Dr. Rutledge Found Guilty

Ford, Auto Workers Settle Strike After 24 Days

Key Issue Now Left to Arbitration

DETROIT (AP) — The 24-day-old Ford strike was settled last night. The settlement left the key issue of the strike to arbitration. The Ford Motor company and CIO United Auto Workers agreed to pick a three-man arbitration board. Each side will name one member, and the two chosen will try to agree on a third man. If they fail to reach agreement in a limited time, the settlement provided, that position will be taken by Dr. Harry Shulman, impartial umpire under the Ford-UAW contract. The company's disciplinary action against 35 Ford workers at the start of the strike — another snag in the settlement — was rescinded. The agreement must be ratified by the union membership before acceptance is complete. This probably will be held today. The settlement means that many workers will be recalled after the Memorial day weekend. The company said it hoped to have some maintenance workers in the Ford Rouge and Lincoln plants back tomorrow and several thousand production workers back on the job by Tuesday. The Ford company's 103,000 production workers will be recalled in the same order to which plants closed — that is, production will be resumed last in far-away plants such as California. It will be necessary to build a backlog of parts before assembly lines at the Ford Rouge and Lincoln division plants can start rolling again. The strike was originally called May 5. At first only about 65,000 workers in Ford's vast Rouge plant and its Lincoln-Mercury plant here were affected. The Rouge, however, was the heart of Ford's empire. And soon the paralysis crept to Ford plants throughout the nation. Within a week almost all of the huge firm's 49 plants in the United States were shut down. Estimates on how much the strike cost the company and its workers vary. Roughly, it was put at 77-million yesterday. This was based on Ford's \$1-million daily payroll for production workers and its \$20-million in weekly production.

'Blast' this Putty!

LILLE, FRANCE (AP) — Joseph Mirland peeled off his shoe and set it on the stove to melt off the piece of putty that stuck to the sole. The explosion broke several windows in Joseph's house, but he escaped with only minor injuries. The "piece of putty" was plastic dynamite.

Flying High

Navy Builds Rocket To Beat V-2

WASHINGTON (AP) — The navy last night announced development of an improved rocket which it said "will materially advance" the military's efforts to perfect guided missiles.

The rocket is a modified version of the five-ton Viking which the navy sent to an altitude of 51 1-2 miles at a speed of 2,250 miles an hour in a test May 3.

The new rocket is being assembled at Baltimore by the Glenn L. Martin Co. It is expected to surpass the first one's performance when it is tested at the White Sands proving ground, the navy said.

Altogether, 10 Vikings will be built, each incorporating improvements in power and control and design suggested by its predecessor. Each will carry research instruments into the upper atmosphere.

The Viking's development, the navy said, "will materially advance guided missile art and the national defense. The immediate aim is development of an American high-altitude rocket that will exceed the German V-2 in performance."

The Viking has yet to equal the V-2's record. A modified V-2 soared 114 miles at White Sands and later an army "Wac Corporal" shot up to about 250 miles after being carried aloft by a V-2.

Western Proposal To Unite Germany Denounced by Russ

PARIS (AP) — The west invited Russia yesterday to join the Soviet zone of Germany with the west German republic on condition that Russia abandon its stagering claim for reparations and agree to guarantee the fundamental freedoms set forth in the new constitution.

Soviet Foreign Minister Andrei Vishinsky's reaction was cold. He said the west's idea was "one-sided" and "unsuitable for four power agreement." He said he had been presented with a "fait accompli," or accomplished fact.

U.S. Secretary of State Dean Acheson British Foreign Secretary Ernest Bevin and French Foreign Minister Robert Schuman came up with the formal proposal to unify Germany at the opening of the sixth session of the big four council here.

It was the west's answer to Vishinsky's suggestion that Germany revert to the four-power rule which was tried out after the Potsdam conference in 1945. It broke down when Russia walked out.

The west made it plain to Vishinsky that it would approve no plan to unite east and west Germany unless the Soviet Union accepts the basic law of the Bonn constitution.

Acheson Asks OK For Atlantic Pact

WASHINGTON (AP) — Secretary of State Dean G. Acheson has dispatched an appeal from Paris to senate Democratic leaders for quick ratification of the north Atlantic defense pact and approval of arms aid for western Europe. Acting Secretary James E. Webb and Assistant Secretary Ernest A. Gross, it was learned yesterday, relayed Acheson's appeal to Chairman Tom Connally (D-Texas) of the foreign relations committee late Friday.

Polish Exile Says Russian Spies Use Embassies in U.S.

WASHINGTON (AP) — A former Polish embassy military attache said yesterday that a Communist spy network, controlled by the Soviet secret police chief, stretches from Moscow through the United States.

Gen. Isidor Modelski, who quit his Polish embassy post in protest against communism, described the alleged network before a senate immigration subcommittee. He said that Marshall L. P. Beria, head of Russia's secret police, is dictator of international Communist espionage. In this country, Modelski said, Soviet spy activities center at the Russian embassy.

Modelski asserted that the diplomatic missions of Yugoslavia, Czechoslovakia and Poland channel information directly to Moscow. As an example of contacts between satellite embassies and the Russian diplomatic mission, Modelski said that a Col. Alef, formerly a member of his staff, once warned Polish delegates against going to the Soviet embassy "because the FBI was trailing everybody going there."

Alef, he said, suggested that the Czechoslovak and Yugoslav embassies would be safer meeting places. Modelski first testified before the senate group on May 10. The subcommittee yesterday made public a "supplemental statement" he made to expand on that testimony.

The Polish exile said that all diplomatic mail of the satellite countries "must be sent by one channel or another to Moscow."

Strikers Hold U.S. Engineers Hostage

LA PAZ, BOLIVIA (AP) — Seven American engineers and one Argentine yesterday were held as hostages by 2,000 striking tin mine workers protesting the arrest and deportation of a mine union official.

The Americans, held at the Siglo Veinte tin mine in the Catavi region about 200 miles southeast of La Paz, were identified as Wilbur J. Cook, Floyd W. Erickson, Joseph G. Bessette, T. J. O'Connor, Patrick Grene, Richard D. Elette, and T. R. Woods-Smith.

Dr. Rutledge Hangs Head After Conviction

CONVICTED OF SECOND DEGREE MURDER, Dr. Robert C. Rutledge Jr. hangs his head as he is led from courthouse elevator by Sheriff Jim Smith. The St. Louis pediatrician had just heard the jury read the verdict convicting him of the slaying of Byron C. Hattman.

2nd Degree Murder Verdict Brought In After Four Ballots

CEDAR RAPIDS—A jury of nine men and three middleaged housewives last night convicted Dr. Robert C. Rutledge Jr. of St. Louis of second degree murder.

The 28-year-old children's specialist was accused of the hotel room slaying of Byron C. Hattman, 29, a St. Louis aircraft expert who allegedly seduced the doctor's attractive blond wife, Sydney, 23.

District Judge J.E. Heiserman said he would pronounce sentence within 30 days. The conviction carries a term of 10 years to life imprisonment.

The defense indicated at once that it would move for a new trial and appeal the conviction to the Iowa supreme court if the motion is denied.

Defense Attorney R.S. Milner said no attempt would be made to have ball set for Rutledge until after Memorial day.

The jury, which had an estimated 755,000 words of testimony for its consideration, reached its verdict after three hours and 41 minutes of deliberation.

The verdict was returned in the courtroom at 8:11 p.m. (Iowa time).

Courtroom Filled
 The courtroom was filled when the verdict was returned. Residents of Cedar Rapids assembled quickly at the courthouse upon hearing radio news casts that the jury had reached a decision at 7:27 p.m.

When the verdict was read Dr. Rutledge sat alone at the side of Sheriff J.L. Smith. Absent from the courtroom were his blond, willowy wife, Sydney, his father and stepmother, Mr. and Mrs. Robert C. Rutledge Sr. of Houston, Tex., and his parents-in-law, Dr. and Mrs. Howard B. Goodrich, of Hannibal, Mo.

Four Ballots
 Jury Foreman Archie Farmer said the jury took four ballots. On the first, he said, one juror was for a verdict of first degree murder, four were for manslaughter, and seven for second degree murder.

On the second ballot seven favored a verdict of second degree murder, two first degree murder, and three manslaughter.

On the third ballot, Farmer continued, the vote was 11 for second degree murder and one for first degree.

Farmer said one ballot was taken before the jury went to dinner and three after they returned.

Iowa Law
 Second degree murder under Iowa law is murder without premeditation.

The handsome young doctor's face worked emotionally and painfully as he was hustled out quickly from the courtroom, but he did not break down. He made no comment.

Rutledge was led back to his cell by bailiffs. A crowd of about 400 persons trailed the group to the jail. A man and woman, both intoxicated, were herded away from the entrance to the courtroom by the sheriff.

The state had asked for a verdict of first degree murder and made clear it believed the handsome young doctor should hang.

State Charge
 "Dr. Rutledge lay in wait for Hattman and killed him wantonly from motives of jealousy, revenge and robbery," County Attorney William Crissman had told the jury in giving the state's version of the Cedar Rapids hotel room fight last Dec. 14 which left Hattman dead with a stab wound

SNAPSHOT of Byron C. Hattman, slain in a Cedar Rapids hotel room, was found in his effects by his mother, attending the trial of Dr. Robert C. Rutledge Jr., accused of the murder. Hattman is shown in sailing attire.

in the heart. The defense had demanded complete and immediate freedom for the defendant. Dr. Rutledge was "fighting in self-defense to protect the sanctity of his home," the defense asserted in contending that Hattman's alleged seduction of the doctor's wife last July 31 "started this whole tragic chain of events."

Mrs. Rutledge had testified that Hattman, her co-worker at a St. Louis factory, took her sailing, got her drunk, and was "frightfully intimate" with her while she was too ill to resist.

Father Answers
 She received the news of the verdict from her father, Dr. Howard B. Goodrich, Hannibal, Mo.

Goodrich answered telephone calls in her hotel room at the Montrose hotel.

"I'm sorry," he said, "but she is unable to talk to anyone now. She has no comment to make."

The doctor added that his daughter had no plans "at the moment."

One of the jurors, Emmett J. Neenan, said the jurors "believed" the testimony of Mrs. Rutledge.

"Waited Too Long"
 "The seduction was no reason to kill a man," Neenan said. "It could have been during the first three days after the incident but he (Dr. Rutledge) waited too long."

Jury Foreman Farmer, the youngest of the jurors in the Rutledge murder trial, said the jury was convinced that a conviction should be returned "from the word go."

Asked why he replied: "The state showed more ingenuity."

Memorial Parade Set City to Honor War Veterans

Holiday Deaths Hit National Total of 58 In Thirty-Six Hours

By THE ASSOCIATED PRESS
 The nation's holiday death toll rose to 58 last night. More than three-fourths of the victims died in traffic accidents.

Besides the 46 killed on highways, five persons drowned and seven deaths were attributed to miscellaneous causes.

With the long week-end barely 36 hours old, California suffered the heaviest loss with nine dead. Seven lost their lives in road accidents. Two men were killed near Oxnard when their light plane crashed during a fishing flight.

Illinois and North Carolina, each with seven dead, were in second place. All the North Carolina victims were killed in one accident, a collision on slippery pavement near Charlotte.

America's celebration of Memorial day will cost a total of 215 lives, the national safety council has predicted.

The dead by states, listing the causes as traffic, drowning and miscellaneous in that order: California, 7-0-2; Connecticut, 0-1-1; Georgia, 1-0-0; Illinois, 3-1-1; Iowa, 2-1-0; Kansas, 2-0-0; Michigan, 5-0-0; Minnesota, 2-0-0; Missouri, 0-0-1; New Jersey, 2-0-0; New York, 3-1-1; North Carolina, 7-0-0; Ohio, 5-0-1; Pennsylvania, 4-0-0; Vermont, 1-0-0; Wisconsin, 0-1-0.

PASTOR TAKES TRIP
 DUBUQUE — The Rev. Gerald E. Bisbee, pastor of the Grandview Methodist church here, will leave today on a flying trip around the world.

SCHACHT IN CHILE
 SANTIAGO, CHILE (AP) — Hjalmar Schacht, No. 1 financier of Hitler's Reich has accepted a job in this country, it was announced yesterday.

Capt of City Is New Mayor

SHANGHAI (SUNDAY) (AP) — The new Chinese Communist mayor of Shanghai declared yesterday that the revolution in China is "of the people and purely for the people."

Gen. Chen Yi, the army commander whose troops won the largest city in Asia, went to the city hall and assumed his duties. He also heads the military control commission for the city and commands the Shanghai district.

The general told municipal employees he was glad that they remained on the job.

It was the first public appearance of the general whose armies swept across east China.

Meanwhile, the Communist radio said Shanghai was "completely liberated" Friday when 40,000 Nationalist troops north of Soochow creek surrendered. (That could be any place north of Shanghai.)

Already Man and Wife — Aly, Rita Marry Again in Moslem Ceremony

CANNES, FRANCE (AP) — Prince Aly Khan and Rita Hayworth, already man and wife under the laws of the western world, were married last night in a secret Moslem ceremony dictated by the laws of Mohammed.

After a day of highly conflicting reports, Aly himself confirmed that the Moslem rites were held last night.

"We were tired of publicity and wanted this to be a quiet, private affair," he told the United Press.

In contrast to their civil wedding Friday at nearby Vallauris, where a throng gathered to see the celebrities, last night's ceremony was a simple affair conducted inside Aly's million dollar Chateau L'Horizon by two Imams from the Paris mosque.

Aly was interviewed at the chateau an hour after the ceremony as he prepared to leave alone — in his Alfa-Romeo sports car. He said the wedding took place at 8 p.m. Iowa time.

"In all, there were about 10 people present and they included my friends, my (half) brother and the princess's daughter, Rebecca (Welles)."

Aly was asked who responded for Rita at the Moslem ceremony. Moslem ritual forbids the bride to make her own responses.

"I would rather not answer that," he said. "We don't want any more publicity."

Aly wore a dark suit and his thinning hair was mussed. He stopped his convertible on the sloping drive from the Beachfront Villa to the main Riviera highway to speak to a United Press correspondent.

The ceremony here was performed with the Aga Khan, Aly's father and spiritual leader of 12-million Moslems of the Ismaili sect. The Aga Khan and his wife the Begum were in Paris.

Ford Officials Grin as Reuther Talks

TAKING A BREAK in the long Ford strike negotiations, company and union officials chat with reporters. Walter P. Reuther, CIO united auto worker president, (left foreground) issued a statement to the press which seemingly amused the company negotiators across the table. The picture was taken in Detroit early yesterday.

Hawkeyes Blast 'Cats, 20-3, Tie For Second

Tally 12 in First Two Frames Behind Hooks, Dittmer Homers

By NEAL BLACK
Daily Iowan Sports Editor

Iowa scored 12 runs in the first two innings on six hits and then coasted in behind Hurlers Hooks Hoeksema and Wes Demro to beat Northwestern, 20-3, yesterday, and finish the conference season with an 8-4 record.

The Wildcats were as gracious with walks and errors as Iowa had been the day before as Northwestern's pitchers walked 11 men and hit two batters while their mates made three errors behind them.

The Iowa victory, coupled with a 7-1 defeat of Indiana by Purdue yesterday, lifted the Hawkeyes into a three way tie for second place. Purdue, with a 7-3 record is first and Iowa, Indiana and Michigan, all with their seasons completed, are tied for second with 8-4.

Michigan moved into second with a 9-0 forfeit victory over Wisconsin yesterday. All three of the second teams could tie with Purdue for first if the Boilermakers split with Ohio State in a two game series next weekend.

Hoeksema started and went seven innings for the Hawks. He gave up eight hits and three runs in chalking up his second conference win. Wes Demro came on to start the eighth and gave up three hits in two innings while holding the Wildcats scoreless.

The big blow of the 14-hit Iowa attack was an inside-the-park home run by Jack Dittmer with one man aboard in the second inning. Dittmer also got a single, walked once, was hit by a pitched ball and sacrificed to end the day with two hits in three official trips.

Dittmer played errorless ball in the field again yesterday to end the season without an error in conference play.

The total of 20 runs scored by the Hawkeyes is a new record for Iowa teams in Big Ten play, eclipsing the mark of 19 set against Minnesota in one of the war years.

Twenty-three Iowa batters went to the plate for Iowa in the first two innings. Seven walks, two hit batters, two errors, and six hits accounted for the 12 runs.

The Hawkeyes were hitting the ball hard and with men on base as Murland Moran hit a double and two singles to drive in four runs. George Hand also doubled for the Hawkeyes and Ed Browne blasted out a triple.

Northwestern jumped into an early lead when Wilbur Tucker, the second man up in the first, doubled and Peewee Day followed with a triple but that was the last time the Wildcats were in the ball game.

Bob Smith walked to lead off the first for the Hawkeyes and the debacle started. Keith Kafer was hit by a pitched ball and Dittmer sacrificed the runners to second and third. Browne singled in two runs and John Tedore and Pinky Primrose walked to load the bases.

Moran singled, driving in two runs and Hoeksema was safe on the shortstop's error, scoring another run to make the score 5-1.

Kafer walked to lead off the Iowa second. Then Dittmer blasted his homer to right center between the outfielders and slid into the plate ahead of the throw.

Hand doubled and stole third. After Tedore walked, Hand scored on Primrose's outfield fly. Moran singled, driving in a run and Hoeksema followed with a single. Smith walked to load the bases. An error and a hit batter brought in two runs and the bases were still loaded.

Thn Smith, Kafer and Dittmer pulled a triple steal with Smith scoring. That made it 12-1.

Iowa got three more runs in the third when Tedore led off and drew his third straight base on balls. Moran doubled to drive in a run. Hoeksema and Smith singled, Moran scoring. Hoeksema scored on Kafer's outfield fly and Smith was out stealing home to end the inning.

After the Wildcats picked up two runs in the sixth on three singles and a walk, Iowa made it 18-3 in the same frame.

Browne's triple, a walk to Erickson and singles by Tedore and Primrose accounted for the runs.

The final two Iowa runs came in the eighth on a single by Dittmer, the second baseman's error on Browne's ground ball and a single by Primrose.

Moran's three hits yesterday and two Friday boosted his batting average in conference games to .378. Dittmer finished the conference season with a .347 average. Browne has .333. Jack Bruner has .320 and Primrose boosted his average to .311 in conference games.

The final team batting in Big Ten games was 277.

PULLING UP AT THIRD with a triple after blasting the ball into the left field corner is Iowa Catcher Ed Browne. Waiting for the ball is the Northwestern Third-Base Man Gordon Rothrock. Iowa won, 20-3.

Fastest 500-Mile Field Set

INDIANAPOLIS (AP)—The fastest 33-car field in the history of the Indianapolis 500-mile Memorial day speedway race was completed today as eleventh-hour qualifications weeded out five cars which were bumped by speedier Johnny-come-latelys.

Drivers who had qualified their cars as long ago as May 14 were not assured of a starting berth in Monday's 33rd running of the 500 until time trials ended yesterday.

Numerous other cars which last year would have been assured of a spot in the annual classic failed to make it this time as the trial speeds were stepped up considerably.

The slowest qualifying time this year was 125.799, more than four miles per hour faster than the lowest time trial for the 1938 race.

Yesterday's seventh and last qualification day was marred by a serious mishap even before the track was opened for time trials yesterday morning. George Metzler, 38-year-old hometown novice, was critically injured when his car hit the southwest wall at a speed better than 110 miles per hour.

Bayless Leverett, Glendale, Cal., returned in the fastest 10-mile sprint yesterday in an Offenhauser special.

THE SCENE OF THE ANNUAL 500-mile grind is shown above. Rex Mays was leading the field into the first turn at this point in last year's race which was won by Mauri Rose.

Iowa 4th in Big 10 Golf Meet

ANN ARBOR (AP)—Michigan, the host school, walked away with the 1940 Western conference golf championship here yesterday.

In addition to posting a 58-stroke team lead over its nearest rival, Ohio State, the Michigan team's captain, Ed Schall, shared medalist honors with Fred Wampler, defending individual titlist from Purdue.

Each finished the 72-hole all-medal test with 297 strokes. Michigan produced a team score of 1,499.

Following were Ohio State, 1557; Purdue, 1,562; Iowa, 1,565; Northwestern, the defending champion; 1,575; Minnesota, 1,587; Indiana, 1,594; Illinois, 1,604; Wisconsin, 1,630.

Skip Carlson of Iowa and Roger Kessler of Michigan stayed up with the leaders through this morning's round and into the afternoon session, but were unable to climb to the top and finished four strokes back with 301.

Scores of the Iowa golfers: Bob McKirahan, 73-80-79—232. Warren Strout, 76-84-82—242. Jim Rasley, 81-79-80—240. Skip Carlson, 75-74-75—224. Bob Graham, 78-81-76—235. Gene Mathess, 83-79-74—240.

Marquette Thinclads Top Iowa, 80½-50½; Brown Takes Half

MILWAUKEE (AP)—Marquette university took nine first places and one tie to down Iowa's track team by an 80 1/2 to 50 1/2 score here yesterday afternoon.

Marquette's victory was paced by Sophomores Dick Schmandt and John Vishnevsky. Both took two wins apiece.

Schmandt won the 100-yard dash in :10.1 and the 220 in :22.2. His teammate beat the Iowans in the shot put and discus events with throws of 47 feet 7 3/8 inches respectively.

Iowa's stand out was Keith Brown as he put on a blistering finish to take the half mile in 1:58.1. Brown nosed out Dan Murphy of Marquette to win the mile relay in 3:24.9.

Yankees Edge A's in 14, 2-1

NEW YORK (AP)—Yogi Berra's hitting and running sparked the New York Yankees to a thrilling 2-1, 14-inning triumph over the Philadelphia Athletics yesterday.

Berra doubled Tommy Henrich home from first base with two out in the ninth inning to send the game into overtime and then singled and raced home in the 14th with the winning run on Billy Johnson's double to right center. The victory knocked the A's out of second place in favor of the Boston Red Sox.

The defeat was a heartbreaker for Lefty Lou Brissie who had the Yanks blanked on two singles going into the ninth.

Reiser's Grand Slam Beats Dodgers, 7-6

BROOKLYN (AP)—Pete Reiser came back to haunt his old mates yesterday, belting a grand slam eighth inning homer to give the Boston Braves a 7-6 triumph over the Brooklyn Dodgers and undisputed possession of first place in the National League.

Reiser's clout over the score board in right field climaxed an uphill battle that saw the Braves trailing, 6-0 after four innings.

Don Newcombe, righthander who shut out Cincinnati in his major league start last Sunday, started for the Dodgers and was cruising along in fine style until he was batted out in the seventh.

Morris Martin, his successor, fanned pinch hitter Clint Conatser and got Al Dark to line out to end the frame but the Braves got to Martin in the eighth.

Pinch-hitter Phil Masi and Connie Ryan singled to start the Braves' eighth and Martin was relieved by Erv Palica. Palica got Ed Stanky to foul out but passed Fletcher to load the sacks. Reiser worked the count to 3 and 2 and then cleared the score board.

Tribe Wins, Sox Lose Zernial

CLEVELAND (AP)—Cleveland's Indians got some priceless pitching from Early Wynn yesterday and defeated the Chicago White Sox, 3-2, in an 11-inning game.

It was a particularly tough loss for the Sox, for they lost the services of their heavy hitting rookie left fielder, Gus Zernial. He broke his right collar bone making a somersault catch of Thurman Tucker's line drive in the 10th inning.

At Charity hospital, where the American league's leading hitter was taken, Dr. I.C. Singerman reported the bone would take "more than a month" to heal.

The Indians, taking their second straight from Chicago, were blessed with four-hit pitching by Wynn. He retired the last 21 men to face him, an equivalent of seven perfect innings.

A crowd of 10,929 saw Mickey Vernon and Jim Hegan push home the Indians' runs. It was Vernon's bases loaded single in the 11th that put through the final one.

Raffensberger Halts Cub Win Streak, 2-0

CHICAGO (AP)—Ken Raffensberger outduelled Dutch Leonard here yesterday and the Cincinnati Reds captured an 11-inning battle, 2 to 0, to snap a three-game winning streak of the revived Chicago Cubs.

Raffensberger launched the decisive rally with a single and was forced by Grady Hatton. However, Virgil Stallcup singled and Lloyd Merriman followed with a double to center that chased Hatton home.

After an intentional pass, Leonard struck Jimmy Bloodworth in the arm with a pitched ball to force in the second run.

I Say, Old Chap, That Bounder Wasn't Enough

TRYING UNSUCCESSFULLY TO SCORE from third on an infield bounder is Cleveland's Dale Mitchell. Catcher Joe Tipton of the White Sox is putting the ball on him for the out. The umpire is John Stevens. Mitchell started the first inning with a triple. Cleveland won the game, 3-2, in 11 innings.

Plans August Wedding

MR. AND MRS. A. L. SAUSER, CEDAR RAPIDS, announce the engagement and approaching marriage of their daughter, Gloria, to Bill Rodgers. Mr. Rodgers is the son of Mrs. Fred Dolezal, 912 E. Fairchild street. The bride-elect, a graduate of Wilson high school, is now employed at Northwestern Bell Telephone company, Cedar Rapids. Mr. Rodgers was graduated from Iowa City high school and is now a junior in the SUI school of journalism. He is photo editor of The Daily Iowan. The wedding will take place Aug. 16 in Cedar Rapids. The couple will make their home in Dallas, Tex., where Mr. Rodgers will attend the Southwest Photo Arts school.

Personal Notes

Mr. and Mrs. L. A. Delaney are the parents of a 6 pound 9 ounce baby girl born yesterday at Mercy hospital. The Delaneys live at 522 E. Burlington street.

Mr. and Mrs. M. A. Hall, Vinton, will spend Memorial day with Mr. and Mrs. Donald W. Hall, 157 Riverside park, and Mr. and Mrs. Richard W. Hall, 411 Stadium park.

Mr. and Mrs. Leslie E. Randall, Milwaukee, Wis., are visiting at the home of Mr. Randall's mother, Mrs. Emma A. Randall, 221 S. Gilbert street. They will also visit Mrs. Randall's sister, Mrs. C.F. Mighell, 622 Iowa avenue, and Mr. Randall's sister, Mrs. Dell Sidwell, 223 Melrose avenue.

Town 'n' Campus

IOWA CITY SADDLE CLUB — The Iowa City Saddle club will have a trail ride at 10 a.m. today. A picnic at noon will follow the eight-mile ride.

DORCAS CIRCLE — Dorcas circle of Women of the First English Lutheran church will meet at 10 a.m. Wednesday with Mrs. J.F. Hotka, 1135 E. College street. Members are asked to bring sac lunches.

Revival Hour Quartet To Sing in Coliseum

The "Old Fashioned Revival Hour" quartet will present a Gospel program sponsored by the Cedar Rapids Youth For Christ in the Cedar Rapids coliseum at 7:30 p.m. Tuesday.

Also taking part in the program will be Rudy Atwood, pianist; Charles Fuller and Bob Pierce. There will be no admission charge.

Senior Girl Scouts Camp at City Park

Fifteen Iowa City Girl Scouts camped at City park last night, in the first "over nite" camp of the year. The girls were members of Senior troop 14 of Iowa City high school.

Accompanied by Margaret Se-wall and Edith Slavapa, Girl Scout leaders, the girls went to the Girl Scout cabins at 5 p.m. yesterday and returned to Iowa City after breakfast this morning.

The girls prepared their own supper which was followed by a campfire program of singing, games and skits. A midnight snack completed the day's activities.

In charge of the camping was Kitty Nolan, troop president. Carol Buger was in charge of the food.

Other troop members on the "over-nite" were Jean Ewers, Tat Caldwell, Rae Jean Amish, Barbara Dean, Sally Zimmerman, Pat Price, Sylvia Bliss, Audrey Bell, Norma Smith, Margie Moeller, Sue Sutherland, and Janet Nelson. Betty Welter, Senior Girl Scout from St. Patrick's high school, was a guest of the City high school troop.

Priscilla Garrett To Wed

THE ENGAGEMENT OF PRISCILLA GARRETT to John Erik Evans is announced by the bride-elect's parents, Mr. and Mrs. Neill Garrett, Des Moines. Mr. Evans is the son of Mr. and Mrs. Harold S. Evans, Des Moines. Miss Garrett, a senior at the State University of Iowa, is affiliated with Kappa Kappa Gamma, social sorority. Mr. Evans, also a senior at SUI, is affiliated with Beta Theta Pi, social fraternity. The wedding will be Aug. 6 in Des Moines.

MARRIAGE LICENSES

Marriage licenses were issued in the Johnson county clerk's office yesterday to Carl Huffman and Beulah Smith, both of Iowa City; Wallace Weir Hudson and

Patricia Mae Pechman, both of Iowa City; Harry Charles Blake, Solon, and Patricia Grace Miller, Lone Tree; Clifford L. Lanier and Marcell Timm, both of Muscatine, and to Frank J. Gripp and Leota A. Moyer, both of Carroll.

'Pacific Friend' Writes

Bob Jahns, A4, Burlington, Wis., has found a "friend across the Pacific."

Jahns received a letter recently from a 19-year-old Japanese girl, who is very "eager to receive a letter from some American collegian."

The girl, Sayoko Nakajima, 125 Higashi, 1 Chome, Kitabatake, Abenoku, Osaka, Japan graduated from Kobe college in March.

"My teacher, Mrs. Lambert who graduated from Iowa university, has given me your school's address and so I am now writing to you. It will be fun writing."

"I am sure that college students are very busy with their studies just like the Japanese students are, or much more so, maybe."

But I am very eager to receive a letter from some American collegian. How happy I shall be, if you ask your students to write to me and my desire is realized!

"Please forgive me for I am an infant in English."

"Now in Japan it is peach blossom time, but the cherry blossoms will come out very soon. I hope to hear from you about the time the cherry blossoms bloom."

She signed the letter, "your friend across the Pacific."

The Mrs. Lambert referred to, along with her husband, is on a three-year teaching commission from the Congregational mission board.

Lambert's father is A.E. Lambert, SUI professor of anatomy. Both SUI graduates, Mr. and Mrs. Lambert are former members of the Congregational United Students fellowship and gave the girl Jahns address because he was USF president this year.

RUTH GROSSMAN, 63, DIES
Ruth Grossman, 63, Marshalltown, died at 8:55 p.m. Friday, University hospitals officials reported. She was admitted to the hospitals May 20.

Parking Areas Are Problem At New City Swimming Pool

City park swimming pool should be filled by noon today with water pouring in at the rate of 17,000 gallons an hour, Contractor M.D. McCreedy said yesterday.

City Recreational Director J. Edgar Frame yesterday said no date had been set for the pool opening, but that it would be as soon as "humanly possible."

A major problem now is to provide car parking areas big enough to handle anticipated crowds at the pool. Francis W. Suelpel of the park board said yesterday. "No provision was made for parking" when the pool was planned, he said.

Park board members Robert H. Lorenz, William M. Rohrbacher and Suelpel last week decided the best place for parking would be along the "ridge road" curving around north and west from the pool.

Street department workers last week were cutting down trees along the ridge, until Templin road residents complained to city officials. They objected to parking areas almost "in their back yards," Suelpel said.

Mayor Preston Koser stopped workers from cutting down more trees until the park board decides the car parking issue.

Suelpel probably will call a meeting of the board tomorrow. Opening of the pool in the near future doesn't leave much time to grade and gravel parking areas, he said.

"We've got to have a parking area," Suelpel remarked. The area chosen by the park board would take care of 120 to 160 cars.

Iowa City has been without a public swimming pool since the mid 1930's when the "Big Dipper" was closed for lack of support.

In September, 1923, Ernest G. Schroeder and Hugh J. Williams bought a 160 by 675-foot strip of land at the northwest corner of City park, according to Assistant County Auditor W.L. Kanak.

Iowa Citizens raised funds and built the oval shaped pool on that land a few months later. A 10-year-old boy called it the "Big Dipper" and the name stuck, Williams said.

The land and the pool were transferred in 1928 to the Iowa City Natatorium and Amusement company. Johnson county offered the land at tax sale Dec. 2, 1940 for three and one-half years' taxes, Kanak said.

On January 9, 1942, the county acquired the land by tax deed and turned it over to the city for an extension to City park, he said.

Iowa Citizens in 1941 approved a \$62,500 bond issue for a new swimming pool, but nothing further was done during the war. At a public hearing Oct. 10, 1947, the city council chose City park for a new pool.

The council Jan. 11, 1948, approved new pool designs by Engineers E.J. Lambert and Ned L. Ashton. The main pool will be 75 by 164 feet with two teaching areas 30 by 80 feet at the shallow end and a separate 15 by 40-foot wading pool.

Aldermen at a meeting Feb. 9, 1948 voted to build the pool and on June 7 they approved eight contracts for work. Costs then were estimated at \$127,000. Work began June 17 with removal of tree stumps and staking out the site.

The council on July 25 sold an additional \$50,000 bond issue. The Community Dads club began a drive for \$12,500 to add to the city's \$112,500 pool bonds to meet the estimated costs.

Last Monday William H. Grandrath gave two checks to Alderman Charles Smith to bring the total collected by the Community Dads to \$12,106.41. Final costs of the pool will be about \$130,000, Alderman Frank Fryauf said yesterday.

THIS WEEK'S music

By DONALD KEY

Norma Cross, instructor of piano in the SUI music department, will be featured in the Wednesday evening music hour this week.

The recital will be held in studio E of the radio building at 8 p.m. and will be broadcast over stations WSUI and KSUI.

Miss Cross received an M.F.A. degree here in 1942. Since then she has been a member of the piano faculty at SUI.

On three occasions she has been soloist with the university orchestra, performing two piano concertos of Brahms and the "Symphonic Variations" by Cesar Frack.

Her Wednesday night program will open with "Phantasie and Sonata in C Minor" by Wolfgang A. Mozart. This work is actually two separate compositions, the sonata being composed a year earlier than the phantasie. Mozart later combined them to make one large and major work for piano.

Miss Cross said that the number is typically Mozart, "a little on the Beethoven side."

The second work on the recital will be "Piano Pieces, Opus 76" by Johannes Brahms. This composition is made up of a group of short interludes, capriccios, and intermezcos.

It is one among a number of such works by Brahms. The others are Opus 116, 117, 118, and 119, all titled "Piano Pieces."

To close the program Miss Cross will present various selections from two volumes of preludes by Claude Debussy. These are vivid descriptions and musical pictures in the true Debussy style.

Miss Mabel Parrott Final Rites Tuesday

Miss Mabel Jeannette Parrott, 56, 419 S. Johnson street, died yesterday morning in Mercy hospital of a heart ailment.

A heart attack in 1942 confined Miss Parrott to her home where she suffered a second heart attack on May 20.

Funeral services will be held at 10 a.m. Tuesday in the Oathout funeral home, with burial in Oakland cemetery.

Miss Parrott was a native of Iowa City and a graduate of City high school and SUI. For 20 years she was employed at Strub's store. She was a member of the Methodist church, the Phi Kappa society of the church and the Iowa City Rebekah lodge 416.

Surviving her is one sister, Mrs. Sadie Lewis, Iowa City.

Robert L. Chapman To Present Recital

Robert L. Chapman, A3, Carroll, will present a piano recital Friday at 7:30 p.m. in north music hall.

His program includes "Fantasie and Fugue in G Minor" by J.S. Bach and arranged by Franz Liszt, "Sonata in F Minor, Opus 57," by Ludwig van Beethoven, "Ballade in F Minor" by Chopin, "Rhapsody on a Theme by Paganini" by Rachmaninoff, and two short piano numbers of Claude Debussy.

For the Rachmaninoff composition, Chapman will be assisted at the piano by John Simms, G, Iowa City.

Prof. Phillip Burton Receives Award from ADS

SMILES WERE IN ORDER Friday night as Prof. Phillip Ward Burton of the SUI advertising department (third from left) received a plaque from Fred Stines, president of Alpha Delta Sigma, professional advertising fraternity. The plaque was presented to Burton at a banquet in the Jefferson hotel by Alpha Delta Sigma "for giving unselfishly of his time and experience" in guiding SUI advertising majors into their "chosen field." Watching the presentation are Loy Booton (left) of the Fairall agency of Des Moines and Wallace Ross (far right), newly-elected president of Alpha Delta Sigma.

SUI Girl to Spend Month in Sweden As 'Experimenter'

Margaret Merkle, A3, Des Moines, will spend this summer in a small village near Stockholm, Sweden, as a member of the Experiment in International Living.

The Experiment, founded in 1932 by Donald B. Watt, is a non-profit, non-sectarian educational organization working to build mutual understanding and respect between the United States and foreign nations.

Every year small groups of selected individuals are sent to various countries to live with a family selected by Experiment.

On June 30 approximately 400 students taking part in Experiment will sail from Quebec on the S.S. Volendam for Rotterdam. The group will return August 31.

Margaret explained that 20 students will go to Sweden and the rest will be sent to France, England, Italy and other countries.

"All arrangements are made by the experiment and the individual's cost for the summer is \$700," Margaret explained.

"During the first part of the summer, I'll live with the Swedish family and travel with them throughout the country. I'll be given the opportunity to visit Stockholm and the well-known co-operatives," Margaret explained.

For the last three weeks of the tour, she will invite her hostess to go on a camping trip with other members of the Experiment to Darlana and the lake country southeast of Stockholm.

"I cannot speak Swedish, but it will not be required for the family will be able to speak English," she said.

To facilitate better understanding of the U.S., the group organized "Experiment in Reverse" in 1938 to place foreign students in American homes. Since it was established, 249 students have been placed.

Local War Dead Return for Burial

Two army war dead from Iowa City are being returned from the Mediterranean area for burial.

The soldiers and next of kin are: Pvt. George H. Duncan, Mrs. Ruby P. Duncan, Route 5, and Cpl. Roy J. Slezak, Mrs. Carrie Slezak, 115 N. Dubuque street.

These war dead are among 2,554 being returned on the United States army transport, John L. McCarty.

Business BRIEFS

Open house will be held today and tomorrow at three new pre-assembled homes by the R.H. Wildman company, general contractors, on 4th avenue just south of City High school. They will be open for public inspection from 8 a.m. to 9:30 p.m.

The houses, called "P & H" homes, are manufactured by the Harnischfeger corporation, Port Washington, Wis. They can be set up in almost one day. If a base is laid at 8 a.m., the house can be completed by 4 p.m. except for siding and shingles.

Wildman eventually will have seven houses on 4th avenue — each slightly different from the other. For example, some will be two bedroom houses, some will have one bedroom, some will have full basements while others will have a utility room and no basement.

The price of each house includes plumbing, heating, painting, the house lot, and seed in the lawn.

The houses are brought here in sections. First the floors, then a complete house from door latches to the roof — all in sections, are shipped.

The Root Beer Mug, S. Riverside drive, owned by Keith Tudor and Kenneth Berkey, opened for the summer season Thursday night. They feature root beer, sandwiches, ice cream and candy — complete with curb service.

The Mug is open from 4:30-11 p.m. daily but will extend its hours this summer. Don Nelson, D3, Burlington, will manage the Mug for the owners then.

Besides the Mug, Tudor and Berkey operate a wholesale grocery company here.

Slaughter's Homer Beats Pirates 4-2

CARSON TO BE CITIZEN HOLLYWOOD (AP) — Film Funnyman Jack Carson will become a U.S. citizen June 6.

The actor, born in Carman, Manitoba, Canada, will collect his final citizenship papers in federal court.

Three Engineering Students Awarded \$250 Scholarships

Robert S. Stoker, E3, Kansas City, Mo., and Gerald Luecke, E3, Matteson, Ill., have been awarded the Westinghouse achievement scholarship for 1949-50, Dean F. M. Dawson, college of engineering, said yesterday.

The \$250 scholarships for a mechanical engineering student and an electrical engineering student are awarded upon basis of high achievement in academic work and demonstrated qualities of leadership. They are selected by a committee of the engineering faculty.

Paul J. Fleming, E3, Denison, has been awarded the Fred Stebler scholarship for 1949-50, Dawson said. This is an award of \$250 to assist worthy students in engineering. Fleming has a grade point average of 3.68 for his college work.

Stoker, mechanical engineering student, has a college grade point average of 3.75. He is a member of Tau Beta Pi and Pi Tau Sigma, honorary engineering fraternities, and has been elected to all university honorary fraternities for collegiate excellence, Omicron Delta Kappa.

Luecke, electrical engineering student, has a SUI grade point average of 3.78. He is president of Eta Kappa Nu and member of Tau Beta Pi, honorary engineering fraternities, and treasurer of senior class for 1949-50.

C. Schmidt Passes Midshipman Exams

Chauncey E. Schmidt, 17, son of Mr. and Mrs. Walter F. Schmidt, 6100 1/2 avenue court, has successfully passed entrance examinations for midshipman at the United States Naval Academy at Annapolis, Md.

Schmidt will graduate from Iowa City high school June 9, and expects to report at Annapolis this summer. Named by Congressman Thomas E. Martin for appointment to Annapolis, Schmidt took a mental examination here in April after passing the preliminary physical examination at Great Lakes.

Services Held Here For Leonard Higgs

Funeral services for Leonard T. Higgs, 53, former resident of Waterloo, were held yesterday in the Beckman funeral home. Burial was in the Oakland cemetery with Rev. Elmer E. Dierks officiating.

Mr. Higgs died at Oakdale Thursday after a two year illness.

Brown to Lecture At SMU Session

Dr. Spencer F. Brown, associate professor of speech, will lecture at the Southern Methodist university summer session and consult with the Texas Society for Crippled Children in Dallas, Tex., from June 1-11.

At SMU Dr. Brown will discuss clinical methods of treatment with classes in speech and hearing disorders from June 6-11.

The Texas Society for Crippled Children has asked him to spend the first four days of June assisting them in setting up a comprehensive speech and hearing program.

Open Season on Bass, Bluegill Starts June 1

Open season on largemouth, smallmouth, warmouth and rock bass, sunfish and bluegill, will begin June 1, conservation officials announced yesterday.

All waters are open to all species of game fish except rock sturgeon and paddlefish at this date. There is a continuous closed season on these two kinds of fish.

Second Offense Might Draw Death Sentence

REGENSBURG, GERMANY (AP) — Signs appeared on high tension electric power pylons yesterday warning that anybody who touched them would be "killed immediately."

In small print under the warning was the note: "Violation will be punishable by eight days imprisonment."

HIC! — DRAWS FINE DUBLIN (AP) — A prospective juror was fined \$15 in circuit court yesterday because he hiccupped while being sworn in. He confessed to having a "few jags" on the way to court.

Russ Puppets Start Creation of 'Republic'

BERLIN (AP)—Communist-controlled delegates from the Soviet zone converged on this strike-harassed city last night to set up their own German republic.

Formation of the regime will serve the Russians at the Big Four conference in Paris as a bargaining point and rival to the republic being established by the western zones at Bonn.

The East Zone People's congress will open here today while Soviet Foreign Minister Andrei Vishinsky makes his study in Paris of the proposal by the United States, Britain and France for a federal government for all Germany based on the Bonn constitution.

The 2,000 delegates, picked in a one-state election two weeks ago which was marked by a surprising, one-third "no" vote, expect to approve the Soviet zone version of a republican constitution Monday. There are 20-million Germans in the Soviet zone; 45-million in the west zones.

The Communist party newspaper Neues Deutschland said "Here millions of Germans are contributing the German share to a permanent world peace. There (presumably meaning in west Berlin), those who have been left behind by General Clay are still trying to make Berlin worth a war."

General Clay retired as U.S. Military Governor May 15.

The Neues Deutschland's war line apparently referred to the railroad strike, now in its eighth day. The 12,000 strikers, want the Russian-controlled German state railway system to pay them in west marks instead of the less valuable Soviet zone east marks. They also seek other concessions. The American, British and French military governments — often accused by Communists of being the agents of imperialist capitalists — have expelled Communist strike breakers and east zone railway police and refused to break up the strike, even though it has halted rail traffic between Berlin and the west zones.

Goose, 7 Cranes Added to Museum

Homer Dill, director of SUI's museum said a new group of specimens in the bird hall will be exhibited June 5.

The birds were gathered in South Dakota by Walter Thietje, the museum's chief taxidermist. The group will include six lesser sand hill cranes, one whooping crane (now almost extinct) and one Huttin's goose.

Dill prepared the specimens for the exhibit. The background is the prairie of South Dakota in late autumn.

F.L. Jaques, who is now employed at the American Museum of Natural History in New York City, came to SUI to do the painting. Dill described Jaques as one of the finest bird artists in the country today.

The museum will be open to the general public from 1-5 p.m. opening day, and the staff will act as guides to both the crane exhibit and other exhibits in the museum.

A Man Can Go Nuts With Nothing to Do

WEATHERFORD, OKLA. (AP)—Terry Nowka, Southwestern Tech student here, is a busy man. Besides taking a full schedule of classes, he:

Works an eight-hour shift as a roughneck in a nearby oil field. Assists his wife in operating a grocery store and restaurant near the college. Farms in his spare time.

First Father-Son Team in Honorary

FIRST FATHER AND SON TEAM to belong to upperclassman's honorary leadership society is William R. Shuttleworth, A4, and his father, V. Craven Shuttleworth, Cedar Rapids attorney. Young Shuttleworth was initiated into Omicron Delta Kappa yesterday. His father was a member of All For Iowa, predecessor to ODK, while he was on the SUI campus in the 1920's.

Defying Russians — Airlift Keeps Using 'Corridor'

BERLIN (UP)—American and British airlift planes roared along the Buckeburg corridor into Berlin yesterday in defiance of Russian warnings that Soviet army summer maneuvers, including anti-aircraft fire, will start there at once.

The airlift is fast assuming its former role of lifeline to Berlin in the face of a Russian rail blockade intended to break the eight-day strike of 16,000 west Berlin rail workers.

Up until noon, no pilots had reported firing along the Buckeburg corridor. The Russian announcement said the maneuvers and ground-to-air fire were to start yesterday morning in a seven-by-11 mile area under the air lane in Sachsen-Anhalt province.

British commander in Berlin, Maj. Gen. Geoffrey K. Bourne, blamed the Russians for precipitating the railroad strike. He labeled the situation in Berlin "chaos" and indicated he thought the Soviets were not capable of solving it. He credited the airlift with saving Berlin once more.

American and British pilots flew 8,529 tons of supplies into this former German capital in the 24 hours ending at noon yesterday. In the past 16 days the lift has ferried an average of 7,633 tons daily.

Soviet authorities had asked American and British planes to skirt the area by flying farther north. The British then replied that this would, in effect, cut the corridor from its normal 20-mile width to only nine miles, in violation of an international agreement.

Western officials Saturday morning made it clear to the Russians that airlift transports will

Try New Theories In Reuther Shooting

DETROIT (AP)—Police turned a speculative eye towards new theories yesterday in their intensive hunt for the man or men who tried to kill Victor Reuther.

Police Commissioner Harry S. Toy said persons with any one of many motives might have been responsible for shooting the educational director of the CIO-United Auto Workers.

One group behind the crime, he said, could have been plant gamblers, harmed by the enmity of Victor and his brother Walter, president of the UAW.

"The fact that both Victor and Walter Reuther have warred on wide-spread gambling in Detroit plants cannot be disregarded," Toy declared.

Congressman Hints Of 'Revolt' in House Un-American Group

WASHINGTON (AP)—A member of the house un-American activities committee said last night that a bipartisan "revolt" is brewing against the "iron curtain" policy that has kept our work secret from the public.

"We are getting tired of this policy of almost complete inactivity and of keeping what little work we do completely secret," this member said. "It is time that we begin to fulfill our function which is to expose Communist activities."

This member — a Democrat — asked that his name be withheld from publication until he has forced a showdown on the issue of committee secrecy. He promised that the showdown will come at the next meeting, which is scheduled for June 6.

In the five months since the committee was reorganized by the Democrats, it has held nine meetings. Of these, four dealt purely with organizational matters and the selection of a committee counsel.

The others involved a series of investigations into the allegedly atomic espionage. But the meetings were all held in closed session with the exception of half an hour of open testimony.

The exception concerned Clarence F. Hiskey, a chemist who worked on the wartime development of the atomic bomb. A self-admitted former Communist named Paul Crouch said that Hiskey had once belonged to his party in Knoxville, Tenn.

The committee member leading the revolt said that it is "hardly worth while to serve on a group that is doing so little." He said that a "secret investigation helps neither the committee, the congress nor the public."

Student Affairs Office Has Lost-Found Items

Are you missing a pair of glasses? The receptionist in the office of student affairs has several pairs besides other personal belongings in her lost and found drawer.

Other items include pens and pencils, gloves, scarfs and compasses. She suggested that anyone missing such articles stop in before going home after exams.

Slife Reports Loss Of Clothes in Bag

A black suitcase containing an estimated \$70 worth of clothing was reported missing yesterday by William L. Slife, 714 E. college

street, police said. Slife said he first noticed the piece of luggage was missing from the trunk of his car shortly after he returned to Iowa City yesterday from a trip. He expressed the belief it was taken while he was traveling. The bag contained 12 new sport

After today there will be no more Haul. For you this is probably no great earth-shaking announcement, but for me it means the end of an adventure.

This adventure began June 2, 1948. It can't be classified as one big adventure, because each night that I sat down to a typewriter was a new experience. To make these experiences more unique, the fact must be added that I am the world's worst typist.

As nearly as I can discover, my typing runs somewhere in the neighborhood of 23 words per minute, with an average of three errors per word. Without patient typesetters and proof readers, I'm afraid the Haul wouldn't have lasted more than a week at the best.

FREQUENTLY persons asked how I managed to think of something to write day after day. This has bothered me too. There have been days when it would have been better if I didn't try. When I look back in my string book at past columns, I wonder if some of that junk actually came from my typewriter.

It's going to seem a little strange for awhile, not having to fret about what goes into column one on the editorial page. This sort of thing becomes a habit.

SPEAKING of habit; each of those columns cost me 21 cents. There was hardly a Haul which didn't have a full pack of cigarettes expended in its birth.

If for no other reason, I consider the adventure a worthwhile project on the basis of the friends I have made through the Haul. To all the kind persons who agreed to become Agents, and to those who had the stamina to read on during dark days, I extend my blown-in-the-bottle thanks.

Bill

IF THE Haul is ever placed in the category of "successful projects," there is also an expression of gratitude to the Iowan team down in the newsroom.

The captain of this team, Editor Gail Myers, is the kind of boss everyone dreams of working for. I know there were times when he figured that his valuable space was being used for no good purpose at all, but he kept his silence and waited me out.

At no time did he ever try to tell me what I should or should not write. If I wanted to put my big feet into my big mouth, he let me do it, and then stuck around to help me put them on the floor where they belonged.

THE NEXT edition of the Iowan will have been put to bed by a new staff. If you walk into the newsroom in East hall at about 3 a.m. Wednesday morning, you will get a glimpse of this new staff just after it has finished its first night's work.

The members of the new staff will be easy to identify, since each of them will closely resemble a puddle of sweat wearing a worried look. And they may be so identified for the next 365 days.

EDITOR Charles Carroll and his team will do everything within their power to give you the kind of paper you want. Keep in mind, however, that The Daily Iowan is always quite conscious of its status as a daily newspaper. It did not become the top college newspaper in the United States by serving as a campus gossip sheet.

For the most part, I think it is fair to say that a newspaper is no better or no worse than its readers.

WELL, that just about wraps it up. It has been a good year, and if you'll let me be trite just once more, I hope you've enjoyed reading the Haul as much as I've enjoyed writing it.

Jeanne

ANALYSIS OF THE WORLD'S NEWS AS — IT HAPPENED LAST WEEK

Cold War

Paris Conference Settle Agenda; Strikers Cease

Four-power meetings in Paris this week opened on a note of hope and curiosity. War-weary peoples the world over hoped for peace and everyone was curious to see what attitude Russia would take.

Soviets surprised western powers with ready agreements for the peace agenda talks in this, their fourth attempt to settle the problems arising from the end of World War II.

A Russian proposal to patch up divided Germany and return to four-power control got a quick turnaround from the western powers. The U.S. delegation told Russia she needn't expect any reparations if east and west Germany were merged.

The rest of the week saw continued verbal sparring.

In Berlin, striking railroad workers who wanted their pay in west German marks acceded to U.S. demands and yielded the stations they held to the allies. The rail workers had been directed by Soviet troops. Following the rail workers' withdrawal, the Russians charged the U.S. with inciting the strike.

Global

Shanghai Falls; Japan Recovering; MacArthur

Chinese Communists marched into Shanghai in the middle of the week to occupy the fallen former stronghold of the Nationalists. Scattered resistance marked the next few days, but by the end of the week, resistance was almost ended.

American diplomats in Shanghai advised remaining Americans to pack and leave immediately. Unconfirmed reports from Canton, Nationalist capital, said Premier Ho Ying-Shen and his entire cabinet had resigned because provinces falling to Communists could no longer be governed.

And in Japan, General Douglas MacArthur declared Japan has made a greater economic post-war comeback than any European country.

Labor

Reuther Critically Hurt, Police Ask FBI to Aid

History seemed to repeat itself when Victor Reuther was critically wounded in his Detroit home in the same manner as his brother,

Walter Reuther, was shot and almost crippled 13 months ago. Police sought FBI aid, but no definite guilt was proved of several suspects.

Peace in the Ford strike hovered throughout the week after CIO united auto workers proposed Monday to arbitrate the "speed-up" — crux of the whole dispute.

Ford had more than 100,000 workers idle who were losing \$1-million daily; Ford car dealers turned to the used car market to offset the slump in new car delivery.

Other CIO-UAW men in New-Castle, Ind., voted an end to the strike which closed the Chrysler corporation.

John L. Lewis hit front pages again when he took his UMW out of a conference with the southern coal producers' association.

Lewis told newsmen Association President Joseph E. Moody "seeks to hold a loaded shotgun at the head of the mine workers", and added Moody could throw the threatened injunction over his shoulder.

Lewis' action would make another coal shortage from a Lewis strike seem certain when the union's contract ends June 30.

Congress

Lilienthal Faces 'Gross' Mismanagement Charge

Atomic Chief David E. Lilienthal faced congressional fire again this week as Iowa Senator Bourke B. Hickenlooper charged Lilienthal with "gross" mismanagement of the atomic energy commission.

President Truman came to the aid of his protege, charging Lilienthal's critics engaged in "pre-election campaigns" and used atomic energy to further their cause.

When congress ordered an investigation of security A-bomb handling, the atom chief admitted he was lax in waiting six weeks to notify the FBI a small amount of Uranium-235 had been lost.

A 15 percent cut in second year Marshall plan funds by the house appropriations committee caused ECA Administrator Paul G. Hoffman to plead "serious loss of momentum" in European recovery.

Later, after President Truman wrote a letter to congress, the house passed a \$5,617,470,000 foreign aid appropriation.

Grain products had their inning before congress this week with mixed results. The nation's big three farm organizations lobbied to get the international wheat agreement approved as a step toward peace and to assure farmers a substantial export market.

Then the house passed and the

senate rejected — a compromise bill authorizing the commodity credit corporation to acquire grain storage facilities as part of the government's farm price support program.

The house appropriations committee was reported to have reached agreement on plans to lump the nation's appropriation bills together and pass them all at once. It was argued congressmen would spend more wisely if they voted the entire amount instead of piecemeal as has been done previously.

After a meeting with President Truman, Senate majority leader Scott Lucas announced that administration was lowering its sights on its sweeping legislative program. In this session of congress, labor legislation, reciprocal trade agreement extension and the north Atlantic pact will be pushed. By implication, such controversial legislation as civil rights, the Brannan farm program, a tax boost and compulsory health insurance will take a back seat.

The Economy

National Industry Down, Living Cost Inches Up

National industrial production dropped 2.7 percent in April, the federal reserve board reported. A vast anti-depression program reached the final drafting program following the report on industrial output drop for the fifth straight month.

Living costs inched up again for the month of April, according to the bureau of labor statistics; the federal home loan bank board announced American home owners now owe the largest dollar mortgage in history. They are still an excellent risk, it added.

General Motors cut prices on five of its automobiles, and the government bank of Mexico sold \$7-million worth of silver — 10-thousand ounces — to the United States. Another sale is expected soon. Authorities said both sales were for silver to be coined.

Nebraska became the first state to pass a rent decontrol bill. Gov. Val Peterson vetoed the legislature's bill because he didn't want the effective date — Nov. 9, 1950 — moved up to April 1, 1950. Lawmakers rallied the necessary votes and passed the bill over Peterson's veto.

Iowa

Rutledge Is Convicted; Hospital Bids Sought

A parade of state witnesses testified in the trial of Dr. Robert C. Rutledge, who is accused of murdering Byron C. Hattman in

a Cedar Rapids hotel room last December. The state tried to prove Sydney Rutledge, whom Hattman was said to have seduced, invited Hattman's attentions. They also tried to prove Rutledge was bribing Hattman.

Defense and prosecuting attorneys spent the last days of the week summing up their cases. The prosecution didn't ask directly for the death penalty — a first-degree murder conviction — but closed with the Biblical quotation that if a man shed blood, he should pay with his own blood.

The case went to the jury yesterday afternoon, and the jury returned a second degree murder verdict in the evening.

Construction bids for the new veterans hospital in Iowa City will be sought about June 27, an official in Senator Hickenlooper's office revealed.

Iowa City

Trailerites Win Respite; Housemother Gets Gift

Trailer residents in the southwest part of Iowa City won a 90 day reprieve on Mayor Preston Koser's eviction order set for June 10. Nearly 150 people crowded the city council chambers to hear the aldermen consider their case.

The council extended the date for vacating and promised to seek legal means to permit private trailers to remain within the city limits. Mayor Koser ordered the trailerites to vacate when nearby residents complained about health precautions and property devaluation.

Nu Sigma Nu medical men gave their housemother \$1,100 to visit her native Norway. Iowa City's new municipal swimming pool got its first test-filling.

Names in the News

Harry Bridges, head of CIO longshoremen was indicted by a federal grand jury in San Francisco on charges of conspiring to obstruct and defeat naturalization laws and of perjury.

Dr. Ralph Bunche, UN mediator in Palestine, was named "Father of the Year" by the National Father's day committee.

Barry Bingham, president and editor of the Louisville Courier-Journal and Louisville Times, took the oath of office as chief of the U.S. foreign aid mission to France.

Scraps

Home Life So Miserable He Took Moscow Job

In London, England, Alexander Richards, 45-year-old electrical engineer, charged his wife stuffed his best suit up the chimney and snipped the bristles off his shaving brush. He sought a divorce and the court said he could have one if he proved his allegations were true.

Richards told the court his home life became so unbearable he took a job in the British embassy in Moscow to get away from it all.

Big Four Problem: What To Do With Germany

HARRY BRIDGES, CIO longshoremen executive, was indicted by a federal grand jury in Los Angeles and will face trial June 9.

PRIOR TO WORLD WAR I

AFTER WORLD WAR I

OPENING OF WORLD WAR II

PRESENT DAY

IN JUNE, 1914, Germany was the most powerful military machine on the European continent. World War I cost her the Polish corridor, separating East Prussia, Alsace-Lorraine and the Saar. During

6:30 p.m. — Third Annual Dinner; SUI Information Club (Classes)	7:00 a.m. — Summer session classes begin.

(For information regarding dates beyond this schedule, see reservations in the office of the President, Old Capitol.)

GENERAL NOTICES

GENERAL NOTICES should be deposited with the city editor of The Daily Iowan in the newsroom in East Hall. Notices must be submitted by 2 p.m. the day preceding first publication; they will not be accepted by telephone, and must be TYPED OR LEGIBLY WRITTEN and SIGNED by a responsible person.

JUNE GRADUATES. Announcements are now ready for delivery and may be picked up at Campus stores. There are a limited number for sale.

ALL STUDENTS who have locker assignments at the fieldhouse must check in by June 3.

ZETA PHI ETA will hold initiation and pledging in YMCA rooms of Iowa Union at 5:30 p.m. May 30. Call extensions 3905 or 4803 for dinner reservations by noon May 28.

ORIENTATION COMMITTEE meeting in 221-A Schaeffer hall at 7 p.m. June 2. Final discussion of plans will be held. The Booklet sub-committee will make its report.

SOPHOMORE STUDENTS IN JOURNALISM. Election of officers for next school year in room E105 East hall at 8 p.m., May 31. Nominations will also be received.

INTER-VARSITY CHRISTIAN FELLOWSHIP will meet in conference room one, Iowa Union, at 8 p.m., May 31.

PERSHING RIFLEMEN will report in dress blue uniforms, helmet liners and leggings, bringing M-1 rifles, at room 16B Armory at 7:30 a.m., May 30 for Memorial day parade. At 12 noon riflemen will meet in room 16B Armory in civilian clothes for picnic at Lake MacBride. Company will furnish dessert. Meet at 6:30 p.m. in blue uniforms in room 16B Armory for initiation. Banquet at 7:30 p.m. at Moore's cafe.

STUDENTS in the colleges of liberal arts, commerce, engineering, and pharmacy are reminded of the university regulation that one semester hour will be added to the graduation requirements for each unexcused absence for the 24 hour preceding and following the Memorial Day holiday. The Memorial day recess will begin at noon May 28 and will end at 7:30 a.m. May 31.

UNIVERSITY LIBRARIES and reading rooms will be closed at May 30.

FOREIGN LANGUAGES ACHIEVEMENT TESTS will be given on June 1 from 4-6 p.m. Register with department concerned before 12 noon, June 1. Consult department bulletin boards for registration and rooms.

ORDER OF ARTUS final meeting for this term will convene in the union at 12:15 p.m., May 31. Rabbi Judah Goldin, school of religion, will speak. Members not on the permanent list may make reservations by calling X2591 before 5 p.m., May 30.

ROTC STUDENTS, MS 1 and 2 students will turn in uniforms

Hickenlooper Asks Chance To Air 'Proof'

WASHINGTON (AP)—Sen. Bourke B. Hickenlooper declared last night that he can prove David E. Lilienthal guilty of "incredible mismanagement" of the \$3.5-billion atomic energy program.

The Iowa Republican demanded the opportunity to confront Lilienthal with his proof at a public hearing of the house - senate atomic energy committee Wednesday.

Hickenlooper first hurled his mismanagement charge at the atomic energy commission chairman last Sunday.

He cited the mislaying of a tiny amount of uranium-235, an atomic bomb element, at the commission's Argonne national laboratory near Chicago. He also dwelt on the fact that atomic energy commission science fellowships have been awarded to three students of questioned loyalty.

Last night he indicated he would try to keep the investigation scheduled by the house - senate committee confined to these or related issues.

Lilienthal, on the other hand, wants the congressmen to go into every phase of the gigantic project with a view to determining "without peradventure" whether the atomic program is in better shape now than it was when the commission took it over from the army in 1947.

The commission claims, and President Truman has stated, that the program is better in all respects - including security - than it was before the civilians took over.

River - Stay Away From My Iowa Union Door!

(Daily Iowan Photo by Ollie Cox)

THE STONE LEVEE BEHIND THE UNION WILL GROW NEXT WEEK as workmen take the rocks piled at the right and add another foot to prevent spring overflow from the Iowa river. The present levee was too short for the 1947 spring flood, which hit an all-time high of 22.60 feet and ruined the flower beds between the Union and the levee.

Work Starts to Raise Levee Back of Union

Work has begun on reinforcing the stone levee at the rear of the Iowa Union against possible high waters, R.L. Phillips, superintendent of SUI's physical plant, said yesterday.

Three such walls have been built since the early 30's to thwart floods. Each wall has been built slightly higher than the preceding one and closer to the Iowa river.

The one-foot addition to the last wall built will extend about 400 feet from the footbridge toward Jefferson street.

The three stone walls were constructed by the WPS, CCC and the NYA during the depression years. White Coralville rock was used in the work.

Rocks to be used for the one-foot addition are Cedar Valley stone with a slightly yellow tint. This stone will stand the weathering much better than the white stone, Phillips said.

The new work is directed entirely by the physical plant. "A shortage of help has held up work on the levee, prior to this date," Phillips said.

Sand bags had been used at one time to forestall rising waters but were good only as temporary protection. Phillips explained that the all-time mark of 22.60 feet was registered during the 1947 flood.

The additional foot of wall, Phillips said, should prevent rising waters from threatening the Iowa Union.

He recalled it was the overflowing waters that made it impossible to take good care of the many flowers that once covered the area.

He expressed hope of restoring the flower gardens that added great beauty to the spot. Phillips said he planned to build a walk between the levee and the rear lawn of the Iowa Union.

Famous 5 Are 15, Celebrate 'Quietly'

CALENDER, ONT. (AP)—The Dionne quintuplets, who won fame and fortune just by being born, celebrated their 15th birthday quietly yesterday behind the high wire fence which isolates them from the rest of the world.

Olivia Dionne, the slight, French-Canadian father of the famous five, ordered that the birthday be just a family affair for the first time in the shy, stocky little girls' lives.

In their 15 years they have been stared at by at least 1.5-million persons admitted during visiting hours to the Dionne home.

But the father decided that for the day all newsmen, photographers, broadcasters and curiosity seekers would be banned from the premises.

A gay, two-day party was planned on the 340-acre Dionne farm, bought with part of the millions amassed by the girls for posing for movie cameras and magazine advertisements.

Dionne said the quintuplets would entertain relatives and friends with a concert today.

Each had a cake with 15 candles on it.

Roadway of Bridge Nears Completion

Benton street bridge roadway should be completed today with pouring of the last 60-foot section of concrete flooring, Assistant City Engineer Frank M. Kolar said yesterday.

Jensen Construction company of Des Moines will probably begin paving work on the west approach to the bridge after Memorial Day weekend, he said. The east approach will be the last part of the bridge project to be completed.

There is no safer or better place for your money than in Savings Bonds. They are backed by the faith and credit of our nation and all the resources of our government.

Don't get stuck with an old car with prices falling! Sell it today, before it's too late. Call 4191 and place a Daily Iowan Want Ad.

Try and Stop Me

By BENNETT CERF

SINCLAIR LEWIS began his literary career in the publicity department of Frederick L. Stokes and Company, book publishers. At the end of his second year he was making \$23 a week and had the temerity to demand a two-dollar raise.

Old man Stokes gave it to him with the comment, "You're a bright young fellow, Lewis, but you want raises too often. This is the top salary for the job you're doing. I'll never pay you any more."

Less than 15 years later, the same gentleman offered Lewis a \$75,000 advance on a new novel, sight unseen!

Myrtle Cherryman says she keeps her loose dollars in a copy of Dante's Inferno, thereby always being in a position to answer her own querulous, "Now where in hell did I put that money?"

Holiday Time

For university students, it's just a Memorial day weekend. For elementary and high school students it's a preview of a long summer holiday. For many, it's time to play and relax. For others it's a time to prepare for June finals. On this page are holiday scenes taken around Iowa City yesterday.

(Daily Iowan Photos by Bud Welser, Jim Showers)

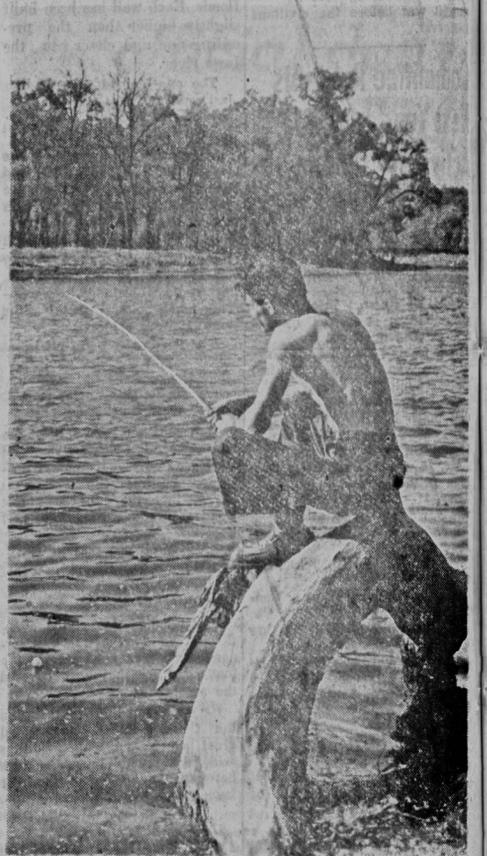

SOAKING UP SUNSHINE, many university students find the Iowa riverbank just the place to spend an afternoon. Enjoying the holiday sun above are Shirley Fleming (left), A1, Iowa City, and Patricia Green, A1, Audubon. Like hundreds of other students, they will remain in Iowa City for Memorial day.

BALL GAME aids relaxing as Loyola house and Red-dog's Roaches bat 'em out at the women's phys ed field. Keeper of the watches in the foreground (note wrist) is Mrs. Dick Rosenquist, whose husband is in the game.

ANGLING is relaxing, too, this solitary student finds. There's sunshine, fresh air, quiet and plenty of time to daydream.

IOWA CITY'S YOUNGER SET spent part of their holiday picnicking. Here members of the Y-Teen, Bluehawk Hi-Y and U Hi-Y clubs hold a final conference with Mr. and Mrs. J. R. Skretting, group advisors, before departing for Lake McBride.

CITY PARK has it all over school. Young Bill Spence (left) watches five schoolmates share their popcorn with a couple of raccoons. From left are Bill Gillies, Carol Singleman, and sisters Elaine, Ila and Shirley, Kennel.

PARK BENCHES are utilized by students preparing for finals. Law freshmen (left to right) Dave Harris, Jefferson; Ted Johnson, Iowa City, and Gene Hoffman, Iowa City, were caught in this earnest pose as they reviewed for exams.
