers, they believe, pending the establishment of a wider and permanent system of general security, that the disarmament of such nations is essential."

"They will likewise aid and encourage all other practicable measures which will lighten for peace-loving peoples the crushing burden of armaments."

World reactions to principles of the Atlantic Charter have, as might well be expected, varied widely. From the very beginning the charter has had its severe critics as well as its strong supporters. Its critics have charged repeatedly that it was too vague, that it failed to present a specific plan for attaining the principles it advocated, and that it was a compilation of platitudes.

Supporters of the Atlantic Charter, and they have included the highest officials of our own and many other nations, have consistently pointed out that its principles are basic moral and ethical concepts that have

grown out of the experience of Great Britain and the United States from Magna Carta through the Declaration of Independence.

They have argued that broad, comprehensive principles are absolutely necessary and that specific plans for putting them into operation would have to be worked out after the war. And one competent defender of the charter has asserted that "man has discovered in travail that the platitudes are his articles of faith."

Axis propagandists from the start tried to belittle and ridicule the Atlantic Charter. Some elements in the United States and Britain have taken a similar attitude.

On the other hand, the Atlantic Charter has played a remarkable role in international developments and was one of the cornerstones in means of dwelling in safety with the foundation of the United Nations.

On Sept. 24, 1941, a little more than a month after the Atlantic Charter was announced, Allied governments in Europe, including the Soviet Union, declared their adherence to the charter.

The 26 nations that signed the Declaration of the United Nations on Jan. 1, 1942, all subscribed fully to principles of the Atlantic Charter.

Besides the United States, the United Kingdom, and other members of the British commonwealth, including India, those signatory nations were: the Soviet Union, China, Belgium, Costa Rica, Cuba, Czechoslovakia, Dominican Republic, El Salvador, Greece, Guatemala, Haiti, Honduras, Luxembourg, The Netherlands, Nicaragua, Norway, Panama, Poland and Yugoslavia. Many other nations later signed.

President Roosevelt re-emphasized the importance of the Atlantic Charter in his last message to Congress on the state of the nation delivered a few weeks before his death. Admitting that the charter does not provide specific rules for the solution of "each and every one of this war-torn world's tangled situations," Mr. Roosevelt asserted that it is important to have the charter's principles as a goal.

"And we shall not hesitate," the president added, "to use our influence—and use it now—to influence the nations of the world." (See CHARTER, Page 5)

OFFICIAL DAILY BULLETIN

Items in the UNIVERSITY CALENDAR are scheduled in the President's Office, Old Capitol. Items for the GENERAL NOTICES are placed in the box provided for their deposit in the office of the Daily Iowan, at 1:30 p. m. the day preceding the day of publication; notices by 11:30 p. m. the day preceding, and must be TYPED OR LEGIBLY WRITTEN and SIGNED by a responsible person.

PRESIDENT ROOSEVELT and Prime Minister Churchill discuss content of what was to be the Atlantic Charter. The late Harry Hopkins, presidential adviser, is at the extreme left. Admiral Ernest J. King, U. S. chief of naval operations, and U. S. Adm. Harold R. Stark stand behind the chiefs.

Jesse W. Halden New Iowa American Legion Commander

Gen. Wainwright Says Present Army System Shouldn't Be Changed

DES MOINES (AP)—Jesse W. Halden, 52, Newton veterans' service director, will be the new Iowa state commander of the American Legion. He's a World War I veteran of the navy.

The way to unanimous election of Halden to succeed Ralph Stuart of Hampton as department commander was cleared in the state convention's district caucuses.

Halden's name, presented by the fifth district caucus, was the only one that went to the nominating committee, which Wednesday will submit Halden as its unanimous choice.

The second district caucus, which made no endorsement of a candidate for state commander, eliminated two of the possible candidates against Halden. They were Paul A. Tornquist of Davenport, a World War I veteran, and B. D. Sillman of Cedar Rapids, a World War II veteran.

The five new vice commanders authorized by an amendment adopted yesterday to the constitution increasing the number from three, probably will be elected unanimously also.

There also will be no opposition to the other officers to be elected at the Wednesday state convention closing session. R. J. Laird of Algona, adjutant, and Henry H. Boyce of Mason City, historian, are to be re-elected. The Rev. Tom Moriarity of Des Moines is to be elected chaplain to succeed the Rev. Franklin E. Wales of Shenandoah.

DES MOINES (AP)—Gen. Jonathan M. Wainwright declared yesterday it was his belief that a great percentage of the complaints made to the army's "gripe board" came from "men who never heard a shot fired in their lives," and that the present standards should be maintained.

The whole complaint was that there was not enough democracy," he said in a news conference. "Some of the complaints would tend to lower discipline. I don't believe in the prussian system, but if it comes to officers and men living on equal terms it would ruin discipline."

The hero of Bataan, now reorganizing the fourth army at Fort Sam Houston, Tex., came here to address today's 28th annual convention of the Iowa American Legion. He will share the platform with Vice Admiral Robert B. Carney, assistant chief of naval operations.

Admiral Carney also granted a news conference, in which he said the navy's present problem is inadequate personnel and that some redesigning is necessary in ship construction because of the atom bomb but apparently it will not be very extensive.

General Wainwright asserted General Douglas MacArthur is doing a "superior job" in Japan, and added that he knew of "no one who could do the job as well." He described proposed unification of the various armed forces as a "far-seeing step" and said it had many good points, among them economy of supply and distribution. He emphasized that the navy's standing would not be lowered by such a program.

Military Training The general asserted that universal military training or some other form of military training was "very essential to the peace and security of the country."

General Wainwright said occupation forces would have to remain in Germany and Japan a number of years—longer in Germany than Japan, because in Japan it is a matter of seeing that there is a representative, democratic government established. "You can't do business with the remnants of Nazism," he asserted. "That country simply has to be rebuilt."

Among Iowa Citizens

Capt. and Mrs. Roy B. Calta and their children Sandra and Richard of Texas are visiting at the homes of their parents, Mr. and Mrs. Bert White, 16 E. Prentice street, and Mr. and Mrs. James C. Calta, 502 E. Fairchild street. They plan to stay about two weeks.

Mrs. Alva B. Oathout, 627 Bradley street, has as her guests this week her niece and nephew Patsy Ann and Bobby Goshorn of Shelby.

Mr. and Mrs. C. W. Widmark of Moline spent the weekend with their son and daughter in law, Mr. and Mrs. Robert Widmark, 13 E. Burlington street.

Mrs. Frank Kline of Lone Tree is the guest this week of Mrs. Harold Liska, 1203 Rochester avenue.

Mr. William J. Benda of Ohio is visiting his sister Miss Marie Benda, 724 Fairchild street, and his brother Charles F. Benda, 1133 Hotz avenue. Mr. Benda came to Iowa City for the annual Buresh-Barta family reunion which was held Sunday.

Dr. and Mrs. D. B. Lindsley and their children David, Margaret and Robert are visiting at the home of Mrs. A. H. Fort, 228 Brown street. Associated with Brown university since 1938, Dr. Lindsley has accepted a professorship in psychology at Northwestern university.

Maj. and Mrs. L. W. Cassell and their sons David, Bill and Jerry of Omaha, Neb., left Iowa City yesterday after a few days' visit with Mrs. Cassell's parents, Mr. and Mrs. J. B. Vanhorn, 218 S. Capitol street. The Cassells will go to Plover to visit the major's parents.

Mr. and Mrs. F. J. Snider, 521 Melrose avenue, have received word that their son Mr. Frank J. Snider Jr. seaman first class, has been honorably discharged from the naval service.

Mr. and Mrs. John Miller and Mr. and Mrs. George Krall of route No. 7 left Friday for a three-weeks' vacation in the Rocky Mountains.

Married Yesterday

MISS JEANNE KAREN DRYER, daughter of Mr. and Mrs. Arthur F. Dryer, 639 E. Washington street, became the bride of Mr. Harold Thohan, son of Mr. and Mrs. J. H. Loumann of New Orleans, La., in a double ring ceremony performed yesterday at 4 p.m. in the bride's home. The Rev. Victor Goff read the services before an altar banked with gladioli against an oriental tapestry, palms and candles.

Housing Office Reports No Rooms Listed

No rooms or apartments were listed with the emergency housing office yesterday, but the severity of the Iowa City housing shortage was emphasized by the fact that about 40 persons looking for rooms contacted the office.

Located in the lobby of the Iowa-Illinois Gas and Electric company, the office was set up yesterday morning as a listing agency for a two-week drive to find housing for university students. The drive is under the supervision of the mayor's emergency housing committee.

Commenting on the results of the first day of the campaign, Mayor Wilber J. Teeters said last night that the "only thing we can do is give the people the truth of the housing situation and hope for the best. If they realize the truth, I think people who have room will take students in."

Workers at the housing office stressed the fact that the office is not a clearing agency for housing facilities. Any housing listed at the office will be sent immediately to the university student housing office for distribution.

Iowa Citizens with space that could be used to house students may contact the emergency office by calling 6260.

The second in a series of six radio programs being presented in connection with the drive will be broadcast over WSUI at 12:45 p.m. tomorrow. Other programs will be aired Saturday of this week and Monday, Wednesday and Saturday of next week.

Mayor Teeters has written 55 Iowa City organizations requesting that they cooperate in asking their members to help find room for the anticipated all-time high enrollment at the university this fall.

Marion L. Huit, assistant to the director of the office of student affairs, said last night that he is "not discouraged" by the results of the first day of the drive. He also emphasized the fact that the emergency office is an agency for listing, not clearing available housing.

Dr. Hines Speaks at—

Poliomyelitis Institute

—At University Hospital

Earlier work in the treatment of poliomyelitis, dominated by a fear of over-fatiguing the patient, consisted chiefly of protecting the patient by casts and weights, taking off the casts and then hoping for magic. Dr. H. M. Hines of the physiology department said last night.

He spoke at the first session of a three-day poliomyelitis institute at University hospital.

Emphasis Action

Today, Dr. Hines said, emphasis is placed as soon as possible on return to normal action. There is no long period of waiting or fear. Since the polio virus seldom kills all the nerve cells, treatment is aimed towards reactivating the "wounded" muscle units by the immediate function of the live cells.

Of more immediate concern in polio treatment than paralysis is the spastic state, Dr. Hines continued. Unchecked persistence of these muscle spasms, he said, may become almost irreversible and may, as most physicians believe, contribute to permanent muscle damage.

The application of heat is of great value in lessening the spasms, he continued, but scientists believe that drugs exist which can do for the spastic state what hot packs now do.

Curate and Spastic State Of the "magic" curate, Dr. Hines said that the drug will exert profound effects on the muscular system and in the right doses could lessen the spastic state.

He stressed the danger of the drug, however, in that to be effective a dose must be "pretty close to lethal" and that the one zone of safety is very small. Intocestrin and D-tubocurarine are purified forms of curate now in use at the University hospital.

Symptoms of polio, especially in children, are varied, and early diagnosis is extremely difficult. Dr. Frederick Simpson of the pediatrics department told the institute audience.

"Common as Measles" Some physicians believe that a

MARRIED YESTERDAY

BEFORE AN ALTAR banked with baskets of ferns, gladioli and candelabras, Miss Myra M. Ziemann, daughter of Mr. and Mrs. E. W. Ziemann of Royal, became the bride of Mr. C. LeRoy Luce, son of Mr. and Mrs. W. G. Luce of McGregor, in a double ring ceremony performed yesterday in Royal.

Lutheran Church Picnic To Be Held Tomorrow

The annual congregational picnic of the First English Lutheran church will be held tomorrow at 5:30 p.m. on the church lawn.

Supper will be served at 6 p.m. Members are asked to bring a covered dish and their own table service. In case of rain, the picnic will be in the church basement.

charge of the picnic are Mrs. Members of the committee in Annie Sievers, chairman, Mrs. R. M. O'Hara, Mrs. Marshall O'Hara, Mrs. William Sievers, Miss Frieda Sievers, Mrs. Hazel Albright, Miss Betty Messner, Mrs. Vernon Rogers and Mrs. John Strub.

Addresses Kiwanis

Professor Arthur Trowbridge, head of the geology department of the University of Iowa, will speak to members of the Kiwanis club at a noon luncheon today in the Hotel Jefferson on the subject "Norway Trip."

Virginia Farrell, Alfred O. Swenson Married Yesterday

Miss Virginia Farrell, daughter of Mr. and Mrs. Ray Farrell of Lawler, became the bride of Mr. Alfred O. Swenson, son of Mr. and Mrs. Adolph Swenson of Lawler, in a ceremony performed yesterday at 9 a. m. at St. Thomas Moore chapel in Iowa City.

The Rev. Leonard J. Brugman read the single ring service before an altar banked with baskets of gladioli.

Miss Norma Ann Farrell, a sister of the bride, was maid of honor. Best man was Mr. Kenneth Schori of Elgin.

The bride wore a two-piece white dress with cap sleeves, rose-ferreted hat and full-length rose gloves. She carried a bouquet of roses.

The maid of honor's dress was a two-piece blue crepe with push-up sleeves. She wore a flowered hat and carried a peach and blue gladioli bouquet.

Miss Farrell's parents' reception and hostess at a wedding held for the couple held at 11 a. m. at Hotel Jefferson.

Leaving for a week's honeymoon in the west, Mrs. Swenson wore a grey suit with red accessories and a red rose corsage.

Mrs. Swenson is a graduate of Lawler high school and Cedar Rapids business college. For the last three years she has been employed in the office of Rath Packing company.

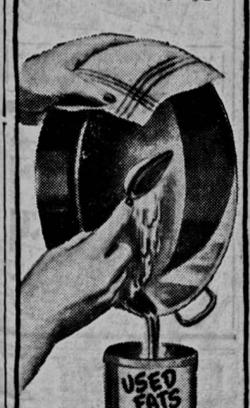

Graduated from New Hampton high school, Mr. Swenson is a premedical student here at the university.

NO SOAP? DON'T BLAME YOUR GROCER!

He's just as tired of asking "no" as you are of asking for soap. Don't blame the government or the soap manufacturers, either. Until we get enough industrial fats to make all the soaps and other peacetime products we need, there's only one thing to do...

Save More Used Fats

Every drop of used fat you save is urgently needed. Every pound of used fats helps make about two pounds of the soaps you need. You use soap every day...so save used fats every day. Get 4¢ for every pound.

Where there's fat—there's soap

Sixty-Six Report for Hawkeye Grid Drills

Returning Lettermen, Former Seahawks Head Early Roster

Paced by 16 lettermen, a group of 66 football candidates reported to coach Dr. Eddie Anderson yesterday as the University of Iowa's 1946 squad went through their first day's drills. A half dozen additional players are expected to report to the Hawkeyes during the week.

Only light work was given the players yesterday with much of the time turned over to photographers. However, more intensified drills are expected in the near future as the Hawks prepare for their season's opener against North Dakota State Sept. 21.

Lettermen reporting yesterday included ends Jack Kelso, Bob Gustafson and Danny Sheehan, tackles Bill Kay and Jack Hammond and half back Johnny Hunter from last year's squad.

Others, recently discharged from the service, were tackles Joe Grothus and Jim Cozad; guards Russ Benda, Roger Kane and Bob Liddy; center Dick Woodard; half-back Henry Terrell and fullbacks Dick Hoerner, Bill Gallagher and Jimmy Hudson.

Other experienced candidates on the opening day roster include former Seahawks Jim Lawrence, center; Ray Carlson, guard; Bob Phillips right end; Lou King and Jimmy Smith, quarterbacks and halfbacks Bob Sullivan, Bob Smith and Bob Reynolds.

Two other former Iowa lettermen halfback "Duke" Curran and guard Ralph Beardsley, are expected to join the squad in a few days.

The complete roster listed: ENDS—Phillips, Kelso, Sheehan, Gustafson, Sherman Howard, Harold Shoener, Carl Wehde, Dwight Lindeman, Jack Dittmer and Frank Triton.

TACKLES—Kay, Hammond, Grothus, Cozad, Bob Zender, Jason Loving, James Shoaf, Calvin Kruse and John McDonnell.

GUARDS—Carlson, Liddy, Kane, Benda, Chet Moore, Earl Banks, Dave Day, Vern Simon and Bob Geigel.

CENTERS—Lawrence, Woodard, Dick Laster, Paul Kruse, Mel Hecht, Ed Bartels and Irv Robinson.

QUARTERBACKS—Jim Smith, King, Carl Heider, Art O'Neill and Jim McKinstry.

HALFBACKS—Sullivan, Reynolds, Terrell, Bob Smith, Johnny Tedore, Hunter, Bob Longley, Er-len Tunnell, Otis Finney, Horace Chandler, Del Bartells, Mel Kad-asky, Marston "Bud" Flanders, Jack Legg, Porkins Dawson and Robert M. Smith.

FULLBACKS—Hoerner, Gallagher, Hudson, Ronald Headington, Russ Fechter, Herb Shoener, Dave Williams, Kenny Morris, Shelby Brown, Jr. and Walter Fieseler, Jr.

State Legion Finals

DES MOINES (AP)—Osage and 40 and 8 of Des Moines meet today in the finals of the State American Legion baseball championship here.

McMillin Plots "4-H" Attack Against Rams For All-Star Battle

By JERRY LISKA

EVANSTON, Ill. (AP)—Coach Bo McMillin will send his own private "4-H" club to shear the sturdy Los Angeles Rams in the 13th annual All-Star football game before an expected 95,000 at Soldier field Friday night.

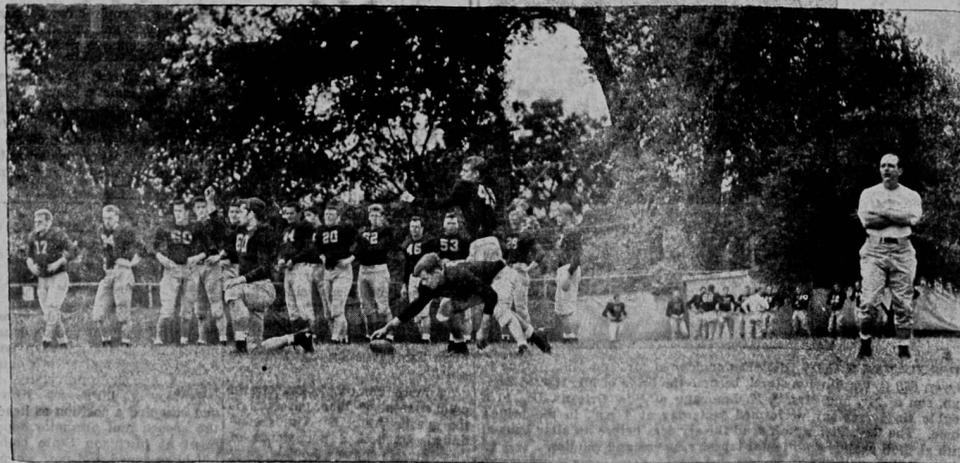

McMillin, who has 66 able-bodied ex-collegians to throw against the National Football league champions, expects the quartet of Bob Hoernschmeyer, Billy Hillenbrand, Elroy (Crazy-Legs) Hirsch and Marlin (Pat) Harder to concentrate on the fleecing of the Rams for a fourth All-Star triumph.

Neither McMillin nor Coach Adam Walsh of the Rams is forgetting, however, that the All-Star roster also includes such stellar backs as Al Dekdebrun, ex-Cornell signal-caller, Notre Dame's Elmer Angsman, Jim Reynolds of Oklahoma A&M, and Monk Gafford of Auburn.

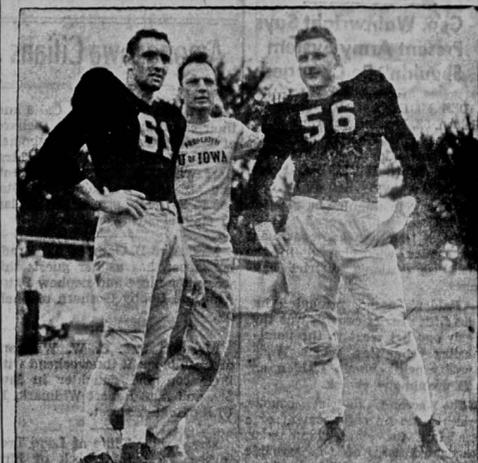

As the Rams left their Compton, Calif., training base yesterday, Walsh said worriedly: "The All-Stars have speed, passing and crushing power. We must stop them with no more than two touchdowns, else we can be whipped."

McMillin is mum on his starting line-up, but it probably will have a backfield combination including Hoernschmeyer at quarter, Hillenbrand or Hirsch at left half, Angsman at right half and Harder at fullback.

Hillenbrand, who has scored seven touchdowns in three intrasquad battles staged by McMillin, promises to be the All-Star counterpart of the Rams' king-pin, Bob Waterfield, who was voted the National Football league's most valuable player last season when the Rams did their cavoring in Cleveland.

ACTION WAS LIMITED to light passing and signal calling drills as the University of Iowa football Hawkeyes opened their 1946 fall practice yesterday with morning and afternoon sessions. Backfield coach Frank Carideo (extreme right in white jersey) sent his quarterbacks through a passing workout with the ends and other backs doing the receiving. Lou King (number 49) is shown above testing his left handed slants.

IOWA FOOTBALL COACH Dr. Eddie Anderson greets two of returning lettermen as the Hawkeyes opened fall grid drills yesterday. Jack Kelso (left) was a half back on last season's squad but will be used as a left end this year. Roger Kane (right) was outstanding as a guard and tackle on the 1942 team, before going into the army where he saw combat service, and will be bidding for a guard spot on the 1946 eleven.

Pirates Vote on Guild Today

Labor Board Orders Bargaining Election

PITTSBURGH (AP)—The American Baseball guild gets its first official showdown today in a proceeding unprecedented in baseball history—a collective bargaining election among the Pittsburgh Pirates.

The election was ordered by the Pennsylvania Labor Relations board—something the National Labor Relations board refused to do—on the petition of guild organizer Robert Murphy of Boston, who claims a majority of the Pirate players want the guild for their bargaining agent.

A simple majority of the votes cast will decide whether the guild will become the players' voice in all salary and other contract matters.

Charles M. Christler, regional director of the board, said the election results will be binding no matter how few players vote. Conceivably the issue could be decided by the casting of a single ballot.

Christler commented: "If only a few vote and the majority choose the guild, it will be certified within a week as the players' bargaining agent. That's the law and it's customary that such certification stand for a year."

Murphy said he has presented 26 guild membership cards to the PLRB. The board ruled 31 players are eligible to vote.

Scheduled to arrive in Pittsburgh yesterday after a visit with the Pirates in Chicago, Murphy expressed confidence the guild would win. Earlier, he said the guild's future "depends upon what happens in Pittsburgh."

Some of the Pirate players claimed guild sentiment has cooled in the team since two abortive strike threats in June and the recent sale of the club.

THE BASEBALL SCOREBOARD

NATIONAL LEAGUE				AMERICAN LEAGUE			
W	L	Pct.	GB	W	L	Pct.	GB
Brooklyn	70	49	.589	Boston	62	35	.701

Philadelphia	47	63	.431	St. Louis	49	64	.434
Pittsburgh	44	63	.411	Philadelphia	35	71	.362

Monday's Results
St. Louis 6, Cincinnati 0 (Only game scheduled)
Today's Pitchers
Boston at St. Louis (Night)—Niggeling (1-3) vs. Pollet (14-6)
Brooklyn at Pittsburgh (Night)—Hatten (7-9) vs. Strincevich (7-10)
New York at Cincinnati (Night)—Koslo (12-13) vs. Gumbert (5-4)
Philadelphia at Chicago (2)—Raffensberger (6-11) and Donnelly (3-1) vs. Wyse (12-9) and Borowy (6-7)

Chicago at New York (Night)—Smith (8-8) vs. Gumpert (9-1)
St. Louis at Boston (2)—Kramer (11-8) and Zoldak (7-9) vs. Dobson (11-6) and Bagby (4-4)
Detroit at Philadelphia (Night)—Newhouse (21-5) vs. Kierr (3-13)
Cleveland at Washington (Night)—Gasaway (1-0) or Reynolds (10-11) vs. Haefner (10-8)

Announce Entries In Local Tourney

Applications of 12 of the 16 teams to play in the Iowa City Invitational softball tournament have been accepted, Ralph Tucker, tourney director, announced last night. The tournament will be played at the City high diamonds Sunday, Sept. 1.

Three Iowa City teams, Kelley Oilers, VFW 2581 and Complete Auto, head the roster. The three tied for the title in the City softball league.

Teams whose applications have been accepted include Wilson Packers, Iowa Steel and Quaker Oats of Cedar Rapids; Grinnell Merchants, Cline Implement of West Liberty, Plamor Bowling of Muscatine, Traer All-Stars, Des Moines All-Stars and Dice Tavern of Dav-entport.

The other four entries will be chosen from the top teams entered in the Iowa State softball tournament which is being played at Des Moines this week.

Three-Results
Danville 3, Decatur 1
American Association
Kansas City 3-4, Columbus 2-3
Minneapolis 4-3, Indianapolis 1-4

Dick Sisler Stars As Cards Win, 6-0

ST. LOUIS (AP)—Dick Sisler's first inning double with the bases loaded sent the St. Louis Cardinals flying to a 6 to 0 victory over the Cincinnati Reds last night and enabled the challenging Red Batters to reduce the idle Brooklyn Dodgers' National league lead to one and one-half games.

The stalwart son of the great St. Louis Browns' first baseman of yesteryear, whose light hitting has kept him on the bench until recently, thus provided the Cardinals' winning punch for the third straight game.

His pinch single decided the 13-inning opener of Sunday's double-header against the Reds and he drove in the first run in the Cards' 2-0 nightcap victory with another one-bagger.

In giving the Cards a sweep of the three-game series, right-hander Ken Burkhardt kept Cincinnati's eight blows well scattered and sent the Reds away with a record of having scored in only one of 31 innings. It was his sixth victory against two setbacks.

Schedule City Loop Playoff

The playoff for the City softball league championship will begin Wednesday, Aug. 28, at 6 o'clock, it was decided last night by representatives of the Kelly Oilers, VFW 2581 and Complete Auto in a meeting with Edgar Frame, director of the Recreational center.

Complete Auto and the Vets meet in the Aug. 28 encounter at the Benton street field in the first game of the double elimination tourney and the winner plays the Oilers the following evening. The losers of these games will face each other Friday night for the right to play the winner of Thursday's tilt for the title. Should the team with one loss win Saturday's game, the deciding encounter will be played Tuesday, Sept. 3.

If rain interferes, games will be played one day later than the above schedule.

Joe Maher will call balls and strikes in the tourney and Tom Lind will be base umpire. The umpire-in-chief will have the authority to declare any game forfeit if a team is not ready to play ball at 6 o'clock sharp.

The playoff was set back to the Aug. 28 date because the Vets are entered in the National VFW tournament at Topeka, Kan., Aug. 22-25.

Ohio Caddies Lead Tourney

COLUMBUS, O. (AP)—Home-state teen-agers stole the show in the first National Caddie tournament here yesterday, although the field of 88 represented 20 states and the Territory of Hawaii.

Tony Ondrus, a strapping 180-pound 15-year-old from Akron, O., and Bob Hamrich, a lanky 17-year-old from Cleveland, tied for medal honors in the qualifying round, each with 75.

Second place went to 16-year-old Tom Niepoorte of North College Hill, a Cincinnati suburb, who put together a pair of 28's for a 76. The out-of-staters didn't connect before third place, where Detroit's Norman Goeckel and John Gavins of Whitefield, N. H., tallied 77's.

The 6,800-yard, par-72 university course was swept by a high wind all day, which tended to play havoc with the youthful and inexperienced tournament travelers, but at that it took a 91 to make the championship flight of 64 for today's match play.

They claimed it wasn't the wind entirely, but something put the skids to the pre-tournament favorites, Danny Kop, the Hawaiian boy, Chick Hendrickson, long-hitting state high school champion from Sandusky, O., and Tom Bagely, the husky from Pocatello, Idaho. Kop and Hendrickson checked in two identical 39-41-80 cards, while Bagely soared to a 42-41-83.

Laffoon Wins Tourney

LINCOLN, Nebr. (AP)—Ky Laffoon of Joplin, Mo., yesterday won the annual Midwest Open golf tournament at the Lincoln Hillcrest country club, by rounding the 18-hole course two strokes ahead of Skip Alexander of Lexington, N. C.

What Is Wrong With Present Conditions?
There's a general attitude of uncertainty about future business, government, foreign relations, and the security of the individual, that has definite causes.
A comprehensive explanation of how government, management, and labor, can meet the difficulties that are steadily accumulating, is given in a new type of Reading Course.
It describes why a balance must be established between all the factors that affect human relations, depressions, and wars, so that continuous progress can be made.
Explains how government deficits solved the last depression, but the resulting inflation and excessive taxation can now cause a breakdown of government itself.
Shows how many of the present measures to control depressions, labor troubles and wars, are based on principles that are too disconnected to be effective.
Interlocks business and government, management and labor, local and world affairs, and all areas and peoples, so they can co-operate as properly integrated units.
The most complete and logical outline of the ultimate social system, and the most effective counter-balance to dangerous foreign theories and actions.
Presents an entirely new viewpoint, proves the incorrectness of many common ideas, treats each subject without evasion, and solves many highly controversial problems.
For teachers, students, businessmen, wage earners and others, who desire to know what changes are necessary to provide a foundation for lasting prosperity.
Contains valuable material for discussions, debates, forums, and business, labor and political use. This course is as important as any college subject.
Cut out and mail to The Relatist, 96 Hawthorne Street, Brooklyn 25, N. Y., for the Primary Formula, and full particulars of the many other features included.

Greece Again Objects To Bulgarian Treaty

Denies Former Axis Satellite Took Active Role Against Nazis

PARIS (AP)—The first attempt of peace conference delegates to tackle substantive aspects of forthcoming treaties with Hitler satellites bogged down yesterday in a new debate touched off by Greek objection to the preamble of the proposed treaty with Bulgaria.

May Be Major Issue

The debate indicated that the extent of Bulgaria's aid to the Allies might become a major conference issue, since that Soviet-conquered nation has sought consideration as a co-belligerent.

In the background was the dispute over Greek claims to Bulgarian territory and Bulgaria's demand, supported by the slavist states, for the return of Western Thrace, ceded to Greece after World War I. The conflicting claims had been referred to the peace conference by the council of foreign ministers, without comment, to be settled after both sides were heard.

"The remarks contained in this preamble," the Greek delegate protested, "can have a decisive influence in deciding the whole of the treaty. I have in mind particularly paragraph 3, which said Bulgaria 'took an active part in the war against Germany.' Bulgarian troops were active only when they fought along with Germany."

"Bulgaria switched sides at the last minute," he said. "Bulgarian troops could have cut off the retreat of the German armies, but it was only in the latter part of August, 1944, that the Bulgarian troops began to move."

The British and Russian delegates said Bulgaria should be invited to expound her point of view before discussion of the treaty articles began. The committee adjourned after agreeing that future procedure would be to take up the treaty article by article, ruling out any general discussion of the draft, in order to save time. Committees for the Italian, Fin-

Hickenlooper Tells 4-H Youth To Take Citizenship Seriously

SENATOR BOURKE HICKENLOOPER

Gives Eye-Witness Account of Bikini Atomic Bomb Test

By BOB WIDMARK
Daily Iowan City Editor

Senator Bourke B. Hickenlooper told an audience of farm youth in Iowa City last night that they must each take their citizenship seriously in helping the nations of the world settle their differences peacefully.

Speaking before approximately 250 Johnson county 4-H club members at the Iowa City First National bank-sponsored banquet in the Jefferson hotel, Hickenlooper said the horrible menace of atomic war makes future civilization barren if peace is not maintained.

"You young people will be running this part of the world before long. You'll either engineer peace or a horrible war of destruction," he said.

The senator related some of his experiences as a witness to the two atomic bomb tests near Bikini atoll and emphasized the gigantic power of the bomb.

He was on a ship 18 miles from the first bomb explosion, but was flying only six miles from the scene of the underwater explosion.

"The spectacle of a column of water a mile high and a mile and a half across forming after the underwater blast was the most awe-inspiring sight I've ever witnessed," Hickenlooper declared.

In making clear to the young people the urgency of world understanding in the atomic age, Hickenlooper said:

"If we the nations of the world don't learn the lesson of cooperation the horrible force of the atomic bomb demands of us, the future of the world is bleak indeed."

The Iowa senator, a distinguished-looking, typical businessman, drew laughter in giving an example of the durability of hogs. He told of a pig found swimming in Bikini lagoon four hours after the underwater blast.

Emmett C. Gardner, county extension director, introduced 4-H

SENATOR BOURKE HICKENLOOPER, United States senator from Iowa, speaks to about 250 members of the Johnson county 4-H club in the Jefferson hotel last night. Senator Hickenlooper described his visit to Bikini atoll where he viewed both the atom bomb tests. Persons in the picture (from left to right) are: Barbara Paulus, president of the county 4-H girls club; A. C. Gengerich, owner of Maple Crest turkey farm; George Nagle, president of Nagle lumber company; Virgil M. Hancher, president of the University of Iowa; Senator Hickenlooper, and F. D. Williams, president of the First National bank, sponsors of the banquet.

club leaders and champions to the group.

F. D. Williams, president of the First National bank, acted as toastmaster and introduced directors of the bank attending the banquet.

A community sing was led by Dr. Donald R. Mallett, assistant director of student affairs, Purdue University, and Dr. Paul R. Olson, assistant professor of the University of Iowa college of commerce.

Car Accident

A 1940 Plymouth car driven by a Wisconsin woman had about \$500 damage following a collision west of Iowa City on highway No. 6 Sunday.

Driver of the Wisconsin car, Helen Belknap, suffered a sprained wrist in the accident. Driver of the other car, Edward Smith of Ontario, Canada, was uninjured.

Postoffice Reports Arrival of Terminal Leave Pay Forms

Several thousand terminal leave pay application forms for former enlisted men have been received by the local postoffice. The forms may be obtained at any of the service windows of the postoffice, and only one form is necessary.

Four Iowa City veterans' organizations have set up facilities to aid their members in making the applications.

All veterans in Iowa City are invited to use the counseling facilities of VFW post 3949, at 208 1/2 E. College street, under the direction of Robert Cotter. Blanks will be available at the office, and counselors will be there Tuesday

and Wednesday evenings from 7 p. m. on.

VFW post 2581 offers its members complete assistance in preparation of the forms, including certified copies of discharge papers and notarization of the forms. Edward Lucas, post service officer, will be at the club rooms from 8 a. m. to 5 p. m. daily, and 6 to 9 p. m. Wednesday and Friday nights.

American Veterans Committee members may contact Robert Iverson for special assistance in filling out forms. No special facilities have been set up, and members desiring aid or special help may call 7358.

The local American Legion post plans to establish facilities to aid its members Monday, Aug. 26. As yet they have made no special arrangements.

Dr. William D. Coder, director of the University veterans service

YOUTHFUL PILOT FLIES HERE FROM AMES

THE 17-YEAR-OLD PILOT of this plane (second from right) is Keith Taylor of Ames. A person must be at least 17 years of age in Iowa to get a private pilot's license and Keith got his July 20, four months after his seventeenth birthday. He flew the small two-seater plane from Ames to Iowa City last night to visit in the home of his uncle, K. A. Deming, 310 S. Governor street. His mother, Mrs. J. D. Taylor, accompanied him on the trip. The boy's father, Dr. J. D. Taylor, graduated from the University of Iowa college of dentistry in 1928. Keith has been taking flying lessons for a year and a half in preparation for his license. The plane belongs to the College Aero Club of Ames. Of the 18 club members, Keith is the only high school student—the rest are college boys. He will be a senior in Ames high school this fall. The young flyer wants to take an aeronautical course in college and get a commercial license. Then he'll be able to carry passengers and teach flying. Keith was born in Iowa City Mercy hospital in 1929. Mr. Deming is Mrs. Taylor's brother. From left to right: Mrs. K. A. Deming, K. A. Deming, Mrs. J. D. Taylor, Keith, and Wanda Deming.

office, has announced that veterans may have their application blanks notarized at no charge at his office in Schaeffer hall.

Mrs. Leonard Strong Services to Be Held Tomorrow Afternoon

Funeral services for Mrs. Leonard Strong, 53, will be held at 2 p. m. tomorrow at the McGovern funeral home with Dr. L. L. Dunnington officiating. Burial will be in Oakland cemetery. Mrs. Strong died at 8:15 a. m.

yesterday at her home on Rochester road after a long illness.

She is survived by her husband; one daughter, Mrs. Leonard F. Spratt of Iowa City, one son, Staff Sgt. William S. Strong of Ft. Bragg, N. C.; her mother, Mrs. Anna Valashek of Iowa City, and three grandchildren.

Mrs. Strong was a member of the Women of the Moose, the Eagle Ladies, and Iola council No. 54, Degree of Pocahontas.

I.C. Farmers Enter Fair Stock Show

At least four farmers in the vicinity of Iowa City will make a bid for purses and blue ribbons in the National Livestock show at the Iowa Centennial State fair opening in Des Moines, Aug. 23, according to fair officials.

R. E. Williams & Sons will enter 18 head of Chester White swine; W. G. Floerchinger & Son will try for honors with one Hampshire hog.

Eleven head of Jersey cattle will be taken to the fair by W. S. Morrison. Harlan A. Stubbs has indicated he will send a Guernsey calf to the fair.

Nearly 6,500 head of prize livestock have been entered in this year's state fair. This is one of the largest entries in the history of the fair and probably the largest livestock exhibit to be seen at any fair in the United States this season.

Approximately 20 states are represented in the entry list and almost every section of the country is included in the horse, cattle, swine and sheep shows, officials say.

Nearly \$100,000 in cash prizes is being offered for livestock at the fair. Judging will be open to the public. Four-H livestock judging will feature the events the opening two days, Aug. 23 and 24, and judging of the main livestock classes will be in progress from Aug. 26 through Aug. 29.

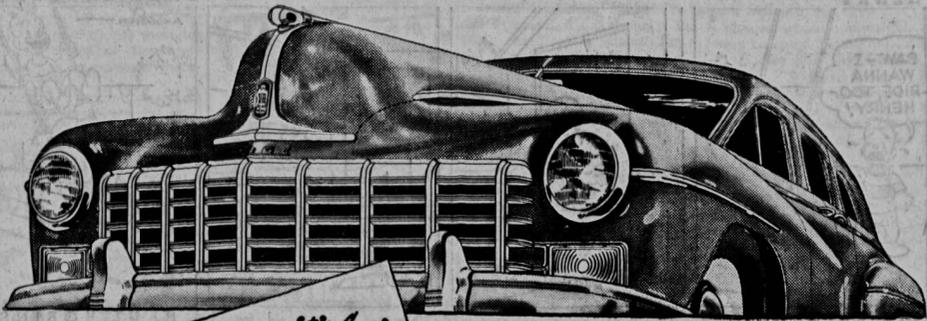

Truck, Car Collide

A 1946 Chevrolet truck driven by E. E. Williams, route 3, collided with a car driven by B. C. Foster of Wellman, Saturday afternoon at the intersection of highway No. 1 and Hudson avenue.

Foster reported \$150 damage to his car. The Williams truck had \$10 damage.

NEW DODGE

"SMOOTHEST CAR AFLOAT"

While You're Waiting...

We Give You Double Protection

Protect Your Safety and Comfort

From one end of the country to the other Dodge Dealers are now giving their friends and customers Double Protection.

This means that while new car production remains behind demand and schedule, every new Dodge buyer gets insured safety and comfort in the old car he is driving now.

It means that old engines, brakes, ignition, wheels and tires are carefully checked, adjusted and repaired so that there may be no risk—of either safety or comfort while waiting for the new car.

Protect Your Present Car Investment

In addition to insured safety and comfort the Double Protection program gives your present car a higher value when your time comes to turn it in.

It stands to reason that if your old car is in good condition we can allow you more than if you permit its qualities to run down.

Bring in your old car today. Let us give it a complete inspection and adjustment. Then you'll know where you stand, you'll have peace of mind, you'll be money ahead.

THANK YOU FOR WAITING
