The Weather

Partly cloudy today with showers and thundershowers. Tomorrow partly cloudy and some what cooler with showers. High today 85; low tonight 55.

U.S. Navy Begins Evacuation Of Americans from Shanghai

SHANGHAI (TUESDAY) (AP)—Vice Adm. Oscar Badger's flagship quit Shanghai today. Its departure began the withdrawal of U.S. heavy fleet units to avoid American involvement in China's civil war.

The western Pacific commander's flagship, the U.S.S. Eldorado, pulled out of its anchorage on "Battleship Row" in the Whangpoo river at 11 a.m. The ship moved toward a safer anchorage in the Yangtze estuary. The Eldorado was scheduled to be followed immediately by the troopship Chilton which carries one battalion of marines.

The ship movements had been announced earlier by a naval spokesman.

"We'll probably have the big ships out of the Whangpoo before evening," the spokesman said but added: "This order is subject to change without notice."

U.S. Consul General John Cabot yesterday warned all American citizens in Shanghai to board ships at once if they wished to leave this largest Asian city.

The Americans were warned that once the naval craft pulled out into Yangtze anchorages there would be no guarantee of U.S. protection.

If they stayed behind, they were told, they must be prepared to remain.

Only yesterday the Communist radio at Peiping demanded that "the aggressive military forces" of both the United States and Britain "be withdrawn immediately from all China."

It was to avert any chance of American ships becoming involved in incidents such as the British craft last week that prompted the naval withdrawal.

Last week, four British warships were shelled on the Yangtze by Communist shore guns. All four were damaged and 43 sailors were killed. The first ship attacked, the sloop Amethyst, still is marooned in the river between Shanghai and Nanking. The other three ships were fired on while trying to reach her.

Embassy Invaded

NANKING, CHINA (AP)—Twelve Communist soldiers invaded the United States embassy yesterday and entered the bedroom of Ambassador J. Leighton Stuart.

The Communists entered the building at 6:45 a.m., and after visiting the kitchen to ask the number of Chinese and foreigners employed in the house asked, "Where's the ambassador?"

They proceeded upstairs to Stuart's bedroom where he was lying half-awake.

They pointed to the things in Stuart's bedroom said, "These will soon belong to the people."

(In Washington the state department said the Ambassador's residence had been "violated" by the Communists and instructed American military attache in Nanking to protest vigorously.)

Two Boys Arrested Driving Stolen Car

Two teen-age boys were apprehended by police last night driving a car belonging to Ellis F. Kester of Bussey. The car was reported stolen from a lot west of University hospitals sometime between Sunday afternoon and yesterday morning.

The youths were arrested at Myrtle avenue and West Benton street at 7:50 last night, police said. A statewide alarm was sent out earlier yesterday.

Their arrest spiced two other automobile thefts during April. Police authorities said the boys admitted taking Dr. Millikan's car parked in front of the field-house on April 16. They also confessed taking the blue '38 Ford coach belonging to Ted Burgdorf, 44, Clinton, last Thursday, which was parked in front of the Quadrangle, police said.

The two cars have been recovered previously, police reported.

Thief Whizzes Bike; Student Cancels Ad

Howard A. Burdick, 21, Oskaloosa, said he cancelled a want ad to sell his "Whizzer" motor bike yesterday after he discovered it already taken off his hands by a thief Sunday evening.

Burdick reported the red bicycle with cream trimming was parked near the west entrance of the Quadrangle when it was stolen.

Magazine Analyzes Auditors' Report of SUI's 'Free Balance'

The widely publicized state auditors' report that SUI would have a "free balance" of \$1,912,910 on June 30, was analyzed in the university's employe magazine yesterday.

Funds in the cash report for June 30 were included by the

The complete text of the Employe Record article is reprinted on today's editorial page.

auditors, an accounting procedure not followed by the university, the analyst said.

About \$1-million of the "free balance" reported by the state auditors included emergency funds which are needed most at the end of the year when budgets run low. Also included were unused salaries resulting from resignations from the staff during the year and where no replacements at the announced salaries could be found, the article explained.

Normally, none of these funds would be available at the end of the year as "free balance," according to the analyst.

The remainder of the "free balance" consisted of the reserves of \$1,035,000 which the school had already reported to the legislature that it would have on June 30, the article said.

UN Raps Russians For Not Permitting Wives to Join Mates

NEW YORK (AP)—The United Nations assembly yesterday condemned Soviet refusals to lift the iron curtain separating Russian wives from foreign husbands.

It made a final and apparently vain appeal to Russia to lift the ban against Soviet wives joining their husbands abroad.

Nobody, however, expected Russia to comply with the plea made mainly in behalf of girls who married foreigners in wartime courtships.

Several hundred wives of Americans, Britons and other nationals are kept separated from their husbands under the restriction.

Mrs. Franklin D. Roosevelt made the final appeal for the United States. She asked the assembly delegations to decide for themselves whether American women are more enslaved to their kitchens than Russian women are.

This was in reply to Soviet arguments that the Russians are keeping their women in the Soviet Union rather than submit them to the drudgeries of housework they say is the lot of wives outside the iron curtain.

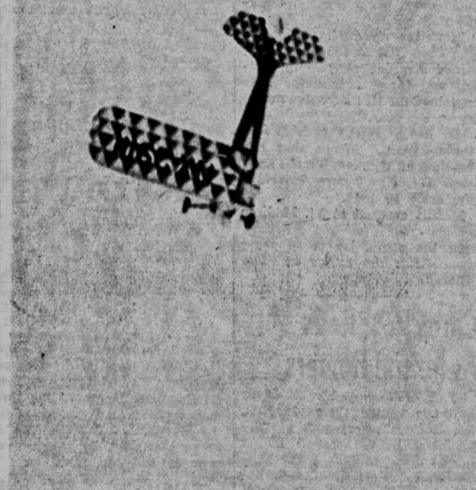

The assembly's vote in the Russian wives case was 39 to 6 with 11 abstentions. This completed action started at the Paris assembly last fall by Chile.

Chilean Delegate Hernan Santa Cruz called the Russian ban a "shame to humanity" because "for the first time in history, divorce has been imposed upon individuals," by forcibly separating husbands and wives.

Plans for New West German State Get Okay

FRANKFURT, GERMANY (AP)—German anti-Communist leaders reached an agreement last night with the three military governors to rush the formation of the federal republic of western Germany. The accord ignores Russia.

Gen. Lucius D. Clay, American military governor, predicted the new European state — with a population of more than 45-million Germans west of the Elbe — would come into existence by July 15. That would be four months after the target date fixed last year by the western allies. The republic will be made up

Ten Seconds From Death A DECORAH FLIER PLUNGED TO HIS DEATH ten seconds after this picture was taken. Billy Fischer, 23, met death Sunday when his small plane lost a wing while performing before a crowd of 10,000 at an airshow in Jackson, Miss.

ARMY FIRETRUCK ARRIVES ON THE SCENE of Decorah pilot, Billy Fischer's, plane crash. The precision flier died when his plane lost a wing and crashed on a concrete runway during an airshow. The engine of his plane which crashed 100 feet from the ship is shown smoking at right.

Will Pre-Historic Frog Jump Again? Doctor Has Hopes for 'Lazarus'

ANGELS CAMP, CAL. (AP)—Dr. D. L. Albasio is keeping his entry in the annual Angels Camp frog jumping contest on ice—literally speaking.

He has to—because his frog, "Lazarus," has been frozen stiff for an estimated 1,200 years.

The local physician said he found his prehistoric frog two weeks ago, frozen deep in the ice of Dana glacier in Yosemite National park.

With an eye to making history in the famed frog jumping competition, he chopped the critter out and brought it home, still encased in a block of glacial ice. He placed it in a deep freezer for safe-keeping.

On Thursday night, the doctor says, he will defrost his ancient "Lazarus" and try to bring him back to life.

"There seems to be no known limits to the powers of frogs and other reptiles to revive after long periods of dormancy," he said. "There is a very good possibility we can thaw him out and bring him to with a shot of cardiac stimulant—maybe with benzedrine."

The annual jumping frog festival, inspired by Mark Twain's famous story of the "Jumping Frog of Calaveras County" will be held May 13 through 15.

Guns Stolen; Cops Given Year in Jail

BERLIN (AP)—Two Russians sent German policemen were sentenced to a year in prison yesterday—for letting holdup men steal their pistols.

A Soviet sector court, reported the Russian-licensed news agency ADN, found the pair had surrendered their guns to four armed bandits. The court, said ADN, reminded the policemen sternly that they had the task of "protecting the new democracy."

Iowa Pilot Killed As Plane Crashes; Three Sisters Here

JACKSON, MISS. (AP)—Billy Fischer, 23, a stunt flyer from Decorah, Iowa, was killed Sunday when his plane crashed and burned at an air show here.

Three sisters of Billy Fischer are living in Iowa City.

They are Gloria R. Fischer, A1, 412 E. Bloomington; Mrs. Robert E. Knowlton, 630 E. Washington, and Mrs. William W. Smith, 20 S. Lucas.

Miss Fisher and Mrs. Smith left for Decorah yesterday. Mrs. Knowlton, an instructor in SUI's music department, said last night that she will leave for Decorah Wednesday.

FISCHER

Ummmm . . . Spring!

APRIL HEAT WAVE CHICAGO (AP)—An April heat wave hit the central plains yesterday.

All-time high temperatures for the date were set as the mercury reached 90 at Fort Dodge, Iowa, and La Junta, Colo. Sioux City reported 89 and Omaha 87 as most of Iowa and Nebraska enjoyed temperatures in the 80 range.

The shutters of most of the temporary cottages in and around the Quadrangle were seen open yesterday afternoon.

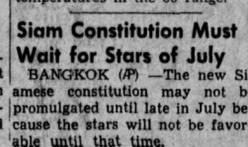

Women at Currier hall were also taking advantage of the tanning rays of the sun.

From 55 degrees at 7:30 a.m., the mercury climbed to 69 degrees at 10:30, 78 at 12:30, the day's high at about 3 o'clock and then descended to 84 at 4:30 and 78 by 6:30 p.m.

Germans Ban 'Hey Ba-Ba Ree-Bop'

STUTTGART, GERMANY (AP)—The American song, "Hey Ba-Ba Ree-Bop," which has become a favorite of German teenagers, was banned yesterday by officials of the Stuttgart Queen Charlotte college.

The tune was condemned as "absolutely un-German" and the words as "unfit for German school children."

Health Insurance Bill Handed to Congress

WASHINGTON (UP)—Ten administration Democrats yesterday introduced in congress a bill to carry out President Truman's plan for compulsory health insurance covering at least 85 million persons.

It calls for the government to pay all medical, surgical, dental and hospital bills for persons covered by social security and their dependents.

The costs would be met by a new payroll tax of one, and one-half percent each on covered workers and their employers plus about \$1.5-billion a year in direct appropriations out of the treasury.

Republicans and some southern Democrats are strongly opposed to the bill and it is given only a slim chance of passage at this session of congress. The American Medical association also is fighting it.

The bill would make health insurance coverage compulsory at the start for everyone now covered by social security.

If social security is broadened to take in the self-employed, farm workers and domestic servants, as the administration wants, the health program eventually would reach up to 130-million of the 145-million people in this country.

The payroll tax would apply to the first \$4,800 of an employee's income. Thus the maximum paid by most covered employes would be \$72 a year.

The self-employed, farmers and domestics, if brought under the program, might pay a higher tax because their payments would not be matched by an equal tax on employers.

The government's direct contribution would be determined from year to year by appropriation bills.

The health measure authorizes appropriations of one percent of the national payroll, about \$1.5-billion a year, after the program is in full operation.

The AMA, which has branded the Truman plan "socialized medicine," contends that the fund of about \$6-billion a year foreseen in the administration bill would not be nearly enough to pay costs of the program.

Students 'Bashful' About Delinquents

The liberal arts advisory office announced yesterday that some students have been "bashful" about picking up their delinquents and there is still a stack to be handed out.

Most of the remaining delinquents belong to students in the town area and the office urged those students to pick them up as soon as possible in room 109 Schaeffer hall.

Proctors in dormitories, sororities and fraternities will distribute delinquents to students in their areas today.

'Snake Pit' Sealed At Country School

An abandoned well which used to be the home of a family of snakes on the grounds of Penn Township District 3 school near North Liberty is now securely sealed.

Mrs. Helen Walker, 120 Grand avenue court, a teacher at the school said yesterday the well became the topic of conversation last Thursday. It was covered by only a loose plank and was near the basketball court, she said.

She called the attention of Robert Zaiser, director of the school, to the 24-foot well, filled with water except for four feet, on Friday.

With the assistance of nearby farmers who brought a tractor, the well was filled in two hours.

# Yankees Edge A's, 3-2

## Three Errors Hurt Coleman

NEW YORK (AP) — Vic Raschi pitched the New York Yankees to a 3-2 decision over his old "cousins," the Philadelphia Athletics, yesterday with the help of two errors by Shortstop Eddie Joost in the fourth inning. Raschi allowed five hits to six by his opponent, Joe Coleman.

Raschi, who has beaten the A's nine out of 10 times in his brief major league career, chalked up his second straight win of the season. He shut out Washington in his first start.

Joost, usually a smooth fielder, messed up a grounder by Bill Johnson in the fourth after Yogi Berra opened the inning with a single. Then he threw wildly to third base trying to get Berra for his second error. Berra scored on the play. Dick Kryhoski's single, a hard smash that handcuffed Second Baseman Pete Suder, added the second score.

The Yanks got to Coleman for a run in the first when Gerry Coleman walked, stole second, took third on a sacrifice bunt and scored on Johnny Lindell's fly.

## Organized Baseball Pleads Game Not in Interstate Commerce

NEW YORK (AP) — Organized baseball formally answered Denny Gardella's \$300,000 damage suit yesterday with a plea that the federal district courts dismiss his action on the grounds that sports is not engaged in interstate commerce and that it is not an illegal monopoly.

Maintaining that the controversial "reserve clause" in player contracts, and the rules under which baseball is conducted are necessary to the successful operation of the game, the leaders of organized baseball reiterated their charge that invalidation of those laws would cause irreparable injury to the sport.

Separate answers were filed by each of the defendants in the case, Commissioner A.B. Chandler; Ford Erick, president of the National League; William Harbridge, president of the American League; George M. Trautman, president of the minor leagues, and the New York Giants, for whom Gardella once played.

Gardella, an obscure war-time outfielder for the Giants, was one of several American players who was suspended from organized baseball for five years by Chandler for jumping to the Mexican league in 1946. He filed his suit for triple damages in December, 1947, charging that the action was a violation of the Sherman anti-trust law.

The defendants' answers specifically denied that radio or television broadcasts brought baseball within the scope of interstate commerce. They maintained that radio and television, as well as newspaper publicity, when used to describe baseball games, were merely incidental to the playing of the game and not necessary for, or part of, baseball itself.

## Parnell Hurls Sox to Third League Win, 2-0

BOSTON (AP) — Mel Parnell, slim Boston lefthander, yesterday pitched his second shutout of the season as the Red Sox defeated the Washington Senators, 2-0, before a chilled, spare audience of 5,341 paid customers and 570 women guests.

It was the third victory of the young season for the Sox who have lost four.

## The Single That Wasn't A Double

BOSTON CATCHER PHIL MASI is out trying for a double as Brooklyn Dodger Second Baseman Jackie Robinson tags him out. Masi singled to left field and when he tried to stretch the hit into a double he was thrown out. Cal Abrams to Robinson. Calling the fourth inning action is Empire Bill Stewart. Boston won yesterday's game with the Brooks at Ebbets Field, 3-0.

## Voiselle Tops Bums With 6-Hitter, 3-0

BROOKLYN (AP) — Big Bill Voiselle tamed Brooklyn with six hits yesterday as the Boston Braves whipped the Dodgers, 3-0, in the first meeting this year of the National League's co-favored teams.

Jim Russell drove in two runs with a single in the third inning and Earl Torgeson homered in the fifth to give the husky right-handed pitcher a good working margin.

## Rookie Crop Best in Years

NEW YORK (AP) — The new crop of baseball rookies looks like the best in years with Detroit's Johnny Groth a first week sensation.

Hitting .529 with three homers and eight runs batted in to his credit, Groth stole the headlines with a smashing debut.

On opening day he hit two homers and the next day he hit one with the bases loaded. Saturday he scored the winning run from first on a single and error.

Groth's extra special performance overshadowed the others but he wasn't the only successful newcomer.

Jack Graham, the Pacific Coast league slugger purchased by the St. Louis Browns, hit three homers and drove in six runs, batting .318 for the first five Brownie games. He didn't get much help from his mates who lost six of their first seven.

Two novices for the success of the Chicago White Sox are outfielders Herb Adams and Gus Zernial. Nobody paid much attention to Adams, a little fellow who hit .375 in a class C league last summer, but he has three doubles and a .296 average. Zernial, up from Hollywood, is also hitting .296 and has one homer.

The New York Yankees are getting brilliant second base play from Rookie Gerry Coleman, a Newark grad, in the absence of the injured George Stirmweiss. Coleman hit .278 in five games.

Gene Woodling, who batted .385 at San Francisco to attract a Yankee bid, didn't hit until Sunday. He made up for it with a three-run homer to top the Boston Red Sox.

First Baseman Dick Kryhoski, expected to be back in the minors long before now, is doing a good job for the surprising Yanks. He is hitting .286, playing against right-handed pitching.

The Phils have a new catcher who seems to be the goods. His name is Stan Lopata, a giant of a man, who moves up from the Toronto farm. His average is only .250 but he hit one of the longest homers Sunday at Shibe park since the days of Jimmy Foxx.

Duke Snider of Brooklyn, who has seen part time service in other years, and Puddin'head Jones of the Phils are the hottest newcomers in the National.

## Philly Bobbles Win for Giants

PHILADELPHIA (AP) — Clint Hartung the outfield "phenom" of two springs ago, pitched the New York Giants to their fourth straight victory yesterday, 6-3, as the Philadelphia Phils' defense fell apart in the eighth inning. Only a tie with the Braves breaks the Giants string.

Three errors and four Giant hits helped New York score four off Hank Borowy in the eighth to come from behind.

Del Ennis hit a two-run homer in the fourth, his second of the year, and Mickey Livingston walloped no. 3 with the bases empty in the seventh.

It was Hartung's second straight win.

## Air Minded Derby Favorite

DERBY HOPEFUL ARRIVING in Louisville is Fred W. Hooper's Olympia. The Kentucky Derby favorite is shown being unloaded at Standiford field after being flown from New York for the May 7th Derby. With Olympia in the crate is Trainer Ivan Parke. Mrs. Parke is standing at the left.

## Derby Competition for Olympia 'Toughens'

NEW YORK (AP) — Olympia's narrow triumph over unsung Palestinian in the Wood memorial promised yesterday to lure a few additional three-year-olds to Kentucky for the 75th running of the Kentucky Derby a week from Saturday.

But how many will start in the "rose run" is another matter. Olympia was just about conceded the derby's blanket of roses until Palestinian, a fugitive from the claiming races, caught him in the stretch at Jamaica Saturday. And where the probably derby field had been five or six, veteran horsemen now believe 10 or 12 still are in the picture.

Owners agree there probably isn't a horse in training that can beat Olympia consistently, but they figure that from time to time the Fred Hooper colt can be "ambushed" as he was in the stretch by Palestinian and earlier, in the Santa Anita derby won by Old Rockport.

## Howard Moffitt Gets Hawklet Cage Post; Succeeds Gil Wilson

Howard Moffitt yesterday was named new head basketball coach at Iowa City high school, thus adding the cage job to his duties as athletic director, assistant football coach and head track coach.

This past basketball season Moffitt was sophomore basketball mentor.

He succeeds Gil Wilson as head basketball coach, who resigned last week to accept the same position at DeKalb (Ill.) State Teachers college.

Moffitt was named at a school board meeting held yesterday, where it was also announced that a new addition will be made to the City high coaching staff within 30 days, his duties not determined as yet.

Moffitt received a bachelor's degree from SUU in 1934, where he earned five letters, two in football and three in basketball. He captained the Hawkeye five during his senior year.

He has been at City high for three years. Before that he coached at Waukon, Vinton and East Waterloo before entering the army in 1944.

Moffitt coached at Ft. Madison for one year after his discharge from the army. He is 36 years of age and the father of two children.

## Sewell Downs Cubs Again

## Illini Baseball Coach — One Time 'Gashouser'

By JOHN HOLWAY

A graduate of the legendary "Gashouse Gang" Cardinals, Wally Roettger paused in the Illinois locker room Saturday and recalled how he got four for 14 against Lefty Grove in the World Series of 1931.

"The old Cardinals," Roettger, who pronounces his name "Rutger", sighed. "Those were the days when Pepper Martin was running wild."

Roettger alternated in the Cardinal outfield with George Watkins. Wally hitting against left-handers. He faced the immortal Grove in three games in the Cardinal - Athletic World Series that year, the year Grove won 31 and lost four.

"Grove was fast, in a sneaky way," the Illinois coach remembered. "Walter Johnson, Grove, Diz Dean — they were so smooth, they seemed to do it easily."

Roettger and Iowa's Otto Vogel were one year apart in the National League. The rival coaches were teammates for two years in baseball and basketball at Illinois.

Vogel went up to the Chicago Cubs one year before Roettger began his ten-year Major league career with the Cards.

The Illini mentor went from St. Louis to the Giants to Cincinnati before he was traded from the last-place Reds to the Cards again in 1931.

"My good friend Taylor Douthit and I ended up in a funny deal. He went from the Cards to the last-place Reds and I went up to St. Louis. Shows how funny baseball is."

From the Cardinals, Roettger went to Pittsburgh where he finished his big league career with the Waver brothers in 1934.

He's been the Illinois coach for 14 years.

## No Drake Invite to Mile Medley Team

Iowa's mile medley relay team, victorious over a good Illini quartet in the Spring relays at Champaign last Saturday will not be entered in the Drake relays this weekend, Coach Francis Cretzmeier said yesterday.

The Hawk mentor explained that the mile medley event at Drake is strictly invitational and the Hawk baton team was not invited, despite their creditable 3:36.6 time at Illinois.

The performance at Champaign probably would have been better except for two factors which must be taken into consideration.

The wind that tore through Memorial stadium with enough force to blow down the weighted hurdles, coupled with a wet and soggy track made all times slow.

## Hawk Medley Tankers Awarded AAU Mark

SUI officials have been informed by the AAU that the Hawkeye 150-yard medley relay swimming team is the holder of the American record for the long course.

The time of 1:21.1 was made Oct. 10, 1947, by the team of Dick Maine, Larry Larimore, and Wally Ris. The official record certificate was received yesterday by Coach Dave Armbruster.

## Hawks Host to Cedar Rapids Plant Nine This Afternoon

Iowa's baseball Hawkeyes return to the diamond this afternoon in a non-conference game against the LaPlant-Choate semi-pro team from Cedar Rapids.

Glenn Drahn will probably draw the pitching assignment from Coach Otto Vogel in a game that will get underway on the home field at 4 p.m.

On Friday the Hawks get back into conference action, traveling to Lafayette, Ind., for a two-game series with Purdue. The Boiler-makers are currently on top of the Big Nine with two victories and no defeats.

The wild slugfest last Saturday in which Illinois finally came from behind to nip Iowa, 13-12, is believed to have set a new league record for the Hawkeyes in the hitting department.

With Jack Dittmer and Dick Hoeksema each getting four hits the Hawks made 18 safe blows, topping by two the previous high mark made in 1942 against Minnesota. At that time Iowa pounded out 16 hits for a 19-2 triumph.

The base-clearing home run hit Saturday by Illinois' John Neal was still being talked about on the Iowa campus yesterday.

It is 408 feet to the base of the left field fence and Neal's drive cleared the fence and landed in the trees behind. The eighth inning swat, helped along by strong winds, tied the game at 12-12.

The base-clearing home run hit Saturday by Illinois' John Neal was still being talked about on the Iowa campus yesterday.

It is 408 feet to the base of the left field fence and Neal's drive cleared the fence and landed in the trees behind. The eighth inning swat, helped along by strong winds, tied the game at 12-12.

PITTSBURGH (AP) — Tru (Rip) Sewell, veteran Pittsburgh Pirate right hander, hung his Indian sign on the Chicago Cubs for the second time of the season last night as he hurled the Bats to an 8-2 win in the first night game of the season.

Sewell, who beat the Cubs 14 in the first game of the season, was behind 2-1 going into the seventh when the Pirates came to life and scored five runs. Two of the markers came on Wally Westlake's second homer of the night.

A crowd of 35,373 saw the game. Pittsburgh AB R H Chicago AB R H

## Marianne Mikes Engaged

ANNOUNCEMENT IS MADE OF THE ENGAGEMENT and approaching marriage of Marianne Mikes, Budapest, Hungary, to Jeffrey A. Fleece, son of Mrs. C. L. Fleece, Princeton, N. J. Miss Mikes is a graduate assistant in violin in the music department at the University of Iowa. Mr. Fleece, a graduate student in the SUI English department, received an M.A. degree from Vanderbilt University. He was formerly an English instructor in Westminster college, Fulton, Mo. The wedding will take place early in June.

## Town 'n' Campus

**UNIVERSITY CLUB** — Members of the University club will have a Kensington tea today from 2 to 5 p.m. in the club rooms in the Iowa Union. Mrs. Wendall R. Smith will be in charge with Mrs. Gerald Else, Mrs. E.P. Tyndall and Mrs. W.B. Bean assisting. A program of music will be given by Mrs. Else.

**THIRTY-TWO CLUB** — Members of the Thirty-Two club will meet at 12 noon tomorrow in the dining room of Hotel Jefferson for a luncheon meeting. D.R. Dvorak, Cedar Rapids, will be in charge of the program.

**CATALYST CRAFT GROUP** — Catalyst Craft group will meet at 7:30 p.m. today in the home of Mrs. John Long, 1114 Finkbine park. Members will finish work in metal etching and Swedish embroidery.

**FRIENDLY NEWCOMERS** — Friendly Newcomers will meet at 2 p.m. tomorrow at the Wesley foundation annex. Members will work on Swedish darning. They should bring a huck towel, blunt needles, pearl floss no. 5 and scissors. Wanda Gray will be the leader.

## Engagements of Two Students Announced

THE ENGAGEMENT OF ROMA JANE RISS to Eric Wilson Jr. is announced by the bride-elect's parents, Mr. and Mrs. George R. Riss, Streator, Ill. Mr. and Mrs. Eric Wilson, Iowa City, are the parents of Mr. Wilson. Miss Riss was graduated from Streator high school, Streator, Ill., and is a senior in the college of liberal arts at SUI. She is a member of Alpha Xi Delta, social sorority. Mr. Wilson was graduated from University high school, Iowa City, and is a senior in the college of commerce. He is affiliated with Sigma Alpha Epsilon, social fraternity. The wedding will take place in the late summer.

MR. AND MRS. WILBUR P. RUSS, COUNCIL BLUFFS, announce the engagement of their niece, Phyllis Marie Evans, to Thomas Charles Goodner. Miss Evans is the daughter of the late Mr. and Mrs. Walter Edward Evans, Mr. and Mrs. William Goodner, Shenandoah, are the parents of Mr. Goodner. The bride-elect was graduated from Corning high school, Corning, and attended Parsons college, Fairfield. She is affiliated with Elzivir, social sorority at Parsons college. Miss Evans is now a sophomore in the college of liberal arts at the State University of Iowa. Mr. Goodner, a graduate of Shenandoah high school, was formerly a student here. The wedding will be in June.

## Pi Beta Phi 'Adopts' Dutch Girl

### Parents' Plan Helps In Agatha's Support

A 13-year-old Dutch girl was adopted recently by Pi Beta Phi, social sorority, through the Foster Parents plan for war children.

Agatha M. de Munnik, the adopted child, and her older sister, Johanna, were born at Em-

AGATHA DE MUNNIK

Milton Zegel, German department instructor, is directing the drive with Prof. Erich Funke, German department head.

Zegel said that anyone who has clothing, soap or student supplies to give should place them in a box provided at the German department office, 109 Schaeffer hall.

care for her children, she came to the Foster Parents' plan for aid.

Each child is treated as an individual under the plan. The "adoption" is financial and carries with it no legal obligations.

In "adopting" Agatha, Pi Beta Phi will contribute \$15 monthly for her support for at least a year. Through this plan she receives food, clothing, medical care and attends school. To supplement this, her mother is given a small cash grant monthly toward Agatha's home needs.

"Aggie, as she is known, is an intelligent, personable, well-mannered girl and an enthusiastic member of the Girl Guides. She is fond of reading and needlework. The active sports are less interesting to her no doubt due to her lack of endurance. She is pitifully thin and suffers from the after effects of years of malnutrition. An immaculately neat child, her American clothes have done much to give Agatha new self-respect. At school she is

a faithful worker and is well-liked," the letter said.

The sorority has already received letters from Agatha and members of the sorority plan to correspond with her.

Since its beginning 12 years ago, the Foster Parents' plan has cared for more than 56,000 children. It is now operating in England, France, Belgium, Holland, Poland, Czechoslovakia, Italy, Greece and China, and is helping children of 14 different nationalities, without regard to race or creed.

## Elect Larry Pike Fellowship Leader

Larry Pike, A1, Brattleboro, Vt., was elected president of Roger Williams Fellowship Sunday night, Retiring President Delmar Homan, G, Corning, said yesterday.

Other officers elected are Hugh Morris, A1, Cookeville, Tenn., vice president; Jean Mackey, A1, Iowa City, secretary; Bob Turner, A3, Dunkerton, treasurer, and Verna Wingate, A2, Davenport, Student Christian council representative.

The officers will be installed at the group's annual spring banquet Sunday at 5:30 p.m. in the Mad Hatters' tearoom, Homan said yesterday.

## Personal Notes

Mr. and Mrs. E.M. Rodin, 1018 Finkbine park, are the parents of a 7 pound, 7 1/2 ounce boy born Saturday at the University hospital. He has been named James Michael.

A picnic at city park Sunday was given in honor of the first birthday anniversary of Richard Spencer IV, son of Mr. and Mrs. Richard Spencer, 106 Finkbine park. Guests were Mr. and Mrs. Howard Cox Sr., Mr. and Mrs. Russell Nicholson and Mr. and Mrs. Paul R. Nicholson, all of Des Moines; Wallace Nicholson and Mr. and Mrs. Paul S. Nicholson, Iowa City, and Barbara Jo Spencer, sister of Richard Spencer IV.

Prof. G. W. Stewart of the physics department is attending meetings of the National Academy of Science and the American Physical Society in Washington, D.C., this week.

Cpl. and Mrs. De Wayne Justice, Fort Riley, Kan., are the parents of a 6 pound, 11 ounce boy born in Mercy hospital Sunday.

Registrar Ted H. McCarnell left Sunday to attend the annual Registrar's convention in Columbus, Ohio. He will return Saturday.

Harriette Shapiro, A1, Sioux City, was recently pledged to Sigma Delta Tau, social sorority.

Four members of Delta Sigma Pi, social fraternity, attended the

## Officers, Committee Chairmen Installed At YWCA Meeting

YWCA officers and committee chairmen were installed at a breakfast meeting Sunday morning in the YWCA rooms of the Union.

The retiring cabinet members welcomed their successors and presented Carolyn Ladd, past president, with a gift.

Members of the executive council for the 1949-50 school year are Virginia Burt, A3, president; Flo Robinson, A3, vice president; Nancy Shuttleworth, A3, secretary; Frances Henderson, A3, treasurer; Madlin Melrose, A3, finance chairman, and Marian Neff, A3, freshman advisor.

Cabinet members installed at the ceremonies are Julieanne Jensen, A2, chairman of the hospital board; Joan Tripp, A3, children's recreation; Joy Wilson, A2, Sunday school; Eunice Germansky, A2, Wednesday evening entertainment; Jeanette MacLeod, A1, library hour; Linda Luechauer, A3, arts and crafts; Linda Laird, A2, school for crippled children; Mary Lou Cords, A2, psychopathic hospital, and Helen Goldberg, A1, Oakdale.

Ursula Dawson, A1, chairman of the social action board; Anne Gilson, A1, World Student Service fund; Nancy France, A2, institutional service unit; Joelle Hansen, A3, Major in Marriage; Shirley Schrieber, A1, music and talent; Joan Phipps, A1, office hostess; Joan Anderson, A3, bridal workshop; Louise Bekman, A1, religious emphasis, and Sue Birks, A1, social chairman.

Donna Jean Gow, A2, chairman of the publicity and art committee; Joan Perry, A2, newspaper editor, and Carol Shuttleworth, A2, chairman of the Live Y-er's.

**MARRIAGE LICENSES ISSUED**  
Marriage licenses were issued yesterday in the Johnson county clerk's office to Robert L. Mills and Glenna R. Schmidt, both of Iowa City; Charlie Hudson Jr. and Betty Jackson, both of Cedar Rapids, and to Booker T. Jones and Pamela Gilmore, both of Cedar Rapids.

## Miss Welton Named Coordinator at Camp

Betty Welton, 17, a senior Girl Scout at St. Patrick's school, was elected by the Girl Scout representatives to Western Hemisphere camp to remain at the camp for a month next summer.

Margie Moeller, a senior Girl Scout from Iowa City high school, was named alternate.

Betty is one of 11 Iowa City Girl Scouts that will set up the unit "Iowa City" at the camp site near Muskegon, Mich. She will remain for the camping session as the unit coordinator.

The other 10 girls and the two leaders, Mrs. Hugh Carson and Margaret Sewall, will camp at the Muskegon Girl Scout camp. At the end of the Western Hemisphere camp, the girls will take down the unit and return to Iowa City together.

## Governor's Day Ceremonies To Be Staged Here Friday

Gov. William S. Beardsley will present an Iowa state flag to the university ROTC regiment Friday in one of the ceremonies highlighting his Governor's Day appearance.

Officials of the SUI military department made the announcement yesterday while releasing the schedule for the day's activities.

They said the governor will probably arrive in Iowa City between 9 a.m. and 9:30 a.m. Friday in a private car. The governor's quarters while in Iowa City will be at the Hotel Jefferson.

At 10:10 a.m., Gov. Beardsley will be escorted from the hotel to the Iowa Union by Col. W.W. Jenna, military department head, and Maj. Irvin M. Parsons, the department's senior air officer.

The governor will be taken to the women's athletic grounds located south of the Union at 10:30 a.m. where he will review the university ROTC regiment.

He will present medals to members of the university varsity and freshmen rifle squads at 10:45 a.m., military department officials said.

At 11 a.m. Beardsley will present the flag to Robert J. Berens, A4, Neola, commanding officer of the regiment.

SUI President Virgil M. Hancher, Maj. Gen. Paul L. Williams, commanding general of the tenth airforce, and Brig. Gen. Charles H. Grahl, adjutant-general of Iowa, will be on the reviewing stand with Beardsley. A representative of the Fifth army command at Chicago will also be in attendance.

Allie Lou Phelps, N4, Fargo, N.D., regiment cadet honorary colonel will also be present with her three honorary lieutenant-colonels, Jaclyn Fitch, C4, Clinton; Janet Lauderdale, A4, Toledo; and Jeanne Ann McDonald, A4, Lima, Ohio, the officials said.

They reported the governor's informal reception will be staged in the main lounge of the Iowa Union at 12 noon.

A luncheon will be given for the governor and his party in the River room of the Iowa Union at 12:30 p.m. The invocation will be given by Dr.

M. Willard Lampe, department officials said.

Col. W.W. Jenna will introduce President Virgil Hancher who will in turn introduce Gov. Beardsley.

Following the luncheon, the governor and his party will inspect ROTC facilities in the fieldhouse armory. The inspection will mark the close of Governor's Day activities.

### Electric Generator Causes 'Blackout'

Electrical power was off for all university buildings during a 15 minute period yesterday forenoon when an electrical generator temporarily went out at the university power plant.

The hospital was affected for little more than a minute since it was switched over to the city generator, R.J. Phillips, superintendent of the SUI physical plant, said yesterday afternoon.

The temporary blackout occurred between 9:55 a.m. and 10:10 a.m. Phillips reported a belt slipped off the generator causing the failure.

### Seats for Spike Jones Show Still Available

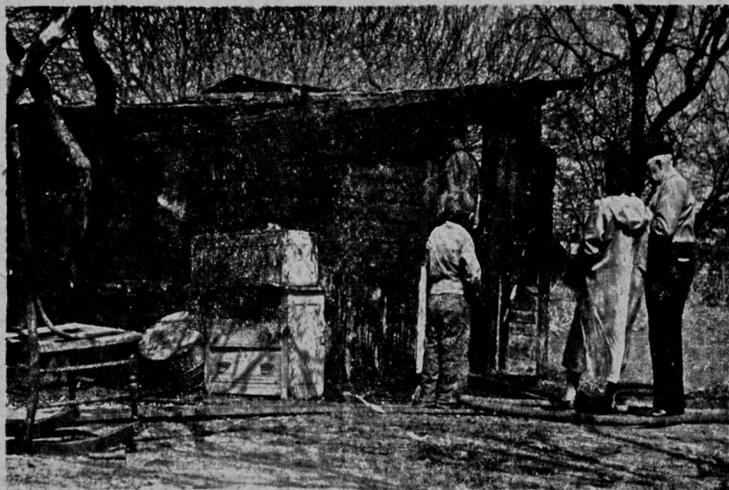

The \$2.40 and \$3.60 seats have been sold out for the Spike Jones musical depreciation revue on Friday at 8 p.m. at the SUI Fieldhouse.

There are good seats left at \$1.20 and \$1.80, Aaron Jones, Student Union board member, said yesterday. Tickets can be purchased at the Iowa Union or Whetstone's Drug store.

### HOSPITALS REPORT DEATH

Jessie Adams, 32, Kellerton, died Sunday at 9:40 a.m., University hospital officials reported yesterday. He was admitted to the hospitals April 9.

## Fire Destroys One-Room Iowa City Home

A TOTAL LOSS was the verdict of Fire Chief J.J. Clark as he examined all that remained of the one-room house of Mrs. William Hannah, 11 Cherry lane, after fire gutted the building about 1:30 yesterday afternoon. Shown with Chief Clark and

Mrs. Hannah's small son who told the fire chief the fire started from a kerosene stove he had lit only a few minutes before the fire broke out. No damage estimate had been made yesterday, Clark said.

### Plan Gala Festivities —

## Mother's Day Weekend to Open with Dance

Mother's Day weekend will open May 6 with the annual informal girl-take-boy May Frolic in the Iowa Union at 8:30 p.m.

Jimmy Featherstone and his orchestra will play for the dance. Tickets priced at \$2.00 per couple will go on sale Monday at the Iowa Union.

If weather permits the Iowa Union's starlit roof garden will be decorated with colored lights and tables with umbrellas, Frank Burge, assistant director of the Union, said yesterday. Refreshments will also be served.

For the event, the Union lounge will be decorated in a May day theme. The orchestra platform will take on a garden of lilacs effect and a trellis and archway will be built to resemble a flower garden entrance.

The Mother's Day weekend sponsored by Mortar Board will be under the chairmanship of Carolyn Ladd, A4, Iowa City. The three day program will begin Friday night at 8 p.m. with a Seals

Club water show at the fieldhouse pool. Tickets will cost 50 cents.

On Saturday from 10 a.m. to 6 p.m., the Iowa City Craft guild will exhibit their works at the Iowa Union.

A mother-son-daughter luncheon will be held at noon at the Iowa Union River room. Three hundred tickets at \$1.00 each will go on sale Monday at the Union desk.

The Mortar board tapping of 1949-50 members will be held at 2 p.m. at the west approach to Old Capitol or at the Iowa Union in case of rain.

The Seals club water show will again be held at the fieldhouse pool at 8 p.m. May 7. From 8 to 9:30 p.m., there will be a coffee hour and the opening of the Student Salon of Art at the Iowa Union.

On May 8, at 10:45 a.m., services will be held in Iowa City churches. From 1 to 5 p.m., there will be the Iowa City Craft exhibit.

A Mother's day tea at President Hancher's home will be

## Tyson, Osmundson Attend Young GOP Midwest Convention

Two Iowa City Young Republicans attended the annual convention of the Midwest council of Young Republicans in St. Louis, Friday and Saturday.

Robert Tyson, treasurer of SUI's Young Republican league, and Atty. Robert Osmundson, State YRL chairman, both of Iowa City, attended the convention held in the Hotel Statler.

The convention, representing 14 states in the midwest area, passed one resolution recording opposition to President Truman's health insurance program as "inconsistent with individual rights," Tyson said yesterday.

He added that another resolution was passed urging support of the Aiken Farm bill now pending in the U.S. Senate.

The convention also went on record in support of the Atlantic pact and the European Aid plan, Tyson said.

The Young Republicans passed a resolution recommending to the National YR convention that will meet in Salt Lake City in June that the top age limit for Young Republicans be set at 36 years old.

The convention set the top age limit of officers and delegates of the Midwest council at 36 years old, Tyson said.

An Iowa woman, Mrs. Jane Randall of Marshalltown, was elected vice-chairman of the Midwest council and Byron Connell of Mounds, Ill., was elected chairman, Tyson added.

The principal speakers at the convention were U.S. Senator Ken of Missouri, William O'Neil, minority leader of the Ohio house of representatives, and Ralph E. Becker, chairman of the National Federation of Young Republicans, Tyson said.

## Truck Driver Files Counter-Claim Suit Here

G. J. Manatt, Brooklyn, Iowa, yesterday filed a counter-claim in district court to a \$1,870 judgment suit brought against him by Rueben and Hazel Sewell, Cedar Rapids.

In the original suit filed April 12, the Sewells asked judgment for damages resulting from a truck accident on county road G, east of Hills, allegedly involving Manatt's truck.

In his answer and counter-claim yesterday, Manatt denied the plaintiffs charges of negligence and charged they were to blame for the accident.

He asked a \$791.55 judgment against them for damages and asked a jury trial of the case.

## Try and Stop Me

By BENNETT CERF

WHEN a Republican politician in Boston sought to erect a new statue of Paul Revere, he ran into Democratic opposition that was as devious as it was unexpected. The Democrat who held the purse-strings, according to Bill Corum, asked suspiciously, "Who's in back of this movement?" "Important people," asserted the applicant, "People like Saltonstall, Bradford, Lowell and Dale Warren."

"I thought so," snapped the Democrat. "Those rich Yankees have more money than us Irish. Let 'em build their own statue. Besides, I never liked the way that fellow Revere rode his horse. He went wide in Lexington and took him into the muddest going at Concord. It's lucky for him he didn't have a crack jockey like Arcaro riding against him!"

"I received your letter," said Mrs. Cole, "but was rather surprised to find it dated next Saturday." Really!" answered Mrs. Martin. "My husband must have mailed it the same day I gave it to him."

# Six Radios Play Blues for Student

## Hobby Fails to Jibe With Life in Trailer

By TOM BUCK  
Living in a trailer and having a husband with radio as a hobby is like whiskey and driving, Mrs. William Parman, 213 Hawkeye Village, declares — they don't mix.

Crowded in the Parman standard size trailer are six radios, a code oscillator, earphones, a throat microphone, a "couple" of carbon band microphones, a "junk box" of spare parts and 14 books on the subject of radio. Oh, yes — Mr. and Mrs. Parman live there, too.

One doesn't even have to go inside the trailer to discover that Bill considers radio as his "first love," hobby-wise. The 50 foot aerial strung out to the nearest telephone pole is the first hint.

Inside the trailer, the Parmans have their biggest radios — a nine-tube Silverstone and a 12 tube amateur receiver, stacked one on top of the other. The stacking starts from a table top.

"This saves a lot of room," Bill declared.

A three-tube portable — wife Veryl's — also shares the crowded "dining-living-bedroom." In what might be called the kitchen is a small four-tube, sitting above the sink, and pushed back in the corner are a home-made radio and a desk model receiver.

Bill, after a few lectures from Veryl on the subject of "a too crowded trailer," at times has almost agreed to get rid of two of the radios.

"But I keep begging her not to make me throw any of them out," he said.

"We have an agreement that when we get our own home, I'll have to keep my radios in a shed or something."

Bill caught the radio bug back in Corbin, Ky., his hometown. There, when he was 10 years old, he found instructions on how to build a radio.

It was a cheap radio, "and not very good-looking," Bill laughed, "but the darn thing worked."

With his homemade receiver, he picked up such stations as Houston, Tex., and Ontario, Canada.

The Parman's first radio for the trailer came as a wedding gift from Bill's brother, two years ago.

"Last fall I talked my wife into buying an amateur receiver," radio number two, Bill said.

"I wrote my mother-in-law I would like to have 'junk' radios to fix up" — three and four.

He bought his wife a small portable for Christmas — number five.

Bill got his latest addition from a farmer "outside Iowa City" who had two "busted" radios and gave Bill one in payment for fixing the other. That radio is one of Bill's favorites.

"It's the best for ordinary listening," he says.

The other favorite is the amateur receiver that Veryl bought him as an early graduation present.

"I can pick up broadcasts from

(Daily Iowan Photo by Tom Buck)

TUNING IN ON A SHORTWAVE BROADCAST, William Parman, E4, flicks the dials on his amateur shortwave receiver. Surrounding him in the crowded Hawkeye Village trailer are five other radios. Bill's hobby, by the way, is radio.

almost anywhere in the world with it," he boasted.

"I can get Paris and London as easy as most sets here can get WSU!"

Bill's plans call for adding a transmitter to his receiver and obtaining an amateur broadcast license.

His favorite broadcast is "hill-billy" music.

"I know it's corny stuff and a lot of the music comes from their noses, but I like it because I was brought up on it back in Kentucky," he said.

Another of the Parmans' hobbies is entering advertising contests.

Last year the Parmans won a camera, a box of candy, a carton of chewing gum, and \$25 in cash.

No, they didn't win any radios!

# Mrs. Everett Plass Succumbs Suddenly After Heart Attack

Mrs. Evcrett Dudley Plass, 60, wife of the head of SUI hospital's obstetrics and gynecology department, died suddenly Saturday after a heart attack in her home at 343 Hutchinson avenue.

Funeral services for Mrs. Plass will be today at 2 p.m. at the First Presbyterian church with the Rev. C. Hewison Pollock officiating. Burial will be at Oakland cemetery. Friends may call at Beckman's.

Mrs. Plass was born Lillian Rose Genrich at Rochester, N.Y., Oct. 10, 1888, the daughter of John and Caroline Frank Genrich.

She was married to Dr. Plass in Rochester, Nov. 26, 1919.

She was a member of the Iowa City First Presbyterian church and its women's organizations, the Raphael club, Craft Guild, Music Auxiliary and Garden club.

She also had been a Girl Scout commissioner, a Red Cross worker and a member of the city zoning and planning commission.

Mrs. Plass is survived by her husband; two daughters, Mrs. William Buckley, Rockwell City, and Betty Plass, at home; a son, William T. Plass, Athens, Ohio; three brothers, John Genrich, Buffalo, N.Y., Raymond Genrich and Ralph Genrich, both of Rochester, N.Y., four sisters, Mrs. Andrew Beattie, Chili, N.Y., Mrs. Charles Hellman, Mrs. Harold Kemp, and Mrs. Harry Bristow, all of Rochester, N.Y., and two grandchildren, Michael and Anne Buckley of Rockwell City.

# Engineer Group Places Hershey on Committee

H. Garland Hershey, director of the Iowa Geological Survey and State Geologist, has been appointed to serve on the membership committee of the Iowa Engineering society.

The appointment was announced last week by C.M. Stanley, Muscatine, president of the society. He said membership in the organization is now at the highest peak in its history and a higher goal has been set for 1949.

# PBK Honors Five Seniors in Physics

Five of the eight senior students in physics at SUI were elected to Phi Beta Kappa, national honorary scholarship society, last Wednesday, Physics Director Louis A. Turner said yesterday.

Students honored were Robert L. Blair, Rock Island; Donald Kusterer, Chicago; Andrew Lenard, Knox, Ind.; Earl N. Mitchell, Centerville, and Donald O. Thompson, Clear Lake.

One of the remaining three seniors has a 4.0 grade average but does not have enough hours to graduate, Turner said.

THE SENIOR nurses pulled a fast one Wednesday evening. They invited Jeanne and me to their annual banquet, but failed to mention that I would be the only male so honored. . . 53 nurses and my wife; all of them mighty attractive too.

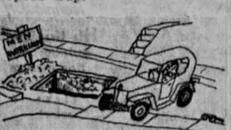

As I observed those 53 pairs of sparkling eyes, I tried to discover what it is that encourages a segment of our female population to train itself to expend great quantities of sympathy on a humanity which insists on getting itself all bent out of shape in automobile accidents and wars.

There were no clues, and perhaps that's why nurses rate high on my list of favorite persons.

FINALLY SOMEONE filled in the grave-like excavation in the street directly in front of our driveway. For two weeks I've been driving over curbs and lawns to gain access to the garage.

They got around to it just in time. I had grown more than a little irked with pinching tires on cement curbs because the authorities had lost their shovel.

Maybe it was the city's idea of a speed trap.

THE NEXT time Ames students get an idea for a respectable method of bringing attention to a year's scientific achievements (i.e. ISC Veishea) they had better plan it for a Sunday afternoon.

I doubt if the state is so all-fired colorful that it couldn't stand a little glamorizing via an olympian relay from DM to Ames.

students being in classrooms" has a whip-cracking sound to it. The question now is: do state politicians belong in state highway patrol cars, or in their own vehicles?

ARTHUR GODFREY has performed a genuine service for his country in plugging ukelele playing over his morning broadcasts.

About a month ago the urge to play a uke became so strong at our house that I went out and bought one. Since that time I have had neither the nervous fancies nor stomach disorders.

It may be that uke playing may soon replace whole bran flakes in keeping America regular, since it is an easy instrument to handle under almost any circumstance.

LEARNING TO play a ukelele takes about 20 minutes. From then on it's all practice. Don't bother with a book of instructions, because I can show you four chords which will take care of any song worth singing.

Ukelele playing has an occupational hazard. Constant strumming without a felt pick is hard on the fingers, but as soon as I can get my finger nails to grow back on again, we may be able to arrange a concert appearance of all uke players in Macbride auditorium.

DICK SPENCER III has finally agreed to write a guest column tomorrow, and I refuse to be responsible for anything he writes here.

He's a self-proclaimed bull rider (rookies, you know), but I've never seen him tackle anything more difficult than a swivel chair, and it threw him into a wastepaper basket, hand-tooled boots and all. Spence will draw his own cartoons too, so you can expect something a little more professional than usually appears in this panel. He wrote a book about cartooning which will soon be off the press, and to use his own gag line, he's not only a bull rider, but a bull writer as well.

SUI'S Free Balance

University's Reserve Accounted For

(Note: During the legislative considerations of the state board of education askings, state auditors were sent to SUI. Their mission was to find out how the university stood financially. Their report was released to the legislature and to the press — a report which said in effect that the university was actually in pretty good financial shape because it hadn't yet spent the last money the state had given it.

The article below, reprinted from The Employe Record, sets forth some of the reasons why the visiting state auditors decided the university had a large reserve. This article points out that monies which were allocated to certain uses were actually reported by the auditors as "free balance."

Interpreting the News —

Western German Federation May Be Established Shortly

By J.M. ROBERTS JR. AP Foreign Affairs Analyst

Western Germany, after much compromise between its political parties and a shift in allied pressures, seems about to get the federal government whose fate has been hanging in the balance for several weeks.

While compromise is still the proper word, there are indications that the Social Democrats, standing for greater centralization of power than the Christian Democrats or the French had been willing to grant, have won a considerable victory.

The French apparently were brought to agreement in Washington in view of Atlantic pact security against any possible aggression by a revived Germany. The Christian Democrats, by the same token, must have lost such American support as they previously enjoyed in demanding a greater share of autonomy for the individual German states.

The sudden flight of Robert Murphy, state department expert on Germany, to enter into the negotiations makes it pretty clear that the Germans had been told to do something quickly.

Otherwise the allies might have dropped their plans for an end of military government and gone ahead with trizonal unification on their own.

Although there was considerable German criticism of the allied occupation statute under which the new government will have to operate, American officials have said it was not so bitter as they had expected. The statute gives the allies a technical veto over almost any act of the proposed government. But the Germans have been assured that in actual administration there will be no interference with internal affairs unless they affect security or foreign relations.

Although the Germans have been credited with knowing that they couldn't do business with Russia, repeated delays in the work on the constitution had given rise to considerable speculation. There was wonder whether the Germans really intended to go ahead, or whether they might be listening to rumors that the Russians were putting out feelers for a new four-power conference on possible German unification.

The Germans naturally hate to give formal recognition to the division of their country. The Russians and eastern German Communists might have been trying to slow up things at the parliamentary council meeting in Bonn.

Cold Shouldered, The Duchess Left

LONDON (AP) — They're still cold-shouldering the Duchess of Windsor.

The duchess, with her husband, left England for Paris Sunday night after a ten-day stay during which the doors of royal palaces and most of England's stately homes remained closed to her.

On the eve of her arrival, Lord Beaverbrook's Evening Standard said it was time the British quit "cold-shouldering" the American-born former divorcee, who has never been received by any of her husband's royal relatives or by many of his friends.

tors as "free balance." — The Editor)

DURING THE LAST two weeks the newspapers and radio newscasts have mentioned frequently a state auditors' report to the effect that the University will have what the report called a "free balance" of \$1,912,910 at the end of this fiscal year, June 30, 1949.

The conclusions of state officials and their interpretations of the report have caused the impression to become widespread that the university would have funds available which had not previously been reported to the state board of education.

The university has now analyzed the auditors' report — an analysis being necessary because the university's accounting procedures,

which follow the nationally accepted standards for large educational institutions, determine "free balance" upon a different basis than that used by the auditors.

THE UNIVERSITY as required by law, estimated last September that its balance on June 30, 1949, would be approximately \$1,035,971. Such an estimate was very difficult to make because enrollments and costs were unknown factors at the beginning of the academic year, except that it was generally conceded that costs were advancing rapidly.

Thus, the university had estimated that it would have about \$1,035,971 on June 30, 1949, which the auditors included in their "free balance."

THE REMAINDER of the amount designated "free balance" in the auditors' report was made up of funds which the university had budgeted for spending this year and of funds which were in reserve and earmarked for particular purposes and projects. Budgeted funds are not normally considered to be available at the end of the year, because they are budgeted to be spent for the year's operation.

THE FUNDS which the university had expected to spend in this year's operation include: the president's contingent fund for meeting emergencies especially at the year (balance March 1, 1949—\$910,000); the unused salaries which have accumulated because personnel could not be hired for positions which were open and because some positions have been left vacant by resignations during the year (balance March 1, 1949—\$412,000); and a coal account with an unexpected balance of \$35,000 due to a reduction in the price of coal on March 1.

THE RESERVED funds earmarked for particular purposes include a reserve of about \$50,000 for special equipment for one of the departments built up from earnings from the department's war work; a reserve of about \$165,000 to protect against changes in veteran cost of instruction contracts; and a reserve of about \$26,000 of income from investment of current funds other than state appropriations to protect the principal of such current funds.

The total of these balances for budgeted items and reserves for special purposes is \$1,001,928 — the other million which the auditors designated as "free balance."

THUS APPROXIMATELY one-half of "free balance" estimated by the auditors' report consisted of funds which the university expected to spend this year or which were committed to specific purposes, and approximately one-half of "free" funds which the university reported it would have at the year's end. All of these funds were completely accounted for and handled in keeping with good business procedure and with the best practices of large university operations.

It is expected that the university, if it is operating on a bal-

anced budget, will have a little left over in the contingency fund at the end of the year, and certainly there would be some left over from unused salaries. The unused salary balance is higher this year because positions couldn't be filled either because qualified men couldn't be found or qualified men who were found could not come to the university at the salary which the university could offer.

SUCH LEFT-OVER funds normally would have been put into restoring worn-out and depreciated equipment and plant which couldn't be restored in the war years nor in postwar years with the money available.

However, early this year, in view of the uncertainties in the attitudes of state officials as to their willingness to see the university adequately supported, President Hancher requested that the contingency funds be used only in extreme emergencies and that filling of unoccupied positions be virtually halted lest personnel be hired for positions for which there would be no money during the next two years.

THIS REQUEST had the effect of holding the balance of money which was to be used in this year's operation thereby curtailing the university's work for the remainder of this year. And, since the funds have been assumed to be part of a "free balance" on June 30, they will, without doubt, have to be applied in building the general operating budgets for next year.

Now, why should the university's estimated balance for June 30, be as high as \$1,000,000?

THE ESTIMATED balance is technically known as a working capital reserve. It is higher this year for the reason that enrollments and costs are still unpredictable factors in estimating future operations. Even so, the university had proposed in its report to the legislature that the working capital reserve be reduced by \$25,000 for the next biennium, and that amount put into the budget for general operation.

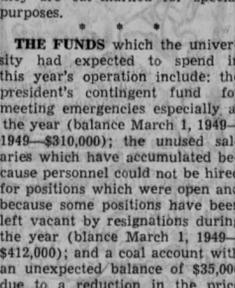

The working capital reserve has enabled the university to operate within its income and not have to ask the legislative interim committee for deficiency appropriations. The reserve also has enabled the university to operate over periods when there is a "lag" between the time when costs have to be paid and the time when income is received.

IF IT CAN be assumed that the "free balance" as reported by the auditors' report did influence the legislature to reduce the university's appropriation, the auditors' inclusion of funds which were earmarked and of funds which should have been largely expended in this year's operation will have a dual effect upon the university's operation:

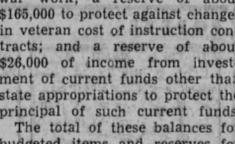

1. By reducing the amount which can be used to complete this year's operation; and

2. By making it necessary to use these funds to supplement a reduced appropriation in order to maintain a level of operations in the next biennium comparable to this year's level.

I'D RATHER BE RIGHT Faith Begins at Home . . .

By SAMUEL GRAFTON (New York Post Syndicate)

The time has come for congress to wipe the Taft-Hartley act off the law books. There are so many reasons for such a move that it would take from here to the bottom of this column to list them, without embellishment or ornament. But the chief reason is that we cannot run a successful free society on the basis of punitive minority action against the majority.

WE CANNOT run over our own country on that basis, and we cannot successfully work with other countries, or even understand them.

Taft-Hartleyism in America is one reason why we have been so fearful and timid about working with the labor unions in western Germany. Our fine talk about gaining the sympathetic understanding of plain people everywhere in the world, by helping them to accomplish their aspirations, will find an automatic rebuttal here at home, so long as the Taft-Hartley act continues to exist.

If we don't trust the labor organizations and the ambitions of American working people, how are we going to key ourselves in with the desires of plain people in other lands? In this field, you have to start at home, Jack.

AND WE HAVE, at long last, begun to comb some of the fancy Taft-Hartley arguments out of our hair. Hardly anybody, for example, goes around saying any more that the American workmen really love the new law, with its restraints against the closed shop, etc., and that he is only kept from saying so by fear of his labor union bosses.

In an overwhelming majority of plant elections held under the Taft-Hartley act itself, with the use of the secret ballot, American labor has voted one-sidedly in favor of the union shop, or as near as it could get to the closed shop. With the accumulation of this data, we come to the end of a whole era in which everybody except those who belong to labor unions and try to lead them knew what was best for labor.

ONE OF THE ARGUMENTS being put forward nowadays in defense of the Taft-Hartley legislation is that the recent flurry of a number of more or less important strikes proves that labor unions are still free, and still have the power to act, even with the new law on the new law on the books.

A-Bomb Air Unit Arrives in Britain

LONDON (AP) — The 509th air force group of 30 superbombers trained and equipped especially for handling the atom bomb will arrive in England next Saturday.

Airforce officers yesterday confirmed reports that the 509th, regarded as the most highly trained unit in the U.S. airforce, was replacing the 307th bomb group, which has spent six of the last nine months on two tours of duty in England.

(For information regarding dates beyond this schedule, see reservations in the office of the President, Old Capitol.)

GENERAL NOTICES

GENERAL NOTICES should be deposited with the city editor of The Daily Iowan in the newsroom in East Hall. Notices must be submitted by 2 p.m. the day preceding first publication; they will NOT be accepted by telephone, and must be TYPED OR LEGIBLY WRITTEN and SIGNED by a responsible person.

GIRLS TENNIS CLUB tryouts will be held April 26 and April 28 at 4:30 p.m., Women's gym. Bring your own equipment.

DELTA SIGMA PI dinner April 27 at 6:30 p.m. in Reich's pine room. \* Floyd A. Poetzinger, sales consultant, will speak. Sign up in the commerce office if you wish to attend.

ZOOLOGY SEMINAR April 29, at 4:30 p.m. in room 205, zoology building. Richard D. Stoner will talk on, "A study of experimental Trichinosis in Swiss mice."

A SCHOLARSHIP to a high ranking senior of this university to cover tuition for the first year in law school or any other professional school, or the graduate school in Harvard is being offered by Robert T. Swaine of the class of 1905. Call the Graduate College office for information.

But, wholly aside from the point that the strikes themselves indicate that the Taft-Hartley approach has not quite fulfilled its pretensions of bringing about labor justice and peace, the argument that the Taft-Hartley measure still lets labor strike seems to me to prove nothing.

IT IS PRECISELY our task to show that relationships with labor in our society are not arm's-length relationships, legalistic relationships, in which the right to strike is preserved, in a glare and forbidding atmosphere of in junctions, damage suits, etc., etc.

It is our job to show the world, not that we have, in kindly fashion, allowed labor to retain certain rights, but that our society's relation with its labor organizations is a real and living one—one in which the contributions of the labor movement toward solving our economic problems are hailed, not merely tolerated.

THE GREAT REASON for passing the Thomas-Lesinski bill, and wiping out the Taft-Hartley measure, is to show that a free labor movement can live in our society, and that our society can live with a free labor movement, on a basis of confidence—to show, in fact, that we like it that way.

And until we make this demonstration that we're not afraid of our own people, how can we hope, on any basis of full mutual confidence, to approach the people outside?

The Daily Iowan. ESTABLISHED 1868. TUESDAY, APRIL 26, 1949. Published daily except Monday by Student Publications, Inc. Entered as second class matter at the postoffice at Iowa City, Iowa, under the act of congress of MARCH 2, 1929.

official daily BULLETIN. TUESDAY, APRIL 26, 1949. VOL. XXV, NO. 181. UNIVERSITY CALENDAR

Tuesday, April 26. 2:00 p.m. — The University Club, Kensington Tea, Iowa Memorial Union. 7:00 p.m. — Triangle Club, Dinner-Dance, Iowa Union.

# Driving Count Ends in \$52.50 Fine for Hukill

Rolla G. Hukill, 16 W. College street, was fined \$52.50 in police court yesterday on a reckless driving charge filed after a truck he was driving was involved in an accident at Kirkwood avenue and Summit street Sunday at 1:25 p.m.

Police Judge Emil G. Trotter suspended Hukill's license for 60 days. A passenger in the truck was fined \$27.50 on a charge of intoxication on a public highway.

John Doe warrants were issued for the two men when the question arose as to who was driving the car at the time of the accident, police said.

Clarence Roegner, 1624 E. Court street, driver of the car involved in the accident, filed the charges against the men, according to Police Judge Trotter.

An original charge of drunk driving against the driver of the truck was changed to reckless driving upon recommendation of County Attorney Jack C. White.

Charles Vermaec, North Liberty, entered a plea of not guilty in police court yesterday to a charge of drunken driving. He waived preliminary hearing and was bound over to the grand jury.

Edward E. Voile, route 4, Tiffin, paid a \$12.50 fine yesterday on a charge of passing in a prohibited passing zone Sunday on Highway 6, one mile west of Iowa City.

Highway patrolmen charges Voile's car passed over the yellow line of the highway traffic lane marking the prohibited passing zone.

Wilbur J. Madden, Ainsworth, was fined \$5 for leaving glass on the street after a bottle fell from his car and broke on the pavement.

Robert D. Robertson, A3, Boone, paid \$4.50 after being charged with failing to heed an arterial stop sign at Iowa avenue and Dodge street Sunday.

# Student Engineers To Present Talks At ASME Banquet

Three SUI mechanical engineering students will present talks tonight during a joint meeting of the SUI section of the American Society of Mechanical Engineers and the Tri-Cities section of the organization being held at 6:15 in the River room of the Iowa Union, according to Richard Hovey, E3, Cedar Rapids, chairman of the SUI section.

The speakers and their topics are Paul A. Chalupsky, E3, La Porte City, "The Oxy-Arc Cutting Process"; William P. Tolbert, E4, Fort Madison, "Dimensional Analysis Applied to a Centrifugal Pump"; and Ellsworth A. Brown Jr., E3, Iowa City, "Water-Alcohol Injection."

Several faculty members, including Prof. E. S. Lühquist, of the mechanical engineering department, honorary chairman of the SUI section will be present, Hovey said.

Following the banquet, the engineers will be entertained by the Hillcrest quartet and by Charles A. Hanson, E3, Rock Island, Ill., who will present tricks of magic.

# Burial Set Today For John Sedivec

John Sedivec, 75, an Iowa City resident for 15 years and a life-long resident of Johnson county, died Sunday at Mercy hospital.

Funeral services for Mr. Sedivec will be at 3:30 p.m. today at Beckman's with the Rev. John G. Craig, pastor of the Congregational church, officiating. Burial will be in St. Joseph's cemetery.

Mr. Sedivec, who was a resident of 102 S. Gilbert street, was born June 24, 1873, in Johnson county, the son of Joseph and Anna Kyle Sedivec. His parents were natives of Bohemia.

# Plan Your Future - Now

It is never too early to plan your future. The experts will be on campus April 27 and 28 to give you valuable advice. Don't miss it! Plan now to attend -

# Chinese Entrapment Move Reported

SHADED ARROW INDICATES REPORTED SOUTHEAST DRIVE OF Chinese Communists with widespread reports persisting they had captured Kashing in an effort to trap 300,000 government troops and had cut the railway to Hangchow. A Shanghai garrison announcement said the Communists had infiltrated to Nanhsiang (black arrow at right), and were deploying towards Wuhsien (other black arrow). Black area shows Communist-dominated territory. (See story on page 1.)

# A Dillar, a Dollar, Etc.

Quad \$cholar Trie\$ 'Hone\$ty Experiment,' Lo\$e\$ Bill, Can't Recall \$erial Number

Wednesday and Thursday were "dollar daze" at the Quadrangle.

An unidentified experimenter in honesty posted a dollar bill on the Quad's bulletin board Wednesday with the request, "Please do not take."

Readership of the bulletin board reached an all time high but yesterday the dollar bill was gone.

In its place was posted a notice headed, "Yesterday this space was occupied by a \$ bill."

The notice explained that the owner could regain possession of the bill by reporting to room A66 and naming the man whose picture appeared on the bill, identify its color and designating its serial number.

The notice requested that no one steal the coin because "I forgot to write the serial number."

Not very much time passed and an "open note" to the party who had "temporarily taken custody" of the bill was posted.

It stated that the owner of the bill had deliberately refrained from noting the serial number in order to make stealing it easy.

It warned the present custodian of the bill against impostors who out of curiosity or suspicion copied the serial number.

An "in answer" note appeared shortly afterwards stating:

1. "How foolish of you not to copy the serial number.

2. "If anyone did have the presence of mind to copy the serial number let him be rewarded for his thoughtfulness.

3. "Theft is no object. I assume the capacity of trustee until the rightful owner claims the bill."

The note stated that the temporary custodian considered it "inadvisable to return the bill to its original spot because someone less aware of the duties and responsibilities of a trustee might remove same."

Another notice, posted next to the other three, with a copper penny pasted to the top of it stated it was from a "party near Park bridge" and was addressed to "money mad school boys."

This notice offered a challenge for anyone to explain logically how the penny had become worn so thin in so short a time, and further, to count the number of molecules of dust resting on it.

Anyone doing this will win a "huge" reward, the notice said.

To collect the reward the recipient must report to the third floor of the south wing of Westlake between 7 and 8 p.m. "any evening."

# Psychology Department To Hold Annual Dinner

SUI psychology students and faculty members — 174 of them — will get together for their annual regression dinner tonight at 7 o'clock at the Mayflower night club.

Sponsored by the SUI psychology colloquium, the dinner will feature good-natured fun-poking between students and teachers, in the form of original skits prepared for the occasion.

# IOWA SENIORS who can get IDEAS and WRITE offered bright future with top-flight drug manufacturer

We are looking for one or two Iowa seniors with alert, creative minds who can write — men who, with comprehensive training, can quickly put their talents to work by producing advertising and promotion ideas and translating them into persuasive word pictures.

Waiting for the right men is a bright future —

— an opportunity to learn quickly the principles of successful advertising and promotion.

— an opportunity for rapid and remunerative advancement in our Company noted for its merchandising successes and exceptional growth.

# Young Girl Injured As Car Rolls Over 12-Foot Embankment

An eight-year-old girl was slightly injured in one of two accidents reported to police yesterday. The car in which she was riding left highway 218 near Lone Tree and rolled over a 12-foot embankment Sunday at 8:45 p.m.

The injured girl, Cora Marie Parker, Lone Tree, was treated at University hospitals for a gash on her knee and later released, according to highway patrolmen, Charles U. Moscoe, Iowa City, driver of the car, and three other passengers escaped injury from the accident which occurred when Moscoe attempted a left turn at the junction of highways 218 and 22, 14 miles south of Iowa City, patrolmen reported.

Moscoe estimated \$100 damage to his car.

An accident Sunday at 11:30 a.m. occurred on Capitol street 50 feet north of College street as one of the cars involved was backing from a parking space, police said.

Kenneth M. Miller, route 4, and Mrs. Margaret Donovan, 535 S. Johnson street, were drivers involved in the accident, according to police.

Miller estimated \$92 damage to fenders and a wheel of his car and Mrs. Donovan turned in a \$30.66 garage estimate of damage to the car she was driving.

# Engineer's Honorary To Initiate Graduate, Eleven SUI Students

Eleven electrical engineering students and a 1919 SUI graduate will be initiated tonight in Eta Kappa Nu, electrical engineering honorary fraternity, Earl W. Carson, president of the SUI chapter, said yesterday.

The 1919 graduate, Cecil E. Ewen, now district manager of the Iowa-Illinois Gas and Electric company in Fort Dodge, will address the meeting.

Prof. J.W. Kuriz, head of the electrical engineering department, will give a short talk commemorating the 10th anniversary of the SUI Eta-Kappa Nu chapter of Eta Kappa Nu.

The student initiates are Frederick H. Biere, Olin; David H. Brunk, Mansfield, Ohio; Tuck Hop Lee, Honolulu, Hawaii; Joseph J. Meyer, Lebanon, Pa.; Harvey G. Nelson, Coralville, and Warren E. Strout, Milton, all seniors.

Lawrence F. Babcock, James-town, N.Y.; Erwin E. Figue, Chicago, Ill.; Edward W. Johnston, Lockport, Ill.; David J. Simmons, Cherokee, and Donald L. Taylor, Norway, Iowa, all juniors.

# Student Group Gets Tips on Advertising

DES MOINES (AP) — State University of Iowa seniors learned yesterday how advertising sells, and got some new ideas on how to sell advertising.

Twenty members of Alpha Delta Sigma, university professional advertising group, visited the Meredith Publishing company and the Register and Tribune company. They spent an hour discussing local and national radio advertising with representatives of Radio Station KRNT.

At the Fairall & Company advertising agency the seniors heard a step-by-step analysis of an advertising campaign for a portable milking machine.

The students are guests of the Des Moines Advertising club for their two-day visit. Today they are to be available for job interviews.

# Marion Pantel to Give Piano Recital Sunday

Marion Pantel, G, Iowa City, will present a piano recital in north music hall Sunday at 7:30 p.m.

Miss Pantel's recital will include selections by Bach, Mozart, Schumann and Rachmaninoff.

# INFANT DIES

University hospitals last night reported the death of Robert Long, 6 months, of Davenport. The child was admitted to the hospital April 4,

## Annual Careers Conference To Have Thirty Specialists

The fourth annual Business Careers conference, sponsored by the SUI collegiate chamber of commerce, will be held tomorrow and Thursday.

Thirty specialists in some branch of business will speak to students about career opportunities in their particular fields.

Each speaker will talk about various phases of his particular field and hold an open forum so that students may ask questions about that field of business, Jim Fencil, C4, Iowa City, conference information director, said yesterday.

Most classes in the college of commerce will be suspended during the two days of the conference, Fencil said.

President Hancher will speak at the conference noon luncheon Wednesday at the Iowa Union. Dean C.A. Phillips of the college of commerce and Miss Helen Barnes of the SUI Business Placement office will address the conference at Thursday's luncheon, Fencil said.

Guy L. Ames Jr., C4, is conference director and Prof. C. Woody Thompson is faculty advisor for the two-day program.

Wednesday's conference program, with the topics, speakers and firms they represent is as follows:

**8:30 — Small scale retailing** — Walter Peterson, Peterson's clothing store. Foreign trade — Gus Olson, Link-Belt Speeder.

**9:30 — Personnel Management (Labor)** — P.J. Larrabee, John Morrell and company. Public relations — George Layton, Coe college.

**10:30 — Property insurance** — J.B. Wyatt, North American companies. Commodity brokerage — Robert Sigg, Merrill Lynch, Pierce Fenner Beane.

**12:00 — Luncheon at Iowa Union** — Pres. Virgil M. Hancher of SUI.

**1:30 — Investment Banking** — George Lloyd, Lloyd and DeGeus. Air transportation — Richard Cationi, Pan American World Airways. Production and industrial management — W.G. Reynolds, Maytag company.

**2:30 — Public accounting** — Sidney Smith, James C. Addison and company. Chain stores — B.D. Silliman, Iowa chain store council. Advertising agency — William A. Giraldi, L.W. Ramsey Advertising agency.

**3:30 — Newspaper Advertising** — Dave K. Gottlieb, Davenport Daily Times. Traffic Management — George M. Cummins, traffic bureau, Davenport chamber of commerce.

**7:00 — Phi Gamma Nu, Women's commerce sorority**, presents Miss Marguerite L. Kuna, Hall Brothers, Kansas City, Mo. "Through the Looking Glass," at

the YWCA rooms at Iowa Union. Sessions of the Business Careers conference will be held room 301A, University hall; senate chamber, Old Capitol, or house chamber, Old Capitol.

## Fair Employment Fight to Continue, Local Group Says

The Iowa Committee for Fair Employment Practices will remain active in spite of the defeat of the Sloane-O'Malley FEPC bill in the state legislature this session which they were supporting.

A motion for the de-activation of the organization failed when it lacked a second at an executive board meeting of the group last night in the YMCA parlors of the Union.

The committee okayed a change in the name of the group, now to be known as the Iowa Committee for Fair Employment Practices. The group formerly has been known as the Iowa Committee for FEPC.

John Sherer, who introduced the motion, said that he felt the initials FEPC were not well known for the general public to be aware of their meaning.

The executive board also sketched preliminary plans for the concentration of their activities in Iowa City.

## Thompson to Speak At Clinic Meetings

Prof. C. Woody Thompson, director of the SUI bureau of business and economic research, will lead discussions at the series of Iowa Retail Hardware association clinics beginning Thursday at Cedar Falls.

Thompson will present the general picture of economic conditions at each of the 12 clinics, to be held in 12 cities throughout Iowa for a period of two weeks.

Other members of the four man clinic "team" are Ralph Wicker, sales manager, O'Dea Finance company, Des Moines; G. W. Aspinwall, president of the Iowa Retail Hardware association, Hawkeye; and Philip Jacobson, secretary of the association, Mason City.

## Child Killed, Second Injured by Car

(AP Wirephoto)

**GRIEF-STRICKEN PARENTS** burst into tears as they view the body of their seven-year-old daughter killed by an automobile Sunday night. Joseph Abderazick, hysterical with grief, is restrained by bystanders, as his sobbing wife, Maria, bends over the body of their daughter, Naima, victim of an automobile on Chicago's south side. Another daughter, Fatima, 5, was critically injured as the two girls were struck by the car as they stood on the curb waiting to cross the street.

## SUI Graduate Hits U.S. China Policy

Ortha Lane, former resident of Lone Tree and an SUI graduate, spoke in Iowa City last night of religious and economic conditions in China before and during Communist control in various provinces.

Speaking in the sanctuary of the Methodist church, Miss Lane condemned the United States policy toward China since the war and urged support of the nationalist government in China with faith, prayers and material aid.

Miss Lane, a missionary in China for 29 years, is secretary of religious work for women and children for the North China conference.

She returned to the United States last December when she was evacuated with other missionaries on the U.S.S. General Anderson.

She is now on a speaking tour of the Upper Iowa Conference.

## Turner Plans Trip To Two Meetings

Prof. Louis A. Turner, chairman of the physics department, will attend a meeting of the American Physical Society in Washington, D.C., Thursday through Saturday.

He also intends to attend two

## Group Attends NISA Meeting

Four student delegates and two advisors represented SUI at the eighth convention of the National Independent Student association at the University of Illinois last weekend.

Representatives were James Cochran, A3, Iowa City; Robert Reeves, A3, Decorah; Catherine Louise Ehrle, A2, Homestead. Mrs. James Hackett and Richard Sweitzer of the office of student affairs were the advisors.

Fifty-two schools were represented at the meeting, including delegations from all the Big Seven and Big Ten schools, with the exception of Northwestern university.

The 400 students at the convention discussed and adopted a constitution.

"Smoke Signal," the Oklahoma university independent magazine, was adopted as the national magazine for the NISA. All the independent associations of the schools will contribute material for the magazine to national headquarters at the University of Illinois.

The convention closed Saturday with the election of NISA officers.

# Yetter's

*The Store of Quality*  
the last word...  
in rain stoppers

Not a drop of rain can seep through these "feather light" rain coats!

made of

## Koroseal

B. F. Goodrich  
flexible material

# 5.98

electronically sealed  
100% waterproof

— Second Floor —  
FASHION CENTER

Let the torrents fall... not a drop of rain can seep through these fetching coats. Because rain-stoppers of 100% waterproof Koroseal are electronically heat-sealed... to the last seam. They can't drip... they can't rip... even though you wear them over bulky coats, suits... or stow them away in your desk or valise. Dew-drop light, they weigh only 12 ounces... won't crack, stick or stiffen ever... clean with a damp cloth. Made by Rainfashions Fifth Avenue, in crystal, blue, coral, log. Small, medium and large sizes. A fine two-way style, wear it either belted or boxy.

# Always Buy CHESTERFIELD

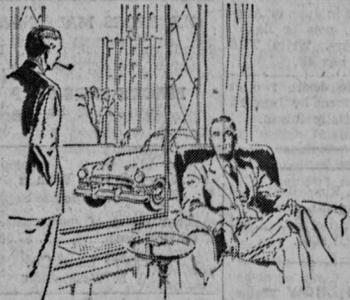

MAKE YOURS THE MILDER CIGARETTE

**The TOP MEN of AMERICA'S SPORTS  
smoke CHESTERFIELD**

WHITEY LOCKMAN says... "It's Chesterfields for me everytime. I smoke 'em because they're really milder and better-tasting."

## Writes its Owner's Biography!

White sidewall tires available at additional cost

It seems safe to say that there is no material possession which speaks more eloquently of the man who owns it than a Cadillac car.

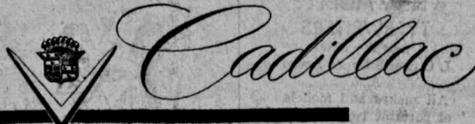

Wherever it is driven, it offers authentic testimony as to its owner's good taste—his concern for the safety and comfort of his family and friends—and his general standing in the field of endeavor in which he has chosen to make his contribution to the world's affairs.

Indeed, if a complete list were published of those who own and drive this distinguished car—

it would be obvious that it has become a hallmark of achievement in almost every walk of life.

That this should have happened is entirely logical—for Cadillac cars have been built, for almost half a century, to the most uncompromising standards of excellence. As a result, Cadillac stands alone in all the things that make a motor car a distinction to possess and a pleasure to utilize.

The 1949 Cadillac is the grandest of them all, in every way. Why not visit our showrooms and see for yourself? You are welcome at any time.
