

Good Training Didn't Help

CENTRALIA, ILL. (AP) — Your car stalls on the tracks. You can't budge it and you know a fast train is due. What then?

An experienced railroader, Arthur Oster, got out, stepped aside and watched the Illinois Central railroad's speedy City of Miami rip his automobile apart.

U.S. Blocks Russian Attempt For Detailed Flight Information

BERLIN (AP)—American authorities yesterday swiftly blocked a Russian attempt to snarl with red tape the joint U.S.-British airlift supplying Berlin.

A Soviet note to the four-power air safety center demanded detailed flight information concerning the supply planes, but U.S. officials replied that the Russians already were getting adequate information. The huge transports have been getting supplies to Berlin since the Russians blockaded the city last June.

U.S. Foreign Policy No Campaign Issue, Vandenberg Asserts

NEW YORK (AP) — Sen. Arthur H. Vandenberg (R-Mich.) said last night there will be no controversy during the forthcoming presidential campaign "over the basic fact that America is united against aggression and against the foes of freedom."

He made his comments in a statement following a conference here with Gov. Thomas E. Dewey, Republican presidential nominee, and John Foster Dulles, foreign affairs adviser to Dewey.

The Michigan senator said the three had "canvassed the foreign policy problems which confront our country, including the situation in Berlin."

Vandenberg said regardless of political differences at home "we are serving notice on the world that America is united to protect American rights everywhere and through firmness in the right to seek peace with justice for ourselves and the other peace-loving peoples of the world."

The chairman of the senate foreign relations committee added: "It is of the greatest importance that other nations which do not understand our political system should not be misled by our political campaign at home.

"We shall be in internal controversy regarding many phases of foreign policy. But we shall not be in controversy over the basic fact that America is united against aggression and against the foes of freedom."

Vandenberg said he and Dewey had discussed these matters many times.

Iowa Visit for Warren Also

WASHINGTON (AP)—Gov. Earl Warren of California, the Republican vice-presidential nominee, will make brief stops in three Iowa cities Oct. 9 and stay overnight and the next day at Des Moines, it was announced here yesterday.

Governor Warren's train will be in Manly from 11:10 a. m. to 11:30, in Waterloo from noon to 12:30, and in Marshalltown from 2:10 to 2:30 p. m.

The nominee will arrive in Des Moines at 4:30 p. m., and leave for Omaha at 10:45 p. m., Oct. 10.

In Des Moines the state Republican headquarters had no information on Warren's proposed activities in Iowa. It was said, however, that his plans probably would be made known this morning.

FBI Loyalty Check Clears Two Million

WASHINGTON (AP) — The FBI announced yesterday that since the start of the federal loyalty checks it has found 2,110,521 federal workers so beyond suspicion that full investigations into their loyalty were found unnecessary.

It said that 6,344 full investigations have been started since the beginning of the program, and that thus far it has completed 5,421 of them, or 85 percent.

Of the completed cases, the report by FBI Director J. Edgar Hoover said, 619 persons resigned during the investigations and 44 others were found to be no longer in government employ.

The remaining 4,758 cases were turned over to the civil service commission for decision.

Siamese Twins Born In Michigan Hospital

LANSING, MICH. (UP) — Siamese twins, joined at the abdomen, were born in Edward W. Sparrow hospital here Tuesday, hospital authorities revealed yesterday.

The attending physician said the twins, both girls, were "otherwise normal." He said they have been kept in an oxygen tent since their birth.

Lana, Husband Back in States

RETURNING TO NEW YORK on the French liner De Grasse yesterday were Movie Actress Lana Turner and her fourth husband, Bob Topping. Lana denied reports she had gained 20 pounds, told reporters of the bathing suits she bought while abroad. The couple has been spending a 4-month honeymoon in Europe.

Strike Situation Eases With Teamster Raise

By THE ASSOCIATED PRESS
The paralyzing grip of the New York area's 10 day AFL truck drivers' strike was further loosened yesterday.

On the heels of a series of fast-breaking developments, spokesmen for the Atlantic and Pacific Tea company and H. C. Bohack & company announced acceptance of the teamsters' union's new scaled-down terms.

Earlier, the union, negotiating with employers as a group, trimmed their pay increase demands down to 17 and one-half cents an hour. The employers promptly rejected this, standing pat on their previously rejected offer of 15 cents. Then the union announced it would try to sign up employers individually.

Then John E. Strong, president of the New York local, predicted 2,000 men would be back to work within a few hours after individual bargaining started.

The 10,000 striking New York drivers were joined six days ago by 4,300 members of local 478 in Newark, N. J. However, about 1,000 of the New Jersey drivers since reached agreements with 16 independent trucking concerns.

The union originally sought a 25 cents hourly boost. Elsewhere there were labor developments by industries:

Oil refining: At San Francisco, negotiations were resumed by the six struck major oil companies and CIO oil workers. However, J. Elro Brown, district director of the union said, "I don't see any indication of agreement."

Some 850,000 gallons of oil were sent to California from Oklahoma to help relieve a shortage by the week long strike of refinery workers.

Flour: Efforts to settle the strike of 1,200 grain handlers in Minneapolis and St. Paul broke down. Employers said they would not go beyond their offer of 12 one-half cents hourly wage increase. The union, which originally asked 57 cents, is holding out for 15 cents.

Shipping: Striking CIO longshoremen in Seattle voted overwhelmingly against accepting the last wage offer of their employers and having their leaders sign non-Communist affidavits in compliance with the Taft-Hartley law. The union is polling its west coast members on the two questions.

Automotive: Some 50,000 automobile workers were idle in Briggs, Chrysler and Packard plants at Detroit because of a walkout of 170 independent union plant guards at Briggs.

Composer Franz Lehár Critically Ill in Austria
VIENNA, AUSTRIA (UP) — Franz Lehár, composer of the "Merry Widow" and other world-famous operettas, is critically ill with stomach ulcers and a weak heart, his sister said last night.

Russia 'Won't Object' To Colony Discussion

Queueille Confirmed By French Assembly; DeGaulle Campaigns

PARIS (AP) — The National Assembly last night confirmed Henri Queueille, a veteran Radical Socialist (centerist) as premier of France by a comfortable margin.

The vote was 351 to 196, with the Communists casting most of the negative ballots. The required majority is 311.

Queueille is expected to form his cabinet some time today, ending a two-week-old government crisis. Many foreign observers expressed the belief the cabinet would be weak and were skeptical of its chances of living long.

De Gaulle in South
While the assembly was in session, Gen. Charles De Gaulle — its bitterest critic — was campaigning in southern France. He said in Avignon:

"I am ready to assure the nation's destiny. I am sure of the nation's reply the day when it will be asked to give it."

De Gaulle and his Rally of the French People, a rightist party, believe they can win if the assembly is dissolved and a national election held.

In spite of their desire for such an election, however, the De Gaullists gave their support to Queueille who was associated with the general in the Free French movement during the war.

Other Backing
Queueille also was backed by the Socialists, Popular Republicans (MRP) and his own Radical-Socialists. Active in French politics for more than 28 years, Queueille has served as a cabinet minister 22 times since 1920 but never before has been premier.

He was minister of state in the Andre Marie cabinet, the fall of which touched off the government crisis, and was minister of public works and transport in the cabinet organized by Robert Schuman which lasted just 64 hours.

Before the vote was taken Queueille told the assembly he feared widespread "disorders in the streets" of France unless the wage and price problem is solved.

Eric Johnston to Russia In Movie Sales Attempt

HELSINKI, FINLAND (UP) — Eric Johnston, head of the Motion Picture Association of America, left by air yesterday for Moscow to try to overcome Russian sales resistance to Hollywood movies.

Johnston arrived here by air from Stockholm, Sweden, and spent a few hours sightseeing before boarding a Moscow-bound Russian plane.

Hits U.S. Attitude in Notes on Italian Possessions Meeting

LONDON (AP)—The Soviet news agency Tass said early this morning Russia "will not object" to a four-power conference in Paris Monday on the fate of Italy's pre-war colonies. The agency's dispatch quoted a Soviet note addressed to the United States.

The Russian note, distributed by Tass in London, accused the U.S. of a "quite arbitrary and inadmissible" act in suggesting in a note to Russia Sept. 8 that a session of the four foreign ministers themselves would not be of great use if the Soviets had no new proposals to put forward.

The Russian note charged that the U. S. note of Sept. 8 was "not in conformity with the peace treaty with Italy" in implying that Secretary of State Marshall would not attend the foreign ministers' conference, but would send one of his representatives.

A week ago, the Soviet union suggested to the U. S., Britain and France that the four foreign ministers meet on the Italian colonies question before Sept. 15.

The Italian treaty fixes that date as the deadline for an agreement among the Big Four on what is to be done about Somaliland, Eritrea and Libya.

In event there is no agreement, the treaty states that the question should be referred to the United Nations for settlement.

(In Washington, state department officials said there would be no immediate comment on the Russian note.)

The Russian note declared: "While expressing a readiness to participate in a meeting of the council of foreign ministers on the fate of former Italian colonies, the United States government declared that a representative of the secretary of state would be authorized to participate in it, which implies a refusal of the secretary of state . . . to participate in the meeting of the council of foreign ministers, which makes impossible the convening of the council of foreign ministers for discussion of this problem."

Despite the fact this reply of the United States government is not in conformity with the peace treaty with Italy," the Russian note said, "the Soviet government will not object to a conference of representatives of the four powers inasmuch as the governments of France and Great Britain will consent to this."

It was reported in Washington yesterday that Marshall is not due to arrive in Paris until Sept. 19 to attend the opening of the U. N. general assembly Sept. 21.

No Gag, Bob Hope Chokes Over Bone

HOLLYWOOD (UP)—Bob Hope choked on a fishbone last night during a rehearsal of his radio show, but a doctor removed it a few minutes later.

The National Broadcasting company said Hope left the studio for a fish dinner, then came back to preview his first fall show Tuesday. He coughed up the bone while joking with the audience and fled gasping offstage.

A doctor removed the bone with his fingers and Hope went on with the show.

Filipinos Await Rescue from Volcanic Home

CARRYING ALL THE PERSONAL BELONGINGS they can, these Camiguin islanders await rescue from their home in the southern Philippines after they were forced to flee by the eruption of Mt. Hibokhibok. They were evacuated by the freighter Eugene Lykes. The volcano still is spewing great clouds of smoke.

Paul Hoffman Says No Fascist Regime Will Get ERP Aid

WASHINGTON (AP) — Foreign Aid Administrator Paul G. Hoffman said Friday he would halt recovery aid to any European country that should set up a fascist government.

Hoffman, drawn into political waters by questions at a news conference, said the economic cooperation administration must, under the law, shut off recovery help to any country which goes communist.

Reporters then swung the questioning to France where De Gaulle is attacked by Communists as a fascist.

Hoffman said the question of France going either Communist or fascist is "academic." There is not "the remotest possibility" of a fascist regime emerging, he said. Then, when asked whether he believes De Gaulle to be fascist, he replied with emphasis:

"Most certainly not."

Hoffman was much less specific on another prime item of controversy — the dispute at Paris on how big a share of FCA's \$5 billion first annual recovery program shall go to the British-American "bizon" of Germany.

He voiced high confidence that the dispute will be settled within the organization for European Economic Cooperation (OEEC), the council of 16 Marshall plan nations at Paris.

But he took no position in the dispute between Gen. Lucius D. Clay, U. S. commander of the bizon, and the OEEC delegates. The latter reportedly agreed to allot around \$365 million to bizonia; Clay is understood to have insisted on \$100 million more.

Hoffman conceded that the controversy has delayed the making of allotments for the year ending next June 30. The target date now is Oct. 1, he said, as against the original deadline of Sept. 1.

Corn Crop Forecast Exceeds Past Totals

WASHINGTON (AP) — The agriculture department yesterday forecast this year's corn output at 3,528,815,000 bushels, 22,452,000 bushels more than the August prediction and upward of a billion bushels above the 2,400,952,000 production in 1947.

Although corn prices have dropped, the crop at the government support price, one expert estimated, will mean a farm value of about \$6,740,000,000, compared with \$5,432,785,000 in 1947.

Forecasts showed Iowa a shade behind Illinois in rate of corn yield, but the Hawkeye state still is leading the nation in total production.

The government estimated Friday that Iowa's 1948 corn crop would yield an average of 58 bushels an acre for a total production of 624,602,000 bushels. This was a sharp cutback from the Iowa yield estimate of a record 646,000,000 bushels made last month. The major corn losses were in northeast Iowa.

For Illinois, the No. 2 state, the latest estimate is for a yield of 59 bushels an acre and a production of 533,596,000 bushels.

Transport Reaches Camiguin Refugees

MANILA (AP) — A big U. S. army transport reached stricken Camiguin island yesterday amid warnings that the 14,000 huddling Filipino refugees there faced a violent new volcanic eruption.

A dispatch from the scene said thundering landslides plugged Hibokhibok mountain's main crater yesterday. Geologists feared the pressure of pent-up gases might produce a major explosion.

Church Calendar

MENNONITE MISSION CHURCH
614 S. Clark street
Sunday calendar—Sunday school, 10 a.m., supervised classes for all ages, election of officers for Sunday school reorganization. Last Rites For Benes

PRAGUE, CZECHOSLOVAKIA (UP)—Eduard Benes, who resigned as president of Czechoslovakia rather than serve under a Communist regime, was buried yesterday only a few feet from the spot where protestant martyr Jan Hus preached five centuries ago.

Benes was buried at noon in the garden of his summer home at Sezimovo Usti, 60 miles south of Prague, where he retired after giving up hope of preserving democracy in his homeland. It was on a rock near the grave that Hus preached the "heretical" sermons which led to his being burned at the stake in 1415.

The public was not admitted to the final services, which began at 11 a. m. on the veranda of Benes' home. Mrs. Hana Benes, his widow, and other members of the family were present along with members of the diplomatic corps, cabinet ministers and delegations from the Sokol gymnastic organization, veterans groups and other organizations.

The gates to the estate were thrown open after the rites. Scores of mourners filed through the garden to visit the grave of the leader who died nine days ago. Benes died of hardening of the arteries after a brief illness.

Officials Honored At K of C Meeting

Cletus Hogan and Marr C. Berry, past grand knights of the Knights of Columbus, received emblem pins Thursday night from the organization at their regular meeting in the Knights hall.

State Deputy Gus A. Pusateri made the presentation. He also gave C. C. Ries a past state deputy pin from the Supreme Council of Knights of Columbus at New Haven, Conn.

Otto Neuzil, district deputy of the Iowa City district, presented Pusateri a briefcase in appreciation of his service to the order.

to 5 p.m. and 7 to 8:30 p.m. on all Saturdays, days before Holy days and first Fridays. Also Sundays from 30 minutes before mass to five minutes before mass. Newman club each Tuesday of school year at 7:30 in the student center.

ST. VENCESLAUS CHURCH
630 E. Davenport street
Rev. Joseph W. Hines, ass't pastor
Sunday masses: 6:30, 7 and 10 a.m. Daily masses at 7 a.m. Saturday confessions, 3 to 5:30 p.m. and 7 to 8:30 p.m.

OFFICIAL DAILY BULLETIN

Items in the UNIVERSITY CALENDAR are scheduled in the Freshmen's Offices, Old Capitol. Items for the GENERAL NOTICES should be deposited with the city editor of The Daily Iowan in the newsroom in East Hall. GENERAL NOTICES must be at The Daily Iowan by 2 p.m. the day preceding first publication; notices will NOT be accepted by telephone, and must be TYPED OR LEGIBLY WRITTEN and SIGNED by a responsible person.

UNIVERSITY CALENDAR

Thursday, September 16
Orientation Week begins.
8:00 a.m. Orientation meeting (for freshmen entering Liberal Arts for first time), Macbride Auditorium.

9:15 a.m. Orientation meeting (for transfer students entering Liberal Arts first time), Macbride Auditorium.

MEN'S ORIENTATION
Orientation meeting for men will be held Sept. 18, at 1 p.m. Locations of the meetings will be assigned.

A Pennsylvania — Dutch Recipe

"Mid the fanfare and pagentry of the 200th anniversary celebration of Reading and Berks County, Pa., this year, a treasure trove has been unearthed. A host of Pennsylvania-Dutch recipes, handed down from generation to generation, were collected.

As their contribution to festivities, the Berks county federation of women's clubs decided to publish a "Bicentennial Cook Book." Present-day favorites were not enough, so a search into every attic, corner and cranny of the many historical homesteads in the Pennsylvania-Dutch country was launched.

Never Published
Most of the recipes have never before been published. Typical dishes include funny cake, moravian cake, shoo-fly cake, pfefferintz, stuzdla brod, milch rivvl soup, schnitz u knepp, nesselrode pie and boova shankle.

Here is the way to make old-fashioned Pennsylvania-Dutch funny cake:
1/2 cup cocoa
1/2 cup sugar
1 cup hot water

2 eggs
1 1/2 cups sugar
1/4 cup shortening
2 1/2 cups flour
2 teaspoons baking powder
1 cup sweet milk
Blend cocoa and 1/2 cup sugar. Pour hot water over this mixture and dissolve thoroughly. Pour into tins lined with pastry.

Cream 1 1/2 cups sugar, shortening and add the eggs, slightly beaten, flour, baking powder and milk. Put the batter into the cocoa mixture and bake at 350 degrees for about 30 minutes. This makes three cakes.

Miss Beth Petsel, one of the high school youths who recently attended a youth conference at Camp Watsle, will speak on "What Three Years in Youth Conference Have Meant in My Life."

The Rev. Mr. Richardson came here from the First Christian church at Lubbock, Texas, where Texas Technological college is located. He is 26, single and will be a graduate student in the department of history. He holds a bachelor of arts degree and a masters degree from Texas Christian university at Fort Worth, Texas.

MINISTER ARRIVES
LONDON (P)—The Soviet news agency Tass said Mrs. Golda Myerson, Israeli minister to Russia, presented her credentials in the Kremlin yesterday.

New Director Director of Students At Christian Church To Deliver Sermon

REV. D.D. RICHARDSON

The Rev. Dearl D. Richardson will be speaker in the Sunday morning worship service at 10:30 a.m. at the First Christian church as fall services are resumed after the vacation period.

He began his work Sept. 1, as the new director of student work at the church. His subject Sunday will be "It's a Personal Affair." Mrs. Ralph Drollinger, the new choir director, will present a vocal solo, "How Beautiful Upon the Mountains."

The worship will emphasize, in cooperation with all Christian churches of Iowa, "Go To College" Sunday, in which the obligation of the local church to follow its youth to college in interest and support is stressed. A special offering is being received for underwriting the annual budget of the Iowa Student Centers foundation, which supports four centers, of which the new center here is one.

Miss Beth Petsel, one of the high school youths who recently attended a youth conference at Camp Watsle, will speak on "What Three Years in Youth Conference Have Meant in My Life."

The Rev. Mr. Richardson came here from the First Christian church at Lubbock, Texas, where Texas Technological college is located. He is 26, single and will be a graduate student in the department of history. He holds a bachelor of arts degree and a masters degree from Texas Christian university at Fort Worth, Texas.

Leaking of Atom Information To Russia Possible: Groves

WASHINGTON (AP)—Lt. Gen. Leslie R. Groves brought out of a two-hour meeting with Congressional spy investigators Friday a hint that wartime atom bomb secrets may have been slipped to the Russians.

The house un-American activities committee says it has evidence of the existence of an atomic espionage ring.

Groves directed the vast atomic project during the war. And he told reporters that everybody in an organization of 600,000 people couldn't be "the utmost integrity."

That was in answer to a question whether atomic scientists had leaked secret information to Soviet agents. The committee says it has testimony to that effect from a former army intelligence officer. Representative McDowell (R - Pa.) says evidence also has been obtained that during the war Russia got from this country more than a ton of uranium compounds and 25 pounds of refined uranium metal.

No Recollection

On that, Groves told reporters that he didn't ship any and wouldn't have done so under any circumstances. And he said he had no recollection of any shipments whatever.

"I can't imagine it being shipped," he said. But he said, too, the authority for such shipments would not have rested with him and he didn't know who did have it.

The committee called in several other witnesses Friday in preparation for open hearings later on.

Both Groves and Chairman J. Parnell Thomas (R-N.J.) had a crisp "no comment" as to what went on at the spy inquiry Friday.

The general now is retired and vice president of Remington Rand in charge of advanced research.

"Obvious Confusion"

As to whether there have been leaks of atomic information to the Russians, Groves advised newsmen to read the report on the Canadian atomic spy case and draw "the obvious conclusions."

"After all," he said, "if you have over 600,000 employees, are all 600,000 going to be perfect? Are you going to have everyone of the 600,000 a person with the utmost integrity? The answer is obvious."

Of course, he said, the objective of the work "was to get the bomb so we could end the war and save

American lives. Security was just a part of that job."

Probe Fur Union

While Thomas' committee was holding closed door sessions, a house labor subcommittee went ahead with an investigation of complaints that Communists control the CIO fur workers union and the union dominates the fur industry.

Ben Gold, union president, sent around a statement saying he wants to submit "documentary proof that will explode these lies" he contends the committee has been hearing.

Denham Asks End To Union Shop in UMW-Steel Pact

WASHINGTON (UP)—The national labor relations board was asked yesterday to nullify the union shop clause of John L. Lewis' wage contract with the steel industry, on the grounds that it violates the Taft-Hartley law.

NLRB General Counsel Robert N. Denham, in a final brief filed with the board, contended that Lewis and other officers of the United Mine Workers union are required by the law to hold an election among mine workers before the union shop provision can become legal.

Counsel for the mine union filed a brief defending the clause and asking dismissal of the complaint.

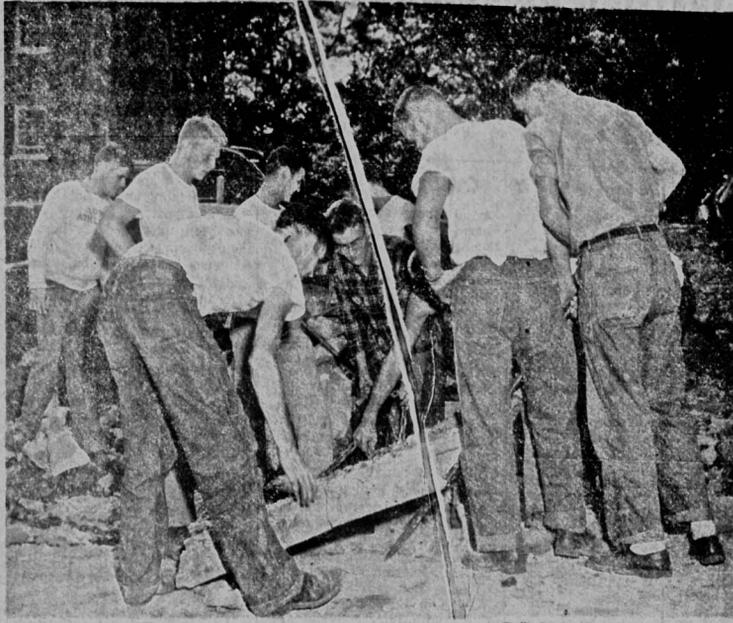

The controversy stems from the contract Lewis signed last July with the 18 steel companies which operate "captive" soft coal mines. It contained a provision requiring the firms to hire union members.

NLRB trial examiner William Ringer will issue an intermediate ruling on Denham's complaint. The board itself can hand down its own ruling within 20 days. If it fails to do so, Ringer's decision is binding.

Both sides have made it clear that they will take the case to the federal courts after the NLRB acts to get a legal ruling on the issue.

A court decision against Lewis presumably would upset his contracts with the rest of the soft coal mine operators, who accepted the union shop clause without protest.

Phi Psi's Practice 'Chaining'

GETTING IN A LITTLE SPADEWORK before school starts are the above group of Phi Psi's. They used a jackhammer rather than a spade, however, in tearing up the driveway leading to their fraternity house at 363 N. Riverside drive. Part of the driveway was torn up to make way for a sidewalk and the Greeks finished the job.

One Injured In Collision

Mrs. Mary Scheig, 803 Bowery street, was treated for head lacerations at Mercy Hospital last night after an auto accident on City Park road.

She was injured when a car driven by Lee Rohr of Muscatine was involved with a car driven by Fred Herdliska, route 1.

The Rohr auto was going east on park road toward City Park bridge and Herdliska was driving west up the hill on Park road and going to turn on Park street. The accident occurred near the corner.

The left fronts of both cars were badly damaged.

Mrs. Scheig, the wife of Henry Scheig, a graduate student at SUI last year, was riding in the Rohr car with Rohr and Miss Jo Anne Burnett of Iowa City.

Mrs. Herdliska was a passenger in the other auto, her husband said.

Rita Johnson Still Near Death After Hair Drier Mishap

HOLLYWOOD (AP)—Beauteous Rita Johnson lay near death yesterday from head injuries which police said apparently were caused by a hair drier falling on the 35-year-old film actress Monday.

The actress, once considered as a successor to the late Jean Harlow, underwent a delicate brain operation by three physicians Thursday night to remove a clot. Yesterday she was still in a coma. Dr. Aiden Rainey, brain specialist, said:

"Rita is in a very serious condition. She is holding her own but it is much to early to say whether she will recover. She will probably remain unconscious for two or three days."

Her brother, William, flew from Chicago to be at her bedside. He asked for "a police investigation of this whole matter." Detectives already were on the case, however.

Police Lt. M. A. Stephenson said his investigators had found nothing so far "that would indicate it was anything but an accident."

Dazed and shaken, Miss Johnson was found in her apartment Monday by Mary Ainslee, an actress friend. Miss Ainslee said she had called to accompany Miss Johnson to a cocktail party and found her muttering "the hair drier fell on me." She said it bumped her head and "it hurts terribly."

Stephenson, too, said his men were told by Miss Johnson's maid that the drier had tipped over before.

Miss Ainslee said that the actress collapsed soon after complaining of the bump. She has not regained consciousness since.

A blonde, she has been in films for about ten years. Her recent pictures included "The Big Clock" and "Sleep, My Love."

Says Spy Hearings Hamper Government

PORTLAND, ORE. (AP)—Assistant Secretary of the Interior C. Girard Davidson said yesterday the congressional spy hearings in Washington have driven Communist agents underground in the United States.

Davidson said investigations by the House un-American activities committee have set back the government's spy-detective work "many months or perhaps even years." He said U. S. counter-espionage forces will be hampered by publicizing of information.

Ferdinand of Bulgaria Dies

Coburg, Germany (AP)—Ferdinand, first king of modern independent Bulgaria, died peacefully Friday at the age of 87 after a lifetime as the subject of assassination plots and revolutions.

Czar Ferdinand, as he was known during his reign, long had had a superstition he would die on Friday the 13th. He died on Friday, but not the 13th.

He cast his lot with Germany in the first world war and abdicated in 1918 when the allies defeated Bulgaria and the central powers. The act saved the dynasty for his son, King Boris, who died during the second world war. The grandson, boy King Simeon II, went into exile in Egypt in 1946 when Bulgaria voted to become a republic after the second world war.

In fending off attempts of Macedonian plotters, revolutionists, foreign coalitions and would-be assassins to remove him from the throne he found it advisable to keep a pistol in his desk for his personal protection.

Two Attend Parley On Urban Problems

Robert Gage, secretary of the Iowa City chamber of commerce, and Dan Dutcher, chairman of the community parking committee, will leave today for Detroit to attend a businessman's conference on urban problems.

Mayor Preston Koser, also scheduled to attend the conference, said yesterday that he would not be able to leave Iowa City due to illness in the family.

While at the conference, which was called by the U. S. chamber of commerce, Gage and Dutcher plan to attend the special sessions on planning the development of the smaller community and parking and truck loading.

Two Charge Cruelty in Divorce Petitions

Two divorce petitions, both charging cruelty, were filed yesterday in the Johnson county district court.

John G. Nelson of Iowa City asked for a divorce from Vera Jeanette Nelson, and Anna Price requested a divorce from Buddy Lester Price.

Judge Harold D. Evans issued an injunction which Mrs. Price requested restraining Price from molesting his wife or child at 825 Seventh avenue.

Indict Four In Airborne Bond Racket

BOSTON (AP)—Three former air transport command officers and a Boston broker were indicted Friday by a federal grand jury for an alleged international airborne traffic in American bonds valued at \$500,000 which were stolen by the Nazis in Holland.

U. S. Attorney William T. McCarthy, who described the bonds as "gilt-edged, blue chip" securities of American industries, said they were stolen during German occupation of The Netherlands.

Later they appeared in the French black market at prices much below their actual worth. Trading in the bonds, McCarthy said, had been forbidden by the treasury department.

Flew Bonds

The indictments charge the three fliers, Edward R. Ashton of Enfield, Conn. and Seymour Lerner and Gerald A. Rowland, both of Brooklyn, N. Y., flew the bonds to this country and that Wendell M. Weston, the broker, disposed of many of them.

In purchasing and transporting the securities, according to the indictments, the fliers violated the trading with the enemy act.

McCarthy said the government believed the trio conducted "a considerable business" in securities, banking some of the proceeds in Swiss banks to have American dollars available for additional purchases. The alleged violations occurred between Nov. 1946 and July 1947.

Weston a Veteran

Weston, whose home is in Weston, conducts a stock brokerage as Weston & Co., in the Boston financial district. He is 48 and a veteran of the first world war.

McCarthy said that soon after cessation of hostilities in Europe, a "black market" in American securities started operating. With that the treasury issued a list proscribing trading in certain issues. As officers in the air transport command, he said, the three indicted found it easy to bring in securities on their frequent trans-Atlantic crossings.

File Damage Suit For Crash Costs

George and Mildred Krohn of Coralville yesterday filed a \$7,376.50 damage suit against Fred J. Beranek of Solon and Leonard B. Stak.

The suit arose from a collision Oct. 23, 1946 between an automobile owned by George Krohn and a truck owned by Beranek. Stak was driving the truck and Mildred Krohn was driving the auto.

She asked \$6,676.50 with interest from Oct. 23, 1946 for hospital expenses and suffering. George Krohn asked \$700 with interest for damage to the automobile. They charged negligence.

Swisher and Swisher are attorneys for the plaintiffs.

T. J. Rambo Is Aboard Ship on Goodwill Tour

Thomas J. Rambo, husband of Mrs. Marguerite Rambo, 314 N. Van Buren street, is serving on the attack transport USS Carpellotti on the navy's 1948 Persian gulf cruise.

The Carpellotti is one of five ships of a task force that made goodwill visits to the Persian gulf ports.

Tonight's the Night

Fifteen Beauty Finalists at Atlantic City To Vie for Miss America Title

ATLANTIC CITY, N. J. (AP)—An Atlanta, Ga., dancer with curves where the judges thought they ought to be won last night's bathing suit preliminary contest in the Miss America beauty pageant.

(AP Wirephoto)

MISS MARYLAND wore a bathing suit of Hawaiian motif for her dance in the talent contest at Atlantic City last night. The gal, Juanita Lookabaugh, also designed the suit.

Miss Atlanta, whose name is Jerry Long, credited her well-proportioned figure to plenty of sleep, exercise and a well-balanced diet.

She has a 34-inch bust, 24-inch waist and 36-inch hips. The brown-haired, hazel-eyed winner has had dancing instruction for 14 years.

This is the last night of preliminaries.

For a third straight night the girls from 43 states, nine cities, Hawaii, Puerto Rico and Canada appeared in preliminary bathing suit, evening gown and talent contests.

Only 15 were chosen for tonight's final. From them a new Miss America will be selected.

Selections are not made on a comparison basis. One judge does not know how the others vote. A pair of public accountants tally the votes at the conclusion of each event. In the preliminaries winners of bathing suit and talent divisions are announced. But no public decision is made for the evening gown competition.

In addition to the girls selected last night as bathing suit and talent winners, these four girls already hold cups:

Bathing suit — Vera Ralston of Wichita, "Miss Kansas"; and Beatrice Shopp of Hopkins, "Miss Minnesota."

Talent — Dorothy Free of Chattanooga, "Miss Tennessee"; and Marilyn Robinson of Ogden, "Miss Utah."

DC-6 Fares Cut By United Airlines

United airlines yesterday notified the civil aeronautics board of its intention to reduce DC-6 round trip fare rates, according to a release received by Iowa City airport officials.

The extra surcharge which has been maintained for DC-6 passage will be removed and a five percent round trip discount will be offered on DC-6's as well as on other United planes, according to United's president, W. A. Patterson.

The airline president said that this move makes United DC-6 fares the lowest in the nation.

Thirty Hog Dealers Receive Suspensions

CHICAGO (UP)—The department of agriculture yesterday suspended 30 hog dealers, almost half the registered dealers at the Chicago union stockyards, for falsifying records of their operations. Suspensions ranged from 10 to 30 days.

The action followed an investigation by M. J. Cook, chief of the department's packers and stockyards division and a later hearing before an examiner.

The department said the dealers reported feed costs much higher than they actually paid and profits lower than they realized.

Cook said the false reports would not have affected hog prices, but would permit the dealers to operate under lower bonds.

The dealers operate in hog pens at the yards and assign their purchases to commission houses for resale. There are 67 such registered dealers at the yards.

ESTABLISH U. S. COURT NUERNBERG, GERMANY (AP)

An American military government court of appeal was established here yesterday as the highest judicial authority in the U. S. zone of Germany.

Sets Deadline for Contempt Settlement

George Livezey has until Oct. 15, to pay for his former wife's support or face a possible 10-day sentence for contempt of court.

Judge Harold D. Evans levied the sentence on Livezey yesterday in the Johnson county district court after Livezey was found guilty on 17 separate charges of contempt.

Livezey's former wife, Margaret, received a divorce April 4, 1947. At that time Livezey was ordered to pay \$70 per month for support of the plaintiff and children.

Evans ruled him guilty of 17 separate contempt charges because Livezey failed to pay support for 17 months.

Evans ordered that Livezey must catch up on the payments and said Livezey would not be assigned to jail until then and the action would be done only on a separate court order.

Emil Trott represented Livezey at the hearing which was held Thursday.

Plan To Move 75,000 DP's to U. S. by June

GENEVA, SWITZERLAND (AP)—The international refugee organization (IRO) plans to move 75,000 displaced persons to the United States by the end of June, 1949, according to budget estimates published yesterday.

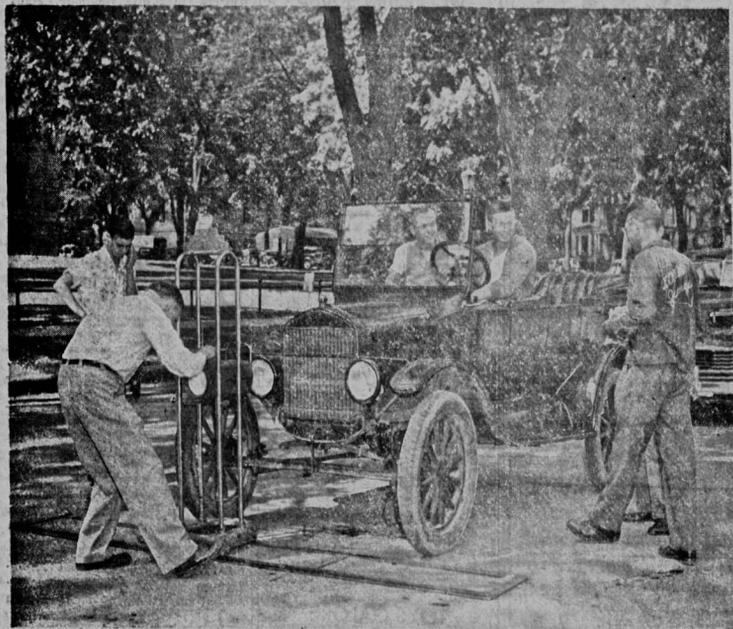

The movement to the United States, under the American displaced persons act authorizing the admission of 205,000 non-quota immigrants, is expected to begin in October.

ACTRESS ASKS DIVORCE LOS ANGELES (AP)

Actress Gloria De Haven, 23, sued Actor John Payne, 35, for divorce yesterday.

The couple, married here Dec. 28, 1944, has been separated several times.

There's Life in the Old Girl Yet

(Daily Iowan Photo by Jim Showers)

OLD BUT ALMOST OKAY, that was the verdict yesterday for Dick Pownall's 1925 model T. Ford. Owner Pownall is seated at the wheel and Mickey Thomas, 314 E. Fairchild street, whom Pownall is visiting, is seated next to him. Pownall's car lacked a rear view mirror and windshield wiper.

Jaycees' Safety Lane Closes

Dick Pownall, junior at Iowa State college in Ames, found yesterday that his 1925 Model "T" Ford compares favorably with late model cars.

The aged automobile didn't pass through Iowa City's voluntary safety lane. But officials at the lane found fault with only two items—no windshield wiper and a broken rear view mirror.

Pownall, who is visiting here with Mickey Thomas, 314 E. Fairchild street, said the mirror was broken off recently when he was coming here from Wyoming.

He said the car had been driven about 2,500 miles since he acquired it this spring.

Yesterday the safety lane closed after passing about 22 percent of the 993 automobiles which came to the Junior Chamber of Commerce sponsored inspection point. The inspections were made at

Iowa avenue and Jefferson street. Harry B. Dunlap, chairman of the project, said last night that he was "surprised at the number of cars, new and old, which were out of alignment."

Front alignment, he said, was one of the major defects of the cars which entered the lane. Complete reports on the safety lane will be available later this week.

LICENSES TO 4 COUPLES

Marriage licenses were issued yesterday at the Johnson county district court to William H. Schumann Jr. and Eunice Vere Doaks, Edward Junior Shannon and Mary Wicks, all of Iowa City, Louis A. Fitzgerald, Davenport, and Jeanne Kloster, Minneapolis.

Minn. and Cecil Meeker and Phyllis Birkinbine, both of Farson, Iowa.
