## Muscle Man Outdoes Young Texan

DAVID, FIVE-MONTH OLD son of Mr. and Mrs. E.J. Eldenburg of Spokane, Wash., shows what a bundle of muscle he is by hanging unsupported from a bar. The Eldenburgs just wanted to see if David could do it after seeing a picture of an Athens, Tex., youngster seven months old do the same stunt. David, who was born Aug. 15, 1949, weighs 18 pounds.

## Lewis, Owners Set For Contract Talks

WASHINGTON (AP) — John L. Lewis and soft coal operators of the north and west Friday agreed on next Wednesday as the date to reopen contract talks — the first hint of a possible break in the long-deadlocked labor dispute.

Apparently the contract bargaining will resume at 2 p.m. (Iowa time). Lewis had proposed 10 a.m., and the operators had countered with the later hour. The United Mine Workers' chief said he would conform to their wishes, no matter what the hour.

In first proposing 10 o'clock, Lewis chose the very time fixed by federal district court to hear an injunction suit filed by the general counsel of the national labor relations board charging that Lewis is trying to force soft coal operators to sign an illegal contract.

The counsel, Robert N. Denham, seeks to end the production-cutting three-day week instituted by Lewis in the drawn-out battle over his higher pay and royalty demands.

It has been three months since the two sides met across a bargaining table.

## IC Manager Group Opens Headquarters

Headquarters for the Iowa City council-manager association were established Friday at the Hotel Jefferson room 206.

Chairman Clair E. Hamilton said that persons interested in finding how the city manager form of government would operate in Iowa City are invited to visit or call the office.

Mrs. Frank Burge is in charge of the office. It is open from noon to 4 p.m. Monday through Saturday. The phone number is 4-2221.

Literature on city manager government is available at the office and petition circulators can call for additional material, Hamilton said. Buttons printed with "I'm for C-M-P" may also be obtained.

Assisting Mrs. Burge will be Mrs. T. M. Rehder, Mrs. Stuart Cullen, Mrs. Robert Broderson, Mrs. M. E. Taylor, Mrs. LeRoy Hester and Mrs. Wayne Vasey.

## Half of Aga Khan's Stolen Gems Recovered

MARSEILLE (AP) — French police roped off the entire French coastal city of Aix-en-Provence Friday night to trap Paul Leca, the man they believe has half of the \$710,000 in jewels stolen from the Aga Khan last August.

Left at Police Station — A package containing approximately half of the gems was found on the steps of a Marseille police station Thursday night after a mysterious stranger telephoned police where the gems could be found. Gendarmes placed road blocks

## Prof. Lewis Asks Court Here to Void Eviction Judgment

Prof. Don Lewis, SUI psychology department, and his wife asked the district court Friday to annul a Jan. 9 eviction judgment against them.

They based their action on an appeal granted by the federal housing expediter Jan. 20.

The housing expediter overruled a certificate granted by the area rent director, T. J. Wilkinson, which gave Frances L. Cherry permission to begin eviction proceedings against the couple.

The appeal to the housing expediter was granted on the grounds that the landlord "does not in good faith seek possession of the subject housing accommodations for her own use as housing accommodations."

The Lewis' claim that the district court's power to order them to move was based on the area rent director's certificate.

A hearing on the new motion was set for 9 a.m. Monday by District Judge H. D. Evans.

Prof. and Mrs. Lewis occupy the north half of a duplex at 404 Melrose court.

Francis Cherry, the owner, lives in the south half.

## Rose Offers \$5,000 For Gem Thieves

NEW YORK (AP) — Billy Rose offered a \$5,000 reward Friday for the capture of three gun-toting bandits who robbed his home of \$100,000 worth of valuables.

The loot included a \$3 wedding ring that belonged to the mother of the showman-columnist's wife, former swimming champion Eleanor Holm.

"If I only get that ring back, I'll be satisfied," she said.

Rose said FBI agents are investigating the case.

The robbery occurred Thursday night while Rose and his wife were at a theater.

## Truman Clears Way for Arms Flow to Europe

WASHINGTON (AP) — President Truman formally approved Friday the grand defense strategy of the Atlantic allies and cleared the way for a billion dollar flow of American weapons to help rearm western Europe.

At the same time Secretary of State Dean Acheson and representatives of the eight European nations which will receive the arms signed agreements guaranteeing to use them in strengthening the defenses of the north Atlantic area.

Acheson in Charge — In a third move, Mr. Truman issued an executive order placing Acheson in charge of the arms program with instructions to administer it in consultation with Secretary of Defense Louis Johnson and Paul C. Hoffman, European recovery chief.

"These developments," Mr. Truman said in a statement, "are the result of close cooperation among free nations which intend to remain free."

"They are, of course, first steps," he added. "The successful implementation of the north Atlantic treaty will require constant and continuing effort and cooperation by all its members. Planning for defense can not be static.

"It must be constantly reviewed and revised in the light of changing circumstances and it must be flexible to allow for maximum coordination of effort at all times."

No Slaps at Russia — Neither the President nor any of the other major figures in this day's intense round of diplomatic activities aimed any direct verbal slaps at Russia. But the intent of the rearmament of western Europe with American aid is to make that area strong enough to discourage any Soviet attack or to resist it if it occurs.

How long this will require is a question which military experts decline to speculate on.

## Red Campaign ...

PARIS (AP) — The Communist parties of Europe are mobilizing to hamstring shipments of United States arms to the Atlantic pact nations, several French government agencies reported Friday.

The information reaching these agencies agreed that current Communist agitation against the Indo Chinese war is simply to test public reaction, to find out how much support the Communists can rally for their much more important campaign.

## Cheering Students Encourage Motorists

Motorists on Newton road received spirited support from SUI students Friday as they attempted to drive up the University hospitals hill.

About 25 men from Hillcrest and Quadrangle dormitories stood along the street and cheered while cars and trucks slipped and slid, trying to reach the top.

Excitement reached a peak when a panel truck, a bicycle and a pick-up truck completely blocked the road when the panel truck stalled, making it impossible for other vehicles to pass.

Traffic resumed when the panel truck driver gave up and backed down the hill.

The day's biggest cheer came when a snorting and backfiring Model A Ford coupe moved up the hill with neither a slip nor a slide.

## State Cigarette Ruling Judged Unconstitutional

CEDAR RAPIDS (AP) — District Judge G.K. Thompson ruled Friday that a state law prohibiting the sale of cigarettes at below cost was unconstitutional.

He upheld a suit filed by May's Drug Stores, Inc., against a 1949 act specifying cigarettes must be sold at cost plus a certain percentage.

## Singing Mouse May Chirp for Hollywood

OMAHA (AP) — Hollywood is spreading its welcome mat for Midnight, the singing mouse from Cherokee.

Midnight, who isn't like an ordinary mouse, gained fame recently when it was learned that he chirped like a bird, doted on birdseed and declined to eat cheese.

His warbles first rated an appearance on WOW-TV, an Omaha television station.

Offers now have come from Hollywood, officials of the Omaha television station said. They have been relayed to Midnight's owner, Mrs. Jess Rausch of Cherokee.

The station said the Hollywood home show had offered to give Midnight top billing on its program along with Spike Jones and his City Slickers and several other stars.

(AP Wirephoto)

## End of Washington Fox Hunt

A BEDRAGGLED FOX, a rope around its neck, was pulled from a pit surrounding the U.S. treasury building to end an impromptu downtown fox hunt in Washington Friday. The silver gray animal leaped into a pit after a brief chase in the White House area.

## 44 Missing in Canadian Crash; Search for Survivors in Yukon

EDMUND, ALTA (AP) — Forty-four persons are missing aboard a U.S. airforce transport plane unreported since it was last heard from Thursday over the wild, blizzard-swept Yukon country.

Only slim clues, including reports of flares sighted along the route, were available for a vast search being conducted by U.S. and Canadian planes.

## 'Widows' in Dispute Over Colonel's Body Flown from Germany

WASHINGTON (AP) — One Mrs. Babcock flew in from Germany Friday with the body of Col. William T. Babcock and another Mrs. Babcock met the plane at the Washington airport.

Both claimed to be the widow of the deputy American commissioner for Berlin who died there Monday of a heart attack.

Accompanying the body was an attractive brunette, apparently in her early 30's, who said she is the widow. She said she left her 3-year-old son in Berlin.

The other Mrs. Babcock, from New London, Conn., showed a reporter a hand-written letter signed "Dad." She said it was written last month by Col. Babcock to one of their two married daughters. The letter read in part:

"It is true that I am not divorced and not remarried."

Both "nots" were underlined.

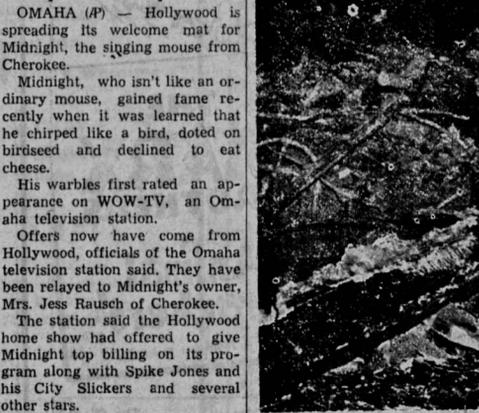

The letter said the writer might try for divorce when he returned to the United States, but was not sure.

"I am the real Mrs. Babcock," the New London resident said. "He has been married to me for nearly 34 years."

The colonel in 1946 sued Mary Magdalene Babcock for divorce in New London, but the decree was denied. Mrs. Babcock's attorney said he never received notice of any divorce action anywhere else.

At the airport the women kept about 100 feet apart.

## Fire Razes Farm Home Near Iowa City

(Daily Iowan Photo By Don Key)

LOOKING AT THE CHARRED FOUNDATIONS and ruins of the Ed Fuhrmeister's farm home is his daughter, Dorothy. An estimated \$18,000 loss resulted from the blaze which started about 5:45 p.m. Friday. The farm is located about four miles northeast of Iowa City, a fourth of a mile east of the Rabbit creek bridge.

## Truman Has 'No Idea' If U.S. to Get H-Bomb

### There's One in Every Class

BEAVER FALLS, PA. (AP) — A Geneva college professor couldn't help smiling when he came to the last sheet of an exam paper.

"Dear Prof," he read, "If you sell any of these answer to a comic magazine, I expect a 50-50 split."

## East Germany Restricts Greater Berlin Travel

BERLIN (UP) — The Russian-backed east German government restricted German travel within greater Berlin itself Friday night as the 10-day-old highway blockade began cutting into the city's food supplies.

The Communist-controlled east German ministry of interior said Germans will require a new permit to travel within greater Berlin. It said the new permits were "for technical reasons" of traffic control.

Similar Action — The Russians took similar action during their formal blockade of the city a year ago. East German police set up traffic checkpoints on all main streets crossing the border between the eastern and western sectors.

The new moves appeared to be an answer to the demand Thursday by the three western allied commandants that the Russians "immediately" lift their "baby blockade" that has disrupted Berlin's land lifeline to west Germany.

May Ask New Permits — Western observers speculated the Russians may demand that truck drivers travelling to Berlin from western Germany carry the new permits. Truck traffic already has been slowed to a snail's pace.

American officials said they would "have to wait and see" what would be the effect of the new east German demand. Western officials already had taken emergency measures to speed the flow of perishable foods into the city.

Two Children Flee \$18,000 Farm Home Blaze Near Here

Fire destroyed an \$18,000 seven-room farm home northeast of here Friday and burned up a bride-to-be's hope chest containing articles valued at \$200.

Two small children, Gary Lee and Linda Roberts, age 5 and 3, respectively, were alone in the house when flames broke out, but they escaped to the farm yard.

Dorothy Fuhrmeister, 20, said the articles in her hope chest were destroyed along with all household goods and about \$90 in cash. She said she would be married in Iowa City Feb. 8.

Ed Fuhrmeister, owner, said he didn't know how the fire started, but believed it originated in the dining room. He and his wife were in the barn milking when they were notified of the blaze by Dorothy, who had just returned from Iowa City.

Iowa City, Solon and West Branch firemen answered the call, and "had the blaze under control until the cistern ran dry, and power was cut off from the well pump," Fuhrmeister said.

Iowa City Fireman Ted Fay fractured his wrist while fighting the fire. He fell from a ladder when it slipped on the ice, Asst. Chief Harley McNabb said.

"The house had everything a house could have," Fuhrmeister said. "It was just repainted and furnished this fall," he explained.

The \$18,000 loss was covered partially by insurance.

Miss Fuhrmeister said the only things she didn't lose in the fire were the clothing she had on and her trousseau, which had been left at the home of a friend.

The Fuhrmeisters had lived on their 124-acre farm, about four miles northeast of here on the Solon road, since 1941. The two youngsters, Linda and Gary, were the Fuhrmeisters' grandchildren and had been visiting the farm.

## Refuses to Talk About Russians, Coal, Hiss Trial

WASHINGTON (AP) — President Truman said Friday at his press conference that he alone will decide whether this country will try to produce a hydrogen bomb, and that he has no idea when the decision will be made.

Nevertheless interest was mounting steadily in Washington, the nation and the world in the prospect that U.S. nuclear physicists would get a go-ahead to try for an explosive weapon hundreds or possibly a thousand times more violent in its action than the prototype atomic bomb.

There were strong indications that the matter may have come up for discussion earlier Friday at a closely guarded meeting of atomic authorities on Capitol Hill.

The meeting was a joint one of the atomic energy commission and the senate-house atomic committee.

No Successor Yet — David E. Lilienthal, who is due to leave the atomic commission chairmanship Feb. 15, conferred with President Truman before attending the capitol session. Mr. Truman told his news conference that Lilienthal's successor has not been chosen.

Truman later refused to talk about his attitude toward Alger Hiss, onetime government official convicted of falsely swearing that he gave no secrets to a Communist spy ring.

Replying sharply that he would not comment, Mr. Truman further told reporters at his news conference that some of their questions were not asked with good intent.

Republican Attack — In the background was a Republican attack on the Truman administration as being uncooperative in the Hiss case — and Republican demands that Secretary of State Dean Acheson be fired for saying he would not turn his back on Hiss, a friend who had served in the state department.

Nothing was said of these criticisms in the round of questions.

Mr. Truman also replied no comment when asked:

What this country will do about the Soviets' new "creeping blockade" of Berlin truck routes.

Whether he is preparing to act to settle the strike of John L. Lewis' coal miners.

The President said he considers Sen. Harry Byrd's (D-Va) charge that the White House is leading the country into socialism a funny one, sure enough.

## Eleanor at ISC ...

AMES (AP) — Mrs. Eleanor Roosevelt asserted Friday that "you just couldn't hold back scientific knowledge," in commenting on the controversy over construction of a hydrogen bomb.

The widow of the late President Roosevelt told a news conference on the Iowa State college campus that she thought it was "vastly important now to devote time and energy to peacetime use of this great force."

## Urey Wants U.S. To Make H-Bomb

NEW YORK (AP) — Dr. Harold C. Urey, one of the nation's top atomic scientists, urged Friday night that the United States develop the hydrogen super-bomb before the Russians do it first.

"We may already have lost the armaments race," he said.

Urey, who played a leading role in developing the atomic bomb, told a Roosevelt Day dinner audience he was unhappy to advocate a weapon that might be 1,000 times as powerful.

The H-bomb, he said, may endanger those who explode it as well as those who are its targets.

But he said possession of the super-bomb would make a nation so powerful that the bomb might never have to be used, and he added:

"I do not think we should intentionally lose the armaments race. To do this will be to lose our liberties. And, like Patrick Henry, I value my liberties more than I do my life."

# Little Hawks Down Dubuque In Valley Loop Game, 46-31

**Hawlets Run 10-0 Lead As Fenton Paces Attack**  
By LEE OLSON

City high maintained its grip on second place in the Mississippi Valley standings here Friday night by coasting past Dubuque, 46-31. Bill Fenton, scoring 14 points — 11 of them in the first half, led the Hawlets to their 10th win of the season.

Except for occasional flashes of good play, the game was slow and sluggish.

**Hawlets Score First**  
It appeared that Dubuque was in for a bad night as City high moved to a 10-0 lead.

The game was seven minutes old before the Rams forward, Gary Misher, scored from under the basket. At the end of the period City high sported a 12-2 lead. Fenton had accounted for seven of them.

The percentages began to catch up with Dubuque in the second period. Four buckets and a free throw gave the Rams nine points while the Hawlets were content

to coast along with 11. That set the score at 23-11 at halftime.

**Reserves See Action**  
As Coach Howard Moffitt moved in his reserves in the final quarter, the hapless Rams began

to find the range of the hoop for a few baskets.

The lead was too much for them to overcome and a final free throw by Gary Misher who was fouled as the game ended made the score, 46-31.

In the preliminary game, City high's sophomores lost an overtime game to Dubuque, 55-50.

With two minutes left in the regulation play, City high led, 45-39. At this point Jim Freeman, who scored 24 points during the evening, fouled out. A free throw in the closing seconds tied the score, 48-48.

In the over-time period Dubuque scored two baskets and three free throws while Iowa City had to settle for two free throws.

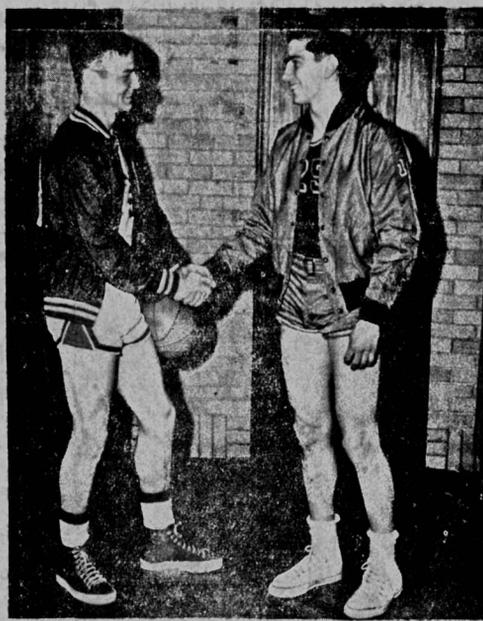

## Hawkeye Gymnasts In Bloomington for 3-Way Meet Today

A nine-man Iowa gymnastics squad left Friday for Bloomington, Ind., where they meet Ohio State and Indiana in a triangular meet today.

It will be the first time the Hawkeyes have participated in a triangular meet this season. In two previous dual meets Iowa lost to Nebraska, 54-42, and Minnesota, 63-1-2-32-1-2.

The Iowa squad is led by Clair Jennett, who is entered in all six events. He has scored 26 1-2 points in the two previous meets — 14 against Nebraska and 12-1-2 against Minnesota.

The Hawkeyes top strength is in the trampoline event. Last week against Minnesota, Bill Harris and Jennett took first and second places in the event.

(Daily Iowan Photo) CITY HIGH'S CAPTAIN BILL HAY (left) wishes Dale Siefker, Dubuque captain, good luck before the game at City high gym Friday night. Dubuque's luck didn't turn out very well, however, as the Little Hawks coasted to their 10th win of the season, 46-31.

## St. Joe's Clips Ramblers, 47-30

(Special to The Daily Iowan) FT. MADISON — St. Mary's of Iowa City fell victim of a spirited St. Joseph's basketball team here Friday night, 47-30.

It wasn't the fire and speed of the Ft. Madison team alone which told the story, however. The Ramblers failed to score throughout the second period.

Iowa City jumped to an early lead and led at the end of the first quarter, 11-7. But while the Ramblers went scoreless St. Joseph's picked up nine points to gain a five-point halftime margin, 16-11.

In the third quarter St. Mary's found the range again for 10 points to keep within seven points of the home club, 28-21, but again fell behind in the final period.

Guard Bob Pakitakos of Ft. Madison was the game's leading scorer with 14 points on four field goals and six free tosses. Bud Lenz collected seven points for the Ramblers.

## Buckeyes Risk Big Ten Lead At Minneapolis

CHICAGO (UP) — Minnesota and Ohio State will risk their chances for the Big Ten basketball title tonight before the biggest crowd ever to see a cage game on a college campus.

Minnesota's recently enlarged Williams arena was completed this week with installation of seats for a crowd of approximately 18,500 and a packed house was anticipated for the scrum between the Big Ten leaders and the home team, tied for fourth in the conference race.

**Badgers Could Climb**  
Minnesota, with a two - two record, needs to win to retain much chance for the championship while a second defeat for the Buckeyes would hand idle Wisconsin first place in the conference chase.

Statistically, the game appeared nearly even with Minnesota holding the home court advantage while the Buckeyes have a slight edge in the figures. But it will be one of the few contests of the season in which neither team boasts at least one man topping the rest of the field in height.

For the Buckeyes, Dick Schnitter, the league's scoring leader with an average of 22 points per game, will be the tallest at 6-feet, 5-inches, a half inch higher than Minnesota's Center Maynard Johnson. The average height for the probable starting lineups will be 6-2 for Ohio State and 6-1 for Minnesota.

In conference play this season, Ohio State has averaged 67.2 points per game while its opponents have counted 58.2. Minnesota, placing more emphasis on defense, has hit for 58.5 points per game and its opponents 51.8.

**Scoring Average Even**  
The scoring average of the probable starting lineups on both teams was less than a point apart, with the top Buckeye five netting 11.1 points per game per man compared to 10.6 for the Gophers.

The home floor edge, though, so valuable that only three teams have won league games away from home in 21 matches this year, should pull the Gophers at least even in the pre-game odds.

The Buckeye - Minnesota scrap was the only conference contest of the night. Marquette plays at Purdue in a non - conference go, with the Boilermakers favored to chalk up their sixth victory of the season. Northwestern meets Notre Dame in the Chicago stadium for the second time this campaign, hoping to repeat the 66-56 win which the Wildcats attained in the first clash.

## Wrestlers Get Chance To Snap Illinois Jinx

After 18 consecutive losses to Illinois a dual meet victory by the Iowa wrestling team over the Illini would almost make the entire season a success.

The Hawkeyes have been unable to gain a single victory during the period from 1922 to 1949.

The 1950 mat team will try for a win Feb. 4 when it meets Illinois in the fieldhouse. Coach Mike Howard believes this contest might develop into one of the best dual meets in years.

A look at the record will show why a triumph over the potent Illini would be highly prized.

Seven of the 18 defeats were by a total margin of 12 points with the heavyweight bout deciding half of the affairs. Perhaps most important is the fact that seven of the defeats represented the only loss of the season — without which Iowa would have had perfect dual meet records.

The Hawkeyes hold a series lead on six of their opponents but all other losses to conference teams still far two short of equaling the defeats by Illinois.

The matmen boast a 12 - 0 mark over Northwestern, a 17 - 5 margin over Wisconsin and a 14 - 10 record with Minnesota. The over-all record is 50 wins and 31 losses.

This season Iowa has defeated Wisconsin and Wheaton, each victory depending upon the outcome of the heavyweight bout.

By Alan Moyer

## How About an 'All Home' Schedule?

A lot has been said and a lot more will be said about the habit Big Ten basketball teams have of winning on the home court and losing when away from the home atmosphere — and basket.

Tippy Dye, the Ohio State coach, suggested to us that all Western conference teams play only home games. The inevitable question that comes to mind was the one no one in the group could answer, unless there could be a nine-way co-championship declared, with all contestants sporting a zero-zero record!

Seriously, outside of the necessary conference road games it is interesting to think of what kind of records the clubs would compile if schedules were arranged so that 75 percent or more of the games were played at home. It casts some light on how teams in the country come up with amazing records, and consequently a lofty position on the weekly poll taken by The Associated Press.

Take Long Island university, for example. The Blackbirds, admittedly one of the better ball clubs in the nation, play a 24 game schedule this year, 23 of them listed as home games. The lone road game is against Springfield college, a school well known for its physical education program, but somewhat obscure as a basketball power.

One of the reasons for the home schedule is that the Blackbirds play most of their games at Madison Square Garden in New York. They play there so often it is called the home court. And by the results of the games, it's a pretty "good" home court.

Naturally it's an endless argument to say which section of the country or which kind of schedule produces the top caliber basketball but it's our opinion that Big Ten teams would rank higher nationally if they played a top-heavy home schedule, with more of the non-conference teams interspersed into the conference schedule as a breather to the demands of the tough league schedule.

Here is the L.I.U. schedule: Virginia Tech, Texas A & M, Puerto Rico, Kansas State, Oklahoma A & M, Denver, Southern California, Ithaca, San Francisco U; Western Kentucky, Muhlenberg, Bowling Green, St. Louis U, North Carolina State, Fort Monmouth, Lawrence Tech, Equitable Life, Springfield, Quantico Marines, Duquesne, Cincinnati, Hartwick, John Marshall and Hamline.

**Hawkeye Notes** — Some fellows keep growing even after getting to college. Not Chuck Darling: "I was 6-feet, 8-inches tall when I was a sophomore in high school and I'm still 6-8." ... The new office being built on the ground floor of the fieldhouse will belong to Dave Armbruster, PE director and swimming coach. ... Joe Scarpello's high school wrestling coach came from Omaha to watch his former pupil in action. ... a group of Omaha U. wrestlers also saw Joe and his mates defeat Wheaton here. ... Skip Greene has hit 21 of 25 free throws this season, the best mark on the team.

## Cardinal Choices Down to 5; Dr. Eddie 'Not One of Them'

CHICAGO (UP) — President Ray Bennigen of the Chicago Cardinals interviewed the first of five prospective coaches for the team Friday, but there was no hint to the identity of the possible choices.

It was learned that Dr. Eddie Anderson of Iowa, who had been rumored as a possible choice for both Holy Cross and the Cardinals, definitely would not take the Cardinal job.

"I'm not interested," Anderson said. "I haven't been approached about it, and I'm certainly not one of the five under consideration."

**Maybe Shaughnessy?**  
Although Bennigen denied that Clark Shaughnessy, coach of the Los Angeles Rams, was one of the men under consideration, there was still general speculation that he was the leading candidate.

A Cardinal spokesman said that Bennigen had no appointment to see Shaughnessy and that the two men had not had negotiations.

However, some circles pointed out that the Cardinals could not contact Shaughnessy without violating the league rule against tampering. They maintained that the Rams' coach, whose team won the National league western division championship last season, wanted the Cardinal job.

**No Details**  
Bennigen refused to reveal any details of Friday's interview, including where or when it occurred. Likewise he was unwilling to give any clue as to the identity of the first conferee.

Bennigen said that "every coach in the country" was being considered for the Cardinal job, although "five men are the top choices."

"I'm going to interview all five of them," he said, "and I can't possibly finish these until Monday. Some of the interviews will be outside Chicago. But you can say positively that we'll have a new coach next week."

**Branca Signs**  
NEW YORK (UP) — Pitcher Ralph Branca signed a 1950 Brooklyn Dodger contract Friday which guarantees him \$15,000 and could net him \$20,000 through bonuses.

DETROIT (UP) — Art Houtteman, the Detroit Tigers' big righthanded pitcher, quickly spiked hold-out rumors Friday by signing his 1950 contract for a reported salary hike of \$5,000 to an estimated \$17,000.

# Schedule 10 Speakers For Religious Week

"Fiction, Fact and Faith" will be the central theme of "Religion in Life" week, at SUI from Feb. 19 through 26. The religious emphasis week will be opened by a World Student day of prayer. Ten religious leaders from different sections of the country have accepted invitations to speak or attend seminars during this week.

As in the past, the various student religious organizations will sponsor the speakers. Prof. George F. Schell, school of philosophy, Gustavus Adolphus college, St. Peter, Minn., will be sponsored by the Lutheran Student association.

The Nazarene Young People's society has invited Lauriston J. Dufresne, executive secretary of the Nazarene Young People's society, Kansas City, Mo., to attend.

On the invitation of the Wesleyan Student center, Prof. Henry E. Kolbe, school of philosophy, DePaul University, Greencastle, Ind., will come to the campus.

Miss Elizabeth Turner, executive secretary in the east central area for the board of foreign missions of the Presbyterian church in the United States, Chicago, Ill., will come to the campus on the request of the Westminster fellowship.

Prof. Paul Bretscher, school of philosophy, Concordia seminary, St. Louis, Mo., will be here sponsored by Delta Gamma, social sorority. The Rev. Henry Robbins, pastor of St. Johns Episcopal church, Shenandoah, will be sponsored by the Episcopal church of Iowa City.

The University YMCA will sponsor Prof. W. Burnet Easton, school of religion, Lawrence college, Appleton, Wis., and George Blosser, executive secretary for the Fellowship of Reconciliation, labor and industrial division, New York.

The Rev. Irvin Lunger, pastor of the Disciples of Christ church, the University of Chicago, will attend under the sponsorship of the Christian Student center.

Prof. William Grobe, head of the department of philosophy and Bible, Buena Vista college, Storm Lake, has accepted the invitation of the Inter-Varsity Christian Fellowship group.

Prof. James Jordan, head of University Information service, newly-elected chamber president, Roy Ewers, and retiring president, Roland Smith, will address the members.

Other speakers will be Irving Weber, chairman of the chamber's committee for community advertising; Hugh A. Dunlap, chairman of the agriculture committee, and Dan Dutcher, chairman of the committee for community parking.

## 32 Cases of Measles Reported This Year

Eleven cases of measles were reported Friday in Iowa City, according to records in the office of City Clerk George J. Dohrer.

Since the first of the year there have been 32 measles cases, 27 of which were reported this week.

Other cases of communicable diseases reported since Jan. 1, include two of chicken pox and two of mumps.

## Prof. Mapes to Install Language Fraternity

Prof. E.K. Mapes of the SUI romance language department will install the Beta Omega chapter of Sigma Delta Pi, national Spanish fraternity, Feb. 4 at Washington university, St. Louis, Mo.

Mapes is national vice-president of the fraternity. Initiation of a chapter of Sigma Delta Pi on the SUI campus is being planned for next semester, he said.

## Philharmonic Organist To Play Here Feb. 12

Edouard Nies-Berger, official organist of the New York Philharmonic-Symphony orchestra will give a concert at the Methodist church Feb. 12, the Rev. Robert Sankts said Friday.

Nies-Berger is making a tour of the midwest. His concert in Iowa City will be sponsored by the Wesley foundation.

## Engineering Group Picks New Officers

Warren K. Rogers Jr., E4, Mt. Pleasant, has been elected president of the Associated Students of Engineering for the spring semester, succeeding Duncan Putnam, E4, Waterville, Me.

Other officers elected are Harold Price, E4, Muscatine, vice-president, and Kurt Hauer, E4, Bettendorf, treasurer, Putnam said.

# Stadium Park Kids Join in Birthday Fun

Kathy had a birthday party last Saturday, the first of 1950 for the younger set of SUI's Stadium Park.

Kathy is the three-year-old daughter of Mr. and Mrs. Danny Sullivan, 204 Stadium Park, and her party, where she played hostess to the children of that housing unit, set the pace for many more to be held there later in the year.

Sullivan, 44, Oelwein, and his wife opened the doors of their attractive little home to welcome Kathy's young guests who were accompanied by their mothers.

These SUI "book widows" make all the arrangements for the parties which are held every time one of the Park's children marks another year.

The parties take on a carnival atmosphere with balloons and individual cups of candy for each guest. Toys and other presents, some of them larger than their owners, fill the rooms and offer constant obstacles to parents trying to move about.

Kathy had no trouble handling the three candles on her cake and her hungry guests found even less difficulty in handling the cake itself. Food was plentiful and the main problem was placement, for they seemed to be getting about as much cake on themselves as in their mouths.

About 15 children are usually present at the parties and the games they play are all their own. The only factor parents can rely on to end the parties is the youngsters' necessity for sleep.

One by one they begin drooping off, tired, but contented over the party. Kathy just couldn't get to sleep — she had too many new toys to examine.

READY TO START "OPERATION CAKE" at the recent birthday party of Kathy Sullivan are these eight youngsters, all children of SUI Stadium Park couples. Kathy is the daughter of Mr. and Mrs. Danny Sullivan and her guests are attending the first of these parties of 1950 where food, entertainment and presents are provided by the parents. The unconcerned little girl behind the table is Kathy while the anxious-eyed fellow on her left seems only occupied with establishing a beachhead on that cake.

# Stadium Park Younger Set Poised for Action

# Icy Roads Boost Accident Toll

Icy roads were listed as the cause of five of seven automobile accidents Friday causing an estimated \$1,324 damage, police said.

A three-car accident on Newton road involving cars driven by Dr. R. C. Carney, route 1, Arthur W. Horst, M2, Iowa City, and Robert R. Couper, Grinnell, caused an estimated \$430 damage.

A collision between a car driven by Mrs. Charles Curran, 701 E. Davenport street, and a Tall Corn Motor express truck, driven by David A. Scott, Des Moines, at the intersection of Burlington street and highway 6, caused \$230 damage.

A collision at the intersection of South Dubuque and Benton streets between cars driven by James H. Quinn, 222 1-2 Fairchild street, and Wilma I. Tharp, route 5, caused \$235 damage.

Cars driven by William P. Burch, M1, Dallas, and Paul Wagner, 315 E. Davenport street, collided at the intersection of Gilbert and Bloomington streets and caused \$104 damage.

Albert P. Bogs, 200 First street, was driving a university truck which collided with a Whitebrook grocery truck on Riverside drive, causing "at least \$50 damage."

A second three-car accident occurred on Iowa avenue and involved cars driven by D. Matt Kruehko, G, Iowa City, Nancy Penningroth, A2, route 6, and David Mayer, L3, Iowa City. Damage was estimated at \$130.

Automobiles driven by Russel James Puschinsky, route 1, Solon, and Richard K. Ratchford, 623 Burlington street, collided at the intersection of Linn and Fairchild streets, causing \$145 damage.

# Patients to Present Portrait to Doctor in Ceremony Here

A group of former patients will honor Dr. John H. Randall, professor of obstetrics and gynecology in the SUI college of medicine, at 4 p.m. Saturday by presenting him an oil portrait of himself.

Presentation will be by R.S. Grossman of Marshalltown, a former patient of Dr. Randall. The unveiling is scheduled for the river room of the Iowa Union.

The portrait is a three-quarter-length likeness of Randall, posing in a surgical gown. It shows the University hospitals tower in the distance, a symbol of his 20 years of service at University hospitals.

Richard A. Chase, Chicago artist who painted the portrait last fall, will be present at the ceremony. Friends, patients and former patients throughout Iowa have been invited.

An informal reception will follow the presentation.

Randall joined the SUI hospital staff in 1930. He received his degree in medicine from SUI in 1928.

# UNESCO Report Lists 5,096 Grants For Foreign Study

The United States with 5,096 grants is credited with the most awards for foreign study in a report released by the United Nations Educational, Scientific and Cultural organization.

The report, second in an annual series, lists 21,751 opportunities for study abroad offered by 76 nations and territories.

Distribution of the report, entitled "Study Abroad" is being made through leading universities and colleges in the United States and through the Columbia University Press, New York.

The data does not include individually financed study trips such as the one offered by Prof. Edouard Bourbousson, Oregon State college.

Bourbousson's tour is scheduled for July and August through France, Belgium, Luxembourg, Switzerland and Italy at a cost of \$1,400 a person.

Information on the tour can be procured by writing Bourbousson, Oregon State college, Corvallis, Ore.

# Mercy Killer Called Insane By Her Doctor

BRIDGEPORT, CONN. (AP) — Carol Ann Paught's physician, contending that "a mind can become diseased in a few moments," asserted Friday that she was insane when she killed her cancer-riddled father.

The state jumped on that testimony, given at the 21-year-old girl's mercy slaying trial by Dr. William Smith, with a stiff, three-hour examination of the physician.

But he quietly insisted at the start of his testimony as the first defense witness and again in the closing minutes of Friday's session that "she was not sane" when she shot police Sgt. Carl Paught, 52, to death last Sept. 23.

Dr. Smith, who discovered an inoperable cancer in Paught, said he could not tell exactly when insanity struck Carol Ann.

He said too, under cross-examination, that many of Carol Ann's acts just after he had told her that her father could not live were logical.

She was so hysterical before and after the shooting, however, he testified, that he called in a psychiatrist to determine whether she should be sent to a private sanitarium for psychiatric treatment.

"Hysteria, insisted Dr. Smith, is 'a disease of the mind.'"

With Dr. Smith, the defense began its attack on the testimony of several state's witnesses who had pictured Carol Ann as calm and in apparent possession of her faculties after the tragedy.

Dr. Smith was still on the stand when court adjourned until next Tuesday.

# Army Needs Women Recreation Directors For Overseas Posts

The United States army needs women for professional recreation personnel to serve in overseas commands, Miss Frances M. Camp, director of the Educational Placement office, said Friday.

There are openings in Japan and Okinawa, as well as in other countries, she said.

To qualify for the position of program director and assistant club director, women must be between the ages of 28 and 40 and graduates of accredited colleges or universities, she said.

A minimum of four years paid experience in educational recreation is required, of which one year must have been spent as a recreational director in an army or air force service club.

Women interested in recreation programs and the operation of service clubs are urged to call Miss Camp at the Placement office, C-103 East hall, extension 2041.

# WSUI Polio Drive Nets \$1,761

WSUI's March of Dimes had taken in \$1,761.91 up to Friday afternoon, according to Promotion Director Roger Hippesley, A2, Cleveland Heights, Ohio.

Of this amount, \$645.21 was pledged on the WSUI March of Dimes Party program broadcast Thursday.

Nearly 200 calls for donation pledges were taken by the telephone operators on duty while the program was on the air. The pledges ranged from 25 cents to \$50.

From 10:15 till midnight, Bill Meardon and his orchestra dedicated songs to the donors' requests. After midnight, recordings were played. Besides Meardon, WSUI staff members, faculty and businessmen took part.

Hippesley estimated that over 100 songs were played, and several comedy skits were sold for pledged donations of \$1 to \$25.

The party started with speeches by Mayor Preston Koser, Mrs. J.K. Schaaf, chairman of the Johnson County March of Dimes fund, and a transcribed speech by Pres. Virgil M. Hancher.

In addition to songs and music by regular WSUI performers, Ed Adamson, director of the Scottish Highlanders, played the bagpipes; Prof. P.G. Clapp, director of the SUI symphony, the piano; and Dr. Eddie Anderson, SUI football coach, was interviewed by WSUI Sports Director Hal Hart.

All time and talent were donated free to the program, Hippesley said. The program may be repeated next year, he added.

# Dentistry Professor To Attend Meeting

Prof. R.V. Smith of the college of dentistry will attend a meeting of the Council on Dental Education of the American Dental Association in Chicago Feb. 1.

Smith, chairman of the committee on aptitude testing of the American Association of Dental Schools recently was appointed a permanent member of the council. He said the purpose of the meeting is to set up a nationwide testing program for prospective dental students.

The SUI college of dentistry is a leader in dental aptitude testing, Smith said. He said his testing committee was inspired by the SUI testing program.

Smith will stay in Chicago for a meeting of the American Denture Prothetists, to be held there Feb. 4 and 5.

# Longfellow School Gets New Teacher

Mildred Allemann, a graduate of Wayne State Teachers' college, Wayne, Neb., will teach 5A at Longfellow school, starting Monday.

She will replace Mrs. Charles Lazenby, 238 Hawkeye Village, Principal Donald Seavy said.

Mrs. Richard Theigs, who has been teaching grade 6A at Junior high school, will be transferred to Longfellow school to teach grade 6B the second semester, Seavy said.

# Historical Publication Alters Cover Format

The Palimpsest, monthly publication of the State Historical Society of Iowa, is wearing a "new look" this month, Supt. William Petersen said Friday.

Its cover, formerly of antique design, is now glossy white with scarlet printing and blue-toned illustrations. Pictures are carried on both back and front covers.

The new cover was used experimentally in 1948 in special Hoover, Lincoln and Freedom Train numbers.

An explanation of the title, "Palimpsest" will be found inside the front cover each month, Petersen said.

It means "a parchment from which one or more writings have been erased to give room for later records," but which contains traces of the writings to be deciphered by historians.

About 18,500 copies of the Palimpsest are published monthly, Petersen said.

The January number is entitled "The Early Theater in Davenport," with sections on drama on the Iowa frontier, the American and German theaters.

# Asks June Graduates To Use Job Service

Students graduating in June who want jobs should contact SUI's bureau of business and industrial placement, room 111 University hall, as soon as possible.

Director Helen Barnes said Friday a number of February graduates delayed registering with her office until January and thereby missed many job opportunities.

Registrants must be interviewed by Miss Barnes on a first-come first-serve basis before jobs can be opened to them. Students putting off registration until just before graduation cannot get the full benefit of the job season.

Miss Barnes said interviews already were scheduled for the early part of February with three well-known eastern companies.

The number of job opportunities routed through her office has doubled last year's figure, Miss Barnes said. She urged, however, that June graduates take full advantage of these opportunities by checking with her office at an early date.

# Tschaikowsky Hex Takes Third Victim

STOCKHOLM (AP) — When a British conductor warned a Swedish colleague there was some sort of hex on Tschaikowsky's sixth symphony, the Swedish conductor laughed it off.

Gaze Cooper, conductor of the Nottingham symphony, had told Johannes Norrby, director of the Stockholm orchestra, he didn't want to play the moody Pathétique any more. Each of the last two times he played it, a member of his orchestra died, Cooper told Norrby.

Norrby went ahead and included on his program Thursday the symphony which the brooding Peter Ilyitch wrote just before his death.

Last night, Ludvig Dvewski, his clarinetist, fell dead.

# Programs Planned For History Week

Young Progressives of SUI will celebrate Negro history week (Feb. 12 through 18) with a series of three programs, Janet Esser, A3, Brooklyn, N.Y., said Friday.

Miss Esser, present chairman of the organization, said that plans for the programs were not yet complete.

The first program, a series of film shorts, will be presented Feb. 6.

Feb. 7, the organization will sponsor a panel talk in which contributions made by Negroes to the fields of science, art, music and literature will be discussed.

The final program on Feb. 8, will feature Negro and white musicians playing jazz, blues, spirituals and folk songs.

# Educator Plans Visiting Iowa City High Schools

Mrs. L.J. Hall, assistant to the director of admissions at Rockford college, Rockford, Ill., will visit Iowa City high schools Monday to advise girls about college work.

Mrs. Hall holds a degree in history from SUI and has held her present post at Rockford college since 1945. She attended Grinnell college for two years before enrolling at SUI in 1921.

# NOTICE OF FILING OF PLAT AND SCHEDULE

Notice is hereby given that there is now on file for public inspection in the office of the City Clerk, a plat and schedule marked "No. 1-1" of the following named streets and parts of streets, and alleys, to-wit:

Both sides of Washington Street from Capitol Street to Linn Street.  
Both sides of College Street from Clinton Street to Linn Street.  
Both sides of Clinton Street from Iowa Avenue to College Street.  
Both sides of Dubuque Street from low Avenue to Burlington Street.  
Alleys in Blocks 64, 65, 80, 81, 82, and 84, Original Town all in Iowa City, Iowa, whereon street lighting improvements constructed under a contract with Helme Electric Company Inc., dated the 30th day of September, 1949, have been completed.

Said plat and schedule shows the separate lots or parcels of ground or specified portion thereof, subject to assessment for such street lighting improvements, the names of the owners as far as practicable, and the amount to be assessed against each lot or parcel of ground and against any railway or street railway.

Notice is further given that within twenty days after the first publication of this notice all objections to said plat and schedule or to prior proceedings on account of errors, irregularities or inequalities, must be made in writing and filed with the City Clerk; and the City Council after the expiration of said twenty days at the first regular meeting held thereafter or at a special meeting called for that purpose, having heard and considered and made the necessary corrections, will then make the special assessment as shown in said plat and schedule as corrected and approved.

Dated this 24th day of January, 1950.  
City Clerk of Iowa City, Iowa  
Geo. J. Dohrer.
