## Swimming Pool Vote Planned for October 7

### Council Sets Date Following Aug. Petition

By RAY HENRY  
October 7 was set as the date for a special election on the Iowa City swimming pool by the city council last night.

The election is the result of a 1,372 name petition which was submitted to the council on August 11. The petition was circulated by a group of local mothers, asking for an election on issuance of (SEE PICTURE PAGE THREE)

\$50,000 in bonds to supplement the \$62,500 previously voted for a pool but never used.

The reason for the large number of petition signers was to fulfill a law which requires that one-quarter of the voters in the last election sign the petition. This action forces the council to set a date for an election.

A member of the Iowa City recreation commission swimming pool committee, Ned L. Ashton, appeared at the council meeting and showed the council a plan which the swimming pool committee has submitted to Howard Greene, architect for the swimming pool.

Ashton said that the committee's plans have a number of changes in them from the original plans which Greene drew up. But these changes, he said, have been tentatively approved by Greene.

Irvine Weber, chairman of the swimming pool committee, said last night that his committee had drawn up the plans after lengthy consideration of all aspects of the project. He said it was not the committee's idea to object to Greene's plans but to give Iowa City the best possible swimming pool.

Other members of the committee are Dave Armbruster, University of Iowa swimming coach, and Edgar Frame, chairman of the Iowa City recreation commission.

Following the approval of the special election date, Councilman James Callahan questioned the figure of \$50,000 set for the bond issue. He said that amount will "scare a lot of people away from voting for the plan."

Alderman Max Hawkins said that the amount to be voted on was in accordance with the petition submitted to the council.

### The U.S. Today—Nation In The News

By THE ASSOCIATED PRESS  
WASHINGTON (AP)—Senator Kilgore (D-W.Va.) said yesterday there will be "a terrific drive" on congress to restore price controls unless industry limits profits to reduce prices. Kilgore told a news conference that "unless business protects the capitalistic system with normal profits on operations, you are going to find the people demanding that the government step in."

COLUMBUS, O. (AP)—Sen. Robert A. Taft entrained for Chicago last night on a political "pulse-taking" tour of the west, after he was told by Ohio Republican leaders that "very encouraging" reports had been received on his probable campaign for the Republican presidential nomination.

CHICAGO (AP)—AFL President William Green expressed the opinion last night that top AFL leaders would sign non-Communist affidavits in order to use the National Labor Relations board in jurisdictional fights with rival unions. A decision was put off by the executive council until Friday morning, Green said, to permit a legal inquiry into a ruling by NLRB General Counsel Robert Denham that AFL council members must sign the affidavits.

NEWTON, Kas. (AP)—A bazooka rocket explosion which killed three children and injured five others in their farm home was under investigation yesterday by Fort Riley officials.

The bazooka, which Arnold Schmidt, father of the children, said he had picked up near Fort Riley, exploded Sunday night after one of the youngsters threw it on a cement walk.

ORANGEBURG, S.C. (AP)—A grand jury yesterday returned a true bill against a 10-year-old boy charged with raping an eight-year-old girl. The youth is James Edward Brockington of the town of North, S.C. The alleged offense occurred in late July and the boy has been held in jail here since that time.

### Blazing Sun Sends Temperatures Soaring

DES MOINES, (AP)—A blazing sun shot temperatures in Iowa up to as high as 100 degrees at Sioux City yesterday afternoon. But cooler weather was forecast by the weather bureau for today.

At Council Bluffs, schools were dismissed at 2:30 p. m. when the temperature reached 98 degrees.

In addition to Sioux City's 100, other readings were Council Bluffs 99, Des Moines 98, Atlantic 96, Burlington 94, Iowa City 93, and Mason City 91.

### Find Victim Of Sex Killer

LAWRENCE, Mass. (AP)—Victim of a savage sex assailant, the body of seven-year-old Louise Anne Kurpiel was found yesterday on the bank of the Merrimack river.

After a two-hour autopsy, State Pathologist Alan R. Moritz said he found evidence of attempted rape and possible strangulation and that the child had suffered multiple fractures of the jaw and head. The skull was so severely battered the brain was exposed, he said.

Dr. Moritz deferred ascribing specific cause of death pending microscopic and chemical tests which were expected to disclose if the little victim died of strangulation before other injuries were inflicted.

Acting on reports from two couples who had been fishing in the river last evening, police sought a young man in his twenties. The man asked for a match, the anglers said, and when it flared up as he lighted a cigarette his hands appeared covered with blood.

The anglers related that when questioned as to what had happened, the young man replied, "Oh, I've been in a jam," and walked away.

### Veterans Cash Over 1-5 Terminal Leave Bonds

WASHINGTON (AP)—Veterans cashed in more than one-fifth of all terminal leave bonds during the first five days they were allowed to cash them, the treasury announced yesterday.

### 'Bad as Hitler,' Shout Jews As Exodus 1947 Unloaded

HAMBURG, Germany (AP)—about 175 — were subjected to physical pressure. News men watching from the dock saw 50 Jews manhandled. An official British statement said one Jew was hospitalized with head injuries, while several were treated for bruises and other injuries.

Early today the British plan to unload the second ship of the convoy, returning to Germany 4,300 Jews who sailed for the Holy Land from France on July 10, only to be taken in charge eight days later by the British navy off the Palestine coast.

The Jews sailed originally from Sete, France. They refused to disembark when they were returned to Port de Bouc, and the British finally brought them to Hamburg. Yesterday's disembarkation was preceded by an invitation to leave the ship peacefully.

British officials expressed fear today's landing would see additional violence, but said the troops again were ordered to drag ashore any Jew who resisted.

The disembarking began at 6:20 a. m. and was peaceful for the first three hours, when about half of the refugees were unloaded.

Then violence broke out in the No. 2 hold, where Jews spurned the invitation to land quietly.

In full view of correspondents on the quayside, the British troops began beating the resisting Jews with truncheons — wooden clubs — and dragging them bodily down the dock to the Poppendorf-bound trains.

'Don't Do As I Did,' Advises Murderer  
CHICAGO (AP) — A 23 year old man, convicted of murder and sentenced to die Friday in the electric chair, said yesterday: "Boys, please don't do as I have did. Do as I say."

"You are not tough when you put a gun in a man's face and take what he has worked for. "It don't take guts to do that. Any fool can put a gun in his hand and do wrong."

"But it takes a man with guts to get a job and work for what he wants. You are a man when you get that tough."

The advice was written by Ernest Gaither Jr., convicted of murdering Max Baran in a tavern shooting last Feb. 9. It was contained in a crudely-penciled note he handed to Warden Frank G. Sain at county jail.

### Bomb U. S. Center, Communists in Cordoba

BUENOS AIRES (AP)—The United States cultural center and the Communist party headquarters in Cordoba, 400 miles northwest of Buenos Aires, were twin targets of vandal attacks yesterday.

A small bomb exploded in the doorway of the cultural center, local office of the U.S. state department's cultural program, breaking windows and causing other minor damage. No one was injured.

At about the same time, a bomb containing tar exploded in front of the Communist building, smearing the facade with the sticky substance.

### Riots Kill 300 In New Delhi

NEW DELHI, India (AP) — The twin cities of Old and New Delhi were in a virtual state of siege last night as police and the military used light cannons, rapid-fire weapons and hand grenades to quell Moslem-Hindu rioting which one high police official said had killed at least 300 persons in two days.

Countless fires, big and small, blazed in the most affected sections of the old city, where yesterday's rioting centered. New Delhi, which suffered worst Sunday, was fairly quiet yesterday compared with the outbreaks in the crowded bazaar and tenement areas of Old Delhi, where whole blocks of houses were set afire.

Heavy firing, which rattled almost continuously during the morning, slackened during the afternoon, picked up somewhat in the early evening, then subsided except for occasional shots.

Adding to the difficulties of those attempting to keep order in the extremely narrow alleys—some barely 15 feet wide—was the sniping from rooftops at the police, the military or members of a rival religious community.

A police magistrate said troops heaved grenades onto rooftops where snipers had been spotted. The magistrate displayed homemade mortars fastened to hand-hewed stocks which he said had been captured in one area. He added that some "bad characters" had holed up in buildings and that the military had not been able to drive them out, even with machine guns.

### World in Action—Around The Globe

BERLIN (AP)—A German mine manager said yesterday small amounts of uranium were being produced in Soviet-controlled mines in the region of Marienberg, but the gains were slight and skilled engineers were lacking.

ATHENS (AP)—The new Greek government, seeking a vote of confidence in parliament, announced last night it would invite an international commission to "guarantee execution" of an unconditional amnesty to guerrillas who surrender with their arms "as soon as possible."

ROME (AP)—The directing committee of the governing Christian Democratic party of Premier Alcide de Gasperi last night called an "urgent meeting" for today to examine the political situation following a strike yesterday by an estimated 800,000 laborers in north Italy. The strike appeared to be the full-dress opening of a labor-leftist campaign against the government over mounting living costs. It menaced the Po valley rice crop.

BATAVIA, Java (AP)—U.S. Consul General Walter A. Foote, chairman of the United Nations consular mission, said yesterday the mission's military staff would begin arriving this week-end to supervise and report on enforcement of the U.N. cease-fire order in the Dutch-Indonesian conflict.

LAKE SUCCESS (AP)—The Arab higher committee for Palestine declared yesterday that any attempt by the United Nations to enforce a division of Palestine into separate Jewish and Arab countries "will only lead to trouble and bloodshed and probably to a third world war."

RIO DE JANEIRO (AP) — A launch carrying 105 participants in the Brazilian independence day festivities, many of them women and children, collided with a ferry boat in Guanabara Bay Sunday night, killing at least 26 persons and injuring 70 others. Several of the dead were children.

### Expert Predicts 'New Era' in Navy Weapons

Missile Travels Only Six Miles, Operation Not Complete Success  
WASHINGTON (AP) — The navy opened up what its top expert called "a new era in naval weapons" yesterday with the announcement that a German V-2 rocket was fired last Saturday from the carrier Midway at sea.

It was the first recorded launching of one of the mass destruction weapons from any moving platform.

The navy refrained from calling the whole demonstration a "success," using that word only to describe the actual launching operation. Nevertheless the test brought fearfully close the day when any target within V-2 range of a coastline may be menaced by the weapons that battered London and shattered Antwerp.

The announcement, chary of details, said the V-2 "after being launched successfully traveled about six miles and exploded." No explanation was given of why the missile went only such a short distance.

Navy officials, who would not be quoted by name, told a reporter the test had been planned for maximum range. The Germans were firing V-2's up to 200 miles toward the close of World War II.

The V-2, more than 40 feet in length and weighing about 26,000 pounds when fully fueled and its warhead loaded with explosives, is heavier than any aircraft bomb in actual use so far, though bombs of 40,000 pounds weight and more are in the planning stage.

The navy's only estimate of the results of the test at sea came from Rear Admiral D. V. Gallery, assistant chief of naval operations for guided missiles. He said: "This launching will mark the beginning of a new era in naval weapons."

The scene of the launching was described only as "several hundred miles at sea." The rocket was set off from the flight deck of the 45,000 ton carrier.

The navy did not say how the V-2 was launched nor whether the explosion after traveling only six miles was earlier than intended. In tests at White Sands, N. Mex., the German rocket has gone as high as 114 miles.

Immediately after the firing, the Midway conducted flight operations off her deck, the navy said. This indicates that the launching platform for the 40-foot rocket was disassembled or thrown overboard at once.

One purpose of the experiment was to find out whether large bombardment rockets could be fired from modern aircraft carriers without modifications that would affect normal flight operations.

The actual firing, however, was done by an army-trained navy launching crew.

The Midway put to sea a week ago from Norfolk, Va. She is now en route back to Norfolk, navy officers said, and is expected to dock today or Wednesday.

## Suffering, Sightseers and 'Ike' Boosters Mark the Day

REFUGEES BEHIND BARS, Jews pictured are part of a group disembarked by British troops from the transport Ocean Vigour at Hamburg, Germany, yesterday. They are staring from barred window of a railroad coach after arrival at Kuecknitz, near Luebeck, where they were taken to the Poppendorf detention camp. (AP WIREPHOTO)

MESS SERGEANTS BOOMING 'IKE' for president are shown as the first Eisenhower for president poster is unveiled in New York. 'Ike's' former sergeants are John Schwartz (at top), and Marty Snyder (left). (AP WIREPHOTO)

### Hurricane-Busting Try Needs Big Gale

MIAMI, Fla. (AP) — A minor tropical storm made a sneak appearance in the Gulf of Mexico yesterday and became a meteorological guinea pig for history's first hurricane-busting experiment.

Yesterday's storm developed too close to the Florida west coast to be seeded with dry ice or other crystals by army and navy planes. The military services and scientists cooperating with them want a bigger storm farther at sea for their first real effort.

However, a navy hurricane hunter plane from the Miami Naval Air station probed the Gulf storm for possibly the last bit of research before the actual hurricane busting effort begins.

Injured Knee Hampers Kinnick Scholar

# Shaw Leaves Gridders

## Squad Now 53 Strong

Willard Shaw, the first Nile Kinnick scholar and an all-state halfback in 1944, has withdrawn from the Iowa football squad Coach Eddie Anderson announced yesterday.

Shaw, from Marshalltown, has had a bad knee ever since reporting to the Hawkeye gridders last spring and has decided that the best thing to do is to take it easy and rest for awhile. Shaw first aggravated his right knee while in the Army and it has never been right since.

He underwent an operation last spring and it never did regain full strength. The final blow came about ten days ago when the shifty halfback stepped into a hole in practice drills.

Should the knee show improvement Shaw plans to report back for practice. "Of course, we don't want to take any chances of further injury," Dr. Anderson said.

One other member has withdrawn from the squad, leaving the total at 53. Bob Kaufmann, of Jacksonville, Ill., has left due to personal reasons. The squad had opened their drills with a total of 56 but Al Baffo left the team Saturday due to housing difficulties. He was rated as the team's no. 3 offensive fullback.

Dr. Anderson has said that he is well-satisfied with the team's showing in the first five days of practice but also said that there is harder work in store for the gridiron hefties. The twice-daily drills will continue at least through this week.

Yesterday marked the first

Willard Shaw Leaves Grid Squad . . .

work on the defensive side of the ledger for the Hawks. All of last week was concentrated on the tuning up of the offense.

Further proof of the development of the squad in general was shown by the work in the dummy scrimmage last Saturday. Blocking was hard and fierce although no tackling was allowed.

Dr. Anderson also announced one change yesterday. It concerned the moving of Bill Kersten, Iowa's leading yard-maker by rushing in 1944, who has been shifted from left halfback to left guard where the 200-pounder may be valuable because of his speed after he learns guard play.

## Wolverines Announce Sell Out With Ohio State for Nov. 22

ANN ARBOR, Mich. (AP)—The University of Michigan yesterday announced its Nov. 22 home football game with Ohio State was a complete sellout, with 85,938 paid admissions accounted for.

It was the second earliest home sellout in history, only the Army game last year surpassing it. The Wolverines' Nov. 1 contest with Illinois at Champaign was sold out more than a week ago.

Coach Fritz Crisler meanwhile put his squad through extensive drills with the emphasis on sharpening pass defense.

COLUMBUS, Ohio (AP)—A strained thigh muscle put Dick "House" O'Hanlon, first string Ohio State university football guard, in dry-dock for a few days yesterday.

However, Mike Cannavino, laid up with a similar injury in pre-season practice, returned to right half to balance the books.

Most of the other aspirants to the first team showed some stiffening after Sunday's inactivity but backfield hopefuls like Ollie Cline, Pete Perini, and Alex Verdova appeared to be shaping up.

CHAMPAIGN, Ill. (AP)—Coach Ray Eliot, dissatisfied with Illinois' attack in scrimmages Saturday, yesterday ushered the Illini through stiff workouts with his backs and ends drilling on new plays.

Bill Franks, a sophomore tackle, appeared for practices after a rumor that he intended to quit football. He is a prospect for left tackle, a spot weakened by the absence of Bob Prymski.

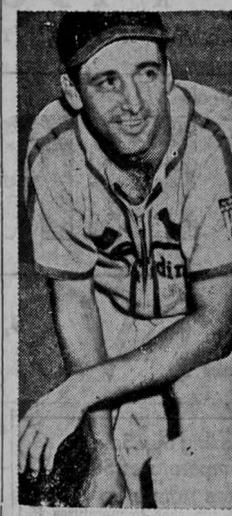

Rejoining the squad after nursing injuries were Don Maechtle, end; George Dimit, end, and John Morieko, guard. Guards Leo Cahill, Warren Ely and Art Archer still were on the injury list.

EVANSTON, Ill. (AP)—Assistant coaches took charge of Northwestern football practices yesterday while Bob Voigts paced the corridor at nearby Evanston hospital as an expectant father.

The gridgers and staff were in the midst of signal calling drills preparatory for today's first scrimmage when news came that Voigts was the father of a 7 pound 11 ounce son. He has another son, 3 years old.

### Philly Ace Enjoys 36-Point Lead

# Walker Nears Crown

HARRY WALKER

## Purdue Holds First Scrimmage of Season

LAFAYETTE, Ind. (AP)—Coach Stu Holcomb tried out two different line combinations yesterday as Purdue football candidates went through their first scrimmage of the season.

In the backfield, Holcomb said he was pleased with the development of George Papach and Jack Milito, who are among the leading candidates to take over Ed Cody's vacated fullback berth.

## Williams Tops American Loop

NEW YORK (AP)—Harry Walker of the Philadelphia Phils, virtually removed all doubt during the past seven days as to the identity of the national league's 1947 batting champion by adding two points his total for a 36-point lead over his nearest rival.

Walker, younger brother of Brooklyn's more widely known Dixie, belted out nine hits in the 22 times at bat in the week that ended Sunday and moved his season's average from .354 to .356. Meanwhile, Phil Cavarretta of the Chicago Cubs remained at .320 to permit Walker to increase his advantage.

The national league schedule has only three more weeks to go, virtually assuring Walker of the title Stan Musial of the St. Louis Cardinals took last year with .365. The Philadelphia Walker leads the league in hits with 172 and in triples with 16. The Brooklyn half of the family tops the circuit in doubles with 30.

Johnny Mize's 46 home runs gives him a bulge of five over Kiner. The New York first baseman also heads the circuit in runs with 119 and runs batted in with 123. Jackie Robinson of Brooklyn, has an almost two-to-one ratio in stolen bases over his closest rival. The Dodger first baseman has pilfered 24, compared with 13 for Johnny Hopp of Boston.

Boston's Ted Williams slipped three percentage points last week, but his .337 kept the Red Sox thumper 10 points ahead of the

TED WILLIAMS

field in the American league batting race.

Williams actually gained a point as runner-up Dale Mitchell of Cleveland dropped four points to .327. Ted collected nine hits in 30 trips during the week while Mitchell batted 11 in 38 appearances.

Biggest hitting thunder of the week came from the bat of Chicago's Tuffy Wright, who climbed 10 points to third spot with 325 as he cracked out 12 bingles in 27 chances.

Williams continued to monopolize the specialized department, slamming two homers for a bag of 29; swelling his RBI total to 94 with five more; and scoring seven runs for a 110 aggregate.

Pesky kept the lead in hits with 117, while other unchanged leaders were Boudreau in doubles, 43. Mickey Vernon of Washington in triples, 12; and Bob Dillinger of St. Louis in stolen bases, 29.

# Glenn Dobbs in Gridiron Swap

## Dodger Star Goes to Dons In Triple Deal

LOS ANGELES (AP)—Professional football's biggest trade of the young 1947 season yesterday sent Brooklyn's pass and punt master, Glenn Dobbs, to the Los Angeles Dons of the All-America conference.

Dobbs, the All-America's most valuable player last season when he paced the loop in both throwing and booting, was obtained in a three-cornered deal that wound up with Angelo Bertelli of the Dons coming to the Chicago Rockets and the Rockets' Robert (Hunchy) Hoerschemeyer landing in Brooklyn.

No cash was involved in the deal, Harry Thayer, Dons general manager said. Brooklyn officials confirmed this.

The Dons obtained Dobbs, the former Tulsa university all-American, on a five-year contract. Coach Bud De Groot said he expected the six-foot, four-inch halfback to start practice with the club for "definite action" against the New York Yankees in the Dons' home opener in Memorial coliseum Friday night.

Bertelli, the former Notre Dame ace, signed with the Dons during the war. A few days later he signed another pact, this one with the Boston Yanks of the rival National league. In the subsequent court battle Bertelli was awarded to the Dons, for whom he has had fair success.

Hoerschemeyer played for both Indiana and the Naval academy during the war and has been Rockets' regular quarterback. "Hunchy" rated fifth among the league's passers last fall, passing for 1,286 yards and running for some 375 more.

Coach Bud De Groot of the Dons said Dobbs would be used at the left halfback or tailback spot "at least for the first game and until we see how he fits into our system."

Dobbs has been playing at Brooklyn under the single wing system, whereas the Dons use the "T" formation.

At Chicago, Coach Jimmy Crowley of the Rockets said Bertelli would report to his club today. Crowley said he was well satisfied that the former Notre Dame star passer would improve the Rockets.

"Hoerschemeyer was a good passer, but he worked best from a single wing-back formation, while Bertelli will fit in better with our T-formation passing attack."

Crowley said that a knee injury suffered by Bertelli several weeks ago was of a minor nature. Because of the injury, Bertelli missed the last two Dons' games.

## Chattin' with Chad

By CHAD BROOKS

Last night we delved deeply into our notes about the Buckeye football team from Ohio State—and we haven't been able to sleep since. The 1947 Bucks may not win any conference championships, they could even finish in the second division—but it's a lead pipe cinch that the Columbus, Ohio, boys are going to score all sorts of touchdowns before the season ends.

That catch will come when the Buckeye ball-toters try to tally often enough to off-set one of the league's weakest lines.

Only four key regulars are missing from the 1946 Bucks, but all are good powerful linemen. Gone are Warren Amling, All-American tackle; Hal Dean, the other tackle regular; Chuck Csuri, a great guard, and Tony Adame, regular center.

Returning, however, are some pretty good sized boys who just might fill the bill.

Jim Crane and Traian Dendiu, both weighing in over 190, are returning regulars at the ends—but Dendiu is just about to lose his job to a 220-pounder named Dick Flanagan who was a regular left halfback in 1944. A fast powerful Irishman, Flanagan rates as one of the league's best prospects.

The tackles are long on poundage but short on experience. Forrest Hamilton, at 212, was the top reserve last fall and saw considerable action, but Jack Jennings, a 222-pounder, failed to even win a letter as a freshman last fall.

Captain Bob Jabbusch is the only regular returning for a middle-line spot. A two year starter, Jabbusch will take good care of one guard spot.

The other guard job will probably go to Tom Snyder who was a regular on the 1944 championship team and has been in the service since.

Another war veteran returning to his starting job, Jack Lininger, will hold down the center berth. A 195-pounder, Lininger was a 1945 regular.

This line combination would give the Buckeyes a forward wall averaging a rugged 205 pounds per man.

The backs are also plenty big—but also plenty good. Pete Perini, moved from a fullback berth, will handle quarterbacking assignments—which means plenty of blocking and not too much passing in the Ohio State system. 210-pound Pete was the league's top punter last fall.

At left half will be Dean Sensenbaugh, freshman sensation of 1943 who had a sporadic, injury-jinxed career at West Point during the war. Young Dean could well be the best running back in the Big Nine this fall.

At the other half is speed merchant Jerry Krall, 1946 regular. And in reserve will be the other '46 starter, Alex Verdova, and power running Bob Brugge, a rugged 195-pounder.

Then, at fullback, Ollie Cline is back again—practically a sure thing for All-American honors. The very speedy young giant was second only to Army's Doc Blanchard in his last Buckeye season back in '45—and this year he should be second to none.

And if, by some strange twist of fate, the Bucks decide Mr. Cline needs some help, there is always the huge Joe Whisler—a bull-like runner who was a regular last fall.

On the round-up, this is a huge team with a great collection of running backs but no line and poor passing. Their ground game should be strong despite the line weaknesses.

Probable finish—fourth.

## Good News, Sad News For Drake Gridders

DES MOINES, (AP)—There was both good and bad news from the Drake university football camp yesterday.

The good news was the return to limited action of three injured players—Dick Sampson and Chuck Bristol, ends, and Dick Steere, tackle. All are expected to return

to full service by the end of the week.

The bad news was an injury to Center Jim Riding that was expected to keep the former All Big Six player out of action the rest of the year. Riding reinjured his back, which was first hurt last season as an Iowa State player.

An estimate of 15 million tons of commercial fertilizer used in 1946 set a new high record for the United States.

## Giants 10 Run Rally Dips Bucs

PITTSBURGH (AP)—Coming from behind an 8-0 count, the New York Giants broke loose with seven runs in the eighth inning and then defeated the Pittsburgh Pirates, 10-8, on Lloyd Gearhart's two-run homer in the ninth.

A paid crowd of 3,936 fans saw Veteran Fritz Ostermuller pitch no-hit ball for five innings and two-hit ball for seven before the Giants blasted him off the mound with a five-hit attack good for as many runs.

After Jim Bagby relieved Ostermuller with men on first and second and two out, the Pirate-reliever committed a balk advancing both runners. Pinch-hitter Joe Lafata drove them home with a single.

Gearhart's winning four-bagger came after Bill Rigney had doubled off Bagby in the final frame.

The Pirates roughed up Sheldon Jones, Joe Beggs and Andy Hansen for 7 of their 9 hits and all of their runs but couldn't score in the last two innings on fireman Ken Trinkle who received credit for his seventh victory. Bagby was charged with his fourth loss.

## Feller's Relief Stint Downs Yankees, 4-3

NEW YORK (AP)—Bob Feller, Cleveland's great right-hander, turned in a brilliant relief performance in the ninth inning last night to enable the Indians to squeeze out a 4-3 victory over the New York Yankees. Feller came to Bob Lemon's rescue with nobody out and runners on first and third and retired the next three batters without allowing a run.

Score by innings:  
Cleveland . . . 110 000 020-4 11 1  
New York . . . 010 101 000-3 6 1  
Lemon, Feller, and Hegan, Lopez (8); Newsom, Page (8) and Robinson

## City High Launches Title Defense Friday With West Waterloo

By DON SCANNELL

Without the benefit of a warm-up tilt, the Iowa City high football team opens its defense of the Mississippi Valley conference grid title Friday night with West Waterloo furnishing the opposition.

Coach Frank Bates, who occupies the coaches' hot seat of the year, will make his debut as Hawklet grid mentor in the contest. Bates has the unenviable task of filling the shoes of Herb Cormack, who led the Little Hawks to nine straight wins and the mythical state title last year before moving to Iowa State as freshman coach.

Returning from last year's eleven are two regulars and several lettermen reserves for Bates to use as a nucleus of the 1947 team. Bill Reichardt has been shifted from end to fullback where he looms as the only triple-threat on the squad. Virgil Troyer, regular center last season and star sprinter of the track team, has been moved to end to take advantage of his speed.

After two weeks of practice the other nine starting berths are still undecided. Gene Hettrick and Dick Brown are leading contenders for the end spot opposite Troyer. Francis Beasley and Ed Colony have been holding the No. 1 tackle jobs and will be hard to dislodge.

Don Strub and John Rinella may get the nod as starting guards but Bill Lee and Chauncey Schmitz may move into the starting lineup. At center, Dave Crumley and Holger Christensen, a converted tackle, are battling for Troyer's vacated position.

In the backfield the biggest question is the quarterback slot where Dick Doran and Dick Williams are fighting for the job of

## Ferris Fain Returns To A's After Suspension

PHILADELPHIA, (AP)—Ferris Fain, the Philadelphia Athletics' rookie first baseman, yesterday was returned to good standing by American league President Will Harridge.

Harridge suspended Fain indefinitely Saturday for taking a punch at Eddie Pellagrini, Boston Red Sox third baseman, in a night game last Friday.

The German word for cotton, "baumwolle," means "tree-wool."

IOWA CITY'S NEW POOL will look almost like this if voters in the fall election approve funds necessary to construct the pool. Cost has been estimated at from \$100,000 to \$110,000. Work by the city's four-man swimming pool committee has been underway for more than two years and initial plans for the project were drawn and submitted to the city council in 1941 by Howard Green, Cedar Rapids architect. A second set of plans has since been drawn by committee member Ned Ashton which incorporate certain recommendations and modifications suggested by the committee. Committee Chairman Irving Weber said last night the pool, if authorized in the October voting, would be essentially a "play" pool for pleasure swimmers and beginners rather than competitive athletes. However, the pool will measure in length, width and equipment to specifications demanded in competitive swimming. Structural improvements have also been recommended by the committee. Need for a pool for the city's children was recently emphasized by the drowning of 10-year-old Keith Howell last June 5. The youth who could not swim lost his life in City park during the spring floods when, while playing, he rolled off a log into deep water. It was after this incident that a petition for the special election was presented by citizens to the city council. Last night, after six years of planning, an October 7 date was set for the voting.

# Object to No Dual-Parking Law

## Citizens Say Business Is Driven Away

By RAY HENRY  
Two local businessmen appeared at the Iowa City council meeting last night to state their objections to the recent enforcement of the double parking law on Iowa City streets.

Ben Whitebook said that enforcement of this law "will chase customers away from my store."  
"I'm not as lucky as some merchants in having parking space to put cars. Something has to be done about the parking situation in Iowa City," he said.

George Rebal agreed with Whitebook and added that his situation was even worse because he had no back entrance to his store.

"I have to load and unload all my goods from the street, and if this new enforcement covers double parking of trucks I wouldn't even be able to get goods into my store," he said.

Mayor Preston Koser said that "if this new method doesn't work out we'll try something else. But, for the present we're going to have to continue the present system."

"As soon as I come back from the meeting in Washington, where discussion will center around city parking problems, I will submit a written report to the council. If there is any solution to be found to this particular problem, the council will take action on it then," he said.

Alderman William Grandrath said that he felt it his duty "to go to bat for the businessmen on this issue."

"I made a personal survey this afternoon of some of the downtown parking areas which are not in the parking meter zone. Not one car I found had been marked with parking limit chalk. If this situation can go on, I can't see why we also can't let drivers double park."

The council also heard a resolution to give permission to the R. H. Wildman Company in Iowa City to construct the auxiliary fire station near the city scales.

The Wildman firm submitted a bid of \$12,298 to build the structure.

In connection with this project the council voted to direct the city engineer to start immediately on tearing down the building where the fire house is to be built.

Construction is to start September 22 on the building and is to be finished by January 1, 1948.

A resolution was passed by the council to advertise for bids for the reclaiming of South Linn street by construction of a retaining wall along the bank of Ralston creek.

The retaining wall will be built from the south side of Benton street along the west side of Linn street to 230 feet south. The project will also include the straightening of Ralston creek from the south end of the retaining wall.

Bids for construction of this project will be taken September 29 at 2:00 p. m.

A petition from the Iowa City Shrine club was heard which requested the use of the Army for use of the Clyde Brothers circus October 13, 14 and 15. A charge for use of the army of \$100 a day for such purposes is authorized by city ordinance, according to Alderman Max Hawkins.

The council suspended rules last night to give the city ordinance regarding the appointment of a city assessor a second and

## 'Freedom Train' To Stop in Iowa City; Date Not Set

The "Freedom Train," traveling through 300 of the nation's cities in the next year, will visit Iowa City, Mayor Preston Koser said yesterday.

The train will carry such documents as the Constitution, the Bill of Rights, the Declaration and others, numbering 100.

The train will arrive in Philadelphia, September 17, and then continue its tour. The arrival date for Iowa City is not yet known, Koser said.

Sponsored by the American Heritage foundation, the train's visit will be met with a Week of Rededication, community program to increase awareness of American privileges, according to Koser.

## Fined for Assault on Hospitalized Friend

CHARITON, Ia. (P)—Joseph W. Newbold of Keosauqua paid a fine of \$50 in the court of Justice of Peace Oren Randall yesterday after pleading guilty to a charge of assaulting John Boren while the latter was hospitalized following an operation.

Newbold, who is associated with Boren in the conduct of the Boren Chemical co. here, was charged with engaging in an argument with Boren at the Yocom hospital on Sept. 3. Boren had undergone an appendectomy. Boren apparently was not injured in the altercation.

Newbold originally pleaded innocent and was released on \$350 bond. Last Saturday, however, he changed his plea to one of guilty.

## PERSONAL NOTES

Helene Blattner, Palo Alto, Cal. is visiting her mother, Mrs. Fred Blattner, and her cousin, Grace Cogswell in their home, 921 E. Burlington street. Miss Blattner, who is assistant professor of Speech and Drama at Stanford university, is on leave for the fall quarter and will remain in Iowa City until she returns to Stanford for the opening of the winter quarter the first of January.

Mr. and Mrs. Fred Fry, 506 Brooklyn Park drive, are spending a weeks vacation in northern Minnesota.

Pfc. Earl J. Benson, son of Mr. and Mrs. H. Earl Benson, 810 E. Jefferson street, was one of the 45 enlisted men who recently graduated from the Panama Canal department's Military Police school at Fort Amador, Canal Zone.

Margaret Voelckers, 727 Grant street, and Evelyn Dohrer, Westlawn, returned Saturday from a vacation trip through northern Minnesota and Winnipeg, Canada.

final reading. The ordinance is now law.

A 43 name petition was presented to the council to deny Earl Shay of Iowa City his request for re-zoning of a lot on the southwest corner of the intersection of Bloomington and Dubuque streets. The petition said Shay intends to erect an oil station there and gave five points of objection. It said that the value of the surrounding property would be materially reduced and that the station would constitute a nuisance.

Other objections were that the station would be a traffic hazard for children and that there was no need for the station because there is no shortage of gas dispensing facilities in Iowa City.

## Local 1948 Community Chest Campaign Goal Set at \$17,952

The 1948 community chest goal was set yesterday at \$17,952, according to Emil G. Trott, general chairman.

This is \$3,058 less than last year's goal of \$21,010, Mrs. J. L. Records, secretary, said. The community chest campaign will be conducted in Iowa City October 6-20.

One reason for the smaller goal is that the local recreation program, carried last year as a benefit organization in the drive, has been dropped. The Y-Teen organizations will be carried this year.

The local recreation program will be supported this year by taxes, according to Mrs. Records. Last year the program was given \$7500. This year the Y-Teen organizations are scheduled to receive \$531.91.

The six organizations which will benefit from the drive, together with the amounts they will receive, are: Boy Scouts, \$8,510.64; Girl Scouts, \$5,638.30; PTA, \$851.06; Rest room, \$771.27; Y-Teen, \$531.91.

Campaign and fund administration expenses are estimated at \$1,648.94.

The campaign fund-raising is

## Meetings, Speeches—Town 'n' Campus

**RESERVE OFFICERS' ASSOCIATION**—A meeting will be held at 7:30 tonight in the American Legion clubrooms. President Ben Summerwill will conduct the business meeting. Nominations will be made for the position of executive officer. The election will be held the second Tuesday in October.

**LIONS CLUB**—Rep. Thomas E. Martin will address members at their weekly luncheon tomorrow noon. He will speak on "The Constitution of the United States." Members of the civic improvement committee, recently appointed, include Vernon I. Capen, William O. Herten, Robert Lund and Chester A. Phillips.

**LETTER CARRIERS' AUXILIARY**—At 2 o'clock today, members of the Letter Carriers' auxiliary will meet at College Hill park for a business session and social hour.

**PAI-YU-LAN Club**—Mrs. Lois Hinkhouse and Mrs. Grace Lockhart will be hostesses at a meeting of the club tonight at 7:45 p. m. in the Methodist church, Mrs. Glenn Swails will speak about race relationships.

**PRESBYTERIAN CHURCH**—Group four of the Presbyterian church women will meet tomorrow at 7 p. m. at the church, for a cooperative lunch and meeting. Mrs. Frank Danner and Mrs. Otho Mathes are hostesses. Devotionals will be given by Mrs. E. J. Lewis. The program, "Outreach and Social Progress", will be in charge of Mrs. L. B. Higley.

**WOODLAWN PRE-SCHOOL**—An open house at the Woodlawn pre-school will be held from 2 to 4 p. m. at 1041 Woodlawn. Mr. and Mrs. David C. Davis, Mrs. Wau-nitta Stubbs, school nurse, and other pre-school faculty will be on hand to welcome friends and those interested in the school.

conducted by solicitation. Divisional chairmen not yet named are appointed over the following divisions: university, hospitals, businessmen, professional men, national firms, residential sections, and the city's schools.

## Jean Newland Marries Harold Swales in Belle Plaine Ceremony

Jean E. Newland, daughter of Dr. and Mrs. Don H. Newland, Belle Plaine, became the bride of Harold J. Swales, son of Mr. and Mrs. George W. Swales, Keosauqua, at 4 p. m. Sunday in the First Congregational church, Belle Plaine.

The Rev. Mr. E.F. Lipscomb officiated at the double ring wedding service.

The bride was given in marriage by her father. Matron of honor was Mrs. John Melvin Shonda, Wapello. Bridesmaids were Constance Quinell, Northfield, Minn., and Evelyn Swales, Keosauqua. Walter Swales, Keosauqua, was best man and ushers were Charles Lamb, Belle Plaine, and Robert Brodersen, Harlan.

Following the ceremony a reception for 150 guests was held in the home of the bride.

Mrs. Swales is a graduate of Belle Plaine high school and received a bachelor of arts degree from the University of Iowa in June, 1946. She is a graduate assistant in the university's romance language department.

Her husband, a graduate of Keosauqua high school, attended the University of New Mexico, Ambrose, and is now a freshman in the college of law at the university.

On their return from a wedding trip to northern Minnesota, the couple will make their home at the Riverside barracks apartments.

## Joyce Johnson Becomes Bride of Jon Dunnington

In a double ring wedding ceremony performed at 4 p. m. Sunday in the First Methodist church, Iowa City, Joyce Johnson, daughter of Mr. and Mrs. Fred V. Johnson, 809 Seventh avenue, became the bride of Jon Dunnington, son of Dr. and Mrs. L. L. Dunnington, 214 E. Jefferson street.

The Rev. Mr. Dunnington, father of the bridegroom, officiated at the service in the presence of 250 guests.

The bride was accompanied to the altar by her father. Her maid of honor was her cousin, Gretchen Swanson, Des Moines. Bridesmaids were Bonnie Wanamaker, Margaret Goodnow and Mary Jane Baldwin, all of Iowa City. James Dunnington, the bridegroom's brother, was best man. Ushers were Thomas Dunnington, Lewis Jenkinson and William Roth, all of Iowa City.

Background music on the vibraphone was played by Lewis Jenkinson during the reception in the Methodist parsonage following the ceremony.

Immediately following the reception the couple left for a week's wedding trip to Lake Okoboji. After Sept. 15 they will be at home at 729 E. Market street.

Mrs. Dunnington is a graduate of Iowa City high school and this fall will be a sophomore in the college of liberal arts at the university. Her husband, also a graduate of Iowa City high school, will attend the university of Iowa this fall as a freshman engineering student.

## Bozo, The Champ, In Action

FROM AN eight-foot quarry ledge Bozo leaps to retrieve a stick. Bozo's owner, Lee E. Scott raises and trains dogs for show and field work. Scott has trained more than 500 dogs for owners all over the country. These pictures were taken at the West Branch quarries.

WATCHING another retriever go through his paces is Chippewa Brock, six year old champion Chesapeake Bay retriever. Brock, raised and owned by Lee E. Scott of Hilltop Kennels at Mechanicsville, Iowa, was awarded a champion rating by the American Kennel Club. A total of 15 points is needed for the champion award and Brock secured his final points by taking the bench class showing at the International Dog Show in Chicago this summer.

BOZO OF SCOTTYVILLE, two year old Chesapeake Bay retriever is ordered into the cold quarry water by Howard Carpenter of Mechanicsville. The Chesapeakes are used by sportsmen for waterfowl retrieving because the dogs are expert swimmers even in icy water and will surface dive to bring back fallen birds.
