

Senate Votes \$4-Billion Tax Cut

Iowa City Hit In 13-State Bus Tie-Up

The 13-state bus driver's strike against the Burlington Transportation company yesterday eliminated four daily trips north and four south from Iowa City.

Jesse Roberts, manager of the Union bus depot in Iowa City, announced that despite the strike nearly any destination can be reached by bus through rerouting.

The Associated Press reported yesterday that between 350 and 400 members of the Brotherhood of Railroad Trainmen went on strike yesterday at 5 a. m. (CST) against the Burlington Transportation company, otherwise known as Burlington Trailways.

C. E. Umbanhower, deputy president of the brotherhood, said the strike is effective in Iowa, Illinois, Missouri, Nebraska, Colorado, Kansas, Wyoming, Montana, South Dakota, Utah, Arizona, California and Nevada.

According to Umbanhower, the walkout followed demands for a wage increase. Before negotiations ended Tuesday night, company and union spokesmen said, the union lowered its demand from 6.25 to 5.85 cents a mile and the company boosted its offer to 5.65 cents. The company declined, however, to make the boost retroactive to Feb. 1 as demanded by the union.

L. W. McCormick, Des Moines superintendent, said Burlington Trailways bus traffic in Iowa was "completely tied up" yesterday. Sixteen scheduled daily trips out of Des Moines were cancelled when 20 drivers left work at 6 a. m.

26 More Guards At Nazi Camp Die As War Criminals

LANDSBERG, Germany (AP) — Twenty-six more guards and torturers of the Nazi's Mauthausen concentration camp—some making sardonic speeches about American justice—died on twin gallows here yesterday as U.S. army hangmen completed the biggest Allied mass execution of convicted war criminals.

The executions this morning at Landsberg prison, which were carried out in three and a half hours, brought the two-day total to 48. Twenty-two other guards and foremen of the camp were hanged Tuesday in two hours and 37 minutes.

A last-minute stay was granted to Otto Stieglitz, 32, the Mauthausen mess sergeant. U.S. army headquarters indicated a final decision in his case would be reached within 24 hours.

The highest ranking Nazi among the condemned men, August Eigruber, 40, Gauleiter of upper Austria from 1939 to 1945, declared grimly a few moments before the trap was sprung: "I regard it an honor for me to be tried and hanged by the most inhuman of all victors."

Maj. Victor Zoller, 35, camp commandant and the last to be executed, smiled slightly and declared he was not a war criminal. "Many who were hanged here yesterday were not war criminals either," he added.

Dr. Waldemar Wolter, 39, camp physician, said "Here stands might over right."

Willi Frey, 23, elite guard and youngest of the condemned men, who had told his guards he would go to his death singing "Open the Door, Richard" and "Give Me Five Minutes More," was subdued when he marched up the black-draped scaffold.

"I am praying like Jesus on the cross," he said haltingly. "I am dying without fault. Father forgive them."

The men were convicted by an American military court of slaughtering more than 700,000 persons at the infamous Mauthausen camp.

Flannery O'Connor Wins Rinehart-Iowa Award for Novel

Flannery O'Connor, graduate student in writers' workshop, has been awarded the Rinehart-Iowa Writing Fellowship of \$750 for advance chapters on a novel, it was announced yesterday by Prof. Paul Engle.

The award was made following a nationwide contest in which each writer was required to submit not less than four chapters (or 12,000 words) and a detailed outline of the book.

If the manuscript proves suitable for publication, Engle said, a minimum advance of \$500 against 10 percent on the first 5,000 copies sold and 15 percent on all copies sold thereafter, will be made.

"I was surprised and gratified when I heard about the award," Miss O'Connor said yesterday. "You see, this will give me enough money to finish the novel here at the university next year."

A native of Georgia, she began writing the novel last Christmas vacation. As yet, no title has been selected.

"Just can't tell you when I got the idea for my novel," she explained. "It was not one idea but a creative process and a combination of many things."

Miss O'Connor said that the setting for the book is in a southern city. It concerns the inner struggle of Hazel Wichers, a man searching for a spiritual home. It is not a "typed" novel, she added, since "any author who follows a hard and fast outline allows himself to become a slave to the typewriter."

"I wish I could be more definite, but a novel in the process is not a very definite thing," Miss O'Connor said.

The summer of 1946 she wrote a short story entitled "The Geranium" which appeared in Accent, a literary magazine. Another of her short stories is to be published in the Swallow Press Anthology, New Signatures, entitled "The Barber."

Miss O'Connor will receive her M.A. degree in June.

UAW Rejects Ford Offer

DETROIT (AP) — The CIO United Auto Workers yesterday rejected an offer from the Ford Motor company of the equivalent of a 15-cent an hour wage increase for 130,000 production employees because it did not include an old-age retirement plan.

The offer called for an 11 1/2 cent hourly wage increase plus six paid annual holidays, a pattern similar to that accepted in other auto plants.

With a retirement plan, a spokesman added, the wage offer might be acceptable.

However, Ford went ahead with plans for a 10 percent hike for 20,000 salaried employees, to become effective June 1. It was announced in conjunction with the offer to the UAW-CIO.

The proposed 11 1/2 cent boost would make Ford's average hourly production wage about \$1.50 compared with \$1.42 1/2 for general motors and \$1.44 1/2 for Chrysler.

Sheriff's Face Is Red

BAKER, Oregon (AP) — Baker's last bad check artist is being sought by Sheriff Fred V. Spence with special zeal.

The check wasn't a large one — only \$22 — but the persuasive gentleman who wrote it cashed it in the sheriff's office.

Iowa Gets Snow in May; Mercury Drops to 30's

By THE ASSOCIATED PRESS Iowa's May-time snowstorm still continued last night at some points, and the Des Moines airport weather station reported that a two-inch blanket covered the Spencer area.

The snow had stopped falling at Council Bluffs, but it still was falling at 7:30 p. m. at Mason City and Sioux City, sleet was falling at Des Moines, and Burlington reported a drizzle and fog.

Except at Spencer, the station said, the snow was melting almost as fast as it fell.

Meanwhile, the forecast was for gradually clearing weather today, but continued cool. Frost was likely tonight, the forecast said. It added that today's highs probably would range between 48 and 50 degrees.

Severe Cold Wave The storm brought one of the most severe cold waves of record for this time of year. At Des Moines, the weather bureau had to go back to 1894 to find a May 28 when temperatures fell as low as they did yesterday, when the readings were in the 30's.

S. F. Decker, federal meteorologist in Des Moines, said the unusual weather resulted when a cold air mass from Canada collided with warm air from the south.

As to any crop damage, federal officials said that barring more severe temperatures than those reported yesterday, important crop damage was unlikely. Small grains would merely be retarded, they said. Corn which is up probably would not be hurt but where it is germinating in the ground, replanting might be necessary unless warm weather returns quickly, they added.

Snow in Nebraska A foot of snow fell at Alliance, Nebr., where from 200 to 300 trees broke under the weight. The fall was heavier than any last winter. Shrubs and flowers were bent to the ground at Cheyenne, Wyo., where more than five inches of

Unseasonably cold weather that sent the mercury down to 36 degrees yesterday combined with 2.19 inches of rain to make the day generally miserable for Iowa citizens.

However, local civil aeronautics authorities said late last night that the low pressure area had past Iowa City and that the barometer at the Iowa City airport, unsteady all day, had begun to rise.

snow was recorded. A three-inch snow blanket covered parts of northern Colorado.

Record cold was reported in Bismarck, N. D., with 23.

Hot, dry weather continued along most of the northern Pacific coast, although southwestern Oregon reported the first rainfall in nearly three weeks. The rain aided crops and eased a fire threat.

In Washington, forest fire conditions were reported critical. One large and several smaller fires were reported. Wheat and other non-irrigation crops have been retarded by the dry weather.

Meanwhile, in the Sunnyvale district of Santa Clara county, California, a helicopter that flew almost at treetop altitude was credited with saving a \$250,000 cherry crop from heavy damage in the wake of a general rain.

Orchardists said the craft's downward blast winddrops from the fruit, which would have swollen and burst under a hot sun.

British Laborites Vote 2 to 1 For Bevin Policy

MARGATE, England (AP) — Britain's Labor party, with leftwing "rebels" showing unforeseen strength, voted two to one yesterday in a test in support of Foreign Secretary Ernest Bevin's international policies.

Prior to the vote, Deputy Prime Minister Herbert Morrison and Chancellor of the Exchequer Hugh Dalton indicated clearly at the party's annual conference that Britain intends to stand on her own feet economically and wants no second loan from the United States.

EIGHT-YEAR-OLD JEAN HARRISON makes her way to school in Mason City yesterday morning when it started out to be rain and later turned to snow. (AP WIREPHOTO)

Vote Fraud Evidence Stolen

KANSAS CITY (AP) — Evidence upon which a state grand jury returned 81 vote fraud indictments was stolen yesterday.

Thieves broke down two steel doors in the vault of the Kansas City board of election commissioners and rifled the contents of three metal poll boxes, containing ballots, Poll books and tally sheets.

This was evidence used by the grand jury during a two months' investigation of alleged vote juggling in the August Democratic primary election, which attained national prominence when President Truman urged defeat of Rep. Roger C. Slaughter, Democratic congressman from the fifth Missouri district. Slaughter was running in a district adjacent to Truman's home district.

The theft took place less than 12 hours after the grand jury had completed its statutory term with a report expressing belief that

Slaughter had been deprived of the nomination through a miscounting of the ballots, thus giving victory to the President's selection, Enos Axtell. Axtell was defeated in the general election by Republican Albert L. Reeves, Jr.

Report of the theft reached the U.S. senate judiciary committee shortly after it opened a hearing on a request that the body consider a full-scale investigation into the alleged "failure" of U.S. Attorney Tom C. Clark to act in connection with the Kansas City primary.

Clark, who was at the hearing, immediately directed the FBI to "check into" the theft.

Original probe of the alleged vote fraud was undertaken by the Kansas City Star. In a three months' period a staff of investigators employed by the Star uncovered what they termed wholesale juggling of the count; vote buying and coercion.

repaid directly by the girls." Ludger Dionne said, "but I think a project like mine is a practical way to help solve the problem of displaced persons."

"The girls have signed two-year contracts to work in the mill at prevailing wage rates. They will be housed in a home run by Catholic sisters, and at the end of the period they can decide to do whatever they like."

(San Baron, Canadian director of the Textile Workers union, charged in Montreal Monday that the girls would be placed, in "industrial slavery.")

President's Mother Rallies From Illness

GRANDVIEW, Mo. (AP) — President Truman said late yesterday his mother was so much better that, barring an unexpected change, he will return to Washington today.

Returning to Kansas City from his mother's bedside shortly after 4 p. m. (CST) the president told reporters:

"The news is good. She is holding her own. The doctors think it is safe enough for me to return to the White House tomorrow."

If the weather permits, he said he will leave Missouri sometime this morning.

Order Vacations For Coal Miners

WASHINGTON (AP) — The coal mines administration ordered 10-day vacations with \$100 pay yesterday for some 350,000 miners employed in the 2,500 soft coal mines operated by the government.

Captain N. H. Collisson, federal coal mines administrator, directed the vacation period to begin June 28.

Each miner with a full employment record for the period of June 1946 to June 31, 1947 will qualify for the \$100 vacation payment. Pro-rated payments will be made for miners with lesser service.

House Agriculture Appropriation Draws Democratic Censure

WASHINGTON (AP) — The house passed, 315 to 38, and sent to the senate yesterday an \$847,601,976 agriculture appropriation bill for 1948.

In hot debate, before passage of the bill, house Democrats accused Republican backers of wrecking the nation's farm program.

The bill, as passed, contained total reductions of \$240,969,342 below the president's budget requests.

Except for an addition of \$40,000,000 in a compromise move, there were no major changes in the bill from the form in which it was approved by the house appropriations committee.

The added \$40,000,000 is part of a \$148,000,000 fund the agriculture department had expected to receive next year from import duties.

The fund is used by the department for programs to encourage exportation and domestic consumption of agricultural commodities.

The action boosted, to an estimated \$2,630,000,000, the total cuts approved by the house this year in its drive to chop \$6,000,000,000 from the president's overall budget of \$37,500,000,000.

Efforts to make substantial increases in funds for the school lunch program, for soil conservation payments and for rural electrification administration loans failed despite the solid backing of Democrats and a few Republicans.

IOWANS SPLIT

WASHINGTON (AP) — Iowa's all-Republican delegation in the house split five to three yesterday in the crucial vote by which the house refused, 180 to 174, to increase appropriations for soil conservation payments and for the school lunch program, and to boost the REA's lending authority.

Reps. Cunningham, Dolliver, Hoeven, Martin and Talle voted with the minority and Reps. Gwynne, Jensen and LeCompte were on the winning side.

Claim 16-Year-Old Tried to Rape One Of Murder Victims

LAPEER, Mich. (AP) — A county prosecutor began an effort yesterday to prove that Oliver Terpening Jr., 16-year-old farm boy, killed four young neighbors during an attempt to rape one of them, a pretty teen-ager whose childhood kisses he shared.

As the youth's court preliminaries bogged down temporarily, Prosecutor Kenneth H. Smith tried to shake an earlier statement that Terpening shot the children "because I wondered what it would feel like to put a bullet through a human being."

The young victims, whose bodies were found Monday on flower-speckled Sugar Loaf hill near their Imlay City, Mich., farm home, were Barbara Smith, 16, Stanley, 14, Gladys, 12, and Janet, 2.

Smith questioned the boy's statement to state police that he shot Stanley on a few moments' impulse and then turned his 22 caliber hunting rifle on the girls as they picked flowers.

The prosecutor, no relation to the victims, said he "firmly believed" that Terpening acted only after he was surprised by the others in an attempt to assault Barbara, with whom, in childhood, he played "postoffice," a kissing game.

However, two medical examiners confirmed that none of the children had been raped.

Rep. Martin Appears As Witness for May

WASHINGTON (AP) — Iowa's Representative Tom Martin yesterday testified at the May-Garsson fraud trial that May's reputation was good during his term on Capitol Hill.

Martin was one of three Republicans and four Democrats who testified for the Kentucky Democrat. The government contends the Garssons paid May for war department favors he sought for them.

Reduced Rates Would Be Put In Effect July 1

WASHINGTON (AP) — A \$4,000,000-a-year income tax cut was voted late yesterday by the senate, 52 to 34.

The bill, which reduces the payments of most taxpayers by 20 to 30 percent, now goes back to the house, which already has passed tax reduction legislation of similar nature.

There is one big difference between the two bills, however. The house voted to make the reduction retroactive to last Jan. 1; the senate decided to make it effective this coming July 1.

GOES TO CONFERENCE

This and other differences will be ironed out by a senate-house conference committee, which starts work today. Congress leaders aim to put the bill on President Truman's desk early next week. Then he will be confronted with the question whether to sign a bill he doesn't like.

The senate bill provides these percentage reductions:

30 percent off for persons whose net income, after exemptions and deductions, is \$1,000 or less.

From 30 to 20 percent for persons with net incomes of \$1,000 to \$1,400.

20 percent for incomes of \$1,400 to \$79,700.

15 percent from \$79,700 to \$302,400.

10.5 percent on all above \$302,400.

The bill also provides an additional \$500 personal exemption for taxpayers over 65 years of age, and for their spouses too, if they have reached 65.

Before the final vote, the senate slapped down, 58 to 28 an attempt by Senator Lucas (D-Ill.) to scrap the whole pending measure and substitute another, featured by a \$100 increase in personal exemptions and a cut of two percentage points in each surtax rate. He said this would be fairer to those in the low income brackets.

Kill Amendments Before Lucas called up his substitute, the senate killed the following proposed amendments:

By Senator McClellan (D-Ark.), to increase the personal income tax exemption from \$500 to \$750 for single persons, and from \$1,000 to \$1,500 for married couples. The vote was 44 against to 27 for.

By McClellan, to recognize family partnerships for federal tax purposes. This was defeated 54 to 29.

By Senator McCarran (D-Nev.), to permit the deduction for tax purposes of capital investments in business, up to \$125,000 or half of a single business' net income, whichever is smaller. This was rejected 60 to 16.

Convict Colonel In Gem Theft

YOKOHAMA (AP) — An army court-martial yesterday sentenced Col. Edward J. Murray to ten years in prison at hard labor and dismissed him from the army for misappropriation of diamonds while he was custodian of the Bank of Japan vaults.

The Palo Alto, Calif., combat veteran was originally accused of taking \$210,000 worth of jewels.

In passing sentence, the court convicted him on all counts filed against him, but reduced the valuation of the gems involved to \$92,000.

The prison term will be served wherever indicated by the reviewing authority, court officials explained. The sentence is subject to review by Lt. Gen. Robert L. Eichelberger, commander of the U.S. eighth army, and later by the war department. Eichelberger may reduce but may not increase the term.

Dodgers Take National Lead

Bums Blast Giants 14-2 As Cubs Fall

NEW YORK (AP)—The Brooklyn Dodgers unlimbered their big guns with a 19-hit assault against four Giant pitchers yesterday for a lopsided 14-2 win which, coupled with Chicago's loss to Pittsburgh last night, moved them into first place in the senior loop.

Ringleader of the B'Boys' second straight conquest over the New Yorkers was stocky Bruce Edwards. The catcher belted a triple with three mates on in the fifth inning of relief hurler Bill Voiselle and clouted a three-run homer in the seventh off Bill Ayers, third Giant flinger. Edwards also got a single for a three out of five day.

Dixie Walker, who hits New York pitchers as if he owns them, connected for only one blow yesterday but it was a four-bagger with two on in the eighth. A third Brooklyn homer was poled by Eddie Miksis who replaced second baseman Eddie Stanky when the latter was tossed out of the contest for arguing a play. Miksis also rapped out two singles.

With that kind of batting support, rookie righthander Harry Taylor breezed to his first victory of the year. He has lost one game. Taylor, who came up from St. Paul late last year, stood the Giants on their ears for seven of the nine innings.

Pirates Topple Cubs From Loop Lead, 7-6

PITTSBURGH (AP)—The Pittsburgh Pirates put on another thrill-a-minute finish last night as they came from behind with a three-run rally in the ninth to edge the Chicago Cubs, 7-6, and toppled the Chicagoans from the league lead.

Art Herring, the last of four Pirate hurlers, was credited with the win. A crowd of 30,339 watched the contest.

Weather Threatens Iowa-Wildcat Game

Bob Faber to Hurl In Today's Contest

Get out the water wings and the fur coats, sports fans, and hang around in case a break in the weather lets Iowa finish out its baseball season in a two game series against Northwestern today and tomorrow.

The weather man has promised today's game will be a washout with the driving rain slated to turn into snow but may change his barometer enough to permit a double header on Memorial Day.

Even if the two contests are staged it won't change the Western conference standings too much with those "monopoly on championships" lads from Illinois already depositing the baseball trophy on the shelf.

What it might do—that is if the Hawkeyes can win both of 'em—is give Iowa fourth place in the final reckoning and shove the once title contenting Wildcats downward from sixth place.

Five wins out of ten tries is the Hawks current standing which at present is good for fifth place. The Wildcats were once on top of the heap with a 4-1 record but that was before Wisconsin and Michigan each took a two game series to give the visitor's a 4-5 rating.

But if the water around the pitchers mound isn't over anyone head the first game should prove attractive with Bob "Moose" Faber opposing Dick Bokelman, the Wildcat ace. Bokelman was successful against the Illini and Ohio State when he scattered five hits for two important wins.

Lefty Jack Bruner will go against Jack Ogle, Northwestern left-hander who has a 1-2 record in the conference, in the second game.

Today's contest is supposed to start at 3 p.m. and the Memorial Day grind at 2 p.m. but if the series is forced into a double header tomorrow it will get underway at 1:30.

Cards Squash Cincinnati, 4-2

ST. LOUIS (AP)—Enos Slaughter's home run with two men on in the seventh set the St. Louis Cardinals up for a 4-2 victory over the seventh place Cincinnati Reds last night putting St. Louis just a half game below the Reds.

A double by Terry Moore in the third brought in Red Schoendienst for the other Redbird run.

Eddie Miller slammed a home run into the right field pavilion in the seventh inning to give the Reds their first run against George Mungler. Two were out in the eighth when Cincinnati staged their big threat.

Phils Rap St Johnson To Beat Braves, 4-2

BOSTON (AP)—Scoring two runs in the first inning after two were out, the Philadelphia Phillies last night went on to defeat the Boston Braves, 4-2 before 20,377 paid fans.

28 Qualify In Speedway

By DALE BURGESS
INDIANAPOLIS (AP)—Twenty-eight cars, five less than a full field, were qualified last night for the 31st annual running of the 500-mile Memorial Day race at the Indianapolis Motor Speedway Friday and 11 of the starters earned their positions in a last-day rush that had seven cars at once just before the qualifications ended at 7 p.m. (EST).

There were 27 other cars at the track that didn't make the grade. Some were too slow, some had mechanical trouble and others arrived too late for their drivers to get in practice runs.

Altogether there were 21 original entrants and seven post-entrants in the field. The seven were among 15 who signed entries after the Speedway last week settled a prize-money dispute with members of the American Society of Professional Automobile Racers.

The best time in the final qualification period was turned in by Duke Nalon, veteran Los Angeles driver, who qualified a big aluminum-colored Mercedes at 128.082 miles an hour, but the pre-race leader still was newcomer Bill Holland of Bridgeport, Conn., who qualified a Blue Crown sparkplug special last week at 128.756.

Rex Mays of Glendale, Calif., who twice has finished second in the race, barely got into the starting field with the new Bowes Seal fast special after having trouble with the shock absorbers. He made his trial run with only 20 minutes to go and covered the ten-miles at an average of 124.412 miles an hour.

Sports Shots
By Bob Collins

The annual banquet after spring football practice was held Tuesday evening and was attended by the boys who had worked so hard all spring and the guest corps of sports writers—who almost outnumbered the squad. It was a soul-satisfying affair followed by the pictures of the spring game.

So with a final word of congratulations from Coach Anderson the squad breaks up to go their varied ways for the summer. They'll probably have enough to think about but this borrowed item might be good for a few minutes meditation in the summer lull before the storm next fall.

In a by-lined story in the Chicago Daily News (OK, so I do borrow most of my stuff) Francis J. Powers comments, the UCLA Bruins "will be loaded for the well-known Bear next fall."

He writes "The Uclans are said to have paid Bob Waterfield, an alumnus and strong-armed passer of the Los Angeles Rams, \$1,000 to make them a quarterback."

Powers credits an "agent" with the report that "UCLA hopes to pour it on Iowa and Northwestern by way of reprisal for the shellacking taken from Illinois." He retorts most pleasantly by saying "On that score we wish to inform our Los Angeles agent, who will in turn inform Mr. Bert La Brucherie, UCLA coach, to get no foolish ideas about laying the lash on the Hawkeyes."

He points out that "First it was Frank Leahy of Notre Dame who declared that Iowa was coming up with one of the better teams the midwest will have next fall. Then it was Mr. Ray Eliot of Illinois who said, with a shiver, that he feared the Hawkeyes as much as any team on the Illini schedule."

So endeth Powers and enters Collins again to comment that the cards are on the table—there's every chance for the Hawks to rise to greatness providing they meet the challenges being prepared from Los Angeles to South Bend. The groundwork has been laid and from here on up to the boys in the padded suits to do what they will with their opportunity.

American Neglect of Europe Destroying Democracy's Aims

People Disappointed By Result of War, Czech Student Says

Europe was described as a "sick patient of the world" yesterday by Michael Flach, student from Prague, Czechoslovakia, who spent more than two years in a German concentration camp.

"Transfusion after transfusion, shot after shot, have weakened the body of the patient to a dangerous degree and have left the mind uncertain and confused," Flach said at a Lions club luncheon.

He illustrated Europe's confused mind by pointing out that within 25 years she has lived under aristocratic, democratic, fascist and now socialist regimes and found that all of the systems have worked.

Flach said that the people of Europe are disappointed in the results of the war. He said they had hoped it was a war of mankind against the forces of brutality and the immense selfishness of one nation. They found it had been just one more ordinary war in which the victor was not mankind but the individual states of America, Russia and England.

"Shortly after V-E day the council of doctors lost their common interest in the healing of the patient," Flach said. "Having operated on the sick body for six years and having cut out the pathological tumor, they suddenly remembered they had a family and children of their own and had better return to their private vocations."

The more important America's role in this world will become, the more difficult will it be for America to turn away from the problems of postwar Europe, Flach explained.

"If it is democracy that we wish to see the world over, political and economic, we should not abandon and neglect the only stronghold of democracy in the world, which is Europe," Flach said.

Two revolutions are going on in Europe, Flach observed. The feudal countries of eastern Europe are developing rapidly toward industrial socialism, seeking the "plenty" represented materially by America. Industrial countries in western Europe are developing toward socialistic industrialism. The aim here is not plenty but the distribution and control of plenty.

Pointing out that Europe has lost the best and most courageous people in wartime executions, Flach said they were victims of the struggle for democracy. He explained that democracy, like any other institution, can maintain itself only insofar as the people are willing to make sacrifices for it.

The most popular automobile color today is black.

European Markets Hold Significance For U.S. Business

America's policy of isolationism is likely to diminish as this country takes over England's role of leadership, according to Prof. George R. Davies of the university's bureau of business research. High tariffs, isolationism's chief prop, may be discontinued, he said. "Britain has fallen a victim to its over-confidence. So long as it was supreme in the manufacturing capacity essential to war, its free trade policies were pertinent.

"But now," the economist asserted, depending on overseas competitive markets for food and raw materials, and weakened by war, it finds the going hard."

Our hope of keeping clear of the "jungle of European feuds" was expressed by the tariff policy, Davies explained. World War II revealed enormous possibilities for American industry. It should expand still further in the future through scientific advances, particularly in atomic energy.

"Now business leadership is planning great investments abroad," declared Professor Davies. It may be backed by the government to the extent of 21 billion dollars for the encouragement of free enterprise.

Davies believes that if the U.S. plays its part in world affairs as well as England did, there may be peace for many years to come.

Hold Annual U-High Festivities Tonight

University high school will hold its annual junior-senior banquet and dance tonight in the River room of Iowa Union.

Approximately 100 faculty members and students will attend. Speakers will be: Claude Williams, Marjorie Porter and Don G. Barnhart, head of the industrial, arts department. Williams, son of Mr. and Mrs. Henry T. Fairchild, route 2, will represent the junior class. Miss Porter, daughter of Prof. and Mrs. Kirk H. Porter, 301 Richards street, will speak for the senior class.

Nat Williams' orchestra will provide the music for the dance from 8:30 to 11:30 p.m.

To Hold Funeral Rites For J. D. Hogan Saturday

Funeral services for Jefferson D. Hogan, 86, will be held 2:30 p.m. Saturday at Oathout's funeral chapel, Rev. P. Hewison Pollock will officiate.

Hogan died yesterday morning at 2:10 at his home, 511 S. Dodge street, following a long illness. Burial will be in the Oakland cemetery.

He is survived by one daughter, Alice Hogan, Iowa City; one son, Willis, Fort Dodge; a brother, James, Pueblo, Col., and two grandchildren.

MEMORIAL DAY FIELD MASS
The Memorial Day field mass originally scheduled for 8 a.m. tomorrow at St. Joseph's cemetery will be held instead, because of the weather, at St. Mary's church at 9 a.m.
The special mass is sponsored by the Knights of Columbus.

Riverdale Grocery Pays First Dividends

More than 200 married couples are receiving two percent dividends from the Riverdale cooperative store.

This is the first dividend the cooperative has declared since it opened two and a half months ago.

Most of the checks are from \$1.70 to \$2. Dividends are paid on a percentage of total purchases made by share-holders. Total purchases range from \$85 to \$100 for each shareholder since the store opened, or from \$35 to \$50 a month.

Between \$350 and \$400 will be paid in this first dividend. The amount and frequency of dividends are decided by a seven-man board of directors elected by shareholders. Robert Riggs is president of the board. One board director said initial profits were used to create a reserve sinking fund and that future dividends will probably be larger. Future dividends will be paid on a semester basis.

Plans are being made to establish a branch unit of the store in the Finkbine housing area next fall. It is believed that this store will accommodate more couples than the present store near Riverdale village.

The board of directors is also considering having delivery service made by the Riverdale store. They plan to have this service by the end of summer.

County Bond Quota Set at \$4 1/2-Million

Johnson county's quota of United States savings bonds for 1947 has been set at \$4,642,265, or one and one-half percent of the \$300,000,000 state quota.

Frank D. Williams, chairman of the county saving division, said yesterday there is a "dangerous surplus" of money in circulation throughout the state.

A special sales campaign will be sponsored by the treasury department during June and July in an effort to channel this surplus money into "safe investments in United States savings bonds," he said.

During 1946, \$3,353,002 in series E, F and G savings bonds were bought in the county while redemptions were \$1,399,438. The first three months of this year county sales totaled \$1,599,507.

Blue Names Dean Ladd To Trust Fund Group

Mason Ladd, dean of the university law college, has been appointed to a three-member committee to set up a trust fund from proceeds of the sale of 1946 Iowa centennial half-dollars. The appointment was made by Gov. Robert D. Blue yesterday.

The committee will outline purposes for which the \$197,585 proceeds will be used.

Suggestions for the use of the money include scholarships, recognition to Iowa citizens for their outstanding service to the state, and construction of an annex to the state historical building, Des Moines to honor World War II veterans.

Other members of the committee are Martin Tollefson, dean of Drake university law college and Frederic Miller, former Iowa supreme court justice, both of Des Moines.

Disappearance of Local Horse Cavalry Makes Way for Mechanized Units

EDWARD W. WINDREM, caretaker of the national guard armory and first sergeant of the local cavalry reconnaissance troop, looks into the stall that housed Pepper, mount of Capt. Elmer M. Hay, troop commander in 1941 when the unit was called to active duty. This stall was also used as a sick bay for injured horses. (Daily Iowan Photo.)

The stables are locked, but the horses are gone. Thieves haven't stolen them, but the past war has changed things for the cavalry reconnaissance troop housed in the national guard armory.

The stables, formerly housing 32 horses, are now used for storing some of the equipment to be used in the installation of the lighting system at the Iowa City airport.

The stalls will soon be torn down to make way for garage space for maintenance of the mechanized equipment the organization will soon receive.

The year 1941 was the downfall of the horse cavalry. The troop, then known as the 113th cavalry, troop B, was called into active service. Horses and men

Mooseheart Graduate

ARLENE JOY LEVORA, daughter of the late Tom Levora of Iowa City, will be graduated from Mooseheart, Ill., June 14. Mooseheart is a private preparatory and vocational school maintained by the Loyal Order of Moose. Following her graduation, Miss Levora expects to make her home with her sister, Mrs. Paul J. Means, Rock Island.

Driver Pays Fine For Fatal Accident

Donald Bistline, Van Horne, Iowa, paid a \$50 fine and costs in justice of the peace court yesterday when he pleaded guilty to a charge of reckless driving home from a dance about 1:30 a.m. Saturday. In the crash that followed, Dean Hoke, 22, and Lloyd Furler, 23, both of Van Horne, died. The accident occurred about eight miles south of Iowa City on highway 218.

Richard Werner, 21, injured in the wreck, was semi-conscious and still in a critical condition yesterday afternoon, University hospital officials said. Werner is also from Van Horne.

Egyptian Senator Comes Here for Operation

His Excellency Mohammed Ali Allouba, Cairo, Egypt, will be operated on this morning at University hospital by Dr. Nathaniel G. Alcock, head of the urology department.

A prominent Egyptian senator, Allouba came from New York City by train to Iowa City for the operation.

The 72-year-old senator was admitted to the hospital Wednesday.
