The Daily Iowan

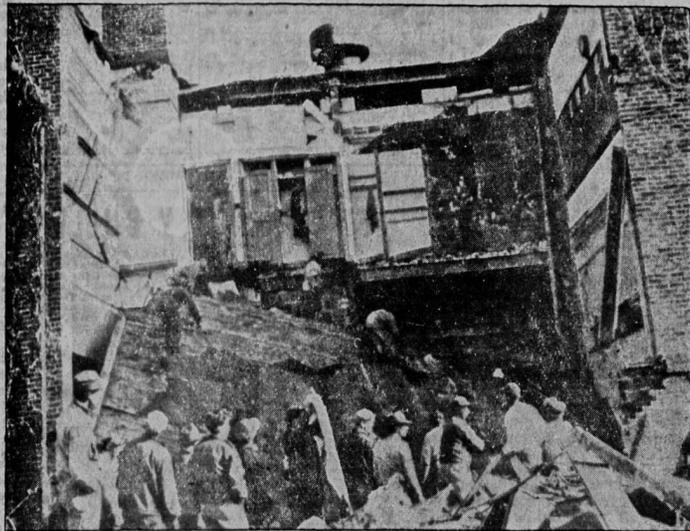

Established 1868 Vol. 79, No. 45—AP News and Wirephoto

Iowa City, Iowa, Thursday, Nov. 14, 1946—Five Cents

GOOD MORNING, IOWA CITY!

Fair today with little change in temperature. High about 55 and low below 30. Increasing cloudiness tomorrow.

BOILER BLAST WRECKS SCHOOL

THIS CLOSEUP shows how the Consolidated school in Baroda, Mich., was wrecked yesterday when a boiler blew up. Note the flag on the wall at the top left and the undamaged clock on the right wall. (AP WIREPHOTO)

School Blast Kills One; 18 Others Hurt

BARODA, Mich. (AP)—A boiler explosion shattered two floors of a consolidated rural school while 280 children were in the building yesterday, killing one pupil and injuring at least 18 others.

Walter Ruppel, 13, died less than three hours after the blast and another child, Larry Barker, was reported in critical condition.

A classroom full of seventh grade pupils was dropped from the second floor to the basement. Boys and girls were buried beneath debris.

A score of other children had left a first floor classroom directly above the boiler minutes before the explosion, escaping almost certain injury or death.

The blast, which echoed for miles through the flat fruit belt in southwestern Michigan, blew out one wall and dropped the roof two stories to the basement.

The boiler blew up while a 16-year-old pupil, Eldon Nitz, was firing the furnace in the absence of his janitor uncle, Leonard Nitz, according to school superintendent Howard Waller. He said the cause of the blast was not determined as yet.

Red Cross disaster personnel, police and fire apparatus and wrecking crews from cities and villages throughout the area converged on this little village of 1,000 persons.

A seventh grade class of about 20 pupils was winding up a geography class about 11:40 a. m. when the explosion took place. Most of the victims were at their desks in this second-floor room.

Betty Healy, 12, who escaped injury, said:

"I just remember looking up when the room turned upside down. I was sitting at my desk doing geography but I didn't hear any noise. I fell to the ground floor where they pulled me out."

Another seventh grader, June Brunke, said she "just saw everything go up in the air." She was hospitalized but her injuries were not reported critical.

Three-Year-Old's Body Found Sawed, Hacked; Woman Held on Charge

MINEOLA, N.Y. (AP)—A three-year-old boy, his head bashed in, body hacked and a leg and wrist partly sawed through, lay near death last night and a woman neighbor was charged with luring him into her cellar and attacking him because "the kid got my goat."

Frank Pabins Jr. of Oceanville, was at South Nassau Communities hospital, Oceanville.

Smuts Attacks Russian, Indian Opposition To Annexation of Former German Colony

LAKE SUCCESS, N.Y. (AP)—The Union of South Africa, facing an apparently overwhelming defeat on its proposal to annex the Southwest Africa mandate, bitterly attacked Soviet Russian and Indian opposition yesterday and warned it would administer the former German colony as an integral part of the Union if annexation finally failed.

Field Marshal Jan Christian Smuts, 76-year-old prime minister of the Union, lashed particularly at Russian and Indian criticism of the proposed annexation. He declared the Union government had acted in "complete good faith in this matter."

Meantime, the United Nations atomic energy commission, in its first formal meeting in four months, heard its retiring chairman Col. Mohamed Bey Khalifa of Egypt call for a report by Dec. 31.

State Committee Suggests Decrease In Property Tax

DES MOINES (AP)—The State Tax Study committee reportedly has suggested that the exemption on household goods be increased from \$300 to \$900 valuation. This boost would relieve all but the most luxuriously furnished homes in Iowa from the property tax on household goods.

The recommendation is part of a sweeping program drawn up by the committee for tax law changes that would affect the pocketbook of every family in Iowa. The committee report, forwarded to Gov. Robert D. Blue will be turned over to the legislature when it meets in January.

The program also includes these reported suggestions:

1. Taxation of rural electrification administration (REA) property and municipal plants on the same basis as private utilities.
2. A permanent "half rate" basis for the state income tax but with power vested in the state executive council to boost the tax to the full rate in cases of state financial emergencies.
3. Repeal of the moneys and credits tax as it applies to the average individual.
4. Reimbursement by the state of the first 25 mills of veterans tax exemptions granted in the 99 counties.
5. Adoption of the equivalent of a county assessor system; property tax assessments on coin-operated devices, including slot machines.

Heading the committee is Francis Johnson, former president of the Iowa Farm Bureau and former speaker of the Iowa house of representatives.

Regarding veterans exemptions, local taxing bodies have been protesting against the burden resulting from large amounts of property being freed from assessment because the owner served in one or both world wars. World War I veterans are allowed an exemption of \$750 on the taxable valuation of their property. World War II veterans are given a \$500 exemption.

Bernard M. Baruch, United States representative, formally proposed that the commission report on its deliberations and recommendations to the U.N. security council by Dec. 31. The commission approved the motion by a 10 to 0 vote, with Soviet Russia and Poland abstaining.

In the budgetary committee, Great Britain should pay half of the U.N. 1947 budget of \$23,000,000 as recommended by U.N. experts. This differed sharply from the United States contention that this country should pay only 25 percent as a top limit. The British said that about \$19,500,000 of the proposed budget would be spent in the United States through location of the headquarters here.

The battle over the South African proposal to annex the mandated territory it wrested from Germany in the first world war has pointed up a separate racial fight over Indian charges that South Africa is discriminating against Indian nationals in the Union.

Smuts said that "an Indian should be the last person to throw stones at others and to make charges of class distinction and discrimination against any other country."

Then, turning to Russia's recent declaration that the annexation issue was not fairly presented to the natives of Southwest Africa, Smuts declared that "no evidence whatsoever has been advanced in support of this allegation, which I must repudiate most strongly as a reflection both on the probity of the officials who conducted the consultation and on the integrity of the Union government."

Great Britain thus far is the only country to speak in support of the South African proposal. Observers predicted it would be opposed by most all of the 51 nations in the assembly.

Seek Direct Miner-Operator Talk

Krug Tries to Get Strike Postponement

By THE ASSOCIATED PRESS
Soft coal operators last night said that an effort was being made by Secretary of the Interior Krug to revive direct negotiations between the mine owners and the AFL United Mine workers union and to postpone any strike action for 60 days.

John L. Lewis, union president, has been moving to end the present agreement with the government Nov. 20, which under the miners' traditional "no contract, no work" policy would bring about a shutdown. The government took over the bituminous mines during last spring's strike.

Lewis and King met twice yesterday, after the secretary had conferred with representatives of the mine owners. One of the owners said they had agreed to meet with Lewis to seek a contract, but had no word as to the union leader's reaction.

Prior to the meeting between Krug and the operators, President Edward R. Burke of the Southern Coal Producers association said he did not appear "too hopeful" that the owners could come to an

Russia Asks 14 Changes In Trieste Plan

NEW YORK (AP)—Russia demanded last night fourteen changes in the Paris-approved plan for administration of strategic Trieste, but left the door still open for a break in the foreign ministers' council deadlock over the ancient Adriatic port.

The specific nature of the amendments offered by Soviet Foreign Minister Molotov was not disclosed immediately, pending a study by the British, French and United States representatives on the council.

It was learned, however, from persons present at the deliberations that they covered nearly every paragraph in the Trieste plan which was first advanced by the French and later approved at the Paris peace conference by a 15-6 vote.

It appeared likely that the amendments were aimed chiefly at sharply curtailing the power of the governor of Trieste who would be appointed and guided by the United Nations security council, and give instead greater authority to the elective assembly.

Because Secretary of State Byrnes, British Foreign Secretary Bevin and Deputy Foreign Minister Couve De Murville of France saw the proposals yesterday for the first time, there was no action on any of them. The council adjourned after approximately three hours and will meet again today at 3 p. m. (CST).

As the four foreign ministers and their aides huddled around the round, white maple table in the council chamber, the broad issue was this:

Shall the appointive governor of Trieste or the elective assembly have the final say on its administration?

The three western powers, frankly fearful that Yugoslavia would dominate the assembly, have lined up in support of veto powers for the governor. He would be named and guided by the United Nations security council.

On the other hand, Russia—outspoken champion of Marshal Tito's government in international affairs—has pressed for a limitation on the governor's power and controlling authority by the assembly.

British Navy Finds 22 Mines Off Albania

LONDON (AP)—The admiralty reported last night that the royal navy swept up 22 moored mines yesterday in the Corfu channel off the Albanian coast, where two British destroyers recently struck mines with a loss of more than 40 lives.

Albania protested earlier that the British minesweepers were violating her sovereignty.

MAROONED BY CALIFORNIA FLOODWATERS

AFTER A FUTILE HALF HOUR trying to get the engine of his automobile started after it stalled on a flooded street in Los Angeles yesterday, a motorist attached a rope to the bumper before getting a tow. Many low areas were inundated during a heavy storm which raked south California. (AP WIREPHOTO)

Floods, Snow Bring Death to 17

The death toll in pre-winter storms that have lashed western sections of the country for more than a week rose to at least 16 yesterday as rain-laden winds continued pounding southern California, and planes, army weasels, trucks and bulldozers were sent on mercy missions in snow-blanketed Colorado.

Meanwhile, a Western Airlines plane, with 11 persons aboard, was missing, apparently in the snowswept mountains north of Burbank, Calif.

Heavy snowfall clogged communication lines through mountains in the interior of California as winds of gale velocity raked

the coastline. The winds uprooted hundreds of trees, and streets and stores were flooded in the Los Angeles area. Traffic was slowed or stalled in hundreds of cities.

A motorist was killed on the California ridge route when his auto skidded in the snow and wrecked. Mountain snowfall ranged up to 26 inches at Big Pines and a party of motorists was marooned on the rim of the world highway, above San Bernardino.

In Colorado, which has suffered from the worst blizzard in years, army vehicles bucked huge snowdrifts in an effort to

get food to hundreds of families and thousands of head of livestock.

Fair weather spurred the relief efforts but the California storm, moving slowly westward, brought the threat of new snowfall for Colorado later in the week.

The Colorado blizzards, which claimed 15 lives, piled snow drifts as high as 10 to 18 feet in some places, marooning families, trapping livestock without adequate feed and snarling communications.

Snow also blanketed most of Nebraska, northwest Iowa, southwestern Minnesota, south eastern South Dakota and northeastern Kansas. Light snow fell in Nevada.

In other sections of the country, generally fair weather and normal temperatures prevailed. A killing frost definitely ended the longest growing season in many years in the midwest.

Bishop Oxnam Claims American Ability In Democracy Can Check Communism

DES MOINES (AP)—America's ability to make democracy work is a chief means of checking the spread of Communism and avoiding war with Russia, a prominent Protestant churchman said last night.

"A dynamic democracy holds the future," Methodist Bishop G. Bromley Oxnam of New York said in a prepared address to the National Convocation on the Church in Town and Country.

Bishop Oxnam, president of the Federal Council of the Churches of Christ in America, said the answer to the problem of avoiding war also depends upon an American foreign policy "that faces the Russian issue in terms of the method of tolerance."

"The world is drifting toward war," he said, but he asserted it could be averted by bringing power under democratic control and establishing justice by the democratic process through such agencies as the United Nations.

"We get nowhere by ringing tocsin bells, by digging our un-

derground caverns and making ready for the atomic bombs of Communism," the bishop said. "We win the future by moving into the sunlight, knowing democracy is a better society than dictatorship can build."

"Communism makes no headway where plenty exists. Poverty is the open door through which it enters. Communism does not reach the heart of a man who knows he is treated justly, whether white, black, red or brown."

The bishop called for removal of "injustices suffered in the North and South alike by the American Negro to whom the Communist is whispering so insistently" and for eradication of "the prejudice that stalks arrogantly in anti-semitism."

Bishop Oxnam said a person's right "to participate in determining policy in the shop in which he works or in the church in which he worships is part of democracy" and that "wise industrialists now favor the democratic process of collective bargaining."

Church Feud

Chinese Priests Burn Couple Alive

PEIPING (AP)—A feud of a decade over church property flared to a climax yesterday when 36 priests at the beautiful Taoist White Cloud temple revolted and cremated the temple's abbot and a layman.

The priests, all under arrest, were quoted by Chinese authorities as confessing they took the action because of long-standing dispute over temple property.

Monday the priests signed a document announcing ten "crimes" committed by the pair and posted it at the temple gate. The allegations included "unlawful selling of temple property, including sacred books and sacrificial livestock, and illegal relations with women."

Armed with clubs and ropes, the priests smashed their way into the living quarters of the abbot and layman yesterday, police said, and dragged them to the temple gate.

The pair was beaten with clubs, trussed with ropes and flung on a huge pile of wood. Gasoline then was poured over the pair and it was ignited. An hour later the police found the bodies, completely charred.

Great Britain Backs Proposal That U.S. Pay Half UN Expenses

LAKE SUCCESS, N. Y. (AP)—Great Britain maintained yesterday that the United States should pay half of the United Nations' 1947 budget of \$23,000,000 as recommended by United Nations experts.

Four factors considered by the experts — national income, per capita income, temporary dislocation of economy due to war and inability to secure foreign currency.

Kenneth Younger, British delegate, told the 51-nation budgetary committee that the conception of "equality of sacrifice" should form the basis for assessing and that he believed the rates were correct. Under the proposed scale, Great Britain would pay 10.5 percent and Russia 6 percent.

Younger noted that about \$19,500,000 of the proposed budget would be spent in the United States through locations of headquarters here.

Industry Group Puts Petition Before OPA

WASHINGTON (AP)—OPA disclosed yesterday that it has taken "under advisement" recommendations of an industry advisory committee for a 15 percent overall increase in rent ceilings and immediate elimination of rent ceilings on new residential construction.

The agency said the housing rent industry advisory committee had also recommended "systematic and progressive removal of individual properties from rent control where owners offer tenants a lease at a rental increase of not more than 15 percent."

These recommendations, OPA said, were accompanied by an offer of committee assistance in carrying out the proposals promptly.

The agency reported that the recommendations were presented to its representatives at a meeting Monday in Atlantic City as a means of increasing construction of new rental housing and "balancing supply and demand in the rental housing field."

OPA officials said that these recommendations constituted a formal industry petition upon which action must be taken within 30 days.

Included in the committee's recommendations was a proposal that rental property being converted from some other use to residential space be treated as new construction with rental ceilings removed.

At present an estimated 16,000,000 housing units are under rent ceilings in addition to hotels, rooming houses and tourist camps which were not covered by yesterday's petition but which might be included in any action on rents.

Meanwhile there were reports that another set of controls—the federal reserve board's regulations on charge accounts and installment buying—might be relaxed soon.

Originally the board planned to delay action until after the Christmas buying rush. But in view of the White House decision to put OPA almost out of business, there are now signs that the credit controls may be eased within a week or two. Official confirmation is lacking, however.

Used Car Market, Minus OPA Control, Reports Confusion

By THE ASSOCIATED PRESS
The national used car market, thrown suddenly on its own with the removal of price controls, is in confusion, a survey shows, as some dealers call prices "fantastic" and others report definite signs of a "break."

A new development, destined, according to dealer circles to be short-lived, was efforts of new car owners to "unload" them at inflated prices.

In Philadelphia, used car dealers were accused by the Philadelphia Automobile Trade Association of conducting "an unscrupulous racket" in new car dealings. Thomas Lowry, president of the association, said some used car men had marked up the regular prices 100 percent and more.

Milton Stein, secretary of the Philadelphia Used Car Dealers association, which is said to represent 90 percent of the dealers, said the guilty parties were not members of his organization.

The Detroit Auto Dealers association instituted a registration system in an effort to halt purchase of two and more new cars by individuals. Officials said duplicate sales were resulting in the appearance of the cars on used car lots "at double the original price."

In Chicago J. B. Caldwell, executive vice-president of the National Association of Used Car dealers, said prices were "chaotic" with little relation to true values. However after the present spurt, he declared, the demand trend should be downward. He added he had already noted a drop in values of unreported cars and expects a decline in prices of reconditioned cars by the first of the year.

JOHN L. LEWIS, (left), president, and John J. O'Leary, vice-president, United Mine Workers, sat impassively yesterday as they met with Secretary of Interior J. A. Krug. Krug is seeking to avert a threatened shutdown of soft coal mines. (AP WIREPHOTO)

ceeded with plans to poll members on the question of striking.

Other labor developments: Delegates attending the Annual Assembly of the National Federation of Telephone Workers in Denver conditionally adopted a new constitution providing for formation of a more closely knit

labor union to replace the present Federated Organization of Telephone Workers.

There were indications in San Francisco that a basis for settlement of the month and a half old west coast maritime strike has been achieved and that an announcement might be made in 24 to 48 hours.

30 Quonset Huts to Be Ready For Married Vets Saturday

Construction Foreman Says Stoves, Heaters May Arrive Dec. 1

The housing picture for married university students brightened yesterday with an announcement by J. W. James, federal public housing administration project engineer in Iowa City, that 30 of the 50 Quonset hut units at City Park bridge will probably be available to the university Saturday.

Hot water heaters and cooking stoves are still not available, he said, but three burner oil stoves can be installed for the units if they are acceptable to the university.

The heaters and stoves are expected about Dec. 1, according to J. J. Mayer, construction foreman for the Kucharo Construction company of Des Moines.

Rent Rates

Rent rates for the Quonset units have been set at \$42 a month for unfurnished, and \$48 for furnished apartments, according to Virgil S. Copeland of the business office.

He said that furnishings for each unit are planned to include, when available, four single beds, two chests of drawers, two mirrors, one dinette—a table and four chairs—and two occasional chairs.

James also reported that progress has continued at the 680-unit project on west campus with no real material bottlenecks in recent weeks. However, supplies have been scarce in several instances, he said.

Meanwhile, with the heating system complete in all cottages for single students, it is probable that the moving process in those units will be completed by early next week.

Miss Elizabeth Englert, director at the Quadrangle, reported yesterday that the final 24 units attached to that dormitory should be filled with men living in the fieldhouse by early next week. The first 20 units have been occupied since early in the semester.

No Plumbing

Plumbing is not complete in any of these units, she said, but the students will use Quadrangle facilities until it is installed. That work should be finished in approximately three weeks.

There are five men assigned to each unit at the Quadrangle cottages, Miss Englert said, but it is possible that that number will be increased next semester if additional applications warrant it.

Fewer men have been placed in cottages than were originally intended, she said, because many students who were staying in the fieldhouse have found rooms in town, and several have joined fraternities.

Two cottages at Law Commons were occupied Tuesday and Wednesday, Mrs. Ethel Miller, director there, reported.

This fills three of the six buildings there, but the other three will probably remain unoccupied until next semester, she said. The three occupied buildings have all plumbing and light fixtures installed.

Women's Cottages

Women students were moved into five Currier cottages Tuesday and yesterday, according to Miss Lorissa Sheldon, director there,

'Starlit Serenade' Theme of Currier Semi-Formal Dance

"Starlit Serenade" will be the theme of Currier hall's first semi-formal dance of the season to be held in the main lounge of Iowa Union Nov. 30, from 9 to 12 p. m. Larry Barrett and his orchestra will play.

Tickets will go on sale at Currier next week and will cost \$1.40, tax included.

Chaperones for the dance will include Mr. and Mrs. Robert Balantyne, Mr. and Mrs. Ted Rehder, Lorissa Sheldon, head of residence, Eugenia Hoffert and Bertha Bell Black, social directors.

General chairman for the dance is Arlene Nelson, A4 of Sioux City. Other chairmen include Patricia Iams, A4 of Indiana, Pa., programs and chaperones; Dolores Giraldi, A2 of Davenport, decorations, and Lee Anderson, A4 of Crawfordville, publicity.

Jean Dawson, A3 of Des Moines, is in charge of the intermission tea for chaperones and social committee members.

WSUI Plans Interview With Bandleader Pastor

Tony Pastor, who will play for the Quadrangle semi-formal dance tomorrow night at Iowa Union, will be interviewed over WSUI on Tea Time melodies if he arrives in Iowa City before 4:30 tomorrow afternoon.

A few tickets are still available for the dance, announced Robert Carter, E2 of Yonkers, N.Y. They are on sale for \$2.00 per couple at the Quadrangle postoffice.

Mr. and Mrs. R. B. Mossman will not be among the guests of honor at the dance as formerly planned, as they will be out of town this weekend. The revised list of chaperones include Elizabeth Englert, Quadrangle director; Mr. and Mrs. M. L. Huit, and Mr. and Mrs. H. A. Newby.

Club Meetings

The Fine arts group of the Catalyst club will meet tonight at 8 o'clock in the home of Mrs. Marjorie P. Bardolph, 312 E. Davenport street. Members are asked to phone the hostess at 6286 by Thursday afternoon if they plan to attend.

The Moosehart committee of the Women of the Moose will meet in the home of Mrs. Alfred Jensen, Coralville Heights, tonight at 8 o'clock. Mrs. Clifton Cummings will act as chairman of the meeting.

leaving only two buildings unoccupied.

However, none of the 12 units at Hillcrest are in use now and there is no estimate as to when they will be available, according to Mrs. Marie S. Swords, Hillcrest director.

Telephones are lacking in all units, and the university business office has no estimate as to when they will be available.

Married Couples Mixer Features Floor Show At Iowa Union Tonight

Frances Van Liew, A2 of Des Moines and Mary Ellen Murphy, A2 of Elgin, Ill., will be featured during a Married Mixer floor show tonight from 7:30 to 10 p. m. in the Iowa Union lounge, Warren Covert, G of Iowa City, master of ceremonies, announced yesterday.

Miss Van Liew will play the accordion and Miss Murphy, the piano. Miss Van Liew will also give a humorous reading.

The remainder of the program includes dancing to popular recordings, ping-pong and card games.

All married couples are eligible to attend the mixer.

'Spinsters' Spree' To Feature Music Of Ronnie Stevens

Ronnie Stevens and his orchestra will be featured at the traditional boy-take-girl dance, the "Spinsters' Spree", Saturday, Nov. 23, in the main lounge of Iowa Union.

The Stevens band has played on the Iowa campus several times during the past five years. Recently it has been featured at the "Bandbox" in Chicago, Purdue university, and Iowa State college.

The "most eligible bachelor" on campus and his two attendants will be presented at the informal spinsters' dance, which is sponsored by the University Women's association.

Eight hundred tickets, costing \$2, will go on sale Monday at 7 a. m. at Union desk.

The dance committee includes: Holly Baker, A4 of Highland Park, Ill., chairman; Priscilla Garrett, A3 of Des Moines, Edythe Rosenthal, A3 of Scarsdale, N. Y., and Bonnie Atwell, A3 of East Lansing, Mich.

Phyllis Oltman, A3 of Oak Park, Ill., is chairman of the bachelor contest. Patricia Cox, A3 of Davenport, Miss Atwell and Celia Eckey, A4 of Newton, are also serving on the contest committee.

Chaperons for the dance are Dr. and Mrs. H. J. Thornton, Dean and Mrs. C. Woody Thompson, Dr. and Mrs. H. C. Harshbarger and Helen Focht.

Students to Broadcast Debate on Elections

The political significance of the recent elections will be discussed on a student round-table to be broadcast over WSUI by members of the University Forensic association at 3 p. m. today.

This week's question is "Is a political trend discernable in the congressional and state elections?" Forensic participants include Perry Long, G of Hastings, Neb., Ralph Smith, G of Buffalo, N. Y., Don Dokal, A4 of Maquoketa, and Francis Robbins, A3 of Woodward.

Scholarship Trophy

A scholarship trophy will be awarded to the fraternity pledge class receiving the highest cumulative grade point for the first semester 1946-47 by the Interfraternity Pledge council, Nevin Woodward, A2 of Whittemore, council secretary, announced yesterday.

Six SUI Faculty, Hospital Staff Members To Speak at Dietetics Meeting Today

Six members of the university faculty and the University hospital staff will take part today in the annual meeting of the Iowa Dietetic association which opens this morning in the River room of the Iowa Union.

After a business meeting with Edna Kenney, dietitian at University hospitals and president of the state association, presiding, a report by delegates to the American Dietetic association meeting will be heard by the convention.

At 11:15 Dr. Henry A. Matill, professor of bio-chemistry at the university, will trace "New Developments in Bio-Chemistry."

Luncheon speaker will be Dr. Everett D. Plass, head of the obstetrics and gynecology department, who will tell of his exper-

iences in Czechoslovakia after World War II.

The afternoon session opening at 2 o'clock will be led by Beatrice Donaldson, president-elect from Iowa State college. She will present, Prof. Walter L. Daykin of the commerce department who will speak on "Labor."

Reports of research in University hospital will be given by Dr. Kate Daum, head of the nutrition department, and Dorothy Harrold, assistant ward dietitian.

"Food Service at Iowa State College Annex, Camp Dodge," will be the topic discussed by Lenore M. Sullivan, director of food service at Camp Dodge Annex, Iowa State College.

More than 200 members in the Iowa association belong also to the

national association, whose membership requirements include four years of college training, a degree in home economics and a fifth year of training in a hospital with a suitable training course.

Marriage Licenses Issued

R. Neilson Miller, clerk of district court, issued marriage licenses yesterday to Robert A. Carl-

son, Grand Mound, Iowa, and Virginia Pascal, DeWitt, Iowa, and Leonard Hill, Hills, and Ila Smith, Iowa City.

Psychologist Calls Personality, Background Most Important Facts in Marital Success

Personality and background factors are more important in determining the success of marriages than sexual factors, Prof. M. R. Jones of the psychology department yesterday told a group of over 200 students attending the Major in Marriage lecture, "When You're Engaged."

Prof. Jones asserted that a self-centered, immature or unstable person is a poor marriage risk. He said that background factors important to a successful marriage include happily married parents, firm though not harsh discipline at home and a pre-marital attitude toward sex, free of disgust or aversion.

Some of the factors found to be relatively unimportant to the degree of marital happiness, according to Professor Jones, are income, age differences, length of pre-marital acquaintance and engagement, and amount of petting before marriage.

Professor Jones emphasized that care should be taken, however, in interpreting these general factors to each individual case, since each couple's problem will be different. Dr. Jones pointed out that, for instance, while long engagements are often psychologically frustrating, they seldom seem to have an effect on the success of a marriage.

Professor Jones is clinical psychologist for the Student Counseling service.

Phys. Ed. Department To Hold Open House

The women's physical education department will hold informal open house tonight during the women's intramurals volleyball tournament.

Card tables, ping-pong tables and box hockey game equipment will be set up in the halls and corrective room of the women's gymnasium and may be used from 7:15 till 10 o'clock, according to Anna Gay, A3 of Iowa City, intramurals chairman.

Mixed swimming for all university students will be held after the tournament.

Students Forfeit Bond For Disorderly Conduct

Two university students, Robert Bliss and Ralph W. Gearhart, Law Commons, forfeited \$10 bonds yesterday when they failed to appear in police court on charges of disorderly conduct.

Aubrey White, 319 S. Johnson street, paid \$6 for six overtime parking tickets. William Dunton and Clair Hamilton were fined \$2 each for similar offenses, and four others paid \$1 fines for parking violations.

They were Clarence Briskey, I. Orris, G. W. Barker and Roy Dunton.

Chaplain L.T. Jenks To Discuss Germany At Information First

Discussing "Democracy's bid for Germany" through political parties, labor unions, education, religion and denazification, Chaplain (Lt. Col) Loren T. Jenks will speak at Information First this afternoon at 4:30 in the senate chamber of Old Capitol.

Formerly senior chaplain to the United States seventh army in Germany, Colonel Jenks returned from Europe this April. He is working unedr army sponsorship toward his master's degree in speech at the university.

Louise Hutchinson, A4 of Chicago, will introduce Colonel Jenks, announced Elaine Lenney, A3 of Cleveland, Ohio, Information First director.

The hostesses for the next three lectures are Patricia Fox, A2 of Charles City; Marsha Ashland, C3 of Clear Lake; Marilyn Mathis, A3 of Des Moines; Lois Moore, A2 of Maxwell, and Gail Zech, A2 of Omaha, Neb.

Miss Lenney will interview Colonel Jenks over WSUI at 4 o'clock this afternoon.

Institute Chapter

Officers of local chapter, No. 200, Women of the Moose, will go to Dubuque tonight where they will take part in the instituting of a chapter.

Mrs. Edward Oldis, senior regent, will act as the instituting officer and Mrs. Frank Humeston will serve as assisting officer. Mrs. Harold Blecha is chaplain.

National, Iowa City Church Leaders Plan SUI Religious Week

Dr. Phillip P. Moulton, director of the University Christian Mission, will be in Iowa City Sunday and Monday to confer with university officials, Iowa City clergymen and student leaders about plans for a Religious Emphasis week to be held here Feb. 9 through 14.

Dr. M. Willard Lampe, school of religion director, announced yesterday that Doctor Moulton will bring many prominent religious leaders to this campus during the Religious Emphasis week. The program will include university convocations, informal gatherings, classroom conferences, daily seminar groups and personal interviews.

The University Christian Mission is a united effort sponsored jointly by the United Christian council and the Federal Council of Churches. The mission's purpose is to bring speakers to universities for interpretation of the Christian gospel, to discuss its social and personal implications and to encourage students to choose the Christian way of life.

The University of Iowa has been selected as one of 18 where University Missions will be held in 1947.

Moose Initiate 60

Sixty candidates for membership in Iowa City lodge, No. 1096, were initiated last night by members of Loyal Order of the Moose, by the Rock Island Moose lodge ritualistic staff. Refreshments were served following the meeting.

Ellsworth Requests Archive Additions

In a letter to the faculty, Prof. Ralph E. Ellsworth, director of university libraries, has asked staff members to send reprints of their published articles and copies of each book published "with the compliments of the author" to Dean Carlyle Jacobsen of the graduate college.

Professor Ellsworth is attempting to improve the University of Iowa archive which he said "has suffered from malnutrition." After Dean Jacobsen has studied the re-

ports, he will forward them to the archive.

Office files, correspondence and other types of office publications will continue to be sent directly to the archive, Professor Ellsworth declared.

An attractive archive room is planned for the new library which will be under construction as soon as materials are available, Professor Ellsworth said. Once a year there will be an exhibit of faculty publications, grouped by college school, department and author.

Breaks Arm Playing

Jeffery Ledean, six-year-old son of Mrs. Joseph Connell, 233 Grand avenue, broke his arm while playing at school yesterday. He was taken to Mercy hospital.

Briton Visits SUI

F. L. Barrow, a member of the

British Commonwealth Scientific office, will arrive in Iowa City this morning to pay his second

visit this fall to the college of engineering, according to Dean F. M. Dawson.

St. Mary's Wins 35-19 as Basketball Season Opens

LOOK OUT here comes Pete Lench (8) of St. Mary's after a loose ball with an unidentified St. Mary's of Riverside player who hasn't forgotten the football season as yet. Coming up in the background is Eddie Rocca (12) of Iowa City.

Ramblers Top Riverside Five

Guard Eddie Rocco Heads Irish Attack With Eleven Points

By CHAD BROOKS
Basketball, king of the indoor sports world, arrived in Iowa City last night for the beginning of its yearly visit—a little affair that will last for approximately five months.

One of King Basketball's favorite sons, St. Mary's high, welcomed the new season with open arms as they manhandled a St. Mary's quintet from Riverside to the tune of 35-19.

The local Ramblers, one of the state's strongest outfits last season, were more than a little ragged—typical of an opening day performance—but showed several flashes of scoring punch that should cause plenty of trouble for their cage rivals as their season progresses.

Eddie Rocco, the only returning regular from Coach Frank Suple's 1945 team, led the Rambler attack with five baskets and a free throw, dominated both backboards and was a standout on defense. Center Homer Boyd, overshadowed by the great Bart Toohy last season, was close behind with four field goals.

The St. Mary's firewagon, feature of former Suple coached quintets, was slowed considerably by the usual series of early season mistakes, but exploded with all its old time power often enough to promise another great Rambler scoring machine.

The new season was three minutes old when Rambler Forward Johnny Suple notched the first points of the year with a rebound, but then St. Mary's moved away rapidly against the obviously jittery Riverside visitors.

The Iowa City quintet led 10-0 at the first quarter and 15-0 before Ken Yeggy racked up the first points for the visitors with a rebound late in the second period. Leading by a lopsided score of 29-8 going into the final period, Coach Suple substituted freely and Riverside outscored the Ramblers 11-6 in the final eight minutes.

The Ramblers are in action twice next week, while City high's Little Hawks are opening their season a week from tomorrow.

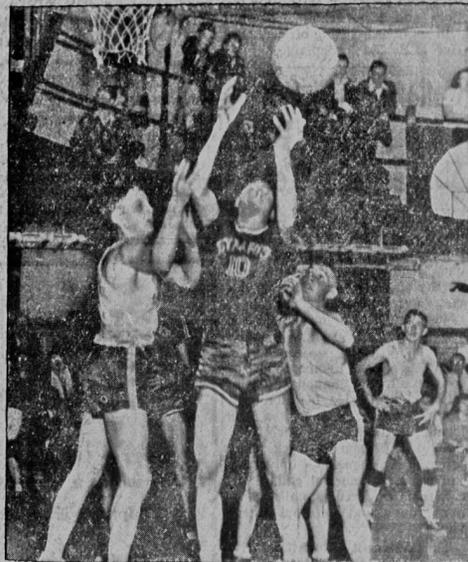

Box score:

ST. MARY'S (35)	RIVERSIDE (19)
Mottet, f. 1 0 2	Yeggy, f. 3 0 0
Suple, f. 2 1 1	Keller, f. 2 3 0
Lenoch, f. 1 0 3	Schoedel, c. 2 2 1
Milder, f. 0 1 0	Muller, g. 0 2 2
Strahely, f. 1 0 1	Brophy, g. 0 0 0
Boyd, c. 4 0 2	Rummel, f. 0 0 0
Rocco, g-c. 5 1 2	Mottet, g. 1 0 1
Flannery, g. 1 2 2	
Broglia, g. 0 0 2	
Stockman, g. 0 0 0	
Seydel, g. 0 0 3	
Totals 15 5 20	Totals 6 7 12

Score by quarters: St. Mary's 10 7 12 6-35; Riverside 0 3 5 11-19

Army Denies Rumors

WEST POINT, N. Y. (AP)—Rose Bowl rumors continued to flow into the United States Military academy yesterday but little credence was given to the preliminary reports as "no bid has been received" continues to be the answer.

A LONG STRETCH by John Milder (10) of St. Mary's enabled the Ramblers to grab possession of this rebound from a host of Riverside players.

Little Hawks Award Letters

Coach Herb Cormack of the Mississippi Valley champion, Iowa City high grid team awarded 24 major and five minor letters to members of the 1946 squad at a school assembly yesterday morning.

Receiving their third varsity numerals were seniors Don Fryauf and Jim Sangster. Senior earning their second award were Gerri Cannon, Kirk Carson, Chick Evans, Dale Scannell, Bob Wilson and Leo Zeithamel.

Other seniors who were awarded letters were Joe Cilek, Wayne Fliss, Bill Roth and Don Seydel. Juniors who earned their second major awards were Tom Miller, Bill Reichardt and Virgil Troyer. Other juniors who received letters were Harold Bravner, Holger Christensen, Bill Lee, and Don Strub.

Sophomores who won awards were Francis Beasley, Dave Crumley, Gene Hettick, Rox Shain and Dick Williams. Minor letters were awarded to Dick Brown, Dick Doran, Howard MacNamer, Lloyd Rogler and Mickey Thomas.

Collins Suit Settled

NEW YORK (AP)—The All America conference's suit against Ted Collins of the Boston Yanks of the National Football league has been settled out of court according to word from the office of Commissioner James Crowley.

Best behaved Orange Bowl teams were Duquesne and Mississippi in 1937. Each team drew one five-yard penalty.

Towns Men's Basketball Program Set

YESTERDAY'S RESULTS

Touch Football
Commons C won by forfeit from South Quad First
TODAY'S SCHEDULE
Touch Football
Quad: Lower C-Upper D, field 1 (semi-final)
Sigma Alpha Epsilon-Sigma Nu, field 2 (semi-final)
Volleyball
Sigma Alpha Epsilon-Alfa Tau Omega, court 1
Phi Kappa Psi-Sigma Chi, court 2

At the meeting of town men last night in Schaeffer hall, Dr. Fred Beebe explained the fall intramural basketball setup. Each town section is eligible to enter no more than four teams, one will have to be a B team however. With over 1,500 men living in town and an estimated 125 to 225 men in each section of the town, Dr. Beebe expressed doubt that there is any possibility of not being able to find enough men for a squad. Each squad must be composed of 10 men and not more than 15.

Men, who were not present at last night's meeting, and are interested in playing, are to see or call Beebe at the intramural office in the fieldhouse as soon as possible. The practice schedule for the Town men's league is as follows: Tuesday, November 19, 4 p. m.—Black, north court; Dean, south court; Leonard, west court. 9 p. m.—MacBride, north court; MacLean, South court; Schaeffer, west court. Wednesday, November 20,

7 p. m.—Spencer, north court; Pickard, west court. 9 p. m.—Totten, north court; Thatcher, south court.

All basketball games this year are divided into thirds instead of quarters in order that more teams may enter competition. Each period will be 10 minutes long instead of the regular 15-minute period. As in former years, all tournaments will be round robin. It was also brought out at last night's meeting that although a man may be ineligible to play, having won a letter in another college or in a junior college, he may act as coach for his team and earn participation points in that way.

Beau Jack Injured

CHICAGO (AP)—Beau Jack, Augusta, Ga., lightweight, suffered a fractured left knee cap in his final boxing drill yesterday, forcing cancellation of his ten round battle with Willie Joyce, Gary, Ind., scheduled for the Chicago Stadium tomorrow night.

Harriers to Run In Big Nine Meet

Coach George Bresnahan has announced the names of seven men as a tentative squad to make the trip to Chicago Friday afternoon for the 32nd annual Big Nine cross country meet to be held at Washington Park.

The probable trip-makers are Keith Keller, Dick McClanahan, Elliot McDonald, John Oxley, Tommy Sangster, Dick Tupper and Dick Wren.

The race is over, a four mile distance, and is scheduled to start at 3:30 p. m. It has been run at Washington Park for six of the last seven years.

Two Hawks have turned in better than average accounts of themselves in meets held this fall. They are John Oxley, a freshman from Marion, and Dick McClanahan, who hails from Des Moines. Oxley finished second in the Chicago meet and third in quadrangular with Wisconsin, Michigan State and Marquette. McClanahan placed third in the former contest and eighth in the latter affair.

Iowa will be competing against all the Big Nine schools except Michigan and Northwestern in Friday's meet. The Badgers from Wisconsin are the defending champions with Indiana tabbed as the number one contender. Iowa is doped to finish last.

Drake Back Injured

DES MOINES (AP)—Ozzie Lane, Drake halfback, yesterday joined the group of Bulldogs riding the bench because of casualties. The Fort Madison speedster injured his right wrist in practice Tuesday and he probably will not see action Saturday.

In ten attempts against Holy Cross in the 1946 Orange Bowl game the University of Miami failed to complete a single pass.

Iowa City Teachers Club Asks For \$25 Monthly Pay Increase

Living Cost Rise Cited in Letter To School Board

The Iowa City Teachers club has asked for a \$25 per month salary increase for all teachers in the Iowa City public school system.

The request was made last night at a meeting of the school board in a letter signed by Raymond J. Schleicher, president of the Teachers club, Edna R. Flesner, chairman of the club's welfare committee, and Otis Walker, chairman of the professional committee.

The letter cited two primary reasons for the salary increase:

1. The lifting of price controls and the incumbent rise in the cost of living.
2. Support of a general movement to increase salaries of teachers.

The letter asked that the \$25 per month increase be added to the present school year's salary, retroactive to September 1, 1946.

plus the present cost of living bonus.

A committee consisting of Mrs. Howard L. Beye and Clark R. Caldwell, both school board members was appointed to consider the teachers' request.

The committee will ask members of the Teachers club to meet Nov. 21 to discuss the salary increase.

The school board committee will ask members of the Teachers club to meet Nov. 21 to discuss the salary increase.

The appointment of Mrs. Eloise Oxtoby, 214 1/2 N. Linn street, as supervisor of the special education program for handicapped children to be established in Johnson county, was approved by the board pending approval of Dr. H. A. Winterstein of the state department of special education.

Mrs. Oxtoby received her doctor's degree in speech from the university in August, and has been active in testing programs sponsored by the state special education department.

Plans for a voter's handbook to be published by the Iowa City League of Women Voters were sanctioned by the board. The pro-

posal was presented by Elizabeth Halsey, president of the League, and Mrs. Carlyle Jacobsen and Mrs. Kenneth MacDonald, League representatives.

The handbook will contain voting information applicable to local, county and state elections.

The board also approved an appeal to make tax exempt the property in Rundell addition belonging to the Church of the Nazarene.

This action was taken on grounds that the lot is church property and tax exempt under the Iowa code.

Quad Council Approves Refund for Students Leaving Association

The Quadrangle council voted unanimously last night to refund one half of the original Quadrangle deposit to members leaving the association during the first semester.

Association members leaving during the second semester will not receive a refund.

Bob Carter, C3 of Yonkers, N. Y., chairman of the dance committee, stated that all tickets for the "Quadrangle Turkey Trot" had been sold. Carter also said that tickets had been limited to Quadrangle residents because of the large number of Quad men.

Funds were voted by the council for Christmas decorations to be placed in the lounge.

The next meeting will be at 7 p.m. Wednesday, Dec. 4.

Two Reform School Inmates Held by Police After Hospital Escape

Two women's reformatory inmates who escaped from University hospital November 1 after they were brought here for treatment are being held by police in San Diego, Calif., Police Chief O. A. White said yesterday.

The women are Thelma Stormer, 18, of the Mitchellville girls' reformatory, and Jane Katherine Osborne, 22, of the Rockwell City women's reformatory.

Iowa City police have notified the reformatories to arrange to have the escapees returned to Iowa.

Township Teachers Elect New Leaders

Rural teachers in 18 Johnson county townships have chosen leaders for the school year, according to County Superintendent Frank J. Snider.

Each township has an informal organization of its teachers that meets regularly throughout the year.

Leaders and their townships are: Mrs. Anna Hansen, Big Grove; Loretta Zenishek, Cedar Grove; Margaret Crow, Clear Creek; Mrs. Evelyn Patsel, Fremont and Lincoln; Mrs. Lucille O'Neill, Graham; Mrs. Rose Novotny, Jefferson; Bonita Jensen, Liberty; Mrs. Mary Dunn, East Lucas; Mrs. Mary Pickering, West Lucas.

Joe Croulek, Newport; Charlotte Smith, Oxford; Myrtle Work, Penn; Mrs. Vernice Schuchert, Pleasant Valley; Mable Coxon, Scott; Beverly Niffenberger, Sharon; Mrs. Dorothy Martensen, Union; and Paul Gingerich, Washington.

PTA Expresses Need For Cub Scout Officials

At a meeting of the Henry Sabbin P.T.A. last night, need for Boy Scout officials for the formation of a cub group was expressed.

G. R. Gragg, executive of Iowa City Boy Scout office, said a cub master, three committee members (composed of boys' fathers) and several den mothers were needed.

Mrs. W. T. Wolfe, president of the P.T.A., announced that the entire school had made a 100 per cent enrollment in the Junior Red Cross.

Hospital Committee Holds Meeting Tonight

The speaker's committee for the Mercy hospital expansion program will meet tonight at 7:30 in expansion drive headquarters at 15 1/2 S. Dubuque street.

Committee members will be prepared to speak to organizations in the Mercy hospital service area to explain plans of the campaign and to answer questions.

Organizations wishing speakers should call 9821 for arrangements. Attorney William R. Hart is chairman of the speakers' committee.

Surgeons in the 18th and 19th Centuries sometimes intoxicated their patients with alcohol or opium as anesthesia.

Students Seek Federal World Government

A group of nine students last night adopted a constitution establishing a chapter of the Student Federalists organization at the University of Iowa, pending approval by university authorities.

Aim of the group is to campaign for the establishment of a form of federal world government, according to David Stanley, A1 of Muscatine.

"We believe that there must be a form of world government, either by the United Nations or other international means, in order to have peace," Stanley said.

To attain this end, Student Federalists advocate a stimulation of thought on the need for federal world government, education in the principles of federalism, the training of necessary leaders and the support of proposals which embody the minimum essentials of world government.

"It should be pointed out that each chapter is autonomous," Stanley emphasized. "Polls on the opinions of each organization are taken on issues of importance and the information is published by the national body as the opinion of the individual chapter."

There are now more than 3,500 members of the movement in 70 chapters in schools throughout the country. National headquarters for the Student Federalists are in New York City.

Students at the meeting approving the constitution were David Stanley, A1 of Muscatine; Virgin-

Ann Fenton to Play 'My Sister Eileen'

Ann Fenton will play the title role in "My Sister Eileen," City high school junior class play to be presented at 8 p. m. tomorrow in the school auditorium, according to Lola Hughes, dramatic coach.

Other members of the cast are: Larry Novy, Mary Reger, Don Strub, Myles Braverman, Edgar Colony, Bill Reichardt, Tom Baldrige, Wilbur Young, Marilyn Marner, Don Spaan, Phillip Marsh, Don Wood, Marla Miller, Mary Jean Mackey.

Barbara Pinney, Leonard DeFrance, Bob Beals, Dick Houston, Jack Manary, Tom Miller, Lloyd Roger, Virgil Troyer, Jean Slavata, Robert Mott, Harold Brawner and Jurnetta Kemp.

New City, University Telephone Directories Ready for Delivery

University and city telephone subscribers will receive 1946 telephone directories today, according to Howard L. Young, local Bell Telephone company manager.

New directories will be mailed to private subscribers, and users of telephones on the university

extension will receive books through the university. Postoffice authorities told Young they could deliver all books today.

More than 10,000 of the 148-page books will be delivered. This total includes 1,725 for university extension subscribers and 350 for the university hospital exchange. Total number of subscribers listed is 6647.

The 1946 directory lists 400 new subscribers. More than 1,700 telephones have been installed since the 1945 directory was published last Nov. 2, Young said.

Bert Gregg Dies
Bert Gregg, 70, West Branch farmer, died at University hospital yesterday at 2:10 after an extended illness. Funeral arrangements are being completed at a West Liberty funeral home.

"I'm all over the map at once"

"I certainly keeps me on the go... my job of distributing equipment and supplies to the Bell Telephone companies throughout the nation.

"Right now I'm busier than ever... delivering telephones, switchboards, cable and countless other kinds of apparatus and supplies. They're all needed for the Bell System's construction program of more than \$2,000,000,000... to give you better-than-ever telephone service.

"I maintain 29 distributing houses at strategic locations, where I keep some 10,000 different items in stock... and where I also repair telephone equipment.

"And that's only part of my job. I'm manufacturer and purchaser for the Bell System... and I install central office equipment.

"Remember my name... It's Western Electric."
