Iowa City, Iowa, Friday, Dec. 27, 1946—Five Cents

GOOD MORNING, IOWA CITY

When Washington crossed the Delaware 170 years ago, it was colder than last night, but tonight will be colder. Rain, changing to snow today.

Price Drops Noted in Major Cities

HERO, HEROINE IN MACON HOTEL FIRE

MARJORIE BISHOP, switchboard operator, and Lt. Robert Smithy, an army pilot, who are shown above, are credited with the rescue of more than 70 persons in the Lanier hotel fire in Macon, Ga., Tuesday night. Smithy, who discovered the fire, notified the switchboard and then awakened guests in the threatened section, while Miss Bishop stayed at her board and contacted all occupied rooms.

Adamson Says Commies Plan U.S. Revolution

WASHINGTON (AP)—Ernie Adamson, counsel for the house committee charged with investigating un-American activities, came up yesterday with a report saying:

1. There is a "conspiracy" brewing to promote a Communist revolution in the United States through an economy-wrecking general strike or other means.
2. Seventeen important CIO labor unions are dominated by Red agents of the Soviet Union.
3. The Library of Congress is "a haven for aliens and foreign-minded Americans."
4. The state department ought to protest about activities of "numerous representatives of foreign nations" attached to the United Nations and busily following "with blind obedience the dictates of Moscow."
5. "Communist-controlled unions" are making inroads in the Panama Canal zone and by tying up the canal "can paralyze our entire shipping and commerce."

Committee members reserved comment on Adamson's findings. The CIO and the Library of Congress called the respective references to them untrue. Members said the committee probably would meet early next week to formally approve, or modify, the report.

"We haven't had a chance to read it yet," one member said. "It's all news to me."

Communists who, Adamson maintained, had infiltrated into the field of government, labor and education, "realize that the Communist plan of creating unemployment in the United States is the only medium through which they can possibly gain control of the United States through a victory at the ballot box."

Other methods that may be used in "a foreign inspired conspiracy," he said, include "a general strike in the United States through Communist-controlled labor unions which will ultimately result in a revolution," or "industrial sabotage in the form of strikes... during a period of war between the United States and Soviet Russia."

As for the Library of Congress, Adamson said many persons accepted for employment in its reorganized legislative reference department "have had extensive association with agencies or societies who have shown inclination to change the economy, if not the constitution, of the United States."

Luther Harris Evans, librarian of congress, told a reporter that "I deny flatly and completely" the "haven" accusation.

Adamson said that probably the "most serious penetration" by Communist forces "has been within the labor movement where the Communists dominate 17 vital unions of the CIO."

Henry Fleischer, speaking for the CIO, told a reporter that "this is an old saw used time and again and there is nothing new in it." Fleischer added that "we don't think much of Mr. Adamson or his committee."

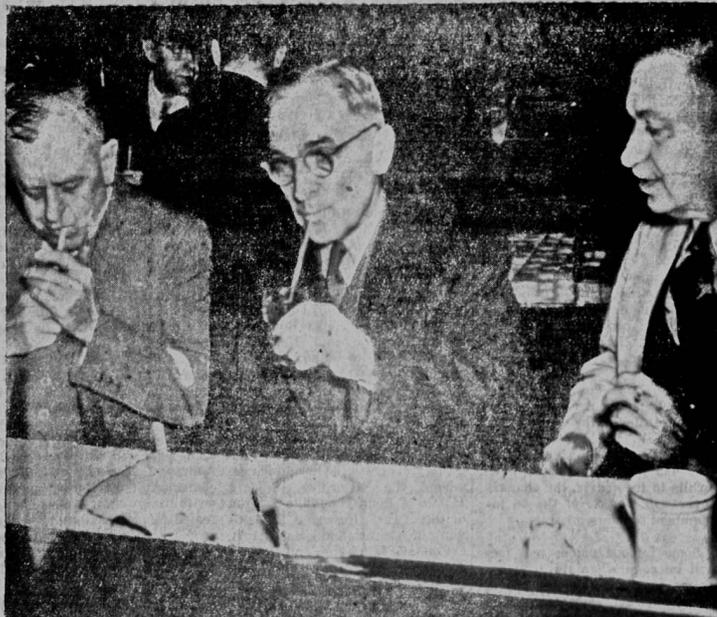

133 Ohio State Students To Study in Mexico

MEXICO CITY (AP)—Mexico City college officials said yesterday 133 U. S. students would participate in Ohio State university's "winter quarter in Mexico" project starting Jan. 7.

Dr. James B. Sharp, professor of education at Ohio State will supervise the project as a member of the college faculty. About one-third of the students will be women.

Three students will come from Iowa State Teachers college and the remainder from 16 other schools. About two-thirds of the enrollees are veterans who will study under the GI bill of rights.

PRESIDENT TRUMAN JOINS HOME TOWN 'COFFEE CLUB'

PRESIDENT HARRY TRUMAN joined two other members of a regular morning "coffee club" yesterday while spending a short Christmas holiday in his home town, Independence, Mo. Shown with the president in the five and ten cent store are Mayor Roger T. Sermon (right) and James C. Neel, insurance man. Mr. Truman also visited his 94-year-old mother in Grandview, Mo., yesterday before driving to the Independence airport for the four-hour trip back to Washington. Mrs. Truman and daughter Margaret saw him off.

U.S. Seeks to End 'Cigarette Standard' Economy in Reich

BERLIN (AP)—U. S. occupation authorities had under study last night a directive to prohibit the private importation of cigarettes into Germany by American personnel as a means of stamping out the "cigarette standard" on the black market and safeguarding the German economy.

A recommendation made to Lt. Gen. Lucius D. Clay, deputy military governor, by a special investigating board, would forbid the importations, now running at a rate of about \$100,000 a month, effective Jan. 1.

The committee reported that the sale and barter by Americans of cigarettes at inflated values ranging up to 1,200 marks (\$120) per carton of 200 was setting up a currency competitive to the legal currency.

A portable typewriter can be obtained for five cartons, a leica camera for 40 cartons, a radio for 10 or a vacuum sweeper for seven in Berlin barter shops.

In direct dealing with Germans some persons reported obtaining electric refrigerators for five cartons, and men's suits made to order for five or six cartons.

Mid-East Oil Deals Divulged

WASHINGTON (AP)—Two big oil deals, under which American companies would exploit more thoroughly the vast oil resources of the strategic Middle East, were announced in "principle" yesterday.

Hundreds of millions of dollars were involved and taken together, the deals involve one of the biggest oil transactions of all times.

Under "preliminary" agreements, the Arabian-American oil company, which is controlled by Standard Oil of California and the Texas company, would sell about 30 percent of its exclusive rights to the Saudi-Arabian field to Standard Oil of New Jersey. Socony Vacuum Oil company is expected to buy another 10 percent.

In the second agreement, the two firms reached an "accord in principle" with the British-Controlled Anglo-Iranian Oil company, Ltd., to purchase substantial quantities of crude oil.

State department officials welcomed news of the transactions insofar as they would conserve dwindling United States and South American oil resources.

Baruch Atom Plan Faces Showdown In UN Commission

LAKE SUCCESS, N.Y. (AP)—The United Nations atomic energy commission will meet today for a showdown on the United States plan for control of atomic energy.

Informed sources said last night that agreement yesterday by Canadian and United States delegations over differences that were mainly those of procedure, not fundamentals, would go a long way toward settlement of the atomic problem when the commission meets today.

The Canadian-U.S. agreement has yet to be approved by the heads of delegations of their respective governments. The political committee of the commission approved a draft report on scientific and technical features of atomic control at a closed meeting here yesterday, but the major contention over the Baruch plan remained to be solved.

By a 10 to 0 vote, with Russia not participating and Poland abstaining, the political committee adopted every section of the draft report except general findings and recommendations.

Sen. Reed Contests GOP Senate Posts

WASHINGTON (AP)—An open challenge to plans of top-ranking Republican leaders for organizing the next senate came yesterday from Senator Clyde Reed (R., Kan.).

Reed told a reporter these plans would set up something like an "oligarchy" by "splitting up the plums among too few people."

"There has been a lot of dissatisfaction among senators over these plans," Reed said. "Seven other Republican senators have been in to see me."

He said he would ask all 51 Republican members of the next senate to pass upon the issues involved.

Reed referred to a tentative agreement under which:

1. Senator White (R., Me.), present senate Republican leader, would become majority leader and chairman of the new combined interstate and foreign commerce committee.

2. Senator Vandenberg (R., Mich.) would become senate presiding officer as well as chairman of the foreign relations committee.

3. Senator Taft (R., Ohio) would retain his chairmanship of the Republican steering committee while becoming chairman of the labor committee.

Previously Senator Robertson (R., Wyo.), Langer (R., N.D.) and Wilson (R., Iowa), had been identified as opposing plans of either White or Vandenberg to retain two key posts when Republicans take senate command Jan. 3.

Under the plan for reorganizing congress only 15 standing committee chairmanships will be available in addition to the posts of presiding officer and majority leader.

Reed said that opposition to any man holding two posts was general among those outside "the 15 slated to get chairmanships."

The Kansas senator is an announced entry for chairmanship of the interstate and foreign commerce group, one of the two posts sought by White.

Reed suggested that White should take the post of presiding officer of the senate—one which Senator Vandenberg already has announced as one of his goals. If this should happen, a lively scramble probably would develop among various Republicans for the important place of majority leader.

Adding to the delicate intra-party situation is a report that Senator Tobey (R-NH) also wants the commerce committee chairmanship. Tobey has refused even to send in his committee preferences until the entire senate Republican conference assembles here Monday.

Meanwhile White, as chairman of the Republican committee on committees, was known to have printed a tentative list of assignments of all Republicans and called his committee into a closed session today.

Crosby on Top

HOLLYWOOD (AP)—Bing Crosby topped the list of movie theater box office attractions for the third successive year in the 15th annual poll of exhibitors in the motion picture herald announced yesterday.

'Very Tough' Report On Bilbo Inquiry Awaits Sanction

WASHINGTON (AP)—A member of the senate war investigating committee said last night that the subcommittee which investigated Senator Bilbo's relations with war contractors has drafted "a very tough" report.

It makes no direct recommendations, he told a reporter, but (1) lays down the evidence on Bilbo's connections with Mike Morrissey, A. B. Friend, F. T. Newton and others, and (2) emphasized contentions by Senator Ferguson (R-Mich.) that donations were solicited from them.

These other items also went on the Bilbo bulletin board:

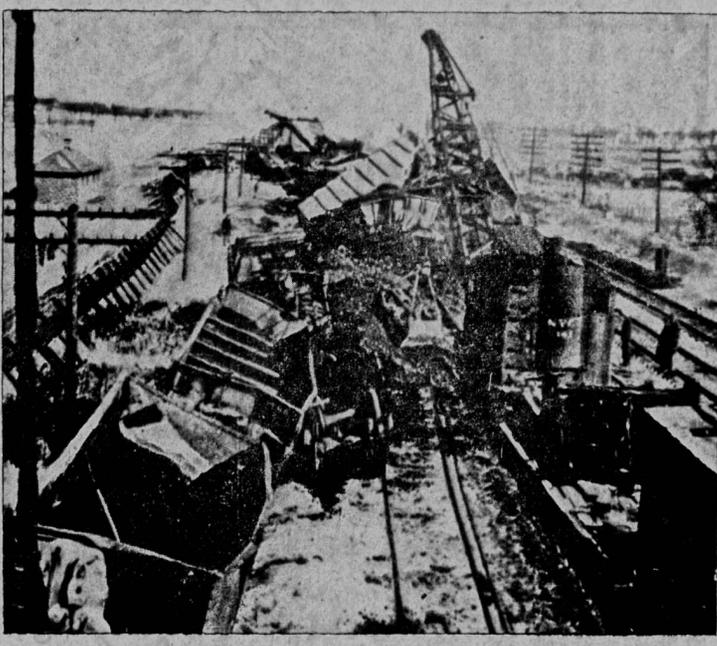

1. Strong doubt arose as to whether some Democratic members of the committee will sign or sanction the subcommittee report.

2. Chairman Taft (R-Ohio) of the senate Republican steering committee called a meeting for this morning to discuss whether to try to bar Bilbo from the senate.

3. Senator Elmer Thomas (D-Okla.) reported that Bilbo is dredging up some "embarrassing" questions for some of the senators who want to throw him out. Thomas reported that Mississippi senator has "a bunch of people" looking into relations between other senators and war contractors.

Senator Mead (D-Wy.) subcommittee chairman, was reported late yesterday to have decided to sign the report, prepared by Senator Ferguson (R-Mich.) and members of the committee staff.

FREIGHT TRAIN DERAILED NEAR BATAVIA, N.Y.

A BROKEN AXLE on a freight car Tuesday night caused the pileup shown in this picture, near Batavia, N.Y. Because of the axle, 41 cars left the tracks and scattered 1,050 tons of coal over the four tracks of the New York Central's main line. All westbound passenger trains were forced to make a detour over the West Shore railroad in order to avoid the wreckage of the freight train and its contents.

(AP WIREPHOTO)

Allen Resigns RFC Position, Sun Claims

Chicago Newspaper Says Announcement Due in a Few Days

CHICAGO (AP)—The Chicago Sun said last night that George E. Allen, director of the Reconstruction Finance corporation and one of President Truman's closest advisors, has resigned and that Mr. Truman had accepted the resignation with "deepest regret."

In a copyrighted story by its Washington correspondent, Thomas F. Reynolds, the Sun said announcement of the resignation will come from the White House in a few days.

The article continues: "The resignation came only after Allen had obtained a 'release' from Mr. Truman and assurance that his services would be available in the future for assignments in which the president is especially interested."

"The resignation, it was understood, will become effective on Jan. 22—the first anniversary of the date on which Allen's nomination (as RFC director) was sent to the senate by the president."

In Washington, Allen could not be located immediately for comment. Some close friends of the RFC director, who also is a director of numerous private corporations, expressed surprise when told of the Chicago Sun's story. They said Allen had not told them of any plan to resign his government post.

The Sun said "it was learned that one of Allen's final actions in the RFC was to order expeditious action on an investigation of the Lustron Corporation of Chicago and other housing loans by private engineers who have been retained by the RFC to give clearance to such projects."

"The Allen resignation, however, was not directly connected with the housing showdown—even though it followed Wyatt's departure by a few weeks. It was known that Allen had informed Mr. Truman, prior to the November elections, that he was ready to leave his job in the RFC, but had delayed it after the Democratic setback on Nov. 5."

"It follows by less than a month the resignation of Wilson Wyatt as federal housing expediter after a dispute in which Allen, as an RFC director was pitted against Wyatt. Supporters of Wyatt charged that Allen blocked efforts of Wyatt to obtain financing for veterans' housing."

"Allen's friends, however, insisted there was no basic difference between him and the housing expediter and cited as an instance the proposed RFC loan to the Lustron Corp. of Chicago."

"Friends of Allen insisted that he opposed the loan only because it had, as they assert, a \$10,000,000 promotion and development clause, which Allen demanded be reduced approximately to zero."

Georgia Legislators Favor Thompson

ATLANTA (AP)—First returns from a poll of the Georgia legislature showed heavy support tonight for M. E. Thompson, lieutenant-governor-elect, to become governor in place of the late Eugene Talmadge.

Thirty-five legislators told The Associated Press they favored Thompson, while 11 said they would vote to elevate Talmadge's son, Herman. Fifteen others were noncommittal, and one favored a special election.

Herman Talmadge, meanwhile, claimed more than 100 pledges in the legislature, and said reaction to his candidacy was "the best I possibly could hope for." He added, "It's virtually unanimous."

Thompson at the same time deposed of office as lieutenant-governor-elect. "Directly after taking the oath of governor, I hope that no one will interfere with the expressed will of the people,"

Wholesale Butter Market Falls Sharply

By THE ASSOCIATED PRESS

Cracks in the high price structure for many cuts of living items suddenly appeared in major cities across the country yesterday.

One of the sharpest breaks came in the New York and Chicago wholesale butter markets. Butter prices concededly had been maintained at an artificially high level in New York and when this support was withdrawn prices tumbled from from one to 10 cents a pound. The drop in Chicago ranged from two to six cents.

Much of the mystery surrounding the break in New York, where charges of "rigging" had been heard, was removed late yesterday. The Dairymen's League Cooperative association said in a statement that it had been active in the butter market in order to keep prices up and thereby "protect" present milk prices.

The decline in wholesale prices brought an immediate drop of nine to 10 cents a pound in some of the principal chain stores in the east.

Egg prices likewise dropped sharply in a number of places, led by a wholesale decline of more than five cents a dozen in New York.

Simultaneously, a cross-country survey by The Associated Press showed that many of the big department stores in major cities had slashed some clothing prices by from one-third to more than 50 percent in an outbreak of post-Christmas and year-end sales.

The big question mark was whether these drops in prices were temporary or whether many of them would continue to hold or even extend their decline.

In Chicago it was learned that retailers' association there are now looking for pronounced general reductions in food prices in February and have been urging their members to get rid of their present stocks.

Current reductions in some food items were reported in New York, Chicago, Boston, Philadelphia, Atlanta, Kansas City, Los Angeles and San Francisco.

The New York milk price is set by the department of agriculture's milk marketing administration on a formula that takes into account the price of top grade butter and skimmed milk powder for a 30 day period. This month expired on Dec. 24 and the price for January was set at \$5.46 a hundredweight, unchanged since November.

The statement by the Dairymen's league, which claims to represent 26,000 milk producers in the eastern area, declared that "purchases of butter" by the league "were made to prevent a threatened decline of 22 cents a hundredweight in the January price of milk." It estimated this had prevented a loss of around \$600,000 to dairy farmers in the New York milkshed.

The league would not say how much butter it had had to buy to keep the price up. However, one prominent broker, John McClay, who declined to name his client, said he had purchased more than 500,000 pounds of butter in the last 10 days at prices from 84 cents to 84½ cents a pound. Yesterday, grade A butter was selling as low as 74 cents a pound.

Deputies Sight Possible Trace of Plane Crash

SAN DIEGO, Calif. (AP)—Sheriff's deputies searching for a Western Air Lines transport which disappeared Christmas Eve with 12 persons aboard reported late yesterday that they had sighted pieces of shiny metal in what appeared to be a burned area on the east slope of Cuyapapea peak, about 15 air miles from Laguna Junction, which is 50 miles east of here.

Many Familiar Faces Missing in New Congress

HENRIK SHIPSTEAD PETER GOLET GERRY HATTON W. SUMNERS DAVID I. WALSH ROBERT LAFOLLETTE BURTON K. WHEELER

Not With Our Blessing

George E. Messersmith, the American Ambassador to Argentina, has returned to the United States for the holidays and rumor has it that he will seek a showdown with Secretary of State Byrnes on Argentine policy. Messersmith has been in Argentina eight months and in that time has warmed up to Dictator Peron like a purring cat. Now he apparently wants the U. S. to further soften its policy toward Argentina. He finds strong opposition in this from Assistant Secretary of State Spruille Braden, a man whose business career gave him a thorough knowledge of South America.

By RAYMOND WILCOVE Central Press Correspondent

WASHINGTON—The barber in the tonsorial emporium frequented by congressmen cast an experienced eye on the corridor as another group of sightseers went by. "There go some new members looking over the Capitol," he commented. In the few weeks between the Nov. 5 election and the convening of the 80th congress Jan. 3, many of the newly-elected members quietly drifted into Washington, seeking homes for their families and choice committee posts for themselves. High on their list of activities was a visit to the capitol.

McCarthy is a circuit court judge.

McGrath is leaving the post of United States solicitor general, for which he resigned the Rhode Island governorship, to become senator. On the other hand, some members have left the 79th congress to enter government service, among them Reps. John Murphy (D) of Pennsylvania, now a federal district judge, and Clinton P. Anderson, present secretary of agriculture in the Truman administration. Rep. James M. Curley (D) of Massachusetts is mayor of Boston.

New York, Frank E. Hook (D) of Michigan, Charles LaFollette (R) of Indiana and Herm P. Koppelman (D) of Connecticut, and Senators Joseph Guffey (D) of Pennsylvania, Hugh B. Mitchell (D) of Washington, and Robert LaFollette (Prog.) of Wisconsin.

Many of the conservatives will also be missing, including Senators Warren R. Austin (R) of Vermont who resigned to head the United States delegation to the United Nations, Thomas Burch (D) of Virginia, E. P. Cayville (D) of Nevada, Charles C. Gossett (D) of Idaho, Thomas C. Hart (R) of Connecticut, Abé Murdock (D) of Utah, G. L. Radcliffe (D) of Maryland, Swift (D) of Alabama, and Repts. Pat Cannon (D) of Florida, John Gibson (D) of Georgia, Compton White (D) of Idaho, Jessie Sumner (R) of Illinois, Dudley G. Roe (D) of Maryland, Dan McGehee (D) of Mississippi and Roger C. Slaughter (D) of Missouri to name but a few.

Others will be back, however, including Helen Gahagan Douglas (D) of California, Frances P. Bolton (R) of Ohio, Margaret Chase Smith (R) of Maine, and Edith Nourse Rogers (R) of Massachusetts. Mrs. Rogers, a veteran House member, will become chairman of the committee on veterans' legislations.

Numerous former members are returning to seats from which they either previously resigned or were defeated. They include two former senators, William E. Jenner of Indiana and Henry Cabot Lodge, Jr., of Massachusetts, who will be back in the upper House, and former House members Norris Poulson (R) of California, William J. Miller (R) of Connecticut, Fred E. Busbey (R) and William G. Stratton (R) of Illinois, Hale Boggs (D) of Louisiana, John R. Bennett (R) of Michigan, Henderson H. Carlson (R) of Ohio, James Gallagher (R) of Ohio, Scott Jr. (R), James E. Van Zandt (R) of Pennsylvania, Fred Norman (R) of Washington, and Edward G. Rohrbough (R) of West Virginia.

Iowa Again Followed GOP Tradition in '46

By DWIGHT MCCORMACK
DES MOINES (AP)—When the political history of 1946 in Iowa is written, that chapter will lead off with the fact that the state quietly followed Republican tradition despite the vigorous attempt by Democratic leaders to make the second break since the turn of the century. Sub-heads will note that the off-year primary and general elections failed to attract as many voters as anticipated, that the presently returned war veterans were too busy with their personal problems to pay much attention to the campaigns, that relatively few of the veterans sought public offices, and that the Republicans even swept out several of the few Democrats in the legislature.

I'D RATHER BE RIGHT

On Amending the Labor Laws

By SAMUEL GRAFTON
New York Post Syndicate
Some of the new proposals for amending the labor laws are interesting, in a way that a hanging is interesting, or an accident is interesting. This sort of grim interest, for example, attaches to Senator Ball's idea that, after a strike has lasted a certain number of months, the employer ought to be allowed legally to fire all his striking employees, and to start over again, clean, if he wants to. Mr. Ball has been seeking some way to make the Wagner labor relations act fair to both sides. He has discovered that labor has the right to strike under the act, and

in looking for an offset to this right, he has come up with the dainty proposition mentioned above. This is a fine triumph for mechanical thinking, for the kind of celebration that is concerned with the forms of things, and not with their substance. Mr. Ball's exquisite sense of logic is now satisfied; his legalistic paper dolls are in balance, and he is happy. But the story of American labor relations is not like a section out of Euclid, in which logic is the only governance; it is more like a set of chapters from a long, unhappy novel, and the man who

would project forward constructively needs something like the artist's touch with human beings, more than he needs the hard little pencil of the logician. One can imagine what life would be like in a one-company town under the Ball Formulation, with the overhanging sense of fear of the employer's power, under certain legal circumstances, to fire the whole city, and to move in a duplicate population. One can understand, too, what pressure there would be on the union to settle, say a week or two before that fatal day on which the employer could dismiss everybody from his rolls, and what resentment, perhaps even violence, all this could rouse in the hearts of men who felt they really had a case. The Ball Formulation might also tend to prolong strikes; for the employer's power would increase as the strike persisted, and approached Dismissal Day, and he might be tempted to wait for that to happen.

Mr. Ball is legislating for an absurdly neat little world which doesn't exist, not for men of will and passion, who would not be pacified, only inflamed, by the little paper dams and spillways he is constructing. Then there is that minority within the National Association of Manufacturers which asks that the Wagner Labor Relations act, the Anti-Injunction act, and the Wage-hour act, all be repealed, at once. One wonders what would happen if the request of this ambitious minority were granted, say, ten o'clock tomorrow morning. It might turn out to be like one of those stories in which a repulsive fairy grants a dear wish but in so grim a form that the recipient recoils from the gift in horror. I would not want to be a personnel manager, having to deal with men whose wage minimums have been destroyed, whose overtime pay is gone, whose closed shop has suddenly been cracked into an open shop, and who can strike only so long as the nearest judge allows them to. Nor would I want to be a presidential candidate, even a Republican one, appealing to these men (and there are so many millions of them) for votes. One is appalled at the lack of a sense of consequence, of what follows-what, in minds that can make such proposals as those above. One man, Mr. Emil Schram, president of the New York Stock Exchange, warned last week, at a Texas lunch, against going too far in making changes in the labor laws. He said, remarkably, that the result of doing so, would be that we'd find ourselves with a labor government. The dispatches did not say whether his audience cheered him or not, or whether it relished this glimpse into spaces that lie beyond the little closed circles of most luncheon table oratory.

OFFICIAL DAILY BULLETIN

Items in the UNIVERSITY CALENDAR are scheduled in the President's Office, Old Capitol. Items for the GENERAL NOTICES are deposited with the campus editor of The Daily Iowan or may be placed in the box provided for their deposit in the office of The Daily Iowan. GENERAL NOTICES must be at The Daily Iowan by 3:30 p. m. the day preceding first publication; notices will NOT be accepted by telephone, and must be TYPED OR LEGIBLY WRITTEN and signed by a responsible person.

Eight SUI Departments to be Represented At Eastern Conferences Dec. 27-Jan. 1

Faculty members representing eight University of Iowa departments will attend national and regional educator's conferences between now and the end of the Christmas vacation:

Twelve faculty members from the botany and zoology departments will attend sections of the American Association for the Advancement of Science conference in Boston Dec. 27-30.

Prof. J. H. Bodine, head of the zoology department, will present a paper at the general physiology section. Others who will present papers at the Boston meeting include Prof. Theodore L. Jahn, Prof. Emil Witschi, Laurence R. Fitzgerald and W. R. Boss, formerly of the zoology department here.

Persons not attending the conference, but whose papers will be presented, are Charles R. Allegre, G. of Osage City, Kan.; Landry E. Burgess, G. of Baton Rouge, La.; Sally Thompson, A4 of Rolfe, and Dale Kirkegaard, M1 of Sioux City.

Prof. H. W. Beams and Prof. Robert L. King, both of the zoology department, will also attend the meeting.

J. Vernor Wulff of the physiology department, will present a paper at the conference.

Prof. Walter Loehwing, head of the botany department, Prof. G. W. Martin, Prof. H. L. Dean and Verona Devine, G of Pottsville, Pa., all of the botany department, will attend the conference. Professor Dean and Miss Devine will present papers.

Nine members of the English, German and Romance languages departments will leave Thursday to attend the 61st annual meeting of the Modern Language Association of America Dec. 27, 28 and 30 in Washington, D. C.

Prof. Austin Warren will address the conference on "The Modern Theory of Genre." Prof. John C. McGalliard will talk on "King Alfred's Handling of Classical Mythology."

Prof. Rufus Putney will speak before the 18th century literature section on "Yorick's Heart." Prof. Joseph Baker will present a report on "The Reinterpretation of Victorian Literature."

In the comparative literature section, Prof. Wolfgang Paulsen of the German department will present a paper on "General Trends in the 19th Century."

Other faculty members who plan to attend the conference are Prof. Baldwin Maxwell, Prof. Erich Funke, Prof. Jeronimo Mallo and Prof. Erwin K. Mapes.

Seven members of the psychology, child welfare, and speech clinic departments will attend the annual convention of the American Speech Correction association in Chicago at the Sherman hotel, Dec. 29 through Jan. 1.

Prof. Charles R. Strother of the psychological and speech clinic will serve as chairman of a program in which Prof. Orvis C. Irwin of the Child Welfare department will conduct a short course. Professor Irwin will report his extensive studies of speech sound mastery during infancy.

Prof. Wendell Johnson, director of the speech clinic, will serve as chairman of a program in which George Wischner of the psychology department will conduct a short course on "Research on Stuttering in Terms of Modern Theories of Learning."

Professor Johnson will also participate in two panel discussions, one dealing with the treatment of stuttering and the other with disorders of communication. He will also participate in the meetings of the council of the association as editor of the organization's official publication, "The Journal of Speech Disorders."

More than one-third of the speakers participating in the convention are either staff members or alumni of the University of Iowa, Professor Johnson said.

Others who plan to attend the convention are Jacqueline Keaster, Prof. Scott Reger and Hayes Newby.

SUI Sociologists To Attend Conference

Several members of the sociology department will attend a conference in Chicago this week of the American Sociological society.

Michael A. Hakeem, instructor in the department, will read a paper Saturday morning entitled "An Evaluation of Case Reports Prepared by Psychiatrists in Penal and Correctional Institutions."

Other members of the department attending will be Professors H. W. Saunders, Grace E. Chaffee, Charles C. Rogler and John L. Gould, instructor.

Cooks' Caprice

By DEE SCHECHTMAN

If "I never have the time" is your excuse for not having a good breakfast, then you don't have time for a cup of coffee in the morning—for a nutritious breakfast can be prepared in the length of time it takes to make a cup of good coffee.

Authorities agree there are just five foods—fruit, cereal, milk, bread and butter—that form a basic breakfast pattern. Your breakfast ought to be more lasting than a snowman or a snowflake and should provide a fourth to a third of your day's food requirements.

I think housewives ought to use different foods to relieve the monotony of breakfast. Even an attractive plant or a simple floral arrangement on the table will work wonders with your family's early morning appetites. Artificial bouquets make a nice centerpiece.

It would be a good idea if you would go "nutrition-wise" and adopt the five-food breakfast pattern with no longer than it takes to make a good cup of coffee" menus like these:

- Sliced Pears
- Bran Cereal
- Shirred Eggs
- Bread
- Jelly
- Coffee or Milk

- Blackberries
- Oatmeal
- Sweet Rolls
- Milk
- Syrup
- Coffee or Milk

Charles Lawler and daughters, Virginia and Janet of Cornell and Francis Ellen Lawler of Iowa City and Mr. and Mrs. Leonard Murkin and son, Charles, also of Cornell.

Spending the holidays in Chicago is Mrs. Leo White, 1737 F street.

Mr. and Mrs. Keith Spalding, 30 W. Harrison, were hosts Christmas day to Mr. and Mrs. Gene Goodwin, and daughter, Geri, 428 N. Riverside drive; Mr. and Mrs. Charles Swanson, Summit Apartments, and Mr. and Mrs. William Porter, who live above George's Buffet.

AND FEED THE FISH, PLEASE

"PLEASE WATER PADDY once daily during Christmas vacation." Girls living in Currier hall have placed all their plants and gold fish in the north lobby to be watered and fed while their owners are gone for vacation. Maureen McGivern, A3 of Iowa City, is busy watering the plants and feeding the fish, which have all been tagged with directions of how to take care of them.

Does Marriage Mean Monotony?

Faculty Wives Have Big List of Activities

By LORELLA PETREHN

Do faculty wives put their college degrees in mothballs after they acquire wedding rings?

Wives of university professors don't seem to think so. By dividing their time between home duties and thought-provoking hobbies, these women have proved that domesticity doesn't encourage dullness.

A typical example of an Iowa City faculty wife who performs her household tasks and absorbs the stimulus of a university atmosphere at the same time, is Mrs. George Glockler, whose husband is head of the chemistry department.

According to Mrs. Glockler, a faculty wife's first duty is to be a help-mate to her husband. She makes good use of the master's degree she earned in chemistry, by proofreading science papers for Professor Glockler.

While her husband was teaching at the University of Washington, this science-minded woman helped establish a national science fraternity chapter on the campus. She continues to keep up on such things as the latest atom bomb developments by attending meetings

of her husband's science fraternity.

"A faculty wife shouldn't expect her husband to do things that cramp his work," warns Mrs. Glockler. She cited the example of one wife's mistake of bursting into her husband's study just as he was about to solve a difficult problem in mathematics. As a result of her interruption, which concerned some trivial errand, her spouse was another hour regaining his trend of thought—and his disposition.

Should Have Hobbies

Mrs. Glockler thinks a woman should engage in satisfying hobbies but should remember her chief sphere is still in the home. She believes that because many wives ignore this fact, a lot of good research men in various fields have been ruined by too much housework and "baby-tending."

Another prominent example of some of the wives on the faculty who haven't allowed domestic duties to let them stagnate intellectually is Mrs. Alexander Kern, whose husband is an English professor. She arranges her sched-

Miss Trowbridge Wed December 25

Before a fireplace banked with evergreen and white chrysanthemums, Carolyn Trowbridge was married to Leslie E. Edwards at 4 p.m. Christmas day.

Dr. L. L. Dunnington officiated at the double ring ceremony which was held in the home of the bride's parents, Mr. and Mrs. A. C. Trowbridge, 1182 E. Court street.

Miss Trowbridge wore a blue afternoon dress for her wedding complemented by an orchid corsage. Her attendants were Mr. and Mrs. C. L. Trowbridge of Des Moines.

Mrs. Edwards is assistant professor of physiology at Goucher college, Baltimore, Md. Her husband is a physiologist with the Fels Foundation for Medical Research in Philadelphia.

ule daily to include teaching of an English core course in the morning, plus preparing three meals a day for her family.

Because of her interest in art, Mrs. Edward Mason, whose husband is an instructor in journalism, wasn't satisfied with just learning about art in college. Now that she is married, she does everything from ceramic sculpture to lecturing in art in her spare time.

Mrs. Mason makes a two-week tour each year for the association of American colleges and gives demonstrations in sculpture. To further offset the humdrum routine that often creeps into a housewife's life, she does portrait modeling in her basement studio and dabbles at wood and stone carving.

One wife of a university professor who is strictly in favor of faculty wives following their educational bent is Mrs. S. E. Barker, whose husband teaches law. She suggests participating in such organizations as the Newcomers club.

"If a woman joins a club with the idea of giving something as well as receiving rewards for her merits," claims this enthusiastic member, "she will find the result much more satisfying."

Yes, in spite of the scarcity of "baby-sitters" the rising cost of living and the limited leisure of their husbands, these four women seem to have found a way to escape monotony.

Although there are over a thousand other faculty wives in Iowa City who probably engage in equally stimulating diversions, they would undoubtedly agree that the cultivation of intelligent interests is the best way to avoid domestic boredom.

Nursing School Head Resigns

Lois B. Corder, director of nursing service and the school of nursing at the University hospitals, has accepted the position of superintendent of nurses at the Santa Fe Coast Lines hospital, Los Angeles, Calif. Miss Corder's resignation becomes effective February 1.

After graduation from the University of Iowa school of nursing in 1917, Miss Corder continued her service here, first as floor super-

LOIS B. CORDER

visor and then for two years as operating room supervisor. In 1921, she was appointed assistant director of nursing at Murray Hospital, Butte, Montana, and from there went to Los Angeles as head of nursing service at Santa Fe Coast Line Hospital.

In 1922, Miss Corder returned to the University of Iowa as assistant director of nursing. She has held her present position as director of nursing service and the school of nursing since 1927.

She holds membership in the leading state and national professional associations and the International Council of Nurses.

Wedding Reception Honors Betrothal Of Miss Righter

A reception honoring Constance Righter, who was married to Arthur William Fippinger Jr. this morning, was given last night by her parents, Prof. and Mrs. Charles Boardman Righter.

The affair was held in the presence of intimate friends of the family at the Righter home, 419 Ferson avenue.

Mary Sue Hancher and Phyllis Beth Jones were in charge of the guest book. Mrs. Virgil Hancher, Mrs. Gerald Elise, Mrs. R. F. Williams, Dorothy Scheldrup and Mrs. Bartholow Crawford were parlor hostesses.

Pourers at the tea were Mrs. M. B. Williams, Mrs. C. B. Wilson, Mrs. Fred W. Putnam and Mrs. Virgil Hancher.

A buffet supper is being held tonight to fete the bridal couple at the home of Prof. and Mrs. Addison Alspach, 906 E. College street. Guests will be Mr. and Mrs. Fippinger Jr., Prof. and Mrs. C. B. Righter, Dr. and Mrs. M. B. Williams, Mrs. Kenneth Rice, Mr. and Mrs. Arthur W. Fippinger Sr., Millicent Righter, Gerald Fippinger and Ronald Fippinger.

University Club Holds Bridge Party Tonight

A partner bridge will be held at 7:30 p.m. tonight for members of the University club.

Chairman for the party which will be held in the University clubrooms in Iowa Union is Mrs. A. V. O'Brien. She will be assisted by Mrs. D. A. Armbruster and Mrs. D. L. Crissinger.

Marriage License

County Clerk R. Neilson Miller issued a marriage license yesterday to Raymond Reiland and Geneva Kron, Iowa City.

The closest the South Pole may be approached by sea is 700 miles.

Campus, City—

Personal Notes

Hospitality is the keynote in Iowa City homes for this first peacetime holiday season.

Many holiday guests are continuing their Christmas visits and staying to "ring in the new year." Several of the local family hearths are brighter this season as sons and daughters are returning home again... many for the first time.

The Rev. and Mrs. Charles Coggeshall of West Branch spent Christmas with Mr. and Mrs. H. L. Bailey, 312 S. Governor street.

Mary Baumgartner of Des Moines visited her parents, Mr. and Mrs. A. J. Baumgartner, 1004 Kirkwood avenue, Christmas day.

Capt. and Mrs. C. W. Beckman of Camp Hood, Texas, are being entertained at the home of Mr. and Mrs. C. A. Beckman, 507 E. College street. Also a guest of the Beckman's over Christmas were Mr. and Mrs. John Thede and family of Dickinson.

A seven o'clock luncheon will be given New Year's eve by Mr. and Mrs. Joseph Parizek, 918 Market street. Among the guests will be Mrs. John Petzel and Bud Fisher of Norden, Neb., Mrs. James Liska, Mr. and Mrs. William Schuller and daughter Adeline, Mr. and Mrs. Charles Benda, Mr. and Mrs. Vernon Putman and sons, Peter and Rickey and Mr. and Mrs. Clarence Gallagher, all of Iowa City.

Spending the holidays with Mr. and Mrs. Albert Betz, 519 N. Gilbert street, are Mr. and Mrs. F. L. Klinetop Jr. and Mrs. Millard Peck Jr. of Washington, D. C.

Christmas guests at the home of Mrs. Jenny Lindholm and family, 308 S. Governor street, were Dr. Hugo Lindholm of Armstrong and Mrs. O. N. Refsell and daughters, Helen Ann and Eunice of Esterville.

Several guests were entertained by Mrs. Charles Messner, 1105 Keokuk street, on Christmas day. Among those present at the holiday reunion were Mr. and Mrs. Arthur Cook of Kansas City, Mo., Marshall Stewart of West Liberty and Mr. and Mrs. Charles Anciaux, Mrs. E. J. Smith and family, Mr. and Mrs. Darwin P. Cox, Mrs. Margaret Cox, Gene Cox and Mary Hochstetler, all of Iowa City.

Holiday guests of Mr. and Mrs. H. W. Anderson, 331 N. Gilbert street are Mr. and Mrs. Herbert Anderson of Minneapolis, Minn.

Arriving today to visit with Mr. and Mrs. J. W. Anderson, 906 Burlington street, are Mr. and Mrs. Kelso Morris of Lone Tree.

Dr. and Mrs. George Albright and daughter, Harriet, 715 Park Road, spent Christmas watching the opera "Hansel and Gretel" held at the KRNT auditorium at Des Moines.

Mr. and Mrs. Forrest Allen, 36 Highland drive, will spend New Year's with two aunts of Mrs. Allen, Vina and Tilla Knouf of Cedar Rapids.

Another holiday visitor in Iowa City today is Mrs. George Boulton of Columbus Junction who is a guest at the home of Mrs. Esther Boulton, 1031 E. College street.

Roscoe Ayers of New York City is spending the holidays with Mr. and Mrs. R. B. Ayers, 508 S. Summit street.

Bernice Ansel of Fort Sheridan, Ill., celebrated Christmas at the homes of Mrs. L. C. Ansel, 326 N. Dubuque street, and Mrs. John Taylor, 121 E. Davenport street.

David Armbruster Jr. of Newton, spent his first Christmas in four years with his parents, Mr. and Mrs. D. A. Armbruster, 402 Melrose court.

Weekend guests at the home of Mr. and Mrs. Arthur Aune, 414 E. Davenport street, will be Mr. and Mrs. Edward Aune and daughter, Karen, of Minneapolis, Minn., and Arthur Aune of Ottumwa.

Mr. and Mrs. George Crum, 358 Magowan street, were Christmas hosts to Mrs. George Banger, mother of Mrs. Crum and Kathryn Banger of La Porte City. Other holiday house-guests were Mrs. Helen Rambaek and sons, Clifford and Frederick of Monmouth, Ill.

Mr. and Mrs. Willis M. Conklin of Davenport spent Christmas with Mr. Conklin's parents, Mr. and Mrs. Otis Conklin, 902 Hudson street.

A Christmas dinner was enjoyed by Mr. and Mrs. Donald Wilson and son, Mark, 1218 E. College street, at the home of Mr. and Mrs. Wilfred Zinser at Cedar Rapids.

Holiday guests at the home of Mr. and Mrs. W. A. Cahill, 522 N. Van Buren street, were Mrs.

U.S. Team Captures Davis Cup

Hawkllets, Atlantic Meet In Des Moines Clinic Game Tonight

PROBABLE LINEUPS
Iowa City: Carson, F; Reichardt, C; Drake, F; Sangster, C; Dean, G.
Atlantic: Wiese, F; Henningsen, C; Jones, F; Preston, C; Beekman, G.
Time: 9:30 p. m. tonight.
Place: Dowling high school gym, Des Moines.

Iowa City high school's basketball team, defending state champion, goes to Des Moines today to demonstrate before the Iowa High School Athletic association coaches' clinic. The Hawkllets will play Atlantic high school at 9:30 p. m.

Preceding the evening's games, the Hawkllets will appear in an demonstration exhibition at 3:15 p. m. when Coach Gil Wilson speaks on offense against a zone defense. Both appearances will be at the Dowling high school gymnasium where the one-day meeting of state basketball coaches will be held.

City high goes to Des Moines with a record of six wins against one loss. Coach Wilson has nominated Kirk Carson and Bill Reichardt, forwards; Dick Drake, center; and Jim Sangster and Sonny Dean, guards, as his starting lineup for the Atlantic game. Dean has been named captain for tonight's tilt.

Bob Beals, high-scoring forward, is unable to make the trip because of an ankle injury. The Atlantic quintet may prove a problem for the Hawkllets with Coach Arthur (Doc) Yates expected to start a tall lineup headed by Center Ken Jones who hits 6-3. The Atlantic forwards, Bill Wiese and Don Henningsen, reach six foot mark and the guards, Sam Preston and Bruce Beekman are 5-9.

The Trojans are three-year winners of the Hawkeye Seven conference and have an impressive, undefeated record so far this year. They defeated Greenfield, 37-23, stopped Clarinda, 25-17, and topped Shenandoah, 33-24. Against Corning, the Atlantic cagers came through, 28-14, and in their last start they defeated Red Oak, 33-21.

A feature of the game will be that nine different officials will work—not all at the same time, however. Two officials will work each quarter with Roy Martin, of Eagle Grove, sticking out the entire game as bench official.

The three-official plan will be put into use for tournaments, starting with the district play-offs in the 1947 eliminations in March. The third official will take up his post between timer and scorer and have the same authority over these departments as the officials on the floor have over the actual play.

The clinic program will open at 10 a. m. when Numa and Monona girls' teams appear in a demonstration. The two teams will play a game in the evening at 8:15 o'clock before the Iowa City-Atlantic game.

Danbury high school, which gave such a fine exhibition in the 1946 tournament before being eliminated by Iowa City, 25-24, will demonstrate a zone defense in the afternoon meeting with Coach Wayne Berry speaking.

Melbourne high school team will demonstrate the man-to-man defense in the afternoon session. Melbourne and Danbury will meet in the first game of the evening program at 7 o'clock.

Buffalo Pro Cagers Move To Tri-Cities
BUFFALO, N.Y. (AP)—The franchise of the Buffalo Bisons of the National basketball league was transferred yesterday to Tri-City, Inc., comprised of civic leaders of Moline, Ill.; Rock Island, Ill., and Davenport, Ia., Publicity Director Art Deutsch announced.

Deutsch said the transfer was approved by NBL Commissioner Ward (Piggy) Lambert. The Bisons' game in Buffalo next Monday with the Indianapolis Kaustskys has been cancelled and the first game in Moline is scheduled tentatively for Jan. 4, said Deutsch. They were in Baltimore, Md., last night for an exhibition game.

The Bisons, fighting a losing battle against slim attendance, on Dec. 17 had offered \$0 of their 100 shares of stock at \$1,000 each and with each share 1,000 tax-free tickets.

Alvin Paris Wants Out
NEW YORK (AP)—A writ of Habeas Corpus was filed in Supreme Court yesterday seeking the release from jail of Alvin J. Paris, accused of trying to bribe two New York Giants football players.

Braves Ready For Raid

Wealthy Boston Backers Eye Cardinal Roster For Stars. Braves Need For 1947 Season

BOSTON (AP)—Now that Sam Breadon has had a chance to cool off a bit, President Lou Perini and his also wealthy co-owners of the Boston Braves are planning another raid on the world championship St. Louis Cardinals.

During the Los Angeles baseball meetings early this month, Perini and Manager Billy Southworth got exactly nowhere when they tried to dicker for Enos (Country) Slaughter, Whitey Kurovski and southpaw Pitcher Howie Pollett.

"Such a deal would wreck the Cardinals and give the Braves the National league pennant," Breadon told the boss tribesmen. In fact the only deal Breadon would consider was selling back Charley (Red) Barrett who became a 23-game winner after the Braves gave him and \$60,000 to the Cardinals for Mort Cooper in mid-1945.

When Breadon rejected their high offers for key players, the Braves owners switched to Branch Rickey. But they dropped him like a red-hot potato.

Rickey was willing to sell some of his Brooklyn Dodgers talent, such as Vic Lombardi, a 13-game winning pitcher, First Baseman Howie Schultz, Infielder Bob Ramazotti and Pitcher Ed Head. But all Rickey demanded in exchange were Cooper, either Johnny Hopp or Tommy Holmes and \$100,000 to boot.

And Bob Carpenter of the Phillies turned out to be another stubborn trader when Perini suggested a deal. The Braves could have obtained Frank Hoerst, a southpaw who was credited with only one win while appearing in 18 games, and Outfielder Ken Northey from the Phillies. But only if they surrendered Warren Spahn, their lefthanded ace, and .310-slugging Holmes.

When Perini joined forces with Guido Rugio and Joe Maney, the other "Little Steamshovelers," to purchase the Braves from Bob Quinn's syndicate, they gave the club a much-needed financial transfusion. And when 1946 rolled around, they tossed in another \$200,000 for their lighting plant and park improvements.

"Despite our huge expenses during the past season, the Braves finished in black ink and there was plenty of it," Perini explained recently. "We now are convinced we need three more established players to win a pennant and the Cardinals appear to be well stocked with the type we have in mind. So, we're going to try, try and keep trying until we get what we want."

CHAMPAIGN, Ill. (AP)—Ray Eliot of the University of Illinois is a football coach fired with inspiration, talented in organization and determined to win always.

So yesterday as Eliot contemplated sending his Illinois eleven, champions of the Western conference, into the Rose Bowl at Pasadena, Calif., Jan. 1, against undefeated, untied, U.C.L.A., he figures on nothing but victory.

"We're not taking that 5,000 mile train ride just to lose," Eliot reminded, biting off each word.

Eliot is the kind of coach his players call "Ray." He was an outstanding guard on the Illinois teams of 1930-31 and might have been all-America, but for his handicap of nearsightedness. He was the players' choice to become head coach in 1941, when Robert C. Zuppke retired. He had been Zuppke's top assistant for five years.

A coach with a modern idea of organization, Eliot always is hammering home the thought: "If you think you can win, you can."

Every major move is prepared and studied in advance. He and his five-man staff discuss strategy on a mind-to-mind basis.

"What do you think?" he asks. The final decision is his—but, first, he asks.

Eliot's relations with his players and coaches are downright simple. First of all, no one can doubt his sincerity. He transmits his sincerity to his players so effectively that they not only believe in him, but they also believe in themselves. They come away from practice sessions feeling that everything he told them is right and they know it is right.

He makes them realize they are men and are playing against men. He points out that although they may be playing against competition of all-America possibilities, there is no reason why this competition should frighten them if they have as much knowledge and physical stamina as their opponents.

Eliot says there are only three reasons why an opponent should ever get the better of the Illini. Either the opponent is too strong, too smart—or they themselves are not in the proper frame of mind.

Threads of the spirit to win wind throughout the life of the 40-year-old gridiron chief. On a rainy day in September, 1929, Ray Eliot Nusspickle, then 23, arrived at Champaign from his home in Brighton, Mass., with a battered suitcase and exactly eight one-dollar bills in his pocket.

He enrolled at Illinois determined to become a coach. He knew football, baseball, track and hockey. He had starred in all of them as a high school student at Brighton, and later in a college preparatory school at Kents Hill, Maine.

His college days were rocky.

Los Angeles Council In Uproar, May Start Own New Year's Game

Ted Schroeder, Kramer Sweep Doubles Match

LOS ANGELES (AP)—Pasadena and Los Angeles are reaching a parting of the ways on New Year's football games.

City Councilman Lee Warburton told his fellow councilmen yesterday he would introduce next week a resolution calling for a New Year's football game in the Los Angeles Memorial coliseum "between the two best teams in the United States."

The council, individually and collectively, reacted with considerable feeling against a statement by UCLA officials that the council got free passes to the Rose Bowl game between UCLA and Illinois.

Councilman John Holland said the council neither asked nor got favors from UCLA.

"Instead of three passes for each councilman," Holland said, "we were permitted by the Pasadena Tournament of Roses to purchase tickets at \$5.50 each. We were allowed that privilege because we entered a \$5,000 float in the Tournament of Roses parade. The same ticket privilege is extended to each municipality or organization that enters a float."

Warburton said UCLA's statement that 12,500 tickets went to Illinois was open to challenge "and you can rest assured that there won't be 12,500 Illinois people in those seats, but the tickets will wind up in the hands of scalpers at fancy prices."

Warburton said Los Angeles should have its own New Year's game, not limited to the champions of the Big Nine and the Pacific Coast conference, but open to the two outstanding teams of the nation.

"And we'll get 'em out here, too," he added.

He worked in a restaurant as a short order cook, lived in an attic room of a boarding house where he fired the furnace and cleaned the walks of snow, and wound up as a student manager of a Champaign dance hall. He was a success at every job he filled.

He found time, however, to get married and to become a star Illinois athlete. He was a catcher on the baseball team and a while of a lineman for Zuppke, despite his limited vision. He wore thick lens glasses then. He still wears them. But he never permitted himself to lose sight of his ambition to be a coach.

After his graduation from the Illinois coaching school, Eliot went to Jacksonville, Ill., as football, basketball and swimming coach at Illinois college. The enrollment was small, but he had remarkable success, and in 1937 was recalled to Illinois.

Eliot dropped his original surname of Nusspickle several years ago.

As an individual, Eliot is a true gentleman. He's a man's man, an athlete's ideal. His handshake is hearty and his laugh booms. As a speaker he is fascinating. Through every speech runs his desire to explain his mission in life—teaching football.

"Football is a game built for the proper frame of mind," he insists. "It is the task of the coach to keep it a game and make the kids want to play it."

Iowa, Gophers Pace Big Nine With Six Wins

CHICAGO, Ill.—Western conference basketball teams wound up their pre-holiday schedule of non-conference games with a record of 34 wins in 45 starts for a percentage of .756.

Iowa Minnesota and Purdue led conference teams in showings against outside competition with undefeated records, Iowa and Minnesota in six games and Purdue in three.

Murray Weir, pocket-size forward with a circus shot, led the Hawkeyes in their winning streak which included as victims South Dakota State, Kansas State, Detroit, South Dakota, St. Mary's and Montana State. Weir, playing in five games, scored 85 points for a game average of 17 points to top all other conference marksmen.

John Wallace of Indiana scored 88 points in six games for an average of 14.7 points to follow Weir and he was trailed by a pair of Northwestern aces, Sticklen and Ben Schadler, who averaged 14.0 and 13.6 respectively. Boyd McCaslin of Michigan and Paul Hoffman of Purdue, each in three games averaged 13 points to rank above Wisconsin's Bob Cook who, in seven games, totalled 90 points—the overall high.

Minnesota's victims were South Dakota, DePaul, North Dakota, St. Louis U., Iowa State and Nebraska. Purdue downed Wabash, Indiana State and St. Louis U. Northwestern, flashing unexpected strength, tripped Ripon, Marquette, Pitt and North Carolina before falling to Southern California.

Illinois, pre-season favorites, found intersectional travel rough and lost to Missouri and split with California after wins from Cornell, Marquette and Pitt. Indiana ran into trouble and three straight losses to Notre Dame, Louisville and Loyola, but came back to swamp Marquette. Wisconsin, after impressive showings that included wins from Marquette and Notre Dame, lost to Oklahoma and Marquette before coming back to win from Southern California.

Michigan won from Michigan State and a touring Stanford team and lost to a high geared Western Michigan team. Ohio State also had trouble on the West Coast, losing two games to Washington.

St. Mary's Get Ready For Hansell Invasion

St. Mary's Ramblers returned to the hardwood courts yesterday afternoon with the two-fold purpose of working off the effects of Christmas turkey and an overhauling of their offense for their New Year's Eve tilt with a powerful Hansell squad, scheduled for the university field house at 6 p.m.

This game between the Ramblers, who have won nine games in nine starts, and the invaders from northern Iowa boasting eleven wins in twelve starts, will be a curtain-raiser to the University of Iowa-Texas Christian battle.

In drills yesterday afternoon, Coach Francis Suplee stressed set plays on offense, and kept a close eye on the Ramblers as they stepped through passing drills. The Ramblers expect to go into next Tuesday's game at full strength with the possible exception of Johnny Suplee, Rambler forward, who has been troubled by an ankle injury that occurred in the Loras tilt ten days ago.

Hansell's roster includes seven lettermen, three of them over six feet in height, and the little class B school has as impressive a record, tradition and following as the scrappy St. Mary's teams.

In their last start, a week ago tonight, the Ramblers successfully invaded the lair of the Riverside Marions to record a 22-14 win—the second victory over them this season. In nine contests to date, the Suplee men have poured in 298 points for an average of 33 points per game while holding opponents to 240 points and an average of 26.6 tallies.

Charles "Buzz" Mottet continues to hold the lead in individual scoring from his forward spot with 72 points, and Captain Ed Roca ranks second with 59 points. Paul Flannery, sophomore guard who has been steadily improving each game, has 44 points, while Suplee has garnered 42 from the other down court spot.

Next January 3 the Ramblers play host to St. Joseph's of Ft. Madison in the old junior high school gymnasium.

Pirates Purchase Kluttz From St. Louis Cardinals

PITTSBURGH (AP)—The Pittsburgh Pirates last night announced purchase of Clyde Kluttz, 28-year-old catcher, from the St. Louis Cardinals for an undisclosed cash sum.

Kluttz, whose home is in Salisbury, N. C., joined the Cards early this year in a three-cornered deal that sent Kluttz first to the Philadelphia Phils for Vince DiMaggio and some cash, and then to St. Louis for second Baseman Emil Verban.

In five games for the Giants this year and 52 for the Cardinals he batted .271, which also is his average for his five years in the Major leagues.

Illini, UCLA Drill In Mud

PASADENA, Calif. (AP)—Wet grounds greeted the Rose Bowl foes, Illinois and UCLA, as they returned to practice after the Christmas holiday, but the turf was not too soggy to hamper their efforts seriously.

The Illini once again worked out both in the morning and afternoon, the last double drill on their schedule. Coach Ray Eliot scrimmaged the squad in the afternoon session.

The Orange and Blue visitors are in good condition, thus far having escaped training injuries since arriving here last Monday.

The Bruin camp was not so fortunate. Several linemen have been troubled with ailments, notably Don Malmberg and West Mathews, No. 1 and 2 left tackles. However, they have been taking things easy and may bounce back into shape for the New Year's Day game.

All-Coast Center Don Paul, a defensive bulwark, has been working out without heavy pads, but said yesterday he would be in top condition for the game.

Both teams are hoping for a dry field. Illinoians might be at a greater disadvantage in the line, figure to outweigh them almost 15 pounds to the man.

The coast team won two games in the mud this year, against Oregon and Southern California. The Illini defeated Ohio State, however, 16-7, in its only game in off-going.

Texas Tops Missouri, 65-46, In Oklahoma All-College Tourney

OKLAHOMA CITY (AP)—Texas university stretched its winning streak to eight straight games yesterday by plastering a 65-46 defeat on Missouri university in the opening first round of the All-College basketball tournament here yesterday.

Both Texas and Missouri committed numerous miscues but the shorter Texans outshouted the Tigers in the last half after a fairly even first stanza.

Missouri went 10 minutes in the last half without swishing a field goal.

John Hargis, Texas' shifty 6-2½ forward, led the scoring, hitting five field goals and six free throws for 16 points. The only Missouri man able to find the basket consistently was Dan Pippin, 6-2½ center, who rammed through 15 points.

The last time Missouri was ahead was with five minutes left in the first half when Pippin dropped in a charity shot to make the count 23-22. Texas pulled ahead when Al Madsen connected on a fast break and the Longhorns rammed the score to 31-25 at the half.

Iowa Centennial Celebration To Be Held Here Tomorrow

Gov. Blue to Preside At Birthday Luncheon, Statewide Broadcast

Iowa's one hundredth birthday will be celebrated in Iowa City tomorrow by a centennial commemoration broadcast and a birthday luncheon with Gov. Robert Blue presiding.

The "Iowa Centennial Revue," a 20-minute radio play, will be given at 11 a. m. in the senate chamber of Old Capitol under the direction of Prof. H. Clay Harshbarger. Also included in the broadcast will be "Iowa Today and Tomorrow," a speech by Governor Blue. The public is invited to attend the broadcast.

The program will originate over WSUI and will be carried by other Iowa networks and also rebroadcast at six different hours during the day.

Featured at the 12:30 p. m. luncheon will be a huge birthday cake topped by 100 candles. The cake will be decorated with wild roses (Iowa flower) and will be inscribed with the Iowa motto "Our liberties we prize and our rights we will maintain." Governor and Mrs. Blue will cut and serve the cake to guests at the luncheon.

The luncheon is open to the public, but reservations must be made at Hotel Jefferson by this afternoon.

This centennial observance is exactly 100 years from the date, Dec. 28, 1846, when President James K. Polk signed the bill admitting Iowa to statehood. Iowa City was chosen as the site for the commemoration because it was Iowa's first state capital.

Attending the celebration besides Governor and Mrs. Blue will be members of Iowa's executive council and members of the Iowa Centennial committee.

Centennial committee members are Chairman Lester Milligan, Mason City; Mrs. Robert Pike, Sioux City; Mrs. Myrtle Fellingham, Council Bluffs; Hugo Saggau, Denison; Homer Stephens, Clarinda; Mrs. R. R. Roberts, Britt; Bert Stople, Des Moines; John W. Gannaway, Grinnell; Mrs. Dwight S. Humeston, Albia; William Peterson, Iowa City; Ross Burman, Burlington; Mrs. F. P. Gerand, Volga; E. W. Williams, Manchester; Ralph Evans, Davenport; and J. N. Darling, Des Moines.

Peterson, Burman and Stople make up the program committee in charge of the observance here.

The Stork Was Busy Christmas Day Too

The stork ran Santa Claus a little competition Christmas day as three babies were born in Mercy hospital.

Mr. and Mrs. John P. McNerney, 825 E. Davenport street, became the parents of a 6-pound 12-ounce girl. A girl weighing 6 pounds 8 ounces was born to Mr. and Mrs. John Kofron of West Branch. The third infant was an 8-pound 1-ounce boy born to Mr. and Mrs. Robert Buckman of Conesville.

Papers Start Basement Fire Christmas Eve

Firemen were called to the home of Leon C. Karel, 1715 Wilson street about 10:30 p. m. Christmas eve to put out a fire that started in papers stored near a basement coal bin and burned to the first floor of the house.

Karel said he rescued his two and one-half year old son from the basement room where he was sleeping before the fire harmed him.

Clasen Named Controller of SUI Hospitals

The appointment of Glen Evan Clasen to the position of controller of the University hospitals was announced yesterday by President Virgil M. Hancher.

Clasen's work here will begin Jan. 20. He will serve under Gerhard Hartman, hospitals superintendent.

He entered the navy in 1944 after 10 years of service in various administrative capacities in the university hospitals in Cleveland.

Released in early 1946, he served as consultant in the study of the Cleveland Hospital Service association, a Blue Cross prepaid hospital care plan, and later accepted the hospital consultantship on the staff of James A. Hamilton and Associates.

In this assignment, he studied the hospital and health needs of the Houston, Texas, area, and has been instrumental in developing the program for a Texas medical center. Clasen received his formal education in business administration

Lutherans of Iowa Contribute Gifts To Hospital Patients

Lutherans of Iowa combined their efforts during December to send Christmas gifts to patients in University and Children's hospitals, Mercy hospital and Oakdale sanatorium.

Under the direction of the Rev. and Mrs. John Bertram, Lutheran hospital chaplain, ladies aid societies and individuals contributed dolls, cookies, toys, clothing, 87 gift boxes and \$545 in cash to be used for buying gifts.

The gifts are sent annually as the program of Lutherans in Iowa City to remember shut-ins at Christmas.

Holiday Accidents Cause Injury to 2; Six Cars Damaged

Three automobile accidents, one of which resulted in injury to two persons, were reported to police over the Christmas holiday.

In a collision Tuesday evening, Bertha Kadera, 27, 32 N. Lucas street, had teeth knocked out and was cut on the leg and Leo Wayne Northup, 25, 412 Sixth avenue, received a cut nose and skinned knee.

Northup, driver of one of two cars that collided at the corner of Benton and Dubuque streets, was fined \$27.50 on a charge of reckless driving.

Damage to his car was \$300. Ronald O. Stanfield, 1403 Crescent avenue, driver of the other car, said his car had \$140 damage.

The car driven by Lloyd G. Burgess, 25, received \$60 damage when it collided with a car driven by C. W. Yager as Burgess was starting away from a stop sign at Burlington and Lucas streets.

Damage to Yager's car was \$50. At 2:20 p. m. Tuesday, cars driven by Mrs. A. H. Collins, route 6, and E. S. Frantz, 1326 Kirkwood avenue, collided causing \$50 damage to the Collins car and \$100 to the Frantz car.

Bible Story Films Available for Rental

Ten Bible story films are now available at the university extension division's visual instruction bureau for rental by churches and other religious groups throughout the state.

The 16 millimeter sound motion pictures were produced by Cathedral Films.

Averaging about 25 minutes in length, the ten films are as follows: "A Voice in the Wilderness," the story of John the Baptist; "The Blind Beggar of Jerusalem," from the ninth chapter of St. John; "A Certain Nobleman," a portrayal of the customs of the time of Jesus; "Who is My Neighbor," the story of the Good Samaritan; "Journey into Faith," the story of the two men from Emmaus in the 24th chapter of St. Luke.

"Man of Faith," the story of the rich young ruler; "No Greater Power," the story of Zaccheus in St. Luke; "A Woman to Remember," the story of Miriam; "The Story of the Prodigal Son," and "The Child of Bethlehem."

During the night, the story goes, the angel turned jet black, and it was later learned the woman was really a murderer.

Another legend relates that a

In Serious Condition After Attempted Suicide

C. H. Horst, 62, 837 Seventh avenue, was reported yesterday to be in serious condition in University hospital after taking a quantity of strychnine Christmas night.

GLEN EVAN CLASEN at Syracuse university and is 37 years of age. He hopes to move his family, including three children, to Iowa City in the near future.

THERE'S MORE TO COLLEGE THAN BOOKS

THE BLACK ANGEL WAS ONLY A MYTH to these two university students until Daily Iowan Photographer Dick Davis told them about it. Long-established custom has it that no girl is really a coed until she has been kissed beneath the protecting arms of the Black Angel at Oakland cemetery. These two went to the trysting place last Saturday night alone (they thought) and just as they were making it official—well, it was a newspaper photographer who told them about it.

Most colleges and universities have traditions on their campuses just how a coed officially becomes coed.

Iowa State college at Ames and Iowa State Teachers college at Cedar Falls both have campaniles. It's the custom there that a young lady must be kissed under the campanile at midnight to really be a coed.

Even though the students at the University of Iowa don't have a campanile, they're not to be outdone.

Out in the southwest part of Oakland cemetery there is a blackened, rather weird looking statue of an angel. It has been there nearly thirty years and dozens of superstitions, mysteries and legends have grown up about it.

The most popular superstition is undoubtedly one still promulgated by alert university men, which says Iowa coeds must be kissed under the "Black Angel" to be officially coeds. Historians predict a long future for this story.

The origin of the "Black Angel" is a disputed question. One story says it was erected in honor of a "good and wonderful" woman who had just died. A white angel was set over her grave.

During the night, the story goes, the angel turned jet black, and it was later learned the woman was really a murderer.

Another legend relates that a

wealthy Bohemian woman erected the statue in memory of her son who was killed in France during World War I. The angel was purchased in Italy and changed from a snow white marble to an ink black during the trip across the ocean.

Other stories say the statue turned black the day her son was buried, or that it changed color as a result of weathering.

Legends notwithstanding, a Bohemian workman who helped erect the statue when it arrived in Iowa City said it was always black. This seems nearer the truth.

A feature in the Aug. 28, 1924, issue of the Iowa magazine section of the Waverly Independent-Republican said the statue was purchased by Teresa Feldevert, a Bohemian woman, in memory of her first husband and a son who died in infancy.

The story says the woman spent half her fortune buying the statue which was supposed to be marble.

She bought the angel from a traveling salesman and left Iowa City before it arrived. Actually, the statue is not marble, but is cast metal, either iron or bronze.

In pre-war days, it was the custom for many fraternities to send their pledges to guard the

Bolte to Visit Local AVC Chapter Jan. 7

Charles G. Bolte of Greenwich, Conn., national chairman of the American Veterans Committee, will be the guest speaker of the local AVC chapter at a meeting set for Jan. 7.

Bolte, a 1941 graduate of Dartmouth college, served in the British army as a second lieutenant in the King's Royal rifle corps,

CHARLES G. BOLTE

and was discharged from service in 1943 when injured at El Alamein.

He later worked for the overseas branch of the office of war information, and for the Ziff-Davis Publishing company as assistant public relations director.

As military correspondent or The Nation and columnist on veteran's affairs for the New York Herald Tribune, Bolte wrote articles which were widely circulated and read.

The American Veterans Committee was first organized when Bolte was asked to serve as intermediary between five American GI's who began writing each other about peace problems and the kind of a world they wanted when the war was over.

The circle of correspondents widened, Bolte was elected first chairman of the organization, and at the first constitutional convention in Des Moines in June, 1946, he was elected national AVC chairman.

Representing AVC, Bolte acted as assistant to the United States delegation to the San Francisco conference. He is also a member of the Council on Foreign Relations and World Federalists, the Dublin conference committee and the board of directors of the Americans United for World Government.

At Dartmouth Bolte was assistant editor of the undergraduate daily, a member of Phi Beta Kappa, Beta Theta Pi and Dartmouth Players. He was recently chosen to be a Rhodes scholar.

The general public is invited to the January 7 meeting, Robert Iversen, president of the local AVC chapter, said yesterday.

She died Sunday at her home after a lingering illness. Burial was at Oakland cemetery.

Mrs. Gilmore is survived by her husband, and by one son and two daughters, including Mrs. James E. Stronks of Iowa City.

Otto Stoeffler, 56, of Gutenberg, Iowa, died yesterday in University hospital. He had been a patient there for three weeks and is survived by his wife.

Death Notices

Mrs. Sarah Schump Funeral services will be held tomorrow at 2:30 p. m. for Mrs. Sarah Ellen Schump, 84, who died Wednesday in Mercy hospital after a long illness.

The Rev. D. G. Hart will officiate at rites in Hohenschuh mortuary. Burial will be in Oakland cemetery.

Mrs. Schump is survived by two sons, Claude and Robert, both of Iowa City; and by four daughters, Mrs. Glenn Goody and Mrs. Edna Scellars of Iowa City, Mrs. Dorothy Emdia of Fort Madison and Mrs. Bernice Tracy of Los Angeles. Seventeen grandchildren and 12 great grandchildren also survive.

Her husband, Charles C. Schump, died Oct. 2 this year.

Mrs. Charles Gilmore Funeral services for Mrs. Charles P. Gilmore, 78, 1215 Muscatine avenue, were held yesterday afternoon at Beckman's with the Rev. L. D. Dunnington officiating.

The Perfect Holiday Dessert OLD MILL ICE CREAM Christmas Packages with Tree or Bell Centers 22c Pint Pkg. 44c Quart Pkg. Old Mill's tree or bell centered ice cream will add a festive touch to your Christmas parties or dinners. The bell package is vanilla ice cream with a delicious strawberry ice cream center and the tree package is vanilla, too, with a green, luscious honey-dew center. Plan on serving these novel ice cream desserts now... they'll make a hit with everyone!

Christmas Seal Sales Total \$6,188 So Far

Sale of Christmas seals reached a total of \$6,188 yesterday with some returns still expected to come in, according to James H. Schmidt, chairman of the drive. The goal for Johnson county this year is \$7,664. The biggest share of this money is used for prevention and control of tuberculosis through special nurses, lung x-rays for school children and by furnishing milk to children whose parents can't afford an adequate supply.

Legion to Initiate 150 New Members

Four high-ranking state officials of the American Legion will preside at the initiation of at least 150 members into the Legion's Roy L. Chopek Post No. 17 here Jan. 8 at 8 p. m. in the Community building.

Ben E. Summerwill, membership chairman of the Iowa City post, said yesterday that other Johnson county and neighboring groups will send representatives to the ceremonies.

The state American Legion officials who will officiate are J. W. Halden of Newton, Iowa department commander; Paul Fulton of Burlington, Iowa department vice-commander; Maynard L. Brown of Washington, first district commander, and Paul Tornquist of Davenport, Iowa department membership committee chairman.

According to officials of the local post, the visitors will speak briefly following the initiation, and a party is being arranged for all who attend. Legion posts in Solon, Lone Tree, Oxford, Washington and West Liberty are invited to send representatives.

Lewis Bissell, adjutant, said that the Roy L. Chopek post has about 50 new members for 1947 in addition to approximately 100 for 1946 who have not yet been initiated. All will be officially sworn in at the scheduled meeting.

Asks Separation

Lois Jean Seaton filed for separate maintenance yesterday from William D. Seaton and asked \$100 monthly settlement and custody of a son, Larry Allen.

Mrs. Seaton charged her husband with desertion.

Judge Evans Assigns 6 Cases for January District Court Session

Judge Harold D. Evans made six assignments yesterday to the January criminal docket of the Johnson county district court.

The trial of William W. Patton, charged with first degree murder in the death of Ernest R. Brown, Kansas City, was set for Jan. 14.

To appear for trial Jan. 6 on charges brought by the state are: Stanley Johnson, charged with operating a motor vehicle while intoxicated. Johnson was arrested charged with intoxication after reportedly being involved in an accident Sept. 9, five miles south of Iowa City on highway 218.

Tom Kettles, charged with larceny of about \$111 taken from the pocketbook of Glen W. Barker Oct. 5.

Gilbert Ayers and William Griffin, charged separately with larceny of domestic animals. Both were arrested after they were alleged to have stolen 40 pigs from the farm of Joe Huff, southeast of Lone Tree, and to have sold the pigs to the Dubuque Packing company in Dubuque.

The supreme court has ruled that the court shall hold a sanity hearing in the case of Maurice Ricker, now in the state hospital in Mt. Pleasant.

SUI to Participate in Education Study

The University of Iowa will be one of 19 midwestern colleges and universities to participate in an experimental study of general education, an Associated Press dispatch from Cedar Rapids reported yesterday.

Seniors will be tested to determine how much they have obtained from the general course of study. How many courses a student should take in his major field in proportion to all courses studied will be the object sought in other tests. There will also be experiments with new kinds of general education courses.

Coe College and Iowa State college are the other Iowa institutions participating in the experimental program.
