**Overparked** House Angers City

BLOOMINGTON, IND. (AP)—The city of Bloomington has received 40 complaints in the past six months from people who have been denied permission to park their cars on city streets. The complaints were made after the city changed its parking regulations and increased the fines for violations.

The mayor said the city had received 40 complaints in the past six months from people who had been denied permission to park their cars on city streets.

**40 Killed in Warren, Ark., Scores Injured**

BY CARL DUNN

Waves of fire and explosions were heard throughout the town of Warren, Ark., early Monday morning, as a large-scale fire ripped through the town.

The fire, which started in a warehouse, quickly spread to nearby homes and businesses, causing widespread destruction. At least 40 people were killed, and scores were injured in the incident.

The cause of the fire is under investigation, and the town is working to provide support to the victims of the disaster.

Open Big Ten Season Saturday

By HUCK FEKELL
Sports Editor

Two veterans formed the key almighty but ligamentless backcourt for the defending Ohio State University basketball team over the weekend. At large and Pres Ferguson, both sophomores, both seniors, both are back and neither starter, started the triumphant Buckeyes up early in the final half, and with nearly each other's home games, and then departed the scene with two minutes remaining in the final period.

Last night's victory, the 85th consecutive win over a non-conference foe, put the Buckeyes on the back of a Big Ten title. Pres will take the onerous action here and tomorrow night. The Buckeyes opened via column and tailgate.

Although neither veterans nor the Buckeye fans will join the Iowa score figures against the rugged Western Reserve basketball team in the Iowa-Western Reserve game at the Fieldhouse last night, Buckeyes are the last 30 points between the two teams. The Buckeyes, 7-0 against the Western Reserve, lost to Iowa second and to the Buckeyes.

Investigate Too Many Bowls

NY YORK — College football fans were given some reason to stop and think, moreover, for a while — to think of their lives and of the people they knew — as they watched the Arizona-Mountain West game in the Rose Bowl.

The two teams split a twin bill at the Rose Bowl, and in each case, a national championship was involved. But the two teams were so far apart in skill and ability that the game seemed to have been reduced to a contest of sheer endurance. The result was a drab, dreary affair, with the Mountain West team prevailing by a score of 7-3.

The game was played in the snow, and the wind was so strong that it was impossible to see the ball. The players were cold and exhausted, and the spectators were, for the most part, bored and disillusioned.

The Mountain West team was victorious, but the game was not without its moments of excitement. In the first quarter, the Arizona team scored a touchdown on a long pass from the quarterback. The team's defense then forced a fumble on a punt, and the Arizona team recovered it on the Mountain West 20-yard line. The Arizona team scored another touchdown on a pass from the quarterback, and the score was 14-0.

In the second quarter, the Mountain West team scored on a long run by the quarterback. The Arizona team then scored again on a short pass from the quarterback, and the score was 21-7.

In the third quarter, the Mountain West team scored on a long run by the quarterback. The Arizona team then scored again on a short pass from the quarterback, and the score was 28-14.

In the fourth quarter, the Mountain West team scored on a long run by the quarterback. The Arizona team then scored again on a short pass from the quarterback, and the score was 35-21.

The game was over, and the spectators left, probably a little wiser but a lot more exhausted.

The Arizona-Mountain West game was a sad reminder of the state of college football in the 1970s. The sport had become too commercialized, too money-driven, too much about hype and less about the art of the game. It was a sad day for football fans.

U.S. Policy in Europe — Russ Power Weak For European War

By WILLIAM WOOD

U.S. News, February 16

The American view is that with the advent of the new year there is a significant change in the American administration's approach to the problem of meeting the challenge of the Russian threat in Europe.

The new year will not mark a change in the American position toward the recognition of the importance of the European war as a threat to the security of the United States. However, it will mark a change in the American attitude toward the recognition of the importance of the European war as a threat to the security of the United States.

The American position toward the recognition of the importance of the European war as a threat to the security of the United States is not new. It has been the American position for many years. However, the American position toward the recognition of the importance of the European war as a threat to the security of the United States is not new.

EALINE MONEY - Thanks to the Tallwaggers' club, dogs won't fork over their dues.

Away from the Tallwaggers' has been wagging tails for years, and many of the dogs' owners are eager to join the club.

The club also hands out miniature food for the dogs, such as beans and other treats, to keep them happy.

The Tallwaggers' has also started a campaign to get more dogs to join the club, and they are hoping to make it a reality.
