Russians, British Demand Change in Palestine Plans

Lack Success—U.S. insists last night that the United Nations try finally to pacify Palestine despite a reported postponement of the action. Russia demanded instead an immediate and General U.N. council demand to end the war. These two proposals based upon a ternary cease-fire order after the United States acknowledged facts and pressed other nations to try to solve the problem.

The British defined that if the plan for peaceful mediation did not work this time they would join a world-wide embargo of arms and economic goods in the country.
