100 Others Injured in Worst Hotel Blaze in U.S. History

Patrons Plunge to Death on Pavements From 15-Story 'Fire Resistant' Building

By THE ASSOCIATED PRESS

ATLANTA, Sunday (AP)—The death toll of America's most fearful hotel fire in history rose to a possible 127 early today as relief agencies identified additional bodies from a mysterious fire that swept the Winecoff hotel.

At least 100 others were injured as the swiftly-spreading blaze razed the brick structure on famed Peachtree street early Saturday.

Scores of guests were trapped in the upper part of the hotel. They were burned to death or suffocated. Other men, women and children plunged screaming to death on the pavements below in the pre-dawn darkness.

At daylight the sides of the tall, chimney-like structure were draped with torn bed-sheets and blankets, marking in grim silence where victims tried to escape. Eyewitnesses told how panic-stricken guests swung from tenth and twelfth story windows on flimsy, make-shift ropes. A few were rescued, but most fell headlong as flames burned away their supports, or they lost their grip.

Others were seen briefly at flaming windows, shrieking and praying, then disappearing into the terrible inferno.

At one time, a half-dozen broken bodies lay at the intersection of Atlanta's famed Peachtree street and Carnegie way, opposite the theater where world premier of "Gone With the Wind" was staged.

Some who kept their heads were saved. White-haired Mrs. Banks Whitman, manager of the hotel cigar counter, pulled the wife and children of her employer, Arthur F. Geele Jr., from the 14th floor of the top-floor apartment of Mrs. Arthur Geele Sr. There they huddled in a corner until the fire subsided.

The brick, concrete and steel structure had no outside fire-escapes, but was classed as "fire-resistant," Fire Marshal Harry Phillips said it met all safety codes when it was built in 1914.

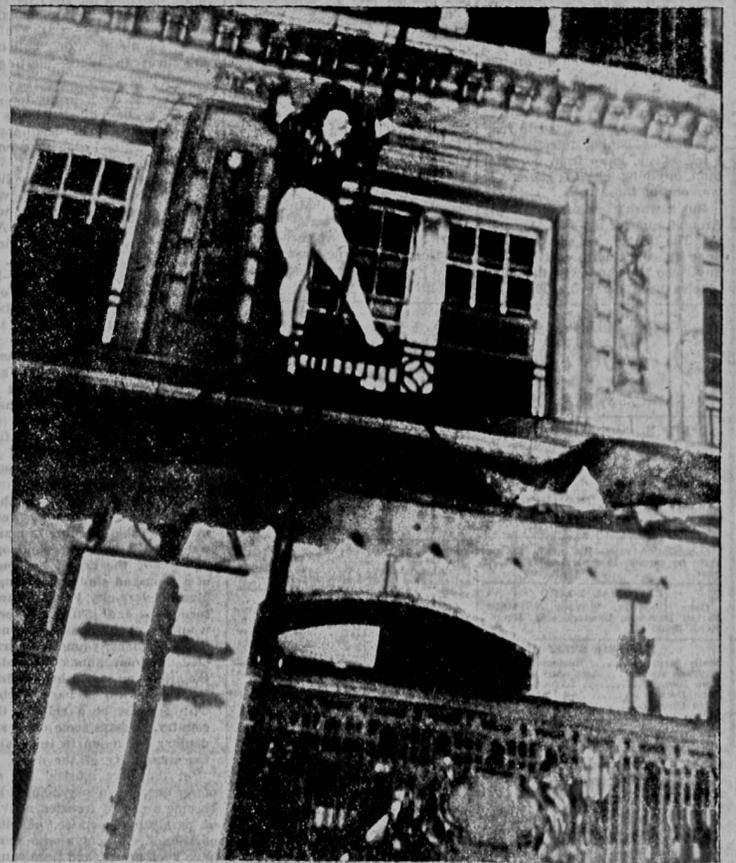

The fire apparently started on the third or fourth floor, and Mayor William B. Hartsfield said its origin was under investigation.

Would-be rescuers told of seeing many forms silhouetted against boiling flames, praying vainly for help that could not reach them. Thudding bodies crashed in ghostly procession into the street and into smoke-filled alleyways. There were 285 guests registered at the hotel, which was one of Atlanta's leading hostels.

Spreading with disastrous rapidity through the southwest side of the building, flames raced up stair-wells and elevator shafts to trap nearly half the guests. The death toll eclipsed Chicago's La-Salle hotel fire of six months ago, when 61 died, and more than tripled the 34 dead in Atlanta's Terminal hotel fire on May 16, 1938.

The nation's previous record toll in a hotel fire was 71 in the New-hall house holocaust at Milwaukee in 1883.

LEWIS ENDS STRIKE

Curbs Lifted On Coal Use

WASHINGTON (AP)—John L. Lewis ended the soft coal strike yesterday, surrendering in the face of action by the supreme court and the president of the United States.

He ordered the 400,000 miners back to work immediately under the wages and other terms of the government contract. He also made a bid for negotiations toward a new pact.

The sudden end of the 17-day strike brought a gasp of relief from a crippled nation. The freight and express embargoes, the curtailment of passenger service on coal-burning trains, and the parcel post restrictions were removed immediately.

The brownout restrictions that had dimmed stores and theaters, reduced street lighting and otherwise cut nonresidential use of electric power on 21 eastern states and the District of Columbia were lifted. More stringent rules, however, remained in effect in a few communities where utility coal supplies had fallen to low levels.

President Truman, one hour after Lewis acted, cancelled the broadcast he had planned for tonight but issued no comment.

Lewis announced the capitulation to a hurriedly-called news conference at 1 p. m. (CST). He read a notice to the miners telling them all to go back to work immediately—until midnight, March 31, he stipulated. But developments between now and then could make that deadline meaningless.

Lewis prefaced what he had to say by announcing he would read his letter to the miners himself so reporters might know "that 'tis mine own, made on this day, and in good faith."

"Questions as to motive," he said, "will be pure speculation. Some philosopher has said anyhow that the pursuit of motives is the most elusive in the world."

But two facts were plain: 1. The president was at work on were that it was to have been an

appeal to the miners over Lewis' head. This amid reports of some unionists already back at work in scattered operations and an estimate of the National Coal association that bituminous production in the week ended Nov. 30 was 17 percent of normal.

2. The appeal from Lewis' contempt of court conviction was in there, the way would be cleared the supreme court. If upheld for additional heavy fines against the United Mine workers for continued defiance of an injunction.

Attorneys for the government and the union conferred with Chief Justice Vinson privately called off the strike. They would just three hours before Lewis just disclose what took place; but presumably the conference involved the government's plea for suspension of rules to speed the case. The court may announce Monday whether it will hear the appeal, and with the strike off now, there would be no necessity for undue haste.

Lewis announced he took his action in order that the high court might pass on the issues free from "public pressure superinduced by the hysteria and frenzy of an economic crisis."

He invited negotiations for a new working agreement with either the government or the private operators, depending upon what the supreme court decides in regard to the status of the government contract and the federal operation of the mines.

The wording of Lewis' letter

may point to an early return of from government possession and the coal mines to their owners contract negotiations with the operators. The mines have been under federal seizure since last May's strike.

By calling his men back into the mines while the supreme court deliberates, Lewis lifted from himself and the union the implied threat of further contempt of court action which might have eaten further into the \$13,500,000 union treasury and possibly subjected Lewis himself to danger of jail.

Local Rail Service Returns to Normal

Iowa City business and industry breathed a sigh of relief yesterday as the second nationwide coal strike of the year ended abruptly after 17 days.

These developments were noted last night as word of the coal strike's end reached merchants:

(1). Rock Island railroad officials yesterday received cancellation of the embargo directed by the interstate commerce commission earlier this week.

(2). With regard to Rock Island passenger service, J. J. Deninger, local agent, said "we can expect that normal service and passenger schedules will be maintained." He indicated special trains may be reinstated to take university students home for the holidays.

(3). Postoffice officials waited last night for official cancellation of the embargo on fourth-class parcel post from Washington, D.C. Lester Parizek, postal clerk, declared rescinding orders "might come through anytime."

He indicated university students may have an opportunity to mail their laundry bags home tomorrow.

School Year to Continue As Originally Planned

President Virgil M. Hancher, relieved after more than two weeks' worry about what would happen to university students and staff because of the coal strike, said yesterday that with the end of the strike, all plans made to cope with the coal crisis would be laid aside and the school year would continue as originally planned.

Nation's Worst Fires

- Atlanta's Winecoff hotel fire ranks among the nation's worst conflagrations. It was the most serious hotel fire. Among major fires were:
- Dec. 30, 1903—Chicago Iroquois theater, 602 dead.
- June 15, 1904—Steamship General Slocum in New York's East river, 1,021 dead.
- March 4, 1908—Collinswood school fire, Cleveland, 174 dead.
- March 25, 1911—Triangle Shirt Waist company in New York City, 145.
- May 15, 1929—Cleveland ethnic fire, Cleveland, 134.
- March 18, 1937—New London, Tex., school explosion and fire, 294.
- Nov. 28, 1942—Boston's Coconut Grove night club, 486.
- July 6, 1944—Hartford, Conn., Ringling Brothers, Barnum and Bailey circus fire, 168.
- June 5, 1746—Chicago's La Salle hotel, 61.

Georgia were quartered in the hotel. Some escaped, and the fate of others was unknown. Emergency mortuaries were set up through out Atlanta after the municipal morgue reported it was at capacity.

The fire was reported shortly after 3 a.m. Firemen brought it under control by 7 a.m., and the last bodies were removed by 9:30.

F. A. Herring, hotel auditor, said he awoke in his third-floor room about 3:30. "I never saw anything like it," he said "bodies were hurtling down past my window."

James Little of Elizabethton,

Tenn., said he pleaded vainly with Frank Jones of Friendship, Tenn., but the latter jumped in panic from the eighth floor. "I couldn't stop him," he said. "If he'd waited five minutes more he would have been saved."

Police Chief M. A. Hornsby said "at least 25 or 30 persons were killed by leaping from windows." One woman dropped on a ladder where Fireman Jack Burnham was attempting to reach another woman. Burnham was critically hurt, the woman killed.

Charred Bodies of Winecoff Fire Victims Match Horror of Pacific War Slaughter

By BEN PRICE ATLANTA (AP)—Nearly half the dead from the Winecoff hotel fire appear as if they had been struck by a gigantic flame-thrower.

Those who died of suffocation

some have faces frozen in masks of horror, distorted out of resemblance to human beings, lips bared still over fangs.

Death apparently was long in coming to some of the suffocation victims.

A few of the bodies were shattered. They are the ones who jumped.

I spent the day searching for the dead, trying in every way conceivable to learn their identities. I have been from hospital to hospital, morgue to morgue.

I have looked at wedding rings, some plain gold, some inset with diamonds, school rings, masonic rings and here and there, an initial ring. The latter were invaluable as means of tentative identification when cross-checked with the hotel's register.

The rings in many cases were the only means of identification. Relatives poured into Grady hospital and frantically sought out the funeral parlors.

Some of the bodies were charred into the sun blackness of the battlefield, others into the cocoa color of the flame-thrower. Many virtually were dehydrated.

Some had added fuel to the flames. They were sans legs, sans arms. They may never be positively identified, save perhaps through impressions. Identification for them will be a matter of elimination.

Only twice have I seen greater carnage. Once was the assault by the sixth marine division on Sugar Loaf hill on Okinawa, where men died by the scores and quickly, the other was the death scene presented by Japanese dead piled like cordwood outside the cave of Admiral Ota on Okinawa.

The ghastly smell was the same.

Patton Indicted For Murder In First Degree

The Johnson county grand jury yesterday indicted William W. Patton for first degree murder in the knife killing of Ernest R. Brown Nov. 24 in Iowa City.

The jury presented the indictment to Judge Harold D. Evans shortly after 12:30 p. m. Judge Evans set Patton's arraignment for 2 p. m. Tuesday and indicated that an attorney for Patton would be appointed at that time.

Meanwhile, Patton will continue to be held in the county jail without bail.

35 Witnesses Testify The jury reached their decision after testimony of 35 witnesses.

According to preliminary information filed in police court by County Attorney Jack C. White, Patton, cook in an all-night cafe, went to his home about 2 a. m., Nov. 24, and found Brown, Lewis Stucker and Dora Parsons with his wife, Ruth Patton.

In a resulting knife battle Brown was wounded in the abdomen and died 32 minutes later at University hospital.

Released on Bond Stucker and Miss Parsons, jailed as material witnesses, have each been released on \$1,000 bond.

Attorney Edward L. O'Connor, appointed by the court, assisted White in presenting witnesses to the grand jury.

Santa is broadcasting far and wide—FRYAUF'S LUGGAGE SHOP is tops for leather gifts. A reasonable gift, but oh so useful, is a make-up kit.

Russ, "I can't appreciate women." King is still on the loose, and should remain the Phi Psi's most eligible bachelor. He and the Russians have a "Five Year Plan."

Sing a song o' frat pins. Of Phi Gam's and Gamma Phi's. The news announced last Monday night is here to greet your eyes.

Just before supper at the Gamma Phi house, Jeannie Denton and Chuck Ellis, a Phi Gam from Amherst, now a law student here, revealed to Jeannie's sorority sisters their recent pinning and chaining. What an appetizer.

For Him

"Gosh... she really loves me!" he'll shout when he sees his robe from BREMER'S. Chose his robe from a large selection in wool, jardin rayon and gabardine, in all those he-man colors, maroon, navy, light blue, tan and brown.

Brenda, of the famed Brenda and Cobina twosome, says "She is tired of hearing about the 'Greeks' and wants to hear more about the Romans." What do we do now, Caesar?

Johnny Switzer's pin of Sigma Chi has recently gone "bye bye." The proud possessor is "Ronney" Solem, Tri Delta.

Ooops! Excuse us! While running madly through our mail we tripped on the chain of Dan Dorn's Sigma Chi pin, which was recently placed in the care of Tri Delta, Joan Lyon. Previously, we merely mentioned she was pinned, but she's been stuck with that pin for some time.

The newly modernized GRECIE PORTRAIT STUDIO has reopened and is now located at 127 S. Dubuque. Mr. and Mrs. C. D. Grecie are beginning their sixteenth year in giving YOU the best in portrait photography. With the newly installed Beattie Hollywood Hi-Lites the GRECIE PORTRAIT STUDIO now has the most modern equipped studio in eastern Iowa.

Another link in the love affair 'tween Rickey Wilson, SAE, and Roma Kiss, Alpha Xi Delta, has been added. They've been in that pinned state exactly six months and you can just guess how they celebrated their anniversary... The usual "chain" of events, of course.

A bright Christmas gift is a lamp... and a lamp that will reflect good taste is one from KIRWAN'S FURNITURE STORE. A China table lamp, one that will add beauty and distinction to your home, is always an appreciated gift.

It's hard to tell which sparkles the most... Marilyn Gould or her recently acquired diamond from Bob Newberg, Quad.

The bells are ringing a new tune... Yes, SWANER'S DAIRY have whipping cream. A big dip of our whipping cream will add magic to your favorite dessert. At SWANER'S DAIRY you can always count on the best and purest in dairy products.

Friday the girls at the Chi O house hit the jackpot when two five-pound parties came off. First when Evie Hage added to her other sentimental tokens from Bill Nusser, Phi Psi, his diamond. Second, when the traditional five-pounds were passed by Lucy Johnson to announce the chaining of her pin to that of Bob Smith, Delta Chi.

"YELLOW CAB, YELLOW CAB that's the way to ride!" Yes, here he is, good old St. Nick singing his praises for YELLOW CAB. He's reminding you to Dial 3131 and let a YELLOW CAB take you quickly, safely, and oh so cheaply... five for the price of one... to your desired destination.

One of the newest and most active clubs on this campus is the "Padded Cell" club. Only eligible members are those who already have reservations at Independence. Needless to say if the "First alternative" goes through the membership roll will take a rising leap. Those interested call the "Snake Pit" at your earliest convenience to be assigned your role. P. S. Napoleon and Cleopatra have already been spoken for.

Winter may be on it's way; Doris Snow is here to stay (at Courier that is) but she has no icy stare or cold shoulder for Larry Hester, Lambda Chi Alpha. He simply melts her. He stole her heart, and she hooked his pin. Get the drift?

Those Irish eyes of Mary Ellen Murphy, Gamma Phi, are more than twinklin' ever since last Saturday night when she and Bob Evans, Phi Psi, became pin-mates.

For Her

"Ooooo... can this be true!" she'll exclaim as her eyes open wide, utterly dazzled by this wonderful gift from H & H HOISERY. The gift is a real SILK matching slip and night gown ensemble. The slip and gown are in white real silk and are trimmed with three inches of ecrú lace. Come in and see this gift that any woman would admire. H & H HOISERY.

Was it that "Sneese and Swoon" powder or the tantalizing scent of "Gitzerman" perfume that did the trick for Marge Goodner of Currier? Maybe it was just Marge. Anyhow, she is now the proud possessor of Clyde Sturges' SAE pin.

WHERE TO GO...

For casual dates, for little supper parties during the holidays, for informal wear that demands something more than your campus sweater and skirt... it's a knowing dress from DUNN'S. Here's Susanne Wilson and Doris Lundeen of Clinton Place, feeling just right and ready for fun.

From SPENCER'S HARMONY HALL comes the perfect gift suggestion—a record album fills the bill exactly. At SPENCER'S you'll find a large selection of albums, anything from dance collections and boogie to symphonies and concertos.

Embargo Hits SUI Housing

Construction on the 680-unit housing project on west campus will be slowed down temporarily because of a four to five-day delay in receipt of millwork (door and window casing trim). The delay has been caused by the rail embargo put into effect during the coal strike.

R. J. Sharp, project manager for Metcalf-Hamilton Construction company of Kansas City, reported yesterday that with the end of the coal strike the Crawford company of Baton Rouge, La., has promised shipment of the material tomorrow.

Meanwhile, four additional members' families have moved into Quonset units near City park bridge.

Assignment of the rest of the units will be made after the office of student affairs receives word that the university has accepted them from the contractor and FPMA.

Goldsmith Comedy To Open Tomorrow

The University theater production of Oliver Goldsmith's comedy, "She Stoops to Conquer," will open at 8 p. m. tomorrow for a 10-performance run.

Written in 1773, the classical farce deals with the obvious romantic entanglements, bad manners, and embarrassments arising from mistaken identities, so popular with the theater-goers of Goldsmith's day.

His audiences liked their comedy fast and furious—and that's the way he gave it to them.

The fact that it is an illuminating and welcome portrait of the tastes of the period is indicated by the general popularity of revivals in the theater today.

Leading roles in the University production will be performed by Forrest Brown, G of West Branch; Jack Beams, A3 of Council Bluffs; Marcella Bannan, A3 of Webster Groves; Lucile Bartozek, A1 of South Bend, Ind.; June Leberg, A1 of Indianola; Mary Margaret O'Brien, A2 of New York, and G. Gabbard of Iowa City.

Journalism Seniors To Elect President

School of journalism seniors will have a choice of eight candidates when they elect their class president Tuesday. Votes may be cast in the journalism office, room 62, East hall, from 9 a. m. to 5 p. m. Candidates, announced yesterday by Harvey Ingham, co-chairman of the nominating committee, are Bob Widmark, Don Therkelson, Don Maloney, John Orris, Margaret Ryan Hill, Holly Baker, Doris Lundeen and Andrene Pederson.

The journalism senior class president will meet with senior presidents of other schools and colleges in the Senior association. This group chooses the gift for the university to be purchased with a donation from the Alumni association.

Negro Forum Meets Tonight in YMCA Room

The Negro forum will meet for a business discussion at 7:30 tonight in the YMCA conference room of Iowa Union.

President William Breshears, A3 of Des Moines, said yesterday that Dr. Norman C. Meier, originally scheduled to speak about the Gallup poll, will not appear.

Watchman Watches as Currier Couples Burn

One Currier watchman has developed a "cottage complex."

Perturbed about crowded conditions in front of dorm entrances at closing time, he took time out to give a little fatherly advice to two cottage dwellers and their dates. His conservation program included limiting kisses to 30 seconds, and making any other farewell gestures at least 50 feet from the door. "The sidewalks will do."

His "stop-watch, tape-measure" theory didn't appeal to at least one freshman woman, however, whose plaintive comment was, "But after all, you just have to get acquainted."

City Council to Consider FWA Loan Application

An application to the Federal Works agency for a loan to construct a new building for the City hall, fire and police departments will be given to the city council tomorrow for approval.

Mayor Wilber J. Teeeters said that the building and grounds committee of the council had already met with C. R. Smith, federal community facilities representative, to draft a formal application for the money.

SPEECH STUDENTS TAKE TIME OUT

KANSAS FORENSIC STUDENTS stole a few minutes to relax and compare notes between speech events yesterday as the second day of the annual intercollegiate speech conference continued. Pictured from left to right are Laurance Miller, Dick Royer, Bill Conboy and Jack Button all of Kansas.

SUI Debaters Gain 6-Way Tie At Intercollegiate Conference

Both University of Iowa debate events according to a scale of superior (5), excellent (4), good (3), fair (2), below average (1). Other Iowa students who ranked among the 21 students in the superior discussers group were David Stanley, Paul Roach, Jean Collier, Harlan Hockenberg and James Ludtke.

Iowans ranking among the 14 superior debaters were R. Bruce Hughes, Elbert Dempsey, Mel Baker and John Oostendorp.

The topic for debate was "Resolved: That labor should have a direct share in the management of industry." Fred Zeni, Northwestern, and David Stanley and Leo Zifren, both of Iowa, tied for first as high ranking debaters.

The discussion honors were again headed by two Iowa students—Betty Ann Erickson and Charles Guggenheim. Placing third was Albert Leviton of Indiana university.

Sharing first place honors for the reconversion speeches were Thomas Bamford of Missouri and Warren Eggleston of Northwestern. Taking second place were Harold Brack, Augustana college and Dick Mullin, Simpson college.

Elbert Dempsey again brought Iowa to the top when he tied with James McBath, Northwestern, and Ted Sorenson, University of Nebraska, for first place in the extemporaneous speaking contest. Students were graded for all

Social Dance Class Plans 'Sleighbell Party' For Tomorrow Night

The social dance class will hold a "Sleighbell Party" tomorrow night from 7 to 9 p. m. in the women's gymnasium. Previously scheduled for Dec. 16, the party was changed because of the basketball game slated for that night. Chairman Martha Humphry, A3 of West Union, said yesterday.

All members of the class who bought tickets for the 10 lessons are invited to come. Chaperones will be Mr. and Mrs. Virgil Copeland. Faculty members of the women's physical education department will be guests.

Committee chairmen are June Korab, A1 of Iowa City, program; Jean Milroy, A4 of Vinton, refreshments; and Ellen Lyga, A3 of LaCrosse, Wis., decorations.

Civic Music Group To Present Czech In Opening Concert

The first concert of the Iowa City Civic Music association will be presented at 8 p. m. Tuesday in City high school auditorium by Jarmila Novotna, Czech singing actress. Admission will be by membership cards only.

Conducting her seventh concert tour in the United States, Miss Novotna will give "a full measure of the opera and concert art" during the first part of the program.

The second half will consist of folk songs, wedding and festival songs, dance songs and songs of work in the fields of Bohemia.

During this part she will be dressed in the costume of her native country with a Czech accordionist assisting.

Miss Novotna made her debut at the Prague National opera when she was 17. After singing to audiences of the Paris Grand opera, the Vienna State Opera, La-Scala in Milan, and the Warsaw opera, she was selected to sing at Salzburg by Arturo Toscanini.

He urged the Metropolitan to bring her to New York in 1939, where she took the role of Mimi in "La Boheme" in Jan., 1940.

Since then she has conducted a concert series before and after the opera season each year. In the spring of 1944 she starred in the Broadway production, "Helen Goes to Troy."

Town Women Schedule Mock Radio Quiz Show At Meeting Tomorrow

A mock radio quiz program will be conducted at a general meeting of the Independent Town Women's association tomorrow at 7:30 p. m. in the Y.M.C.A. room at Iowa Union.

Marian Lager A2 of Annawan, Ill. and Dorothy McKinley, A4 of Omaha, Neb. will direct the program.

The group will practice caroling for their Christmas tour of the University hospital, children's and psychopathic hospitals. Song leader Willa Ashmean, A2 of Bloomfield, said the caroling date will be set this week.

Miss McKinley will also give instructions and assign wool to knitters of the Christmas gift mittens. Mittens are being knit to raise funds to sponsor a dance Feb. 21.

Hawks Latch Onto This One

HERB WILKINSON (28) Iowa's hard driving guard, outreaches two Wildcats from Kansas State, Holman (30) and Harman (28) to latch onto the ball for the Hawks. The Iowa team managed to control a sufficient number of rebounds to keep the Wildcats from striking too much in a 54-41 Hawkeye victory. Herb Wilkinson contributed a fine floor game and nine points to the Iowa cause, as the Hawks won their 22nd straight home victory over non-conference opposition.

Iowa Downs Kansas State, 54-41

Jorgensen Gets 16, Wier 15 To Again Top Iowa Scorers

BY DON SULHOFF Assistant Sports Editor

Kansas State forced Iowa's Hawkeyes to play a top brand of basketball last night and the Hawks did just that with a 54-41 second half victory over the invaders for their second straight win of the infant season.

Expecting a stiff test for his high-powered crew, Coach "Pops" Harrison and his Hawkeyes received a scare until big and able Noble Jorgensen stepped in for four consecutive baskets for a 45-28 Iowa lead with 10 minutes gone in the second half.

After that it was just another non-conference game, but before Pops could settle back in his seat he had many anxious moments.

It started out like another easy Iowa victory when Dick Ives pitched a perfect pass to Jorgensen who scored to break the ice after two minutes of play. But Jack Gardner's crew had different ideas, and started controlling the ball with a tantalizing slow break that scored from far afield.

Bruce Holman potted one of the long ones and Keith Thomas followed through with another to give Kansas State a lead they did not relinquish until 14 minutes had been played in the first half.

Herb Wilkinson caged one from in front to give Iowa a tie but Thomas drove down the middle for a 6-4 Kansas State lead.

Wilkinson again gave Iowa a tie with one of the best plays the Hawks have produced in their two games. Murray Wier passed to the hard driving Wilkinson who crossed up two men under the basket and swept in for the points.

Kansas State blistered the net with three quick goals interspersed with Wier's free throw, by Dick Harman, Holman and Jack Dean and added Jerry Patrick's gift toss for their largest lead of the evening, 13-7.

Herb tipped one in but Jack Dean matched it with a long side shot and then Iowa went to work. Jorgensen added a free toss, Herb a one hunder, and then Dave Danner, Wier, Jorgensen and Clayton Wilkinson hit in rapid succession to move Iowa out in front 22-15.

Herb Wilkinson went high in the air and blocked Harold Howey's shot only to have the officials rule it an automatic field goal, but Danner and Clayton Wilkinson hit again to give Iowa a 26-21 half-time advantage.

It was much the same pattern of play after the intermission with Iowa grabbing 32-26 lead. After that Jorgensen took over.

The 6-9 center got a free toss and a tip in, then rested while Wier and Herb Wilkinson fooled the Kansas defense completely for two baskets. Jorgensen really went to work and threw in four under the basket field goals before Pops waved him to the sidelines with 10 minutes left.

That 45-28 lead satisfied Harrison and he started running in the reserves who let Kansas creep up to the final 54-41 count.

Jorgensen's quick baskets put Iowa out of danger but it was the evenly divided Hawkeye scoring power that won the ball game. Jorgensen topped all point makers with 16, Murray Wier followed close behind with 15, Herb Wilkinson got nine and Clayton Wilkinson eight.

The game was just the type of battle the Hawkeyes needed to prep for the 13 game Western conference schedule which will start Jan. 4.

Kansas pushed them throughout the first half, until Iowa had to show all their stuff to the crowd of 8,624 persons to pull out the win.

Outland Grid Trophy Awarded to Connor, Notre Dame Tackle

DES MOINES, Dec. 7 (AP)—George Connor, Notre Dame's all America tackle, yesterday was selected as the winner of the Outland trophy by the football writers association of America.

Bert McGrane, secretary of the association, announced the selection following a poll of more than 400 football writers.

The Outland trophy was inaugurated by the association this year and will be an annual award for which only tackles and guards will be eligible. The award was conceived by Dr. John H. Outland of Kansas City, Mo., an All-America tackle at Pennsylvania in 1897 and an All-America halfback with the Quakers in 1898.

Since his day in football Dr. Outland has contended that the tackles and guards deserve more recognition than they normally receive.

Connor is a 225-pounder, 6 feet, 3 inches tall who was described by Ed Krause, Notre Dame line coach, as "one of the greatest tackles I've ever seen in college competition."

Alex Agase, Illinois' All-America guard, was runner-up to Connor in the voting.

Big 9 Heads In Conference

CHICAGO (AP)—Western conference coaches, athletic directors, faculty men and other officials will hold their annual winter meetings in Chicago Thursday through Saturday with drafting of sports schedules being foremost on the agenda.

City High Victors, 24-15

Special to The Daily Iowan Iowa City high's defense-minded Little Hawk cagers took advantage of a surprising impotent to become the first Hawklet team in over 25 years to knock off the Davenport five, 24-15, last night Blue Devils at Davenport.

Box score table for the City High vs Davenport game. Shows points, rebounds, and assists for both teams.

The win was the fourth straight for Coach Gil Wilson's quintet while the loss left the Imps without victory in three tilts.

Iowa City started the game, first Mississippi Valley encounter for both teams, slowly but held a 6-5 lead at the first quarter. The Hawklets moved their margin to 11-8 at halftime but impotency at the free throw line and buck fever on set-up shots prevented the local five from making the game a walkaway.

Iowa City missed eight out of eleven chances for charity tosses in the first half alone.

The Imps, led by Fred Ruck, began to hit the net for a short period in the third quarter and tied up the game at 14 apiece until Kirk Carson dumped in a bucket and free throw to put the

Hawklets back in the lead. Free throws made up all the scoring in the final canto except for Jim Sangster's opening shot, as the Little Hawks regained their eye at the gift toss line. Iowa City adopted stalling tactics and the Blue Devils were forced to foul five times in an effort to gain possession of the ball.

Dick Drake, ailing center, played little of the game but led Iowa City scorers with five points. Ruck matched Drake's total as he picked up half of the Blue Devil's four field goals.

The Little Hawk sophomores felt the jinx that failed to handicap the varsity as they lost their first tilt of the season to the Davenport sophs, 38-34.

State to Get 6 Million Dollar Tax Fund From City Banks

Judge Harold D. Evans yesterday granted State Treasurer John M. Grimes' application for the release of over \$6,000,000 in state gas tax funds impounded in the First National bank and the Iowa State Bank and Trust company in Iowa City.

Judge Evans said he would probably hand down the order Monday to the banks for release of the money.

Grimes asked for release of the trust fund Sept. 30 after the Iowa supreme court declared constitutional the state gas tax law of July 4, 1945, which added one cent to the three cent tax already in effect.

L. V. Carlton, Iowa City real estate dealer, started action contesting the constitutionality of the one cent law in May, 1945, and Judge Evans ordered the money impounded as it was collected until Carlton's case was decided.

In granting Grimes' request for release of the money yesterday, Judge Evans dismissed Carlton's petition of resistance on grounds that additional constitutional questions raised in the objection cannot be raised after the case has been once tried and affirmed by the Iowa supreme court.

Carlton had objected that: (1) The Iowa supreme court violated a 1942 amendment to the Iowa constitution when it described the fourth cent of tax as "revenue." He said the 1942 amendment means that motor vehicle fuel can be taxed for license or excise but not for revenue.

(2) That he is not guaranteed equal protection by law when he pays this tax because the distribution of the money is unequal. Judge Evans also dismissed yesterday a petition of Stanley W. Plank, Kalona real estate dealer, supporting Carlton's objection and questioning the constitutionality of both the 3-cent and 1-cent Iowa gas tax laws.

Judge Evans declared in his decision yesterday that both tax laws "do not violate any of the provisions of either the Iowa constitution or the United States constitution."

Plank's application asking the court to appoint a receiver for the money if it were released was also denied.

Carlton's attorneys D. C. Nolan and Edward L. O'Connor indicated yesterday that they would appeal Judge Evans' decision.

When the money is released to Grimes, 40 percent will be

distributed to cities on a population basis and 60 percent to counties on an area basis according to provisions of the law.

Plank and Carlton were assessed court costs in the separate actions. Court costs in both cases since Carlton started action against the tax law total more than \$300.

Dry Cleaners Say Price Raise Due To Operating Cost

Members of the Iowa City Dry Cleaners association, when asked yesterday about recent dry cleaning price raises, stated the move was forced by increases in operating costs of from 10 to 50 percent.

Dry cleaning prices were raised 25 to 50 percent several days after the cleaners association was formed Nov. 27.

Cleaning prices on men's suits went from 75 cents to \$1; trousers, up from 40 to 50 cents, and overcoats from \$1 to \$1.50.

The dry cleaners displayed bills and accounts to back up their claims of increased operating costs.

Wages also had gone up, they said. Women workers who made \$10 to \$15 a week before the war now draw \$25 to \$30. Men who formerly earned \$20 a week are now paid \$45 to \$50.

The cleaners also pointed out that under regional OPA regulations in effect until last month, cleaning prices in other parts of the country, notably the east coast, were as high all during the war as the present Iowa City prices.

They claimed that dry cleaning prices in Iowa City have always been the lowest in the state.

R.S. Casey Named Chemical Society Head

R. S. Casey, director of research at the Schaeffer pen company at Ft. Madison, was elected chairman of the Iowa section of the American Chemical society at a meeting Friday night.

Other officers include Prof. Lothrop Smith of the chemistry department, vice-chairman; Prof. S. Wawzonek of the chemistry department, secretary-treasurer, and Prof. J. B. Culbertson of the chemistry department at Cornell college, councillor.

Education Program Outlined at Meeting

Marceline Smith, Des Moines, outlined yesterday to Johnson county rural school teachers the special education program started in Iowa City this week for children having physical and personality handicaps.

Miss Smith is the assistant director of the division of special education of the state department of public instruction, sponsoring

organization for special education programs throughout the state.

Already working in four counties, the program will attempt to

screen out children whose handicaps prevent them from profiting from the same materials and instruction techniques as the ma-

ajority. Screening will begin in county schools Jan. 6, and will test for hearing and visual deficiencies,

physical handicaps, health problems and personality differences. Screening began in Iowa City schools Monday.

Living In Johnson County --- You Are Definitely Interested in this Announcement . . .

Mr. John Tucker, President, announces that plans have been completed to provide a much needed civic improvement in Iowa City, a garden, or park-plan cemetery.

LOCATION

MEMORY GARDENS CEMETERY is conveniently located with its entrance just two blocks east of the city limits on U. S. Highway No. 6. Naturally beautiful, gently rolling slopes form the background for landscaping which will transform these acres into an outstanding park. Winding drives, a stream and pool, fine evergreens, shade trees, flowering shrubs, flowers, and other features will create lasting beauty and provide a beautiful, peaceful, and serene atmosphere. Landscaping has been started and after the winter's necessary interruption, the work will be carried on in the spring as rapidly as possible. Roadways have been laid out, and shrubs, trees, and flowers planted.

A CIVIC NEED

Iowa City and Johnson County are provided with a park-plan cemetery in pace with the modern trend to this type of cemetery which eliminates expensive tombstones . . . provides beautiful, identical bronze memorial markers . . . insures permanence . . . and provides the utmost in thoughtful service to all.

PERMANENT CARE

The greatest contentment for all those who own lots in MEMORY GARDENS will come with the knowledge that it will be kept beautiful and sacred through all future time. A substantial Permanent Care Fund will increase steadily with the sale of lots and only the income from this fund is to be used for the perpetual care of the park. The principal of this fund is to be a carefully administered sacred trust and can not be used for any other purpose.

BEFORE-NEED PURCHASE

Thoughtful people now realize the wisdom of making this purchase when emotionally and financially fit. As in all successful memorial parks the early purchaser will have a decided advantage financially and in selection of a location. Buying now in advance of need will insure a considerable saving. Lots are reasonably priced and may be purchased on monthly payments.
