Iowa City, Iowa, Thursday, August 22, 1946—Five Cents

GOOD MORNING, IOWA CITY!

Partly cloudy today and tomorrow. High today about 80. Low tonight about 60. Warmer tomorrow with scattered showers.

Ultimatum to Yugoslavia

New Retail Meat Prices To Be Effective Sept. 9

WASHINGTON (AP)—Price Administrator Paul Porter announced yesterday that retail meat price ceilings will be restored Sept. 9 and promised to "throw the book" at black marketeers.

"There is no substantial basis for reports that we are going back to widespread black markets," he told a news conference. "I hope packers will devote a substantial part of their energy to make reconrol work—at least as much energy as they devoted trying to get rid of controls."

Industry spokesman and other foes of meat controls already are predicting the possible return of black markets and scarcities.

A statement by the United States Chamber of Commerce declared that "the order unquestionably will reduce the meat supply" because grains, left uncon-

rolled, will "drain" into production not under control. At the same time the CIO released a statement from its president, Philip Murray, contending that reconrol of meats means very little when livestock and poultry feed products are left free of controls. Murray announced the CIO will urge the new reconrol board to "reinsttute ceilings on all items which it failed to control."

Porter announced that flour price ceilings will be raised seven cents per 100 pounds Friday to reflect a higher parity price on wheat.

He set Sept. 9 as the date for restoring retail ceilings on salad and cooking oils, and Sept. 3 for reimposing ceilings at all levels on soy beans, flaxseed and by-product feed grains.

Near June 30 Levels Porter renewed his previous

statements that the new meat price ceilings will be "at or near" the levels of those which died June 30. He explained that increases on some meats probably will be necessary to meet parity price requirements, and emphasized:

"I have been careful to say that the new ceilings will be at or near June 30 levels."

The ceilings will be restored on a staggered plan which will put them into effect on livestock Aug. 29, at the packing house Sept. 1, at wholesale levels Sept. 5, and in the retail butcher shop Sept. 9.

Porter explained that the OPA and the agriculture department decided upon the staggered time schedule in order to "clean out overceiling meat" which dealers have on hand.

To Enforce Ceilings Pledging vigorous efforts to enforce the ceilings, Porter said: "We will have twice as many investigators on meat as we ever had before. We will hit a level of 2,500 investigators in September—easily double the previous number."

Bread ceilings, recently increased by one cent a loaf, will be cut by the same amount as soon as restriction on the milling of flour have been lifted by the agriculture department, Porter said. He had no information on when these restrictions may be removed.

Here are dates when price ceilings will be restored on fats and oils:

Tank oils, crude and refined, August 23; consumer products, such as salad oils and mayonnaise, at manufacturing levels, August 30; non-manufacturing distributors of end products September 4.

Secretary of Agriculture Anderson told a news conference that prospective black marketeers "will find the OPA and other government agencies making a renewed and stronger effort to combat black markets."

The American meat institute raised the prospect of black markets as soon as the reconrol board's decision was announced. But Ralph Helstein, president of the CIO United Packinghouse Workers, declared that such talk "is strictly hog."

Cattle and hog receipts dropped sharply at the livestock markets, and prices for top grade cattle in Chicago leaped to a new record. Grain prices, at the same time, declined.

Anderson, who is given greater authority than Porter on agriculture price ceilings under the new act, announced that on September 1 he will issue a list of farm commodities to be exempt from reconrol because they are not scarce. He declined to indicate in advance what they may be.

Find Wrecked U.S. Airplane Near Austria

BELGRADE (AP)—The wreckage of the American military transport plane which was shot down in flames by Yugoslav fighters north of Bled Monday lies approximately two miles from the Austrian border, it was learned last night.

The wreckage was just inside Yugoslav territory. (This dispatch did not speculate on whether the air attack which forced the American plane down occurred over Austrian or Yugoslav territory.)

(Yugoslavia has based its reason for the attack on the contention that U. S. aircraft have repeatedly flown over Yugoslav territory despite the protests of Premier Marshal Tito's government.)

It also has been learned that representatives of the United States graves registration commission have been granted permission to leave Belgrade and search the wreckage for the bodies of three American air force personnel believed to have been killed when the transport crashed to earth and exploded.

United States authorities in Belgrade have received notification from the Yugoslav government that two members of the five-man crew parachuted to safety, thus indicating that both survivors now are in the custody of Yugoslav authorities.

In Berlin Gen. Joseph T. McNarney, U. S. European theater commander, announced that U. S. air transport flights between Vienna and Udine were cancelled until further notice.

U. S. Ambassador Richard C. Patterson personally will confer today at Bled with Marshal Tito on the shooting down of unarmed American transport planes.

Tito, alleging repeated violations by planes of Yugoslav territory, accused "certain countries" of striving for "an imperialistic peace," and declared Yugoslavia did not want a "peace at any price" such as "is wanted by those who wish to achieve their imperialistic aims at the expense of peoples who have sacrificed for the common cause all they possibly could."

Tito, in his speech to workers at the Jesenice steel works near Bled Tuesday, said he witnessed downing of one of the American planes, but denied previous American protestations that it had been lost in the clouds.

American accounts of the Aug. 9 incident had said the Yugoslav fighters gave no signal to land and fired upon the plane when it already had landed. Tito characterized these statements as "slanders" against his army.

UNITED STATES Ambassador to Yugoslavia Richard C. Patterson Jr. (right) and Marshal Tito of Yugoslavia are pictured above at a time when their relations were more pleasant—on a hunting trip near Ruma. Relations between Patterson, representing the United States government, and Tito are now somewhat strained due to Yugoslav action in shooting down one unarmed American plane and forcing down another, then interning the crew. Patterson will discuss the matter with Tito today. The Yugoslav charge d'affaires in Washington yesterday was handed an ultimatum, giving his government 48 hours to free the American airmen or the United States will place the case before the United Nations security council. United States Moves To Stop Expansion Of Russian Influence

By JOHN M. HIGHTOWER AP Diplomatic Reporter

WASHINGTON (AP)—The secretary of State Acheson declared:

"It is the firm opinion of this government that Turkey should continue to be primarily responsible for the defense of the straits. Should the straits become the object of attack or threat of attack by an aggressor, the resulting situation would constitute a threat to international security and would clearly be a matter for action on the part of the security council of the United Nations."

Relations at Low Point Coming on top of the angry dispute with Soviet-supported Yugoslavia over firing on American airplanes, undercover concern here over the mysterious rocket barrage against Sweden, and conflicts with Communist dominated Balkan states, the action on the Dardanelles reduced relations between the western powers and Russia to the lowest point since the end of the war.

As the diplomatic relations reached this stage, a navy spokesman disclosed that two cruisers and three destroyers will accompany the powerful new aircraft carrier Franklin D. Roosevelt on its "training cruise" into the Mediterranean. The carrier sailed from Lisbon yesterday.

The rejection of the Soviet demand on the Dardanelles was contained in a note sent to the Russian government through its embassy here and made public by the state department.

Confer in Ankara In Ankara, British and American diplomats were reported conferring with top Turkish officials to make clear the full backing of the United States and Britain to Turkey in resisting any Russian encroachment on that country's domain.

Britain has taken the same position on the straits as the American government.

In what appeared to be a direct warning to Russia against any kind of aggressive action, the American note signed by Under-

U.S. Gives Tito Government 48 Hours to Release Airmen

State Department Threatens to Bring Case Before Security Council of United Nations

WASHINGTON (AP)—In an angry ultimatum, the United States last night gave Yugoslavia 48 hours to free imprisoned American airmen and to permit this nation's diplomatic representatives to investigate the disappearance of an army plane near Marshal Tito's summer home.

A bitterly caustic note—the sharpest issued by this government since Pearl Harbor—accused Yugoslavia of a "plain violation" of international law and the United Nations' charter and said that the Yugoslav explanation was "wholly inadequate" and shocking to the people of the United States.

"If, within that time (48 hours) these demands are not complied with, the United States government will call the security council of the United Nations to meet promptly and to take the appropriate action," the note said.

It was handed to Sergije Makiedo, Yugoslav's charge d'affaires in Washington by Undersecretary of State Acheson shortly after 4 p. m. (CST)—a few hours after a transatlantic telephone conversation between Acheson and Secretary of State Byrnes in Paris.

"The use of force by Yugoslavia (in forcing down American transport planes near Trieste)" the note said, "under the circumstances was without the slightest justification in international law, was clearly inconsistent with relations between friendly states, and was a plain violation of the obligations resting upon Yugoslavia under the charter of the United Nations not to use force except in self defense."

At no time did the Yugoslav government advise the United States government that if one of its planes should, because of weather, be forced a mile or two outside the corridor or because of mechanical trouble should find itself outside of that corridor, the Yugoslav government would shoot to death the occupants of the plane.

"The deliberate firing without warning on the unarmed passenger planes of a friendly nation is in the judgment of the United States an offense against the law of nations and the principles of humanity."

Frank Talk Earlier it was disclosed that Byrnes had "talked frankly" Tuesday night with Yugoslav Vice-Premier Edvard Kardelj, whom he had summoned to his office.

Kardelj told a news conference that he believed the shooting down of two United States transport planes in Yugoslavia had been unintentional.

Sets Forth "Demands" Then the American government formally laid down its "demands":

1. "That you immediately release the occupants of these planes now in your custody and that you insure their safe passage beyond the borders of Yugoslavia."

2. "The government of the United States also demands that its representatives be permitted to communicate with any of the occupants of the two planes who are still alive."

The note dealt with the action of Yugoslav fighters in forcing down an American army transport Aug. 9, in the course of which one passenger was injured, and the disappearance of a second plane a few days ago amid reports that it was seen descending in flames after cannon shots were heard.

"If within 48 hours from the receipt of this note by the Yugoslav government, these demands are complied with the United States government will determine its course in the light of the evidence then secured and the efforts of the Yugoslav government to right the wrong done," the note said.

Seek UN Action "If, however, within that time these demands are not complied with, the United States government will call upon the security council of the United Nations to meet promptly and to take appropriate action."

An authoritative source said the United States delegation would ask Dr. Oscar Lange of Poland, the new council chairman, to call a session on the Yugoslav question some time after Friday unless the terms are met by the deadline.

Wilson Wyatt Opens Big Push on Housing

WASHINGTON (AP)—Housing Expediter Wilson W. Wyatt last night announced a "big push" on the housing front, hinting at a deep new cut in non-residential building to check the drain of materials away from new homes.

Some of his aides disclosed that Wyatt proposes a 30 to 50 percent cut in the already reduced volume of office, store and factory construction.

The aim of "a series of sweeping steps" now being prepared, Wyatt said in a statement, is to speed completion before winter of thousands of homes and apartments started this year but not

finished, and to get more new homes under way.

Final decision on the slash in non-residential building has not been reached by Civilian Production Administrator John D. Small, housing officials reported, but they indicated Small had agreed in principle to a reduction.

"Tough action is needed and such action is justified at the present time," Wyatt declared.

The housing administrator was not specific about the orders to be issued by the end of this month, but said they would include:

1. Setting aside a "much greater volume of materials for housing than in the past."

2. Compliance action to insure that such materials actually are held by manufacturers and dealers for contractors building homes.

3. Doubling of the number of materials subject to priority control, which now contains only 25 materials.

Wyatt outlined the program before a meeting of the veterans advisory council yesterday.

Meanwhile, Franklin D. Roosevelt Jr., representing the American Veterans Committee urged that a special session of congress be called in November to act on veterans housing legislation which he said has been "sabotaged" on Capitol Hill.

NO LABOR DAY CLASSES All university classes will be suspended Labor day, Sept. 2, President Virgil M. Hancher announced yesterday.

Seven Dead In Jet Fuel Plant Blast

AZUSA, CALIF. (AP)—At least seven persons were killed and more than a score injured yesterday as a terrific explosion of volatile fuels wrecked the Azusa plant of Aero-Jet Engineering corporation.

The blast, originating in a mixing plant, jarred the Los Angeles area, and was felt within a 30-mile radius.

The plant manufactures jet assisted takeoff (JATO) units for navy aircraft, powerful explosives designed to give heavy bombers and fast fighters additional power on takeoffs by rocket-like thrusts.

Because of the danger attached to manufacture of its products, Aero-Jet built its plant around several structures instead of into one building. Fire, spreading quickly after the explosion, caused considerable damage to the property.

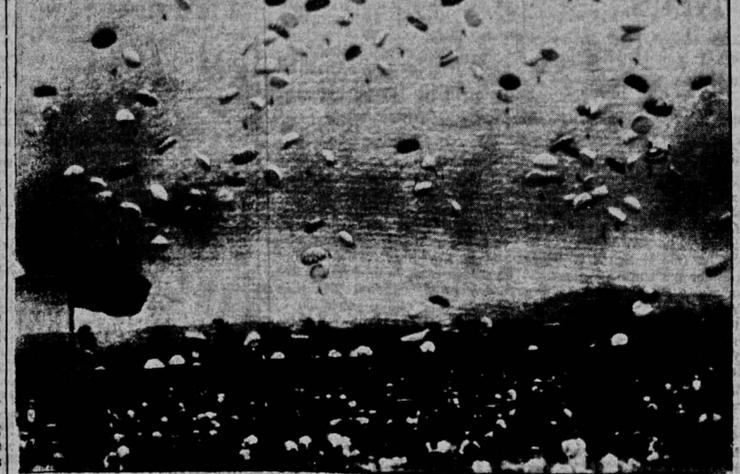

Sheriff's officers said the seven dead were civilian employees and that there might be other victims in the wreckage. The fire was quelled within an hour, equipment from neighboring cities being pressed into immediate service.

Four Persons Killed In Butane Explosion TRIBBEY, Okla. (AP)—Four persons were killed last night in a butane explosion which occurred, a sheriff's deputy said, when a lighted cigarette lighter ignited gas accumulated in a Tribbey home.

Mrs. Troy West, 35, and her one-month-old son, Carey Lynn, were killed instantly, while Troy West, 40, and Janice Rice, 14, a neighbor, died in a hospital a few hours after the blast.

NO LABOR DAY CLASSES All university classes will be suspended Labor day, Sept. 2, President Virgil M. Hancher announced yesterday.

RED PARATROOPS DESCEND ON MOSCOW

TAKING PART in the Soviet aviation celebration Sunday, a huge force of paratroopers descends on Moscow in view of a throng of spectators (foreground). (AP WIREPHOTO by radio from Moscow)

Cooperative Consumer Writer Claims— Eric Johnston Hedging —When He Talks of 'New Capitalism'

By DR. H. G. LULL (Cooperative Consumer) While he was president of the U. S. chamber of commerce, Eric Johnston was an object of interest among liberals who keep their fingers crossed. With one eye on the chamber's traditional code and the other on the outspoken statements of Mr. Johnston, it was difficult for liberals to understand what was cooking. At first, his statements stimulated wonderment, then confidence with reservations.

Focal Points By YOKE

ONE JOE ZIMMERMANN, a former University of Iowa dramatic arts student, and more recently a producer himself, has written an article in a recent issue of Theatre Arts which may rattle some local ears. The title is "Wanted: A New Educational Theatre," and Zimmermann outlines pretty comprehensively just what is wrong with present-day institutions such as our own SUI theatre.

Little Incidents Cause Big Wars

Little incidents such as that which occurred in Yugoslavia Aug. 9 have been known to start wars. And since this situation is being handled in virtually the same manner as were other minor international incidents which brought nations to sword points in the past, there is every reason to believe that what is happening in Yugoslavia today could result in major armed conflict.

Charges Gov. Blue 'Interfered' In State Conservation Affairs

DES MOINES (AP) — J. N. (Ding) Darling, Des Moines newspaper cartoonist and prominent Iowa conservationist, yesterday charged Gov. Robert D. Blue and State G.O.P. Chairman Willis York in affairs of the non-political state conservation commission.

U.S. Press Tends Toward Monopoly

SWPC Report Shows Circulation Increases, But Less Newspapers (Advertising Agent) The Smaller War Plants corporation, in a report to the senate committee studying the problem of small business and economic concentration during World War II, cites a growing trend toward monopoly in newspaper ownership and in newspaper control of radio stations.

Dock Hands End Strike

NEW YORK (AP)—A walkout of some 3,500 longshoremen ended late yesterday, the International Longshoremen's association (AFL) said.

But, the state department maintains that weather forced the C-47 to change its course necessitating flight over Yugoslavia, and that shooting down the aircraft was not the usual type of navigational aid which lost American fliers have come to expect while passing over supposedly friendly territory.

Jesse W. Halden of Newton Unanimously Elected Head of Iowa American Legion

DES MOINES (AP)—Jesse W. Halden, 52-year-old World War I veteran and Newton Legion club manager, was unanimously elected commander, Sioux City was chosen for the 1947 meeting, and the only conflict of the session marked the close yesterday of the 28th annual Iowa American Legion convention.

Firestone Strike Ends

DES MOINES (AP)—Approximately 700 workers at the Firestone Tire and Rubber Co. plant here are scheduled to return to work today.

Ruling on School Buses

EMMETTSBURG (AP)—District Judge Harry Narey, in a decision on the Silver Lake consolidated school district case, has ruled that Iowa public school buses may not pick up parochial school children.

As one can readily see, the incident is fogged by conflicting statements and reports. Nevertheless, it has aroused a discouraging display of power politics: 1. Tito referred to the incident as a "violation of her (Yugoslavia's) sovereignty."

Postpone IHC Strike

CHICAGO (AP)—The CIO United Farm Equipment and Metal Workers union announced yesterday it has postponed indefinitely its strike of 2,000 office and technical workers which had been called for today against six plants of the International Harvester company.

Gen. McNarney Attacks LaGuardia for Charges Made Against Army

BERLIN (AP)—Gen. Joseph T. McNarney, United States commander in Europe caustically attacked UNRRA director-general F. H. LaGuardia yesterday for "baseless and incorrect" charges against the United States army.

Eleven SUI Artists Win Awards at State Fair

Painting Hobbyist Ed Simms Wins \$100 Purchase Prize

DES MOINES (AP)—Twenty-eight Iowa artists, 11 of them associated with the art department of the University of Iowa, were awarded \$675 in prize money yesterday as judging results in the Iowa Art salon at the Centennial State fair were announced.

Special interest was attached to the awarding of the \$100 purchase prize to J. Ed Simms of Conrad for his painting, "Spring plowing," depicting an Iowa agricultural scene. Simms is a physically-handicapped clock repairman whose hobby is painting.

The purchase prize painting will be given to the state department of public instruction for exhibition in Iowa schools.

Approximately 225 paintings and sculpture items are on display in the art salon and will remain on exhibit throughout the fair, which formally opens Friday and continues through Friday, Aug. 30.

Judge of the art show, William M. Friedman, assistant director of the Walker Art center, Minneapolis, Minn., said Iowa is enjoying a Renaissance in fine arts, especially in oil painting, prints and sculpture.

"It is more than a coincidence that most of the top awards were given to people associated with the art department of the state university. Lester Longman, head of the department, is to be congratulated for bringing to Iowa such outstanding figures of the art world."

The awards in the art salon included:

Paintings in oil, tempera, mixed technique and encaustic (three sets of prizes):

First prizes, \$40 each: "Doubles Portrait with Moons and Railroad Signals," James Lechay; "Time Out," Byron Burford; "Nocturnal Huntress," Mary Holmes, all with SUI art department.

Second prizes, \$25 each: "Three Men in a Landscape,"

David Durst, "Sultry Day," Stuart Edie, both with the S.U.I. art department.

Third prizes, \$15 each: "All, All, All," Enid Ellison Cutler, S.U.I. art department; "The Red Goblet," Ruth Meyers, North Liberty.

Fourth prizes, \$10 each: "Burlington on the Mississippi," May M. Hohlen, Burlington; "The Tasseling Corn," Margaret L. Triplett, Storm Lake.

Water color, gouache and pastel: First \$30, "Two Figures," Shirley Throckmorton, Iowa City; second, \$20, "Intersection, Iowa Town," Walter A. Wheeler Jr., Des Moines; third, \$16, "Iowa Landscape," Margaret Ann Barry, Cedar Rapids; fourth, \$10, "On the Back Step," Mrs. Robert S. Poage, Baxter.

Drawings—pencil, pen, charcoal, wash composite:

First \$30, "Pencil Drawing," Charles F. White, 427 Kirkwood avenue, Iowa City; second, \$20 "Mary Annabelle," May M. Hohlen, Burlington; third, \$15, "Supper Club," John R. Lindblom, Des Moines; fourth, \$10, "Tranquility," Josh Zuercher, Marshalltown.

Prints—lithography, intaglio techniques, relief blocks, monotype:

First, \$30, "Self Portrait," Mauricio Lasansky, S.U.I. art department; second, \$20, "Two Forms in Space," Thomas R. Lias, S.U.I. art department; third, \$10, "Landscape with Red Horse," John Richard Middents, Iowa City; fourth, \$5, "Infantile," Donn H. Steward, Iowa City.

Sculpture in all mediums:

First, \$40, "Boogie Woogie," Houston E. Chandler, S.U.I. art department; second, \$25, "Youth," Glenn Chamberlain, Des Moines; third, \$15, "Ecce Homo," Humbert Albriizio, S.U.I. art department; fourth, \$10, "The Rider," Robert E. Day, S.U.I. art department.

Among Iowa Citizens

Mr. and Mrs. G. R. Hall, 804 Hudson street, will leave the middle of next week to attend the Iowa State fair in Des Moines.

Dr. Carrie K. Bartlett, 527 Ronalds street, is confined to Mercy hospital as a result of an accident in her yard Saturday in which she suffered a broken hip.

Clerk of the district court R. Nielson Miller issued marriage licenses yesterday to Verlon V. Bentz, Mauston Wis., and Edith L. Foltz, Wonevoc, Wis., and Floyd F. Bauer, Cazenovia, Wis., and Ione E. Wright, Wonevoc, Wis.

Mr. and Mrs. John Reid of Lone Tree are the parents of a 7 pound, 9 ounce boy, born yesterday in Mercy hospital.

Miss Genevieve Vest of Webster City is visiting this week in the home of Mr. and Mrs. Gerald Buxton, 1708 College street.

A son weighing 7 pounds, 8 ounces, was born in Mercy hospital Tuesday to Mr. and Mrs. James Starr of 515½ E. College street.

Spending a two-week fishing trip in Bena, Minn., are Mr. and Mrs. A. W. Musack of Coralville.

Mr. Roy Sediver, son of Mrs. Maude Sediver, 809 Roosevelt street, has enlisted for three years' service in the army air corps. He is now stationed at Ft. Riley, Kan.

Prof. and Mrs. Edwin B. Kurtz and their daughter, Marge have returned to their home at 242 Ferson avenue after a 10-day vacation spent with relatives at Waukesha, Wis., and at Lake Geneva.

Mr. and Mrs. Mack Snider of Iowa City spent the weekend at the home of Mr. and Mrs. Henry Wilder of Newport.

Mr. and Mrs. James Miley, 941 S. Van Buren street, are parents of a daughter born Tuesday in Mercy hospital.

Also planning to attend the state fair are Mr. and Mrs. Carl Wachter, 402 W. Benton street, who will leave for Des Moines Wednesday.

Joseph Hobbs files Eviction Suit Against McNamara Residence

Joseph Hobbs filed suit yesterday in district court against John J. McNamara, 223 S. Summit street, to gain possession of apartment C-1 at that address.

Hobbs claims McNamara refused him entry to the premises for inspection or to show the property to prospective purchasers, prospective mortgagers or other persons legitimately interested in the property.

On June 19, Hobbs says he served a 30-day notice for McNamara to quit the premises, which was ignored. On July 30, a three-day notice was served, but it also was ignored.

Hobbs says he purchased the property May 20, from Charles L. Hicks.

The defendant, John J. McNamara, is proprietor of the Western Auto Associate store at 117 E. College street.

SUI Grants Kinnick Scholarship

James E. McKinstry Receives 2nd Award

JAMES E. MCKINSTRY

James E. McKinstry of Waterloo was named yesterday afternoon as the second recipient of a Nile Kinnick scholarship.

Enrolled as a freshman at the university, McKinstry was graduated in June from East Waterloo high school, where he ranked in the upper one-eighth of his class, placing 27th in a class of 191.

The announcement of the scholarship award was made by the university committee on student aid and scholarships. The committee also said that applicants for a Kinnick scholarship are still being considered and that other announcements may be made before the fall term opens, Sept. 23.

A school leader through his career, McKinstry was recommended by Principal Leonard Raffensperger and several Waterloo businessmen.

Among McKinstry's extra-curricular achievements were vice-president of the senior class, student council member, business manager of the annual, secretary-treasurer of the Trojan club, piano and trombone player, member of the concert band and orchestra.

Selected as an all-state quarterback, McKinstry won the state prep championship in the discus throw as well as numerous other shot and discus titles. He also played basketball.

Now working out as a quarterback with the University of Iowa football squad, McKinstry is 18 years old, six feet tall and weighs 195 pounds.

The Wesley foundation annex will be closed until the fall semester starts, Sept. 23.

I.C. Airport Installs 2-Way Radio Set

Law College Instruction

Instruction in the college of law special session for veterans ended Saturday, the first of the special August sessions to close.

Closing date for the three-week independent study unit for graduate students is Aug. 28. Last of the sessions to end, the four-week session, with an enrollment of 788, will last until Sept. 5.

George Jezek and William Drees, radio technicians from Chicago, arrived Tuesday to begin installation of the set.

The new radio will operate on a very-high-frequency (VHF) channel assigned to the airline by the Federal Communications commission. The set being installed here is the final link in a chain of stations between Chicago and Denver.

According to Shrader, the airline intends to have stations equipped with the new radio at short intervals from coast to coast in a very short time.

Work was scheduled to begin yesterday on a 10,049-gallon underground gasoline tank being installed for the airline by the Shell Oil company, Cedar Rapids. The job will cost \$5,000.

The new gasoline system will provide additional safety for airline passenger planes and transports, since they will be able to carry a lighter gasoline load to this point.

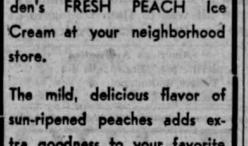

The new tank will be equipped with a portable hose which will make it possible to service planes on the east-west runway and on the United Air Line ramp.

Gasoline for the new refueling system will be trucked here from Bettendorf, Ia., in 4,500-gallon transport trucks.

A. E. Towne, Des Moines, district traffic manager for United Airlines, will arrive this morning to view the CAA expansion program at the airport with members of the Rotary club this afternoon.

Wesley Annex Closes

Make way for FRESH PEACH ICE CREAM

That once-a-year treat for which you've been waiting is here — during August you can buy Borden's FRESH PEACH Ice Cream at your neighborhood store.

The mild, delicious flavor of sun-ripened peaches adds extra goodness to your favorite brand of ice cream. Try it today... and enjoy Borden's FRESH PEACH often during August.

Borden's Ice Cream! HUTCHINSON DIVISION 330 East Market

Steindler Raps New Polio Treatment

Criticizing the nerve crushing treatment for poliomyelitis as "irrational," Dr. Arthur Steindler, head of the college of medicine ortho surgery department, said yesterday that scientific research has proven that not more than 85 percent of the pre-crushed nerve supply is produced in the process of regeneration.

Dr. Steindler spoke at the closing session of a three-day polo institute at University hospital.

The nerve-crushing treatment, used for the most part in California, is based on the theory that regeneration of the nerve muscles following the crushing will be powerful enough to exceed the supply that existed before the treatment.

Commenting on new methods of treating polio, Dr. Steindler said that "nobody in his right mind uses braces for the benefit of muscles. They are used only for the benefit of joints which threaten to go out of line."

In any new treatment, he declared, it is necessary to have controls on the subjects—that is, a way of maintaining and determining relatively normal conditions—to substantiate the validity of the treatment. He added that scientists have been "lacking such controls right along" in their experimental work.

In the treatment of the spastic state in polio, Dr. Steindler stated, physicians are indebted to Sister Kenny, although she undoubtedly learned the method from someone else, for the perfecting of the manual details of the rest, heat application and stretching technique.

Rita H. Nagry, registered nurse, explained to the public health nurses attending the institute the procedure of obtaining admittance to University hospital for their patients.

The patients are classified, she said, as private, clinical cost or indigent.

For the private patients, arrangements for admittance are made directly with the department in question by either the

doctor or patient. Such a patient pays full price for the doctor's services, nursing care and hospital facilities.

The clinical cost patients, she said, don't pay the physician's fees but do pay a cut-rate hospital fee. In the case of indigent patients, who make up about 80 or 85 percent of the persons in University hospital, there is no charge for treatment or doctor's fees, and even transportation to and from the hospital is provided.

Four Local Shriners To Attend International Convention in Canada

Four Iowa City members of Za-Ga-Zig Shrine will attend the international Shrine convention in Winnipeg, Canada, this weekend.

They are Arnold M. Bremer, 1036 Woodland avenue; Ira J. Powell, 806 Bowers street; H. J. Rummels, 415 N. Van Buren street, and George Leonard, 323 N. Linn street.

The Shriners will go to Des Moines this morning, where they will board a special 14-coach train carrying 385 Shriners from Iowa.

More than 12,000 Shriners from all over the world are expected to attend the three-day convention.

The Iowa City delegates will return to Des Moines Sunday night and proceed to Iowa City Monday morning.

UNRRA Aids Yugoslavia

WASHINGTON (AP)—UNRRA figures showed yesterday that Yugoslavia has been the chief recipient of aid from the international organization whose finances are borne chiefly by the United States.

When you are not using a cast iron pot, give it a coat of siltless oil or fat. Wrap it in paper and store it in a dry place.

Rural Schools Need 5 Teachers to Open in Fall as Scheduled

All of the 107 Johnson county rural schools will open on schedule this fall, unless the county is unable to secure five more teachers that are needed, F. J. Snider, county superintendent of schools, said yesterday.

The county school system has 105 teachers at present, but five more are needed because three of the schools have two rooms, Snider explained.

All county teachers will meet in the courthouse at 9 a.m. tomorrow to receive materials and instructions for the fall term. Teachers in the system for the first time will meet in the afternoon for further instructions.

For the convenience of teachers who may be on vacation, another similar meeting will be held Friday, Aug. 30.

County schools are scheduled to begin Aug. 26 and Sept. 2.

SUI Uses One Million Gallons of Water Daily

Dr. M. E. Barnes, director of the university health department, has reported that about 1,000,000 gallons of water taken from the Iowa river was treated daily in 1945-46 for use in the university water plant and system and the three university swimming pools.

The three swimming pools are maintained as nearly as possible at drinking water standard and are closely controlled by daily tests for free chlorine and bacteria. Only three of 656 samples taken of the pool water were considered unsatisfactory.

Four Persons Fined in Local Police Court

Four Iowa Citizens were fined \$1 in police court yesterday for overtime parking.

They were Walter Latham, 304 S. Summit street; F. Bernick 325 N. Dubuque street; Clara Hinton, 123 E. Davenport street; and Wayne Putnam, 605 S. Clinton street.

R. C. Blanhorn, Anamosa, paid a \$2 fine for double parking.

James J. Pavelka, Solon, was fined \$11.50 for driving off a marked highway.

Freshman Orientation Begins September 16

Freshmen and other new university students will begin orientation and registration for the first semester Sept. 16.

All new students must be at the university the morning of Sept. 16 to participate in a series of events leading to the opening of classes Monday, Sept. 23.

President Virgil M. Hancher will be in charge of the induction ceremony Sept. 23 at 7:45 a.m., which will mark the official beginning of the university's new year. In the traditional induction program, students and staff members will pledge allegiance to the university in a ceremony on the west front of Old Capitol.

Nelson Wins Opening Matches In Pro Tourney

Byron Heads For 2nd Title

Short-Enders Topple Favorites In Series Of 1st Round Upsets

PORTLAND, OREG., (AP)—Champion Byron Nelson, whose aching back has been widely publicized, started off in defense of his Professional Golfers Association championship yesterday like a supercharged athlete.

He won his first two matches hands down, battling old man par and his physical rivals into submission with a ten-under par display.

Nelson walloped Frank Rodia, La Mesa, Calif., 8 and 7 in the initial round. He came back in the afternoon to show Larry Lamberger how the game should be played on his own course, the latter being the pro of the host Portland golf club.

Nelson sent Lamberger to a 3 and 2 defeat.

Herman Barron of White Plains, N. J., also breezed through his first two matches, piling up a 6 and 5 margin over Ed Vines, San Francisco, and following with a 3 and 2 win over Fay Coleman, Los Angeles.

A second round upset occurred when George Schmeiter, Ogden, Utah, passed the ninth hole 5 up on British Open Champion Sam Snead, Hot Springs, Va. Schmeiter shot a three-under par 32 while Snead blew to a 39.

Schmeiter continued his pace on the second nine and fired four straight pars to put Snead out of the running, 6 and 5.

Lanky E. J. "Dutch" Harrison of Little Rock, Ark., one of the top fliers, took the measure of a tough second round opponent, Toney Penna of Cincinnati, 1 up.

Harrison had gone through the first round with an easy 6 and 4 win over Joe Mozell, Portland, Ore.

Jim Ferrer of San Francisco, who set a new PGA record score of 134 in the 36 holes of qualifying, beat Sam Schneider, Houston, Tex., 4 and 3 and dumped Lawson Little of Monterey, Calif., 3 and 2 in the afternoon.

Veteran Harold McSpaden of Sanford, Me., went two extra holes to defeat 1944 PGA champion Bob Hamilton of Chicago, 1 up on the 20th.

This match produced the outstanding shot thus far, Hamilton being responsible. On the 16th he hooked his drive into a dry creek bed, under a tree. He couldn't see the fairway but let fly anyway. The ball caromed off a tree, landed in the rough on the left side of the green, a fully fifth yard from the cup. You're right. He pitched the ball into the cup for a birdie 3 on the 357-yarder to go one up.

McSpaden, who had missed a two-foot putt on the 10th, squared the match on the 18th when he sank a seven-footer for a birdie 4. Hamilton hooked himself into defeat on the 20th, his ball landing under a tree. He topped the next shot for a five-foot gain and hit the next one onto the back side of the green. McSpaden, meanwhile, was on nicely in two and won when Hamilton missed his long putt for a 4.

Led by the battling Bassler brothers of California, short-enders knocked out favorites right and left yesterday in first round matches.

Harry Bassler, Los Angeles, led the assault by taking the measure of U. S. Open champion Lloyd Mangrum, Chicago, 1 up. His brother, Newton Bassler of Carmel, picked big game in the person of Melvin (Chick) Harbert, Northville, Mich., 3 and 1.

Dick Shoemaker, Pittsburgh, Pa., sidelined Sam Byrd of Redford, Mich., runner-up in this tournament a year ago, 3 and 2.

Other favorites sent down to defeat included Clayton Heafner, Charlotte, N. C., who lost to un-

Crosby-Hope Protege Takes 'Road to L.A.' After Golf Setback

COLUMBUS, O. (AP)—Bing Crosby and Bob Hope took a setback yesterday at the National Caddy tournament as their handsome protege, Roger Dunn of Los Angeles, bowed out to Gene Allmon of Kansas City, 3 and 2.

Dunn dropped out of the picture along with another "glamor boy"—barefooted Billy Nichols with the cross-handed grip. Norm

Goekel of Detroit took care of Nichols, a Jackson, O., boy, 4 and 3.

But the No. 1 upset over the 6900-yard Ohio State university course was the defeat of co-medalist Bob Hamrich of Cleveland. Ralph Holguin, lanky 16-year-old swinger from San Antonio, Tex., tied the Clevelander on the regulation 18 holes and won on the 19th 1-up.

Bob Peters of Kansas City, fired a two-over-par 74, yesterday to tie Detroit's John Tommaso for the tournament's best score so far. The third round of the tournament starts this afternoon.

Senators Beat Cleveland, 4-3

WASHINGTON (AP)—Early Wynn survived a ninth inning rally by Cleveland here last night as Washington edged out the Indians 4-3, before a crowd of 24,123.

Trailing, 4-2, entering the ninth, the Indians pushed across a run with one out on singles by Lou Boudreau and Jimmy Wessell, plus an error by third baseman Cecil Travis, but with the tying run on second base Wynn disposed of pinch-hitter Ken Keltner and George Case on outfield flies.

The Senators shelled Charley Gassaway from the mound by scoring all their runs in the first three innings.

Ferriss Wins 22nd As Browns Lose

BOSTON (AP)—Dave Ferriss went to the head of American league pitchers yesterday, winning his 22nd game against four losses as the Boston Red Sox outslugged the St. Louis Browns, 12-9.

Ferriss needed help, however, to move one victory ahead of Detroit's Hal Newhouse, when the Browns shelled the Sox' ace in the showers in the sixth inning after piling up 14 hits. Bob Klinger relieved Ferriss, who had been charged with seven runs, and stilled the Browns' bats.

The victory was Ferriss' 10th in a row, but when he left in the sixth inning, his streak of complete games was broken at 14. The pennant-driving Croninmen scored four runs in the first inning on six hits, then came up with seven runs in the second to finish Bob Muncreif.

Yanks Sweep Twin Bill From Chicago

NEW YORK (AP)—The New York Yankees swept a double-header from the Chicago White Sox yesterday, eking out a 12-inning 5-4 decision in the nightcap after winning the opener in a breeze, 10-1.

Pinchhitter Nick Etten drove in the winning run in the 12th after Johnny Lindell had opened with a triple and relief pitcher Earl Caldwell purposely passed the next two men to load the bases.

A homer by Joe Dimaggio, his 22nd, tied the score in the seventh and stretched his consecutive hitting streak to 13 straight games.

Dimaggio also homered in the opener as did Charlie Keller and Aaron Robinson, to enable Spud Chandler to coast to his 16th victory.

A's Blast Trucks To Defeat Tigers

PHILADELPHIA (AP)—The Philadelphia Athletics knocked Virgil Trucks out of the box in the sixth inning to defeat the Detroit Tigers, 4 to 1, yesterday. Trucks had beaten the A's five times this year.

Phil Marchildon allowed only seven hits and became the first Mack pitcher to win 10 games this season, against 12 defeats.

The A's broke the tie after two were out in the fourth on consecutive triples by George McQuinn and Hank Majeski and then went on to salt the triumph away in the sixth with two more.

Caddies Talk it Over

ROGER DUNN, Los Angeles, (left) sponsored by Bing Crosby and Bob Hope, appears amused as Stanley Mouser, Burning Trees golf club, Washington, D. C., sponsored by Postmaster General Robert Hannegan, vocally replays a shot he made coming into the ninth green of the morning round of the National Caddy tourney yesterday. (AP WIREPHOTO)

Bill Peterson Joins Hawks

The troublesome quarterback situation on Iowa's 1946 football squad was eased somewhat yesterday when Bill Peterson, a veteran signal caller who played with the Jacksonville navy eleven during the war, reported to head coach Dr. Eddie Anderson. Peterson was the number one Hawkeye quarterback during last spring's practice session.

Meanwhile, the line candidates, already bulging in size, received four brawny additions as the Hawks went through their third day of drills.

And the contingent today will be augmented by Bruno Niedziela and Jerry Kubal, tackles of the 1942 squad who have been in marine service. Both will weigh better than 220 pounds.

Bringing the roster to 76, the line additions are George Broadston, 220 and 6-4, an end with experience at Creighton and Bowling Green, whose home is Miles City, Mont.; Guy Knebel of Riverside, 220 and 5-10, a 28-year-old tackle and the oldest man on the squad; Ruben Snider of Iowa City, 210 and 5-9, guard and a brother of "Ham" Snider, regular guard of the 1939 Iowa team; and Morris Macer, 195 and 6-1 end from Mason City, all-state in 1942.

Mr. Iowa Football, according to the latest averages, is a man of 194 pounds, 2 1/2 years old, and just over 6 feet tall. The wartime averages were about 182 pounds and 19 years old. On the squad now are 31 men of 200 pounds or over and 17 who weigh between 190 and 200.

Punters and passers had long workouts Wednesday, with Dick Hoerner getting off the best punts. Of the half dozen or so passers, Lou King showed considerable accuracy.

No serious injuries yet have occurred. There have been some minor pulled muscles but in general the squad appears in excellent shape.

Vets Headed For National Tourney

TOPEKA BOUND are these members of the VFW 2581 softball team who will compete in the National VFW softball tournament. They left Iowa City yesterday morning by bus en route to the Kansas tournament.

Another Tall One for Pops

There's no ceiling on basketball players.

Iowa cage fans who were startled last winter by the six foot nine inch height of Hawkeye center Noble Jorgensen have a real treat in store for them in the coming season, 'cause "Pops" Harrison has announced that Delain Kurhtz will be around.

Young Kurhtz played high school ball at Washta three years ago and handled the pivot position for the navy armed guard quintet during the war.

Oh yes, he measures six foot ten and a half inches in his stocking feet.

Rams, All-Stars Test Soldier Field For Tomorrow's Classic

CHICAGO (AP)—The College All-Stars, rigged in star-spangled togs, and the travel-weary Los Angeles Rams yesterday got the feel of huge Soldier field where they will tangle before an expected 95,000 early birds of the 1946 football season tomorrow night.

The Rams, champions of the National Football league and a slight favorite to produce the eighth professional win in the 13-year-old series, sped directly to the field for a practice romp after a 47-hour train ride from their California training base.

Bo McMillan's Collegians, donning their fancy game duds, were scheduled to cavort in a dress rehearsal last night under a glaring 800,000 watt lighting system installed this year by the Chicago park district at a \$75,000 cost.

Today, the All-Stars will polish off with a matinee drill, while the Rams will take their practice turn under the arc lights.

The All-Stars previously had practiced at Northwestern's Dyche stadium in Evanston where McMillin, perhaps for strategic reasons, plainly indicated he was not overly impressed with the squad he will send after the fourth Collegiate, and his own second, triumph of the series. Two of the classics ended in deadlocks.

Sticking strictly to coaching script, McMillin insisted "The All-Stars haven't looked good at all. I don't know what to expect tomorrow night, but I'm depending upon my boys to get into a fighting mood against the Pros. That's our chance."

New Pirate Head

PITTSBURGH (AP)—The Pittsburgh Post-Gazette said yesterday that Leo T. Miller, president of the Syracuse (N.Y.) Baseball team in the International league, may become "the new operating head of the Pittsburgh Pirates."

New York at Pittsburgh—Kennedy (6-7) vs. Sewell (6-7)

Braves Edge Cards; Bums Win

ST. LOUIS (AP)—Veteran Silas Johnson left 13 runners stranded on the bases last night as the Boston Braves edged out the St. Louis Cardinals 4 to 3 to drop the Red Birds a game and a half behind the Brooklyn Dodgers in the torrid National league pennant race.

The triumph was a costly one for the Braves since Dr. Robert F. Hyland, Cardinal club physician, reported from St. John's hospital shortly after the game ended that first baseman Ray Sanders had suffered a bad fracture of the upper left arm in a seventh inning collision with Erv Dusak of the Red Birds and would be out the rest of the season.

Dusak, driving hard down to first after laying down a bunt, ran against Sanders' arm while he was taking the throw from third baseman Froilan Fernandez. Johnny Hopp took over the first basing for the Braves.

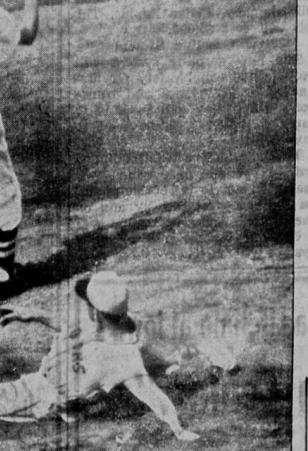

The ball was knocked from Sanders' hand and he was charged with an error which led to the tying run for the Cardinals after Boston had jumped into a two-run lead in the fifth with a brace of tallies on successive hits by Fernandez, Mike McCormick and Sanders.

The Braves however, added a tally in the eighth on Danny Litwhiler's double and Phil Masi's single and manufactured another in the ninth on singles by Fernandez and McCormick.

Johnson Strands 13 As Birds Lose, 4-3

ST. LOUIS (AP)—Veteran Silas Johnson left 13 runners stranded on the bases last night as the Boston Braves edged out the St. Louis Cardinals 4 to 3 to drop the Red Birds a game and a half behind the Brooklyn Dodgers in the torrid National league pennant race.

Beat'n' The Throw—But Good

JEFF HEATH, St. Louis Browns left fielder slides safely into second base as Red Sox shortstop Johnny Pesky awaits the ball (upper right). The hit was to Dom DiMaggio at center field in the first inning of the Sox-Browns game yesterday. (AP WIREPHOTO)

Dodgers Slug Bucs Behind Joe Hatten

PITTSBURGH (AP)—Clouting three Pittsburgh hurlers for 11 hits, the Brooklyn Dodgers defeated the Pittsburgh Pirates, 8-2, yesterday, to retain their National league lead.

The Dodgers hopped on starter Ken Heintzelman for three runs and six hits in five innings and continued their attack on Jack Hallett and Fritz Ostermueller, scoring five markers in the last two frames off the latter.

After the Bucs nicked Joe Hatten for a run in the second frame, the Dodgers tied the score in the fourth and broke the deadlock with a two-run rally in the fifth on singles by Hatten, Pete Reiser and Dixie Walker.

Manager Frank Frisch of the Pirates was tossed out of the game in the eighth by umpire Al Barlick for vehemently arguing that Cookie Lavagetto of the Dodgers was out on a ball and three strike decision.

Five Brothers Meet At Arlington Futurity

CHICAGO (AP)—The Arlington Futurity at Arlington park brought together Idaho's five Parke brothers for the first time in 20 years. They are Monty, Ivan, Charley, Burley and Vasco.

Monty saddled J. A. Kinard, Jr.'s John's Pride; Ivan, assisted by Charlie, saddled Mrs. F. W. Hooper's Education, and Burley placed the saddle on John Marsch's Preoccupy for the big race. Vasco, assistant clerk of scales, weighed the riders for the big race.

NELSON—
(Continued From Page 4)

known Al Nelson, Ponte Verda, Fla., 2 and 1; veteran Jimmy Hines, Chicago, beaten by Lew Worsham, Washington, D. C., 3 and 1 and Herman Keiser, Akron, O., eliminated by Fay Coleman, Los Angeles, 1 up on the 20th.

Vic Ghezzi, 1941 P.G.A. champion from Knoxville, Tenn., had a close call before eking out a 1 up victory over James Gantz of Detroit, Mich. They were even at the turn. Ghezzi's par-5 on the 500-yard 15th put him one up, but Gantz got a birdie deuce on the 17th to square it. Big Vic closed it out on the 18th with a birdie 4.

Ben Hogan, Hershey Pa., had unexpectedly tough opposition in Charles Weisner of Muskogee, Okla., the little slugger finally winning, 2 and 1.

TEXAS Blind School Captures Track Title

ANSTIN, Tex. (AP)—For the record: the Texas School for the Blind is national track champion for the eighth time in 10 years. They held the annual meet at the school recently. The boys turned in some good records. These were forwarded to the National Association of Schools for the Blind. Other schools of this kind over the country did the same. Texas had 56 points, Michigan 53 and New Mexico was third with 26.

Minissi to Penn

REDS Romp Past New York, 7-2

CINCINNATI (AP)—Johnny Heli pitched and batted Cincinnati to 7-2 victory over the New York Giants yesterday to strengthen the Reds hold on fifth place in the National league.

The 24-year old rookie right-hander limited the Giants to six hits while collecting three of 13 safeties yielded by a trio of New York hurlers.
Grady Hatton belted his 14th home run of the season with one on in the seventh inning.

New York tallied once in the second and again in the eighth when pinch-hitter Ernie Lombardi hit for the circuit.

Slams Palestine Policy
WASHINGTON (AP)—Bartley C. Crum, former member of the Anglo-American Palestine commission, yesterday accused "middle level" state department officials and the British of secretly thwarting efforts to set up a Jewish national home in Palestine.

He said obstructive tactics had been employed in the state department for 26 years and that the British have an "unspoken alliance" with Arab leaders, based on a fear of "war against a major power—notably Russia."

Crum told a luncheon gathering attended by several prominent government officials, including Secretary of the Treasury Snyder, that he had learned of the state department attitude after examining "secret files" while a member of the commission.

Plan Funeral Services
ANN ARBOR, Mich. (AP)—Funeral services for Fielding H. Yost, who coached the University of Michigan's famed point-a-minute football teams at the turn of the century, will be conducted here today at 3 p. m. by the Rev. Robert H. Yongeward, assistant pastor of the First Methodist church.

Del Ennis' Homer Sinks Cubs, 1-0

CHICAGO (AP)—Del Ennis, rookie outfield star, used his home run but here yesterday to produce a 1-0 victory for the Philadelphia Phillies over the Chicago Cubs. Ennis smashed his No. 11 round ripper with two out in the top half of the ninth for the only run of the game.

Ennis' hit enabled Dick Mauney to gain his third win after a three inning one-hit relief stint. Hugh Mulcahy started and went six innings.

Between them, Mulcahy and Mauney limited the Cubs to four scattered singles. Russ Bauers, former Pittsburgh pitcher and recently signed by the Cubs as a free agent, was the loser. In making his first start for the Chicagoans, Bauers allowed seven hits.

Mayor Teeters Elected President Of Iowa Municipalities League

Frank Pierce Loses Fight For Secretary

CEDAR RAPIDS, AP)—Mayor Wilber J. Teeters of Iowa City was elected president of the League of Iowa Municipalities at the annual election held at the league's convention here yesterday.

Fred Miller of Ankeny defeated Harold K. Wilson, mayor of Grundy Center, for the vice presidency.

Frank Pierce, Marshalltown, failed in his efforts to regain his position as Secretary of the league.

Pierce, who had refused to acknowledge his defeat last October by Max Conrad, Burlington, lost to Conrad yesterday afternoon, 81 to 73. The Marshalltown man, who still retains the league's records and funds, tied up pending outcome of litigation, issued the following statement after he learned of his defeat at the league's convention here:

"It was a good contest and I accept the results. I sincerely thank my friends for their support and wish the league and Secretary Conrad the greatest possible success."

Pierce had claimed last year's election was illegal because of the absence of a quorum and because the convention at Burlington was held in October rather than August as provided in the league's constitution.

Sued by the league's executive committee, Pierce lost his case in district court at Marshalltown but had appealed to the Iowa supreme court. Two of his attorneys said tonight that status of the litigation would be discussed at a conference soon.

MAYOR TEETERS

Donald Saul, 28, Dies Here of Polio

Donald Saul, 28, Waterloo veteran of service in the ETO, died yesterday morning of polio in University hospital.

Saul was taken ill Monday afternoon while playing golf. He is the second Waterloo polio fatality this year.

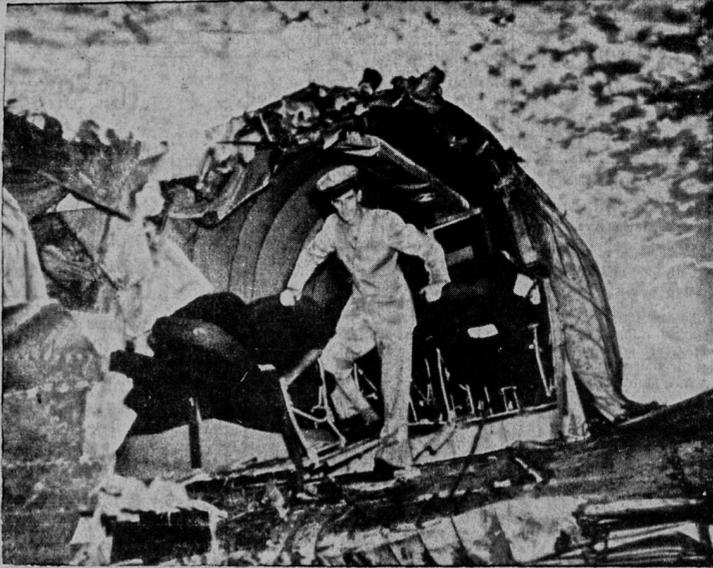

A divorce was granted to his wife, Elsie Saul, Tuesday morning, she was unaware of his illness.

The university hospital reported that 29 polio patients are now being treated there.

Navy Discharges

Ensign John B. Opfell, USNR, route 5, and David C. Dvorak, fireman second class, USNR, 435 S. Dodge street, were both discharged from the naval service Aug. 17, at Great Lakes, Ill.

Two Die in Plane Crash

LT. LIONEL WISHNEFF of New York City, a survivor of the Trans-Luxury plane crash near the Moline, Ill., airport early yesterday, is shown as he looked for personal belongings. The two pilots of the twin-engine charter plane were killed in the crash, while the stewardess and 23 passengers were little more than shaken up. The crash was attributed to a fire in one engine which led Pilot Capt. James Steer of Coral Gables, Fla., to attempt an emergency landing. On his third try at landing, witnesses said one wing struck the ground during a sharp bank, and the plane bounced and crashed. Steer was killed instantly and Co-pilot Marvin Fox of Elmira, N.Y., died shortly after his arrival at the hospital. Lt. Wishneff occupied the seat in the left foreground when the crash occurred. City Asks Use of Block West Of East Hall for Parking Lot

A request for use of the block west of East Hall as a parking lot was made yesterday by the Iowa City community parking committee.

Dan C. Dutcher, chairman, and committeeman I. J. Barron, D. C. Nolan and Robert Gage, presented the formal request to the building and business committee of the state board of education and asked the board to:

- (1) Relocate the communications building planned for that area, and
- (2) Make the land available to the city for a community parking lot.

The committee, consisting of representatives of the city, business and the university, was formed last April for the purpose of making recommendations for solving the parking problem in Iowa City.

From the results of a traffic survey taken here several weeks ago, the committee estimates that 750 off-street parking places are needed to relieve congestion.

The only acceptable lots, according to the committee, are the plot west of East Hall and lots totalling one block in area at Burlington street and Clinton avenue, Clinton avenue and College street, or Burlington street and Dubuque street.

The committee gives four reasons for the choice of the university-held park site: (1) because of its convenient location; (2) because of the low cost of improving the area for parking; (3) because its location is fair to business establishments, and (4) because of the history of the area.

In regard to financing the improvement of the proposed parking lot, the committee suggested that revenue from the parking meters which may be installed in the city would meet the cost.

The area was designated as a public park by a board of commissioners under authority of an act of congress March 3, 1839, and by the Iowa territorial legislature,

First Self-Service Laundry in Iowa Will Locate Here

A self-service laundry, called the Laundromat Half Hour Laundry, will open in Iowa City October 1 at 24 S. Van Buren street, according to B.V. Mayrhauser and Kirk Jeffrey, Cedar Rapids, holders of the state Westinghouse franchise for the Laundromat.

The two men said yesterday that the store will be the first of its kind in Iowa. Installation costs are estimated at about \$20,000.

In addition to a lounge, children's playground, demonstration area and an office, the building will house laundry equipment, drying machines and irons for housewives who use the service. Soft water will be available.

Each machine will be capable of washing nine pounds of laundry at one time. The customer will be assigned a number of machines according to the weight of her laundry.

After the laundry is taken from the machines, it is damp dried. Machines for complete drying will cut the time to 15 minutes. Six semi-automatic ironing machines will be available.

Plane, Car Collide At Iowa City Airport

An Inter-state "Cadet" airplane piloted by a student pilot from Moline, Ill., taxied into a service car belonging to Chalupa Brothers company of Davenport at the Iowa City airport Tuesday.

According to workers who witnessed the accident, the plane was making S-turns along a new taxiway when the wing strut caught the trunk lid of the car, whirling the propeller of the plane into the car.

The right door, windows, top and trunk of the car were chewed badly by the propeller. The plane sustained damage to the propeller and wing.

Shaw's Aircraft company replaced the propeller and patched the wing. The plane was flown back to Moline a few hours later.

OLD MILL ICE CREAM A Treat That Can't Be Beat

OLD MILL PEACH ICE CREAM PACKAGES
20c pint pkg. 39c quart pkg.
The whole family will go for this delicious Old Mill peach ice cream. This new flavor is made with golden ripe sliced peaches and mixed with smooth Old Mill Ice Cream. It's so cooling, refreshing and nourishing, too. Try some tonight!

All Old Mill Stores are open from 10 A. M. to 10 P. M. daily, including week-ends. Closed all day Monday.

OPA Explains Rules on Renting to Students

—For Local Landlords

There have been no cases in Iowa City of students having to be evicted from apartments or rooms through OPA processes, Waldo Geiger, head of the local rent control office, said yesterday.

In other words, Geiger said, relationships between students and their landlords have been satisfactory to the point that OPA officials in Iowa City have never been asked to make a decision concerning the eviction of a student.

This is significant news to persons who are timid about offering rooms in their homes in connection with the current drive in Iowa City to locate more housing for students.

If a person rents rooms to more than two students, Geiger continued, OPA eviction provisions do not apply and the landlord need not worry about having to provide a reason to the rent control office to evict them, should the occasion arise.

Also, Geiger said, a person may rent a room in his home to one student family and be "outside" OPA eviction regulations.

In both cases mentioned, if a landlord decides he wants the rooms, he need only ask the students he is housing to move. The maximum time allowed the tenant to vacate under local law is only 30 days.

An apartment rented to a student family does not come under the OPA regulations with regard to eviction. An apartment is considered any place where persons can both prepare meals and sleep.

Geiger stressed that, as usual, rentals or rooms or apartments must be within OPA ceilings. He said a landlord must merely list the fact that the room is rented in the OPA office within 30 days after it has been rented.

Six families listed rooms available to students at the emergency housing office in the Iowa-Illinois Gas and Electric building yesterday. This brought the total of housing offers during the first three days of the two-week campaign to eight.

Leone Murray of the office of student affairs said that prospects for the two-week drive begin to look brighter. More listings are expected to come in this week-end, as public knowledge of the drive and its purpose spreads.

Recall quotas for 1000 army nurse corps officers and 100 medical administrative corps officers were announced yesterday by the war department.

The former officers are being asked to volunteer for service to give the best care possible to 90,000 patients remaining in army hospitals throughout the world.

Already about 1,500 former nurses have signified a desire to return to military service. Nurses re-enlisting may either serve until relieved at the convenience of the government, or for two years.

All recalled officers will replace personnel eligible for discharge. They must qualify for general and overseas duty.

A recall quota for 200 reserve and national guard officers for the medical administrative corps issued last spring has not as yet been filled. These officers may sign for 12, 18, or 24 months, or for an unlimited length of time.

Iowa City Merchants Decide to Stay Open 'Til 9 p. m. Saturdays

Stores in Iowa City will remain open Saturday instead of Friday nights, until 9 p.m., beginning August 31.

A group of local retail store representatives voted 29 to 11 to switch the long day of the week from Friday to Saturday at a Chamber of Commerce sponsored meeting in the Jefferson hotel last night.

Beginning Monday, stores in Iowa City, except groceries, will be open from 9 a.m. to 5:30 p.m. daily, except Saturday. Hours on Saturday will be 9 a.m. to 9 p.m.

Groceries will remain open until 6 p.m. Monday through Friday, with the same 9 p.m. closing time on Saturday.

The late closing night this week will be tomorrow night.

Former hours
The decision made last night reverses a former announcement that local store hours which existed during the past summer would be maintained the rest of the year.

Stores have been open from 9 a.m. to 9 p.m. on Friday for the last eight weeks, and from 9 a.m. to 5 p.m. on other weekdays.

The vote was taken by a "show of hands" near the close of the meeting after many of the merchants present had expressed their views on what hours would be best for Iowa City.

All persons offering suggestions at the meeting made clear they would abide by the majority decision of the group.

Much of the discussion at the meeting centered around what hours would satisfy the farmers in this area. Some merchants reported farmers overwhelmingly in favor of late Saturday night store hours.

One local retailer said farmers he had at first favored Saturday nights. He said many later admitted it "didn't really make any difference" to them because "they came to town three or four times a week anyway."

Several retailers who rely mainly on farmers for business considered the experimental summer hours, which featured a late Friday night closing, had resulted in loss of farm trade. They said farm business had dropped off noticeably since the beginning of the summer store hours.

Other store owners supported late hours on Friday night. They reported a marked increase in business during the summer because "the buying peak of the week was spread over two days instead of one."

Employes Considered
The hours preferred by employees were mentioned as being an important consideration. Several businessmen said salespeople in their stores emphatically favored remaining at work Friday night. They intimated store clerks would not like to return to the late Saturday hours.

"The likes and dislikes of the salespeople are important," one merchant said, "because it's difficult to hire and hold a superior sales staff."

A suggestion was made to start a campaign in Iowa City to improve service and courtesy in stores and thereby better the city's reputation as a pleasant place in which to trade.

D. C. Nolan, president of the Chamber of Commerce, presided at the meeting. He asked the merchants present who were not already members of the chamber to join the organization and help it in its endeavor to better Iowa City.

All businessmen in Iowa City received an invitation to attend the discussion.
