Truman Indifferent To Arms Aid Powers

WASHINGTON (AP)—President Truman said yesterday he doesn't care if congress fails to give him blank-check power to arm any foreign country he pleases. But he opposed any compromise on the amount requested—\$1,450,000,000. And he asked for speedy action.

Replying to reporter's questions at a news conference, the President also:

1. Said Mrs. Eleanor Roosevelt has made her annual courtesy offer to resign as a member of the U.S. delegation to the United Nations, but that he's not going to accept it.

2. Announced that the state department will publish today a big volume on U.S. relations with China. He said the aim is to insure that our far eastern policy shall be based on an informed public opinion, and to clear up "misrepresentation, distortion, and misunderstanding" concerning America's past policies in China.

3. Said it will be at least the next session of congress before anything is done about repealing the wartime excise taxes (on things like theater admissions, luggage, and telephone service) because the subject will require a great deal of study by experts.

4. Denied knowing James V. Hunt, who has been mentioned in a senate investigation of "five percenters" (people who help other people get government contracts), and denied receiving any match folders from Hunt. Mr. Truman made the denials after being told that Hunt bought from a St. Louis match firm 2,500 match folders inscribed "swiped from Harry S. Truman."

The President was asked if he would insist on blank-check powers. This was a reference to section 3 of the bill, which in effect says the President can help any nation he wants to help, in any manner he chooses, so long as he thinks this would benefit the United States in the long run.

Mr. Truman replied, "I don't care anything about blank-check power."

Fitzpatrick's License Suspended by State; Fails Driver's Exam

The state department of public safety has suspended the driver's license of Dr. D.F. Fitzpatrick, 903 E. College street.

His license was suspended for failure to pass a driver's examination and because of impaired physical condition, safety department officials said yesterday.

A registered letter was sent to Fitzpatrick yesterday notifying him of the suspension, officials said.

(No notification of the suspension had been received by either the police department or the county sheriff's office here yesterday afternoon.)

Fitzpatrick, who is the city physician, can ask the safety department for a hearing on the suspension, department officials said. Fitzpatrick was examined at the Johnson county courthouse Tuesday by Lt. Clarence Day of the Cedar Rapids highway patrol office.

The examination was called by the state department of public safety after Fitzpatrick was named by a coroner's jury here as the driver of the car which struck and killed George Lumsden, 5, of Iowa City on July 25. The accident was termed "unavoidable" by the same coroner's jury.

The estate of George Lumsden was opened in district court Wednesday. Gladys P. Lumsden, mother of the child, was named administratrix of the estate. Will J. Hayek and Jack C. White were named attorneys to represent the estate. White is Johnson county attorney.

CELEBRATES AT THEATER

LONDON (AP)—Queen Elizabeth celebrated her 49th birthday with a visit to the theater last night.

Daykin to Arbitrate In Railway Dispute

DES MOINES (AP)—Gov. William S. Beardsley yesterday appointed Prof. Walter L. Daykin, SUI, as the third arbitrator in the Des Moines transportation dispute.

Daykin, regarded as one of the state's leading experts on labor-management relations, is on the faculty of the commerce college at SUI.

Beardsley made the appointment after the other two arbitrators, Carl Linder and B. Reese Jones, reported they were unable to reach agreement on a third man. Under Iowa law, the governor must appoint the third arbitrator when the other two cannot agree.

The Des Moines Railway company and the streetcar men's union have agreed to submit two issues to arbitration. They are a union demand for a 22 cent hourly wage increase and a daily check of transit company receipts, to be made by the union. The decision of the board will be binding on both parties.

To Leave Soon . . .

Prof. Walter L. Daykin of the SUI college of commerce said yesterday he would go to Des Moines Wednesday as the third arbitrator in that city's transportation dispute.

He said he has received a leave of absence from SUI to act as arbitrator and explained the meeting there would not interfere with his duties here since summer school will also close Wednesday.

Daykin said during the past 12 or 15 years he has frequently acted as consultant in labor-management relations and as an impartial arbitrator of labor-management disputes outside the state of Iowa.

He recently returned from a consultant's conference with officials of General Motors corporation at Detroit, Mich., and Dayton, Ohio.

Daykin also is chairman of the advisory council of the Iowa Employment Security commission.

Seek Solon Woman On Forgery Count

A warrant for the arrest of Mrs. Ione May Myers, Solon, on a forgery charge has been sent to Webster county authorities by local police.

Detective Harland Sprinkle said Mrs. Myers is wanted here for the alleged forgery of a \$10 check written on the First National bank, and signed "Eileen R. Wyman," 327 N. Lucas street.

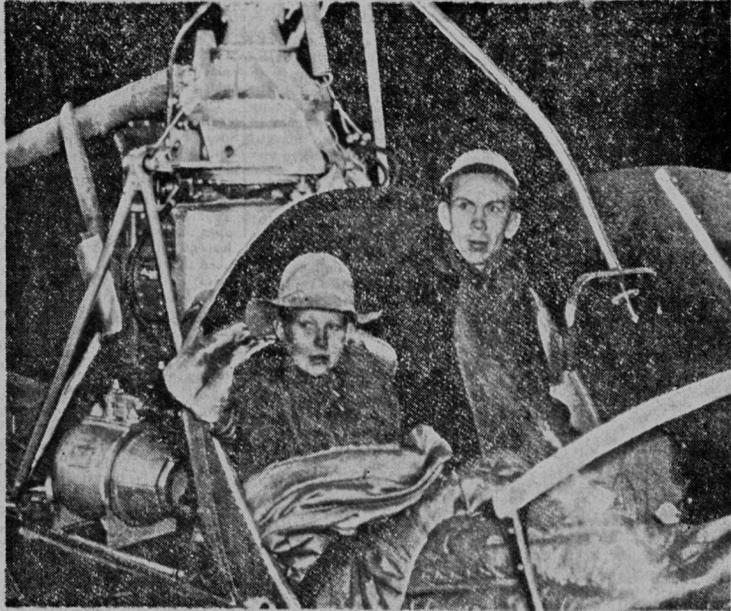

Her husband, Delbert, reported to police Wednesday his wife and 9-month-old daughter had disappeared. He said he believed they had gone to her parents' home in Webster county near Stratford.

Police said last night that Mrs. Myers had not yet been apprehended there.

Expect Peacetime Draft To Expire by June, 1950

WASHINGTON (AP)—Unless an unforeseen emergency develops the peacetime draft of manpower for the armed forces is expected to expire June 25, 1950.

There have been no draft calls by the armed forces since last January because there have been sufficient voluntary enlistments.

Injured Youth Evacuated by Helicopter

AFTER A PREVIOUS ATTEMPT failed because of weather conditions, a helicopter piloted by Jay Demming (right) landed in the wilds of the Sierra Nevada at dawn yesterday to rescue 12-year-old Terence Hallinan (left). The youth received a serious head injury when he fell from a horse Sunday and he could not be brought down the rugged trail because of his condition. Demming flew Hallinan to a hospital in Yosemite, Calif.

ECA Bill Hits Senate Snag On French Morocco Dispute

WASHINGTON (AP)—The \$5,647,724,000 foreign aid appropriation bill carrying funds for the second year of the Marshall plan was held up yesterday by a senate dispute over the treatment of American businessmen in French Morocco.

As a result of the alleged discrimination against Americans there, the senate threatened to shut off many millions of dollars in aid to France.

The issue was still unsettled when the administration took a hasty overnight recess.

Just before that move, the senate by a vote of 44 to 42 had overturned a ruling by Vice-President Alben Barkley that the proposed amendment denying aid was improper new legislation in an appropriation bill.

That opened the way for a vote on the amendment, probably today.

Before the French Morocco issue arose, the senate appeared to be making fast progress on the measure which contains funds for the Economic Cooperation Administration (ECA), government and relief activities in occupied areas and economic assistance for Greece and Turkey.

The administration had succeeded in knocking out a proposed \$50-million loan to Spain, sponsored by Sen. Patrick McCarran (D-Nev.). Barkley ruled that it was new legislation, and as such outlawed. When McCarran appealed, the senate upheld his presiding officer's ruling, 55 to 36.

But a slim majority overruled the vice president on the French Morocco matter. Sen. Richard Russell (D-Ga.) led the fight against Barkley's ruling.

'Chiefs' in London Agree on Defense

PARIS (AP)—The American chiefs of staff reported yesterday they have reached complete agreement with European leaders approached thus far on defense lines to be laid by Atlantic pact nations.

They hopped over to Paris from London yesterday afternoon. In London they met with army, navy and airforce heads of Britain, Norway and Denmark.

In Paris and at Fontainebleau they will meet for two more days with similar leaders of France, Holland, Belgium and Portugal, and Britain's Viscount Marshal Montgomery.

They already have visited Germany, and on Sunday will leave for Vienna.

Polio Deaths Reach 11 at SUI Hospitals

The third polio death in the last three days and the fifth in six days at University hospitals was reported yesterday by hospital officials.

Mrs. Rose Schultz, 37, Mason City, died at 9:50 p.m. Wednesday. She was admitted to the hospital June 19.

This was the 11th polio death of the year reported at the hospitals.

One new patient was admitted to the "active" polio ward yesterday. She was Patricia Schmitt, 5, daughter of Harold Schmitt, Peosta. She was reported in "fair" condition.

Foundation Pays . . .

The National Foundation for Infantile Paralysis will pay all medical expenses of a patient with polio if the patient or his family requests such aid, according to Mrs. Harold Blecha, vice-chairman of the Johnson county chapter of the Foundation.

Mrs. Blecha said the financial condition of the family has nothing to do with the amount of aid given. A family may request that all or part of the expenses incurred be borne by the Foundation.

Earlier in the week, Basil O'Connor, president of the National Foundation, said that organization pays whatever part of the cost of polio care is not met by public budgets or the resources of the afflicted individual.

Mrs. Blecha said in order to receive aid the family of the patient must request their doctor to forward a list of the expenses to the local chapter, which will then pay the bill.

If the local chapter should run out of funds in the event of an epidemic, the national organization will make more funds available.

These funds are obtained each year through the "March of Dimes" campaign. Half of the money collected in each county is retained by the local chapter and the other half is forwarded to the national organization.

Mrs. J.K. Schaff, 426 Bayard avenue, is chairman of the Johnson county chapter.

New Wing Planned For Hillcrest Dorm; To House 137 Men

Construction of an addition which will house 137 men is planned for Hillcrest, men's dormitory, SUI Architect George L. Horner said yesterday.

Bids for construction of the addition will be opened Sept. 7 at 2 p.m. at Schaeffer hall, Horner said.

A public hearing on the project is scheduled for 1 p.m. Aug. 19 at Horner's office in Old Dental building.

Hillcrest, which is on the west side of the SUI campus, will house 550 men this fall. The addition will extend southward about 150 feet from the tower at the southeast corner of the present building.

Action on increasing the capacity of Hillcrest followed by one day the acceptance by SUI of a \$400,000 addition to Currier hall, women's dormitory. SUI officials indicated that the immediate plans for Hillcrest are only part of the general university enlargement program.

In 1946 SUI announced plans to double the capacity of Hillcrest, by adding a large T-shaped wing with its main section paralleling Grand avenue.

This proposal would have provided a total capacity of 800 students and would have included a student dining hall extending along the west side of the enlarged dormitory.

SUI officials said that due to continuing unfavorable conditions in the building trade, the dining hall and the rest of the T-shaped addition had to be postponed.

Seth J. Temple-Arthur Temple architectural firm of Davenport prepared plans for the Hillcrest addition.

Hunt Admits \$5,000 Cut on DDT Deal

WASHINGTON (AP)—James V. Hunt, Washington management counselor whose business dealings are under scrutiny by senators investigating "five percenters," said yesterday he once saved a client \$400,000 by getting the army to repossess a million DDT "bombs."

He said he got \$5,000 from the transaction, or about 1 1/2 percent of the money he claimed he saved his unnamed client.

Hunt declared emphatically that he had never sold his services to clients on the basis of inside information or inside contracts, and said he didn't know anybody in the government who can be influenced in the slightest degree.

Since opening his office three years ago, he estimated he had grossed between \$150,000 and \$200,000.

SENATE BACKS SEIZURE

HONOLULU — A majority of the Hawaiian senate in a surprise move last night backed government seizure of island docks as the solution to the territory's 96-day-old waterfront strike.

GOP Elects Gabrielson As National Chairman

Seeing Double in the Morning

If Hubert "Blue" Rood, owner of the Royal Cafe at 223 S. Dubuque street, can track down his new phenomenon, he has something that will beat the wingless chicken all hollow.

Of 31 eggs served by 8:30 a.m. yesterday morning, 28 had double yolks.

"Blue" said he doesn't know where the produce man got the eggs, but he's going to find out.

War Contract Frauds May Total \$6,280,000

WASHINGTON (AP)—Comptroller General Lindsay C. Warren said yesterday that fraud or bribery involving army officers and other government employees was indicated in award of "numerous" wartime contracts.

A mere sampling of contracts turned up \$6,280,000 in fraudulent payments on contract settlements, he said, indicating that the overall total would be much greater.

Citing the award of contracts for writing wartime training manuals, he said there were signs of fraud or bribery in a number of cases. The disclosures were the result of regular checkups made by the comptroller general's office whose task is to audit government accounts.

Warren estimated, at least \$274,273 was obtained fraudulently in settlement of the contracts at the end of the war.

On top of that, he said, evidence indicated that at least 25 of the contracts, priced at \$505,597, were for duplications or were unnecessary.

Warren referred to contracts for preparation "by various commercial writing agencies in the New York City area" of technical manuals concerning maintenance and operation of equipment.

Interim Committee Approves Hospital

DES MOINES (AP)—The state legislative interim committee yesterday allocated \$847,115 to build a patients building at the Independence State hospital.

In other action yesterday the committee approved a contract to J.W. Darragh, Cedar Rapids, for \$3,511 to install an underground pipe system connecting employe buildings at the state sanatorium at Iowa City.

CAN'T HIRE SERVANTS

DES MOINES (AP)—Attorney General Robert L. Larson ruled yesterday that state employes may not hire domestic or personal servants at state expense.

BIGGEST JEWEL ROBBERY

NICE, FRANCE (AP)—The robbery which cost the wife of the Aga Khan her jewel collection was the biggest in the history of the famous Lloyd's Insurance Underwriters organization, it was disclosed last night.

Workman Gets 'Tared' After Fall

A 30-FOOT FALL from a scaffold into a gas storage tank in Milwaukee proved to be a messy experience for John Millonig, 55, but he was not injured seriously. He landed in a six-foot deep pool of water and tar. Rescue workers are shown hoisting Millonig to safety in a "life bag."

SUI Graduate Succeeds Scott After Stiff Fight

WASHINGTON (AP)—Guy George Gabrielson, 58-year-old New Jersey lawyer - industrialist, was elected chairman of the Republican National committee yesterday by a bare majority after a stiff all day battle.

Born in Sioux Rapids, Iowa, he was graduated from SUI and then went on to Harvard for his law study. He obtained his degree just in time to enlist as a private in World War I and came out of the army as a second lieutenant in 1919.

Gabrielson is married and has two children. He commutes daily from his farm at Bernardsville in the rural stretches of Somerset county — some 30 miles west of New York City.

The vote was 52 for Gabrielson to 47 for Axel J. Beck, farmer - lawyer of South Dakota, and one for A. T. (Bert) Howard, Nebraska state chairman and Scots Bluff real estate operator.

There were 102 members present or represented by proxy and the committee counsel had ruled that 52 votes were needed to win. Only 100 votes were cast because Gabrielson and Beck, both committeemen from their states, passed. Howard is not a member of the committee.

Gabrielson succeeds Rep. Hugh Scott Jr. of Pennsylvania, a Thomas E. Dewey selection who bowed to demands that he quit in the interest of party harmony after serving only a little more than a year of a four-year term. The post carries no salary.

Gabrielson was a 1948 supporter of Sen. Robert Taft of Ohio for the presidential nomination.

Abel V. Shotwell of Nebraska, who had voted for Howard, switched his vote before the result was announced to put Gabrielson over. Then the usual motion to make the election unanimous was made by Mrs. Roy F. Priest, Utah, who had voted for Beck, and it carried.

Harrison E. Spangler and Mrs. Charles S. Hickman, both of Iowa, voted for Gabrielson.

Blanch to Judge Art Show in Sioux City

SOUX CITY — Arnold Blanch, Woodstock, N.Y., widely known artist, will judge the fifth annual watercolor show sponsored by the Sioux City Women's club during November. After November the exhibit will become a traveling show.

Past winners include Marie Huper, 108 S. Linn street, who won first place in the second annual show. She will not enter this year's show.

Miss Huper won first honorable mention in 1948 for her painting, "City Hall," and won first purchase prize in 1946 for her painting, "Deserted Farm Number Two."

Miss Huper was a graduate assistant in the SUI art department during the 1948-49 school year. She recently joined the faculty at the University of Tennessee, Knoxville, where she will teach art history and drawing starting this fall.

Blame Taylor, Spellman For Czech Church Row

PRAGUE (AP)—Czech Communists charged yesterday that Myron C. Taylor, President Truman's representative at the Vatican, and Francis Cardinal Spellman, of New York, played a major part in engineering the church-state conflict in Czechoslovakia.

Mlada Fronta, the Communist youth paper, said Spellman and Taylor joined forces with the former Papal Nuncio here, the Rev. Genarro Verolino, to block agreement between the church and state and precipitate the present conflict.

PRINCE TO GO TO SEA
LONDON (AP)—Prince Philip, the Duke of Edinburgh, is leaving the Royal family in the fall to carry on toward his goal of becoming a seadog admiral of his future Queen's navy.

Tito Claims Nation Prepared for Any Attack

BELGRADE, YUGOSLAVIA (AP)—A confident Premier Marshal Tito has served notice Yugoslavia is ready to defend herself against any foe, "no matter who he might be," who tries to stop the nation's socialist development.

The warning was issued Wednesday at a dinner given in his honor by army officers and Macedonian political leaders at Skopje, Macedonia.

Tito told the army officers they are "in a state of alert in order to safeguard the peaceful construction of our socialist country."

He prefaced his remarks by saying his former comrades in east Europe's Communist nations are following the west's actions "in spreading rumors of a possible Soviet attack on Yugoslavia."

Tito went on to say: "Nevertheless, we are not vigilant here . . . we are prepared to prevent all provocations, to defend our country against everyone because anyone who might endeavor to hinder our peaceful

socialist construction and threaten our integrity would be our enemy, no matter who he might be."

"We can, comrades, build socialism in our country, never forgetting our duties toward the Socialist countries. We shall never do anything which might to the very least extent hamper the construction of socialism in those countries, but we shall not allow them to hamper the construction of our country."

Cardinals Rip Boston, 10-2, On 17 Hits, While Dodgers Slam Bucs Again, 11-3

'Birds' Keep 1/2 Game National Loop Lead

ST. LOUIS (AP) — The St. Louis Cardinals retained their half-game grip on the National league lead yesterday by battering the Boston Braves, 10-2, while Al Brazle and Ted Wilks held the Braves to six hits.

The Redbirds slammed out 17 safe blows against Johnny Sain, Glenn Elliott and Bob Hall. Sain Sain was knocked out of the box in the fifth inning.

It was Brazle's 12th victory, giving the Cardinals three out of the four-game series.

Brazle, who gave up three hits in five innings, was replaced at the start of the sixth after he had been struck by a batted ball.

Ron Northey, Redbird right-fielder, cracked out a homer in the third inning — his third of the year — and Jeff Heath got one for Boston in the ninth — his first of the season.

Stan Musial and Red Schoendienst both collected three hits out of five times at bat to lead the Cardinals.

Ed Stanky paced Boston with two for four.

Boxing scores: 000 010 001-2 6; St. Louis 301 031 073-10 17; Sain, Hall (8) and Crandall; Brazle Wilks (6) and Garagiola. HR: St. Northey. E: S. Heath. WP: Brazle. LP: Sain.

SAFE AT HOME ON A HIGH THROW is Pirate Outfielder Dini Restelli, who scores on Brooklyn Leftfielder Tom Brown's high throw to the plate. Restelli advanced on Danny Murtaugh's single in the third inning at Pittsburgh yesterday. Catcher Roy Campanella is leaping for the high throw. George Barr is calling the play. Once again the Dodgers cuffed the Pirates, this time 11-3. No. 6 and No. 8 are not identified.

Reds Top Phils Twice, 8-5, 9-1

CINCINNATI (AP) — The Cincinnati Reds knocked off the fading Philadelphia Phillies in both ends of a doubleheader yesterday, 8-5 and 9-1, to sweep a four-game series.

The Reds clipped three Philadelphia pitchers for 11 hits in winning the opener and Johnny VanderMeer, veteran Redleg southpaw, threw a five-hitter in the nightcap.

Putting together their biggest win streak of the season, the seventh-place Reds got off to an early start in the first game, knocking Russ Meyer from the mound with a four-run blast in the opening heat. Danny Litwhiler highlighted the uprising with a two-run homer, his second circuit blow in as many days.

The Reds extended their lead on Ted Kluszewski's homer, good for two runs, in the third. The Phillies pecked away at starter Kent Peterson and forced his retirement in the sixth. Ewell Blackwell finished up for the Reds.

VanderMeer, notching his third victory as against six defeats, had a one-for-two day at the plate and drove in two runs.

The Reds sewed up the nightcap with a five-run, second-inning against Hank Borowy and coasted in on Vandy's air-tight pitching.

Del Ennis spoiled VanderMeer's shutout with his 14th homer in the ninth.

Philadelphia 001 021 000-5 8; Cincinnati 002 001 013-8 11; Meyer, Konstanty (1), Trinkle (5), Donnelly (7) and Semnick; Peterson Blackwell (6) and Cooper. HR: Cin-Litwhiler and Kluszewski. WP: Peterson. LP: Meyer.

Woodcock Injured, Bout With Savold in Doubt

DONCASTER, ENG. (AP) — The world heavyweight boxing picture was thrown into added confusion — at least temporarily — again yesterday when Bruce Woodcock of England was injured in a truck accident, forcing a possible postponement of his Sept. 6 bout in London with Lee Savold of Paterson, N.J.

The 28-year-old British and European heavyweight champion suffered a slight concussion when a truck he was driving smashed into a tree near here. He was taken to the Doncaster Royal infirmary where his condition was described as "fairly comfortable." He is expected to remain in the infirmary several days for observation.

Schmitz Ends Giant Streak, 1-0

CHICAGO (AP) — Johnny Schmitz pitched a three-hitter yesterday as the Chicago Cubs ended an eight-game losing streak, with a 1-0 shutout victory over the New York Giants.

A home run by Andy Pafko in the second inning proved to be the decisive blow. It came off Larry Jansen, the loser, and ended a six-game winning streak by the Giants. Jansen allowed but four hits as his season record leveled off at 11-11.

Schmitz had a no-hitter going into the eighth inning. Sid Gordon, first up for the Giants, hit a slow roller towards third and beat it out for a single on a very close play that brought a squeak from the Cub bench.

It was the first hit off Schmitz. New York 000 000 000-0 3 0; Chicago 010 000 000-1 0 0; Jansen, Higbe (6) and K. Mueller Westram (8); Schmitz (7-8) and Owen. LF: Jansen (11-11). HR: Pafko.

Co-Favorite Eliminated In Women's Golf Meet

LAKE FOREST, ILL. (AP) — Pat Leith, young Elgin, Ill., golfer, turned in the first upset of the 23rd annual Women's Western junior golf tourney at Onwentsia country club yesterday, eliminating co-medalist Barbara McIntire, Toledo, 2 and 1.

The second co-medalist, favorite Marlene Bauer of Los Angeles, advanced to the finals with an overwhelming 8 and 7 triumph over Mary Ann Villegas, New Orleans. Miss Bauer was one under par for the 11 holes played, and turned the first nine in 37.

The finals of the tournament, an 18 hole match, will be played today.

ENTERS HALL OF FAME TOLEDO, OHIO (AP) — Walter Nothe, 31-year-old Toledo right-hander, entered baseball's hall of fame here last night when he pitched a no-hit no run 2-0 victory for the Mud Hens against Minneapolis.

Mullin's Fourth Hit Sinks Yanks in 11th For Hutchinson, 3-2

NEW YORK (AP) — A pair of innings worked overtime yesterday as the Detroit Tigers outlasted the New York Yankees, 3-2, in an 11-inning struggle.

Pat Mullin, who thrives on Yankee pitching, punched out the winning hit, a single to right that brought in Eddie Lake from third with the winning run after two were out in the top of the 11th.

It was the fourth hit for the Tiger centerfielder. Mullin's first hit, a single to center, scored Pitcher Fred Hutchinson in the third with the Tigers' first run.

Hutchinson, although relieved by Virgil Trucks in the 11th, was credited with the victory, his ninth of the year and fifth in succession.

Vic Raschi went the route for the Yankees and was tagged with his sixth defeat. He has won 15. Half of his defeats have come at the hands of the Tigers. They are the only team he has not beaten this season.

The defeat cut the Yankees' margin to five games over the third place Boston Red Sox.

The victory gave the fourth place Tigers the rubber game of the three-game set and evened their season series with New York at 9-9.

Detroit 011 000 000 01-3 9 0; New York 200 000 000 00-2 5 0; Hutchinson, Trucks (1) and Robinson; Raschi and Berra. WP: Hutchinson.

Brooklyn Win Ups Victory String to 5

PITTSBURGH (AP) — The Brooklyn Dodgers whipped the Pittsburgh Pirates, 11-3, yesterday to sweep the four game series. Gil Hodges, Duke Snider and Tommy Brown contributed home runs in the 14-hit attack which marked the Dodgers' fifth consecutive victory.

Big Don Newcombe went the distance although tagged for 11 hits and registered his 10th victory. He has lost three. The Pirates got nine of their hits in the first five innings, but could manage only two runs.

Vic Lombardi, former Dodger, was the loser. He was touched for seven runs before he was replaced by Murry Dickson in the fifth and was charged with his second loss. He has won four.

Hodges' homer, his 17th, sent the Dodgers off to a 2-0 lead in the second inning. The Brooks picked up three more in the fourth when Snider cracked his 17th four bagger with two mates aboard. Brown's homer came in the fifth with one on.

Brooklyn 020 322 011-11 14 1; Pittsburgh 001 100 010-3 11 2; Newcombe (10-3) and Campanella; Lombardi, Dickson (5) Casey (7) and Maci. LP: Lombardi (4-2). HR: Hodges, Snider, Brown.

Pro Golfers Begin \$66,000 'Gold Rush' At Tam O'Shanter

CHICAGO (AP) — The all-American championship, first installment of George S. May's \$66,200 golf carnival, today sends some 500 professionals and amateurs into a complex 10-day outing at Tam O'Shanter course.

Half of the field in the all-American's concurrent pro-amateur women's open circus will play 18 holes today. The other half shoves off tomorrow.

The \$20,000 all-American which leading money winner Sammy Sneed never has captured is only a prelude to May's "world championship of golf."

The "world" event, another 72-hole medal chase, starts Thursday. (Wednesday is held open in event of an all-American playoff of which there have been three in the eight previous meets).

In order to maintain player (especially) and spectator interest in his fairways marathon, May has a \$10,000 - \$7,000 - \$5,000 lure for win-place-and-show in the \$35,200 "world" affair.

The co-favorites are Sneed, the National PGA-Masters-Western open champion, and National open titlist Cary Middlecoff, who gave Sneed a merry chase in last week's Western at St. Paul, Minn.

Indians Take 2, Feller Wins

WASHINGTON (AP) — Cleveland shaved the lead of the New York Yankees to 2 1/2 games last night by sweeping a twilight, night doubleheader from the hapless Washington Senators before a crowd of 24,299. The Indians traveled 12 innings to capture the opener, 6-3, then coasted to a 14-1 victory behind Bob Feller's 6-hit pitching.

Dale Mitchell led a 20-hit assault on four Washington pitchers with five hits as Feller struck out nine for a personal season high.

Cleveland blasted Paul Calvert, who lost his ninth successive game, for five runs in the first two innings, then continued their heavy hitting against Al Gettel, Dick Welteroth and Lloyd Hittle.

Held to a 3-3 tie for 11 innings of the first game by rookie Dick Weik, the Indians unloaded two triples and two doubles to score three runs in the twelfth.

Cleveland 010 003 020 005-11 6; Washington 000 002 010 000-3 10 6 (12 innings); Faphis, Falge (6), Zolack (7), Benton (8), Lemon (9) and Hegan; Weik, Hayes (12) and Evans. HR: Cle-Gordon; Wash-Robertson. WP: Lemon. LP: Weik.

Cleveland 030 000 135-14 28 1; Washington 030 000 000-1 6 4; Feller and Hegan; Calvert, Gettel (2), Welteroth (9), Hittle (9) and Early. LP: Calvert

HOENIG GOLF WINNER CHICAGO (AP) — Don Hoenig of Thompson, Conn., yesterday won the fourth annual Hearst national junior golf tourney with a 72-hole total of 307, topping the field by 14 strokes.

Just About 'Down and Out'

GOING DOWN for an eight count is Johnny Delaney (right), Little Rock, Ark., as Ed Wright, Omaha, scores a fourth round TKO. The bout was part of a boxing-wrestling program at Kelley field last night. Wright is 6-feet, 7-inches tall, weighs a mere 240 pounds. His opponent is only a 200-pounder. The crowd voiced some disapproval over the energy the fighters exerted.

Andrews Eliminated In National Net Meet

KALAMAZOO, MICH. — James Andrews, 14-year-old Iowa City tennis star, lost in the fourth round of the national junior tennis tournament here yesterday to Jim Read, Santa Monica, Calif., 6-2, 6-2.

Andrews drew an opening round bye Monday, followed that with a victory over Wallace Holman, Wyoming, Ohio, 1-6, 7-5, 6-3 and Wednesday defeated Halpine, Omaha, Neb., 7-5, 6-4.

Andrews won the junior boys' singles title in the Missouri Valley meet, held in Iowa City recently, in addition to three other awards, won this season on Iowa courts.

Hints, W

Since these cool-but wet days may have postponed sun-bathing efforts, it's a good idea to recall the "do's and don'ts" of the process before next attempt.

The tan you may have acquired already is usually temporary and is perhaps fading. Therefore, your next venture "under the sun" should be taken with caution.

To offset parching effect of smooth generous quantities of baby oil or lotion into your skin before each beach or backyard sunning period.

Another reminder: expose yourself gradually and be careful what you expose. During the first outing when you see the skin becoming red, that's enough. There is another day ahead. Furthermore, it would be advisable to take your first few exposures before the midday sun is at peak.

Eye pads are another recommendation for sun bathing — help prevent squint lines and fading of the eyes.

No matter how late in the season, any near-water ventures calls for care. Water reflects sun rays and makes the sun a real burning problem, even for one who wears color campaign is well underway.

If you've had enough of sun rays, there's still the job of keeping your skin soft. Tanned skin usually becomes dry and leathery looking faster than fair skin. Keep skin lubricated, night cream with lanolin basis and with bleaching aids, are especially good.

If all this seems too much — there's always the cod liver oil bottle. It gives you the sun's benefits without the burn.

Jaycees to Stage Minstrel Program

The Iowa City junior chamber of commerce will stage a minstrel show, "Now and Then" Sept. 26 through 28 at City high school auditorium, Wayne Putnam Jr., president, said yesterday.

The musical comparison of the gay nineties and today will feature strictly local "amateur" talent, including Jaycees, Putnam said.

Ted Fish, of the John B. Rodgers Production company, Fosteria, Ohio, said the show will include acts such as a barbershop quartet contrasted with current vocal foursomes, bathing beauties and old and new music.

Fall Repairs Begin On Band Uniforms

SUI band uniforms are undergoing minor repairs in the music building this week, Prof. Charles B. Righter, band director, said yesterday.

Of the 175 uniforms, at least 80 or 70 need some work done on them each year. Most of the repair consists of sewing up torn and loose linings and replacing buttons which must be removed when the uniforms are sent for cleaning and pressing, Righter said.

Each fall before school opens, all uniforms are checked, cleaned and pressed, the band director said. At the same time buttons and belt buckles are burnished.

MASONS TO HEAR GOLFER

Frank O'Gonnor, SUI golf coach, will speak on "Operation of Finkbine Golf Course," and "Varsity Golf at SUI," before the Masonic service club at the Masonic temple, 312 E. College street, this noon.

Tweed for Fall

Miss Thea Sando will be honored at a farewell party by the Norwegian Women's group Monday at 7:30 p.m. at the home of Mrs. Oscar E. Nybakken, 1502 Sheridan street. Miss Sando leaves August 31 for Norway where she will attend school next year. The group will also elect officers at the meeting.

POSTMASTER NAMED

WASHINGTON (AP)—The senate yesterday approved Oscar A. Jaeger to be postmaster at Decorah, Iowa.

Hay Fever Season Hits City Before Usual Time

The 1949 hay fever season is arriving in Iowa City at least a week earlier than usual, according to the SUI department of hygiene and preventive medicine.

The department said the ragweed pollen count jumped yesterday to 54 granules per cubic yard of air. That's four granules above the 50 per cubic yard of air which is sufficient to irritate pollen-sensitive persons.

The pollen that causes all the trouble comes from the giant and small varieties of ragweed.

Because 700 or 800 local persons are sensitive to the pollen, the university department has begun issuing daily pollen counts for publication.

Dr. Roland Rooks, the professor in charge of much of the university's pollen investigation, explained that the daily counts are made with a device mounted on top of the medical laboratory building.

A vaseline-coated slide protected by the device is exposed for a 24-hour period. At the end of the period the slide is placed under a microscope so that the pollen granules can be counted. The slide count is the basis for the figure denoting the number of granules per cubic yard of air.

Hay fever gets much worse if the individual lives near a big ragweed patch where the pollen density is greater. Also the more active the pollen-sensitive person is, the more air he breathes and, consequently, the more pollen he takes in.

Those who cannot move to a locality where the pollen concentration is lower, may obtain some relief by using motor-driven window-type pollen filters in their homes.

Dr. Rooks and Dr. M.E. Barnes, head of the university department of hygiene and preventive medicine, report they have obtained favorable results with this method.

To be effective, however, a fil-

WSUI, KSUI Revise Broadcast Schedule

University radio stations WSUI and KSUI will broadcast on a new summer schedule beginning Monday, Program Director Richard Setterberg said yesterday.

WSUI will broadcast from 8 a.m. until 2:15 p.m. every day except Sunday. KSUI will be on the air from 4:30 to 7:30 p.m. every day except Sunday.

Setterberg said that WSUI will broadcast the commencement exercises Wednesday from 7:30 p.m. until the end of the ceremonies.

According to Setterberg, certain popular programs have been shifted to different broadcast times so they could be presented under the new schedule.

The radio stations will adopt a longer broadcasting schedule Sept. 19 for the school year.

25 County Youths Join Drivers' Club

Twenty-five rural youth members are now enrolled in the Johnson county safe drivers' club and will be contestants in a safe drivers' contest soon, Emmett C. Gardner, county extension director, said yesterday.

A second meeting of the club, sponsored by the county junior farm bureau, was held last night at which a lesson, "The Driver and His Car," was presented.

Winners of the county safe drivers' contest, to be judged by a performance test, will be sent to a state contest in November at Des Moines, Gardner said. Date of the local contest has not yet been set.

FAREWELL PARTY

Miss Thea Sando will be honored at a farewell party by the Norwegian Women's group Monday at 7:30 p.m. at the home of Mrs. Oscar E. Nybakken, 1502 Sheridan street. Miss Sando leaves August 31 for Norway where she will attend school next year. The group will also elect officers at the meeting.

Crawford to Leave SUI for Ohio Post

L.C. Crawford, district engineer of the U.S. Geologic survey and associate director of the SUI hydraulic laboratory, will leave Iowa City soon to take the post of district engineer in charge of geologic survey at Columbus, Ohio, Sept. 1.

Crawford, who lives at 1023 Kirkwood court, came to Iowa City in 1940. He has been with the geologic survey for 20 years.

Crawford and H. Garland Hershey, director of the Iowa geologic survey, were named members of the seven-man Iowa Natural Resources council last month.

Crawford was chairman of the Iowa City zoning and planning commission and chairman of the postwar planning commission.

He will return to Iowa City several times during the next six months to help with survey work now in progress.

Alexander Wilcox Weds Miss Lappin

Miss Kathleen Lappin and Alexander Wilcox were married yesterday afternoon at 2 o'clock in St. Thomas More chapel.

Mr. Wilcox, the son of Mrs. Robert H. Wilcox of Marlboro, Mass., is a graduate student in English at SUI.

The bride is the daughter of Mrs. Henry Lappin of Buffalo, N.Y.

The Rev. W. J. Kerrigan, Davenport, performed the wedding ceremony. Mr. and Mrs. Byron Burford, 103 Templin road, attended the couple.

Full House at Iowa Plant Study Laboratory

The Iowa Lakeside Laboratory's session is going "full blast" with all accommodations for students filled, according to Dean Bruce E. Mahan of SUI's extension division.

The laboratory offers students and teachers of biology, botany and zoology a chance to study Iowa's plant life in its natural setting during the summer months.

Situated on the west shore of Lake Okoboji near Miller's bay, the laboratory consists of nearly 100 acres of land in which grow many different plants suitable for study.

The 13,000 acres of water in Lake Okoboji, West Okoboji and Spirit lake contain types of marine life used in zoological study.

"This has been a good summer for study," Mahan said. The students have shown a great deal of interest and the faculty is well-balanced, competent and doing a good job, he said.

Hospitals Use Portable Respirators Polio Patients

Two portable respirators donated to the University hospitals last week by the Cedar county war chest are already in use, Dr. Paul, associate professor of al medicine at University said yesterday.

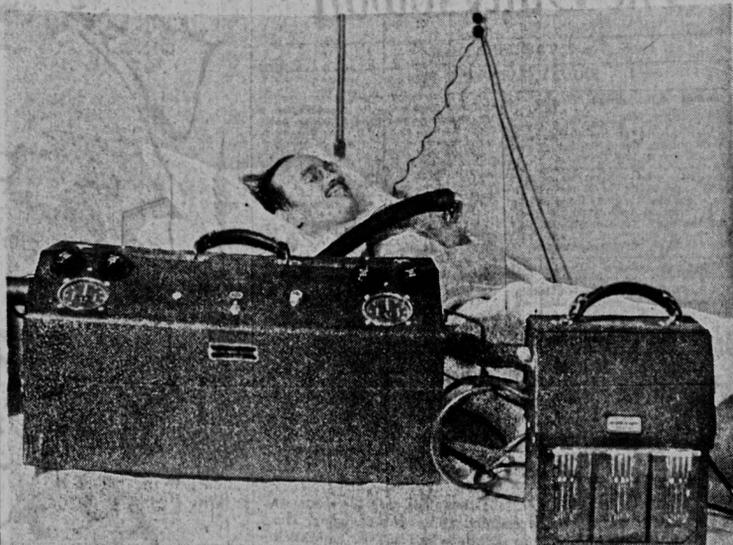

substitute for the "iron lung," portable respirators are the of this type which the hospital has had. This respirator can be operated from ordinary house current, batteries or by hand and used in ambulances or for the safety of polio patients.

Each of the portable respirators, at cost \$1,000 apiece, can take of two patients.

Patients from Cedar county will first priority on the portable respirators, which can be removed to the hospital for emergency use in the county.

Dr. Paul said that the gifts were a positive approach to a problem which we are fighting to control. The Cedar county war chest also donated two child-size wheelchairs to be used in the hospital isolation ward.

Portable Respirator Replaces 'Iron Lung'

A PORTABLE RESPIRATOR, which can be operated from ordinary house current, batteries or by hand, aids breathing for John Rouse, 30, post polio patient from Eldora. Two of these respirators which cost \$1,000 apiece were donated to University hospitals this week by the Cedar county war chest. The respirators also serve as substitutes for the heavier "iron lung."

Students Seeking 'Side Over' Work

Both married and single men and women students are looking for full-time jobs through August and early September, Robert Ballantyne, manager of the student employment office, said yesterday.

He said he has a list of about 53 men who want work of about any type including painting, plumbing, laboring and handyman jobs.

Many of the applicants, Ballantyne said, are willing to continue in part-time work after school begins.

From 25 to 30 women students desire clerical, sales and other types of work during this same period, Ballantyne said.

Any jobs available in the Iowa City area can be listed at the student employment office, room 111, University hall.

Market Index Climbs — Eggs, Spry, Pork Chops Up

After its price dip last week, The Daily Iowan market basket index bounced upward to its July 22 total of \$16.18 this week.

Three items led the price increase which totaled 12 cents over last week. They were grade A eggs, Spry, one pound can, and center cut pork chops, all of which dropped 4 cents.

Three items slid lower in price this week, market basket figures show. They were No. 2 can Tendersweet peas, "choice" round steak, and first grade bacon. Each dropped a cent.

	this week	last week

Total a year ago today, \$17.57.		

Veterans Register For Fall Semester

Between 450 and 500 veterans have registered for the fall semester at the veterans service center during the first two days of registration, William D. Coder, director of the center, said yesterday.

This registration, which started Wednesday and will continue through next Wednesday, is for the use of the VA only, Coder said, and will enable the VA in Des Moines to send the first subsistence checks more quickly this fall.

Coder estimated that fewer than one-half of the veterans planning to return to SUI this fall will register at this time.

About 35 percent of the returning veterans enrolled with the VA during early registration last year, he said.

DAUGHTER BORN

A seven pound girl was born to Mr. and Mrs. Laurence Fitzgerald, 315 N. Gilbert street, at Mercy hospital Wednesday.

Try and Stop Me

By BENNETT CERF

Cecil Osborne, Jr. tells about a six-year-old girl who bearded a bank president in his den and demanded a contribution to a fund her school was raising to send poor children to camp. The banker laid a dollar bill and a nickel on the desk and suggested, "Take your pick."

The little girl picked up the nickel and said, "Mama tells me I should always take the smallest piece." Then she picked up the dollar too, and added with a grin, "but I wouldn't want to lose the nickel, so I'll take this piece of paper to wrap it up in."

If puns disagree with you I advise you to skip the story of the father who came home and told his wife and children, "Go and pack up your duds. We're moving to Constantinople." The kids set up a terrific caterwauling, and insisted, "we downanna live in Constantinople," but the mother silenced them in short order. "Run along and pack," she ordered. "Daddy knows what's Bosphorus."

Tweed will go to college this fall with many variations, fashion experts say. Here crisp linen collar and cuffs are frosting the soft tweed suit. A leather belt and bone buttons complete its trim.

Chicago Police Kill Car Thief In Railway Station Gun Battle

CHICAGO (AP) — A trigger-happy gunman tried to shoot it out with more than 50 heavily armed policemen yesterday, but was cut to ribbons in a hail of lead after wounding three officers.

Edward Shumak, 22, was struck in the head and chest by the combined fire from machine guns, rifles and pistols. The end of the 20-minute pitched battle came when he poked his face out of a washroom doorway near the railway express baggage room in the North Western railroad station where he had barricaded himself.

Labor Board Sets Strike-Boycott Rule In Picketing Issue

WASHINGTON (AP) — The National Labor Relations board ruled yesterday that a primary strike does not become a secondary boycott whenever a third person refuses to cross the striker's picket line.

Board sources said the 4 to 1 decision is one of the most important rulings yet handed down in the case of labor unions accused of secondary boycotts under the Taft-Hartley law.

The board rejected the contention of General Counsel Robert M. Denham that the refusal of AFL building trades employees to cross a CIO picket line at the Bucyrus-Erie Company, Evansville, Ind., amounted to a secondary boycott prohibited by law.

The board majority said the Taft-Hartley ban on secondary boycotts was intended "only to outlaw certain secondary boycotts whereby unions sought to enlarge the economic battleground beyond the premises of the primary employer."

"When picketing is wholly at the premises of the employer with whom the union is engaged in a labor dispute, it cannot be called 'secondary' even though, as is always the case, an object of the picketing is to dissuade all persons from entering such premises for business reasons," the board said.

The CIO united electrical workers called a strike at the Evansville plant July 30, 1948. It set up picket lines around the plant, including a gate through which employees of the Ryan construction company, entered for work.

A SLAIN CHICAGO GUNMAN lies in a railway station washroom after losing a gun fight with the police. Ray Crane, chief of the uniformed police, looks the body over after the 20-minute battle in which the desperado wounded three officers.

City Oils Park Road To Help Dust Control

Street department workers this week oiled the ridge road in City park from a point north of the swimming pool to the southwest park gate, Street Commissioner Willard M. Irvin said yesterday.

Residents on Templin road adjacent to the west side of the park complained at a city council meeting last month about the dust from the park road.

Irvin said the parking area on the ridge road was not oiled and that completion of the oiling project would have to await laying of more crushed rock on the road and parking area.

Court Orders Eviction In Rent Default Suit

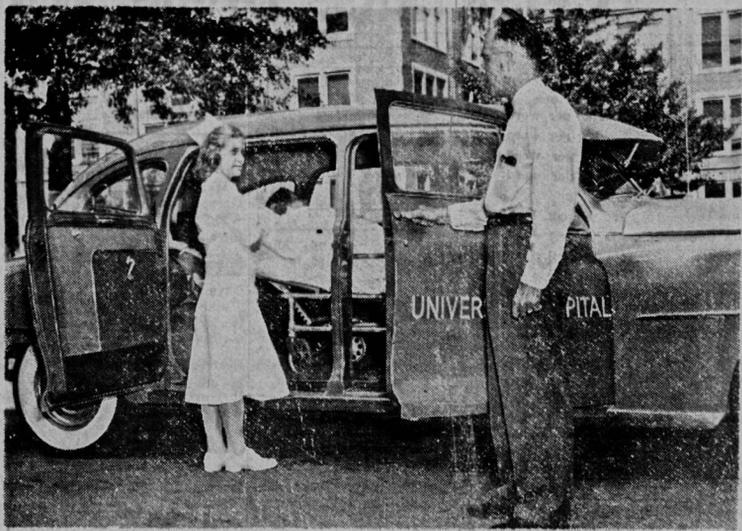

District Judge James P. Gaffney has ordered John L. and Blanche Bourke, Oxford, to vacate the house which they occupy as tenants.

The owner, Irene Rohret, claimed in her suit that the defendants had failed to pay \$5 weekly rent since March 22, 1948, and that total rent due her was \$335.

Gaffney postponed the eviction until Sept. 1. Attorney for the plaintiff is Emil G. Trott.

POLICE COURT FINES
Wednesday's police docket showed that 33 persons were fined a total of \$37 for traffic and meter violations. There were three dismissals.

Hospitals' Ambulances Cover All of Iowa

(Daily Iowan Photo by Roy Barron)

THE DOORS SWING OUT to admit a litter patient to one of the University hospitals' ambulances as Geneva Riggle, graduate nurse at General Hospital, looks after the patient's comfort. Traffic Clerk Robert Rea, a driver for the hospitals' ambulance service himself for 15 years, helps the nurse with the doors. The service has missed only five days on the road since it was inaugurated in 1932.

Ingrid to Seek Divorce, Retire from Films

ROME (FRIDAY) (AP) — Ingrid Bergman announced today she will divorce her husband, Dr. Peter Lindstrom, and retire from pictures.

The announcement did not mention Miss Bergman's Italian director, Roberto Rossellini, 43. However, well informed sources close to the Swedish actress said she intends to marry Rossellini after her divorce from Lindstrom.

Deep personal torment was revealed in Miss Bergman's typewritten statement which was handed to reporters shortly after midnight by her personal representative, Joseph Steele. She said:

"It was my desire not to make any declaration until the conclusion of the picture I am now making ('After the Storm')."

"But persistent malicious gossip that has even reached the point where I am made to appear as a prisoner has obliged me to break my silence and demonstrate my free will. I have instructed my lawyer to start divorce proceedings immediately. Also, with the conclusion of my present picture, it is my intention to retire into private life."

The beautiful actress, often called the world's greatest film star, has told close friends she is "fed up with being in the public eye."

Steele disclosed Miss Bergman had arrived in Rome, yesterday from the seaside resort, Amalfi, and is now in seclusion with friends here.

The actress and the director reached Amalfi Tuesday from Stromboli, volcanic island near Sicily where much of the action of their movie takes place.

Rossellini, famed director of such smash hits as "Open City" and "Paisan," was not available for comment.

A family source said Rossellini

had divorced Marcelle de Marchese several years ago in Budapest. The divorce was declared final in Italy only recently. Miss Bergman's 12-year-old marriage to Swedish Dr. Lindstrom often had been called the "perfect marriage." They have a daughter, Pia, 10, who is now in Hollywood with her father.

University Hospitals—

Ambulances Give Record Service Since 1932

By JOHN HERMANN

Only five days service missed in 17 years should be something of a record. That's the mark set by the University hospitals' unique ambulance service.

The service was established in 1932 and since that time weather conditions have kept the cars off the road only five days, according to Traffic Clerk Robert Rea.

The safety record of the service has been so outstanding that the insurance company has lowered the rates every year since the service was started.

The service, one of the most extensive of its kind in the country, has saved the taxpayers of Iowa hundreds of thousands of dollars since it was instituted, according to hospital officials.

They emphasized that the fleet is not used for emergency purposes. It is used only to transport state patients from their homes to the hospitals and back to their homes.

Transporting such patients in the hospitals' fleet of 22 ambulances saves 34 percent over other means of transportation that could be used, according to the officials.

Rea said the cars operate in 90 of Iowa's 99 counties every day, and can make the longest possible trip by 6 p.m. The longest

trip is to Osceola county near Rock Rapids.

The cars, 12 each day, start loading patients to be returned to their homes at 8:30 a.m. and usually complete the return trip by 3 p.m. the next day.

Rea said two cars are sent on one-day trips each day so that 12 cars will be available the next day.

In addition to the driver, women escorts accompany children and female stretcher patients.

The cars are washed every night. If something goes wrong on the trip within a "reasonable" distance of the hospitals, a mechanic takes a relief car for the driver and repairs the other car on the road.

The cars are stock models costing \$1,800-\$4,000 less than the custom-made ambulances formerly used. They can carry one litter patient and four passengers besides the driver, or the driver and eight ambulatory passengers.

A look at some statistics will give an idea of the punishment the ambulances are subject to. Last year the fleet made 3,100 round trips totaling 1,559,275 miles at an average cost of 1 1/2 cents per patient for each mile. Over 21,000 patients were transported by the service last year.

The fleet has covered 23,301,715 miles since 1932. Each car averaged about 7,500 miles per month last year.

Rea, a driver himself for 15 years, has driven 1,275,000 miles in the line of duty without an accident serious enough to require hospitalization.

A driver has to be a general handyman and a bit of a sleuth on the side, according to Rea. He said he has had to ford creeks and navigate countless country lanes to locate patients.

Before the present notification system was instituted, all drivers were required to carry authorization from the postmaster, general permitting local postmasters to give them information and directions for locating patients in out-of-the-way places.

On one occasion Rea had to search the crowd at a town festival looking for a young patient who, her mother told him, was wearing a green dress. He said he finally found her.

THREE KILLED
ALBERT LEA, MINN., 60, Three persons were killed and two injured yesterday when a car and a milk truck collided at a county road intersection 12 miles southwest of here.

Customers' Corner

A&P advertisements are designed to help you do your food budgeting and food shopping. This means that they must be both informative and accurate. We not only list the correct price of each item; but we see to it that information regarding grades, sizes, brands and varieties is honest information in every way. And while it is hard to anticipate consumer demand, we try to stock adequate supplies of each advertised item. If at any time you should find our advertisements confusing or misleading, or if the food or service in our stores should ever fail to live up to what we say in our ads, we hope you will let us know.
