Fair and clear today. Tomorrow mostly cloudy and cool. High today 35; low 29. Yesterday's high 40; low 26.

Seven Years Ago, a Shattered Calm

It was just seven years ago today that the Japanese shocked the world with their surprise attack on Pearl Harbor.
With war clouds hanging ominously over the U.S., Japanese envoys continued to talk peace in Washington while their country was busy with plans for an attack which plunged the U.S. into a second world war in 25 years.

globe-trotters produced by the war is John Carroll, L4, Des Moines.
During his three-year stint in the Army, Carroll visited 16 European countries. Then, on V-J day, he sailed with the 97th division for Japan.
Nearly every country of the world felt the weight of U.S. servicemen sometime during the war. Even before the actual outbreak of war, Americans in uniform were serving on foreign soil.

fer with his secretary of state, Cordell Hull.
Out of the conferences came a decision not to back down to the Japanese in the question of evacuating troops from Indo-China.
With each Hull peace offering, the Japanese envoys claimed the terms were "utterly impossible."
On Dec. 5, Britain declared war on Finland, Rumania and Hungary. A silence covered the White House that day.

wars," the paper said.
Just one day later, Dec. 7, 1941 about 2 p.m. Iowa time, Jap bombers and fighter planes zoomed out of the sky and nearly leveled the U.S. fleet which was tied up at Pearl Harbor.
As the tide of war swept over the nation, Congress met in hurried session and brought forth an instant approval of the president's plea for a declaration of war.
In the days following, panic swept the country as enemy tubs and planes were reported just off the California coast. On Dec. 9 two squadrons of enemy planes were "detected" over southern California. Similar false reports cropped up periodically throughout the early phases of the war.

Elsewhere on the American scene, Mel Ott was named manager of the New York Giants in a surprise move; "Sergeant York," a movie based on the life of a World War I hero was winning applause; the SUI varsity basketball team licked the freshman squad, 58-16; and shirts were being advertised for \$1.50 at a leading New York department store.
Lt. Abner was steeped in trouble. Rodin Rodent, a love-sick sculptor, was spraying the comic strip hero with a substance which made Yokum appear to be a statue.
It was just seven years ago today that we began our search for peace. Not an awful lot has changed. We're still searching — and Lt. Abner is still in trouble.

Chambers Says Hiss Got Papers

UN Refuses To Recognize Soviet Korea

PARIS (AP) — Russian bloc demands for recognition of the Soviet-sponsored regime in northern Korea were rejected yesterday by the United Nations political committee.

The vote was 34 to 6 against a Czechoslovak proposal that the northern Korean government be invited to send representatives to the Korean discussions in the UN general assembly. Only the six countries in the Russian bloc voted for the proposal.

Invited South Koreans
The committee then invited representatives of the Republic of Korea, which now has authority only in the American-occupied zone to take part in committee debates. The vote this time was 39 to 1, with the Soviet group again on the losing side.

While the political committee wrangled over the Korean question, the general assembly took a formal decision to end the present session next Saturday night or early Sunday and to resume its work in New York next April 1.

Fourth Adjournment
The adjournment date was fixed after Britain lost two attempts to continue the assembly session. Hector McNeil, British minister of state, first proposed the assembly remain in session until it had completed all the 30-odd items left on its agenda. When this was voted down, McNeil proposed the delegates continue the Paris meeting until Dec. 15. This also was rejected.

WHITTAKER Chambers, self-styled former member of the Communist party in America, leaves the federal courthouse in New York City. He testified before a special grand jury investigating subversive activities here yesterday.

States Charge In Libel Case

Statements Recorded By House Committee

WASHINGTON (AP) — Sworn testimony that Alger Hiss, as a state department official, obtained government documents for a Russian agent was spread yesterday on the records of the house un-American activities committee.

The testimony was by Whittaker Chambers, admitted one-time Communist courier whom Hiss is suing for libel; it came from preliminary proceedings in the libel suit and named a "Colonel Bykov" as the Russian agent.
In New York Hiss said, "I deny without qualification the accusations made in that testimony."

He added "inasmuch as this matter is now before the grand jury, I do not feel it appropriate to comment further at this time."

Rep. Nixon (R-Calif.), chairman of an un-American activities subcommittee, read excerpts from Chambers' testimony to reporters. Nixon explained: "It is time now that the public be apprised of Mr. Chambers' allegations" as to where he got government documents when he was a pre-war worker for the Communists.

This new chapter in the already long Hiss Chambers case was supplied as the two principals testified in secret before a federal grand jury in New York.

They appeared before the jury by court order in a follow-up to committee reports of finding new and startling evidence of a pre-war Communist underground in the state department.

The new evidence — microfilm copies of secret state department documents — prompted Rep. Rankin (D-Miss) to declare: "Information in some of these documents undoubtedly contributed to the Hitler-Stalin pact, and it is entirely probable they they contributed to the Pearl Harbor attack."

Rankin said his authority was the word of "one former high official, who is in a position to know." He did not name him.
The testimony Nixon added to the committee files, however, does not relate to the microfilms of these documents, the congressman said.

May Drop Charges Against Film Actor

TOPEKA, KAN. (AP) — Charges filed against Film Star Robert Walker after a wild melee at police headquarters may be dropped, City Attorney Frank Eresch said yesterday.

Authorities described the actor as "a sick man, under treatment at Menninger clinic here."
Charges of drunkenness and destruction of public property were filed after three window panes were smashed and a police sergeant was injured in a scuffle with Walker early Sunday.

The case was set for this afternoon in police court, but the city attorney said the charges may be dropped or continued for a later hearing, depending on the disclosure of an investigation of Walker's condition.

A spokesman for MGM in Hollywood issued a statement there saying the 29-year-old actor, who has a \$100,000-a-year contract, was "quite ill" and under treatment.

Greeks Lag, Truman Says

WASHINGTON (AP) — President Truman said yesterday that despite \$170-million in American aid a "stalemate" has developed in Greece's struggle to wipe out Communist-led guerrillas.

In a report to congress, Mr. Truman also forecast rejection of a plea for U.S. aid to expand the Greek army — reportedly from its present strength of 168,500 to 250,000. He took the position that the American-aided army is big enough to do the job but failed to press its campaign vigorously enough.

The report said, "So far as number of troops, supplies and equipment are concerned, U.S. authorities are confident that the Greek army, navy and air forces possess the capability of restoring internal security in Greece in the face of a guerrilla movement of the present proportions."

The report, covering progress of the two-year \$625-million Greek-Turkish aid program during the three-month period ended Sept. 30, said American commitments to the Greek armed forces have reached \$239,754,826.

Bewhiskered Bandit Escapes on Bicycle

MUNCIE, IND. (AP) — A whiskered robber escaped on a bicycle with \$28,579 yesterday after he and a companion held up two officials of Muncie's largest department store.

The two men were accosted as they were taking the money to a bank. The money, cash and checks was being carried in a small black satchel.

Fred Staver, credit manager of the store, said a man walking ahead of him turned around and drew a gun. Facing Staver and William Jones, assistant to the store manager, the man was quoted as saying: "Drop that bag. I'll shoot you. I'll kill you."

The credit manager said he dropped the bag and then was ordered to turn and face the other way. Behind them, he told police, stood a younger man who pocketed as though he had a gun.

Jones said he saw the armed man take the bag and run down the alley. His younger companion then turned and ran the other way.

Staver chased the younger man for a block and a half. A passer-by ran after the whiskered gunman but lost him when the robber jumped on a bicycle left in an alley and peddled away.

Ship Rescues 33 Survivors Of Air Crash

JOHNSTON ISLAND (AP) — Thirty-three survivors of the mid-ocean crash of a C-54 transport plane were plucked from the Pacific ocean by the carrier USS Rendova last night after drifting for 39 hours in two tiny rubber life rafts.

The Rendova, which speeded to reach the scene three hours after the life rafts were sighted by a searching navy privateer patrol bomber, launched whaleboats in the fading light of dusk to rescue the cheering airmen from the ocean.

There was no immediate word of the fate of the other four men who were aboard the giant off-engine plane when it disappeared at 4 a.m. Sunday. It was not known whether the four were still bobbing around somewhere in the Pacific or if they had gone down with the plane.

Cpl. Dale C. Strawn of Oelwein, Ia., was a passenger on the C-54 transport plane, the Spokane air force base announced yesterday.

Scene of the rescue operation was officially reported to be about 490 miles southwest of this tiny mid-ocean sandspit, or about 180 miles southwest of the spot where the plane crash-landed Sunday.

Navy sources said the Rendova would take the survivors to Kwajalein before resuming its interrupted voyage to Guam.
The four-engine transport, carrying 30 air force enlisted men and a crew of seven, was one of a flight of four military air transport service planes ferrying personnel from Okinawa to the United States.

Singer Arrested; Must Face Music

HURON, S.D. (AP) — A stranger waited quietly yesterday for a musical program to end at the junior high school auditorium, then arrested a singer.

The performer booked at the city jail by FBI agent Milton Kuhl was listed as Arlo Tatum, 25, of Knoxville, Ia. Kuhl told Police Chief Harvey Huntley the Iowan faces a charge of failure to register for selective service.

HOMEWORK ABOLISHED
CHELMSFORD, ENGLAND (AP) — The Essex County education committee abolished home work for school children yesterday.

Supreme Court Intervenes, Delays Japanese Executions

WASHINGTON (AP) — The supreme court decided yesterday to go into a question of international import: whether it has power to interfere with an allied tribunal which sentenced seven Japanese leaders to hang as war criminals.

In another case involving Alabama's 11 presidential electors, the court decided not to interfere. It declined to order the electors to vote for the Truman-Barkley ticket.

The vote to entertain arguments in the war crimes case was 5 to 4. Justice Jackson, who was the chief prosecutor at the first war crimes trial in Germany, cast the deciding vote.

He did so although he said the decision is "bound to embarrass the United States." This is because President Truman, as commander in chief, invited this country's Pacific allies to take part in the Japanese war crimes tribunal.

Hearings were set for Dec. 16. Directly involved in the case are

Berlin Election Tally 'Invalid', Soviets Say

BERLIN (AP) — The smashing municipal election triumph of the bitterly anti-Russian Social Democratic party intensified yesterday the East-West struggle over Berlin.

Col. Alexis Yelizarov, deputy Soviet commander for Berlin, told the Soviet-licensed press yesterday that the Russians consider the elections in the western sectors "unconstitutional and their results invalid."

In defiance of Communist threats the Germans of Western Berlin turned out a near record vote of 86.2 percent of the electorate.

From the Russian point of view, the voters added insult to injury by giving a majority of 64.5 percent to the Social Democrats, a militantly anti-Communist organization. The other two parties which participated, the Christian Democrats and the Liberal Democrats, also are anti-Communist.

Although the Communists boycotted the election, persons who analyzed the returns said the size of the turnout gave direct evidence that Communist strength in Western Berlin had been cut in half in two years.

Ernst Reuter, Social Democratic leader, will become mayor of the new municipal government. He was barred from office by the Russians last year.

Berlin workers yesterday forced Communist Hans Witte to resign from the board of directors of the great Bewag Electric Power company by threatening to strike.

Union leaders also ordered anti-Communists not to report for their jobs today in power plants in the Soviet sector, but to start to work at plants in Western Berlin.

Allied officials said the events of the last week have dimmed the prospects for settling the whole East-West argument over Berlin.

Jail 4 College Students For Failing to Register

OTTUMWA (AP) — Four college students charged with failing to register under the selective service act were held in Wappello county jail today after failing to post \$500 bonds.

One other youth, Herbert Hoover, Ottumwa, posted \$500 bond and was released. The five were indicted last week by a federal grand jury.

Gen. Kenji Doihara, 64, and former Premier Koku Hirota, 70, who were sentenced to die, and five others given prison sentences. Their American attorneys attacked the legality of the Tokyo trials.

Wartime Premier Hideki Tojo and four others doomed to death filed no appeals. But they have, of course, a vital indirect interest in the case. For example, if the Supreme court should declare the allied tribunal invalid, it is considered highly questionable whether the sentences the tribunal imposed would be carried out by Gen. Douglas MacArthur.

43 Students Get Phi Beta Kappa

Two housewives and a foreign student were among 43 SUI students elected yesterday to membership in Phi Beta Kappa, national honorary scholastic fraternity.

Mrs. Catherine Y. Byram, Toledo, and Mrs. Marion L. Ferguson, Washington, were able to combine housework and homework to meet the requirements for membership to the scholastic society.

Michael J. Flach, Prague, Czechoslovakia, also maintained at least a 3.2 overall grade average, basic requirement for election.

Initiation of new members will be in Old Capitol, Jan. 24. Dean Harvey H. Davis will be guest speaker at the initiation ceremonies.

Officers of the SUI chapter are Prof. Lloyd A. Knowler, president; Mrs. George Glockler, vice president; and M. L. Huit, secretary-treasurer.

Persons elected to membership who will be eligible for bachelor of arts degrees in Feb., 1949, are: John M. Alexander, Ainsworth; (See SCHOLARS, Page 8)

Uranium Deposit Discovered in Colorado

BOULDER, COLO. (AP) — Discovery of a uranium-laden vein of pitchblende in an old Colorado silver mine near here was described last night by G.C. Ridland, Denver geologist, as "the best potential deposit of uranium-bearing pitchblende I've seen on this continent."

Ridland, who said he had been devoting his time entirely to discovery of "A-ore" since 1943, said the new deposit was found in the old Caribou mine on Caribou hill,

five miles west of Nederland, at a level of 1,040 feet. He said that the ore became progressively richer as greater depths were reached.

The geologist indicated that the owner-firm, the Consolidated Caribou Silver Mines, inc., expected the value of the pitchblende deposits to increase as the shaft was extended downward from its present level. Ridland pointed out that it is characteristic for pitchblende deposits to increase as the depth of the deposit increases.

Chinese Communists Claim Encirclement Of 3 Chiang Armies

NANKING (AP) — The Chinese Communists announced last night they had trapped and were rapidly destroying three government army groups which abandoned Su-chow to try to aid another encircled group 60 miles southwest.

This was the force which had been the government's main reliance to stave the Communists off from Nanking less than 200 miles to the southeast.

Comprising the second, 13th and 16th army groups, it was estimated to total 250,000 men, of whom 110,000 were combat troops.

The Communist broadcast, heard in Nanking, said 20,000 already had been "annihilated" in fighting from Dec. 2 through Dec. 4.

It said all the others, including many civilian officials from Su-chow, were locked in a "manifold" encirclement and soon would be wiped out if they refused to surrender. It said the whole force totalled 22 divisions.

There was no confirmation from government circles of such a staggering blow, but generalized reports from the front lent strong color to the Communist claims.

Cool Temperatures, Clear Skies Follow Near-Blizzard Storm

The weatherman last night promised clear skies and cool temperatures today, following Sunday's storm which brought heavy winds and a small amount of snow to Iowa City.

Temperatures in Iowa City today should range from a low of 20 to a high of 35.

Most of the snow which fell here Sunday disappeared yesterday when the mercury rose to 39 at 12:30 p.m. The low yesterday morning was 26 degrees.

Travel conditions yesterday in Johnson county were normal and the highways and country roads were free of ice.

Most of the state caught a storm of near-blizzard conditions and some roads were still reported icy yesterday. Five inches of snow fell on the northwestern section of the state.

Striking from Kansas to northern Minnesota, the storm last night headed into Canada. Temperatures at freezing or below clung over much of the north central portion of the nation and somewhat colder temperatures are forecast for today except in the Rocky mountain and western plains regions.

As if anticipating the falling temperatures, weather officials at Snag in the Yukon territory reported that the mercury fell to 67 degrees below zero, the lowest temperature recorded this winter on the North American continent.

Deadline Nears for War Bride 'Airlift'

NEW YORK (AP) — An airlift to beat a Dec. 27 deadline yesterday began landing plane loads of war brides from Germany.

After the first four airliners had arrived, 77 happy wives and children of American soldiers stood for the first time on the soil of their foster land.

There were 49 wives and 28 children.

Most were born in Germany, a few in Austria or France. Their American husbands and fathers came with them, furloughed or transferred.

Dec. 27 is the last day of the war brides act. It waives immigration restrictions for wives of G.I's.

Commercial airlines stepped up their army-activated schedules to give the couples and their children their last chance to benefit.

Harrison Promises to Work on Guards; Weiss, Dille, Mason Top Point-Makers

Basketball guards are in for a big shake-up at the hands of Iowa Coach "Pops" Harrison next weekend.

"These other teams still are getting too many shots and our defensive coordination is not especially good," Harrison said yesterday. "I plan to shift the

TOM PARKER

guards around this week, hoping to find the right combination." Iowa defenses have held two opponents so far to 44 points, each.

But Harrison still says the guards will get a lot of work this week in preparation for Creighton of Omaha Saturday and Ithaca college of New York Monday.

Except for Tom Parker and Tony Guzowski, the rear-court men have not come up to the

scoring pace of the other team members.

In figures for the first two games, Parker had hit 14 points for a percentage of .400. Guzowski was hitting .364 with eight points.

Team Leader is Center Al Weiss. Weiss totalled 22 points with nine field goals and four free throws. His shot percentage was .529, also team high.

Forward Glenn Dille followed with 19 points on an average of .345. Other high Hawks were:

Mason, 15 points, .467 average; Hays, 10 points, .333 average; Riecks, eight points, .429, and Straatsma, seven points, .429.

Mates Honor Ace Passer, Quarterback

Iowa's most valuable football player award for 1948 goes to its forward passing sensation, Al DiMarco.

The Mason City senior was selected by his teammates for the honor, making him eligible for the Chicago Tribune's award, to the most valuable player of the Big Nine.

DiMarco's passing which amassed 1,105 yards, set a new Iowa record for an individual. He hit on 64 of 161 passes, for a near 40 percent. Five of Al's tosses were good for touchdowns, and only 13 fell into enemy hands.

AL DIMARCO

Bandy-legged Al didn't have the speed of other quarterbacks, but on occasion he picked up important first downs on end run "bootleg" plays or squirmed through on quarterback sneaks.

Probably his greatest aerial and running displays came in the season finale against Boston U. He completed 10 passes in 18 attempts for 246 yards and he carried the ball for 37 yards. He twice hit Jack Dittmer for touchdown flips, one for 55 yards.

The Little Hawk also passed for 201 yards against Mighty Notre Dame. He netted 125 against Purdue, 97 against Minnesota, and 82 against Wisconsin.

Minnesota and Boston paid tribute to DiMarco by placing him on their all-opponents' team.

Irish Starters Back; Soar to 74-27 Win

St. Pat's broke a three game losing streak here last night as the Irish literally slaughtered St. Mary's, of West Point, to the tune of 74-27.

Aiding in the victory were Bob Grady, Dennis Tate, and Bernard O'Connor, who had been reinstated after their suspension Friday for breaking training.

Sophomore Jerry Cunningham started the scoring with three quick baskets to set a pace which put the Irish ahead 36-11 at the end of the first half.

With few reserves and little height the inferior St. Mary's team didn't have a chance.

Jerry Cunningham, Alvin Streb, and Bernard O'Connor each scored 11 points to pace the Irish offense.

Rossie Loses Decision To Slavin in 4 Rounds

Bob Rossie, Iowa City welterweight, dropped the first bout of his professional career last night to Jerry Slavin at Austin, Minn. The bout went four rounds to a decision.

Slavin is a former Minnesota Golden Gloves champion.

Rossie has now won one knockout, been held to a draw, and lost a decision in three professional fights.

LINCOLN, NEB. (AP) — Big Jim McIntyre and the University of Minnesota out scored Nebraska 61 to 52 in a furious basketball contest here last night.

McIntyre, the Gophers' six foot, nine inch center, scored 30 points. McIntyre, and a sophomore forward, Whitney Skoog who scored 17 points, accounted for all but 14 of the Minnesota markers.

Pitt Anchors Navy Captain Tom Hamilton

PITTSBURGH (AP) — Navy Capt. Tom Hamilton yesterday accepted Pitt's athletic directorship and the university hailed his decision as "an early visit from Santa Claus."

The 42-year-old Naval academy athletic director will report here Feb. 1 as director of physical education and athletics, a new title at Pitt. That date coincides with the date Navy Secretary John L. Sullivan agreed to allow Hamilton to retire.

Hamilton's salary here reportedly will be about \$15,000 under a contract which a Pitt source doubted would be for longer than five years. Contract signing may occur within the next fortnight. Hamilton previously was scheduled to be a guest of the Monday quarterbacks at their banquet here Dec. 15.

The navy war and athletic hero telephoned his acceptance to Pitt chancellor Rufus B. Fitzgerald. This action ended a week of speculation over whether the navy would permit him to retire to a civilian job.

Hamilton announced in Washington he was retiring from the navy after 25 years of service to devote all of his time "to the development of youth."

UP Poll Shows —

Big 9 Favors Spartans

CHICAGO (UP)—A United Press survey indicated yesterday that Michigan State will be accepted as the tenth member of the western conference this weekend if the league's faculty representatives are convinced the circuit should expand.

A poll of the faculty members, who must vote to admit the Spartans or reject their bid for the third time, showed that none objected to the institution. But not all of the faculty members were certain the Big Nine wanted to expand.

"The league has been doing all right with nine members," an athletic director said, "and the problem isn't one to admit an individual school but rather if the league should return to the old Big Ten."

Faculty representatives were expected to vote on the Michigan State petition soon after they convene at the annual winter meeting of the conference opening Dec. 10.

Among the items on the agenda was preparation of football schedules for 1950, 1951, and 1952 and should Michigan State be admitted, its representative would have to participate in the work.

Michigan State first applied for membership in the conference June 1, 1946 when the University of Chicago withdrew. In March, 1947, President John Hannah of the college stated he wished the conference to consider the application as continuing.

Since the application was first made, Michigan has been expanding its athletic facilities in hopes of joining the Western conference.

The football stadium before the last season was enlarged to seat 50,000 fans and already for the 1949 grid seasons the Spartans have two Big Nine opponents, Michigan and Minnesota.

In basketball this season Michigan State will meet six of the nine members of the conference.

For basketball the college has a fieldhouse seating of 15,000.

In addition the school adheres to Big Nine and NCAA athletic practices and uses Big Nine officials at its games.

One objection from Big Nine representatives to Michigan State's bid earlier was against its system of "Jenison scholarship" for athletes. In conformance with the objection the college dropped the system and now follows the NCAA and Big Nine codes religiously.

Ramblers Beat Loras, 27-19

(Special to the Daily Iowan) DUBUQUE — A smaller St. Mary's five outthrew Loras of Dubuque, Monday night to gain a 27-19 victory.

The low scoring game was featured by scrappy floor play and the inability of both teams to hit the hoops consistently.

The Ramblers got rolling in the third quarter with Paul Flannery showing the way. He poured in seven points to give St. Mary's a comfortable 21-11 lead. The best Loras could do in the fatal third quarter was two free throws.

Bob Bertsch paced Loras with seven points while Flannery captured scoring honors with 13 markers.

The win was St. Mary's seventh against one setback.

DES MOINES (AP)—The Drake Bulldogs defeated Iowa State, 53-38, in a ragged basketball game here last night.

The game degenerated into a free throw contest in the last half, as Iowa State got only two field goals and Drake four in the period. Drake was leading, 32-24, at halftime. A total of 61 fouls were called in the game. The

Religion Week Meeting Today

Planning for Religion in Life week will get under way this afternoon at 3:30 in the YMCA rooms at the Iowa Union when the organizational meeting for the event will be held by the Student Christian council.

Religion in Life week will be held from Feb. 27 to Mar. 3. It is an annual campus event in which top religious leaders from various parts of the country are brought to the campus to speak in housing units, conduct special discussion groups and do personal counseling.

Sue Gronna, chairman of the Student Christian council, said today's meeting is for all students who have indicated an interest in the event. All students who have not signed up but would like to help work on the plans can sign up in the YMCA rooms, she added.

Miss Gronna said various committee chairmen will be announced this afternoon and duties of different committee members will be outlined.

Thompson Plans Talk For Kiwanis Meeting

Prof. C. Woody Thompson of the institute of business and economic research will address the Kiwanis club at a noon luncheon today at Hotel Jefferson.

Thompson will speak on "Business and Economic Research" and give the general program and operation of the bureau, Prof. Robert Bowman, program chairman, said yesterday.

128 S. Dubuque St.

"Handsome, yes...but that new mainspring makes history!"

said ROBERT MONTGOMERY when he learned the facts on the new DuraPower Mainspring in ELGIN Watches.

"BEST-DRESSED MAN" Robert Montgomery co-starring in "The Saxon Charm" Universal-International Picture

You wear an Elgin Watch with assurance that it is superbly smart in its styling, for Elgins are acclaimed by "best dressed" men and women everywhere. But there's a miracle story that will excite you too, just as it did Robert Montgomery. It's Elgin's exclusive DuraPower Mainspring. Here in the part that runs the watch is truly a history-making achievement.

This miracle mainspring will never rust—and rust is the greatest cause of breakage. It will hold its "springiness" for a constant accuracy never before possible in any watch. Eliminated are 99% of all repairs due to steel mainspring failures!

The one who is buying a watch for you will appreciate a hint—"an Elgin with the DuraPower symbol 'dp' on the dial." It's sure to be smartly styled.

Lord and Lady Elgins are priced from \$67.50 to \$5000.00. Elgin De Luxe from \$47.50 to \$67.50. Other Elgins as low as \$29.75. All of these prices include the Federal Tax.

YPA Names Larry Kaplan State Leader

Larry Kaplan, vice-chairman of the SUI Young Progressives, Sunday was elected chairman of the Iowa Young Progressives of America.

Kaplan's election was a part of a YPA meeting in Cedar Rapids at which a state YPA organization was formed.

The immediate objective of the newly formed state YPA will be to form a "real organization" by building up YPA groups formed before the Nov. 2 election and organizing new clubs, Kaplan said.

The Cedar Rapids conference passed these resolutions:

1. Civil rights. YPA seeks to enforce and strengthen existing civil rights laws and establish adequate penalties for violations.

2. Educational opportunities. YPA recommends that the state government insure that no worthy students are denied advanced education because of financial incapability, race, religion or political beliefs.

3. The political ban. YPA recommends abolishing the ban on speeches by avowed political candidates on the campuses of state-supported schools.

4. Voting age. YPA proposes that the legal voting age in Iowa be lowered to 18.

5. State highways. YPA proposes that the "disgraceful and dangerous" condition of state highways be rectified by utilizing the surplus in the state treasury.

6. Farms. This resolution proposes 100 percent farm parity, hot school lunches and hard-surfaced roads in farm areas.

\$23,350 Damage Suit Filed in Local Court

Richard N. Whitney, Iowa City, yesterday filed a \$23,350 damage suit against Marion R. and William T. Smothers, route 6, in Johnson county district court as a result of an auto-motor scooter accident on Highway 218 north of Hills last Aug. 13.

Whitney said he was driving his motor scooter towards Iowa City when a car, owned by William Smothers and driven by Marion Smothers, struck him from the rear at the foot of Indian Look-out hill.

The plaintiff said he was thrown from the scooter and knocked unconscious. He said he suffered severe shock, a broken leg and pelvis, and many cuts and bruises.

The plaintiff said he was hospitalized for three weeks, and later was forced to return to the hospital for additional treatment.

Two Fires Within Hour Keep IC Firemen Busy

Two small fires 47 minutes apart were reported to the Iowa City fire department last night.

At 5:50 p.m. a burning soldering-iron heater caused slight damage at Hock and Joe's Skelly station on the corner of Gilbert and College streets.

At 6:37 p.m. a tarpaulin covering a newly-dug hole south of the fieldhouse was set afire by a nearby lighted flare. Damage was slight.

Oslo Summer School to Be Open to Americans

The University of Oslo, Norway, will open its doors to American students again this summer, Norman Norstrand, an American dean of students announced yesterday.

The summer session courses, to be conducted in English, will include science, the humanities and a general survey of Norwe-

gian culture, Norstrand said. A maximum of six hours credit, which in most cases are transferable, will be allowed during the six weeks period from June 27 to Aug. 6, he added.

To be eligible to attend the school a student must have completed his sophomore year, have a good academic record and be

in good health, Norstrand said. Last year, he added, tuition for six weeks amounted to about \$300, to which the students had to add \$320 to \$400 for a round trip on the "S.S. Marine Jumper."

Applications and catalogues may be obtained from St. Olaf college, Northfield, Minn., official headquarters in America for the

summer session, Norstrand said. The University of Oslo is one of the European schools that have been approved by the Veterans Administration.

Shut-In Kids to See Santa

The eleven pupils in the Iowa Hospital School for Severely Handicapped Children couldn't go to see Santa Claus — so Santa Claus will go to see them Dec. 16.

Santa's visit will coincide with a special Christmas party being arranged by Iowa City Jaycees for the handicapped youngsters.

Sharing the spotlight with St. Nick will be entertainers Judy Hills, tap dancer; Leo Cortimiglia, accordionist, and Dr. Robert Bickford, magician. The traditional Christmas poem, "Night Before Christmas," will be read by Don Graham.

Other highlights of the party

will include ice cream confections and Santa's presentation of gifts contributed by the Jaycees.

Headed by James Swamer, the Jaycee committee planning the party is composed of Tom Welch, Don Moore, Homer Berven, Joe Geata and Don Rogers.

The Iowa hospital-school was established to provide education and treatment for children so severely handicapped that they cannot attend a public school. It is conducted in conjunction with the activities of the children's hospital, the college of medicine and the college of education.

Ginkgo Trees

To Be Planted at St. Wenceslaus

Iowa City is going to have some of "the most unusual trees in Iowa" when four ginkgo trees replace the row of ash, elm, linden and basswood beside St. Wenceslaus Catholic church at 630 E. Davenport street.

The more common trees are being removed because they were planted too close to the church and are now so big they hang over the roof. Marlen Messer, Cedar Rapids tree surgeon, said the trees had been "topped" years ago and "practically ruined."

The ginkgo trees, also called maidenhair trees, will be planted some time next year, Messer said, and should grow to about 50 feet at a rate of nearly one foot per year. The trees are a cone-shaped, evergreen type with fan-shaped leaves.

Messer said the trees originated in Asia and were brought into Japan during the 17th century. They reached the United States about one hundred years ago by

way of Holland and England. There is a street of them in Washington, D.C.

A new variety of ginkgo tree developed especially for city streets will be planted at St. Wenceslaus. Messer said it is one type of tree that is resistant to all types of diseases.

Students' Recital Planned for Today

Ten numbers will be presented at a student recital today at 4:10 p.m. in north music hall.

Student musicians who will participate are Patricia Herrick, oboe; Elbert Masmar, clarinet; Alan Tyree, bassoon; Maralen Sloan, flute; Robert Fisher, tenor; Lillian Parizek, mezzo-soprano.

Wesley Bolin, saxophone; Fred Nordstrom, baritone; Penny Dykstra, soprano; Sylvia Lerner, piano; Roma Riss, mezzo-soprano and John Miller, tenor.

ISSUE MARRIAGE LICENSE

Marriage licenses were issued yesterday in the Johnson county clerk's office to Bill Teel, Buffalo, Iowa, and Vernice Coonts, Davenport, and LaVern D. Steiger, Winner, S. D., and Donna Garrison, Presha, S. D.

Woods Larceny Case To Be Heard Friday

Bernard M. Woods of Iowa City was charged in police court yesterday with larceny totaling less than \$20.

Police reports said Woods took several packages of meat from the Buehler brothers store, 123 S. Clinton street. The complaint was signed by store manager, H.E. Colson.

Woods was released on bond and his hearing set for Friday.

Child Dies of Polio At SUI Hospitals

One polio death was reported at University hospitals yesterday leaving the total number of active patients at three.

The victim was three-month-old Margaret Clough, daughter of Mr. and Mrs. Ray E. Clough, Mason City. Her death at 6:25 a.m. yesterday marks the first for the month of December. She was ad-

mitted to University hospitals on the active polio list at University hospitals.

She is Mrs. Arthur Anderson, McCausland, whose husband died of polio Saturday in a Clinton hospital.

Shut-in Kids to See Santa

The eleven pupils in the Iowa Hospital School for Severely Handicapped Children couldn't go to see Santa Claus—so Santa Claus will go to see them Dec. 18.

Headed by James Swanner, the Iowa Hospital School for Severely Handicapped Children is planning a special Christmas party being attended by Iowa City Jaycees for Don Moore, Homer Berken, Joe Geats and Don Rogers.

Shining the spotlight with St. Nick will be entertainers Judy Hills, Ted Dancer, Leo Cortright, accountants, and Dr. Robert Bickel. The traditional Christmas party cannot be held in the school building because of the cold. The party is being held at the Iowa Hospital for the Severely Handicapped, 1000 E. 17th St. The party will be held at 7:30 p.m. and will be broadcast on WOI-TV.

Ginkgo Trees To Be Planted at St. Wenceslaus

Iowa City is going to have some of the most unusual trees in town when four ginkgo trees are planted at St. Wenceslaus Catholic church at 830 E. Davenport street.

The more common trees are being removed because they were planted too close to the church and are now so big they have overhanging branches.

Roberts tree nursery, said the trees had been "lobbed" years ago and "practically ruined."

The ginkgo trees, also called maidenhair trees, will be planted next year, Messer said, and should grow to about 50 feet at a rate of nearly one foot per year. The trees are a cone-shaped, evergreen type with fan-shaped leaves.

Messer said the trees originated in Asia and were brought into Japan during the 17th century. They reached the United States at Garrison, Wis., and Donna

Nursing School Marks 50th Year

Jubilee Dinner Held, Director Given Ring

The presentation of an opal ring to Miss Lola Lindsey, acting director of SUI's school of nursing, highlighted the Golden Jubilee banquet held last night in the river room of the Iowa Union.

About 260 persons attended the 6:30 p.m. banquet which climaxed a week of festivities commemorating the school of nursing's 50th anniversary.

The ring, given to Miss Lindsey by the nursing students and their colleagues, was presented by Miss Mabel Darlington, a former nursing arts instructor at SUI.

Miss Lindsey has been associated with SUI's school of nursing since her graduation from here in 1921. During her 27 years of service she has instructed over 2,000 students in nursing arts. She became acting director of the school in 1947.

A style show and introductions were also featured on last night's after-dinner program.

Mary Wicks Shannon, nurse at University hospitals, narrated the style show in which student nurses modeled nursing uniforms from 1910 up to date.

The student "models" included Elizabeth Barry, Iowa City; Joy Marjanski, Des Moines; Dona Mae Dietz, Walcott; Regina Plum, Grinnell; Mary L. Sandberg, Algona; Rosemary Schaefer, Breda; La Rue Dietz, Manning, and Lois Betts, Menlo.

The oldest returning graduate at the banquet was Mrs. Mary Holden Lamb, Dunkerton, who graduated from SUI's school of nursing in 1900. She was introduced last night along with Mrs. Edith Sheetz, a 1903 graduate from Cedar Rapids, by Miss Blanche McGurk, nursing instructor at Mercy hospital.

Introductions of graduates last night included two women authors. They are Miss Lena Dietz, an SUI graduate of 1916 who has

authored two texts entitled "Professional Adjustments," and Miss Amy Francis Brown, a 1936 graduate and author of "Medical Nursing."

Eight letters of congratulations were ready at the banquet by Miss Margaret Fagen, supervi-

sor of surgery at University hospitals. She also introduced Mrs. Maxine Swan, alumnae president; Marian Reynolson, president of the nurses' student council; and class presidents Jean Conwell, Ramona Harris, and Janet Allbaugh, freshman.

'America's Mission' Described by Handlin In Old Capitol Speech

Harvard Prof. Oscar Handlin said last night the idea "America has a mission" dates back to Puritan times.

Speaking before over 100 people in the senate chamber of Old Capitol, Handlin said the earliest Puritan settlers believed that what happened in America had significance beyond this continent.

"The Puritans believed," Handlin said, "that it was part of God's scheme to open the new land to a body of Christians willing to settle it."

Handlin said the Puritans thought of themselves as a chosen people in the same sense as the Biblical Israelites and that they looked upon America as a second promised land.

To the Puritans, evil was a positive force and the greatest evil was the wilderness, Handlin indicated.

Plymouth were dead at the end of the first year here," Handlin estimated. Deaths were caused by weather conditions and disease. Early living conditions were extremely hard. Handlin described the "well-to-do" home of Gov. Winthrop. In its two rooms, the governor, his family, servants and others lived and slept, he explained. Handlin spoke under the sponsorship of the SUI history department.
