The Daily Iowan

Established 1846 Vol. 73, No. 204—AP News and Wirephoto

Iowa City, Iowa, Thursday, May 22, 1947—Five Cents

GOOD MORNING, IOWA CITY!

Mostly cloudy with occasional thunderstorms today. Little change in temperature.

ALL LYNCHING DEFENDANTS FREED

Goldwin Smith Resigns From History Dept.

Goldwin Smith, associate professor of history, yesterday resigned his position here effective June 2 to become professor of English history at Wayne university, Detroit, next fall.

This summer Professor Smith will conduct a lecture session as professor of English history at the University of Washington, Seattle.

Professor Smith came to the University of Iowa as an instructor of English history in 1938 and was granted a leave of absence in 1941 when he entered the diplomatic service in Ottawa, Canada.

He was senior consultant for the national selective service in Ottawa for a year. From 1942 until 1945 he served in Ottawa as special assistant to the secretary of state for external affairs. He resumed teaching English history at the University of Iowa in the fall of 1945.

Professor Smith's degrees are a B.A. from the University of Western Ontario, 1933; M.A. from the University of Toronto, 1934; and Ph.D. from Cornell university, Ithaca, N. Y., 1937.

He was an instructor in history at the University of Missouri after his graduation from Cornell university, and the following year he came to the University of Iowa.

Professor Smith is the author of "The Treaty of Washington—1817," a study in imperial history, published in 1947. In addition to his book, he has written about 20 articles in various journals on history and philosophy.

Professor Smith is married and has three sons: Goldwin Ian, 7; Douglas Bateman, 3; and Bruce David, 1.

PROF. GOLDWIN SMITH

Fire in Maine Causes Million-Dollar Loss

EASTPORT, ME. (AP)—More than a third of this easternmost American city's major industry was wiped out last night in a spectacular fire with loss unofficially estimated at nearly \$1,000,000.

Two of the city's six sardine canning factories and the pearl essence plant of the Mearl corporation, which utilizes scales of the sardine herring, were among more than a score of wooden buildings on the north end of the waterfront razed by flames which drew thousands to the city from nearby American and Canadian communities.

Two firemen were injured—neither seriously—and one employee of the pearl essence plant unaccounted for.

Mrs. Truman Given 'Chance' to Recover

GRANDVIEW, Mo. (AP)—President Truman's 94-year-old mother began passive exercise in a new mechanical bed last night after the White House physician gave her a "chance" for recovery. Mrs. Martha E. Truman was moved into the new oscillating bed a few hours after Brig. Gen. Wallace H. Graham told reporters of her gradual improvement.

LAGUARDIA FILES SUIT
WASHINGTON (AP)—Fiorello LaGuardia yesterday filed a \$100,000 libel suit against the National Home and Property Owners foundation and Arthur W. Binns, foundation president, claiming that both had falsely accused him of being a Communist.

Stassen Sets Forth Ten-Year 'Production for Peace' Program

FORMER GOV. AND MRS. HAROLD E. STASSEN of Minnesota ride in the United Nations parade at Jefferson, Iowa. In the background is the decorated courthouse balcony from which Stassen delivered his world policy address last night.

JEFFERSON (AP)—A 10-year program of "production for peace" was advocated last night by former Gov. Harold E. Stassen of Minnesota, avowed aspirant for the 1948 G.O.P. presidential nomination.

In his first major address since returning from a European tour, Stassen urged that the United States give 10 percent of its goods and food the next ten years to countries which give "unwavering support to the United Nations."

Stassen spoke from the courthouse balcony of this Iowa county seat town of 4,100 to a crowd in the square below as a climax to an American Legion Day celebration which had a "United Nations" theme.

The United States, Stassen said, should control the distribution program and although it should not ask reimbursement in money or manufactured goods it should require:

1. Long-term agreements for fair access to raw materials.
2. Agreements that other governments "will not move farther away from individual economic freedom" toward increasing nationalization.
3. Free access by American government representatives, private citizens, press and radio—without censorship—to areas joining in the "production for peace" program.
4. Fair treatment of U.S. citizens and capital in the countries sharing the results of our production and fair treatment of dependent peoples by those countries.

Stassen recommended that along with America's gifts, the program also include redevelopment of the Ruhr, encouragement of the Belgian, Netherlands and Luxembourg customs and economic union, and agreement with England on steps for her "long-time future as a free economy."

"You cannot have lasting peace if you have shortages, scarcity and want," he said, adding:

"We must become a nation of courageous pioneers blazing the postwar world trail toward peace and plenty and freedom. We must recognize that these three—peace and plenty and freedom—are indivisible."

The funds for United States support of his proposed program, he said would equal 10 percent of the production value of goods and foods but "not of our gross national product."

He continued: "We should request the views of the social and economic council of the United Nations as to the manner in which we should administer this fund and should welcome their continuing advice."

"But we must ourselves actually administer the program and control the rate and type of production supplied, so as to safeguard against inflationary effects at home or diversion from our purposes abroad."

United States production for his proposed world-wide program, he said, "should not be scattered" or dispersed as "handouts to those who cry 'wolf' or 'communist' the loudest."

"It should be based on a careful, world-wide evaluation of the best long-term basis on which we can rebuild after the war," Stassen said.

Stassen called for an American world policy in between what he termed "extremes" represented by former Vice President Wallace on the one hand and Robert McCormick, publisher of The Chicago Tribune, on the other.

"The Wallace doctrine," he said, "would make of America a nation of fellow travelers down the wrong road, would dissipate our domestic assets and repeat the errors of appeasement of the 1930's."

"The McCormick doctrine," he continued, "would make of America a nation of cold-hearted misers passing by on the other side, and would lead us to boom and to bust and finally to a defensive war."

WINDSOR SEES KING
LONDON (AP)—The Duke of Windsor called last night on his brother, King George, and his mother, Queen Mary. The Duchess of Windsor did not go with him. She has not been invited into an English royal household since her husband abdicated the throne.

Seven Die in Army Plane Crash

CHAMPAIGN, Ill. (AP)—The bodies of two top army flying officers and five other soldiers were found yesterday in the wreckage of their B-25 bomber which crashed in a cornfield during a violent thunderstorm.

The dead included Col. Raymond E. O'Neill, 52, an AAF balloon expert and brigadier general in World War II, and Col. George A. Whatley, 45, head of a headquarters unit having supervision of mobile training throughout the world.

Heavy rain and darkness hid the tragedy overnight. The plane, en route to nearby Chanute field from the Pacific coast, sent out a routine radio message when it passed over Burlington, Iowa, at 9:47 p.m. (CST) Monday night. A short time later it crashed in a muddy corn field, about 16 miles short of its destination.

The army listed the other victims as L. Alfred Wallace, Fayette, Ala.; L. Charles E. Thomas, Abilene, Texas; Lt. Steve Rock, Philadelphia; Lt. E. R. Young, Westover

field, Mass.; and Master Sgt. Howard Kahler, Geneva, N. Y. O'Neill, a 30-year army veteran of both wars, commanded Chanute field from 1940 to 1944. Later, he was commanding general of the army air base at Boca Raton, Fla., then commanded the garrison forces on Guam and subsequently returned to Chanute field as executive officer.

Whatley, who served in the army since 1925, headed the headquarters unit at Chanute field which supervised mobile training.

Jury Returns Verdict of Not Guilty for 28

GREENVILLE, S. C. (AP)—A Greenville county jury freed 28 white men last night of charges that they lynched a South Carolina Negro, returning straight acquittals in 98 separate verdicts on a four-count murder and conspiracy indictment.

The crushing rejection of prosecution allegations, which had included unsworn statements by 26 self-acknowledged members of the mob, closed an historic case which began here ten days ago.

The men were accused of taking Willie Earle, 23-year-old Negro, from Pickens, S.C., jail last Feb. 17, and butchering him on a lonely roadside for the alleged stabbing of a white taxi-driver.

The jury acquitted 21 defendants on all four counts of murder, conspiracy to commit murder, and of being accessory both before and after the fact. Another seven defendants were acquitted of conspiracy and of accessory before the fact. The counts of murder and accessory before the fact are capital offenses in South Carolina.

Prosecutor Sam Watt, designated to act for Attorney General John Daniel, had asked the jury to represent the public conscience of South Carolina in dealing with the lynching.

The defense had rested its case without offering witnesses or presenting testimony. Instead, defense

WITNESS BEATEN

GREENVILLE, S. C. (AP)—U. G. (Hog) Fowler, a taxi-driver who testified against several white defendants in the mass-trial here of 28 accused lynchers, disclosed yesterday he had been beaten up by two white men and threatened with death.

Fowler appeared before Magistrate Bates Aiken with a demand for a peace-warrant, but was dissuaded by the official.

The alleged assailants were not named in police records. Fowler said the beating occurred Monday night.

counsel assailed "northern interference," charged federal agents with having "meddled its itch." In closing the defense arguments yesterday, Attorney Thomas Wolford shouted, "There's no cure for it, except a verdict by a jury of this kind—to acquit these boys and show them it's no use meddling in Greenville county."

Before the jury brought in its acquittals at 9:21 p.m. (CST), the court ordered 14 sheriff's deputies to take their places among the crowd of spectators and warned that any demonstration would bring arrest for contempt of court.

The unprecedented mass-trial went to the jury at 2:20 p.m. after Circuit Judge J. Robert Martin Jr. had delivered a 5,000-word charge.

The judge instructed the jury that it must bring one of three verdicts on these two counts—guilty, which would mean penalty of death; guilty with recommendation of mercy, which would mean life imprisonment; or outright acquittal.

Defendants fidgeted nervously as the judge read his charge slowly and in a clear voice to the jury. Negroes in the gallery leaned forward as the court declared the law recognized no color or creed, and said: "Gentlemen, I instruct you that under your oaths as jurors you are not to allow any so-called racial issues to enter into your deliberations..."

Only One Bite to A Dog
DETROIT (AP)—Detroit's thousands of pet dogs faced a stern federal edict yesterday. They were forbidden to bite the mailman more than once.

Postmaster Roscoe B. Huston announced that mail delivery service would be cut off to any home whose canine pet exceeds the limit.

Perhaps unknowingly, the government reverted to an old principle of English common law which holds that a dog cannot be penalized for his first bite.

\$350-Million Foreign Relief Bill Gets Final Congress Approval

WASHINGTON (AP)—Congress gave final approval yesterday to the \$350,000,000 foreign relief program, and undersecretary of State Dean Acheson called for continued emergency loans and grants to foreign nations in 1948 and 1949.

The approved relief program, designed to feed the hungry rather than to finance their governments, survived a determined, eleventh hour attempt to clamp a \$200,000,000 ceiling on it.

Acheson, in a radio speech, over CBS, saw future needs from the standpoint of "commercial and financial policies that are necessary to keep trade unimpeded, free to carry on its benign work among all peoples."

He said "economic collapse, political extremism and world poverty and insecurity" will seize upon war-torn countries if the United States doesn't help with emergency loans and grants.

It was in the house that the unsuccessful attempt was made to trim the \$350,000,000 relief program.

The end of its long legislative

trial was reached in the senate, where approval was routine after Chairman Vandenberg (R-Mich.) of the foreign relations committee told his colleagues that President Truman is considering a man "of wide Red Cross experience" to administer the program.

Richard F. Allen, Red Cross vice president, is slated to get the job.

The final house action came on a roll call vote of 288 to 86, in accepting the measure as redrafted by a House-Senate conference

committee. This committee modified several stringent restrictions on the program and recommended the full amount sought by President Truman.

Much more close, however, was the 205 to 170 rollcall tally by which the House beat back an attempt to return the bill to the conference committee with instructions to its representatives to insist upon a \$200,000,000 ceiling.

The House, in originally passing the bill, had voted for such a limit.

Eastern Rail Fare Increased 10 Percent

WASHINGTON (AP)—An approximate 10 percent increase in basic passenger fares on eastern railroads was authorized by the Interstate Commerce commission yesterday to compensate for increased operating costs.

The decision applies to 60 railroads operating east of the Mississippi and north of the Ohio and Potomac rivers.

The lines were authorized to make the change to the higher level on five days' public notice. This will put one-way passenger fares up from 2.2 to 2.5 cents per mile in coaches, and from 3.3 to 3.5 cents per mile in sleeping and parlor cars. There will be an increase of about 15 percent in coach round trip rates and about 4 percent in pullman round trip rates.

AUSTRIAN CHILDREN EAT ICE CREAM FOR FIRST TIME

MRS. MARTA BRIEGL, 32, of Salzburg, Austria, helps the youngest of her three children as they eat ice cream for the first time after their arrival in Washington, D.C., by plane from Austria. The children are (left to right): Iris, 6; Wesley-Peter, 1, and Wiltrud, 8. Mrs. Briegl, one of 31 fiancées of American war veterans aboard the plane, is going to marry Wesley Niemeyer of Galveston, Tex. (AP WIREPHOTO)

No Steel Strikes for 2 Years

ATLANTIC CITY, N. J. (AP)—CIO President Philip Murray yesterday issued an order to the 3,000 locals of the CIO United Steelworkers forbidding strikes for the next two years.

Murray, also president of the steelworkers, said in a letter to local union leaders that recently signed, two-year contracts "for most of the members of our union in basic steel and fabricating plants" constitute "one of the most notable achievements in the annals of our nation's collective bargaining history."

Murray said in the letter it is "imperative we understand thoroughly that:

"1. We must meticulously respect provisions of the collective bargaining contract.

"2. That under no circumstances must there be work stoppages

during the life of the agreement.

"3. We must resort to the orderly methods of adjudicating our differences by taking recourse to the grievance procedure of the wage agreement up to and including arbitration."

The letter was approved by the steelworkers' 41 man board of directors at their biennial meeting.

He said the wage agreements, which called for a 15 cent an hour package pay increase, guaranteed continued production in the steel industry and thereby provided an "opportunity for stabilizing our country's internal economic affairs."

"To retain the confidences of the public, the union and management must display that spirit of labor-management cooperation so essential to the welfare of this great nation," Murray said.

Endorse State Dept.'s Cultural Program

WASHINGTON (AP)—The house foreign affairs committee unanimously endorsed yesterday a measure paving the way for state department operation of an information and educational program in foreign countries.

The action came just six days after the house denied funds for operation of the program after June 30 on the grounds that it never has been formally authorized by congress.

Rep. Mundt (R-SD), author of the new bill, said he will go before the rules committee tomorrow or Monday to ask its clearance to the floor. He expressed doubt, however, that action can be obtained

before the first week in June.

The bill would give birth to a new member of the government's alphabetical family—OIEE—the office of information and educational exchange in the state department to replace the present office of international information and cultural relations.

It would authorize the state department to continue its "voice of America" broadcasts under a clause which permits it to distribute "information about the United States, its people, and its policies through press, publications, radio, motion pictures and other information media."

Foremen Quit Work at Ford

DETROIT (AP)—Some 3,800 unionized foremen, spurning an unusual last-minute personal appeal from Henry Ford II, yesterday walked out of three Detroit plants of the Ford Motor company.

Operations continued uninterrupted as 85,000 production workers stayed at their machines, but the Foreman's Association of America (Ind.) predicted that assembly lines would be halted "in a day and a half to two days."

The company said it intended to operate as long as possible but did not hazard a guess as to how long that would be.

Ford was the only major auto firm not affected by current steel shortages and its production has been continuing steadily at a high postwar level.

President Robert H. Keys of the FAA, blamed an accumulation of grievances for the walkout. Salaries were not an issue, both sides agreed.

Wallace Offers Plan To Halt Depression

OAKLAND, Calif. (AP)—Henry A. Wallace, who Tuesday night in San Francisco advanced his conception of a master plan to abolish war, last night outlined a domestic plan "to prevent depression."

It embraced reducing prices, raising wages and nationalizing coal.

He outlined as key points of "Democracy in action":

- "Reducing prices by 10 percent—and not just by saying 'please.'"
- "Raising wages within the limits of the swollen profit structure in order to maintain purchasing power."
- "Maintaining high tax rates on those who can afford to pay."
- "Maintenance of the rights of labor."
- "A low cost, mass produced housing program."
- "Legislation for minimum wages and social security."
- "Enforcement of full employment measures through public works."
- "Nationalization of coal."

Nothing Like This In Iowa River

JOE HANSER of Milwaukee treated himself to a cigar after catching a 58-inch muskie on rod and reel in Halfway lake in Wisconsin. Joe said the fish weighed 64 pounds and the fish wasn't talking so you'll have to take his word for it.

Davenport Wins Baseball Title

MASON CITY (AP)—Davenport won its fourth state high school baseball championship yesterday defeating Monona 5 to 1 in the final game of the 1947 tournament. About 2,000 persons watched the contest.

Davenport previously had ousted defending champion Mason City 2 to 0. The victory over Monona gave Davenport a tie with Mason City in the number of titles each has won.

The championship game gave Davenport a season's record of 18 wins and two losses, and made Monona's slate read 14 victories and two losses.

Jim Riedesel, who pitched three innings in the opening game of the final meet for Davenport Monday, came back today and pitched a two-hit game. Ken Kuester, who hurled two shutouts in the tournament, attempted to win a third game for Monona, but was hit hard as Davenport collected eight hits.

Riedesel struck out eight Monona batters. Kuester had pitched 16 consecutive scoreless innings before facing Davenport. He continued on the mound, however, until two were out in the sixth, the last full inning. Kuester gave way then to Dick Hagensick because two runs had been scored and two were on base.

Davenport got one hit in the first and two in the second, but was unable to score. After that every hit resulted in a run. The only extra-base hit was Don Schmitt's three-bagger for Davenport in the fifth.

Monona scored in the sixth on a single by Ed Hazlett, an error by Riedesel and an infield out. Davenport was charged with three other errors, while only one was scored against Monona.

3 Wins for Bruner

Lefty Jack Bruner now has the best record in Big Nine games among Iowa pitchers. He has won three of four games and in 35 1/2 innings, has 26 strike-outs, and has walked six.

Cubs Win, Take Over Top Spot

Bruins Shade Phillies 2-1

CHICAGO (AP)—The Chicago Cubs defeated the Philadelphia Phillies, 2 to 1 yesterday, sweeping their two-game series and taking undisputed possession of first place in the National league.

Doyle Lade, with the help of reliever Emil Kuh, who came in the ninth, took credit for the victory—the Cubs' third straight and the fifth in a row over the Phillies.

Lade, stocky Shreveport rookie, would have had a shutout in a duel with Al Jurisich if it hadn't been for an error by Bill Nicholson in the ninth. Howie Schultz singled with one out and Nicholson made a two-base miff of Lee Hanjley's fly. Lade then walked Don Padgett on four pitches, the last a wild pitch on which Schultz scored. Kush then took over to get the side out.

Lade was touched for six hits in registering his third victory. Jurisich also yielded only six safeties.

Stan Hack and Andy Paiko paired doubles for one run in the fourth and Len Merullo counted in the fifth when he singled and moved around on a fielders choice and two outs.

Name 25 Trackmen For Iowa Home Meet Against Wisconsin

Sixty trackmen will represent Iowa and Wisconsin in a dual meet here this Saturday at 1:30 p.m. It will be the only home appearance for the 1947 Hawks.

Coach George Bresnahan has named 25 men while Coach Tom Jones of the Badgers has nominated 35. Fourteen events are listed for the meet, the last one slated to end the contest at 2:55 p.m.

Iowa entries are headed by Jack Simpson in the sprints, Tom Hall in the high hurdles, Dick Hoerner in the shot put, Dick McClanahan and Gene Shaver in the mile run and John Oxley in the two mile.

Wisconsin has defeated Marquette, Ohio State and Minnesota in outdoor meets this season and will present a balanced team with several stars. The main point getters are Don Gehrmann, Tom Bennett, George Kailas, Gil Hertz, Lisle Blackburn and Wally Lambert.

Iowa members include: 100-yard dash—Elder, Hall, Simpson; 220-yard dash—Elder, Pinch, Simpson; 440-yard dash—J. Merkel, Wilson, Rosen, Sangster; 880-yard run—Kelso, McDonald, Shaver, Tupper; Mile run—McClanahan, Roth, Shaver; Two mile run—Keller, Oxley, McClanahan; High hurdles—Eno, Hall, R. Merkel, Stolt; Low hurdles—Eno, R. Merkel, Pinch, Stolt; Pole vault—Mason, Jennett; Shot and discus—Hoerner, Willmack; High jump—Eno, Erdenberger, Hall, Metter, Stolt; Broad jump—Elder, Hall, Metter, Pinch.

Bradley Giant Killers Face Hawk Nine Friday

The Iowa baseball team takes a weekend off from the Big Nine race this Friday and Saturday to entertain one of the toughest teams in the mid-west, Bradley university of Peoria, Ill.

The Hawks anticipate plenty of trouble from the veteran Bradley nine which arrives fresh from victories over Wisconsin, 2-1 and 9-2, and Louisiana Tech 4-3. Inasmuch as the Badgers and Tech teams split with the Hawks in two-game series at Iowa City, Coach Vogel's boys don't underestimate the Bradley outfit.

The Braves come to Iowa City with a record of 12 wins to four losses which more than matches

Iowa's 12 wins against nine defeats. Don Shelton, ace Bradley left hander, boasts a record of seven wins in eight games.

Iowa enters the series with a batting average of .246 as compared with .203 for opponents. Jack Dittmer, freshman second baseman, has replaced Don McCarty as batting leader with a .403 average. McCarty has 33 and Doc Dunagan is rapping the ball at a .329 clip.

Indications are that Coach Vogel will start Bob Faber for the Friday game and Jack Bruner on Saturday. Wes Demro and Roy Stille stand by for relief duty.

Illinois Ace, Rotblatt, Ties Pitching Mark

CHICAGO—Illinois last week clinched an undisputed Western Conference baseball title for 1947, and as the first team to finish its season left a handful of individual marks or other Big Nine teams to shoot at.

Spearheading the Illini throughout their season was Marv Rotblatt, southpaw pitcher who won six straight games in the conference to equal a modern record set last year by Gene Jaroch of Wisconsin. Rotblatt pitched 55 complete innings, allowed only 18 hits, struck out 49 and walked only 14. Pete Perini of Ohio State, with four wins already to his credit, has a chance to equal Rotblatt's total of six victories, but as a result of the Buckeye schedule which calls for two more games than were played by Illinois, Perini has lost one game, to the Illini.

Lee Ellbracht, Illinois catcher, batted only .350 in 1947 as against his record high of .484 a year ago, but he has racked up current individual high totals of 12 runs, 15 hits, four sacrifices and five doubles as targets for other conference hitters yet to finish their seasons. His five two-base blows equalled a modern record set last year by Frank Granitz of Wisconsin.

Big Nine Standings

Illinois 7, Davenport 1, Springfield 4, Decatur 3 (1st game), Waterloo 2, Burlington 2, Springfield 9, Decatur 8 (2nd game), Terre Haute 3, Evansville 2, Wisconsin 2, Lincoln 1, Minnesota 2, Northwestern 3

Bradley Triple Play Rates As Confusing As Well As Amusing

MADISON, Wis. (AP)—One of the most confusing triple plays of the season highlighted Bradley university's 9 to 2 baseball victory over the University of Wisconsin yesterday.

The men from Peoria, Ill., had two men on base with no one out in the first half of the ninth, when Bradley's Harman Groover fouled out to the Badgers' first baseman, Ed Butcher.

Butcher whipped the ball to Catcher Pete Schubeck as Guy Ricci tried to steal home, but Schubeck failed to tag Ricci, and Ricci failed to touch the plate.

Schubeck ran to the Bradley dugout and tagged a player he thought was Ricci, but actually touched the wrong man. Then Schubeck tossed the ball to third baseman Glen Selbo, who retired Bradley's Don Case and whipped the ball back to Schubeck, who had run down the base line to cover the play.

In the meantime, Ricci realized what had happened, and darted from the dugout to touch home plate, but pitcher Art Orloske beat him to the box, took a throw from Schubeck, and tagged Ricci for the third out.

Fresh from victory in the Fort Worth open, Ben Hogan, the Hershey, Pa., par-buster, is ranked as co-favorite with smiling Jim Demaret, 1947 Masters' champ. But they face the toughest professional competition in the game and a course that has

well-trapped greens and blistering rough.

Ranked against Demaret and Hogan, first and second in the cash cavalcade respectively with \$14,131 and \$12,509 in winnings, are the remainder of the top 10, including Ed (Porky) Oliver, George Schoux, Jim Ferrier, Lloyd Managrum, Ed Furgol, Johnny Palmer, Lew Worsham and Vic Ghezzi. All have passed the \$4,000 mark although far behind the two leaders.

Big Nine Track Prize

Incentive for Iowa track and field athletes: place among the first three in any event of the Big Nine championships May 30 and 31 and earn a trip to California. Such a placing automatically qualifies the athlete as a member of the Big Nine team for the dual meet with the Pacific Coast conference at Berkeley, Calif. June 28.

PHILADELPHIA (AP)—A star-studded field of 92, including every member of goldfom's "big ten" money winners of 1947, tees off at Cedarbrook country club today in the East's first major tournament of the season—the \$15,000 Philadelphia Inquirer invitational.

Name Ashton To Aid City's Bridge Project

Prof. Ned L. Ashton has been named to assist in preparing an application for funds from the federal works agency for Benton street bridge plans, it was announced yesterday.

A member of the civil engineering department, he will work with City Engineer Fred Gartzke in taking preliminary steps to secure the government loan under an arrangement made with city officials this week.

The action came after councilmen resolved Monday night to employ the Des Moines engineering firm of Nemmers, Clark and Spooner in case a "working agreement" could not be arranged with Ashton.

This concern had proposed to prepare plans and a cost estimate to expedite the city's application, with the understanding that the firm also draw final plans if the loan comes through.

Cost of the initial work was to be no more than \$500, with the job on final plans amounting to an unofficially estimated \$10,000.

Considerable intra-council opposition to this proposal resulted in a conference with Ashton at which the agreement, still in an unofficial and informal stage, was reached.

The city previously received approval of a \$12,250 FWA loan to draw plans for a new city hall.

Professor Warns Scientists, Educators They're on the Spot

Prof. A.J. Carlson of the University of Chicago last night warned educators and scientists that they are on the spot and must get and give us the knowledge necessary for our biological, social and economic evolution.

He spoke in Iowa Union at the annual dinner of the Iowa chapter of the Society of Sigma Xi, honorary science fraternity.

Pointing out that civilizations have been built up and destroyed long before the atomic bomb, he said we should concern ourselves less with actual warfare and more with developing a better human being and our physical resources.

Food someday will be the limiting factor of our human reproduction for, if we fail to take care of our natural resources, we will eventually have only desert lands, he said.

The dinner followed initiation of 36 full members and 92 associate members held in the Senate chamber of Old Capitol. Prof. Robert R. Sears, director of child psychology, spoke on "The Responsibilities of a Scientist".

Funeral Services for Mrs. Susan Morrison

Funeral services for Mrs. Susan C. Morrison, 73, will be held at Hohenschuh mortuary at 2:30 p.m. tomorrow with Dr. L. L. Dunnington officiating. Burial will be in Oakland cemetery.

Mrs. Morrison died at her home at 1407 E. College street yesterday morning. She is survived by two sons, Thomas M., Iowa City, and Sherman W., Oak Park, Ill., and one grandson.

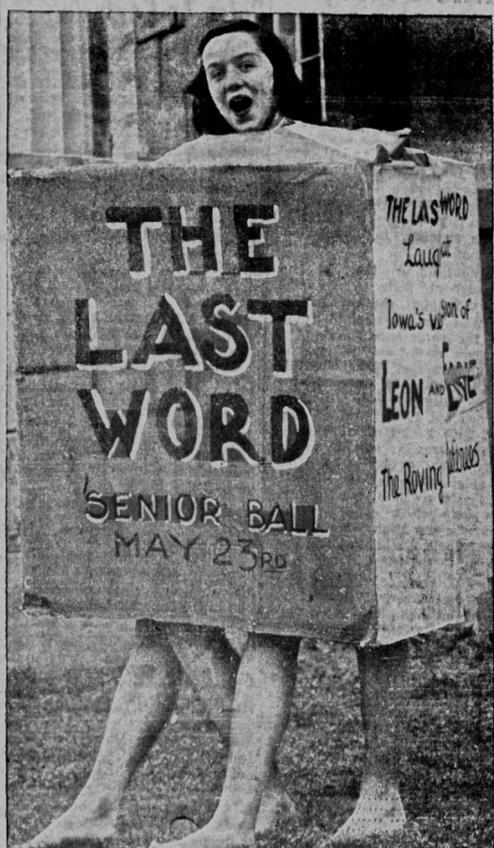

She was the widow of W. W. Morrison, Iowa City druggist, who died in 1935.

A ONE-HEADED SIAMESE TWINS, as it were, is simply Barbra Brown, A2 of Red Oak, setting in "the last word" for the senior ball tomorrow night at 9 p.m. in Iowa Union. The centaur effect is caused by Dick Brown, A3 of Council Bluffs, who lost his head over it all. (Daily Iowan Photo)

To Unify Forces For Pest Riddance

Further plans for Iowa City's projected rat and fly control drive will be considered today at a 2 o'clock meeting of campaign leaders in the office of Mayor Preston Koser.

City councilmen, Chamber of Commerce representatives, local food handlers and interested organizations will confer to map future action and possibly to name finance committee, the mayor said yesterday.

At a meeting last Friday the group decided to concentrate first on fly control, naming Chamber of Commerce Secretary Robert Gage chairman of a committee to consider raising funds for a DDT spraying program.

Gallaher, Elgart Win Lowden Lingual Awards

Jean Gallaher and Elliott J. Elgart will be awarded the annual Lowden prizes in Greek and Latin languages at Honors Convocation, June 1, it was announced yesterday by Prof. Gerald F. Else, head of the classics department.

Both won high honors in an examination given this spring; Miss Gallaher in Greek language and literature and Elgart in Latin language.

The \$25 prizes are given annually from a fund of \$3,000 established by the Hon. Frank O. Lowden, a university alumnus, for awards to be given in six departments.

Mibs Journey Finals Begin Saturday

A field of nine school champion marble shooters will knock down in earnest at the junior high school grounds when the city marble tournament gets under way at 9 a.m. Saturday.

From this group of nine hot shots will come the city marble champion who will represent Iowa City in the state marble tournament to be sponsored by the Veterans of Foreign Wars.

At that time winners of second and third prizes in each of the nine school area contests held last week will receive medals for their efforts as will the nine first place winners.

The three place winners in the city contest will receive trophies. The tournament is sponsored by the Veterans of Foreign Wars post 2581 and the Recreational center.

The nine contestants for the top city honors are Paul Davis of Horace Mann, Paul Hoffer of Junior high, his brother Jerry of Henry Sabin, Alvon Huntezinger of Longfellow, Dick Summerwill of Lincoln, Don Miller of Roosevelt, Steve Furgenson of St. Mary's, John Douglas of St. Patrick's and David Nowlis of university elementary.

Memorial Day Plans To be Made Friday

The Memorial Day association will meet Friday night at 7:30 in the public library to make final arrangements for Memorial Day programs in Iowa City.

Mrs. D. E. Cherry, secretary-treasurer of the organization, said yesterday all veteran groups were invited to send representatives.

Included in the association's plans for Memorial Day, May 30, are Iowa avenue services at 8:30 a.m. for navy war dead, a 9:30 a.m. parade, memorial services on the GAR lot in Oakland cemetery at 10 a.m. and decoration of local graves of American dead from all wars.

University High to Hold Spring Music Festival

University high school's annual spring music festival will be held tonight at 8 o'clock in the high school gym.

The boys vocal group and mixed voice ensemble will sing under the direction of Dolores Sanders. Lois Domin and June Spevecek will sing soprano solos.

Four numbers will be played by the concert band, directed by C. M. Stookey. The concert is free to the public.

'Representative Men' To Be Feted Tonight

Approximately 45 "representative men students" of the university will be honored tonight at the 25th annual Finkbine dinner.

Discontinued during the war, the dinner was traditionally held before his death, by the late William O. Finkbine of Des Moines as a means of recognizing university men elected by the students to various campus offices. Finkbine provided an endowment so that the dinners might be continued.

Tonight's dinner, to be held at 6:30 at Law Commons, will also be attended by representatives of the university Alumni association and university officials, according to Administrative Dean Allin Dakin.

Speakers will include President Virgil M. Hancher, Prof. Forest V. Sign of the college of education, who has attended all previous dinners; Harry Boyd of Cedar Rapids, vice-president of the Alumni association; Bruce Hughes, speaker for the students, and C.C. Clark of Burlington, a long-time friend of the late Mr. Finkbine.

Dolphins Can Boast Not One, But Three 'Champion Gluttons'

Three men walked around the campus yesterday, claiming title to the dubious distinction of being "champion gluttons" of the Dolphin fraternity, composed of university swimmers.

Duane Draves, Paul Hutinger and Irvin Straub each ate 6 pints of ice cream Saturday in the annual Dolphin glutton contest; each lays claim to the "china pig" to be awarded to the winner.

During the Dolphins' weekend festivities at the quarries, Don Holmwood was named president of the fraternity and Wally Ris was elected captain of the swimming team. Both were thrown into the water from the top of the quarry walls, according to tradition.

Members formally pledged to Dolphins Sunday were: Robert Korte, Dick Zakrzewski, Henry Greisbach, Peter Latona, Don Levy, Leon Hilfman, Jack Wilson, Ed Berge, Sam Filberman, Dan Cohoe, Paul Hutinger, Penfield Mower and Tom Moore.

REPORT REVOLT IN IRAN

TEHRAN, Iran (AP) — Official observers said yesterday a new "Russian inspired rebellion" was threatened in northwestern Iran where 20,000 Kurdish riflemen were reported organizing their defenses against reinforced Iranian army garrisons.

Photo by Don Padilla Wins Exhibition Honors

A photograph taken by Don Padilla, Daily Iowan photographer and Associated Press wirephoto operator here, has been chosen among the best 25 pictures of 691 pictures entered in the second annual National Collegiate Photography exhibition.

Padilla's entry was a photo taken during the trial of William Patton in Johnson county district court on a charge of first degree murder.

First place winner was James Swetnam, University of Missouri, with a photograph entitled "Helen." The 25 best pictures and 25 honorable mentions will be included in a traveling exhibit. Padilla will be awarded a certificate of merit for his entry.
