Car Smash Up Injures Three SUI Students

Three SUI students were injured in a truck-car accident just west of the city limits of West Liberty on Highway 6 at 8:30 last night.

Taken to University hospitals were Stanley C. Kaiser, 20, A1, Iowa City; Lester M. Dyke, 19, A1, Sheldon, and David P. Campbell, 20, A3, Dubuque. Truck driver Charles Hollinger, Omaha, was uninjured.

University hospitals officials said all three students were treated, but that only one would be admitted to the hospitals for further treatment.

Kaiser was released from the hospital at 11 p.m., after being treated for lacerations and a head injury. Dyke was released about 11:30 last night, after receiving treatment for cuts and bruises.

Highway patrolmen said the accident happened when a Watson Brothers' semi-trailer truck going toward Iowa City slowed down for a railroad crossing on Highway 6, and the students' car, a 1949 Plymouth, crashed into the rear of the truck.

Hollinger said he thought the car was going to pass, but instead it plowed into the back of his truck, the front of the car smashing under the truck's bed almost as far back as the front doors.

Dr. T.A. Robertson, West Liberty physician who accompanied the injured students to the hospital said one of the men "looked as if he were in bad shape."

The car, highway patrolmen said, was badly damaged, and about \$200 damage was done to the truck.

Survey Wrecked Car of Three SUI Students

A DEMOLISHED 1949 Plymouth in which three SUI students were injured last night is inspected by curious residents of West Liberty. The wreck occurred on highway 6 approximately 16 miles east of Iowa City. According to highway patrolmen the car rammed the

rear end of a semi-trailer truck as the truck slowed down at a railroad crossing just west of West Liberty. The truck driver — who was uninjured — reported \$200 damage to his vehicle. He later proceeded on to Omaha.

Hickenlooper Claims AEC Hurt Security By Isotope Exports

WASHINGTON (AP) — Senator Hickenlooper (R-Iowa) accused David E. Lilienthal and the atomic energy commission yesterday of causing a "potential impairment of our national security" by sending radioactive isotopes abroad for military research.

Lilienthal coldly denied any wrong-doing, saying the shipments gave away no atomic secrets. He was supported by Dr. Henry De Wold Smyth, author of the famous Smyth report on atomic energy, who was recently appointed an AEC commissioner.

The nature of isotopes — materials produced by bombarding metals with atomic "bullets" — has long been known abroad, Smyth said.

Highlighting a stormy congressional hearing, Hickenlooper said isotopes were sent to Norway for research on steel in connection with the development of jet planes and rockets.

He emphasized that they were shipped direct to the Norwegian military establishment, and he observed scoffingly:

"It would torture reason to presume humanitarian objective in the research conducted by a military establishment.

"The fact is, they were not sent for medical or biological purposes but definitely and specifically for purposes which have a direct bearing upon very important military research."

Lilienthal promptly retorted that there is no secret about isotopes and they are not a form of atomic energy itself.

Lewis Orders Week Coal Mine Walk Out

WASHINGTON (AP) — John L. Lewis yesterday ordered the nation's coal mines shut down for a week, starting Monday.

The order to 450,000 hard and soft coal miners was frankly aimed at reducing the massive stocks of already-mined coal — a 52 days' supply.

This would tend to help Lewis wrest greater concessions from the operators in a new contract to replace the old one expiring three weeks hence.

"The magnificent production efforts of the mine workers during the current year have created menacing instability in the mining industry," his proclamation to the United Mine workers said.

"Results are apparent in more than adequate tonnage for the domestic and export market; irregular and broken working time affecting some hundreds of thousands of men, while other mines work steadily; economic inequalities affecting the mine workers; and a general condition of instability throughout the whole industry.

"Inescapably, continuation of this folly will eventuate in irreparable damage to our basic industry and the national economy."

The walkout or strike order came just as Lewis was starting crucial negotiations for a new contract. Bargaining sessions with southern owners so far have fizzled. But Lewis, earlier yesterday, announced arrangements for starting separate contract talks with the key U.S. Steel corporation at Philadelphia next Monday.

Lewis wants a shorter work week and increased royalty, at present 20-cents on every ton of coal produced, for his \$100-million-a-year union welfare fund.

Coal operators, declining direct comment on the Lewis order, took the news without evidencing displeasure. One in the Pittsburgh area said: "Many coal operators will be glad to see a shutdown. It has been all outgo and little income recently because of supply backlog."

Ten minutes after the Russian officers appeared, the last strike demonstrator was evicted from the railway office.

Taft, Pepper Fight Over T-H Repeal

WASHINGTON (AP) — Sens. Robert A. Taft (R-Ohio) and Claude Pepper (D-Fla.) traded angry charges yesterday as senate debate was resumed on the administration bill to repeal the Taft-Hartley law.

Taft, co-author of the act, defended it as a "sincere, unprejudiced attempt to deal with serious abuses" by labor, and accused the Democrats of seeking repeal for "political reasons."

Pepper retorted that the act was a "symbol of infamy" which must and eventually will be wiped off the statute books.

They spoke for their rival senate blocs during the second day of debate on an administration bill that would scrap the GOP-sponsored labor-management law and revive the New Deal's Wagner act with certain modifications.

Advise U.S. School Ban on Communists

WASHINGTON (AP) — Communist teachers should be barred from American schools because they have surrendered the "right to think for themselves," a group of top-ranking educators said yesterday.

But they also said no restrictions must be placed on objective study of the "principles and practices of totalitarianism" as a part of a free educational system.

Twenty leading educators, including General Dwight D. Eisenhower of Columbia and Harvard President James B. Conant, set forth their conclusions in a 54-page report on "American Education and International Tensions."

The commission was appointed by the National Education Association and the American Association of School Administrators. Their job was to study teaching changes which might be advisable in a world deeply involved in cold war.

SUI has not received one of the letters sent to 71 American colleges and universities by the house un-American activities committee, the president's office said yesterday.

The letters, sent by committee chairman John S. Wood (D-Ga.) asked for lists of textbooks and references the schools use to see if they lean toward communist thought.

Letters to universities asked for additional information in literature, government, history, geography, and any others of the social science group.

The action came from a petition of the Sons of the American Revolution, National Society. They asserted that "Communist-colored" books are used as approved texts in many American colleges.

Michigan and Ohio State were included among the more well known schools to receive the letters in the action which the committee said is "no infringement on academic freedom, whatever."

The probe will concentrate on Americanism or lack of it in texts and reference materials.

Several SUI faculty members in the social science group agreed that books on communism should be in libraries and that students should learn about ideologies like communism.

Faculty members, too, agreed that Communist material should be presented on an objective basis. One educator pointed out that the idea should be not to convert the student but rather to give him the facts.

HOUSE OKAYS B-36 PROBE

WASHINGTON (AP) — The house yesterday unanimously authorized a "searching investigation" into airforce purchases of B-36 super bombers.

Hollywood Figures Called Communists

Ex-Cop Cops' Coppers

TOKYO (AP) — Kei chi Takeuchi, discharged policeman turned thief, confessed yesterday that he stole clothing and about \$100 in cash at police headquarters because "it was the easiest place to rob."

Hiss, Four Others in Spy Ring--Chambers

NEW YORK (AP) — Five persons including Alger Hiss and Julian Wadleigh gave government secrets to a prewar Soviet spy ring, Whittaker Chambers testified yesterday.

He did not name the other sources from which he said he received documents when he was a spy ring courier.

In the sixth day of Hiss' federal perjury trial, Chambers was asked by Assistant Attorney Thomas F. Murphy:

"Did you have sources of supply in other government agencies other than the state department?"

"I did," Chambers replied.

Federal Judge Samuel H. Kaufman leaned toward the witness and said:

"How many sources of supply, approximately?"

"Three," said Chambers.

"Then did you have a total of five sources of supply?" the court asked.

"That's right," Chambers answered.

Hiss has denied he ever gave government papers to Chambers or that he even saw Chambers after Jan. 1, 1937. For saying this before a New York grand jury last December, he was indicted on a perjury charge.

Chambers is the government's star witness against Hiss. The government said at the outset that its case against Hiss rests on his charges.

Tornado in Nebraska Kills Three Persons

HEBRON, NEB. (AP) — Three persons were killed last night when a tornado struck a cafe at Belvidere, Neb., eight miles north of here, Fire Chief Ed Wulfkoetter said.

Wulfkoetter said a 16-year-old boy, the son of the operators of the cafe, was one of those killed, but the identification of the other victims was incomplete.

TRAILER BURNS NEAR TIFFIN

A 25-foot house trailer, in tow behind a car, caught fire and burned completely on Highway 6, 2 1/2 miles west of Tiffin late last night. W.C. Hooper, the owner, was not injured.

Use Shoes in Robbery Attempts

TWO "SHOE ARMED" would-be robbers were foiled yesterday by Philadelphia police. They caught one of them, shoeless Violet Barnardi, 23, shown after her arrest on attempted robbery charges. Patrolman Harry Lucas, left, holds one of the shoes that police say she and her companion used to beat two cab drivers in the attempted robberies. Ted Sieminski, cab driver, is at right.

Many Deny FBI Charge

WASHINGTON (AP) — Hollywood movie stars Fredric March, Edward G. Robinson and other major figures in the west coast film colony were named in a secret FBI report yesterday as alleged members of the Communist party.

The report said a confidential informant had told the FBI that March was a "CP member in 1947" and was active in "the Communist infiltration of the motion picture industry."

March, in Bryn Mawr, Pa., said by telephone to New York that the report was "the most absurd thing I've ever heard of." He said his remark "goes for me and my wife, too."

He declined further comment.

The informant also named as party members such noted actors, writers and directors as Dorothy Parker, Donald Ogden Stuart, Ruth McKinnley, Alfred Maltz, Alvah Bessie, Dalton Trumbo, Millen Brand and Michael Blankfort.

Dorothy Parker, reached at her Hollywood apartment, said: "This makes me very sick. I'm damned glad to be an American and always have been."

Maltz, Trumbo and Bessie are screenwriters among the so-called "unfriendly ten" cited for contempt of the house un-American activities committee for refusing to answer questions on their political affiliations. They are now suing for reinstatement to studio jobs which they contend they were denied as a result of the hearing.

Through their attorney, Robert W. Kenney at Los Angeles, they issued this statement:

"We knew that political censorship of the screen was the objective of certain congressmen like Mr. Rankin and Mr. Thomas. We are fighting that battle in the courts now. However, until today, we did not know that the department of justice was engaged in any such unconstitutional activity. We still cannot believe that this report reflects the official adoption of any such policy, and it is probably a case of misplaced zeal of some individual investigator."

Another informant of the FBI said March and Canda Lee, Negro stage star, were "outstanding Communist party fellow travelers . . . along with Daniel L. Marsh, president of Boston University; Clyde R. Miller, a professor in the teachers' college at Columbia university, and Norman Coswin of the Columbia Broadcasting system."

There was no indication who the "informants" were; how reliable they were; or how much credence the FBI placed in the information they gave.

The FBI documents were read aloud over vigorous government objections, at the espionage trial of Judith Coplon, 28, former justice department analyst.

Two Iowa Citizens Injured in Collision

Two Iowa Citizens were among four persons injured in a car-truck collision shortly after noon yesterday at a county road intersection four miles west of Hills, according to highway patrolmen.

Taken to university hospitals for treatment were Edward L. Cooney, 703 S. Clinton street, minor face and head lacerations; Ralph Walsh, 319 S. Lucas street, minor cuts and bruises; Raymond Zook, route 2, Riverside, treated for shock.

Highway patrolmen said Walsh was riding in the truck driven by Cooney, and owned by Dan Roth Hatchery, 840 S. Clinton street. Raymond Zook was reported driving the other machine.

Damage to the two vehicles was estimated at \$2400 by the highway patrolmen, who said it was the second within a week at that county road intersection.

WHOLESALE PRICES DIP

NEW YORK (AP) — Current wholesale food prices are nearly 20 percent lower than they were one year ago, Dun & Bradstreet reported yesterday.

Demands Deadline on Berlin

PARIS (AP) — U.S. Secretary of State Dean Acheson demanded last night that the Big Four powers set a five-day deadline for their Berlin commanders to try to settle the city's trade and communication tie-up.

He proposed that the commanders report by June 13. Presumably if they had not been able to reach an agreement the foreign ministers would then tackle the problem.

Unable to agree on a long-term plan for Germany, it thus appears the foreign ministers are touring to efforts to bring at least a temporary armistice to east-west contention in the four-power city.

This in reality would mean a diplomatic step backward. The four powers were supposed already to have agreed in New York talks last month to end the Berlin blockade and resume east-west German trade.

Actually, however, the New York agreement has been only partly carried out. Berlin still is under a semi-blockade because of a rail strike by non-Communist railway workers in Berlin.

Western negotiators in Berlin have reported the Russians cooperative in talks on an agreement on east-west trade. But the west

has taken the position that no trade agreement will be signed as long as the strike lasts. The western attitude is that the strike has to be settled to assure movement of trade under a paper agreement.

One western official said there is a movement to adjourn the council for at least three months. This informant said that in view of the continuing deadlock the best course seemed to be the appointment of such special commissioners by the council to keep at work on such technical problems as currency, traffic to Berlin and east-west German trade.

Pepper retorted that the act was a "symbol of infamy" which must and eventually will be wiped off the statute books. They spoke for their rival senate blocs during the second day of debate on an administration bill that would scrap the GOP-sponsored labor-management law and revive the New Deal's Wagner act with certain modifications.

Barney 2-Hits Cubs, 3-1

Dodgers Keep League Lead

BROOKLYN (AP) — Rex Barney pitched his first complete game of the season yesterday, a two-hitter, as the Brooklyn Dodgers subdued the Chicago Cubs, 3-1, to maintain their league leadership and run up a three-game winning streak.

Jackie Robinson paced the eight hit attack against Bob Muncie with a first inning triple and a third inning single to knock in the Dodgers' first two runs. Duke Snider's sixth inning walk, Robinson's sacrifice, and Gil Hodges' single, accounted for the other tally.

The Cubs scored their lone run in the fifth when Frank Gustine walked and raced home on Muncie's triple to the right-center field exit gate.

Chicago 000 010 000—1 2 1
Brooklyn 101 001 003—3 8 1
Muncie and A. Walker; Barney and Edwards.

A Slight Spill but He Gets His Man

OUT! AND IN A CLOUD OF DUST goes Chicago's Harry Walker as Brooklyn Second Baseman Jackie Robinson (42) sprawls over Walker's sliding form. He was forced at second for the first out of a double play in the first inning of yesterday's game in Brooklyn. Walker was forced when Cubs' Emil Verban grounded to Dodger Shortstop Peeewe Reese, who threw to Robinson. Robby's throw to Gil Hodges, Brooklyn first baseman, was in time to nip Verban. Umpire George Barr calls the play, Brooklyn once again downed the Cubs, 3-1.

Iowa City Cardinals Top Rock Island, 5-1, In 1st League Game

In their first league game of the year, the Iowa City Cardinals last night knocked off the Rock Island Hawks, 5-1, at Kelley field.

Paul Roberry hurled the distance for the Cards, scattering seven hits. His mates pounded out eight safeties which included a second inning homer by Shortstop Tom Stahl.

Duly Bailey was the sledge gun in the Cardinal attack with a single, double and a triple in four trips to the plate.

After Stahl's homer, which gave Iowa City a 1-0 lead, four hits combined with two errors produced two more runs for the Cardinals in the third frame. Bailey's seventh inning triple drove in Larry Cole and Dale Burch for the final Iowa City runs.

Rock Island produced its lone tally in the fifth inning when Pitcher Horace Long doubled to right-center, scoring Gus Burgess, who had singled.

Long whipped the third strike past 11 Cardinal batters. Ed Lavell, catcher, led Rock Island hitters with three hits in five times at bat.

The win gives the Cardinals one victory and no defeats in the National Fastball league. Rock Island had a record of four victories against two defeats in league play before last night's game.

The Cards travel to Racine, Wis., for a double header Saturday night. The next home engagement in league play will be a double header against Aurora, Ill., June 18.

Chandler Extends for 30 Days 'Jumper' Club Roster Deadlines

CINCINNATI (AP)—The 25-player limit may be exceeded for only 30 days by major league ball clubs holding contracts of players reinstated by Commissioner A. B. Chandler Sunday, Chandler ruled yesterday.

And whenever a team puts one of the boys into a league game, the grace period ends for him and someone—other than a returned player—must be lopped off the list.

At the same time, Chandler threw some protection to the 18 men formerly outlawed for jumping to the Mexican league. He told the owners that the players shall not be released unconditionally nor their contracts assigned to a minor league until the expiration of the 30-day period.

The 30-day period will begin on the date each player is returned to the fold of his particular club, Chandler explained.

Until proved otherwise, it would appear that the teams holding the returnees' contracts will have a tough time deciding the future of their one-time stars within the grace period.

Especially is that true where the one-time jumpers are making more money now in semi-pro ball or elsewhere than their old contracts provide. A few of them already are balking on coming back into the fold at the old price.

Chandler's ruling, too, would seem to give more protection to teams that have no returnees.

Four National league clubs—Brooklyn, New York, Philadelphia and St. Louis—have reinstated men to deal with, while Detroit, Chicago and Philadelphia have the same problem in the American league.

The teams may get a chance to see what the men—most of them aging, insofar as baseball is concerned—can do in what few exhibition games they might be able to play during the grace period.

Practice sessions will provide the only other opportunity.

Lou Klein of the St. Louis Cards and George Hausmann of the New York Giants, infielders, have applied for reinstatement, Ford Frick, President of the National league, announced yesterday.

That brought to eight the number of National league jumpers who have applied for reinstatement.

Hollmig's Homer Keeps Pirates in NL Cellar

PHILADELPHIA (AP)—Rookie Outfielder Stan Hollmig's second home run in two days with Del Ennis on base in the sixth gave the Philadelphia Phillies a 2-0 victory over Pittsburgh's Pirates last night.

Robin Roberts checked the Pirates with six hits. He was aided by three double plays.

Tiny Bonham was the loser. Pittsburgh 000 000 000—0 6 1
Philadelphia 000 002 003—2 4 1

SOX-CESS HALTED BY INJURY - By Alan Maver

GUS ZERNIAL OF THE WHITE SOX WAS THE HITTING SENSATION OF THE LEAGUE FOR THE FIRST MONTH OF THE CAMPAIGN UNTIL AN INJURY PUT HIM OUT OF ACTION.

NEW YORK (AP)—The St. Louis Cardinals shut out the New York Giants for the second straight day yesterday, 2-0, as Gerry Staley pitched a three-hitter in his first route-going performance of the season.

The victory enabled the Redbirds to cling to within a half game of the league leading Brooklyn Dodgers, who whipped the Chicago Cubs, 3-1. The losing Giants sank deeper into fourth place, two games off the pace.

Rookie Eddie Kazak, in a Jekyll and Hyde performance, committed three errors at third base for the Cardinals, but was the offensive hero as he drove in one run and scored the other.

Staley, who never went further than the seventh in two previous starts, walked three in addition to giving up singles to Jack Lohrke, Sid Gordon and Johnny Mize.

Southpaw Dave Koslo, making his first start, after 10 relief appearances, pitched creditable ball for eight innings, allowing only seven hits. Lack of hitting support by his mates forced Koslo to accept his second loss against one victory. Hank Behrman pitched the ninth.

St. Louis 100 000 000—2 7 4
New York 000 000 000—0 3 0
Staley and Rice; Koslo, Behrman (9) and Livingston, Cooper (8). Losing pitcher: Koslo.

CARROLL PARK TO OPEN

CARROLL (AP)—The new \$100,000 baseball park here will be officially opened tomorrow night when the Carroll Merchants meet the Harlan Cardinals. It will be the first game under the new 240,000-watt lighting system.

Hawks Place Four, Two Relay Teams On Tank All-America

FORT COLLINS, COLO. (AP)—Ohio State and the University of Iowa topped the picks in an all-America collegiate swimming team announced yesterday through the College Swimming Coaches association.

The Buckeyes placed nine individuals and one relay team in a list of 80 "All-America" performers released by G. W. Tompkins, secretary-treasurer of the association and swimming coach at Colorado A & M college. Iowa had four individuals listed and two relay teams.

The swimmers given recognition, and their schools, included: 100-yard freestyle—Walter S. Ris, Iowa; Keith E. Carter, Purdue; Richard Weinberg, Michigan; Paul V. Girde, Yale; John M. McIntyre, Dartmouth.

300-yard freestyle—William Smith, Ohio State; Paul V. Girde, Yale; Walter Ris, Iowa; Joseph Verdeur, LaSalle; Matt Mann III, Michigan.

1500-meter freestyle—William Heuser, Northwestern; Ralph Sala, Stanford; Forbes Norris, Harvard; Emil Estoclet, Jr., Yale; Robert E. Watts, Iowa State.

100-yard backstroke—Allen M. Stack, Yale; Robert C. DeGroot, Ohio State; James Thomas, North Carolina; Duane Draves, Iowa; Ralph Knight, Ohio State.

200-yard breaststroke—Keith Carter, Purdue; Joseph Verdeur, LaSalle; David H. Seibold, Michigan; Robert W. Sauerforth, Iowa; Frank O. Bruch, Dartmouth.

One meter diving—Bruce Harlan, Ohio State; David Brockway, Iowa; Robert Billingsly, Ohio State; John Connor, Duke; Ralph Trimborn, Michigan.

Three meter diving—Bruce Harlan, Ohio State; John Calhoun, Ohio State; David Brockway, Iowa; John Simpson, Ohio State; Murray Hubley, Purdue.

300-yard medley relay—Iowa (Duane Draves, Bowen Stasforth, Ervin Straub); Ohio State (Robert DeGroot, Robert Bartels, William Smith); Michigan (Bernard Kahn, Robert Sahl, William Kogen); Washington (George F. Heaney, Peter A. Salmon, Richard B. Campbell); Yale (Albert J. Rakiewicz, Paul Girdes, Richard P. Baribault).

400-yard freestyle relay—Yale (Paul Girdes, William L. Farnsworth, Larom B. Munson, Raymond H. Reid); Michigan (William Kogen, Matt Mann III, Robert Busch, Edward Garst, Ervin Straub, Walter Ris); Rutgers (James McNeil, Seymour Schlinger, Robert Nugent, William Irwin); LaSalle (Allen Rhodes, Farrell Devlin, Orbert Reagan, Joseph Verdeur).

VFW SOFTBALL WINNERS
The Iowa City VFW 2581 softball team defeated Marx Clothing of Cedar Rapids, 4-2, on the Oakland diamond last night.

TOP 2-YEAR-OLD RETIRED
NEW YORK (AP)—Mr. Busher, one of the top two-year-old colts of 1948, has been permanently retired from racing, Maine Chance farm announced yesterday.

Athletics Down Chisox, 5-2, On Kellner's Six-Hit Pitching

Iowa Fanned Least, Pilfered Most Bases

Led by the two Jacks—Bruner and Dittmer—the 1949 Iowa baseball team not only tied for the Big Ten championship but also ranked high in other departments, official season's records showed yesterday.

Bruner, who won five of six Big Ten games, set an all-time conference strikeout record of 66 in 61 2-3 innings.

Dittmer was the conference's No. 1 fielding second baseman, handling 63 chances flawlessly. He ranked second in runs batted in, with 12, and in total bases, with 32.

Outfielder Bob Smith finished second in number of stolen bases, with six and Catcher Ed Browne and Dittmer tied for third, with five each.

As a team, the Hawks placed first in stolen bases, with 28, a dozen more than Minnesota, the next-best team in this department.

The Iowans also struck out the least, only 36 times, compared with second-place Ohio State's 50 whiffs.

The Hawks finished second in team batting, .280; team fielding, .949; total runs, 84, and total hits, 123. Iowa was third in total bases, 161; home runs, 4, and fewest errors, 25.

National Open Begins Today; Snead Favored

CHICAGO (AP)—America's top-flight golfers had their last free rounds yesterday over Medinah No. 3.

Included in the cast of aspirants for the National Open golf tournament crown, in which play begins today, are 131 professionals and 30 amateurs.

The boys who make a business of betting a bob on this and that have established Sam Snead, Masters and PGA victor, as the favorite at 6 to 1. They quoted Bobby Locke next at 8 to 1, Lloyd Mangrum at 10 to 1 and Byron Nelson at 20 to 1.

Browns Win 2nd From Bosox, 5-2

ST. LOUIS (AP)—Ned Garver allowed 11 scattered hits as the St. Louis Browns won their second victory from the Boston Red Sox, 5-2, before 5,308 fans last night.

Garver also figured in the scoring, hitting a single, then scoring the first Brownie run of the game.

It was the third consecutive victory for the Browns. They started their longest winning streak of the season last Sunday when they subdued the New York Yankees to stop an eleven-game losing string. The club, however, is still deep in the American league cellar.

Byrne, who issued 13 walks, got himself into a hole in the eleventh when with two away he loaded the bases to set the stage for Vic Wertz.

Wertz lined the 3-2 pitch into right field, driving in the winning run to give the Tigers their second straight victory over the New Yorkers.

Virgil (Fireballer) Trucks survived a shaky first inning and pitched a three-hitter against the Yankees for his eighth win as against three losses.

New York 100 000 100 00—2 3 1
Detroit 110 000 001 01—3 4 0
(11 innings)
Byrne and Berra; Trucks and Swift.

Lemon Hits, Pitches Tribe Past Senators

CLEVELAND (AP)—Pitcher Bob Lemon socked his first home run of the year last night for Cleveland and beat the Washington Senators, 8-3.

It was Lemon's fourth victory against one loss this season and swept a two-game series for the Indians over Washington. Paul Calvert was the losing pitcher.

Washington 000 010 200 000—3 7 1
Cleveland 001 004 220 000—8 12 2
(15 innings)
Calvert, Weitzel (3), Weik (7) and Evans; Lemon and Hegan HRs: Wash—Kozar CL—Lemon, Gordon LP—Calvert.

Braves Bump Reds In 15-Inning Contest

BOSTON THURSDAY (AP)—Jim Russell lashed a mighty 15th inning, bases loaded hit off the wall in right center early today to drive in the run needed for an 8-7 victory for Boston's Braves over the Cincinnati Reds.

The victory—four hours and nine minutes after the game began last night—kept the pennant-defending Tribe within a whisper of the leading Brooklyn Dodgers and the second place St. Louis Cardinals.

Raffensberger, Wehmeler (2), Gumbert (7) Fanovich (10) Eraut (11) Fox (15) and Mueller; Sain, Feller (16) and Masi, Salkeld (13). Winning pitcher, Patter. Losing pitcher, Eraut.

FOR EVERY PLAN... THERE WAS A PLOT! FOR EVERY FORTUNE... A FATE!

Eddie Joost Clouts His 13th Home Run

CHICAGO (AP)—Alex Kellner survived a bad start to win his seventh game with a six-hit pitching job yesterday as the Philadelphia Athletics set down the Chicago White Sox, 5-2.

Kellner had the major assistance of Eddie Joost's 13th homer and a two-run triple by Elmer Valo in fashioning his success.

Kellner weathered a rough-house first inning in which singles by Fred Hancock and Steve Souchock, plus a triple by Cass Michaels, hustled across two Chicago runs. The rest of the way the Sox couldn't get a runner past second base.

The A's routed Chick Pieretti in the fifth to take charge. They had launched a three run offensive in the fourth to start Pieretti on his way out. Valo's triple was the big wallop in the frame.

The Athletics renewed their assault when Joost led off the fifth with his clout into the left field lower deck. When Walby Moses singled, Pieretti was replaced.

For the rest of the way, five complete innings, Billy Pierce stopped Philadelphia without a hit but was nicked for a run when he walked Valo in the sixth. The runner moved up on a sacrifice, swiped third and scored on a fly to center.

Philadelphia 000 311 000—3 10
Chicago 200 000 000—2 5 1
Kellner and Rosar; Pieretti, Pierce (2) and Tipton. Losing pitcher: Pieretti. Home run: Joost.

Chisox Purchase George Metkovich

CHICAGO (AP)—George Metkovich, one of the Pacific Coast league's leading hitters, has been purchased by the Chicago White Sox. He will fly here to play against Boston in a night game tomorrow.

The Sox gave Oakland, Calif., an undisclosed amount of cash and optioned First Baseman Gordon Goldsberry and Outfielder Gerry Scala to the coast club in obtaining Metkovich.

The newcomer, a lefthander all around, will replace Gus Zernial, the rookie outfielder who was hitting .355 for Manager Jack Onslow when he suffered a broken right collarbone May 28.

Metkovich, a Boston Red Sox first baseman-outfielder from 1943 through 1946 and a member of the Cleveland Indians in 1947, hit .366 for Oakland last season. His current batting average after 61 games this season is .357.

Engagement Announced

THE ENGAGEMENT OF ANN RUTLEDGE to E. M. Flood Jr. is announced by the bride-elect's parents, Mr. and Mrs. Foster O. Rutledge, West Des Moines. Mr. Flood is the son of Mr. and Mrs. E.M. Flood, Cedar Falls. Miss Rutledge will graduate this month from the SUI college of liberal arts, and is a member of Kappa Alpha Theta, social sorority. Mr. Flood will graduate from the college of commerce at SUI and is affiliated with Phi Kappa Psi, social fraternity. The wedding will take place in the late summer.

Child Study Groups Attract 'Good Interest'

Laboratory 24 hours a day is the schedule for Iowa mothers enrolled in one of the 215 child study groups organized through the Iowa Child Welfare Research station at the State University of Iowa. These "students" find their research materials in their children at home. Mrs. May Pardee Youtz and Miss Afton Smith, associate professors of parent education at SUI, assist the groups in their efforts to study actions and problems of their children.

LSA Graduates Invited To Graduation Luncheon

SUI graduating members of the Lutheran Student association and their families will be guests at the annual commencement luncheon tomorrow, Fern Bohlen, Lutheran student director, said yesterday. The luncheon will be held at 11 a.m. at the LSA house, 122 E. Church street.

ROTARY CLUB MEETS

Prof. Arthur Roberts, of the SUI physics department, will address the Rotary club at a 12 noon luncheon at Hotel Jefferson today. His talk will concern the current investigation of the atomic energy commission.

Town 'n' Campus

JOHNSON COUNTY HATCHERY GROUP — Members of the Johnson County Hatchery group will meet today at 7:30 p.m. at the Hotel Jefferson for a dinner meeting.

PILGRIM CHAPTER, DAUGHTERS OF THE AMERICAN REVOLUTION — Members of the Pilgrim chapter of D.A.R. will meet Saturday at 5:30 p.m. for a family part and flag day observance at the home of Mrs. John Cameron, route 3. Mrs. Cameron will speak on "Historical Trees." Committee members for the meeting will be Mrs. Harry Goodrich, Mrs. James Lons, Mrs. George Haas, Mrs. B. E. Oathout, Mrs. H. W. Crew and Mrs. G. F. O'Brien.

NATHANIEL FELLOWS CHAPTER, DAUGHTERS OF THE AMERICAN REVOLUTION — Members of the Nathaniel Fellows chapter of D.A.R. will meet Saturday at 1 p.m. for a luncheon at the home of Mrs. Ross Rayner, route 1, Lone Trees. There will be a pre-Flag day observance. New officers will be installed and new members initiated. Assisting hostesses will be Miss Grace Long and Miss Margaret Herdliska.

ST. PATRICK'S P.T.A. — St. Patrick's P.T.A. will sponsor an old-time dance at the school Friday at 9 p.m. Michel's orchestra will play for both square and old fashioned dancing. Mr. and Mrs. Jack Streb are in charge of the plans for the party. Proceeds from the dance will go to the P.T.A.'s hot lunch program.

SUI Couple to Wed In Crystal Lake, Ill.

August 21 is the date set for the wedding of Marilyn Jean Fanter and H. Reginald Alexander. The engagement is announced by the bride-elect's parents, Mr. and Mrs. William F. Fanter, Crystal Lake, Ill. Mr. Alexander is the son of Mrs. Helen Alexander, Marshalltown. Miss Fanter will receive her degree this month from the SUI

college of liberal arts and is affiliated with Alpha Delta Pi, social sorority.

Mr. Alexander is a junior in chemical engineering at SUI and is a member of Phi Gamma Delta, social fraternity.

Joan Fanter, sister of the bride-elect, will serve as maid-of-honor at the ceremony, which will take place at Crystal Lake. Attendants will be Mary Lou Ogden, Mason City, Ruth Peters, Crystal Lake, and Colleen Alexander, Marshalltown, sister of the bride-groom elect.

Orientation Program Remodeled for Fall SUI Freshmen Men

Men entering SUI for the first time next fall will be aided by a new orientation program, Ross A. Williams, A2, chairman of the Student Council men's orientation committee, said yesterday.

The purpose of the new program is to help male students become familiar with facilities offered them by the university and also to help them with any problems or questions they may have pertaining to the university.

The men's orientation program will start Monday night Sept. 19, at a meeting of all new men in the fieldhouse. At the meeting members of the athletic and military departments will be introduced to the newcomers, a sports film will be shown and the students will participate in various sports activities.

Williams said that the program at the fieldhouse will help introduce the men to the west side of the campus. This will be the first time such a plan has been used at SUI, he said.

On September 20, a mass meeting of all freshmen men will be held in Macbride auditorium. After campus leaders are introduced, the freshmen will be divided into small groups with an upperclassman assigned to each group. The upperclassmen will answer questions of the new students pertaining to the university.

During Wednesday and Thursday of orientation week all new students will be invited to tea at the home of Pres. and Mrs. Virgil M. Hancher. The new students will attend the tea in groups. In previous years women have been invited to the tea, but this will be the first time that men have been included in the affair, Williams said.

Bohlsen to Attend Student Conference

Fern Bohlsen, director of the SUI Lutheran Student association, will attend the international conference of the World Student Christian federation at the University of Michigan, Ann Arbor, Aug. 25-31.

Delegates to other Lutheran conferences also were named yesterday by Miss Bohlsen. Four members of the Lutheran campus group will attend the National Ashram conference at Interlochen, Mich., Aug. 25-30. Phil Bigelow, A1, Council Bluffs, will go as an official delegate of the Iowa region.

Others who will attend the Interlochen conference are Dale Knudsen, G, Cedar Falls; Leigh Johnson, an alumnus of the SUI group, Columbus Junction, and Harlan Ranshaw, Iowa City, former SUI student, who will represent the Iowa region in recreation planning.

Miss Bohlsen will also attend the Christian Service Graduate school at the Lutheran seminary in Maywood, Ill., July 18-Aug. 8, and the Lutheran Student Service staff conference at St. Olaf college, Northfield, Minn., Aug. 18-22.

Congregational Students to Attend Summer Conferences, Work Projects

Four members of the United Student fellowship, Congregational student group, will attend a national conference on Christian education to be held from June 28 to July 1 at Lakeside, Ohio.

They are Bob Jahns, A4, Burlington, Wis.; Grace Hadley, director of the group; Mart Bailey, A2, Emmetsburg, and the Rev. John G. Craig, pastor of the Iowa City Congregational church.

The conference is being sponsored jointly by the Congregational and Evangelical and Reformed denominations which are currently planning merger, Miss Hadley said yesterday.

Miss Hadley also announced names of representatives to other conferences, camps and work projects this summer. She said she and Mart Bailey will attend the Iowa Pilgrim fellowship conference at Grinnell college, June 12 to 18.

Norman Jackson, A2, Ames,

will be a delegate to the Lake Geneva, Wis., student conference June 13 to 17, and will work this summer in a "students in industry" job in Chicago.

Rev. Craig will be director of a Pilgrim fellowship camp to be held at Iowa Wesleyan college, Mt. Pleasant, June 10 to 16.

Four delegates have been named to attend the state camp of the Congregational student group to be held at the YMCA camp north of Cedar Rapids Sept. 9 to 12. They are Norman Jackson; Ruel Bell, A2, Lone Tree; Miss Hadley; and Taom Lawton, A3, Victor.

Four students will spend the summer in an institutional service unit as ward attendants at the Mt. Pleasant hospital. They are Ruel Bell; Sara Shaffer, A1, Iowa City; Gene Krause, A4, Spencer; and Bill Sharp, A2, Green Mountain.

Jones-Young Plan Nuptial Next Month

Mr. and Mrs. H. Amos Young, Atlantic, announce the engagement and approaching marriage of their daughter, De Loy Young, to Everett Jones, son of Mr. and Mrs. Lona Jones of Shenandoah.

Miss Young, a graduate of Atlantic high school, attended Christian college, Columbia, Mo., and

is now a sophomore in the college of liberal arts at the State University of Iowa.

Mr. Jones, a junior in the SUI college of commerce, is a member of Sigma Phi Epsilon, social fraternity.

Wedding vows will be recited July 17 at the Presbyterian church in Atlantic.

Bridal attendants for Miss Young will be Mrs. Thomas Goodner, Mrs. Bruce Beekman, Mrs. Cyrus Albertson, Miss Elaine Jensen, Miss Carol Engle and Miss Jackie Peyton.

Attending Mr. Jones will be Steve Hayden as best man, and ushers will be Thomas Goodner, John Saner, Jack Simpson, Dan Young, Robert Savage and David Stern.

Wedding Vows to Be Recited in July

Miss De Loy Young

4-H Rally Scheduled June 17 in Iowa City

Features of the annual 4-H club rally day to be held here June 17 in the Junior high school auditorium include election of officers, initiation of an honorary member, contests and demonstrations.

Mrs. Emery Hemingway, county chairman for the girls' 4-H clubs, has extended an invitation to all Johnson county 4-H club members and their mothers.

A picture memory contest in charge of Mrs. P. J. Burnes, county committee woman, and the election of new county officers will be the main events of rally day. Mrs.

Ralph Troyer will be in charge of the election and Mrs. Leonard Sentman will be in charge of the installation.

The afternoon program will feature the initiation of an honorary club member. True Blue club, Madison and Penn townships will make the clover chain and present the initiation ceremony.

Clubs participating in the rally day are Hardin Topnotchers, Jenny Wren, Clover Blossoms, Scott Lassies, Jolly Workers and Cedar Sisters.

Graduation to Be Heard Over WSUI and KSUI

The commencement exercises will be broadcast over WSUI and KSUI at 1:35 p.m. Friday, John Highlander, WSUI program director, said yesterday.

H. J. Thornton, professor of history, will be narrator for the commencement program which will be broadcast direct from the SUI fieldhouse. Zan Faigen, C3, Rock Island, Ill., will be the announcer.

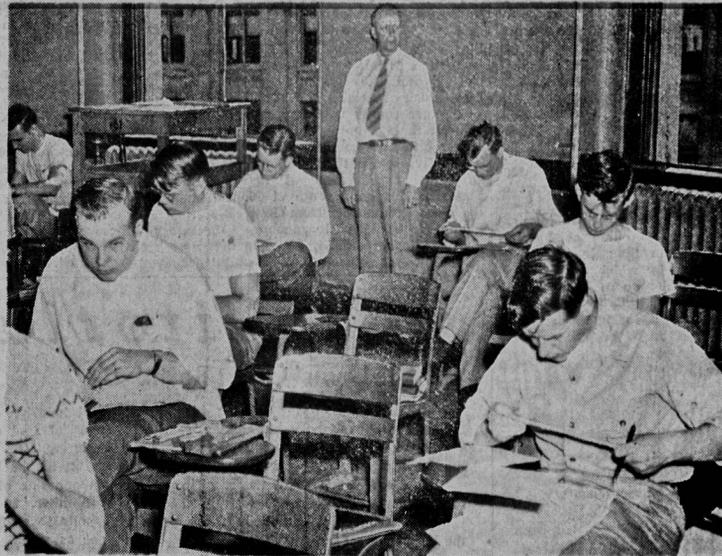

Personal Notes

Mrs. Paul Blommers, 3 Woolf court, and sons, Tommy and Jimmy will leave Sunday for California. They plan to be gone about two months. Accompanying them will be Mrs. Blommers' sister, Pat Aschenbrenner, San Gabriel, Calif., a student at SUI.

Dr. Franklin B. Snyder, president of Northwestern university, will be a guest at the home of Pres. and Mrs. Virgil M. Hancher tomorrow. Pres. Snyder will deliver the commencement address Friday.

The survey showed that in both small and large circulation papers, all positions in the newspaper are good for advertisement position and advertising.

Interpreting the News —

Peace Chances Nearer Now

By J. M. ROBERTS JR. AP Foreign Affairs Analyst Two of the world's best informed men, President Truman and Winston Churchill, have recently expressed renewed optimism about the possibilities for peace. The President says we are closer to it than at any time in the last three years. The former British prime minister, famous for his presence, says he does not hear "ancestral voices prophesying war" as he did in the middle '30s. He feels a "growing hope" that "we may avert forever the horrible vision." Speaking almost simultaneously, the two leaders seem to be saying the same thing. But there is a difference. The President seems to take into consideration that what we have now is not peace. Mr. Churchill is talking about averting a change from what we have now to actual shooting war. At the same time, General Clay, who has been leading the western spearhead of the cold war in Germany, says the ideological conflict will continue for years "between those who promise equal economic return and security that cannot be provided to the person without surrendering individual rights and life under control of the state, and those who believe in democracy, which should provide for equal opportunity, social

advance and social progress." If we were near to peace we would be near to a situation in which relations between all nations would be comparable to relations between the United States and Canada. The nearest hope for that, it seems to me, is for a working agreement between east and west during which there would be less stress on the areas of conflict and more on the areas where cooperation is possible. Secretary of State Acheson, speaking in Paris, said the big four had to recognize they were all in Berlin to stay and that they had to get along with one another there. Well, unless one is to take over all the others, that is a perfectly accurate description of the situation in the world as well as in Berlin. In the world, one has threatened to take over all the others. That is Russia with her crusade for communism. And, though it may remain for historians to identify it in full detail, it seems to me that, spurred by the necessity of self-defense, the United States with its crusade for democracy is edging toward a similar position, although manifested in much different fashion. The hope for real peace will be determined by the manner in which such forces as these develop.

AMA Schedules National Health Conferences

American Medical Association's board of trustees took a tighter grip yesterday on medicine's tussle with President Truman's national health program. The board said it will call a national health conference this summer at a site to be selected. The announcement accompanied a statement by the board on a 12-point program announced by the AMA last February. Representatives of labor, industry, government and other interested groups will be invited to chew over both the AMA's 12 points and the Truman program with a view toward developing a satisfactory national health formula, the board said. The board elaborated on the AMA's 12 points which call for such things as setting up a federal department of health headed by a physician to integrate all federal health activities; and the distribution of health funds at state and local level. The AMA in its 12 points supports extension of "voluntary" hospitalization and medical insurance plans, including "non-profit" commercial and industrial plans.

Savings Bond Sales Total \$508,206 Here

Sales of series E, F and G bonds in Johnson county have reached \$508,206 bond drive co-chairmen Ben S. Summerwell and Frank D. Williams said yesterday. This is approximately 70 percent of the \$733,042 quota.

I'D RATHER BE RIGHT

Threads End in Tangle

By SAMUEL GRAFTON (New York Post Syndicate)

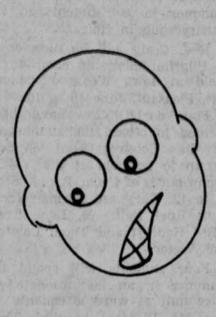

Sometimes, when problems become too stubborn, and numerous, and complicated, it is as well to give up the effort to solve each one, separately, and to tie a final bow around it. Sometimes the best one can do is to find a single thread, which seems to be of promise, and to follow it, moving along it carefully, because it appears to lead in the right direction through the tangle. It seems to me there is such a thread running through the world problem today, and that it is to be found along the line of increased trade between east and west.

is correct, what's the answer, except an increase of trade between east and west, between the Russian circle and the rest of the world? That thread alone appears to lead in the right direction. THE THING SEEMS to be in the air, because Secretary of Commerce Sawyer has just hinted, in a speech at the Canadian international trade fair at Toronto, that American restrictions against export of industrial goods to Russia could be modified if there were an improvement in relations. He said, "So far as possible we should, and we wish to, permit the free flow of trade between all parts of Europe and the United States."

In spite of all the news you hear about a decline in business, the cost of living is still actually going up. Reluctance to make voluntary price reductions on a wide enough scale threatens to lead us into a situation in which price declines will come more suddenly and disturbingly than might otherwise be necessary. In this fix, increased trade with eastern Europe offers an out; it might get volume back up to a level that would to some degree justify and support the present price structure. Wherever we look in the tangle, we find the same thread. THE CONFERENCE of foreign ministers in Paris is still in the stage in which each side is enunciating its unshakable policies and casting scorn on those of the other. It would be much sounder, it seems to me, if the conference were, for the time being, to drop the kind of debate that is getting it and the world nowhere, and work out, instead, a simple, sensible schedule for an increase of east-west trade.

6th Day of Exams— These Are

The Times ...

Offringa Resigns; Quits Linn County

CEDAR RAPIDS (AP) — D. D. Offringa, county extension director in Linn county, yesterday announced that he will leave that post on July 1. Offringa is a long-time extension worker. He served as extension dairy specialist in 1922 and as Bremer county extension director from 1923 until 1944, when he came to Linn county. A native of Friesland, Holland, Offringa came to the United States in 1911 as a youth of 19. He was graduated from Iowa State college in 1922. In announcing his resignation, Offringa made no mention of future plans.

Army or Navy, Who'll Know?

WASHINGTON (AP)—The mock duel in the sky between the air force's mighty B-36 and the navy's best Banshee jet fighters suggested by congress was turned down by the joint chiefs of staff for security reasons after the house armed services committee recently ordered a full investigation of why the B-36 came to be the heavyweight darling of the air force.

The possibility remained that such a bang-you're-dead test might be conducted later in deepest secrecy. But the joint command, in a letter forwarded to Chairman Vinson (D-Ga.) of the committee by Defense Secretary Johnson, said such a battle between the two best planes of the two rival services would divulge vital information.

The letter also said such an event would serve no useful purpose. The air force said the B-36 operating at 40,000 feet and above could not be intercepted by any fighter plane now in existence.

The personalities involved have a high fireworks potential. They include Secretary Johnson, Air Secretary Symington, industrialist Floyd Odlum and Rep. Vinson, a veteran of many big-time investigations during his 35 years in the house. Rep. Van Zandt (R-Pa) brought the B-36 controversy to the house floor in a speech recently. He said he had heard "ugly, disturbing reports" concerning the connections of Johnson, whom he referred to as "my old friend", Symington, and Odlum, of consolidated Vultee corporation.

editorials

John L. Lewis' Great Battle —

John L. Lewis — in ordering his 500,000 miners to take a one-week holiday — wasn't battling the mine operators. He was fighting something bigger—over-production. It's too early to tell, but the suspicion arises that the mine industry will secretly cheer the "holiday". The whole affair is tied up with the mysteries of economics. John L. Lewis didn't clarify it any when he said "the magnificent production efforts of the mine workers during the current year have created menacing instability in the mining industry." Instability is the key word. For "magnificent production efforts" have outraced the demand for coal. At the moment there is an 80-day supply of coal on hand; and the season to stockpile coal is just beginning. According to theory, when there is more coal than people want, the price for coal will drop. This would hurt the coal operators. It would hurt the United Mine Workers and its increased pay. It would benefit the public at large. Lewis — determined not to be hurt — has decided to reduce the over-supply of coal by not mining any for a week. That would artificially keep the price of coal up. The operators would benefit; the UMW would benefit. The public — in the long-run — will be hurt by paying artificially-inflated prices. The over-production theme has been dumped into our laps with one loud thump. No one has heard of it before. But John L. Lewis and his miners have. They've been tossing in their sleep for months. In coming contract demands, Lewis is planning to ask that the 40-hour week be reduced to a 6-hour-day, 5-day week. But he wants the same amount of pay. He'd also like to put a quota on coal production to keep supply from catching up with demand. The union and operators have a 723,000-ton quota on Pennsylvania hard coal now. In a sense, the one-week holiday will strengthen Lewis' bargaining hand with the

coal industry. With huge above-ground stockpiles of coal on hand, the operators can act indifferent to union threats of striking. But the issue is not that simple with union on one side of the fence and management on the other. If coal prices drop, management stands to suffer with the union — although not as much. Lewis recently contrasted the condition of British coal mining with America's. He claimed that Britain is unable to boost coal output — and, in turn, stage a rapid industrial recovery — because her miners' union has long opposed technological change in the coal mines. In the U.S. it was different, Lewis said. "By increasing our productivity here we were able to pay in wage structure more than three and a half times more than Great Britain on a weekly average, with an output six times as much per man employed at a cost of less than one-third of their cost." Apparently, coal mine efficiency has caught up with the mine workers. Lewis is trying to decrease supply with man-made work stoppages and to "spread-the-work" with a shorter work week. Understandably enough, Lewis is pledged to preserve the living standards of his men. Stoppag measures, however, may not do it. Lewis himself has explained that it is not difficult to force miners out of their jobs. It's tough, dirty work and many miners are happy to migrate to other jobs. Traditionally, a large percentage of miners' sons leave the coal towns for other jobs. This in the past has been the spur for mechanized coal mining. It has been the basis of high wages for the shrunken mining force. It may take a mass migration from the coal fields before Lewis has his "instability" cured. This is the big problem the mine chief is struggling with; it will be a problem for a long time to come. It may be either the supreme triumph or the last, fatal battle for John L. Lewis.

Civil Service Jobs 'Plentiful'

Civil service jobs in many different fields are still plentiful, Lester J. Parizek, local civil service secretary, said yesterday. Summer jobs as engineering aids are still open and a few soil conservation trainees are still needed for this summer, he added. Permanent jobs that may be applied for now include positions as a medical technician, accountant, auditor, chemist, psychologist, draftsman, engineer, geologist, photographer, specialists in various photographic fields, practical nurse, soil conservationist and many others.

Wesley Foundation Holds Area Camp

Eight representatives of the SUI Wesley foundation will attend a regional Methodist student camp June 11-18 at Epworth Forest, Leeburg, Ind., Mrs. Helen Larson, student secretary, said yesterday. They are Jolee Fritz, A3, Allentown, Pa., Wesley Frohardt, A3, Council Bluffs; Norma Kacrovsky, A4, Cedar Rapids; Dick White, A3, Burlington; Wesley Benson, E2, Grand Island, Neb.; and Rodney Gist, A3, Rutland, S.D. The Rev. Robert R. Sanks, students' minister, and the Rev. Robert B. Crocker, married students' minister, will go to the camp as instructors. Delegates to Epworth Forest will be from 10 mid-western states and from several foreign countries, Mrs. Larson said.

Revenue Agent Resigns

C.H. Hutchinson, local deputy collector for the U.S. bureau of internal revenue, announced his resignation yesterday. Hutchinson did not disclose his future plans except that he would remain in Iowa City.

Benton Street Bridge Gets Sidewalk Today

Pouring of concrete for the sidewalk on the north side of the Benton street bridge probably will begin today, City Engineer Fred E. Gartzke said yesterday. Only road curbing extends along the south side of the bridge. Jensen Construction company workers this week have been setting forms for paving the north half of the west approach to the bridge, Gartzke said. The south half of the approach was paved last week.

MARRIAGE LICENSES ISSUED

Marriage licenses were issued yesterday in the Johnson county clerk's office to Lawrence J. Barnes and Barbara Mae Paulus, both of Iowa City; George W. Huthstainer and Margaret Verna Wells, both of Iowa City; Mark Hershberger and Mary Yoder, both of Kalona; Herbert N. Schnoebelen and Berned Cook, both of Lone Tree and to Otto G. Paegner, High, Ia., and Dorothy K. Hertel, Amana.

Spray Fruit Trees Now, Bureau Says

A second spraying of fruit trees to protect them from insects should be done at once, Emmett C. Gardner, farm bureau extension director, said yesterday. The first application should have been made two weeks ago. Two-week intervals should elapse between spraying. If a lead arsenate spray is used, an efficient solution consists of six level teaspoons of lead arsenate and an equal amount of hydrated lime in three gallons of water, Gardner said. A preferred spray, he added, consists of one pound of D.D.T. to 50 gallons of water. For apples, pears, plums and cherries, two and a half quarts of liquid lime sulfur should be added to the above D.D.T. solution. Peach trees should be covered with the lead arsenate formula with nine teaspoons of wettable sulfur added.

Television? Antenna Tests FM In Local Area

Television hasn't come to Iowa City yet, although many SUI students thought so yesterday. It wasn't in that light blue automobile with the antenna on top that many students saw parked in front of Racine's Cigar store most of the afternoon. G.B. Thomas, road agent for the A.A. Schneidegahn Co. of Des Moines was testing out FM radio reception in the Iowa City area. With his super-sensitive Zenity set he was able to pick up a dozen stations, two from as far away as Dubuque, over 90 miles from here. In general, however, Thomas predicted that FM owners in Iowa City would be able to pick up about six or seven stations without an aerial and about twice that many with one. "Although FM is the clearest radio reception ever devised," Thomas said, "its hearing range is cut down by the fact that FM waves do not curve around the earth but go straight off into space."

Police Court Fines Three Persons \$28

Three persons paid fines of \$28 in police court yesterday afternoon. Robert Goodie, whose address was given as 312 Lafayette street, was fined \$12.50 on a charge of disturbing the peace. Charged with operating a motor vehicle without a valid driver's license, Ernest Hartsock, address not given, was fined \$12.50. For operating a truck without displaying proper license plates, the owner, Wilbert Frantz, 904 Kirkwood avenue, was fined \$3. Thirty-four persons paid fines totaling \$53 for parking violations, according to Tuesday's police docket.

SUI Grad Students Get Music Awards

Kenneth Klaus Jr., and Reinhart S. Ross, both graduate students from Iowa City, yesterday were named among the winners of a young composers contest sponsored by the Iowa Federation of Music Clubs and Radio Station WHO. Klaus won \$25 for second place in the chamber music division with his "Movement for String Quartet." His "The Widow Bird," entered in the choral division, won a \$25 first prize. Klaus received honorable mentions for "Dirge," a choral work and for two solo works, "Theme and Variations for Piano" and "Sonatina" for violin and piano. Ross received a \$10 second prize for his "Litany," a choral work.

HOW TO GET AN APARTMENT

No, we don't have any magic secret to tell you how to find an apartment. In fact, it's common knowledge that Daily Iowan Want Ads have been getting good results for apartment-hunters.

Those who advertise in the "Wanted To Rent" classification often call us and ask to cancel their ads because they've found a place. Sometimes it only takes one insertion.

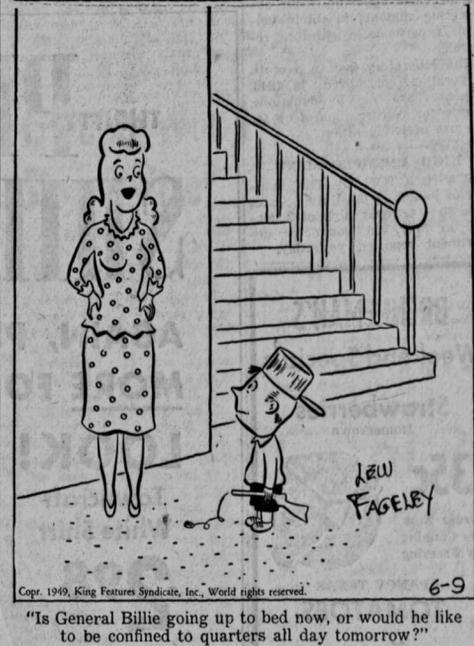

It's easy to see why this happens. Iowa City property owners know the Iowan reaches thousands of students, so they keep close tabs on the Want Ad page.

You can get your message before these renters. We can't guarantee you'll get your dream apartment, but for the inexpensive rates, it's certainly worth a try. Try a Want Ad today.

Rent Control Still Needed, Barker Says

Any action by the city council to decontrol rent in Iowa City would only lead to additional hardships for tenants, Prof. S. B. Barker, local president of the American Association of University Professors, said yesterday.

The statement was made following an announcement by Sam Whiting, temporary president of the Property Owners and Taxpayers Association of Iowa City and Johnson county, that the association would soon ask the city council to decontrol rents.

Such action is possible under the latest rent control bill passed by congress earlier this year.

Whiting said the way the housing shortage is shaping up, the community may even have a shortage 10 years from now.

Barker said that such a statement is an argument for rent control, not against it. "It proves that rent control is still needed in Iowa City," he explained.

Whiting asserted that many owners are keeping housing off the market because they are disgusted with controls on rent. He said he could list 50 apartments withdrawn from the market for this reason.

Both Whiting and Barker said there is no justification for unfair rents, but Barker asserted that a landlord "is entitled to a reasonable return on his property investment."

Two other groups in the city the Young Progressives of America and a "Citizens' Committee for Rent Control," are also active in opposition to decontrolling rent.

Larry Kaplan, vice-chairman of the Young Progressives, said, "we will continue to oppose decontrolling of rent and will work with the citizen's committee in mapping a campaign against it."

Polish Damage Suit For Gerhart Eisler Rejected by British

LONDON (AP) — Great Britain yesterday firmly rejected a Polish demand that Britain pay damages to Gerhart Eisler and punish the men who dragged the fugitive Communist from the Polish steamer Batory off Southampton May 14.

A 5,000-word British note delivered to the Polish foreign office in Warsaw rejected Polish charges paragraph by paragraph and accused Poland of using the case for "political propaganda."

The note also complained that Poland's formal protest over the Eisler case had insinuated that the United States exercised undue influence over British action.

"This is not true," the British note said.

The note added that Eisler's arrest was "in strict accordance with international law" and that British police used only "the minimum degree of force necessary to overcome his resistance."

The lengthy British reply to a Polish note of May 17 recalled that Great Britain arrested Eisler at the request of the United States which wanted to extradite the German Communist to the United States on a perjury charge.

Mrs. Lawyer Dies At Mercy Hospital

Mrs. Elmer E. Lawyer, 78, a life-long resident of Johnson county died at Mercy hospital yesterday morning following an illness of several weeks.

The body is at the Oathout funeral home. Funeral arrangements are not yet complete.

Mrs. Lawyer, a resident at 1121 E. Burlington street, was born in Johnson county, Dec. 20, 1870, the daughter of John and Wilhelmina Berschel. She attended Iowa City academy and taught in the Johnson county rural schools. Mrs. Lawyer worked in Yetter's department store for eight years.

She was married in 1903. Her husband is a retired dental laboratory technician.

Survivors include her husband; one daughter, Mrs. Glenn W. McMichael, Waverly; two brothers, Edward Miller, Canby, Minn., and Charles G. Miller, Mason City; three grandchildren, and several nieces and nephews.

Edward S. Rose says —

We are open each week day EVENING including Saturday — to serve you for your Drug and Medicine Wants—Vitamins—Baby Needs—and of course to fill your PRESCRIPTION — a friendly Pharmacy —

A Fish Eye View of Iowa City's New Pool

(Daily Iowan Photo by Bruce Weiser)

MIGHT BE A MERMAID looking in (or is it out?) one of the underwater windows of the new City park pool, but it isn't. It's Donna Kendall, A3, Rock Island, a member of Alpha Delta Pi social sorority. With the permission of the pool authorities, she dived down for a watery portrait taken from the tunnel that runs along the deep end of the pool. Starting June 11, this fish's eye view will be open to the public.

Three Engineering Professors to Talk At Meeting in N.Y.

Three SUI engineering professors will take part in the 57th annual meeting of the American Society for Engineering Education at Rensselaer Polytechnic Institute, Troy, N.Y., June 20-24.

Dean F.M. Dawson, vice-president of the society and chairman of the Engineering College Research Council, will preside at the annual business meeting of the council June 21.

He also will be chairman of the second general session June 22. The annual report of the Engineering College Research Council will be presented by the dean at the session.

Prof. H.O. Croft, head of the mechanical engineering department will be chairman of the American Society for Engineering Education committee on constitution and by-laws June 20.

He will preside at the international guest dinner and conference, June 22. Croft was president of the society for 1946 and 1947.

E.B. Kurtz, head of the electrical engineering department, will demonstrate "The Polyphase Oscilloscope and Some of its Derivatives" June 22.

Members of the society will discuss all phases of engineering instruction and research problems at the meeting, Croft said.

About 100 members outside North America and 60 visitors from various parts of the world will participate.

Princess Margaret Plans Visit to U.S.

LONDON (AP) — Fun-loving Princess Margaret Rose plans to visit the United States for several weeks this fall.

It's to be a private trip, but she will play a goodwill role.

Sources close to Buckingham palace said yesterday the princess, younger daughter of King George VI and Queen Elizabeth, will go to Washington and New York and "probably will travel outside" those cities.

The visit to the United States, like that continental tour, is billed as "purely private."

Once regarded as the "playgirl of the palace" because of her gaiety and love for pranks, the princess now is looked upon as Britain's ambassador of goodwill. She has made a series of tours within Britain, studying courts, schools, hospitals and industries.

One of Princess Margaret's concerns is her press reception.

During her tour of Italy, newsmen and photographers swarmed after her nearly every minute. Some London newspapers finally printed editorials urging that newsmen "let her alone."

SUI Dean Warns U.S. Senate Medical Education Threatened

The future of medical, dental and nursing education at SUI will be seriously threatened if the trend in downward revisions of budgets continues, Dean Carlyle F. Jacobsen of the division of health sciences and services said in Washington recently.

Insufficient legislative support has made it necessary to revise downward the budgets for medical and dental colleges at a time when demands are being made upon them to train more doctors and dentists, Jacobsen told the committee on labor and public welfare of the U.S. senate.

Jacobsen praised the people of Iowa who have provided a medical center and indigent-care program. He pointed out that education must compete for tax support with many new and worthy welfare programs.

Jacobsen represented the Association of American Medical Colleges and the National Association of State Universities.

He delivered his statement at the invitation of the committee during its hearings on proposed legislation to aid education in the health sciences.

He told the committee that it is the general opinion of the members of the National Association of State Universities that federal assistance is needed and desirable if the quality of present day education in the health professions is to be maintained.

The greatest need, he said, is for funds for the operating budgets of the medical and dental schools. Following this is the need for funds with which to expand the physical plants of the schools.

CLOSES BRIDGES' INQUIRY SAN FRANCISCO (AP) — The federal grand jury yesterday concluded its investigation into alleged violations of naturalization proceedings by Harry Bridges and the government said it planned no further indictments.

Snider Fined \$500 By District Court

Everett Ray Snider, former power plant superintendent at SUI, pleaded guilty in Johnson county district court yesterday to charges of obtaining property by false pretense, and was fined \$500 or five months in Johnson county jail.

Snider was arraigned on county attorney's information. Charges of embezzlement by a public official against him were dismissed.

Frederick Oscar Hansen, Route 1, Iowa City, charged with drunken driving in county attorney's information, was fined \$300 and costs.

Hansen changed his plea from not guilty to guilty during the court session. In addition to the fine, Hansen's driver's license was suspended for 60 days.

Two Polio Patients Shifted to 'Inactive'

John Rayman, 7, Elberon, and Sherille McDonald, 4, Grinnell, polio patients at University hospitals have been transferred to the "inactive" ward, hospital officials reported yesterday.

Both were admitted to the hospitals May 31. Officials reported their conditions as "good."

Authorities also reported as "good" the condition of Robert Bantz, 11, Wellsburg, although he is still confined to the "active" ward. He was admitted to the hospitals Monday.

Try and Stop Me

By BENNETT CERF

IN THE southern corner of the new state of Israel there is a flourishing seaside resort named Nahariya. It was settled originally by refugees from Hitler, and every aspect of the town, every characteristic of the inhabitants is so emphatically German that when a United Nations commission was wondering whether to allot the town to the Jews or the Arabs, the mayor himself expressed little or no interest. "What's the difference?" he explained. "Whatever they decide, Nahariya will stay German."

Mrs. Consolino was transporting her brood from Forest Hills to the Adirondacks. Somewhere north of Albany her oldest daughter asked, "Hey, mom, what was the name of the station we stopped at last?" "Don't bother me," said the distraught Mrs. Consolino. "What difference does it make?" "Not very much," conceded the little girl, "only Baby Brother got out there."

Posey to Continue Erosion Research At Colorado Lab

Prof. C.J. Posey, acting head of the civil engineering department, will leave June 17 for another summer of research work at the Rocky Mountain Hydraulic laboratory, Allenspark, Colo.

Posey, director of the laboratory, and other engineers will continue experiments in erosion around bridge piers by a process developed last year.

David W. Appel, Washington, D.C., graduate student in the department of mechanics and hydraulics, will work with Posey on the summer project. Several other graduate engineering students will leave for the laboratory after the summer school session.

A cooperative enterprise, the primary purpose of the laboratory is to facilitate research work of a fundamental nature in hydraulics and related sciences. The laboratory operates only in the summer.

Besides investigating problems in hydraulics, the research project provides opportunity for engineering students to obtain valuable experience in hydraulic research.

The laboratory is a non-profit corporation, organized in 1946. Expenses are met by donations, grants for research and fees for the use of its facilities.
