## UAW Chief Reuther Agrees To Reopen Talks with Ford

DETROIT (UP) — The CIO united auto workers' union yesterday accepted an invitation to a meeting to attempt settlement of the Ford Motor company strike, which threatens imminent shut-down of Ford plants and supply firms throughout the nation.

The union's acceptance came after the company announced plans for plant shutdowns in 16 states within 10 days.

Walter Reuther, UAW president, agreed to meet next Thursday with Mayor Orville Hubbard of suburban Dearborn, where Ford's giant River Rouge plant is located. Hubbard also invited Gov. G. Mennen Williams and Henry Ford II, company president.

Williams said he would attend the meeting "if it would serve any useful purpose." Ford had not yet replied. Hubbard has been at odds with the company since it supported an attempt of a life insurance company to bring a large housing project to Dearborn.

Ford had said earlier that the company was willing to negotiate further at any time.

Reuther's acceptance marked the first break toward resumption of negotiations, which ended shortly after noon Thursday when 62,200 employees of Ford's Rouge and Lincoln-Mercury plants struck over an alleged speedup.

The company, which draws on every state for supplies and equipment, announced plans to close 18 auto and truck assembly plants by May 18 if the strike continues. The plants employ 25,000 persons.

Some 135,750 were idle throughout the auto industry in strikes and layoffs. The Ford shutdowns directly or indirectly will affect hundreds of thousands more and cause a tremendous economic impact in many communities. About 41,000 of the idle were expected to return to work tomorrow but the spreading paralysis of the Ford strike soon would offset that number.

**Millionaire Bachelor Robbed Again; Two Men Take Only \$10**

LE MARS, IOWA — Herman Schulz, 76, millionaire bachelor who was robbed of \$124,000 cash last May, told police he was held up again in his home early yesterday.

He said two young men, one armed with a gun and the other with an iron rod, bound and taped him to a bed after taking \$10 of \$15 he had in his purse. Earlier they had ransacked his safe but found nothing of value, Schulz told officers.

The men, he said, wore red bandanna handkerchiefs over their noses and mouths.

Police officers Martin Wanderscheid and Walter Bogen were on duty when Schulz telephoned the police station at 1:30 a.m. He said he had worked himself free from the wire and adhesive tape. He phoned from a neighbor's home because his own telephone's wires had been ripped from the wall.

Neighbors told police they heard some gunshots early yesterday, but Schulz did not mention any shooting. He said the young men were waiting at his house when he returned about midnight from a wedding dance.

Schulz gained national fame last May 15 when he reported \$124,341 was stolen, along with the safe which contained it. He had announced a short time earlier that he was giving away \$1-million worth of property, chiefly to nephews and nieces, to save them heavy inheritance taxes at his death.

**TAKES ROUGH RIDE**

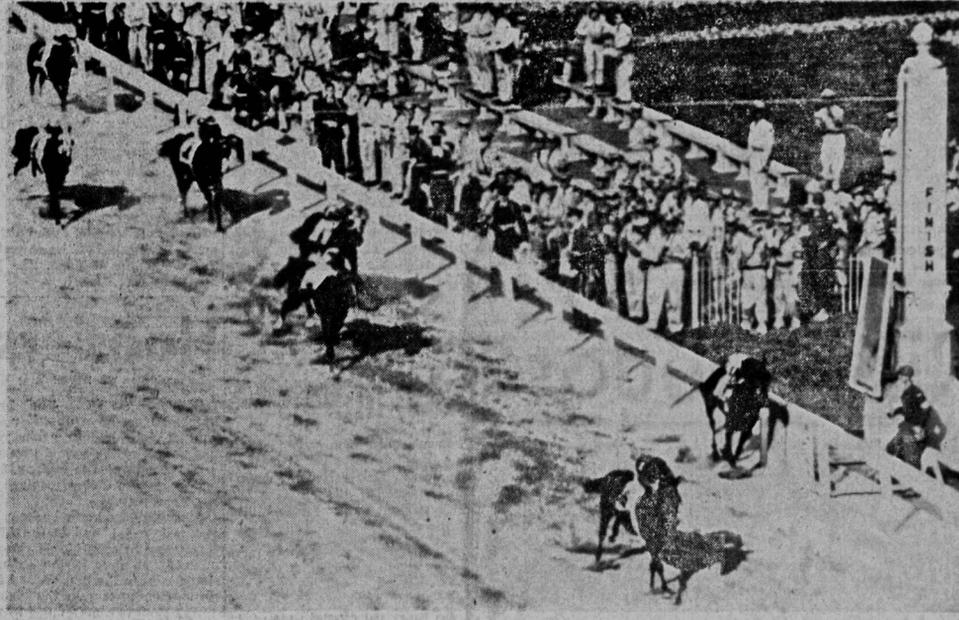

SAN RAFAEL, CALIF. (AP) — Miss Alice Smith, 24, rode a station wagon over a 1,000-foot embankment yesterday. At the bottom of the steep hill she crawled out as the car, still upright, was stopped by a boulder. She had a broken nose and a cut eye.

The postman said he found the child wandering along the street picking dandelions. The youngster asked him to help find "Harlan,"

## U.S. to Keep Troops in Germany Would Reject Soviet Demand

WASHINGTON (UP) — The United States will reject flatly any Soviet proposals for quick withdrawal of occupation troops from Germany, a high American diplomat said yesterday.

He disclosed that the state department is drafting counterproposals to be ready in event the Soviets make such a demand at the Paris meeting of the council of foreign ministers. He said the United States is still committed to a long-term occupation policy.

This view was regarded as authoritative since this official is one of Secretary of State Dean Acheson's top advisers. He is certain to be a member of the United Nations delegation at the Paris big four meeting and is currently engaged in drafting American strategy for that meeting.

There has been evidence that Soviet strategy at Paris will be directed toward winning support of German Nationalists, with a view to wrecking western plans for a west-German state, and that this strategy will hinge on a move to withdraw occupation forces.

This official said the United States is confident that any such Soviet plan will fail. He said that, in the first place, it would align western European nations, notably France, even closer with the U.S. viewpoint because of their fear of renewed German aggression.

Secondly, he said, "a lot of Germans don't want it (U.S. troop withdrawal). They know Russia, they don't trust her, and they value the protection of our forces."

**Waterloo Man Gets Iowa Jaycee Award**

CEDAR RAPIDS (AP) — Robert Buckmaster, Waterloo attorney, last night was named the Outstanding Young Man of the Year for 1948 at the award banquet at the convention of the Iowa junior chamber of commerce.

The 36-year-old former Waterloo mayor was graduated from the SUI law school in 1938. Since that time he has been actively engaged in many civic organizations.

Wayne Putnam, president of the Iowa City Jaycees and candidate for the state award, was one of the 11 men given honorary mention awards by the Jaycee committee.

**Mother Honored Twelfth Child Born To Couple**

A forty-five year old mother from Marquette, Iowa has many reasons for being honored today since the birth of a son in University hospitals, Friday.

The eight pound, six ounce boy is the twelfth child to be born to Mr. and Mrs. James Mitchell. Eleven of the children are living, Mrs. Mitchell, the wife of a railroad worker, said.

Her family, ranging in ages from the new infant to a 21-year-old son, includes eight boys and three girls. None of the children is married, Mrs. Mitchell said, and they all live at home.

**SUI Student Named State Vice-President Of Young Democrats**

Sherwin Markman, A4, Des Moines, was named second vice-president of the Iowa Young Democrats during state convention sessions at Des Moines yesterday. The Associated Press reported.

Three Iowa City men were named among the eight delegates-at-large to the 1949 national convention of Young Democrats during yesterday's sessions, the report added.

Markman succeeds Alanson Elgar, Mount Pleasant, who was elected to the presidency yesterday. Markman is present treasurer of the SUI Young Democrats.

Named as delegates to the national convention were Jack White, William Bartley and Bruce Hughes, White, Johnson county attorney, is a former state president of the Young Democrats. Bartley, attorney for Iowa City, is the present head of the Johnson county Young Democrats. Hughes is a former editor of The Daily Iowan.

## Biggest Battles of War Are Expected Around Shanghai

Nationalists Saturday Claimed Victory; Silence Today May Mean Defeat

SHANGHAI (SUNDAY) (UP) — The biggest battles since the Communists drove to the Yangtze river appeared to be shaping up west and south of Shanghai today as Communist and government forces jockeyed for strategic positions in 20 hours of continuous fighting.

A Woosung garrison communicated yesterday jubilantly claimed government successes at Qingshan (Kungshan), 30 miles west of Shanghai, and at Kashing, 70 miles to the southwest. But today's indications were much less optimistic.

Last night's communique admitted the Communists severed all communications and transportation at Kashing by sending "plainclothes men" into the outskirts of the city.

(The United Press tried to reach sources in Kashing by telephone today but was told the operator was unable to make connection.)

The communique said three Communist divisions (an estimated 30,000 men) had been thrown back with heavy losses in direct assaults on Kashing. However today's veil of silence surrounding activities in the area was interpreted as meaning the Kashing situation was critical — or worse.

Yesterday's reports said that 15,000 Communists had been driven back after an eight-hour battle near Kungshan, with more than 1,000 Communists killed and 100 taken prisoner.

Nationalist airforce operations in the immediate Shanghai area stepped up yesterday with "numerous raids in big numbers" carried out against Communist strongpoints, the airforce claimed. The report said government aircraft had bombed and strafed the Communists near Kungshan, Kashing and Taichang to the northeast of Kungshan.

Meanwhile, the Communist radio claimed that their forces, pushing south in the vicinity of Nanchang, had cut the Chekiang-Kiangsi railway at several points and captured numerous towns and stations along the line.

The broadcast said Communist troops first cut the railroad at Shangjiao, 150 miles east of Nanchang, after which reinforcements moved in quickly and consolidated their hold on a stretch of track extending to within 70 miles of Nanchang.

The report, if true, would mean that Communist troops have isolated Chiang Kai-Shek's native province of Chekiang. Earlier this week, a Communist column cut the rail line running north from Chekiang.

The Communist radio also announced the "complete liberation of all of north China" with the elimination of two isolated Nationalist strong points — Hsinchiang and Anyang. Both towns are about 500 miles northwest of Shanghai on the Peiping-Hankow railway.

**Tractor Workers To Take 'Holiday'**

WATERLOO (AP) — CIO united auto workers employees of the John Deere Waterloo tractor works voted yesterday to take tomorrow off as "a work holiday" in connection with deadlocked contract negotiations.

The union members also voted to authorize the executive board of the local to call for a strike vote "whenever it deems fit."

Carl Dahl, president of Waterloo UAW local 838 which claims more than 5,000 members in the plant which employs about 7,500 persons, said the "work holiday" is intended as "a gesture of protest" against the company.

Negotiations for a new contract for three Deere plants in Illinois and four in Iowa have been stalemated at Moline, Ill. The old contract expired Friday night. The company announced it would operate under the same provisions until a contract is reached.

**Beer Ads Border Memorial to Yanks**

PILSEN, CZECHOSLOVAKIA (AP) — Two large, freshly painted billboards advertising beer were put up overnight on either side of the monument to American soldiers who liberated this town four years ago Friday.

Some 20 laborers went to work shortly after dark Friday night. Police had been posted at the small park all day Friday to keep Czechs from placing flowers on the monument and four stood on each corner of the plot yesterday.

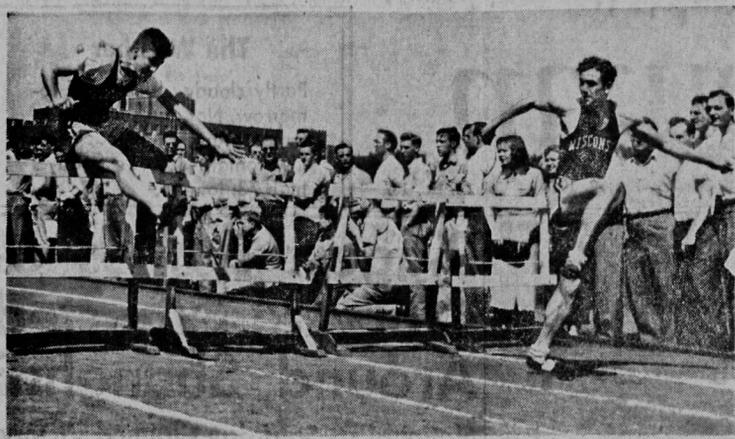

Reliable but officially unconfirmed reports said at least 50 Czechs who tried to lay flowers there during the past three days had been arrested. Last year the park was buried under flowers and American and British flags.

**Record Number to Graduate**

The largest commencement in the history of SUI will be held June 10, at 1:45 p.m. in the fieldhouse, Prof. Frederic C. Higbee, director of convocations, said yesterday.

Applications totaled 1,765, Higbee said. "At last June's commencement record of 1,319 degrees were conferred," he added.

Higbee estimated that approximately 100 of the applicants might not complete their current work in time for June commencement. Approximately 10,000 seats will be available in the fieldhouse for friends and relatives of the candidates and the general public.

HIGH-STEPPING Jim Gill and Beckley Roberts helped Wisconsin win yesterday's triangular meet by finishing one-two in the 120 yard hurdles. The Badgers went on to win the meet with Northwestern taking second. Roberts (right) blasted a meet record when he climbed over the high sticks in :14.9.

ALL BY HIMSELF, Don Gehrman crossed the finish line to win the mile run in yesterday's triangular meet. The Wisconsin whiz, who could have won in a walk, didn't walk. He established a new speed record, doing the mile in 4:17.3.

FIGURES MAY NOT LIE, but the camera appears to be in this bit of action from yesterday's triangular meet. Ed Tunnelliff, Northwestern's football stand-out, seems to have breasted the tape just ahead of Teammate Jim Holland. The judges, however, ruled that Holland won the 100-yard footrace. His winning time was :10.0.

## 5 Marks Fall as Badgers Win; 'Cats Beat Hawks for Second

By EVERETT MONTGOMERY

Wisconsin's great miler, Don Gehrman, flashed through a 4:17.3 mile and came back to anchor the mile relay team to victory as Wisconsin piled up 88 points to win a triangular track and field meet here yesterday afternoon.

Northwestern collected 44 markers for second and Iowa was third with 30.

Five athletes took it upon themselves to rewrite the meet record book. Gehrman began the standard-breaking spree, kicking five seconds off the mark established by another Badger, Charles Fenske, in the 1936 triad.

But it wasn't the long-winded Gehrman that gave the crowd its greatest thrill.

Badger Coach Guy Sundt pulled Gehrman from the 880-yard run to save him for the mile relay and this move cost Wisconsin the event. Iowa's Keith Brown blazed around the oval in 1:56.8, breaking the tape 15 yards ahead of Wisconsin's Dick Beck.

Brown's time, his best all season, eclipsed the 19-year-old meet mark of 1:57.6 set by Jack Fleming of Northwestern in 1934.

Dick Erdenberger was the only other Hawkeye in the victory column. Erdenberger split the No. 1 position in the high jump with Northwestern's Abe Dunn, each clearing the bar at 6 feet 2 1/4 inches.

John Merkel of Iowa was well up in the pack in the 220-yard dash, but pulled out in the stretch with a pulled muscle. John's twin brother, Russ, placed third in the 220-yard low hurdles and fourth in the 120-yard high.

Russ Merkel's effort was good considering it was his first competition since he injured his knee in the Chicago Tech relays last winter.

The Hawks were further hampered because of the inability of sprinter Jack Simpson to compete in the meet. Simpson pulled a muscle during practice last week.

Northwestern's dash duo, of Jim Holland and Ed Tunnelliff copped first and second in the 100. Tom Bennett of Wisconsin showed why he is one of the three top pole vaulters in the Big Nine. Bennett pulled himself over the 13-foot mark to win the event easily.

Gehrman's teammate, Jim Ur-

quart, posted a meet record in the two-mile run, bettering the mark set by Fenske of Wisconsin in 1936. Another Badger, Ken Huxhold, heaved the discus 148 feet one inch to extend the record Northwestern's Vange Burnett racked up in 1936.

Holland's :22.1 time for the 220-yard dash around a curve was the fifth meet record set. This was the first time for this event.

### CUBS BUY EDWARDS

NEW YORK (AP)—The Chicago Cubs yesterday purchased Hank Edwards, 30-year-old outfielder, from the Cleveland Indians after all seven other American league clubs had waived on him.

**Hawk Tennis Team Nips Chicago, 5-4**

CHICAGO (AP)—The University of Iowa's tennis team yesterday handed the University of Chicago its first defeat in six matches this season. Iowa won five matches to four.

The Hawkeyes gained the victory by sweeping the three doubles matches after Chicago captured the singles, 4-2.

# Hoosiers Down Hawks, 5-4

BLOOMINGTON — The Iowa baseball team gave up too many runs in late innings again yesterday to lose the second game of a two-game series to Indiana, 5-4, and drop to a .500 percentage in Big Nine play.

After the Hawkeyes broke a tie and took a 4-1 lead in the fifth, Hawkeye starter Hooks Hoeksema allowed two runs in the sixth, a single tally in the seventh and the game-winning run in the eighth.

Bill Tosheff started on the mound for the Hoosiers, but gave

The Hawkeye loss marked the third time in three series that Iowa has won the first game behind Jack Bruner only to drop the second. The Hawks took a 7-2 decision from Indiana Friday.

The Hoosier clincher in the eighth came on a single by Catcher John Gorkis and a triple by Woody Litz. The victory gives Indiana a 4-2 record in Big Nine play.

Iowa collected only six safe blows, all of them singles, while the Hoosiers were getting 10 hits, including a double and three triples.

A walk to Bob Smith, a stolen base and an error opened Iowa's scoring in the second. Indiana got one back in the same frame on a triple by Jim Platis and a long outfield fly.

Hoeksema's single opened the fifth for Iowa. Jack Dittmer walked and Ed Browne's single drove in Hoeksema. After Browne stole second and Smith walked, a single by Dale Erickson scored Dittmer. When the shortstop bobbled Erickson's blow, Browne also crossed the plate.

Don Ritter's double opened the Indiana sixth. After moving to third on a wild pitch, Ritter scored Bill on Stearman's sing-

# Ponder's Late Surge Bags Derby

## Olympia Folds, Finishes Sixth

By GAYLE TALBOT

LOUISVILLE (AP)—Ponder, doughty son of a former Derby winner, came flying in the final furlong yesterday to win the 75th Kentucky Derby going-away as a great crowd of over 90,000 roared its amazed disbelief.

So far back a half-mile from home that he appeared hopelessly beaten, the Calumet Farm's beauty turned it on as the field of 14 entered the long stretch at Churchill Downs and made the favored Olympia and all the rest look like they were standing still.

Forty yards from the finish the dark brown son of Pensive lashed past Greentree Stable's Capot, his last rival for the \$91,600 prize, and went under the wire three full lengths to the good.

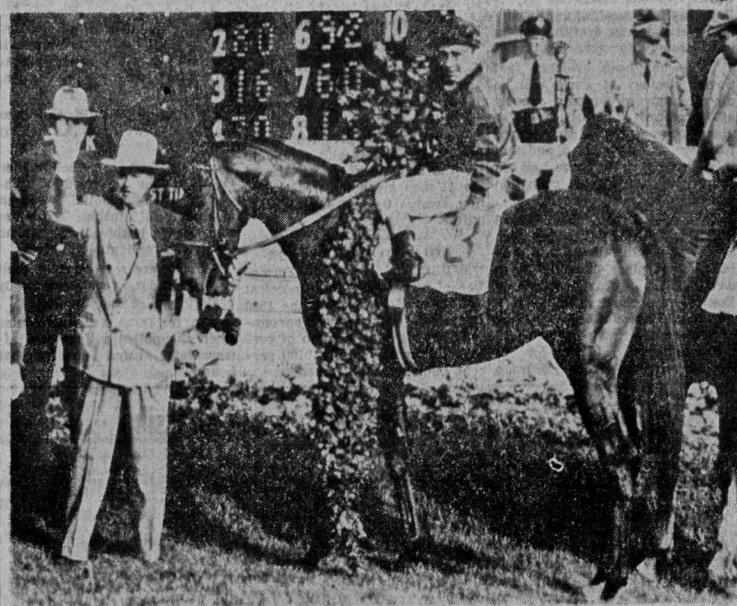

Olympia, which had been backed down to an odds-on choice, led all the way until the field thundered into the final quarter, and then folded like a camp chair despite Eddie Arcaro's frantic efforts to hold him up. He finished a badly beaten sixth.

So little regard had the crowd held for Ponder, despite the fact that he was trained by that modern wizard of the turf, Ben Jones, that the winner rewarded his backers with a whopping \$34 in the Mutuels.

Capot, which ran a consistently fine race behind Olympia for the first time, and then went past the tiring favorite and looked like the winner a furlong from home, paid \$9.60 to place. Isidor Bieber's Palestinian, third choice on the betting, came on to take third, four and a half lengths back of Capot, and paid \$4.80 for show.

Strung far out behind the three leaders, in order, came Old Rockport, the second betting choice; Halt, Olympia, Model Cadet, Duplicator, Johns Joy, Ky. Colonel, Lextown, Jacks Town, Wine List and finally Senecas Coin.

Ponder, ridden by Steve Brooks, was out of the starting gate a dead last, and still was in that unhappy position when the field streamed past the half-mile pole

in the bright sunshine. At the three-quarters Brooks had moved him up a couple of notches, and then he began calling on his horse for some run. He got it.

By that time they hit the head of the stretch and straightened out on that final quarter-mile, where Derby hopes so often are shattered, the Calumet horse was a staunch sixth.

A furlong out, when the crowd was roaring for Capot, Brooks drove Ponder into third place, and a second later he was pulling up beside the Greentree runner. From there on he was much the best horse.

Jones, who saddled the great Citation and his stablemate, Coal-town, in last year's derby and who now has had a record-breaking five victories in the three-year-old class, forgot all dignity and ran out on the track to greet Ponder when Brooks brought him prancing in to receive the traditional blanket of roses.

# Patton Runs 100 in :09.1, Then Cracks World Record in 220

LOS ANGELES (AP)—Mel Patton of the University of Southern California bettered the world record for the 220 yard dash yesterday with a sprint of 20.2 seconds, shortly after he ran the fastest 100 yards in history, unofficially.

Officials at the dual meet between USC and UCLA, held on the UCLA track, said they would certify the 220-yard performance at Ann Arbor, Mich.

Patton holds the official world record of 9.3 seconds for the 100-yard dash. His performance was approved this week by the International Amateur Athletic federation.

The wind gauge for the 220, however, registered 3.3 miles per hour which is under the 4.473 allowable. His time of 20.2 bettered the accepted world record set by Jesse Owens of 20.3 made May 25, 1935

# Voiselle Loses 2-Hitter to Reds

Bill Voiselle, the Boston Braves' big right-hander, gave up only two hits yesterday, but both of them came in the eighth inning, leading to a 4-2 Cincinnati victory.

The loss dropped the Braves into a tie for first place with the New York Giants.

Voiselle walked eight men, three of them plus Hank Sauer's flyout in the first inning accounting for a Cincinnati run. In the eighth Sauer rapped a single into center, scoring two men who had walked. Charlie Kress then doubled to score Sauer.

The Giants, behind the three-hit throwing of Clint Hartung, stung St. Louis, 9-1.

A trio of St. Louis pitchers were slugged for 12 hits by the Giants, with Johnny Mize leading the way with a double and three singles.

In the American league, the standout performance was turned in by the Yankee's Bob Porterfield, who won his first game of the season, 8-1, over the Chicago White Sox.

Owner of a no-hit, no-run game during spring training, Porterfield injured his arm April 16 and was sidelined until his 10-hit stint against the White Sox. He allowed the Sox one hit in an inning until the ninth when they bunched three to escape a shutout.

With Eddie Robinson supplying the power, the Washington Senators won their fifth straight game, defeating the St. Louis Browns, 6-4. It was the eighth loss in a row for St. Louis.

Cleveland eked out a 4-3 victory over the Boston Red Sox when Ken Keltner's high bounder drove in Dale Mitchell with a twelfth-inning run.

## 'Youth for Christ' President to Speak At Iowa City Rally

Rev. Bob Cook, founder of Youth for Christ rallies in many parts of the world, will be featured speaker tomorrow night at a Youth for Christ rally at the Iowa City Nazarene church.

Rev. Cook will discuss at 7:30 p.m. services the expansion of Y.F.C. rallies. Rev. Wendell Wellman, Iowa City Nazarene pastor, said yesterday.

The Y.F.C. group was organized during the war in Chicago as a means of curbing juvenile delinquency, Rev. Wellman said. It began as a teen-age group but people of all ages attend the rallies, he said.

The Y.F.C. has been set up in 55 countries. Rev. Cook has personally supervised setting up many of the groups, especially in the Orient, Rev. Wellman said.

Rev. Cook is now international president of Y.F.C. He was director of the Chicago Nazarene church for four years. While Rev. Cook was director, a rally of the group in Soldiers field was attended by 70,000, Rev. Wellman commented.

Rev. Cook was formerly pastor of the Midwest Bible church in Chicago. The 38-year-old minister is co-author of a book, "Reaching Youth for Christ."

The Iowa City Y.F.C. rally is open to the public, Rev. Wellman said. Cooperating churches are the Iowa City Nazarene church, Coralville Evangelical Free church, Sharon Evangelical United Brethren church and the North Liberty Church of God.

A 30-minute musical program by members of the four churches will be included in tomorrow night's services, Rev. Wellman added.

## 17 Episcopal Church Delegates to Attend Davenport Meeting

Seventeen representatives of the Iowa City Trinity Episcopal church will attend the 97th annual convention of the Episcopal Diocese of Iowa and the Women's Auxiliary Iowa Diocesan branch in Davenport Tuesday and Wednesday.

About 400 representatives from all over Iowa will attend the meeting, Episcopal Student Director Janet Kadney said yesterday.

The Iowa City Trinity church has invited the convention to Iowa City in 1950, Rev. Harold F. McGee, rector of the church, said yesterday.

Parish representatives attending the Davenport meeting will be Prof. George Martin, SUI botany department; Prof. A.C. Baird, SUI speech department; Prof. A. H. Moehlman, SUI college of education; Leroy Mercer; M.F. Carpenter; B. V. Crawford; Forrest Bodey; Joseph Wayne; George de Schweinitz, Rev. McGee and Miss Kedney.

Representatives of the women's group will be Mrs. A.A. Welt, Mrs. G.W. Martin, Mrs. M.C. Boyer, Mrs. D. C. Crawford, Mrs. Dwight Edwards, and Mrs. Irvin Irwin.

Miss Kedney will report on Episcopal student work at SUI, Rev. McGee said.

**MARRIAGE LICENSE ISSUED**  
A marriage license was issued yesterday in the Johnson county clerk's office to Robert Harlow and Ann Mottelson, both of Iowa City.

## Everyone Can Swim, Diving Champ Says

By JEAN McFADDEN

Everybody should learn to swim, if only for the fun of it, said Anne Ross, featured swimmer in the Seals' swimming exhibition Friday and Saturday nights.

"I think everybody should be taught to swim," she asserted. "And I don't think there is anyone who can't learn."

Miss Ross, who won national amateur athletic union high board titles from 1942 through 1944 and national low board titles from 1941 through 1944, couldn't recall when she first learned to swim.

"It's like trying to remember when you first started walking," she explained.

Although Miss Ross thinks swimming is such fun that it should be enjoyed by all, she said no child should be made to learn. Let the child take to swimming himself, she said. If he sees other children swimming he will gradually lose his fear of the water and want to learn also.

As for swimmers in training, "get the fundamentals first and don't try to rush things," she advised.

Swimming as a vocation requires such a disciplined life that young people should not be urged to make it their vocation unless they show a very "definite" interest, Miss Ross believes.

This dark-haired swimmer, whose home is in Long Island, N.Y., had access to the water nearly every summer day.

"I was probably in every day that the sun shone," she recalled. At the age of 12 she joined the St. George Dragon club, began to take swimming lessons and was a member of the St. George Dragon club team.

Her swimming coach was Madeline Karson, Dragon club coach. Miss Karson ranked third in national diving in 1933 and has been a professional diver for the past 10 years at Jones Beach, Long Island.

"For a couple of years I took lessons in both swimming and diving," Miss Ross said.

Then she began to concentrate on diving.

Success came when she was a senior in high school. She won the national AAU low board diving title. Miss Ross kept the title for four years and in 1942 added national AAU highboard title which she kept for three years.

In college Miss Ross majored in international study at Barnard college, women's college of Columbia University. Two years later she earned her M.A. degree in physical education at Wellesley college.

At present Miss Ross is a physical education instructor at

## About 200 Expected At Religion Meeting

About 200 Protestant, Jewish and Catholic representatives from all over Iowa will attend the annual meeting of the SUI school of religion May 16 in Iowa City.

Included in the day's activities will be a luncheon in the Iowa Union River room. A board of trustees meeting will be held in the afternoon. Prof. M. Willard Lampe, director of the school, said yesterday.

Lampe will give an annual report of the school at the board meeting, he said yesterday.

Election of trustees to serve for three years will be held, Lampe said. The board is composed of 40 representatives of Iowa religious groups and the university. About one-third of the trustee positions expire at this meeting and will be filled by the election.

## Hillel Foundation To Elect Officers

## View Mortar Board Tapping

Today is "the" day set aside to honor mothers all over the country, but from all appearances Iowa City began its celebration yesterday.

Several hundred mothers were honored at luncheons and teas yesterday and were taken on tours of SUI's campus by their sons and daughters.

Many of them gathered on the lawn at the west approach to Old Capitol to view the traditional Mortar Board "tapping" ceremony yesterday afternoon.

Sixteen junior women were tapped for membership in the senior honorary for women. Selected by the junior women on campus and Mortar Board members, these girls will carry on the honorary's activities next year.

New members are Joan Tripp, Mapletown; Mary Vande Steeg, Orange City; Carol Thurnau, Elgin, Ill.; Betty Jane Rehmke, Oxford Junction; Maxine Erickson, Boone; Jean Gordon, Moline, Ill.; Marianne Stracks, Woodmere, N.Y.; Marjorie Campbell, Jefferson.

Donna Belle Jones, Missouri Valley; Yvette Wright, Ridgefield, Conn.; Frances Henderson, Oakland; Nancy Shuttleworth, Berkeley, Calif.; Joelle Hanson, Storm Lake; Etta Mueller, Van Meter; Virginia Burt, Ottumwa, and Betty Jane Johnson, Bedford.

The Mother's Day Weekend activities will close today with a tea at President and Mrs. Hancher's this afternoon and the all-university sing tonight.

Proceeding the tapping ceremony yesterday afternoon, approximately 170 people attended the mother-son-daughter luncheon in the Iowa Union. Mrs. Fred M. Hudson, Bill Shuttleworth and Jean Strong were introduced as SUI's representative mother, son and daughter.

During the weekend over 150 mothers and several grandmothers registered in the Iowa Union lobby. Although the majority came from Iowa or nearby, one mother, Mrs. Jack Eisler, traveled from Peekskill, N.Y., to spend the weekend with her daughter, Gloria, an SUI junior.

## Campus Mother Has 'Happy Day'

### Mrs. Fred Hudson 'Thrilled' by Honor

Declaring, "It's the happiest day of my life next to my wedding day," Mrs. Fred M. Hudson, Pocahontas, assumed her duties as SUI's most representative mother during the Mothers Day Weekend festivities yesterday.

An SUI graduate, Mrs. Hudson is the mother of three SUI students — Constance, C4, James, L2, and Fritz, a 1947 graduate. Another daughter, Susan, attends Lindenwood college for women.

Mrs. Hudson, a high school English teacher, was first informed of the honor on April Fools day by Jim and Constance.

"I'd been fooled at school so much that day that I didn't believe them when they told me," she explained. However, she was "thrilled" when officially informed by Mortar Board, senior women's honorary and sponsors of the Mothers Day Weekend.

Mrs. Hudson said she had attended many mothers day functions and always thought, "what an honor it would be to represent all the mothers, but I never dreamed that some day I would."

Like the other mothers visiting SUI during the weekend, Mrs. Hudson has had a busy schedule. She spent yesterday attending the mother-son-daughter luncheon, Mortar Board tapping ceremony and the Seals show.

Today's activities for Mrs. Hudson will include dinner at the Pi Beta Phi house and a tea given by President and Mrs. Hancher.

**She's 'Most Representative'**

Tonight she will present trophies to the winning choruses at the all-university sing.

Mrs. Hudson attended SUI from 1914-1917. During that time she was a member of Pi Beta Phi, Hudson are her husband, a disocial sorority, class vice president for two years and Hawkeye Girl for two years. She was a member of the glee club, YWCA cabinet, Hawkeye staff and the Wcmens League council.

Laughingly she recalled that she had participated "in almost everything but dramatics and now I'm coaching plays."

Sharing the honor with Mrs. Hudson is her husband, a disocial sorority, class vice president for two years and Hawkeye Girl for two years. She was a member of the glee club, YWCA cabinet, Hawkeye staff and the Wcmens League council.

**HAVING JUST BEEN "TAPPED" AND "CAPPED"** this smiling group of girls will be Mortar Board members for next year. In the front row are (left to right) Jean Gordon, Etta Mueller, Nancy Shuttleworth, Betty Jane Johnson, Virginia Burt,

Frances Henderson, Yvette Wright and Betty Jane Rehmke. In the back row are (left to right) Donna Belle Jones, Maxine Erickson, Mary Vande Steeg, Marjorie Campbell, Marianne Stracks, Joelle Hanson, Carol Thurnau and Joan Tripp.

# All-Iowa Collegiate Conference To Open Here Next Weekend

The All-Iowa Collegiate conference will be held at SUI Friday and Saturday with about 115 college students from throughout Iowa present.

The conference will discuss topics dealing with freshman orientation, school spirit, student government, student-faculty cooperation, campus activities, student exchange, and social functions.

Workshop periods will be held throughout the two-day conference and summary reports will be presented at the last session Saturday afternoon.

Paul S. Weaver, dean of religious life at Stephens college, Columbia, Mo., will be guest speaker at a banquet Friday evening in the River room of the Iowa Union.

SUI students who are interested in campus activities and student government are invited to attend the banquet, Larry Pike, conference publicity chairman, said yesterday.

Students wishing to attend may place their reservations at the reception desk at the office of student affairs, Pike said.

A dance will be held following the banquet. The price of

PAUL S. WEAVER

dinner and dance is \$2. For those who wish to attend only the banquet the price is \$1.25, Pike said.

Weaver has lectured in more than 70 American colleges and universities, Pike said.

Weaver is a member of the American Academy of Political and Social Science and the International Council of Religious Education. During the war he worked with the Armed Forces Institute.

Colleges participating in the convention include Buena Vista, Burlington junior college, Central college, Coe, Cornell, Drake, Elsworth Junior college, Graceland college, Grand View Junior college, Grinnell college, Iowa State, Iowa State Teachers, Loras, Marycrest, Morningside, Mount Mercy Junior college, Parsons, St. Ambrose, Wartburg, Washington Junior college, Westmar, William Penn, and SUI.

## Dean Lierle Named To Radio Position

Dean McAllister Lierle Jr., a former SUI student now attending the University of Southern California, was elected last week to the position of director of the Intercollegiate Broadcasting system's western division at a Stanford University convention.

Lierle is the son of Dr. D.M. Lierle, head of SUI's otolaryngology department. He transferred to Southern California two years ago where he was station master of the carrier-current radio station KTRQ.

The Intercollegiate Broadcasting system is an association of carrier current stations in colleges and universities throughout the nation.

Lierle also served as executive secretary of the Association of Western College Broadcasters which was absorbed by IBS this year.

## Judgment Suit Filed For Auto Damages

A \$454.98 judgment suit was filed yesterday in Johnson county district court by Charles Frack, Lone Tree, against W.C. Hobbs, route 2, West Branch.

Frack asked judgment in that amount for damages to his auto resulting from a collision with an auto allegedly driven by Hobbs on highway 1, two miles west of West Branch, on April 14.

He charged the defendant with negligence in failing to signal properly before turning off the highway.

He asked judgment for \$454.98, plus interest at five percent and costs of the action. Frack also asked a jury trial of the cause. Emil G. Trott is attorney for the plaintiff.

## THIS WEEK'S music

By DONALD KEY

Wednesday evening the SUI band under the direction of Prof. C.B. Righter will give its annual spring concert in the Iowa Union.

The program features Prof. Philip Greely Clapp, head of the SUI department of music, as piano soloist in the first movement of "Concerto in C Minor," by Ludwig van Beethoven.

Clapp's great talent and virtuosity as a pianist and a conductor is well known to Iowa City audiences. His piano interpretations of the great works of music are broadcast weekly, and under his guidance the university orchestra has gained national recognition.

Beethoven's "Concerto in C Minor" is one of the five great piano concertos by that composer but it is not heard as often as the fourth and the "Emperor Concerto."

The arrangement of this work for band has been done by Righter.

To open the program the band will play "Introduction and Bourne" by George Frederick Handel.

A critic of Handel's day said that the composer had "the rare power of using art for the concealment of art," and this remark describes the Bourne of Handel well.

They are spirited examples of the elegant and courtly style that was popular with 18th century English nobility.

Clement Leo Delibes, French contemporary of Humperdinck, is best known for his opera "Lakme" but he also wrote many colorful ballets. "Coppelia," "La Source" and "Sylvia" are the most famous of these.

"Cortege de Bacchus" from the "Ballet Sylvia" is listed for Wednesday night's concert. This is music of an escapist nature. It is light, romantic dance music that has a fitting place on any semi-classical program. The final number of the concert will be the "Farandole" from "L'Arlésienne Suite" by Georges Bizet, who wrote the opera "Carmen."

Bizet composed this suite as background music for a drama of the same name by Alphonse Daudet. Most of the music is rollicking and gay. The "Farandole" is martial in nature and very much like the opening chorus of "Carmen"—a soldier's chorus.

The CBS Symphony orchestra will begin its series of summer concerts this afternoon under the direction of Bernard Herrmann.

At 2 p.m. WMT will broadcast the program which includes the "Arrival of the Queen of Sheba" from Handel's oratorio "Solomon," "Symphony in B Minor" (unfinished) by Franz Schubert, "En Saga," a tone poem by Jean Sibelius, and Edward Elgar's "Enigma Variations."

## Zoologists to Hear Swiss Professor

Prof. Jean Baer, Swiss expert on parasites, will speak at SUI on May 16.

Baer, who is internationally known for his work on the "evolution of parasites in a related group of hosts," will address the zoology seminar, May 16, 4:30 p.m. in room 201, zoology building.

Baer is head of the zoology department and professor of zoology at the University of Neuchatel in Switzerland. He is presently a visiting professor at the University of Illinois at Urbana.

## West Fans Fabulous Mae Still Packs 'em In

Mae West still has plenty of drawing power among the male sex, if the antics of two Iowa City movie-goers mean anything.

The Mae West fans, Edwin O'Brien Jr., 3, son of Mr. and Mrs. Edwin O'Brien, 755 Oakland avenue, and Larry Riggs, 4, son of Mr. and Mrs. Wayne Riggs, 741 Oakland avenue, took turns tricycling 13 blocks to a downtown theater Friday afternoon to see their idol.

The boys, missing since 1 p.m., were reported lost to police four hours later by Edwin's mother, who said she was "almost frantic" by then.

The police finally located them at 5:42 p.m., after the movie manager became suspicious of the young cinema-lovers and phoned the police station.

"They must have just walked into the movie," Mrs. O'Brien said, as they were "broke" when they left home.

The boys and the tricycle were escorted back to their Melrose avenue homes in a police car.

## Pulitzer Prize Winner - 'Patriots' to Open 10-Day Run

The University theatre players will open Thursday in Pulitzer Prize winner Sidney Kingsley's play "The Patriots."

The play won the New York Drama Critics Circle award in 1943 for the best play by an American author produced in New York.

Performances will be at 8 p.m. through May 21 with matinee and evening shows on the final day. No performances will be given May 15. Tickets are available at the University theatre office, room 8A, Schaeffer hall.

"The Patriots" is a historical drama in prologue and three acts dealing with the crisis of liberty as resolved by President George Washington and two members of his cabinet, Thomas Jefferson and Alexander Hamilton.

The Kingsley play is concerned principally with the Jefferson and Hamilton rivalries and antagonisms with Washington serving as a disturbed and unhappy referee.

Dramatic Arts Instructor Paul Davee is directing the play. Seven scene sets have been designed, under the supervision of Professor A.S. Gillette, by SUI students Warren Clymer, Robert Richey, and George Zimmerman.

A cast of 23 actors will perform. In order of appearance they are Robert Paulus, John Anderson, Gwen Davenport, Ardis Kresen-sky, Emory Withers, Louis Gardemal, Thornton Kloss, John Uley, William Countryman, Charles Jacot.

Donald Mullin, Richard Johnson, Henry Lee, Jacqueline Reese, Willis Otto, Jay Asbyll, Herbert Boland, Thomas Pawley, Kathryn Argo, Gene Ford, Steve Davies, Patricia Anne Pendleton, and John Kuehl.

EVERY YEAR we set aside this day to honor our mothers. It seems a little foolish at first glance to try to show the gratitude and love we owe mothers in one short day. If a whole month were to be set aside it would be just as futile.

Luckily for us, mothers don't expect fanfares and corsages, but are perfectly content to know that we'd like to make such expressions even if we don't.

MOTHER'S DAY for me goes way back to my small hometown, when my Dad would give me the money to go down to the greenhouse on Saturday afternoon to buy our quota of carnations.

That always seemed like a pretty important job to me, and there was no end of delight in keeping the purchase a secret from Mom until Sunday morning when she never failed to indicate great surprise at her menfolk's thoughtfulness.

Mother's Day, like Easter and Christmas, was one time when it didn't seem like so much bother to dress up for church.

THE PREACHER always seemed to have something sad to say on Mother's Day, and that made me feel uncomfortable. Mothers weren't something to be sad about, were they? I didn't feel sad about Mom the other 364 days of the year; why pick one day to be sad about mothers? People always seemed happy on Children's day, and there was no plausible excuse for changing the pattern.

The Mother's Day that I learned the reason for some persons wearing white carnations was a sad one. While the preacher droned away in the pulpit, I counted white carnations and kept tab in the back of the hymnal.

AFTER I had counted them all twice to be sure my figures were correct, I tried to imagine what it would be like not to have a mother. There was some compensation in noting that most of the white carnations were on the laps of adults. Maybe grownups didn't need mothers as much as children did.

Still, if a person had no mother, who administered nose drops when you had a cold or arranged for your birthday parties?

I decided that the persons who wore white carnations must have had a hard time of it, and I chose to feel sad about them instead of the preacher.

WHEN THE sermon was over, and everyone had filed by to shake hands at the doorway (each youngster having been graciously patted on the head by the preacher's wife), it was time to be happy again.

There are few communities the size of my hometown which boast cafeterias. If there had been one, the family would probably have gone there for the Mother's Day meal, thereby giving Mom a break.

But since no such establishment existed in that locality, the responsibility of producing a sumptuous Mother's Day meal fell right into Mom's lap.

THIS MEANT that she rose early Sunday morning and started cleaning celery and preparing dressing for the roast.

Just before we left for church, the roast was placed in the oven. If the preacher took more than his allotted hour, I could sense Mom getting fidgety. I'm sure Mom didn't feel her roast was more important than what the preacher had to say, but after all, letting a roast burn to a crisp with meat as expensive as it was, could border on sacrilege.

TODAY cafeterias are more plentiful, and most kitchens are equipped with pressure cookers to take the time burden out of Sunday services. Perhaps Mother's Day has become commercialized as the cynics claim, but there is one element which is always the same.

Bring on your cafeterias, pressure cookers and full-page advertisements, Mr. Cynic... mothers never change.

IT HAPPENED LAST WEEK

Cold War

Set Date for Lifting The Berlin Blockade

Cold war chills gave way to a fever rash of peace hopes last week as the big four set dates for ending the Berlin blockade and resuming negotiations.

After more than a week of off-the-cuff negotiating in New York, east and west agreed to lift the Berlin blockade next Thursday. A big four foreign ministers meeting will convene May 23 to try to untangle the German problem.

Western leaders served notice that establishment of a truly democratic German state will be their price for agreement with Russian demands of troop withdrawal.

The west German state, big trump card for the west, came into being when the Bonn constituent assembly set up a government and approved a constitution. The provisional state — first real government in the Reich since Hitler's rule ended on April 30, 1945 — will carry on until elections are held in late July. Western occupation authorities will continue to guide the new government. Only opposing votes to the move at Bonn came from the assembly's two Communist members.

The charter for a council of Europe, which in effect sets up a joint cabinet and parliament between 10 western nations, was signed last week. The council links Britain, France, Belgium, The Netherlands, Luxembourg, Norway, Sweden, Denmark, Italy and Ireland. It will meet for the first time this summer in France.

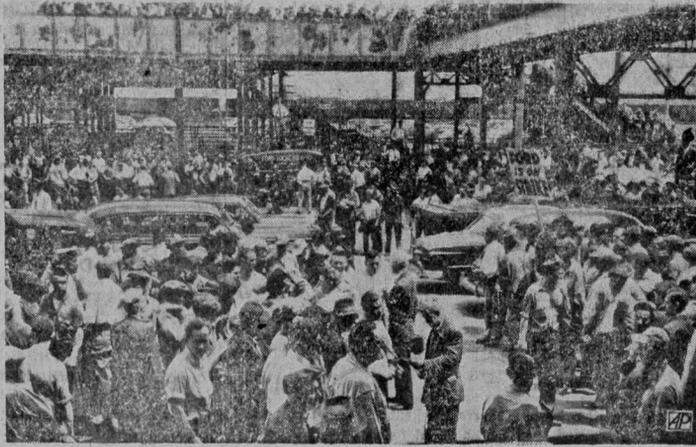

China War

Shanghai Is Ignored; All of Asia Threatened

Bypassing Shanghai, Chinese Communist troops drove deep into south China. The resort city of Hangchow, 125 miles south of Shanghai, fell to the Communists, thus sealing off Shanghai's millions. Late in the week, two Communist columns were nosing toward Canton.

The west, having written China off as a loss, became concerned over how far the Red Dragon of communism would slink into southeast Asia.

The British were rushing air, sea and land reinforcements to defend Hong Kong. The west-

backed south Korean government beat off a Communist-led attack from puppet north Korea.

The official Chinese news agency claimed Chinese Communists have signed treaties with Burmese and north Korean Communists to bring all Asia under Communist control. It was a prospect that had western observers shuddering under the bed.

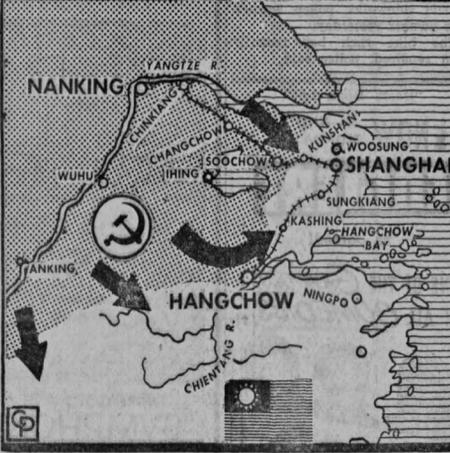

Congress

Education Bill Passes; Wood Measure Shelved

Education — After spending a full week voting down amendments, the senate passed a bipartisan \$300-million federal aid to education bill. Most serious amendment defeated: a proposal to distribute the aid on a straight basis of \$10 per school child.

As it now stands, the allotment per child is computed under an elaborate formula which gives tax-poor Mississippi the most money (\$29.18 per child) and 29 "wealthy" northern states the minimum (\$5 per child).

Labor — Administration leaders got cold feet at the last minute and scrapped the Lesinski labor bill in favor of a toned-down compromise bill. The compromise

lost to the Dixiecrat-GOP Wood labor bill which retained most of the T-H features.

Before the Wood bill could get out the door, though, northern Demos caught it by the nape of the neck and sent it back to committee (on a 212 to 209 vote) to die a quiet death.

Atlantic pact — After the long string of administration witnesses finished endorsing the pact before the senate foreign relations committee, Henry Wallace had his innings: The pact is a "sword" of aggression over Russia's head. And besides, some of the Catholic hierarchy is seeking war with Russia, Wallace added.

We want Mac — A MacArthur in 1952 club opened shop in Washington last week. Its president grinned optimistically, "We started a little late the last time, but we're starting early for 1952."

Ford Plants Struck; Murray Tells Demands

Two giant Ford motors plants in Detroit shut down as 62,000 CIO auto workers struck, alleging speedups on Ford assembly lines. The strike, if prolonged, could idle 147,700 Ford workers in 34 plants. CIO steelworkers' Philip Murray announced his 1949 contract demands for his 900,000 members.

The union wants a wage raise, a guaranteed weekly wage, insurance and hospital benefits and a pension plan.

The supreme court — which has been chipping away union power in a long string of decisions — refused to reconsider its recent ruling that states are free to ban the slowdown as a labor tactic.

UN Speeds Up Israel Request For Membership

The United Nations, overlooked by most Americans, piled away at its lush, Flushing Meadows, N.Y. meeting place. The assembly had not unscrambled the Italian colony, Franco or Indonesian issues. But it stamped Israel's application for membership "rush" and moved it up a pigeon-hole.

Trans-Jordan prepared to include three representatives from Arab Palestine into its cabinet, a move implying extension of King Abdullah's rule beyond the Jordan.

In Bolivia, the totalitarian National Revolutionary movement staged bloody post-election riots which killed eight persons. The movement was protesting (in the Latino manner) the government's election victory.

Rutledge Trial Begins; Union Organizers Saved

With his wife at his side, Dr. Robert C. Rutledge began his murder trial in Cedar Rapids. He is charged with stabbing a man in a Cedar Rapids hotel fight last December after an argument about the victim's attentions to Mrs. Rutledge.

By the weekend, a jury of nine men and three women had been selected to hear the case.

Seventeen CIO united auto workers organizers were escorted out of Charles City by police on the governor's order after the UAW men claimed their lives were threatened by a crowd of CIO farm equipment workers. The FEW had just defeated the UAW in a union election.

Iowa City

Heat Wave Melts Town; Rent Hike Plan Dropped

Students and townspeople sweated through a heatwave last week. The temperature hovered around the high 80's steamed up to a record 92 one afternoon. Not that it was any consolation, but the rest of the nation was sweltering at the same time; all but Wyoming which had a snowstorm.

The proposal to hike faculty rents in barracks apartments was quietly dropped. The reason: it would not force "the desired turnover" of faculty members moving out to make way for new faculty members. Present occupants seemed willing to squat and pay the higher rents.

In a boisterous meeting, the local Amvet post elected a slate of officers headed by Glenn Whittle. The post had been in an uproar over policies of outgoing officers.

The city council learned it would cost \$143,500 to patch up the Burlington street bridge and widen its west approach. There was the possibility, however, of receiving either state or federal funds.

BELGIUM'S LEOPOLD Wants Job Back

Names in the News

Gen. Lucius D. Clay — The U.S. military commander in Germany will quit his post May 15 now that the tense Berlin situation has eased.

Jonathan Daniels — The editor of the Raleigh, N.C., News and Observer was in Washington looking over the secretary of navy job, well-informed sources buzzed. The army secretaryship — vacated by Kenneth Royall the week before — still had a "man wanted" sign on it.

Robert Sherwood — The playwright-author won his fourth Pulitzer prize for his book "Roosevelt and Hopkins," based on Harry Hopkins' personal files.

King Leopold of Belgium — The exiled monarch, tired of being one of Europe's displaced royals, remarked in a letter to his brother, Regent Prince Charles, "the time has come for a return of constitutional normalcy."

Chamber of Commerce Optimistic About Future

The U.S. chamber of commerce's 1,700 delegates at its 37th annual meeting predicted that a business recession will lead to a "rounder" prosperity since price cuts will lure consumers back into economy," asked that the T-H act be retained nearly intact and lashed the Truman "fair deal."

# U.S., Britain Break Russ Air Jamming

NEW YORK (AP)—Britain and the United States broke through the Soviet jamming of the airwaves today in a full-scale technological "war" to capture the attention of Russian radio listeners.

The battle of words and static began at 8:15 a.m. (CST) when the state department's Voice of America, the British Broadcasting Corporation and the U.S. armed forces network in Europe threw all available equipment into action in an effort to carry the West's version of the Berlin blockade for the first time in two weeks.

The western broadcasters took the occasion of national radio day in Russia to start the offensive of the ether. The "voice" and BBC beamed 61 short-wave transmitters, all on different channels, at Russia.

The Soviets, who had been jamming western programs with 60 stations since April 24, retaliated by putting at least 100 jamming transmitters to work, a Voice of America official said.

The official said a report from British monitors indicated that possibly a far greater number of Russian transmitters were jamming.

Despite Russian counter-measures, the official said, the voice apparently got through on six channels and BBC on five. At Frankfurt, Germany, army officials said the powerful armed forces network definitely broke through the barrage to tell Russian listeners that the lifting of the Berlin blockade marked a setback for the Soviet Union.

In London, BBC officials said the first reports showed 25 percent of the frequencies used were clear of interference. Of the remaining 75 percent, BBC said, about one-third were free of interference part of the time while the other two-thirds encountered "severe" interference.

BBC officials said they thought this was a good showing. They had not hoped for 100 percent results. They merely planned to fill the air with so many broadcasts that the Russians jamming equipment would be spread too thin to be completely effective.

The Voice of America spokesman said that 25 BBC transmitters and 36 voice transmitters were used.

SUI Graduate Promoted To Permanent Captaincy

Elizabeth Fowler, 1939 SUI graduate, has been promoted from the temporary rank of captain to a permanent captaincy in the women's medical specialist corps, U.S. army.

Now serving as a physical therapist at Tilton General hospital, Fort Dix, N.J., she has worked in hospitals in Korea, Georgia and Indiana. She completed her physical therapy training course at Walter Reed General hospital in Washington, D.C., in 1945.

# Mother's Day Brings Floral Tribute

TEN 4-H GIRLS SAID IT WITH FLOWERS when they presented their mothers with potted plants at a mother-daughter tea yesterday afternoon. Mrs. George Peckons is pictured receiving a petunia plant from her daughter, Margaret, 13, while Mary Ellen, 10, looks on. The tea was held at the Coyt Westfall home and is an annual event with the Clover Blossom 4-H club.

# 4-H Club Members Get Chance to Win 'Happiness' Books

The Tri-States Theater corporation will present a happiness book to the 4-H girl and the 4-H boy who sells the most tickets to the 4-H Benefit Home and Style show to be held in the Community building Thursday and Friday.

The happiness book contains coupons good for admission to any Tri-States theater, Albert Davis, manager of the Englert theater, said yesterday.

The ticket sales campaign was brought to Iowa City for the first time yesterday when 4-H boys and girls stationed themselves at booths in the downtown shopping district to sell tickets.

The benefit show will feature exhibits by 35 merchants, two style shows, four radio give-away shows, a skit by the Rural Youth organization, and dancing by the SUI Hick Hawks.

The shows, being sponsored jointly by the retail trade division of the Iowa City chamber of commerce and a committee of rural persons, are for the benefit of the 4-H building fund.

# Industrial Editors End Session

Discussions of labor relations, readability, cartooning and public relations occupied the second and concluding day sessions of the Iowa Industrial Editors association annual meeting and short course yesterday.

The sessions opened yesterday morning in the house chamber of Old Capitol with a talk on labor relations by Walter Daykin, labor mediator and professor in the SUI college of commerce.

Dick Spencer, instructor of cartooning at SUI, told the 27 attending editors of methods of brightening up their industrial publications by the use of cartoons.

Prof. Leslie G. Moeller, director of the SUI school of journalism, discussed methods of making copy easier to read.

The editors then heard Eugene Harlan, associate professor of advertising, talk on ways of using the industrial publications in public relations.

In the afternoon the editors met at Reich's cafe for a business meeting and a readability address by Arthur Wimer, head of the SUI bureau of newspaper service.

Wimer illustrated his talk with slides showing how samples of industrial writing rated according to the Rudolph Flesch formula, which is a method of measuring reading ease.

Ivan Ball Elected Head of 4-H Club

Ivan Ball, Tiffin, was elected president of the Cosgrove Hustlers 4-H club at a Friday night meeting in the home of Mr. and Mrs. Thomas Rohret, Oxford.

Other officers elected for the coming year were Earl Johnson, Oxford, vice-president; James Rohret, Oxford, secretary, and Richard Davin, Oxford, historian.

Next meeting of the club will be June 7 in the home of Mr. and Mrs. E. C. Eckerman, Oxford.

# Business BRIEFS

Iowa Citizens crowded into florist shops, gift, book, department and drug stores last week in their annual quest for something to buy for mother.

The week-long buying spree reached a crescendo yesterday and small gifts sold like the proverbial hotcakes. By the middle of the afternoon many gift shelves were nearly empty and Mother's Day cards were completely sold out in most stores.

Many local merchants reported last week's business as the "best since Christmas" and nearly all seemed pleased with the stimulative effect Mother's Day was having upon local sales.

The Byron Hopkins Decorating company will open a new retail paint store at 20 W. Burlington about June 1, Hopkins said yesterday.

The new store will carry floor coverings, glass, blinds, and wall tiles, as well as a complete line of paints, Hopkins added.

The building which will house the store—a former residence—is being completely remodeled by Hopkins and his employees.

The Hopkins company has been in the decorating and wholesaling business here for about three years but this will be its first venture into retailing.

The Root Beer Mug on Riverside drive across the street from the SUI hydraulics laboratory is being re-painted and cleaned in preparation for its opening next weekend.

Keith Tudor and Kenne Burkey of B. & T. wholesale foods, are the new owners of the "Mug."

# Three-Car Accident Causes \$75 Damage

A three-car accident at the Crandic crossing on Burlington street, and an accident caused when oncoming lights blinded a driver were reported to police yesterday.

Thomas Ryan, 202 Ellis street, was unable to stop his car in time to avoid bumping a car owned by Robert W. Glaspey, route 2, Riverside, police said. Glaspey's car, which had stopped at the Crandic crossing, then bumped into a third car, whose driver was unidentified.

Total damage was estimated at \$75.

Joseph D. Bender, 520 S. Clinton street, was blinded by the lights of an oncoming car Friday night, he told police, and his car struck a telephone pole on South Dubuque street near Harrison street. He estimated damage to his car at \$100.

Auto Owner Reports Theft of Articles Here

A floor mat, two flashlights, two ash trays and a roller curtain from the rear window were stolen from a car belonging to George Wells, West Branch, Wells told police yesterday.

The theft, occurring between 7:30 p.m. Thursday and 1 a.m. Friday, took place at a Burlington street parking lot, Wells said.

# Try and Stop Me

By BENNETT CERF

AMONG wired goings-on in the publishing business, the actions of Theodore Dreiser rate high. In 1906, Dreiser was appointed managing editor of the Delineator and celebrated his first day at the post by gravely rejecting two of his own stories.

In 1916, Ring Lardner wrote his fabulously funny diary of Jack Keeffe, the bush-league ball player. He called it, "You Know Me, Al." So many readers asked him to name the man on whom his caricature was based that he added this footnote to subsequent editions: "The original of Jack Keeffe is not a ball player at all, but Jane Addams of Hull House, a former Follies girl."

Lardner visited Paducah, Ky., one day to interview Irvin Cobb. "Mr. Cobb took me into his library," reported Lardner, "and showed me his books, of which he has a complete set."

### Three Nations Plan Meeting To Get Unity

LONDON (AP)—The three western powers will confer in Paris sometime within the next two weeks in an attempt to organize a united front on Germany before meeting with Russia May 23, it was announced today.

Plans for the preliminary conference were disclosed by a spokesman for the British foreign office. He said they had been worked out last month in Washington by Secretary of State Dean Acheson, British Foreign Minister Ernest Bevin and French Foreign Minister Robert Schuman.

Although the exact date of the three-power conference has not been set, it will precede the resumption of talks with Soviet Foreign Minister Andrei Vishinsky in the council of foreign ministers beginning May 23.

British sources believed the preliminary meeting would begin shortly after the lifting of the Berlin blockade next Thursday.

The foreign office spokesman said the western foreign ministers themselves would not attend, but would be represented by high officials. Britain will send a "senior representative of the British government," he said.

The western powers were understood to feel that success of the foreign ministers' meeting might depend largely on their ability to present a united front on German problems.

In the past, there have been as many differences among the United States, Britain and France on a German policy as there have been between the east and the west.

### IC Musicians Win 13 Places in Finals

Iowa City high school musicians won 12 division I and one division II ratings in the state music contest finals at Perry yesterday.

Seven of the Division I winners were in solo contests and the rest in small ensemble events. The brass sextet was the sole winner in Division II for Iowa City.

Individual winners were Henry Boldt, french horn; Pat Kelley, treble voice medium; Richard Vandenberg, snare drum solo; Signe Opstad, cello solo; Jane Woodburn, viola solo; Rose Marie Baker, violin solo, and Charles Keisler, B-flat clarinet solo.

The small ensemble contests won by the local musicians were miscellaneous string groups, string sextet, trumpet quartets, string quintet and woodwind quintet.

About 30 Iowa City high school musicians were entered in 27 events in the state finals.

BEAMING HAPPILY PRESIDENT TRUMAN lights a birthday cake in his White House office. The president was 65 yesterday. On his desk are bundles of greetings. The cake was presented to him by William Simmons, White House door keeper.

### City Council to Discuss Costs, Plans of Street Improvements

Plans and cost estimates for paving improvements on South Capitol street will probably be presented to the city council when it meets tomorrow night at 7:30 p.m.

The council last month ordered City Engineer Fred Gartzke to prepare plans and cost estimates for this meeting. Alderman Charles T. Smith, chairman of the streets and alleys committee, said yesterday the decision on when to begin paving improvements will depend on results of Gartzke's plans.

Smith's committee is pushing action to improve traffic passage over Capitol street by the time the Benton street bridge opens this summer.

The garbage question comes before the council again tomorrow night. Several aldermen are anxious to introduce an ordinance requiring Iowa Citizens to wrap garbage. Alderman Clark F. Mighell reported yesterday.

The proposed ordinance will probably wait Mayor Preston Koser's garbage committee appointment, Mighell added, since no committee now exists to handle the problem.

The mayor was asked to appoint a committee to study ways and means of putting Iowa City in its own garbage business after Don Ayers was awarded the year's contract at the last meeting.

Ayers yesterday reported he has received more complaints than usual for this time of year since he took over Iowa City's garbage collection May 2.

Most complaints come from persons who don't put their garbage can in the alley, Ayers said. Since some people have incinerators, Ayers' men never enter a garage or yard to collect garbage, he said. He requested persons missed on collection rounds to place their

### Three Sociologists Scheduled to Speak At Annual Institute

Three prominent persons in social work from the George Warren Brown school of social work, Washington university, St. Louis, will be among the participants at the annual Crime, Delinquency and Community Welfare institute here Thursday and Friday.

They are Professors Homer Bishop, Elsie Huseman and Mary Hester, who will lead sections during the opening day's session. Mrs. Betty Gordon, case worker for United Charities, Chicago, will head a special section Thursday on "The Worker and the Agency."

Correctional administration, probation and parole will be featured at Friday's session.

Mrs. Helen M. Talbot, superintendent of the Iowa Women's reformatory, Rockwell City; Wardens Foss Davis, Iowa Men's reformatory, Anamosa, and Percy A. Lainsow, Iowa State penitentiary, Fort Madison, will speak Friday morning.

Two judges, James P. Gaffney of Marengo and R. Kent Martin of Atlantic, will speak Friday afternoon. Mrs. Virginia Bedell, chairman of the Iowa parole board, and Frank Flynn of the school of social service administration, University of Chicago, will also appear at the closing session.

### Shotgun Burglar Trap Kills Boy, 11

MEMPHIS, TENN. (AP)—An 11-year-old Negro boy was killed today by a salt-charged shotgun when he raised a boobytrapped window.

Police Inspector Pete Wiebenga identified the victim as Samuel Hughes.

Wiebenga said the gun was rigged to point at a window in a coal company office and was triggered by a rope across the sill. It was designed to stop burglars.

Hughes' body was found by the window when employees reported to work. Wiebenga said the wounds indicated some of the regular shot had been left when the shell was loaded with salt.

garbage can at the edge of the alley.

Another question facing the council is what to do about repairing the Burlington street bridge. Consulting Engineer Ned L. Ashton last week told the council, the chamber of commerce and the Iowa highway commission that costs would probably be \$143,500 to repair the structure and widen the west approach.

The highway commission said state or federal aid might be granted, but warned it would be slow in coming.

### 'I Attacked First,' Says Bitten Youth

LOS ANGELES (AP)—A rattlesnake bit 16-year-old Dave Franklin today.

Dave, who is recovering, identified himself as an amateur herpetologist. Quite philosophical about the incident, he said:

"I was looking for snakes in Griffith park and was bitten on the index finger. But, I invaded his privacy. I attacked first, without warning, so he didn't warn me."

### Meyers, Cortimiglia To Hold Jam Session

The regular Sunday afternoon jazz session will be held today in the Iowa-Union river room at 1 p.m. Dr. Russell Meyers and Leo Cortimiglia will perform at the pianos.

Following the jazz session an informal Matinee dance will be held. The Student Union board is sponsoring both functions.

### 85 Percent Accurate — New Test for Cancer Found

NEW YORK (UP)—Development of an "electronic test" for certain types of cancer was announced last night.

The device, said to be about 85 percent accurate, was made by Dr. Cecil T. Lane, associate professor of physics at Yale, in conjunction with Dr. Louis Langman of New York university and Dr. Harold S. Burr of Yale.

So far, the test has been used only in women to detect cancer in the female genital tract. The doctors said, however, that they plan to expand their research and test for cancer in other parts of the body.

The method, using the electronic device, is simple and a test takes only 25 minutes, they said.

The basis for the technique. Drs. Langman and Burr reported in the American Journal of Obstetrics and Gynecology, is the principle that the human body

possesses electrical activity that can be measured.

They worked on the premise that healthy or non-malignant tissue in the body must have different electric activity than the cancerous or malignant tissue.

### SEISMIC POSTS SET UP

MOSCOW (AP)—Three seismic stations — which hope to be able to predict earthquakes — have been set up in the Tadzhikistan Republic. The stations, equipped with the latest and said to be the most sensitive devices yet made, have been established at Stalinbad, Kulyab and Obi-Garm.

and that such a difference could be recorded. In making the test, electrodes at the end of wires are attached to the abdominal region of the patient. The electrical impulses are picked up from the body and are recorded by a delicate instrument that shows the results on a chart. Malignant tissue causes the left, or negative side. Normal tissue results in a swing to the right, or positive.
