

WASHINGTON (UP)—The army has soldiers, the navy has sailors. But what are members of the airforce. The question, unanswered since the U. S. airforce became a separate branch of the service last year, was settled officially yesterday.

Berlin's City Hall Seized by Communist-Dominated Groups

By WALTER RUNDLE

BERLIN (UP)—Communists and fellow travelers seized Berlin's city hall yesterday as the military governors of Germany pushed their efforts to solve the critical problems of the blockaded city.

The Communist-dominated Socialist Unity party and Communist-controlled factions of three other parties formed a "democratic bloc" apparently intended to usurp the powers of the non-Communist city council.

The new organization held its first meeting at the city hall late yesterday, after a Soviet refusal to cooperate had forced the city's legal government to cancel a scheduled meeting. Communist riots forced cancellation of two council meetings last week.

Four-Power Talks
Simultaneously, the four allied chiefs of Germany met in a reportedly friendly atmosphere to discuss ways and means of ending the Soviet blockade and solving the currency problems of the four-power capital.

The military governors—U. S. Gen. Lucius D. Clay, British Gen. Sir Brian Robertson, French Lt. Gen. Pierre Koenig and Russian Marshal V. D. Sokolovsky—were in session from 5 p.m. to 9:30 p.m., with a brief break at 7 p.m.

Political observers commented that the seizure of the city hall apparently meant that the Communists would form a separate government in the Soviet sector, further widening the breach between eastern and western Berlin.

Regular Meetings
The new bloc announced that it would meet every two weeks, as the elected assembly is supposed to do, to act on matters which are legally city council business.

Presumably, the Communist action would force the legal city administration to abandon the city hall in the Soviet sector and choose new headquarters in western-occupied Berlin. The ruined Reichstag building has been mentioned as a possible substitute for the city hall.

The non-Communist city council called its scheduled meeting yesterday when the Russians ignored a request for a Soviet guarantee of the safety for the councilmen.

Says Russia Wants Conference on Italy

LONDON (UP)—Radio Moscow reported yesterday that Russia favors a meeting of the big four foreign ministers within the next two weeks to rule on the future of Italy's pre-war colonies.

The broadcast did not mention the fact that a big four meeting on the problems of Berlin and all Germany had been proposed to east-west negotiators in Moscow.

Deputy foreign ministers of Europe's four victorious allies submitted a divided report on the Italian question last Tuesday. Unless the big four can agree by Sept. 15, the Italian peace treaty requires that the question be referred to the United Nations general assembly.

The Moscow broadcast, quoting a dispatch by the London correspondent of the Soviet official Tass news agency, said that Soviet Deputy Georgi N. Zarubin proposed a big four session at the last meeting of the deputies here Aug. 31.

AFL Truck Drivers Ask 25-Cent Hike

NEW YORK (AP)—AFL truck drivers yesterday handed employers a new set of contract demands as the basis for settling a widespread walkout in the Metropolitan area. They asked a 25-cent hourly wage hike.

But there was little likelihood that the dispute, which threatens to affect some 1,800,000 workers employed in local industries, would end before Tuesday—the next date set for a joint meeting of employers and union representatives.

Meanwhile, squads of non-working members of Local 807, International Brotherhood of Teamsters, were reported roaming the city stopping trucks driven by members of Locals 816 and 282, who were not affected by the 807 dispute.

Sixth Navy Task Fleet In Training Maneuvers

ROME (AP)—The U. S. navy's powerful sixth task fleet yesterday began two weeks of training exercise in the Mediterranean. At least 18 warships are participating. The fleet is under the command of Vice Adm. Forrest Sherman aboard the cruiser Fargo.

Catholic Spokesman Released in Poland After 3-Day Arrest

WARSAW (AP)— Polish security police released Msgr. Zygmunt Kaczynski from prison last night after detaining him for 72 hours.

He is the chief spokesman for the Catholic hierarchy in Poland. An official announcement said Kaczynski, confidant and close friend of August Cardinal Hlond, Primate of Poland, would be kept under surveillance pending completion of a security police investigation.

A government spokesman said Kaczynski was arrested in his apartment behind All Saints church in Warsaw on Tuesday and accused of "anti-state activities."

Planned Demonstration
Kaczynski's release came as reports spread that thousands of his parishioners were planning a demonstration demanding that he be freed.

The official announcement said security police were investigating the alleged connection of Kazmierczak, studentowicz with the departure from Poland last year of Karol Popiel, who went to France.

Popiel was president of the Christian Labor party which was banned by the Polish government. In addition to Studentowicz, five other employees of the influential Catholic weekly newspaper, Tygodnik Warszawski, were arrested a few hours before Kaczynski. Studentowicz is one of the paper's editors.

Wrote editorials
Kaczynski has been chief editorial writer and director of the publication.

The weekly paper has for several months been at editorial odds with the pro-Communist press which is controlled by the government.

These papers have rebuked the Catholic church for failure to take a stand on Poland's western frontier. They have accused Pope Pius XII of "anti-Polish statements" and have attacked a letter to the Pontiff sent to German bishops a few months ago.

New Spy Hearings Slated for October

WASHINGTON (AP)— Disclosures of a third Communist spy ring allegedly involving government employees will begin on Capitol Hill early in October, the house un-American activities committee announced yesterday.

The timing will bring the hearings right into the thick of the presidential election campaign. Republicans have charged and Democrats have denied that the Roosevelt-Truman administration has been heavily infiltrated by Communists.

Chief Investigator Robert E. Stripling told reporters that in addition to the new spy probe, the house committee will look into:

1. Communist in Hollywood—a resumption of hearings which began nearly a year ago.
2. Communist inroads among Negroes.
3. Entry of Communists into the United States.

Stripling said the committee will resume hearings Sept. 15 on the Hiss-Chambers case, then complete the Elizabeth Bentley hearings before going into the story of a new spy network.

Eruption Continues As Islanders Flee

CAGAYAN, MINDANAO, PHILIPPINES (UP)— Seventy-thousand residents of Camiguin in the Mindanao sea tried to flee the island in panic yesterday as Mt. Hibok spewed fire and molten lava over the countryside, setting off earthquakes and landslides.

Government and private ships, Red Cross vessels and even small sailboats removed inhabitants as rapidly as possible. Refugees estimated that 3,000 people were living on the beaches between the volcano and the sea.

The island itself was shrouded in dark volcanic dust and smoke. Mt. Hibok, which last erupted 77 years ago, began to throw out fire, smoke and lava last Wednesday. The eruption has continued unabated for three days.

American Superfort Crashes During Air 'Battle of Britain'

FIGHTER COMMAND HEADQUARTERS, MIDDLESEX, ENGLAND (AP)—The crew of an American Superfortress was forced to bail out over Holland yesterday, adding grim reality to the start of a four-day mock air "battle of Britain."

The B-29, abandoned over the Sheldt estuary due to engine trouble, crashed off the Dutch coast. Dispatches from Vlissingen (Flushing), the Netherlands, said 10 of the 11 crew members were safe.

One of the crew members was quoted as saying fire broke out in one of the wings after engine trouble. When it seemed impossible to reach England after a 30-minute battle with the flames, he said, the crewmen took to their parachutes and the plane fell into the estuary.

Was "Attacking"
The bomber, one of 90 England-based B-29s engaged, was in an "attacking" force in the most extensive air exercises over Britain since the war.

Hundreds—the exact number was kept secret—of Britain's latest model fighters, twin-engine Hornets and a dozen other types attempted to repel an "enemy" bombing force. The fighters included 600-mile-an-hour Meteor jets.

The Superforts, flying at 30,000 feet, made daylight attacks against Birmingham, London, Hull, Coventry and other midland and southern industrial centers.

Swing Over Holland
The daylight attackers swung out over Holland to get away from the radar screen in making their approaches. It was during this maneuver that the Superfort crashed.

Air Marshal Sir William Elliot, head of the fighter command, said the main purpose of the exercise was to test Britain's present defensive equipment against bomber forces which could fly faster and higher than those used by Germany against Britain.

Bookbinder and Nude Have Duel in the Sun on Capitol Roof

She Wanted a Sunbath--So She Took It!

By FRED MULLEN

WASHINGTON (UP)—Walter Linscott is a bookbinder in the senate library and a calm man.

So he didn't lose his head when a well-curved brunette climbed out on the capitol roof in front of his office window at 8:30 yesterday morning and stripped down to her skin.

He asked her what she was doing. She said she wanted to rest and take a sunbath. Linscott, an elderly little man, said she couldn't do that. The brunette—he said she looked about 30—replied that she was doing it. The bookbinder crawled out on

the roof and tried to persuade her to put her clothes on. She refused, but she did pick up her vanity case and lipstick and carefully retouch her makeup.

While they talked, the brunette took her pocketbook, walked to the railing and started tossing its contents to the steps of the capitol, 100 feet below.

She then stretched out on the roof and basked nonchalantly in the sun.

Linscott pleaded. She ignored him. By that time, the brunette had had about an hour of sunbathing

Moeller To Direct Journalism Council

Prof. Leslie G. Moeller, director of the SUI school of journalism, yesterday was elected to and named chairman of the council on standards of journalism of the American Association of Schools and Departments of Journalism.

The action was taken at the association's annual meeting in Boulder, Colo.

As council chairman, Moeller will become an ex-officio member of the American Council of Education for Journalism, an organization of journalism educators and newspaper association representatives which has been in charge of accrediting schools of Journalism.

Egg Tosser Pays 'Fine' by Writing

GREENSBORO, N. C. (UP)—S. G. Wilson Jr., 19 pleaded guilty yesterday to throwing an egg which splattered on Henry Wallace here.

Judge E. Earl Rives gave Wilson his choice between a \$50 fine and writing 100 times the famous Voltaire quotation: "I disagree with what you say, but I will defend to the death your right to say it." Wilson wrote.

Raid Lake Boat; Say Kids Gambled

CHICAGO (UP)—The police gambling squad raided the lake excursion steamer "City of Grand Rapids" last night when it docked here, confiscating 20 slot machines, it was reported.

Police officials said the raid resulted from complaints that children were spending their savings in the "one-armed bandits" while the ship cruised between here and Michigan City, Ind.

Drake Gets Trailers

New Orleans In Hurricane Path

Saved His Shoes and His Skin, Too

ASTORIA, ORE. (AP)—Not even danger makes 8-year-old Jerry Montgomery forget the high cost of everything. Jerry, a novice swimmer, fell from a bridge into the swift Mecanicum river, started struggling toward shore. Some yelled at him to discard his heavy shoes.

"No siree," he called back. "They cost too much."

The shoes and Jerry made it.

Resort Town South of City Is Marooned

NEW ORLEANS (UP)—A five foot wall of water kicked up by a hurricane was reported to have cut off the vacation resort of Grand Isle early this morning as the center of the storm neared the south Louisiana coastline. New Orleans was directly in the path of the storm.

State police at Houma, La., said they had tried vainly to contact Grand Isle by radio. Patrol cars on the road that leads south from Golden Meadow radioed that five feet of seawater had been pushed across the road by the approaching storm.

Grand Isle is about 75 miles south of New Orleans on the edge of the gulf. It is a popular vacation and holiday resort, but it could not be determined immediately whether any considerable Labor Day crowd had reached it before hurricane warnings were forecast.

The storm, with winds clocked at 75 miles an hour, shifted its course last night toward New Orleans and was expected to cross the coast between Morgan City, La., and Grand Isle, almost due south of New Orleans, between midnight and daybreak.

Nine inches of water were rolling through the streets of Golden Meadow and reports in Houma said the town was being evacuated.

The first evacuees from low-lying swampy coast areas were en route to Houma.

A report radioed to New Orleans from Morgan City said that about 100 shrimp boats in the gulf when the storm started moving north had reached port safely. It had been feared that some might be caught by the storm.

Sixty oil workers on two drilling barges 10 miles off shore were trapped by the storm.

Winds of at least 55 miles an hour were expected in New Orleans.

'President' Benes Dies After Year of Illness

PRAGUE (AP)—Eduard Benes, who fought a lifetime to keep his beloved Czechoslovakia free from totalitarian rule, died yesterday disheartened.

Twice president of a nation racked and squeezed by two great wars and their turbulent aftermaths, he died in a coma in his country home at Sezimovo Usti.

Coughing spasms weakened his tired old heart and the end came at 6:10 p.m. He was 64, and died on the ninth anniversary of the beginning of the second world war.

Benes had a stroke a year ago. His arteries hardened. Last Tuesday he became unconscious and only drug injections kept him alive.

Mrs. Benes was with him when he died. A special cabinet meeting was summoned for today to arrange the funeral. Communist Premier Antonin Zapotocky arranged a broadcast to the nation.

The death of the plucky statesman who rose from ranks of the peasants to world acclaim was announced to the people by the Czechoslovak radio just before the regular evening news broadcast. The radio then began playing recorded hymns and dirges.

All official announcements referred to Benes as "president."

Communist Clement Gottwald, who succeeded Benes as president, was at Kolodeje castle, his summer home outside Prague. He immediately ordered presidential flags at half staff and dispatched a telegram of condolence to Mrs. Benes.

Quit in June
Sick and disheartened, Benes resigned as president last June 7 rather than sign the new constitution the Communists drafted. He was succeeded by Gottwald, the man he had appointed premier.

Benes had resigned once before as president when Adolf Hitler, greedy for the Czechoslovak Sudetenland, forced the Munich crisis between the two wars.

Benes suffered two great blows in his last year of life. Communists seized power in his republic through a coup last February, and then a month later heard of the death plunge of Foreign Minister Jan Masaryk.

The foreign minister was the son of Thomas Masaryk, with whom Benes helped to found the republic in 1918.

Fought Munich Pact
Benes fought bitterly against the Munich pact in 1938 and lost. With his country partitioned by Hitler, he went into exile in the United States and Britain.

The Communist bid for power came to a head last February. Anti-Communist ministers offered Benes their resignation in an attempt to force a showdown with the Communists, who already held the powerful ministry of interior with its control over the police.

The attempt backfired. The Communist cracked down on the frail Benes. They demanded that he accept the anti-Communist resignations and form a cabinet picked by Gottwald.

On Feb. 24—the sixth day of the crisis, Benes reluctantly gave in.

BROTHER SILENT
MILWAUKEE (UP)—The brother of Eduard Benes said yesterday he couldn't talk about the former Czechoslovakian president's death because "Communists are everywhere."

John Benes, a retired Milwaukee cabinet maker, beseeched reporters not to ask him if he thought his brother died from other than natural causes.

"Whatever I would say here would be reported back there. I have so many relatives still living there that I can't talk," he said.

There's Just No One Draftable in Astoria
ASTORIA, ORE. (AP)—It's pretty discouraging, being a selective service official in Clatsop county.

So far, 54 men have registered for the draft. Forty-nine of them can't be taken: They're veterans or married.

And the remaining five were rejected by the war-time draft.

They were still brooding over the problem when a painter who had been working in the corridor came along. He took the brunette's suit and put it on her.

The patrolmen removed her to Gallinger hospital for observation. But they said she seemed perfectly rational and apparently had no intention of jumping off the roof.

They said she gave her name as Dorothy P. Smith, Maone, N. Y., and that she came here to work for the government.

She said Linscott came pretty close to guessing her age. She's 32.

Crowd Undivided for Wallace in Memphis

MEMPHIS, TENN. (UP)—Henry A. Wallace, Progressive party candidate for president, evoked both boos and applause last night from a non-segregated audience of 2,000 in this city of the old south.

Wallace came here from Little Rock, Ark., where officials told him that to get on Arkansas ballots he would have to swear that neither he nor his Progressive party are Communists or affiliated with Communists.

Observers said it was the first political meeting here since reconstruction days at which audiences were not segregated.

Wallace had been unable to get a public place to speak in Little Rock because he refuses to address segregated audiences.

While in the Arkansas capital, Wallace was challenged to swear that he and his Progressive party are not Communists.

A spokesman said Wallace would ignore the challenge and stand on his statement that he has never been a Communist and that the Progressive party is not controlled by Communists.

Meat Outlook Poor Despite Big Crops

WASHINGTON (AP)—Meat eaters can expect little betterment this winter in the supply of beefsteaks, lamb chops and pork, the agriculture department said yesterday.

This is despite banner livestock feed supplies and a record breaking corn crop.

In fact, the department said, "meat production per capita for the rest of 1948 will run around 10 percent less than the rate at the same time last year."

Price? The department does not hazard a guess.

The monthly "livestock and meat situation" bulletin said meat consumption in all of 1948 will total approximately 145 pounds per capita compared with 155 pounds in 1947.

Taking Time Out

Marquette To Use 'Two-Team' System

It will be the first time in Iowa football history that a Hawkeye team ever played against the "two-team" system when Marquette opens the season here three weeks from today.

Coach Frank Murray's Hilltoppers will use separate units in offense and defense this year, their first test being against the Hawks. That prospect makes the Iowa opener loom all the more difficult.

For one reason, very few teams can ever afford to develop one team concentrating on offense and another on defense. It takes a wealth of manpower, plus the added factor of grooming reserves for one or the other specialized field.

Many fans may be regarding the Marquette game very lightly. Personally, we think the opener could be Iowa's closest of the season, and one the Hawks can ill afford to lose.

One thing in Iowa's favor is the heavy losses dealt to the Hilltoppers' team by ineptitude. No less than 25 players who participated in Marquette's spring drills, some of them lettermen and many of them promising, are no longer available. One joined the army, two or three withdrew from school, but most of them were dropped because of scholastic difficulties.

Yet Murray must not consider the losses too serious if he plans to use offensive and defensive teams. When perfected properly this system is devastating. We refer you to Michigan, 1947.

After four days of practice, Murray and his Marquette squad begin heavy scrimmages today. From now on Murray plans daily scrimmages for at least some of his gridmen.

"The game with the Hawkeyes is too close for comfort," Murray says. "We'll have to work fast and hard to be ready, and I plan to conduct more than the usual heavy scrimmages in order to find the men we want in our unexpected readjustments."

By "unexpected readjustments" he is referring to the toll taken by ineptitude.

Murray, who has been Marquette's head football coach for 18 years, has been a varsity college head coach for 27 years. Before returning to Marquette three years ago he coached at the University of Virginia and developed Bill Dudley, the all-American star who went into the professional ranks with the Pittsburgh Steelers.

Dr. Eddie Anderson, Iowa head coach, and Murray are old friends. But oddly enough, their first meeting did not occur on the football field.

In 1921 both were playing college basketball, Murray with Marquette and Anderson with Notre Dame. Anderson, a guard on the Irish quintet that year, travelled to the Milwaukee auditorium where his team lost to Murray's five, 26-19.

A mass baton-twirling demonstration by high school twirlers will be an added exhibition at halftime of the Marquette-Iowa game. High schools have been invited to enter their more advanced twirlers for an eight-minute demonstration, with music furnished by the university band.

As a safety measure, no high throws will be permitted, Band Director Charles B. Righter has announced.

Sideline Sidelights

The entire Iowa football team, except married players, is living in the Quadrangle. The team will stay together as a unit until the opening of school.

It was six seasons ago that Notre Dame last lost a football game to a civilian team. The Irish were defeated by Michigan in 1942 and have only lost to service teams since then.

When the Hawkeye basketball team plays Northwestern in Chicago stadium Jan. 22 the game will be on the same doubleheader card with Kentucky and DePaul. Glad to see the Iowa cagers will play a non-conference game on the road for a change. The Hawks meet Michigan State, always a tough quintet, at East Lansing Dec. 18.

What's suddenly happening to the Brooklyn Dodgers in the National League pennant race? The Brooks went all season without losing both games of any one doubleheader, then they popped up this week to lose two twin bills in four days. Yesterday's double victory for the Giants over the Dodgers must have sent Leo Durocher home with a broad grin.

Baseball's end draws closer. The Philadelphia Athletics have only 25 games remaining on their schedule. The title of "Cousins of the Year" goes to the Cincinnati Reds. They have handed the Dodgers 16 victories this year while winning only three themselves. The Bums won all 11 games in Cincy's Crosley field. Incidentally, what ever happened to the home run bat of Hank Sauer, Reds' outfielder? After he built up such a tremendous lead in the early season, Hammering Hank doesn't even figure in the National league home run race.

Iowa City in Weekend Action

Racine has clinched a tie for the pennant in the western division of the National Softball League and needs to win only one of its remaining four games to win the flag.

The race for the other berths in the Shaughnessy tourney which starts September 11 is still close with Iowa City, Hammond Chicago and Rock Island all battling to get in the tournament.

The Cardinals still have seven games to play, two with Racine here Sunday night, and could take second place in the league. Hammond, currently second, is four and one-half games behind the league-leaders, but have only three hits left.

However, if the Cardinals lose more than half of its remaining games, they could be dropped out of the first division. If they win all of their games, they could tie Racine for the pennant.

The Iowa Citizens will be host to seventh place Aurora tonight in a doubleheader at 8 p.m. on the Kelly field diamond.

Heat Slows Irish

SOUTH BEND, IND. (AP)—The heat slowed up the Irish yesterday. Notre Dame's football squad worked out in shorts and t-shirts yesterday morning and saved the contact work for a late afternoon drill.

Adrian Quist Holds Aussies' Cup Hopes

NEW YORK (UP)—Australia based its meager hopes on tennis Veteran Adrian Quist last night as the challenging hopefuls from down-under geared to meet the U. S. today in the two opening Davis cup singles matches.

Frankie Parker of Los Angeles plays Australia's Billy Sidwell in the first duel, and Ted Schroeder of La Crescenta, Cal., meets the venerable Quist in the second.

The one doubles match in the five-match series will be played Sunday, and the two final singles matches, with today's pairings reversed, are set for Monday. The doubles lineup will not be announced until today.

Quist is the oldest player competing and the second oldest ever to play in a Davis cup challenge round. He is 35. Bill Tilden played at 37.

Stokes Wins Fair Race

DES MOINES, IA. (UP)—Wally Stokes, Cleveland, won the feature event at the Iowa state fair auto races yesterday, touring 12 laps around the half-mile track in five minutes 32.94 seconds.

Giants Register Double Win, Drop Bums Out of 1st Place

BROOKLYN, N. Y. (AP)—The New York Giants gained sweet revenge for previous humiliations at the hands of the Brooklyn Dodgers yesterday, dumping their interborough rivals out of first place with a pair of 7-5 and 6-3 triumphs in an important doubleheader at Ebbets field.

The double defeat not only dropped the Dodgers into second place, a game and a half behind the Boston Braves, but left them with a scant half-game advantage over the third-place St. Louis Cardinals.

Giant Manager Leo Durocher gambled with two secondary starting pitchers and got away with both. Clint Hartung, who started the opener, failed to get past the fourth inning, but Andy Hansen, the seldom-used right-hander, went the route in the finale to register his third victory of the season, and his second over the Dodgers.

Hansen permitted eight hits, walked three and struck out three. The game was halted by darkness at the end of eight innings.

Hansen's battery mate, Catcher Wes Westrum, and Willard Marshall led the Giants' six-hit attack against four Dodger hurlers. Westrum stroked a two-run homer in the second inning off Rookie Carl Erskine to give the Giants a 2-0 lead.

After the Dodgers had cut the Giants' lead in half in their portion of the inning, the Giants came back with two more in the third on only one hit. After a pair of walks and a fielder's choice filled the bases with only one out, Johnny Mize sent one run across with a long hoist to deep center, and Marshall drove the other one in with his first of two singles. Marshall's second single, in the fifth, off Joe Hatten, brought in Lockman and Gordon, who had walked.

Gordon and Marshall were the big guns of the first game for the New Yorkers. The Brooklyn-born third baseman drove in four runs with a pair of home runs and a single. Marshall belted a triple and two singles and batted in two tallies. Mize drove in the other.

Bosox Triumph; Yanks Win Twice

Red Sox Maintain Lead as Joe Dobson Shuts Out A's, 2-0

PHILADELPHIA (AP)—Joe Dobson shut out the Philadelphia Athletics with four hits last night as the Boston Red Sox retained first place in the American league with a 2-0 victory. Birdie Tebbets accounted for the second Boston run with a homer in the seventh.

By winning the Red Sox held their first place lead in the American league pennant race, although they lost half a game to the second place New York Yankees who won a doubleheader from the Washington Senators.

The Athletics never threatened in the ball game. Dobson had Connie Mack's crew completely at his mercy as he notched his 14th victory of the season.

Two of the four Athletic hits were doubles by Sam Chapman and Buddy Rosar but they got no further than second base.

Carl Scheib went the route for the A's allowing the Sox six hits. It was his seventh defeat of the season.

Vic Wertz Paces Tiger Rally To Down Chisox

CHICAGO (AP)—Vic Wertz's pinch single sparked a three run ninth inning rally for Detroit as the Tigers defeated the Chicago White Sox, 5-2, before 10,285 persons here last night. Bill Wight issued ten bases on balls and yielded but seven hits in pitching eight and a third innings to lose his sixteenth decision. Freddie Hutchinson picked up his No. 11 triumph in checking Chicago on ten hits.

Lemon Captures No. 19 As Tribe, Browns Split

ST. LOUIS (AP)—Bob Lemon pitched the Cleveland Indians to a 7-0 victory over St. Louis last night for his 19th victory and 10th shutout of the season, but the Browns came back to edge the Indians 4-3 in the second game of a two-night doubleheader. The twin bill drew 9,473.

WATCH WHERE YOU'RE GOING! — Boston Braves' Shortstop Alvin Dark slides into home plate on second on Teammate Earl Torgerson's fourth inning infield out to Philadelphia's first baseman Bert Haas in yesterday's game at Boston. Philadelphia catcher is Andy Semilek. The game was one of the shortest of the year, the Braves winning in one hour and 31 minutes.

'Spirit, Competition Excellent'

Anderson Pleased with Gridders

Dr. Eddie Anderson, Iowa's head football coach, is pleased. Following the second day of strenuous drills and dummy scrimmages, the Hawkeye grid team has shown an excellent reaction to the hard work. That's why Dr. Anderson is happy.

"They seem anxious to go and the spirit and competition among players is excellent," Anderson exclaimed yesterday. "I think we have accomplished things even in a short time and the players definitely are coming along."

The Hawks will have had a full week to get themselves in better physical condition before the heavy scrimmages begin next week. By that time Anderson and his coaching staff will have had a

good chance to get a line on a possible starting lineup.

Various backfield and line combinations have been used in drills Thursday and yesterday. Anderson has also placed considerable emphasis upon the passing of his five quarterbacks, headed by Al DiMarco and Sophomore Glenn Drahn.

There is no indication yet as to the identity of occupants for the halfback jobs, which seems to be the major problem facing the coaches.

Bill Greene, Jerry Fiske, Ralph Doran, Jim Skophammer, Bob Wilson, Mearl Naber and Dave Meltvedt are among the right halfbacks getting heavy work, while the only veteran,

Bob Longley, and Jim Halliburton and Don Fryauf are the leaders at left halfback.

Willard Shaw is handling fullback assignments after formerly being listed as a halfback. Shaw, an all-state star at Marshalltown a few years back, has never played much here at Iowa because of an injured knee.

Anderson has done a lot of shifting in the line. However, Bob McKenzie and Bob Phillips have appeared quite regularly at the ends along with Bill Kay and Jim Shoaf, tackles; Earl Banks and Joe Grothus, guards, and Dick Woodard and Bob Snyder, centers.

All of those linemen are veterans and Kay, Shoaf, Grothus and Woodard were consistent starters in 1947.

Added weight may earn Bob Phillips a starting end job. Last season Phillips weighed between 175 and 180 pounds. He reported back for the fall drills at 190.

In past seasons the Virginia athlete has been good on offense but not sturdy enough to handle some of his defensive assignments consistently.

Sain Garner 17th Victory

BOSTON (AP)—The Boston Braves regained the National league lead yesterday by taking full advantage of three hits against Righthander Emil Leonard for a 3-1 victory over the Philadelphia Phillies. The Brooklyn Dodgers dropped a game and a half behind the Tribesmen by losing a doubleheader to the New York Giants, 6-3 and 7-5.

Jeff Heath's 17th homer of the season, with one on in the fourth, decided the opener of a four-game series with the Phils.

Johnny Sain gave up seven hits, including Eddie Miller's 13th four-bagger, while chalking up his 17th win.

Cubs Trounce Pirates

PITTSBURGH (AP)—The lowly Chicago Cubs went on a hitting spree last night to overwhelm the Pittsburgh Pirates 10 to 1 and give Russ Meyer his 10th win of the season as against the same number of defeats. Catcher Al Walker drove in five runs, getting a homer, double and single in five trips.

Turnesa, Billows In Amateur Finals

MEMPHIS, TENN. (UP)—Wes Willie Turnesa and happy-go-lucky, Ray Billows, a pair of crafty veterans from New York state gave two youthful challengers a resounding lesson in links mastery yesterday to enter the title round of the 48th National Amateur golf tournament.

Turnesa smeared 24-year-old Gene Dahlbender Jr. of Atlanta, 8 and 6 and Billows drubbed Charley Coe, University of Oklahoma graduate by a 6 and 5 margin.

This had been a tournament full of surprises and upsets but when it came to the payoff round it was the old story of form, experience and links lore gaining the decision over youth in the raw.

Turnesa and Billows will meet over the 36-hole route at the Memphis Country club today.

Both finalists were right at home in the championship pairing. Turnesa, only seven years among the seven golfing Turnesa brothers, won the title in 1938 when he defeated Patrick Abbott of Ardmore, Pa.

Billows twice went to the final round only to lose out to Johnny Goodman at Portland in 1937 and to Bud Ward at Chicago in 1939.

DiMaggio Sparks New York Surge; Trail by Half Game

NEW YORK (AP)—Jolting Joe DiMaggio went on a batting rampage yesterday, blasting three home runs and driving in seven tallies to lead the New York Yankees to 6-2 and 5-2 triumphs over the Washington Senators.

The victories enabled the Yanks to move to within a half a game of the front-running Boston Red Sox.

DiMaggio banged his 30th and 31st homers of the season and drove in four runs in the first game. He connected with two in the first inning and again with the bases empty in the third off starting and losing Pitcher Forest Thompson. The Yanks clipped Thompson for their final two runs in the seventh inning.

Lefty Ed Lopat limited the Senators to six hits in posting his 15th victory.

In the nightcap, DiMaggio poled his 32nd round-tripper with two aboard in the fifth inning.

Frank Shea, went the distance for the Yanks to gain his eighth victory. He has lost 10.

Young Vets Revolt Against 'Dictatorship' At VFW Convention

ST. LOUIS (UP)—The 49th annual encampment of the Veterans of Foreign Wars elected officers yesterday amid a bitter debate over race segregation and the revolt of World War II veterans against alleged "behind-the-scenes-dictatorships" in the elections.

Several hundred delegates, mostly young veterans, walked out of the convention hall at closing session to draw up their own slate of officers.

The revolt group sought chiefly to contest the office of chief vice-commander-in-chief, but failed. The office holder usually succeeds up the line to commander-in-chief.

Lyall T. Beggs, Madison, Wis., was elected commander-in-chief by acclamation and Clyde A. Lewis, Plattsburgh, N.Y., the former vice-commander, was elected similarly to succeed Beggs as senior vice-commander.

Des Moines Sees End of Another Fair

DES MOINES (AP)—It was hail and "fairwell" last night to the 90th Iowa State fair.

The third postwar fair closed after a run of 10 days with attendance expected to be below the 1946 and 1947 expositions when more than 500,000 came, saw and participated.

Features of the last day of fair-ground activity were the 4-H baby beef sale, the announcing of awards in the 4-H livestock judging, and the baby health contest.

A large grandstand crowd saw the auto races in the afternoon. The fair ended with the night grandstand show.

Despite crowds better than last year for the first three days of this year's fair, attendance for the 1948 exposition was almost certain to fall below the 1946 record of 514,036 and the 1947 total of 506,111.

The starting of school in most parts of the state last Monday was believed chiefly responsible for the attendance drop.

Today was a second children's day with children under 12 admitted to the grounds free. Early attendance indicated a crowd of about the same size as last year's \$2,770.

However, a profit for this year's undertaking was assured. Last year the net profit was \$187,000. Although receipts for the first three days this year ran 20 percent ahead of last year, the 1948 profit, considering higher costs and the drop in attendance after the first three days, will be below last year's figure.

New French Elections Likely As Schuman's Attempt Fails

PARIS (AP)—Premier Robert Schuman gave up trying to form a new government yesterday. The prospects grew that France will have to hold new elections to work herself out of a political deadlock.

General elections are what Gen. Charles De Gaulle has been demanding for months as a step toward his return to power.

Vincent Auriol, president of the republic, did not even designate someone else immediately to attempt to form a government—the usual course. Instead he chose Robert Lecourt, a colleague of Schuman's in the Catholic middle-of-the-road party, to conduct an "information mission" and compile an inventory on what the various party leaders propose to do now.

France has been without a government for a week since radical Socialist Andre Marie's month-old cabinet—the ninth since the liberation—fell Saturday.

Most observers thought Auriol eventually would ask a radical socialist, either Marie or former finance minister Rene Mayer, to try to form a government.

Lecourt, however, has been the popular republican party's whip in the national assembly and as a working politician gets along well with all parties. It was conceivable he might succeed where Schuman failed.

An informed popular republican deputy said, however, there was growing sentiment within the party for a washing of hands of the present stalemate and the holding of new elections.

Small moderate and rightist parties are all in favor of new elections.

There is but one way, however, for the national assembly to be dissolved and for new elections to be held. The deputies, who were chosen at elections in November, 1946, would have to pass a law ending their present terms which normally would not expire until 1951.

Even though the parties even-

Penitentiary Magazine Gets Old Editor Back

DES MOINES (AP)—Tom Runyon is back in his old job as editor of the Presidio, Fort Madison penitentiary magazine.

The September issue lists L. T. Eddy and Runyon as editors of the publication.

Runyon was editor in 1943 when he escaped from the penitentiary by digging his way out under an electrically charged fence. He got as far as Fort Dodge before he was caught again.

'Governor' Blue Hunting Pen Pals

DES MOINES (AP)—Gov. Robert D. Blue has been asked to try to find pen pals for a couple of girls in Germany.

The governor said yesterday he had received a letter carrying the signature of two German girls, asking him "to get two gentlemen of good family" to correspond with them.

"We only want two friends to write with," the letter said. "We haven't got another opportunity to write English letters."

The letter was addressed to "The hands of the Governor of Des Moines, Iowa." It bore the signatures of Mary Risewijk of Kohn, Hansaring, and Erica Hersberger, Kohn-Nippes Schenkendorfer 32, Germany.

Spectator Rides—Right Over Walls

OAKLAND (AP)—"All right, let's see if you can do it."

With that challenge, an unidentified spectator mounted a motorcycle at a Carnival motordrome last night, rode up—and over—the vertical walls of the drome and sent three people to the hospital with minor injuries.

Patrolman Robert E. Davis, who investigated, said accounts varied but, according to one story, the spectator had been heckling the stunt rider and was challenged to try the ride himself.

Man Killed In Shooting Near Ankeny

DES MOINES (UP)—One man was killed and another wounded near Ankeny early yesterday and a Des Moines woman told police she had accompanied the men search of "a drink."

The dead man was identified as James A. Carlson, 27, Des Moines World War II veteran.

Carlson's body was found by Polk county sheriff's deputies early yesterday at the side of a road southeast of Ankeny. Harry Brower, 40, Chicago, was found in his automobile outside a Des Moines tavern by patrons who were attracted by the sound of his horn. He was slumped over the steering wheel.

Brower, who told officers "a guy shot me and then committed suicide," was reported in "satisfactory" condition at Lutheran hospital here, where he was treated for a gunshot wound in the chest.

Deputy sheriff Lucius Ashby said the woman, Alice Bingham, 37, was identified at the hospital by Brower as the woman who accompanied the pair prior to the shooting.

Ashby said the woman's description of the shooting tallied with that of Brower.

Miss Bingham told officers she was asked by Brower and Carlson at an east side hotel here if she knew where they could buy a drink. She said she answered "yes" and accompanied the men. She said Carlson drove Brower's car as "he knew the town."

She said she jumped out of the car after Carlson had stopped near Ankeny and shot Brower with a .22 caliber pistol. She said Carlson fired a shot at her as she fled down the road and into a cornfield. She added she heard one shot in the car while she was hiding in the field.

She later hitchhiked a ride into Des Moines with a passing truck driver, she told officers.

At the hospital, Brower told detectives the two men decided to go for a ride and that Carlson shot himself after shooting Brower. The salesman said he pushed Carlson's body from the car and drove away to seek aid.

The pistol, with six shots fired from it, was found near Carlson's body.

Gov. Dewey Plans Campaign Speech In Massachusetts

ALBANY (UP)—Republican presidential candidate Thomas E. Dewey will make a major campaign speech in Massachusetts, probably in the middle of October, it was announced here yesterday.

Massachusetts national committeeman Sinclair Weeks made the announcement after a lengthy conference with Dewey.

Weeks told reporters that he had asked the GOP standard bearer to appear in Massachusetts, Dewey's campaign manager, Weeks added, assured him that Dewey would speak in the bay state, after Oct. 15 or 20.

"They haven't settled the date or place yet," Weeks said. "They are working on that now."

"We do want him, we need him and we think he will do himself a

lot of good if he comes," he added.

Weeks said Dewey's chances of carrying the bay state were "excellent" and he reiterated house speaker Joseph Martin's prediction that Massachusetts Republicans would increase their congressional delegation in the November elections. He said the GOP would recapture the fourth (Worcester) district which it lost in 1946.

Weeks met with Dewey shortly after the GOP nominee charged in a Labor day proclamation statement that "tap roots" fed from Moscow and Washington were responsible for most of the labor unrest in New York state.

"It is in our state that a living example of harmonious labor relations forecasts what can come into being for the entire nation," Dewey added, however.

He also rapped the "Red regime" in Poland, calling on Americans to give generously to the American relief for Poland agency. The ARP has undertaken the job of supplying food and clothing to suffering Poles.

Demos Add Toledo In Labor Day Stops For Truman Train

WASHINGTON (AP)—A re-arrangement of the Toledo, Ohio next Monday night was added yesterday to President Truman's Labor Day campaign schedule.

The White House announced that Mr. Truman will speak at Toledo on his way back to Washington from his five-speech swing into Michigan which opens his presidential campaign. It will be a 30-minute stop.

Mr. Truman will arrive at Grand Rapids, Mich., at 7:15 a.m. (Iowa time) and drive to a nearby park for his first speech, leaving Grand Rapids at 7:45 a.m.

Arriving at Lansing at 9:00 a.m. he will make a brief speech from the rear platform of his train and leave at 9:15 a.m.

In Detroit, Mr. Truman will leave his train and drive to city hall on Cadillac square for a major speech before a joint AFL-CIO rally. It will be a 20-minute extemporaneous speech, starting at 11:30 a.m. and will be broadcast nationally.

From Detroit the President will drive to Pontiac, Mich., via the Hamtramck area. He will speak in Oakland park at Pontiac and then drive to the railroad station.

The presidential train is scheduled to reach Flint, Mich., for another brief speech in Flint park.

While the White House completed arrangements for the Labor day trip, Mr. Truman went over plans for subsequent campaign swings.

Gov. Roy J. Turner, Democrat, Oklahoma, said after a White House visit that the President definitely will spend at least two days visiting a number of towns in his state.

Frankster, Proprietor Liable for 'Hot Foot'

Trenton, N. J. (UP)—The New Jersey Court of Errors and Appeals handed down a decision on "hot foots" yesterday.

It ruled in the case of Richard Kiener, victim of a hot foot prank in a Paterson, N. J., tavern during a Christmas party last year. A playful friend, Richard Grimes, inserted a match in Kiener's shoe and lighted it. Kiener's trousers caught fire and he suffered severe leg burns.

Judge Ralph W. E. Donges wrote a decision which ruled that the tavern owner, Manuel Steinfield, as well as Grimes was liable for damages suffered by Kiener.

British Vampires at National Air Races Show

BRITISH VAMPIRES AND U.S. ARMY PLANES are shown being serviced yesterday at the Cleveland Municipal airport. The British jet fighters, piloted by Canadian airforce men, will join the U.S. jetplanes in making demonstration flights as part of the National Air Races show starting today.

Returning Home from Europe

After nearly two months in Europe, Miss Valorie Jean Dierks, member of the SUI student council and daughter of the Rev. and Mrs. Elmer E. Dierks, is on her way home.

Miss Dierks left Le Havre, France, on August 31 and is slated to arrive in New York on September 10. After a visit of two or three days in the nation's largest city, she will return to Iowa City.

Miss Dierks, who left the United States on June 29, was among a group of young people selected by the Northern Baptist convention to take part in a summer service project.

The project for which she won a scholarship was the rebuilding of the orphanage at Tremel, Brittany, on the northern coast of France. During her stay in Tremel she assisted in such varied occupations as working in the fields, cleaning the bricks of the orphanage and plastering walls. She also participated in discussions with French Baptist church and youth groups.

Before sailing for home, Valorie visited the Council of Churches which was held at Amsterdam, Holland. While in Amsterdam she received a special invitation to attend an affair at the Royal Palace given by city officials for those attending the World Council.

While in Amsterdam, Miss Dierks was surprised to meet an Iowa City friend, Dr. L.L. Dunnington, pastor of the Methodist church here.

In her letters to her family, Valorie told of the difficulty of finding living accommodations in Amsterdam. She had to obtain quarters in Utrecht some 60 miles distant and commute between the two cities each day during her stay.

Miss Dierks' trip was not all business, however. She found some time for sightseeing including nine days in Paris.

Holland was the most prosperous of the countries in her itinerary, according to Valorie's descriptions. She found the work to repair war devastated areas "most challenging and discouraging."

AP Correspondent Dies in California

LOS ANGELES (AP)—James S. Lindsley, 44, an Associated Press editor in the Los Angeles bureau who, as a war correspondent, wrote the first eyewitness story of the bloody Iwo Jima landing to reach the outside world, died yesterday.

Lindsley died just after leaving the AP office. He was taken to an emergency hospital where resuscitation attempts failed. Later the coroner's office reported he had succumbed to an acute coronary occlusion.

The AP man had seen wide service in the Pacific. One of his cherished possessions was a letter written by Gen. C. B. Cates, now commandant of the marine corps, praising his work and telling him that although he had taken too many chances this was "just like a marine."

Most Decorated GI Registers for Draft

HOLLYWOOD (UP)—Audie Murphy, the most decorated soldier of World War II, yesterday registered for the peace-time draft.

The 24-year-old Texan went before a draft board at Hollywood high school to fill out the forms all men under 26 years must sign.

"This is a new experience for me," he said. "I enlisted in 1942 and have not appeared before a draft board previously."

Murphy holds the congressional medal of honor and virtually every other decoration this country bestows. He entered the army as a private and was discharged a first lieutenant after the fall of Japan.

He is now a motion picture actor and is awaiting start of work on his first starring role in "Bad Boy."

SUI Libraries Add Many U.S., Foreign Books, Newspapers

About 4,000 books have been added to the university libraries this summer through shipments from Germany and gifts and purchases, according to Norman L. Kilpatrick, associate director of libraries.

Prof. F.C. Ensign of the college of education recently gave about 200 books and 100 pamphlets to the libraries, Kilpatrick said. Most of the books dealt with the history of education.

Herman H. Trachsel, associate professor of political science, has given 100 political science books.

Through an arrangement with the library of congress, 14 large crates of boxes filled with books, pamphlets, and newspapers have arrived this summer from Germany. Most of those books were taken from former Nazi headquarters.

The bulk of the shipments have arrived, Kilpatrick said, and include many important series in German.

Copies of the Volkischer Beobachter, a German newspaper, and a volume encyclopedia of literature were also in the shipment. The other books cover the fields of hydraulics, child psychology and music.

Kilpatrick estimated that 3,000 books were also purchased through the arrangement with the library of Congress.

About 900 books have also been bought and cataloged by library assistants this summer, Kilpatrick added. These books cover many fields and are mostly late editions.

The library has also received an autographed letter of Leigh Hunt dated 1827. The SUI library has one of the best collections of Hunt, a British writer, in this country.

Star's Wife To Stand By Him

HOLLYWOOD (UP)—Film star Robert Mitchum's wife announced their reconciliation yesterday and said she will stand by him in fighting a dope charge.

Mrs. Dorothy Mitchum heard the story of her prominent husband's arrest from his own lips and then sent out word by a studio representative to waiting reporters that they were reconciled.

"I'll stand by Bob," she said. Selznick studio spokesmen Mervyn Hauser said Mrs. Mitchum wept as her handsome husband told her of his arrest.

"It didn't take her long to make up her mind," Hauser said. "She told Bob she would stick with him."

The reconciliation came within a few hours after Mrs. Mitchum returned to her shuttered home and was greeted tenderly by Mitchum.

The actor rushed to the door of their little white house as Mrs. Mitchum and their two children walked up the stairs. He flung open the door, dashed out and threw his arms around his sons, Josh, 7, and Christopher, 5.

After escorting his family into the house, Mitchum slammed the door. He had been in seclusion in his home since his arrest early Wednesday morning at the cottage of Actress Lila Leeds.

With the arrival of Mrs. Mitchum, famed Hollywood criminal Lawyer Jerry Giesler arranged to confer with them both.

Dep. Dist. Atty. S. Ernest Roll announced he was inviting Giesler to bring Mitchum before the county grand jury Tuesday to testify at a hearing on the marijuana charges.
