GOOD MORNING, IOWA CITY!
Generally fair and continued unseasonably cool today and tomorrow. High today about 65. Low tonight around 50.

You Should See the Other Guy!

Union Vets Ride in—GAR's 80th Parade

INDIANAPOLIS (AP)—A handfull of aging boys in blue rode proudly yesterday in the Grand Army of the Republic's 80th annual parade. Only eight of the survivors of the 300,000 members of the GAR received the plaudits of thousands who lined downtown streets for the colorful highlight of the encampment. Led by the famous marine corps band, four open automobiles carried the veterans around historic monument circle, dedicated to heroes who fought in the civil war. Ninety-nine-year-old Hiram R. Gale of Seattle, Wash., the GAR national commander-in-chief, rode at the head of the automotive cavalcade. The cars halted and parked alongside the parade route and Gale, his face immobile, stood, faced west and saluted. Slowly he turned around, faced east and saluted again. Then, as he settled into his seat, cheers rose around the commander's car. Photographers, children, and women milled around Gale's automobile as he returned the salutes of the passing units of allied GAR organizations and a snappy, steel-helmeted military police company. For nearly half an hour, the veterans sat under a hot sun watching the parade pass. Then it was over and, accompanied by a police escort, the automobiles whisked the aged veterans back to the hotel headquarters of the encampment. The 11 veterans voted unanimously later to reaffirm a resolution adopted at an earlier encampment pledging the organization to hold an annual encampment as "long as a comrade survives." Today at the concluding business session they will elect and install officers. Mentioned most prominently as the likely new commander is John H. Grate, 101, of Atlatler, Ohio, the present senior vice-commander. As yet, no city has invited the GAR to hold its 81st encampment, but a bid is expected from Boston. Whether the 1947 convention city will be chosen at this encampment will be determined by whether an invitation is forthcoming before the close of the business sessions.

Bodies of 5 American Fliers Shot Down in Yugoslavia Delivered to U.S. Officials

ADUSSINA, On the Morgan line (AP)—The flag-draped coffins of five American fliers shot down in Yugoslavia were delivered yesterday by motor convoy, and then by stretcher bearers marching across the Morgan line, to American authorities for the long journey home. United States Ambassador Richard C. Patterson, who accompanied the bodies from Ljubljana, told newsmen that "Marshal Tito assured me personally and officially that there will not be any repetition of this event," and declared that despite the Yugoslav premier's explanations, "there can be no adequate satisfaction for the death of five Americans." The men were killed when their C-47 transport was shot down in flames by Yugoslav fighters on Aug. 19. It was 2:30 p. m. when the motor convoy bearing the fliers' remains pulled up to the Morgan line—the boundary separating the Yugoslav-occupied and American-British-occupied areas of disputed Venezia Giulia province. Maj. Gen. Bryant W. Moore, commander of the United States 88th division, met the cortege and thanked Capt. Ilya Mirkovic, liaison officer with the Yugoslav fourth army, for his part in the prompt return of the bodies. Then another Yugoslav officer, Major Ilya Tojic, stepped forward and assured the American commander that such an incident would never happen again. The five coffins, draped with American flags and covered with flowers, were transferred from a Yugoslav ambulance and carried by American stretcher bearers across the hundred yards separating the Yugoslav and American Morgan line outposts. The bodies were taken to a Udine mortuary, and from there they will be flown to Rome. They will be taken to the United States for burial, but whether by boat or plane was not disclosed.

Lake Carriers Offer Reduced Work Week To Striking Seamen

DETROIT (AP)—The Lake Carriers' association proposed a reduced work week for striking CIO seamen on the Great Lakes last night. However, spokesmen for the National Maritime union (CIO), said there could be no "adequate understanding unless the proposal 'spells out' a satisfactory answer to all union demands. President A. T. Wood of the carriers group said the association had recommended to its members establishment of an "at sea" work week of 48 hours and 44 hours in port.

Aussie Plan Loses in Vote On Reparations

By ROBERT HEWETT
PARIS (AP)—Australia's proposal to limit reparations levied on former enemy countries to their "reasonable capacity to pay" and delay action until a special commission made studies was voted down last night in a peace conference commission after three days of arguments. The United States, Britain and France lined up with Russia against the measure—beaten by a vote of 15 to 2, with three abstentions—which provoked long, angry debates climaxed by Soviet Foreign Minister V. M. Molotov's charge that Australia was acting "against the interests of the Soviet peoples." "Cornerstone" of Treaties
Yesterday a Soviet delegate asserted reparations were a "cornerstone" of peace treaties and that delays on this would mean "postponing the peace conference." Meanwhile, delegation spokesmen disclosed that the Big Four council of foreign ministers—summoned into session by British Foreign Secretary Ernest Bevin in an attempt to dig the conference out of dispute—would meet this afternoon. Molotov, Bidault Accept
Molotov and French Foreign Minister Georges Bidault accepted Bevin's suggestion without condition, but Secretary of State Byrnes said he would attend only if procedural matters were not discussed because he would not consent to the council's limiting the freedom of action and sovereignty of the conference. A foreign office spokesman in London said the four-power council "might deal with matters other than its primary purpose of facilitating the work of the peace conference," and diplomatic sources in the British capital said the Dardanelles question was "almost certainly" on the agenda. The Australian defeat came when a vote was taken in the Italian economic commission on a move to insert her proposal for a reparations commission in the Italian treaty. Earlier in the day, Australia withdrew an identical amendment offered for inclusion in the Romanian treaty. Only Two Vote Aye
Only Australia and New Zealand voted in favor of the proposal, which sought to set aside the Big Four agreement on Russia's claims for \$1,000,000,000 war damages from five countries and create a special reparations commission to determine total reparations that would "not endanger... economic stability" of the five former enemy nations. Canada, South Africa and the Netherlands abstained from voting. All the rest of the 20 nations on the Italian economic commission opposed the proposal. Norway is the only conference member not on the Italian commission.

UN SECURITY COUNCIL MEETS IN NEW QUARTERS

U.S. Opposes UN Memberships For Albania, Outer Mongolia

By FRANCIS W. CARPENTER
LAKE SUCCESS, N. Y. (AP)—The United States stood firm last night in the United Nations security council against admitting Russian-sponsored Albania and Outer Mongolia to the United Nations and the council adjourned until today without reaching a decision on any of the eight applications before it. Dr. Oscar Lange, Polish delegate and council president, warned the delegates to be prepared for three sessions today, for the council must conclude its consideration of the applicants by tonight in order to submit them to all the United Nations before the general assembly meets next month. The first session will begin at 8:30 a. m. (CST). The United States virtually vetoed the admission of Albania and Outer Mongolia after strong Russian opposition forced withdrawal of a United States plan proposing acceptance of all eight applications. Herschel V. Johnson, United States delegate, proposed that the council postpone consideration of the applications of Outer Mongolia and Albania until a later date. Johnson said that if a vote were insisted upon at this time, he would be forced to oppose their applications. This would have the effect of blackballing those two nations, since the United States is one of the five powers holding the veto right. The council did not vote on Johnson's motion but instead began consideration of Albania. Representatives of Greece, against Albania, and Yugoslavia, favoring Albania, were invited to the table. Indicts Albania
Vassili Dendramis, speaking for Greece, delivered a long and detailed indictment of Albania to the council, asking it to postpone a decision on that application. After his talk, Lange adjourned the session, with the Yugoslav representative scheduled to speak first today. Johnson proposed this morning before a chamber packed with Long Island socialites and United Nations followers that the council recommend to the general assembly next month the approval of applications from Albania, the Mongolian People's Republic, Afghanistan, Transjordan, Ireland, Portugal, Iceland and Sweden. He was seconded by Trygve Lie, United Nations secretary-general. Gromyko Opposes Move
Andrei A. Gromyko, Soviet delegate, opened the afternoon session of the council in its new interim headquarters in a former war factory with the statement that "I cannot agree on the United States proposal for the wholesale acceptance of the applicants." Gromyko said Russia preferred to deal individually with the would-be United Nations members, some of which the Soviet opposes. Australia also opposed the United States plan, but on the question of procedure. Australia's Paul Hasluck has contended throughout discussions of the applications by a membership committee of the council that the proper course was for the general assembly to consider the applications first and ask the council for recommendations.

Halsey Rejects Soviet Criticism of American Naval Dispositions
WASHINGTON (AP)—Adm. William F. "Bull" Halsey, one of the top wartime commanders tabbed by President Truman for an "elder statesman's" role, delivered a blunt rejection yesterday of Communist criticism of American naval dispositions in the eastern Mediterranean. "It's nobody's damn business where we go," he said. "We will go anywhere we please." This terse restatement of America's traditional stand for freedom of the seas came at a news conference held by the five-star wartime commander of the third fleet, who returned recently from a good-will visit to South America. A reporter referred to Tuesday's announcement that the crack U.S. aircraft carrier Franklin D. Roosevelt and escorting warships will visit Greek ports next week. He asked whether Halsey believes the U.S. should withdraw the warships from the Mediterranean in the face of charges that their presence constitutes a threat to other nations. "No, I do not," asserted Halsey. Halsey emphasized that he does not mean American ships should go uninvited into any country's territorial waters. He does mean, he said that they should sail "in any free water anywhere in the world." He added that "sensible people" would not interpret a good will cruise as anything else. The announcement that the carrier and its escorts will call at Greek ports has been widely interpreted as a move in line with this country's stiffened attitude toward what it regards as Russian ambitions in that part of the world. Award Correspondents
WASHINGTON (AP)—The army is going to award 1,000 theater ribbons and certificates to accredited war correspondents who were overseas. The plans were disclosed yesterday in a war department letter to Rep. Luce (R-Conn.) who suggested the idea.

Wyatt Orders Review Of Military Priorities On Building Materials
WASHINGTON (AP)—Housing Expediter Wilson Wyatt last night put the squeeze on army and navy use of lumber, and ordered lumber dealers to hold 80 percent of their supplies for veterans' housing. To boost lumber yard supplies, Wyatt directed that saw mills supply each dealer with at least one-third more housing lumber than he has previously been able to claim in competition with other customers of the mills. To cap a series of new controls over building materials which he called "drastic," Wyatt directed that 100 percent of all residential hardwood flooring and 85 percent of all mill work—doors, window frames and the line—be reserved for builders holding the "HH" housing priority. Civilian Production Administrator John D. Small joined Wyatt in announcing the lumber actions. The decision to crack down on the military use of lumber came out of an inter-agency conference yesterday. The decisions were two-fold: First, effective at once, the military "MM" priorities used by the army and navy for construction of bases and barracks overseas will be "reviewed most carefully" by CPA to determine whether they can be postponed or the material procurement spread among several cities so as not to preempt the whole supply of any community. Second, all military housing in this country will be similarly scrutinized and a rating no higher than the ordinary "HH" housing priority may be used. Heretofore, military housing in this country as well as abroad has carried the more potent "MM" priority. To Hold Surplus Goods
WASHINGTON (AP)—The army has agreed to put a 15-day "freeze" on disposal of certain surplus property to make it available first to schools for classroom instruction, the United States office of education announced yesterday. Once the equipment is located, educational institutions will have 15 days to arrange for its acquisition.

Delay Return Of Controls On Livestock
WASHINGTON (AP)—The OPA got a mandate yesterday from the agriculture department for meat price ceilings above those of June 30, although below present prices, and a bald reminder from the decontrol board that no controls will be restored to dairy products unless the board says so. Secretary of Agriculture Anderson exercised the new powers which congress gave him to order the meat ceilings set at a level which he said will prevent conditions threatening a shortage. Agriculture department and OPA experts estimated the retail prices in the butcher shops will be higher than the June 30 ceilings by five and one-half cents a pound on beef and two and one-half to three cents on pork, on the average. As a result, the OPA postponed the effective date of the new livestock ceilings from midnight last night until Sept. 1. The dates previously announced for the ceilings at other levels, however, remain unchanged—Sept. 5 for wholesalers and Sept. 9 for retailers. The decontrol board's statement on dairy prices follows a speech by Price Administrator Paul Porter in New York Tuesday in which he said he "will insist" that milk and dairy products be restored to ceilings. Thompson Phones Statement
Roy L. Thompson, chairman of the board, telephoned the statement from his home in New Orleans. It declared: "The only official spokesmen as to what action the price decontrol board can or will take on any situation are the members of the board themselves. Any statements from any other source whatsoever are merely suppositions or speculation and should be treated as such." The statement said that "unless the board is fully satisfied that prices have risen unreasonably and that it will be in the public interest to do so, no price controls will be reestablished on dairy products." To Reinstale Subsidies
After Anderson's word on meat prices was handed down, the reconstruction finance corporation announced that the livestock subsidies will be reinstated on cattle, calves and hogs slaughtered on and after Sept. 1 on the same terms as those which lapsed June 30. The decontrol board had ordered these payments resumed on the same scale as the former subsidies, and Stabilization Director John R. Steelman had set Sept. 1 as the date. The figures Anderson fixed for the livestock ceilings are \$20.25 a hundred pounds on cattle and \$16.25 on hogs at Chicago. The old ceilings were \$18 and \$14.85, respectively, while top prices yesterday were \$30 and \$21.50. Boost Pineapple Prices
OPA also granted canners of Hawaiian pineapple and pineapple juice price increases that will boost the grocery store ceilings four cents for a number two and one half can of fancy sliced pineapple. Accepting another agriculture department recommendation without question, the OPA announced a 12 1/2 percent increase effective tomorrow on canners' ceiling prices for most varieties of canned salmon. OPA said these increases will require consumers to pay six cents more for a one-pound can of Alaska red salmon and four cents more for a similar can of pink salmon. In a number of other actions, the price agency: Allowed candy manufacturers to raise prices if their earnings are below the normal average for the industry. The OPA said the effect on retail prices will be negligible. Granted producers of blended maple syrup and blended country cane syrup increases that eventually can cost consumers 20 percent more in retail prices. Removed price ceilings from polishes for shoes, floors, furniture and automobiles as well as industrial wax products when they contain at least three percent of imported foreign tax.

New Equipment for Cycling

WHEN GLENDALE, CALIF., police saw Herbert Whitson (above), 46, of Los Angeles, riding down the main street yesterday in this fashion, they waved him to the curb and investigated. They said they found the tube led to a bottle of wine enabling Whitson, former circus sideshow man, to sip while riding. They arrested him on intoxication charges. (AP WIREPHOTO)

U.S. Puts on Naval Show for Balkans

Headlines of yesterday's papers tell of the United States sending what amounts to a carrier task force to visit ports in Greece and perhaps other Mediterranean countries.

The dust is still settling on the rumpus kicked up by the plane incidents in Yugoslavia. The Jewish problem in Palestine undoubtedly will flare up again in the near future, possibly with violent consequences.

Russia, ever-eager for a warm water outlet, has made clear her wishes for a revision of the Montreux convention decisions which granted Turkey chief control over the vital Dardanelle straits.

So now, the Aircraft Carrier Franklin D. Roosevelt, accompanied by six lighter warships, moves into eastern Mediterranean waters as a potent reminder of the force that is the United States.

Perhaps, as the state department says, the carrier's visit to Greece is prompted by the "great admiration of the Greek people" for the late President Roosevelt.

New Word Coined for Race Destruction

(New York Times) A new word cropped up in the Nuremberg trials. It is "genocide," said Sir Hartley Shawcross and Sir David Maxwell-Fyfe used it to castigate the twenty-one German leaders who are on trial.

By genocide Professor Lemkin means the biological and cultural destruction of national, religious and other entities. "Mass murder" is not good enough because it says nothing about motives.

Propose Sen. LaFollette For Government Post

HAMILTON, Bermuda (AP) — President Truman, nearing the end of his vacation, is understood to have received suggestions that an important government role be played by Sen. Robert M. LaFollette Jr. of Wisconsin.

Shifting from pleasure to business, Mr. Truman worked yesterday on official papers flown from Washington and discussed budget problems in his cabin aboard the Presidential Yacht Williamsburg with Secretary of the Treasury Snyder.

SOME SAID THE CIRCUS was disappointing. The kids liked it. Have it as you will, it certainly is "The Greatest Show on Earth."

The point is: Where as the treatment is the same, the material which is treated is different. There is nothing wrong with a tremendous, stupendous outlay for "Henry V."

As you know, G. B. Shaw wrote the version "J. Arthur Rank has adopted for "Caesar and Cleopatra." Shaw's technique in the play is one of subtle dialogue, letting the persons themselves show up their own weaknesses and strengths.

The giant and his wife in the sidshow were having a field day matching up lost children with their parents.

As for Gargantua and his wife, they seemed very bored about the whole thing. Not a very nice thing to do Garg, old boy. But he just lay on his back and ignored everyone.

Senator Hatch to Propose Constitutional Revision Setting House Terms at 4 Years

WASHINGTON (AP) — Senator Hatch (D., N.M.) said yesterday he has enlisted the backing of several colleagues for a proposed constitutional amendment to set house terms at four instead of two years.

The New Mexico senator told a reporter he plans to introduce legislation next January proposing the change in an effort to minimize the division of responsibility that arises when one or both houses of congress are controlled by a political party not represented in the White House.

"When the people vote for a change in party control of congress," Hatch said, "they are entitled to have a change in the control of the government at the same time. I think that one of the worst things that can happen to the country is to have one party represented in the White House and the other controlling one or both houses of congress."

Cites Wilson's Case As an example of the divided responsibility, Hatch said he thought Woodrow Wilson's efforts to obtain a satisfactory peace treaty at Versailles had been "hampered" because the Republicans won control of the house before Wilson left for Paris.

Similarly, he said he felt it would have been better for the house to have remained Republican during the last two years of former president Hoover's term.

Bituminous coal produced about 110,000,000 kilowatt hours of electricity in 1945—enough power to lift the 2,800 cubic feet of water in Lake Superior 11 feet.

Panepirotic League Head States—

Greek Claims for North Epirus

By PHOTIUS P. KYRITSIS, President of Panepirotic Federation of America

After the end of the Balkan Wars of 1912-1913, Greece occupied most of the Epirus district and stopped short of Avlona due to a strong protest from Italy, which, since 1878, included in her imperialistic dreams the opposite shore of the Adriatic, known today as Albania.

At the London Conference in 1913, no decision could be reached by the Great Powers, in regard to the frontiers between Greece and Albania. Sir Edward Grey, British foreign secretary, then proposed an arbitrary line, yielding to Italo-Austrian pressure and desiring to avoid a European conflict.

By this line, running from Cape Stylos to Macedonia in a somewhat straight path, most of Epirus was given to the newly created state of Albania. This decision the Greek Government, then headed by the great Premier Venizelos, was obliged to obey, although it was against the interests of Greece and the wishes of the Epirotes themselves, who had welcomed the Greek occupation with frenzied enthusiasm.

Army Withdraws Premier Venizelos ordered the withdrawal of the Greek army. The celebrations ended, and the district of Epirus went into deep national mourning because it was to be annexed to Albania.

The Epirotes refused to submit to this unjust and cruel decision of the Great Powers and declared this region, abandoned by the Greek army and authorities of the Greek kingdom, as an independent state known as Autonomous Epirus. The Greek flag was replaced by another flag similar to the Greek, except that in the center it bore the Byzantine eagle.

The provisional government of Epirus was presided over by the great patriot and lover of liberty, George Christaki Zographos, a native of Argyrocastro. He made clear, in his first proclamation, the aims and wishes of the Epirotic people. He called upon the Epirotes to fight for their freedom against all obstacles and mentioned the rest of the Epirotes living outside the borders of the autonomous state of Epirus.

It must be emphasized that this state represents only that part of Epirus previously liberated by the Greek army during the Greek-Turkish War of 1912-1913 and includes the districts of Chimarra, Argyrocastro, and Coryssa. The Epirotic district in reality extends from Preveza to Genouso river, and this entire district is Greek in origin, character, sentiment, and culture. This entire district, undivided, is claimed and must be returned by the future peace conference to Greece.

Liberate All Epirus It was the purpose of the Zographos government to extend liberty to entire Epirus. He wished to proceed further than the liberating Greek army and to include in the autonomous state of Epirus the 85,000 Epirotes living in the district of Valona and Verati.

The organization of the free autonomous state, with its democratic conception and brotherly spirit, was progressing well and becoming a model for the Balkan peninsula. Thus the state of Epirus, in a period of a few months, proved to the civilized world that it could attain what the newly created state of Albania could not, namely, stability, good government, and order.

Great Powers Intervene Zographos could not realize his dream of completing the total liberation of Epirus because the Great Powers, again at the instigation of Italy, intervened to save Albania, now the center of disorders and revolutions. Their representatives met at Corfu on May 1914 with representatives of the autonomous state of Epirus. They were anxious to find a new solution to the Greco-Albanian question, which, by their unjust decision, their ill efforts, and their desire to subdue the Austro-Italian demands, was becoming the

Greek Knot for the peace and security of the entire Balkan peninsula. At this conference the document known as the Protocol of Corfu was signed. By this document the right of the Epirotes to self-determination and self-government was recognized. Their wish to attend the Greek Orthodox church and to educate their children in their own Greek schools was authorized. Their desire to live in peace and have their own militia and police was agreed upon. It was decided, in fact, that "North Epirus" should have full autonomy, with its own administration, courts, and finances.

union with Greece is very near. In 1940 Greece again liberated the unfortunate North Epirus when fighting victoriously against the forces of Mussolini. It was Greece who destroyed before the eyes of the world the myth of the invincibility of the Axis. It was Greece who prepared the way for the final victory of the United Nations.

Winston Churchill, writing on the occasion of the liberation of Athens to the Greek ambassador in Argentina, Mr. Dendramis, praised the contribution and the sacrifices of Greece and stated clearly that the example of the Grecian struggle "gave a decisive turn to the war."

Must Again Prove Right Alas, after this epic struggle there is still question of a North Epirus. Greece must once more prove to the world her right to the district of Epirus. The Epirotes once more are called upon to declare their faith in their union with Greece!

Greece is proud of her fight at the side of the great democracies, the United States and her Allies, and will walk proudly into the future peace conference, with no imperialistic plans or designs but only modest claims on territories purely Greek by history, tradition, culture, and religion.

Greece will remind the world of her right to seek the return of territories taken from her under pressure of misrepresentation, demand that their freedom be restored and thus have the opportunity to turn her attention to the reconstruction and reorganization of her ruined cities, towns and villages. The Greek people are yet paying dearly for their fight against the conquerors and for the defense of their beautiful and glorious country of Hellas.

U.S. Scientists to Participate In University Polio Conference

Round Table Discussion On Infantile Paralysis To Be Held in Sept.

Approximately 30 scientists from all over the United States will participate in a round-table conference on infantile-paralysis to be sponsored here by the college of medicine physiology department Sept. 12, 13 and 14, Dr. H. M. Hines, department head, announced yesterday.

"The Structure and Function of Nerve and Muscle in Relationship to Infantile Paralysis" will be the subject of discussion at the conference, the first of its kind to be held here since before the war.

The scientists will give reports and demonstrations of newer research work in neuromuscular physiology related to poliomyelitis. Many of the reports will discuss work done with the aid of grants by the National Foundation for Infantile Paralysis.

University of Iowa scientists who will give papers include Dr. Arthur Steindler of the orthopedic surgery department and Dr. G. C. Knowlton and Norma Hajek, both of the physiology department.

Included among the scientists coming to Iowa City for the meetings are Dr. A. J. Carlson and Dr. Paul Weiss of the University of Chicago; Dr. Robert Bennett of the Georgia Warm Springs Foundation; Dr. R. S. Schwab and Dr. W. T. Green of Harvard university; Dr. Howard Howe and Dr. David Bodian of Johns Hopkins university; Dr. V. T. Inman of the University of California.

Universities Represented
Dr. J. E. Markee of the Duke university school of medicine; Dr. W. O. Fenn and Dr. R. Plato Schwartz of the University of Rochester school of medicine and dentistry; Dr. Ernest Gellhorn and Dr. M. B. Visscher of the University of Minnesota; Dr. Ernst Fischer of the Medical College of Virginia; Dr. A. S. Gilson of Washington university, St. Louis, Mo.

Dr. Eben J. Carey of Marquette university school of medicine; Dr. Joseph Moldaver of the Presbyterian hospital, New York; Dr. O. L. Huddleston of Los Angeles Country general hospital; Dr. Ep-

MAKES MAGIC AT CHILDREN'S HOSPITAL

THERE WAS MAGIC for patients at the Children's hospital yesterday as 18-year-old magician William Kniffel (left) of Detroit, Mich., performed such tricks as producing a rabbit from nowhere, making an umbrella vanish and making a bouquet of flowers bloom gradually before the spectators' eyes. Kniffel is shown performing the latter trick to boys in the children's ward. A student at the Lutheran high school in Detroit, Kniffel is staying this week at the home of the Rev. and Mrs. John Choitz. His comedy-magic act has been held at churches, night clubs, banquets, schools and civic functions in Michigan, Ontario, Canada, and Ohio. Today he plans to give benefit shows at the Convalescent hospital and the women's ward at the Children's hospital.

University Lists Student Jobs Open

Positions as stenographers and typists at the university will be open this fall to students' wives and others qualified for the work, Arlyn C. Marks, director of the non-academic personnel office, said yesterday.

Cooks, nursemaids, kitchen helpers, maids and food service personnel are also needed, Marks said. "We need all the help we can get, except in the general clerical field," he commented. "Even in that field, there are positions open."

Applications for the above listed positions may be made from 8 a.m. to 5 p.m. weekdays and 8 a.m. to 12 noon Saturdays at the office of non-academic personnel, room 201, old dental building.

Richard R. Sentman, 27 S. Van Buren street, was fined \$11.50 in police court yesterday on a charge of disorderly conduct.

Maurice Cobb, 404 S. Linn street, and Donald Merfeld, 103 Halley street, have both forfeited \$10 bonds on charges of disturbing the peace.

A \$22.50 fine for speeding was paid by Robert Severin, Lowden, Iowa. Overtime parking fines of \$1 each were paid by Dewey Robshaw, Hubert Samuel and Charles E. Vernace.

Joyce Elaine Parker, Roy L. Still, Jr. Married in Newton

In a candlelight ceremony at the First Methodist church in Newton, Aug. 16, Miss Joyce Elaine Parker, daughter of Mr. and Mrs. Floyd Parker of Newton, became the bride of Mr. Roy L. Still Jr., son of Mr. and Mrs. Roy Still of Newton.

The Rev. L. Churchill Austin read the double ring service before an altar decorated with baskets of white gladioli and palms.

The bride wore a gown of silk marquisette, fashioned with a high neckline and long, tight fitting sleeves. Her double fingertip veil of illusion net was held in place by a beaded tiara.

A Cattleya orchid centered the cone-shaped bridal bouquet of white gladioli and florettes.

A reception was held in the Hotel Maytag ballroom immediately after the ceremony. For her going-away costume, Mrs. Still chose an aqua summer wool suit with brown accessories and an orchid corsage.

Mrs. Still is a junior in the cadet nurse corps here at the university, and Mr. Still will enroll in the college of engineering this fall.

A new type of adhesive for paper may be soaked in water from four to 48 hours without losing its "grip."

Double Ring Service in Davenport Unites Phyllis May Pohler, Dean Howard Mayberry

Miss Phyllis May Pohler, daughter of Mrs. R. H. Pohler, 115 N. Dubuque street, became the bride of Mr. Dean Howard Mayberry, son of Mr. and Mrs. M. P. Mayberry of Beason, Ill., in a ceremony performed yesterday noon at the home of Dr. Howard Weis, 315 Ridgewood street, in Davenport.

The Rev. Keith L. Loveless read the double ring services. Maid of honor was Miss Patricia Chesbro of Davenport, and Mr. Wallace Mayberry of Beason, Ill., served as best man.

White Sheer Bridal Dress
Given in marriage by her uncle Dr. Weis, the bride wore a white street length dress of sheer rayon with a shirred shoulder line and cap sleeves. Jewel buttons on the dress, a lace Juliet cap and pearls which were a gift from the bridegroom complemented the ensemble.

Miss Pohler carried a bouquet of white gardenias with a white satin streamer. A white street-length dress of sheer material was the choice of Miss Chesbro. She wore a white

lace hat and carried a colonial bouquet. The bride's mother wore a black dress with black accessories and a pink gladioli corsage. Mrs. Mayberry also wore black with black accessories and a pink gladioli corsage.

Dr. and Mrs. Weis were host and hostess at a reception held at the Outing club in Davenport immediately after the ceremony.

Mrs. Mayberry's traveling costume was a gray gabardine suit with a black and pink blouse. She wore a gardenia corsage.

Attended SUI
A graduate of Iowa City high school, Mrs. Mayberry is a graduate of the University of Iowa and has been employed at WSUI.

Mr. Mayberry was graduated from Beason high school and attended Illinois Wesleyan university in Bloomington, Ill. Affiliated with Sigma Chi social fraternity and the Masonic lodge, he is now a student at the University of Iowa.

After Sept. 7, the couple will be at home in Iowa City.

VFW to House 26 Students

Approximately 26 men students at the university will be housed this fall in the Leroy Weekes VFW post No. 3949 at 208 1/2 E. College street, the mayor's emergency housing committee announced yesterday.

The university is furnishing double-deck beds for the students, but they will be required to supply their own linens and lamps.

Listings of available rooms for students at the committee's office in the Iowa-Illinois Gas and Electric company totaled 29 as of last night. Only three days remain in the two-week campaign to find housing for the overflow of students expected at the university this fall.

Iowa Citizens who have space available to house students may list their names with the committee by calling 6260.

Charles Hardy, Former Faculty Member, Joins Commerce Association

Charles O. Hardy, formerly a member of the University of Iowa faculty, will join the Association of Commerce as economist on Oct. 1, according to an Associated Press dispatch.

Hardy is now economist and vice-president in charge of research of the Federal Reserve Bank of Kansas City. A member of the research staff of the Institute of Economics at the Brookings institution from 1924 until 1943, Hardy was loaned during the last two years of that period to the office of alien property custodian as economic adviser.

He also taught formerly at the University of Chicago.

Cardinals Win Twice; Recapture Loop Lead

ST. LOUIS (AP)—The St. Louis Cardinals jumped a game and a half out in front in the hot National league flag chase last night on pinch hitter Walter Sessi's two-run ninth-inning homer which gave the Red Birds a 3-2 victory and a sweep of a day-and-night doubleheader as Brooklyn lost a single game at Chicago.

A 15 hit attack on six Giant pitchers gave the Cardinals a 13-8 victory in the afternoon contest. Sessi's dramatic clincher in the arduous contest was the first circuit clout of his major league career embracing parts of two seasons and only his second hit in 12 times at bat this year.

The big pinch batsman came in to swing for relief pitcher Al Brazie after Marty Marion had singled with two out in the ninth and had been replaced by pinch runner Jeff Cross.

With a count of two balls and one strike Sessi sent Bill Voiselle's fourth pitch sailing against the

base of the light tower in right center scoring behind Cross.

Voiselle had limited the Cardinals to five safeties until the ninth and was in sight of his ninth triumph of the season until Sessi's spectacular delivery.

Willard Marshall who collected four of the Giants' 14 bingles all off starter Ken Burkhardt, put the New Yorkers away in front with a double scoring Buddy Blattner all the way from first in the opening stanza.

Marshall then singled the doubling Goody Rosen home in the top half of the ninth to break a 1-1 tie the Cardinals had gained on two batters by Burkhardt and Harry Walker in the fourth.

In the afternoon game the Cards had lashed out with a flurry of 15 hits that included four homers, a pair off the bat of Erv Dusak and one each by Whitey Kurowski and Enos Slaughter to win a free-hitting affair.

The Cardinals sent starter Ken

Trinkle reeling to the showers in the first inning and continued to blast Mike Budnick for a total of five runs on six hits as they batted all the way around and started over again.

Beazley yielded three scores in the third, another packet of two in the sixth and Goody Rosen's home run in the eighth before he was replaced by George Munger who gave up two more in the ninth on singles by Buddy Kerr and Walker Cooper, a walk and an infield out.

Jersey Joe Loses

CAMDEN, N.J. (AP)—Jersey Joe Walcott, Camden heavyweight being boomed for a heavyweight title bout with Joe Louis, lost a surprise 10-round decision to Joey Maxim, of Cleveland, at the Camden ballpark last night. Walcott weighed 192 Maxim, 180.

STAN MUSIAL, ace Cardinal first baseman, was forced out at second base in the first game of yesterday's doubleheader at St. Louis but the New York Giants missed a double play when Buddy Kerr (left) bounced the ball off Musial's hand on an attempted relay to first after taking a toss from second baseman Bob Blattner. The Cards took over the National league lead when Brooklyn lost to Chicago.

Complete Auto Whips Vets, 9-0, in City Playoff

Automen Tally Six in Initial Frame, Play Oilers Tonight

Blasting out nine runs in the first two innings, Complete Auto coasted to a 9-0 victory over VFW post 2581 in the initial game of the City softball league playoff last night in an abbreviated contest.

The win sends the Automen against Kelly Oilers tonight at the Benton street diamond in the second game in the first round in the double elimination tourney. The loser of tonight's tilt meets the Vets tomorrow evening to decide who will play tonight's winner for the crown.

John Albrecht started the Complete Auto attack in the last of the first frame with a triple and scored on Bailey's infield hit. Clayton Colbert advanced Bailey to third on a single to left and took second himself on the peg from the outfield.

Ralph Tucker pushed Bailey and Colbert all the way around with a sharp single to left center and scored a moment later on Stewart's long fourbagger to left field. Jack Shay doubled, advanced to third on a wild pitch and scored as Hank Giomo was safe on an infield error.

The second inning was a continuation of the first for the Automen as Bailey led off with a double, advanced to third on an outfield out and scored on a passed ball. Tucker doubled and tallied on Stewart's single to left. Stewart took second on the peg from the outfield, raced to third on a wild pitch and scored as Dvorsky was safe on an error. Shay bunted but was out at first. Dvorsky moving to second. Giomo drew a pass and Bill Bock was safe on a miscue to fill the bases before Joe McGinnis forced Albrecht to ground out, ending the outburst.

The Veterans threatened in the second and third frames but lacked the punch to drive in the runs. In the second Curly Stahle and Keith Hora drove out consecutive singles with none out. Red Miller forced Stahle at third and Tucker struck out the next two batters to put out the fire.

Tucker walked McGinnis and Jaro Lepic to open the third but the next three men were unable to get the ball out of the infield. Jerry Kerlin bunted safely in the fifth but again the Vets were unable to move him around.

Bailey, Tucker and Stewart each banded out two safeties in three attempts to lead the Automen's nine hit attack. Tucker set down the Vets with three hits and gave up two walks in the five inning contest.

Babe Zaharias Upset By Unknown in Meet

SPOKANE, Wash. (AP)—Babe Didrikson Zaharias, one of the nation's top women amateur golfers, bowed to Grace Lenczyk, Newtonington, Conn., 3 and 2 in a major upset yesterday as a field of 32 toured the first 18 holes of match play in the first National Women's Open tournament.

Meanwhile medalist Patty Berg of Minneapolis survived the first 18-hole round yesterday by beating Mrs. Margaret Speer of Fort Leavenworth, Kan., 7 and 6.

Most of the other six professionals in the tournament were faring as well. Mary Mozel of Portland, Ore., defeated amateur Jewel Ann Gronley, Butte, Mont., 6 and 5, and Betty Jameson, San Antonio, Texas, handily defeated amateur Barbara Smith of Vancouver, Wash., 9 and 8 in a lower bracket match. Miss Jameson was out in women's par of 37.

Mrs. Jackie Pung, Honolulu amateur, eliminated Mrs. Jo Pedicord, Spokane amateur, 5 and 4, while Betty Jean Rucker, hometown amateur favorite, defeated Mrs. Frank Kapps, Burlingame, Calif., amateur, 6 and 5.

Professional Hope Seignious, Greensboro, N. C., secretary and founder of the Women's Professional Golfers association, which is sponsoring the tournament, was eliminated in another match, 3 and 2, by amateur Ellen Kieser, San Francisco.

Des Moines Delays Hit Local Tourney

Plans for the Iowa City Invitational softball tourney received a setback this week when the state softball meet at Des Moines was postponed for three straight days due to rain.

Several of the teams scheduled to play in the local tourney Sunday are still playing in the state meet and may be unable to compete here. Several all-star teams entered in the Iowa City meet will be missing players who are with other outfits competing for the state crown.

Teams who will play in the Sunday tournament at the City high diamonds include Complete Auto and Kelly Oilers of Iowa City; Wilson Packers, Iowa Steel and Quaker Oats of Cedar Rapids; Grinnell Merchants; Cline Implement of West Liberty; Plamior Bowling and Besisi Candy of Muscatine and Dice Tavern of Davenport.

Pasquel Sues Mickey Owen

SPRINGFIELD, Mo. (AP)—Mickey Owen was sued for \$127,500 yesterday by Jorge Pasquel, president of the Mexican baseball league.

The suit, filed in federal district court here, asks \$100,000 damages against the former Brooklyn catcher who jumped to the Mexican league only to desert the south of the border game after a few months play.

In addition, Pasquel asks return of \$12,500, which he said had been paid as a bonus to Owen for deserting the Dodgers after his return from military service last spring, and \$15,000 advanced to him as salary for 1950.

not to retire, and that if he does decide to retire he'll make it public in such a way there will be no ifs, ands or buts about it.

If he should retire, baseball will lose one of its most popular and capable figures, a man whose team loyalty and spirit overshadowed any yen for personal glory. At the height of his career as a first baseman he shifted to the outfield because he was needed most there. Now he is back on first base for the same reason. Opposing players rate him "a good guy," and that's high tribute.

Phils Push Pirates Deeper Into Cellar

PITTSBURGH (AP)—The Philadelphia Phillies defeated Pittsburgh 4-1, at Forbes field last night to drive the Pirates deeper into the National league cellar. Southpaw Oscar Judd limited the Bucs to four hits and drove in two runs with a double before yielding the mound with the bases loaded in the seventh. Attendance was 11,594.

Blix Donnelly promptly got the Phillies out of the seventh-inning hole by fanning pinch-hitter Bill Salkeld and nailing Elbie Fletcher on a pop-up for the second and third outs.

The defeat was charged against Truett (Rip) Sewell, his ninth for the season against six wins.

Reds Trip Cooper, Split With Braves

CINCINNATI (AP)—The Cincinnati Reds split a twin bill with Boston yesterday, taking the nightcap, 2-0, on Ewell Blackwell's four-hit pitching after the Braves had won the opener, 8-4.

Mort Cooper, the Braves starter, gave up five of the six Cincinnati hits in the second game but two of them, Claude Corbit's single and a double by Al Libke, produced a run in the first inning and then Eddie Lukon hit his ninth homer of the season in the fifth.

Greenberg's Getting 'Tired'

By WHITNEY MARTIN

NEW YORK (AP)—Hank Greenberg says he is a little tired, but it's too early to think of retiring.

"As far as I know I'll be playing next year," the Detroit slugger elaborated. "I'd rather not say anything about it now. I'd look a little silly saying I was retiring, and then showing up at camp next spring.

"Sure, I'm a little tired right now," he grinned wryly, "but I guess you're always tired when you aren't hitting. I might finish second in home runs, maybe first if I put on a spurt. And I might wind up about fourth in runs batted in. I hope to knock in 100 runs.

"It's a little discouraging when

you can't hit pitchers you always have hit. And it's also discouraging to see ground balls go by you at first base that you used to get.

"I didn't want to go back to first base. I hadn't played the position in about seven years, and it's a lot harder on the legs than playing in the outfield.

"In the outfield you don't have to start so quickly. You can play the batters right, and get to the balls ordinarily."

Hank was asked if the fact the Detroit fans were riding him a little would have any effect on his retirement.

"No, it wouldn't," he finally replied. "The Detroit fans always been very good to me. Funny thing, they didn't boo me until someone wrote a story saying they

were. Then they started. I'll admit it was a little discouraging, but I realize they boo you so they can cheer you when you hit home runs.

"Excuse me now, it's my turn to bat," and the big guy grabbed a bat and headed for the practice cage.

You got the idea that the next month might have a lot to do with Hank's decision to retire or not.

Major Club Owners Accept Player Plan; Lengthen Schedule

By JERRY LISKA

CHICAGO (AP)—Major league club owners yesterday met the challenge of unionism and Mexican league raids by fully complying with an unprecedented player demand for an improved contract and by authorizing player representation on baseball's governing body for the first time in the game's history.

A joint session of American and National league magnates, meeting less than 90 minutes, unanimously concurred with a slate of player proposals.

The proposals included representation on a grievance committee, a minimum salary believed to be \$5,000, a pension plan, modification of the 10-day release clause, extension of post-season exhibition play from 10 to 30 days, and incidental spring training expenses.

Most significant of the concessions which filled 40 typewritten pages was establishment of an executive council which will include a player delegate from each league to displace the old advisory council. The old council included only Commissioner A. B. Chandler and presidents Will Harridge and Ford Frick of the American and National leagues respectively.

In addition to the two players, the new council will be composed of Chandler, Frick, Harridge and owner representatives, Larry MacPhail of the New York Yankees and Warren Giles of the Cincinnati Reds. Its work will be final in all baseball matters, subject to approval by the annual joint meeting of the majors.

Thus the owners, who last July set in motion the whole collective bargaining scheme of their own accord, responded to Robert Murphy's once-defeated baseball guild and the waning lure of Jorge Pasquel's Mexican league.

Pending formal organization of the council, negotiations between owners and players will continue to be conducted by a policy committee, headed by MacPhail. It will meet with the players' own six-member steering committee "as soon as possible" to consider the contract as it was revised yesterday.

Pafko Joins Cubs' Broken Bone Club

CHICAGO (AP)—The Chicago Cubs' injured list gained a new member today when x-ray pictures revealed that Andy Pafko, center fielder, had suffered a fractured right forearm, close to the elbow. He crashed against a wall while catching a line drive off the bat of Walker Cooper in the eighth inning of Tuesday's game. Five other Cubs were nursing fractures.

Bonham Bests Rapid Robert

NEW YORK (AP)—With Ernie Bonham limiting the Cleveland Indians to seven hits, the New York Yankees handed 22-game winner Bobby Feller his 10th defeat last night, shutting out the Tribe 4-0 before 71,551 paid fans, the largest night game crowd of the year at the Yankee stadium.

Feller, who retired at the end of seven innings in favor of Joe Derby, fanned only four to raise his season's total to 284.

Charley Keller led the Yankee's seven hit attack against the Cleveland fireballer with a double and a triple in three trips as the New Yorkers beat Feller for the second straight time after he had taken their measure in the first four games in which he faced them.

Tigers Claw Boxox As Harris Falters

BOSTON (AP)—Homers by Roy Cullenbine and Hank Greenberg started and completed Detroit's 7-2 win over the top-place Red Sox yesterday before a 28,789 crowd. It was the Tigers' first triumph in their 10 Fenway starts this season.

The Red Sox, with Ted Williams, who suffered a leg sprain Tuesday in an automobile accident, patrolling his left field bat, gave lefty Mickey Harris a two-run send-off. But Cullenbine set off the Tigers' winning drive with his sixth inning homer.

Johnny Gorsica, who relieved starter and winner Freddy Hutchinson after the seventh, led off with a double in the final frame. Eddie Lake walked and George Kell singled in Gorsica before Greenberg blasted his 28th homer into the left field screen to score two ahead of him.

Gridders Hold 1st Scrimmage

Hawk Offense Clicks As Speedy Halfbacks Break Loose Often

The wide open battle for starting jobs on Iowa's 1946 Hawkeye eleven got underway yesterday afternoon when acting head coach Frank Carideo sent his charges through their first scrimmage of the fall practice session.

Every player on the squad saw action yesterday during the three hour scrimmage, with the coaches shifting line-ups regularly. However, the offensive team had things pretty much their own way, with a steady stream of speedy backs breaking into the open repeatedly.

This offensive picnic did pause briefly, along toward the end of the drill, when the Hawks' "beef trust" tackles, Jerry Kubal and Jim Shoaf, went on defense. Kubal and Shoaf, both weighing over 210-pounds, piled up everything that came their way.

Grothus Looks Good

Left end Harold Shoener and left tackle Joe Grothus were another pair of defensive standouts, smashing every offensive thrust into the left side of the line while they were in action. Grothus, weighing in at 195, drew special praise from the coaches for his aggressive play.

A succession of fast hitting line-men and swift backs made coach Dr. Eddie Anderson's tricky T-formation work time and again on the offensive side of the ledger but, once again, it was unheralded Bob M. Smith, the former speedster, who stole the show.

Bob Smith Stars

The 150-pound scab back, practically ignored by the pre-season dope, not only turned in a sensational running exhibition from his left halfback spot, but came up with the best block of the day when he cut down an end to clear the way for a touchdown gallop around the defensive right flank.

Bob Longley, former all-state left half from Davenport, was another steady ground gainer when he took over the job late in the drill.

University hospital attendants said there was little change in the condition of Anderson, who is recovering from an appendectomy.

Greenberg's Getting 'Tired'

By WHITNEY MARTIN

NEW YORK (AP)—Hank Greenberg says he is a little tired, but it's too early to think of retiring.

"As far as I know I'll be playing next year," the Detroit slugger elaborated. "I'd rather not say anything about it now. I'd look a little silly saying I was retiring, and then showing up at camp next spring.

"Sure, I'm a little tired right now," he grinned wryly, "but I guess you're always tired when you aren't hitting. I might finish second in home runs, maybe first if I put on a spurt. And I might wind up about fourth in runs batted in. I hope to knock in 100 runs.

"It's a little discouraging when

Phils Push Pirates Deeper Into Cellar

PITTSBURGH (AP)—The Philadelphia Phillies defeated Pittsburgh 4-1, at Forbes field last night to drive the Pirates deeper into the National league cellar. Southpaw Oscar Judd limited the Bucs to four hits and drove in two runs with a double before yielding the mound with the bases loaded in the seventh. Attendance was 11,594.

Blix Donnelly promptly got the Phillies out of the seventh-inning hole by fanning pinch-hitter Bill Salkeld and nailing Elbie Fletcher on a pop-up for the second and third outs.

The defeat was charged against Truett (Rip) Sewell, his ninth for the season against six wins.

Reds Trip Cooper, Split With Braves

CINCINNATI (AP)—The Cincinnati Reds split a twin bill with Boston yesterday, taking the nightcap, 2-0, on Ewell Blackwell's four-hit pitching after the Braves had won the opener, 8-4.

Mort Cooper, the Braves starter, gave up five of the six Cincinnati hits in the second game but two of them, Claude Corbit's single and a double by Al Libke, produced a run in the first inning and then Eddie Lukon hit his ninth homer of the season in the fifth.

Des Moines Delays Hit Local Tourney

Plans for the Iowa City Invitational softball tourney received a setback this week when the state softball meet at Des Moines was postponed for three straight days due to rain.

Several of the teams scheduled to play in the local tourney Sunday are still playing in the state meet and may be unable to compete here. Several all-star teams entered in the Iowa City meet will be missing players who are with other outfits competing for the state crown.

Teams who will play in the Sunday tournament at the City high diamonds include Complete Auto and Kelly Oilers of Iowa City; Wilson Packers, Iowa Steel and Quaker Oats of Cedar Rapids; Grinnell Merchants; Cline Implement of West Liberty; Plamior Bowling and Besisi Candy of Muscatine and Dice Tavern of Davenport.

Major Club Owners Accept Player Plan; Lengthen Schedule

By JERRY LISKA

CHICAGO (AP)—Major league club owners yesterday met the challenge of unionism and Mexican league raids by fully complying with an unprecedented player demand for an improved contract and by authorizing player representation on baseball's governing body for the first time in the game's history.

A joint session of American and National league magnates, meeting less than 90 minutes, unanimously concurred with a slate of player proposals.

The proposals included representation on a grievance committee, a minimum salary believed to be \$5,000, a pension plan, modification of the 10-day release clause, extension of post-season exhibition play from 10 to 30 days, and incidental spring training expenses.

Most significant of the concessions which filled 40 typewritten pages was establishment of an executive council which will include a player delegate from each league to displace the old advisory council. The old council included only Commissioner A. B. Chandler and presidents Will Harridge and Ford Frick of the American and National leagues respectively.

In addition to the two players, the new council will be composed of Chandler, Frick, Harridge and owner representatives, Larry MacPhail of the New York Yankees and Warren Giles of the Cincinnati Reds. Its work will be final in all baseball matters, subject to approval by the annual joint meeting of the majors.

Thus the owners, who last July set in motion the whole collective bargaining scheme of their own accord, responded to Robert Murphy's once-defeated baseball guild and the waning lure of Jorge Pasquel's Mexican league.

Pending formal organization of the council, negotiations between owners and players will continue to be conducted by a policy committee, headed by MacPhail. It will meet with the players' own six-member steering committee "as soon as possible" to consider the contract as it was revised yesterday.

Pafko Joins Cubs' Broken Bone Club

CHICAGO (AP)—The Chicago Cubs' injured list gained a new member today when x-ray pictures revealed that Andy Pafko, center fielder, had suffered a fractured right forearm, close to the elbow. He crashed against a wall while catching a line drive off the bat of Walker Cooper in the eighth inning of Tuesday's game. Five other Cubs were nursing fractures.

Bonham Bests Rapid Robert

NEW YORK (AP)—With Ernie Bonham limiting the Cleveland Indians to seven hits, the New York Yankees handed 22-game winner Bobby Feller his 10th defeat last night, shutting out the Tribe 4-0 before 71,551 paid fans, the largest night game crowd of the year at the Yankee stadium.

Feller, who retired at the end of seven innings in favor of Joe Derby, fanned only four to raise his season's total to 284.

Charley Keller led the Yankee's seven hit attack against the Cleveland fireballer with a double and a triple in three trips as the New Yorkers beat Feller for the second straight time after he had taken their measure in the first four games in which he faced them.

MEXICO CITY (AP)—Hooper Triplett, ousted outfielder of the Columbus, Ga., Cardinals, faced a cold welcome at Mexico's border as president Jorge Pasquel of the Mexican baseball league ordered the Nuevo Laredo club yesterday to cancel its contract with the U. S. player.

Pasquel sent a telegram to Nuevo Laredo club president Erasmo Flores and to other league heads that "In order to preserve the prestige of the Mexican baseball league we cannot under any circumstances accept Hooper Triplett in view of the fact he has been expelled by United States baseball on a charge of betting against his club."

State Fair

Crowded Despite Cool Weather

By PAUL HANSELL
IOWA STATE FAIR GROUNDS, Des Moines (AP)—A chilly wind blew in from the north yesterday afternoon and topcoats, sweaters and even a few concession blankets were broken out to keep their wearers warm, but the temperature drop failed to cool the spirits of the thousands who packed the midway, prowled through the exhibit buildings and paraded through the livestock barns at the Iowa State Fair.

A crowd estimated at more than 60,000 boosted the attendance for the fair to date near the 400,000 mark.
Twenty thousand persons filled the grandstand to capacity to see the afternoon horse racing and rodeo and to watch Gov. Robert D. Blue present a state valor award to its youngest recipient, 5-year-old Dennis Aquilera, and three other Iowa heroes.

Dennis, of Manly, accompanied by his pretty mother, proved the stellar attraction of the afternoon. Swept up into the governor's arms, Dennis leaned back on Blue's shoulder and beamed at the crowd, which cheered him loudly.
Business continued to boom at the fair. The fair board reported receipts this year through Tuesday totaled \$356,651, compared to \$282,025 in 1941 at the same time. Receipts from the outside gates, which reflected both the fair board's no-pass policy this year and increased attendance totaled \$157,171 compared to \$92,318 in 1941. Last night's grandstand show was sold out early.

Hospital Fund Drive to Start Oct. 14

Seek to Raise \$150,000

An eight-week drive to raise \$150,000 in donations to apply toward the construction of a \$600,000 addition to Iowa City Mercy hospital is scheduled to commence Oct. 14. Dr. Paul Reed, president of the hospital staff, said yesterday.

Details of the drive have not been announced, but Howard T. Beaver and Associates, fund-raising consultants of Chicago, have contracted to offer technical advice to local officials who will handle the drive.

Harry Murison, Des Moines, representative of the Chicago firm, will personally assist with the local campaign. He will discuss the drive for hospital funds with several Iowa City men at the Jefferson hotel this noon.

Intended to meet the urgent need for more hospital space in this area, the Mercy hospital expansion will provide room for 100 more beds, giving the hospital an approximate 200-bed capacity.

At a July 18 meeting, 35 representatives of local and Johnson county civic and fraternal organizations agreed to support a campaign to raise \$150,000 of the total amount through donations from individuals and groups in the area served by the hospital.

The remaining \$450,000 has been furnished by the Chicago province of the Sisters of Mercy, the Catholic church order which maintains this and several other hospitals throughout the midwest.

The expansion of the hospital will provide a complete new six-story wing running north and

south along Van Buren street. A six-story corridor connecting the present main hospital building with the new wing will also be constructed.

Dr. Reed said Mercy hospital is crowded far beyond its original capacity. It has been continuously caring for between 130 and 160 bedridden cases, with the highest number recently being 171. The hospital should normally handle only 110 bed patients.

With the 45 beds allotted in University hospital to private patients, this makes a total of only 155 beds normally available to private cases in Iowa City.

In addition to the added bed space, the expansion will provide more operating rooms and a more modern X-ray department.

Two rooms have been obtained from the American Red Cross, 15 1/2 S. Dubuque street, to use as campaign headquarters, according to Dr. Reed.

The eight-week campaign for donations will end Dec. 7.

Local Cattle Entries Win State Fair Honors

Four Jersey cattle entries of W. S. Morrison, route 6, have won honors at the Iowa state fair in Des Moines.

First place was won by his cow, any age, in the contest judged for udder alone. Morrison's two-year-old Jersey heifer and his four-year-old Jersey cow won a second place.

His three year old Jersey cow entry placed second in a field of ten, while his 18 month old Jersey bull was also awarded second place honors.

Watermelon Raiders To Be Released After Paying \$115 Damages

The six boys apprehended by the sheriff's office recently for raiding watermelon patches north of Iowa City Aug. 18 will be re-

leased after paying damages of about \$115, the sheriff said yesterday.

No charges will be brought against the boys, who range in age from 15 to 18. Five of the boys were from Iowa City, the other from Windham.

August Reiland and B. K. Mercer were owners of the two patches. Mercer estimates damage to his watermelon crop at about \$40.

Reiland reported a \$75 loss. He said 58 watermelons and 15 to 20 muskmelons were destroyed.

Car Accident

Cars driven by William J. Weeber, 219 Riverview avenue, and Roy H. Engleman, 1107 Marcy street, collided at noon yesterday near the corner of Linn street and Burlington street.

Weeber's car was damaged along the right side to the extent of \$77.80. The \$10 damage to Engleman's car was confined to the left front fender.

Nine Persons Elected To Membership in Iowa State Historical Society

Nine persons were elected to state membership in the State Historical society, and three persons were made enrolled as life members at the monthly meeting of the board of curators yesterday afternoon.

New members include Mrs. C. F. Bunze of Charles City, Alvin J. Ehrhardt of Decorah, Dr. F. A. Gillett of Oskaloosa, Mrs. Grace K. Harden of Muscatine, Edna Lane of Ottumwa, Mildred Phillips of Guthrie Center, Marian Segar of Webster City, S. Laird Swagert of San Marcos, Tex., and Mrs. Lloyd Thurston of Osceola.

Named as life members were Ralph B. Vernon of Ottumwa, David Warren of Panhandle, Tex., and Howard W. Wood of Keokuk.

Iowa Citizens Plan Civic Music Series

Iowa City will have a civic concert series during the 1946-47 season, it was announced last night.

A group of 23 Iowa Citizens, representing musicians and business people, voted unanimously at a meeting in Hotel Jefferson to form an Iowa City Civic Music association.

Purpose of the newly formed organization will be to present nationally-known artists of stage and radio in at least three musical programs during the year.

This means that Iowa Citizens may have a chance during the next few years to hear such famous musicians as John Charles Thomas, Gladys Swarthout, Ezio Pinza, Jan Peerce, Marian Anderson, Arthur Rubenstein, Isaac Stern, Ellabelle Davis, the Don Cossack chorus and the Ballet Theater.

Miss Helen E. Welch, Chicago representative of Civic Music Service, Inc., pointed out that the association might not be able to secure some of the most famous musicians during the first year due to a possible lack of finances. She insisted, however, that the service handles only contracts with first-class managers, assuring local associations of top entertainers.

The local association will launch its membership drive Nov. 11. A charge of \$6 for adults and \$3 for students will entitle persons to attend the entire series of concerts during the season.

Members may also attend civic music programs in other cities using the plan, but attendance at all the concerts is limited to members of the association.

The association is organized as a non-profit cooperative. All money collected in membership fees is used for hiring entertainers.

The president of the association will appoint a 10-member committee to take charge of selecting the season's attractions.

To avail itself of services of Civic Music Service, Inc., the local association must hold a minimum of three concerts a year. It may hold as many as it pleases within the limits of its finances.

Dan C. Dutcher was elected president of the association. Mrs. Robert Gibson was elected secretary, to be assisted by Mrs. Dorothy Sheldrup. Flave Hamborg will be treasurer.

Vice-presidents of the organization will be Mrs. I. A. Rankin, Mrs. Ruth Beye, A. O. Kelley, Jack White, Mrs. C. L. Robbins, Mrs. George Scanlon and Fred Roberson.

Civic music associations got their start 25 years ago, Miss Welch said, when a wealthy music-lover contracted the entire Chicago opera cast on a cooperative basis. Since then the plan has spread to all parts of the United States.

Other cities in Iowa using the civic music plan include Dubuque, Des Moines, Davenport, Keokuk, Ottumwa, Carroll and Burlington, according to Miss Welch.

Mayor Teeters to Examine Body in Poison Case Autopsy

Mayor Wilber J. Teeters will meet in Burlington today with Indiana state officials to assist in the examination of the body of Mrs. Hattie Calhoun for possible traces of poison.

The Indiana state chemist and the Indianapolis, Ind., chief of police have requested Mayor Teeters' services as toxicologist. Indiana officials will meet with him at noon today at the Giles funeral home in Burlington, where the mayor will determine what parts of the body should be examined, to find traces of poison.

The mayor's services are re-

quired because District Judge Paul McCoid, Burlington, in granting the exhumation request, stipulated that the body must not leave Iowa.

Mrs. Calhoun died in Dupont, Ind., in 1937 while under the care of Mrs. Lottie (Tot) Lockman, who is now free under bond on Madison, Ind., charges of murder by poison in the death of Mrs. Minnie McConnell and also of trying to murder the latter's daughter, Mamie, by poison.

An Indiana toxicologist has reported finding mercury poisoning in the stomach of Fred Giddings,

who also died while under the care of Mrs. Lockman.

During a previous hearing, Graham Tevis, Indiana state police detective, testified that Mrs. Lockman made burial arrangements for Mrs. Calhoun's body three weeks before she died. Her remains were buried in an unmarked grave in the McClure plot in Burlington.

Mayor Teeters, who has done this type of work for over 50 years, said the possibility of finding traces of poison in the corpse which has been interred for nine years might be difficult, depending on the state of the body.

Included in the group which will meet in Burlington with the mayor will probably be Dr. E. C. Cook, Madison, Ind., physician; Detective Capt. Robert A. O'Neal of the Indiana state police; Coroner Sidney E. Haigh, Jefferson county, Ind., and C. O. Bear, Dupont, Ind., undertaker.

Say, WHO IS TO BLAME FOR THIS HOUSING SHORTAGE?

No single person or group of persons caused the present housing crisis. Like Topsy, it just grew.

There weren't enough homes after World War I, and many of those built in the 1920's were priced too high. Then came Depression. The building industry had no sooner regained its stride than another war began. Naturally, the entire industry was converted to war needs. Hundreds of thousands of its workers went into the service or took jobs in war plants.

Meanwhile, America's marriage rate leaped up. In every year of the 1940's, there have been 400,000 more marriages than in the 1920's or 1930's. Additionally, millions of families can now, for the first time, afford to own homes—the average American has five times as much saved as he did in prewar years.

The demand is terrific. The supply is only just starting. Here's what is being done to break the bottleneck:

The Government, communities, and the building industry are cooperating in a campaign to build 2,700,000 low-and-moderate-cost homes for veterans in the next 2 years.

Efforts are being made to see that these homes are fairly priced. Rents are being controlled. Dollars-and-cents ceiling prices are being put on building materials and many services. Every effort is being made to prevent a runaway rise in home prices and rentals.

People are being urged to give veterans first chance at vacancies in the existing housing supply as they arise, and at homes offered for sale. People in a position to do so are being urged to share their home with a veteran's family. Throughout the country Veterans' Housing Centers are being established, so that all available living space can be channeled to veterans.

Cooperate with the Center in your community. And try not to blame anyone for the housing shortage.

Veterans!—to find a vacancy—visit the Veterans' Housing Center 0000 Elm Street.
