Organize Committee To Fight Pet Ban; Ask Rule Revision

Pet owner representatives from five married student housing areas last night appointed a committee to "go ahead" in the fight against the university's "no pet" ruling, despite the stand taken by university officials Sunday.

Meeting in the parish house of the Trinity Episcopal church, the student-residents instructed the committee to draw up a code for care of the pets to be submitted to university President Virgil M. Hancher.

Meanwhile, the pet owner, Raymond B. Stephenson, declared he "would quit the university and move" before he would give up his dog.

Marshall Says Bill May Total 20 Billion

Key Congressmen Back Ideas, But Say They Want 'All Facts'

WASHINGTON, (AP)—Secretary of State Marshall solemnly urged congress yesterday to take the "real risks" of helping "prostate" Europe at a cost of \$8,097,000,000 in the next 19 months—and more billions later.

Marshall told members of the senate and house foreign affairs committees the need "is real and it is urgent" for:

"Speedy" action on an emergency fund of \$597,000,000 to enable France, Italy and Austria to "survive" through Mar. 31.

Another \$7,500,000,000 for the following 15 months to start a "world recovery program" in 16 western European nations.

He spoke just a week before congress meets in a special session to tackle European aid and domestic inflation.

Marshall made it clear that only opposition can be expected from Russia, even though the program "menaces no one" and "pursues no sinister purpose."

I. C. Woman Defends Boy

An Iowa City mother, Mrs. Rose Harney, asked "a chance with life" for Howard Lang, 12-year-old Chicago boy charged with murdering 7-year-old Lonnie Fellick.

Yesterday Howard became the youngest person ever to be indicted for murder in Cook county. The letter in his behalf was made public by Chief Justice Cornelius J. Harrington, The Associated Press reported.

"Please help this child not to be convicted as a murderer," Mrs. Harney, mother of 13 children, wrote, "He doesn't want to be a murderer any more than you or I. He is a victim of poor training and bringing up. Please put him in a school and give him a chance with life."

"Let him know he is wanted and loved. He has already suffered enough."

"If I had room I'd ask him. I only wish I could reach out and give this boy my love. Howard is accused of stabbing his young companion and crushing his head with a concrete block Oct. 18. Police said Howard told them he had stabbed his companion because Lonnie called Howard and his mother "bad names."

Conservation Agency Fires 3 High Officials

DES MOINES, (AP)—Three high-ranking employees of the state conservation commission were discharged yesterday, effective immediately, after a closed, 3 1/2 hour session of the commission.

Dismissed were Walter W. Aitken, chief biologist; W. E. Albert, chief of fish and game, and M. D. Lewis, game superintendent. Each had been employed by the commission at least 14 years.

Two Decline To Testify

ROCKFORD, ILL. (AP)—Letters from Mrs. Katherine Anderson to Glenn Marsh, pleading for restraint in their illicit romance, were made public yesterday as the lovers were brought together at an inquest into the slaying of the woman's husband and father.

Marsh and Mrs. Anderson—both 27 and both married—declined to testify at the session, and the coroner's jurors recommended that Marsh be held to the grand jury on charges of murdering the two victims.

One of three letters was addressed to "Honeybunch." It set forth: "Something serious has happened and it sort of straightens me out. I'll talk to you about it when I get home.

"Can't we just know we love each other until the future is ours? I know I can't go on forever with a guilty conscience. I think I've proved my love for you. Can't you do the same for me?"

"I want to love you wholly and completely, not half-heartedly, nor with fear of someone's finding out about it. I want our love to be fine and clean and future-building.

"Some day, some way, but not now—let us just love by saying hello, by seeing each other in the yard—let's love calmly and not tear ourselves apart emotionally."

UAW Convention Supports Reuther In Affidavit Fight

ATLANTIC CITY, (AP)—President Walter Reuther of the CIO united automobile workers was endorsed for another term by CIO President Philip Murray yesterday.

One pet owner said in recent conversations with the doctor, Barnes stated if proper precautionary measures of cleanliness and annual shots were observed, danger of disease would be negligible.

Mrs. George Balke, 53 Hawk-eye village, told the group her son Richard was bitten last April "by a stray" and not one of the dogs in the village.

Mrs. Balke added she now has a dog of her own which she bought before signing the new lease.

"Why doesn't the university get rid of the rats and birds," another student demanded. "Our dogs and cats have helped in keeping rats and disease down, rather than having been a menace."

The group decided the central committee should also write letters to local and national papers, magazines and columnists in an effort to stir up sympathy for their cause.

Named to the committee were Henry Allan, R. P. Stephenson, Jean Draves, Riverdale; Florence Mullen, Westlawn Park; Mrs. Donald Thoms, Hawk-eye village, and King Reid, Stadium Park.

Musicians Defy T-H Law, Radio Producers Charge.

NEW YORK, (AP)—Producers of "Information Please" radio program yesterday filed a complaint against the AFL American Federation of Musicians. They charged violation of the Taft-Hartley act through an alleged ban against use of musicians on the broadcasts.

The complaint was filed with the National Labor Relations board by the Dan Golenpaul associates, producers of the radio show.

Claim Meeting Refused

Local barbers yesterday refused to meet with university students to discuss possible lowering of haircut prices, according to Paul Opstad, A2, Iowa City, and David Taylor, A2, Derby.

Frank Spratt, president of the local Master Barbers' association, could not be reached last night for comment and A. M. Winters, local shop owner, had no comment when contacted.

Opstad and Taylor are sponsors of a petition signed by 2,107 students. Signers of the petition have vowed not to get haircuts until local prices are lowered to 75 cents.

Hughes Testifies He Refused General's Request for Loan

WASHINGTON (AP)—Millionaire Planemaker Howard Hughes said yesterday Maj. Gen. Bennett E. Meyers asked him for a \$200,000 loan to be used in a \$10,000,000 bond-buying deal at a time when the two were negotiating a wartime contract.

Further, Hughes told senators on the war investigating committee, Meyers wanted Hughes to guarantee him against losing money in the transaction.

Hughes said his refusal to lend the \$200,000 "resulted in a complete breach of friendship between me and Benny Meyers," but that Meyers apparently approved a Hughes contract for photo reconnaissance planes anyhow.

R. J. Thomas, union vice-president and leader of opposition to Reuther, had refused to sign the oath.

The delegates, by at least a 2-to-1 margin on a standing vote, decided to direct all national UAW officers to sign the affidavits so that the union can carry bargaining and unfair labor cases to the National Labor Relations board under the Taft-Hartley act.

Hughes declared he generally had ignored the entertainment of government authorities until he learned he was "definitely in the doghouse with the army."

"Until I started entertaining, I was getting the worst deal of any manufacturer in the United States," he said.

Previous testimony established that Hughes paid \$164,000 for wartime entertainment.

Stassen Proposes Tax Lid To 'Help' Fresh Investments

WASHINGTON (AP)—Harold E. Stassen proposed yesterday that the government ratchet a lid of 50 percent on peacetime income taxes to encourage fresh job producing investments.

"Our income taxes are too high for times of peace," the announced candidate for the Republican presidential nomination declared in a book entitled, "Where I Stand."

The former Minnesota governor was asked whether a forthcoming trip, including some stops in the south, is a hunt for delegates who would vote for him in the nominating convention.

"Specifically, definitely and frankly—yes," responded Stassen.

Streets Safe After Snowfall

Slush covered streets an sidewalks last night following the first real snowfall in Iowa City this year.

Streets are reported safe by the police, but sidewalks are slippery and covered with ice.

Al Altender of the Iowa Highway commission last night said highways appeared fairly safe but may be slippery in protected areas.

Temperatures dropped from a high of 35 degrees at 1:30 a. m. to 29.5 degrees at 10:30 p. m.

Historically, yesterday's snowfall is neither early nor late, according to the institute of hydraulic research. Iowa has experienced 16 snowfalls before Nov. 11 in the last 50 years. Traces of snow have been recorded on 14 other occasions.

The coolest Armistice day recorded was in 1928 with a low reading of 13 degrees. Highest recorded Nov. 11 temperature was 1902 with a 73-degree reading.

Rita Gets Divorce From Orson Welles On Cruelty Charge

LOS ANGELES, (AP)—Mink-swathed Rita Hayworth of the movies objected to being a 25 percent wife. So yesterday she won a divorce from actor-writer-producer-director Orson Welles.

Charging the one-time "boy wonder" of the theatrical world with cruelty, the beautiful actress told superior court that Welles was away from home three-fourths of the time during their marriage of slightly over four years.

"If he felt the urge to hop off for the Orient or Europe on the spur of the moment, he wanted to be able to go and come as he pleased, without the burden of a wife and child," she said.

The actress was awarded custody of the child, plus \$50 a week for her support.

The decree was granted by Judge William B. McKesson after a short hearing, in which Welles did not contest the action.

The dancing actress, 29, whose real name is Margarita Casnino, and Welles, 32, were married Sept. 7, 1943.

Food Fund Totals \$2,966

Students Make \$218 Donation To Lengthen Friendship Train

Iowa City's Friendship Train fund approached this morning's 8 a. m. deadline with \$2,966.55 on board to buy food for European relief, Harry Dunlap, chairman of the program, said last night.

Expressing the appreciation of his committee and the Junior Chamber of Commerce, who sponsored the drive, Dunlap said, "I would like to thank the people of Iowa City and Johnson county for their cooperation and contributions to this worthy cause. We will have a fine donation on the train."

He urged that people of this area join the Junior Chamber of Commerce committee in meeting the Friendship Train when it arrives in Cedar Rapids Thursday night on its transcontinental trip.

The American Veteran's committee booth, which was located on the university campus, added \$218.17 to the total funds, according to Dunlap. He said records of donations from student housing units had not been completed.

Any contributions, he added, which are received after Tuesday morning must be returned to the donors.

Dunlap estimated that three-quarters of a boxcar of rolled oats would be purchased with the money and be placed on the train for the trip to New York. From there the food will be shipped to France and Italy as a gift from the people of the United States.

Cedar Rapids set a goal of two carloads of rolled oats which can be purchased at cost from cereal companies there.

According to The Associated Press last night, other Iowa towns and cities have reached their goals for the drive. At least three carloads of food will be waiting the arrival of the Friendship Train in Council Bluffs tomorrow, William Keenan, southwest Iowa chairman, reported.

A boxcar of corn, purchased through donations of listeners to radio station KICD in Spencer, will be loaded onto the train in Boone. Thirty-five communities in that area pledged more than \$3,000 to buy the corn after a special broadcast from the station.

THIS AVC BOOTH gave SUI student Carol Shoukist, right, an opportunity to contribute to the Iowa City Friendship Train fund. Snow and cold winds did not hamper Robert Mohr as he helped AVC collect \$218.17 for the program.

Mary Y. Otto Dies at 70

The flag above Old Capitol flew at half-mast yesterday in honor of Mary Y. Otto, 70, former University employe who died Sunday morning after a long illness.

Miss Otto had been secretary to Dean A. W. Bryan of the college of dentistry. She was employed at the university for 35 years and during the centennial celebration was awarded a scroll in recognition of her long service.

A native of Iowa City, Miss Otto graduated from City high school and the university.

Surviving are four sister, Agnes, Clementine, Lucia and Helen, all of Iowa City, and one nephew and two nieces.

Miss Otto was a member of the Altar Rosary society of St. Mary's church.

Funeral services will be held tomorrow morning at 9 a.m. in St. Mary's church with burial at St. Joseph's cemetery.

The Rosary will be recited tonight at 7:30 in Hohenschuh mortuary.

Eighteen Pledged by Alpha Tau Omega

Alpha Tau Omega fraternity yesterday announced the pledging of 18 men:

The pledges are: Glenna Chadima, A1, and Oliver Swab, E1, both of Cedar Rapids; Edward Diekmann, A1, Ottumwa; Vernon Ellerbroek, A1, Cherokee; Robert Charles, A1, and Dwain Cummings, P1, both of Waterloo; John Englund and James North, both A1, Des Moines, and Robert Johnson, A2, Spencer.

Donald Mathiasen, A1, and Howard Petersen, A1, both of Harlan; Robert Johnston, A1, Chicago, Ill.; John Miller, A1, Newburgh, N. Y.; Verle Petri, A1, Adair, James Redman, A1, Walnut; Charles Rector, A1, Odebolt; Marvin Gaudian, C4, Paullina, and Darwin Frye Jr., A1, Kansas City, Mo.

When figures are adjusted to allow for rising prices, the national income of the United States increased about 57 percent between 1940 and 1944.

Scholarship Pays Off; 3 Tri-Delts Get Awards

Scholarship awards were presented to three Delta Delta Delta members last night at the annual founders day dinner in the River room of Iowa Union.

Those receiving the awards were Joan Tripp, A2, Mapleton, for the pledge class; Phyllis Oltman, A4, Oak Park, Ill., for the active chapter, and Mary Jane Nielson, A3, Quincy, Ill., for the active with the greatest scholastic improvement.

Mrs. Jean Wolfe, scholarship advisor, made the presentations. Mrs. Hugh Kelso and Mrs. Beth Johnston were committee members in charge of the dinner.

"Lest We Forget"

"IF YOU KEEP FAITH"

If you keep faith with me you need not weep
 If I am killed, for I will not complain
 Of any death if by it others gain
 The things I think are worth my life to keep;
 The right to have, to know, to love, to speak.
 If all win these, I will endure my pain.
 And on the battle front, where I have lain,
 Will find an honored place in which to sleep.
 But if when peace returns to you once more
 You break the word you gave humanity
 By keeping not the pledge to which you swore,
 Then carve in stone this epitaph for me:
 "Here lies a fool who placed his hope in war
 And gave his faith to insincerity."

Council Decides Tonight Who Gets Campus Chest Money

Plans Entertainment Of 300 Minnesota Students Saturday

Final decision on which organizations will receive funds collected in the Campus Chest drive will be made by student council tonight, according to Council President Mel Heckt.

How the funds are to be divided also will be decided during the meeting which will begin at 7:30 at Old Capitol.

Other matters on the agenda are affiliation with the National Student association and entertainment of 300 Minnesota students coming here for the Iowa-Minnesota game Saturday.

Two committees will report to the council. One is investigating the possibility of students grading professors. The other is planning Panacea, all-student show.

A committee met yesterday to draw up a tentative list of organizations which will benefit from the Campus Chest.

In the group were Janet Gutz, A4, Hampton; Florence Jackson, C4, Estherville; and Gene Glenn, A2, Ottumwa, members of the council Chest committee; Ray Tierney, A4, Perry, drive chairman; Joy Bowers, A3, Lawrence Kan., general solicitations chairman; and Don Houts, A3, Cedar Rapids, president of Student Christian council, which sponsors the World Student Service fund.

Committee members suggested that WSSF receive 45 percent; United Negro college fund, which raises money for private Negro colleges, 20 percent; Cancer foundation, 10 percent; infantile paralysis fund, 10 percent; and Nile Kinnick scholarship fund, 7 1/2 percent. Students may earmark contributions for any of these organizations if they wish.

Another 7 1/2 percent, the committee decided, should be set aside as an emergency fund.

The group recommended that the council make its Campus Chest committee a permanent committee which, with the drive chairman, would administer the emergency fund this year. It suggested succeeding councils appoint permanent Campus Chest committees at the beginning of each year.

The committee yesterday asked that before money collected is divided percentage-wise, two sums be set aside. One would be \$250 for expenses of next year's Chest drive. The other would be \$369 for the university's National Student association dues, if the council decides to affiliate the university with that organization.

The council hopes dues next year can be included in its budget. This year's budget was made up before NSA was organized.

The 47 million persons employed in the United States in 1940 are estimated to have worked a smaller number of aggregate hours than the 37 million employed in 1910.

University Chorus Presents Concert Of Sacred Songs

The University mixed chorus is "back to normal" for the first time since the war. Prof. Herald Stark, chorus conductor, announced yesterday.

The 170 voice chorus, will present a concert tomorrow evening at 8 o'clock in Iowa Union.

Selections included are secular and sacred part-songs. Choral from "The Christmas Oratorio," entitled "Break Forth, O Beateous Heavenly Light," by Bach, composed in the early 18th century, will be first on the program.

Three selections by Alexander Gretchaninoff will be offered—"Cherubim song, in F," "Glad-some Radiance" and a folk song "Our Master Hath a Garden." "Crucifixus," by Antonio Lotti, will be sung by the chorus in eight parts.

"Plorate, Fili Israel" from "Jephthah," by Giacomo Carissimi will be sung in six parts. Johannes Brahms' composition from the "Requiem," entitled "How Lovely Is Thy Dwelling Place," will conclude the first half of the program.

From "The First Set of Madrigals," published in 1589, the chorus will sing John Wilbye's "Flora Gave Me Fairest Flowers."

Two Hungarian folk songs will also be included—"Two of a Kind" and "Recher-cher-cher-cher," soldier song.

"The Dark Eyed Sailor" by Ralph V. Williams and "The Well Beloved" will also be heard.

Concluding selections are "Woe Unto Them," by Randall Thompson and "The Breadth and Extent of Man's Empire" by Earl McDonald.

Accompaniment for the concert will be by Joyce Van Pilsun, instructor in the music department.

DAD'S DAY BADGES
All fathers registering for Dad's day will receive badges sporting pictures of a "be-moustached dad in a racoon coat." Earl E. Harper, Iowa Union director, announced yesterday.

Registration for Dad's day will be held Friday afternoon through Saturday. Dick Spencer, A1, Gilman, designed the badges.

Council Votes To Consider New Engineer for Swim Pool

Completion of the Iowa City swimming pool moved a step closer last night as the city council voted to consider hiring a new engineer.

Mayor Preston Koser set Nov. 20 at 7:30 p.m. as the time for a special meeting to hear Wesley Bantz, consulting engineer from Lansing, Mich., give his opinion on building the proposed pool.

No official action was taken about the contract with the Howard Green Architectural Engineering company of Cedar Rapids which was hired in 1941 to plan the pool. The company drew up original plans at that time, but several weeks ago asked to be relieved of their obligations because the council insisted on immediate action. They were paid a part payment of \$2,000 for their services.

The council also directed the public grounds and building committee to meet with B. J. Lambert, professor of civil engineering at the university, and discuss possibility of Lambert's becoming resident engineer.

A special meeting will be held at 11:30 this morning to determine placement and type of traffic signals for six intersections in Iowa City. The council will consult with H. B. Allen, representative of the Eagle Signal company, Moline, Ill.

The meeting was set after Allen described his company's traffic signal to the council last night.

A contract for rock-surfacing six sectors of streets was awarded to the Carl Chadek Trucking company of Iowa City for \$4,556.24.

Nov. 28 at 7:30 p.m. was set for a public hearing on a proposal for street improvements to six other sectors of streets.

City Engineer Fred Gartzke reported that footings and foundation wall have been completed on the auxiliary fire station near the old city scales. He said the laying of wall blocks will start Thursday or Friday, if the weather permits.

A petition requesting paving Maggard street between Kirkwood avenue and Chicago, Rock Island and Pacific railway track was referred to the streets and alleys committee.

The Briskey Cabinet shop was given a \$117.50 contract to build a stage for the ballroom of the Community building.

The council also passed a resolution approving the proposed \$12,000,000 Coralville flood-control reservoir north of Iowa City. A signed copy of the resolution will be sent to H. Garland Hershey, state geologist and chairman of the special investigating committee.

A public hearing on the project will be held Friday at 10 o'clock in the recreation center of the Community building.

Caution Hunters of Game Laws

"Get your guns cleaned up, boys—pheasant season starts today. But first, get a hunting license."

Wes Ashby, state conservation officer, yesterday gave this as a warning to all potential pheasant hunters for the current season, which starts today and ends Nov. 20.

"Iowa conservation officers have had a hard time raising enough pheasants to give you a season," Ashby declared, "and anyone caught hunting without a license will be prosecuted."

Ashby warned that waterfowl hunters need a federal stamp in addition to a license. The federal stamp can be purchased at the postoffice.

Licenses can be purchased in Iowa City at the court house (re-

cord's office); Leno and Cilek hardware, and Wilson Sporting Goods store.

Information given by Ashby on hunting seasons follows:

Pheasant—Season closes Nov. 10. Shooting hours, 12 noon to 4 p.m. Bag and possession limit, two cocks.

Ducks, geese and waterfowl—Season closes Nov. 19. Shooting hours, sunrise to one hour before sunset. Bag limit on ducks, four—possession limit, eight. (Only one Woodduck allowed). Bag and possession limit on geese, four. (Only one Canadian, Hutchins or Whitefront allowed.)

Quail—In Johnson, Iowa and Washington counties—season ends Dec. 15. Shooting hours, 8:30 a.m. to 4:30 p.m. Bag and possession limit, eight.

The operetta will be presented Dec. 3, and will be directed by Miss Sanders and M. F. Carpenter, head of English at University high school.

Squirrel—Season ends Nov. 30. Bag and possession limit, six.

Rabbit—Season open through most of winter. Bag and possession limit, 10.

Urges U. S. Support Of Central, Leftist Groups in Europe

The "right horse" for America to support in Europe is the political center and left of center, Prof. Hew Roberts of the college of education told the League of Women Voters at its monthly luncheon yesterday.

"On the right are the people who make the Hitlers and Mussolinis," he declared. "We must not support them."

Roberts, an Australian, returned to the university in September, after serving with the American air force and the Australian army in the Pacific. He traveled extensively through Europe in 1934-38 under an Oxford traveling scholarship.

Presenting what he called a "portrait of the state of America in the eyes of a foreigner," Roberts said, "Europeans are more likely to look at the policy of the American government than at the good will of the American people."

Europeans believe, he said, that we have encircled the Russian sphere of influence with a "ring of power." They are not encouraged by our long delays in acting on the Marshall plan or in stabilizing our domestic economy.

Since our goals are peace, freedom and capitalism, it is in the

best interests of big bankers as well as members of the League of Women Voters to support the center and right left wing, he asserted.

If we must pit our strength against Russia's, he urged the United States to support the Soviet's enemies—the "evolutionary socialists."

The League announced the formation of the following working committees: health (to investigate "the rat nuisance" in Iowa City and methods of garbage collection and disposal), city government, atomic energy, fair employment practices and recreation.

Elizabeth Halsey, local president, reported that Walt Disney had admitted that his Communist accusation was meant for the League of Women Shoppers, not the League of Women Voters.

Distribution of the League's Johnson county voters handbook will begin here Dec. 1, Mrs. Carlyle Jacobsen announced. She said Alpha Delta Sigma, advertising fraternity, will handle handbook publicity.

RUPTURED?

If your rupture is larger this year than last, then you must be wearing the wrong kind of truss. Perhaps one with a knob that causes the opening to enlarge. Don't delay until your rupture becomes irreducible. Try the famous DOBBS TRUSS that has given relief to thousands after scores of other trusses have failed. The DOBBS pad is soft and fits over the rupture like the palm of your hand, thereby giving the muscles a chance to come back to normal. It has no belts or straps to hinder circulation.

W. E. RISHEL, Factory representative, will explain his truss, without charge, in:
