

Brace yourself! Today will be fair and hot with temperatures ranging from 100 to 105 degrees.

QUAKE JOLTS MIDWEST

Virginia Hill Accepts Guard; Won't Talk

Americans To Blame For Everything, Says Bugsy's Girlfriend

MIAMI BEACH, Fla. (AP)—Virginia Hill was under 24-hour guard by private detectives yesterday after she had been advised by Miami Beach Police Chief P. B. Short to "take precautions" for her safety.

"I have stated several times if it is a failure, I would leave this country and never come back. And I mean that."

She followed the advice, a Miami Beach detective remaining on guard until the private operative reported for duty.

She brushed aside questions as to whether she would visit Buggy's grave, and what New York and Los Angeles detectives asked her upon arrival in New York.

Both rushed toward Miss Hill to embrace her, but she ordered: "Chick, get into the house."

He hurried in, with the two women close behind.

Oak Ridge Boss

JOHN C. FRANKLIN has been appointed manager of the U.S. Atomic Energy Commission's Oak Ridge, Tenn., division, it was announced yesterday by acting AEC Chairman Sumner T. Pike.

Attack Case Progresses

Investigation into the attack May 6 upon E.S. Cooper showed "satisfactory progress," according to D.O. Bender, agent of the state bureau of investigation.

According to The Associated Press, Bender said in Des Moines he believed he knew who Cooper's assailants were. He declined to name the persons he believed were involved but said "substantial developments" could be expected by the first of the week.

County Attorney Jack C. White said last night that the investigation is proceeding without the support of Cooper whose "New England conscience" leads him to believe that "erring youth should be reached through methods of education and religion rather than through legal punishments."

Cooper is reported the victim of an "anti-semitic" attack by two assailants in the Jefferson hotel. An eye-witness has described the beating as "unmerciful."

Cooper is a former student of the school of religion and a teacher at the Hillel foundation here.

FIND DOWNED B-17
TRIESTE (AP)—A flying fortress containing the bodies of eight United States airmen has been discovered in 45 feet of water off Lignana, near here.

Odom Passes Anchorage; Heads Home

ANCHORAGE, Alaska (AP)—William Odom nearing the home-stretch in quest of an around-the-world flight record, notified Elmendorf field yesterday that he expects to arrive on his hop from Tokyo at 12:15 a.m., CST. The time is approximately two hours behind the earlier estimate of the field operations tower.

Earlier contacts with Odom were reported by both the army's operations tower at Elmendorf field in Anchorage, destination of the Bombshell, on a non-stop flight of more than 3,000 miles from Tokyo, and its Alaska communications system operator at Shemya, far out in the Aleutians.

The operations tower at Anchorage's Elmendorf field had predicted in late afternoon that the Odom plane would arrive at 11 p.m., Central Standard Time.

On his takeoff at Tokyo, Odom predicted he would set a new around-the-world record by "eight or 10 hours."

The big, blond airman and his converted A-26 Bombshell were 50 hours and 23 minutes out of Chicago and had covered more than 13,000 miles when he soared off the Tokyo runway at 5:16 a.m. (2:16 p.m., Saturday, CST).

There was another 6,000 miles to go, half of it on the Tokyo-Anchorage leg over the Pacific.

Odom, 27, set out from Chicago Thursday (11:53 p.m., CST), with the announced intention of halving the late Wiley Post's 1933 solo world record of 186 hours. He expected to surpass the record of 78 hours and 55 minutes which he himself set with a crew last April in the same plane as well as Post's mark.

The previous Odom flight began at New York, so exact comparisons are impossible, but his elapsed time from Chicago to Tokyo was only ten minutes more than the time from New York to Tokyo, giving him an actual advantage of several hours since he has less mileage still to cover.

Odom saved time by short ground stops and by flying direct from Calcutta to Tokyo, skipping the Shanghai stop of the previous flight.

He appeared more tense and nervous than tired, but said, "I'm getting pretty sleepy."

Cub Fliers Make Off-Record Stop For Weather Data

PRESSQUE ISLE, Me. (AP)—The first leg of a round the world flight in two light planes was completed here last night when former army pilots Clifford V. Evans and George Truman made unscheduled overnight halts to gather weather data.

Separated by clouds, Evans landed at 3 p.m. (CST), and Truman landed at Dow Field, Bangor, 21 minutes later to check reception of radio signals, he said. Truman flew on and joined Evans at Presque Isle about 5:30 p.m. (CST).

Evans, 26, of Washington, D. C., and Truman, 39, of Los Angeles, left Teterboro, N.J., shortly after 10 yesterday morning on a trip that will carry them 21,350 miles around the world in an estimated 30 to 45 days.

Evans said the fliers planned to leave this morning for Goose Bay, Labrador, and expected to reach England, via Greenland, Iceland and Prestwick, Scotland tomorrow morning.

Evans and Truman, wearing good luck charm gold shoes their wives pinned on their flying jackets just before they took off in their red-and-cream Cubs, said no trouble developed on the first leg of the flight.

Fugitive Shot By Trooper

ROME, Ga. (AP)—A rookie state trooper yesterday shot and killed Homer Shedd, 56-year-old tenant farmer, accused of the shotgun slaying of his eight-month-old son who was nursing in his mother's arms.

Trooper John E. Hulsey, an infantry veteran, felled Shedd with one rifle shot at a range of 100 yards. The small, wiry hillman had been sought by a posse for almost 24 hours in the rural northwest Georgia section.

Wounded in a previous exchange of gunfire, Shedd had told a frightened Negro he encountered in a cornfield that he never would be taken alive.

The posse, armed with rifles and sub-machine guns, had used bloodhounds in the all-night manhunt, marked by intermittent gunfire.

Call Tremor Biggest in Area History

No Serious Damages Or Casualties Listed In Four-State Report

BY THE ASSOCIATED PRESS
Several states were shaken briefly last night by a small earthquake which a Chicago seismologist said was "bigger than ever experienced before in the midwest area."

There were no immediate reports of serious damage or of casualties.

The quake occurred in an area within 100 miles from Chicago, starting shortly before 9 p.m. (CST), and continued several minutes.

Quake reports were received from Michigan, Ohio, Illinois and Indiana.

The Rev. Alphonse Schmitt, Loyola university seismologist at Chicago, said "the active center might have been in Ohio."

He said the quake was recorded as starting at 8:47:22 (CST) and tremors continued three to four minutes before it "completely ended."

It was "capable of small damage," he said.

Michigan state police whose East Lansing headquarters was swamped with phone calls from several cities, said the tremor apparently came at 8:47 p.m. (CST) in the west portion and was reported within three minutes from points in eastern Michigan.

No damage was reported from any of the points reporting.

Newspaper offices at Lansing, Detroit, Battle Creek, Saginaw, Benton Harbor, Jackson, Adrian, Ionia, Grand Rapids and other points were besieged by phone calls.

Among the first to report the quake at Jackson was Mrs. Richard Woodfield, who had just returned from California, where quakes are more common. She said she immediately recognized it and accurately timed it at less than 60 seconds.

RECORD UNIVERSITY ENROLLMENT
DES MOINES (AP)—Iowa universities and colleges expect a total enrollment this fall of 43,285, topping by nearly 5,000 the record 38,389 figure of last October.

Royal Jewels Lost; German Prince Plays Cat and Mouse Game

BERLIN (AP)—The vanishing jewels of German royalty lured American investigators on a \$2,000,000 treasure hunt last night through a bizarre maze that already has involved a dozen nationalities in Berlin's underworld and promises to lead to an international incident.

German Prince Ferdinand von Schoensich-Carolath told interviewers he and his wife had submitted to truth serum tests to satisfy investigators of the accuracy of his story that the jewels belonging to his mother, Princess Hermine, the late widow of Germany's last Kaiser, had mysteriously disappeared from a trunk in the house of an American friend where he had kept \$5,000,000 of the German royal treasure.

The nervous, 34-year-old who is blind in one eye from a war wound, said he had been shadowed by two NKVD (Soviet secret police) agents before the 29 gems disappeared, and was certain he had been betrayed to the Russians while playing a cat and mouse game with them and moving from apartment to apartment in an effort to shake them off his trail.

American quarters said the disappearance of Princess Hermine's jewels had the possibility of international complications because they had been smuggled from the Russian zone and the Russians might demand the rest of the treasure be returned.

The remaining 66 pieces have been deposited under U. S. guard in Frankfurt-on-Main, American headquarters city in Germany.

The prince said the 95 pieces, including gem-studded tiaras, ear rings, brooches, combs, toilet sets, snuff and powder boxes, bracelets, rings, and watches, were worth 50,000,000 marks or \$5,000,000 at present rates of military exchange. The value of the stolen pieces was \$2,000,000, he said.

"All I could tell the investigators," the prince said, "was that there were two keys to the trunk and I always kept both of them with me on a single string. One day, between morning and night, I lost one of those keys out of the brief case I was carrying with me and that night I noticed that 29 of the best pieces were gone."

Hughes Vows To Leave U.S. For Good if His Plane Fails

WASHINGTON (AP)—Millionaire plane designer Howard Hughes solemnly testified yesterday he would leave the country for good if his giant, much-criticized cargo plane fails to fly.

"I put the sweat of my life in this thing; my reputation is rolled up in it," he told the senate war investigating committee.

"I have stated several times if it is a failure, I would leave this country and never come back. And I mean that."

Hughes said he couldn't guarantee the plane would fly or that it would be a success—he only hoped it would. But the criticism of the project and of the money spent on it was "unjustified," he said.

During yesterday's session, Hughes denied, in an almost hurt tone, that any entertainment expenses were part of some \$150,000 in costs for the flying boat.

Before the committee quit for the day—the hearing continues tomorrow—Hughes testified:

1. He "certainly" knows of no "fraud or corruption" on anyone's part in obtaining the contract for the 200-ton flying boat.

2. "Hatred" by army officers prevented his getting orders for other planes before the war. The army wouldn't touch planes he designed "with a 10-foot pole."

3. It appeared "more than a coincidence" that the Lockheed company designed a twin-engine interceptor plane, which became the famous P-38 Lightning, after the army compelled him to "sit" four months on a similar design and Lockheed hired engineers he had to lay off.

4. The army turned down a pre-war plane, with which he set new world and cross-country speed records, because of its cantilever construction—a type Hughes said is used now in all planes. It took the army and navy eight years to equal his plane's performance, he said, but the Japanese patterned their renowned "Zero" after it.

5. The big cargo boat has been structurally complete for months. Hughes said the plane has passed the size where the controls can be operated by manpower alone.

6. The ship will not be "enormously efficient" or set any new speed records.

7. No person ever has "shown me any proof" that the late President Roosevelt "acted insincerely" in over-ruling underlings and ordering completion of the plane.

At the start of yesterday's hearing, Hugh Fulton, one-time chief counsel of the committee, was refused the opportunity to speak on Senator Brewster's (R-Me) testimony that Fulton attempted to stall off the inquiry in behalf of Hughes. (Brewster left yesterday for a Maine vacation.)

But Fulton had his say at a news conference yesterday afternoon. He said he could not have been called as a witness "without endangering" Brewster.

Fulton said he knew nothing of any offer by Brewster to call off the inquiry, but:

"Brewster was utterly unable to take issue with Hughes' fundamental charge that while Brewster was chairman of the committee investigating Hughes, and had occasion to meet Hughes only in connection with that investigation, Brewster used that opportunity:

1. To obtain free transportation, and

2. To attempt to sell Hughes on a program to which he was known to be bitterly and publicly opposed."

Defeat 'Anti-Labor' Congress—Murray

WASHINGTON (AP)—Philip Murray, president of the CIO, urged in the CIO News last night that unionists organize now to "keep out of office the congressmen and senators who voted against the people."

He gave this as his summation of what congress did:

"In the face of rising prices, falling incomes, and the housing shortage, the congress struck at collective bargaining between labor and industry, destroyed rent control, made housing for veterans and others more unobtainable, victimized the working farmer, and tried, though unsuccessfully, to favor the wealthy in tax deduction. Health, welfare, veterans and civil rights issues were sidetracked."

Forest Fires Rage Throughout Louisiana

By THE ASSOCIATED PRESS
Firefighters apparently won out yesterday over a series of brush and forest fires in the west but Louisiana crews battled the worst outbreak in the state's history.

Damage exceeded \$1,000,000 in Louisiana. More than 600 men were fighting at least 77 separate blazes, many of them, however, in sparsely settled areas.

Heat Melts Midwest; No Relief

FRONT PAGES of yesterday's London newspapers where the No. 1 news item was Hollywood's decision to halt shipments of American movies to England. Move was prompted by a new British import tax on films. The tax, announced Wednesday by Great Britain as a measure to combat that country's dollar shortage, was attacked by the film industry with the claim that it "in effect strangles American film shipments to England." The British described the levy officially as a 300 percent ad valorem payment. (AP WIREPHOTO)

Heat Over 100 To Continue

BY THE ASSOCIATED PRESS
One hundred degree plus heat returned to a wide area of the sun-seared midwest yesterday and weather forecasters said no "real relief" in rain or substantially cooler air was in sight.

The new heat wave worked eastward from Montana and the southern great plains states bringing temperatures in excess of 100 degrees to South Dakota, Missouri, Nebraska and western Iowa. Temperatures up to 100 degrees were forecast for the Great Lakes area by tomorrow.

Pierre, S.D., was one of the hottest places on the weather map with a 111 degree reading. Kansas City had 106 degrees.

Forecasters said a brief cooling off would take place tomorrow in the Dakotas and western Minnesota and bring temporary relief to most of the midwest by Tuesday night. However, they predicted temperatures would start rising again two or three days later.

A strong southwest air flow was blamed for the continued heat which brought four successive days of readings over 100 degrees in the midwest early this week. The cool air masses that start down from Canada have been small and are carried swiftly eastward.

Market Jumps Up As 'King Corn' Suffers

CHICAGO (AP)—A sizzling sun beating down on parched midwestern corn fields yesterday caused apprehension over the crop outlook and sent prices soaring to new historical peaks.

From one end of the main corn belt to the other all reports were the same—"king corn," most important of American feed crops, already was in trouble and soon would be in more if rains do not come soon.

As prices jumped to fabulous levels on the Chicago board of trade, crop experts scanned weather bureau forecasts of continued clear skies and high temperatures from Indiana to Nebraska, heart of the corn belt.

In Macy, Nebraska, the Omaha Indians scheduled repeat performances of their sacred green corn dance for last night and today. The dance—a traditional supplication for rain to keep corn green—was first held Friday.

In Chicago, center of the cash corn trading country, a car of corn sold at \$2.49 a bushel, which compared with a \$2.36½ peak established in August, 1917. All but the extreme lowest quality corn sold above that former record high. Cash corn brought a higher price than cash wheat for the second consecutive day, a most unusual price relationship.

World Government Plans Its Capitol

THIS ARTIST'S drawing of the projected skyscraper home of the United Nations (center, foreground, at river's edge) in mid-town Manhattan was released by Secretary-General Trygve Lie simultaneously with preliminary plans for construction of the unit which would take four years to build. (AP WIREPHOTO)

Dodgers, Cards Lose; Lead Remains at 4

Chattin' with Chad

By CHAD BROOKS,

If any of you happen to be wandering around the streets of Iowa City some fine morning about 3 a.m.—an hour traditionally reserved for sports writers and milk men—don't be too shocked if we come staggering along mumbling something about Bob Feller dashing around end for a hole-in-one.

Ya' see, the dog days of August are on hand and despite the common belief that they refer to the canine variety of dogs it's long been common knowledge in the city editor set that these days are the special property of those "poor dogs" that spend their time following the athletes.

And from now until the middle of October, sports desks from New York to L.A. will be a confusion of home runs, blocking backs, 30-foot punts and let-serves.

Here we are right in the middle of a National league pennant race that promises a four team knock-'em-down and drag-'em-out right up to world series time, and Dr. Eddie Anderson has to go and break into our baseball complacency with the information that 34 diamond . . . no, that's not right . . . I've got it, gridiron . . . candidates will soon be reporting for fall practice drills.

One is very much inclined to think, "Ye gods, not yet."

But such is the life of a sports bug so we'll say a fond farewell to those lazy days of worrying only about the front page of this sheet and tackle additional duties of trying to pick up the loose strings in the crazy world of muscle men.

Starting tomorrow the four teams that are making Ford Frick's loop the interesting major league this summer will start their final round-robin of the season, with each team playing each other one more home-and-home series.

Later this month St. Louis' Cardinals, pride of the western half of the National league, will attempt to storm the strongholds of the Eastern Big-Three—Boston, Brooklyn and New York—in a trip that could well decide the senior circuit championship.

We personally don't think the Red Birds have the stuff to hang in the thick of things during this trip—they haven't been a good road club so far this season and there is no reason to believe things will change this month.

However, come the second week in September and the boys from the East must take turns invading St. Louis and if the Cardinals are still close enough by that time, Eddie Dyer's boys are just liable to lower the boom and win going away.

Our own choice to cop the National league bunting still varies from day to day as key players on each team war alternately hot and cold. Right now we happen to be stringing along with the power boys from New York—but tomorrow it could be Brooklyn again. Predictions just aren't safe when Ford Frick's boys start acting up in typical National league fashion.

In the "Yankee loop" Bucky Harris' collection of has-beens and misfits is running away with things in a fashion that is most discouraging. We'll have more to say in the future about our own private opinion of a league that can be so dominated by a team of the present Yankee caliber.

On the home front, Dr. Eddie Anderson's "guest-list"—54 would-be football players who have been invited out for the opening of practice drills—looks mighty nice.

There seems to be a slight weakness at left half, depending on the tricky under-pinnings of one Willard Shaw—former all-state half back who could make or break the '47 Hawkeyes. The rumor factory says Shaw's war-battered legs are in good shape now, but we'll wait and see.

His spring showing was most discouraging. The line looks better than ever, the backs adequate, the passing much improved, the speed—well you can't have everything.

And in passing we'd like to mention a pretty fair baseball team right here in Iowa that is apt to make things mighty interesting in the coming month. We're referring to those Bruins up in Des Moines who went into last night's play 5 1/2 games behind the Western league's pace-setters, but riding the crest of an eleven game victory streak.

The Bruins started hot this year, collapsed when the parent Chicago Cubs pulled stars Bob Rush and Cliff Abernethy up the ladder to higher classification clubs, and now are climbing steadily again on the strength of a couple Cub-supplied replacements, Paul Lammers and Jim Burns.

Lammers, a right-hander chucker, extended the Bruins streak to eleven last night with a neat 7-hitter. And Burns, the burly outfielder, has highlighted the streak with a regular flood of extra base blows.

The Bruins proved conclusively the popularity of baseball in the Iowa capital city Friday night when their home attendance for the year went over the 100,000 mark. The fans like the ball club, the Bruins are putting on a plenty good show, and it looks like Class A baseball has returned to the corn belt to stay.

Bums' Slump Continues as Phils Win, 5-3

BROOKLYN (AP)—Staving off a ninth inning rally with the bases full and only one out, the last place Philadelphia Phillies defeated the Brooklyn Dodgers, 5-3, yesterday to snap a seven-game losing streak and throw another banana peel under the Brooks' skidding spikes.

Al Jurisich, third Philly pitcher, came in with the sacks clogged and forced Carl Furillo to hit into a double play, third baseman Gene Handley to Emil Verban to Howie Schultz.

The defeat, the Dodgers' seventh in their last nine games, was forced upon them by Schultz, an ex-teammate. With two out and the bases full in the sixth, Schultz, sold to the Phillies last May, got revenge on his old mates by slamming a 2-0 pitch into the left field seats for a grand slam homer that wiped out a 1-0 Dodger lead.

Beaned

ELMER VALO, Philadelphia Athletics' right fielder, lies unconscious on a stretcher as teammates crowd around to give him assistance. Valo was hit on the head by a pitched ball from Sid Hudson in the A's-Senators game yesterday afternoon at Shibe park. The accident occurred in the third inning. Valo later regained consciousness and was removed to Graduate hospital for further examination. (AP WIREPHOTO)

Bucs Break Card String At Eight, 5-4

ST. LOUIS (AP)—An eighth inning home run by Hank Greenberg ended the St. Louis Cardinals current victory streak as the Pittsburgh Pirates downed the Birds 5 to 4 last night, keeping the losers four games behind the league leading Brooklyn Dodgers. St. Louis tied the score three times but failed to match the last run in their two times at bat.

Howie Pollet went all the way for the losers, giving up nine hits, including Greenberg's blow and a circuit clout by Ralph Kiner in the fourth which opened the scoring for Pittsburgh. Reliever Kirby Higbe came on the mound in the seventh for the Pirates to get credit for the win.

After Kiner's round tripper, Greenberg walked, Wally Westlake singled and Big Hank came home on Jim Bloodworth's long fly to right center field for the Pirates' first two tallies.

The Cards opened up on Starter Mel Queen in the fifth with Marty Marion's double which sent Whitey Kurovski, who walked, to third. Del Rice grounded out with Kurovski scoring. Pollet tied the game with a single.

Both teams collected a run in the sixth and again in the seventh to lead up to Greenberg's winning blow and giving the lead to Pittsburgh for the fourth time in the eighth.

Furgol, Hogan Trail at Esmeralda

Keiser Paces Tourney

SPOKANE, Wash. (AP)—Gaunt Herman Keiser of Akron, Ohio, fired an even-par 70 to cling by a single stroke to the lead in the third round of the \$10,000 Esmeralda Open golf tournament at the Indian Canyon course.

Dusty winds and a sudden rain combined to put the par smashers off their game. Ed Furgol of Pontiac, Mich., who has chipped steadily at the Keiser advantage, had a 69 to take over second place all by himself with 205 for the 54 holes. One day of play remains in the chase for the \$2,000 top money.

Ellsworth Vines of Los Angeles matched the Furgol 69 and Ben Hogan of Hershey, Pa., had even par, the two of them sharing third spot one blow back of Furgol.

Marvin (Bud) Ward of Spokane blew sky high to take a 75—10 strokes above his great round yesterday—and skid to 212. He still led the amateurs.

The leaders: Herman Keiser, Akron, Ohio, 134-70-294; Ed Furgol, Pontiac, Mich., 136-69-205; Ben Hogan, Hershey, Pa., 136-70-206; Ellsworth Vines, Los Angeles, 137-69-206; George Payton, Hampton, Va., 138-69-207; John Palmer, Badin, N. C., 137-70-207.

Sain Whips Giants, 9-4

NEW YORK (AP)—Johnny Sain, one of the two 20-game winners in the national league last year, gained his 16th triumph of the season yesterday, as the Boston Braves won their second in a row from the New York Giants 9-4.

The victory enabled the Braves to move within a game of third place and seven games behind the first place Brooklyn Dodgers who lost to Philadelphia.

Cubs Split With Redlegs

CHICAGO (AP)—The Chicago Cubs and the Cincinnati Reds split a twin bill yesterday, the Cubs taking the first game, 8 to 1, and the Reds the second, 5 to 0, behind Rookie Everett Lively's eight-hit pitching.

The Cincinnati victory ended a five-game losing streak.

Paul Erickson's four-hit relief pitching for the final seven innings assured the Cubs of victory in the opener. Chicago took a 2-1 lead off Ken Raffensberger in the first and swelled it to the final 8-1 count with a six run fifth against Raffensberger and John Hetki. Clyde McCoullough's double with the bases loaded featured the big fifth.

Accompanied by the moans of the 31,973 present, the Reds bunted their way to all their runs in the nightcap. Three infield singles, two of them bunts, a long fly and Bert Haas' double produced two runs off Claude Passeau in the fourth.

Marchildon Captures 14th Win as Mackmen Pound Senators, 8-1

PHILADELPHIA (AP)—Fidgety Phil Marchildon, brilliant Philadelphia Athletics' right hander, became the second pitcher in the American league to record as many as 14 victories yesterday as he pitched the Mackmen to an 8 to 1 decision over the Washington Senators before 8,042 at Shibe park.

Marchildon now is tied with Allie Reynolds, of the New York Yankees.

Not only did Marchildon limit the Senators to seven hits and hold them scoreless until the ninth but he chipped in with his first home run of the season and two singles to lead the Athletics' attack against a trio of Washington pitchers.

The Macks had a sad note injected into their victory with the "beating" of outfielder Elmer Valo in the third inning. Valo, who was struck on the back of the head by a Sid Hudson pitch, was removed from the field on a stretcher and although he regained his senses in the clubhouse was removed immediately to graduate hospital.

Sioux City Loses Vet Tilt

ST. JOSEPH, Mo. (AP)—The Midland, Mich., Berry's Kids last night defeated the Sioux City, Ia., team in the youth division of the VFW National softball tournament, 16-1, dropping the Iowans into the loser's bracket.

Complete Auto Meets Packers Here Tonight

Wilson Packers from Cedar Rapids will tangle with the Complete Auto Service Cardinals in a double-header at Kelley field at eight o'clock tonight.

The Cardinals will face Southpaw Bill Jones, whom they beat earlier in the season by a score of 3-2, as the result of a home run by Joe Maher at Ellis park in Cedar Rapids.

The Cardinals defeated the Packers twice in the parlor city at the beginning of the season. The Packers team is much the same as the one that won the first Iowa City Softball tournament last September.

In the four team circuit, The Midwest Softball League, each of the clubs has a .500 average.

Waterloo is tops in games won and lost with six each.

Each of the other three clubs sport a four and four average.

This is the second action of the week for the Cardinals, having split a twin bill with John Deere Tractor of Waterloo Tuesday night.

At Kelley field Tuesday, a return game will be played by the Cardinals and the Hills Wildcats.

Kell Paces Tiger Win Over White Sox, 8-4

DETROIT (AP)—The hitting of George Kell, sturdy third baseman who got four hits in four times up including a homer and two doubles, helped the Detroit Tigers whip the Chicago White Sox 8 to 4 yesterday to crack Pitcher Paul (Dizzy) Trout's five-game losing streak.

Kell's perfect day at bat lifted his average to .343 and made things much simpler for Trout, who was batting out of the box in the seventh inning but received credit for his first victory in eight starts since June 29.

Detroit collected 12 hits, all but two off starter Orval Grove, who retired after five innings to his sixth defeat and gave way to Edgar Smith, who yielded two hits and two runs the rest of the way.

Indians Take Browns In Twin Bill, 5-2, 5-4

CLEVELAND (AP)—Cleveland's Indians twice downed the St. Louis Browns yesterday, taking the first match 5 to 2 on Bob Lemon's pitching and hitting, and winning the second 5 to 4 when Manager Lou Boudreau drove in a run in the 10th with a double.

The victory gave the Tribe a 3 to 0 lead in their five-game series.

Lemon held the Browns to six hits in gaining his fourth victory, drove in two runs with a fourth-inning triple and then scored himself when Dale Mitchell singled.

Doerr Stars as Bosox Paste New York, 6-4

BOSTON (AP)—Bobby Doerr smashed two home runs, each with Ted Williams on base, to drive in four runs and lead the Boston Red Sox to a 6-4 victory over the New York Yankees. The Red Sox victory, their second in a row over the Yankees, reduced the American league leaders' margin to 11 1/2 over Boston.

PERSONAL NOTES

Dr. and Mrs. Carl Neff, 720 N. Dubuque street, are the parents of a son, born Friday at University hospital. The baby weighed 7 pounds 8 ounces and has been named Steven Carl.

Mr. and Mrs. William J. Bauer, 603 E. College street, are visiting in Toledo, Iowa, where they will attend the wedding of Catherine Yerkes at 2 p. m. today.

Mrs. John Dornegren, Omaha, left for home yesterday after visiting a week with Atty. and Mrs. Will J. Hayek, 900 N. Dubuque street.

Judith Worton, Los Angeles, Calif., a 1944 graduate of the University of Iowa, is visiting for two weeks with her parents, Mr. and Mrs. Herman Worton, 426 S. Clinton street.

The Navajo Indian reservation is about four times the size of Massachusetts.

Following a reception in Fellowship hall of the church at 2:30 p.m., the couple will leave for a wedding trip to Minnesota. On their return they will be at home at 1007 N. Dodge street, Iowa City.

Miss Pitz is a graduate of the Amana high school. She attended Coe college, Cedar Rapids, and was graduated from the University of Iowa last June. Mr. Wilson, a graduate of the West Liberty high school, attended Coe college and is a junior in the college of medicine at the university.

The bride's father will accompany her to the altar. Her sister, Mrs. Helen Gugdel, will be matron of honor. Bridesmaids will be Alice Pitz, Middle Amana, and Mrs. John Maxwell, Davenport. Jack Wilson, a brother of the bridegroom, will be best man. Richard Marshall of Cedar Rapids and Everett Hendricks of Rockwell City will be ushers.

The Rev. James B. Hodgson will officiate at the double ring wedding ceremony.

The bride's father will accompany her to the altar. Her sister, Mrs. Helen Gugdel, will be matron of honor. Bridesmaids will be Alice Pitz, Middle Amana, and Mrs. John Maxwell, Davenport. Jack Wilson, a brother of the bridegroom, will be best man. Richard Marshall of Cedar Rapids and Everett Hendricks of Rockwell City will be ushers.

Cake Cutting Climaxes Reception

DOROTHY ANN ARMBRUSTER became the bride of Paul Leo Peterschmidt in a double ring ceremony at 2 p.m. yesterday in St. Thomas More chapel. The Rev. J. Walter McElroy officiated at the wedding service. The bride is the daughter of Mr. and Mrs. D.A. Armbruster. The bridegroom is the son of Mr. and Mrs. Alfred Peterschmidt, Fort Madison. A sister of the bride, Betty Armbruster, Iowa City, and ushers were William Voelckers, Iowa City, and Richard Rump, Fort Madison. A reception was held in the Jefferson hotel at 3 p.m. Mrs. Peterschmidt is a graduate of Iowa City high school and is a senior in the college of liberal arts at the university. Her husband, a graduate of Central high school in Fort Madison, is a junior in the college of engineering. The couple left for a two-week wedding trip to Estes Park, Colorado. They will be at home in Iowa City after Sept. 15.

PERSONAL NOTES

Prof. and Mrs. Ernest Horn, 832 Kirkwood avenue, have as their house guest, Mrs. Walter Jessup, New York City. Mrs. Horn is the granddaughter of Mrs. Jessup and the late Walter Jessup, former president of the University of Iowa.

Mr. and Mrs. William J. Bauer, 603 E. College street, are visiting in Toledo, Iowa, where they will attend the wedding of Catherine Yerkes at 2 p. m. today.

Schedules of hours for other departmental libraries will be posted

Near Swimming Pool Petition Goal

Mothers Get Bond Vote Action Started

The goal of 1,240 signatures of Iowa City voters to petitions requesting a special city election for an additional bond issue to finance a municipal swimming pool is expected to be reached today.

A spokeswoman for a group of Iowa City mothers circulating the petitions said last night that more than 1,000 persons have signed agreement with the project by signing the petitions.

The petitions will be presented to the city council at its meeting tomorrow night if the required number of signatures is obtained, she said.

The spokeswoman explained that the petition move started when several mothers got together and decided "they wanted a swimming pool for their children."

One of the group of mothers originating the petition plan gave credit last night to children who have been helping to gather the signatures.

"The children seem to be even more interested in the project than we are," the mother said.

Originators of the plan requested that their names be withheld.

"We don't want publicity. All we want is a swimming pool as soon as one can be built," one of them said.

The petitions request that the city council call a special election for the purpose of submitting the proposal to the townspeople and to get their authorization to contract an added indebtedness of \$50,000 for the construction of a municipal swimming pool.

They ask that bonds be issued for the necessary money and that a tax levy be put upon city property for payment of the bonds.

A \$62,500 bond issue was voted in 1941 to finance the construction of a municipal swimming pool. The project was postponed until after the war, and officials have estimated that a similar pool would now cost over \$100,000 to build.

Mayor Preston Koser, in a statement concerning the petitions, said yesterday that the city council has been trying to work on one project at a time.

"But if the people of Iowa City insist on the swimming pool project at this time, we will do what the people want us to do. We are their representatives."

The current "one project at a time" the mayor referred to is the proposed new Benton street bridge. Construction of that bridge will require a city bond issue of an estimated \$215,000.

Lagoon Water Level Hits Normal After Month of Pumping

Water level of the lagoon north of the University theater is back to normal after a month of intermittent pumping. The lagoon had not been within its rock wall confines since early spring.

When the early summer floods first came, the lagoon water level rose but did not nearly keep pace with the Iowa river. At one time it was estimated that the river level was fourteen feet above that of the lagoon.

On June 16, when the Iowa river was cresting a sewer main erupted at the northwest corner of the lagoon. The river, backing up through the sewer main, gushed muddy water which flowed directly into the lagoon.

Because there is no natural outlet to the lagoon, pumping was begun about a month ago. R. J. Phillips, superintendent of maintenance and physical plant operation, estimated that more than two million gallons of water were pumped from the lagoon into the Iowa river.

Barker Back from International Parley

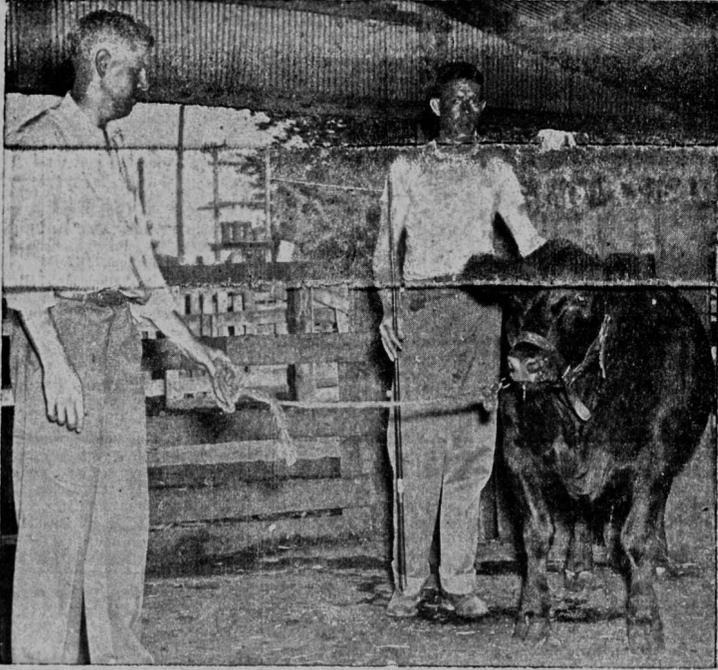

Dr. Samuel Barker, assistant professor of physiology at the university, returned last week from a trip to England where he attended the 17th International Conference of Physiologists in Oxford, England.

Approximately 1,000 persons attended the conference, which started July 21 and ended July 25.

Among foreign countries represented were Italy, France, Hungary, Belgium, Holland, Scandinavia and Russia.

Dr. Barker made the round trip from New York to London by air. Next international conference of physiologists is scheduled for 1950 in Copenhagen, Denmark.

To Live Is But To Die—Grand Champion Angus

THAT'S \$600 WORTH OF BABY BEEFSTEAK at the end of the halter rope held by Harold Gatens at the Iowa City Sales barn. The steak, in the form of "Kilroy," grand champion black angus shown at the 4-H show by Lyle Zimmerman of Oxford, was sold to D.J. Gatens and sons Harold and Edmund (right) for 65 cents a pound yesterday. Gatens said they "bought the steer to eat" and that it would probably be processed into steaks within two weeks.

Baby Beeves Bring \$34.21 At 4-H Auction

Baby beeves sold at an average of \$34.21 per hundred weight yesterday afternoon at the Johnson county 4-H club auction.

Bidding rose fast and high when the grand champion, a glossy black angus called "Kilroy," weighing 930 pounds, was led around the ring to start the sale. He was bought by the Iowa City Sales company which will pay the owner, 4-H member Lyle Zimmerman of Oxford, \$65 per hundred weight.

One hundred twenty-three head of cattle were sold yesterday. A total of \$37,764.01 was paid for 110,400 pounds of live beef. Twenty-one head of cattle were sold in lots of three. The average price paid for these lots was \$31.40 per hundred weight.

Ladonna Stubbs, Iowa City, received \$35 per hundred weight from the J. C. Penny company for her first prize junior Hereford. First prize winner in the intermediate Hereford class an animal belonging to Carl Jensen of West Liberty, was sold at \$39.50 per hundred weight to the Consumer Cooperative society.

First prize heavy Hereford, raised by Lawrence Barnes, Iowa City, was bought by Wilson and Company, Cedar Rapids, for \$35 per hundred weight.

First prize junior shorthorn went for \$32 to the Rath Packing company and the first prize senior shorthorn brought \$35 from the River Products company. Kenneth Krueger, Oxford, raised the junior shorthorn and Francis Nue-zil, Tiffin, raised the senior shorthorn.

First place animals in the light weight, junior, intermediate, senior and heavy angus classes were sold for an average of \$41 per hundred weight. The angus winners belonged to Esther Hemmings, Iowa City; Jack Hoffman, Lyle Zimmerman, and Keith Hem-tiffin; Dean Steckly, Oakdale; Ingway, Iowa City.

Trailer Bogs Down As Wheels Drop Off

An automobile transport carrying four new cars and driven by Joseph Kaminski of Washington, Michigan, lost the right rear wheels of the trailer at the southeast corner of the intersection of Washington and Dubuque streets at 8:45 last night.

The sheer weight of four automobiles on the trailer snapped the bolts on the hub, causing the remaining wheel to drop off just as the transport approached the intersection.

The mishap partially blocked traffic and police were on duty to keep cars moving.

The automobile cargo was not damaged.

Hindu custom forbids a wife to utter her husband's name.

Rain, Then Drought Boosts Market

Corn Crop Faces Threat

By GAIL MYERS

Remember how it rained in June? Remember the flood reports from Ottumwa, Des Moines and here in Iowa City? Remember the 1.8 inches of rain in one hour on July 12?

Today lack of water in the great American corn belt is seriously threatening the corn crop.

Two more rainless weeks, the Iowa crop and livestock reporting service states, will seriously cut Iowa corn production prospects. Late planted corn which includes about nine percent of the total acreage will produce little if any grain.

The outlook for sufficient rain in the next two weeks to relieve dry areas is not good, according to H. C. S. Thom of the U. S. weather bureau in Des Moines.

During June when the average rainfall computed on the basis of a 50 year study, should have been 4.0 inches, this area received nearly twice that amount 8.87 inches. July with 2.87 inches, was a little below its normal of 3.67 inches.

But no appreciable rainfall has been recorded here since July 12. This area is still ahead of its normal rainfall total for this time of year, and the university hydraulic laboratory reports the river still above normal for the season.

But the fact that the dry period occurred immediately following corn silking will seriously impair the crop, according to the reporting service. Ample moisture is needed at this time for development of corn ears.

High temperatures the past few weeks have pushed market prices on corn to all time highs. The market closed yesterday with September corn selling for \$2.38 and cash corn for \$2.48.

In spite of the threat of drought conditions, Iowa State college farm economists Carl Malone and Herb Howell believe the situation is not so critical as in other drought years. Farmers are assured of a large supply of roughage, and pasture conditions are still favorable. There is also the feature of a fairly large corn carryover, the economists say.

No major droughts have occurred since 1936 according to weather bureau statistics. Figures on major drought years since 1899 show 11 years when scarcity of rain or bad annual distribution caused drought conditions. Iowa figured in eight of these dry periods—1899, 1894, 1901, 1910 (driest year on record in this vicinity), 1930, 1933, 1934 and 1936.

Whitebook Files Suit Against Bus Company

A suit for \$140.99 damages was filed yesterday in district court by Ben Whitebook, 412 Garden street, against the Interstate Transit lines.

An automobile accident involving Whitebook's car and a Greyhound bus on Nov. 22, 1945, at the intersection of Muscatine avenue and Garden street brought on Transit lines.

Whitebook asks judgment for \$75.99 in repairs to his auto and \$65 for loss of its use. He is represented by Attorney Eugene Col-train.

Petersen To Address Annual 4-H Banquet

William J. Petersen, superintendent of the State Historical society, will be the main speaker tomorrow night at the 7th annual Johnson county 4-H club banquet.

The banquet is sponsored by the First National bank, and will be held in the Jefferson hotel at 6:30 p. m.

Emmet C. Gardner, Johnson county extension director, will introduce 4-H club leaders and champions in judging at the festival just concluded.

Toastmaster for the occasion is Frank D. Williams, president of the bank. Dr. Donald R. Mallett, assistant director of student affairs at Purdue university will lead group singing.

AFL Group To Hear Report on State Parley

John Talks of Sioux City, new business representative for state, county and municipal employes' unions in Iowa, will speak Monday night at the regular meeting of the University of Iowa employees local No. 12, AFL.

A partial report on the state convention held at Keokuk this week will also be heard, according to Ray E. Wagner, who was named to the election committee of the Iowa State Federation of Labor at the convention.

Candidates for membership to the union will be admitted and plans for a picnic will be discussed at the meeting which will be held at 7:30 in the lounge room of the Community building.

Dig Steam Tunnel Extension to Heat New SUI Buildings

"No, we haven't unearthed any valuable souvenirs or archaeological specimens, but we have run into just about everything else," stated M. D. McCreey, contractor, on the site of a steam tunnel excavation near Iowa Union.

"So what we're running into right now?" The heavy dragline bucket shovel was grating on something unyielding. "That's a steam return. We'll have to dig that out and reroute it. We've run into old sewer mains, rock, concrete, old walls—everything but uninterrupted good dirt and good digging."

The firm is at work constructing a steam tunnel extension to service the new university buildings north of the Union. At present the tunnel, coming from the south and paralleling the river, terminates at the east end of the footbridge.

The extension of approximately 680 feet will make a right turn at that point, proceed eastward along the north side of the Union, then make a left turn to go north along the west side of Madison street and terminate where Bloomington street intersects Madison.

The steam tunnel to be built in the excavation will be of reinforced concrete six feet wide and seven feet high. Excavation began August 1 and construction is scheduled to be completed about October 1.

Dirt, rock, and concrete from the excavation are being put to a variety of uses. Some is being used to refill holes which were dug hurriedly to provide material for the anti-flood levees in June.

J. Robert Cotter of the married students' housing office is using hundreds of cubic yards to landscape housing areas and increase the thickness of the earth blanket over water and sewer mains around the new barracks apartments.

Chaplain Jenks Gets Army Duty in Guam

Chaplain Lt. Col. Loren T. Jenks, 726 E. Washington street, has been assigned to Guam for a regular two-year tour of duty.

He plans to travel by air from Cedar Rapids to San Francisco Tuesday, and by air transport command plane across the Pacific to Guam.

His wife and two daughters will remain at their Iowa City home until he can secure living quarters in Guam, possibly within a year, he said last night.

Chaplain Jenks received his M.A. degree from the university in June.

He will be base chaplain of the Marianas-Bonins command which is headquartered on Guam. The command includes Iwo Jima and Saipan.

The chaplain said he expects to attend conferences in Japan and Korea while stationed on Guam, and that he plans to return to the United States next August for a convention of army and navy chaplains in New York.

Chaplain Jenks was assigned to the post chaplaincy at Fort Sheridan, Ill., after receiving his degree this June but has been on leave during the summer.

He has been in the army for six years and during the war he served with the 70th division as chaplain. After the war he served with the American graves registration service command as senior chaplain.

He was graduated from Coe college and attended Drake university for a year and the University of Iowa for a year before entering the army.

The tuba family of musical instruments includes the bombardon, helicon and euphonium.

Alter Admission, Graduation Requirements in Commerce

The registrar's office has announced changes in the admission and graduation requirements for the college of commerce.

The changes, designed to formalize the college of commerce into a professional type college, will be effective for the 1947-48 academic year.

Specific admission procedure now requires an applicant for admission to the college of commerce to file a formal application with the registrar. Except for students who had pre-commerce training at the University of Iowa, all applicants must file transcripts.

Admission requirements include two full years of work comprising not less than 56 semester hours in an approved college of arts and sciences.

These hours must include principles of economics, communications skills, mathematics skills, literature core course, and either a natural science or historical culture core course. Only one of the latter is required for admission but both are required for graduation.

As before, grade point average of not less than 2.0 is required of applicants. This grade point average also applies to graduation requirements.

Of the total 126 hours required for the B.S.C. degree, most courses are outlined specifically by the college. Elective courses in commerce of not less than 20 hours or more than 32 are allowed, with

additional elective liberal arts courses to complete the total graduation requirements.

The required courses no longer include a social science core course or a general requirement of foreign language.

Foreign language requirements previously were removed for candidates for the commerce degree, but last spring commerce students were told that the decision had been reversed and all students would be required to demonstrate ability to speak or read a foreign language before graduation.

Confusion regarding the requirement resulted from approval by administrative officials of the college of commerce before the requirements had been removed from university statutes.

Let Work Contracts Totaling \$26,839 For SUI Hospital

Contracts totaling \$26,839 were awarded yesterday to low bidders on remodeling and expansion at the Psychopathic hospital. Details of the proposed project were not made public.

No contracts were awarded on the projected hydraulics annex, because of high estimates of the bids received, 2 university officials said.

Those awarded contracts on the hospital are J. T. Ure, Cedar Rapids, for tiling, \$3,216; Carsten Brothers, Ackley, for plumbing and heating, \$9,12; and M. D. McCreey, Iowa City, for detention windows, \$14,500.

Only other bidder was R. W. Rinderknecht of Cedar Rapids, for detention windows, \$15,100.

On the hydraulics annex project, low bidders were Kucharo Construction company, Des Moines, \$58,500 for general contracting; Robbins Electrical company of Moline, \$7,092 for electrical work, and Carsten Brothers, Ackley, \$25,787 for plumbing and heating.

Other bidders were R. W. Rinderknecht of Cedar Rapids, general contracting, \$68,088; Sanitary Plumbing and Heating of Iowa City, \$33,094; V. A. Hagan, Sioux City, plumbing and heating, \$34,935; John P. Russell, Iowa City, electrical work, \$7,300, and Olds Electric company, Davenport, \$8,504.

The state board of education representative at the meeting yesterday morning was Roy Loudon of Fairfield.

Bids were heard in the office of George Horner, university architect.

Seven Born in Two Days At Mercy Hospital

Seven births have been reported at Mercy hospital in the last two days.

Mr. and Mrs. William Hunt, 918 Iowa avenue, are parents of a six-pound, eleven-ounce son born Friday.

A five-pound, twelve-ounce girl was born Friday to Mr. and Mrs. Russell Kempf, route 2, Kalona.

Mr. and Mrs. Leroy Rogers, 1009 E. College street, are the parents of a seven-pound, fourteen-ounce daughter born Friday.

An eight-pound son was born Friday to Mr. and Mrs. Vern Hef-ti, 424 S. Clark street.

Mr. and Mrs. Francis O'Brien of Solon, are the parents of a five-pound, two-ounce son born Saturday.

A girl weighing eight-pounds, seven-ounces, was born Saturday to Mr. and Mrs. Robert Zaiser of North Liberty.

Mr. and Mrs. Robert J. Burns, route 2 Williamsburg, are parents of a seven-pound, fourteen-ounce son born Saturday.

Howard Young Gets Telephone Company Job in Des Moines

Howard Young, manager of the Iowa City office of the Northwestern Bell Telephone company, has announced his resignation from that position, effective Aug. 25.

He will take a position with the company's area commercial office in Des Moines. This is the company's top office in Iowa, having control over the five district offices of the state, he said last night.

Young will be replaced by Roy A. Williams as local manager. Williams is now manager of the Keokuk office.

Young said his biggest worry right now is housing in Des Moines. For the present, his family, a wife and daughter, will continue to live in Iowa City until he finds housing in Des Moines.

Meetings, Speeches—Town 'n' Campus

WEST LUCAS WOMENS CLUB —Families and friends of West Lucas Women will have an annual picnic in upper City park Tuesday at 7 p.m. Members are to bring sweetened lemon juice, table service and food. A discussion with the board of supervisors of county and township roads will be the program for the evening.

OLD GOLD THETA RHO —Mrs. Roy Mackey, 222 E. Davenport street, will be hostess at a business meeting and social hour of the Old Gold Theta Rho girls at 6:30 tomorrow night in her home. Members attending should bring a sack lunch.

Lewis Fined \$100 on False Check Charge

Convicted on a charge of passing false checks, Cecil P. Lewis, North Liberty, was fined \$100 and costs in police court yesterday. He was also ordered to make restitution on the checks.

In a hearing before Police Judge Emil G. Trott, Lewis was convicted on one count while three similar charges against him were dismissed.

Lewis was charged with cashing a \$5 check at a local store on July 2 of this year. The information was filed by County Attorney Jack C. White.

SUI Housing Drive Nets 50 Responses

Response to the university's off-campus housing drive has been "good" but still has a long way to go to fill requirements set by the fall enrollment, according to Richard E. Sweitzer, manager of the housing office.

Fifty responses have been received, accounting for almost 70 listings of available housing for the fall semester, he indicated.

The drive for off-campus housing started Aug. 1 and will end Friday, Aug. 15. It was instigated to secure rooms for about 3,500 students who will be unable to obtain university housing this fall.

Sweitzer requests any person having vacant rooms for the fall to call university extension 2161, the housing office.

The office will make a list of all town rooms and apartments that will be available for the fall semester. This housing will be approved and recommended to students, Sweitzer said.
