### Weather

Fair and not so cold Friday. Saturday cloudy and a little colder with snow flurries. Today's high 42; low 26. Thursday's high 40; low 19.

### Hawks Triumph, 76-54

Iowa's Hawkeyes opened the basketball season Thursday night in the field-house with a decisive 76-54 victory over Colorado college. For story and picture see page 6.

### Strike Tactics Of Communists Fizzle in Italy

ROME (AP)—A Communist-called 24-hour general strike intended to paralyze Italy fizzled out Thursday in humiliating failure.

Only about 25 percent of the 4-million workers called out by the Communist-dominated general confederation of labor responded. It was the biggest defeat since the war for Communist labor.

Amid shouts of "assassin" from Communists, Interior Minister Mario Scelba announced in parliament Thursday night:

"... the great majority of workers did not strike. They demonstrated thereby that they do not wish to be tools of a policy which works against their interests and which is serving interests that are not theirs."

"The strike certainly hurt Italy. But we have to express our pleasure that it did not disturb the life of the country."

The strike was called ostensibly in protest against the killing of three men in southern Italy Tuesday when Communist-led rioters clashed with police. Actually it was regarded as the start of a Communist "winter offensive" against the government.

The strike started at 11 p.m. (Iowa time) Wednesday and ended at 11 p.m. (Iowa time) Thursday.

Life in Italy's big cities proceeded normally. Only in the big factories, especially in the north, was the strike really effective.

Government officials, anti-Communist labor leaders — who boycotted the strike — and independent observers agreed that about a million workers were affected out of 4-million called out.

### City Council Votes To Retain Tax Levy

The Iowa City council Thursday night voted to make no compromise settlements with property owners who protested the special assessments levied for recent paving improvements.

In a special meeting, the recommendation of the streets and alleys committee to let the assessments stand was unanimously accepted by the council despite some 35 petitions protesting that the tax violated the code of Iowa.

The code states that property owners may not be assessed an amount exceeding 25 percent of the property's value.

It was pointed out at the meeting, however, that two questions are involved in the issue. Consideration, it was concluded, should be given to the property's actual value after the paving as well as to the benefits conferred by the completed project.

Hence, the assessments, involving nearly \$32,000, may result in district court action if some property owners appeal the case, Bartley warned.

**COMMUNISTS DRIVE HONG KONG** — The Chinese Communists Thursday captured Lungchang, 116 miles from the new Nationalist capital of Chengtu.

Iowa City Mayor Avoids Rush

FIRST DAY OF LICENSE PLATE SALES at the Johnson county courthouse was a busy one, so Iowa City's Mayor Preston Koser got there early Thursday morning. On hand to serve him was Treasurer's Clerk Pauline Leeny, 504 S. Van Buren street. Treasurer Lumir Jansa reported first days sales totaled 547 by 3 p.m.

### Mercy Plea for May Fails; Ordered to Begin Jail Term

WASHINGTON (AP) — A plea for mercy for former Rep. Andrew May (D-Ky), one of Washington's most influential men during the war, was turned down Thursday, and he was ordered to start serving an 8 to 24 month sentence for bribery and conspiracy.

The Garsson brothers, Murray and Henry, were ordered to begin serving similar sentences, despite a dramatic, sobbing appeal by Murray Garsson, who pointed to Henry and cried:

"Please, judge, give me a double sentence and let this man go!"

Because the 74-year-old May pleaded ill health, he was permitted to remain at his Prestonburg, Ky., home instead of appearing in court Thursday. He will report to federal officers on Saturday to begin his term.

The Garssons began serving their sentences immediately. During the war May headed the important house military affairs committee, and the Garssons built up a \$75-million munitions empire.

In July, 1947, a jury decided that May had agreed to accept \$53,000 in bribes offered by the Garssons in return for using his influence to help them in their many-sided business.

**Convicted Larcenists Sent to Penitentiary**

Deputy Sheriff Don Wilson Thursday morning took Hosesa Bess, 39, and Joseph Coleman, 42, to the state penitentiary at Ft. Madison where they will serve five-year terms.

The two men were sentenced in district court Wednesday after pleading guilty to grand larceny in Iowa City.

### Swisher Man Gets First Auto License In Johnson County

Anyone waiting on the courthouse steps early Thursday morning to get the "Number One" automobile license plate was destined for a disappointment.

First plate went to Charles Koss, 52, of Swisher, and it's become a habit with him. He's had the coveted number for 10 or 12 years, he said.

Koss files application in plenty of time to be sure of his choice. He has been a banker at Swisher for 25 years, during which time he has changed cars only three times.

Koss said he likes number one because it's easy to remember, and because it's been a life long ambition.

County Treasurer Lumir Jansa said the courthouse lobby was jammed with people most of the day, the line extending down the steps to the front door at times.

The office took in \$14,626 for license plates by 3 p.m. Thursday, the first day of sales. Sales tax on new vehicles amounted to \$1,182.99, the treasurer said.

Plates may be purchased every weekday from 8 a.m. to 12 noon and from 1 p.m. to 5 p.m., and on Saturdays from 8 a.m. to 12 noon.

Jansa reminded license purchasers to bring last year's registration certificates to speed up issue of plates.

### SUI to Distribute Delinquent Reports

Delinquent reports will be ready for distribution to students in the college of liberal arts Sunday morning, Prof. H. C. Harsbarger, executive-secretary of the liberal arts advisory committee, said Thursday.

Students living in housing units will receive their delinquents from unit proctors or other representatives. Students living in off-campus housing can pick up their delinquent slips at the college of liberal arts advisory office in room 109 Schaeffer hall.

Students who receive delinquents (those who have a mid-semester grade of D or F in any course) should consult with their instructors and advisors as to how they can improve their work, Harsbarger said.

### NAM CALLS FOR CUT

WASHINGTON (AP) — The National Association of Manufacturers Thursday called for a \$10-billion cut in federal spending to balance the budget without higher taxes.

## Lewis Ends Soft Coal Strike, Calls Three-Day Work Week

### Miners Cheer Lewis' Order

PITTSBURGH (AP) — Hard-pressed striking coal miners who faced a bleak Christmas without paychecks cheered Thursday at John L. Lewis' order for a three-day work week.

"Three days' work is better than none," happily grinned veteran digger Joe Mehok of Bridgeville, Pa.

That about summed up sentiment of the miners who only Wednesday resigned themselves to a Yule holiday without much Santa Claus.

A three-week strike truce expired midnight Wednesday, when the nation's 400,000 soft coal miners trooped from the pits.

Eleven hours after the fourth coal strike in a year began, Lewis decreed the three-day work week beginning Monday.

The short work week also will apply to the 80,000 eastern Pennsylvania anthracite miners and 22,000 UMW members east of the Mississippi not affected by a previous three-day week.

At the same time Lewis said the UMW will seek separate contracts with the operators instead of a national pact.

The three-day week is "inhuman and it is wrong," declared George H. Love, spokesman for the operators negotiation committee of the national bituminous wage conference.

Although miners were happy to get the extra work in before Christmas, many found themselves in the same fix as one Library, Pa., digger who said:

"Even if it weren't for Christmas, we'd still be in a hole. I could work from now until the end of April and never draw a cent over five dollars a month. That's how much I owe the company store."

### Santa Not Dead ...

CHICAGO (AP) — Santa Claus, as hale and hearty as ever, went on the radio Thursday night to laugh off the report that John L. Lewis had mortally wounded him.

The chuckling gent, speaking "from the north pole" over NBC, said John L. "just missed" him. He promised to be on hand "as always" and asked children to watch for him Christmas day.

The broadcast was arranged to dispel the worry of kids who had heard NBC Commentator Paul Long in Pittsburgh say Wednesday night that "John L. Lewis just shot Santa Claus." It was his way of saying, NBC explained, that it would be a bleak Christmas for miners because of the coal strike.

### Myers Gets New Trial As Jury Fails To Agree

Donald L. Myers, SUI electronics technician who stood trial Thursday morning on reckless driving charges, got a new trial ordered for next Thursday by Justice of the Peace C. J. Hutchinson when the jury failed to render a verdict after nearly two hours of deliberation.

Ivan Schmidt, North Liberty tavern proprietor, filed charges against Myers Sept. 20. Schmidt and four other witnesses were called by County Atty. Jack C. White at the trial. Other witnesses were Robert Shannon, Wilton Sherlock, John Delaney, an SUI law senior from Clinton and Lester Yutzy.

The charges grew out of a visit by Myers with two companions to Shannon's Inn, a North Liberty night spot, several weeks after Myers had instigated raids to investigate alleged violations of gambling and liquor laws in Johnson county.

Schmidt alleged in his testimony Thursday that Myers and his companions left the night club after a name-calling incident. Schmidt claimed he followed Myers to Iowa City to learn where he was going. Myers alleged he was chased to town by three cars containing the five witnesses called by White at the trial.

Myers was not represented by legal counsel.

### He Didn't Need It Anyway

EAST CHICAGO, IND. (AP) — Two-month-old Ronald Bernacki won't have his lower front tooth for Christmas.

A dentist extracted the tooth Thursday because it was puncturing nipples on Ronald's milk bottles and cutting his tongue.

### UN Adopts Peace Plan Offered by Britain, U.S.

NEW YORK (AP) — The United Nations adopted a 12-point western power declaration for peace Thursday and then rejected a Soviet peace plan calling the United States and Britain war plotters.

The 59-nation assembly voted 53 to five for the joint British-United States resolution outlining 12 essentials for peace.

The voting came after Soviet Foreign Minister Andrei Vishinsky shouted a denial of Yugoslav charges that the Kremlin is interfering with Yugoslavia. One of the listed essentials for peace calls for keeping hands off other countries' affairs.

Vishinsky sails for home Saturday in the British liner Mauretania after seeing the defeat of the peace plan he laid before the assembly Sept. 23.

The western power peace outline calls on all nations to refrain from threats or force against other nations, or from stirring up civil strife or otherwise interfering with the integrity of any country.

It demands settlement of international disputes by peaceful means, and cooperation to regulate both atomic and non-atomic arms.

Light snow flurries Thursday brought a real Christmas atmosphere to Iowa City, as decorating proceeded throughout the business district.

Iowa City merchants had nearly completed stringing 10,000 feet of fragrant balsam roping to decorate their store fronts. Chamber of commerce officials said the decorating would be complete by the end of the week.

A huge community Christmas tree has been erected on the Moose parking lot at the corner of College and Clinton streets and workmen were busy Thursday wiring the tree with colored lights.

Displays of Christmas goods could be seen in nearly every store window in the Iowa City business district as retailers prepared for the holiday rush season.

The first of several "family shopping nights" is being planned by Iowa City retailers for Dec. 7. A choir of high-school age church youth will present a special program of Christmas music at the community tree that night.

Stores will remain open until 9 p.m. on Dec. 7 and also on Dec. 14, 21, 22 and 23.

The chamber of commerce has planned to have special music at the community Christmas tree each night that the Iowa City stores stay open.

Chicago detectives said he admitted he had received drug capsules by mail at Champaign and named the man who sent them. Federal agents said they also had the names of other students who received drugs by mail.

### Arrest 3 in Probe Of Dope at Illinois

CHICAGO (AP) — Three men have been arrested here in an investigation of a narcotics ring which may be selling drugs to University of Illinois students at Champaign, Ill., police said Thursday.

The arrest here Nov. 27 of George Ziskind, 21, of Chicago, touched off the investigation, authorities said.

They said Ziskind, home from the university on a Thanksgiving holiday, was arrested when he was seen taking a hypodermic needle from the glove compartment of his parked car.

Chicago detectives said he admitted he had received drug capsules by mail at Champaign and named the man who sent them. Federal agents said they also had the names of other students who received drugs by mail.

Myers told a Daily Iowan reporter Thursday afternoon he would have advice and counsel when his trial comes up next week.

### Policy Change Leads to New Union Tactics

NEW YORK (AP) — John L. Lewis Thursday ordered his striking soft coal miners back to work Monday but put the entire coal industry on a three-day work week until further notice.

The 400,000 bituminous miners across the nation had begun, reluctant and grumbling but with unanimous discipline, their fourth strike this year when the unpredictable Lewis switched signals.

It was an abandonment of the miners' traditional "no contract no work" policy but it was a move of strategy aimed at:

1. Providing paychecks for the miners in the days before Christmas and thereby halting any dissension among the men who already had lost \$1,200 in wages through walkouts this year.

2. Reducing coal stockpiles so that the UMW still will be in a favorable bargaining position. On a three-day week, the miners will produce about 8.5-million tons of coal weekly. The nation consumes an average of 11.5-million tons a week.

3. Forestalling the possibility that the government might intervene with Taft-Hartley action. The labor law cannot be employed until the President determines that a clear threat to national safety exists.

Federal Mediator Cyrus Ching was in New York but he had no immediate comment on plans to try to bring the union and the major coal operator associations together.

Lewis went into conference with district UMW presidents after he made the back-to-work announcement. He was scheduled to return to Washington Thursday night.

**Voices Hope ...**

KEY WEST, FLA. (AP) — President Truman's top labor consultant voiced hope Thursday night of a possible settlement of the coal labor controversy as the aftermath of John L. Lewis' calling off of the nation-wide strike.

An optimistic John R. Steelman expressed confidence there would be no resumption of the strike and that harmony in the coal industry may usher in a "long period of industrial peace."

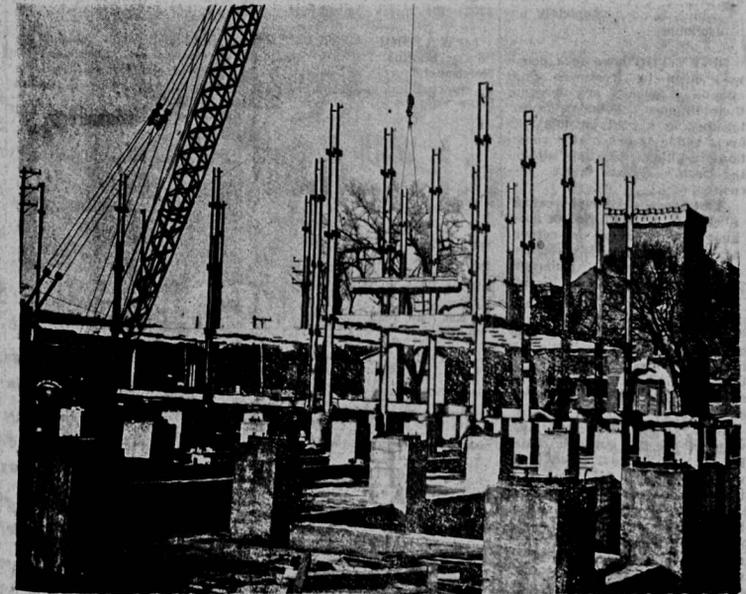

Steelman said Lewis' announcement of the resumption Monday of a three-day work week was "no surprise" to Mr. Truman.

### Community Christmas Tree Erected

BIG ENOUGH FOR THE WHOLE COMMUNITY is this Christmas tree erected by Iowa City retailers on the Moose parking lot at the corner of College and Clinton streets. Workmen are shown stringing colored lights on the community tree which will be lit for the first time Wednesday. Programs of Christmas music will be presented then and each evening the stores are open for holiday shopping.

### Steel Work Progresses at New Library Site

STRUCTURAL WORK ON SUIT'S \$1.5-MILLION LIBRARY was begun early this week when the arrival of five railroad cars of structural steel put an end to a month-long stoppage caused by the recent steel strike. Concrete pilings are the footings for the three-story library which is expected to be completed sometime in 1951.

## The 'Squeeze' Is on Again —

The nation's coal miners, following a second thought by their chief John L. Lewis, are once again on a three-day work week.

Lewis first called for an all-out strike among his 400,000 soft coal miners, but saw that such an action would meet with tough opposition from miners already hard hit by long periods of inactivity.

This latest move demonstrates the eagerness of the United Mine Workers leader. He saw that an all-out strike would be difficult to promote, so he gave in just enough to silence his workers' demands, and almost entirely eliminate the possibility of government intervention. He is now still in a strong bargaining position.

Many of us sometimes wonder about the motives of the hard-bitten labor boss. Is he sincere in his actions, which often work hardships on millions of Americans? Or is he simply yielding a big whip for selfish and personal reasons?

It is hard to believe that Lewis is insincere. His friendship with the miners and his dogged persistence for their benefits seem to demonstrate this. The coal miner, working at one of the most dangerous and unhealthy jobs in the world, certainly deserves a leader that will

go to bat for them.

But Lewis, in his efforts to boost their position, sometimes actually hinders them. For major work stoppages in the last year have cut into the miners' average income to the tune of \$1,200 a year. The pension fund, created to aid retired and disabled miners has dwindled to \$11-million.

Lewis' blunt attitude with the government and the press has secured him no end of unfavorable publicity. He has been very short with Federal Mediator Cyrus Chang, a man who has tried to settle disagreements by impartial negotiations.

With the miners on a three-day week it will be interesting to watch Lewis once more attempt to get the operators to agree to his demands—higher wages and bigger payments into the royalty fund.

Lewis is in a strong position. The nation's coal supply is at a dangerous low. Industry is clamoring for a steady supply of the necessary fuel. The miners are hitching up their belts, ready to wait out negotiations.

The public will feel the squeeze. But a democracy characterized by friction and freedom— and squeezes.

## Agility, Speed — and an Old Age Pension —

A few years ago, when the New York Yankees were racing roughshod over the best teams in the American and National leagues, the cry went up to "break up the Yankees."

Justifying by the showing a certain mid-western ball team is making, it looks like we may hear a "break up the Irish" chant wailing through the sport's world some day soon.

Three of Frank Leahy's Notre Dame boys were selected on The Associated Press All-American football team—which is quite a monopoly when one considers the thousands of schools where student-run around in football pants each year.

The Hawkeyes picked three of the South Benders, who have gone undefeated in 37 starts, on their first all-opponent team. All these victories have been against tough foes, too.

Just how anyone would go about breaking up the Irish, we don't quite know. As we remember it, the Yankees grew old gracefully, so that now they only win about twice their share of pennants.

Maybe if a 40 year age limit would be required for entrance into Notre Dame, the mighty Irish, too, would become merely the best in the nation.

## Leaf from a French Notebook —

John L. Lewis, who represents a pretty sizeable chunk of the U.S. labor force, has called a compromise strike that is somewhat akin to a strike staged in France last week.

Lewis is content to let the mine workers put in three days a week. The French strike was set for a single day.

The French Socialists announced a one-day general strike in protest against Communist-dominated labor in France. The Communist-run labor federation jumped on the bandwagon and ordered its workers to strike on the same day.

The strike, however, fizzled. In Paris, thousands of workers went to their jobs on bicycles, in private cars, and in sightseeing buses run by the government. One bank clerk reported for duty on roller skates.

The Communists claimed the strike was 100 percent effective—Other, called it a "sham."

There may be a French lesson for Mr. Lewis. Maybe his workers, once thought to be firmly under his thumb, will wiggle out and defy Lewis one of these days.

## Britain's China Policy Places U. S. on Spot

By J.M. ROBERTS JR., AP Foreign Affairs Analyst

Renewed U.S. efforts to obtain release of its nationals in Communist China and word that the international protest against the treatment of Consul General Angus Ward at Mukden is being pressed despite the order for his release may have more behind it than merely normal reaction in such cases.

A part of the motive may be to free the formation of major China policy, in the matter of recognition, from the impact of such incidents. There is also no question but that widespread resentment, within and without congress, has had its bearing on state department action.

There is also the matter of British recognition to be faced. It seems obvious that Britain will recognize the Peiping Communists soon. Probably in January, the latest reports say. For that to come while the United States is involved in a public wrangle with Peiping

would be embarrassing to say the least. It might add to the loss of face which has occurred in the Orient because of apparent impotence.

There is always the feeling in diplomatic circles that it is unwise to permit individual incidents to prejudice the making of major policy. This is a point the British have made in their argument for early recognition, which is important to their pocketbook.

It is admitted, however, that up to now the Peiping regime is not showing any great interest in recognition. As British action nears, however, the importance of concerted action by the west wherever possible makes the question more and more pressing for the U.S. It may soon begin to outweigh the recent American feeling that it would be better to wait until the Communists actually control all China, which has been expected to take six months or a year.

There is no indication that Washington thinking has really changed on this point, but recognition sooner or later has become fairly certain. It would not be too surprising, then, if the U.S. comes around to it in time for more or less concerted action with Britain.

## Twelve SUJ Alumni Now Study Abroad Under Federal Aid

Twelve former SUJ students are now studying abroad under grants provided by government Fulbright scholarships, the Institute of International Education, New York City, has announced.

Robert Martin, Santa Ana, Cal.; Robert Martin, Hamburg; Caroline Bigger, Mt. Vernon; and James Butcher are studying in the United Kingdom.

George McCullough, Iowa City, and Daris Covi, Livingston, Ill., both art students, are studying in Italy.

Luther Gillett, Richard Hazlitt, Dorothy Mayhall, Omaha, Lucille Townsend, Roanoke, Va., and Luther Allen are studying in France under the grants.

Wendell Halverson is studying under a Fulbright scholarship in Norway.

## Southerners Watch for 'Symptoms' — 'Network' Prevents Race Riots

ATLANTA (AP) — Spread over the south is a 3,000 member network for the prevention of race riots and lynchings.

The mere existence of such a network is going to surprise a great many southerners — but it shouldn't. It has been around a long time, ever since the 1920's.

Right now it is just another function of the Southern Regional Council, which inherited it from the old Southwide Commission on Interracial Cooperation.

The network operates, very quietly along back streets and country lanes where race trouble often has erupted in the past before anyone knew quite what had happened — or why.

The council is the first to admit the imperfections of the network. Many of its 3,000 members are concentrated in urban areas. There are hundreds of places where the council has neither members nor connections.

As it now exists, though, this network in any given town may involve a Negro teacher, lawyer, doctor, minister, banker or editor and their white counterparts.

Through long and bitter experience, these Negro leaders have learned to recognize the symptoms, however latent, of incipient race trouble.

Whenever these Negroes feel that an incident or series of incidents has the making of

trouble they call one of their white colleagues who passes along the information to the proper authorities. Most of the time the chief of police, mayor or governor is not aware of the informant's connection with the council.

The council membership is drawn from all walks of life and divided about evenly between white and Negroes. It includes Catholic priests, Protestant ministers, labor leaders, educators, business and professional men, church women and newspapermen.

The white member probably would be best described as a "southern liberal" — and that is an extraordinarily flexible expression.

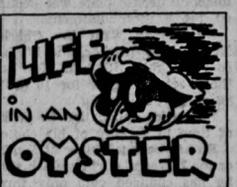

## Selling Jobs Opened To February Grads

February graduates who are interested in selling insurance after graduation are urged to contact the bureau of business and industrial placement office at once.

Director Helen Barnes said Thursday several large insurance companies have contacted the office listing sales jobs open in Iowa for February graduates.

Application blanks and complete information are available at the bureau's office in room 111 University hall.

One company plans to hold interviews today and other companies will hold interviews during the next two weeks with students who apply at the office, she said.

By GIL PEARLMAN

I REALIZE that I might sound arrogant, presumptuous, and somewhat superficial in declaring that Freud, the great psychologist, was wrong — absolutely wrong.

Of course, I realize that many people might call me arrogant, presumptuous and somewhat superficial regardless of my attitude toward Freudian theories. But before making that conclusion in this particular case, please listen to my plea.

A STATEMENT of fact: The greatest single contributing factor to a human's frustration is trying to get the cap off those little cream bottles they serve you with coffee.

A complementary fact: Those who drink their coffee black, the elite, are not frustrated. By this time, those who do use cream have small thumbnails and great impatience.

LONG AGO, in the primitive ages, they did not use caps on the tiny cream bottle. Which is partly explained by the fact that they didn't use cream, which resulted from the fact that the coffee bean had not yet been discovered.

When the beverage from Brazil was finally utilized and, through the generosity of the cow, it was noted that cream added to its flavor, the tradition of 'no cap' was carried on by a group known as the "cap-goers."

THIS GROUP enjoyed the easy, relaxing manner in which the cream flowed from the bottle unhindered by a small, tightly placed piece of cardboard covering the opening.

For years they enjoyed unlimited control. Adding cream was done automatically and with little effort, supplementing the "coothing" process that coffee has on the nerves.

THEN ALONG came an enterprising pre-med student with the

goal of socialized sanitation in mind, who thought people would be healthier if their cream was protected from the many minute particles inherent in air.

At first, restaurant owners formed a block and tried to thwart the passage of the "cream cap." They lost out, so decided to take their defeat out on the customer by placing the cap on the bottle in such a way that years experience in a Yale lock shop would be of little avail in trying to secure the cream.

THE RESTAURANT owners thereby defeated the desired end of the pre-med student. Coffee-with-cream drinkers are no healthier and coffee no longer serves as a soothing agent to a person's receptor-system.

Although protected from destructive atoms in air, cream users, in the attempt to take of the cap, have developed a neurosis which is now completely uncontrollable.

OFTEN YOU have seen people walk down the street who, while mumbling angrily, are pressing their thumbs and index fingers together in a mad passion. This overt action is one of the conditions resulting from the "cap-on-the-cream" system under discussion.

Yesterday, a student called Shelly, in a booth in an unknown drugstore on the corner of Clinton and Washington streets, was working himself into a great and magnificent frenzy.

HE WAS TRYING to take the cap off the one inch bottle. He ripped the first layer of cardboard off. This partial success was accompanied by the complete loss of his thumbnail.

Finally, he got the second layer with his teeth, but the third layer of cardboard refused to be withdrawn from its bottle guardian. He lunged like a panther with a fork. The fork hit the cap, the cap was pushed down to the bottom of the bottle and cream shot in the air in various directions and patterns.

AFTER THIS episode, Shelly, was not only frustrated, exhausted and neurotic, but he was convinced that people who drink coffee black have a method to their madness.

ROBERTS

About 2,500 years ago, a group of Greeks tried vainly to crack the gates of Troy. Then one of the Athenian warriors used his heavily-helmeted head and suggested some tricky horse play. The city was theirs in no time.

In the latter part of the last century, another batch of "Greeks" who called themselves sorority sisters flitted onto the SUJ campus and proceeded to make their presence known. This task was accomplished without the use of king-sized horses, too.

At the turn of the century, there were three sororities on the campus — Delta Gamma, Pi Beta Phi, and Kappa Kappa Gamma. Since then, they have expanded considerably. But have they changed as considerably?

Let's take a short glance into the pages of yesterday. The time is early 1902.

"The chief feature of the sorority meeting is sitting on the floor in groups, or in one large circle with a bowl of bonbons in the center, a dish of salted peanuts going the rounds."

"Some of the more industrious take their fancy work or darning. Often, one reads while the others sew, or, as was the fad this winter, braid shoe string belts."

"Now and then, ten-cent spreads, supper spreads, or chafing dish spreads are indulged in much to the delight of the freshmen."

## SUI School of Nursing Attains College Status

The SUI school of nursing—began in 1898 with seven students—ends over 50 years of service Saturday when it becomes a college of nursing.

Lucile Petry, assistant surgeon-general of the U.S. public health service, will speak at a dinner that night celebrating the inauguration of the college.

About 275 persons are expected to attend the dinner at 7 p.m. in the Iowa Union.

Miss Petry became the first woman to hold the rank of assistant surgeon-general when she was appointed in September. She was also the first person to be named chief of the division of nursing of the public health service, when the post was created in 1946.

**To Honor Dean**  
Saturday afternoon members of the SUI nurses alumnae association will honor Dean-elect Myrtle Kitchell and members of the faculty of the new college at a reception in the Westlaw parlors from 4 to 6 p.m.

Among guests Saturday at the reception and dinner will be Sister Mary Bridget, Iowa City, past president of the Iowa State Nurses' association; Lola Lindsey, Omaha, former acting director of the school of nursing.

Grace Yackey, Omaha, former operating room supervisor at University hospitals, and Blanche McGurk, Grinnell, former instructor in the school of nursing.

Dean-elect Kitchell joined the staff in July as director of the school of nursing.

Other faculty members who will be honored are Jean Baer, counselor and instructor. She joined the faculty in September and holds an M.A. from Columbia university.

Amy Frances Brown, assistant professor of medical nursing, graduated from the SUI school of nursing. She is the author of "Clinical Instruction," which was published this summer, and "Medical Nursing," which appeared in 1945.

Carol Madsen, Elizabeth Keyser Means, Flora Meisenheimer, Marjorie Pirie, Faith Salden, Ruth-Marie Walz, and Eloise Zeller, are other full-time members of the nursing faculty.

The Saturday celebration marks a half century of progress since the nursing school's beginning when Jennie Cottle, a graduate of the Massachusetts General hospital school of nursing, was superintendent.

In 1902 the course of study was extended to three years, and in 1920 a five-year course leading to a combined bachelor of science degree and certificate of graduate nurse was started.

This fall the school announced the beginning of a new four-year course combining liberal arts courses with practical training in professional nursing. Nineteen of the 263 students enrolled this year are in the new four-year plan.

**Profile Preview Names**  
Chairman of 1950 Show

Marilyn Smith, A3, Rockford, has been selected chairman of Profile Preview for 1950, Betty Jane Johnson, president of the University Women's association, announced Thursday.

Profile Preview is the annual style show and fashion clinic sponsored each fall by UWA for new women students at SUI.

## Singer Dorothy Shay Hopes to Visit SUI Fraternity Hillbillies

Dorothy Shay, the "Park Avenue Hillbilly," has tentatively accepted an invitation to visit a party given by Phi Epsilon Pi Saturday night, according to Norman Matulef, A3, Des Moines, social chairman.

Miss Shay, who is on her way to the east coast from her home in Los Angeles, said she expected to be in Iowa City Saturday night and "possibly" would be able to attend the party.

The party is centered around the name of the song, "Feudin', Fussin', and A-Fightin'," which Miss Shay made famous through her recordings.

Each woman attending the party has received an invitation with her date's picture, Matulef stated, and they were serenaded with the social fraternity's version of the title song at their respective housing units.

An Iowa City garbage truck, decorated in hillbilly style, will call for the women at 8 p.m. Saturday to transport them to the fraternity house, Matulef said. He added that guests will pass through an "outhouse" as they enter the fraternity.

A skit entitled "Tobacco Road," a parody on the play, will be presented during the evening.

Ralph Drollinger and his hillbilly band will furnish music for dancing. Chaperones will be Dr. Milton Barrent, Mrs. Viola Heidenreich, Mrs. Sonia Salden and Mr. and Mrs. Ira Glassman.

**Vasey to Address Welfare Workers**

Prof. Wayne Vasey, director of the SUI school of social work, will be principal speaker at the evening session of the social work institute Sunday at 7:30 p.m. in the Zion Lutheran church, 604 E. Bloomington street.

He will speak on the role of voluntary agencies in a community welfare program.

The institute is being jointly sponsored by the SUI school of social work and the Lutheran Welfare society.

Other SUI faculty members to participate in the institute are Prof. Elizabeth Haun, Mrs. Lola Reppert, instructor and Grace Freehauf, social worker.

Invitations have been sent to approximately 300 welfare workers living in and around Johnson county, according to Paul M. Thompson, branch director of the Lutheran Welfare society.

## UWA to Pick Chairmen Of Orientation Council

Applications for positions on the University Women's Association orientation council are available now at the office of student affairs, UWA President Betty Jane Johnson announced Thursday.

Positions open are individual chairmanships for planning orientation week activities. These include the President's tea, faculty coffee hour, mass meeting, correspondence and publicity.

Women who have served as leaders or assistants are urged especially to apply, Miss Johnson said.

## Third Oneg Shabbat To Be Given Here By Hillel Foundation

The third Oneg Shabbat in a series sponsored by Hillel foundation will be presented Saturday afternoon from 4:30 to 5:30 at the Jewish student center, 122 E. Market street.

Blanche Redman, co-chairman of the cultural committee, will be in charge of the celebration.

"The Oneg Shabbat is a recent institution in Jewish communities," Miss Redman said. "It is an effort to highlight the spirit of the Sabbath which is the day of joy and celebration for the Jews."

The program will include a discussion led by Prof. Arnold Fox, assistant director of Hillel; singing, dancing and refreshments.

The Oneg Shabbat celebration will be concluded with a brief Havdalah ceremony, a candle-lighting service which marks the end of the Sabbath. Hillel Director Judah Goldin will perform the ceremony.

## Theology Professor To Address YMCA

Joseph Sittler, comparative theology professor at Chicago Lutheran seminary, will be the featured speaker at the YMCA Bible Study conference Saturday.

Sittler, who gave the principal address at the 1949 Geneva conference, Geneva, Wis., will speak on "The Kingdom of God in the Teaching of Jesus" at the YMCA meeting.

The Bible sessions will be held from 9 a.m. until 4:30 p.m. in the Iowa Union YMCA conference rooms. An admittance cost of 50 cents will be asked to cover meeting expenses, YMCA Member Meredith Saunders, A3, Mason City, said.

## TESTS PLANE

## Metropolitan Opera Baritone To Open '49 Concert Series

Donald Dickson, popular metropolitan opera baritone, will open the university concert series at the Iowa Union Wednesday at 8 p.m., about a month later than scheduled.

Dickson was forced to cancel his Nov. 9 appearance because of an attack of bronchitis, but is now able to appear, Prof. C.B. Righter, manager of the concert series, said.

The singer has ascended the musical heights in a short time since his debut as a symphony soloist at 19, Righter said.

At 21, Dickson made his first network broadcast, at 23 his first transcontinental tour and made his "Met" debut at 25, Righter said.

His first movie was Samuel Goldwyn's technicolor production, "Up in Arms." In opera, he has sung in "Rigoletto" and appeared in the world debut of "Garrick."

Dickson's programs are marked by their diversity, Righter said. He sings Jerome Kern's melodies as well as the difficult "Lieder eines Fahrenden Gesellen" by Mahler.

Free student tickets may be obtained Monday in the Iowa Union lobby upon presentation of "ID" cards. Tickets for the general public will be available for \$1.50 each, Tuesday.

### CHAMPION STEER

## New Autumn Issue Of Law Magazine Set for Publication

The fall issue of the Iowa Law Review, published four times annually by the students of the SUI college of law, is scheduled for publication about Dec. 20, according to Editor Richard G. Huber, L3, Charles City.

Prof. Kirk Porter, head of SUI political science department, has written one of this issue's leading articles on the Iowa Little Hoover commission which was set up at the last legislature to organize executive and administrative government branches for more economy and efficiency.

Other main articles include two on federal taxes and one on contract problems.

The Review will print a note on mortgages written by Lee Blum who was graduated from the SUI college of law in 1948. Three student notes and eight comments by students on recent cases will appear in the fall issue.

A review on "Evidence" — a new case book by Dean Mason Ladd of the SUI law college — will be one of seven book reviews included in the issue.

Also printed will be a review on "religious jurisdiction" by former SUI Prof. Jacob Van der Zee, and one on corporation directors by Law Prof. Samuel M. Fahr.

### Rutledge Memorial

A short memorial to the late Assoc. Supreme Court Justice William B. Rutledge, former dean of SUI law college, will be in the Review.

Besides Huber, members of the editorial staff are Marvin C. Hayward, L3, Independence, notes and legislation editor, Donald H. Sitz, L3, Davenport, and Charles A. Schorr, L3, Davenport, comments editors.

Lynn E. Rhoads, L3, Des Moines, articles, and book review editor, and William R. Ruther, L3, Clarence, and Leo G. Ziffren, L3, Davenport, of the board of editors. SUI law students contributing to the fall issue are Francis J. Bradley, L3, Bancroft, John H. Holley, L3, Carroll, Richard T. Jordan, L3, Boone; Lester L. Kluever, L3, Atlantic; Donald P. Lay, L2, Iowa City.

James M. Richard, L3, Storm Lake; William H. Ryan, L2, Cedar Rapids; Phillip J. Scaletta, L3, Sioux City; James G. Schneider, L2, Kankakee, Ill., and Louis Schuler.

The Review, now in its 35th year, will be distributed to all members of the Iowa State Bar association, all SUI law students, libraries, government agencies and big law offices.

## Food Prices Decrease —

# Market Basket Index Down

The Daily Iowan's Market Basket Index slumped again this week as the survey total fell to \$15.46—a record low in the index's two year history.

A downward trend beginning in late September has continued. The index of market needs of a student family of three fell 8 cents since Nov. 17, the last time the survey was taken.

Greatest change recorded in this week's study made at seven Iowa City grocery stores was in the price of cobbler potatoes which dropped 7 cents on 10 pounds. Butter fell a penny a pound.

Medium sized oranges climbed 4 cents a dozen and Kraft "Velveta" cheese was up 2 cents a pound. "Gold Medal" flour gained 2 cents on a 10 pound sack and the price of a No. 2 can of Van Camp's pork and beans was up one cent.

Coffee prices remained stable with nearly every store getting 73 cents a pound. One store was selling Hills Brother's coffee for 81 cents while featuring its chain brands as low as 59 cents.

In New York, coffee importers allowed prices to dip slightly while they watched consumer reaction to higher prices. They were uncertain as to whether the buying public would support increased costs.

Brazilian coffee officials said supplies in that South American country would last until the end of June next year. They forecast a very short crop of coffee beans July 1. Severe drought was blamed for the shortage.

This week's median prices of the 24 basic commodities included in the survey are contrasted here with the prices of July 15, 1947, the highest on record.

This July 15, 1947	1947
1 lb. Iowa brand butter	\$ .67

## Zoology Professor To Lecture Today

Prof. W. H. Beams of the SUI zoology department will lecture on "Electron Microscope Studies on the Structure of Cardiac Muscle" today at the December zoology seminar.

The meeting will be at 4:30 p.m. in room 201 of the zoology building.

Beams has used the electron microscope at the SUI hospital to study heart muscles. This instrument uses electronic waves instead of light waves and can magnify many more times than an optic microscope.

## SUI Athlete Leaves Active Polio Ward

Larry Willimack, E3, DeWitt, SUI reserve football lineman, was one of four patients transferred Thursday to inactive polio wards at University hospitals.

Willimack was admitted to active polio wards early in November in "serious" condition. Ten active polio cases were under treatment at University hospitals Thursday as one person was admitted to the active list.

Transferred to inactive wards Thursday besides Willimack were Mrs. Rose Breneman, 26, Kalamona; Charlotte Phillips, 15, Centerville, and Mrs. Phyllis Evans, 21, Waterloo.

# Speech Students Arrive Here For World Problems Meeting

Speech students from 18 universities and colleges began arriving in Iowa City Thursday night to participate in SUI's annual intercollegiate conference on world problems today and Saturday.

Prof. C. Addison Hickman of the college of commerce will give the welcoming address at the opening meeting at 9:15 a.m. today in the senate chamber of Old Capitol.

The conference is being directed by Merrill Baker, speech instructor. His assistants are Owen Peterson and Ray Sandefur, speech instructors, David Cornell, G. Knox-

# Display of Photos To Open at Union

Enlarged photographs of about 30 college and university union buildings will go on display today in the Iowa Union lobby.

The display of over 126 pictures is being circulated by the Association of College Unions.

The SUI showing will be sponsored by the Iowa Union house and library committee, Felicia Hope, N4, Corning, committee member, said Thursday.

Most of the buildings included in the collection have been constructed recently and others have added large additions in extensive redecoration projects.

# Bodine to Address Doctors' Convention

Prof. Joseph H. Bodine, head of the SUI zoology department, will be one of the guest lecturers at a doctors' convention here Saturday.

He will speak on the effects of several narcotic drugs on normal cells and malignant abnormal cells, a field in which he has done considerable research. His subject will be "The Action of Urethanes and Related Compounds on the Oxygen Up-take of Embryonic Cells."

The speech will be part of the program for the 58th annual convention of the Central Interurban Clinical club, an organization of midwestern doctors. They will convene in the SUI medical laboratories building Saturday.

# Radio Newsmen Speak at Information First

America needs "real 100 percent Americans" if she is to show the world democracy is a better way of life than communism, guest speaker Jack Shelley, radio news director at WHO, Des Moines, said Thursday.

He spoke at an Information First meeting in the senate chamber of Old Capitol.

America doesn't need the kind of "100 percent Americans" who hate minority groups and practice racial discrimination, but "100 percent Americans willing to defend the ideals of democracy and live up to the ethics of democracy which promise all citizens equality of opportunity," he said. America must realize that by

allowing hate and discrimination to continue, she actually is "playing into the hands of the Communists."

"We must keep definitely focused on the cause of keeping the free man alive, and use patience and fortitude to prove to the rest of the world our way of life is the best."

America needs plenty of "economic horse sense" if the plan for European recovery is to work and if America is going to prevent a depression.

A serious American depression would certainly please the Communists, Shelley said. "We will have to set certain limits where communism will be

allowed to come no further and for that America needs fortitude," Shelley said.

# CHRISTMAS LEAVES

Capt. Albert Brey, adjutant of the SUI military department, has requested all army officers attending the university who are members of 5439 ASU to contact him at the military department by Dec. 10 to obtain Christmas leaves.

# Hawks Swamp Colorado College, 76-54

## Frank Calsbeek Sparks Attack with 17 Markers

By ALAN MOYER  
Daily Iowan Sports Editor

Iowa opened its 1949-50 basketball season Thursday night by cruising to a 76-54 victory over out-manned Colorado college.

An estimated 8,000 spectators watched the Hawks roll to an impressive 44-26 halftime edge, then falter for a portion of the final half while gaining their 41st straight home non-conference triumph.

For Iowa it was an evening of experimentation. Rollie Williams, guiding the Hawks while Pops Harrison recovers from an operation, inserted 13 of his 22 man squad into the game in an effort to find the right combination for times not far ahead when the competition becomes stiffer.

**Iowa Goes Ahead**  
Iowa, never trailing after three minutes of the game had gone by, was spearheaded by Frank Calsbeek, the gangling 6-foot, 6 1/2-inch center who led all scorers with 17 points.

The Tigers from Colorado Springs did little better than they did a year ago in their visit to the fieldhouse. That time the score was 77-44.

Jack Quamme, the speed-demon guard for the Tigers, tallied 10 times Thursday night, six short of his output last year.

Iowa showed deadly accuracy from the field in the first half, hitting for a percentage of 43.1. Bob Vollers found the nets for eight points, three baskets resulting from one-hand push shots taken from the corner. He finished the contest with 12.

Ev Cochrane, one of many sophomores on the Hawkeye roster, scored his game-total of 11 in the opening half, mostly on set shots.

Colorado jumped to a 3-1 lead in the opening minutes but called time out when Vollers capped an Iowa outburst with the first of his

side-court shots, boosting the Hawks ahead, 9-7. A beautiful drive-in shot by George Sweeney cut the margin to 20-15 after 10 minutes. Then the Colorado five lost the basket in the glare and could tally but 11 more points in the remaining nine minutes of the half.

**First Look at Darling**  
Iowa fans got their first look at Chuck Darling in varsity competition two-thirds of the way through the half. The much-advertised 6-foot, 8-inch sophomore, a Coloradoan, responded well considering the pressure heaped upon him, picking up six points.

Both teams were guilty of expected early season offensive and defensive mistakes in the second half.

Big Calsbeek controlled both backboards. In seven minutes the score had run to 59-38. Then the mass substitutions began.

over the guard posts and a few minutes later Bucky Harris and Jack Dittmer stepped in at the forwards, with Don Hays in the center slot. Dittmer, the justly great Iowa favorite, was cheered no matter what he did. He got in five shots but failed to connect. The ball-hawking little forward, Eddie Colbert and Dick Riecks, operated at forward positions together. Riecks hit two field goals on three attempts.

## Swimmers Get Water Practice

Water practice, following fall conditioning chores which include weightlifting and cross-country running designed to develop strength and flexibility; will be on the agenda for the Iowa swimming team in the future, Coach Dave Armbruster indicated Monday.

"The men will be in pretty fair physical shape by mid-December, when they make the annual trip to Ft. Lauderdale, Fla., for the national aquatic forum," Armbruster said.

**13 Letter-Winners**  
A total of 22 candidates, including 13 letter-winners, are currently vying for varsity berths. Eleven of the candidates won a letter in the 1949 campaign while two other veterans lettered in a previous season.

A match with Wisconsin, carded for Jan. 14 at Madison, will inaugurate the nine-meet season which includes dual meets with two of Iowa's foremost rivals, Michigan and Ohio State.

**Returning Lettermen**  
Returning lettermen from the 1949 aggregation are Edward Berge, Chicago; Bob Busch, Chicago; Capt. Duane Draves, Hollywood; Ed Garst, Ft. Worth, Texas; Henry Griesbach, Chicago; William Hack, River Forest, Ill.; Paul Hutingler, St. Louis; Dick Keith, Des Moines; Larry Larrimore, Des Moines; Herman Lehman, Chicago and Bowen Stassforth, Los Angeles. Dennis Hoffnagel, Chicago, and Jack Wilson, Des Moines, are letter-winners from previous seasons.

Other candidates include John Boyd, Erie, Pa.; Eldon Dahl, Boone; Mike McGuire, Chicago; James Smith, Kansas City, Mo.; John Thomas, Des Moines; Don Watson, University City, Mo.; Jack Wichman, Ft. Dodge, and Lester Wiese, Waterloo.

## Gymnasts Drill for Most Rugged Card in Hawkeye History

The Iowa gymnastics team, competitively inactive since 1942, is embarking this season on the most ambitious schedule in the history of the sport — 10 meets, with two others tentatively slated.

The schedule will open Dec. 22 with participation in an invitational meet at St. Louis, Mo. Coach Norman (Dick) Holzappel, in his second year as Iowa coach, revealed.

**Four Dual Meets**  
Four dual meets and two triangular matches are carded, in addition to three championship contests, Holzappel said. One of the highlights of the campaign will be the Big Ten championships, slated for the Iowa fieldhouse March 25.

There is a possibility that Iowa will enter the open mid-west collegiate matches in Chicago and the National AAU championships.

**Not Complete Team**  
Last season, Iowa was represented by a few individuals in meets, but had no complete team. The war necessitated withdrawal of the sport from the athletic curriculum.

Don Cassidy of Dean has been selected captain for the campaign. The present schedule is: Dec. 22, invitational meet at St. Louis, Mo.; Jan. 15, Nebraska at Lincoln; Jan. 21, Minnesota at Iowa City; Jan. 28, Indiana — Ohio State at Bloomington; Feb. 4, Chicago; Feb. 18, Northwest gymnastics society meet at Minneapolis; Feb. 25, Michigan-Wisconsin at Madison; March 11, Indiana at Iowa City; March 25, Big Ten championships at Iowa City; April 1, National Collegiate championships at West Point, N.Y.

**Badgers Name 3 Iowans To All-Opponents Team**  
MADISON, WIS. — Don Winslow, Earl Banks and Jack Dittmer of Iowa were named Thursday to Wisconsin's all-opponent teams selected by Badger football lettermen.

Winslow, a tackle, and Banks a guard, were selected on the Wisconsin defensive club while Dittmer was named at end to the opponent's offensive line-up.

Harry (Bud) Grant of Minnesota was the only man to make both all-opponent offensive and defensive teams.

The Rose Bowl teams, Ohio State and California, both winners over the Badgers this year, placed five players each on the two teams.

## Jack Dittmer Given Award as Valuable Player by Gridders

Jack Dittmer, senior end named by teammates as Iowa's most valuable player of 1949, is the 26th Hawkeye considered for the Chicago Tribune's silver football award since the inception of the honor in 1924.

The award is made annually to the player, who in the opinion of a selection committee, is the most valuable in the Big Ten.

**Close Balloting**  
Dittmer, chosen in close balloting, is the fourth Hawk end to be designated by squad — mates as Iowa's most valuable player. Other ends previously selected were Homer Harris in 1936, Bob Lannon in 1937, Erwin Prasse in 1938 and Harold Shoener in 1947.

This season the Iowa end established a new conference mark of 333 yards gained on pass receptions and his four touchdowns in conference competition paced the Big Ten in this department. In all nine games this season, Dittmer caught 21 passes good for 438 yards and six touchdowns, including the game winning marker against Northwestern.

**Three Years Winners**  
In past years, three Iowans have merited the silver football award in recognition of being the conference's most valuable gridders. They were Willis Glasgow, 1929; Joe Laws, 1933 and Nile Kinnick in 1939. All those gaining the honor were selected as halfbacks.

Dittmer, winner of four major letters in football, will seek his fourth varsity baseball letter next spring and if he gains a letter in basketball this winter, he will be the sixth Iowan in the athletic history of the school to win nine major letters.

## Drop Bowl Series NU Coach Urges

NEWTON (AP) — "If it were up to me I would drop the Rose Bowl series altogether."

That's what Bob Voights, Northwestern football coach whose team defeated California in the Rose Bowl last Jan. 1, told a Newton high school banquet Tuesday night.

"All year long in 1949 everyone called us the Rose Bowl champions," he said. "What did they mean? We weren't champions of anything. We actually were runners-up in the Western conference."

"The real champions were Michigan's players. I agree with Bernie Bierman (Minnesota coach) that too much emphasis is placed on the Rose Bowl. I would do away with the series."

## Undeclared Little Hawks Meet Anamosa Tonight

City high's cagers tangle with the Anamosa Raiders tonight at City high gym.

Coach Howard Moffitt's quintet will be after its third win in as many starts. Moffitt has expressed satisfaction over the progress of his team since their first game with Marengo 10 days ago. He has been especially pleased with the play of Forward Gene Brawner who has come through in nice style in the Hawks' first two starts.

## Williamson, Cravath Differ on Who'll Win Rose Bowl Game

MADISON, WIS. (AP)—Maybe Ivy Williamson and Jeff Cravath should get together on picking the Rose Bowl winner.

The two coaches are in the best position in the country to voice opinions—their teams are the only ones to play both Pasadena contestants this year.

Williamson, in his first year as a Western conference coach at Wisconsin, said Thursday he figures California will whip Ohio State. Cravath, a Pacific coast conference coach at Southern California for several years, said Wednesday it looked to him like the Ohioans.

**Badgers Lose to Bears**  
Williamson's Badgers dropped a 35-20 verdict to California and suffered their lone shutout — 21-0 — at Ohio State's hands. Cravath's Trojans rallied the Big Ten Buckeyes to a 13-13 draw and lost to Lynn Waldorf's Golden Bears, 16-10, on a last minute, 100-yard touchdown run.

"I'm basing my opinion strictly on what we saw when the two clubs played us here," said Williamson. "The Bears have a better offensive club, more talented backs, more versatility. They have Bob Celery at quarterback, and the Buckeyes have no one to match him. For that reason I must give the Bears an edge."

Cravath felt just the opposite in an interview at Tulsa, Okla., where he was visiting.

**Great Running Backs**  
"Ohio State almost chased us out of the park," he commented. "Much as I'd like to see Lynn's team win, I think Ohio State will grab it. They've got great running backs. We played California on even terms, and might have won."

Williamson said that from what Ohio State showed here, the Buckeyes had a stouter defense and that "maybe the Rose Bowl game will be closer than we figure."

"I feel the Big Ten has a fine representative in Ohio State," Williamson added, "and I hope they surprise me and come away with another victory for our conference."

"But they have a rugged job ahead of them."

## Tribe Reduces Staff, Releases 2 Coaches

CLEVELAND (AP) — The Cleveland Indians cut a big slice off their expensive coaching staff Thursday by releasing two former big league baseball managers, Bill McKechnie and Steve O'Neill.

The move was regarded as another indication that the Tribe's new president, Ellis W. Ryan, intends to run the club more conservatively than unpredictable Bill Veckh, his predecessor.

Last season the five-man coaching staff was regarded as probably the most expensive in baseball history. McKechnie, the former Cincinnati Reds coach, was believed to have received more than \$40,000.

O'Neill earned considerably less but still was considered to have been comparatively high paid. He came to the Indians last season after coaching the Detroit Tigers six years.

Ryan said efforts would be made to place both men in the Tribe organization. McKechnie owns a prosperous citrus business in Florida, however, and it was believed he might retire from the game.

The club's other three coaches — Muddy Ruel, Mel Harder and George Susce — will be retained, Ryan said, and another probably will be hired to replace the two released.

Mayor Asks Police To Curb Reckless Driving at Schools

Mayor Preston Koser Thursday issued an executive order designed by the council's police, parking and public safety committee.

Directed to Police Chief E.J. Ruppert, the four-point order seeks to curb reckless driving near the city's high schools, increase the efficiency of police department manpower, control double-parking in the business district and improve traffic movement through the Burlington street-Riverside drive intersection.

Police were directed to try for 30 days the use of one-man squad cars from 7 a.m. to 5 p.m. daily, and operation of two cars near the high schools from 8 to 9 a.m. and from 3 to 4 p.m. on school days.

This system went into effect early this week, police said. Koser ordered that one patrolman be assigned the business district beat from 8 a.m. to 5 p.m. to check double parking and enforce a city ordinance that allows trucks 20 minutes to unload.

The mayor's directive ordered that the traffic signal at the west end of the Burlington street bridge be taken out of operation for a trial period of 60 days to see if traffic moves more smoothly without the lights.

Koser also directed the assignment of one officer to police the city parking lot on College street at 10 a.m. and again at 3 p.m. daily.

This officer will also help on the parking meter beat, and check vehicle parking on Linn street between College and Burlington streets and in the new parking lot at the northeast corner of Burlington and Gilbert streets.

Doctor to Lecture To Medical Group

Dr. Lee Forrest Hill, Des Moines, will be guest speaker at the monthly meeting of the Johnson County Medical society at 6 p.m. Wednesday at Hotel Jefferson, Secretary R. H. Flocks said Thursday.

Hill, who is pediatrician - in-chief of Blank Memorial hospital, Des Moines, will talk on "Tracheotomy in the Treatment of Poliomyelitis."

Dr. P. C. Jeans, head of the department of pediatrics, SUI college of medicine, will open the discussion.

# The Daily Iowan Goes To A Party

The Daily Iowan's sneak preview of the formal party season shows it's off to a whirling start. There's dinner, dancing . . . all in the gayest and happiest party manner. Enjoying dinner at Loghry's are eight students pictured clockwise from the left. "Boob" Martin, Sigma Nu, Margaret Steffen, KKG, Dick Jensen, Sigma Nu, Susan Eversmeyer, KKG, Bill Beckner, Nancy Knowles, Currier, Lou Bronson, DU, and Shirlee Workman. There'll be even more fun tonight when there's dancing to the music of Jimmy Dorsey at the first all-university formal party of the year!

The holiday season will be filled with formal parties . . . and you will want to look your best. Go to EWERS as DICK JENSEN has done and get the best in formal wear. Tuxedos, tails, white scarfs, tuxedo shirts, patent oxfords or cuff links from EWERS MEN'S STORE will make you one of the best dressed men at the party.

Delicious food in clean, attractive surroundings makes Loghry's the perfect place for your dinner parties and after-dance snacks. Loghry's famous hors-d'oeuvres tray comes as a pleasant extra. And all this is yours at Loghry's sensible prices, designed with students' budgets in mind.

A beautiful floral and candle arrangement will lend holiday atmosphere, a festive note, to your party or buffet table. Gay, colorful or frosted floral creations from Aldous can be designed to carry out your party theme and party colors. Call Aldous Florists today and let them arrange an attractive centerpiece exclusively designed for your Christmas decorations.

"That was wonderful, Lou," says Shirlee. "I don't know when I've enjoyed a dinner more." And as they leave, everybody agrees that Loghry's serves the best food ever, and is just far enough out the Coralville road to get away from the crowds and hurry of town. Loghry's is open until 2:00 a.m. on Friday and Saturday nights, until midnight the rest of the week. For a gay party any time, drive out to Loghry's Drive-In and Restaurant.

To make your evening meal complete, serve rich, cold milk from MODEL DAIRY. The handy PURE-PAK containers are easy to pour and store. Just taste MODEL DAIRY'S creamy milk and from that time on you will want to serve it at all your meals. When you ask for milk, be sure it's Model.
