

Rain Thwarts Try Of Rain-Makers

ST. LOUIS (AP)—Parks Air college called off its rain-making experiment because of all things—a heavy downpour. A plane, equipped to fly into a cumulus cloud bank over the downtown area with 100 pounds of dry ice, was delayed in its take-off Thursday and before it got off the ground a quarter of an inch of rain had fallen.

Say Italian Communists Seek Power

WASHINGTON (AP)—Diplomatic officials reported last night that Italian Communists believed to be working under Moscow time table have launched their long-awaited "Battle for Italy" and that the crisis is outrunning American plans for helping the Italian people.

These authorities say that the spreading strike of a million agricultural and industrial workers, the Socialist demand for a vote of no confidence in the De Gasperi government and other recent developments appear to be part of a Communist campaign to overthrow the government and capture Italy for the Soviet half of Europe. Much fear is reported to exist in Italy over the possibility of armed conflict.

High state department and other American officials are now exploring every possible means of throwing American assistance to the present non-Communist forces governing Italy in the hope of saving that nation for the west.

While the Italian situation was coming to the fore as the most urgent confronting the United States in Western Europe, it was by no means the only one.

French Ambassador Henri Bonnet called on Secretary Marshall yesterday and reviewed what he conceived to be his nation's urgent need for some kind of American aid this year. To reporters Bonnet said that France may have to cut further its imports from the United States, even in such essential supplies as wheat, fats, and coal. He reported Marshall as sympathetic.

Another state department caller was Josef Winiewicz, Polish ambassador. He declared that Poland is economically sound and wants a world bank loan of \$600,000,000 to help with its further development. His government also wants economic relations with the west, said the envoy from the eastern European country.

Call for 'Self-Help' In Europe Aid As U. S. Delays Report

LONDON (AP)—Both the world bank and the world monetary fund in their second annual reports yesterday emphasized "self help" in Europe's efforts to rebuild, and in Paris the final report of the 16-nation Marshall plan committee was postponed a week because of American criticisms.

Sir Oliver Franks, British chairman of the Marshall committee, said in Paris that William Clayton, U. S. undersecretary of state for economic affairs, had leveled six criticisms of the report, including one that it did not include enough evidence of European self-reliance. The committee, preparing a "help-us-recover" report to the United States down to about \$318,000,000 up to 1951.

"Europe itself must make the major contributions to the solution of all these problems," said the report of the international bank for reconstruction and development presented by John J. McCloy, the American president.

Chinese Communist Troops On Rampage

NANKING (AP)—Chinese Communist forces, rampaging widely behind the lines, were reported yesterday to have trapped and badly battered a government division in Western Shantung even as Nationalist field dispatches told of substantial government successes on the front itself.

(The Communist radio, declared the behind-the-lines operations were part of a "great counteroffensive" intended to seize all of China north of the Yangtze river.)

Government dispatches said Generalissimo Chiang Kai-Shek's air force in day and night bombing and strafing assaults was inflicting heavy casualties on the Communists in East Shantung and the Shantung peninsula.

Predict Big Steel Output But Industry Head Warns Of Inflation

WASHINGTON (AP)—Two leaders in the industry said yesterday there should be plenty of steel within two years and a third testified that a big increase in productive capacity would increase inflation.

Earlier Chairman Edward Martin (R-Pa.), of a senate small business sub-committee, said it would be "downright stupid" for the industry to take a "public be damned" attitude toward the present steel shortage when there is "growing pressure for nationalization of such big industries as steel, coal and the railroads."

And to officials of a dozen big steel companies attending a committee hearing on prospects of getting enough steel to satisfy everyone, Martin added in a statement: "Bear this in mind—such nationalization has been suggested

INDUSTRY REPRESENTATIVES attend hearing before the senate steel subcommittee. (AP WIREPHOTO)

even on the floor of the United States senate."

Benjamin Fairless, president of the U. S. Steel corporation, bristled back in a statement of his own: "It is simply amazing to me that anyone should suggest by inference or otherwise that U. S. Steel has a 'public be damned'

attitude. Our attitude is, and always will continue to be, just the reverse."

He said U. S. Steel is spending \$500,000,000 to boost capacity. Eugene Grace, chairman of Bethlehem Steel company, handed the committee a statement saying his company's policy always has

been "a continuous one of enlarging facilities to care for the national economy."

Fairless and Grace both figured the steel scarcity will be over within two years — if a scrap shortage eases up, other materials continue to be available and there are no long strikes.

Try to Lower Home Prices

WASHINGTON (AP)—Senator McCarthy (R-Wis.) said yesterday the congressional investigation into the nationwide housing shortage already has disclosed that "more than 700,000 home buyers and builders are priced out of the market."

"We are going to find some way to bring down prices for them," McCarthy, vice chairman of the senate-house committee probing housing, told a reporter.

The senator said he is confident that some substantial savings can be made in present housing costs. "We are about 50 years behind present day methods in building some homes," the senator said. "We are using many methods of a handcraft era in a machine age."

The housing shortage led to increased talk of extending rent controls beyond next February 29. Along with McCarthy, Senators Flanders (R-Vt.), Sparkman (D-Ala.) and Myers (D-Pa.) agreed that congress is likely to extend them.

McCarthy said public hearings of the 14 member senate-house investigating group will dig into these housing problems:

1. A lack of conformity and up-to-dateness in building codes of various cities towns, states and regions.
2. Lack of standardization in materials used in most moderately priced housing, such as various size bricks, plaster board and other building materials.

Railroad Strike Ends; Back to Work Today

PITTSBURGH (AP)—An agreement to end the week-old strike of United States Steel's "captive" union railroad, calling for a wage increase of 15 cents an hour, was reached shortly before midnight last night by negotiators for the road and the brotherhood of locomotive engineers and railway trainmen.

"The employees were to return to work 'immediately' which a spokesman said meant on the 7 a. m. shift today.

In addition to the pay raise, the railroad and brotherhood representatives agreement called for a withdrawal of rules changes and "liberalized" vacation provisions.

Blocks Labor Act Compliance

CHICAGO (AP)—John L. Lewis yesterday blocked AFL compliance with the Taft-Hartley act, at least for the time being, thereby closing the doors of the National Labor Relations board to all 105 unions with 7,500,000 members.

Lewis opposed the signing of affidavits disavowing membership in the Communist party, required under the labor-management relations act.

Since the AFL executive council, comprising 15 officers of the AFL, had to act unanimously in order to comply with a ruling of General Counsel Robert N. Denham of the NLRB, Lewis' opposi-

tion was enough to symic compliance.

AFL President William Green told a news conference that the council "could not conform to the Denham ruling."

"The council decided that the Taft-Hartley act is reprehensible, vicious and destructive of the workers' civil and legal rights," Green said.

While the AFL president would not predict that a fight over compliance would develop on the floor of the AFL convention in San Francisco beginning October 6, it was conceded by other labor leaders here that the whole issue now would shift to the convention.

Violent Hurricane Changes Course; Misses Puerto Rico

MIAMI, Fla., (AP)—A violent tropical hurricane with winds above 140 miles an hour near the center began to recurve toward the northwest late yesterday and assumed a course which the weather bureau said removed all danger to the islands of the Lesser Antilles and Puerto Rico.

An advisory said the hurricane was located about 180 miles north of Antigua, British West Indies.

Winds near the center were reported to exceed 140 miles per hour with hurricane winds (75 miles an hour or stronger) extending over an area 75 miles in diameter and gales extending from 100 to 150 miles from the center.

Its 20-mile forward speed will take the storm past San Juan, Puerto Rico, long before the battleship Missouri with President Truman aboard is scheduled to sail past that city. The Missouri is many miles away and the only effect it could feel would be the long rolling swells kicked up by the hurricane.

Meanwhile, a navy hurricane slammed into the storm to check its temperature and severe turbulence in preparation for "project Cirrus," a hurricane-busting plan which will use rainmaking chemicals including dry ice.

Spiral Stops As Corn, Oats Lead Decline

CHICAGO (AP)—Prices of several basic foods took a tumble in primary markets yesterday, arresting an advance which had carried quotations to new record highs for seven consecutive days.

Butter, hogs, wheat, corn, oats and lard were among the food items which declined.

Measuring the price drop in wholesale commodities, The Associated Press average of 35 items fell to 194.35 from 194.99 Thursday. It was the first decline in eight days.

The high prices, meanwhile, brought these reactions:

In Santa Cruz, Calif., Senator Taft (R-Ohio) told newsmen the high cost of living may be a prime political issue in 1948. He said he opposed a return to government price controls, and suggested that people eat less food, particularly meat. He said increased domestic consumption was keeping prices high.

In New York, Mayor William O'Dwyer announced that "in view of the terrific emergency" he had appointed a committee to investigate rising prices as they pertained to the school lunch program, care of city hospital patients and relief recipients.

A spokesman for the New York League of Women shoppers, saying the organization could no longer recommend use of substitute foods, said, "we feel we must fight now for a return to price controls and rationing."

Butter dropped 1/4 to 2 1/2 cents a pound in the Chicago wholesale market, best grades bringing 83 to 85 cents. In New York butter was quoted a cent lower, but no dealings were reported because of "consumer resistance."

Grains, both cash and for future delivery, continued the decline begun late Thursday. At Minneapolis cash wheat dropped 8 1/2 cents a bushel and flour prices were reduced 20 to 30 cents a hundred pounds. Wheat was 7 1/2 (See Prices Page 4)

Find Tortured Body in Flat

LOUISVILLE, Ky. (AP)—Police and relatives yesterday found Miss Una V. Ponder, attractive 26-year-old brunette, fatally beaten and burned in her bottle-strewn apartment after forcing their way inside through a window.

The almost nude body was sprawled on the floor and had been beaten severely. Police said her body was nearly covered by burns which apparently had been caused from lighted cigarettes.

Police Chief Carl Heustis said several men, whose names were found in a book in the four-room apartment, would be questioned if they can be located.

There was no evidence of a struggle and police said the apartment bore evidence of not having

been cleaned for several days.

Three beds were in disorder. Miss Ponder, who formerly worked at a Louisville news stand, never regained consciousness before her death a few hours after the discovery.

"Almost every inch of her body was covered by bruises, lacerations and what appear to be burns," a hospital physician said. Even the bottoms of her feet were bruised.

Coroner Roy Carter, who performed an autopsy, said death was caused by an injury to the brain which resulted in a cerebral hemorrhage.

Miss Ponder was found by a sister, Mrs. Charles Rhodes of Covington, Ky., who said a Louisville man telephoned her that he was "uneasy" about Miss Ponder.

Deny Youth Entry to SUU

'Divine Marriage' Leads to Court

WINCHESTER, Tenn. (AP)—A deadlocked jury forced a mistrial yesterday in the "divine marriage" case of R.S. Holt, 61-year-old former preacher-farmer charged with seducing a 14-year-old girl before their marriage.

His trial on charges of violation of the age of consent was reset. During the trial Holt testified he thought that his marriage to Alene Holman, a school girl, was "God's will—it wasn't puppy love."

Took Part in Cooper Affair

The right to re-enter the University of Iowa yesterday was denied the only student implicated in the attack last May 6 upon Elihu S. Cooper, a Jewish teacher, at a local Hebrew school. Dean C. Woody Thompson, head of the office of student affairs, announced the university action. The Dean declined to identify the student by name.

The student on August 14 told The Daily Iowan he had finished his schooling after the eight week summer session. At that time he said: "There has been no pressure on me to leave. I have just gotten tired of going to school and have decided to get a job."

The man involved said last night that he feels the same way now as he did then.

"The only purpose of the university taking this action now is to get it on my record," he said. Dean Thompson said that the student has a right to appeal to the Committee on Discipline, a group of eight faculty members. The student said last night that he had no desire to appeal the action by Dean Thompson's office.

Cooper has refused to cooperate with the university and his action has delayed identifying the attackers for several months, according to the Dean. Dean Thompson said identity of the two men involved in the beating of Cooper has only recently been determined. This identification was made by an investigator from the State Bureau of Criminal Investigation.

It was then determined that only one of the three men involved in the attack was a university student.

Five Iowans Killed in Wreck

FIVE PERSONS DIED in this wreckage near Albia, Iowa, early Friday morning when the car was in a collision with two trucks loaded with hogs. The dead were identified as Bob May and Letha Carter of Albia, Henry Hoage, Jr., and Thomas J. Lee of Fairfield and Ralph L. Heck of Webster City. (AP WIREPHOTO)

Convicted Murderer Sentenced to Chair

RUSHVILLE, Neb. (AP)—Timothy Iron Bear, 23-year-old Sioux Indian from Allen, S.D., yesterday was sentenced to the electric chair for first degree murder in the slaying of John W. Stollar, Rushville rancher, July 24.

Both Stollar and his wife were found slain with an axe but Iron Bear was charged only in the death of Mr. Stollar.

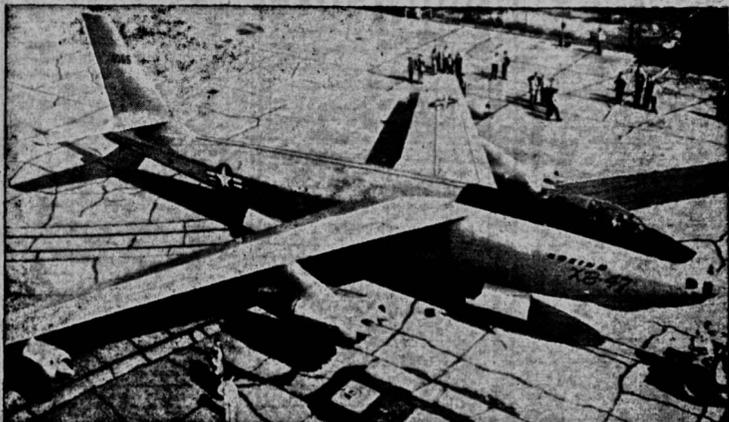

Driving Winds Kill Two Men

LOUISVILLE, Ky. (AP)—High winds and driving rain struck downtown Louisville yesterday, killing two men, injuring others, at least one critically, and blowing down walls of several buildings, trees and shattering plate glass windows.

Joseph Steinmetz, 21-year-old truck driver, was killed instantly when a large tree was blown

down upon his vehicle as he was driving. Comack Russell, about 45, Nashville, Tenn., an employee of Consolidated Fruit company, was crushed when a concrete block collapsed under construction collapsed in the wind and rain. Critically injured in the collapse of the same building was John Lee Gentry, 27, of Jeffersonton, Ky.

Unveil New Jet Bomber

AS LARGE AS B-29 Superfortress, this new Boeing XB-47 rolled out of the hangar yesterday, powered by six jet engines. The army air forces and Boeing call it a "radical new experimental design" with the inverted wings and tall surfaces. Ground and taxiing tests start soon. (AP WIREPHOTO)

Tests Begin Shortly On Big Super Ship

SEATTLE (AP)—A new experimental jet-propelled bomber, the size of a B-29 Superfortress and with sharply sweptback wings and tail surfaces, will begin ground tests soon.

Whether the new Boeing XB-47 Stratojet, rolled out of its construction hangar onto Boeing fields for the first public display yesterday, will near or attain the speeds of jet fighter planes remains undisclosed. The army air forces and Boeing, showing the plane, made no mention of its expected speed, but streaming was carried to the extreme.

Four of the General Electric-built jet engines are mounted in pairs under the inboard sections of the wing, with another out near each wing tip.

Slaughter's 9th Inning Hit Wins for Birds

ST LOUIS (AP) — Enos Slaughter's two-run double to the wall in left center in the ninth inning climaxed a dog-eat-dog ball game last night with an 8-7 St. Louis decision over Brooklyn that cut the Dodgers' National league lead to 4½ games and kept alive the Red Birds' flag hopes.

Outhit by the front-running Brookies 12 hits to six, the defending champions squared the important series by storming back with two runs in the last of the ninth after the Dodgers had gone ahead on a four-run spurt in their half of the inning.

Ralph Branca, who picked up his 20th win last night, was on the hill when Slaughter slammed a line drive to the left of leftfielder Pete Reiser who made a futile jumping stab at the ball as it sailed out of reach.

Hank Behrman, the fifth Brook pitcher, had opened the inning by walking Erv Dusak and Nippy Jones had bunted him along to second base. Stan Musial, responsible for three runs with a seventh-inning triple, had a life when Eddie Stanky fumbled his slow hopper, trying to hurry the play. That was all for Behrman and Manager Burt Shotton called in Branca to pitch to Slaughter.

Branca went to the well once too often, throwing three balls and then two strikes to Slaughter before the Cardinal left fielder rammed home the winning runs.

It looked as though Brooklyn had locked the door in the first of the ninth when they made Manager Eddie Dyer dig deep into his bullpen corps for Al Brazle and finally Ted Wilks.

Trailing, 6-3 on the margin of Musial's seventh inning triple, the Dodgers almost put the clincher on the series and perhaps the pennant. Pee Wee Reese walked and Pinch Hitter Don Lund, just recalled from the St. Paul farm, smashed his first homer into the left field seats. When Stanky followed with a single, Dyer yanked Pollet and called on Brazle but Al didn't have it. Robinson's single to left, and Reiser's sacrifice set the stage for Dixie Walker's two-run single to right that wrested the lead from St. Louis.

Wilks, who replaced Brazle at that stage, retired the side and later chalked up his fourth straight win of the year and his 11th in an unbroken string of relief triumphs since September 11, 1945.

What started out to be a tight duel between Red Munger and Hal Gregg turned out to be a wild scoring brawl in the late stages as St. Louis won and lost the lead while Shotton paraded six Dodger pitchers to the hill. It was a fifth loss for Behrman who won five since Pittsburgh turned him back as non-usable.

'Chattin' with Chad

By CHAD BROOKS

The dark ages are slowly coming to a halt in Gopher land—civilization is just around the corner—Coach Bernie Bierman's Minnesota gridiron crew is bound to get better, and soon.

For two years now the football Gophers have been in the depths—at least by pre-war Minnesota standards—but Bierman has been patiently rebuilding his war shattered recruiting system with better than average success.

Starting the 1947 gridiron season, Mr. Bierman can boast one of the league's best two lines—now all the Grey Eagle has to do is find something at least faintly resembling a backfield combination.

Veteran Ends Bill Baumgartner and Herb Hein have both graduated, but they are the only major line losses.

Bad Grant, who took Hein's starting job while still a freshman last fall, and second-stringer Larry Halenkamp will probably inherit the regular flank berths.

The tackle spots are both two deep. Bill Carroll, at 212-pounds, and Dean Widseth, at 210, were regulars last fall—for that matter were about the only two adequate tackles on the squad. And both are plenty good.

To give Carroll and Widseth an occasional breather this fall, Bierman has "discovered" Bob Mealey, a 210-pound sub in '46, and Floyd Jaszewski, rugged 214-pounder, who returned to school in mid-winter with a mile-long list of rave notices.

At the guards, Larry Olsonoski, Warren Benson and Leo Nomellini—all of them at least part-time regulars last fall—are back in the fold. And, as if that isn't enough to scare most ball clubs completely, big Chuck Dellago is rising to go again.

Dellago was rated the best guard on the squad a year ago this time, then broke a leg on the first play of the season and was benched from then on in.

Steve Silianoff, Gopher captain and the only senior on the squad, will round out a 200-pound plus line from his center berth. Was a near 60-minute man last fall.

Veteran Bobby Sandberg has graduated from his starting quarterback job, which turns starting duties over to young Bill Thiele. Thiele, he second-stringer last year, is plenty eager but just isn't of Big Nine caliber.

At left half, Billy Bye returns, which will save Bierman a few sleepless nights. One of the league's best ball carriers, Bye was a regular last fall as a freshman and ran Iowa ragged in the Hawks 16-6 loss at Minneapolis. The only trouble is that Bye just isn't rugged enough for fulltime duty.

At fullback, Bill Elliott, the '46 regular is returning. He is one of the lightest fullbacks in Gopher history at 183 pounds but still can play a lot of football.

The real problem comes at right half where last year's regular Mark Heffelfinger has quit school and the top reserve Buzz Wheeler is out indefinitely with a neck injury.

Walt Hausken, a fourth-stringer in '46, was the best of a sad lot in the spring drills. He lacks the weight, height and durability needed for the wing-back spot under the Bierman system.

On the roundup, Bierman boasts one of the nations greatest lines—big, tough, experienced, youthful and loaded with reserves... there are only two decent backs, Bye and Elliott, and the entire backfield is light, riddled with question marks and has no depth... right half is almost hopeless... but there is still Bernie Bierman.

Probable finish—fifth.

Hot Off The Gridiron

Hawks in First Rough Scrimmage

The first real rough-and-tumble scrimmage of the 1947 football season took place for Iowa's grid candidates yesterday afternoon.

Following the usual dummy scrimmages, which have been the order of the afternoon for the last week, Head Coach Eddie Anderson lined up a tentative first string and set them loose against a team of reserves.

The first team consisted of the Shoener, ends; Don Winslow and Jim Cozad, tackles; Russ Benda Joe Grothues, guards; Dick Woodard, center; Lou King, quarterback; John Tedore and Del Bartells, halfbacks and Bob Smith, fullback.

Several positions were alternated later in the practice. Bullet-arm Al DiMarco replaced King at the quarterback slot with Ron Headington running at full in place of Smith, and Duke Curran stepping in for Bartells at right half. Tedore remained in the scrimmage to round out the backfield. The only line replacement was Bob Snyder who spelled Woodard at the center post.

Injuries kept mounting on the Hawkeye roster with one more player joining Trainer Doyle Allsup's list. End Bob McKenzie twisted his ankle in the morning session and didn't participate in the afternoon workout. Big Jim Shoaf, tackle, who was sidelined Thursday with a pinched muscle in his shoulder, worked out in sweat clothes while Emory Tunnell continued to rest his bruised knee. An abscess kept Halfback Jimmy Smith in the hospital for treatment.

Louis Ginsberg, a regular in 1945, was reported yesterday to have withdrawn from the squad.

Illini Backs Look Good in Long Drill

CHAMPAIGN, Ill. (AP)—Fullback Russ Steger and Halfbacks Paul Patterson and Chick Maggioni made impressive showings yesterday as Illinois' football squad was herded through a long scrimmage by Coach Ray Eliot.

Robert (Bunker) Jones a tackle from West Frankfort, Ill., who won his letter in 1945, said he planned to give up football because of a groin injury.

Wisconsin

MADISON, Wis. (AP)—Wallie Dreyer, Wisconsin's first string left halfback, missed practice yesterday because of a sprained ankle and he will be lost to the Badgers for the next three or four days. His understudy, Earl (Jug) Girard, has a slight knee injury.

The Badgers went through a dummy scrimmage and passing drill yesterday.

Northwestern

EVANSTON, Ill. (AP)—Every player on Northwestern's football squad will be given a chance in today's first intrasquad game, Coach Bob Voigts said yesterday.

The game, a test of two weeks of practices, will serve as a clinic for 34 Big Nine officials who will be holding their annual pre-season rules meeting in Dyche stadium.

Michigan

ANN ARBOR, Mich. (AP)—Halfback Bob Chappuis of Toledo, Michigan's running-passing star who set a big nine ground gaining record in 1946, was the big gun of the Wolverines' grid practice yesterday, piling up a barrel of yardage against a "white" defensive team in scrimmage and connecting frequently on accurate tosses to Halfback Walt Teninga and End Bob Mann.

Tigers Maul Heir Apparent Yanks, 7-2

NEW YORK (AP)—The New York Yankees, heirs apparent to the 1947 American league pennant, lost yesterday's game to the Detroit Tigers by a 7 to 2 score. Detroit moved into second place as Cleveland trounced the Red Sox.

It was the eighth loss for the Yankees in 13 starts this month but any combination of three New York victories or Detroit defeats will clinch the pennant for the Bronx Bombers.

Big Art Houtteman, a 20-year-old right-handed rookie, dished out only six singles and the Yankees combined three of them for their only counters in the seventh frame.

Allie Reynolds was shelled from the mound in the seventh. The Tigers scored three times in that frame but the game was virtually salted away in the second inning when Roy Cullenbine homered with a man on base.

Official Retires

ROCKFORD, Ill. (AP)—William D. Knight, Western conference football official more than 30 years, yesterday announced his retirement.

Don't Drive To Iowa Tilts

Football fans planning to drive to University of Iowa football games this fall had better take heed to an announcement issued by Director of Athletics Paul Brechler yesterday.

Brechler estimated that 81% of the space formerly used for parking cars in the vicinity of the stadium no longer is available because of erection of barracks-apartments.

Therefore, Brechler said the chief thing to remember is: don't drive your car to the stadium on game days.

After conferences with Iowa City police and other men who will aid with the traffic, Hawkeye athletic officials make the following recommendations:

1. If you want to head west or south after the game, park in University Heights, the community west of the stadium, and after the game take County Road W west and north to U.S. 6, or another cutoff which joins U.S. 218 south.
2. If you want to go north or west, leave your car in Manville Heights or in upper City Park area and walk or take a bus to the stadium.
3. If you go home eastward, park in the residential districts east of Iowa river.

Advance thought and planning, according to the direction of departure from Iowa City after the game, will save up to two hours of delay and annoyance because of being caught in traffic jams.

Ruth Claims He Might Have Hit 80 Homers Today

BOSTON (AP)—Babe Ruth, baseball's home-run giant of yesterday, opined yesterday that under present playing conditions he might have pushed his season-record to 80 instead of 60 home runs.

And he rated Johnny Mize of New York's Giants ahead of Ted Williams of the Red Sox among this year's circuit sluggers.

Here to award American Legion junior baseball scholarships, Ruth said that home runs were easier now because of a lively ball and shortened fields.

"The baseball of today is all rabbit," he told interviewers. "But there are also the flies."

BABE RUTH Could've hit 80...

Indians Drop Bosox To 3rd Place, 11-6

BOSTON (AP)—The Cleveland Indians dumped the Boston Red Sox into third place by teeing off against Denny Galehouse and Tommy Fine for 17 hits and an 11-6 victory yesterday before a slim 4,855 crowd that included Babe Ruth.

The win moved the Indians to a game behind the third-place sockers and Lou Boudreau has called upon Bob Feller to wipe out that margin today.

Every one of the Cleveland starters hit safely and Joe Gordon led the attack with a tripple, double and a single.

Aberson, Mack Lead Cub Double Victory

CHICAGO (AP)—The Chicago Cubs slammed out seven extra base hits in sweeping a doubleheader from the Philadelphia Phillies yesterday, winning the first 4 to 3 and the second, in which the Phils made five errors, 7 to 5.

Homers by Cliff Aberson and Ray Mack and a triple by Bob Sturgeon drove across all of Chicago's runs in the opener. With the score tied 3-all in the ninth, Mack was safe on Ralph LaPointe's error and scored on Sturgeon's triple along the left field line. Ralph Hamner, making his National league debut, allowed the Phillies 12 hits, all of them singles.

In the second game, played under the protest of the Phillies' manager, Ben Chapman, the Cubs broke a 5-5 tie in the seventh, on a double by Ed Waitkus, a single by Aberson—who later was out on a double play—a walk to Bill Nicholson and a triple by Clyde McCullough.

Drake Grid Hopes Sag With Ace Guard's Injury

DES MOINES (AP)—Drake football hopes for the early part of the season received a jolt yesterday when Guard Nick Manoles was sidelined with a chipped ankle bone.

Manoles had been counted on to help carry the Bulldog burden at the center of the line. He probably will be out about three weeks.

Roger Capone, 188-pound freshman from Dedham, Mass., is slated to fill in at guard.

City High Mauls in Valley Opener

Wahawks Rap Little Hawks

Reichardt Tallies Lone Local Marker

Coach Frank Bates and his Iowa City high school football team received a jarring setback when they opened their 1947 grid season at Shraeder field last night—to the tune of 18-7 in favor of the visiting West Waterloo eleven.

The game not only marked the beginning of the season for the Little Hawks but also ushered in competition in the Mississippi Valley conference.

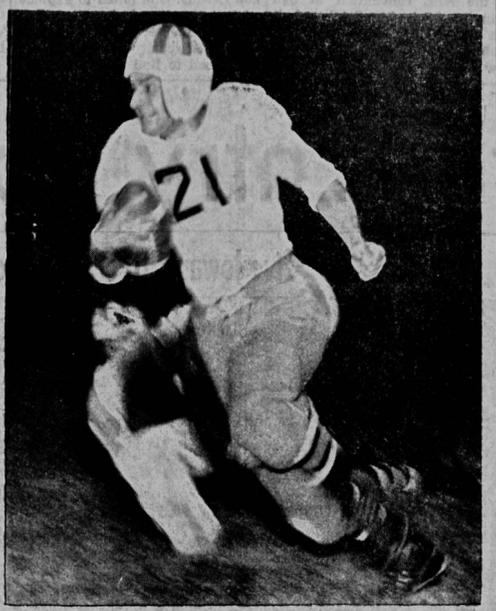

Thus the Hawlets came to the end of a string of nine straight wins built up over last year's undefeated season and showed that they are ready to pass their untarnished Valley conference record on to someone else—for the time being, at least.

Except for a few long gains by Fullback Bill Reichardt, who scored the lone touchdown, the locals were definitely out-classed—in the line, especially.

After a slow-moving first quarter, the Wahawks opened the evening's scoring when the second period began. A Little Hawk penalty put the ball on their own 22-yard line from where Bill Meyers passed to Ed Kemp on the locals' 7. Left Half Jack Miller then skirted right end for the first touchdown. The extra point was no good.

The Wahawks were able to leave the field at half-time on the long end of 12-0 score by virtue of touchdown scored in the last 30 seconds. After taking the ball on downs on their own 32, they roared down the field on a series of running plays. Then, with the ball resting on the City high 35 and but seconds remaining in the half, Kemp heaved a long pass to Aubrey Tate who scampered into the end zone for the tally.

After battling up and down the field the third stanza, the Hawlets opened the final quarter by recovering a fumble on the Wahawk 16. Rox Shain carried to the 12 and Virgil Troyer followed on an end around to the 6 from where Bill Reichardt bucked over

GRID ACTION—West Waterloo's star Left Halfback Jackie Miller is shown skirting the Iowa City left end in the local opener at Shraeder field last night. An unidentified Little Hawk player is shown making a dive at Wahawk speedster, Waterloo won, 18-7.

for the Hawlets' only touchdown. Shain booted the extra point.

Waterloo's final marker came towards the end of the game when one of Reichardt's passes backed-fired on his own 32. Meyers then carried to the 26, Kemp veered off tackle to the 8 and Miller went over for the score. Again they try for the point after touchdown failed.

Kiner's 2 Homers Set Record

PITTSBURGH (AP)—Ralph Kiner, husky Pittsburgh Pirate outfielder, carried his team to a 4-3 victory over the Boston Braves last night at Forbes field by lashing out two home runs—his 48th and 49th of the season. In the Pirates wins over the Beamen.

The Braves went into the lead in the third inning when they scored two runs on three singles and a sacrifice. Carvel Rowell's single brought in the first marker and Phil Masi's single the second.

Danny Litwhiler, pinch-hitting in the ninth after one was out, hit a homer for the Braves' last tally. Frank McCormick then singled in a pinch-hitting role but Truett (Rip) Sewell ended the rally by forcing Tommy Holmes to ground into a double play.

In 1897 the Mississippi football team went to the sidelines for the season due to yellow fever.

Britain Seeks World-Wide Troop Census

LAKE SUCCESS (AP)—An immediate world-wide troop census was proposed by Britain yesterday in a surprise pre-assembly maneuver on the year-old Molotov arms reduction scheme.

The British proposal was outlined before a committee of the United Nations commission for conventional armaments by Sir Alexander Cadogan as delegates were gathering for the opening of the 55-nation general assembly at Flushing Meadow park in New York Tuesday.

This was the first time the controversial troop census question had come up since the 1946 assembly in which debate became so bitter that the issue had to be side-stepped in order to get agreement on even a nebulous start for an arms reduction program.

The program was originally put before the assembly last fall in a surprise move by Soviet Foreign Minister V. M. Molotov.

Britain's new surprise package on the arms question was pushed aside temporarily yesterday but it appeared headed toward vigorous Soviet opposition.

Cadogan proposed specifically that the arms commission send out a circular letter asking all the United Nations to submit information on their present total manpower under arms.

He also suggested asking each country what facilities it would offer the U.N. for verification of submitted figures.

A few pairs of stockings have been woven from spider webs.

Church Calendar

First Church of Christ, Scientist

Seize Slot Machines at VFW Club

More Than 'Chickens' Up There

By RAY HENRY

Charges will be filed against the Veterans of Foreign Wars post 3949 which was raided yesterday afternoon by county and city authorities, according to County Attorney Jack C. White.

Law enforcement officials seized five slot machines and eleven fifths of whiskey in the raid.

Previously, a "there's no one up here but us chickens" attitude prevailed among local club operators who had either removed their machines entirely or locked them in steel cabinets. The VFW bartender, however, told The Daily Iowan Thursday night that machines at his club were still operating. The police raid followed.

ALBERT J. "PAT" MURPHY looks over the 11 bottles of whiskey and five slot machines seized yesterday afternoon in a raid on the Veterans of Foreign Wars post 3949 clubrooms at 208 1/2 E. College street.

Johnson County Subscribes \$3,069.50 to Fight Cancer

Iowans subscribed more than \$250,000 to aid in the fight against cancer during the past year.

Of this amount, residents of Johnson county and Iowa City contributed \$3,069.50, according to an announcement yesterday by H. B. Hook, Mason City, state chairman of the 1947 campaign.

The campaign, inaugurated in April and terminated September 1, had a quota of \$204,240 for the state. Johnson county's quota was \$3,292, 93 percent of which was subscribed.

Similar campaigns were conducted in all 48 states in support of a national campaign to raise \$12,000,000 for the American Cancer Society.

Marriage Licenses

Marriage licenses were issued to four couples in the office of County Clerk R. Neilson Miller yesterday.

The couples are Richard K. Riley and Lois Maria Lind, both of Iowa City; George Elwood Rick and Ardis Yvonne Lowe, both of Muscatine; Otto Sasina and Mary Ellen Sentman, both of Iowa City; and John Conley and Marion Hunter, both of Milwaukee, Wis.

PERSONAL NOTES

Mr. and Mrs. Herbert Feay and children, Joyce and Eddie, Albany, N.Y., left for their home yesterday, after visiting with Mr. Feay's mother, Mr. Hilma Feay, 601 1/2 S. Gilbert street.

Prof. and Mrs. Marcus Bach, 921 Bowers street, are at home after a vacation spent near Nelson, British Columbia.

Patricia Kinney, 740 Kirwood avenue, and Lila Jean Beckman, 507 E. College street, have returned from Lake George, N.Y., where they spent the summer. Miss Kinney and Miss Beckman will attend the University of Iowa this fall.

President and Mrs. Virgil Hancher, 102 E. Church street, will have as their guest this weekend Mrs. Frank Uriell, Evanston. Mrs. Uriell will be accompanied by her son, Frank, who will be a junior at the University of Iowa this fall.

Vernon Eggenburg, son of Mr. and Mrs. John Eggenburg, 419 Second avenue, is now serving with the 24th infantry division in Japan. Pvt. Eggenburg re-entered the army, Dec. 10, 1946. On his last tour he served with the 7th division in combat.

Tall Corn is Half-Size

WASHINGTON, Ia. (AP)—The stalk of corn that won the annual tall corn contest here yesterday was about half as tall as the winning 1946 stalk.

Don Radda, Washington, who won last year's contest with a 31-foot stalk, won yesterday's event with a corn plant measuring 16 feet 4 inches.

Misses Myra and Correnne Edmondson, sisters of Ainsworth, Ia., won second and third place respectively with stalks 13 feet 8 inches and 13 feet 5 1/2 inches.

Should Offer Alternative To Communism

By J.M. ROBERTS, Jr.
AP Foreign Affairs Analyst

Western diplomats who entertain hopes of some day liberating central and southeastern Europe from the Russian sphere will make the biggest mistake of their lives if they consider it wholly a matter of lifting a yoke imposed by superior power on unwilling peoples.

Recent dispatches from Dan DeLuce and other Associated Press correspondents make it clear that there is a vast difference between what happens under communism to active anti-communist patriots and what happens to the people in general.

The former expose themselves to execution, imprisonment or exile. The latter merely lose individual liberties about which they know little anyway, and in return often seem to gain a measure of security. That helps explain the eagerness, bewildering to westerners, with which some of these people cooperate with the Communist program.

A man who knows the Balkans like the inside of his hat, in discussing DeLuce's series of stories about what the people are doing under communism, writes:

"Dan's quiet facts speak far more loudly of the peril to the U.S. in the Balkans than can any propagandist, because they show that millions of people there, who have never known freedom and literally have no idea of it . . . are getting behind the new regimes. These regimes . . . promise jobs, food and houses to people who have been down-trodden for centuries . . ."

"What do we tell them? We just say, in a horrified tone, 'Here we are, boys. Rally around us to escape communism.' That's not good enough, when you are talking to a man for whom communism has just provided a job, a bit of land or a school, and who has just been told that he and his country are important parts of a great big plan to do more of the same.

To a man who never knew, except in a storybook sort of way, that any government could operate without political jails and torture chambers, it's no particular jolt when a few thousand people, whom he regards as rich extorters anyway, are shut up, tortured, killed or sent to Siberia.

"The jolt for him is going to come when he finds his new rulers are no better than the old. Maybe, if our luck as a nation holds out, we can step in . . . with something like the Marshall plan . . . That is the only demonstration that will do any good."

SUI Summer Theater Guest Director Heads National Theater Group

Frederic McConnell, director of the Cleveland playhouse who was guest director at the University theater this summer, is chairman of the Fellowship Committee of the National Theater conference which recently awarded playwrighting fellowships to five dramatists.

Co-chairman of the judging committee was Hallie Flanagan Davis who was guest director at the University the summer of 1945.

Edward C. Mabie, head of the dramatic arts department, is local member of the National Theater conference.

Mr. and Mrs. Richard Riley

LOIS LIND became the bride of Richard Riley in a double ring wedding ceremony at 4 o'clock yesterday afternoon in the Congregational church. The bride is the daughter of Mr. and Mrs. Roy C. Lind, Sheldon. Her husband is the son of Mrs. John H. Burrier, route 1, Iowa City, and Mr. Frank Riley, Ottumwa. The Rev. James E. Waery officiated at the double ring wedding service. The bride, given in marriage by her father, was attended by her sister, Mary Louise Lind, Sheldon, who was maid of honor. Best man was Donald Maloney, Cedar Rapids, and ushers were Dan Kelsey, Perry Hotchkiss, and Jack Wisnimer, all of Iowa City. A reception at the church followed the ceremony. Frances Falk and Margaret Lind were hostesses. Mrs. Riley is a graduate of Sheldon high school and is a senior in the University of Iowa school of nursing. Her husband, a graduate of Roosevelt high school in Cedar Rapids, is a sophomore student at the University of Iowa. The couple left on a short wedding trip. They will be at home in Iowa City at 433 S. Governor street, after Sept. 15. (Daily Iowan Photo by Gail Myers)

Merle Miller—

Applauds Atom Scientists

By JACK O'BRIEN

To provide its pages with a layman's view of the "New" scientist, the "Bulletin of Atomic Scientists" has called upon the observation and writing talents of a former staff member of The Daily Iowan.

Merle Miller, formerly Daily Iowan city editor, and now an editor of Harper's magazine, has authored an article on "The Atomic Scientists in Politics" for the Bulletin's September issue.

The article recreates Miller's impression of the scientist in the new role of politician.

Miller points out that the reign of the scientist as a man apart, living in quiet isolation with his test tubes and isotopes, ended with Hiroshima and Nagasaki—when a lot of other things ended too.

Today, in a world they created, Miller commends the scientists for taking leave of their laboratories to accept responsibility in every phase of the new world's existence; in communications, business and economics, politics.

He reminds readers that they should be grateful to the scientists, if not for the bomb, at least for the immense educational job which they have undertaken in an attempt to adjust scientifically naive laymen to the new atomic age.

He congratulates the scientists for the battle they waged in defeating legislation to gain military control of atomic energy, and for the way in which they backed legislation for civilian and international atomic control. A special vote of commendation goes for the way they battled for David Lilienthal as head of the atomic energy control board in the face of the "prejudiced" campaign to smear the former New-Dealer as "Communist."

He ends with a plea that the scientists not "give up" now when a basic job still remains; as Americans become more and more complacent to the prospects of an atomic war.

Miller is a member of the National Planning committee of AVC. He was executive editor of Yank during the war and has written a new novel, "That Win-

—for Political Roles

ter," which will appear this fall. The book will deal to some extent with Miller's experiences as a pacifist during the early stages of the recent world war. Miller's refusal to enroll in ROTC classes prevented him from receiving his degree from the university.

First Baptist Sunday School to Hold Party

The third annual kickoff party of the First Baptist Sunday-school will be held at 8 p.m. today on the Judson house lawn, corner of Clinton and Fairchild streets.

This will be an informal get-together coincident with the start of the school year, and marks the resumption of activities of the Sunday school on a full scale. Families and friends of the Sunday school and church membership are particularly invited to come and enjoy fun, fellowship and friendship. A special invitation is extended to university students.

Two sound movies will be shown. In the brief intermission between them the pastor, Rev. E. E. Dierks, will deliver a five-minute talk. Games will be provided for children up to 12. Ice cream and watermelon will be served to conclude the program.

In event of bad weather, the party will be held in the First Baptist Church.

Convicted of Burglary, Sentence Suspended

CEDAR RAPIDS. (AP)—Donald B. Nelson of Cedar Rapids, arrested May 10 and charged with breaking and entering in connection with the \$3,600 burglary of a Cedar Rapids Elks club April 26, today was sentenced to a maximum of 10 years in the reformatory at Anamosa.

Nelson, who previously had pled innocent, changed his plea to guilty today. Judge M. C. Hamiel suspended the sentence.

Appeal bond was set at \$2,000.

An era of great mechanical inventions was started by the invention of the shuttle by John Kay in 1754.

Meetings, Speeches—

Town 'n' Campus

ATHENS HISTORY CIRCLE

Mrs. E. T. Hubbard, 624 S. Grant street, will be hostess to members of the Athens History circle at 3 p.m. Monday. A special program observing the groups 50th anniversary will be in charge of Mrs. Homer S. Johnson.

"32" CLUB—Members of the "32" club will hold a stag picnic on the Iowa River east of Hills at 3 p.m. Friday, Sept. 19. Committee members for the event are the same as for the first stag picnic. Prospective club members will be guests at the picnic.

Local Doctors Join Surgeon Fellowship

WASHINGTON (AP)—Two Iowa City doctors were among 10 Iowans out of 762 initiates to the American College of Surgeons fellowship, it was announced today.

The Iowa Citians are Dr. Edgar S. Brintnall, 228 W. Benton street, and Dr. Robert W. Newman of route two.

Other Iowa doctors are Merrill M. Benfer, Davenport; Philip L. Bettler, Sioux City; Marvin W. Burleson and Loyal J. O'Brien of Fort Dodge; Carl J. Lohmann, Burlington; Donald F. Rodawig, Spirit Lake; Seth G. Walton, Hampton and Donovan F. Ward of Dubuque.

Typhoid Fever Cases Reported in Decorah

DECORAH, Ia. (AP)—Three known cases of typhoid fever have been reported here since September 9 and two other suspected cases are under observation, Dr. A.F. Fritchen, city health officer, said yesterday.

Dr. Fritchen said the cause of the outbreak had not been determined but that the cases appeared to have been isolated and that efforts were being made to determine the sources of infection.

Prices

(Continued from Page 1)

lower to 2 1/2 cents higher at Kansas City.

Cash corn dropped 4 to 6 cents a bushel at Chicago while at Omaha, where a record price was set Thursday, prices slumped 4 to 5 cents.

A series of heavy selling waves broke over the futures pits on the Chicago board of trade. Wheat was down 10 cents, the limit, and corn 8 cents, the limit, at one time. But a slight rally developed before the close. Wheat ended 4 to 9 1/2 cents lower, September \$2.70, and corn 5 1/2 cents lower to 1 cent higher, September \$2.57-\$2.57 1/2.

Live hog prices broke 50 to 75 cents a hundred pounds at Chicago and similar declines were reported at other major terminals. Losses at some of the smaller markets were even greater, extending to \$2.00 at Peoria, Ill. Cattle receipts were small, as always on Friday, and price comparisons of little value.

For the first time in two weeks wholesale beef, lamb, veal and mutton prices were reduced at New York. Declines averaged about \$1.00 a hundred pounds. Retail demand was reported slackening with kosher buying "almost at a standstill."

Lard for future delivery was \$1.15 to \$2.00 a hundred pounds lower at Chicago, the latter being the daily limit. September closed at \$2.00.

Cocoa for future delivery dropped a cent a pound at New York, after having risen a similar amount in the past two days. Coffee was 0.16 to 0.34 a pound lower. Sugar held unchanged.

Along the retail front, Philadelphia reported that best grade eggs were selling for \$1.00 a dozen in some stores while Detroiters learned they would have to pay 19 instead of 18 cents for a quart of milk, starting next Tuesday.

To Coach Springfield

CHICAGO, (AP)—L. M. (Dolly) Davis, former Southwest Missouri State college cager, yesterday was appointed player-coach of the Springfield, Mo., entry in the new Professional Basketball League of America.

Sundays—11:45 a. m. till 1:30 p. m.

The Iowa Union Dining Service

Will be open to the public

WHAT KIND OF LIGHTING SHOULD YOU HAVE?

Planned Lighting will provide the answer!

SHOULD it be direct—semi-direct—or indirect? Should it be of high foot-candle intensity or should it be modified? What type of fixtures will best solve the problem? These and many other pertinent questions must be answered in planning a lighting installation.

Yes, it's a big job—requiring careful, thoughtful consideration of many factors, all of which are highly important. It consists of analyzing the individual need, determining the amount of light required and scientifically designing the installation to produce the desired effects.

In short, the planning of an efficient lighting installation should be placed in the hands of one who is thoroughly familiar with all phases of lighting. When relighting your store, office, school or factory, it will pay you to insist upon Planned Lighting. The lighting consultant of this Company will be glad to assist you.

Authentic information pertaining to planned lighting is available without charge or obligation. Stop in at your convenience.
