

# The Daily Iowan

Established 1873 Vol. 79, No. 193—AP News and Wirephoto Iowa City, Iowa, Friday, May 9, 1947—Five Cents

GOOD MORNING, IOWA CITY!

Generally fair and continued cool today with the high about 60 and the low tonight 35-40.

## Hughes Named Editor of Daily Iowan

### Long Distance Strike Ends; 250,000 Workers Still Out

NEW YORK (AP)—The strike of 20,000 long distance telephone workers throughout the country officially ends at 6 a. m. local time today but resumption of full service faces delay wherever picket lines are maintained by 250,000 other telephone union members still on strike.

### Iowa City Service Returns to Normal

The telephone strike here in Iowa City was to officially end at 7 o'clock this morning when the first long lines employe was to report for work since the April 7 walkout, according to Franz Wille, union spokesman.

Settlement of the strike between the American Union of Telephone Workers and the American Telephone and Telegraph company, which was to be officially ended at 6 o'clock this morning, brought all 116 Iowa City employes back to work and restored service to a near normal level.

This followed by 24 hours the return to work of 108 Iowa City members of the Northwestern Union of Telephone Workers who had voted Tuesday morning to respect the long lines workers' picketing for 48 hours.

### Truman to Press for Passage Of Universal Military Training

By WILLIAM R. SPEAR  
WASHINGTON (AP)—Firm optimism that lasting peace will be attained was expressed by President Truman yesterday—but he noted that it still is by no means accomplished and declared he will press for passage of universal military training before congress adjourns in mid-summer.

It was the 63rd birthday of the smiling, fit-looking chief executive, and the second anniversary of V-E day. It was the latter anniversary that the president had at the forefront of his mind as he greeted newsmen with a short impromptu speech.

It was in reply to a question that he declared he is going to try to get universal training through congress at this session, although the republicans' legislative schedule now makes no provision for it. Mr. Truman some months ago named a civilian commission headed by Dr. Karl T. Compton, president of the Massachusetts Institute of Technology, to study the question. The American Legion urged yesterday that its preliminary findings be sent to congress even though its final report is not ready.

To other questions, the president said: He has made no decision yet whether to sign or veto the bill curbing portal pay suits, which reached him from congress last week. It still is being studied by officials.

He is very happy at the Democratic victory in the Baltimore mayoral election, as he was over the outcome in Chicago previously. He is very much pleased with the reaction to his campaign

### House Kills Moves To Modify Truman's Greek-Turkish Plan

WASHINGTON (AP)—The house batted down, 127 to 37, yesterday at attempt to kill President Truman's \$400,000,000 program to aid Greece and Turkey against communism, and likewise defeated two moves to give the United Nations a greater voice in it.

In hot and heavy fighting late in the day, Rep. Bender (R-Ohio) moved to strike out the "enacting clause" of the bill, which already has passed the senate.

Rep. Eaton (R-NJ), chairman of the house foreign affairs committee who is piloting the bill in the house, quickly accepted the challenge.

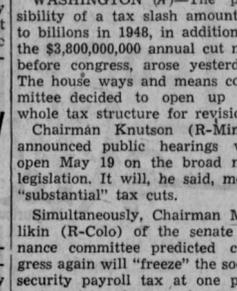

Two earlier moves to send the matter to the United Nations were defeated by voice votes.

### Testifies Andrew May Sought Deferments For Firm's Friends

WASHINGTON (AP)—The government sprang a courtroom surprise yesterday with testimony that ex-Congressman Andrew J. May tried to get wartime draft deferments and military service favors for an acrobat and some 40 other friends and relatives of munitions-makers.

Col. Clarence J. Hauck Jr., army liaison officer with the house military committee when May headed it as chairman, was the witness. He said that May "bawled me out," for my apparent lack of sympathy of May's deferment request to prevent a "hardship" in breaking up the acrobat's troupe of three.

Hauck's testimony topped the day's developments at the trial of May and three others on war bribe charges. Murray and Henry Garsson, heads of a \$78,000,000 arms-manufacturing empire, and Joseph F. Freeman, Washington agent for the Garsson brothers, are charged with paying the former Kentucky house member more than \$50,000 for official favors.

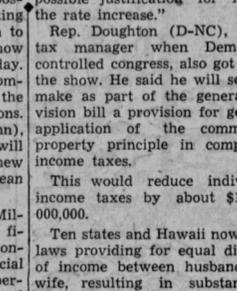

### Congress Faced With Mushrooms in Profusion

By ARTHUR EDSON  
WASHINGTON (AP)—It seems everybody has his troubles.

Take mushrooms. Congress was told yesterday—the entire mushroom industry is in a stew.

The house ways and means committee is studying tariffs, and the mushroom people are scared it will tinker with the tariffs on you know what.

### Senate Toughens Labor Law; Outlaws Union Welfare Fund

WASHINGTON (AP)—With the Republican leadership back in the saddle, the senate wrote a new toughening amendment into its labor bill yesterday, 48 to 40.

The amendment has three provisions. It would outlaw: health and welfare funds financed by employers and controlled by unions; what Senator Taft (R-Ohio) described as attempts by union representatives to "shake down" employers or extort money from them; and the involuntary check-off, by which unions prevail on companies to deduct union dues from all workers' pay envelopes regardless of the wishes of individual workers.

Led by Senator Taft (R-Ohio), proponents of the amendment turned the tables on Senators Ives (R-NY) and Morse (R-Ore.)

### Sam Fulkerson To Edit Frivol

Brewer Key, Radio Journalism Award Both Go to Widmark

R. Bruce Hughes, A4 of Sioux City, was announced as new editor of The Daily Iowan last night at the Matrix Table, annual journalism banquet for presentation of awards and honors.

Navy veteran, Associated Press correspondent, varsity debater and president of Sigma Chi fraternity, Hughes also has experience as a WSUI newscaster and as a reporter for the Sioux City Journal-Tribune and San Francisco Chronicle. He will assume the editorship June 1.

Wally Stringham was renamed business manager of The Daily Iowan at last night's dinner. Announced as editor of the 1948 Hawkeye was Carolyn Anderson, A3 of Mallard. Yearbook business manager will be Leah Mendelson, A1 of Omaha.

### Possible Tax Slash Amounting To 'Billions' Before Congress

WASHINGTON (AP)—The possibility of a tax slash amounting to billions in 1948, in addition to the \$3,800,000,000 annual cut now before congress, arose yesterday.

The house ways and means committee decided to open up the whole tax structure for revisions. Chairman Knutson (R-Minn.) announced public hearings will open May 19 on the broad new legislation. It will, he said, mean "substantial" tax cuts.

Simultaneously, Chairman Millikin (R-Colo.) of the senate finance committee predicted congress again will "freeze" the social security payroll tax at one percent each against employer and employee. This would save taxpayers about \$2,000,000,000 in 1948 as without new freeze legislation, this tax would jump from one to 2.5 percent in January.

R. BRUCE HUGHES Daily Iowan Editor

Recipient of the Torch Press-Brewer Key, awarded annually to the journalism senior ranking highest in scholarship, leadership and promise, was Robert E. Widmark of Merville. He has been Daily Iowan city editor, WSUI news editor and WMT newscaster. Award of the key was established by Luther A. Brewer, first journalism instructor at the university.

Widmark was also awarded a special trophy for outstanding achievement in radio journalism during the current year. Dick Yoakam, G of Pittsburgh, received a cup for his radio work a year ago.

### Senators Face Tough Fight To Kill Labor Law

WASHINGTON (AP)—The senate faces a tough fight to kill a labor law amendment which would outlaw union welfare funds.

The amendment has three provisions. It would outlaw: health and welfare funds financed by employers and controlled by unions; what Senator Taft (R-Ohio) described as attempts by union representatives to "shake down" employers or extort money from them; and the involuntary check-off, by which unions prevail on companies to deduct union dues from all workers' pay envelopes regardless of the wishes of individual workers.

Led by Senator Taft (R-Ohio), proponents of the amendment turned the tables on Senators Ives (R-NY) and Morse (R-Ore.) who Wednesday played a big part in killing a Taft-proposed to curb industry-wide collective bargaining.

Which Lewis wanted the United Mine Workers to administer alone. Under Joint Administration Subsequently, when the government took over the mines, this was changed to a five-cent levy and the fund was placed under joint federal-UMW administration.

STILL A RALLYING CRY

'Price of Free World Victory' Test for U.S. Economic Policy

(Editor's note: Five years ago this week—on May 8, 1942—Henry A. Wallace, then Vice President of the United States, delivered an address before the Free World Association in New York City, entitled "The Price of Free World Victory."

(The speech went generally unnoticed for several days until the late Raymond Clapper, in a series of syndicated newspaper articles, hailed it as one of the truly great documents of World War II. Shortly thereafter, the address was reprinted in many languages and its stirring salute to "the century of the common man" became a rallying cry for anti-fascist peoples everywhere.

(Inasmuch as Mr. Wallace, now editor of The New Republic magazine, is once again calling for world-wide recognition of the Four Freedoms, "the very core of the revolution for which the United Nations have taken their stand," The Daily Iowan believes that his important words of five years ago take on added significance today. The spirit of "The Price of Free World Victory" also gives real meaning and hope to the spirit of the anniversary of V-E Day, being celebrated this week throughout the entire United Nations world.

(Here, then, are excerpts from Mr. Wallace's address of May 8, 1942.)

... The march of freedom of the past 150 years has been a long-drawn-out people's revolution. In this Great Revolution of the people, there were the Amer-

ican Revolution of 1775, the French Revolution of 1792, the Latin-American revolutions of the Bolivarian era, the German Revolution of 1848, and the Russian Revolution of 1918. Each spoke for the common man in terms of blood on the battlefield. Some went to excess. But the significant thing is that the people groped their way to the light. More of them learned to think and work together.

The people are on the march toward even fuller freedom than the most fortunate peoples of the earth have hitherto enjoyed. No Nazi counter-revolution will stop it. The common man will smoke the Hitler stogees out into the open in the United States, in Latin America, and in India. He will destroy their influence. No Laval, no Mussolini will be tolerated in a Free World.

The people in their millennial and revolutionary march toward manifesting here on earth the dignity that is in every human soul, hold as their credo the Four Freedoms enunciated by President Roosevelt in his message to congress on January 6, 1941. These Four Freedoms are the very core of the revolution for which the United Nations have taken their stand. We who live in the United States may think there is nothing very revolutionary about freedom of religion, freedom of expression, and freedom from the fear of secret police. But when we begin to think about the significance of freedom from want for the average man, then we know that the revolution of the past 150 years has not been completed, either here in the United States or in any other nation in the world. We

know that this revolution cannot stop until freedom from want has actually been attained.

We failed in our job after World War I. We did not know how to go about it to build an enduring world-wide peace. We did not have the nerve to follow through and prevent Germany from rearming. We did not insist that she "learn war no more." We did not build a peace treaty on the fundamental doctrine of the people's revolution. We did not strive wholeheartedly to create a world where there could be freedom from want for all the peoples. But by our very errors we learned much, and after this war we shall be in position to utilize our knowledge in building a world which is economically, politically, and, I hope, spiritually sound.

Some have spoken of the "American Century." I say that the century on which we are entering—the century which will come out of this war—can be and must be the century of the common man. Perhaps it will be America's opportunity to suggest the freedoms and duties by which the common man must live. Everywhere the common man must learn to build his own industries with his own hands in a practical fashion. Everywhere the common man must learn to increase his productivity so that he and his children can eventually pay to the world community all that they have received. No nation will have the God-given right to exploit other nations. Older nations will have the privilege to help younger nations get started on the path to industrialization, but there must be neither

military nor economic imperialism. The methods of the nineteenth century will not work in the people's century which is now about to begin. India, China, and Latin America have a tremendous stake in the people's century. As their masses learn to read and write, and as they become productive mechanics, their standard of living will double and treble. Modern science, when devoted wholeheartedly to the general welfare, has in its potentialities of which we do not yet dream.

And modern science must be released from German slavery. International cartels that serve American greed and the German will to power must go. Cartels in the peace to come must be subjected to international control for the common man, as well as being under adequate control by the respective home governments. In this way, we can prevent the Germans from again building a war machine while we sleep. With international monopoly pools under control, it will be possible for inventions to serve all the people instead of only the few.

Yes, and when the time of peace comes, the citizen will again have a duty, the supreme duty of sacrificing the lesser interests for the greater interest of the general welfare. Those who write the peace must think of the whole world. There can be no privileged peoples. We ourselves in the United States are no more a master race than the Nazis. And we cannot perpetuate economic warfare without planting the seeds of military warfare. We must use our power at the peace table to build an economic peace that is just, charitable, and enduring.

I'D RATHER BE RIGHT

Economy Everywhere Except for the FBI

By SAMUEL GRAFTON  
New York Post Syndicate

The Republican New York Herald Tribune makes a bright point when it comments on the fact that the house of representatives has given the FBI all the money it wants, while killing the state department's program for informational broadcasts to foreign countries. In other words, millions to fight communism by police effort, but not a penny to spread the democratic story. There is here something like a rough, tough reliance on cops, and to hell with ideas. The Herald Tribune comments sourly that congress must face up to the issue of whether it intends to defend the American system "by ideas or by the FBI, by principles or by the police."

But the point the Herald Tribune does not make is that this increased reliance on the police, instead of the exchange of ideas, is showing up in a remarkable way in the domestic field as well as in foreign affairs. The same house of representatives which has just given the FBI \$35,000,000 has virtually destroyed the usefulness of another federal agency, the bureau of labor statistics, by denying it approximately \$4,000,000. We are going to have our normal complement of federal policemen, but sharply fewer federal facts and statistics than before.

GRAFTON

The bureau of labor statistics keeps tabs on wages and prices; its monthly index of commodity prices, which may now have to be abandoned, has been an excellent economic storm signal. To those to whom the democratic method of factual fair-dealing is precious, the BLS has been an important help; it has enabled the country to spot dangerous trends in advance of reaching a crisis stage. But now we are going to throw away the thermometer, while keeping a full force of police to check on putative subversives who may remark that it's getting too hot.

And now if we return for a moment to the foreign field, we can see this alarming new tendency working itself out in all its doubtful beauty. For we are going to spend \$100,000,000 in Greece and Turkey on what is in effect a police operation to keep ourselves safe; but we are going to drop democratic broadcasts aimed beyond this skirmish line, as not worth while, and we are also going to cut foreign relief expenditures behind this line, as also without significance.

At home and abroad, there is a new reliance on muscle, and a new disdain for ideas; it is like a change in climate, pervasive and subtle, and strangely complete. Occasionally someone rises to declare that our democratic ideas are very good ideas, and perhaps the strongest weapons we have for keeping ourselves secure at home and abroad; but the cry is disregarded, like that of a lost cat on a back fence; and there are fewer to listen than there were some months or years ago.

**BUILDING PERMIT TO YETTER'S**  
A building permit for a \$60,000 remodeling project was awarded to Yetter's, Inc., yesterday by the city engineer.

OFFICIAL DAILY BULLETIN

Items in the UNIVERSITY CALENDAR are scheduled in the President's Office, Old Capitol. Items for the GENERAL NOTICE should be deposited with the city editor of The Daily Iowan in the newsroom in East Hall. GENERAL NOTICES must be at The Daily Iowan by 2 p.m. the day preceding first publication; notices will NOT be accepted by telephone, and must be TYPED OR LEGIBLY WRITTEN and SIGNED by a responsible person.  
Vol. XXIII, No. 193 Friday, May 9, 1947

UNIVERSITY CALENDAR

Thursday, May 8  
7:30 p.m. United World Federalists 221A Schaeffer Hall.  
Friday, May 9  
Western Division of American Philosophical Association, Old Capitol.  
8:15 p.m. Seals Show, Field House Pool, Iowa Union.  
9 p.m. May Frolic.  
Saturday, May 10  
Western Division of American Philosophical Association, Old Capitol.  
10:30 a.m. Psychology Colloquium, 221A Schaeffer Hall.  
3:30 p.m. Delta Phi Alpha, Amans outing.  
7:30 p.m. Mother's Day Program, Macbride Auditorium.  
8:15 p.m. Seals Show, Field House Pool.  
Sunday, May 11  
**MOTHERS DAY**  
3-5 p.m. Mothers Day tea, home Board election, Iowa Union Lobby. (For information regarding dates beyond this schedule, see reservations in the office of the President, Old Capitol.)

GENERAL NOTICES

**MEETINGS**  
Zoology seminar — 4:30 p.m. today, room 205, zoology building. Stanley Stolpe zoology department will speak on "induced modifications of sex development in hamsters."  
Inter-Varsity Christian fellowship — Picnic, Friday, May 9. Meet at Iowa Union at 7:30 p.m. Wear old clothes. Everybody welcome.  
Phi Delta Kappa — Final dinner of semester at 6 p.m. Wednesday, May 14, River room, Iowa Union. President Virgil Hancher will speak on "The Changing University". Make reservations prior to 5 p.m. Monday, May 12, in education office.

ONLY AS STRONG AS ITS FOUNDATION  
OUR CITIES  
STOP SOIL RICHNESS ON EARTH  
ANNUAL FLOODS  
UNCHECKED SOIL EROSION

Beware! Counterfeit Money on the Loose  
Take a good look at that dollar bill in your pocket. It may be counterfeit!  
Since the days of Kubla Khan, counterfeiting has been flourishing. Chinese headmen's swords took care of the surplus money makers then. Now we have prisons like Alcatraz and Leavenworth to provide housing for those people who compete with Uncle Sam's treasury department.  
M.B. Guthrie, cashier of the Iowa State Bank & Trust company, says, "Probably everyone has handled a counterfeit bill at some time without realizing it."  
There were 5,980 victims of bogus bills in 1942 according to the treasury department. This means that you may be one of the 1947 victims. But you can protect yourself in two important ways.  
First of all, be a little suspicious of that stranger who asks for change for a ten spot. Secondly, know how to detect a counterfeit bill.  
Detection is not difficult. Mr. Guthrie says that people who handle large amounts of money develop a "sixth sense" which usually enables them to tell bad bills by their feel. The average person, however, should know a few of the differences between good and bad bills.  
For instance, if there is a picture of Washington staring back at you from that stranger's bill, you'd better look into the matter. Washington comes only on \$1 bills. Not knowing that might cost you \$0 someday.  
There's also the matter of engraving. Few counterfeiters can compare with the expert engravers who make U. S. money. On a genuine bill, the numbers are sharp and regular. The tiny lines crossing on the border are not broken. Washington's portrait is lifelike.  
On a counterfeit bill, numbers are usually irregular and poorly spaced. The lines may be broken and Washington will look a little dull around the eyes. The portrait on a bad bill tends to merge into the oval background. On a genuine bill it stands out clearly.  
You can also compare the colored seals. Notice the saw-toothed rim. On a good bill, you will see that the rim is even and sharp. On a counterfeit, the "teeth" tend to be uneven and broken.  
Another way to detect bad bills is to look for the blue and red threads that run through the paper. Counterfeiters sometimes imitate these threads with blue and red ink. On the real bills, they do not wear off.  
There's one more point. Don't think that you can detect a counterfeit bill by rubbing it. Ink can be rubbed from both good and bad bills.  
So, unless you've got money to give away, you'd better glance at that stranger again. Then take a couple more good looks at your dollar bill.

A Job Well Done  
Congratulations are in order for Bettye Neal and her Hawkeye staff. The centennial edition of the yearbook distributed yesterday will undoubtedly go down as one of the finest ever published here.  
The photo layouts are excellent, the color is beautiful, and the copy is well written. The book shows a great deal of planning and effort and we are certain that it will be well received.  
Realizing that this book had the advantage of a centennial theme, nevertheless we hope that it will set the pace for future Hawkeyes, that the high quality which it displays will be maintained.  
We do wish that there had been a section on married students and hope that next year's editor will give some thought to the inclusion of such section. When there are more than 2,000 married students on campus, a yearbook misses being truly representative of the university if they are not recognized in some way.  
But, of course, everyone can find some little thing wrong with any publication. It just isn't possible for it to be above criticism. But all in all the book is one of the best we've seen anywhere.

America On the Edge of a Golden Area  
The Twentieth Century fund has just published a book that contains some amazing and wonderful predictions. Based on a three-year study of the American economy, the book, "America's Needs and Resources," makes a forecast for 1960 and concludes that Americans are standing on the verge of a golden era.  
Projecting the normal economic level of the late 1920's into the next decade, the fund's economists found that ever greater production is in store. And the great amounts of goods which they say should be coming off production lines in 1960 will be produced with fewer hours of labor. With the aid of more and better machines they expect labor productivity per man-hour to rise by 18 percent.  
These high levels of production will naturally mean more houses, cars, food, clothing, more of everything.

Anniversary Sale of hoes

# Teas, Open Houses Highlight Mothers Day Weekend Events

## University Departments, Housing Units Plan Three-Day Activities

A series of teas, open houses and buffet dinners sponsored by university departments and housing units will be a feature of the Mothers Day weekend activities today, tomorrow and Sunday.

Highlight of the weekend will be the traditional Mothers Day Tea Sunday from 3 until 5 in the home of President and Mrs. Virgil Hancker, 102 E. Church street. New members of Mortar board will assist as hostesses.

Other activities include: Home economics department — Coffee hour tomorrow from 10 a.m. until 2 p.m. in Macbride hall. At 11 a.m. two movies will be shown, "Making of Beautiful Furniture" and "The Freezing of Fruits and Vegetables."

Botany department — Botanical laboratories will be open from 2 p.m. until 5 p.m. tomorrow.

Iowa Memorial Union — Open house all day tomorrow and Sunday.

Y.W.C.A. — Open house tomorrow morning from 9 until 12 in the Y.W. clubrooms at Iowa Union. Craft guild projects will be displayed.

Hillcrest — Open house from 3 until 4 tomorrow afternoon.

Currier hall — Tea dance and open house from 2:30 until 5:30 Sunday afternoon. Art displays in the south lobby.

Alpha Chi Omega — Sunday dinner at 12:30 p.m. honoring mothers of actives and pledges.

Alpha Beta Pi — Buffet dinner, 6 o'clock tomorrow evening.

Alpha Xi Delta — Open house all day tomorrow and Sunday.

Chi Omega — Special dinner at 12:30 Sunday afternoon.

Gamma Phi Beta — Buffet supper tomorrow evening at 6 and

12:30 dinner Sunday afternoon with a special program.

Kappa Kappa Gamma — Sunday dinner at 1 p.m.

Pi Beta Phi — Buffet dinner Sunday noon.

Sigma Delta Tau — "Midnight spread" tomorrow night, pledges will entertain. Banquet at 1 p.m. Sunday.

Zeta Tau Alpha — Sunday dinner at 12:30 p.m.

Delta Delta Delta — After dinner coffee at 1:30 Sunday afternoon.

Delta Tau Delta — Open house from tomorrow noon until Sunday evening. Dinner Sunday afternoon at 12:45.

Delta Upsilon — Sunday dinner at 12:30 p.m.

Pi Epsilon Pi — Sunday dinner at 1 p.m. followed by a social hour.

Phi Gamma Delta — Sunday dinner at 12:45 p.m.

Sigma Nu — Special Sunday dinner and open house all week end. Annual Lilac party as 9 Saturday night.

Beta Theta Pi — Members of Beta Theta Pi fraternity will hold their annual spring formal from 9 until 12 tomorrow night. Jimmy Russell and his band will furnish the music. Rex Crayne is in charge.

Chaperons will be Prof. and Mrs. George Hittler, Mr. and Mrs. Bill Morrison and Mr. and Mrs. Mark Stewart.

Delta Delta Delta — Delta Delta Delta sorority will hold its spring dinner dance from

7 to 12 tomorrow night in the Rose room of Hotel Jefferson. Bill Meardon and his band will play. Chaperons will be Mrs. Lida Mae Filkins, Mrs. Harriet Evans and Mr. and Mrs. Clair Hamilton.

State highway patrolmen said the gasoline tanker driven by Kenneth W. Arends, 26, attempted to pass the car owned by Elmer Hull. The truck struck the left rear of the car, which went over a ten-foot embankment.

University hospital officials said yesterday afternoon that the injured, Mrs. Elmer Hull and her son Donald, 15, Ottumwa, are in satisfactory condition.

## ENGAGED

MR. AND MRS. WALTER L. JOLIN, Shawano, Wis., announce the engagement of their daughter, Alice Anne, to Forest Greenwood Jr. son of Mr. and Mrs. Forest Greenwood, Afton. Miss Jolin is a graduate of the University of Iowa and her fiancé is a sophomore at the university.

## Truck, Auto Collide Near Hills; 2 Hurt

Two people were injured in a gasoline truck-auto collision two miles south of Hills on route 218 about 7:30 a.m. yesterday.

University hospital officials said yesterday afternoon that the injured, Mrs. Elmer Hull and her son Donald, 15, Ottumwa, are in satisfactory condition.

State highway patrolmen said the gasoline tanker driven by Kenneth W. Arends, 26, attempted to pass the car owned by Elmer Hull. The truck struck the left rear of the car, which went over a ten-foot embankment.

University hospital officials said yesterday afternoon that the injured, Mrs. Elmer Hull and her son Donald, 15, Ottumwa, are in satisfactory condition.

### Geologist to Discuss Continental Borders

Maurice Ewing, professor of geology at Columbia university, will speak here Monday at a meeting sponsored jointly by the graduate college, the department of geology and the Iowa Geological survey.

The lecture will be on "Geophysical Investigation of Continental Borders" at 8 o'clock in the geology lecture room.

A graduate of Rice institute, Ewing has participated in the geophysical study of the offshore areas of eastern United States from Maine to Trinidad.

He has also been instructor of physics at the University of Pittsburgh and at Lehigh university. He became associate professor in geology at Columbia university in 1944.

Ewing was a Hohenthal scholar at Rice Institute from 1924 to 1926; a fellow in physics, 1926 to 1929; John Simon Guggenheim fellow, 1938 to 1940, and has been a research associate at Woods Hole Oceanographic institution since 1940.

Light refreshments will be served following the lecture which is open to the public.

### 15 Seniors to Visit Famed Publisher

Fifteen seniors in advertising classes will go to Des Moines today with Prof. Philip W. Burton, to inspect and study advertising methods employed by three Des Moines firms.

They will inspect plants at Meredith Publishing company today and will be guests of the company at lunch. They will be shown through the plant by John S. Robling, public relations manager.

At the Des Moines Register and Tribune, they will be escorted by Forrest R. Geneva, advertising director. Ross Balbey will guide the students on their tour of Yunker's department store.

While there, students interested in employment will be interviewed.

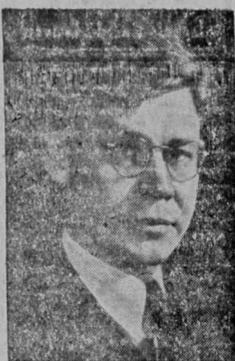

### SUI Chorus to Feature Prof. Philip G. Clapp's 'Remembrance' at Concert

With emphasis on contemporary music, the 150-voice university chorus, directed by Prof. Herald Stark, will present its fourth concert of the season Wednesday at 8 p.m. in Iowa Union.

Featured on the program will be a composition by Prof. Philip Greeley Clapp, head of the music department. The title of his work is "Remembrance," and the text is taken from a poem by Thomas Moore.

The second half of the concert will be devoted to works of contemporary composers. Besides Professor Clapp, contemporaries represented will be Randall Thompson, Charles Ives and Cyril Jenkins.

Free tickets for the concert will be available at the Iowa Union desk beginning Saturday.

### Three Issues to Fete

## 100th Stamp Birthday

On July 1, 1847, the first United States government postage stamps went on sale in New York City.

To celebrate the 100th birthday of the postage stamp the postoffice department has designated three commemorative stamps to be issued during the International Philatelic exhibition at New York City May 17-25.

May 17 a three-cent commemorative stamp will be issued; May 19, a special 15-cent souvenir pane containing reproductions of the first stamps issued in 1847 will go on sale, and May 19 will be the first day of issue of a 5-cent commemorative air stamped envelope. First day sale of all will be at New York City and a branch office of the New York postoffice set up at the philatelic exhibition

in Grand Central palace. The three-cent commemorative is blue and of special delivery size. Portraits of George Washington and Benjamin Franklin are in ovals on the extreme right and left. A pony express rider, an early type steam locomotive, modern locomotive and a steamship are below the ovals. Between them is a four-motored plane, above which appears the dates "1847-1947."

The 15-cent souvenir sheet measures 2.67 by 3.87 inches and has a blue 5-cent stamp bearing the portrait of Franklin and a red 10-cent stamp with a portrait of Washington.

The five-cent embossed stamped envelope will be the same size as

the present air mail envelope. The red, embossed stamp will be of special delivery size and arranged horizontally. Except for the rounded corners, the showing of Washington and Franklin in profile, the omission of names and the substitution of the words "Air Mail" the stamp is similar to the three-cent commemorative to be issued May 17.

Following first day sales in New York City, the three-cent stamp and the embossed envelope will go on sale in postoffices throughout the nation as soon as distribution permits. The 15-cent souvenir sheet can be obtained at the New York postoffice, the philatelic exhibition or from the philatelic agency in Washington, D. C.

### Leiserowitz Elected President of Phi Eps

Melvin Leiserowitz, A3, Des Moines has been elected superior of Phi Epsilon Pi fraternity, it was announced yesterday.

Other officers chosen by the national social fraternity were Burt Lipshutz, C3, Sioux City, vice-superior; Matthew Bucksbalm, A2, Marshalltown, treasurer; Elliot Elgart, A2, Chelsea, Mass., recording secretary and Bob Lipshutz, A2, Sioux City, corresponding secretary.

### Education Difficulty For Students In Germany

Double your hours of work, cut in half the amount of food you eat daily, and you can imagine yourself a student in Germany.

German students in teacher training institutions according to Prof. John H. Haefner of the history department, attend classes over 30 hours a week. Each morning from 8 to 12 is spent in solid lecture. From 1:30 to 3 p.m. is allowed

for eating, but most of the time is average student eats 1200 calories, daily, works without library facilities, is poorly clothed, and attends classes in damaged, heatless buildings.

He doesn't go to the movies—there are none. Recreation centers are lectures to which students flock in the hope of making up for lack of books.

# Mercer Sees Increase in State Spending

## Lists Expenditures For Johnson County At Rotary Luncheon

State expenditures for operating expenses covering the next two years will be one-third greater than the previous spending limit. Speaking at the Rotary club luncheon yesterday, State Senator LeRoy Mercer of Iowa City pointed out, however, that a 23 million dollar balance will be left in the state treasury at the end of the period.

He said \$7,727,000 had been appropriated for institutions in Johnson county, exclusive of capital improvements.

The legislature appropriated 160 million dollars for the state as a whole.

Hitting the highlights of the 52nd Iowa general assembly, Senator Mercer said 359 bills were passed and 8 vetoed of 1,074 measures filed during the 104-day session.

The appropriations coming into Johnson county include: \$3,896,000 for the psychopathic hospital, and \$105,000 for the bacteriological laboratory.

The Oakdale sanitarium was appropriated \$533,600; the state historical survey will get \$50,000.

The new school for handicapped children will receive \$559,000 which includes a new building. Senator Mercer estimated the yearly maintenance of the new school would be \$59,000 during the next two years.

A total of 13 million dollars has been laid aside for Iowa schools for the next two years, he said.

Eight million dollars of this amount is a basic appropriation, and an additional five million is for general school aid.

One new feature of the 1947 appropriations was the allotment of state aid for roads on the basis of need.

Southern Iowa will benefit most from the four million dollars appropriated for this purpose, Mercer said.

"The most unpopular bill passed during the session was the 100 percent tax measure to go into effect in 1948," he said.

Income taxes have been paid on a 50 percent basis during the last few years.

Senator Mercer said the state conservation commission was given \$2,370,000 for the development and improvement of lakes in Iowa. The closest lake development for Iowa City residents will be between Grinnell and Newton.

An anticipated revenue of \$2,400,000 was listed from the increase in the price of liquor.

**FALL DUCK-HUNTING SEASON**  
WASHINGTON (AP) — Albert M. Day, director of the United States fish and wild life service, said yesterday the fall duck hunting season in the eastern states probably will be limited to 30 days, at the most, but western and prairie states may have a bit longer season.

**HAWKEYE DISTRIBUTION**  
Hawkeye distribution will begin at noon today, instead of 8 a.m. as previously scheduled. Yearbooks will be distributed at the southwest door of East hall. Seniors are cautioned to bring their identification cards and those who purchased books should have both identification cards and cancelled receipts. You may pick up only your own yearbook. Approximately 1,500 books were distributed yesterday, according to Betty Neal, Hawkeye editor.

## Blue to Make Awards Tomorrow at Annual Governor's Day Review

The annual Governor's Day military review sponsored by the ROTC unit will be held in the university football stadium tomorrow at 10:30 a.m.

Governor Robert D. Blue and a portion of his staff will be present as guests of honor in the reviewing stand. The governor will present the following awards to members of the ROTC: shooting medals, sweaters, Chicago Tribune medals for scholastic achievement, military scholastic medals, best drilled freshman and sophomore medals, expert manual of arms medals and an award to the outstanding medical student.

The west side of the stadium will be open to all spectators.

## SAFAJCDPDEPC Plans MacBride Outing

The S.A.F.A.J.C.D.P.D.E.P.C., has announced that the annual physics department fall outing, "postponed from September, 1944," will be held Sunday.

The initials belong to the See America First Association, Johnson County Division of the Physics Department Entertainment Planning committee which is offering department members a "never-to-be-forgotten holiday on Lake MacBride's scenic shores."

The outing in MacBride park, 15 miles north of Iowa City, will start about 2:30 p.m. The committee reminds fishermen to bring "tackle, license and patience."

## Six Hillcrest Residents Win Scholarship Keys

The Hillcrest council Wednesday night named six residents of that dormitory as winners of Hillcrest scholarship keys.

The winners — all of whom received grade averages for the first semester of this school year — include four liberal arts and two engineering students.

Keys will be awarded to the following men: James Merritt, A3, Columbus Junction; Randall Meyer, E3, Mt. Union; Eugene Jesse, E2, Des Moines; Robert Abel, Sheldon; Paul Roach, A1, Rock Rapids; and David Stanley, A1, Muscatine.

## Law Publication Features Book Reviews by Two University Professors

A symposium on regional planning is contained in the current issue of the Iowa Law Review, published quarterly by the college of law.

Included in the discussion of regional planning is a review by Prof. H. W. Saunders of the sociology department of "All These People," a book by Rupert B. Vance.

"The Constitution and What it Means Today," by Edward S. Corwin, is reviewed by Prof. E. A. Gilmore of the college of law.

## Stichnoth Given Duty With War Crimes Group

Second Lt. John A. Stichnoth, a former editor of The Daily Iowan, has been assigned to the evidence branch of the 7708 war crimes group in Germany as a special investigator.

The war crimes group is trying 31 former officials of Buchenwald concentration camp.

Stichnoth was a student here from 1941 to 1944 and from 1945 to 1946, when he was editor of The Daily Iowan.

He is the son of Mr. and Mrs. A. J. Stichnoth, 2115 W. Third street, Sioux City.

## Hospital Recovers Lost Radium Unit In City Dump Debris

A small amount of radium was recovered from the city dump yesterday morning after it had been lost from University hospital Saturday.

With two units of radium contained in a rubber tube measuring less than an inch long and one-fourth inch in circumference, the department of obstetrics and gynecology opened the tube Saturday to use one of the radium units, Gerhard Hartman, superintendent of the hospital, announced yesterday. The other radium unit was lost when the rubber tube was thrown away. The hospital records its stock and use of radium and the loss was discovered Wednesday when the obstetrics and gynecology department prepared to use the second unit of radium, Hartman explained.

Personnel from the physics and radiology departments used a Geiger counter, which measures gamma ray emanations, to locate the lost radium buried in "two or three feet of muck" in the city dump, Hartman said.

Twenty five milligrams of the radium were lost — a total value of less than \$625, Hartman stated. He said that 20 years ago that amount of radium would have been worth more than \$25,000.

The University hospital loses some radium on an average of once every three years, but it is often recovered, Hartman said.

## Student Church Groups

**BALL AND CHAIN**  
Saturday, 4:30 p.m. Meet at west pavilion on hill at City Park for family picnic. Members bring food for selves. Coffee and dessert provided. Baseball and volleyball.

**CONGREGATIONAL AND E AND R STUDENT FELLOWSHIP**  
Today, 3:30 to 5 p.m. Coffee hour. Saturday, 3 p.m. Open house. Sunday, 5:30 p.m. Fellowship supper. 6:30 p.m. Worship service.

**GAMMA DELTA**  
Sunday, 6:30 p.m. Business meeting and discussion. No luncheon.

**JUPSON FELLOWSHIP**  
Sunday, 9:30 a.m. Bible class for married couples at the Baptist church. The Rev. Elmer E. Dierks, teacher.

Sunday, 2:30 p.m. "Songs America Loves", benefit concert by Fumi Saito at church. Relief offering.  
3:30 to 5:30 p.m. Open house at Methodist student center and Wesley annex. No vesper forum.

**WESTMINSTER FOUNDATION**  
Today, 4 p.m. Potluck picnic at city park.  
Saturday, 8 to 11:30 p.m. Open house in fellowship rooms. Recreation. Refreshments.  
Sunday, 4:30 p.m. Westminster vesper. Mother's Day program. Leader, Harriet Hoegh. Mrs. Louis Penningroth, guest speaker. Special music, woodwind trio from City high school. Mothers are special guests for supper and social hour.

**COURT FINES C. H. COOK**  
Clarence H. Cook, 2029 Muscatine, was fined \$27.50 in police court yesterday for driving 50 miles an hour in a 25-mile zone.

## Federalists Discuss Structure of World Government at Forum

United World Federalists last night held a forum on "Structure of World Government". Virginia M. Anderson, A1 of Harcourt; Sherwin Markman, A1 of Des Moines, and George W. McBurney, A1 of Council Bluffs, were the speakers.

Miss Anderson spoke on "the structure of federation", and said it has the basic principle of enforcing its action on the individual. Markman, whose topic was "What Is Wrong With UN?", said the security council has too much power and that the general assembly and world court are ineffective.

McBurney spoke on "changing UN to a federal government", and said UN's charter should be amended to provide for executive and judicial departments.

It was announced that the UWP convention would be in Iowa City, May 24-25.

# Iowa-Ohio State Series Opens Today

## Pitching Duel Looms Between Faber and Buckeye's Perini

One of the best pitching duels of the Big Nine baseball season looms here today when Iowa's Bob Faber will take the mound to oppose Pete Perini, Ohio State's leading hurler, in the first of a two-game series at 2:30 p. m. The second game is scheduled for tomorrow at 2 p. m.

Faber is currently rated the third best hurler in the conference having pitched 24 2-3 innings, allowing only 15 hits, while striking out 21 batters. He has won three of four conference games including a masterful one-hitter over Illinois, the current second place team. Faber cannot quite match the

'Buckeye star's record. He has pitched the same number of innings, allowed five more hits, while striking out 17 batters. Faber has given up three earned runs while Perini allowed two.

Perini is a half-back on the Buckeye football club, weighs in at 220-pounds, stands 6-4, and throws from the right side.

The series between the two schools is an important one. Ohio State now stands in third place, behind Northwestern and Illinois, while Iowa holds down the fifth place spot with a 3-3 record.

In the five games the Buckeyes have won their batting average stands as first in the loop at .245 while Iowa is third with .211.

Don Thompson, first baseman, has taken over the Iowa batting lead with a neat .384 and is closely followed by Don McCarty and Jack Dittmer, with .313 and .300 respectively.

The Hawkeyes rank third in conference hitting with an overall average of .211 while the Ohio State sluggers rank first with a .245.

## Red Sox Chalk Up 4th Straight Win; Blank Chisox, 3-0

CHICAGO (AP)—The Boston Red Sox chalked up their fourth straight victory by defeating the Chicago White Sox, 3-0, yesterday and thereby provided the American league with a new leader. The idle Detroit Tigers moved into the top perch, twelve percentage points ahead of the displaced leaders.

The Red Sox scored the only run Dave Ferris really needed to assure his second win in the fourth inning. Johnny Pesky singled with one out. Ted Williams followed suit, Pesky moving to third. Rudy York fled to Bob Kennedy and Pesky scored after the catch.

It remained a 1-0 contest until the ninth when both starters—Ferris and Chicago's Johnny Rigney—were withdrawn. Rigney, who allowed four hits through eight innings, retired for a pinch hitter. Ferris wasn't able to resume after he injured his pitching hand fielding Luke Appling's eighth-inning liner. Harry Dorish was his successor. He handled the White Sox in order in the home half of the ninth.

Boston jumped on veteran Earl Caldwell for its second and third runs in the ninth. Bobby Doerr's single scored Ed Pellagrini with one run. Williams got home with the other when Caldwell hit Leon Culberson with a pitched ball with the bases loaded.

**Patty Berg Wins**  
PEBBLE BEACH, Calif. (AP)—Patty Berg, of Minneapolis, led a field of eight into the quarterfinals of the Pebble Beach championships for women, defeating Madelein Baily yesterday 6 and 5.

**Share Golf Lead**  
HOUSTON, Tex. (AP)—Lew Worsham, Oakmont, Pa., and Jim Ferrier, San Francisco, mastered the 7,421-yard Memorial Park links yesterday to set the pace for the first 18 holes of the \$10,000 Houston open golf tournament, posting three-below-par 69's.

**Giants Win, 7-4**  
NEW YORK (AP)—Reliefer Ken Trinkle won his third straight ball game yesterday with the hitting help of rookie Bobby Thomson as the New York Giants came up with three runs in the eighth to subdue Cincinnati, 7-4, splitting the abbreviated series.

**Page in Semi-Finals**  
ATLANTA (AP)—A brilliant rally by defending champion Mrs. Estelle Lawson Page of Chapel Hill, N. C., enabled her to squeeze by Margaret Gunther of Memphis, 1 up, and reach the semi-finals of the 32nd annual Southern Women's golf tournament yesterday.

## Cards Defeat Dodgers, 5-1

BROOKLYN (AP)—The St. Louis Cardinals, behind the six-hit pitching of Harry (The Cat) Brecheen, scored an easy 5-1 victory over the Brooklyn Dodgers last night before a capacity crowd of 32,328 frost-bitten spectators.

The Cardinals belted Ralph Branca for eight of their 13 hits before he was chased in the third inning. They were minus the services of Stan Musial, 1946 batting champion, who was suffering from a stomach disorder. Dick Sisler took his place and clicked for two hits.

Terry Moore enjoyed a perfect night at bat with three singles and two walks.

Johnny Jorgensen's second extra base hit, a double off the right field wall, scored Carl Furillo with the ninth-inning run which saved the Dodgers from a shutout.

## Cubs Take Double Bill From Phillies

PHILADELPHIA (AP)—The Chicago Cubs, using a different method in each game, swept aside the Philadelphia Phillies in both ends of yesterday's doubleheader. They won the first 2-1 in a pitching duel and then slugged out an 8-7 conquest in the nightcap.

The opener was a mound duel between Henry Wyse and Fred Schmidt, recently obtained from the Cards and making his first major league start since 1944. Wyse scattered nine hits with the winning run coming in the seventh on two walks, a sacrifice and Bob Sheffling's single. Schmidt was touched for six hits in eight innings.

Trailing by a 6-2 count in the eighth inning, after the Phils had counted four in the opening frame, the Cubs scored six times on five hits to take the second game. Andy Parko's two-run homer, his third of the season, was the big blow of the frame.

## Iowa Tennis Team Meets Wisconsin Here Tomorrow

Iowa's tennis team will seek to atone for its initial Big Nine whitewashing at the hands of Northwestern last Friday when it meets Wisconsin here on the home courts at 2:30 tomorrow afternoon.

Coach Art Wendler said yesterday that only four of the starting berths have been definitely selected. Dick Hainline and Wayne Anderson will play in the number one and two singles slots for the Hawks and will team together as the top doubles combination. The other definite Hawk starting assignment will be the number three doubles team of Bill Metz and Ralph Brown.

Dave Danner, who has been playing in the three singles spot, may be sidelined for the meet with the Badgers. He has been taking shots for a trip to Mexico this summer and the after effects of the inoculations may bar him from this week's play.

Bud Newnam, who has been displaying top form this week in intra-squad challenge matches, will probably draw the number four singles assignment against Wisconsin. Bud played and won his match in the season's opener against Ottumwa Pre-flight, but fell off his game and did not make the Chicago road trip last week.

Paul Hasbrock will be absent from the lineup this week and for the rest of the season. A starter in all previous Old Gold meets, Paul was forced to quit the squad when the recurrence of an old injury hampered his play.

Starting singles assignments for the fifth and sixth slot against the Badger netmen will come as a result of challenge matches between Bill Metz, Ralph Brown and Chuck Marshall.

Henry Armstrong is the only prizefighter to have held three championships simultaneously.

## New Honors for Iowa's Herb

HERB WILKINSON

## Iowa Trackmen Meet Gophers

Iowa's nomadic track team, which has competed away from home in all nine of its meets this season, will again go on the road when they journey to Minneapolis this afternoon to meet Minnesota in a Big Nine dual meet at 2 p. m. tomorrow.

Coach Bresnahan will take a squad of 17 men to the land of the Blue Ox to vie for cinder honors with a squad of Gophers who can nearly duplicate the feats of the legendary Paul Bunyan.

The Minnesota standard-bearers swamped Iowa State at Ames last week winning first places in every event but the high jump. Ken Wallace, Gopher sprinter, ran the 100 in 9.6 and the 220 in 21.6 against the Cyclones.

The talent-laden Swedes also have weightman Fortune Gordien with a shotput heave of 52 feet 11 inches to his credit and Lloyd LaMois who has broad jumped 24 feet one inch this year.

Brightest hope for the Old Gold trackmen will come in the distance events with Dick McClanahan and John Oxley in the one and two mile runs respectively and with Dick Erderberger who has been leaping six feet consistently in the high jump.

CHICAGO, Ill.—Iowa's Herb Wilkinson was named yesterday as a first-string guard on the 1947 all-Big Nine basketball team, selected recently by the Conference Basketball Coaches association. Murray Wier, fiery Hawkeye forward, was given honorable mention.

Ralph Hamilton of Indiana was the sole unanimous choice for the all-conference team.

Two members of Wisconsin's championship team were given positions in the all-star lineup, high scorer Bob Cook at forward and guard Glenn Selbo. Completing the first team was Jim McIntyre of Minnesota at center.

Placed on the second team by the coaches were Paul Hoffman of Purdue and Mack Suprumowicz of Michigan at forwards, Jack Underman of Ohio State at center, and Jack Smiley of Illinois and Walter Lautenbach of Wisconsin at guards. Hoffman missed being named on the first team for the fourth straight year by a single vote.

BOSTON (AP)—A 13-hit barrage against three Pittsburgh pitchers, including rookie Earl Torgeson's third homer in as many games, yesterday enabled Johnny Beazley to win his first start as a Boston Brave with a 12-5 decision over the Pirates.

While sweeping a three-game series, the Tribesmen belted two of their former teammates, starter Nick Strincevich and Elmer Singleton, for 11 of the blows. Hughie Mulcahy finished up for the Bucs.

Beazley, wild in spots andiring at the finish, gave the Bucs 10 hits, one a four-bagger by Wally Westlake, and seven bases on balls. But that pitching question-mark had little to worry about after Torgie drove into the right field bullpen with one aboard in the fourth inning to launch a five-run rally.

## Boston 13-Hit Rally Smothers Pirates

INDIANAPOLIS (AP)—A petition for a speedway race at Lanhorn, Pa., on Memorial Day was turned down yesterday by the contest board of the American Automobile association.

# District Court Lists 9 Cases For May Term; Jury Called

### Suits Listed Include Patton Trial Fees, Accidents, Power Lines

Judge Harold D. Evans yesterday listed nine cases for the jury assignment of the May term of court.

Veniremen for petit jury duty during this term will report at the courthouse May 20 at 10 a.m.

The cases listed for trial on Tuesday, May 20 are Tompkins versus Krall, Cox versus Kenney and Ash versus Angerer.

#### Sues for Injuries

Ralph O. Tompkins has filed suit for \$9,500 for a brain concussion, body bruises and doctor and hospital bill he claims resulted from an automobile collision with Joseph H. Krall.

In a cross-petition Krall claims a previous settlement of \$300 was made with an insurance company, following the accident. Tompkins is represented by a Cedar Rapids firm and Krall's attorney is D. C. Nolan of Iowa City.

H. E. Ash is asking \$700 judgment from Kent Angerer as a result of an automobile-motorcycle accident in which Ash sustained \$200 damages to his automobile and \$500 personal injuries.

Angerer filed a counterclaim stating that the plaintiff operated his automobile negligently causing the accident. He asks \$750 personal injury and \$200 damages to his motorcycle.

Listed for Thursday, May 22, are Stutsman versus Iowa-Illinois Gas and Electric company; Gibson versus Llewellyn J. and R. O. Amish, proprietors of the hotel Reardon, and Campion versus Conklin.

Mr. and Mrs. L. L. Stutsman are asking \$4,000 damages from the utility company as a result of the erection of a power transmission line on their property. Plaintiff's attorneys are Messer, Hamilton, Cahill and Bartley.

#### Asks Damages

Mrs. Bert Gibson asks damages of \$2,546 from the Amishes for hospital and medical costs and inconvenience resulting from a fall on the steps of the hotel. Her attorney is Edward L. O'Connor.

Earl Campion is seeking a \$205 judgment from Mrs. Loren Conklin for the loss of two pigs and injuries to two others. The plaintiff alleges that Mrs. Conklin failed to maintain a tight fence between their adjoining properties, resulting in the loss and damage to the pigs.

Cases listed for Monday, May

# City Calls for Bids On Airport Project

Iowa City will receive bids May 15 for the construction of two permanent buildings to be erected at the municipal airport.

According to Verne Bales, chairman of the airport commission, bids will be received for a T-type hangar 32 by 128 feet and a repair shop 50 by 65 feet. Also to be included in the repair shop building will be facilities for an office, lobby and rest room space. Specifications call for the buildings to be constructed of concrete block with an alternate asked for tile.

Other specifications for the structures call for flat roofs of steel construction, steel window sashes with glass block windows throughout except in the field operator's office and lobby. These two windows will be of heat resistant plate glass.

tent of 61 cribs tested in April was 17.34 percent while 15.5 percent is now allowed by corn loan regulations. He advised many farmers to sell their corn because the price received, despite moisture damage, would be much higher than the Johnson county farm loan rate of \$1.10 per bushel.

26, are O'Connor versus Johnson county, Watkins versus Harty, and Bucureau versus Limited Cab company.

#### O'Connor Asks More

Edward L. O'Connor is asking judgment of \$1,283.13 as compensation for his services as special assistant county attorney during the trial of William Patton. The county board of supervisors had previously allowed him \$407.04. O'Connor refused the amount, claiming it unreasonable.

The J. R. Watkins company is asking a \$166 judgment from Elmer J. Harty for the defendant's failure to fulfill a contract, according to the plaintiff's petition. The company claims Harty has failed to fully pay for goods supplied by them. Matt O'Brien, Howard E. Rhoades and W. G. Kohl were also named defendants because they witnessed the contract.

Mary Budreau is asking \$2,025 damages from the Limited Cab company for body bruises she claims were received when she was a passenger in one of the company's cabs. Will J. Hayek is her attorney.

#### AAA Plans to Transfer To Consolidate Site

Country AAA Chairman Ray E. Smalley has announced plans for transfer of 22 shelled corn bins now scattered across the country to one consolidated bin site.

Smalley said the bins would be moved to an undetermined central ground plot 100 by 175 feet, the bins painted and the area fenced. Eight of the bins are now in Iowa City, seven in Lone Tree, five in Hakin and two in North Liberty. All 22 are empty.

Smalley also predicted most sealed unshelled corn in Johnson county as part of the 1947 corn loan program will be sold and loans redeemed before the deadline, Sept. 1.

He said average moisture con-

# Apple Trees Should Be Sprayed Now, Says County Extension Head

Now is the time to apply the cluster bud spray to your apple trees, Emmett C. Gardner, county extension director, said yesterday.

He explained that spray controls apple scab, brown rot, bud moth, canker worm and carculic.

To be effective, the spray must be applied when the individual flower buds of the apple have

separated, but before they start to bloom.

"To make the spray," said Gardner, "use 5 pounds of dry lime sulphur (or 5 quarts of liquid form), plus 1 1/2 pounds of lead arsenate, 1 1/2 pounds of hydrated lime and add to 50 gallons of spray. If your trees have started blooming, leave out the lead arsenate and lime so the bees will not be killed."

Gardner said the cluster bud spray is the first of three sprays which must be applied to apple trees in this country. The calyx spray is applied when 95 percent

of the fruit petals have fallen and a special spray for the apple maggot is applied in July.

"All persons wishing to know the correct time to spray their fruit trees may have orchard spray service notices sent to them on request to this office," he said.

John Milton in "Paradise Lost": Of Man's first disobedience, and the fruit

Of that forbidden tree, whose mortal taste Brought death into the world, and all our woe.

# GAS HEATING INSTALLATIONS TO BE STOPPED DUE TO LIMITED PIPELINE CAPACITY

DURING 1946 the number of gas heating customers served by this Company increased approximately 45%. During 1947 to date the number of additional house heating customers and others already signed up is sufficient to absorb the entire 30% increase in the amount of gas which the Natural Gas Pipeline Company of America expects to make available to this Company during the 1947-48 heating season.

The situation may be summed up as follows: Public demand for natural gas has increased to a point never before experienced in this country. Supplies of steel, particularly large diameter pipe needed to provide additional capacity in the trunk pipelines, are not available except on an extended delivery basis. Furthermore, the available supply of gas can be extended to meet the needs of the public only by stopping additional increase in the use of gas for space heating.

It is therefore necessary to discontinue indefinitely the acceptance of additional gas heating customers, except as provided below. Effective as of this date, gas will be provided by this Company for space heating, only in:

- (1) Premises heated with gas during the 1946-47 heating season;
- (2) Premises for which gas heat has already been approved by the Company; and
- (3) New homes designed for gas heat and now under construction or already approved for F. H. A. financing.

Applications covering installations under under item three above must be filled out by the customer and left with the heating contractor or heating equipment dealer responsible for the installation, who in turn will submit them to this Company for approval.

The foregoing restrictions do not affect the use of gas for cooking, water heating, refrigeration, or any other residential or commercial purpose, except space heating.

The necessity for these restrictions is regretted. Your co-operation will be appreciated.
