RR Strike Idles Thousands

No 'Blank Checks' On Help To Europe, Says Vandenberg

Demands Full Details Before Congress Calls Any Special Session

WASHINGTON (AP)—Senator Vandenberg (R-Mich) said yesterday congress will not write a "blank check" to aid Europe and called on the White House for full details of any emergency "abroad" which might require a special session of congress.

"Congress is not going to act in the dark," Vandenberg told reporters in his first news conference since returning from the Pan American conference in Brazil.

"And we are not going to write blank checks."

The Michigan lawmaker, chairman of the Senate Foreign Relations committee, emphasized that congress has "no disposition to dodge any emergency which the president may identify," but declared that if a special session is needed before the scheduled return of congress next Jan. 5, it would depend upon "presidential initiative after adequate information."

Vandenberg's challenge to the administration to produce the facts supporting a crisis in Europe followed a grim portrayal of conditions abroad by Undersecretary of State Robert S. Lovett.

On Wednesday, Lovett told reporters the situation has grown so acute that U.S. aid may be needed before the end of 1947. He also made a strong hint for a special session of congress.

Reports of a mounting crisis in Europe's economy were further accentuated yesterday as the census bureau disclosed that U.S. exports in July dropped 7 percent from the June figure—the second consecutive month of decline after a long and steady postwar rise.

The bureau's announcement said exports have shown a steady two-month decline of 19 percent, as foreign countries tightened up on buying from the United States in order to preserve their dwindling supplies of dollars and gold.

Senator Hatch (D-NM) a White House intimate and a member of the Senate Foreign Relations committee, issued a statement declaring that a large number of foreign and domestic problems "all demand that congress should return to work early this fall."

Vandenberg, however, told reporters that a special session would scarcely be possible before Oct. 15, due to the absence of many congressmen on missions abroad.

Meanwhile, the state department said it is giving "sympathetic consideration" to an urgent new appeal by Italy for U. S. financial aid to buy American grain and coal.

With much of Europe's economy pegged to coal, British and American experts continued to work here on methods of increasing coal production from German's great Ruhr mines.

No Red Teamsters Says Union Head

INDIANAPOLIS (AP)—The International Brotherhood of Teamsters (AFL) will submit affidavits affirming that none of its officers or executive board members are Communists, Daniel J. Tobin international president, said last night.

Tobin said the affidavits would be submitted to the National Labor Relations board, in compliance with the Taft-Hartley act.

Tobin said in a statement: "The International Brotherhood of Teamsters was the first union in America to deny membership to Communists. This was done in an amendment to our constitution adopted in 1940. It has been rigidly enforced."

"At our convention in San Francisco last month it strengthened this section of the constitution to include all other subversive elements. So far as the teamsters are concerned, there is no need for this section of the Taft-Hartley act."

Butter At \$1 A Pound Looms in Near Future; Other Prices Climbing

CHICAGO (AP)—Butter at a dollar a pound in retail stores loomed yesterday as food commodities again surged upward in the nation's primary markets.

"Most dealers here expect dollar butter to be general throughout the country in a few weeks," one trade source said. "It wouldn't be surprising if some stores in the Chicago and New York areas asked that price this week-end."

Advancing along with butter were such essential food items as eggs, lard, hogs and grains. Several commodities soared to prices never before attained.

Aside from heavy consumer demand, chief responsibility for the current upturn was placed mainly on the mid-summer drought in the mid-west and its damaging of the corn crop. Corn is a basic grain used to feed livestock and poultry on farms.

Butter, selling at 83 cents a pound wholesale for best grades, has advanced 25 cents since the low on April 22. Dealers said the hot summer had diverted milk away from butter and into ice cream, and one result is abnormally low storage reserves.

Another outcome of the heat wave was ruined pastures, dairy sources said, which took away one source of food supplies for cows.

A grade of eggs which brought 44 cents wholesale on June 17 sold here today at 59 cents a dozen. Consumers, shying away from high meat prices, were creating a "terrific" demand for eggs, a mercantile exchange spokesman said. "Storage supplies are the lowest since 1916, and if corn prices go higher so will eggs" the exchange official said.

Meanwhile, both corn and oats soared to new all-time peaks. Cash corn at Chicago sold at \$2.92 a bushel for white grades and \$2.57 for yellow. Oats at Omaha brought a record price of \$1.19 a bushel for that market.

Hindu-Moslem Violence Flares Again in India

NEW DELHI (AP)—Police reports last night said 25 persons were slain in the last 24 hours in Hindu-Moslem violence in India's capital, but unofficial reports placed the total at more than 50.

Calcutta continued quiet for the second day.

Oil Workers to Refute NLRB Monday On 'Freezing' Actions

WASHINGTON (AP)—The first court challenge of the National Labor Relations board's action in "freezing" 3,500 cases until union officers sign non-communist affidavits will be touched off Monday by the CIO oil workers.

The Taft-Hartley act requires union officers to swear they are not Communists, else the unions cannot take advantage of the board's services. NLRB General Counsel Robert N. Denham has ruled that if any officer of a national labor organization, such as CIO and AFL, refused to sign, no unions affiliated with the organization can use the board's facilities.

Before the Taft-Hartley act became fully effective Aug. 22, an election was called among 41 production workers of the Deep Oil Development company, in Wichita and Archer counties, Texas, to determine their choice of a collective bargaining agent.

The deadline for receiving the ballots, cast by mail, was Aug. 29. Forty ballots were received by then, and Dr. Edwin Elliott, regional NLRB director at Fort Worth, Tex., impounded them.

Last Wednesday, the union petitioned federal court at Fort Worth for a preliminary injunction requiring Elliott to open and count the ballots.

Arguments on the question will start in Fort Worth Monday. Officials of the national CIO here said they were not directly involved in the case, and it was up to the oil workers' attorneys to determine just how broad would be their challenge.

An NLRB official said that if the court upsets Denham's ruling, the case undoubtedly would be carried to the U. S. Supreme Court. Denham has allowed unions 20 days after receipt of notice to comply with two Taft-Hartley provisions before their pending cases will be cleared by the board.

One of these calls for the non-Communist affidavits. The other calls on unions to register with the labor department their constitutions and by-laws, financial reports, dues and fees collected and the pay of officers.

First of these reports and affidavits will be due Sept. 25, because the board started mailing notices to some unions on Sept. 2. Sundays are excluded in the 20-day waiting period.

The AFL and CIO have not announced their policy on the question of signing the non-communist affidavits. CIO presidents, meeting in Pittsburgh Thursday, put off their decision until the CIO convention in Boston beginning October 13.

Truman Talks To Brazilians

RIO DE JANEIRO (AP)—President Truman told an applauding Brazilian congress yesterday that the citizens of the United States are not a people who forget their friends "when those friends are in need."

After referring to Brazil's aid in World War II by providing air bases and supplies of strategic materials, Mr. Truman departed from his prepared address, declaring:

"I am here to say that we are not a people who forget our friends when those friends are in need."

Mr. Truman also said that "Brazil and the United States must continue to cooperate with their sister nations of the western hemisphere in the development of a strong and concerted force for the good of mankind." He declared that "The United States is resolved to support the United Nations with all the resources at our command."

The president, making his second speech on Brazilian soil since he arrived to close the Quitandinha Inter-American conference, described Brazilian-American relationship as one of "lifelong friendship."

Brazil and the United States, he said, "have common interests, common principles and common ideals" with the same beliefs in "the state as the agent of the people" and "the fundamental rights of man" and "the same respect for the dignity of the individual" and the same moral code in the conduct of international relations.

Turning to the United Nations, the president said difficulties encountered in the "early phase" of that organization's life had only "increased our determination that it shall succeed."

"The United States is resolved to support the United Nations with all the resources at our command," he continued.

Referring to the hemisphere pact for mutual defense, the president said "we in this hemisphere have demonstrated to the world that right-thinking men can submerge their individual prejudices and their individual aims in the accomplishment of an agreement that will bring great benefit to the world."

President Truman was the second United States president to address a joint session of the Brazilian Congress. President Roosevelt was the first in 1936.

The presidential party will leave Brazil shortly after noon tomorrow aboard the battleship Missouri, after reviewing a big Brazilian Independence day parade.

Presidential Press Secretary Charles G. Ross said yesterday the itinerary for the return voyage had not been worked out beyond the possibility of visiting San Juan, Puerto Rico, and the Virgin Islands.

Show France, England Planned to Aid Finns in 1940 'Winter War'

STOCKHOLM (AP)—The Swedish foreign office published documents yesterday purporting to show that if the Russian-Finnish "Winter war" of 1939-40 had continued two more days France and England would have sent a force of 50,000 men to aid Finland in fighting the Soviet Union.

The papers said Raoul Nordling, Swedish counsel general in Paris, brought King Gustaf a special message on March 2 from Edouard Daladier, then prime minister of France, stating that the force would be sent to Finland across northern Norway as part of a plan for a general attack on Russia, to be launched March 15.

Finland made peace with Russia on March 13.

Back Labor Party

SARATOGA SPRINGS, N. Y. (AP)—The New York state CIO convention yesterday voted continued endorsement of the American Labor party in a hectic climax to a three-hour debate punctuated by boos and applause among the warring factions.

Expressers Get 15 1-2 Cent Hourly Raise

WASHINGTON (AP)—Sixty-five thousand railway express workers yesterday joined the ranks of those getting a 15 1/2 cents an hour pay raise. In another labor development, the government's new chief mediator, Cyrus S. Ching, promised to "do everything possible" toward industrial peace.

George Harrison, president of the AFL Brotherhood of Railway Clerks, announced the wage raise agreement with the railway express agency. He estimated the increase of \$30,600,000 annually and said it would raise the average wage to \$1.31 1/2 cents an hour. It is effective as of Sept. 1.

Agreement Halts 3 Strikes

Harrison said the agreement heads off a threatened strike by members of three unions, the Clerks, International Machinists (independent) and the Brotherhood of Blacksmiths (AFL).

The raise is the same given earlier this week under an arbitration award to some 1,000,000 railway workers. President Ernest E. Norris of the Southern railway said at Knoxville, Tenn., yesterday that this award means that "all railroads in the country are now flat broke." He said they face the prospect of being taken over by the government unless allowed to raise fares and freight rates.

Ask 27 Percent Increases

Yesterday afternoon, the railroads asked the interstate commerce commission to grant increases averaging 27 percent in their freight rates. They previously had asked a 16.7 increase but yesterday upped the figure, citing wage increases and higher costs of supplies. The ICC has a hearing scheduled Tuesday.

While the railroad employees of the railway express agency were covered in the agreement Harrison announced, the agency's 10,000 express van drivers were not. Negotiations on their phase continued.

Taking over the leadership of the vastly larger Federal Mediation and Conciliation service, Ching told reporters after being sworn in as director of this new agency:

"No Miracles" "There will be no miracles. The attempt to build better labor-management relations is a long, slow process but we hope to make a real contribution."

The new service was set up under the Taft-Hartley law, which removed dispute conciliation work from the labor department and put it under the agency Ching now heads. He is the former industrial relations director for the U. S. Rubber company. At 71, Ching has served on government boards from time to time in labor-management disputes.

Ching said he is unfamiliar with the East coast shipyard strike involving 35,000 CIO marine and shipbuilding workers. His assistants held conferences on this dispute yesterday, reporting they were largely exploratory talks.

Nation's Largest Strike

This is currently the nation's largest strike. The walkout of 1,800 railroad men in the Pittsburgh area was described by the National Mediation board here as a wildcat strike. Officials said no strike notices were filed in advance. No details on demands were announced when the strike was ordered at a joint union meeting Thursday night. The strikers are members of the Brotherhood of Railroad Trainmen and Brotherhood of Locomotive Engineers.

Cost of True Love—A \$25 Traffic Fine

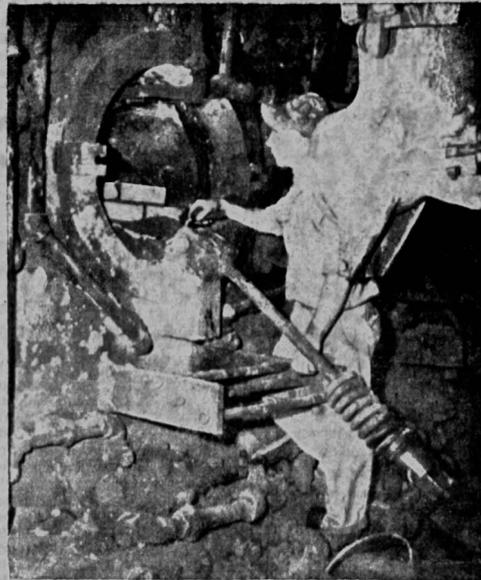

DETROIT (AP)—A kiss cost 21-year-old Paul Hennis \$25 in traffic court yesterday.

Patrolman John H. Slye testified that the kiss Hennis gave his girl friend from behind the wheel of his car lasted three blocks.

"Of course, once in a while he'd look up to see where he was going," Slye told Judge John Watts, who assessed the fine on a reckless driving count.

"It was worth a lot more," confided Hennis.

No Steel In This Furnace

WHEN THE WORKERS are away on strike at the Homestead works of the Carnegie-Illinois Steel Corp. in Pennsylvania, the village bricklayer comes around, plying his wares, and seals up the blast furnaces. The strike of 1,800 inter-plant railroad workers occurred yesterday and stopped all basic production in the firm's Pittsburgh district mills.

China Clamps on Rigid Restrictions Will Limit Number Of Public Servants; Want National Thrift

NANKING (AP)—The Chinese government took a pot shot at the national equivalent of Santa Claus yesterday.

It issued regulations calling for an end of the traditional exchange of gifts on feast days and launching a rigid austerity program aimed at everything from automobile operation to tardiness at social functions.

Kan Nai-Kuang, secretary-general of the government's executive Yuan (cabinet) which promulgated the decrees, concluded that enforcement would be "some-what hazy." He said some prohibitions would be punishable by the police and others involved only "moral sanctions." The effective date is today.

The two-fold purpose, he explained, was to save foreign exchange and domestic supplies by requiring stringent public and private thrift.

The program includes reductions of the number of public servants, nationwide gasoline rationing, and eventual withdrawal of automobile licenses for all except essential operators such as doctors, industrial officials and producers of the necessities of life.

The gasoline ration was set at 60 gallons a month for automobiles and 100 gallons for heavy vehicles. Government cars were ordered pooled.

Kan estimated that 18,000,000 persons were supported from government funds, including soldiers and subsidized students, and said this list would be trimmed sharply.

Official dinners were limited to those on national holidays, for foreign guests, for important conferences and for soldiers newly returned from the civil war battlefields.

Instead of the traditional feasts of 15 to 20 courses, official and restaurant dinners were limited to seven dishes. Parties of less than seven were limited to the same number of courses as the total of dinners.

Production and consumption of first grade white rice and white flour were forbidden.

All daily newspapers were restricted to eight pages, with no increase permitted those already publishing fewer.

Party hosts must include blank acceptance forms with their invitations, and public officials must not accept more than one invitation nightly.

The whole thing, he explained, may be regarded as a revival of Madame Chiang Kai-shek's pre-war and wartime "new life movement."

Minister, Wife Missing From Soviet Zone

BERLIN (AP)—Dr. Rudolf Paul, German minister president of the state of Thuringia in the Soviet occupation zone, has been missing for four days, it was disclosed yesterday, and the belief grew in political circles that he had crossed into the American or British zones to escape growing political difficulties.

Paul, who is reported to have lost favor rapidly with Soviet occupation authorities, left Weimar, the Thuringian capital, on Monday with his wife, chief interpreter and two police officers. He has not been seen since his automobile was observed speeding along the Autobahn from Weimar toward Berlin.

Another automobile in which his wife was riding was found later near the Potsdam railway station in the Soviet sector of Berlin, it was reported by the British-licensed newspaper Telegraph.

The Telegraph, first to report his disappearance, said "While the first version spread was that Paul was a victim of assassination, there now is no doubt he fled."

American officials in Berlin and Frankfurt said they knew nothing about his possible arrival in their zone, but "it is little concern of ours."

Spokesmen for the Soviet-sponsored Socialist Unity party, of which Paul was a member, confirmed that Paul's whereabouts are undetermined but would say nothing more.

The Telegraph, a Socialist paper, said Paul was at odds with many members of the party, including his deputy, Werner Eggerath, when the Munich conference for heads of all German provinces was held in the American zone three months ago. Paul was spokesman for the five provinces in the Russian zone and he led the walkout of the Soviet zone delegates when the conference refused to take up political matters.

Telegraf said Paul appealed to German Goering in 1935 for membership in the Nazi party but was refused. He was made minister president at Weimar when the Russians occupied Thuringia.

Correspondents Restricted

HAMBURG, Germany (AP)—Correspondents reporting the disembarkation of frustrated Jewish immigrants to Palestine from British transports here on Sunday will be kept in two dockside enclosures and their movements will be restricted, it was announced officially last night.

Whitney Calls Pitt Shutdown 'Unauthorized'

Say Employees Seek 50-Cent Hourly Raise, Improved Vacations

PITTSBURGH (AP)—A strike of 1,800 operating employees on an inter-plant railroad yesterday forced shutdown of the Carnegie Illinois corporation's Pittsburgh district operations and idled thousands of other workers.

The strike termed "unauthorized" by President A. F. Whitney of the Brotherhood of Railroad Trainmen, began Friday morning when workers on the union railroad walked out in a contract dispute.

The strike involves members of the Railroad Trainmen and the Brotherhood of Locomotive Engineers.

Details of the workers' demands were not announced by either side but the employees were reported to be seeking a 50-cent hourly pay increase, improved vacations and pay differentials.

All basic operations of the largest U. S. steel subsidiary began to shut down late yesterday at plants at Homestead, Braddock, Duquesne and Clairton. Approximately 35,000 persons, including office workers, are employed at the plants.

A statement by company president C. R. Cox declared:

"This shutdown will result in a daily loss of production of 21,000 tons of steel ingots, 15,000 tons of blast furnace pig iron, and consequently, approximately 16,000 tons of finished steel products."

This, the company said, is an amount of steel equivalent to that required for the manufacture of more than 8,000 automobiles.

A U. S. steel spokesman said 19 blast furnaces would be closed by last night, as well as 101 of the 108 open hearths served by the railroad. In addition, the Clairton Coke By-products plant was cut back to 31 percent of capacity operations.

Still at work were a few train crews which union officials said would stay on the job to permit an orderly shutdown of the mills—a complicated and time-consuming procedure.

A representative of the national railway mediation board was reported enroute to Pittsburgh to seek a settlement, as well as Joseph Cahill of Cleveland, deputy president of the Brotherhood of Railroad Trainmen.

Non-operating employees of the railroad, who are affiliated with the CIO-United Steelworkers, were respecting the railroaders' picket lines.

Boy Who Lost Eye Takes News Bravely

DETROIT (AP)—His mother stepped to 10-year-old Richard (Dickie) Hinson's hospital bedside yesterday to tell him for the first time that his quick peek beneath a sideshow tent had cost him his right eye.

While the state moved to prosecute a sideshow guard accused of kicking the boy in the face, doctors who removed the eye hesitated to tell Richard.

Today Mrs. Marjorie Hinson broke the news to her son. "He took it like a man, his nurse said."

"He didn't cry at all," she added. "In fact, he hasn't cried once since he has been in the hospital."

There was one long moment of doubt, however.

"Ges, Mom, I'm going to look awfully funny with only one eye," the boy reflected soberly.

"Oh no you're not, darling," Mrs. Hinson reassured him. "You have nothing to worry about. I have talked with the doctor and he told me he will make an eye for you that will look just like the other one."

State fair officials, promising a complete investigation of the incident, closed the two-headed calf exhibit as the boy's father, Harvie Hinson, began a \$50,000 circuit court damage suit.

Dodgers Move Away From Idle Cardinals

Beat Jansen 7-6 Despite Mize Homer

NEW YORK. (AP)—Brooklyn outlasted the New York Giants in a slugfest played on the sodden Polo Grounds turf yesterday, 7-6, to open up a seven-game lead over the idle St. Louis Cardinals in the National league race. Forced to come from behind in the late innings despite a three-run first inning blast against Larry Jansen, the Brooks beat off a ninth-inning challenge to snap Jansen's 10-game win streak. Not even Johnny Mize's 45th homer with Buddy Kerr on base in the

ninth was enough to stop the Dodgers' pennant drive. The Brooks almost chased the rookie Jansen in the first when Eddie Stanky's single, an error by Jansen, two outfield flies and Dixie Walker's two-run homer, his eighth, added up to three runs. But the Giants got one back in the second on Sid Gordon's single followed by Lloyd Gearhart's double and a fly ball by Jack Lohrke. Willard Marshall's 34th homer, a walk to Mize, a wild pitch by Hank Behrman and Walker Cooper's single tied the score in the fourth and the Giants forged ahead in the fifth against reliever Joe Hatten on doubles by Marshall and Cooper. Walker opened the eighth with a double to right and, with one out, Bruce Edwards singled to left scoring Walker and took third when the ball hopped past Gordon

for an error, and Ed Stanky drove home Edwards with the tie-breaking run on a fly to center. Two "insurance" runs off Kennedy in the ninth actually meant the ball game for Mize connected in the bottom half of the inning to pull the Giants within one of a tie. As a result of the victory the Dodgers now can clinch the flag by any combination of 16 Brooklyn wins or St. Louis Defeats. Three-1 Playoffs
 The Waterloo White Hawks, heroes of a late drive from the second division to a tie for third place in the Three-1 league, last night took a 2-0 lead over Terre Haute in the first round of the loop's Shaughnessy playoffs. In the other playoff series, Springfield defeated Danville to even the count at 1-1.

Complete Auto Advances to Semi-Finals

By GEORGE HANRAHAN
Harold Leech pitched the Complete Auto Cardinals into the semi-finals of the Iowa City softball tournament last night at Kelley field with a two-hit, 2-0 win over Cedar Street Inn of Davenport. The Card hurler struck out 13, walked four and topped off his evening's work with a single to center in the fifth to drive in John Albrecht with the first run. Albrecht reached first on a walk and advanced to second on a wild pitch. The locals added their final tally in the sixth. Bailey opened up with a single and scored on Stahl's double to center. Leech was never in serious trouble and in three of the frames he struck out the side. Davenport started a minor rally in the last of the seventh but Leech bore down to whiff the final batter and leave runners stranded on first and second. In tonight's tournament games Harison Motors of Moline will meet the Marshalltown Moose Lodge nine at 7 o'clock and Culbert Grocers of Marion will take on a West Liberty all-star aggregation at 8. The two winners will meet in the third tilt of the evening. Complete Auto moved into the night's final game by coming from behind for a 3-2 victory over Conoco Oilers of Keokuk—as Paul Reberry pitched a seven inning no-hitter in relief. Harold Leech started against Keokuk, but a walk, base hit, wild pitch and passed ball gave the visitors two runs before anybody was retired. Reberry took over at this point and coasted through to his no-hitter—striking out 16 and allowing only two men to reach base, a walk and a hit batter after two were out in the fifth. The Cardinals tied the count in the last half of the first without the benefit of a hit. Vic Rodenberg led off with a walk and came all the way around when Keokuk first baseman Warren Martin muffed Eddie Colbert's attempted sacrifice. Colbert scored the tying run on Ralph Tucker's deep fly to left. Duly Bailey then sewed up the victory for Reberry in the fifth when he slapped one of Keokuk Pitcher Mac Hampton's tosses to deeper center field and raced around for an inside-the-park home run. Reberry's no-hitter was his fourth of the season. Cedar Street Inn moved past Mushroom Tavern of Dubuque in their first round game, 2-1 in eight innings, after rallying for the tying run after two were out in the seventh. First baseman John Brooks drove in the run with the third of three singles in the inning. Bob Gerts scored the winning run in the eighth when he led off with a triple and scored on Snook Dailey's squeeze bunt. Louis 'is Old Man' WINDSOR, Ont. (AP)—Joe Louis "is an old man and should retire at an interval," Jack Dempsey said in an interview yesterday. The former heavy-weight champion expressed the opinion that one of these days somebody will kayo Joe—and, he added, it might be almost any youngster. "If they can get to him, they'll flatten him and that's bad," continued the Mauler.

Yanks Blister Rockets As Young Stars

NEW YORK. (AP)—The New York Yankees, with Spec Sanders, and Buddy Young in the starring roles, out-galoped and outscored the Chicago Rockets, 48 to 26 in an All-America conference scoring match before 37,777 spectators at Yankee stadium last night. Although every member of both squads managed to get into action during the proceedings which took place on a hot, excessively-humid evening, Sanders and Young of the Yanks and Bill Daley of the Rockets were the ones who caught the fancy of the customers. Sanders and Daley each scored two touchdowns. Buddy didn't make any but his artful dodging, especially on kick returns, and his willingness to ram into bitter athletes really made a hit with the fans who were seeing him for the first time in a Yankee uniform. It was the season's first victory for last year's Eastern division champions, who lost their opener at Buffalo, and the second defeat for ex-Commissioner Jim Crowley's Rockets. Although the score fell six points short of the league record for a two-team total, the Yankees accounted for numerous new marks, including six conversions by Harvey Johnson and a 78-yard run from scrimmage by Bob Kennedy for the final touchdown.

Reynolds' Punting Sparks Hawks

Hot Off the Gridiron

Order 'Cat Slowdown As Injuries Hit Team
EVANSTON, Ill. (AP)—Coach Bob Voigts ordered a slow-down in heavy work at Northwestern football practice sessions yesterday after many of the athletes showed up with sore muscles, reflecting the strenuous efforts of the first two days. In the afternoon drill the players worked out in sweat suits, with no pads. Voigts said that he liked the way Art Murakowski, a fullback last season, had appeared in his workouts as a right half. Voigts is seeking a replacement for Vic Schwall and thinks Murakowski may be able to handle the job.

Fullback Kicks For Distance

Fullback Bob Reynolds of Pacific Palisades, Calif., who was a fourth-stringer for the University of Iowa Hawkeyes last fall and did no punting, out-booted 1946 regular punter Bob Smith in yesterday's workouts. Sophomore Reynolds, whose kicks were long and sure, stood on the booting line along with Smith, Bob Longley and John Tedore, none of whom could match Reynolds' distances. Both Longley and Tedore, left halfbacks, are rated by Head Coach Eddie Anderson as good competitors for shifty Emien Tunnell's 1946 spot. Coach Anderson briefly reviewed his line this morning and seemed somewhat pessimistic over the guard situation. He said so far Earl Banks, Ray Carlson and Joe Grothus are the pick of the guards. Those failing to get Anderson's eye included Dave Day, Chet Moore and Russ Benda. Anderson also said he is looking for some fast ends. The offense received major attention yesterday from Dr. Anderson in the drills. There was a lot of work on plays and timing an individual attention on line blocking. Punters received long workouts and receivers were drilled in catching and returning. "John Tedore and Bob Longley are giving Emien Tunnell good competition at left halfback. Both are much improved over last year as strong runners, and Longley also may be one of the better punters," Dr. Anderson said. Summarizing other positions, Dr. Anderson said he has at least five good tackles, the centers are strong, and the right halfbacks are improving. Defensive end strength also is present and several of the men are looking better as pass receivers, although real speed is somewhat short.

But the Hawkeyes Are Nobody's Dummies

SMASHING INTO the blocking dummies are five exuberant gens who hope to fill the guard spots on the UCLA Bruin grid machine this year. Left to right are Mike Dimitro, Ed Eaton, Bob Russell, John Nikevich and Les Steiner. All but Eaton are lettermen. So far, Dimitro and Steiner are holding the first string jobs they won last year. (AP WIREPHOTO)

Grid Cards Wallop Eagles in Exhibition

BUFFALO, N. Y. (AP)—Pat Harder sparked the Chicago Cardinals to a 38-21 exhibition victory over their National Football League rivals, the Philadelphia Eagles, last night, scoring once on a 42 yard gallop, booting a 34-yard field goal and converting four times. Georgia's Charlie Trippi, highly-touted Cardinal rookie making his pro debut, was bottled up most of the game, but contributed the longest run of the night when he returned a kickoff 60 yards to the Eagles' 33-yard line.

Hoosiers Report 'Find' In 200-Pound Halfback

BLOOMINGTON, Ind. (AP)—Jimmy Roberson, 200-pound weight thrower, impressed Coach Bo McMillin with his running yesterday and shaped up as a possible answer to some of Indiana's backfield problems. McMillin shifted Roberson from fullback to right halfback after watching him in two days of football practice. He was still looking for a center to replace John Cannady, however.

Wisconsin Quarterback Goes on Injured List

MADISON, Wis. (AP)—Two players returned to the Wisconsin grid team yesterday while a third, Quarterback Johnny Pinnow, suffered a twisted knee in practice and will be out for several days. Armand Hoehn, sophomore tackle from Eau Claire who earned a letter last year, reported for the first time, while Charles Zoelle, injured earlier this week, returned for a light workout.

Ris Refuses Trip to Argentina

Wally Ris, University of Iowa sprint swimmer who broke an American record and helped to set two relay marks in Hawaii, has been invited to Argentina and Brazil for three weeks in October, Director Paul Brechler announced yesterday. The bid came from Daniel J. Ferris, secretary of the Amateur Athletic Union, and marked the first time that an Iowa athlete has been asked to take a South American trip. Ris, who talked with Iowa officials by long distance phone Thursday night, cannot accept the invitation, however, because the trip would necessitate his missing too much time from the classroom. Iowa classes open Sept. 22 for the first semester. The Chicago athlete, winner of the National A.A.U. indoor 100-yard title and outdoor 100-meter crown this year, has just returned from Hawaii where he was guest of the University of Hawaii at all-star meets.

Greenberg Undecided About Playing in '48

PITTSBURGH (AP)—The truth is, Hank Greenberg explained yesterday, that he doesn't know for certain now just what he will be doing in '48. The former Detroit slugger, whose hitting for the Pittsburgh Pirates is not too good, was quoted Thursday as saying that if he did play baseball next year, it wouldn't be with the Pirates. But Hank explained yesterday that he was "burned up" at the moment and didn't mean to go that far in his remarks. "Frankly, I don't know what I'll do next year," he said. This winter he may undergo an operation for bone chips in his right elbow. The club indicated Greenberg would be welcome to stay. "I'm sure if Hank plays anywhere it will be with us," General Manager Roy Hamey said enthusiastically.

Cleveland Browns Beat Buffalo's Bills, 30-14

CLEVELAND, O. (AP)—The power-packed and versatile Cleveland Browns opened defense of their All-America conference grid championship last night before 61,442 fans by defeating the Buffalo Bills 30 to 14.

Transfer Makes Bid As State Seeks Speed

AMES (AP)—Both linemen and backs spent most of three hours in blocking, tackling and pass protection drills as Coach Ab Stuber stressed defense work in the Iowa State college football practice session yesterday. The squad spent much of the afternoon on kicking. Kickoffs, punting, extra-point kicks and punt protection all received attention. A practice scrimmage was scheduled for this afternoon. It appeared that Stuber had found the answer to his backfield speed problem in John Griffith, a shifty quarterback who transferred to Iowa State last spring from Cape Girardeau, Mo., where Stuber formerly coached.

A's Outslug Boston In Wild Game, 9-7

PHILADELPHIA (AP)—The Philadelphia Athletics defeated the Boston Red Sox 9 to 7 last night in a wild game in which Ferris Fain, A's first baseman, was banished for a fight with Ed Pellagrini and Boston's Manager Joe Cronin was ordered from the bench for yelling at the umpires. Three runs in the eighth inning gave the A's the edge over the Red Sox. Dom DiMaggio and Ted Williams homered for the Sox while Sam Chapman connected for the A's.

Nats Outlast Yanks On Six Hitter, 3-2

WASHINGTON (AP)—Mickey Haefner weathered a two-run ninth inning rally to defeat the New York Yankees, 3-2, here last night and register his ninth victory for the Washington Senators. Haefner limited the Yankees to six hits, three of which were delivered in the ninth. Washington picked up a run off Charley Wessloff in the first inning and boosted their advantage in run on Ralph Tucker's deep

Tribe Slaps Chisox Behind Gettel, 6-1

CHICAGO (AP)—Ken Keltner's three run home run sparked Cleveland to a 6-1 victory over the Chicago White Sox before 24,247 persons here last night. Keltner connected with his tenth homer in the seventh inning to assure the fourth place Indians their victory.

Kansas Hopes Soar As Evans Returns

LAWRENCE, Kas. (AP)—Ray Evans is back! Big Six conference football fans have known for some months that the third string all-America back for 1946 had turned down pro offers and a chance to graduate this summer for another season of halfbacking for the University of Kansas Jayhawkers. While K. U. fans were elated, you couldn't have scared coaches of rival Big Six grid teams more if they had been told of a secret weapon being unveiled on Mount Oread. Kansas, with 195 pounds of Evans at its best, split the title last year with Oklahoma. The conference coaches give the Sooners a chance to take the title this year by a nose, but—looking at K. U. with Evans in the lineup—they said Kansas is a strong threat for the crown. The trimly-proportioned, 6 foot 1-2 inch Evans led the nation's passers in 1942 with 101 completions. Then came the war and two seasons of football with the second air force.

Scrimmage Scheduled At Nebraska Today

LINCOLN, Neb. (AP)—Eyes will be on Tom Novak of Omaha, a fullback from last year, now trying for center, when the University of Nebraska football squad stages its first serious scrimmage today. Novak heads a field of five 200-pounders trying out for the post. Only Charley Duda, veteran South Sioux City, Neb., guard will miss the scrimmage.

PHILADELPHIA (AP) - The Philadelphia Athletics defeated the Boston Red Sox 9 to 7 last night in a wild game in which Ferris Fain, A's first baseman, was banished for a fight with Ed Pellagrini and Boston's Manager Joe Cronin was ordered from the bench for yelling at the umpires. Three runs in the eighth inning gave the A's the edge over the Red Sox. Dom DiMaggio and Ted Williams homered for the Sox while Sam Chapman connected for the A's.

Offers Fellowships for Study By U. S. Students in Argentina

Commission To Choose Two for Ten Months' Graduate Research

The opportunity for two United States graduate students to apply for fellowships from the Argentine national cultural commission for 10 months' study in Argentina has been announced by Laurence Duggan, director of the Institute of International Education.

The fellowships will run from Mar. 1 to Dec. 31, 1948, and will provide round-trip travel plus the sum of 5,000 Argentine pesos (about \$1,250 at current official exchange rates).

The conditions established by the cultural commission specify that the recipients of the fellowships shall be graduate students and research workers of recognized standing in the arts, humanities, natural sciences, or social sciences, whose work under the fellowship will be of positive benefit to the cultural development of the United States and Argentina.

They must be native-born United States citizens over 25 and under 45 years of age, and have working knowledge of Spanish.

Each fellowship holder will be required to have a specific objective and to submit a report every two months as well as a general report at the end of the fellowship period and agree to abide by the other regulations of the commission.

Fuller details and application blanks may be obtained from the Institute of International Education, 2 W. 45th street, New York 27. Completed applications must be in the hands of the institute before Oct. 31 to receive consideration, and successful candidates will leave the United States in February, 1948.

The Institute of International Education is a private, non-profit organization founded in 1919 as a service and administering agency for the exchange of students, teachers, and professors, between the United States and other countries.

Predicts Lower Cost Of Meat From High Prices of Grains

WASHINGTON (AP)—A labor department economist said yesterday that high prices of grains for feed eventually will bring a decline in meat prices because farmers will begin marketing on a larger scale rather than feed stock throughout the winter.

He said the change may be noticeable by the end of this month. The wholesale price index released Thursday recorded a substantial drop in sheep quotations and some decrease in price of steers.

While sheep and lamb play a comparatively minor role in the meat bill of the average household, this economist said that these items have been abnormally high in recent months, due to scarcity. The economist told reporters the anticipated high prices for scarce corn and other grains will cause farmers to begin increased livestock sales this fall. For that reason, prices should be lower than the market supplies increase. He said this should become noticeable in October and November, if not before.

The labor department official, who asked that his name not be used, said there is nothing new in his prediction. He cited recent testimony of representatives of the meat institute before a senate committee that meat prices might fall 15 per cent this autumn with a similar percentage increase in meat production.

Grant Dunton Divorce

Sarah Faye Dunton was granted a divorce yesterday in the Johnson county district court from Leroy Dunton on grounds of cruelty.

Dunton was assessed alimony, support money and property rights and court costs.

Attorneys for Mrs. Dunton were Messer, Hamilton and Cahill.

Continuing, he asked the prisoner:

"You have an address but you haven't lived there for 10 years, so where do you live?"

The prisoner shrugged.

"Are you going to tell me or not?" demanded the lieutenant.

"No Lieutenant. It would be very unethical. It would involve some very good friends. You could beat the everlasting out of me and I wouldn't tell. But of course, that would be unethical on your part."

The 50 students roared. Lt. Crowley sighed, "Didn't I tell you?"

The small, rather timid-appearing prisoner—held on a "John Doe" burglary warrant—was detained for further questioning.

PERSONAL NOTES

Mrs. Kermit Blair, 405 N. Linn street, left yesterday afternoon for a vacation in Palm Springs, Calif.

Mrs. Jessie Saunders, 313 S. Dodge street, and Mrs. Louise Maruth, 344 Magowan avenue, returned Wednesday from a three week's vacation in Denver and Estes Park, Colo. In Denver they visited Mr. and Mrs. Charles H. Maruth. Mrs. Maruth is Mrs. Saunders' daughter and Mr. Maruth is a son of Mrs. Louise Maruth.

Commander and Mrs. Myron Walker, 406 S. Summit street, have returned from a motor trip in the Canadian Rockies. During their month's vacation they visited Lake Louise and Glacier National park.

Mr. and Mrs. Joseph Neuzil, 715 N. Gilbert street, were host and hostess to the Eight Cousins club Thursday evening. Club members are all nieces of the Neuzils.

Guests in the home of Mr. and Mrs. V. V. Pearson, 227 S. Johnson street, are Mr. and Mrs. Paul Abrams and son, Paul Jr., and Mrs. Kathryn Tudor, LaGrange, Ill. They are here for the wedding today of Kathryn Abrams and Edward Carroll.

Freswick-Martin Vows Are Repeated

Before an altar decorated with yellow chrysanthemums and white gladioli, the Rt. Rev. Msgr. P. J. O'Reilly married Elaine Freswick and James A. Martin Thursday morning.

The double ring ceremony was performed in St. Patrick's church.

The bride is the daughter of Mr. and Mrs. Leslie E. Freswick, 840 S. Summit street. Mr. Martin's parents are Mr. and Mrs. G. Martin, Fort Bragg, Calif.

Mrs. Cecil Meyers, a sister of the bride, was matron of honor and Norrine Taylor, Ann Arbor, Mich., was maid of honor.

Bridesmaids were Mrs. Wayne Gilliam, Iowa City, Mrs. Coraline Coats, Victor.

Eugene Pflug, Moscow, Idaho, was best man and Duane Taylor, Ann Arbor, Mich., Glen Heidner, Denison and Donald Edwards, Wayne Gilliam, both of Iowa City, served as ushers.

A reception was held from 11 a. m. to 1 p. m. in the Hotel Jefferson.

Mrs. Martin was graduated from St. Patrick's high school and attended the University of Iowa. She has been employed as a secretary in the Johnson county court-house.

Her husband was graduated from high school in Berkeley, Calif., and is a senior at the University of Idaho.

They will make their home in Moscow, Idaho, after Sept. 20.

Miss Iverson Is Bride Of Reverend Jacob In Philippines Wedding

In Manila, Philippine Islands, Marjorie Iverson became the bride of the Rev. Edward Jacobs, Wednesday June 25, in St. Luke's cathedral. The Rt. Rev. Norman Binsted performed the ceremony.

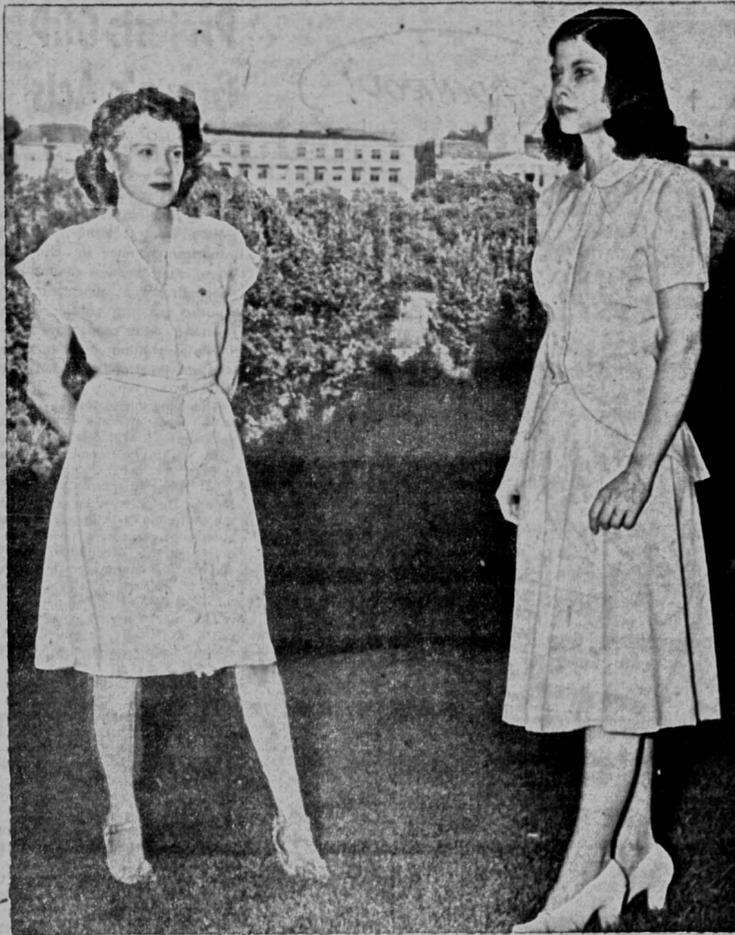

Mrs. Jacobs, daughter of Mr. and Mrs. Irving Iverson, Oconomowoc Lake, Wis., was graduated from Milwaukee-Downer college in occupational therapy and served at the Childrens hospital, Iowa City, as director of occupational therapy.

Her husband, son of Mr. and Mrs. John Jacobs, Homestead, Pa., attended Philadelphia Theological school and is a graduate of Nashotah House, Nashotah, Wis.

Attending the couple was the Rev. and Mrs. James Trotter. An afternoon reception was held at the home of Bishop and Mrs. Binsted.

The couple is at All Saint's Mission, Bontoc Mountain province, Luzon, Philippine Islands.

September Song of Fashion

APPARENTLY UNBOtherED by warm September temperatures, Joanne Brown, 21, Centerville, wearing a white cotton frock with pleated edging and embroidered yoke, admires Cora Clem's pink linen which features a long rounded jacket with small pearl buttons. For informal occasions, Miss Clem, a senior nurse from Fort Madison, selects white spectacles.

Moslem-Hindu War Wreckage

SCENES OF WRECKAGE, common to American soldiers throughout World War II, are being created now in India as Moslems and Hindus stage riots growing out of the partition of that country.

J.B. Detweiler, Owner J.A. O'Leary, Auct.
Wm. Holland, Clerk

Blind Vets Demonstrate Work Ability

CHICAGO (AP)—Approximately 150 blind veterans of World War II gathered in Chicago yesterday to discuss their accomplishments to date in what they called the "outside world" and to help one another plan useful lives among the country's workers.

At the opening session of the second annual convention of the Blinded Veterans association, Inc., an organization of blinded servicemen of the recent war, several sightless veterans who already have assumed positions in industry gave demonstrations.

Among them was former Sgt. Dale E. Lawton of Janesville, Wis., a survivor of the Bataan death march. Lawton lost his sight through malnutrition during the nearly three years he spent in the Japanese prison camp at Cabanatuan in the Philippine Islands.

The ex-"top-kick," 35, now is employed at the Chevrolet automobile assembly plant at Janesville. He told the other handicapped veterans he had learned to equip outgoing automobiles on the assembly line with tool kits. He said he obtained the job through cooperation of veterans administration and company officials.

Thomas R. Gagnet, 28, of Plaquemine, La., whose blindness also was caused by malnutrition while a prisoner of the Japanese in the Philippines, explained the technicalities of learning to assemble a recording machine through "feel." Gagnet is employed full-time by the Gray Manufacturing company of Hartford, Conn.

Meetings, Speeches—

Town 'n' Campus

NURSES' ALUMNAE—The University Nurses' Alumnae association will hold its September meeting in the Westlawn parlors at 7:45 Monday night.

TWO-TWO CLUB—Two-Two club will meet with Mrs. William Kindel, 811 E. Church street, at 7:30 Monday night. Mrs. Margaret McCabe will be assistant hostess.

THETA RHO—At 8:30 Monday night, Old Gold Theta Rho girls will hold a potluck supper at the Odd Fellow hall, Elinor Gage, Mason City, will be a guest of the club. Darlene Walters will be in charge.

There will be an "Open House" program in the kindergarten II (five year old group), primary, junior and intermediate departments, based on their study of India during July and August.
10:30 a.m. Union worship service with sermon by the Rev. James E. Waery, pastor of the Congregational church. His topic is "Our Need of Christ."
Next Sunday all church school departments will meet at 8:30 a.m. This will be Rally day and Promotion day. This is the beginning of the new year work and we hope our church school members will all be back.

The ivory gull is found in the Polar Sea at 85 degrees North, less than 350 miles from the Pole, the most northerly record of any bird.

The first Spanish mainland settlement in South America was founded in 1509 by Alonso de Ojeda on the Gulf of Uraba, Colombia.

THESE BEAUTIES are outstanding examples of why girls leave home. Somebody told them that they were pretty enough to become "Miss America" so they packed their bags and headed for Atlantic City, N.J., where the current beauty pageant is being staged. Maybe they're wondering if they were told the right thing because Raven Malone (left) and June Elder are now tied for first place in preliminary contests of the "Miss America" runoff. Obviously they both can't win but who will disagree that they're in a class by themselves?

Hiya, Grandpop! Whereya Been?

THE ASSAILANT enthusiastically attacking Secretary of State George C. Marshall upon his return from the highly successful Inter-American defense conference at Rio de Janeiro is his four-and-one-half-year-old grand-daughter, Katherine T. Winn. Secretary Marshall was flown to Washington in President Truman's plane, the "Independence."

Seven Couples Get Marriage Licenses

Seven couples have been issued marriage licenses at the office of County Clerk R. Neilson Miller. Licenses were issued to Jon B. Dunnington and Joyce L. Johnson, both of Johnson county; William E. Fogarty and Florence Charlotte Dluhosch, both of Chicago; John A. Montgomery and Evelyn L. Thompson, both of Iowa City, and Lawrence Barrett and Barbara Cotter DeLong, both of Johnson county.

Roland Edward Protz of La Crosse, Wis., and Bernice Evelyn Moon of Corning; Dale Abel Paul of Maquoketa and Virginia Dwyer of Oxford, and Menzo E. Hatter of Millersburg and Betty Jane Mannheim of North English.

Overell Trial Takes Holiday

SANTA ANA, Calif. (AP)—The defense ran temporarily out of witnesses yesterday and the Overell yacht deaths trial took a four-day holiday, after hearing a movie explosion-maker testify that, in his opinion, the wire that the state says set off a shattering dynamite blast could not have detonated anything.

Carl Hernandez, who has been creating film blasts since the Keystone Kops' days of 1914, testified of the wire which prosecution witnesses described as completing a circuit with the

dynamite, a storage battery and a battered alarm clock: "The manufacturers of this wire put it out with a tinned end (dipped in a half-and-half solution of lead and copper) which must be scraped to cause a contact. This wire had not been scraped. Therefore it is my conclusion that it never had been tied to a battery, nor could it cause an explosion."

The Overell's heiress-daughter, Louise, 18, and her college lover, George Gollum, 21, are charged with murder.

Mayan-speaking tribes of Northern Guatemala and Yucatan dominated Central America for the first 1,200 years of the Christian era.

It is estimated that 55 percent of all auto driving in the United States is for business purposes.

432 Hogs Bring \$37,000 To Polk County Farmer

DES MOINES (AP)—A single lot of 432 hogs was sold by a Polk county farmer at the John C. Wisdom Co. Stockyards here yesterday for \$37,032.64, an average of \$85.72 a head.

Wisdom said he believed the check issued was the largest one ever drawn in Iowa for one lot of hogs. The best of the animals sold for \$28.50 a hundredweight.

Begins School with Artificial Arms

WHEN SHE FELL from a horse into the path of a haymower eleven months ago, five-year-old Charlene Fisk lost both arms. Now with two artificial arms to aid her she is starting first grade at Stinson elementary school near Rockford, Mich. Inspecting her work is her teacher, Katherine Harris. The interested onlooker is Donald Carver, another pupil.

Texas Midget

THIS ARMFUL OF HORSE is believed to be one of the smallest Shetland ponies on record. He weighed only 10 pounds at birth. The happy girl holding him is Joy Parker, 10, daughter of Mr. and Mrs. T.P. Parker, Arlington, Tex.

Bridal Party? No, Just Lunch for General Lee

A ROUTINE LUNCHEON for Lt. Gen. John C. Lee, United States army commander in Italy, gives the appearance of a sumptuous bridal dinner, according to press reports. The occasion for this luncheon is the turning over to the Italian government of the former army 55th station hospital. Newspaper stories of high living by General Lee and his staff while GI's underwent a Spartan existence have caused an investigation of the command by the army's inspector general, General Lee (facing camera) is flanked by Lieutenant Colonel Dillingham of his staff and Mrs. Dillingham.

Oh, You Kid

IT COULD HAPPEN here. This fashion rage of 1919 is a glimpse of what could happen to American women if insistent fashion writers are right in saying that longer skirts and wider brimmed hats are on their way to becoming vogue again. Economy wise husbands and fashion conscious swains shout, "No, not that. Give us 1946 again."

Ain't Nobody Here But Us Chickens

DOWN TEXAS WAY a girl sometimes has to protect herself from insistent men, and these two are no exception. Isabelle (left) and Lorraine Clemons of Hempstead, Tex., awoke the other night to strange noises and Lorraine fired one shot through the door when their caller failed to identify himself. That ended the visit and should stop would-be intruders in the future when they realize that the girls sleep with a gun in bed.

We Must Stop Russia, Bridges Warns VFW

Says Soviets Have Grabbed Hitler's Gains

CLEVELAND (AP) — Asserting that winning the peace was the most momentous issue facing America, Sen. Styles Bridges (R-N.H.) declared yesterday the country's sacrifices in the last two wars would be wiped out unless "some means is evolved to stop" Soviet "barbarians" and their "Russian war machine."

Terming Russia a "threat to peace," Senator Bridges told the 48th national encampment of the Veterans of Foreign Wars that the United States has had "world leadership thrust upon us."

"Winning of the peace is undoubtedly the most momentous issue facing America today," he said. "For unless we are able to find a solution to the confused problems of our foreign allies, unless we can at once check Russian aggression and cut out the cancerous growth of communism in friendly countries, we may yet find our hard-won victories and bloody sacrifices on the fields of battle to have been in vain."

"The Russian colossus which stands astride half of western Europe is the same Russia which had offered Hitler bases and submarines in his war on France and England, (is) the same Russia which invaded and pillaged Finland in 1939-40, . . . which devoured Latvia, Estonia and Lithuania, the same Russia, in fact, which in an unspeakable display of indecency coldbloodedly sat down with Hitler and partitioned a prostrate Poland."

"These friends and neighbors were forgetful of the cruel barbarity which power-mad Communists had practiced on their own fellow Russians, of whom an estimated 12,000,000, or 16 percent of all adult Soviet males, lie in labor and prison camps in Siberia for so-called political crimes, such as listening to foreign broadcasts."

"Behind closed doors at Yalta, and Teheran and Potsdam with honeyed words and promises of cooperation these same barbarians beguiled our leaders into believing their sincerity," Senator Bridges declared. "Yet, call the roll of this ally of ours:

"Democracy has died in Lithuania, Latvia, Estonia, Roumania, Jugoslavia, Bulgaria, Albania, Hungary, Poland, Finland, and one-half of Germany. Wounded, if not mortally stricken, are Greece and Austria. Czechoslovakia has been surrounded, if not already captured. France and Italy, still on their feet, fight desperately for their sovereignty."

"In other words, within two years after Hitler's fall and without firing a shot, Russia has already consumed nearly all the gains which Hitler acquired through years of warfare and political chicanery."

Oil mills of the cotton belt have facilities to produce more than twice as much stock feed, oil and linters as can be obtained from the present supply of cottonseed.

Assails Misleading Freight Ads Against Western Railways

WASHINGTON (AP)—Irrked by the "Rip Van Winkle" advertisements of Robert R. Young, the office of defense transportation yesterday made public data designed to show that Young's C. and O. freight trains run slower than those of Western railroads he criticized.

Young, chairman of the Chesapeake and Ohio railway co., and a frequent critic of what he terms "old line railroad management," last month brought space in many newspapers for an advertisement headed "Let's wake up Rip Van Winkle."

It depicted "old line management" asleep under a tree with a snail pulling a freight train in the foreground. The text charged that there "appear to be agreements" between some railroads to "deliberately slow down many freight trains," to eliminate competition.

Young said that although rail routes between California and Chicago varied as much as 450 miles, freight trains on these runs had the same elapsed time, and that this was contributing to the national freight car shortage.

ODT director J. Monroe Johnson said that the western roads "which Mr. Young assails" all maintained higher freight train speeds in the first half of 1947 than did C. and O.

The national average, Johnson wrote, is 16 miles per hour—that of C. and O. 15.3 miles. Norfolk and Western, a "coal hauling" road like C. and O., had an average of 15.9 miles, said Johnson. He gave these averages for western roads: Santa Fe 19.8; Union Pacific 19.9; Burlington 16.6; Southern Pacific 15.7; and Missouri Pacific 18.1.

McCullough Death Remains Unsolved, But Case Still Open

The mystery surrounding the case of Robert D. McCullough, whose body was found last month along the Iowa river near Hills, remains a mystery, but the "case is still open," according to D. O. Bender of the state bureau of investigation.

Bender, who has been working on the case with county officials since the body was discovered by two farm workers, left for Des Moines yesterday.

He and Sheriff Albert J. Murphy and Deputy Sheriff Marold Glaspey are still probing into the death of the 34-year-old Wapello, Iowa, war veteran and former university student.

The body, badly decomposed and garbed in winter clothes, was believed to have been washed to its position by the high waters in June.

A bullet, found in the skull of the victim, was sent to Des Moines, where a ballistics report showed that it had been fired by a "badly corroded" .32 caliber gun.

Launch Police Drive Against Dual Parking

The Iowa City police department is going to start a war—a war on drivers who double-park. The campaign will get under way after tonight.

Today and tonight will be a warning period, Police Chief E. J. Ruppert said. Warning tickets will be given to any car found double-parked during this time.

After the warning period double-parkers will be given court summons by the police, and hailed into police court.

This action was found necessary, the chief indicated, after special efforts to eliminate congestion on city streets caused by double parked cars and trucks were not entirely satisfactory.

Double-parking includes all autos stopped on the street, Ruppert said, regardless of whether someone is in the auto or not. The fine for the misdemeanor ranges from \$1 to \$100.

The state law which forbids double-parking requires that a car be parked within 18 inches of the curb, conforming with local parallel or diagonal parking laws.

There are 242,000 gasoline stations in the United States.

Going My Way?

THE LITTLE "PAPOOSE" in the basket probably doesn't know it but her mother, Mrs. Mary Rita Mousley of Mt. Vernon, N.Y., has brought her along to see the "Mrs. America" beauty contest at Pallsades Park, N.J., where mother is a contestant. Wait a few years, baby, and maybe you can go to Atlantic City.

Salm Meets Salm, International Mixup Ends In Party Calm

SANTA MONICA, Calif. (AP)—Well, Peter Salm has finally met Peter Salm. But paradoxically, it took an international mixup to straighten things out.

Peter Salm, bookstore clerk in nearby Westwood, got a lot of publicity recently when he was mistaken for Peter Salm, millionaire son of Millicent Rogers and the late Count Ludwig Salm. The occasion was the arrival in New York of Gisela Vandenscham, a Bavarian girl, to marry bookclerk Salm, whom she met in Germany during the war.

The other day eastern Salm walked into the bookstore and said: "Peter Salm, to see Peter Salm."

The Salm duet, with pretty Gisela, now a Mrs., proceeded to give nightclubs a whirl. Said eastern Salm, a student at Princeton university jokingly:

"We had a wonderful time. When the mixup occurred, my classmates took one look at Gisela's picture in the papers and urged me to go out to California and take her away from Salm."

More than 3,000 persons die in rural fires each year.

Help Problem A Headache, Cafe Men Say

Lack of help in Iowa City restaurants is a headache, according to seven restaurateurs who met yesterday with Robert Gage of the Chamber of Commerce and Robert Ballantyne of the university student placement service.

The restaurant owners agreed that the wages they pay, when meals are included, are among the best in the city's places of business.

Gage had called the meeting to organize a survey to find out:

- (1) When all restaurants in Iowa City will be open.
- (2) What the average wage scale is.
- (3) What the over-all capacity of Iowa City's restaurants is.

There was general agreement to the survey and Gage plans another meeting soon.

The Chamber of Commerce plans to organize a restaurant division, and the chairman of it will be appointed later by President Ben Summerwill.

The owners said they were able to take care of the large crowds

in the city during football and basketball seasons. Lines which form in restaurants at meal time, they said, disappear quickly, but, it was pointed out, long lines discourage others from stopping in.

The meeting, held in the Iowa-illinois Gas and Electric company assembly room, was attended by Jesse Roberts, Union grille; Ned Jesse Roberts, Union grille; Ned Sweitzer, Sweitzer's inn; James Lons, Princess cafe; Jens Walker, Tip Top cafe; Guy Singleton, Maid-Rite cafe; George Davis, The Huddle, and Perry Potiriades, Reich's cafe.

Gibbs Suffers Chest Injuries in Collision

Archie J. Gibbs, 1117 Porter street, who suffered a bruised chest yesterday afternoon in an automobile collision at Jefferson and Evans streets, was released from University hospital after treatment.

The car driven by Gibbs collided with one driven by LeRoy Detweiler, 1130 E. Washington street, at the intersection. Gibbs' chest struck the steering wheel.

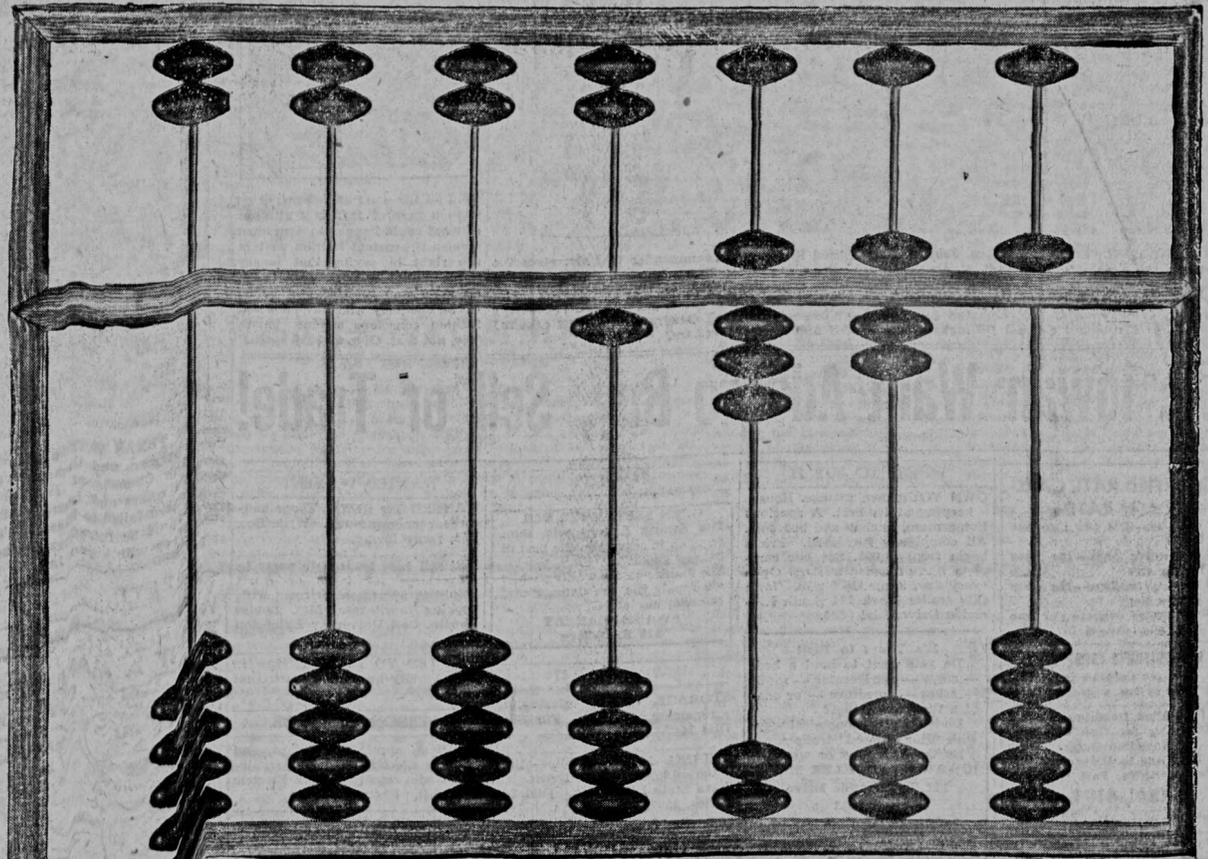

Damage to Detweiler's car, a 1931 Ford, was reported to be \$30. No report was given of the damage to the car driven by Gibbs.

Monrovia, Liberia, was named for U. S. President James Monroe.

Snyder off to Money Talks

TREASURY SECRETARY John W. Snyder and Mrs. Snyder sail from New York aboard the Queen Elizabeth for London where Snyder will attend the conference of the international bank.

Know how to use an abacus?

The abacus is a very ancient and ingenious device for solving mathematical problems.

The basic idea is very simple. Each counter in the upper section has a value of five. Each counter in the lower section has a value of one. The columns are the same as our mathematical columns.

Now, suppose you want to add 6.25 and 18.75. First you would move the counters in the last four columns to set up 18.75—just as in the abacus pictured above. Then you would add 5 to the last column by moving a 5 counter down. Since this would make 10 in this column, you would—

But wait—there's a much simpler way of add-

ing 6.25 to 18.75. You can buy a U. S. Savings Bond for \$18.75, and it'll add \$6.25 to itself in 10 years.

It's about the easiest way there is of doing addition, because it can be completely automatic.

If you're employed, all you have to do is sign up for the Payroll Savings Plan.

If you have a bank account all you have to do is sign up for the Bond-A-Month Plan.

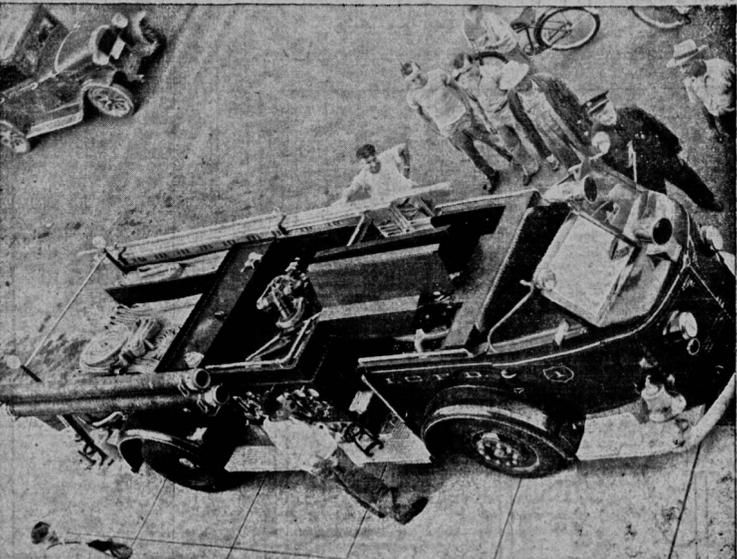

Either way, it's automatic. You can forget all about it—and your money keeps on adding itself up.

Maybe you'll need that abacus in a few years to figure up how well you're doing!

Save the easy, automatic way—with U.S. Savings Bonds

The Daily Iowan

Iowa City's Big Red Wagon

AS IT IS WITH ANY NEW-CAR OWNER who puts his new buggy on display for the neighbors, so it is with Fire Chief J.J. Clark who shows off Iowa City's new 1,000-gallon pumping engine, which has just arrived from the factory in Elmira, N.Y. The pumper was put through its paces yesterday at the lagoon near the University theater, and seemed to perform its duties without a hitch. It is one of two new pieces of fire-fighting equipment which the city ordered early this year. The other, a ladder truck, has not yet arrived.
