Fair and warmer today.
 Monday fair and mild.
 High today 65, low 35.
 Saturday's high 50, low 22.

GOPHERS SLAUGHTER HAWKS, 55-7

Powerful Minnesota Rebounds From Upset Loss Last Week

By ALAN MOYER
 Iowan Sports Editor
 MINNEAPOLIS — Dreams of a Big Ten championship, the smell of a possible Rose Bowl bid, a victory over favored Minnesota — all were but smashed into oblivion for Iowa's Hawkeyes here Saturday afternoon when Minnesota's giant Gophers pounded out a 55-7 thrashing before 63,517 dazed onlookers.

Iowa rode into Minneapolis on the crest of a three game winning streak and owning a first place tie in the Western conference race with Ohio State. But as has happened time and time again, Bernie Bierman's ponderous eleven treated the home folks to a Memorial stadium win. Not since 1921 has Iowa managed a victory here.

Michigan's Wolverines moved into a first place tie with conference-idle Ohio State Saturday by virtue of a 20-12 victory over Purdue. The Hawkeyes' loss dropped them from a first place deadlock to a fifth place tie with their Saturday conquerors, Minnesota, Illinois, with a 3-1-1 record and Wisconsin, with a 2-1-1 mark, are in third and fourth places respectively in the Western conference race.

The Gophers hardly waited for the last fan to be seated before demonstrating that they had recovered from the upset suffered at the hands of Purdue a week ago.

Before Iowa could get possession of the pigskin it saw so infrequently during the crisp November afternoon, Minnesota had

She Fell, Too . . .

MINNEAPOLIS (Special) — Norine Woodard, A4, Wayzata, Minn., SUI student, fainted when Iowa made its only touchdown in the Iowa - Minnesota game. She fell from the bottom row of the grandstand to the cinder track below.

a seven point lead. It was scored in just nine plays and covered 75 yards.

Five minutes later, it was 14-0, by half time, 21-0. But the real storm of Gopher power waited until the final period to break loose, when a series of pass interceptions, ambling runs and Iowa fumbles allowed Minnesota to score four times in 10 minutes.

It was much the same demonstration Iowa put on a week ago in beating Oregon, but this time the outclassed Hawks were on the wrong end of the activity. They never gave up and hustled even on the final pass play of the game but by that time the Gophers were clearly the superior outfit.

Iowa did not freeze at the switch, nor did the Hawks collapse after the game started. They were simply up against a team that was rebounding from being rudely upset a week ago.

In addition, the Gophers took advantage of numerous breaks, the same kind—fumbles and interceptions—that Iowa has taken advantage of in past weeks, turning enemy mistakes into touchdowns.

Five times, three times within a minute and 29 seconds, Minnesota turned Iowa passes or fumbles into Gopher tallies.

In the hectic fourth period, with Minnesota crazed with a desire to get the ball and score, Glenn Drahn's and Fred Ruck's passes went astray.

Ruck tried a pass to Jack Dittmer on his own 30. Leo Nomellini, 270-pounds of Minnesota tackle, being the tallest man in the vicinity, came up with the ball

Iowa Fullback Forced Out of Bounds

BILL REICHHARDT, IOWA FULLBACK, (30) faded for a forward pass in the first period of Saturday's game against Minnesota at Minneapolis, but the hard-charging Gopher forward wall broke up the attempted aerial. Here Reichardt makes a run for it as Leo Nomellini, Gopher lineman (left) and a teammate bear down on him. Reichardt was run out of bounds for no gain on the Iowa 23 yard line. Minnesota favored the boom on the Hawks, 55-7.

Says Allies Lack Manpower

McGrath to Speak For Campus Chest

U.S. Commissioner of Education Earl J. McGrath, former SUI liberal arts dean and honorary chairman of the SUI campus chest drive, will speak Monday night by transcription over WSUI during the kick-off of the 1949 campus chest drive.

He will speak during the regularly scheduled "Campus Shop" program at 9:15 p.m. which is being sponsored during the drive by campus chest, General Chairman Bob Kramer, A3, White Plains, N.Y., said Saturday.

Students will also speak at house meetings of SUI fraternities and sororities Monday night to explain the drive, Gil Pearlman, A3, Des Moines, said.

The campus chest drive begins Tuesday morning.

Caribbean Colonies May Get Freedom

LONDON (P) — Britain plans to set up a new, near-independent state between the two Americas—a west Indian federation of six Caribbean colonies and nearly 3-million people.

The blueprint for this long-dreamed-of state is soon to be published by Colonial Secretary Arthur Creech Jones. It will then be debated by each of the colonies concerned.

The blueprint has been designed by a "closer association" committee of West Indians from each territory. They have been working on it for two years.

West Indian colonial governors meet in Bridgetown, Barbados, Monday to discuss the report. Lord Listowel, minister for colonies, has flown to the Caribbean for the talks.

According to responsible informants, the committee report urges federation of Barbados, British Honduras, Jamaica, the Leeward islands, Trinidad and the Windward islands into a single state.

Soviet Paper Announces Atom Blast of Mountains

BERLIN (P) — The Soviet-licensed newspaper Nacht Express said Saturday night the Russians had used atomic energy to blow up mountains in Siberia to reverse the direction of two rivers.

The newspaper said the announcement was made by a Soviet engineer named Davydov in a statement before the Moscow Energy institute.

PRAGUE (P) — Defiant Roman Catholic bishops Saturday demanded that the Communist government revise its church control laws at once and guarantee the church independence.

Doctor Applies For License Reinstatement

Dr. D.F. Fitzpatrick, Iowa City health physician, appealed Saturday in Johnson county district court the suspension of his driver's license Aug. 4, following an accident last summer.

The issue stemmed from the death of five-year-old George Lusaden, 108 S. Linn street, July 25. Daring from an alley near his home, the boy was struck by a car driven by Fitzpatrick, according to a coroner's jury which ruled the accident "unavoidable."

In his petition, Fitzpatrick declared his need for use of the car in his practice as physician and surgeon, and charged the Iowa department of public safety suspended his license "wrongfully, erroneously and without just cause."

In a letter dated Oct. 17, Safety Department Commissioner Alfred W. Kahl, Des Moines, told the doctor the reason for suspension was "incompetence to drive a motor vehicle."

This was based on Fitzpatrick's inability to pass a driving demonstration test Aug. 2, the letter said. Fitzpatrick was issued an instructional permit Aug. 19, and on Sept. 19 he took another test.

Kahl's letter said the license would not be reinstated as a result of the second test.

Fitzpatrick said he had applied for reinstatement for the license and submitted to the tests on suggestion of the safety department. He claimed he believed he passed the examinations and was entitled to have the license restored.

He requested a court hearing and that the safety department and Kahl be required to file a transcript of all proceedings in connection with the matter.

District Court Judge Harold D. Evans set the hearing for Dec. 12 at 9 a.m. and ordered the department to file all records having bearing on the case.

Falling Light Pole Dents Parked Car

J.L. Mathew, Coralville salesman, was able to drive his slightly damaged green 1939 Hudson tudor home Saturday night after an iron street lamp pole toppled over denting the roof, hood and fender.

Mathew parked the car on College street in front of the J.C. Penney store about 8:15 p.m. while he and his wife did their weekend shopping. At 8:45 he returned to the car to put another nickel in the parking meter.

Only minutes after he went back to the store, one of the old, now-being-replaced street lamps gave way at the base and fell onto the right side of the car.

Police swept up the broken glass from the shattered light globe, electricians cut the wires and Mathews had to pry open the door to get in. No one was injured.

TRAIN KILLS 5

CINCINNATI (P) — A New York Central passenger train plowed into an automobile at a crossing at nearby Sharonville Saturday killing five men and leaving a sixth in critical condition.

Truman Asks Lehman Victory

NEW YORK (AP) — President Truman Saturday entered the fiery New York campaign with a direct radio appeal to the state's voters for the election Tuesday of Herbert H. Lehman as U.S. senator and the whole Democratic ticket.

Speaking from the White House, Mr. Truman said the former Democratic governor would bring to Washington a "constructive and progressive approach to domestic affairs."

John Foster Dulles, Lehman's Republican opponent for the one year remaining of the term of Democrat Robert F. Wagner who resigned because of poor health, now holds the Wagner seat by appointment of New York Gov. Thomas Dewey.

Report Week Deadline Set in Soft Coal Strike

WASHINGTON — The government was reported Saturday night to have set a deadline roughly one week from now for decisive action to end the soft coal strike.

In the steel strike there were some setbacks, but developments of high promise affecting five large and small steel companies buoyed hopes of an early, negotiated peace with CIO's united steelworkers.

Republic Steel corporation, third largest in the U.S., and CIO Pres. Philip Murray recessed their contract talks Saturday but agreed to resume negotiations this morning.

Jones & Laughlin scheduled peace talks for Monday, and Youngstown Sheet and Tube for Tuesday.

But even if more steel firms sign contracts, most of them can run only a few weeks without fresh coal supplies. And it was learned reliably that neither mine chieftain John L. Lewis, in Friday's secret mediation talk, nor the coal mine owners now heading for Washington, have yielded ground.

White House sources say President Truman is being urged by some advisers to call for a Taft-Hartley act injunction to send Lewis' 380,000 United Mine Workers back to the coal pits.

Nine days ago Mr. Truman said no national emergency exists which warrants Taft-Hartley action, but the decision may be hastened by the present onset of cold weather in many areas, widespread reports of hardship, and rising unemployment in industries dependent on coal.

Communists Jailed In Argentina Clash

BUENOS AIRES, ARGENTINA (P) — More than 1,000 Communists, including the national party leaders and two of his top lieutenants, were jailed Saturday after government police broke up an authorized Communist celebration of the 32nd anniversary of the Russian revolution.

The Communist demonstrators were arrested after a brief clash in front of the Communist party headquarters, which police had closed two weeks ago for violating the city sanitary code. Large quantities of ammunition were found inside.

Barkley Visits Fiancee in Hospital

A VERY WORRIED Alben Barkley, vice-president of the U.S., paid a visit to a St. Louis hospital Saturday where his fiancée, Mrs. Carleton Hadley, is ill with the flu. The "Veep" carried a box of flowers to his wife-to-be.

SUI Dean Resolves Against Racial Bias In U.S. Education

Carlisle Jacobsen, executive dean of the SUI division of health science and services, presented a resolution Saturday against "uneconomic and undemocratic" separate schools for Negroes and whites at a conference of educators in Chicago.

The conference, called by the American Council on Education and the Anti-defamation League of B'nai B'rith, adopted this resolution and called for colleges to eliminate discriminatory practices, according to the United Press.

Jacobsen said he felt state legislatures should be asked to stop discriminatory practices and that legislation relating to graduate and professional education can be effectively accomplished at the federal level.

George N. Rosenlof, University of Nebraska registrar, called for a long-range educational program "to eliminate the use of discriminatory criteria" in the selection of students.

The educators concluded the two-day meeting Saturday by calling for a program by the colleges themselves that would eliminate discrimination against applicants on grounds of race, religion or natural origin.

Pilot Recalls Contacting Airport Before Crash

WASHINGTON (P) — Pilot Erick Rios Bridoux recalls being in radio contact with the national airport control tower just before last Tuesday's air disaster, according to persons who discussed it with him Saturday.

Bolivia's crack airman told them he was in contact with the tower when his P-38 fighter cut an Eastern airliner into pieces and sent 55 persons plunging to their death.

By GIL PEARLMAN

IT'S NOT that I am trying to support one of the major cigarette manufacturers that I am smoking like a bonfire at a marshmallow roast this morning.

Nor should one conclude that I am cold because my hands are shaking. The truth is I am nervous. I had a close call last night...

My roommate and I were walking home from supper when his everlasting desire for frozen milk took hold of him. He took me into his confidence and revealed the fact that he could not go on living if he did not have an ice cream cone immediately.

For a few moments I tried to think of ways that I could keep him from getting an ice cream cone. Thereby, in the future I would have a room all to myself.

HOWEVER, I remembered that he occasionally loans me money and that I sometimes wear his clothes. I concluded that he wasn't a bad guy after all and that I should help him get the two dips of chocolate delight that he so desired.

I flipped the coin in the air. All of a sudden fright spread over the broad face of my colleague. He stood motionless. Finally, he gathered enough courage to warn me, "Do you realize that this is gambling!"

Horror swept through my cerebellum. We looked around the corners to see if anyone was watching us. I pushed the coin nervously in my pocket and we walked, slowly, cautiously, down the street with our coat collars up over our ears.

Such a close call, I've seldom had. Suppose somebody saw us. It might be a mandatory sentence, who knows?

THAT WAS NOT the end of it, although it has gone too far already. But when we were one block away from our room, which is two blocks east of Cedar Rapids, we noticed two young boys playing on a front porch.

Children playing on a front porch is usually a very sentimental thing, but in this case my friend and I were forced to keep back the nostalgic tears since these two innocent lads were matching pennies.

A humanitarian spirit rushed through our veins, which, though highly commendable, is a poor substitute for blood. We decided to inform these youngsters on the levels of jurisprudence and the vice of partaking in games of chance.

"I say," I said, displaying an affected British accent, "You boys shouldn't be doing that!" "Who ast ya?" begged the older one politely. He was apparently suspicious of my advice.

MY ROOMMATE came to my room and asked him, "Don't you have a comic book you could be reading?" "Yes," said the suspicious one, "but I haven't got the time. I am too busy winning pennies."

My associate turned to the younger one and asked, "Well, don't you have some work to do from your first grade reader?" "Yeh," he managed, "but I yam too bithy l'thing pennies."

"Your parents wouldn't approve of this," I stated with an authoritative air. "They don't know about it," chimed both, "they are playing bridge. Besides, they say it keeps us off the street."

At this my friend and I turned once again toward our destination; our humanitarianism lagging far behind us.

SAYS ARMY IN GOOD SHAPE WASHINGTON (AP) - Gen. J. Lawton Collins, army chief of staff, said Friday the army is not now in the best of shape but in four or five months it "will be ready to fight anyone, and whip them, anytime, anywhere."

Steals for 50 Years— Easy Life For Widow

OAKLAND, CALIF. (AP) - "People," observed Mrs. Elizabeth Worthington, "are awful careless."

The spry, 73-year-old widow ought to know. She estimates she has relieved "careless people" of more than \$500,000 in the last 50 years.

Mrs. Worthington is spending a six-months sojourn in the Alameda county prison farm - "quite the loveliest jail I have ever been in."

She ought to know about that, too. Mrs. Worthington, who claims Missouri as her birthplace, but gives no specific town, says she has been arrested 22 times. Her cheerfulness is not exactly moralistic - outlook on life is the fruit of experience, of what she termed "grand and sometimes maybe great-grand" larceny in many states. Her present incarceration is on a vagrancy charge.

Mrs. Worthington likes to travel, but she is glad to rest a bit in pleasant surroundings with all expenses paid. She has smooth dark hair, a lively smile and candid blue eyes. Her appearance of demure respectability is completely at variance with her unabashed account to reporters of her career of "stealing through life."

Mr. Worthington, she said, died about 45 years ago. She said she was no juvenile delinquent, nor was she led astray by evil companions. As a matter of fact, her first shoplifting experience (in Kansas City, Mo.) was by accident.

"I was in a department store," she told a reporter in her cell, "when I saw a woman picking up stockings and things from the counters and shoving them in newspapers."

"Uh huh," I thought, "I guess I can do that too. I stepped out to a 5 and 10, bought me a shopping bag and came back. I did that other woman one or several better. I walked out with three expensive dresses."

Mrs. Worthington's first arrest was the result of carrying a suitcase of "lovely things" into a courtroom, where she was a witness in a case.

With a little spare time before the proceedings, she remembered, she "went down town and picked up some beautiful dresses." With no time to deposit them elsewhere, she brought them to the courthouse. That was a mistake.

"Before I got down the steps of that place, I was charged with grand larceny," she said with a chuckle.

Today's Plays Lack Imagination Claims Humanities Speaker WANTED: One 20th century Shakespeare. That ad might be run by Prof. Moody Prior, guest speaker at the SUI Humanities society lecture Friday night; but even if he appeared in The Daily Iowan, Prior would doubt it could get results.

Corn and a Bumper Crop of Queens

May Give Previews of 1950 - Important Battles Loom in Tuesday Elections

WASHINGTON (AP) - New York voters will carry important weight in Tuesday's elections, but politicians also will be watching a congressional contest in California, a governor's battle in New Jersey and mayor's races in Boston, Detroit, Cleveland, Pittsburgh and Louisville for signs of things to come in the 1950 battle for control of congress.

In the New York senatorial battle Republican Sen. John Foster Dulles, appointed by Gov. Thomas E. Dewey, has pulled out all the stops in a campaign waged largely against what President Truman calls his "fair deal" domestic program.

Dulles has attacked that program as a threat to the liberty of the people through centralized government power. He has had active campaign help from Dewey and endorsement from a number of ranking Republicans.

Dulles helped shape American foreign policy as an adviser to five secretaries of state and has contended his defeat would be a blow to Republican cooperation on the bi-partisan foreign policy.

Democratic Mayor William O'Dwyer, credited with higher political ambitions, is running for reelection. Newbold Morris, Republican - Liberal - fusion candidate, is his principal opponent.

Rep. Vito Marcantonio is running on the American Labor party ticket, and there are three other minor party nominees.

In California the Democrats think they have a chance to win the fifth congressional district, which the GOP has held for about 40 years.

Since 1926 the late Rep. Richard J. Welch had been winning both the Republican and Democratic nominations there, but Tuesday the voters will choose between Republican Lloyd Cosgrove, a lawyer, and Democrat John F. Shelley, an American Federation of Labor official, on a ballot that doesn't carry party designations.

Labor, active in all of the campaigns, has a direct stake in the Detroit mayor's race. George Edwards, president of the city council and a member of the CIO auto workers union, is running against City Treasurer Elbert E. Cobo, former industrialist with reputed Republican leanings. Cobo led the field in the Sept. 13 city primary.

In Cleveland Democratic Mayor Thomas A. Burke, talked of as a possible candidate against Sen. Robert A. Taft (R-Ohio) next year, is running again. He is opposed by Republican Frank A. Polk.

Pittsburgh's Democratic Mayor David Lawrence is opposed by Republican Timothy T. Ryan in a race that may give some signs on political conditions in Pennsylvania, which the Republicans carried for Dewey in 1948.

Louisville has a mayor's race that might indicate how voters of the border state of Kentucky feel about how things are going nationally. And in Boston Democratic Mayor James M. Curley is running on a non-partisan ballot with about a dozen opponents.

The New Jersey governor's contest pits Republican Gov. Alfred E. Driscoll against Democratic State Senator Elmer H. Wene.

Barbara McKown, A1, Davenport: "Some allowances ought to be made for students who have to travel quite far for their vacations."

John Carlson, A4, Sioux Falls, S.D.: "Because of the no-cut rule I've missed train connections several times. There should be some leeway for making traveling connections."

Jo Ann Gustafson, A2, Des Moines: "I just attend. I'm a pledge and skipping those classes means demerits."

George Norman, A2, Davenport: "I think most students would go to class anyway, or should be considered old enough to need no attendance rules."

Barbara Dodge, A4, Des Moines: "The penalty for missing a no-cut day class seems too severe, especially for seniors. In some cases, losing a credit would mean not graduating."

Student Forum

QUESTION: What do you think of the SUI no-cut rule on attending classes before and after vacations.

Joseph Stark, C3, New York: "Well, they have to have some restrictions to keep everyone from leaving school early and returning late, but taking off an hour's credit for missing a class is a pretty rough penalty."

Democratic Mayor William O'Dwyer, credited with higher political ambitions, is running for reelection. Newbold Morris, Republican - Liberal - fusion candidate, is his principal opponent.

Rep. Vito Marcantonio is running on the American Labor party ticket, and there are three other minor party nominees.

In California the Democrats think they have a chance to win the fifth congressional district, which the GOP has held for about 40 years.

Since 1926 the late Rep. Richard J. Pittsburgh's Democratic Mayor David Lawrence is opposed by Republican Timothy T. Ryan in a race that may give some signs on political conditions in Pennsylvania, which the Republicans carried for Dewey in 1948.

Army Strong Man Seen As Possible Dictator in Greece

ATHENS (AP) - Greece is groping toward a general election in the spring with the word "dictatorship" bobbing up often in spoken and written speculation.

When the Greek situation was darkest—in 1947 before President Truman announced his doctrine to contain communism, and again in 1948 when an army offensive against rebel guerrillas fizzled into a draw—both liberal and royalist politicians privately said a "strong man" was needed to lead the country.

However, as in the case already in Greece, there were at least a score of such "strong men" who insisted they, and only they, could lead the country out of its misery. They never agreed on one.

But last January the frightened politicians lured Marshal Alexander Papagos out of his palace sinecure as grand chamberlain, giving him complete authority over the armed forces. Papagos, Greece's greatest living military hero, achieved his fame as generalissimo when the Greek army threw back the Italian invasion from Albania early in World War II.

With that control, plus a stringent military censorship that prevented even political speculation concerning the guerrilla uprising and the control of courts martial, Papagos is the strongest man in Greece.

The marshal has fired, retired and shifted his generals and officers around so that he is assured of personal loyalty in every key position.

Friends of Papagos insist the former chief of staff under dictator Metaxas has no notions of seizing control of the country. This is echoed by members of the American embassy who should be well-informed.

Lt. Gen. James A. Van Fleet, chief of the American mission who has great respect for Papagos as a military leader, does not believe Papagos has any such intentions.

However, veteran Greek politicians unfriendly to the marshal insist he has too much power. They recall revolutions, coups d'etat and seizures of government that started with considerably less influence than Papagos commands.

There is an old saying in Greece that you must have either the palace or the army to seize the government successfully. Papagos has access to both.

Realists, however, point out that if Papagos had such ambitions he wouldn't have a chance. The United States could not countenance dictatorship in Greece.

WSUI PROGRAM CALENDAR table with columns for date, time, and program name.

official daily BULLETIN

SUNDAY, NOVEMBER 6, 1949 VOL. XXVI, NO. 32 UNIVERSITY CALENDAR

keynote by DONALD KEY

Donald Dickson, tenor, who will open the university concert course with a recital in the Iowa Union Wednesday night, has chosen "Lieder eines Florentines Gesellen," or "The Songs of a Wayfarer" by Gustav Mahler as a featured number on the program.

"The Songs of a Wayfarer" have been performed twice in Iowa City within the last several years by Prof. Harold Stark and the SUI Symphony orchestra. One of these presentations was over an NBC broadcast during the summer of 1942.

Mahler composed these songs in December, 1883, while he was assistant conductor of an opera company at Cassel, Germany, and while he was carrying on an unrequited love affair with a singer, Johanna Richter.

Mahler, then only 23-years-old, was apparently much taken back by the affair. Gustav Engle, Mahler's biographer, said in referring to the songs, "thinking of Johanna, Mahler pictured himself at last bound to leave her as one condemned to death."

Lyrics of the songs say, "driven forth by the blue eyes of his love." The composition was not published until 14 years after it was written, and some of the themes were later used by Mahler in his "First Symphony."

ALSO ON Dickson's program Wednesday night will be the aria "Nemico Della Patria," from the opera "Andrea Chénier," by Umberto Giordano.

This opera is infrequently performed in its entirety but some of the arias are sung occasionally. Story of the opera concerns a young poet, Andrea Chénier, whose pen is aiding the French revolution. Ironically, he falls in love with Madeleine, daughter of a countess, and well-known member of the French aristocracy.

Chénier is seen in the company of his love and is condemned to death by revolutionists. He and his sweetheart die by the same bullet before a firing squad.

MUSIC in "Andre Chénier" is that of late Italian opera and similar to works of Pietro Mascagni who greatly influenced the writing of Giordano.

SEVERAL OTHER audience favorites will be sung by Dickson on Wednesday's program. Among them are "Has Sorrow Thy Young Days Shaded," by Hughes; "Air from Comus," by Arne; two songs by Poldowski "L'heure Exquise" and "Danson la Gigue," and an art song "Pourquoi me Reveiller," by Jules Massenet.

MAHLER Mahler composed these songs in December, 1883, while he was assistant conductor of an opera company at Cassel, Germany, and while he was carrying on an unrequited love affair with a singer, Johanna Richter.

Mahler, then only 23-years-old, was apparently much taken back by the affair. Gustav Engle, Mahler's biographer, said in referring to the songs, "thinking of Johanna, Mahler pictured himself at last bound to leave her as one condemned to death."

Lyrics of the songs say, "driven forth by the blue eyes of his love." The composition was not published until 14 years after it was written, and some of the themes were later used by Mahler in his "First Symphony."

ALSO ON Dickson's program Wednesday night will be the aria "Nemico Della Patria," from the opera "Andrea Chénier," by Umberto Giordano.

This opera is infrequently performed in its entirety but some of the arias are sung occasionally. Story of the opera concerns a young poet, Andrea Chénier, whose pen is aiding the French revolution. Ironically, he falls in love with Madeleine, daughter of a countess, and well-known member of the French aristocracy.

Chénier is seen in the company of his love and is condemned to death by revolutionists. He and his sweetheart die by the same bullet before a firing squad.

MUSIC in "Andre Chénier" is that of late Italian opera and similar to works of Pietro Mascagni who greatly influenced the writing of Giordano.

SEVERAL OTHER audience favorites will be sung by Dickson on Wednesday's program. Among them are "Has Sorrow Thy Young Days Shaded," by Hughes; "Air from Comus," by Arne; two songs by Poldowski "L'heure Exquise" and "Danson la Gigue," and an art song "Pourquoi me Reveiller," by Jules Massenet.

MAHLER Mahler composed these songs in December, 1883, while he was assistant conductor of an opera company at Cassel, Germany, and while he was carrying on an unrequited love affair with a singer, Johanna Richter.

Mahler, then only 23-years-old, was apparently much taken back by the affair. Gustav Engle, Mahler's biographer, said in referring to the songs, "thinking of Johanna, Mahler pictured himself at last bound to leave her as one condemned to death."

Couple Wed in Chapel Here

Mr. and Mrs. Clifford H. Johnson

Miss Vranicar, Johnson Married Saturday

Bertha C. Vranicar, Joliet, Ill., and Clifford H. Johnson, C4, Lockport, Ill., were married Saturday afternoon in the St. Thomas More chapel. The Rev. Leonard J. Brugman officiated at the double ring ceremony.

The bride, daughter of Mr. and Mrs. Nicholas J. Vranicar of Joliet, has been a deputy clerk in the circuit clerk's office there.

Mr. Johnson is the son of Mr. and Mrs. Emil C. Johnson, Lockport, Ill. He is affiliated with Theta Xi social fraternity here.

Mrs. Leo J. Meehan, 410 S. Clinton street, attended the bride as matron of honor.

Best man was Leo J. Meehan and ushers were Leonard B. Vranicar, Milwaukee, Wis., and Harry L. Singletary, Lockport, Ill.

A reception was held in the Rose Room of Hotel Jefferson following the ceremony.

The couple will reside at 617 N. Johnson street.

HOUSE UNDAMAGED

No damage was caused by a fire at 3:30 p.m. Saturday at the Jack Quinn residence, 222 E. Fairchild street, firemen said.

The fire, apparently started in some leaves under the porch, was out when firemen arrived.

Town 'n' Campus

LITERARY DEPARTMENT OF IOWA CITY WOMAN'S CLUB — Mrs. H. J. Thornton will discuss "Favorite Classics in Literature" at a meeting of the literary department of the Iowa City Woman's club. The group will meet Tuesday at 2:30 p.m. in the club rooms of the community building. Members will respond to roll call by naming their favorite classic and the reason for their choice. Members of all club departments will be welcome to attend the meeting.

AMISTAD CIRCLE — The Amistad Circle will meet at 2 p.m. Monday at the home of Mrs. W.R. Kern, 741 Rundell street.

BOOK REVIEW CLUB — Mrs. Manfred Kuhn will review "Kinfolks" by Pearl Buck at a meeting of the Book Review club Monday at 7:45 p.m. The meeting will be held at the home of Mrs. Jerry Kollros, 331 Melrose court.

ATHENS HISTORY CIRCLE — A guest tea will be sponsored by the Athens History Circle at 2:30 p.m. Monday at the home of Mrs. L.L. Dunnington. Mrs. E.W. Paulus will review Prof. Marcus Bae's new book, "The Dream Gate." Committee members in charge are Mrs. C. Woody Thompson, Mrs. E.E. Dierks and Mrs. Don Guthrie.

RUNDELL CLUB — Members of the Rundell club will observe guest day with Mrs. Clarence Beck, 503 Grant street, at 2:30 p.m. Monday.

EAGLE LADIES — A meeting of the Eagle Ladies will be held Monday at 8 p.m. at the Eagle hall.

HIKING CLUB — Dr. and Mrs. D.M. Lierle and Mr. and Mrs. Clarence Updegraff will entertain the Hiking club Monday afternoon at the Lierle barn.

TRIANGLE CLUB — The Triangle club will hold a picnic supper Tuesday evening at 6:30 in the Triangle club rooms of the Iowa Union. Members bringing food are asked to have it there by 6:15 so serving can begin promptly. General chairman for the evening is Mrs. J. E. McAdam. Assisting her will be Mrs. Philip F. Morgan, Mrs. James O. Osburn, Mrs. R. E. Buckles, Mrs. David W. Day, Mrs. G. F. Roberson, Mrs. Robert Ebel, Mrs. Richard Popkin, Mrs. Harold H. McCarty, Mrs. Ned L. Ashton and Mrs. W. D. Unsicker.

DM Dinner to Honor Ten Student Nurses

Six SUI nursing students and four students from the Mercy hospital school of nursing will be honored today by the Iowa division of the American Cancer society at a dinner in Des Moines.

The ten girls, part of a group of 53 Iowa student nurses awarded scholarships this year by the Iowa division, will be guests today at the third annual meeting of the Iowa group.

SUI students who will be honored, all nursing freshmen, are O. Margaret Craig, Weldon; Darlene Hannan, Toeterville; Meri Hill, Nodaway; Aloma Frerichs, Lansing; Ruth Johnston, Missouri Valley, and Elizabeth O'Riley, Waukon.

Mercy hospital school of nursing students who will attend the meeting are Mary Boese, Muscatine; Ilo Larson, Eldora; Gloria Wilson, Wilton Junction, and Carolyn Jackson, Grinnell.

Coeds Suffer All for Beautiful Tresses

(Daily Iowan Photo)

VARIETY IS THE VOGUE in hair curling as shown above by these three SUI coeds. Marian Petkovsek, A3, Peoria, Ill., chooses metal curlers for a "sausage curl" effect which may be combed out loosely to achieve a soft end curl. For the new and popular short tresses, Doris Lemburg, A3, Davenport, (center), relies on the "old-faithful" pin curl method. Rolling the hair on socks is advocated by Elaine Jordan, A2, Cedar Rapids, for coeds who have retained their long hair.

Socks, Pins, Curlers for Locks

Flowing Tresses Take Study Time

When you admire the soft turn of a coed's coiffure, don't ever take it for granted!

If the number of hours coeds spend in putting up their hair was totaled, the figure would probably equal their hours spent in studying.

Since the days of the kid curler used by grandmother, countless ways of putting up hair have been devised, tested and discarded in favor of newer methods.

Mom possibly used a curling iron which was put on a hot stove top until it sizzled. Then it was used to twist the hair into a tight coil. This device passed out of existence with the kitchen range.

Metal curlers were used for many years despite the fact that they gave the wearer a weird appearance and proved uncomfortable for sleeping even with the softest of feather pillows.

The popular bobby-pin method seems to be the most satisfactory way of handling new extremes in short hair. Pin curls have outlasted their more temporary predecessors.

One of the newer inventions for hair setting is a hollow rubber spool. The hair is wound around its center and the end is telescoped to hold the curl fast. These so-called "spoolies" permit the wearer to sleep in comfort.

The use of socks is favored by coeds with longer tresses. Rolling the hair in this way provides a

soft effect and prevents splitting of the hair ends as well as giving the retiring damsel a "Topsy-like" appearance.

Some women use a regular anklet for the purpose and others prefer doubled - over nylons to achieve a tighter curl. Four to six socks are used on average hair.

Damp weather is always an unfortunate circumstance for hair if it is straight or curly. Girls without natural curls find their locks approaching a wilted lettuce appearance and those with naturally curly hair bemoan the

Physics Professor To Talk on Meson

Prof. J. M. Jauch, SUI physics department, will speak on the topic, "Review of Meson Physics" Monday in room 301 of the physics building at 4:30 p.m.

The meson, Jauch said, is a particle intermediate in mass to the electron and the proton. Mesons are very short lived and may be charged either positively or negatively.

The existence of the meson was predicted theoretically by the Japanese physicist, Yukawa, in 1935. In 1936, the particle was discovered experimentally.

Yukawa, now a professor in the United States, recently was awarded the Nobel prize in physics for his work in connection with the meson.

Psychiatry Professors To Attend Conference

Prof. Paul E. Huston and Jacques S. Gottlieb, department of psychiatry, will attend a meeting of the Group for the Advancement of Psychiatry on Wednesday through Saturday at Ashbury Park, N.J.

Huston is chairman of the committee on clinical psychology. Gottlieb is chairman of the committee on preventive psychiatry.

World Affairs Meet To Convene at SUI

The annual Iowa intercollegiate conference on world problems will be held on the SUI campus Dec. 2 and 3, Merrill Baker, conference director announced Saturday.

The conference will be held under direction of the SUI speech department.

Tentative acceptances to attend the fifth post-war conference have been received from 17 colleges or universities.

Universities planning to attend are Chicago, Denver, Illinois, Indiana, Kansas, Marquette, Minnesota, Missouri, Nebraska, Northwestern, Notre-Dame, Oklahoma, South Dakota, Wichita, Wisconsin, the U.S. Military academy and SUI.

Michigan State is the only college that has said it will attend.

The conference will have divisions in all forms of public speaking including debate, discussion and after-dinner, extemporaneous and public speaking.

Approximately 75 visiting students and 60 SUI students will participate in the conference.

Debate topic selected for the conference is resolved: The U.S. should nationalize basic non-agricultural industries.

What should be the policy of the U.S. toward nations of the Orient is the discussion topic; the after-dinner subject is: Should congress investigate congressional investigations?

The program will open at 8 a.m. Dec. 2 with registration and close with parliamentary sessions Dec. 3.

Tentative plans also call for a speaker to analyze the debate topic. The various sessions will be held in several rooms in Schaefer hall.

Assisting Baker in carrying out the program are Owen Peterson and Ray Sandefur, SUI speech instructors, David Cornell, G. Knoxville, and Virginia Dickson, G. Webster Groves, Mo.

Board to Interview Six ROTC Students

A three-man airforce selection board for distinguished military students Monday night will interview six air ROTC students who recently applied for regular airforce commissions.

Maj. I. M. Parsons, professor of air science and tactics, said Saturday the three officers will arrive from Tenth airforce headquarters, Benjamin Harrison field, Indianapolis, Monday afternoon.

Air ROTC students under consideration for regular commissions are Charles and Robert Grah, A4, Des Moines; Evan Smith, C4, Atlantic; Jack Dawkins, A4, Claude, Tex.; Glenn Medhus, C4, Cedar Rapids, and Robert Primrose, C4, Norway.

DIVORCE SUIT FILED

Nancy Lee Dean, Iowa City, filed suit in Johnson county district court Saturday for divorce from Franklin E. Dean, charging cruel and inhuman treatment.

Business BRIEFS

Television sets went on prominent display last week in several Iowa City furniture stores when station WOC-TV in Davenport began broadcasting. Although WOC-TV has broadcast only a few actual programs, the sets in store windows have attracted many viewers.

Work atop the Iowa State Bank and Trust company building had progressed rather quickly last week. Workers ripped out the stone cornices and began building the brick parapet wall last week. Work was expected to continue for "a couple of weeks."

Christmas displays could be seen in a few store windows late last week as merchants, especially in bookstores, began showing selections of Christmas cards and gifts. The big Christmas rush will not begin for several weeks though.

New partners in "Joe's Place" are A.J. "Al" Erbe and R.D. "Red Dog" Hanson. They celebrated the new partnership by inviting everyone to a party Nov. 2 in their tap-room at 115 Iowa avenue.

Work continued on business district streets preparatory to the erection of new mercury-vapor street lamps which will greatly aid in lighting long dark Iowa City streets. A few lamps had been affixed to wooden light and telephone poles but most will be placed on modernistic steel supports.

Flashing neon tubes across the front of J.E. Kenney's new tavern at 24 S. Clinton street attract the eyes of passersby as far as several blocks away. New neon window signs have also been installed in the tavern known as "Kenney's" in the building formerly occupied by the Uptowner restaurant. No major changes in decorations have been made.

MADISON COUPLE VISITS

Saturday guests of Prof. and Mrs. William J. Petersen, 329 Ellis avenue were Prof. and Mrs. Clifford Lord, Madison. Mr. Lord is the director of the Wisconsin State Historical society.

Photo Service to Give Seniors Individual Attention

(Daily Iowan Photo)

SHUTTER SNAPPING FOR THE 1950 HAWKEYE is now under way at the University Photo service. Soft lights and a pleasant voice bring good results as this SUI coed poses for a yearbook picture-to-be. The photo service repeats the procedure as many as 85 times in one afternoon.

Unlike ID Card Rush —

Seniors Get Special Care for Hawkeye Pix

Underclassmen who are suffering from an "ID" card allergy have something to look forward to during their final year at SUI.

Senior pictures, now being taken for the Hawkeye yearbook, are given individual attention, according to University Staff Photographer James Kent.

Unlike the University hall basement during registration week, the barracks behind the University Photo service provides a mirror for use before "going behind the curtain."

Mrs. Dolores Hogeland, who operates the camera, keeps up a friendly conversation with the students while she directs them in posing.

As many as 85 seniors are being photographed daily between 1

and 5 p.m. Mondays through Fridays.

Hawkeye requirements, such as consistency in size of image, must be adhered to, Kent said, as well as trying to get a good quality picture.

Students are paying \$2 this year for the service, which includes two prints, one for themselves and one for Hawkeye.

Kent said additional 2-4" by 3-4" prints of the pictures can be purchased from the photo service at \$1.25 per dozen.

A survey is being taken this year, he added, to find whether the pictures can be produced more cheaply. There is no additional cost for retakes, but relatively few have been necessary.

"We've taken a picture of one

student eight times, though, in trying to please him," Kent said. "I think we have every expression he has in his catalog."

Guess work is eliminated by the use of modeling lights, which remain on before and during the shutter snapping.

These soft lights, which are not uncomfortable to the subject, show the operator just where the shadows will appear when the more powerful lights flash for only one-five thousandth of a second.

Kent, a 1942 SUI graduate, majored in science while at the university. He worked for the Eastman-Kodak company during the summers while a student, and was editor of the 1941 Hawkeye.

This helps him understand the problems of the book's present staff, he said.

SUI Offers Industrialists 10-Day Statistics Course

SUI will offer an intensive 10-day course in "Quality Control by Statistical Methods" for industrial executives Dec. 6 through 16.

Dean F. M. Dawson, SUI college of engineering, sent circulars Thursday to several manufacturing companies describing the course.

The course will be under the direction of an SUI administrative committee composed of Dawson as chairman and Profs. Lloyd Knowler and Allen T. Craig, SUI mathematics department.

According to the circular, the use of statistical methods to control the quality of manufactured products has resulted in substantial savings in labor and materials for many industrial concerns.

A special program is planned the first day for those attending the entire course and persons who can be here only one day.

The course is the seventh offered at SUI in the last five years. Representatives of industry from 28 states, Washington, D.C., and Canada have attended.

Mt. Vernon to See High School Show

University high school's black face program, "Minstrel Days" will be presented Monday at Mount Vernon.

The minstrel show will begin at 8:50 a.m. in Mount Vernon's high school auditorium, Principal Myron Olson said Saturday.

This will be the show's second appearance this fall. The first appearance was Oct. 28 in University high school auditorium.

Specialty acts include a tap dance by Charles Sherman and solos by Bob Ballantyne Jr. and Leanne Irwin, University high students.

Another specialty will be the choir's presentation of "Dry Bones."

The high school "jazz band" will provide the music with Letitia Dawson, University high student, as accompanist.

Lois Brandt, vocal music instructor, is program director.

FALLS FROM LADDER

Hugo Sippel, 318 E. Jefferson street, fell off a ladder Saturday afternoon while putting on storm windows at 309 S. Clinton street, police said. He was taken to University Hospitals by Outhout ambulance. Hospital authorities said he was released Saturday.

REPORT THEFT

Four boys in a jeep were reported to police at 10 p.m. Friday for stealing red lanterns from barricades in the Iowa City business district.

Try and Stop Me

By BENNETT CERF

THE North Shore of Long Island was the scene of a gay party whose guest list was studded with the names of prominent authors, publishers, and journalists. It was a masquerade, and an editor conceived the notion of going as a motorcycle cop. He managed to finagle equipment and a cycle and set out in style for the party. Unfortunately, he got lost on the way. The roads in that section are quite empty after dark at that time of year, but at long last a Rolls-Royce glided by, and it was obvious from the dress of the occupants that they, too, were bound for the masquerade. The editor tagged behind.

Suddenly the driver of the Rolls became aware of the motorcycle in back of him, and he stepped sharply on the accelerator. The chase was hectic for a while, but the editor hung doggedly onto the trail, and finally the driver of the car slowed down and stopped. "Here at last," thought the editor happily, and pulled up at the side of the Rolls, just in time to have a fifty-dollar bill thrust into his hand by an expressionless chauffeur. He pocketed the bill, parked his motorcycle, and had a fine time at the party.

The next day the Red Cross received an anonymous donation of fifty dollars.

FREE BOOK ON ARTHRITIS AND RHEUMATISM

Excelsior Springs, Mo. Nov. 6 — So successful has a specialized system proved for treating rheumatism and arthritis that an amazing new book will be sent free to any reader of this paper who will write for it.

For those who suffer with aches, pains, stiff or sore joints, nervousness, over acidity, systemic toxemia, colitis, or other rheumatic symptoms, this book entitled, "Rheumatism," fully explains why drugs and medicine give only temporary relief and fail to remove the causes of the trouble.

The Ball Clinic, Excelsior Springs, Missouri, has perfected a

specialized system of treatment for rheumatism and arthritis combined with the world famous mineral waters and baths. This system of treatment is fully described in the book and tells how it may be possible for you to find freedom from rheumatism.

You incur no obligation in sending for this instructive book. It may be the means of saving you years of untold misery. For writing promptly, the Clinic will send their newly enlarged book entitled, "Rheumatism." Address your letter to The Ball Clinic, Dept. 1428, Excelsior Springs, Missouri, but be sure to write today.

Meet the People —

Need for Salesmen Here

— and Wear Out Shoes

SUI students looking for part time employment in an unusual job might become rich as door to door salesmen while at SUI.

Robert Ballantyne, director of SUI's student aid and placement bureau, says he has requests from companies scattered throughout the country for students to sell everything from "soup to nuts, almost."

A partial list of the types of merchandise SUI student can sell on commission includes gas caps, costume jewelry, fraternity and sorority emblems and pins, sweaters, raincoats, dictaphones and all kinds of wall plaques.

Others can sell college rings and pins, women's hosiery (must furnish own model), orchids, phonograph records, electrical appliances and awnings, or distribute advertising material for pre-fabricated houses.

Still more opportunities to wear out shoe leather are selling cosmetics, a book entitled "How To Catch and Train A Husband," plastics, greeting cards and the Encyclopedia Britannica.

Prospective student-salesmen or saleswomen might prefer high chairs, dormitory furnishings, pipes, all types of bowls and other kitchen gadgets, French perfume, neckties, magazine subscriptions, watches, grapefruits, polishing kits, fruitcakes, optical supplies, laboratory supplies, storm windows, Fuller brushes and aluminum products.

However, while this sounds rosy there are obstacles to overcome for the student who desires to sell any of these products.

"The main difficulty a student would encounter in taking a job of this type is the large amount of hard work and time necessary to sell from door to door," Ballantyne said.

He added that all the offers made by companies were on a straight commission basis and in most cases an outlay of capital was required for samples and stock.

Interested students should not forget there is an SUI regulation against using their room in a university housing unit as the headquarters of a business enterprise, Ballantyne cautioned.

Crash Pilot's Statement To Be Revealed Nov. 9

WASHINGTON (AP) — The Civil Aeronautics board announced Friday night that public hearings on history's worst air crash will start Nov. 9, and that a detailed statement from Erick Rios Bridoux will be put in evidence.

Bridoux, young Bolivian air ace, and pilot of the P-38 fighter which rammed into an Eastern air lines DC4, killing all 55 persons aboard, will not be able to testify personally because of his physical condition, the announcement said.

Kidnap Child In New York Mother Says

UTICA, N.Y. (AP) — An infant was mysteriously missing Saturday, and his 29-year-old mother said she saw her sleeping kidnapped by a strange man in dark clothes.

Six-week-old Stephen Komorek was snatched from his bassin in the family kitchen late night, Mrs. Henry Komorek state police.

Ransom and sexual perversion motives were ruled out by the investigators as they pressed an intensive hunt for the baby. Inspector E.J. Dougherty said police were working on no other clues, declared: "We are holding hopes of finding the child alive."

There has been no trace of the infant since his mother said she saw a man carrying him from their home in nearby Clayville.

She said the man, whom she chased in her bare feet, jumped into an automobile and sped with the infant.

The baby, who had been suffering from colic, was to have been baptized Sunday in the man Catholic church at Clayville, a community of 700, about 10 miles south of Utica.

The Komorek's only other child, a seven-year-old son, was struck and killed by an automobile four years ago. Dougherty said the search for the baby was being concentrated in the neighborhood of the Komorek home.

Dougherty said the Federal Bureau of Investigation had not been asked to come into the case. He said there was no indication yet of a crime that would give them jurisdiction. At present he has no intention of calling on them, he added.

The inspector cleared a "suspicious man" who had made a telephone call from a nearby telephone station shortly before the child disappeared.

Meanwhile, the missing child's father, Henry Komorek said "we have heard nothing." Komorek is a 34-year-old marine corps veteran.

Commenting on the possibility of a ransom snatch, Komorek said:

"We haven't got anything. I don't know why this could have been done."

Komorek said he earned about \$70 a week as a machine operator in a Clayville paper mill until two weeks ago.

Earlier, Mrs. Komorek said her husband averaged "\$100 a week in wages." A spokesman for Komorek's employer said that it was "extremely likely" the man had earned about that amount through overtime work.

Komorek and his wife, 29, said they had no known enemies.

Mrs. Komorek told a reporter "the only possibility would be a money angle." She was quoted as saying they "had a new 1949 Pontiac and it had been rumored that we had money."

Minnesota Officials To Plan 1950 Meet Of Engineer Group

University of Minnesota officials were named to plan the 1950 meeting of the north midwest section of the American Society for Engineering Education which ended its 1949 meeting here Saturday. The 1950 meeting will be held in Minneapolis.

Prof. E.W. Johnson, assistant dean of the University of Minnesota college of engineering, was elected chairman of the section for 1950. Johnson was the section's 1949 vice-chairman.

About 225 persons from eight schools in the section's six-state area attended the meeting here which started Friday afternoon, Section Chairman C.J. Posey said. He is acting director of the SUI civil engineering department.

SUI college of engineering officials in charge of the meeting arranged at least 28 papers or demonstrations given by outstanding personnel in engineering education.

The varied technical program was divided among seven technical divisions which held meetings from 9 until 12 a.m. Saturday.

It Takes a Smooth Operator Businessman Gets Date with Movie Queen To Prove Hollywood Legend Outdated

HOLLYWOOD (UP) — Today's lesson in Hollywood society is for eager males who think it would be difficult to get a date with Ann Sheridan, Joan Crawford or any other cinema beauty.

According to Hollywood legend, movie queens live in cloistered castles and never appear in the better gin mills with anybody but Howard Hughes, Greg Bautzer, Cesar Romero or some other passionate profile.

To test this Vine street cloister legend, we asked Warner's for an interview with Patricia Neal and dragged along a visiting well-to-do businessman named Gordon Behr who said he was quite a smooth operator with the ladies.

Miss Neal arrived for lunch at the studio commissary with her hair up in pin curls and swathed in a green net.

"If I'd known you were coming I would have combed my hair," she said to this handsome gentleman. "I'm testing for a picture."

Miss Neal just returned from England where she made "The Hasty Heart." Over there, she said, she didn't have any dates except with Ronald Reagan, her co-star. In Hollywood she dates Farley Granger and Kirk Douglas.

At the mention of such competition our man shifted into high. "I like you very much in 'John Loves Mary,'" he said.

"Oh, really?" said Miss Neal. "I understand you're starred in all four pictures you've made at Warner's and that's quite an amazing success, isn't it?" he went on.

Miss Neal allowed as how it was. "Uh, what's your business?" she then inquired.

"I am in the import-export business in Japan," said Behr. "I have a beautiful kimono to present to you. It is embroidered with a thousand prayers and it would make a lovely evening coat."

"I am really very flattered," said the movie star. "I would like to see you sometime when your hair is combed," he continued, a cornering tactic any lady would be unable to get out of. "What night

Coraville Resident's Final Rites Monday

Funeral services for Charles Amelon, 65, Coraville, will be held Monday at 3 p.m. at the Outhout Funeral chapel.

Amelon died at 12:30 a.m. Saturday at University hospitals, where he underwent treatment a week ago.

He was a member of the Odd Fellows and Rebekah lodges, Frytown, and the Zion Lutheran church near Sharon.

Surviving him are his wife, Cora; three daughters, Mrs. Percy Eckrich, Tiffin, Mrs. Earl Schuler and Mrs. Kenneth Saylor, both of Iowa City; two sons, Leo Amelon, Iowa City, and Earl Amelon, Oxford; two sisters, Mrs. Maggie Bowman and Mrs. Ida Hedges, both of Iowa City, and one brother, Otto Amelon, Mankato, Minn. Burial will be in the Frytown cemetery.

Smaller Towns Need Doctors

DES MOINES (AP) — The need for doctors in Iowa small towns and villages has been relieved considerably in the last year, the Iowa State Medical society said today.

However, there are a score or more such places which still do not have physicians. Some of them have been trying for a year or more to get the needed medical service.

The society said a good many young doctors have located in small towns in the last year. The men have come from internship residency at hospitals.

In some cases elderly doctors have gone into the smaller towns. They have done so, the society explains, because they want to practice in smaller towns.

The society keeps an up to date listing of towns and villages which are seeking physicians. Right now there are more than 20 places on the list. One or two represent larger communities which are in need of a second doctor.

The list is made available to any doctor, young or elderly, who is considering a new location. The society gets frequent personal calls or communications seeking such information.

A representative of the society said some of the villages and towns are making attractive offers to get physicians. These offers consist of publicly financed homes and even offices.

The representative said the doctors looking for locations always are interested in the schools, churches and community life in the places needing doctors.

The school system, particularly, enters into the matter considerably, the representative said. Although this is not true in all instances, one case was cited.

Playing for Fun, Gophers Won This One for Bernie Bierman

Floyd of Rosedale Stays at Minnesota

By JOHN HOLWAY
Iowan Sports Writer

MINNEAPOLIS — A little girl with a curl in the middle of her forehead stood out in the center of Memorial stadium and smiled on Minnesota's Golden Gophers Saturday afternoon.

Like the little girl, the Gophers were "very, very good." It made up for two "horrid" weeks.

The old gray eagle, Bernie Bierman, smiled calmly and indulgently down on his players who swept their persecuted pilot up and, singing, lugged him off to the dressing room beneath the big scoreboard with the final score, 55-7, still lighted up.

Bernie had told the Gophers to "play for fun" after two humiliating losses. It was fun — for the Gophers.

The Iowans trudged to their lockers with their puffed eyes intently on their feet and their cracked lips heaving but not speaking.

For Coach Eddie Anderson, it was his worst defeat at Iowa. Anderson muttered something about a "catastrophe" before giving the order for "no quotes." There were no quotes volunteered, anyway, except the news that John Towner and Junebug Perrin, injured in the game were in good shape. Perrin's knee still pained him, however.

Minnesota had neatly picked clean each and every blossom in the shimmering rose wreath that had enticed the Hawkeyes, but, in victory, the Gophers were gracious.

Leo Nomellini nominated Hawkeye Don Winslow for all-conference consideration. Big Leo said the Iowa tackle was on top of every play.

Handsome Bud Grant, Minnesota end, offered consolation too. "We had an awful weight advantage which I think told at the end of the game."

Grant also said he thought the Iowa pass defense had him covered "most of the time," although he neglected to say that he had

Sitting in the background, Don Commack goes over the line of Saturday's game to advance the end, is shown in the background, following quarters before a fired-up

A Bad Day!

MINNEAPOLIS (UP) — Saturday was a bad day all around for Iowa football fan Darryl Anderson, 22, of Boone.

Iowa was beaten badly by Minnesota and Anderson wound up in the hands of the FBI here after trying to get in the game by flashing a card which purported to identify him as an FBI agent.

He was released after questioning.

And Ralph Campbell, 63, Minneapolis advertising executive and former newspaperman, died while attending the game.

somehow caught three pitches for 78 yards.

Boysie Billy Bye, a gem in every department of play, chewed on one of his ever-present apples and allowed that Jerry Fiske was a great performer in Iowa's backfield which, he said, sported several good men.

So Floyd of Rosedale will live for another year in his special glass pen in the Minnesota trophy room. The bronze pig, a native Iowan, has been in Minneapolis more often than home.

And probably Bernie Bierman will stay in Minneapolis after some doubt was raised when he lost his last two games. Clearly the Gophers rolled up this one for their mentor.

Ironically, the Iowa Hawkeyes two years ago did the same thing for Eddie Anderson when the Iowa coach was on the verge of leaving the Hawkeyes. The victory that kept Anderson at Iowa City in 1947 came at the expense of the Gophers.

Sitting in the Background

DON COMMACK GOES OVER the line of Saturday's game to advance the end, is shown in the background, following quarters before a fired-up

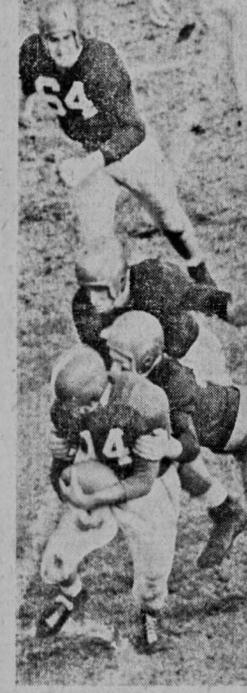

COACH BERNIE BIERMAN Kindled the fire . . .

Harriers Lose . . .

(Special to The Daily Iowan)
MINNEAPOLIS — Slender Dick Kilty led Minnesota's cross country team to a 25-31 victory over Iowa's harriers Saturday over the Lake Nokomis course here. Kilty flashed home first in 20:21.4 to tie the course record held by Wisconsin's Don Gehrman. Earle Duggan, Iowa, was 19.6 seconds slower, with Jack Davis, Iowa, third in 20:43. Ken Carmen and Bill Eye were the only other Iowans to get into the top ten finishers.

Spartan Ace Caught

(AP Wirephoto)

IRISH DEFENDERS swarm over Michigan State Halfback Lynn Chandonis in the first period of the Notre Dame-Spartan game Saturday to stop him for no gain. No. 64 is the Irish's Paul Burns. Notre Dame got its stiffest test of the season from the inspired Michigan State team. But the Irish unleashed the sharp passing and heady field generalship of Quarterback Bob Williams to win, 34-21.

Irish Fight Off Spartans, 34-21

EAST LANSING, MICH. (AP) — Unbeaten Notre Dame got its stiffest argument of the season, but unleashed the versatility of Quarterback Bob Williams for a 34-21 triumph over Michigan State here Saturday before 51,277 upset-hopeful fans.

In a game that was expected

to menace seriously the Notre Dame string of 33 straight games without defeat, the Irish nonchalantly punched a cross two touchdowns in the second period, another in the third and two more in the fourth for their sixth win of the season.

Michigan State, an inspired but outplayed team, pushed across two touchdowns on desperation passes in the closing minutes to score the most points Notre Dame has yielded in a single afternoon since the 28-27 squeak past Purdue in the 1948 season opener. Williams, a daring performer with 13 of 16 passes completed in a perfect football afternoon, ran 40 yards to one touchdown and passed to two others as the Irish hammered another crisp triumph into their bid for an un-sullied season.

The rough, tough Spartans played to the hilt, but the Irish had a brilliant all around attack which would not be denied. Michigan State was an inspired team. But after playing a scoreless first quarter and failing to tally from the one-yard line, the Spartans just couldn't cope with the knitting sharpness of the Irish attack.

It was the first defeat for the Spartans since they bowed, 7-3, to Michigan in their first game of the season.

KANSAS DUMPS NEBRASKA
LINCOLN, NEB. (UP) — An alert Kansas university football team parlayed a blocked punt and three second-half scores into a 27-13 victory which ruined the University of Nebraska's Homecoming Saturday before 37,000.

KENT PHOTOGRAPHY

Individual Statistics

after it had been batted from Ruck's hands.

In six plays, Bill Elliott crashed over to score. Gordon Soltau kicked the sixth of his seven for eight placements, making the tally 42-7.

Then, after Iowa received the kickoff, Drahn faded to pass. Ralph McKenzie, covering Don Commack, grabbed the low-flying football and streaked 40 yards down the sidelines to score untouched.

Soltau's kick was wide but by that time the hilarious Gopher fans didn't care about losing an extra point and the scattered 10,000 Iowa fans were too saddened by the proceedings to care.

Next it was End Jerry Mitchell's turn. The 6-3 inch flanker broke through as Ruck prepared to pass, captured the ball as it shot from Ruck's hands and sprinted 15 yards into the end zone.

With 32 seconds left, Soltau raked up Minnesota's 55th point and Iowa had its worst defeat since Dr. Eddie Anderson became head coach in 1939. The previous high was a 41-6, administered by Notre Dame in 1946. It was the worst pasting applied by Minnesota since 1916 when the Gophers ran up a 67-0 count.

Iowa's lone scoring thrust came in the fourth quarter with the score already 28-0. It was recorded by End Bob McKenzie who caught a fourth down pass from Drahn. The touchdown pass came from the seven yard stripe and capped an Iowa drive that had begun 11 plays, and 65 yards before.

Line-backer Joe Paulsen started by intercepting George Hudak's pass on the Iowa 18. Ruck tossed a long pass to McKenzie and the Oklahoma senior legged it to the Gopher 47.

Gerald Nordman, who along with Jerry Fiske and Bill Reichardt did most of Iowa's ground gaining, galloped around end to the Minnesota six, then set up the scoring play by catching a flat pass on the seven from Ruck.

Billy Bye, fleet 175-pound Gopher halfback was the most effective of a flock of Minnesota backs who followed their immense blockers for large chunks of yardage.

He gained 83 yards rushing in 17 attempts, completed six of nine passes, one for a touchdown, and did all the Minnesota punting, although only four boos were needed.

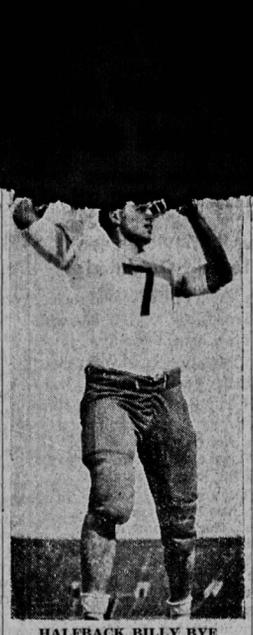

Dick Gregory drove for 55 yards in nine trials for a six-plus average, while Frank Kuzma plowed for 47 yards in 14 rushes at the game but reserve shallow Iowa line.

The Hawks were outrushed 277 to 143. Nordman had the best average with 34 yards in five tries. Reichardt, playing very little in the second half, chipped in with 26 yards in six stabs at the Gopher line.

Iowa, after dropping behind, 14-0, so early in the game, still appeared to have the spark that had exploded for sorely-needed point before this season.

Fiske sliced the Gopher line over the right guard spot repeatedly in the first quarter, punching through for 20 yards at one time and for 10 when the Hawks pushed to the 29.

A touchdown pass to Jack Dittmer, who failed for the first time this season to score at least one went off the ends of his fingers and then Fiske's southpaw pitch fell into Gopher Bob Thompson's hands on the goal line, killing the threat on the 17 yard marker. The merciless beating handed out by the Minnesota forward wall helped the Gophers along to victory no end. Crushing tackles by Center Clayton Tonnmaker eased more than one of Iowa's four fumbles and took the punch out of Iowa's offense.

The Sports Desk

We Done? —

farm animal is in danger, in the Hawkeye state. He can't live in Minnesota. Originally won on a gamble, the history in Iowa. The Oregon game a week ago, coin decided which team little bronze pig to forever

unaware of Iowa's 1949 with Minnesota's Gov. Gopher-Hawkeye game, the a porker until the follow-

except for 1939, '45 and give a legal life in Iowa? week or so, perhaps Floyd, participate in a public bridge

Cardinals of the National Past-in Fort Wayne, Ind. this centered around applica- and western divisions of

the marks established at over than in 1948, when the is assured that some sort

softball (or fastball) program will be carried on in Iowa City next summer there is a chance the Cardinals will drop out of the National Fastball league . . . The Cards finished fourth in a six-team league this year, after being second a year ago.

Al Cherry, hard hitting outfielder, copped the batting championship with a .328 average and will be presented with the Louisville Slugger Award at the league's winter meeting . . . A .200 mark is about average, making Cherry equal to a 400 nitter or better in baseball.

Big Ten football has broken into the classroom league, this one an English class in Grand Saline, Tex. . . A letter received recently asks for information on the conference, as "our English class is studying the Big Nine (he mean, Ten) conference. Would like to have your school colors and other information about your school and football team."

Just shows how progressive the Texas schools are, studying football certainly beats diagramming sentences, or is that out of date these days?

An error in the home football programs has been brought to our attention, better late than ever. Lou Ginsberg, senior guard from Cedar Rapids, is not listed as a two-letter winner. Lou won letters in 1945 and 1948 and is earning his third for the Hawks this season.

Pops Harrison has the basketball team down to 17 players now, although a few will join the team following the football season. First game is just three weeks away . . . How's this sound for a starting lineup, just as a guess . . . Chuck Darling, center; Skip Greene and Bob Schultz at guard; and Bcb Clifton and Frank Calsbeek at forwards . . . I'd make a tall team, three newcomers and two veterans . . . Darling's the big man at 6-feet, 8-inches.

Gil Wilson, former City high basketball coach now at Macomb State Teachers in Illinois, has been named one of 21 prep and college coaches to the newly formed Sports Trial Century club in Chicago.

To be eligible the coach must have guided his teams to 100 or more victories in any one sport . . . To date Matty Bell, Southern Methodist's football coach, is the only college mentor in the club.

Johnson county isn't one of them, but 33 Iowa counties are going to have a beaver season this year, lasting from Dec. 1 to 7 . . . It's the first time in 75 years that there's been any kind of beaver season. Come on you eager beavers . . . Only eight of the 36-man traveling squad that went to Minnesota were fourth year men . . . 15 were sophomores . . . 6,000 Iowans made the trip north for the game.

Iowa State Clips Drake On Weeks' Passes, 21-8

DES MOINES (UP) — Iowa State relied on the vaunted passing arms of Bill Weeks Saturday to win the traditional battle with Drake, 21-8, before a record Homecoming crowd of 20,000 fans.

Weeks hit nine of 20 passes for 141 yards to pile up more than half of the Cyclone yardage. But Homecoming fans saw the nation's No. 1 ground gainer, Drake Sophomore Johnny Bright, pass and run for 159 yards despite injury.

A pulled muscle in his leg obviously hampered the 190-pound flash as he broke into the open several times, only to be pulled down. The Cyclones scored a touchdown in each of the first three periods and only trailed once. They utilized blocked punts, fumbles and intercepted passes for all three scores.

The first touchdown followed a blocked punt. End Dean Laun smashed down a punt by Drake's Bob Handke and the Cyclones recovered on the Drake 38 yard line.

Ohio State Surges Back From Deficit to Race Past Pitt, 14-10

PITTSBURGH (AP) — A fighting University of Pittsburgh football team piled up a 10-point lead over Ohio State Saturday but the worn out Panthers couldn't make it stick and went down to defeat, 14-10, under the Ohioans' greater power.

Ohio State punched out two touchdowns in a thrilling third quarter to win the 14th meeting between the teams in the past 20 years.

After a scoreless first period, the Pitts went into the lead on a 17-yard touchdown forward pass from Fullback Carl Depasqua to End Earl Sumpter over the OSU goal. Bolkovac kicked the extra point.

The game was decided in an action-crammed third quarter.

The Ohioans made their first score the hard way — by inches — after Pitt's Nic Bolkovac, star 225-pound tackle, kicked a field goal from the 21-yard line.

Ohio State, trailing and generally outplayed as well as out-scored, got back in the game after Pitt Halfback Sielko fumbled an OSU punt which Guard George Toneff recovered for the visitors on the Pitt 11-yard line. The Ohioans quickly ran and passed to a first down on the one-yard line.

Pitt held OSU Fullback Fred Morrison, of Columbus, on two line bucks. Then Pendel Savic, OSU quarterback, went the necessary few inches for an Ohio State touchdown.

The Ohioans scored again in the same quarter with three minutes to go when Ray Hamilton, OSU right half, slashed 23 yards through the Pitt team for a touchdown.

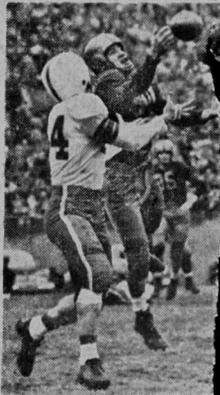

Alert Indians Upset Favored USC, 34-13

LOS ANGELES (AP) — Stanford's alert Indians blasted the Rose Bowl dreams of the University of Southern California Saturday and kept their own hopes alive with a surprising 34-13 triumph before 70,041 astonished onlookers.

A 20-point burst of scoring power in the second quarter blotted the Trojans of USC out of the Rose Bowl picture, leaving Stanford with one lone loss in the Pacific Coast conference play and a chance to knock off undefeated California.

This was the second Trojan conference setback and the worst in Troy's history in 28 games with the scalping Indians from Palo Alto.

Southern Cal went into the game close but firm favorites.

AP Wirephoto
FINGERTIP CONTROL is exhibited by Lou Cecconi, Pitt halfback, as he goes into the air in a successful effort to intercept an Ohio State aerial intended for Gerald Kroll (44). Ohio State won the game, 14-10.

Cadets Sputter, Then Blast Fordham, 35-0

WEST POINT, N.Y. (AP) — Army marched relentlessly toward the conclusion of an all-victorious football season Saturday trouncing previously-unbeaten Fordham 35-0, as Arnold Galiffa uncorked four touchdown passes.

Fordham never posed a serious threat but it made life miserable for the Cadets for 26 minutes and four seconds. Then the roof fell in.

Turned back within the shadows of the goal post four times by fumbles, penalties and a Fordham line that battled like it was fighting for its life, Army finally broke the ice at 11:04 of the second period.

Surprising Texas Aggies Hold SMU to 27-27 Tie

COLLEGE STATION, TEX. (AP) — Texas A. & M. rose from the depths of ridicule and defeat Saturday to tie mighty Southern Methodist university, 27-27.

It was a pounding fullback, Bob Smith, and a spirit that burned as bright as the sun overhead that smashed the Mustangs.

Wolves Outlast Purdue

Gain 1st Place Tie With 20-12 Victory

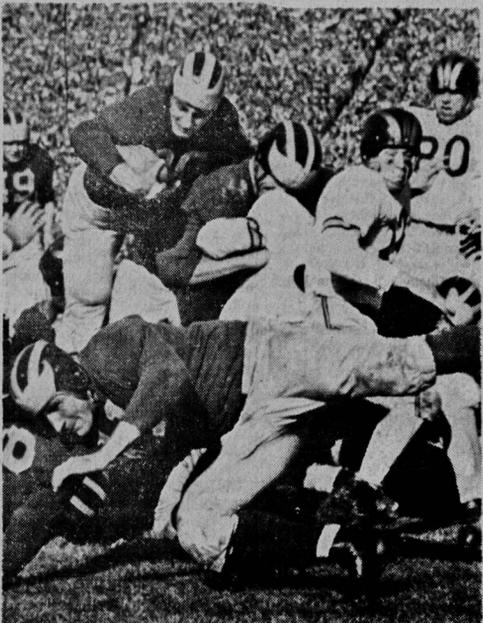

ANN ARBOR (AP) — Hot-and-cold Michigan ripped to three first-half touchdowns Saturday and then hung on for a 20-12 grid triumph over tenacious Purdue.

Michigan's victory moved it into a tie with Ohio State for the lead in the Big Ten race, each with a 3-1 record. It pointed up their Nov. 19 date as the game likely to settle the Western conference title.

Again, it was dazzling Halfback Chuck Ortmann who led the Wolverines to the decision. Although he was not as accurate in the air as when he beat Minnesota almost singlehandedly, the Milwaukee towhead reeled off brilliant runs, one an 80-yard kickoff return.

The Boiler-makers, underdogs by two touchdowns, slowed the Michigan attack to a crawl in the second half and unveiled a snappy air attack of their own. But the damage was done by that time.

The Wolverines, striking in the air and on the ground, missed as many scoring opportunities as they took advantage of in the first two periods. Although they cooled off after the intermission, Michigan never was threatened by the hard-driving Purdue gang. It was Michigan's fourth home game this season to draw more than 90,000 fans.

AP Wirephoto
CLIMBING OVER THE TOP of a swarm of Purdue defenders is Michigan Fullback Don Dufek in the first quarter of Saturday's game between the Wolves and the Boiler-makers. Dufek was halted on the one-yard line but Michigan went on to beat the Riveters, 20-12, and keep alive their Big Ten title hopes.

Baylor Crumbles Before Texas, 20-0

AUSTIN, TEX. (AP) — The Texas Longhorns toppled Baylor's Bears from the unbeaten list with a solid 20-0 victory as 60,000 looked on here Saturday.

Snapping back from three heartbreaking losses in the past four weeks, Texas dealt a smashing blow to Baylor's hopes for its first Southwest conference title since 1924.

It also probably knocked Baylor out of the top ten teams of the country. The Bears were rated sixth as they went into Saturday's game.

Fierce rushing by the Texas line and sharp pass-defensive patterns put a damper on the heretofore brilliant aerial attack directed by Baylor's Adrian Durr.

Badgers Strike Twice to Top Wildcats, 14-6

EVANSTON, ILL. (AP) — Wisconsin's brisk, business-like Badgers put on two long drives Saturday to defeat Northwestern, 14-6, before a Homecoming crowd of 51,000.

The Badger's sharp, efficient attack carried them 85 yards in eleven plays for a touchdown in the first period. They came back for an encore in the final quarter and moved 79 yards in 15 plays to score again.

The old grads in the throng got one big thrill when Art Murakowski, Northwestern's 1948 All-America fullback, caught a punt on his 21-yard line and galloped down the west side line for 79 yards and the only Wildcat marker.

The defeat was the third in a

row for the 1949 Rose Bowl champions. The triumph gave the Badgers a conference record of two victories, one tie and a defeat.

Bobby Teague, swift, twisting halfback, paced Wisconsin with a net gain of 165 yards in 25 carries. He shared the brilliant job of ball carrying with Gwynn Christensen, who picked up 77 yards in 27 trips, and Lisle Blackburn, the hard running fullback.

But the final payoffs came on the accurate passing of Quarterback Bob Petruska. He pitched passes for both touchdowns. His first touchdown throw, good for 19 yards, was caught by Bob Wilson in the end zone early in the first period.

Cal Stays on Road To Rose Bowl, 33-14

BERKELEY, CALIF. (AP) — The unbeaten California's Golden Bears reeled off victory No. 8 in their drive to the Rose Bowl Saturday, winning 33-14 over a fighting Washington State football team.

A crowd of 33,000 saw Lynn Waldorf's Bears protect an unblemished record by scoring two touchdowns in the opening and final quarters and another in the third.

California, favored to win by 33 or more points, found itself in a battle. It was 13-7 at the half with the underrated Cougars definitely in the game.

The Bears drove 62 yards in the third period on four ground plays to score. Jim Monachino rambled the last 15.

The northerners scored early in the final period with the most spectacular play of the game. Frank Mataya went back to pass and found himself trapped. He lobbed underhanded to Right Half Don Paul who made a leaping catch on the dead run. Paul raced 11 yards for the score.
