Iowa City, Iowa, Friday, August 26, 1949 — Vol. 83, No. 228

The Weather

Mostly fair and continued warm today.
High temperature today 90; low, 68.
High yesterday, 89; low, 58.

Committee Hears Aide Used Truman Name to Aid Maragon

WASHINGTON (AP) — Maj. Gen. Harry Vaughan used President Truman's name to ease the way for a perfume trip to Europe planned by John Maragon, senators were told yesterday.

The President's military aide informed the state department in 1945 that Mr. Truman was "personally interested" in seeing that a passport was given for Maragon, the fabulous ex-shine-boy who once sported a White House pass.

Civil Rights Clause Dies

WASHINGTON (AP) — Reversing itself, the house yesterday killed an anti-segregation amendment, and then passed a bill providing \$3,750,000 additional mortgage insurance to aid home building by modest income families.

The measure the chamber approved overwhelmingly was a compromise that struck out, not only the civil rights clause, but also \$300-million in direct housing loans for veterans.

Then, in a double-barrelled move, intended to assure no let-up in the 1-million-plus a year rate of home construction, the house approved a separate "stop-gap" housing bill. This is for the senate to act upon in case that body hasn't time now to consider the big bill embracing the long-term program.

Also in the bill is authority for loans to educational institutions to house students and faculty members, and loans to aid the distribution of prefabricated housing.

Congress already has passed a bill, that was signed promptly by President Truman, calling for the construction of 810,000 publicly-owned dwellings in the next six years, with the government subsidizing the rents of low-income families up to a total of \$308-million annually.

The new bill is intended to help modest income families build their own homes.

Unofficial reports said the Communists led by one-eyed Gen. Liu Po-Cheng were thrusting at Kien-nan (Chiennan), Lungnam and Tingnan, all within 140 miles of Canton on a 35-mile arc.

No details were given, but there was speculation that the Communists were aiming at Kukung, on the Canton railway 125 miles north of Canton and 60 miles west of the reported Communist positions. This would force Nationalist armies farther north to retreat or risk encirclement.

COMMUNISTS PUSH Nearer to Canton

QANTON (AP) — The Communists were reported threatening points within 140 miles northeast of Canton last night, but a Chinese Nationalist spokesman said they wouldn't dare to go far because of government gains on the western flank.

Unofficial reports said the Communists led by one-eyed Gen. Liu Po-Cheng were thrusting at Kien-nan (Chiennan), Lungnam and Tingnan, all within 140 miles of Canton on a 35-mile arc.

Report of Discovery of St. Peter's Bones Causes Stir in Rome

VATICAN CITY (AP) — An American newspaper's report that St. Peter's bones have been found in a forgotten tomb under St. Peter's Basilica has stirred deep excitement here.

The New York Times reported Aug. 22 in a Rome dispatch dated Aug. 7 that the bones of the famed apostle—revered by Roman Catholics as the first pope of their church—are understood to have been found less than 20 feet under the main altar of the Basilica.

The newspaper said discoverers of the relics have been sworn to secrecy but quoted Vatican circles as saying Pope Pius XII himself was guarding the bones in an urn in his private chapel.

"According to officials," the Times continued, "the reason for keeping the discovery secret is that the pontiff, before making the announcement which, they said, will certainly be of tremendous interest for both Roman Catholics and non-Catholics, wants his archeological experts to gather proofs so incontrovertible that no one will be able to challenge their authenticity."

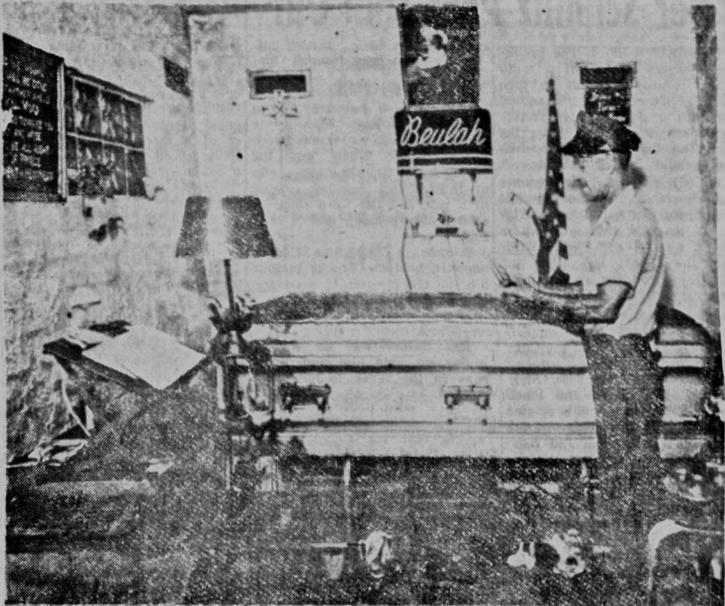

U.S. Says Ex-Nazis To Publish Papers

MUNICH, GERMANY (AP) — An official U.S. military government report disclosed yesterday that about 80 out of the 106 newspapers scheduled to appear in Bavaria when U.S. licensing controls are lifted next month, will be under the control of former Nazis.

The report indicated that the majority of publishers and editors planning to launch newspapers were forbidden licenses because of their Nazi background.

The survey, compiled by the military government press officer for Bavaria, said:

"There is evidence that many of these persons harbor resentment against the occupation, and against persons who received licenses to publish newspapers. There are also indications that the new newspapers published by these people will be Chauvinist, rabble-rousing, anti-democratic, anti-Semitic, and anti-American."

Wife Has Unusual Tomb

LOOKING AT A PICTURE OF HIS DEAD wife, St. Petersburg Mail Carrier Roy L. Acklin stands in the tomb he ordered for her. Her name, Beulah, is in neon lights above the casket. At the left stands a registration desk where 1,800 visitors have signed their names. A lamp at the head of the casket and a cross and picture of Jesus complete the furnishings.

No Re-Election, Truman Hints

Coroner Attributes Suffocation of Four To 'Suicide Pact'

BELLE PLAINE (AP) — A special delivery letter yesterday guided relatives to a lonely spot near here where four members of a family were found asphyxiated in an automobile.

A coroner termed it a "suicide pact."

The dead were Mr. and Mrs. Millard Parcel of Chicago and their two children, Keith, 7, and Kathy, 4. Parcel was 28 and his wife 25.

Mr. and Mrs. Charles Parcel, Belle Plaine, brother and sister-in-law of the dead man, found the bodies. They said they knew of no explanation for the tragedy.

Charles Parcel received the registered letter yesterday morning. It said: "You'll find us just north of the apple orchard in the bluff."

Mrs. Parcel said the Chicago Parcel family arrived Wednesday to pick up their daughter — who had been vacationing with her grandparents.

Tama County Coroner Harvey Jones, who was called into the case when it was discovered the tragedy occurred just outside Benton county, pronounced it "death due to carbon monoxide in a suicide pact." He said the special delivery letter stated the intentions.

Isolate Amoy . . .

HONG KONG (AP) — The Chinese Communists isolated the big port of Amoy on the Fukien province "invasion coast" yesterday and its capture appeared imminent.

Amoy and Foochow are on the Formosa strait opposite Formosa and Nationalists fear the Communists may invade the island refuge from this part of China's southeast coast. Foochow fell last week.

The Nationalist Central News Agency reported from Amoy that the navy had commandeered more than 68 craft there to maintain seaward communications and that foreign ships entering Amoy were subject to search.

Actress Loses Baby; Undergoes Surgery

LOS ANGELES (AP) — Actress Loretta Young yesterday lost the baby she and her husband, Thomas A. Lewis, radio advertising executive, had expected in February.

Later the actress underwent minor surgery.

VOTES VACATION

WASHINGTON (AP) — The house voted yesterday to let most of its membership go home and stay there until Sept. 21, whether the senate likes it or not.

Rutledge Gets Fan Mail, Warden Says

FORT MADISON (AP) — Percy Lainson, warden of the Iowa penitentiary, said yesterday Dr. Robert Rutledge, St. Louis, has received "plenty of fan mail" since he began serving a 70-year sentence for murder.

Rutledge is serving a second degree murder sentence for the hotel room stabbing of Byron Hatman, alleged seducer of Rutledge's wife, in Cedar Rapids last December.

Rutledge now is playing saxophone and clarinet in the prison band. The band plays for all meals and will furnish music for a prison musical in October. Lainson said Rutledge would remain with the band until after the musical, then probably would be transferred to the prison hospital as a nurse.

Provision Checks Europe Arms Aid

WASHINGTON (AP) — The administration's arms aid program was amended yesterday to enable the President or congress to "recapture" any weapons for western Europe.

The provision, adopted by the combined senate foreign relations and armed services committee, was one of two written in at the suggestion of Sens. Arthur Vandenberg, Mich., and John Foster Dulles, N.Y., Republican foreign policy team.

The President could cancel any arms shipment to Europe if he decided that it would not promote "self-help, mutual aid, and collective capacity to resist" under terms of the north Atlantic security alliance.

Dean Says Britain Won't Fight Russia

MOSCOW (AP) — The Very Rev. Hewlett Johnson, "red" dean of England's Canterbury cathedral, told a Russian "peace" conference that he could not believe Britain would fight the Soviet Union and that he found an "immense" peace sentiment in the United States.

Johnson was the final speaker at the opening session of an all-Russian "conference of peace partisans."

Recalling a talk he had had with Premier Josef Stalin four years ago, Johnson said Stalin was right when he said: "The greatest menace to peace may become the capitalist press."

Johnson said that it was during his recent lecture tour in the United States that he found an "immense" peace sentiment.

Johnson ended his speech with: "Long live the Soviet Union! Long live peace in the world."

Mrs. Cook, Memorial Award Winner, Dies

Mrs. Fannie Cook, 55, whose son, Howard, is a University hospitals resident administrator, died yesterday in St. Louis, apparently of a heart attack, the Associated Press reported.

An author, painter and worker for inter-racial understanding, Mrs. Cook won the first George Washington Carver memorial award in 1946 for her novel, "Mrs. Palmer's Honey." She is survived by her husband and two sons.

Brannan Sends Farm Proposal Out on Road

WASHINGTON (AP) — Secretary of Agriculture James Brannan sent his farm price subsidy proposal out on the road yesterday in the hope that farmers will give it a warmer reception than it got in congress.

He is looking toward next year's session, and the 1950 and 1952 political campaigns.

His salesmen are key Democratic party officials from 16 mid-western and western states. They had come here for a meeting of the Democratic National committee. Brannan gave them a pep talk yesterday morning.

Brannan said he is pretty sure the farmers will approve his plan as soon as they understand it. He didn't say whether that was the reason congress hasn't approved it. Some of the biggest farmer organizations have given it a chilly reception, too.

The nub of Brannan's plan is a "fair return" for the farmers and lower food prices for consumers. The spread, if any, would be absorbed by the taxpayers, which of course include both farmers and consumers.

He advocated dropping the government purchase and loan programs which now prop up the price of perishable farm products. (The taxpayer pays for any losses on these support operations too, of course.) Instead of being propped up, the perishables would be sold for whatever they would bring in the market.

B-36 Probe 'Blows Up; Worth Admits 'Error'

Clear Officials Of Dishonesty, Fraud, 'Drag'

WASHINGTON (AP) — The B-36 bomber investigation blew up with a dramatic bang yesterday as a navy critic of the billion dollar deal confessed he was all wrong, and a house committee exonerated defense officials of any fraud, collusion or dishonesty.

Weeks of rumors and charges of political chicanery were sponged off the books with startling suddenness when:

1. A suspended navy official, Cedric Worth, who started the whole thing with a sensational anonymous memorandum, admitted he had made a "great error."

2. The house armed services committee voted unanimously that its weeks of hearings had found no evidence to "support the insinuation that fraud, influence, collusion, corruption, dishonesty, or favoritism had any part in the B-36 procurement program."

These were the words of Chairman Carl Vinson (D-Ga) which the members quickly endorsed.

Voting with Vinson was Rep. James Van Zandt (R-Pa) who had touched off the inquiry with a speech in the house calling for an investigation of "disturbing reports" concerning Defense Secretary Louis Johnson, Air Secretary W. Stuart Symington and Floyd Odlum, financier whose Atlas corporation controls the company making the B-36.

The highly flying superbombers, counted upon to deliver the atom bomb to the enemy in case of war, are costing over a billion dollars. The charges included: (1) That the plane was obsolete; (2) That Odlum made great campaign gifts to the Truman cause when Johnson was fund-raiser last year; (3) That Symington might quit to take a big job under Odlum.

After yesterday's extraordinary committee session, Joseph Kennan, committee counsel, told reporters he thinks the charges Worth spread come from other and higher places.

"The area of infection is wider and deeper," he said.

New Missile . . .

WASHINGTON (AP) — Dr. Karl Compton said last night that the United States is developing an "exceedingly important" guided missile which the B-36 can use to protect itself against speedy jet fighters.

Compton, chairman of the defense department's research and development board, spoke with Sumner Pike, commissioner of the U.S. atomic energy commission, over CBS.

Compton said his board is supervising research on four general classes of guided missiles that "are in various stages of development."

He described as exceedingly important the "air to air" missile, "which may well become the principal artillery of air combat."

Knee Pads Might Come in Handy

HOLLYWOOD (AP) — Steven Meunier, age 14 months, is a pretty good skate.

At an age when many youngsters are just learning to walk, little Steven a-tounds neighbors by roller skating.

He's good, too. The standard skates are bolted to his shoes for safety. His parents, Mr. and Mrs. L. J. Meunier, take one other precaution. Steven always wears an extra diaper—for padding.

Say Satellites' Failure Reason for Russ Attack

BELGRADE, YUGOSLAVIA (UP) — Belgrade newspapers yesterday said Russia had taken over the direction of the Communist attack on Yugoslavia because her satellites had fallen down on the job and their propaganda was backfiring.

The Communist party newspaper Borba led the attack on the Soviet government and put the case of Marshal Tito's government clearly before the Yugoslav public.

The basic issue in the Yugoslav-Russian dispute, Borba said, is "whether espionage and propaganda . . . urging the overthrow of the state structure by means of force do not constitute an impermissible and anti-democratic mixing in the internal affairs of this country."

"The Soviet government decided to take the lead directly in the struggle against little Yugoslavia . . . because Yugoslavia arose in defense of equality between states, peoples and democratic movements," Borba said.

The only "guilt" of Tito's government, Borba said, is that it did not submit to attempts to dictate to her and make her a satellite.

What constituted a concerted attack on Russia by the press contained a new taunt that Russia apparently did not dare to publish the defiant notes which Yugoslavia has sent to Moscow.

Civil Rights Plank Still Splits Demos

WASHINGTON (AP) — The split between administration and southern States' Rights Democrats over civil rights appeared as wide as ever yesterday despite a peace bid from President Truman.

The President Wednesday night invited the southern bolters to come back into what he called a Democratic "national party." But he said they must be ready to go along with the 1948 platform—which included the civil rights plank that brought about the Dixie revolt.

This was no peace bid at all, some States' Righters said yesterday. They made it plain they had terms too, but that they were strictly against federal interference in what they regard as state problems. Civil rights, they said, still must be dealt with on a state basis.

Follows Up . . .

WASHINGTON (AP) — William M. Boyle Jr., Democratic national chairman, yesterday followed up ouster of southern rebels who bolted President Truman in 1948 by recognizing pro-Truman friends in Mississippi as acting members of the Democratic national committee.

They will replace, in Boyle's eyes, J. B. Snider of Clarksdale and Mrs. Hermes Gautier of Pascagoula whom the national committee ousted Wednesday on charges of "disloyalty."

In Columbia, South Carolina's Gov. J. Strom Thurmond, a states' rights party leader, last night charged President Truman "has hand-picked a product of the corrupt Pendergast machine to serve as national chairman of the Democratic party."

"Unsuccessful in his efforts to force his so-called civil rights program through congress, President Truman has set out on a campaign to bludgeon, intimidate and coerce Democrats into supporting legislation which violates the rights of the states," Thurmond said.

MIAMI (AP) — A hurricane charged into the Bahamas with 100 mile-an-hour winds last night and the Miami weather bureau said southeast Florida was scheduled to be the next target.

"All interests in southeast Florida should make preliminary preparations and stand by for possible hurricane warnings later tonight or early Friday," the weather bureau said.

Its 11 p.m. EST advisory placed the hurricane center directly over Cat Island in the Bahamas, a little more than 300 miles east-southeast of Miami.

"The station on Cat Island reported winds 95 miles per hour at 9:30 p.m.," the weather bureau said.

Meanwhile, cooler and frequently wet weather yesterday aided hundreds of men fighting scores of fires in the forests of Idaho, South Dakota and California still roared out of control.

In the Black Hills of South Dakota, the worst fire in 10 years burst out again yesterday after it once was believed in hand. Spot fires started. Some 500 fighters were recalled as rangers warned the situation was "dangerous."

Four big fires that had raged in Yellowstone park were damped down by a "good rain." All were held within previous boundaries. Crew began mopping up.

In New England, the forests were still critically dry and inflammable, but most fires there and in southern Canada were reported under control.

Broken Limb Cuts IC Power Supply

Electric power was off in Iowa City yesterday afternoon from about 2:55 p.m. to 3:25 p.m., an Iowa-Illinois Gas and Electric company spokesman said yesterday.

The failure was caused by a large broken limb which cut the primary lines between the Coralville plant and Iowa City, the spokesman said.

Power was restored in south Iowa City in about 10 minutes, in the downtown area in about 20 minutes and on the northwest side of town in about 30 minutes, he said.

Dodgers Split, Slip In Senior Loop Race

Bums Take Cubs in Nightcap After Schmitz Pegs Shut Out

BROOKLYN (AP) — The Brooklyn Dodgers staved off a ninth inning Chicago assault to turn back the Cubs, 3-1, in the second game of a doubleheader yesterday, thus gaining a split for the day. The Cubs won the opener, 4-0, behind Johnny Schmitz.

By dividing the two games with the Cubs, the Dodgers lost ground in their battle for the National league's first place, with the St. Louis Cardinals. The Redbirds beat the Giants last night and now they lead the senior circuit by a game and a half.

Jack Banta, who seemed on his way to his first complete game was shelved out in the Cubs' ninth when the cellar occupants got half of their six hits. Andy Pafko, Mickey Owen and Pinch Hitter Frank Baumholtz singled to fill the bases with only one out.

Erv Palica came in and Bob Scheffing, another pinch hitter, drove the first pitch on a line which Jackie Robinson caught with a short leap, and flipped to Peeewe Reese to double Gene

Redlegs Cut Braves' 5-Game String, 4-3

BOSTON (AP) — Lefty Ken Raffensberger's double and Lloyd Merriman's three-base drive to right center field in the 10th inning last night gave the Cincinnati Reds a 4-3 victory over the Boston Braves.

During the eighth, Tribesman Tommy Holmes tried to break the 3-3 tie by stealing home and was ousted, for the first time in his eight-year major league career, for protesting umpire Lon Warneke's unfavorable decision.

While breaking the Braves five-game winning streak in the opener of a three-game series, the Reds scored their other runs on a one-homer by Grady Hatton in the fourth inning and Ted Kluszewski's drive over the left field wall in the seventh.

Schmitz, a long time Dodger nemesis, held the Brooks to four hits in the opener. It gave the southpaw the distinction of winning all four Chicago's victories over Brooklyn.

Rex Barney was the loser, giving up four hits and two runs in the seven innings he worked.

Aussie Stock Drops As Cup Play Begins

NEW YORK (AP) — Australia's Davis Cup stock dropped several points yesterday when the visitors named Billy Sidwell — instead of John Bromwich — to play two of the four single matches against the United States in the challenge round starting today at Forest Hills.

Sidwell, in fact, was drawn to meet the American No. 1, Ted Schroeder, in the opening match, which means that the challengers almost certainly will be down 1-0 by mid-afternoon.

Today's second tilt will bring together the two young national champions, Pancho Gonzales for the U.S. and Frank Sedgman from Australia. Gonzales, back in fighting trim, will be favored to win it, though possibly after a close and exciting skirmish.

Australia will not name her doubles combination until after the first two singles have been played. Bromwich, a doubles giant for more than 10 years, will team either with Sidwell or Sedgman, probably the latter. Billy Talbert and Gardner Mulloy, who aided in last year's 5-0 rout of the Aussies, will try it again for our side on Saturday.

MAJOR Standings

Table with columns: NATIONAL LEAGUE, W, L, PCT. Rows include St. Louis, Brooklyn, Boston, Philadelphia, New York, Pittsburgh, Cincinnati, Chicago.

Table with columns: AMERICAN LEAGUE, W, L, PCT. Rows include New York, Boston, Cleveland, Philadelphia, Detroit, Chicago, Washington, St. Louis.

Cards Win, 5-2, Stretch Lead

NEW YORK (AP) — The St. Louis Cardinals increased their National league lead to a game and a half over the Brooklyn Dodgers last night, beating the New York Giants, 5-2.

Home runs by Stan Musial and Marty Marion featured the victory. The Dodgers split a doubleheader with Chicago.

George Munger, who went the distance for the Cards, hung up his 12th win. It was his first victory since he defeated the Giants on Aug. 5th.

Phillies, Bucs Split Twi-Night Twin Bill

PHILADELPHIA (AP) — Behind the eight-hit pitching of Robin Roberts, the Philadelphia Phillies defeated the Pittsburgh Pirates 4-2 under the lights last night after the Bucs won the afternoon game 5-1 with all their runs coming in the fifth inning.

A double by Del Ennis, Mike Goliat's single, a wild pitch and another single by Andy Seminick produced the first two runs. Dick Sisler's sixth home run of the year following Gran Hamner's single sent the other two across.

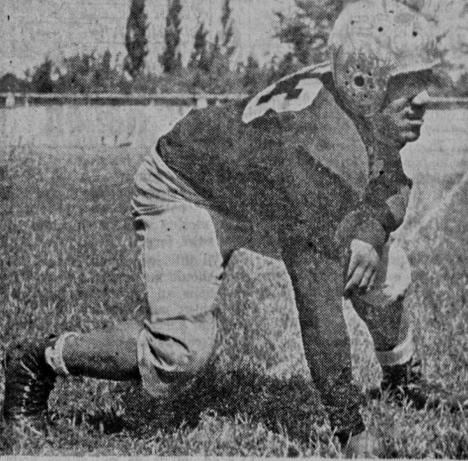

Pittsburgh (First Game) Philadelphia (First Game) Philadelphia (Second Game) Pittsburgh (Second Game)

PEEWEE PILFERS THIRD—Dodger Shortstop Peeewe Reese is shown stealing third in the first inning of the Cub-Dodger opener at Brooklyn yesterday.

Need Help from Sophomores at Tackles, Guards —

Hawk Gridders Look Shallow In Line

EARL BANKS Good-natured and Sometimes Brilliant-playing...

(This is the third in a series of stories about University of Iowa football candidates. The next will concern fullbacks and ends.)

By ERIC C. WILSON The strategic spots for some big and promising sophomores to come through are at tackles and guards on the University of Iowa's 1949 football squad.

There is slightly alarming shallowness at these positions which can be deepened only if youngsters respond quickly to coaching and to the lash of big competition.

The Hawkeyes lost by graduation Bill Kay, second all-American tackle; Joe Grothus, consistent guard; Ray Carlson, guard, and Jim Cozad, tackle.

Twenty-one players are listed but there are only three major "I" winners at tackles and three at guards, and one of these guards won his letter as a half-back five years ago.

Don Winslow, who started eight games last fall, is No. 1 left tackle — a 220-pound Iowa city senior who played some aggressive ball last year.

DON WINSLOW Started Eight 1948 Games...

ference in 1948, slumped in 1947, and came strong again last fall. He could be one of the nation's best.

Two lettermen, Louis Ginsberg, 195, Cedar Rapids, and Bill Kersten, 190, Logan, will be battling for left guard.

The sophomore contingent of guards is somewhat short but hopefuls are George Vrame, 192; Ronald Fairchild, 205; Andy Buntz, 210; Austin Turner, 205, and Rod Bickert, 190.

Big Hubert Johnston, 217, from Wheeling, W. Va., is an 18-year-old who may have a fine future at right tackle, and active sophomore who also was an all-state basketball player.

Mize Punches First Homer for Yankees As Tribe Falls, 6-3

CLEVELAND (AP) — With Johnny Mize and Gene Woodling slapping home runs off Bob Feller, the New York Yankees last night defeated the tottering Cleveland Indians, 6 to 3.

The victory shoved Cleveland six games behind league leading New York.

The Indians, losing their third straight, had an opportunity to recoup in the last of the ninth. With two out and the bases loaded, Joe Gordon went to bat and fanned.

Mize showed the Yankees and the 63,522 gloomy fans they made a good move in buying him from the New York Giants. Playing in the American league for the second time, he socked his first Yankee home run over the fence in right field and scored behind Tommy Henrich.

In the same frame, the second inning, the Indians marked up one run, and in the next inning Feller himself tagged Ed Lopat for a homer over the fence in left.

It was the first one Feller had hit in eight years.

But the Yankees added another mark in the fourth on Lopat's single that scored Bobby Brown from second. Woodling's fifth homer into the left field stands, came in the seventh.

Trucks Twirls, Hits Tigers Over Nats

DETROIT (AP) — Pitcher Virgil Trucks of the Detroit Tigers won his own ball game last night when he singled home the winning run in the last of the ninth to edge the Washington Senators, 2-1.

Trucks, who held the Senators to four hits, got three singles himself.

The Tigers, who now have a 14-4 season's edge over the Senators, got a winning rally started in the last of the ninth. Hoot Evers led off with a vicious grounder that took a bad hop and struck Washington Third Baseman Eddie Yost just below the right eye.

Manager Joe Kuhel of the Senators said after the ball game that the drive caused severe lacerations just below Yost's right eye. He said his infielder would go to Ford hospital in Detroit overnight for x-rays and possibly a couple of stitches in the gash.

Kirk Meets Polly Riley In Amateur Semi-Finals

CHICAGO (AP) — Peg Kirk of Findlay, Ohio, and Polly Riley, 1948 Curtis Cup star from Fort Worth, Tex., continue their friendly golf rivalry today in the semifinals of the Women's Western Amateur tournament.

The two veterans of the tourney circuit will meet for the fifth competitive time. Both breezed through the quarterfinals yesterday.

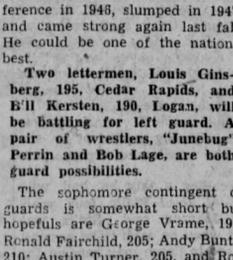

Miss Kirk, medalist with a course record 73, eliminated Del Ellis of Indianapolis, 8-7, in the most lopsided match of the meet thus far. They halved the first, third and fifth holes and Miss Kirk won the rest, being only two over Westmoreland's 76 standard for the 11 holes needed.

Today will be the so-called rubber match between Misses Kirk and Riley. Miss Riley defeated her in the second round of the 1947 National Amateur and ousted her in the 1948 finals of the St. Augustine, Fla., Invitational. Miss Kirk, the National Titleholders winner at Augusta last spring, downed Riley in the 1948 and 1949

Wed in Presbyterian Church

Mr. and Mrs. Bruce W. Higley

Miss Eckey, Mr. Higley Wed in Ceremony Here

Miss Victoria Eeckey, daughter of Mrs. R. F. Brewer of Newton, and Bruce W. Higley, son of Dr. and Mrs. L. B. Higley of Iowa City, were married at 3:30 p.m. Wednesday in the Iowa City Presbyterian church.

The bride received her degree in economics here this month and Mr. Higley is a SUI dentistry student. His father is head of orthodontics in the college of dentistry. The bridegroom studied two years at Grinnell and the bride previously attended the University of Southern California, U.C.L.A., and Washington university at St. Louis.

The Rev. Elmer E. Dierks of the Baptist church officiated at the double-ring ceremony. Candelabra and bouquets of gladioli and palms decorated the church. Mrs. Clancy Wright of Newton was the bride's matron of honor and Celia Eeckey, a sister of Waterloo, and Gloria Kilborn of Mt. Vernon were bridesmaids.

Wayne Higley of Iowa City was his brother's best man and ushers were Clancy Wright of Newton and Alan Wadsworth of Chicago. The bride, given in marriage by her father, Otto Eeckey of Mt. Union, Iowa, wore an ice-blue satin gown with a seed pearl-trimmed, sweetheart neckline and long, pointed sleeves. A seed pearl halo held a white tulle veil and she carried an ice blue satin muff with a white orchid.

Mrs. Wright's dress was of tear-seam, off the shoulder with a net insert. She carried pastel flowers. The bridesmaid's blue satin dresses were styled identically with the matron of honor's gown. Their bouquets also were alike.

A reception for 75 to 100 close friends and relatives was held in the Hotel Jefferson Rose room following the ceremony, after which Mr. and Mrs. Higley left for Lake Okoboji in northwest Iowa. They will be at home in the Summit apartments after Thursday.

W. W. Fowlkes Weds Laura Jane Webbles

A former SUI student, Miss Laura Jane Webbles of Des Moines, was married Aug. 12 to William W. Fowlkes in the chapel of the First Baptist church in San Antonio, Tex. The bride attended Roosevelt high school in Des Moines and was an affiliate of Kappa Kappa Gamma sorority at SUI. She has been employed by Eastern Airlines in San Antonio.

The bridegroom is a graduate of the Washington and Lee university law school at Lexington, Va., and is a member of Kappa Sigma fraternity. Mr. and Mrs. Fowlkes will live in San Antonio.

ROOM AND BOARD By GENE AHERN

THEY DON'T SERVE ENOUGH FOOD HERE TO SATISFY A BOWL OF TROPICAL FISH! — BAH! — GIVING US ONE LAMB CHOP APiece LAST NIGHT, AND THE CHOPS WERE THINNER THAN SHOE TONGUES! — SO I WENT OUT AND BOUGHT US SOME ORANGES, APPLES, CHEESE, SAUSAGE AND RYE BREAD!

WHEN YOU GO THRU TH' OFFICE LOBBY, DROP ONE OF TH' BAGS FOR A HINT — NO Y'UD BETTER NOT TH' STAFF MIGHT ALL COME UP AND JOIN IN WITH US ON TH' EATS!

Roma Jane Riss Wed To Eric Wilson Jr. In Ceremony Sunday

Two June graduates of SUI, Miss Roma Jane Riss of Streator, Ill., and Eric C. Wilson Jr., Iowa City, were married Sunday afternoon in the First Methodist church at Streator.

After Thursday the couple will be at home at 1812 Bridge avenue, Davenport, where Mr. Wilson is associated with a life insurance firm. He is the son of Mr. and Mrs. Eric C. Wilson Sr., Iowa City, and the bride is the daughter of Mr. and Mrs. George Riss of Streator.

The Rev. W.W. Cutlip performed the double-ring ceremony before a candlelit setting of ferns, white asters and gladioli. The bride wore a princess-style gown of imported white Chantilly lace fashioned with long, pointed sleeves and a full skirt which swept into a long train.

Her finger-tip veil of French illusion was held by a wreath of flowers. She carried a white lace heirloom fan centered with a white orchid surrounded by stephanotis and forget-me-nots.

Her matron of honor was Mrs. Virgil Burkitt, and the bridesmaids were Janis Jamison of Braddyville, her sorority sister, and Mrs. Donna Jensen of Council Bluffs. Martha McCloskey and Mary Kay Seymour of Streator were flower girls.

The matron of honor and bridesmaids wore identical gowns of aqua Chantilly lace featuring bobbers and short trains, with aqua feather toques.

William Vogel of Iowa City was best man for Mr. Wilson and ushers were Arch Hudson, of Rockford, Ill., fraternity brother of the bridegroom, and Virgil Burkitt of Streator.

A reception for 150 guests was held in the Riss home. Mr. and Mrs. Wilson left afterward for a wedding trip in northern Michigan and Mackinac Island.

Mrs. Wilson received her degree here in music and was affiliated with Alpha Xi Delta sorority. Mr. Wilson received a bachelor of science degree in commerce. He was a three-year member of the SUI track team and a member of Sigma Alpha Epsilon social fraternity.

MARSHALL TO SPEAK
Graham Marshall, adviser to fraternities and manager of the fraternity business service, will speak on "Your Military Reserves" at the Masonic service club meeting this noon in the Masonic temple.

Martin Warns Against Rising Federal Costs

Congressman Thomas E. Martin yesterday warned Iowa Citizens that if the present trend continues, in 10 years the federal budget will total \$75-billion annually.

At a speech before local Rotarians at the Hotel Jefferson, Martin advocated putting the brakes on federal spending to avert "dangerous" consequences.

"The big jump in that direction," Martin said, regarding the possible budget of 1960, "is social welfare, which would account for about \$22-billion."

He emphasized that he is in favor of social security, but he criticized points in the proposed social welfare, health and security bill which he said would lead the government in "dangerous" directions.

Martin particularly criticized "mixing welfare considerations with contractual insurance provisions and handing it on a platter to the wealthy and long-time employed." He said the proposed revision in social security would mean an annual cost of \$6,415,000,000 in 1950, \$22-billion in 1960, and \$38-billion 50 years hence.

A program of this kind, he said, is one in which at the start many pay in and few collect. He said that later the collection becomes very heavy.

Martin said we have come to face with the old axiom that "The power to tax is the power to destroy."

"You can go down this road at double time if you don't establish safeguards," he said.

Two Car Accidents Cause \$110 Damage

Two automobile accidents reported to Iowa City police yesterday caused a total estimated damage of \$110 to three vehicles.

John L. Sexton, route 6, told police yesterday morning that an unidentified vehicle collided with his parked car on North Dodge street causing \$17.50 damage to his car's left rear fender.

The other accident occurred on the corner of Olive court and George street when cars driven by Mrs. Helen D. Lambert, 4 McRose circle, and Mrs. William Geotle, 250 Marietta street, collided.

Mrs. Lambert reported \$29 damage to her vehicle and Mrs. Geotle said \$63.50 damage was done to her car.

RCA, CBS Claim Color Video Ready

NEW YORK (AP) — Two major radio networks are now ready to go ahead with color television, it was revealed yesterday.

The Radio Corporation of America announced that it has developed a television sending system that can be received either in color or in black-and-white.

The Columbia Broadcasting system, rival of RCA which is the parent company of the National Broadcasting system, has been plugging for its technique of color television for several years and demonstrated it last week before the federal communication commission.

U-Hospitals Report New Polio, Death

One polio death and one admission with four persons transferred to the inactive list brought the active total to 34 cases yesterday, hospital authorities reported.

Mrs. Janet Klinghammer, 29, Manchester, died yesterday at 12:25 a.m.

Admitted in good condition was Mrs. Verna Mae Carpenter, 28, Elkader.

Transferred to the inactive list were Byron Hyde, 4, Colesburg; Beth Dykema, 3, Morrison, Ill.; Clifford Seibert, 16, Greeley; and Ronald Johnson, 18, Cedar Falls.

New Nursing Program Announced Yesterday

The freshman curriculum in the SUI school of nursing's new four-year program was announced yesterday by Director Myrtle Kitchell.

During the first year the program will consist primarily of liberal arts courses, including sociology, chemistry, mathematics, psychology, physical education, communications skills and one elective. Nursing courses will include an orientation course, foundations of nursing and personal and community hygiene.

The program will be included in the college of nursing which is to be formally organized during the 1949-50 academic year.

The transition from school to college status will be made when the full course of study for the

His Pop Raises King-Sized Tomatoes

"TERRIFIC TOMATOES," marvels George Tarby, 16 months, about the melon-sized specimens his father, Andrew, grows in a backyard garden at Auburn, N.Y. George is holding the biggest of his father's husky crop. It weighs two pounds, 10 ounces. Another big tomato weighs one pound, four ounces. George, incidentally, weighs 27 pounds.

Livestock Judging To Continue Today At Iowa State Fair

DES MOINES (AP) — The 4-H livestock barns were rapidly filling last night on the eve of the opening of the 91st Iowa state fair.

Some judging of FFA and 4-H stock was held yesterday, the second of the preparation days, and it will increase in tempo the remainder of this week.

In other parts of the 370-acre fairgrounds final preparations for today's opening were being made. The midway with its customary offering of rides and sideshows opened last night.

Most of the 4-H dairy and beef cattle to be shown this year were on the grounds last night. In the other cattle and horse barns most of the stalls were still empty.

Today will not only be a big one for the young farmers—the 4-H and FFA boys—but also a feature day for the youngsters. It will be children's day. They will be admitted to the grounds free, and a free grandstand show is planned in the morning for them.

Automobile races are scheduled for the first day's grandstand program in the afternoon. The night show will include a water ballet.

Boris Dobro, Santa Barbara, Calif., won the sweepstakes prize in the photographic art salon. Most of the other major prizes went to exhibitors outside Iowa.

Yesterday's livestock judging included FFA and 4-H breeding pigs and fat lambs.

Richard Luther of Newton, with a cross Shropshire - Southdown sheep, had the grand champion fat lamb. The reserve was shown by R.E. Pullin's sons, Waterloo. About 160 animals were shown.

New Pastor Assigned To Conference Baptists

The Rev. Earl K. Lashley, St. Louis Crossing, Ind., has been assigned to the Conference Baptist church which meets in the Iowa City Community building.

He replaces the Rev. Victor O. Erickson who is leaving here Sept. 1 to begin service at the Baptist church, Monmouth, Ill.

four years has been decided upon and faculty organization has been completed. Miss Kitchell is dean-elect of the college.

A degree of bachelor of science in nursing and the certificate of graduate nurse will be granted at the end of the four-year program which integrates the study of liberal arts and professional nursing.

The student's practical nursing experience will include practice in medical and surgical nursing; care of both healthy and sick children; care of mothers, and work in public health nursing.

Students entering after one or two years study at other colleges or universities will be allowed to enter the school here with advanced standing. Miss

Bears Again

Duluth Problem Now People, Not Bears

DULUTH, MINN. (AP) — Duluth authorities have got the bear invasion just about under control. Now, they're worried about the people.

City sportsmen built a "bear cafeteria" on the outskirts of Duluth as a device to keep the hungry bruisers out of the city's residential area.

Dozens of bears took advantage of the station, but thousands of residents and tourists began flocking around to watch the animals.

"It has gotten to the point where people are actually trying to feed the wild animals by hand," police said.

As a result, police have now barred people from the area after 8 p.m. and thrown a fence around the cafeteria to allow the bears to eat undisturbed.

Milk Inspector Tests To Be Held Tuesday

Civil service examinations for city milk inspector applicants will be given at 7:30 p.m. Tuesday in the city hall, City Clerk George J. Dohrer said yesterday.

The examination is for persons who filed application in the city clerk's office by noon Monday. Persons who took the exam about a month ago also can take Tuesday night's test, Dohrer said.

Qualified applicants will be eligible for appointment to the city milk inspector's position, now held by Clarence J. Ruppert. Ruppert's resignation, which has been accepted by the city council, is effective Thursday.

Iowa Resources Council Names Ziemer Director

DES MOINES (AP) — The Iowa natural resources council yesterday named G. L. Ziemer, former state conservation director, as director of the council.

He was chosen from a number of applicants to head the recently authorized council, set up by the legislature to plan a co-ordinated flood control and conservation program in Iowa.

Kitchell said. Seventeen applications have been accepted for admission to the program, the director said. Applicants from Iowa include Jo Ann Bell, Tabor; Patricia Carlson, Ottumwa; Georgene Dowiat, Bloomfield; Aloma Frierichs, Lansing; Dolores Holland, Ft. Dodge; Alma Kroon, Hull, and Anne Maher, Mrs. Ellen Stoat and Marie Proehl, all of Iowa City.

Marybelle Meyer, Sheldon; Maryanne Nelson, Keokuk; Mary Lou O'Toole, Stuart; Mary Smalley, Gravit; Jacqueline Tripplett, Sutherland; and Sharon Tuel, Paullina.

Betty Jane Antczak, Waukesha, Wis., and Marilyn Jean Cherry, Alledo, Ill., are the only out-of-state applicants.

Mountaineers Scale 14,408-Foot Rainier In Climb Yesterday

Some of the highest peaks in the Pacific Northwest have been climbed by the Iowa Mountaineers during their present expedition to the state of Washington, according to a report from the group yesterday.

Mt. Rainier, a 14,408-foot peak, was the latest mountain to be scaled by the group. Thirteen climbers made their way to the top of the famous peak yesterday.

Twenty-four members climbed to the top of Mt. Adams earlier as the first mountain to be scaled by the club on their annual summer trip.

Mt. Baker and Mt. Shuksan are next on the schedule, and on their return trip some of the group will climb the treacherous Devil's Tower in Wyoming. An overnight stay on top of the tower is planned during which provisions will be dropped by airplane.

The group which climbed Mt. Rainier were led by John Ebert, Iowa City, president of the club, and was guided by Fred Becky, Seattle, Wash.

Others in the group included Earl Carter, Iowa City; Jim O'Brien, Iowa City; John Hess, Mason City; Bob Buckles, Waterloo; Wayne Houston, Red Oak; Gordon G. Andrick, Des Moines; Joe and Edith Stettner, Chicago; John Paner, New Canaan, Conn.; Jack Paslay, Topeka, Kans.; and Mary Feaver, British Isles.

Persons climbing Mt. Adams included those listed and Bob Ashton, Knoxville; Del Balster, Monticello; Joan Cox, Iowa City; Dr. William Goddard, Iowa City; William Gunther, Fayetteville, Ark.; Martha Ann Isaacs, Iowa City; Loren Jahn, Chicago; Ellis Pickert, Independence, Mo. Art Wendler, Iowa City; Bob Williams, Cicero, Ill.; and Jan Robinson, Des Moines.

Instructor to Speak At Detroit Convention

John S. Davenport, instructor in publication business practices in the SUI school of journalism, will present a paper on "How Much Do You Know About Your Business" at the Central States Circulation Managers association convention in Detroit on Sept. 19.

Davenport, chairman of the association's committee on circulation research, will emphasize the practical application of research techniques to everyday operation of newspapers of all sizes.

Iowa State Historical Magazine Features Articles on Lincoln

Abraham Lincoln is featured in the August edition of the Palimpsest, published by the State Historical Society of Iowa and mailed this week to society members and Iowa high schools.

"Lincoln and Iowa," a speech delivered last Feb. 11 by Society Superintendent William J. Petersen before a joint session of the Iowa general assembly, connects Lincoln as citizen, lawyer and statesman with Iowa.

"Words of Lincoln," edited by Society Curator Harry J. Lytle, Davenport, are excerpts from speeches, letters and notes of the Civil war president.

"Lincoln Admirers," also edited by Lytle, are excerpts from speeches and books by men who talked and wrote of an admired president.

"Most Iowans are fairly familiar with the life of Lincoln," Petersen states. "A few of them... have become ardent Lincoln students."

"Foremost among these is Judge James W. Bollinger of Davenport, who has willed his collection of 3,500 Lincoln books to the State University of Iowa.

"The Bollinger library (valued at more than \$50,000) is not only the finest collection of Lincolniana in Iowa, but is unquestionably the best private Lincoln collection in the United States."

Although Lincoln never lived in Iowa, he owned land here, knew many Iowans and visited the state several times. The people of Iowa supported Lincoln in presidential elections of 1860 and 1864 and contributed to the Civil war effort.

For army service in the Black Hawk war, Lincoln received in the 1850s three land warrants, two of which were in Iowa. One was a 40-acre tract in Tama county, the other a 120-acre tract in Crawford county. Both tracts later were sold by his heirs.

He also acquired some lots and land parcels in and near Council Bluffs in 1859 from Norman B. Judd. After his death, Lincoln's heirs returned the land to Judd.

One of Lincoln's most famous railroad legal cases dealt with the wreck of the steamboat Effie Afton on the Rock Island bridge in 1856. The steamboat attempted to pass through the drawbridge, smashed into the pier and was destroyed by fire. Part of the bridge also was destroyed.

Lincoln pointed out the value of the bridge to development of the land to the west of the Mississippi river.

When congress passed an act providing for a transcontinental railroad, Lincoln, then president, held several conferences which resulted in fixing Council Bluffs as the eastern terminus of the Union Pacific railroad.

During his political career Lincoln made speeches at Burlington and Council Bluffs. While he received invitations to speak at other places, Lincoln had to turn them down.

He appointed James Harlan, Mount Pleasant, secretary of the interior, and Samuel Freeman Miller, Keokuk, to the supreme court. He invited Annie Turner Wittenmyer, Keokuk, to help form the diet kitchens during the Civil war.

Iowa Senator Jonathan P. Dolliver was one of two statesmen representing the United States in 1909 at Springfield, Ill., for the 100th anniversary of Lincoln's birth.

St. Patrick's School Damaged by Attack Of Hungry Termites

Another building in central Iowa City, St. Patrick's school, has been extensively damaged by termites this year.

Repairs on wood flooring in the building have already amounted to \$2,500, and more work is yet to be done.

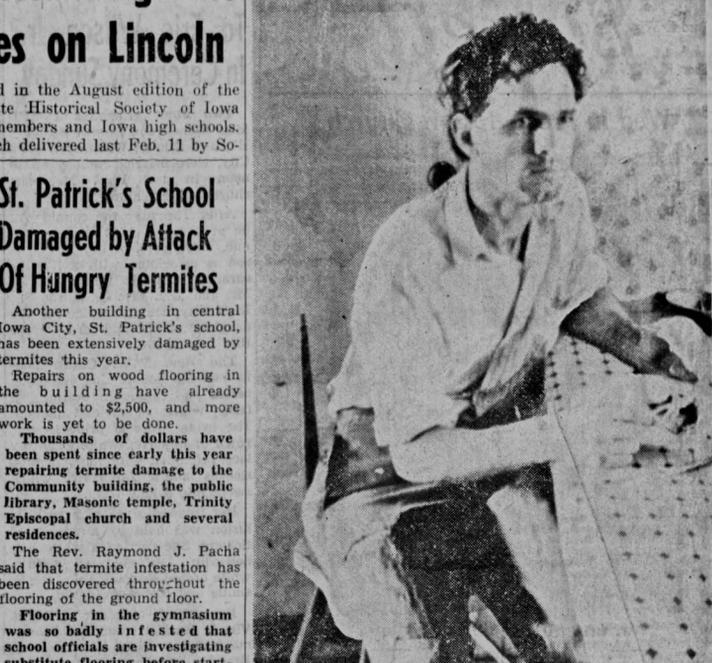

Thousands of dollars have been spent since early this year repairing termite damage to the Community building, the public library, Masonic temple, Trinity Episcopal church and several residences.

The Rev. Raymond J. Pacha said that termite infestation has been discovered throughout the flooring of the ground floor.

Flooring in the gymnasium was so badly infested that school officials are investigating substitute flooring before starting repairs. They fear another wooden floor might also be open to attack by the termites.

Many of the infested floors, supports, and wood members at St. Patrick's school have been replaced by cement and cement topped with asphalt tile.

Crippled Veteran Beaten

DISABLED VETERAN Henry Chum, 29, told Montesano, Wash., authorities he was a "prisoner of fear" for 18 months while his step-father beat and abused him. Frank Chase, 52, the step-father, is being held on an assault charge. The veteran said Chase often beat him with a rope while his 14-year-old half sister watched, laughing. Chase admitted beating Chum "to make a man out of him." Chum lost a leg in World War II.

Accidents never happen to your child!

You've read all the books on the care and feeding of infants. Nothing that will help keep your baby healthy has been overlooked. So accidents never happen to your child!

Or do they?

This mother thought she was a good mother, too. But suffocation snuffed out the life of her child because she didn't know how to guard against it. If there is a baby in your home, consult with your family physician on ways to prevent suffocation.

Burns and scalds kill and injure more children 1 to 14 years of age than any other type of accident. Check your home for danger spots. Use the inner burner of the stove for boiling.

Little boys like guns. It's up to you to see to it that firearms are safely stored where curious fingers can't reach. Accidents with firearms kill hundreds and wound thousands every year.

An official public service message prepared by The Advertising Council in cooperation with The National Safety Council.

Try and Stop Me

By BENNETT CERF

GIDAN SCHOCKEN tells of a very shy young man who was making no progress whatever in the courtship of his lady love. "You don't know how to talk to her properly," said the young man's father. "Take my advice: first talk to her about love, next about family affairs, and then wind up with a little philosophy."

The young man learned his father's instructions by heart, then went calling on the girl he desired. His first remark to her was, "Dora, do you love noodles?" "Of course, I do," she replied. Now he had to talk about family affairs, so he inquired, "Dora, do you have a brother?" "No, I haven't," she answered. This left philosophy to talk about. The young man pondered the problem, then came forth with, "Well, Dora, let's suppose you did have a brother. Do you think he would love noodles?"

A bookstore clerk approached a young man who was thumbing through a murder novel and asked, "Can I help you?" the browser stared at the clerk gloomily and answered, "Nobody can help me. I got married this morning."
