Thaws Raise River's Level To 8.3 Mark

The Iowa river rose here yesterday but officials of the Iowa Institute of Hydraulic Research said there was no immediate danger of local floods.

Minor variations in river level are expected due to ice jams above the Burlington street dam. Late yesterday afternoon the river had crept out over the low eastern section of City park.

Thawing caused by yesterday's highest temperatures of the year raised the river level to 8.3 feet

at 8:30 last night. This point is 3.7 feet below the 12-foot flood stage.

Unless unforeseen rains or similar conditions arise, the river is not expected to reach flood stage, the officials said.

Continued warm temperatures are forecast for tonight and tomorrow, with colder weather tomorrow night and Monday. Yesterday's high temperature was 52 degrees at 3 p.m. Expected high for today is 55, low 36.

Communists Denied Jury-Loading Plea

NEW YORK (AP) — Federal Judge Harold R. Medina yesterday denied the plea of 11 U.S. Communist officials that the federal jury system here is loaded against them.

At the same time, he rejected motions to dismiss the conspiracy indictments against the 11 men who comprise the high command of the Communist party in the United States. They are charged with conspiracy to advocate the forcible overthrow of the U.S. government.

The rulings cleared the way for the actual trial to begin Monday. Selection of a jury is scheduled to start then.

In his 31-page opinion on the jury system challenge, the judge held that "not only have defendants failed to prove this charge but the evidence, largely adduced by them, conclusively refutes it."

The seven-week-old trial has been devoted almost entirely to the assault by attorneys for the Communists on the method of selecting jurors in the southern New York district.

Four Defense Bills Readied for House

WASHINGTON (AP) — The house rules committee yesterday cleared four key defense bills for speedy house action, including a super-secret measure legalizing the central intelligence agency, the nation's top espionage organization.

The other bills provide for a vast radar warning "screen" around North America, a 3,000-mile guided missile test range, and the creation of a new under-secretary of defense.

The measures are slated to come up for house action Monday and Tuesday under "closed" rules barring amendments not offered by the house armed services committee and limiting debate to one hour.

House leaders may seek an even stricter debate curb on the spy bill by using procedure requiring passage by a two-thirds vote. Under that process debate is limited to 20 minutes for and 20 minutes against a measure.

UNPatriotic COLOR

CANTON, CHINA (AP) — The municipal government yesterday outlawed the use of red cloth for seat covers for pedicabs and rickshaws because the color symbolizes communism.

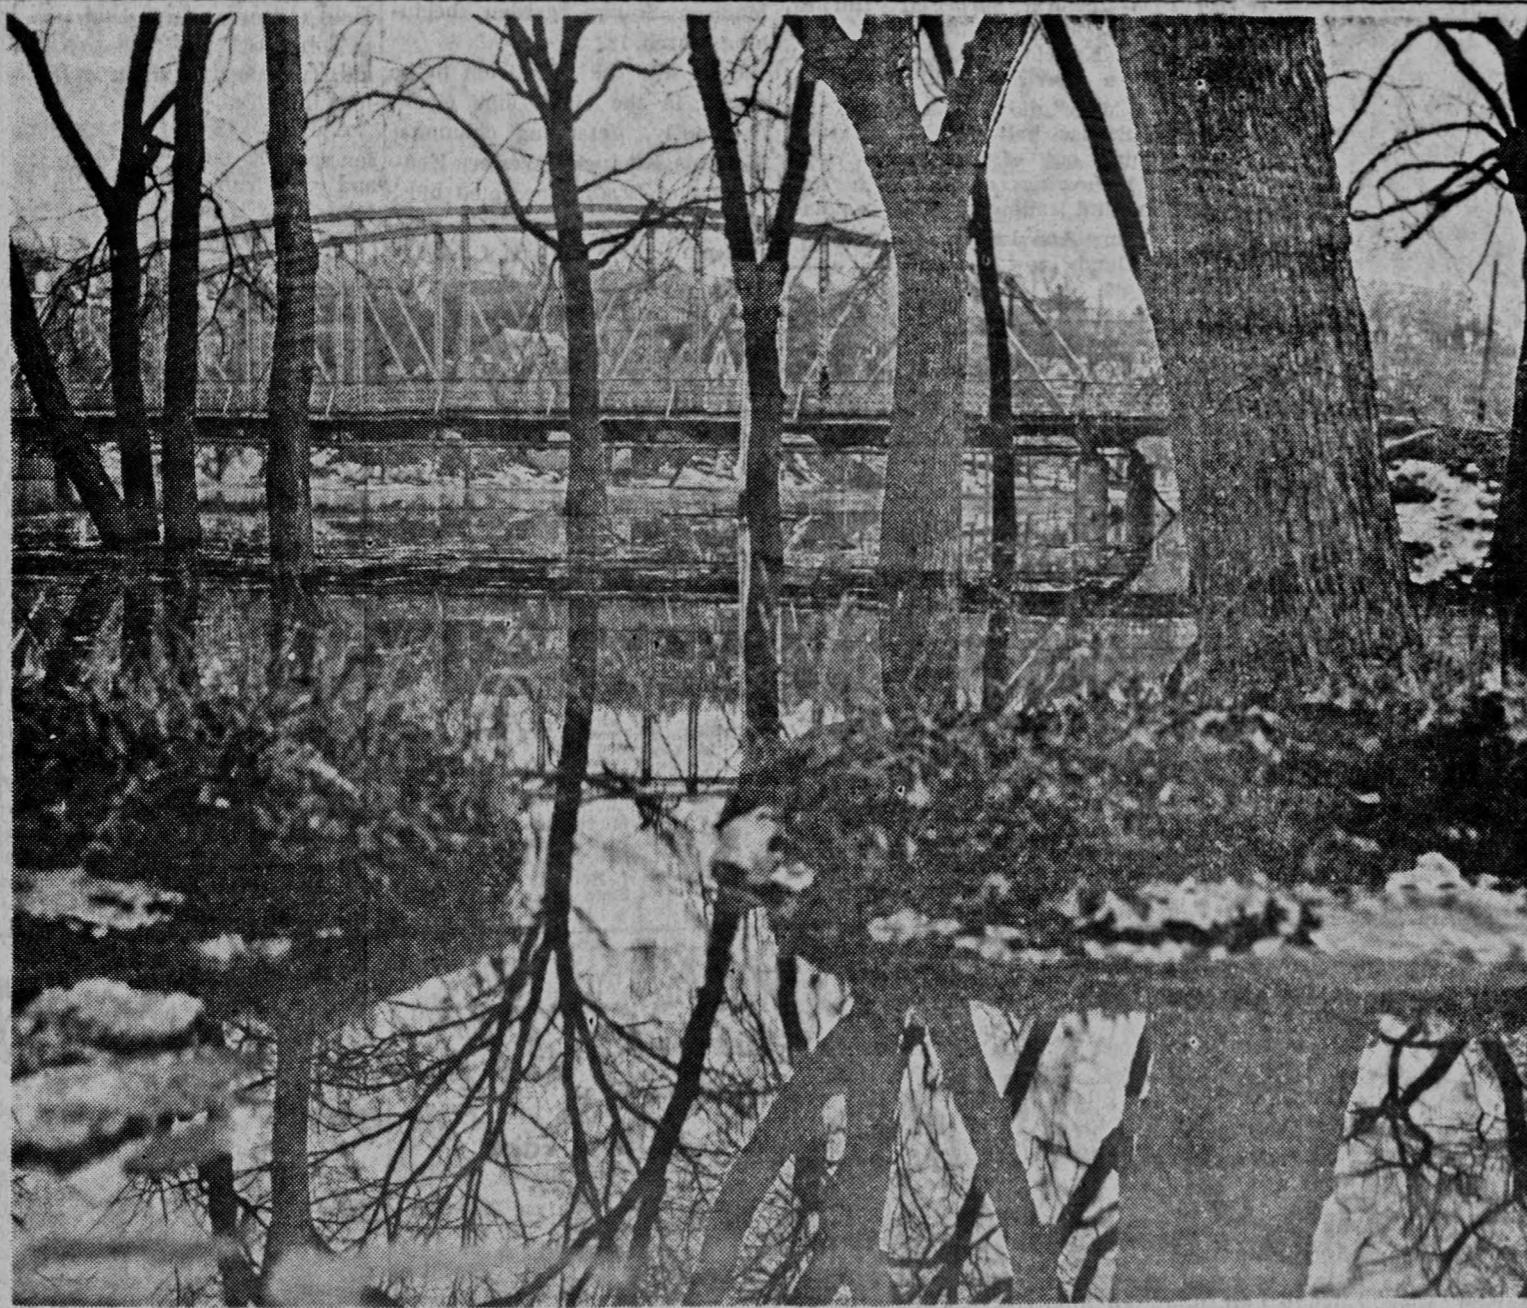

Israel Given UN Green Light

LAKE SUCCESS (UP) — The United Nations security council yesterday recommended Israel for membership in the UN.

The council voted, 9 to 1, to approve Israel's bid to become 59th member of the world organization. Egypt voted against the new member.

The council's action sent the Israeli application before the 58-member general assembly, which convenes here April 5. Since 40 members of the UN already have recognized the Tel Aviv government, it was a foregone conclusion that the application would be accepted.

Thus less than a year since the Israeli government was created, and only eight days after it signed an armistice with Egypt end-

Iowa River Rises, Moves into City Park

WARM TEMPERATURES AND AN ICE JAM near the Iowa Union were responsible for slight flooding in City park yesterday. Here waters of the Iowa river have surrounded several trees and over-run the shore road through the park. Fluctuations in river level

are expected here due to the ice above the dam but no serious flooding is expected. Picture was taken looking southeast toward the park bridge.

Norway Vetoes Soviet Pact Bid

Committee Pushes Truman Labor Act Past GOP Protests

WASHINGTON (AP) — Little Norway politely but firmly defied Soviet pressure yesterday.

Rejecting Moscow's proposal for a non-aggression treaty, Norway joined the ranks of the non-Communist powers now negotiating a north Atlantic security pact here.

Ambassador Wilhelm Munthe de Morgenstierne, the solemn-faced Norse envoy, went into Secretary of State Acheson's office at the state department shortly after noon yesterday and took his seat as a full-fledged partner in the security talks.

He thus became the only representative of a north Atlantic power which has a common border with Russia.

The mounting clamor of protest and denunciation pouring out of Russian and Communist centers indicates that the lot of his country and the rest of Scandinavia may be a disturbed one for the next few weeks.

Southern Senators Claim Force to Beat Anti-Filibuster Move

WASHINGTON (AP) — Southern Democrats last night claimed a whopping majority to beat down an expected administration-backed attempt to choke off their five-day-old filibuster in the Senate.

Sen. Russell (D-Ga.) told a reporter a private poll taken by the southerners indicates they have 58 votes.

All they need is 49 votes, a simple majority, to override an expected ruling by Vice-president Barkley in favor of ending the debate quickly.

We have enough votes to defeat the effort to break the filibuster against this proposed rules change," Russell said at a late hour.

An Associated Press survey showed the southern bloc gaining support, but less heavily than Russell claimed.

Latest AP figures showed 43 senators — 24 Democrats and 19 Republicans — on record as saying they will vote "no" on efforts to gag the debate by a possible ruling from the chair.

The bill may not reach the Senate floor until early April. For an aid, rent control and the reciprocal trade program have priority when the present anti-filibuster battle ends.

UNPatriotic COLOR

At Copenhagen, the Danish government announced that Foreign Minister Gustav Rasmussen will leave Tuesday for Washington to seek "the best possible basis for Denmark's final attitude" toward the projected treaty.

Denmark, it was said in Washington, has not received a formal invitation to join the talks because that would come along later.

In Oslo, the Norwegian government handed the Soviet embassy a note saying that a non-aggression pact between the two countries was unnecessary because both are already pledged as members of the United Nations to refrain from any aggression.

Russia had proposed the non-aggression pact in a note Feb. 5. The idea was to assure the Norwegians that they need not join the north Atlantic defense system because they would have no need for such protection.

Army Clears 5,200 Vets Dishonorably Discharged

WASHINGTON (AP) — The army has cleared the names of 5,200 World War II veterans who were dishonorably discharged, it was disclosed yesterday.

But it has declined to erase such discharges for the remainder of 24,000 ex-servicemen whose cases have been reviewed.

Iowa City, Iowa, Saturday, March 5, 1949 — Vol. 83, No. 137

The Weather

Fair and continued mild today. Partly cloudy and colder tomorrow. High today, 60; low tonight, 28. High yesterday, 52; low 33.

Molotov Out, Vishinsky In

Kidwelly, Wales, Is Back on Time

KIDWELLY, WALES (AP) — For 47 years this little Welsh seaport town has boasted that it has been ahead of the rest of Britain — five minutes ahead, that is.

But, yesterday the local council turned back the clock.

From now on Kidwelly will be on Greenwich mean time just as every other place in the British Isles. Nobody knows for sure just why the town clock was set five minutes fast when St. Mary's church was rebuilt in 1902. But it stayed that way until the council abolished "Kidwelly local time" yesterday.

Two SUI Men Injured In Three-Car Accident

Three persons, including two SUI students, were injured late yesterday afternoon in a three-car collision on highway 6 four miles west of Tiffin, highway patrolmen said last night.

Injured were 20-year-old John L. Bailey, Al. Anamosa; Thomas Bavis, 19, A2, Conroy, and Mrs. Edwin Klenk, 39, 701½ W. Benton street. A third man, Thomas Rourke, route 4, Oxford, was not injured.

The injured were taken to Mercy hospital where hospital authorities last night said none was in serious condition. Bailey was reported to have slight lacerations of the face and knees. Bavis had minor cuts and Mrs. Klenk had a fractured hip, according to hospital authorities.

Cars driven by Mrs. Klenk and Bailey were completely demolished, according to patrolmen's reports.

Bailey said last night at Mercy hospital that he was going to Conroy from Iowa City when he saw three cars coming down the hill toward him.

Bailey said the accident occurred as the first car slowed down to turn left and the others piled up behind it.

Bavis was in Bailey's car at the time of the accident.

The driver of the first car was not identified last night.

Emergency Declared as Flood Enters Iowa Town

MISSOURI VALLEY (AP) — Mayor Maurice M. Kirkin declared a state of emergency in Missouri Valley last night as flooding by Boyer river waters extended through the southern part of the city.

Approximately 140 families already have been evacuated from their homes and the Red Cross has set up an emergency headquarters in the city hall.

That 1849 Technique Is Still Good

MINNESOTA HAS SEEN MANY IMPROVEMENTS in its 100 years, but the art of kissing was pretty well perfected back in territorial days a century ago. This being centennial year in the Gopher state, Centennial Citizen Horace Farnham, 96, proved the point when he planted this centennial kiss on the cheek of Centennial Queen Mary Durey at an establishment day banquet in Minneapolis Thursday night.

Unexplained Soviet Switch Puzzles West

LONDON, SATURDAY (AP) — Vyacheslav M. Molotov was replaced last night as Soviet foreign minister by his fiery deputy, Andrei Y. Vishinsky, in a stunning shakeup of Russia's high command.

The Moscow radio made the announcement but gave no explanation. It said merely that Molotov had been released "from the duties of minister of foreign affairs."

VISHINSKY

...eign affairs." No mention was made of his other job — deputy prime minister of the Soviet Union.

MOLOTOV

regarded as one of Russia's ablest traders, was replaced as minister of foreign trade by M. A. Menshikov.

Capitals of the world were puzzled by the news. It was noted immediately that the changes came during a critical period in the east-west cold war — a diplomatic struggle that has appeared recently to be going against the Soviet Union.

In the nations beyond the iron curtain there were a variety of theories as to the meaning of the changes. None were supported by any concrete evidence.

SEES PROMOTION

A key United Nations diplomat at Lake Success, N.Y., said Molotov's release actually was a promotion and signified no change in Soviet policy. According to this informant, Molotov is being groomed to succeed aging Josef Stalin as prime minister.

The round-faced Molotov will be 59 next Monday. He is an "old Bolshevik" who began his revolutionary career when he was 15. Western diplomats long have regarded him as a possible successor to Stalin.

DOES THE SHIFT IN RUSSIA'S DIPLOMATIC HIGH COMMAND MEAN RUSSIA IS PREPARING TO MAKE A GREATER EFFORT IN THE COLD WAR, STAND PAT, OR LOOK FOR A WAY TO MAKE A DEAL WITH THE WEST?

Nobody outside the politburo — the ruling body of the Soviet Union — knew for sure. Diplomats in Washington thought Russian policy might get tougher or might get softer.

CONSIDER SPLIT

Western minds have been intrigued by the possibility that a fundamental split exists within the politburo, with a moderate element favoring an understanding with the western world. President Truman recently made an oblique reference to this possibility.

London's reaction was much like that of Washington.

Vishinsky's reputation as a firebrand orator would not appear to indicate that Russia was backing down in the cold war. As deputy foreign minister, Vishinsky has attended virtually all the important inter-allied and United Nations conferences since 1945.

In international councils the slang term "Vishinskyism" has come to mean a vitriolic type of oratory.

TWO POLISH PRIESTS GET DEATH SENTENCES

WARSAW (AP) — A Polish military tribunal at Lodz yesterday sentenced two Roman Catholic priests to die for allegedly inciting an underground band to kill supporters of the Warsaw Communist government.

Four Iowa Matmen Gain

Enter Big 9 Semi-Finals

By ALAN MOYER

Iowan Staff Writer

BLOOMINGTON — Four of Iowa's eight-man wrestling team passed opening round tests in the Big Nine championship meet and will carry the Old Gold colors from this afternoon's semi-final matches.

Ed Steinhoff scored an impressive victory over Minnesota's Don Hopperstad, 7-0, while Joe Scarpello had no trouble outpointing Bill Bohaska of Illinois, 7-1.

Hawkeye Vern McCoy came from behind to defeat Bob Cunningham of Michigan in the 121-pound class and Bob Geigel advanced when he drew a bye in the heavyweight pairings.

Falls in two matches marked the first time this year that an Iowa grapper has been pinned.

George Tesla, 145-pounder, injured his leg late in the opening period and was pinned in 2:25 by Illinois' Joe Garcia.

The other Hawkeye pinned was Russell Tharp, who after falling behind 4-0 in the second period, fell to Bry Keough of Ohio State in 5:05.

Thirty-two wrestlers from the nine schools qualified with Michigan and Ohio State having five winners each.

Right behind the leaders came Iowa and defending champion Purdue with four each. Minnesota and Illinois placed three, Wisconsin advanced two and Northwestern had a lone survivor in 165-pounder Nick Stevens.

Besides Iowa's Scarpello, seven other Western conference champions from last year got off to flying starts in defense of their crowns. However, two of the weight classes were offered during an Olympic year only and will not be fought for this season.

Garth Lappin of Minnesota scored a 9-4 decision in starting his 124-pound title defense and teammate Alan Rice did as well in the 128-pound class when he pinned Wisconsin's Art Muldore in 1:18.

In all, there were seven falls in the 33 preliminary matches, Ohio State and Illinois getting two apiece.

Preliminary results installed Ohio State, Michigan and Indiana in the best positions to grab the league title with the Hawkeyes, Illinois and Purdue not to be counted out yet.

Semi-finals begin this afternoon at 2 p.m. with the finals at 7:30.

ACQUIT FRESHMAN

PHILADELPHIA (AP) — The man accused of attempting to bribe professional basketball star Joe Fullmer was acquitted yesterday because the state of Pennsylvania failed to prove money was offered to throw games. Judge Harry S. McDevitt discharged Morris (Moxie) Fleishman, 33.

Hawks Set Tank Mark

By JOHN HOLWAY

Iowan Staff Writer

LAFAYETTE—Iowa's 400-yard free style relay team shattered the Big Nine record for that event here last night in the 39th annual Western conference swimming championships, but Ohio State's 1948 runnerup swimming team forged into the lead with 41 points after placing men in six finals.

Trailing the Buckeyes at the halfway point of the meet was Michigan's defending champions with 31 points. The Hawkeye men followed with 26, Purdue 18 and Northwestern 10.

One other Big Nine record was also broken. Purdue's Keith Carter swam the 200-yard breast stroke in 2:16.4 to crack the former mark set by Bob Sohl of Michigan in 1947 at 2:21.4.

Wally Ris was timed in 50.8 in anchoring the Iowa sprint relay team to their Big Nine record.

Ris continued to better his personal 220 record even though losing to Smith. Ris did 2:10.1 and just nipped the third man. Bowen Stassforth also broke his own personal breaststroke record with a 2:22 clocking.

While Carter left the rest of the field far behind in the breaststroke, Bowen Stassforth won out in a last-lap race for second against Sohl and Moss of Michigan. Stassforth swam the ankles off the two Wolverines until the final 50.

He had pulled even at the last turn and left the Michigan pair two body lengths behind at the finish.

Duane Draves had one of his poorest nights of the year in the backstroke as DeGroot beat him by three strokes and Knight edged him out of second by one stroke. He was clocked in at 1:36.5, still a very decent time.

Dave Brockway couldn't repeat his afternoon performance on the low board when he qualified with the second highest score. Brockway missed three of his final dives and just missed placing. He will get another chance today, at the high board, his favorite.

Herb Lehman, who placed eighth in the 1,500 will try again in the 440 tonight. Encouraged by his two fine performances last night Ris will defend his 100 yard free style title today. Duane Draves will swim the individual medley relay today. He has been selected number two in that event behind Carter.

State: 2-Ris, Iowa; 3-Mann, Michigan; 4-Heusner, Northwestern; 5-Stager, Michigan. Time: 2:08.9.

200 yards free style: 1-Carter, Purdue; 2-Garst, Iowa, Time: 23.4 seconds.

150 yards backstroke: 1-De Groot, Ohio State; 2-Knight, Ohio State; 3-Draves, Iowa; 4-Maine, Iowa; 5-Rodenbach, Ohio State. Time: 2:16.4 (new western conference record, old mark, 2:21.4 by Sohl, 1947).

Low board fancy diving: 1-Harlan, Ohio State; 2-Billingsley, Ohio State; 3-State, 4-Calhoun, Ohio State; 5-Hubel, Purdue. Time: 2:16.4 (new western conference record, old mark, 2:21.4 by Sohl, 1947).

200 yards free style relay: 1-Iowa, 2-Michigan, 3-Oregon, 4-Purdue, 5-Northwestern.

Doc Thanked After Hogan Operation

MRS. BEN HOGAN thanks Dr. Walton Ochsner after the Tulane university specialist performed a two-hour operation on her famed golfer-husband. Hogan was injured in an auto-bus collision Feb. 22.

Bantam Ben Better Following Surgery To Stop Blood Clots

EL PASO (AP)—Steady improvement was reported late yesterday in the condition of Ben Hogan.

That was the word from the El Paso hospital where the golf champion Thursday night underwent a two-hour abdominal operation. The surgery was described as necessary to halt a blood seepage causing formation of clots which threatened his life.

Blood clots troubling the links star were the after-effect of a Feb. 2 highway collision near Van Horn, Tex., in which Hogan's pelvis, ankle and collarbone were broken. He has been hospitalized since.

Dr. Alton Ochsner, professor of surgery at Tulane university, flew to El Paso from New Orleans Thursday to consult with Hogan's other physicians. His decision to operate came almost at once.

State: 2-Ris, Iowa; 3-Mann, Michigan; 4-Heusner, Northwestern; 5-Stager, Michigan. Time: 2:08.9.

200 yards free style: 1-Weilsburg, Michigan; 2-Carter, Purdue; 3-Thomas, Purdue; 4-Garst, Iowa, Time: 23.4 seconds.

Society

Plans June Wedding

MR. AND MRS. RAY E. MARNER, route 1, Iowa City, announce the engagement and approaching marriage of their daughter, Marlyn Ruth Marner to Richard E. Emmert. Mr. Emmert is the son of Frank L. Emmert, 724 E. Burlington street. Miss Marner is employed in the history department at SUI. Mr. Emmert is a sophomore in the college of engineering and a member of Phi Eta Sigma, freshman men's honorary scholastic fraternity. The wedding will be June 19 in the First Methodist church.

Town 'n' Campus

ATHENS HISTORY CIRCLE — Athens History circle will meet at 3 p.m. Monday at the home of Mrs. H.J. Thornton, 4 Wool court. Mrs. C.S. Meardon will review the book, "The Last Billionaire" by William C. Richards.

BOOK REVIEW CLUB — Members of the Book Review club will meet Monday at 7:45 p.m. at the home of Mrs. Erich Funke, 505 Clark street. Mrs. M.R. Jones will review "The Professor's Umbrella," by Mary Jane Ward. Mrs. Kenneth Spence will assist the hostess.

DIZZY DOZEN — Members of the Dizzy Dozen club will meet at 8 p.m. tomorrow at the home of Lloyd Memler, 1709 E. College street.

HIKING CLUB — Hiking club will meet Monday at 6 p.m. in the home of Mrs. Baldwin Maxwell, 111 E. Church street. Mrs. Lehan Tunks will be the assistant hostess.

INDEPENDENT TOWN WOMEN — Members of the Independent Town Women will have a council meeting Monday at 4:20 p.m. in the office of student affairs, University hall.

NURSES ALUMNAE ASSOCIATION — Nurses Alumnae association will meet at 7:45 p.m. Monday in Westlawn parlors.

PAST NOBLE GRADS, REBEKAH LODGE NO. 416 — Past Noble Grads, Rebekah Lodge No. 416 will meet in the home of Mrs. Francis Sueppel, 216 McLean street, Monday at 7:30 p.m. Mrs. Florence M. Fenlon will be in charge.

PI KAPPA ALPHA — Pi Kappa Alpha, social fraternity, will give an informal party honoring pledges at the chapter house from 8 p.m. to midnight tonight. Mrs. Addison H. Rich, housemother, will be chaperone. Bruce Bartley is party chairman.

RUNDELL CLUB — Rundell club will meet Monday at 2:30 p.m. in the home of Mrs. E. F. Choquette, 623 Dearborn street. Assistant hostesses will be Mrs. T. Dell Kelley and Mrs. Fred Johnson.

UNIVERSITY CLUB — Members of the University club will have a luncheon program at the University club rooms in the Iowa Union Tuesday at 12 p.m. Dr. Wilbur Miller will speak on "Mental Mechanisms." Mrs. Ralph Barnes and Mrs. A.E. Miller will

Frivol Style Show Features Fashions From Local Stores

Models for each of the five Iowa City stores furnishing clothes for the Frivol spring fashion show were announced yesterday by Herb Holland, C3, South City, Frivol business manager.

The style show, "Signs of Spring" will be in the River room of the Iowa Union at 3 p.m. today. The season's latest spring styles will be previewed by the 10 semi-finalists in the Frivol freshman beauty contest.

Helen Hewitt, Yokohama, Japan, and Jacqueline Phillips, Denver, will model for Towners', Margie Feiter, Van Meter, and Barbara Murphy, Elkader, for Aldens, Helen Goldberg, Milwaukee, Wis., and One Kirkland, Cedar Rapids, for Dunns.

Willard's clothes will be modeled by Jean McCull, Iowa City and Jean Wilson, Waterloo. Beverly Nevins, Cedar Rapids, and Marilyn Gates, Des Moines, will represent Yetter's.

Anne Smith, A3, Galesburg, Ill., and Sue Eggleston, A3, Burlington, will be in charge of the room and decorations. The store co-ordinator is Anita Schiller.

Music will be furnished by Ginny Williams and the Criterion, with songs by the Kampus Kuintones. Herby Belkin will do impersonations. The style show is presented by Frivol magazine in cooperation with the five Iowa City stores.

Red Cross Drive Nets Small Return

Johnson county's Red Cross fund drive has netted \$491 since it opened Monday. General Chairman Dor H. Hudson said yesterday.

The drive, which closes March 18, has netted a small return so far because not all solicitors have turned in the contributions they have collected, Hudson said.

Contributions may be taken or mailed to the Iowa City Red Cross office, 15 1-2 S. Dubuque street, Hudson added.

Mrs. B.V. Crawford, chairman of the Iowa City business section, has asked all her workers to complete their solicitations and to report to her at the Red Cross headquarters on Tuesday.

Hudson also said he was asking all workers in the drive to complete solicitations in their respective territories and turn in all contributions.

Those pledged were Julian Guterman, A1, Flandreau, S.D.; Kenneth Bergman, A2, Maynard; Roy Ferber, A2, Long Island, N.Y.; Don Schiffman, A1, New York City; Sven Toverud, A1, Oslo Norway; Darrel Croot, A2, Sioux City.

Charles Hancher, A1, Waterloo; Bernard Rosenberg, A3, Rock Island; John Christiansen, A1, Davenport; Jim Friend, A4, Cambridge Springs, Pa.; Ben Clayton, A2, Sheridan, and Dick Levitt, A1, Des Moines.

Alpha Phi Omega's "Best Citizen" award will be presented during the fraternity's spring dinner-dance April 1, Jochumsen said. This award will be given to an Iowa Citian nominated by various civic groups and selected by the fraternity prior to the party.

Station KXIC to Begin Series on 'Our Rights'

The first of a series of four stories entitled "To Safeguard Our Rights" will be broadcast today over station KXIC. Chairman Nich Thimmesch of the Johnson county chapter of the American Veterans committee said yesterday.

MARRIAGE LICENSES

Marriage licenses were issued yesterday in the Johnson county clerk's office to Vern M. Nus and Patricia Candee, both of Iowa City, and to Morris Chiplay and Clementine Simmons, both of Cedar Rapids.

Dancing by recordings will be held in the River room.

Personal Notes

Charlie Ruhl, C3, returned Wednesday from New Orleans where he attended the Mardi Gras.

The pledge class of Phi Delta Theta, social fraternity, gave an informal dance last night at the chapter house, 729 N. Dubuque street. Leo Cortiglia and his band provided the music from 9:30 p.m. to midnight. Guests of honor were Mr. and Mrs. James Jordan, Mr. and Mrs. Gene Clausen, and Mrs. Naomi Hoult, the fraternity's housemother.

Mr. and Mrs. N.P. Schramm, Burlington, are spending the week end with their son-in-law and daughter, Mr. and Mrs. E.M. Rodin, 1018 Pinkbine park.

A 7 pound, 14 1/2 ounce boy was born to Prof. and Mrs. George Hartman, 1023 Marcy street, in Mercy Hospital Thursday.

Two Tipton students who will represent Yetter's.

Anne Smith, A3, Galesburg, Ill., and Sue Eggleston, A3, Burlington, will be in charge of the room and decorations. The store co-ordinator is Anita Schiller.

Music will be furnished by Ginny Williams and the Criterion, with songs by the Kampus Kuintones. Herby Belkin will do impersonations. The style show is presented by Frivol magazine in cooperation with the five Iowa City stores.

Girls' Swim Club To Present Show In University Pool

Sally Voss, A1, Rockford, Ill., will be show chairman and Mrs. Arlene Graham, Iowa City, assistant show chairman at the Seals swimming exhibition. Kae Lynch, A2, Des Moines, president of Seals, announced yesterday.

Seals, honorary swimming club of the Women's Recreation association, will hold its exhibition May 6 and 7 in the field house.

Directors for the swimming routines will be Betty Kenny, A1, Highwood, Ill.; Kae Lynch, A2, Des Moines; Barbara Linden, A1, Oak Park, Ill.; Jean Maes, G, Columbia, Ill.; Nina Larimore, A2, Des Moines; Connie Jewett, A1, Des Moines; Joan Tripp, A3, Mapleton; Madlin Melrose, A2, Waterloo; Mrs. Arlene Graham; Sally Voss; Jackie Berguin, A2, Sioux Falls, S.D., and Shirley Long, A4, Cedar Rapids.

Working on swimming duets are Sally Voss, Mrs. Arlene Graham; Barbara Linden, A1, Newton; Elaine Reisler, Clinton; Etta Mueller, Van Meter, and Donna Belle Jones, Missouri Valley.

Those named were Mary Qualley, Des Moines; Pat Barnhouse, Newton; Elaine Reisler, Clinton; Etta Mueller, Van Meter, and Donna Belle Jones, Missouri Valley.

John Highlander, WSUI program director, left yesterday for the University of South Dakota where he will judge a dramatics contest. The contest is sponsored by "Strollers," campus dramatics club at that university.

Fifth Graders Write and Present Playlet

(Daily Iowan photo by Gene Coon)

WITH A COUPEE, A HIGH STEP AND A BALANCE, University elementary school students brought the traditional minuet to an audience of parents and friends yesterday at 2 p.m. in the University high school gymnasium. The fifth graders presented the annual performance in colonial costumes. The script, tracing the history of the minuet, was written by the 25 members of the class, under the direction of Arthur Michael, their teacher. From left to right the dancers are John Slezak, Michael Moehlman, Katy Johnson, Margaret Ladd, Nancy Sears, Joan Horner, Ralph Ewalt and David Brodsky.

Menzer to Attend Television Meeting

Prof. Carl Menzer, director of radio stations WSUI and KSUI, left yesterday to attend a national television conference in Oklahoma City, Okla.

The conference will be concerned with both commercial and educational television. Menzer will address the group on the role of television in educational institutions.

John Highlander, WSUI program director, left yesterday for the University of South Dakota where he will judge a dramatics contest.

The contest is sponsored by "Strollers," campus dramatics club at that university.

SUI Couples Make Homes in 4 Types of Temporary Dwellings

Trailer Wings Can 'Fold Up' To Make Road-Size Package

The expandable trailer is like an ordinary house trailer with a "wing" added to either side. Probably the unique feature of the expandable is that it folds up at the tenant's whim. At least, could, because the walls, roof and floor of the two "wings" are hinged together, making a road-sized package out of a small house.

The expandable unfolded is 19' 6" x 15' 6". If the tenant requests it, the married students' housing office will furnish curtains which divide the trailer into three rooms beside the kitchen. Other furnishings provided are a studio couch, double bed, roll-away bed and a table and four folding chairs.

There is room for some additional furniture — a desk and some bookshelves, maybe a record-player and a chest of drawers, besides Baby's things. The expandables are primarily for couples with children.

The kitchen, occupying one-half

of the center "trailer" portion, is built in and according to the housewives, "very handy."

On one side is the ice box and sink; turn around and you're at the pressure gas range. There is a fair amount of cabinet space and a broom-closet near the door at one end.

Two clothes closets at the other end of the kitchen unit are somewhat small for year-round clothes for two adults and a child with fairly extensive wardrobes. (One couple's closet has a "combination.") You have to stamp on the floor in just the right place

to open it.) One large or two small oil heaters keep the expandables comfortable in the winter, and with a door at either end of the trailer and six windows, they are breezy in the summer.

Carry Water

The university furnishes all utilities except ice and telephone service. In one sense, the occupants furnish part of the utilities by carrying water from the laundry trailers and carrying the bucket under the sink back.

In the two trailer parks — Hawkeye village and Riverdale park — there are two shower units with four showers each and one laundry unit with two washing machines for about fifty families. Housing office officials estimate these machines get about thirty years' "ordinary" use in one year in the trailer villages. As a result, a certain catch in the wringer-post often wears enough to let the wringer swing violently around when over-loaded.

One housewife said, "You should have been here one day! A bunch

Furniture Doubles in Brass In Standard Trailer Homes

A modest fortune awaits the man who can figure out a way to keep the bottom few inches of the ice box drain in a standard trailer from freezing. The drain leads underneath the trailer and in bitter weather one domestic duty consists of pouring boiling water into the refrigerator to melt the ice plug and let the water out.

Besides the ice box, standard trailer equipment is an oil heater and a cook stove — pressure gas, kerosene or a two burner electric hot plate.

A section of the top of the work-cabinet lifts to expose a small sink served by a pail which has to be carried to the laundry unit a few steps (it seems like more in winter) away. Above the sink and on either side are built-in cupboards and drawers.

Space Savers
Furnishings are a studio couch.

which serves as a bed, and a "Murphy table." During the day, the table serves as the door to the dish cupboard. At meal-time the "door" swings down on a hinge at the bottom, a leg hinged at the top drops, and the "table" is ready — the dishes at arm's reach.

Believe it or not, in a space 21' 6" x 6' 9", trailer inhabitants are able to have company overnight. Two clothes closets opposite each other have doors which swing out and meet in the middle, making two rooms in the trailer.

Facilities Separate

Laundry and toilet facilities are provided in separate trailers, the same ones which serve the expandable trailers. Ice and telephone service are extra. Residents may buy ice at a village ice house which is owned by a local company and operated at specified hours each day by students.

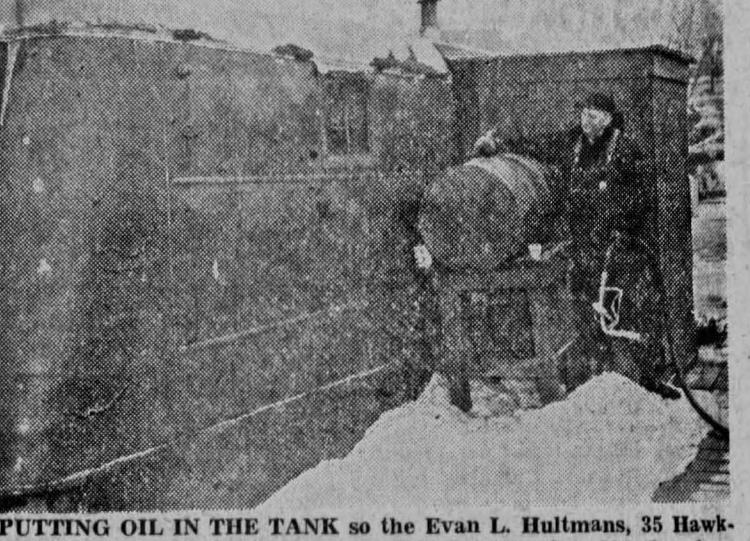

Life in the trailer villages — Hawkeye village and Riverdale park — is a social life, almost by necessity. Small sewing circles, study clubs and coffee klatches are common. A brief change of trailers seems to be refreshing although they are all the same size and all the same inside.

Swap Couches

One interesting trailer village custom is the studio couch swap whenever a resident moves out. Some of the couches are more comfortable than others, and some are down-right hard.

Whenever a villager is moving, the first neighbor to hear about it is liable to pay a call, feel the studio couch, decide it's softer than the one he has and the least comfortable couch in the immediate vicinity.

"Don't worry," the old-timers tell the new-comers, "your chance to 'swap' will come!"

PUTTING OIL IN THE TANK so the Evan L. Hultmans, 35 Hawkeye village, will keep warm is Edward Vesely, 618 Dearborn street. Hultman and his wife have been living in a trailer for almost two years. Mrs. Hultman's father constructed the entrance addition, a device not seen on all trailers. Hawkeye village is located on the old Iowa football field between the interurban tracks and reserve library.

EVEN A RECORD PLAYER appears in the trailer where Evan L. Hultman and his wife Betty live. Husband and wife both attend school and both will graduate in June. Hultman, better known as "Curly," is president of SUI's student council, majors in political science and plans to go into law. Betty is studying occupational therapy.

Then another neighbor hears about it, comes in, decides the couch which was swapped is better than the one he's got, swap swap with the movers.

Barracks Apartments Called Bigger, Newer, More Homey

The cottage or barracks apartment is the largest, newest and most-like-a-regular-house of the four types of dwellings in SUI's married students housing areas today.

There are 632 of the corrugated aluminum buildings in seven sections — Stadium, Templin, Finkbine, Central, Riverside, New-ton and Westlawn parks.

An apartment is one-half of a full barracks and measures about 24' x 19'. The living-room is 13' x 10' 9". One bedroom is 10' x 8' 6" and the other bedroom is a little larger.

The kitchen is 10' x 9' x 6' and partially separated from the living-room by a partition. It has a bathroom with shower and a utility closet between the living-room-kitchen and the two bedrooms.

The barracks is equipped with a bottle gas range, an ice-box, an oil space heater, an automatic gas water heater, window shades and a shower curtain.

Refrigerator Extra

If the occupant wishes, he can use his own electric refrigerator for an extra \$1.50 per month for the electricity used. The university furnishes all utilities except ice and telephone service.

For an additional \$6 per month the barracks may be rented furnished with a double bed or twin beds, a double-deck bunk, mattresses and pillows, two chests of drawers, a dinette table and four chairs, an overstuffed chair and one occasional chair.

The interior walls of the barracks are painted wallboard. Residents are limited to conventional color schemes by the university. The housing office offers oil paints in five colors — soft white, true ivory, french blue, buff (better known as "barracks pink" to the villagers), and sunlit yellow.

Use Imagination

The attractiveness of the barracks apartment depends on the imagination of the housewife in choosing curtains, pictures and wall-hangings and in dressing up her own or university furniture.

One barracks housewife has brightened her kitchen walls by hanging four small, shiny ten-cent store pie pans with bright vegetables painted on the inside bottoms.

One problem of barracks decoration lies in the oil stove and water heater in one corner of the living-room. Some wives have hidden the water heater behind a decorative screen. Others dress it up in a ruffler cover, but few cottagers have figured out how to make the heater look like anything but a brown oil heater. The heater does keep the apartment

A HOMEY CORNER IN A CROWDED BARRACKS is the place where Mrs. Hugh H. Keasling, 610 Finkbine park, reads to Hugh Hilary Keasling III, 22 months old, better known as "Butch." The Keaslings have been living in a barracks for a year and a half. A barracks is somewhat similar to a Quonset except it doesn't have a rounded roof.

built wire or picket fences in docks" keep the toddlers within front of the house. These "pads" are often enlarged by omitting a partition between neighboring apartments.

The barracks apartments are somewhat crowded if there are more than two children in the family. However, a recent cartoon by Richard Spencer, managing editor of the university in-

formation service and a cottager himself, showed the following scene:

Laundry drying overhead — a woman ironing — a baby tumbling about underfoot — a man hunched up in a chair reading a paper.

The man is saying, "Remember that roomy apartment we had back in college, dear?"

Quonset Huts, Like Veterans, Return from War to Campus

The Quonset hut is the war-horse turned out to pasture. During the war thousands of these half-round, corrugated steel buildings housed servicemen all over the world. When the veterans returned to college, the Quonsets came back with them.

Fifty of these buildings house one hundred GI families at the University of Iowa today. They are located west of City park bridge in an area named, logically, Quonset park.

The Quonsets are considered a sort of way-station by some veterans who have graduated from trailers but are not yet eligible for a barracks apartment. However other Quonset residents are so satisfied with their apartment and location, they decline to move.

The Quonset apartment is a little smaller than the barracks apartment. The living-room measures 10' 3" x 12'. It is partially separated from the kitchen by the same sort of head-high partition as in the barracks.

The Quonset apartment is the same as that in a barracks apartment except for the coal heater and a kerosene cook stove. The equipment is that originally supplied by the government when it built the Quonsets.

Standard Quonset equipment is the same as that in a barracks apartment except for the coal heater and a kerosene cook stove.

The equipment is that originally supplied by the government when it built the Quonsets.

Quonsets and equipment were deeded to the university by the government last fall. University policy is that each type of housing — barracks, Quonsets and trailers — must be financially independent.

Quonset Facilities

The university supplies all utilities except ice and telephone service. The tenant may use his own electric refrigerator instead of the ice box for an extra \$1.50 per month for electricity. Laundry facilities are not provided, but there

CEILINGS ARE CURVED in Quonset huts. Sitting in her living room is Mrs. Ralph G. Child, 107 Quonset park, showing her two-year-old daughter Laura Ann how to wrap up a teddy bear in a blanket. Living in a Quonset for almost a year, the Childs have created a comfortable homey atmosphere in their hut. Quonset park is located along Park road near the City Park bridge.

are kept warm by a coal stove. Coal dust and soot are inevitable problems in the Quonsets, but the situation has been improved by a recent university switch to a better grade of coal in briquette form.

Standard Quonset equipment is the same as that in a barracks apartment except for the coal heater and a kerosene cook stove.

The equipment is that originally supplied by the government when it built the Quonsets.

Quonsets and equipment were deeded to the university by the government last fall. University policy is that each type of housing — barracks, Quonsets and trailers — must be financially independent.

Wasteful Roof

One Quonset characteristic that wastes much space is the wall (or roof, whichever you please) which curves overhead from foundation to foundation. (In one housing project a wall-painters union had an argument with a roof-painters union about where their respective jobs should begin and end!)

Most furniture in the Quonsets must be set out a little from the baseboard leaving unusable space behind sofas, tables and dressers.

The curtains in a Quonset tend to hang straight down away from the windows and the shades roll up from the bottom like the rear window shade in an automobile.

There are 11 windows in both the Quonset and barracks apartment, and they are the same size, but the summer sun tends to make a Quonset hot unless the tenant puts up awnings. It has no eaves to protect the windows. Cross-ventilation is good.

Plywood Floors

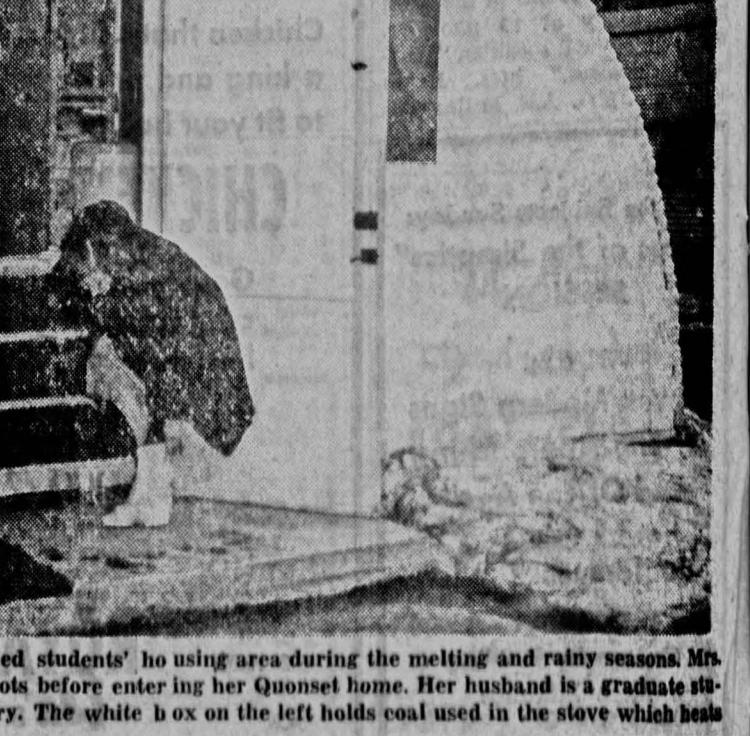

Quonset floors are plywood instead of concrete and the interior is wallboard the same as barracks.

Rents are the same for Quonsets and barracks with similar furniture offered if rented furnished.

The Quonsets are insulated and

leys that roll along almost overhead in Hawkeye village.

One problem that puzzles Quonset villagers is where to hang pictures. The only solution seems to be to nail them at all four corners.

THE MAILMAN VISITS BARRACKS TOO! Mrs. Hugh H. Keasling is shown taking a letter from her mailbox. Her husband received his master's degree in February and is now working towards his Ph.D. in pharmacology. There are six barracks areas in the married students' housing plan, Stadium, Newton, Central, Riverside, North and Finkbine parks. Built in pairs the barracks house two families under each roof.

Brace Shop Empties Wheelchairs

Helps Cripples To Walk Again

Many a wheelchair has been vacated because of the brace shop at University hospitals.

One of the more unique departments on the SUI campus, the brace shop employs 10 technicians who spend their time making braces for hundreds of cripples who seek aid at University hospitals.

At first glance, the brace shop, located in the basement of Children's hospital, resembles a sculptor's studio. Stacked high on the shelves are plaster of paris models of difficult cases. Cabinets are filled with standard body braces for rapid fitting of patients.

No Cases Alike

"Although the standard body brace is used, no two cases are ever quite the same," foreman Don Sullivan explained.

"Like a ready-made suit of clothes, it can be fitted in a matter of hours with slight adjustments. The same job used to take days and sometimes weeks, and was much more difficult for the patient."

Sullivan compared the more serious cases to buying a tailor-made suit. Plaster of paris models are made of the parts affected, just as a tailor-made suit is fitted directly to the body.

New Methods

Workmen in the shop are continually experimenting with new materials and methods to cut down on the time and cost to patients. They are now searching for a plastic material which could be substituted for leather on braces.

Duran, a material used on beton-grade furniture, has been used on braces but not too successfully, Sullivan said. If perfected, such a brace would be washable and less expensive, he explained.

The brace shop, which was established shortly after the opening of Children's hospital in 1919, works in close cooperation with the orthopedic surgeons. When a patient comes to the shop, the doctor specifies what the fitting is to accomplish and manufacture is left to the skilled workmen.

Over 5,000 Orders

During the fiscal year ending June, 1948, the shop competed 5,651 orders. Keeping production up requires the full-time service of seven men and three women.

Total years service for these workmen amounts to 140 years. "We have to keep our personnel," Sullivan said, "because such skill required can't be learned overnight."

The reputation of Dr. Arthur Steindler, internationally famous orthopedic surgeon, has brought patients to University hospitals from all over the world. Sullivan proudly recalls that braces made here are being worn by persons as far away as Australia and Belgium.

Shoe Department

Making braces isn't the only work done by the technicians. A shoe department operates as part of the set-up. Its job is to build up shoes, build special arches, raise heels and make special adjustments according to doctors' specifications.

These orders, once filled, are continually maintained by the shop so the advantages gained will not be lost through neglect or misunderstanding.

Modern machinery will probably never replace the skilled hands in SUI's brace shop which serve to bring smiles to the faces of many of the handicapped throughout Iowa.

Kadlec Fines Man On Driving Charge

Donald L. Abrego of Wilton Junction was fined \$20 and costs in justice of the peace court yesterday on a charge of improper passing on highway 218.

Justice J.M. Kadlec said he suspended another charge against Abrego of driving without a valid Iowa operator's permit.

Charges were filed by Highway Patrolmen V.F. Johnson and J.L. Smith.

KEEPING A CAUTIOUS EYE ON OPERATIONS is three-year-old John Wingstad as Don Sullivan, foreman of the State University of Iowa hospital's brace shop, adjusts the little fellow's leg braces which are designed to strengthen his legs. John is one of the many children and adults who have been helped by the skilled technicians in the shop.

Pearlman in Finals

Last Round Speeches Today

Gilbert Pearlman, A2, Des Moines, yesterday was named one of four finalists in the after-dinner speaking contest at the SUI inter-collegiate conference on world problems.

Other finalist are Antony Friedson, Simpson college; Ebert Hardeman, Bradley university, and Jack Crane, Temple university. They will speak at the conference luncheon this noon on the subject, "Un-American Activities."

Students from 16 colleges and universities, including SUI, are competing in the conference which began here yesterday.

Three rounds of discussion and debate and the extemporaneous contests were completed yesterday.

Local SDX Chapter To Sponsor Contest For Iowa Weeklies

The publisher of the best weekly editorial page published since Jan. 1, 1948, will receive an award from the SUI chapter of Sigma Delta Chi, professional journalism fraternity, March 25, officials announced yesterday.

Three Iowa weekly newspaper columnists will also be given the fraternity's master columnist award for the best columns written during 1948.

Publishers desiring to enter the contest should submit three editorial pages before March 17 to "President, Sigma Delta Chi, School of Journalism, State University of Iowa."

Weekly columnists should submit to the same address one or more columns published during the year. The columnists deadline is March 12.

Awards will be presented at the Iowa Publishers convention in Des Moines.

Missouri Asks Police To Hold Everett Ayers

Police Chief A.J. Ruppert said yesterday he received an order from the St. Louis county, Mo., sheriff to hold Everett Ayers, awaiting grand jury proceedings here on forgery charge.

The Missouri order charges Ayers, alias Leo Robinson, forged a \$35.50 check in St. Louis county on Feb. 16. Chief Ruppert said he turned over the holding order to County Attorney Jack C. White.

The county attorney is prosecuting Ayers, his wife Betty, and James B. Scott, on charges of forging a \$350 check and obtaining money and property under false pretenses at a local store last Wednesday.

The three defendants are being held in Johnson county jail.

The case of a fourth suspect, Ayers' daughter Marcella was transferred to juvenile court by Judge Trott.

Two Iowa City firms yesterday obtained a writ of attachment in district court against funds and property of the Ayers family and James B. Scott.

The Nagle Lumber company asked judgment against Everett Ayers and James B. Scott in the amount of \$130.50. The firm claimed it had taken a \$350 check from Ayers for merchandise valued at \$219.50 and had given \$130.50 in change.

William Kirwan of the Kirwan Furniture company asked judgment against Everett, Betty, and Marcella Ayers in the amount of \$300.

In his petition for a writ of attachment against the three, Kirwan claimed he sold the defendants furniture valued at \$160. It was paid for with a \$300 check, and \$140 change was given, Kirwan said.

Forty Students Face Tuition Payment Fines

Forty SUI students have not yet paid their tuition fees for the second semester, Treasurer Flave L. Hamborg said yesterday.

Since the deadline date was Feb. 24, these students have now accumulated a late payment fine of \$9.00. A penalty of \$2.00 for the first day of delay and \$1.00 for each day thereafter, is charged, Hamborg said.

DISNEY CARTOON LATE WORLD NEWS FLICKER FLASHBACK

Added

SO THAT'S what they're up to... Communists, that is. The striking grave-diggers in New York are accused of being inspired by the Kremlin. If Joe is responsible for this, he is definitely getting off on the wrong foot.

Seven hundred bodies have stacked up at this cemetery because of the strike, and that's nothing to sniff at. The management should have expected something like this, however. Those Communists were probably out there digging graves with sickles until the strike business came up.

* * *

IT'S GETTING so a community isn't cosmopolitan at all any more unless it can point out a couple of at least suspected spys. You will also notice the words spy and Communist have become synonymous.

The handy part about all this is that when a government wants to pull a fast one it says, "Ps-s-s-t—look over there. That's a Communist!" While the citizenry looks for the dirty swine, the government slips in and shoves all the dimes out of the national piggy bank, or some equally naughty prank.

* * *

I HAVE NEVER met a real, honest-to-chunk spy, and therefore probably shouldn't attempt to speak with authority on the subject. It seems, though, that we all should have an opportunity to get to know spies (especially Soviet) better.

From a cultural standpoint this would be quite a boon. Perhaps some sort of an exchange system could be worked out... like swapping spies with other nations during the summer months... could be tied in with student exchange programs.

* * *

ANY COMMUNITY with a population of 5,000 or over would be eligible to have a genuine spy around during the months of June, July and August. They could spend week-ends in smaller towns and give everybody a break.

Of course each spy would be outfitted by his country with standard spy equipment. Cameras, invisible ink, dark glasses and a black cloak would do for male spies. Women spies would be issued for neckpieces, jewels and an evening gown with a near-navel neck-line.

As long as they refrained from blowing up bridges and blocking traffic in front of churches on Sunday there shouldn't be any trouble.

* * *

THE SPY EXCHANGE program would benefit individuals no end. Let us suppose you are sent to the grocery store early Saturday afternoon for a can of ochra. When you return with the ochra you know you will be delegated to clean out the closet.

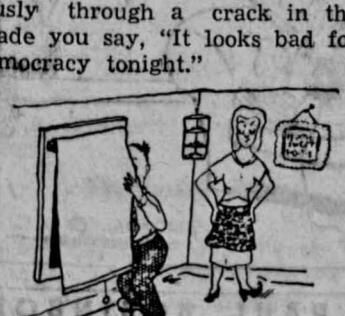

With that on your mind you accidentally step into a pool room where a group of the boys are having a fast game of rotation. There is something about rotation which makes a man forget ochra, and before you know it is five o'clock.

* * *

PURCHASING A can of ochra, you race home and ignore the woman of the house standing tight-lipped at the front stoop.

This is important. Pay no attention to what she has to say. If she snarls, "Who do you think is going to clean that closet—Snow White?" you don't utter a word... silence is the watchword.

After pulling down all the window shades and peering mysteriously through a crack in the shade you say, "It looks bad for democracy tonight."

This will serve to throw her off the track for a moment and you take it from there ad lib. You might say that the spies are down making blueprints of the parking meters. Or if that doesn't get you away from the closet subject you might go even farther and hint that deep holes have been dug in some of the city's main thoroughfares.

No doubt that will strike home, since she will have probably noticed what appears to be the work of blasting crews in the streets.

Of course, you can't expect to score as highly as the government does, but then you're only an amateur at this business.

editorials

It Wasn't A Good Pun, Anyway

Reading the editorial page of an Iowa daily newspaper this last week we came across this short filler comment:

"Some of our college grads doubtless will need a good belt before they'll knuckle down."

The first reaction was to note that the pun was not carried through. Using the word "belt" the writer probably meant to say "buckle down" — which would have made a much better pun out of it.

The next reaction was the dismaying thought that the college student stereotype is still a chap who gets a four-year vacation from home and then must be written off as worthless for work.

Colleges and college graduates are then still looked on with disfavor. The same pun might have been applied to WPA workers; kids sent to a summer camp, a drunkard or anyone who has assumed some irresponsible traits and is going to have to get them knocked

"To see ourselves . . ."

out of him before he's any good to society.

A little molehill of a editorial filler can be built up to be a mountain. Probably no harm was meant, the paper was not advocating overthrow of colleges, and it certainly didn't convert many people into believing that college grads were hard to handle.

But the people who believe that a college student is "an educated fool" would nod their heads. The unfortunate thing is the large number of heads that would nod approval.

Then a college student must realize he is on no pedestal. He is not part of a world that looks at him as either a sub-normal human with a cranium crammed with useless facts, figures and theories (that is, if he gets good grades and a cum laude).

If not that, the college student is a shiftless, loud-voiced, prodigal who is dissipating his father's and the state's money on a four-year spree of yelling at football games and cutting classes.

The fact that the "college grad" can be the butt of a pun doesn't mean everybody hates that group. But it does mean that higher education is being watched with a critical eye.

The prejudices against this level of edu-

cation are as well known as are prejudices against, say, bureaucracy.

It would be hard to say where the initial prejudice began. It dates back to a primitive time when even high school education was considered a needless luxury. The technological advance of the United States testifies to the worthiness of higher education.

The fact that our society is getting so complex should indicate a need for more trained people and better trained people.

There is a split responsibility in providing these people. The institutions must intensify and expand their trainings to keep up with an expanding sphere of knowledge. The students must accept the challenge that theirs is a tough world to live in and an increasingly complex one. The states and groups supporting educational institutions must cast off the attitude that higher education is a luxury — they must not be influenced by the still prevailing attitude that colleges are playgrounds for rich and indigent youngsters — they must believe that advanced education is a heritage which should be maintained and expanded as we maintain and expand our factories, our cities, our farms and our horizons of knowledge.

Verdoux eventually breaks. He remarks that he has "lost" his family — which indicates, in keeping with the allegory, that the spiritual anemia is now complete.

With the law at his heels, he doesn't even attempt escape. He, like the men with whom he may be identified, has bucked and bucked other human beings and exhausted his life in the effort.

And here is the tragedy of everyman — which Chaplin enacts by utilizing the whole gamut of clichés beknown to everyman. The exaltation of self eventually destroys self.

The motivation: Verdoux is the head of a family. He loves his wife and son with such tenderness and spirit of self-sacrifice as to warm to the cockles of his heart J. Parnell Thomas or a given Catholic Veteran.

Earlier in life Verdoux, because of a financial slump, lost his job as bank-clerk. No "respectable" means of livelihood was available, and yet he must provide for his family. Rejected by a social order and system of employment which had no place for him, he, like any good solid family man, in similar straits, went into business for himself. Thus the motivation.

It should be added that Chaplin has restored comedy to the level which it alone may occupy.

The film is itself disquietingly hilarious. In treating the ugly comically, Chaplin makes an ingratiating appeal to each spectator. And it sticks. For in all spectators there exist varying amounts of Monsieur Verdoux.

CHAPLIN'S THESIS — if one chooses to disparage the multiplicity of meaning in the film by centering on one thesis — seems to be that the man who murders in cold blood to win for his family their daily bread is no more at fault than the man who perhaps drives his competitor out of business and into starvation and thus keeps himself healthy, wealthy, and respectable.

Verdoux' apparent ruthlessness in the struggle for bread and respectability has an ethic: the family. In this precious unit of society he has invested all of his human love, pristine innocence, and natural compassion. It is within the framework of allegory that my interpretation of the film resides.

INTERPRETATION: Verdoux is to be identified first with the businessman stereotype and second with everyman... a point which will be subsequently developed. It is here that the allegorical comes into play. In our society the entity most deserving of human love

is the family. Outside the family exists the seething welter of man against man and its incidental varieties of human hell. Therefore the object which monopolizes Verdoux' love is personified in his family.

His beautiful little boy represents innocence. Verdoux, just back from the wars, sees the boy and undergoes a sudden merger with the innocence personified. They are one and the same. His wife is the object upon whom he lavishes compassion. She is the personification of everything (and, n.b., the only thing) worthy of charity, protection, and self-sacrifice. Chaplin gives her sublime essence in having her a cripple, thus providing re-enforcing sentimentalism to his ethic for ruthlessness.

Verdoux, however, spends increasingly less time at home. He overnights. His business is all-absorbing. His wife complains that they were happier as paupers and seems to be undergoing a process of immolation — although it is she whom Verdoux would exalt and sustain.

Therefore, love, innocence, and compassion, qualities which he originally limited to the family and denied his business, become less and less vital to the man. Business, which becomes more and more his all, is ruthless.

Verdoux eventually breaks. He remarks that he has "lost" his family — which indicates, in keeping with the allegory, that the spiritual anemia is now complete.

With the law at his heels, he doesn't even attempt escape. He, like the men with whom he may be identified, has bucked and bucked other human beings and exhausted his life in the effort.

And here is the tragedy of everyman — which Chaplin enacts by utilizing the whole gamut of clichés beknown to everyman. The exaltation of self eventually destroys self.

The motivation: Verdoux is the head of a family. He loves his wife and son with such tenderness and spirit of self-sacrifice as to warm to the cockles of his heart J. Parnell Thomas or a given Catholic Veteran.

Rejected by a social order and system of employment which had no place for him, he, like any good solid family man, in similar straits, went into business for himself. Thus the motivation.

It should be added that Chaplin has restored comedy to the level which it alone may occupy.

The film is itself disquietingly hilarious. In treating the ugly comically, Chaplin makes an ingratiating appeal to each spectator. And it sticks. For in all spectators there exist varying amounts of Monsieur Verdoux.

WHAT IS ANTI-CHRISTIAN about a film which dramatizes the hell and banality of sanctimonious narcissism? What is anti-Christian about a film which leaves it to the spectator to realize that love, unlike the Morris chair, is indigenous to the street as the drawing room?

And what is anti-democratic about a film which attempts to deal with the motivations for the twentieth century variety of murder? To put murder on the screen is never censured. The more gore the better. But to account for its existence is somehow anti-democratic.

It should be added that Chaplin has restored comedy to the level which it alone may occupy.

Currier Shifts Election Date

A constitutional amendment to shift the fall election of Currier's unit chairman to a date late in the spring semester was passed at a special meeting of Currier council Thursday night.

The council also decided to hold a straw vote yesterday to get suggestions from dormitory residents for its offices of president, vice-president, secretary and treasurer for next year.

Results from this straw vote will be given to the council's nominating committee for reference in its selection of candidates.

Other amendment proposals discussed would change the nomination of candidates for dormitory offices to the straw vote or application by candidates system. It was also proposed that unit chairmen be elected by a general dormitory vote.

Dormitory office candidates are now nominated by a council committee and the unit chairmen are elected from the separate units. Cottages and other annexes would still elect their own chairmen under the proposed set up.

Farm Jobs Found For All Applicants At Local Session

There are more farm jobs than farm workers in Johnson county, if Thursday's session of the farm labor clinic is any indication.

Each applicant, whether married or single, found suitable employment and there were jobs for four married and six single farm workers left unfilled, a report from the Iowa state employment office said yesterday.

Although the number of job applicants at the next meeting, ed, yesterday's session may bring an increase in the number of applicants at the next meeting March 10.

Mrs. Nellie C. Verdin, manager of the Iowa state employment service, repeated the invitation issued to all farmers needing help and farm workers looking for employment to register for and attend future clinics.

Results of the first meeting give every indication of future success in finding employment for anyone wanting a job on a farm, she said.

UMSO Gives Okay To Safety Campaign

Plans for the traffic safety campaign were approved by the United Married Students' organization at an emergency meeting last night.

Residents in married students' housing areas can be evicted after three red traffic tickets are issued to them, UMSO Chairman George N. Haffner said. However, violators will be allowed to appear before the UMSO to plead their case.

Traffic regulations going into effect immediately are: blocking fire lanes, reckless driving, speeding and improper parking.

Tickets will be issued by enforcement officers appointed by the various councils.

Postmaster Seeks Small Cinderella

"Baby needs a new pair of shoes," or at least baby needs one shoe, according to J.P. Souchek, assistant postmaster in Iowa City.

Either in the Finkbine or the Trinity married student housing areas somebody los a baby's shoe yesterday. The shoe apparently dropped out of a package when it was put in the package collection hamper at one of those areas, Souchek said.

Completely equipped with a shoe string and a fairly fresh coat of white shoe polish, the shoe is now displayed in the assistant postmaster's office where someone may claim it.

ROOM AND BOARD

I LEARNED TO LIKE WOODY BEELER BECAUSE HE WAS SO GOOD-NATURED DURING TH' 7 TIMES WE TRIED TO HANG HIM FOR HIS CRIMES WITH TH' BANDIT BEELER BOYS! I DON'T KNOW HE HAD A DOUBLE-Jointed JAW AND COULD CURVE UP HIS CHIN SO TH' NOOSE WOULD SLIDE UP OVER HIS HEAD!... ACCORDING TO OUR LAW, AFTER 7 TRIES AT HANGIN' TH' PRISONER IS FREE!

Church Calendar

ST. MARY'S CHURCH

Jefferson and Linn streets
Rev. Msgr. C. H. Melberg, pastor
Rev. J. W. Schmidt, ass't pastor
Sunday masses: 6:30 a.m., 10:15 a.m. and 12:30 p.m. Weekday masses: 6:30 a.m., 12:30 p.m. and 6:30 p.m. in the convent and at 7:30 and 8:30 p.m. at the church. Novena services Thursday at 2:30 to 5:30 p.m. Confessions Saturday at 2:30 to 5:30 p.m. and 7:30 to 8:30 p.m. Weeks during the 7:30 a.m. masses and after the Novena services.

ST. PATRICK'S CHURCH

224 E. Courtland street
Rev. Edward W. Neumill, pastor
Rev. J. P. Hines, pastor
Sunday masses: 6:30 a.m. and 10 a.m. Sunday instruction: 10:30 a.m. Children: 9:30 a.m. Saturday and first high school children at 9 a.m. Sunday Confessions heard from 3 to 5:30 p.m. all Saturdays and the day before holidays, also on First Friday, Sundays before each mass and from 7 a.m. to 7:30 a.m. weekday masses.

ST. WENCESLAUS' CHURCH

639 E. Davison street
Rev. Edward W. Neumill, pastor
Rev. J. P. Hines, pastor
Sunday masses: 6:30 a.m. and 10 a.m. Sunday instruction: 10:30 a.m. Children: 9:30 a.m. Saturday and first high school children at 9 a.m. Sunday Confessions heard from 3 to 5:30 p.m. and 7 to 8:30 p.m. on Saturday.

FIRST BAPTIST CHURCH

S. Clinton and Burlington streets
Rev. Elmer E. Diers, pastor
Sunday: 9:30 a.m. Church school, Judson class, church. Prof. Roscoe Woods, Roger Williams class at the home. J. H. Heuer, Shuler class, 10:30 a.m. Worship. "Picture of Jesus." Rev. G. Nelson, Des Moines, secretary of Iowa Inter-church council. Communion: 5 p.m. Judson fellowship vespers. Dissemination of Religion in Life week. Dr. L. D. Dunham, Rev. E. B. Crook, Dr. R. E. Stuckey, ministers Sunday: 9:30 a.m. Church school, 9:30 a.m. Student bible class, 10:15 a.m. School, 12:30 p.m. Communion, 10:30 a.m. Service: "The Ministry of Grace." Communion: 5:30 p.m. LSA at the church. Supper, social hour with discussion: "The Christian Home." Monday, 7:30 p.m. Adult choir practice. Wednesday, 4:30 p.m. Children's home practice, 7:30 p.m. Mid-week Lenten service, 8:30 p.m. Senior choir practice, 9 a.m. Junior catechism class, 11:15 a.m. Children's choir practice.

FIRST METHODIST CHURCH

Jefferson and Dubuque streets
Dr. L. D. Dunham, Rev. E. B. Crook, Dr. R. E. Stuckey, ministers Sunday: 9:30 a.m. Church school, 9:30 a.m. and 11 a.m. Identical morning worship service. "The Sermon on the Mount." 10:30 a.m. Wesley supper club, annex. 5:45 p.m. Wesley foundation, Fellowship hall, 1 p.m. MYF, high school students, Fellowship hall.

MENNINITE GOSPEL MISSION

614 Clark street
Norman Hobbs, pastor
Sunday: 9:30 a.m. Sunday school, 10:30 a.m. Sermon, "The Ministry of the Incarnation." 7 p.m. Young peoples service and childrens meeting, 8 p.m. Sermon, evangelistic. Thursday, 7:45 p.m. Evening prayer and praise service.

FIRST CHRISTIAN CHURCH

(Disciples of Christ)
217 Iowa avenue
Rev. Leon C. Egelhoff, minister Sunday: 9:30 a.m. Church school, 10:30 a.m. Worship and communion. "The Unveiled God," last of series on "Portraits of Jesus." Nursery, 11:30 a.m. Coffee hour, student center, 6 p.m. Cemetery fellowship supper. Monday, 7 p.m. Kim-Dubuque fellowship supper. Tuesday, 7 p.m. Kim-Dubuque fellowship supper. Wednesday, 6:30 p.m. Col. W. W. Miller, SUI military department, "World Understanding."

FIRST CHURCH OF CHRIST, SCIENTIST

722 East College street Sunday, 9 a.m. WHO broadcast, 9:45 a.m. Sunday school, 11 a.m. Morning service, "Echoes of the Apostolic End of the Age." Thursday, 7 p.m. Midweek service, Mr. and Mrs. Mead Rath, 16 W. College street. Mrs. St. John.

FIRST CONGREGATIONAL CHURCH

Clinton and Jefferson streets Sunday, 9:30 a.m. Church school, Nursery during worship, 10:30 a.m. "What Has the Church to Say—To The Frustrated?" 6:30 p.m. Fellowship, 7:30 p.m. Sunday noon, advice and luncheon. Hotel Jefferson, 7:30 p.m. Board of Trustees meeting, church. Tuesday, 7:15 p.m. Choir rehearsal, church.

TRINITY EPISCOPAL CHURCH

309 E. College street
Rev. Harold F. McGee, rector Sunday, 8 a.m. Holy communion, 8:30 a.m. Breakfast, Holy communion, sermon, 9:45 a.m. Lower church school, nursery, 3:45 p.m. Sunday school, parish supper. Evening prayer, sermon, 6:30 p.m. Canterbury supper, 6:45 p.m. Discussion, "The Doctrine of the Prayer Book." Monday, 6 p.m. Graduate supper, parish school, 7:30 p.m. for Miss Ellen B. Gammack, 8 p.m. Laquer's class. Wednesday, 6:45 a.m. Holy communion, 7:15 a.m. Breakfast, parish house, 9:45 a.m. Holy communion, 10:15 a.m. Coffee, parish house, 10:30 a.m. Lenten service, 7:30 p.m. Lenten service, 7:45 a.m. Junior choir rehearsal, parish house, 7:45 p.m. Midweek Lenten service, Litany and Sermon, Friday, 7:30 p.m. Balla-n Chai Club potluck supper, 6:30 p.m. Rev. McGee, "The Sacraments."

EVANGELICAL FREE CHURCH OF CORALVILLE

509 E. Street, pastor Sunday, 9:45 a.m. Sunday school, 10:30 a.m. Morning service, "Open the Eyes of My Heart." PCYF, church, 7:30 p.m. Pre-service prayer meeting, 8 p.m. Evening service, Monday, 7:30 p.m. Sunday school teachers meeting, parsonage. Wednesday, 7 p.m. Oakdale service, 7:30 p.m. Confirmation, 8 p.m. Choir practice.

CHECH OF JESUS CHRIST OF LATTER DAY SAINTS

Chapel, 919 E. Farnham street Elder Verner H. Hause, branch president Sunday, 10 a.m. Sunday school, 11:30 a.m. Sacrament meeting, 7 p.m. Relief society, 8:30 p.m. Fireside and cottage meeting, Thursday, 4 p.m. Primary association, 7:15 p.m. Ladies relief society.

School Bond Cost Estimated At \$1.55 Yearly for Taxpayer

The proposed \$182,000 school bond issue to be approved or rejected by Iowa City voters in the March 14 school election would cost the taxpayer about \$1.55 per year, the City Superintendent of Schools, Ivar Opstad, estimated yesterday.

Opstad gave the \$1.55 figure on the theoretical basis of a \$2,000 property assessment evaluation. The amount is also based on the assumption that bonds would be sold at two percent interest over a 20 year period. If the interest were 2.5 percent, he explained, an additional eight cents would be added to the estimate.

Opstad pointed out that if the bond issue is approved by voters, there would be added costs of maintenance for the additions to Longfellow and Lincoln schools. Thus, the per-taxpayer figure would be higher.

Serial Bonds

The bonds, according to the superintendent, would be 20 year serial bonds, part of which would be retired each year. Approximately the same amount would be paid each year for the bonds and interest, Opstad said.

The school official has prepared "projected estimated enrollments for Iowa City schools." According to his figures, the number of children below five years of age will have increased to 53 percent by 1954, including children from the University married student housing areas.

If children from student areas are excluded from the projected estimates, Opstad said, there would still be a 39.4 increase in enrollment. "That percentage is a very conservative estimate," he said.

School Census Lists

The 1948 school census lists 2,012 children below five years of age in Iowa City. Opstad compared two age groups to show the future increases to be expected.

"There are 969 children up to two years old at present—and only 1,101 for the ages between seven and eleven," he illustrated.

If there is a 35 percent increase in the enrollment at Longfellow school, the attendance for 1953-54 would be 622 pupils which is 161 more than the present number, Opstad said.

That doesn't include additional youngsters who will be served by the Lincoln area when the new veterans' hospital is built in that area," he warned.

A Unique Situation

The Lincoln school enrollment is a unique situation," according to Opstad. The 1948 census gave a figure of 441 children under five years of age in the district. Children of taxpaying residents number 215 and those from barracks and parks under the University housing system number 226.

The proposed additions to Lincoln would add seven classrooms to the building, Opstad said. The increase in enrollments would make those seven rooms necessary.

The superintendent said "one-third more houses may be built in that area, and the number now attending school elsewhere would increase the enrollment by at least one-third."

Pupils Refused Admission

Because of the present situation, Opstad explained, all pupils from Finkbine, the area west of City park, and the territory north of Park road have been refused admission to Lincoln kindergarten or the first three grades.

Because Lincoln hasn't enough room for children in those areas, Opstad declared, they have been shifted to Sabin, Kirkwood or Mann elementary schools.

Final Rites for E. P. Adler

(AP Wirephoto)

THE BODY OF EMANUEL P. ADLER, publisher of the Davenport Daily Times and president of the Lee newspaper syndicate, is shown being carried from Temple Emmanuel following services yesterday afternoon. Seven Davenport men and Prof. M. Willard Lampe (second from front, left), director of The University of Iowa school of religion, were pallbearers. Mr. Adler was a charter member on the board of trustees of the SUI school of religion.

Ruess Will Declared Invalid

After more than eight hours of deliberation, a Johnson county district court early yesterday returned a verdict setting aside the will of the late J.W. Ruess, West Liberty.

The will contest case had been before the district court for trial here since last Thursday. Several relatives of Mr. Ruess tried to break his will on the grounds that he was mentally incompetent when the will was made.

In October 1947, a district court jury here declared the will invalid. The Iowa supreme court later reversed the decision, referring the case back to the court.

The case was put before the jury at 6:15 p.m. Wednesday. A sealed verdict was brought in at 2:45 a.m. yesterday.

The verdict yesterday substantiated the decision reached in October 1947, when the will was first declared invalid.

The plaintiffs in the case were Mary Ipsen, Elizabeth Ruess, Geraldine Sheridan, Edward Bryan, Charles Bryan, and Lorettaoughlin. They were represented by attorneys Robert Brooke, D.C. Nolan and Harold Keele.

The defendants in the case

were Louis F. Ruess, Mrs. Elizabeth Hoffelder, Raymond Hoffelder, Raymond Hoffelder and Hazel Romaine Consamus. Louis F. Ruess was executor of the will. Attorneys for the defendants were Ries, Dutcher and Osmundson and Pauline V. Kelley.

Mary Louise Hogan and Kathleen Kessler were intervenors in the case. Attorneys Messer, Hamilton, Cahill and Bartley represented them.

Actual training for the ensign commission is done in two six-week summer periods at either Newport, R.I., or San Diego, Calif.

Applications must be made at once, the announcement said, since they must be received at district headquarters by March 15.

Navy Commissions Open to Students

College students now have a chance to obtain a commission as ensign in the U.S. naval reserve, the ninth naval district headquarters announced last week.

College students who are now members of the organized reserve or who join prior to March 10, 1949, will be eligible for commission upon completion of their college work, the announcement said.

During college years the student carries a normal academic schedule and attends drills in his naval reserve unit.

Actual training for the ensign commission is done in two six-week summer periods at either Newport, R.I., or San Diego, Calif.

Applications must be made at once, the announcement said, since they must be received at district headquarters by March 15.

Rev. Muste Advises Non-Violence Policy

It is better to be killed than be the killer, Rev. A.J. Muste told the audience at the International club meeting last night.

"Non-violence is practical now," the secretary of the Fellowship of Reconciliation said. Such a thing might even penetrate the Russians.

Members of the Fellowship of Reconciliation in France have tried civil disobedience against the Nazis as well as against their own war leaders and have shown that it works, he said.

"If we can give it a try in America, we might be able to do something," he said. "If we change our basic policy, it will affect Russian basic policy," he added.

"Cause and effect is not dead," he asserted. "Bad will get bad, fear will get fear, good in the long run will get good, and sanity will get sanity."

About 25 small Iowa papers will be represented at the two-day Iowa newspaper mechanical conference opening today at SUI.

The purpose of the meeting is to give mechanical workers on the smaller papers a chance to talk about their common problems, according to Leslie G. Moeller, director of the school of journalism.

About 60 persons are expected to attend the conference sponsored by the school and the extension division.

Iowa Senator Says FEPC Is Desirable But Not Enforceable

State Sen. LeRoy S. Mercer of Iowa City told a delegation of SUI Young Democrats yesterday that he believes in the general principle of an FEPC law for Iowa but that he doesn't think such a law can be enforceable and still be constitutional.

Mercer said minorities "should not be denied a right to equal employment opportunities in Iowa."

He favors the principle of an FEPC law to protect rights of minorities, Mercer said, but he doubts that it is possible to incorporate these rights into legislation which would do the minority groups any material good, and still stay within constitutional boundaries.

A delegation of SUI Young Demos consisting of Phil Norland, Mary McMahon, Bill Eads, Gene W. Fredericks and Mildred Robinson approached the local senator to secure endorsement of the Sloane-O'Malley FEPC bill now in a house committee.

Since the house bill has not yet reached the senate, Mercer said yesterday he was unfamiliar with the specific contents of the bill and did not wish to comment or endorse it then.

The SUI Young Democrats have been enlisting support of a campaign started Monday to end discrimination in employment practices by pushing the Sloan-O'Malley bill.

Now at home during the recess of the state legislature, Mercer plans to return to Des Moines Sunday.

Pleads Not Guilty To Traffic Charge

Gladys Irene Kinney, Oxford, pleaded not guilty in police court yesterday to a charge of failure to yield one-half the travelled portion of the highway.

Highway patrolmen filed the charge against the defendant following an accident on highway 6 at Coralville on Feb. 25, police said.

The defendant, driver of one of one of the cars involved, received chest injuries from the accident, "according to police reports.

Her trial is set for March 21 at 1:30 p.m.

Bi-Partisan Nominees Only Board Candidates

Candidates for the March 14 school board election will be the eight men and women nominated Feb. 23 by the Iowa City bi-partisan committee.

No others have filed nomination papers for the three school board vacancies or the office of treasurer, according to Charles S. Galher, secretary of the school board.

Senator Checks Church Approval of FEPC

(Daily Iowan photo by Art Wimer)
STATE SEN. LEROY S. MERCER AND SUI YOUNG DEMOCRATS look over endorsements by local church leaders of a fair employment practices law for Iowa. Left to right are: Phil Norland, A3, Mary McMahon, A2, Senator Mercer, Mildred Robinson, A1, Bill Eads, A2 and Gene W. Fredericks, A2. Mercer told the delegation he thought FEPC for Iowa was good in principal but probably not enforceable.

MARTHA HARRIS DIES

Martha Harris, Cedar Rapids died yesterday at 4 a.m. at University hospitals, officials reported. She was 58 years old and was admitted Feb. 24.

Meet

Eugene Kennel

The Daily Iowan carrier of
Westlawn Park Area

Residents of the Westlawn Park area, meet Eugene Kennel, your Daily Iowan Carrier. Eugene is 11 years old and attends Roosevelt Grade School. At Roosevelt, Eugene plays both football and basketball. If Eugene doesn't become a triple-threat football player, it won't be from the lack of enough pigskins, since he has 5 footballs at home. Eugene Kennel is the son of Mr. and Mrs. Oran Kennel and lives at 817 Melrose, his phone number is 4318.

Eugene is another one of the 34 Daily Iowan carriers, who, rain or shine, roll out of bed early each morning to deliver the Iowan to your door step by 7:30 a.m.
