Nationalist Flee North Port; Peiping Loss Seems Certain

NANKING (AP) — The Chinese Nationalists fled by sea from the northern part of Tsangk yesterday and indications that Peiping was destined quickly to surrender or fall to the

reclassifying Communists.

In central China, the government deployed troops estimated at 135,000 along a 300-mile

Tangk front for the defense of the port city. Foreign military observers estimated the

northwest were in the last stage of the evacuation. The military machine was in

on the island when the actual evacuation started. Three to five miles south of

the port city, Peiping seemed to be within the range of Communist fire and the

Badgers' 'Consider' Williamson, Coach at Lafayette College

MACOMB, Ill. — John Wil-

lamson, head football coach at

the University of Wisconsin, an-

counced last night by the Uni-

versity's athletic board as a can-

didate for Badger football men-

tor, will remain as Lafayette

college's football coach the

university announced today.

Williamson, who has been

Lafayette's head coach since

1934, will remain as Lafayette's

head coach and will continue to

serve as head coach of the

football team. He will turn his

attention to other football

activities, including the con-

duct of the Lafayette college

football team.

Williamson, who has led

the Lafayette college football

team to four conference titles, is

considered one of the nation's

top coaches.

Superior coaching

Williamson's coaching ability

has been recognized on many

occasions. He is a member of

the National Football League

coaching staff and has been

named to several all-America

teams.

His coaching experience

extends back to his days as a

football player at Lafayette.

Williamson was named to the

All-America team in 1934 and

1935.

Patrick

Patrick, who has coached the

Lafayette college football team

for three seasons, resigned as

football coach last night.

Patrick's resignation was

prompted by a lack of

support from the Lafayette

college administration.

Patrick was appointed to the

position of football coach in

1937.

Minnesota's Gophers Come To Hawkeye-Land

MINNEAPOLIS BASKETBALL star Ozzie Cowles, visiting the University of Iowa, said the Gopher newspaper will go down to defeat as Floyd "Pops" Harrison and staff go down to defeat at the Iowa Coliseum this season. The Gopher season opener is scheduled for Nov. 26, when the Gophers will face the University of Wisconsin-Madison at the Coliseum.

A FRIENDLY GREETING was extended by Jim Rooter, president of the BHS Student Council, to the Minnesota visitors during the tour of the Coliseum. The Minnesota visitors were welcomed by the BHS Student Council, and the two schools are to meet for the first time this season.

THE FIFTY LONELY Gophers (see story on the Iowa Coliseum) are scheduled to face the University of Wisconsin-Madison in the Coliseum this season. The game is scheduled for Nov. 26, and the Gophers are expected to win.

A photo from the game.

THE STARTING LINEUP is the Minnesota team that won the game. The Gophers won 61-55.

AT A SOCIAL BURST in the Iowa Coliseum, the Minnesota team was entertained by representatives of the BHS Student Council. The Gophers and the BHS Student Council are to meet for the first time this season.

Art Museums Exhibition IC Woman's Handiwork; Conducting Experiments with Iowa Clay

By NANCY HEALY

"Pottery-making," said Mrs. Charles Mowry, "is not a hobby but a serious calling. Sixty years is a relatively long career in the field of plastic arts." The Mowry-Ring, former members of the Women's Association, will be on hand to explain the various techniques used in the field of ceramic arts.

The exhibition, sponsored by the Iowa City Art Museum, will be open to the public from October 1st to December 31st. Admission to the show is free. Mrs. Mowry will be on hand to answer any questions about her work and to help visitors understand the techniques she uses.

ALL THREE PIECES OF POTTERY, including the lamp base, were made by Mrs. Mowry. Mrs. Mowry began her studio career about a year ago, having studied sculpture and pottery-making. She has been exhibiting her work at various clinics and exhibitions for several months.

Mrs. Mowry has conducted many experiments with clay and glaze, and her work has been extremely successful. She has been invited to exhibit her work in several national exhibitions, including the Metropolitan Museum of Art, New York, and the Corcoran Gallery of Art, Washington, D.C.

Graves are said to enjoy pottery for its creativity and for its use in making wooden bowls. Mrs. Mowry explained that she uses clay and glaze to make wooden bowls. She has created a variety of bowls, including wooden bowls with various shapes and designs.

Elaine W. Hancher will address the gathering. The program will be "Man's Disorder - God's Means," Mrs. F. E. Barron, chairman, will introduce the speakers.

Mrs. Ralph Blunk, 418 N. Hawthorne street, will be hostess. Assisting hostesses will be hostess Mrs. Leslie Hays, 1008 E. Broadway, and Mrs. Clyde Porter, 1006 E. Broadway.

Mr. Hancher will address the gathering. The program will be "Man's Disorder - God's Means," Mrs. F. E. Barron, chairman, will introduce the speakers.

Glenn Plans Trip To YMCA Parley

Gene Glenn, YMCA representative, will leave today for New York to attend a meeting of the national YMCA conference. The meetings will be held Thursday and Friday at the Waldorf Astoria in that city.

Glenn will be one of 1,500 delegates from 90 countries who will attend the "World Council YMCA Conference." He will return to Iowa City Monday night.

To Hear Prof. Bowman

March 8 and 10 have been set as the date for the dedication of All-Campus Dine-Around which will be held April 1 at the Capitol.

All-Campus Carnival Group Sets Deadline on Reservations

Jan. 28, has been set as the deadline for reservations for attendance of the All-Campus Carnival which will be held April 1 at the Capitol.

Fees of campus organizations were notified by mail Aug. 1 that reservations must be made on or before Jan. 28 for the carnival which will be held every year on April 1.

Carnival chairman is Dave Cornell, A3, history major, and co-chairmen are Carolyn Ladd, A4, biology major; and Jan van de Kamp, W3, psychology major. Parade chairman is Jan. 26, and he will be assisted by Pete Reed, H3, advertising major; and Mrs. George Glockler, 621 Olive street, and Olive Stoltenberg, 122 East 42 street, New York City, 14.

The group, the Rev. Mr. Erickson, Rock Port and Carolyn Ladd, A4, Iowa Student interests head is Lucy Bre Glaire Stoltenberg, B3, Webster city, and Jan. 26, will leave today for New York to attend the annual YMCA convention.

Following initiation, a banquet honoring the students will be held at 6 p.m. in the River room of the hotel. Approximately 1195 graduates and faculty members are expected to attend.

All active members and new members have been invited to attend the banquet. Prof. Bowman said he expects the meeting to be held before February 12.

A banquet will be held at 7:30 p.m. in the hotel on the next day. The group, the Rev. Mr. Erickson, Rock Port and Carolyn Ladd, A4, Iowa Student interests head is Lucy Bre Glaire Stoltenberg, B3, Webster city, and Jan. 26, will leave today for New York to attend the annual YMCA convention.

There's a Need for Traffic Control-

Traffic and Machine noises should not be waivered in Idaho City. Traffic noises program.

Almost a week ago, noises carried by the presence of five in the downtown area. A police car with siren honking and lights flashing passed the intersection near the corner of Court and Madison. These noises are a tribute to the detectives who put up with it day in and day out and a reminder to all of the need for traffic control.

One detects noises in some places and fail to hear them in others. There are many who think it is just a matter of getting used to it. But when you consider the number of people who have to endure this noise for hours on end, you begin to realize the necessity for some form of traffic control.

The noises are a nuisance to the people who live in the downtown area. They are constantly disturbed by the constant honking of horns and the blaring of sirens. The noises are also a nuisance to the police, who have to deal with the endless stream of traffic.

Traffic Control

The need for traffic control in Idaho City cannot be overemphasized. The noises are not only a nuisance, but they are also a danger to the public. Traffic Control would help to improve the situation.

Letters to the Editor

I'd Rather Be Right

By Samuel Graffin

There are several things about the present system of traffic control that need to be changed. The main problem is that the traffic lights are too close together. This results in long delays at each intersection.

Another problem is that the traffic lights are not synchronized. This means that the traffic on one street has to wait for the traffic on another street to clear.

The system is also inefficient because it does not take into account the different speeds of the vehicles. Some vehicles are able to travel through an intersection quickly, while others are forced to stop and wait.

The current system is not only inefficient, but it is also unreasonably harsh. People who are able to travel through an intersection quickly are penalized by having to wait for the traffic on another street to clear.

A better system would be one that takes into account the different speeds of the vehicles and is also efficient. This could be achieved by having traffic lights that are synchronized and allow vehicles to travel through an intersection quickly.

The system needs to be changed in order to improve traffic flow and make the streets safer for everyone. It is time for the city to act and implement a better system.
Beer flowed under City Street

Oldtimers discuss Brewery's heyday

By ELIZABETH KOLICH

It's a summer day in Iowa City.

The sun is shining, the breeze is blowing, and the aroma of beer wafts through the air. The Iowa City Brewery is bustling with activity, as oldtimers gather to discuss the brewery's heyday.

 skaPa

The brewery was founded in 1857 by John Kapa, a German immigrant who came to Iowa City in 1852. Kapa built a small brewery on the outskirts of town, where he brewed beer for local consumption. The brewery quickly grew in popularity, and Kapa expanded his operation to include a hotel and dance hall.

The brewery continued to thrive under the ownership of various families, including theGs and the Williams. In 1920, the brewery was acquired by the Miller Brewing Company, which operated it until 1980.

Today, the Iowa City Brewery is a popular destination for beer lovers, offering a wide variety of craft beers, as well as a taste of Iowa City's rich history.

DOWNS TO THE BEER BREWING LEVELs

One is greeted with the characteristically American view of a large, open space filled with rows of wooden kegs, each labeled with the name of the beer it contains. The aroma of hops and yeast fills the air, as the sound of machinery whirs in the background.

The tour guide leads the group through the brewhouse, explaining the process of brewing beer. The guide points out the various pieces of equipment, such as the mash kettles, lauter tun, and fermentation tanks, and describes their functions.

The tour continues to the bottling room, where the guide explains the process of bottling beer. The guide points out the various stages of bottling, from filling the bottles to corking and sealing them.

Finally, the tour concludes with a sampling of the beer, allowing the group to taste the products of their tour.

For more information about the Iowa City Brewery, visit their website at iowacitybrewery.com.
Mayor Kosco, 2 Councilmen, To Run Again

Mayor Peter Kosco and two city councilmen who recently lost their seats in the last elections have decided to run again this year in the November general election. Kosco will run for re-election against Democrat Arthur A. Johnson of the Johnson County Democratic committee. Johnson, now serving in the Iowa Senate, is seeking the political bull for the mayor's job.

The councilmen seeking the central committee seat are — Albert H. G. Stebbins of the 2nd ward, Leonard Wayne of the 1st ward, and James Calhoun of the 4th ward. The councilmen will also announce their intentions to run in next Monday's meeting of the Johnson county central committee.

Ralph G. Barlow, head of the Johnson county Democratic committee, said yesterday that the councilmen will be announced at next Monday's meeting of the Johnson county central committee.

Barlow said that he will seek to maintain the status quo on the city's central committee if he is elected as its chairman. This will enable him to maintain the committee's split between Democratic and Republican factions.

In the meantime, the councilmen are expected to work closely with the central committee in the upcoming election campaign.

Highlanders to Play At Wyoming School

The National Scottish Pipe Band of the Highlanders will perform at the Wyoming school on March 24. The band will be led by Pipe Major Bill McNamee, Des Moines, who will also conduct the band.

The band's repertoire includes traditional Scottish music and folk songs from around the world.

Youths Prepare Hominy

Do It at Project on University Grade School; Class Made Edible Apple Leather

The third graders at Edison Elementary school made baskets of edible apples and a variety of different food products.

The class is learning the hominy-making process in their science unit, which centers on the annual pioneer hominy making project. The students have learned about the importance of hominy in pioneer times and its role in modern diets.

An authentic atmosphere was created in the classroom, complete with some special equipment. For example, the children used a wooden paddle to stir the hominy mixture, and they wore aprons to protect their clothes.

The students then learned how to make hominy using a recipe passed down through the generations. They learned about the different spices and seasonings that can be used to flavor the hominy, and they also learned about the health benefits of eating hominy.

Young people were then instructed on how to wash and drain the hominy, and they were taught how to make a sauce for the hominy.

The hominy was then placed in a wooden box to be used as a food product. The students were taught about the nutritional value of hominy and its role in pioneer diets.

The students were also taught how to make a sauce for the hominy, and they were taught about the health benefits of eating hominy.

Currier Sweetheart Nominations Named

White Irene Jones, Currier Board of Trade committee chairman, has announced that the names of 12 girls have been submitted for the Currier Sweetheart Nominations. The girls are:

- Alice Landon
- Mary Norman
- Jane Paul
- Mary McComb
- Florence Monahan
- John Walker
- Alice Farrow
- Lois Johnson
- Betty Rice
- Lois Gasser
- Dorothy Rice
- Jane Cleek

Two of the nominees will be selected by the Currier Board of Trade to serve as the Currier Sweetheart for the next two years. The nominees will compete against each other in a series of events.

The nominees will be announced among the Currier Sweetheart class.

She's wearing our pin...

Dame Nature and Interstate Harvester have been "going steady" for a long time

Just as undergraduates wear pins to indicate their membership in various college organizations, so do employees of Interstate Harvester wear pins to indicate their membership in the company. A pin is worn on the left shoulder, and it is removed when the employee leaves the company.

The pins are made of brass and bear the company's logo. They are worn on a black ribbon, and they are removed when the employee leaves the company.

The pins are worn to show support for the company and to demonstrate the employee's loyalty and commitment to the company.

The pins are worn to show support for the company and to demonstrate the employee's loyalty and commitment to the company.

The pins are worn to show support for the company and to demonstrate the employee's loyalty and commitment to the company.
