## U. S. Air Lift Plane Crashes in Berlin Rainstorm

(AP Wirephoto)

SMOKE BILLOWS skyward from the blazing U. S. four-engined "Flying Coalman" plane after it crashed yesterday at Berlin's Tempelhof airfield during a heavy rainstorm. Two men (left) rushed toward the burning ship which overran a runway and crashed through a fence. The crew of three escaped through an emergency hatch without serious injury.

## Soviets Complete Walkout on Allies' Berlin Kommandatura

BERLIN (AP)—The Russian's yesterday pulled down their flag over the Allied Kommandatura building and walked out, leaving only the portraits of Lenin and Stalin. The final walkout came six weeks after the Russians had proclaimed the four-power kommandatura no longer existed. Since then the Russians had been clearing out their offices.

The four-power kommandatura had ruled Berlin for three years, but now the only vestige of municipal unity left is the disension-riddled German city government. The Soviet-sponsored Unity party (SED) still participates in the overwhelmingly anti-Communist city council.

Widening of the breach between the east and west came as two four-engined American C-54 planes carrying coal to Soviet-blockaded Berlin crashed while landing during a heavy rainstorm at Tempelhof airfield.

Luck was riding with both crews on the Friday the 13th. The planes walked away from the crashes. The first transport, coming out of the clouds on instruments, landed on a half-completed runway. The plane was ripped by the rough landing but the crew was not hurt.

Soon after a second plane careened through a fence just short of a busy street. The aircraft caught fire but the crew of three escaped through an emergency hatch without serious injuries.

Despite the rain U. S. planes made 151 flights with 2,029 tons of food and fuel in the 24-hour period ending at 10 a. m.

Unrest mounted in the American zone of Germany over high prices.

In city after city women were reported pelting vendors with their own vegetables, smashing eggs on the heads of merchants and overturning food stands. Thousands of workers demonstrated demanding a voice for labor in industrial management.

## 'Unlucky Day' Is Observed

BUFFALO, N. Y. (AP)—Donald G. Schirtz excitedly telephoned a newspaper yesterday that his wife had given birth to their first child at the 13th minute of the 13th hour of the 13th day.

"Was it a boy or a girl?" inquired a reporter.

"I'm so excited I forgot to find out," replied Schirtz.

It was a girl, Donna Jean, who weighed 5 pounds 13 ounces.

OMAHA (AP)—The Omaha World-Herald birthday files yesterday showed 97 Omaha children were born on the traditionally unlucky day, Friday 13th. Of this number how many were 13 years old yesterday? Thirteen, of course.

MUSCATINE, IA. (AP)—Friday the 13th was turned out to be a bad day to go fishing for Frank Weikert who lives on the Cedar river near here.

On Friday the 13th five years ago, Weikert was fined \$210 and costs for illegal fishing.

Yesterday—Friday the 13th again—Weikert was fined \$400 and costs and forfeited a new boat and his fish traps on four counts of possessing fish illegally.

## City Council Passes Next Year's Budget, Denies Beer Permit

The city council last night after a public hearing approved the budget for the 1949-1950 fiscal year beginning April 1, 1949.

The budget amounts to \$687,113, and calls for the raising of Iowa City property taxes 3.85 mills to 26.64 mills. The budget provides for a deficit of \$6,342 representing a one-half mill levy for off-street parking; (4) a street lighting survey, and (5) the \$45,000 set up as parking meter revenue.

In other actions the city council: (1) Received a telegram from the H. B. Allen company stating that they will start the actuated traffic signal installations next week.

(2) Refused the application of the American Veterans of World War II for a beer permit do to the fact that the club has not been in operation for two consecutive years as provided by state law.

(3) On the motion of Alderman William Grandth, directed the city attorney to draw up a resolution authorizing the sand and asphalt treatment to five Iowa City streets. The council held a public hearing on the \$1,994.84 project on July 19.

(4) Held three readings of an ordinance vacating and executing a quit claim deed to property at the intersection of Lucas and Bowery. The first reading of an ordinance to prohibit delivery of certain fuel oils in trucks of more than 1,000 gallons capacity was approved.

(5) Passed resolutions authorizing a \$5,000 payment to Calvin T. Haskinson for application on the purchase of the city parking lot on College street; empowering the city clerk to give sewer rental delinquent list to county auditor for collection as taxes and authorizing the mayor to attend a conference on urban problems at Detroit Sept. 13 and 14.

## Steinhardt Named Envoy to Canada

WASHINGTON (AP)—Career Diplomat Laurence A. Steinhardt yesterday was named ambassador to Canada by President Truman.

He succeeds Ray Atherton who recently was named alternate delegate to the United Nations general assembly meeting in Paris.

Steinhardt was a New York lawyer when he entered diplomatic service in 1933 at the age of 41.

After serving as minister to Sweden and Ambassador to Peru, he was named to succeed Joseph E. Davies as ambassador to Russia in 1939.

Later he served as a wartime trouble-shooter as ambassador to Turkey.

# You Kept Me A Prisoner, Mrs. Kosenkina Tells Russ

## Truman May Tell of A Budget Deficit for Present Fiscal Year

WASHINGTON (AP)—President Truman may notify the country this weekend that it faces a budget deficit this fiscal year, ending next June 30.

The midyear budget review, due shortly from the White House, will show a sharp reversal from the President's forecast in January. Then a healthy \$4.8-billion surplus was foreseen for fiscal 1949.

The prospect of a deficit has its sour side for Republicans, hopeful of capturing the administration in November. If they win they would preside over a red-ink government on their first return to power in 16 years.

In the revised budget message, Mr. Truman is expected to lay heavy stress on one factor in the changed fiscal picture—the income tax cut passed by the Republican congress over his veto.

Because of that \$4.6-billion drop in revenues, plus heavy unforeseen outlays for national defense, a high fiscal official reported privately yesterday that "it looks as if we'll show a deficit."

## Hiding of Samarine Recounted by Farmer

FREEHOLD, N. J. (AP)—A story of intrigue that surrounded the nine-day disappearance of a freedom-seeking Russian school teacher was unfolded yesterday by an elderly chicken farmer who befriended him.

The school teacher was Michael L. Samarine. The farmer: tall, big-handed Harry Schibanoff who said he was imprisoned with now-Soviet Premier Stalin when both were revolutionaries in Russia more than 40 years ago.

Schibanoff said he turned his farm into a refuge for Samarine, his wife and three children at the request of Countess Alexandra Tolstoy who operates a white Russian retreat in New York state.

The six-foot-one farmer, a naturalized American, said the countess told him a second Soviet teacher—Mrs. Oksana Stepanovna Kosenkina—also sought her help in staying in the United States.

Schibanoff, in an interview, recalled the countess feared one of the two teachers might not really be sincere.

"She told me they were afraid to put the two together for fear one of the other might be a (Russian) spy," Schibanoff related.

Samarine convinced Schibanoff he really wanted to sever his Soviet ties at a meeting in a New York cafeteria.

"He looked at me with tears in his eyes and said: 'Mr. Schibanoff, if I can't stay here I won't go to Russia. I will kill myself and my family.'"

Schibanoff said he agreed to "take the Samarines to Freehold." This was on July 31.

News of Samarine's escape from Soviet surveillance reached the public on Aug. 7. This was the day, too, that Mrs. Kosenkina was "rescued" from the white Russian refuge by the Red Russians.

On Aug. 8 Countess Tolstoy came to Schibanoff's farm, he related, and with three men—he said they were FBI agents—look Samarine to another hideout.

## Un-American Activities Group To Seek Woman's Testimony

NEW YORK (AP)—Mrs. Oksana Stepanovna Kosenkina told a Russian consular official from her hospital bed yesterday: "You kept me a prisoner, you would not let me go!"

Narrowly escaping death in her three-story jump from a Russian consulate window the 52-year-old Russian schoolteacher Thursday night accomplished what a state court's writ failed to do earlier in the day.

She had removed herself from the consulate, where she had been for the past six days, and put herself in an American hospital—with 15 New York City police men and women on guard.

In Washington last night, Robert E. Stripling, chief investigator for the house un-American activities committee, announced he would serve a subpoena on her to testify before the committee.

Later, however, Mayor William O'Dwyer said Mrs. Kosenkina, in official statements to the police, had denied she was in any way connected with the congressional hearings or that she knew Elizabeth T. Bentley, former Communist and star witness at the hearings.

Stripling, who said he was acting under telephoned instructions from committee chairman Thomas (R-NJ), said Mrs. Kosenkina would be called to testify "as soon as she is able."

Late last night the New York Times said it had learned police have a statement from Mrs. Kosenkina that Alexander S. Panushkin, the Soviet ambassador, had visited the consulate here and tried to get an affidavit from her saying she was not being held a prisoner and that she had complete freedom.

In her statement, the Times said, Mrs. Kosenkina said she refused to sign the affidavit "despite the ambassador's personal promise of future immunity from Soviet punishment. He told her 'everything would be forgotten' if she signed the affidavit."

While the battle over her custody continued in New York, Washington, and Moscow, at the hospital she made yesterday her first clear declaration of the reason for her act.

It came as Zot I. Chepurnykh, Soviet vice-consul, stood beside the hospital bed. With him was a consulate secretary and a Russian-speaking New York detective.

The detective, William Dyczko, said the vice-consul suggested to Mrs. Kosenkina that she agree to being moved to another hospital.

Her answer, the detective said, was: "No! You kept me a prisoner, you would not let me go!"

In Moscow, Walter Bedell Smith, American ambassador, denied a charge by Soviet Foreign Minister Molotov that American authorities had been guilty of collusion in the "kidnapping" of the women.

## Greeks Cutting Supply Link

ATHENS (AP)—Greek army troops yesterday began closing the Communist Guerrillas' last major supply route through the Grammos mountains to Albania, a general staff spokesman said.

Columns driving west from Alevitsa gained positions within two and a half miles—easy artillery range—of the main highway through Siliimintza. The informant said a secondary road already has been cut by Greek units which took the village of Yanohori.

The highway fighting occurred at the northeastern end of the Guerrillas' shrinking semi-circular front. The government announced that Greek troops in that area are being shelled by guns inside Albania.

According to the general staff spokesman, Greek soldiers have heard orders to fire given in the Albanian language.

Newspapers in Athens reported the guerrilla units have been retreating into Albania despite a resolution by the United Nations special committee on the Balkans calling on Albania, Bulgaria and Yugoslavia to intern the rebels.

Greek guerrillas, dislodged from several of their Grammos

mountain strongholds were being pushed toward the Albanian border yesterday by Greek government troops (arrows). Drive from captured Groussia and Alevitsa had reached Yanohori and neared Monopllon (underlined) and was within two and one-half miles of the last major guerrilla supply road into Albania. Other Greek troops were pushing out from Paliostrounga.

## Questions Six Witnesses In Investigation of Sales By War Surplus Board

DES MOINES (AP)—Six witnesses were questioned yesterday in the Polk county attorney's investigation of the sale of goods by the Iowa war surplus commodities board.

Witnesses questioned included George Mewhort, president of the Mid-Continent Distributing Co.; Clint Fowler, Brooklyn bank employe and Bill Burke, an employe in the state garage.

Others questioned included Martha McCord, an employe in Gov. Robert Blue's office; Harold McKinney, a Des Moines tire company executive and Hal Junkines, a state war surplus warehouse employe.

All six have made purchases from the state war surplus commodities board, records show.

They were questioned by Assistant County Attorney Ralph Randall who is assembling evidence for presentation to the grand jury when it returns from a two-week vacation on Aug. 23.

## One Dead in Scooter Tragedy

Mrs. Richard Whitney, 24, 234 N. Madison street, was killed and her husband was injured when the motor scooter they were riding was struck by a car three miles south of Iowa City on highway 218 last night.

Whitney, 23, was in "satisfactory" condition in University hospital last night, according to hospital officials.

Driver of the car involved in the accident was Marian Smothers, 19, route 6. He and three other youths with him in the car were approaching Iowa City when the accident occurred, they said.

The motor scooter on which the Whitneys were riding was also going north toward Iowa City, police officials said. The right front part of the Smothers' car hit the scooter.

Smothers told police he was travelling 75 miles an hour when he hit the scooter. Smothers said there was no tail light on the scooter.

broken and her body was badly mangled, according to a doctor who arrived on the scene shortly after the accident. He said death was almost instantaneous.

The scooter was found 125 feet from the point of impact. Mrs. Whitney's body was found 15 feet farther down the road. Whitney was thrown nearly 110 feet by the collision.

The Whitneys were married in Sept. 1947 and came to Iowa City in June of this year. Whitney planned to enroll in the university this fall, friends said. Mrs. Whitney was employed as a nurses' aid at University hospital.

BAN NUDE PICTURES MEXICO CITY (AP)—Nude women painted on the back of buses must be clothed within 15 days, the federal district traffic office said yesterday.

The advertising pictures distract other drivers, the office said.

## Currie, White Deny Charges of Working For Russ Spy Ring

WASHINGTON (AP)—Lauchlin Currie and Harry D. White, high policy officials in the Roosevelt administration, swore yesterday that they never gave secret information or aid to an alleged wartime Communist spy ring.

Currie, 46, was an administrative assistant to President Roosevelt during the war years. He now is in the export business in New York.

White, a New York economic and financial consultant, formerly was assistant secretary of the treasury.

They appeared at their own request before the house committee on un-American activities, which is investigating the stories of wartime espionage previously related by Miss Elizabeth T. Bentley and Whittaker Chambers. Miss Bentley, 40-year-old Vassar graduate, and Chambers, an editor of Time magazine, have identified themselves as former couriers for a Soviet spy organization.

Currie and White vigorously denied that they had been helpful to the ring, as Chambers and Miss Bentley had testified.

Each of them also swore he is not and has not been a Communist, and has never committed a disloyal act. In addition, they made specific denials of all the accusations leveled against them in Chambers' and Miss Bentley's testimony.

White labeled "unqualifiedly false" Miss Bentley's allegation that he helped Communist agents by pushing certain government employes toward key positions where they would have access to secret information.

"There is and can be no basis in fact for any such charge," White said.

Currie told the congressmen that—contrary to Miss Bentley's testimony—he never told anybody the United States was on the point of "breaking" the Soviet code, or gave out any "inside information" on China, or "interceded" to keep an alleged Communist on the federal payroll.

The latter charge, made by Miss Bentley, involved an investigation of the fitness of N. Gregory Silvermaster to work for the board of economic warfare.

# Cagers Win Olympic Finals

## U.S. Five Trounces French Squad, 65-21

By TED SMITS  
LONDON (AP)—Old glory flapped above two more American Olympic champions yesterday as the basketball and army equestrian teams boosted Uncle Sam's haul to 37 titles.

With only one event still to be contested on today's closing program, the American sweep continues.

Coach Bud Browning's cagers toyed with France in coasting to a resounding 65-21 final victory. The result was not unexpected for the Americans outclassed the opposition in a sport that originated at Springfield, Mass., some 57 years ago.

France was in the ball game for the first two minutes but that was all. They simply couldn't solve the tight American defense and were unable to cope with their scoring power.

### Groza Leads Cagers

Alex Groza of Kentucky was the high man with 11 points to 10 for Ray Lump of New York University as 13 of the 14 squad members broke into the point col-

umn. Bob Kurland, 7-foot center, scored twice from the field before he was replaced after 12 minutes of play.

The final gong no sooner sounded than the huge American flag unfurled from the ceiling in the blue blaze of the spotlight. As it turned out, the officials were so sure America would win they hadn't bothered to bring along any other flag.

In their enthusiasm the American team hoisted Balding Jesse (Cab) Renick to their shoulders and carried him off the floor.

The U.S. army's hard-riding equestrian team, disbanded in 1940 and reactivated in 1946, carried off the honors in the rugged three-day test by amassing 161 1/2 minus points to lead Sweden in a close finish.

American boxers, who dominate the world in the pro ranks, failed to cap a single Olympic title. Argentina, South Africa and Hungary each took home two and Czechoslovakia and Italy one apiece. The team title went to South Africa with 29 points.

Horace Herring of St. Petersburg, Fla., the lone U.S. hope in the finals, was beaten by Julius Torma of Czechoslovakia for the

welter crown on a split decision.

### Finland Wins Gymnastics

South Africa's lightweight champion, George Hunter, was judged the cleanest and most proficient boxer in the tournament. He was awarded the Val Barker cup.

Finland took the men's gymnastic championship with the United States seventh but the judges were too tired to total up the points after the women's competition. They'll announce the winner today when individual gymnastic crowns also will be awarded. Leading the American men was Edward Scrobe of New York with 213.9 points.

Hungary's 25-year domination of the sabre honors was maintained by Aladas Gerevich's victory without loss of a joust. Earlier Gerevich led his mates to the team sabre title.

Sweden's favored soccer team stormed through the Yugoslavia team, 3-1, to capture the championship before 40,000 spectators. J. Beyeart of France staged a fast finish to win the 121-mile Olympic road race in cycling competition. Beyeart won with 20 yards to spare but Belgium's three-man squad took the team title.

## Leahy Stages Single Wing Vs. 'T' Tussle

VANSTON, IL. (AP)—Head Coach Frank Leahy today will send his talented collegiate squad into a T-formation vs single wingback battle in a final "shake-down" practice for the all-star game at Soldier field next Friday night.

The regulation game at Dyche stadium, involving football's two foremost systems of attack, emphasizes the wealth of material Leahy has under his command for the joust with the Champion Chicago Cardinals of the National football league a week from last night.

Heralded Johnny Lujack heads seven players from Leahy's won 1947 Notre Dame team tabbed to start for the green-jerseyed "T" artists.

Michigan, last season's Rose bowl and Big Nine champion, has five starters in the scarlet-clad single wingback unit.

This has prompted some observers to depict the contest as a belated junior size showdown between the Irish and Wolverines, whose undefeated squads last season each claimed the national championship.

However, Michigan's all-American halfback, Bob Chappuis, will be sitting it out on the single wingback bench because of a rib injury. Furthermore, Wolverine fullback Jack Weisenburger, the middleman in Michigan's magical spinners, passed up an all-star bid to remain in professional baseball this summer.

### The probable starting lineup:

- Single Wing: LE Mann, Michigan; LT Nolan, Penn State; LG Sabey, Penn State; C White, Michigan; RG Brown, Indiana; RT W. Edwards, Texas Christian; RE Ford, Michigan; QB Yerges, Michigan; RB Conroy, Mississippi; RH Elliott, Michigan; FE Luongo, Pennsylvania; T-Formation: LE Fears, UCLA; LT Connor, Notre Dame; LG Weinmeister, Washington; C Strohmeier, Notre Dame; RG Signalo, Notre Dame; RE Czaricki, Notre Dame; RE Cleary, Southern California; QB Lujack, Notre Dame; LT Livingstone, Notre Dame; RH Sandifer, Louisiana State; FB Simmons, Notre Dame.

### Phillies Blast Giants

PHILADELPHIA (AP)—The Philadelphia Phillies pounced on the New York Giants for 10 runs in the first inning and coasted to a 12-7 victory last night. Curt Simmons was credited with his sixth triumph of the season although he needed help from Walt Dubiel. The Giants paraded six pitchers to the mound with Starter Ray Poat the loser.

## Ruth Shows No Improvement

NEW YORK (AP)—Babe Ruth's condition has shown no improvement in 24 hours, but he still can manage a smile and a joke.

And a call from the White House brightened his day yesterday.

The critically ill homerun king—baseball's all-time idol—made a game rally Thursday in his fight for life, but a bulletin released yesterday by the Memorial hospital center for cancer and allied diseases, said:

"Babe Ruth continues to run a moderately high fever and in general there is no improvement in his condition."

Shortly before 3 p.m. (CST) the hospital said Ruth's temperature was "slightly lower than at the same hour Thursday." The statement added:

"He is taking nourishment with some difficulty. His condition is otherwise unchanged."

A 7:35 p.m. bulletin said Ruth "rested well during the evening

and awakened to speak with his wife."

The 53-year-old former New York Yankee has been in and out of the hospital for some time. His condition suddenly became worse Wednesday after he caught a cold and pulmonary complications set in.

Although only members of Ruth's immediate family and a few close personal friends were permitted to visit his room, admirers flooded the hospital with telephone calls, telegrams and letters.

One call came yesterday from the White House. A secretary said President Truman wanted to know how the Babe was coming along.

When told about the call, Ruth smiled, his attorney, Melvin Gordon-Lowenstein, said.

"He seems as bright as Thursday," Lowenstein said. "He and I kidded each other. He talked and joked with me."

## His 133 Tops Second Round Play

# Demaret Fires 66, Leads St. Paul Open

ST. PAUL, MINN. (AP)—A suddenly-turned serious Jimmy Demaret of Ojai, Calif., fired a blistering six-under-par 66 yesterday to lead at the end of the second round of the St. Paul \$13,500 Open golf tournament.

The dapper, usually clowning Demaret was serious when he fashioned a four-under-par 32 going out and a 34 coming in for his 66. He had a 67 at the end of the first round Thursday.

Coming in late in the day, Demaret's 133 boosted him into a three-stroke lead over his nearest competitor at the half-way mark. Pat Wilcox, Des Moines, Ia., driving teo partner who was entered from Waterloo, Ia., previously had enjoyed the lead with a 136.

Wilcox, nonchalant and confident shot a 67 yesterday to go with his first-round 69. Just a stroke behind him was Otto Greiner, Baltimore, Md., who had a 69 yesterday and a 68 Thursday.

Demaret's efficient stroking brought him four birdies on the out nine and two more coming in, chiefly due to deadly iron play and near-perfect putting.

Demaret and Wilcox led a field of 95 that battled for survival in the touney. A 36-hole of 154 or better was needed to qualify for the final two 18-hole rounds today and tomorrow. Sixty-one players achieved the necessary score to continue.

George Fazio, Conshocken, Pa., and Ky Laffon, St. Andrews, Ill., were tied at 138, a stroke behind Greiner. Laffon had a 70 yesterday to go with his first-round 68, while Fazio carded a 68 yesterday and a 70 Thursday.

Henry Ransom, Ravinia, Ill., tied with Demaret at the end of the first round with 67, slipped to a 72 yesterday for a 139 total. Tied with him were E. J. "Dutch" Harrison, Albuquerque, N. M., who had 70 yesterday, and Bill Nary, Phoenix, Ariz., who had 71.

Four men were tied at 140. They were Jerry Barber, Los Angeles, who had 68 yesterday, Dave Douglas, Wilmington, Del., with a 70, Ellsworth Vines, Iowa City, Ia., with a 71, and Lloyd Mangrum, Chicago, who had a 70.

## Dodger Rally Sinks Loop-Leaders, 6-3; Trail by 3 Games

BOSTON (AP)—Spotting the Boston Braves two runs on Bob Elliott's massive home run in the opening inning, the Brooklyn Dodgers last night broke out for three runs in both the fourth and sixth innings and defeated the league leaders, 6-3.

By winning before a paid throng of 31,444, the Brooklyn Dodgers gained a full game on the Tribe and now trail Boston by three games. It was the sixth victory for Lefty Preacher Roe and his third over the Braves, although he needed help at the end from Hank Behrman.

## IC Cards Play Two Doubleheaders Away

The Iowa City Cardinals will be trying to increase their seven game winning streak to 11 this weekend as they travel out of town to play two National Softball league doubleheaders.

Tonight they meet Hammond and tomorrow night Aurora will furnish the opposition. Hammond fell to the Cards here last Sunday night, 1-0 in 17 innings and, 4-1.

## Cubs Rout Reds, 10-4

CINCINNATI (AP)—Chicago's lowly Cubs clubbed five Cincinnati pitchers, including Ewell Blackwell, for a 10-4 victory last night before 15,897 spectators. A five run blast in the sixth was directed against Blackwell and Kent Peterson. Johnny Schmitz chalked up his 12th victory against 10 losses.

## Knock A's Out Of Loop Lead

NEW YORK (AP)—Trailing 5-0, the New York Yankees came up with eight runs in the last half of the eighth inning to defeat the Philadelphia Athletics 8-5 last night and bounce Connie Mack's club out of first place in the American league pennant race.

Lou Brissie, 24-year-old southpaw ace of the Mackmen, held the Yanks scoreless on three scattered singles before 60,745 fans until the big blow-off as his mates built a 5 to 0 lead.

The Yankees filled the bases in the eighth on two passes and a hit by Tommy Henrich. Brissie, who was aiming at his first big-league shutout, was then replaced by Charley Harris.

Harris passed Joe DiMaggio to force in the first tally, a pinch single by Yogi Berra added two more, and another walk again loaded the sacks. Alex Kellner, a left-hander recently recalled from Savannah, relieved Harris and Phil Rizzuto greeted him with a two-run safety before a double play and a fly finished the inning.

## Parnell Hurls 4-Hitter

WASHINGTON (AP)—Mel Parnell restricted Washington to four hits last night in leading the Boston Red Sox to a 6-2 victory over the Senators. Parnell pitched no-hit, no-run ball for 6 1/2 innings.

## U. S. Has 654 Points As Olympics Close Today

## Paige Blanks Chisox, 5-0

CHICAGO (AP)—Leroy "Satchel" Paige scattered five singles in pitching Cleveland to a 5-0 victory over the Chicago White Sox before a turn-away crowd of 51,013 persons here last night. The Indians racked Randy Gumpert and Glen Moulder for nine hits in gaining their ninth victory over Chicago in eleven games this season.

The victory, coupled with the Philadelphia Athletics defeat by the Yankees, pushed Cleveland back into the American league lead by a half game.

## Taking Time Out

With Buck Turnbull

## Michigan Just Below the Clouds, That's All

The dopesters claim at this early date that the Western conference football championship looms as a fight between Purdue and Minnesota, with Wisconsin and Northwestern much improved and Michigan still in the picture although having lost nine of eleven starters.

But we've looked over Michigan's 1948 roster and find nothing to indicate the shedding of tears at Ann Arbor. To be sure the Wolverines have lost their complete offensive backfield, most potent in the country last fall. Besides that they've lost their two top ends, two best tackles and their No. 1 center.

All-American Halfbacks Bob Chappuis and "Bump" Elliott have been graduated along with Quarterback Howard Yerges and Fullback Jack Weisenburger. Obviously, Fritz Crisler must have decided last winter that the athletic directorship would be much cooler than the rebuilding of a football team which lost men of that caliber.

So Bennie Oosterbaan, Crisler's line coach, moves into the Wolverine head job with a roster of players you never heard of last fall simply because there were too many stars.

However, don't be surprised if Michigan goes through undefeated this season or at least wins the Big Nine title for the second year in a row. Oosterbaan will have a 62-man squad to open fall practice, including 23 lettermen.

Oosterbaan's chief worry will not be to field a strong team—he's already got that. But he must work to develop a depleted reserve strength in order to continue Crisler's two-team system on offense and defense. Isn't that awful? Most schools hope they've got 11 competent starters to take the field. Michigan wants 22, and has 40 other guys to decorate their bench hoping the coach at least knows their names.

Quite a bit was written about Wally Teninga last year but he never did see too much action with Michigan's star-studded array. He was a triple-threat left halfback in 1945 before going into the army. Last fall Crisler converted him to a right half. Now he's set to go in that spot this season.

"Bump" Elliott's younger brother, Pete of basketball fame is set to take over Yerges' quarterback duties. Gene Derricotte, veteran of last year's team behind Chappuis will be at left half. Derricotte received a lot of favorable comment a year ago.

The Wolves have two bruising fullbacks ready, Tom Peterson and Dick Kempthorn. Peterson will probably go with the offensive team but we heard an awful lot of praise for big Kempthorn during our basketball stay in Ann Arbor last winter. The Michigan writers seem to think the 195-pounder is already an all-American but the coaches haven't gone that far yet.

The Wolverine line is full of veterans except for the tackles. Captain Bruce Hilkene and Bill Pritula will be tough to replace, and most of Oosterbaan's worries will probably rest in these spots.

Michigan can't help being weaker than last year. They're just dropping out of the clouds and down towards the level of the rest of the Big Nine, that's all. Purdue and Minnesota will have to improve a great deal over 1947 if either is to walk off with the crown.

Speaking of Purdue, the Boiler-makers don't exactly have a bed of roses for a schedule. It could be tougher later in the season, but those first three games are designed to find out how quickly a coach can get gray hair. The opener is with Notre Dame in what should be the Irishmen's toughest encounter. Purdue follows with Northwestern and then Michigan.

No. 4 game for the Boiler-makers is Iowa in the 37th Homecoming here in Iowa City. If Purdue wins those first three in a row, it can just cancel that fourth one and we'll all stay home.

These high school kids have really got the major leagues right where they want 'em. Any young player who signs a contract for less than \$50,000 bonus must have flunked his high school math courses.

Here's the latest concerning a young New York City pitcher, most valuable player in the Metropolitan area last spring. He won't even listen to a big league scout for a bonus less than \$25,000. But he's going to break down and give an audition Sunday with scouts from the 16 teams cordially invited.

# 13 Die in B-29 Crash

ROSWELL, N.M. (AP)—Thirteen men died in the flaming wreckage of a B-29 bomber from Walker base, the air force, announced last night.

Eight others were injured in the crash, one critically. The superfortress crashed at 12:35 a.m. (CST) yesterday six miles south of the base where its crewmen were stationed as members of the 49th bombing wing.

Col. John D. Ryan, field commander, said the big ship crashed while taking off on a routine flight.

There was no official comment on a report, published by the Roswell Record, that the bomber was leaving on a flight to Labrador. The newspaper said the take-off of five other B-29s, also en route to Labrador, was postponed as a result of the crash.

## Blast Jars Laboratory; Two Chemists Killed

PITTSBURGH (AP)—A gas cylinder blast killed two men and injured four others last night at the \$3.5-million experimental laboratories of the U. S. bureau of mines at Bruceton, 13 miles south of here.

Dr. H. P. Greenwald, superintendent of the laboratories identified the dead as Sidney Weinstein and Robert Kallenberger, chemical engineers of Pittsburgh. The four injured men suffered minor cuts.

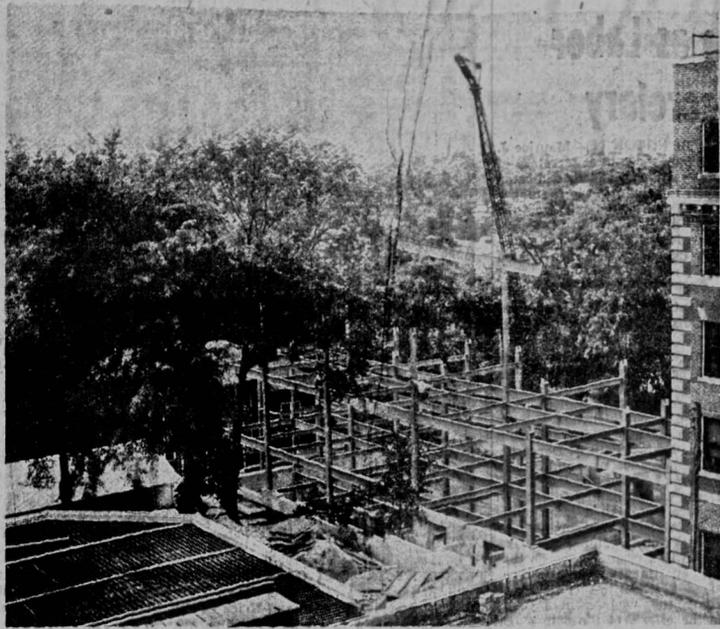

Dr. Greenwald said the explosion apparently occurred just outside the building. The forces of the blast smashed about 1,600 panes in the multi-section glass front of the building.

## Dixiecrats Out To Enter Ballots in Every State

COLUMBIA, S. C. (AP)—South Carolina Governor J. Strom Thurmond, states' rights presidential nominee, said yesterday "we expect to get on the general election ballot in every state where it is possible to do so."

He reiterated previous optimistic statements that he and Governor Fielding L. Wright of Mississippi, the vice-presidential nominee, probably will carry "most, if not all, of the southern states."

## Halts Slingshot Attack On Backyard Wash

DES MOINES (AP)—Juvenile bureau detectives looked with awe at the giant slingshot leaning against the office wall yesterday.

But because Detective Joe Couch happened along at the wrong—or right—moment, it was never fired.

The detective said he happened along just as two youths—identified as Norman Huseman, 14, and Raymond Thomas, 18,—were preparing to fire a piece of brick in the general direction of somebody's washing two houses away.

## Truman Plans Detroit Talk

WASHINGTON (AP)—President Truman will kick off his campaign for four more years in the White House with a Labor Day speech at Detroit.

Key White House officials and national Democratic committee sources in Washington confirmed that report yesterday although there was no official announcement.

Senator J. Howard McGrath, Democratic national chairman, has been urging Mr. Truman to deliver his first major campaign speech in a city where union labor is a strong element of the voting population. Detroit fills that bill.

The Detroit appearance apparently will not be part of any general campaign tour. Plans for such a tour are in the making, however.

## GOP Plans Dewey Clubs

ALBANY (AP)—Gov. Thomas E. Dewey sat in at a conference yesterday on plans to organize "many thousands" of Dewey-Warren clubs throughout the nation.

The plans were outlined to the Republican presidential nominee by Victor Johnston, newly appointed director of the volunteer committee of the national GOP committee.

Johnston had lunch with Dewey and later told a news conference "we will have many thousands of Dewey-Warren clubs." Gov. Earl Warren of California is Dewey's running mate.

Johnston was campaign manager for Harold E. Stassen in the Wisconsin primary last spring in which the former Minnesota governor soundly defeated Dewey in a bid for convention delegates' support.

WEARING A SMILE you could see a mile is Lyle Zimmerman, Oxford, after his baby beef, "Chick" was judged the grand champion steer at the Johnson county 4-H show yesterday. Clutched between Lyle's teeth is the blue grand champion ribbon.

(Daily Iowan Photo by Herb Nipson)

1030 POUNDS OF RESERVE CHAMPION is pictured above with its owner, Robert Jensen, route 6. The baby beef was judged reserve champion of all breeds at the Johnson county 4-H show yesterday.

## County 4-H Show Winner Repeats in Baby Beef Division

A black Angus steer, "Chick", owned by Lyle Zimmerman, 16, Cosgrove, won the grand champion ribbon in the baby beef division at the Johnson county 4-H show yesterday.

It was a repeat performance for young Zimmerman who showed the grand champion steer at last year's county show.

Lyle is the son of Mr. and Mrs. Clarence Zimmerman.

A Hereford shown by Robert Jensen, son of Mr. and Mrs. Wiggo Jensen, route 6, won the reserve championship in the baby beef division.

Bob Johnson, son of Mr. and Mrs. Elmer T. Johnson, Cosgrove, won the showmanship award at yesterday's show. He showed the champion of the Shorthorn breed which placed third in the overall competition among all breeds.

Zimmerman, who is a junior in high school at Cosgrove, said he will sell "Chick" his grand champion steer at the sale to be held this afternoon at 1 o'clock in the Iowa City sales barn.

His grand champion Angus last year, which was a half brother of the steer that took the same honor this year, brought 65 cents a pound at the sale.

Zimmerman said he paid \$100 for "Chick" when he was a calf and that it had cost him a little less than \$200 to bring the steer to his present weight of 970 pounds.

The big blue grand champion-ship ribbon clutched in his hand, Lyle beamed as he accepted the congratulations of his friends. Something about "watermelons" was heard often as he led "Chick" through spectators and back to the barn.

When asked about the watermelons, Lyle grinned and said he gave a watermelon feast after his victory last year. He said he would give another one this year if he could find someplace to do it.

He explained that the boys scattered the rinds all through the

sales barn last year so yesterday shortly after his victory he was told that he couldn't hold the feast there this time.

A purebred Shorthorn shown by Lloyd F. Burr Jr., Lone Tree, won the grand championship in the beef heifer division at yesterday morning's show.

The reserve champion beef heifer was a purebred Angus shown by James Lenx, Oxford.

### Gets 8-Day Sentence For Malicious Mischief

John Ibbotson, Burlington, was sentenced to eight days in the county jail on a charge of malicious mischief and similar charges were dismissed against two others in police court yesterday.

Charges were dismissed against Ted West, Centerville and Clair Buck, Washington.

## Swear Tobin In as Labor Secretary

WASHINGTON (AP)—Maurice J. Tobin took the oath as secretary of labor yesterday and dedicated himself to repairing the "damage" he said the 80th congress had done to the labor department.

How long he will remain secretary depends on who is elected

president in November. If the Republicans win, Tobin's cabinet career will be short.

Tobin, 47, who has served both as mayor of Boston and governor of Massachusetts, accepted President Truman's appointment after several days consideration. His acceptance meant withdrawing from the race against Paul A. Dever for the Democratic nomination for governor of Massachusetts.

Dever was on hand yesterday to introduce Tobin to a large audience at the labor department.

Accepting the cabinet post, Tobin said in a prepared speech that labor department employees had remained steadfast to their ideals of serving the wage-earners "despite the efforts of the 80th congress to obstruct their work."

Tobin, a tall, lean-faced man, young-looking for his age, is the sixth secretary to serve during the 35 years since the department was given cabinet rank in 1913. The others, in order, were William B. Wilson, James J. Davis, William N. Doak, Frances Perkins, and Lewis B. Schwellenbach.

Schwellenbach died two months ago.

### U. High To Hold Entrance Exams

University high school authorities yesterday announced that entrance tests will be given on Monday to all students not previously enrolled in the university schools.

The examinations will be held from 8:15 a.m. to 4:30 p.m. in room 112 at University high school.

Students are requested to bring pencils and a record of the grades received in last year's school work.

## Controls on Installment Buying To Become Effective Sept. 16

WASHINGTON (AP)—Controls on installment buying probably will become effective Sept. 16.

The date depends on when — and of course if — President Truman signs the Republican-sponsored anti-inflation bill calling for consumer credit controls and a tightening of bank loans.

The White House said late yesterday Mr. Truman has decided to delay until at least Monday his action on the measure.

But whatever action he takes, it is certain to be followed by a blast at congress. This blast — or statement — is what is holding up action.

Presidential press secretary Charles G. Ross said the President is still drafting the statement, and still has a lot of work to do on it.

Despite the delay, it is believed Mr. Truman will sign the anti-inflation measure although it fails to give him wage and price controls and rationing authority.

If he signs the measure Monday, the federal reserve board is expected to announce installment buying regulations the following day or Wednesday.

Thirty days later the controls will become effective. That would

## Services Tomorrow For Mrs. Owen, 82

Mrs. Tacie Owen, 82, died yesterday morning at a rest home at 319 Iowa avenue following a lingering illness.

Funeral services will be tomorrow at 2 p.m. at the Hohenschuh mortuary for the life-long resident of Johnson county. The Rev. Ralph Krueger will be in charge. Burial will be in Oakland cemetery.

Mrs. Owen is survived by two sons, S.W. Owen, Iowa City and H.H. Owen, North Liberty; three grandchildren; one great grandchild, and several nieces and nephews.

more than \$4,000 will be exempt from controls. The wartime controls set a limit of \$2,000, but the ceiling is being boosted because of today's higher prices, particularly in the automotive field.

Charge accounts will not be affected.

President Truman says the controls voted by what he called the do-nothing congress are not stringent enough to halt inflation. The treasury department has agreed.
