# HAWKS SPILL WILDCATS, 28-21

## U.S. Labels Women's Club 'Un-American'

WASHINGTON (AP)—The House un-American activities committee Saturday stamped the Congress of American Women "just another Communist hoax" to mislead "gullible women."

In a formal report, the committee said the group's chief purpose "is to act as part of a world-wide pressure mechanism among women, in support of Soviet foreign and domestic policy."

The congress was officially launched on March 8, 1946, in New York City and claims chapters in Los Angeles, Oakland, Chicago, Pittsburgh, Detroit, Philadelphia, Washington, New York and other cities, according to the committee.

"The Congress of American Women," the committee declared, "is composed primarily of a hard core of Communist party members and a circle of close sympathizers, and, although it numbers but a few thousand members all told, it has been highly articulate and energetic in its anti-American, pro-Soviet propaganda."

The committee said the congress is an affiliate of the Women's International Democratic federation, "which was founded and supported at all times by the international Communist movement."

The committee said the 1946 meeting, at which the congress was organized, elected these officers:

Dr. Gene Weltfish, president; Muriel Draper, executive vice-president; Helen Phillips, treasurer; Josephine Timms, secretary; Thyra Edwards, recording secretary; Elinor Gimbel, Mrs. Frederic March, Charlotte Hawkins Brown, Mrs. Vivian Carter Mason, Mrs. Gifford Pinchot, Ruth Young, Susan B. Anthony II, Jeannette Turner and Dr. Beryl Parker, vice-chairmen.

In New York, Actress Florence Eldridge, wife of Actor Frederic March, said she resigned from the CAW in 1948. Miss Eldridge said she resigned because of the "narrow political aspects" of the organization.

## AEC Opposes Lift Of Atomic Secrecy

WASHINGTON (AP)—Members of the congressional committee on atomic energy lined up Saturday against Dr. Harold C. Urey's proposal to lift the secrecy wraps from the atomic energy program.

Committee members rejected the famed nuclear physicist's advice as "absurd."

Senators Bourke Hickenlooper (R-Iowa) and Edwin Johnson (D-Colo) agreed with Urey's charges that the atomic program is inefficient. Hickenlooper, who failed to prove "incredible mismanagement" against Atomic Energy Commission Chairman David E. Lilienthal, said he thought Urey's blast might warrant a new inquiry.

## 4-Million Jobless; Strikes May Increase Total

Nearly 4-million persons are idle across the country with indications that coal and steel shortages will send this figure soaring.

Only slightly more than a million of the idle are jobless because of strikes, however. The bulk of the others are drawing unemployment compensation, looking for work or are regarded as "permanent unemployed."

A spot 48-state survey by The Associated Press indicated that employment was generally high the past week, but that the picture probably will change swiftly.

Many smaller firms, running out of steel or coal, have scheduled big cutbacks, some effective during the coming week.

More railroad workers will join the jobless ranks at midnight Tuesday when passenger service is cut on some coal-burning roads in compliance with an

**Perrin Converts Deflected Aerial into Six-Yard Advance**

"JUNEBUG" PERRIN is DOWNED in the third quarter of the Iowa-Northwestern game Saturday afternoon after taking a deflected forward pass from teammate Fred Ruck and advancing the ball to the Wildcat 18-yard stripe. Steve Sawie, Northwestern tackle and game captain is shown dropping Perrin while Bob Geigel advances

toward the play. Shown in the background are Jim Parsegian and Don Stonestier, Northwestern linemen. Two plays later, Jerry Faske, Iowa halfback, swept wide around left end to score Iowa's third touchdown of the game won by Iowa, 28-21.

## Faske Sparks Underdog Iowa Past '49 Rose Bowl Champs

By ALAN MOYER  
Daily Iowan Sports Editor

Brilliant running by Halfback Jerry Faske and a passing attack that clicked when it had to enabled Iowa's underdog Hawkeyes to conquer Northwestern, 28-21, before 47,352 overjoyed Iowa fans, here Saturday.

By beating the Wildcats, who a week ago toppled Michigan in a stunning upset, Iowa vaulted into second place in the Big Ten, behind Illinois. The Illini downed Purdue, 19-0, while Michigan rebounded over Minnesota's giant Gophers, 14-7. Iowa's mark in the conference is now three wins and one defeat.

The Hawkeye offensive, working with precision from start to finish, exploded twice in the opening half and although the Wildcats tied up the game at 14-14 midway in the third quarter, they never were able to get into the lead.

In handing the Wildcats their third defeat of the season Iowa turned in the biggest upset it has engineered since downing Minnesota here two years ago, 13-7. The Rose Bowl champs have now gone down to Minnesota and Pittsburgh in addition to Iowa.

Faske, the 185-pound junior from Brooklyn, N.Y., played the best game of his two-year Iowa career as he time after time cracked the Northwestern line and sprinted to sizable gains. He scored once on a 16 yard dash around end and pitched a touchdown pass to Bob McKenzie in the second period to give Iowa its first touchdown.

It was the same southpaw pitch by Faske that Jack Dittmer grabbed for a touchdown against Minnesota a year ago. In 20 tries Saturday the blond, stocky halfback smashed for 183 yards, or better than nine yards every time he got his hands on the ball.

On the final play of the game he was still stabbing deep into the Northwestern defense. The Hawks were playing out the clock. Fred Ruck, quarterbacking Iowa in the second half after Glenn Drahn aggravated an old injury, gave Faske the ball on an end-around try and he responded by dashing down the sidelines to the Wildcat 30 before being dragged down from behind.

The run was good for 48 yards and had it not been for the refusal of a Northwestern defender to let go of Faske's jersey he would have gone all the way.

Dittmer and McKenzie, playing their usual sparkling game at the ends for Iowa, each scored once and were instrumental in almost every Hawkeye offensive thrust.

Dittmer scored the tie-breaking and winning touchdown in the fourth period with a beautiful catch of Ruck's 43 yard heave. The Thin Man snared the ball away from two Northwestern defenders on the 20 and then outran them both to the end zone, making the score 27-21 with nine minutes left in the ball game.

Bill Reichardt added his 14th consecutive point after touchdown and Iowa had its winning margin, but which at the time looked to be far from safely tucked away.

The Wildcats, with a deadly ground attack led by Fullback Gaspar Perricone would not let up. They started from their own 20 after Reichardt's kickoff had sailed into the end zone, and with

Starting from their own 40 the Hawks drove to the Northwestern 16 by the end of the period. Faske picked up six yards, Dittmer grabbed a Drahn pass for eight, then another for 13 and after a 15-yard holding penalty helped the cause along. Faske streaked through a gaping hole in the line for 18 more yards.

A couple of running plays fizzled, then Faske started around end, saw McKenzie and unleashed his touchdown throw.

By the half Iowa led, 14-0, by the grace of a 21 yard around end jaunt by Reichardt. Jerry Long, who along with Bud Kaiserhot filled in very well for the injured Ralph Woodard, pounced on a Wildcat fumble on the Iowa 40, snuffing out an NU attack that had rolled from its own 35.

Nine plays later, one being a 24 yard run by Don Commack.

(Continued, Page 6)

## Hawk Fans Spirit Soars High

Elation of SUI football fans after Iowa's upset of Northwestern Saturday more than approached that of a week ago when the Hawks stopped Indiana at Homecoming.

"Rose Bowl or bust!"

"Did you see that team go!"

"What an exciting day!"

Shouts like these were heard from the crowd of 47,000 persons as they poured from the stadium after the game.

Some student faithfuls were on hand as early as 10 a.m. waiting for the gates to open. Many carried packed lunches and spent their waiting hours munching sandwiches.

It was an ideal football day and the crowd's spirit was high. But in the midst of all the pre-game confusion one couple quietly played cards for over an hour.

The perennial dog wandered on to the field during the SUI band's opening paces and Fido spent part of the second quarter trying to play right halfback for Northwestern. It was this last gesture that prompted officials to usher him from the stadium.

The Scottish Highlanders' sword dance and the friendly bouts between Herky the Hawk and the two-man Northwestern Wildcat highlighted halftime entertainment.

A happy coed dragging her tired date back from the stadium described the whole day quite simply, "Isn't it wonderful!"

Her exhausted date nodded weakly.

## Kenneth Smith Files On Dismissal Motion

Kenneth Smith, Lone Tree, filed a motion in district court Saturday, requesting the court to set a date for hearing on his motion to dismiss grand jury indictments against him.

Smith filed the first motion Thursday to have grand jury indictments against him set aside on grounds he testified before the grand jury under compulsion.

The grand jury indicted Smith more than three weeks ago on charges of illegal possession of gambling devices and intoxicating liquors.

In the motion for dismissal of charges against him, Smith said he was subpoenaed before the grand jury and was required to testify concerning alleged liquor and gambling law violations.

He claims he is immune from prosecution and charges against him should be dismissed.

The motion filed Saturday cited an Iowa case where a defendant went before a grand jury in response to a subpoena and was questioned about matters relating to the sale of liquor.

## UN Indicts Russian Satellites

NEW YORK (AP)—The United Nations assembly agreed Saturday with western accusations that three Russian satellites in eastern Europe are suppressing human rights and freedoms. It asked the international court of justice for advice.

The assembly vote was 47 to 5. Over bitter Russian bloc objections, the assembly chose to ask the international court for a ruling whether Bulgaria, Romania and Hungary must comply with peace treaties in settling the question.

The coniform bloc fought to keep the charges out of the United Nations ever since the questions first were raised after trails of Joseph Cardinal Mindszenty in Budapest and of religious leaders in Bulgaria early this year.

The secretary-general's office is expected to dispatch the assembly's decision to the international court at the Hague during the coming weekend. When the court will take it up is indefinite.

So far, the three countries have denied the charges, have asserted the peace treaties are not being violated, and have refused to send representatives to the UN to answer the charges.

## Justice Raids Des Moines Clubs Found 'In Order'

DES MOINES (AP)—Justice of the Peace Earl W. Rinehart of Delaware township and a raiding crew he described as "five husky farm boys" called at the Business Men's club and several other places in Des Moines Saturday afternoon.

Rinehart, whose beer license was revoked earlier this week by the Polk county board of supervisors, said he found "everything in order, and no gambling" at the Business Men's club.

He said the group called at other places and also found everything in order.

"Apparently," the justice said, "there was a tip off."

"But, there will be another day," Rinehart commented.

## President to Speak At UN Day Meeting

NEW YORK (AP)—An address by President Truman at the laying of the cornerstone of the United Nations permanent headquarters will cap a nationwide celebration Monday of United Nations day.

The president will speak before representatives of the 59 nations.

Observances of United Nations day also will be held in some 3,500 cities in all the 48 states.

## Embassy Employee Faces Czech Trial For 'Spy Activities'

PRAGUE (AP)—The official Czech news agency hinted Saturday that Samuel Meryn, American embassy clerk of New York, may be tried for espionage with a group of alleged Czech conspirators.

The agency said Meryn, held incommunicado since Friday, has been jailed in a "court prison" with four Czechs implicated in a vast espionage plot attributed to the United States. The fact he was held in a prison of a court meant he would almost surely stand trial.

Efforts by U.S. Charge d'Affaires James C. Penfield to see the 39-year-old war veteran freed, Czech authorities refused even to tell him where Meryn was held when he asked them earlier Saturday.

Meryn is a naturalized American citizen of Czech origin and lists New York as his home. He was a clerk in the office of the military attaché.

He was arrested at his home at 2 p.m. Friday, shortly after the Czechs delivered a stiff note to the American embassy demanding the expulsion within 24 hours of Isaac Patch, U.S. diplomat, and charging U.S. officials with operating an espionage network.

The news agency accused Meryn of being the liaison agent between Czechs and American diplomats directing activity of the spy ring and of distributing radio transmitters for the use of the alleged spies.

The agency said Meryn was jailed with Maj. Jaromir Nechanaky and Veleoslav Wahl, the two top Czech leaders of the alleged ring and two others. It said all the espionage organizations had been "liquidated."

## Porters Seek \$5-Million Of Train Brotherhoods

ST. LOUIS (AP)—Two Negro porters brought a \$5-million damage suit against four brotherhoods on strike against the Missouri Pacific railroad Saturday as negotiations to end the strike stalled once more.

The suit accuses the unions of seeking to eliminate Negroes from the operation of trains. It asks an injunction from both the brotherhoods and the railroad to prevent them from interfering with the job rights of Negroes.

## KILLED IN CRASH PATTERSON (P) — Mrs. W.T. Kelly, 73, Chicago, was killed in a three-way motor vehicle accident on the edge of Patterson Saturday. Three other persons were injured, one seriously.

# LIFE IN AN OYSTER

By GIL PEARLMAN

WE ARE living, it seems, in the age of the promoter. It looks like the man who can think up new ways of selling the same old products is well on his way up the ladder of success.

Perhaps I should say, the man who can give away the same old products.

I conclude this fact from an ad I saw recently. There is a car dealer in Des Moines who is having a one-cent sale. It's the truth, so help me.

The ad says that if you buy one car from a choice of several 1949 models at the regular list price, you will receive for one penny your choice of another selection ranging from Fords to Buicks, '34 to '36 models.

This type of sale used to be confined to amazing new soap discoveries and hand lotions which would protect your skin from the harshness of water into which Fiesta Ware had been dipped.

Of course, around the SUI campus, we rarely find such a sale even among the more common products. The nearest thing that might fall within the confines of such a promotion can be found in some of the local restaurants.

But now this Des Moines car dealer, disregarding convention, transcends departmental and soap barriers, and brings the one-cent sale into the automotive industry.

JUST THINK, for the same amount of U.S. coin you paid for the stick of Spearmint gum you are now chewing, you could have a second-hand Chevrolet.

There is only one small hitch you will remember, hardly worth mentioning. That is you have to buy a 1949 automobile before cashing in on the bargain.

Buying a '49 four-wheeler, even at list price, simply involves going without food, selling your body, and robbing the First National bank. Any First National bank will serve the expressed purpose.

The above statement is not wholly true. Principle-minded people have devised a method in auto buying known as "financing."

I say devised especially for college students since it involves the same principles of monthly payments of room rent. The two are very closely related.

If you "finance" the purchase of a car on a monthly basis, chances are you will not be able to pay your room rent. You will then have to sleep in your auto or drive nightly between Iowa City and Chicago to pass the sleeping-hours away.

I WONDER IF this new sales promotion is followed when one goes to buy gas? If you pay the regular price per gallon for the new car, will you get a gallon for the old car for a penny? It only seems fair.

This involves the problem of driving both cars to the nearest gas station at the same time. I the new models only had running boards you might be able to stand between them and stee from the outside.

Personally, this one-cent sale does not excite me, it only amuses, or should I say, interests me. Buying a car is a down, about number 163, on a list of worries.

I figure that if I'm lucky a work hard, in about 10 years I'll be able to buy a bicycle with front wheel brakes, no less. Un less, of course, the peasant revol comes sooner than anticipated.

I forgot to mention. The particular sale I was speaking of lasts only three days. So hurry. The choice is dwindling down to the last previous few. Besides, they are running out of small change

## A-BOMB TREATMENT

ROCHESTER, N.Y. — Five scientists reported Friday that experiments involving the use of Aureomycin have led them to the most promising means yet found for treating atomic bomb radiation sickness, and possibly cancer and other related diseases.

# THE CALL OF THE WILD... OUR HUNTSMAN RESPONDS...

## UN Short on Cash, So — Less Fancy Building Planned

NEW YORK (AP) — Into the life of every homebuilder comes a harsh moment of reality when he must reduce his tastes to the size of his pocketbook.

The United Nations has had to do that in building its little \$65-million place on the east bank of Manhattan, where President Truman will lay the cornerstone Monday.

Don't get the wrong idea: the UN home will not be unimpressive, inadequate or cheaply done. Its space and operational needs will all be met. But this international Mr. Blandings, coming against the hard facts of life presented by building contractors, has had to eliminate some of the plush and gilt, some of the cozy little extras.

"It happens to everybody," says James A. Dawson, coordinator of construction. "Invariably owners always want more than they can pay for."

To keep within its budget, the UN had to shave off three stories in the original plans for the secretariat building. As it turned out, Dawson says, the UN decided this would have proved a luxury, anyway; that they really didn't need the extra floors.

Then there is the matter of the triple-purpose bathroom rack first suggested by some European members and adopted in the original plans. Now, because of economy needs, the UN's permanent home will not have combination racks which hold a towel, newspaper and ash tray.

Among other compromises, the UN has had to eliminate some of its original plans for extensive marble in the lobbies, wood-paneled, fancy private offices and private lounges.

Aside from these changes, the home of the world organization is rising as planned. In fact, the secretariat building is about a month ahead of schedule. From its highest girder files the blue and white UN flag indicating the steel work is done and the building has reached its peak — 39 stories.

## CRITIC'S CORNER

The Girl in the Spike-Heeled Shoes; by Martin Yoseloff; E. P. Dutton & Co., Inc., New York, N.Y.; published Sept. 1949, \$5.

Martin Yoseloff, with two moderately-successful novels to his credit, paints a weird picture of emotion in his latest effort, "The Girl in the Spike-Heeled Shoes."

Yoseloff, who served a hitch as feature writer for The Daily Iowan, is concerned with a study of a bad girl who tries to lead a good life after she finds a good husband.

Projected against a backdrop of a fictitious Iowa town, Kenyon, Yoseloff traces the sinful career of Maybelle Reardon, a short girl who wears spike-heeled shoes to give added height. The respect that Maybelle feels should accompany spike-heeled shoes is never granted her. Rather, the shoes serve as a trademark for Maybelle, symbolizing her moral laxity.

The character of Maybelle is clearly drawn tracing her development from a 15-year-old town tough to a mother of two children. Other characters, however, are fuzzily-sketched.

The 251-page novel is loaded with inconsistencies, giving many of the characters a caricature touch, rather than a realistic one. Maybelle, for example, spends a good many evenings in parked automobiles on her way home, yet she never missed church on Sunday.

The underlying theme is one of sex, yet the author steers clear of any passages that smack of sensationalism or lurid violence. Yoseloff tells his story with a quiet humor and understatement.

The story covers the ground from a poverty-stricken youth, a seduction, a whirl as a traveling dancer and a marriage. The book concludes on a dramatic note involving Maybelle's unfaithful husband and her decision to return to him.

## Physical Handicaps Cause Iowa Drivers To Lose Licenses

DES MOINES (AP) — An increasing number of Iowa motorists are losing their driver's licenses because of accidents due to physical handicaps.

The state safety department said Saturday it is stepping up the examinations and hearings in such cases as part of its driver improvement program.

"About half of those called in for examinations or hearings lose their licenses through suspension," a department representative said.

In August there were 49 such examinations and hearings. There were 45 in September and earlier this week the figure for October was 31. The department representative said the monthly figures, despite fluctuations, generally show continued increases.

A driver may be called in for an examination on anyone of three general grounds. They are:

(1) a complaint against a motorist's driving habits by a substantial group of citizens in a community, a sheriff, county official or mayor.

(2) a request from a patrolman who has observed the motorist's driving.

(3) when the records show a series of accidents, especially if the mishaps are of the same type.

"Sometimes these things give us a hard time," the department representative related. "Once in a while a complaint comes in based actually on a local political situation. Or it might come in as the result of a family feud. In such cases the driver usually is all right."

"But in cases where there aren't suspensions we might limit the motorist's driving to daytime, or to daytime and within certain speeds, or with the provision for various types of special equipment."

"The special equipment might be a hand-operated brake for a driver with a wooden leg. Or it might be an outside rear view mirror for a person with a defective left eye."

## Student Forum

Question: What trait do you dislike most in a student?

Mrs. F. R. Nave, assistant instructor of Spanish in the Romance languages department: "The one trait that particularly irritates me is that some students don't speak loudly enough when they recite."

Francis L. Broderick, history department instructor: "Coasting"

on personality and on half-remembered clichés plucked from lectures as a substitute for assigned reading."

Prof. Russell M. Ross, political science department: "Primarily the student who does not bother to pay attention to the material at hand and finds it more interesting to read a newspaper during lectures."

William E. Nickell, instructor in the physics department: "I have noticed that a great many stu-

dents begin writing a test or exam before they have read the question well enough to understand it. That is a trait I dislike."

Prof. Paul R. Olson, department of economics: "One trait I dislike is the lack of courtesy displayed by some students not only to the instructor but to their classmates as when a student disrupts classroom procedure by getting ready to leave five or 10 minutes before the end of the hour."

Prof. Margaret G. Fox, women's physical education department: "I

## CHORDS AND DISCORDS

BY DRAKE MADRY

A climb into an ivory tower seems to be fitting for the role I'm about to play. I'm going to solve a problem that has divided musicians into several schools of thought, I am, I am.

Terms like be-bop, dixieland, swing and jazz are tossed about with reckless abandon by anyone who claims to have a working knowledge of music.

Each school claims that its particular brand of music is the only type — the type that springs from the heart.

Actually, it would seem that most music is emotion, but to make money.

ELLIOTT LAWRENCE, who has escaped the label of "commercialist," once said that he refuses to play commercial music. "I'll quit before I will, and I mean it," Lawrence said.

I really doubt if the tempo of his blood pressure jumped up several degrees when he made a recording of "Single Saddle."

Louis Armstrong was quoted as saying, "If I can't play the way I want, then I'll hang up my horn." However, if dixieland music were to fall from favor,

would Armstrong hunt for a job slinging hash? Doubt it.

The be-bop wagon is loaded with people right now. A stirred emotion can hardly be the only satisfaction that be-boppers derive from their work. The dollars signs must figure into their reasoning someplace along the line.

Jazz, a collective term that has come to include all types of modern American music, would hardly have gained its present stature among musicians if the public had been unwilling to hear it.

JAZZ IN ITS purest form probably served as an outlet for musical emotion. Improvisation by musicians led to a type of music that was directed to the public — with another eye on the emotional outlet business.

If Americans hadn't been willing to pay good money to see jazz, hear it and dance to it, jazz would still be heard only in the cheap taverns. Instead jazz is heard in Carnegie hall and first-class night clubs. The public has endorsed it.

The cycle works in a logical manner: no commercialism, no jazz; no jazz, no jobs; no jobs, no eat. No tickee, no shirtee.

# Selecting Buyers Should Check Individual Personalities

Buying perfume for that certain woman in your life isn't as simple as taking a quick trip to the nearest drug or department store and asking a clerk to pick out the expensive brand with an exquisitely-cut glass bottle.

Imported perfumes are excellent, and attractive bottles decorate a dressing table, but there's another angle to consider. Type match for perfumes as they do for clothes.

Just because a woman is a redhead doesn't mean she likes exotic perfumes, and the fact that a woman has silver hair doesn't mean she's necessarily an addict of lavender and old lace.

It's like picking out a corsage. First one considers what the person is going to wear. Because the wrong perfume can be as deadly as red roses with a fuchsia gown.

When buying perfume for a lady, it's a good idea to check discreetly for her favorite fragrance.

While 85 to 90 percent of the women who buy perfumes prefer lighter scents, there's still the other 10 or 15 percent of the population to consider.

Blondes generally wear light scents than brunettes, and the trend is for women to choose lighter perfumes in spring and summer than in winter and fall.

The correct way to choose perfume is by putting a dab on the hand and allowing it to remain for a while to see how it blends with the skin. Most women, however, don't take that much time to choose perfumes, either for themselves or for others.

If trends are any indication, it's a good guess that a woman will appreciate a perfume dispenser she can include in her purse.

It's highly possible, too, that she'll prefer a more tantalizing scent for "after-five" wear.

For the girl who dresses with a tailored influence, a clear and woody scent or a floral blend with spicy undertone is appropriate.

If the girl wears dainty feminine clothes, the fragrance of a single flower is ideal.

If she has a flair for drama, give her an exotic, oriental fragrance or one of the heavier floral blends.

But if she's an unpredictable girl with a convertible personality, any gay liting scent will charm her.

That's the formula experts offer for buying perfumes.

## Visiting Nurse Appointed by IC Association

Clarice Hickman, Carmel, N.Y., has been appointed as the professional worker of the new Iowa City Visiting Nurse association, according to a recent announcement by the Rev. John C. Craig, association chairman.

She has been studying the Iowa City situation for the past week and will begin offering actual nursing service as soon as organization of the association is complete.

The local association was formed earlier this year to help fill the need arising from the fact this community no longer has a city nurse.

She will serve Iowa City families in general. Those who can afford it will pay fees and those who cannot will receive free help. She will stress prevention of sickness through health education.

She will make a special effort to reach expectant mothers and mothers who have just had babies.

## PTA Group Selects 2 District Delegates

Two delegates were chosen to represent the Henry Sabin Parent Teachers association at the district conference in Clinton Nov. 9.

Representatives are Mrs. H.M. Sutton and Mrs. Irvin Maske. They were named at a meeting of the Henry Sabin PTA Thursday afternoon in the school gymnasium.

Mrs. Della Colbert, reference librarian at the city library, spoke on "How to Organize and Select Books for a Children's Library" and conducted a discussion after her speech.

Mrs. Maske acted as program chairman. The social committee included Mrs. Kenneth Bell, Mrs. Lowell Coburn, Mrs. Edgar Frame, Mrs. Albert Luper, Mrs. Ernest Humphreys, Mrs. William Wolfe, Mrs. Rose Osborne and Mrs. Catharine Roberts.

## Nurses to Honor Dean-Elect Kitchell

A Sigma Theta Tau Founder's day tea today in the Westlawn parlor will honor Dean-elect Myrtle Kitchell, recently appointed to the SUI school of nursing.

Sigma Theta Tau is the national honorary society of nursing. Pouring at the tea table will be Roselle Berg and Marjorie Pirie, instructors in the school of nursing; Doris Levens, president of Gamma chapter of Sigma Theta Tau, and Blanche McGurk, charter member of Gamma chapter.

Dean Kitchell was initiated into the University of Minnesota chapter of Sigma Theta Tau and later was elected president of that chapter. She has been here since July.

## Scholastic Society Pledges 3 Women

Three women were pledged Friday to Alpha Lambda Delta, honorary scholastic fraternity for freshmen women.

They are Mary Margaret Reger, Iowa City; Jo Anne Marie Scheyli, Elmwood Park, Ill., and Susan Starman, Cedar Rapids.

The scholastic fraternity will sponsor a tea Tuesday from 3:30 to 5 p.m. in the YWCA rooms of the Iowa Union from freshmen women ranking in the upper 21 percent of their class on the SUI entrance examinations this fall.

The committee in charge consists of Florence Schuck, A2, West Point; Elizabeth Metcalf, A2, Des Moines; Winifred Olson, A2, Conroy, and Shirley Ann Howard, A2, Masontown, Pa.

## Former SUI Art Student To Show Prints in East

Prints done by former SUI art student, J. L. Steg, will be exhibited in the new Cornell university art gallery which opens Monday.

Steg studied print-making under Prof. Mauricio Lasansky at SUI, where he received his M.F.A. degree.

Several American museums and the 1949 Exposition International de Gravure in Paris have exhibited his work.

## SUI Graduate Assistant Contributes to Review

E.F. McGuire, G. Buffalo, N.Y., said Friday he is the author of a short story in the autumn issue of The Kenyon Review.

McGuire is a graduate assistant in the SUI English department and a student in the writer's workshop program here. He got his B.A. degree at Kenyon college, Gambier, Ohio, where the magazine is published.

"The Tenant of a Room," McGuire's story appearing in the fall Review, is his second in the quarterly, he said. The first was printed two years ago.

## SUI Registrar Attends Admissions Conference

SUI Registrar Ted McCarel returned Thursday from a three-day conference of the Association of College Admissions Counselors in Bloomington, Ind. on the Indiana university campus.

Guidance and counseling representatives from 94 colleges and 62 high schools attended the association's fifth annual conference.

Some sessions included talks and panel discussions on means of improving college-high school cooperation.

## Teachers Association Plans Thursday Picnic

An Iowa Future Teachers association picnic will be held Thursday at 5 p.m. in City park.

Members who wish to attend should make reservations at the college of education office, East hall, FTA President David Kirkman said Friday.

## Wolfgang von Goethe

Prof. Erich Funke, head of the German department, will speak Monday evening on "Goethe, Portrait of a Great Man."

"Goethe and Weimar" is the topic to be discussed Tuesday by Prof. William Heckscher, art department.

Wednesday the music department will present a program of "Goethe Lieder" (Goethe songs.) "Goethe and Shakespeare" is the title of a lecture by German Department Prof. H.O. Lyte, scheduled for Thursday.

Marking the end of the series of broadcasts Friday will be recitations by Funke, "Goethe Lyrics and Ballads." All programs are at 8 p.m.

## Peace Officers Meet Professor

Prof. Richard L. Holcomb of the Iowa Peace Officers road block committee at a Des Moines meeting, SUI Institute of Public Affairs Director Robert F. Ray said Saturday.

Holcomb is the head of the bureau of police sciences of the SUI institute of public affairs.

The committee was formed at a meeting of the representatives of the Iowa department of public safety, the Iowa State Sheriffs' association, the Iowa Association of Police Chiefs and Peace Officers, the Iowa State Policeman's association and the bureau of police science of the SUI institute of public affairs.

A long range program aimed at coordinating all Iowa peace officers in a state-wide system of road blocks for major crimes has been launched by the formation of the Iowa peace officers road block committee, Ray said.

When the program is established, if a serious crime is committed anywhere in the state, all peace officers in the area surrounding the place where the crime was committed will set up road blocks through the area to apprehend the fleeing criminals, Holcomb explained.

A road block system for Iowa has been studied for more than a year by interested peace officers in the state. Such road block systems have proved very effective in other states.

## Second Coffee Hour To Honor Hancher

President Virgil Hancher and all SUI deans and directors will be honored at a student-faculty coffee hour to be held Tuesday from 4 until 5 p.m. in the Iowa Union River room, Committee Member Larry Walker said Saturday.

The coffee hour is the second in a series sponsored by the student-faculty relations committee to give SUI students and faculty members an opportunity to become acquainted.

Myrtle Kitchell, director of the school of nursing; Helen Focht, counsellor to women; Joan Tripp and Felicia Hope will pour.

Hosts and hostesses for this week's coffee will be student council and union board members.

Committee members in charge of Tuesday's program are Louise Bekman, Larry Walker, Larry Shulin, Mary Robinson, Doris Gorgas, Tom Burney and Georgia Parris.

## 'No Women' Rules Engineer's Society

Efforts to admit women to full membership in Tau Beta Pi, national engineering honor society, were defeated at the society's 44th annual convention at Purdue university last week.

At present, chapters are authorized to honor outstanding women in engineering with a Women's Badge. Only 96 women have been honored with the award during the past 25 years by the society's 84 undergraduate and 28 alumna chapters.

Robert Stooker, E4, Kansas City, Mo., president of the Iowa Beta (SUI) chapter, and J. Nelson Reeds, E4, Iowa City, vice-president, represented the SUI chapter at the three-day meeting.

## Noted Yale Author To Lecture Here

Cleath Brooks, noted author and literary critic, will speak on "The New Criticism" at SUI Wednesday, Prof. Ray West Jr., of the English department, said Thursday.

The speech is sponsored by the SUI English department and is open to the public. It will be held in the senate chamber of Old Capitol at 8 p.m.

Brooks is a professor of English at Yale university. He and Robert Penn Warren, a former SUI instructor, wrote "Understanding Fiction" and "Understanding Poetry," two texts used in writing classes here, West said.

Two of Brooks' most recent books are "Modern Poetry and the Tradition" and "The Well Wrought Urn."

The author is a leader of the "New Criticism" literary critics who "approach a work of literature directly, not through the background of the author's life or social ideas of his time," West explained.

## Air ROTC Students Rank High in Nation

Senior SUI air ROTC students ranked in the 85 percentile group in administration tests taken at 35 universities and colleges throughout the nation last spring, military department officials said Friday.

This percentile rating indicates only 15 percent of the schools taking the test averaged scores superior to SUI's seniors.

In another senior air test, the SUI ranked in the 65 percentile. The test was given in 15 schools.

With 112 schools participating, SUI freshmen and sophomore air ROTC students placed in the 60 percentile group on the ROTC qualifying examination.

The test is given to determine eligibility for advanced ROTC, military officials said.

## Women PE Students Visit Palisades Park

Faculty members and graduate students in the SUI women's physical education department spent Friday and Saturday at Palisades Kepler State park, according to Prof. Gladys Scott.

Committee members in charge of the trip were Marjorie Latchaw, Lynn Dillon, Marian Solleder and Phoebe Scott.

Committee chairmen were Rosemary Fisher, program; Jean Altman, food, and Jean Royer, transportation.

## Home Burns

IOWA FALLS (AP) — A seven-room home on the farm owned by Mrs. Carrie Brightwell three miles northeast of here was destroyed by fire Saturday.

## Methods and Teachings of Many Americans are Being Used to Good Advantage in England's Industrial Scene

He said his two-day trip to the SUI industrial engineering division is the direct result of former SUI Prof. Ralph Barnes' many articles and text books outlining modern factory production methods.

Rodgers said he has appointments with several well-known American industrial and trade-union leaders before returning to England next month.

The British government agency which asked Rodgers to head the research project reads like a page out of a congressional report.

It is the Committee on Industrial Productivity in the Office of the Lord President of the Council on Scientific Policy in the United Kingdom.

## Try and Stop Me

By BENNETT CERF

LOVE in Hollywood department; A handsome young contract player at a major studio became involved with a platinum blonde, and finally was cornered in naming a date for the wedding. He thereupon advertised in a Los Angeles gazette: "Unfortunate male about to marry is desirous of meeting man of experience who can extricate him from perilous situation."

Evidently no saviour was forthcoming, for the young man indeed was married. We next quote from a note he dispatched to a friend the day after the ceremony: "The bride carried four roses—rather well."

The late Jules Leventhal, who managed road company productions of great Broadway hits, was famed for his honesty, his accent, and his frugality. Once he sent out a troop to play Nugent and Thurber's "The Male Animal," one scene of which called for a football coach to hand a professor a cigar. When Leventhal scanned the expense sheet for the first week, he rebelled at the item, "Cigars, eighty cents," and ordered, "From now on, when the coach offers that cigar, have the professor answer, 'No thanks, I don't smoke.'"

### Council to Study Armory Plan

Further action on the proposed council-armory board corporation may be taken at the regular city council meeting Monday at 7:30 p.m. in the council chamber, City Atty. William H. Bartley said Saturday.

The proposed non-profit corporation would be a legal device to expedite business transactions between the city, which owns the local armory, and the National Guard armory board, which pays rent for use of the building.

To be composed of council members and armory officials, the corporation, if approved, would facilitate rental payments and handling of costs of a proposed armory repair program, Bartley said.

Other action Monday night will include the second reading of an ordinance prohibiting children under 16 years of age to enter city cemetery unless accompanied by

### Union Dance Today Delayed Until 3:30

Today's jam session by Leo Cortimiglia and Doctor Meyers has been cancelled by the Union board matinee dance committee because of the memorial services for Dean-Emeritus Carl E. Seashore.

Chairman Mary Lou Cords said that for this week only the matinee dance itself will not start until 3:30 p.m.

Union activities will be available to students. The coke fountain will be open with the game room and music library in full operation.

The dance, which attracted a capacity crowd last week, is free, informal and a non-date event, the chairman said.

### Week's Building Permits \$15,250 Under '48

Building permits issued this week by the city engineer's office showed a \$15,250 drop from the total issued during the corresponding week last year.

Permits for the week ending Oct. 22, 1949, totaled \$10,500 as compared with \$25,750 granted during the third week in October, 1948.

Robert H. Engleman this week was issued a \$7,500 permit for a new residence at 1125 Keokuk street. A \$500 garage permit went to F. D. Kessler, 1207 Kirkwood avenue.

Remodeling permits were granted to Fred J. Laughlin for a \$500 stairway addition to his present home, 811 S. Van Buren street, and to E. E. Cline, 603 E. College street, to add a \$1-

500 sun porch to his apartment.

Francis J. Boyle received a permit for a \$500 utility building on North Dodge street near Governor street.

### Education Association Checks at Lone Tree

A two-man committee representing the Iowa State Education association is now investigating the Lone Tree school controversy. Names of the committee members have not been announced.

The committee hopes to promote a compromise between the Lone Tree school board and Supt. P.D. Burkhalter.

Instructions have been given to the committee to try to effect a settlement before a hearing scheduled for Burkhalter by the board Tuesday night.

It is expected the committee will report on its findings before that time to Charles Martin, Des Moines, executive secretary of the association.

### Try and Stop Me

By BENNETT CERF

A BROADWAY columnist, reports Punch, visited England, and as in his custom, promptly claimed that all the funny stories in circulation there had been "originated" by himself "I am always being told one of my stories," he brayed. Punch summed it up as a "plain case of the tale dogging the wag."

Charles Allen Smart, author of R. F. D., was showing guests some Indian mounds near his home in Chillicothe, Ohio. On the way back, they had to jump over a deep hole. "Ah," observed one of the guests. "One of the Indians, I presume, was a non-conformist." Smart also reports that in a town the size of Chillicothe, nearly everyone knows everyone else. Into a local drugstore came a girl who asked, "Have you anything for ants?" "Yep," responded the clerk. "Where you got 'em?"

A newlywed boasted to his bride, "I've always had a wonderful memory of faces." "How fortunate," she replied. "I've just dropped your shaving mirror."

### Iowa Small Business Clinic to Hear Talks By 5 SUI Professors

Five SUI faculty members in marketing and advertising will take part in the second annual small business clinic Nov. 5 and 6 in Des Moines.

The clinic, sponsored by the Iowa Federation of Business and Professional Women's Clubs Inc., in co-operation with SUI and the Iowa development commission, will be called "Minding Your Own Business."

It is designed to aid women now producing homemade or specialty products to set up small businesses of their own. The five SUI professors on the program are John V. Lund, Wendell R. Smith, William A.

Knocke, Carl B. Strand and James F. McRaith. Lund is a new member of the SUI faculty this fall, coming from the University of California to head the SUI advertising classes. Smith is the head of the SUI marketing department and is the chairman of the educational advisory committee of the Chicago Board of Trade.

Knocke returned to SUI this fall to teach marketing after experience in the operation of two Iowa retail stores. Strand has been teaching here since 1946 and the second edition of his book "Salesmanship for Vocational and Personal Use" has just been released.

McRaith teaches SUI courses in product merchandising and sales control. He is a graduate of SUI and Columbia university. Gov. William S. Beardsley also is expected to be on the program.

# Michigan Halts Minnesota Streak, 14-7

## Chuck Ortman Leads Offense

By JOHN F. MAYHEW  
ANN ARBOR (AP) — Michigan, an upset victim for the last two weeks, reared up here Saturday to hand out one of its own, a 14-7 pasting of an unbeaten Minnesota that was favored to take the Big Ten title and go to the Rose Bowl.

A sellout crowd of 97,239 screaming Homecoming fans saw the fired-up Michigan team cut the seven-game Minnesota winning streak that began after Coach Bernie Bierman's eleven lost to Michigan in 1948.

If there was an outstanding man on the rejuvenated Michigan squad, it was Chuck Ortman. The blond junior from Milwaukee came to life Saturday after a disappointing 1949 start.

Firing passes with rare accuracy and demonstrating a running ability to match, the lanky tow-head scored Michigan's first touchdown with a brilliant 10-yard run midway in the first period.

Wally Tenings, Michigan's hard-working utility back from Chicago, punched out the second touchdown in the final 13 seconds of the second period.

Harry Allis converted both touchdowns.

The only Minnesota score came in the third period when Ortman had trouble with a low pass from center on the Michigan four yard line. The ball rolled into the end zone where Art Erdling, Minnesota end, fell on the ball. Forson Soltan converted.

By bounding back from successive defeats by Army and Northwestern with a ferocity unseen in its ranks thus far this year, Coach Bennie Oosterbaan's Michigan club shattered a myth that was building around the Minnesota squad.

Dominating practically every phase of the game, with the exception of the momentary misplay that gave the visitors their score, the Michigan squad was seriously threatened only once. Shortly after the intermission, Minnesota moved to the Michigan five but was held off by the amazing Wolverine defense.

Outweighed and outfavored, the Michigan team, sparked by Ortman's tremendous offensive game and the tough defense play of the alert Michigan line, anchored by line backer Dick Kempthorn, made a sieve of the heretofore impregnable Minnesota line.

In winning the 46th edition of the hotly-contested Little Brown Jug series, Michigan pounded the big Minnesota forward wall for 126 yards on the ground and added another 102 yards on 11 pass completions in 22 tries.

## Columbia Subdued By Cadets, 63-6

WEST POINT, N.Y. (AP)—Strong-armed Arnold Galiffa threw four whizzing touchdown passes over the heads of befuddled defenders Saturday as Army's merciless football machine trampled to a 63-6 victory over Columbia before 27,100 awed fans at Michie stadium.

In addition, the dead-to-mark Galiffa set up still another touchdown with his passing to maintain Army's undefeated and untied record with five games played this season.

Jim Cain scored four of the Cadet touchdowns, two on passes from Galiffa, one on an end sweep and another on a 91 yard kickoff runback.

## Drahn to Dittmer—14 Yards for the Hawks

AN IOWA PASS CLICKS IN THE first period of the Hawk — Northwestern game Saturday as End Jack Dittmer (34) prepares to receive a pass from Glenn Drahn (not shown) resulting in a 14 yard gain. The Hawkeyes notched a 28-21 upset victory over favored Northwestern to advance to second place in Big Ten standings. Other Iowans shown in the picture are: "Junebug" Perrin (27); Austin Turner (78) and Bob Geigel (62). Northwestern players pictured are Jim Parsegian (68) and Dick Price (57).

# Happy Hawks Celebrate Upset Victory

## Faske Praises Play Of Hawkeye Linemen

By HOBERT DUNCAN  
The walls of the Iowa dressing room resounded to jubilant shouts as the Iowa Hawkeyes, possessors of a stunning 28-21 upset triumph over Northwestern, Saturday afternoon as the players trounced off the field to receive the congratulations of Dr. Eddie Anderson.

Anderson observed, "The boys played a nice ball game and they deserved to win." As he thought the game over, all he could add was, "Yes, they played themselves a nice ball game."

Jerry Faske, Iowa right halfback whose running and passing were integral ingredients used by the Hawkeyes to fashion the victory, said, "The team seems to be getting better every day. Especially as far as the blocking is concerned."

Faske was referring to the gaping holes the Iowa line opened in the Wildcat forward wall that enabled him to average slightly more than nine yards per running try.

Iowa's pass snaring end Bob McKenzie stated, "They had a good offense. It was just a case of our having the ball at the end of the game. It seemed that any time either team got the ball, that team scored. Boy, I was really sweating out those last two minutes. I thought they would never end."

McKenzie was in concurrence with the majority of his teammates, that Iowa played the best ball game of the season Saturday.

Don Commack, Waterloo speedster, slumped wearily to a bench in the locker room with the statement, "I'm a beat boy today. I think Iowa played the best ball game of the season against Northwestern."

"That Northwestern line is all right," Don Winslow, Hawk left

tackle from Iowa City remarked, "It's always a great feeling when you win one like this."

The players refused to discuss the western coach continued, "Iowa's got a good ball club. They certainly looked good out there this afternoon, anyway."

When queried about the respective merits of Michigan, 21-20 victims of the Wildcats last week, and Iowa, Voigts declined comment but merely reiterated his previous statement that "Iowa has a good ball club."

The Wildcat gridders remained faithful to the silence pledge they apparently had taken before arriving in Iowa City.

## Hawkeye Harriers Edge Notre Dame

SUI's cross-country team edged out a slim one-point victory margin over Notre Dame here Saturday morning, 27-28, to keep their season's record unblemished. The Hawks had previously downed Illinois, 28-31.

The Hawkeyes, led by sophomore Earle Duggan of Davenport, captured first, second, seventh, eighth and ninth for victory No. 2. Duggan was timed at 18:02 for the three and one-half mile course.

Trailing Duggan by a few yards was Iowa City's contribution to Coach Francis Cretzmeier's harriers was Jack Davis. Davis barely slipped across the finish line in front of Notre Dame's ace, Benny Almaguer.

The Irish, beaten this year only once and then by Don Gehrmann and Co. of Wisconsin, showed good team balance by placing third, fourth, fifth and sixth. Notre Dame lost by the same score which last year meant victory for them.

Iowa's remaining three members were Bill Bye, Kenneth Carmer and John Collins in that place order.

## Buckeyes Top Wisconsin, 21-0

MADISON, WIS. (UP)—The battling Buckeyes of Ohio State roared back into the wide-open Big 10 title scramble Saturday as they bowled over stubborn Wisconsin 21-0 before 45,000 mournful fans.

The Buckeyes, snapping back beautifully from the mauling Minnesota handed them last week, banged through with two touchdowns in the first period and added another in the final 31 seconds.

The first two assaults, engineered mostly by Halfback Jim Clark and Fullback Fred Morrison, knocked the wind out of the Badger's comeback.

The Badgers, shooting desperately for their first conference win, plunged deep into Buckeye territory four times, but the powerful Ohio defenses stopped their offensives.

The Buckeyes rolled up only 256 yards to Wisconsin's 249. They made only 13 first downs compared with the Badgers' 14.

Ohio State wrecked the Badgers' touted air game for their second conference victory in three starts. The defeat was the first league loss for Wisconsin.

At three minutes into the first period, Morrison reeled off 14 yards, Clark got 10, Halfback Jerry Krall passed to the five yard stripe, and Morrison scored for the first touchdown.

Later, the Buckeyes grabbed a fumble on Wisconsin's 43-yard stripe. Clark, starting on nearly every play, tossed 16 yards to End Ralph Armstrong and then uncorked 12, nine and two-yard runs to put his squad on the three-yard line. He ripped over guard for the marker.

Against this tornado of power-runners who wouldn't stop knocking down Pitt's touchdown gate until the game ended—Pitt was lost.

## Underrated Indiana Blasts Pitt, 48-14

BLOOMINGTON, IND. (AP)—Indiana's underrated Hoosiers, beat in their last 11 games, pulled a king-size upset Saturday when they blasted Pittsburgh's undefeated Panthers, 48-14, before a wildly cheering throng of about 20,000.

The Hoosiers played their hearts out and it paid off. They literally ran Coach Mike Milligan's band into the ground and dealt a death blow to Pitt's hopes of an undefeated season.

Pitt had won four in a row before it ran into Indiana's meat-grinder.

Beaten already four times this season and in its last seven games last season, Coach Clyde Smith's sophomore-studded outfit rated better than one touchdown underdogs. But ironically enough, it was the sophomores who turned in the reoman job all afternoon.

Behind the stout-hearted line of Joe and Walt Kartkiewicz, Wilfrid Rawl and Casimir Wlutecki, sophomores Bobby Robertson, Jerry Van Ooyen and Jim Gomory and veteran quarterback Nick Sebek and Scatback Al Tutisie were a terror on the gridiron.

Against this tornado of power-runners who wouldn't stop knocking down Pitt's touchdown gate until the game ended—Pitt was lost.

The Panthers' hope of getting into the game flickered momentarily when they scored their two touchdowns in the second and third periods. But it was a hope that faded fast.

The Hoosiers scored in every period—twice each in the last three frames—to continue their domination over the easterners who have won only once since their intersectional series began in 1942.

## IOWA... (Continued from page 1)

the Hawks had their second tally. Reichardt started around end from his 21, found an opening and thundered to the one yard line, where he smacked hard into the Wildcat safety man, bowled him over and fell into the end zone.

Although shaken up on the play Reichardt picked himself up and added the first of his four perfect after touchdown placements. Finding it hard to believe that they were two touchdowns behind to a team they were supposed to handle with ease, the Wildcats struck back 81 yards in 13 plays.

Halfback Bob Meeder, an unknown in the backfield that boasts Ed Tunnell and Johnny Miller as ground gainers, took a reverse and traveled to the 47. Burson then threw over End Don Stonesifer's head but the referee called interference on the Iowa 35 and the 'Cats were off to the races.

Burson tossed again, this time to Bob Baggott on the Iowa seven and set up a first down. The Hawkeye line, playing the type of valiant ball that they have all year when the enemy strikes inside the 10, dug in and for a moment fans and players thought Murakowski had been stopped on the six-inch line on fourth down.

But a penalty—both sides off sides—nullified the play and on what amounted to the fifth down of the series the big fullback—Murakowski—crashed over the center of the line. Eddie Nemeth, a guard, booted the extra point, the first of three successful tries for the day.

The tying tally came after nine minutes, 21 seconds of the third period had elapsed. Both sides had given the ball away on fumbles once and when the Iowa attack stalled, Denning got off another of his long kicks.

Tom Worthington, a reserve halfback, and speedster who raced 63 yards to a touchdown against Michigan last week on a punt return, took the boot on his own 33, sidestepped two Hawkeye tacklers and burst into the clear. With no Iowa men near him he legged it all the way, 67 yards, and the startled Hawks had a tie ball game on their hands for the first time.

But it wasn't to be deadlocked for long. In eight plays the Hawks were on the NU 16 and Faske was ready for his end around dash to a touchdown.

Again in the final quarter the Wildcats made it a tied up contest. Worthington returned Denning's 55 yard boot to the Northwestern 32. On third down Burson, the loop's leading passer who was erratic at times Saturday, let go with a long pass. For a second it looked too long, but Burt Keddie made an over the shoulder catch on the 10 and went untouched for a TD.

The Hawks, denied several golden opportunities to score this year, made their own opportunity a minute and 11 seconds later with Ruck's long game-winning pass to Dittmer.

# Missouri Rips Cyclones In Big Seven Tilt, 32-0

AMES (AP) — Missouri scored the first two times it got the ball and went on to snap Iowa State's undefeated string with a crack, 32-0, in a Big Seven football game Saturday.

A near capacity crowd of 18,000 saw a powerful Missouri ground attack roll over and through Iowa State's line for two touchdowns in the first period, one in the third and two more in the fourth.

The Cyclones were inside the Missouri 20-yard line four times in the first half and once in the third period but stalled each time.

It was the first time in 23 consecutive games Iowa State had failed to score.

It took the Tigers just five plays to go 70 yards for their first score, John Glorioso scampering 44 for the touchdown. He kicked the extra point.

Again on five plays, Missouri went 50 yards to score four minutes later, Dick Brazzell punching over from the one foot mark.

Turned back after a 46-yard march opened the third period, the Tigers scored on their next chance on just 11 running plays and a lateral. The drive covered 66 yards through the middle from three yards out.

Runs of 21 yards by Junior Wren and 22 yards by Dave Ashley, both reserves, sparked Missouri's final touchdown march of 67 yards. Bob Henley went over from the one.

The Tigers piled up 406 yards from rushing to a thin 96 for Iowa State. In passing, Iowa State completed 8 of 30 aerials, netted 114 yards to 57 for Missouri on three of 10.

## SMU Tops Kentucky For Walker, 20-7

DALLAS, TEX. (AP) — Tallying behind the battle cry of "win this one for Doak Walker," Southern Methodist's mobile Mustangs sent Kentucky crashing out of the ranks of the unbeaten Saturday, scoring a resounding 20-7 upset victory.

Bouncing back from last week's defeat by Rice, the determined Methodists had to overcome a 7-6 half-time deficit to gain the triumph. And they went all the way without Walker, their two-time all-American halfback, who was out with a severe attack of influenza.

With Kyle Rote handling Walker's chores, the Mustangs punched over touchdowns in each of the final two periods to thrill a crowd of 48,000.

Rote scored two touchdowns, ripped off sizable yardage on running plays and kept Kentucky at bay with booming punts as SMU started back on the comeback trail.

It was a tough one for Coach Paul Bryant's Wildcats to lose, for the breaks went against them with monotonous regularity until SMU finally took advantage of them and cashed in the winning points.

SMU broke the ice with a 65-yard march extending from the first quarter into the second and climaxed by Rote's eight-yard end run, but Kentucky bounced back to make it 7-6 from the ensuing kick off on a Vito-Parilli-to-Dominic Fuceli pass good for 28 yards. Bobby Brooks converted to provide the margin.

**KANSAS ROMPS, 55-14**  
STILLWATER, OKLA. (AP) — An underrated Kansas eleven surprised, then astonished, Oklahoma A. and M. Saturday, piling up 34 points in the first half and driving on to a wild 55-14 victory.

## Pace-Setting Illinois Slams Purdue, 19-0

LAFAYETTE, IND. (AP) — Illinois won its first victory at Purdue in 30 years Saturday, 19-0, as line-smashing performances of Burly Burt Schmidt and John Karras boosted the Illini to top of the Western Conference.

Twice - tied this season but undefeated in the Big Ten, Illinois got a big assist from Michigan's 14-7 victory over Minnesota, last perfect record team in the conference.

Purdue was looking for its first conference victory and held Illinois scoreless in the first half. Then it crumbled. A couple of timely pass interceptions by Dick Raklovits helped ruin the occasion for 48,000 Purdue Homecoming fans.

Illinois elected to play power football and needed nothing else. The 191-pound Schmidt banged into the Purdue line 12 times from his fullback spot and accumulated 121 yards.

Right Halfback Karras, ten pounds lighter but no easier to stop, carried 19 times for 111 yards. The combined Schmidt-Karras total was only 37 yards short of Purdue's total gain by rushing.

Schmidt scored Illinois' second touchdown and helped set up the first, but a couple of reserves got into the scoring statistics.

Chris Pagakis, moved up from the junior varsity Saturday because regular Halfback Sam Piazza was ill, plunged from the three-yard line in the third quarter. Schmidt added another touchdown in the final period.

## Faske Finds Gap in Wildcat Line

LEAVING A WAKE of downed players, Jerry Faske, Iowa halfback sprints through a hole in the Northwestern line in the second quarter Saturday for a 15 yard gain. The only Northwestern defender in a position to halt Faske's advance is Tom Worthington (16). Iowa won, 28-21.

## LAFF-A-DAY

"Tunkerville's about five miles from here. Just follow me. I'm going there, myself."

# Fuel Supply Here Still Good, Iowa City Distributors Report

Iowa City coal bins have felt no effects yet of the coal strike, city fuel distributors said Saturday.

"The weather's been with us," one coal dealer said. "My business has reflected no panic so far. And we have a normal supply on hand."

"All customers have been taken care of," another dealer reported. "They have coal in their bins and we have an adequate supply on hand."

J. L. Casey, manager of Dane Fuel company, said he did not think the situation is serious in Iowa City.

"No one's going to freeze—everyone seems to have enough coal," he said.

Oil dealers in the city pointed out that most people don't have facilities to store large reserves of oil, and that so far there has been no unusual demand.

Heating equipment dealers also reported no change in sales which reflect any unrest or panic on the part of consumers.

One dealer said sales on both coal and oil equipment are slightly down, rather than a shift either one to the other being shown.

Another heating equipment dealer pointed out a continuance of the steel strike could easily affect his business, but so far he's felt neither the steel nor coal strike.

# Three Polios Moved Into Inactive Wards

Dr. Kenneth Judiesch, 27. Iowa City physician, Saturday was one of three persons transferred to inactive polio wards at University hospitals.

Judiesch, 702 E. Washington street, was admitted to the active polio list Oct. 13.

Active polio cases under treatment at the hospitals Saturday remained at 12 as three new patients were admitted to active wards.

New patients, all in "fair" condition, were Steven Bough, 2, Waterloo; Stephen Dolash, 4 1-2, Cedar Rapids, and Rita Prizler, 13, Lone Tree.

Those transferred to the inactive list, besides Judiesch, were Betty Mundt, 21, Burlington, and Harold Honeck, 8, Alden.

# Lechay to Address Kentucky Art Meet

SUI Art Prof. James Lechay will leave Thursday for Lexington and Louisville, Ky., where he will address the art section of the Conference of Colleges on the University of Kentucky campus, the art department said Saturday.

An exhibit of Lechay's paintings opened Oct. 9 at the University of Kentucky art gallery.

The exhibition came from the Macbeth galleries in New York a leading dealer's gallery which sponsors the work of the expressionist school of painting.

Lechay has paintings in the permanent collections of several galleries including the Art Institute of Chicago and the Pennsylvania Academy of Fine Arts.

# SUI Lets Contracts For Physical Plant

Contracts totaling \$38,501 were awarded Friday for steam and electric services for the new physical plant shop on Front street near Burlington street, SUI engineer George Parizek said Saturday.

The contracts were awarded to Carstens Bros., Ackley, and Robbins Electric company, Moline, Ill.

A \$28,667 contract awarded Carstens is for work connecting the university steam tunnel to the building. Robbins' \$9,834 contract calls for connecting the university power plant facilities to the shop, Parizek said.

Work on this phase of construction will begin within the next six weeks, he added.

The shop, which consolidates

# No Sugar Needed on Strawberry Popcorn

First it was strawberry blonds, and now it's strawberry popcorn. Sgt. Glenn Van Horne of the SUI military department has cultivated two rows of strawberry-shaped and colored popcorn on a small plot of land near his home at 1420 Yewell street.

Van Horne picked up a berry—or ear—the summer of 1948 while on a short leave in Fulton, Mo., and planted it shortly after returning to Iowa City.

Cream and sugar are not necessary with strawberry popcorn, Van Horne said.

Several of the physical plant shops, is expected to be completed around the first of the year.

# Head Nurse to Talk In Hospital Series

Myrtle Kitchell, director of the SUI school of nursing, this week will take part in a series of panel discussions throughout Iowa during six regional hospital conferences of the Iowa Hospital association.

Miss Kitchell will speak on aspects of nursing education.

Others on the panel include Prof. Louis C. Zopf, college of pharmacy; Donald W. Cordes, Des Moines, administrator of Iowa Methodist hospital, who will be moderator of the panel; Robert E.

# Hanton, Des Moines, Iowa state department of health, and Leonard C. Goudy, Chicago, purchasing specialist of the American Hospital association.

The six conferences will begin in Mason City Monday. Tuesday the group will speak in Cedar Rapids, and Wednesday in Burlington.

The conferences will continue in Sioux City, Oct. 31; Atlantic, Nov. 1, and in Des Moines, Nov. 2.

# Shopper's Auto Stolen From Downtown Alley

A 1947 maroon Mercury convertible was reported stolen at 12:30 p.m. Saturday from its parking place in an alley near 217 S. Dubuque street, police said.

The owner, Kenneth Smith, 418 S. Madison street, told police he parked the car and went into a store to buy groceries. When he returned a short time later the car was gone, Smith reported.

# Here's New Cleaning Service . . . at C.O.D.

Call 8-1171

Call 8-1171

The newest in Iowa City cleaning service . . . drive in (no parking worries) . . . 24-hours later pick up your cleaning, neat and really clean. That's the story at C.O.D. CLEANERS. Come in this week, 324 S. Madison street. You'll find friendly counter service always.

"Good appearance pays dividends for life"

When it comes to water fights, Joey Walinski is still the undisputed champion of Currier. It was proven that she can hold more water in her mouth than Fid Reese can hold in her new red-plastic water pistol. Consequently it was raining in Currier the other night—and it wasn't April showers. All women wanting to step outside their rooms had to slip on raincoats.

Don't miss the **DAD'S DAY DANCE** Friday, October 28 Iowa Union Parents admitted free

Lucky you because you just happened to glance down here and get in on all these specials. **WHEATSTONE'S COSMETIC COUNTER** is closing out on a few better known lines of perfume and the prices are low, low, low. There's something really oriental that defies our memory but you'll know it when you see it.

You'll want to stow a couple of these special close out perfumes in the back of your dresser drawer for Cousin Kate's Christmas gift. At What's, close-out perfumes go fast so get there after your 8:30 class tomorrow for a perfume steal.

If you're wondering about that strange look some of the guys are getting these days you can attribute it to the coming **Spinster's Spree** (Nov. 11). When the end of October comes you'll see some serious hunting.

Christmas may be 9-weeks off, but Hauser's Jewelers, 205 E. Washington know you like to plan your gifts in advance . . . so come in this week and take advantage of Hauser's layaway plan. Pick your gift out now and have it paid for by Christmas . . . it avoids the rush and is oh so much easier on the purse.

While you're there you'll want to see the new Elgin American compact . . . it's a real beauty.

Book of the week: "Fire, fire everywhere" or "Where are you, now that I need you." A tale of the well known lads who blaze a trail across the campus. For reference, see what was a hay rack at the Phi Gam house. Its smoldering embers remind us of what a great time we all had during Homecoming weekend.

**Bremers Fashion Tips**  
Bremers have gone all out this week . . . you'll find sportcoats in materials that will make your wardrobe really stand out . . . there's soft flannel, long-wearing camel hair and smart shetland. And there's color galore, marine blue, palladium grey, rust and grey-green. You'll find them styled by Varsity Town, Campus Togs and McGregor. All sizes including extra long to 46.

And to go with these slick sportcoats, Bremers have a full selection of slacks in gabardine, covert and flannel. Come in this week.

Cold weather is coming. Call 3131 for a Yellow Cab to get you to class.

Twelve tattered and torn pledges from old Drake U. stumbled out of the SAE house here about 3 a.m. last Monday night. After two hours of fire-drill, they were in no mood for merrymaking. It seems they had skipped from their Drake home and were corralled in I.C. by the local fraternity until forty Drake brothers reached the scene. Pledge comment: "You guys can't do this to us."

Sweet dreams little one, and how could they not be sweet when you're swathed in a filmy gown of sheerest nylon. Truzette of California steals the show in Dunn's new lingerie department with its frothy little nylon shortie gown. It's precious as a baby's pink toe — adorable round yoke with eyelid ruffle, teenie satin tie at the throat and puffy short sleeves.

Pejama girls will be ever so feminine too in Truzette's Wanda Lewis original of Bur-Mil crepe in soft pastel colors. You'll find Dunn's new lingerie department just the intimate atmosphere in which to buy your favorite dainties. Luxite by Holeproof slips, panties, and gowns; Gossard flexees; Flexaire bras, and many other popular labels make Dunn's new lingerie department the place you'll find your nicest lingerie. Drop in tomorrow, won't you? **DUNN'S**, 116 E. Washington.

# QUESTION OF THE WEEK

What do you look for in a good date?  
**Jim Bjery**—tolerance and ambition  
**Don Moyer**—interest—in me  
**Di Horrabin**—George.  
**Anne Smith**— someone who will laugh at my corny jokes.  
**Bill Haglund**— compactness, compatibility, and conviviality.  
**Laurie Fisher**—something like the Met star that's coming.

It's sweater time again 'cause no matter if it's class time, or coke time, or date time you'll be carefree and comfortable in a sweater. You can never have too many so drop in at the H and H Hosiery Store two doors south of Aldens and select one in an exciting new color to spark your wardrobe. Choose yours in copper, raspberry, maize, white, grey, red, blue, black or pink. Every one of them wears the famous Heien Harper label. You've seen them advertised in Life, Vogue and other fashion magazines.

At \$2.98 and \$3.98 these Helen Harper pullovers and cardigans are the least expensive way to have many costume changes. You know how beautifully nylon washes but these 100% virgin wools are soft and precious. With such a large variety of colors at the H and H Hosiery Store it's certain you'll find just the Helen Harper for you. Come in tomorrow.

Cold weather is coming. Call 3131 for a Yellow Cab to get you to class.
