Iowa City, Saturday, February 22, 1947—Five Cents

GOOD MORNING, IOWA CITY!

Mostly cloudy with scattered light snow flurries today and tomorrow. Little change in temperature.

Taft Says He'll Vote Against Lienthal

Jury Convicts Mrs. Dixon Of Bank Holdup

DES MOINES (AP)—An all-woman jury late Friday convicted Mrs. Opal Dixon, 35, on a charge of entering a bank with intent to rob. The conviction carries a mandatory life sentence.

The jury deliberated five hours and nine minutes before arriving at its verdict.

She was tried for the \$2,950 "hypodermic syringe" robbery of the Des Moines Bank and Trust company, January 22.

Mrs. Dixon was calm as the verdict was announced and did not even look up at the jury. The jury members, too, avoided looking at Mrs. Dixon.

District Judge Russell Jordan said the attractive, dark-haired mother of two married teen-age daughters would be formally sentenced February 28.

In giving the case to the jurors at 10:21 a.m. (CST) Judge Jordan said they could rule only on the one charge on which she was tried—entering a bank with intent to rob.

"She is not on trial for any other offense," he said.

While the jury deliberated the U.S. district attorney's office issued a warrant charging Mrs. Dixon with the robbery last December 26 of the Union Savings bank of St. Louis. The warrant would have served in the event of her acquittal here.

Mrs. Dixon's "weapon" in the Des Moines robbery was a hypodermic syringe containing mouthwash which she threatened could "blow this place to pieces."

Warn Budget Cut May Peril Peace Efforts

WASHINGTON (AP)—Senator Vandenberg (R-Mich) said yesterday that slashing army-navy funds would put Uncle Sam's arms in a sling and might jeopardize our winning of the peace.

His speech on the senate floor appeared to clinch the prospect that the senate will vote for only a \$4,500,000,000 slash in President Truman's \$37,500,000,000 budget, instead of the \$5,000,000,000 cut approved by the house.

But with senators demanding more time for debate, Republican leaders gave up hopes for obtaining a vote yesterday on a resolution recommending a ceiling on expenditures for the fiscal year starting July 1. The vote is now expected to come Monday.

Vandenberg, the senate's presiding officer and chairman of its foreign relations committee, spoke for the \$4,500,000,000 reduction. "This year of all years, when the chips are down, we dare not present to the world a picture of a pacifist America retiring into its vulnerable shell—a picture of Uncle Sam with a chip on each shoulder and both arms in a sling," he declared, reporting that other nations are increasing their military power.

Senator Maybank (D-SC) read a news dispatch from Moscow to the effect that Russia's projected military expenditures are \$4,000,000,000 larger than the \$11,200,000,000 President Truman asked for the army and navy.

Vandenberg's decision to support the smaller cut lined him up with about half of the Republicans and most of the Democrats. Chairman Bridges (R-NH) of the senate appropriations committee, sponsoring the larger reduction, conceded to a reporter that it has no chance.

Along with Maybank, Senator Lucas (D-Ill.) said he is opposed to any cut in the president's budget. He contended either the \$4,500,000,000 or the \$6,000,000,000 slash would "undermine our prestige among the nations of the world, make our foreign policy less effective and play directly into the hands of Communist Russia."

Easterners Dig Out After Heavy Snowfall Causes 37 Deaths

NEW YORK (AP)—Easterners dug paths back to normal last night through the heaviest snowfall of recent years that took at least 37 lives, closed schools, clogged transportation and slowed industry.

Freezing winds nipped the northeast on the heels of the storm which swept from Alabama to Maine and gradually abated at sea. Dickenson County, Va., reported the record snowfall of 27 inches.

Chief causes of death were over-exertion from shoveling and traffic accidents. The toll by states:

New Jersey, 13; Pennsylvania, 9; New York, 3; Connecticut, 5; Illinois, 2; Massachusetts, 1; District of Columbia, 3; Delaware, 1.

In New York city, nerve center of eastern seaboard transportation, an army of 10,000 men and removal equipment struggled to clear wind-whipped streets of nearly 12 inches of snow.

For the first time in its history a meeting of the United Nations security council was postponed at Lake Success, N.Y.

The reason—too much snow.

Schools Close
Trains crawled slowly in the vast metropolitan area of 7,000,000 persons with resultant absenteeism slowing industry. At least 350 schools were closed in the greater New York area.

The picture was similar from Maine to Virginia. In Virginia, one of the hardest hit states, schools were closed in 28 of 100 counties.

The nation's capitol wallowed in 7 inches of unaccustomed snow, slowing activities in federal offices and forcing President Truman to forego his usual early morning walk.

Stork Has Trouble, Too
Even the stork had to fight his way.

In Philadelphia, digging out of 10 inches of snow, police cars and emergency trucks succeeded in getting 25 momentarily expectant mothers to hospitals. In Saugus, Mass., the stork was a little too fast, however, and Mrs. Edward Lamier gave birth to a healthy boy in her snowbound home with two policemen acting as midwives.

Throughout the east outdoor construction work was halted on vitally needed housing, some plants reported that only about 50 percent of normal employes appeared for work.

Another Hike in Belt Ahead for Britons

LONDON (AP)—The British people were told yesterday in a stark directive for 1947 that they are in for more austerity, more pinching of belts and harder work if they are to rebuild "the foundations of our national life" and escape enduring national poverty.

Prime Minister Attlee and his cabinet, outlining the nation's economic position in a white paper which they called a "working pattern," said the British must dig more coal, put up with their present diet and go without luxuries for a long time to come. Outlining the uphill future, the white paper declared Britain must:

Increase coal production
Continue rationing
Forego hopes of shorter work hours

Do with a smaller army
Bring in foreign workers
Attract housewives to the factory

Hold veteran workers to their jobs beyond normal retirement age

Build up the industrial plant
Increase individual production in mine, mill and factory
Export one-fourth of the industrial production

In this "critical moment" of British history, the government said, "unless we concentrate on these really important things, we may never restore the foundations of our national life."

The reason, the government explained, is that the nation faces a deficit of at least \$1,400,000,000 this year which must "be met by borrowing from abroad."

Old Glory Raised 2 Years Ago Today—Two Vets Reconverted for Peace

By THE ASSOCIATED PRESS

Two years ago today, six U.S. Marines raised the Stars and Stripes on top of Mount Suribachi, Iwo Jima, and symbolized one of America's greatest victories in the Pacific—an incident recorded in the famous photograph by Joe Rosenthal, then a photographer for the associated press.

Three Later Killed
Subsequent action took the lives of three of the leathernecks who appeared in that Pulitzer prize-winning picture.

The three survivors are scattered around the country today. Two are married. One is an embalmer, one a factory worker and the third a farmer on an Indian reservation.

John Bradley, 29, ex-pharmacist's mate, is a licensed embalmer in Milwaukee. His wife says his work is his "whole life."

Bradley plans to take the examination for a funeral director's license next month. A graduate of the Wisconsin Institute of Mortuary Science, he had worked for an undertaker before entering service.

The Bradleys were married last May. She was his hometown sweetheart, Elizabeth Van Goort of Appleton, Wis. Because of the housing shortage, they live in a tiny apartment over a garage.

Legion Member
Although still in demand as a speaker, Bradley has begun declining such invitations because they interfere with his work and because he's convinced people don't want to be reminded of the war.

He is a member of the American Legion, Lions, Elks, Knights of Columbus and Holy Name Society.

The one bachelor left among the surviving flag-raisers is 24-year-old Ira H. Hays, a Pima Indian, who works on his parents' farm on the Indian reservation at Bapchule, Ariz.

Life on the reservation, he says, is quiet, and his happiest moments come when he travels 20 miles to Phoenix to meet up with old buddies from the war. Hays likes to celebrate each reunion.

"I want to be out on my own," Hays once said during a war bond tour. "But out in Arizona the white race looks down on the Indian as if he were a little man, and I don't stand a chance anywhere off the reservation unless I come east."

The last member of the trio, Rene Gagnon, works in a Manchester, N.H., cotton mill. He makes bandages, earning \$1.05

CLASSIC PICTURE of Old Glory being raised over Mt. Suribachi by U.S. marines two years ago today. Three of the marines in the photo were later killed in action. (Photo by Joe Rosenthal)

an hour operating a "doffing" machine on the day shift.

The young veteran and his wife looked long for a place to live. The first place they found was destroyed by fire. For several months they had to reside with Mrs. Gagnon's family, Mr. and Mrs. Ovilva Harnois, in suburban Hooksett, N.H. The Gagnons have a three-room apartment in the city.

Rosenthal is now on the staff of The San Francisco Chronicle, handling general photographic assignments.

JOHN BRADLEY IRA HAYS RENE GAGNON

Twenty-Ounce Baby 'Doing Fine' in Incubator

GLENDALE, ARIZ. (AP)—Dr. Muri E. Fulk said yesterday a 20-ounce baby boy born Monday night was "doing fine" in an incubator at a maternity home.

Dr. Fulk said he could hold the infant in the palm of his hand.

"He is active and cries like a normal child," the doctor reported.

The baby was born prematurely to Mrs. Frank Mariscal of Glendale who, Dr. Fulk said, gave birth to another child eight months ago.

Economic Balance Asked by Reuther

WASHINGTON (AP)—Red-haired Walter Reuther, president of the CIO United Auto Workers, told the senate labor committee Friday that, instead of new labor laws, the nation needs a better balance between wages, prices and profits.

He argued that workers' buying power has steadily declined while profits increased and that some remedy was needed.

"Your argument is socialism," snapped Senator Ball (R-Minn.). "Senator," Reuther replied, "if you insist on making social justice and socialism synonymous, then there is nothing I can do about it."

Acute Boxcar Shortage Hits Factories, Newsprint Supply

By THE ASSOCIATED PRESS
Pyramiding effects of the worst shortage of boxcars in 20 years Friday caused slashes in manufacturing output and employment, and brought rationing of space by many daily newspapers.

Flour mills were heavily affected: some closed while others reporting in an Associated Press survey said production was down as much as 40 percent.

Finished goods for which shipping space could not be found was reported jamming warehouses and threatening industrial shutdowns. Pinched by failure of newsprint shipments to arrive, daily papers in several cities adopted plans to stretch their supply.

The Detroit (Mich.) News and Quincy (Mass.) Patriot-Ledger announced they would eliminate advertising from some editions next week. The Danbury (Conn.) Times said it was "drastically reducing" the size of its paper, while in Miami, Fla., the Herald and the Daily News were carefully rationing advertising space.

Reports in Canada, principal source of newsprint, showed an average daily shortage of 1,381 cars last week. For the week ended February 15 the average daily shortage of boxcars in the United States was 20,093.

Here are some results of this shortage:
A check of 13 Chicago grain elevators by the board of trade there showed unfiled orders for 5,850 boxcars for shipments eastward.

The National Milling Co. at Toledo, Ohio, the nation's largest soft wheat mill, suspended operations Thursday, while milling firms at Decatur and Springfield, Ill., reported they were operating on a day-to-day basis.

At Galesburg, Ill., hog buyers were requiring farmers to give them advance notice before bringing in stock, because of lack of facilities for shipping.
The shortage stems from the fact that the railroads have been unable to obtain as many new boxcars as the number of over-age units they have retired from service.

Senator Reed (R-Kan.), of a senate commerce subcommittee which has been hearing evidence on causes and effects of the shortage, has called industry, railroad and government representatives to a conference next Wednesday seeking a means to provide the railway car builders with enough steel for 10,000 new cars a month, compared with current output of less than 5,000 cars a month.

Columbians' Leader Gets 3-Year Term In Race Riot Case

ATLANTA (AP)—Dapper Emory Burke, who gave up his job as a railroad draftsman to lead the Columbians, Inc., in their crusade against Negroes and Jews, drew a three-year prison sentence yesterday but declared "a few court cases are not going to stop this movement."

The 31-year-old Atlantan, heard the sentence without emotion. He was convicted of usurping police powers in directing patrols to move against Negroes in white residential areas.

Faces 2 Other Charges
He was equally unconcerned as he posted a \$3,000 bond pending argument on a new trial motion May 17, reiterating that if foes of the Columbians think "they are going to win by these tactics (court prosecution) they are dead wrong."

Burke still faces prosecution on two other indictments. One charges riot, on which Columbian Secretary Homer L. Loomis, Jr., drew a one-year sentence last week, and the other charges illegal possession of dynamite. Loomis also is to be tried on the dynamite and usurpation charges.

Sue to Revoke Charter
The state plans to proceed with its suit to revoke the Columbian charter after completing prosecution of the officials.

Burke's conviction was based upon testimony that the anti-Negro, anti-Jew Columbians last fall ordered members to assault a Negro walking through a white residential area and on two other occasions tried to prevent Negroes from moving into houses formerly occupied by white persons.

"These rascals are trying to destroy the white race and they are going to be defeated," Burke told newsmen of his prosecutors. He explained "they are trying to destroy the white race through intermarriage" with Negroes.

Sideshow Of Life

Drinking Song Slows Debate on Liquor Bill

DES MOINES (AP)—An unexpected musical "filibuster" was staged in the Iowa senate by an old fashioned music box which ground out "How Dry I Am" during debate on a liquor bill.

It started as a joke by a senator who set the machine to playing during the height of debate, and then discovered he couldn't stop the music from going 'round and 'round.

The box had rolled out several encores when the senator scurried to a cloakroom with his machine and put an end to the song.

No Stickups Allowed—Except by Appointment

OGDEN, UTAH (AP)—A hatless man with one hand in his pocket approached the window of the Ogden theater yesterday and rasped:

"Let's have the money."
"I'm sorry, sir," the cashier, Mrs. Jennie Linderman, returned pleasantly, "you'll have to see the manager."

Unnerved, the would-be robber fled.

Senator Proposes Tax Of \$1,000 on Divorces

PHOENIX, ARIZ. (AP)—State Sen. W. H. Hathaway introduced a bill in the Arizona legislature yesterday proposing to levy a \$1,000 tax on divorce actions.

If the applicant had obtained a previous divorce the tax would be upped \$500 for each prior decree.

If children are involved, there would be a levy of \$1,000 for each child under one year old ranging down to \$100 for a nine-year-old child.

Terms Nominee 'Too Soft' On Communism and Russia

WASHINGTON (AP)—Senator Taft (R-Ohio) announced last night he will vote against confirming David E. Lienthal as chairman of the atomic energy commission.

Taft said he considers Lienthal "temperamentally unfitted" and "too soft on issues connected with communism and Soviet Russia."

Taft, chairman of the senate GOP policy committee, is the third Republican senate chief to announce against the nominee. Republican Leader White of Maine and Senator Wherry of Nebraska, the party whip, already are on record against him.

"I would consider his confirmation a real threat to our national safety," Taft said in a statement.

"There is no doubt that a Communist cell was tolerated for a while by Mr. Lienthal in the TVA."

"I do not want to see a man as muddled in this thinking on questions of international power as Mr. Lienthal in charge of our atom bomb policies."

Taft's announcement of his position could be crucial for Lienthal if some dozen Republican fence follow as reported on his lead.

It also could bring an open split in the GOP senate leadership if Senator Vandenberg (R-Mich), who has appeared friendly to Lienthal during his questioning before the senate atomic committee, formally declares in his behalf.

Vandenberg read yesterday to the atomic committee considering Lienthal's qualifications a letter from Dr. Karl T. Compton, president of Massachusetts Institute of Technology, who declared that "I would know of no one as well qualified and possibly available" as Lienthal.

Truman Asks \$350-Million Foreign Relief

WASHINGTON (AP)—President Truman asked congress yesterday to vote \$350,000,000 for direct relief to "liberated" countries in 1947, now that UNRRA is going out of business.

Chairman Eaton (R-NJ) of the house foreign affairs committee immediately introduced authorizing legislation with a proviso that the nations receiving the aid must permit American newsmen to report on its use. He said his committee will take it up next week.

Another bill would be necessary later to make the actual appropriation. Chairman Taber (R-NY) of the house appropriations committee told newsmen he is withholding judgment until more details are available.

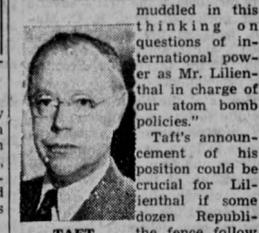

The appropriation would be in addition to \$300,000,000 budgeted to the war department for relief in the occupied countries—Germany, Austria, Japan and Korea. On this request Taber already has served notice that "they will have to show us that they need this extra money before they get it."

The president's message did not list the liberated countries to be aided but state department officials previously had said Italy, Greece and China, and perhaps Hungary and Poland, would need help beyond what UNRRA provides.

The \$350,000,000 is far below previous relief appropriations made through UNRRA. The United States contributed \$2,700,000,000 of the international agency's \$3,600,000,000 since 1943. Congress voted the last \$465,000,000 on this commitment last summer with a "free press" provision similar to Eaton's present one. That was aimed principally at Russia.

Eaton's resolution also stipulates that the relief be confined to "the basic essentials of life, particularly medical supplies, food, and supplies for agricultural production."

Hutton to Wed Again
ST. MORITZ, Switzerland (AP)—Barbara Hutton's secretary said last night that the 34-year-old American heiress "expects to be married soon" to Prince Igor Nikolaievitch Troubetzkoy.

Wier-Hamilton Scoring Duel Looms Tonight

Indiana Win Would Help Title Hopes

PROBABLE LINEUPS

Iowa	Indiana
Wier	Hamilton
Straatsma	Ritter
C. Wilkinson	Meyer
H. Wilkinson	Watson
Spencer	Herrmann
F	C
G	G

Blazing Murray Wier will get a chance to match baskets with Ralph Hamilton, the Hoosier hot-shot, when the Hawkeyes entertain Indiana in the fieldhouse tonight in a tilt that is a must if Indiana is to keep any hopes of catching league leading Wisconsin in the Big Nine basketball race alive.

Wier found the nets in Minneapolis just one week ago and captured scoring honors for the evening with a torrid 30 which boosted his season's record to 14.5 points per game. In addition it gave him the season's high in the conference of 14 field goals in one game.

Hamilton has an amazing .400 percent on his shots and has averaged 16.5 points per contest.

But besides the scoring duel aspect the game has a revenge motif that the Hawkeyes have no intention of passing up.

It was just about this time last season when Indiana visited the fieldhouse and stopped an Iowa

Hawks Add Boston
The Iowa grid team will play Boston university on Nov. 20, 1948 in Boston it was announced yesterday.

The game gives the Hawkeyes an 8 game schedule for the '48 season.

home victory string of 22 straight games and it was earlier this season when Indiana started Iowa on the road down which led to six defeats on foreign courts.

The Hoosiers impressive record shows an average of 55.6 points in each outing while the Hawkeyes have a 53.3 average. Indiana has won five of eight conference starts while Iowa has a 3-7 record.

Popsy Harrison is slated to stick with his starting lineup of the last two games with the exception of Herb Wilkinson. Herb will move back to guard to make room for brother Clayton while Bill Hall will be pushed to the sidelines.

Clayt moved into the center slot after a great spot performance against Michigan and further established himself as a capable replacement for Noble Jorgensen when he put the clamps on Jim McIntyre, Minnesota's big center.

Trying to stop Wier will be Don Ritter who had the task once before this season and did very well allowing the red-headed sharpshooter only one field goal.

Back in his familiar guard spot after playing part of two games at center, Herb Wilkinson should return to his scoring role to give Iowa more balanced power.

Undeclared Iowa plays host to Minnesota's matmen here this afternoon in what should provide a very tasty fare for wrestling enthusiasts.

Although the Gophers have not met with much success this season they are capable of making this last home dual-meet an anxious one for the Hawks.

It will be the final conference meet for Coach Dave Bartelma's crew and if Iowa comes through with their expected victory it will close a disastrous Big Nine season for the visitors who have dropped three previous meets.

For Iowa it will be the same outfit that whitewashed Minnesota with the exception of Virgil Council in the 145-pound bracket. Council replaces Don Rodenborn, relegated to the sidelines with a pulled shoulder muscle.

The rest of the Hawkeye line-up

is in top shape for today's encounter although several of the lighter-weight men had to sojourn in the sweat box yesterday in order to balance the scales.

Iowa is not expected to have much trouble in the lower weights, but 165 "Handyman" Joe Scarpello tangles with a tough competitor in

VIRGIL COUNCIL

Gopher Gale Abels and Bob Geigel has a tough assignment in ex-conference champ Vern Gagne in the featured heavyweight clash.

Sanders Lost
ST. LOUIS (AP)—First Baseman Ray Sanders may be lost to the Boston Braves for three to six months, attendants at St. John's hospital said yesterday.

Prep Swim Meet In Fieldhouse This Afternoon

Clinton's state high school swimming crown will be on the block this afternoon when nine teams take to the tank in the fieldhouse in the annual prep affair.

A strong contender in the meet will be Roosevelt of Des Moines which held the title three straight years before Clinton lifted it last season.

Jim Hudelson of Roosevelt will be the only individual champion who will be back. He will be after the fancy low board diving title for the second straight year.

Other teams competing will be Boone, Davenport, East, Lincoln, and North of Des Moines, Keosauqua and Iowa City.

Bills Top Drake For Valley Title

DES MOINES (AP)—St. Louis' Billkens, led by the brilliant Ed MaCauley, whipped Drake 47-38 last night to win their first Missouri Valley conference basketball championship.

Six foot 8 inch MaCauley rung up 22 points to pace St. Louis to its 11th straight conference win and sew up the title. The Billkens finish the conference campaign against Creighton tonight but the decision over Drake eliminated their last challenger.

It was Drake's second defeat, both by St. Louis, in nine valley contests.

Little Hawks Near Title

Trip Clinton, 42-38; Hettrick Bags 21

By DON SCANNELL
Sports Staff Writer

Paced by towering Center Gene Hettrick, Iowa City high's red-hot basketball team advanced over one of the highest hurdles in its race for the Mississippi Valley cage crown last night by dropping Clinton out of the title chase with a convincing 42-38 victory at the City high gym.

Playing his best game of the season, the 6-4 Hettrick counted eight field goals and five free throws for 21 points in addition to controlling rebounds off both backboards as the Little Hawks racked up their ninth straight conference win.

The loss lowered the River Kings into third place behind West Waterloo with a final record of eight wins and two defeats, both inflicted by Iowa City. The Little Hawks must win one of the games they play next Friday and Saturday at Franklin of Cedar Rapids and Dubuque to claim the loop laurels.

Hettrick teamed with Forward Bill Reichardt to completely monopolize the Hawklet scoring in the first half while Clinton presented a varied attack built around clever Forward Dean Pieper who collected 16 points, eight in each half.

The Hawklets connected on 16 of their 41 chances for field goals, mostly setups or pivot shots, and forced the River Kings to limit most of their shooting to long shots. Clinton was almost equal to the test as they potted 15 buckets, ten in the first half.

At the free throw line the Little Hawks maintained their slight superiority, connecting on 10 chances out of 17 while the Kings missed eight of their 16 opportunities.

After battling on even terms

The box score:

Iowa City (42)	Clinton (38)
Reichardt, f 4 2 1	Pieper, f-c 7 2 1
Dean, f 1 1 2	Stoik, f 2 3 1
Troyer, f 0 0 0	Lane, f 1 0 0
Hettrick, c 8 5 4	Holcomb, c 2 3 5
Sangster, g 2 1 4	Becker, c 0 0 0
Dunham, g 0 0 0	Boogel, g 2 0 2
Beals, g-f 1 1 2	Domsalla, g 1 0 2
	Carstensen, g 0 0 3
Totals 16 10 18	Totals 15 8 14

Score by quarters:
Iowa City 11 22 36 42
Clinton 11 22 31 38

for the first half, the Hawklets jumped from a 22-22 halftime score to a 36-31 margin at the third quarter mark as Hettrick and Reichardt began to receive support from Guards Jim Sangster and Bob Beals.

Clinton was far from being counted out of the game as Pieper and Ted Stoik collaborated to rack up five quick points to trail 38-36 with three minutes left to play.

The Hawklets stalled successfully until Sonny Dean broke into the clear to put Iowa City into a 40-36 lead. Reserve Forward Lane retaliated immediately to narrow the gap to two points again with 30 seconds left. Sangster counted on a setup with 20 seconds remaining to ice the game for the victors.

Both teams were keyed up for the tilt and kept up a breakneck pace throughout. First half shooting was phenomenal as each squad hit approximately half of all shots attempted.

Clinton roared into an 11-6 lead midway in the first quarter but a late City high rally evnered the count 11 apiece at the end of the first eight minutes. Hettrick pounded in seven points with Reichardt counting the other four. Pieper burned up the net with three beautiful one-handed shots to set the pace for the River Kings.

Once again Clinton raced into a six point lead midway in the second period with Center Jack Holcomb potted two quick buckets to boost the margin to 20-14

at the automatic timeout. Hettrick came back to life in the final four minutes of the half to garner six points which, combined with Reichardt's shot from the side, moved the Hawklets into a 22-22 halftime deadlock.

In the third period the Little Hawks reversed the situation and jumped into 36-31 lead as Dean, Beals and Sangster came to the aid of Reichardt and Hettrick in the scoring. Dean broke the monopoly with a free throw to give the Hawklets a 27-23 lead. Pieper and Stoik evnered up the count before Hettrick sent Iowa City into the lead, which they never lost again, with a brace of charity tosses.

Sangster opened the final quarter with a long set shot but Stoik and Pieper poured in five quick points to set the stage for the clinching baskets by Dean and Sangster.

In the preliminary tilt, the Iowa City sophomores eked out a 23-22 win over the Clinton sophs to avenge a one point defeat inflicted on them on the River Kings' home floor earlier in the season.

Ingwersen Stays
CHAMPAIGN, Ill. (AP)—Burt Ingwersen, line coach at the University of Illinois, yesterday decided to remain on the Illinois' football coaching staff instead of accepting an offer to become first assistant to Lynn Waldorf, new head coach at the University of California.

Connor Elected Captain
SOUTH BEND, Ind. (AP)—George L. Connor of Chicago, 22-year-old left tackle, yesterday was elected captain of the 1947 Notre Dame football team.

Anderson, Helm Lead U-High To 39-33 Win At West Branch

Special to The Daily Iowan
WEST BRANCH — Whirling around and through West Branch's Bears at high speed in the last eight minutes, U-high Bluehawks opportunists last night edged past the hosts 39-33 here for their fifth and final Eastern Iowa conference victory of the campaign.

The win gave the 'Hawks a cinch tie for second spot in the loop possibly with Mt. Vernon and Tipton—the latter depending on scores of final games. It was the hot River team's fifth in a row.

Hounded by the sting of an earlier loss to the Bears, U-high found the Bears tough for three periods. But when the West Branch defensive wall gave way in the fourth quarter, Nick Anderson, Don "Gussy" Helm, Fritz Harshbarger and Bobby Ojemann all rose to the occasion.

Crawling into the last epic with a 25-24 margin, Bear luck began to run out. The loss of four of their starting five in the late stages, cut deeply into West Branch's diminishing hopes.

The 'Hawks didn't catch the losers until three minutes had spun by in the fourth. Then it was the pace-setting Anderson who maneuvered the offensive tide, scoop-

The box score:
Univ. High (39) | West Branch (33)

Anderson, f 6 3 4	Pedersen, f 2 1 5
