Rumor Coup By Communists In Hungary

By JACK GUINN

BUDAPEST (AP)—A presidential military aide said yesterday that Communists were threatening to extend their bloodless Hungarian coup by forcing the resignation of President Zoltan Tildy, former chief of the anti-Communist Small Landholders party, unless he falls into line with their plans.

The president, looking even more harassed than usual, returned from a private trip to the Austrian border yesterday much to everyone's surprise.

There had been a rumor that he would not come back to Russian-occupied Hungary, once he got as far as the border.

He returned to the capital after welcoming his wife back from a trip to the United States just in time to receive the official announcement of the resignation of Premier Fereng Nagy which pro-Communist Hungarians said was a Communist coup and the beginning of a full-fledged Communist police state in Hungary.

The announcement only confirmed what had been disclosed almost 24 hours earlier by a high Hungarian who said Nagy had been "pushed out" of office by the Communists who had broken their pledge to observe a truce while Nagy was on a vacation in Switzerland.

Nagy, like Tildy, a Small Landholder, will remain in exile, it was reported. His position, supported by the majority Small Landholders who elected 222 members to parliament in the 1945 elections, had been undermined by the aggressive minority of 70 Communist members.

Bowing to Communist pressure, it was reported, Tildy will ask Imre Oltványi, 53, pro-Communist member of the Small Landholders party, to take over as prime minister and form a new government.

Political circles said that few major changes would be made in the government, but that Oltványi would replace Foreign Minister Janos Gyongyosi and Bela Varga, speaker of the house, both of whom are openly pro-American and pro-British.

Communists admitted yesterday that the Russians had sent to the government a deposition from a Russian-held Small Landholder member Thursday charging Nagy, Gyongyosi and Varga with being implicated in a plot to overthrow what they termed "Hungarian democracy."

They said the deposition involved most of the prominent bankers, business men and industrialists as well—practically all the leading capitalists of Hungary.

Czechs to Honor Dr. Everett Plass With Highest Award

The highest honor of the Czechoslovakian government is to be awarded Dr. Everett Dudley Plass, professor and head of the obstetrics and gynecology department at University hospital.

Doctor Plass is one of 14 American doctors to be awarded the Order of the White Lion for work with a Unitarian medical teaching mission in Czechoslovakia last summer.

Although the awards are to be made at a reception at the Czechoslovak embassy in Washington, D. C. next Tuesday, Doctor Plass will be unable to attend.

Doctor Plass, who was vice-chairman of the mission, said yesterday the purpose of the mission was to help bring the Czechs up to date on modern medical practice.

For six years the Czechs had been shut off from the world under German domination, he said, and needed to gain knowledge of newer medical practices.

The mission gave demonstrations and lectures, and held clinics for hospital and instructional staffs in medical schools. Among the cities visited were Prague, Brno and Bratislava.

Many of the hospital buildings in Czechoslovakia are quite modern, said Doctor Plass. The hospital in Pilsen is even more modern than many in the United States, as it was started just before the German occupation.

Three new medical schools have been started in Czechoslovakia since the war, he added.

Doctor Plass has been professor and head of the obstetrics and gynecology department at University hospital since 1926.

Raises Death Total to 169 In Two Days

By THE ASSOCIATED PRESS

A series of airplane crashes unprecedented in the history of peacetime flying took the lives of at least 169 and possibly 172 persons Thursday and yesterday in Maryland, New York, Japan, Iceland, The Netherlands and Alaska.

At least 30 were injured and three missing.

Fifty-three persons perished Friday near Port Deposit, Md., in the crash of an Eastern Air Lines Newark-to-Miami plane—the worst of American commercial aviation disasters—about 23 hours after 39 were killed in a United Airlines transport crackup at New York.

In other plane mishaps, 40 were killed in Japan, 25 in Iceland, 12 in the Netherlands, and three were missing in Alaska.

Nine were injured in the New York crash and nine in Alaska. In Bogota, Colombia, 12 members of the Colombian army air force were injured in a crash landing after their transport plane collided with a buzzard in the air.

Until yesterday's tragedy, the nation's greatest commercial airline disaster was Thursday's fiery crash of a United Airlines DC-4 during a thunderstorm as it took off from New York's La Guardia field.

In Japan, a C-54 army courier plane crashed southwest of Tokyo and the bodies of 40 persons aboard were reported burned beyond recognition.

The army ship, inbound on a routine flight from Korea, apparently had exploded as it approached Takahawa airfield for a landing.

Three members of a crew of a B-29 that crashed shortly after the takeoff at Fairbanks, Alaska, were still missing yesterday. Nine other crew members who survived the crackup were injured.

At Tillburg, The Netherlands, 12 were killed in a collision of two planes.

In Iceland, searchers found the bodies of 25 persons in the wreckage of an Iceland Airways DC-3 plane which crashed on a rocky mountainside Thursday.

Hint of Veto Makes Fate of Labor, Tax Measures Uncertain

WASHINGTON (AP)—The possibility of presidential vetoes for one or both of congress' major measures—labor union regulation and income tax reductions—surrounded them with uncertainty yesterday.

Maintaining strict silence about his present attitude, President Truman prepared a place on his busy schedule for the two bills which will reach him next week after the formality of final house and senate approval.

This means he will have until about mid-June to approve or veto the bills, both of which went far afield from his recommendations. A veto of both would not be surprising in the light of his own proposals to congress but this is regarded as by no means certain.

The chances of passing the labor bill over a veto appeared better than those of the tax bill, if only because of the size of the majorities which they mustered. In addition, Senator George (D-Ga.), a leader of his party on fiscal matters, said he will refuse to support the tax cut if it is vetoed. He vetoed for it "reluctantly."

A two-thirds majority of those voting in each chamber is required to defeat a presidential veto.

Senate and house approved by greater than two-thirds margins their own labor bills designed to restrict strikes and union activities. These were meshed into a single compromise measure which will be up for final approval sometime next week in both houses.

President Truman has opposed reductions at this time and has warned of an inflationary effect. He will have 10 days to act after the bill reaches his desk.

Maryland Crash Kills All Aboard

PORT DEPOSIT, Md. (AP)—Fifty-three persons, one of them an infant in arms, were killed last night in the crash of an Eastern Airlines DC-4, in the worst of American commercial aviation disasters.

Eastern Airlines identified as its own the big ship which tore through the trees in a hilly section three miles east of this northern Maryland community. It said 49 passengers, one of them a baby, and four crew members were aboard.

The flight was southbound No. 605, enroute from Newark, N. J. to Miami.

State police said not a person survived the catastrophe, in which bits of plane wreckage and dismembered bodies were strewn for dozens of yards around the point where the ship struck.

Flying low over the hills south of the Pennsylvania border, the four-engined ship was seen by witnesses to wing over and plunge into the trees.

An explosion, which shook buildings miles away, followed and a fierce fire broke out.

Crumpled sections of the plane, badly torn bodies and heaps of clothing were dumped over an area which some witnesses described as a thousand yards square.

The baby killed in the crash was identified by Michael Rosenberg, of Newark, as the child of his sister, Mrs. Edward Stuart of Miami, Fla.

He said the child, Michael, was a year old Wednesday and that Mrs. Stuart was returning home after a ten-day visit with him and with her mother, a resident of Jersey City.

Stuart is a concessionaire in a Miami hotel.

By 11 p.m. (CST), almost seven hours after the crash at 5:19 p.m., 50 bodies had been recovered. Some of the wreckage still smoldered and the darkness hampered the dozens of men searching for victims.

The bodies, as found, were placed together near the main section of the plane and covered with sheets. They were scheduled to be taken in the morning to the U.S. navy training station at Bainbridge, three miles away.

The scene of the nation's worst commercial air disaster was in the area known as Whittaker's Barrens, about 500 yards from the nearest country road. It is a rugged section about three miles from Port Deposit.

Pilot of the plane was Capt. William E. Conner, 46-year-old wartime commander of the navy's famous Mars flying boat. He piloted the Mars on his first mission in 1943 from Patuxent, Md., to Natal, Brazil.

The co-pilot was K. Willingham, the pursuer was Theodore Lundstrom and the stewardess, Helena M. O'Brien, all listed as from Miami.

Rescue workers and others who struggled through the forest to the crash scene reported that not a body they saw escaped mutilation.

Trees were torn out by the roots in a wide swath. Among the shattered trunks, in the undamaged trees nearby and in the thick underbrush, navy corpsmen and civilian volunteers came upon scenes of horror.

A thorough search of the crash area would have to wait until daylight, when investigation of the cause of the catastrophe was scheduled to start.

Clifton Jackson, whose home is near the scene of the crash said: "The sight was awful. The plane had broken off great trees, five or six, as it swept to the earth with such force as to tear its motors loose and spill them over the swamp."

There was litter everywhere. There was scarcely a bit of the plane that was recognizable. Bodies, badly mutilated from the force of the explosion, were scattered about.

Items of clothing hung from the foliage. There were pocket-books and gay colored clothing of women.

Paralyzed War Veteran Edits Monthly Paper For 'Fellow-Sufferers'

NEW YORK (AP)—A paralyzed war veteran who lost the use of both arms and both legs in an army accident four years ago yesterday is waging a quiet battle for fellow-sufferers—editing a monthly paper devoted to their interests.

John M. Prices, 36, of Stroudsburg, Pa., the "Quadruplegic" veteran, founded "The Paraplegic News" a year ago and wrote every article contained in some of the early issues.

Sitting in a wheelchair in the Bronx veterans hospital, Price taps out his copy on a special electric typewriter.

Price uses the eight-page publication to push programs designed to benefit the estimated 2,200 paraplegic former soldiers and sailors in the United States.

Car-Train Wreck Kills Newlyweds, 4 Others

HAMMOND, Ind. (AP)—Six persons, including a bride and her husband who had been married only 90 minutes earlier, were killed yesterday when their automobile and a westbound Pennsylvania railroad passenger train collided between Dyer and Munster.

Dead in the accident were Ray Brock, 40, of Highland; Viola Brock, 41, his wife; Greta Brock, 15, a daughter; Kenneth Brock, 5, a son; Mrs. Juanita Graham, 17, another daughter, and Chelso Graham, 20, Mrs. Graham's husband.

Bill Allowing Rent Hike of 15 Percent Up for Vote Monday

WASHINGTON (AP)—Congress yesterday appeared certain to rewrite rent controls and give president Truman the problem of accepting them or risking no control at all when the present law expires June 30.

A bill with a permissive 15 percent rent hike clause which most democrats opposed comes up for expected final passage Monday in the senate. A house measure has the same feature. But there are other differences which will require further deliberation in conference committee.

Supporters of the bill say they are in good strategic position. They contend that if the final version is vetoed and dies, another measure could not be passed in time to prevent controls from lapsing.

In Tributes Around World— Nations Honor American Dead

BY THE ASSOCIATED PRESS

The nations which United States soldiers died to liberate joined Americans at home yesterday in Memorial day tribute to the men in khaki who didn't come back.

Eight European nations and the United States' proud Pacific offspring, the Philippine republic, participated in America's day of remembrance.

In the United States thousands of communities had their parades and memorial services. Prominent speakers used preparedness as their keynote for this Memorial day, which began a three-day holiday for millions.

200,000 Graves

Royalty and statesmen joined military leaders in homage at 200,000 American graves in Europe. Among those pausing in tribute were Prime Minister Pierre Dupong of Luxembourg and Queen Wilhelmina of the Netherlands.

President Manuel Roxas of the Philippines in Manila said simply: "We shall never forget them."

In Washington President Truman spent a quiet day "catching up on his work" at the White House, aides said, and his wreath was laid at the tomb of the un-

known soldier in Arlington national cemetery by Col. Don E. Lowry of the president's staff.

At Hyde Park, N.Y., friends and neighbors of the late President Roosevelt gathered at his grave for a memorial service at which Secretary of War Patterson asserted "men in every land will take heart" if the United States does its utmost to "achieve, prove and promote democracy."

156 Meet Violent Death Over Holiday

BY THE ASSOCIATED PRESS

At least 156 persons met violent death Thursday and Friday as the nation moved into a three-day Memorial day holiday marred by plane crashes, a train wreck and highway accidents.

Only 41 traffic deaths had been reported throughout the country during the first 24 hours of the holiday. For most persons, the holiday started at the close of work day Thursday.

The National Safety council forecast that 275 persons would be killed in traffic accidents during the three-day period.

Patterson said of Roosevelt that "to all Americans he and the host that died in the same cause have left a solemn duty—to do our full part to bring to reality the hope of world peace."

At Baltimore, Paul H. Griffith, national commander of the American Legion, declared in emphasis preparedness that "our indifference to national security has sent nearly half a million patriotic Americans to death."

Attorney General Tom C. Clark participated in the services at Arlington cemetery where he warned that the "great values" of the American way of life "can be maintained only by constant struggle."

Flowers and many thousands of flags decorated soldier-graves dating back to the Civil War in the United States.

In New York City police-estimated 350,000 persons watched 32,000 paraders, who were reviewed by Mayor William O'Dwyer from the soldiers' and sailors' monument on Riverside drive.

Leftists Shunned by De Gasperi In Shake-up of Italian Cabinet

ROME (AP)—Premier-designate Alcide De Gasperi announced last night he had chosen a new Italian cabinet composed of members of his Christian Democratic party and independents, leaving Communists and Socialists out of the government for the first time in three years.

After six days of negotiation with political leaders during which he met bitter hostility from leftist parties angered at the prospect of being ignored in the cabinet selections, De Gasperi told newsmen as he left the office of provisional provisional president Enrico De Nicola:

"Positive Results"

"I have concluded my labor with positive results."

De Gasperi, whose cabinet selections De Nicola approved last night, said the official announcement of the new list would not be made immediately.

This man was understood to be Cesare Marzagora, 49-year-old Milan industrialist, who is slated for the industry-commerce or the foreign trade portfolio and who is now in Brazil on business.

Doesn't Mention Charges

In a brief statement to newsmen, De Gasperi made no reference to Communist - Socialist charges that their exclusion from the cabinet indicated that he was attempting to establish an Italian dictatorship.

A reliable Christian Democratic source said the new ministry was composed of 10 or 11 members of that party and four or five other men who would serve as independents, although some of them were affiliated nominally with other political parties.

These included Carlo Sforza, 73-year-old diplomat-author and foreign minister in 1920-21, as foreign minister—a post he held in the outgoing cabinet; and Luigi Einaudi, also 73, governor of the Bank of Italy who was expected to receive a new cabinet post whose charge would be to balance the Italian budget.

# Mauri Rose Wins Indianapolis Speedway

## Noses Holland at Finish Line; Shorty Cantlon Dies in Crash

By CHARLES W. DUNKLEY  
 INDIANAPOLIS, Ind. (AP)—Mauri Rose of Chicago triumphed over a teammate by seconds yesterday in winning the 31st renewal of the 500-mile automobile classic in which 43-year-old William "Shorty" Cantlon, Indianapolis driver, was killed.

Rose, 41, was co-winner of the 1941 race with Floyd Davis. It was his ninth start in the Indianapolis motor speedway event.

The triumphant winner, a grand little guy with a short black mustache, dramatically snatched the lead from Bill Holland of Bridgeport, Conn., with less than 17 miles to go. Holland, 39, a dirt track veteran, making his first appearance at the speedway, led or 258 miles until the flying Rose overhauled him on the south turn on the 483rd mile and streaked on to victory.

The spectacular duel between Rose and Bill Holland, his teammate, was witnessed by a crowd in excess of 125,000.

Rose, who made only one pit stop of a minute and 40 seconds for a tire change, covered the perilous 500 miles in 4:17:52.17 to average 116,338 miles an hour. This was the second fastest race in speedway history being eclipsed only in 1938 when the late Floyd Roberts averaged 117.2 miles an hour.

Rose finished exactly 32 seconds ahead of Holland, with Ted Horn of Paterson, N. J., trailing in third place, two and one-half minutes behind the winner. Cliff Bergere, 50-year-old Toledo, O., veteran, was fourth.

Jimmy Jackson, Indianapolis, runner-up in the 1946 race, finished fifth with Rex Mays, Glendale, Calif., sixth in an original starting field of 30.

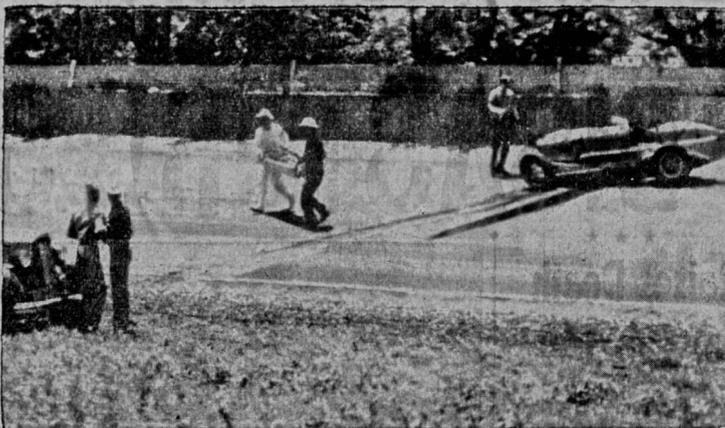

Only 12 cars survived the punishing grind.

Cantlon lost his life trying to avoid a collision with Holland as Cantlon was tearing around

the two and one half mile brick course on his 100th mile.

Holland had spun on the deadly southwest turn with his car ultimately shooting into the grassy infield. Cantlon, seeing danger ahead, shot to the top of the track to avoid hitting Holland. His car crashed into an eight-foot high outside retaining wall with terrific impact in sight of thousands of spectators occupying the two spacious stands at the turn.

The victor, Rose, and his teammate, Holland, drove identical brand new cars. They are the conventional four-cylinder type with a front drive and were designed by an old time race engineer and driver, Lou Moore of Ventura, Calif., who was in charge of the pits.

## Jack Davis Wins Mile Run at Drake

DES MOINES (AP)—Jim Gehrdes, of Drake, turned in the outstanding individual performance at the Iowa A.A.U. track meet here yesterday, finishing first in the 120-yard high hurdles, the 100-yard dash and the 220-yard dash.

Drake pretty well dominated the senior division track events, winning, besides Gehrdes' pet events, the mile run, the 440-yard dash, the two-mile run, the 880-yard run and the mile relay.

Jack Davis, Iowa City prep ace, turned the junior division mile in 4:31.5. The junior runners were paced for the first three laps by Bill Mack and Pat Bowers of Drake, the only entrants in the senior division of the mile run. Mack and Bowers pulled away in the final lap, Mack winning in 4:22.

Hawkeyes a .500 rating in the Western conference final standings with a 6-6 record.

Faber was the whole show in the first five innings when he retired 14 of the 15 batters to face him. Benny Schadler, Wildcat first baseman, got on in the third by walking but was caught off first base and tagged out going in to second.

Iowa hitters got Moose a one run lead in the third when Lyle Ebner singled and came home on Bud Flanders second straight single.

Moose coasted along until the sixth when four straight Wildcat singles produced a run. Bob Gerrie started it off, went to third on Hal Schulz's blow and scored when Don Burson drove one through the middle.

Iowa was still in trouble when Eob Wilson singled to load the bases. Moose bore down and made Chuck Hendricks force Schulz at the plate and the side was retired when Keith Kafer picked up Bill Schwarz's grounder and forced Hendricks at second.

Northwestern's winning run came in the seventh as the result of Second Baseman Jack Dittmer's error. Regis walked, was sacrificed to third, and with two down scored when Dittmer bobbled Gerrie's ground ball.

Over the route Faber allowed a total of seven hits, two walks and struck out eight men.

Hal Schulz was the winning hurler and limited Iowa to five

## U.S. Golfers In British Final Round

CARNOUSTIE (AP)—For the first time a pair of Americans Willie Turnesa and Dick Chapman, will meet today in the 36-hole final for the British amateur golf championship over windswept Carnoustie.

The two Walker Cup stars, both former winners of the American amateur crown, turned the classic into a private affair by scoring two resounding victories apiece yesterday and stifling Scotland's last hope that one of her own sons might succeed to the title won last year by Jimmie Bruen of Ireland.

Turnesa, a gem of consistency all week, yesterday turned back his teammate, Marvin (Bud) Ward of Spokane, Wash., 2 and 1, in a tense morning match and then romped to an easy 4 and 3 win over John Campbell, a week end player from Glasgow, in the semi-finals.

Though he didn't play sparkling golf himself, Chapman managed to subdue a pair of middle-aged Scotsmen who apparently were rattled by the occasion. His morning opponent, Robert Rutherford, took 43 shots on the front nine yesterday and continued in similar form on the home side until Dick closed him out, 3 and 2.

Sam McKinley, a 39-year-old Glasgow editorial writer, did even worse in the afternoon, but still carried Chapman to the last hole. The Scot went out in 44 to Chapman's 42 and came back in 42 to Chapman's 40. Chapman finally settled down to win it on the last two holes with a par on the 17th and his only birdie on the 18th.

Turnesa and Chapman, both native New Yorkers, met twice before in minor tournaments more than a decade ago, and each scored one decision. Today will be the rubber.

blows while striking out six. Besides Faber five other Hawkeyes ended their collegiate competition. They are: Doc Dunagan, shortstop; Bud Flanders center field; Don Thompson, first baseman; Bob Cook, reserve outfielder and Roy Stille, pitcher.

## Purdue Takes Lead In Big Nine Golf; Iowa Last Place

LAFAYETTE, Ind. (AP)—Purdue took the lead at the halfway point of the 28th annual Western conference golf tournament yesterday with a three-stroke advantage over second-place Ohio State. Michigan, defending champion, was another six strokes back in third.

Ed Schalon of Michigan was the individual leader with 144, two over par. Howard Baker Saunders of Ohio State was second with 147. Fred Wampler of Purdue was third with 149, Jack Zoller of Ohio State fourth with 150 and Mark Weildman of Wisconsin fifth with 151.

The meet will wind up with two more 18-hole rounds today. Each school entered six players, and the low four scores for each team comprise the team score.

Team scores: Purdue, 612; Ohio State, 615; Michigan, 621; Northwestern, 632; Illinois, 634; Minnesota, 640; Wisconsin, 642; Indiana, 649; Iowa, 651.

## Wildcats, Illinois Tied in Tennis Meet

EVANSTON, (AP)—The Western conference tennis championships turned into a dual match here yesterday as Northwestern and Illinois monopolized 16 of 18 semi-finals matches.

Conference titles in five of six singles divisions and two of the three doubles divisions will be won by either Northwestern or Illinois players when the finals begin this morning.

In the team standings, Northwestern held a slight half-point lead over Illinois. The Wildcats had counted 17½ points to 17 for the Illini. Other team points: Michigan, 9½; Wisconsin, 4½; Purdue, 3½; Ohio State, 3½; Indiana, 1½; Minnesota, 1½; Iowa, 0.

## Illini Lead Big Nine Track; Four Hawk Thinclads Quality

By JERRY LISKA  
 EVANSTON, Ill. (AP)—Superbly balanced Illinois began its team title defense with 16 qualifiers and Shot Putter Charles Fonville of Michigan made two record breaking tosses in the trials of the Big Nine outdoor track and field meet yesterday.

Hawkeye qualifiers in trials of the 47th Big Nine track and field meet were Jack Simpson, 100 yard dash; Tom Hall, 120 yard high hurdles; Dick Hoerner, shotput, and Jack Simpson, 220 yard dash.

Fonville, indoor champion, shattered the nine-year-old shot record of 52 feet, 11 ¼ inches by approximately a foot on each of his first two tosses. His first went 53 feet, 11 inches and his second a quarter of an inch further. Bill Watson, also of Michigan, set the former mark in 1938.

That was the only mark broken at Dyche stadium, much less threatened, as the defending Illini placed qualifiers in all except two of the nine events on the preliminary program. Finals in 14 events will be held this afternoon.

Wisconsin was next with six, followed by Minnesota with five,

Iowa with four and Northwestern and Purdue with three men each.

Giants Win Twin Bill; Cubs Split

Yorkers Rap Phils, 7-1, 5-3, Lead League

NEW YORK (AP)—Home runs by Rookies Bobby Thomson and Joe Lafata in the first and second innings gave the New York Giants a 5-3 win over the second game of a Memorial day double header before 46,848 fans. The Giants also won the opener, 7-1, to take a one game first place lead in the National league pennant race.

# America Carries Key to Peace

## Ladd Backs Policy To Stop Communism

America, "the hope of the world," must carry out its responsibilities in international affairs if we are to secure peace, Dean Mason Ladd of the college of law stated yesterday morning in a Memorial Day speech at Oakland cemetery.

We must not return to isolationism, he said, but must firmly maintain our policy against Soviet expansion as embodied in the \$400,000,000 loan to Greece and Turkey, our efforts to supply the starving peoples of the world and our changed attitude in support of China.

Communism will dominate Europe and the Pacific and will quickly spread through the world unless we maintain and increase our influence in those areas, Ladd declared.

### Need Favorable Influence

That influence is needed as much now as during the war, he said, for if the people of the world are given a true chance to choose between democracy and communism, they will take democracy.

We have been through dark hours in these postwar days and the most difficult period lies ahead, Ladd warned. But the United Nations, although not too successful yet has immeasurable possibilities for promoting the welfare of the people and preserving the peace, he said.

### Traditional Services

His talk followed decoration of veterans' graves in Oakland and St. Joseph's cemeteries under the auspices of various civic groups.

Earlier in the morning traditional ceremonies were carried out on the Iowa avenue bridge, honoring those who gave their lives in naval service. A City high school brass octet accompanied group singing. The Rev. Evans A. Worthley gave the invocation and benediction and flowers were strewn on the water. Memorial Day services also included a 9:30 a.m. parade through the downtown area and special services at several churches.

## PERSONAL NOTES

Guests in the home of Dr. and Mrs. Robert B. Gibson, 1029 Church street, are Mrs. Sherman Maxon and her daughter Helen of Walla Walla, Wash., formerly of Iowa City.

Mr. and Mrs. Ferd Gill of Chicago will spend the week end in the George L. Freyder home, 320 E. Davenport.

Prof. and Mrs. Robert Bowman, 1009 Highland avenue, will spend the summer months in Madison, Wis., where Prof. Bowman will teach at the University of Wisconsin.

Mrs. Roy Mackey, 222 E. Davenport street, entertained at a shower for Hazel Steen Wednesday evening. Miss Steen will be married to Roger Schmidt this summer. Students attending were Maeola Reed, Violet Adkins, Terry Grimes, Bernice Fain, Marj Jean Mackey, Beverly Nixon and Priscilla Binns.

The auxiliaries of VFW posts 3949 and 2581 served a dinner to 28 veterans at Oakdale Thursday evening.

Mr. and Mrs. Richard Tompkins, Route 1, are the parents of a

## Uruguayan Student Makes Her First U.S. Cross-Country Flight

Celia Testa, commerce student from Montevideo, Uruguay, yesterday made her first American cross-country flight when she flew from Iowa City to Des Moines.

Miss Testa received her American pilot's license two weeks ago and is the first foreign aviator to be issued a license by CAA flight examiner Paul B. Shaw since his appointment to that position in 1940.

A member of the Iowa City Flying club, Miss Testa received a pilot's license in her native country in 1942. She was accompanied on her Des Moines trip by Bob Enfield, A3, of Fort Dodge.

## TO WED IN AUGUST

**DR. AND MRS. G. W. RIMEL, Bedford,** announce the approaching marriage of their daughter, Doris, to Max Ross Knauer, son of Mr. and Mrs. M. R. Knauer, Guthrie Center. Miss Rimel will be graduated from the school of nursing June 7. Her fiancé is a junior in the college of commerce. The wedding will take place in August.

## Somebody Would Cheat

One of the examinations service personnel said some wag suggested an electroencephalograph (a machine which measures brain waves, that is) to eliminate writing and to score examinations.

The wag was quoted as saying the machine would be attached to the head of the student answering the questions. Evidently the more activity that went on inside the head the higher the score. In case of failure?

Easy. The machine is fixed to electrocute him.

## Firemen Prevent Heavy Damage to Car, Home

A small house fire and a burning car brought firemen out twice yesterday morning.

They extinguished a blaze, which slightly damaged a sill at the home of Robert H. Nelson, 119 Pearl street, after being summoned at 8:35 a.m. The fire was thought to have started among leaves outside the house.

A short circuit in the wiring of a 1939 Buick belonging to H. G. Ruppner, 330 Park road, called for another run at 9:45 a.m. Parked in front of 228 E. Church street, the automobile received slight damage.
