Graduation Ceremonies To Begin at 1:45 Today

Commencement exercises for more than 700 SUI seniors and graduate students will be held in the fieldhouse beginning at 1:45 p.m. today.

President Virgil M. Hancher will deliver the traditional charge to the graduating students. Prof. Robert S. Michaelson of the school of religion will serve as chaplain with William D. Coder, director of veterans service, as master of ceremonies.

Seats will be available for all who wish to attend the mid-year commencement ceremony, Prof. F.G. Higbee, director of convocations, said Friday.

The university band, under the direction of Prof. Charles B. Righter, will play a short prologue to the ceremony while guests are gathering. The band also will play several selections during the program.

After the exercises, graduates will report to campus stores to turn in caps and gowns and receive instructions for getting their diplomas.

Commencement exercises will be broadcast over station WSUI by Prof. Harrison J. Thornton of the history department. (See graduate list on page 3.)

Second Semester Registration Begins Monday in Fieldhouse

Registration for about 8,000 SUI students will be Monday and Tuesday, 8 a.m. to 5 p.m., in the north gymnasium of the SUI fieldhouse.

Assistant Registrar J. Harvey Crox said Friday all students in liberal arts, commerce, education, nursing and the graduate college will be admitted to the fieldhouse in alphabetical order on presentation of permit to register cards.

The alphabetical schedule, by first initials of last names, follows:

Monday: 8 a.m., M-McCl; 8:30 a.m., McM-Miller; 9 a.m., Milm-Nab; 9:30 a.m., Nac-Os; 10 a.m., Ot-Pie; 10:30 a.m., Pif-Reis; 11 a.m., Reit-Ros; 11:30 p.m., Rot-Sch; 12 noon, Sci-Smik; 12:30 p.m., Sml-Step; 1 p.m., Steq-Th; 1:30 p.m., Ti-Vand

2 p.m., Vane-Well; 2:30 p.m., Welm-Wolb; 3 p.m., Wolc-Adam; 3:30 p.m., Adan-Bak, 4 p.m. Bal-Bell.

Tuesday: 8 a.m., Belm - Bore; 8:30 a.m., Borf-Bull; 9 a.m., Bulm-Cha; 9:30 a.m., Chb-Cou; 10 a.m., Cov-Der; 10:30 a.m., Dew-Eb; 11 a.m., Ec-Fish; 11:30 a.m., Fisi-Get; 12 m., Geu-Grob; 12:30 p.m., Groc-Has.

1 p.m., Hat-Hot; 1:30 p.m., Hoh-Iz; 2 p.m., Ja-Kar; 2:30, Kas-Koh; 3 p.m., Koi-Led; 3:30 p.m., Lee-Lit; 4 p.m., Lit-Lz.

The alphabetical schedule is rotated so that all students have an opportunity to register early once in each of four registrations. Students unable to register at the scheduled time may register at any later time, Crox said.

Stroke Hospitalizes Oxford Farmer Held For Poison Attempt

Anton Tomash, who has admitted attempts to poison his wife, was reported in serious condition at University hospitals after suffering a stroke early Friday.

Tomash, 65-year-old Oxford township farmer accused by his wife of attempting to poison her, suffered the stroke about 3:30 a.m. Friday in his cell at the Johnson county jail. He was taken immediately to University hospitals, according to Sheriff Albert J. (Pat) Murphy.

Murphy said Tomash signed a confession about 4 p.m. Thursday, stating that he put a "pinch" of strychnine in a dish of peaches for his wife early the morning of Jan. 19 at the Tomash farm about three miles north of Oxford.

The elderly farmer also admitted putting more strychnine in his wife's food early on the morning of Jan. 23, and again on Feb. 1.

SUI Dean Emeritus Wilbur J. Teeters, state toxicologist, later examined a cup that had been used by Mrs. Tomash, and reported it contained "enough strychnine to kill several persons," according to County Atty. Jack C. White.

Charges were filed Wednesday against Tomash by his wife. He had been scheduled for arraignment on the charges Friday.

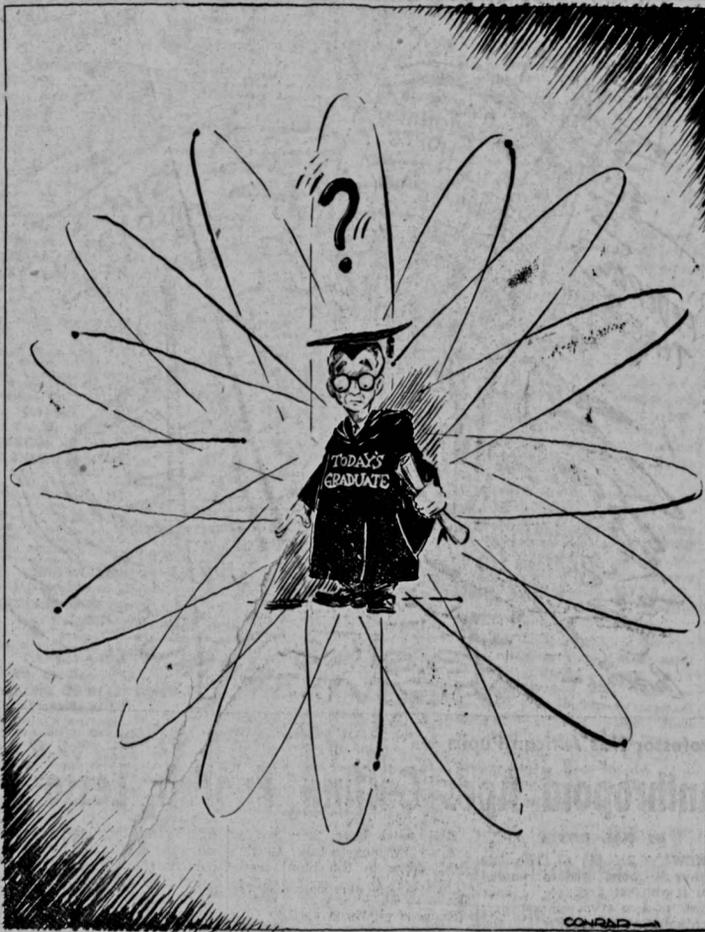

Justice of the Peace C.J. Hutchinson, in whose court the arraignment was scheduled, said Friday further proceedings in the case would be postponed indefinitely.

Floods Threaten Lower Mississippi

CHICAGO (AP) — More than 34,000 persons were homeless in blood basins of the Ohio valley and Arkansas Friday, and a new flood basin of the Ohio valley Mississippi river.

The Ohio river and its tributaries began falling after driving more than 12,000 persons from their homes in Ohio, Kentucky and West Virginia.

Engineers said they were ready to open the Bonnet-Carre spillway 18 miles north of New Orleans if the Mississippi rose another 9.6 inches. It already has foamed to 19.2 feet at New Orleans, where the danger mark is 20 feet.

Dilemma

CARTOONIST PAUL CONRAD, who has been doodling on the editorial page of The Daily Iowan since last June, will be among the 714 persons graduating this afternoon. Conrad claims that the confusion written all over the face of the graduate in this, his last cartoon, is the real thing. "They say it's cruel out in the world," Conrad commented. (See list of graduates on page 3.)

Judge Orders New Trial for Anderson

Oscar Anderson, convicted with assault with intent to murder, was granted a new trial by Judge H. D. Evans Friday.

A verdict of guilty delivered Jan. 19 was ordered vacated because during deliberations jurors had access to a copy of the Iowa City Press Citizen, containing a report of matters not in the court record.

The judge said he was undecided whether the paper had influenced the decision, but that under law, if there is doubt, the decision must be in favor of the defendant.

Anderson had pleaded insanity to the charge of shooting Clifford Kelly in the Strand cafe April 22, 1948.

All jurors but Joseph J. Langenberg testified Wednesday that the paper did not affect their decisions. Langenberg said he did not know whether it influenced his decision.

In his ruling, Judge Evans said it was impossible to determine whether the paper had affected the other jurors' decisions also.

The whole controversy arose when Anderson's attorney, William H. Bartley, moved for a new trial, charging the jurors read the newspaper while in the jury room.

Judge Evans said that there was no question that the paper was in the jury room after the jurors returned from supper the night of their decision.

Following is part of Langenberg's testimony to questions by Judge Evans:

Question: "After you changed your vote and voted for the greater crime — that is, assault with intent to commit murder — did that paper that you read that was in the jury room induce you to do that?"

Answer: "That's hard to answer, Your Honor."

Question: "Well, you know, don't you?"

Answer: "Not exactly, I don't. I read it, and there was a part in there that I read — I wouldn't say that it did, sir; I wouldn't say that it didn't."

Hackett Takes Over Rhythm Rambles Spot

James Hackett, A4, Calmar, today takes over the disc jockey job on the WSUI Rhythm Rambles show from Milo Hamilton, A4, Fairfield.

Hackett was host on the Tea Time Melodies broadcast over WSUI during the past semester. He also did the 8:15 a.m. newscast and took part in dramatic shows.

Nystrom Volunteers To Enter Hospital

De Wayne Nystrom, Boone, SUI student being held in the county jail on default of bond on a bad check charge, was taken to Psychopathic hospital at 1:30 p.m. Friday by Sheriff Albert J. (Pat) Murphy.

Nystrom voluntarily entered the psychopathic hospital on the recommendation Thursday of Police Judge Emil Troit.

The recommendation was made at a private hearing when the judge ordered the case for arraignment continued.

The case was continued on condition that Nystrom voluntarily enter a psychopathic hospital for treatment if necessary, and that the hospital make a report to the court.

After the hearing Nystrom was returned to the county jail under \$2,500 bail, but was released without bail Friday when he entered the hospital.

Nystrom was arrested Tuesday on the charge of "uttering a false check," but a hearing was postponed to await arrival of the youth's father from Boone.

Clifford Nystrom, a member of the Iowa house of representatives, attended the hearing Thursday and told Police Chief E. J. Ruppert "restitution for all checks would be made."

U.S. Rejects Russ War Trial Demand

WASHINGTON (AP) — Russia's belated demand for trial of Emperor Hirohito as a war criminal was virtually rejected Friday by the United States in a sharply worded statement.

An official state department note turning down the formal Russian request is expected to go to Moscow within a few days.

"That the Soviet government did not elect to do so but made these belated charges in a sensationalized manner raises obvious questions about the real motive behind the Soviet note," Press Officer Michael McDermott of the state department told a news conference.

British Scientist Jailed For Atom Bomb Leaks

It Happens to Battleships, Too

TOWNER, N.D. (AP) — Readers of the weekly newspaper here chuckled Friday over the headline: "Mouse Catches Cat." It was prompted by a story about a caterpillar tractor that broke through the ice and remained stuck in the Mouse river for several days.

Truman Asks Slash In 1950 Excise Taxes

WASHINGTON (AP) — President Truman Friday asked congress to tax television sets 10 per cent, cut other sales taxes and increase top corporation income levies in a great overhaul of revenue laws figured to raise treasury income \$1-billion a year.

Secretary of the Treasury John Snyder bumped into strong demands on Capitol hill that heavier slashes be made in the sales and other federal excise taxes.

Snyder said the revenue loss at this time must be limited and should be aimed at the "most harmful" excises. He asked for an increase from 38 to 42 percent in the upper level levy on corporation income.

Here is what Snyder suggested be done about the excises:

1. Cut taxes on retail sales of furs, luggage, jewelry and toilet preparations from 20 to 10 percent. The tax would be removed entirely from baby oils, powders and lotions. Estimated reductions: \$190-million a year.

2. Long distance telephone and telegraph taxes cut from 25 to 15 percent. Estimated reduction: \$120-million.

3. Cut from 15 to 10 percent the tax on railroad, bus, airplane and other transportation. Saving: \$75-million.

4. Repeat the 3 percent tax on freight charge, figured to knock off \$310-million.

5. Tax television sets 10 percent in line with present excise taxes on radios, to bring in \$40-million.

This would leave untouched a number of excise taxes sharply increased during the war, including theater tickets.

Navy Investigation Nets 'Big Mo' Logs

NORFOLK (AP) — A naval court of inquiry Friday produced three hand-written log books which are expected to show why the battleship Missouri went aground in Hampton Roads Jan. 17 and who put her there.

They were not made public immediately, but Lt. Cmdr. Malcolm J. Bradbury, court prosecutor, indicated he will read them Monday. If so, it would be the first official evidence to show how the huge ship became trapped on a sandbar.

The logs were submitted to the court by George E. Peckham, the first witness called in the inquiry.

Top Physicist Arrest Follows FBI Spy Probe

LONDON (AP) — The British government's top atomic scientist was jailed Friday on charges of giving away official secrets, and the case exploded like a psychological bomb in London and Washington. The case broke in connection with FBI investigations of atomic spying by Soviet Russia.

Klaus Fuchs, 38, was charged in a preliminary hearing on two counts of giving away atomic research information which "might be directly or indirectly useful to an enemy." The charge said he did this once in the United States in 1945 and again in 1947 at an unspecified place — Washington officials said it was in England.

While Britain dropped official secrecy over the case, the U.S. congress summoned Lt. Gen. Leslie R. Groves, wartime head of the U.S. atom bomb project, to testify about it today.

Amazement, Agitation There was amazement and agitation in both the American and British capitals. In Washington the Federal Bureau of Investigation said Fuchs, chief theoretical physicist at Britain's Harwell atomic plant, was arrested on information turned up by U.S. agents digging into atomic spying by Soviet Russia.

The U.S. atomic energy committee in Washington, already jittery over the problem of the hydrogen super-bomb, called a hasty meeting. Sen. Brien McMahon (D-Conn) announced that congress would call Groves, and then told reporters "it appears to the committee that the matter is serious."

McMahon, chairman of the joint congressional atomic energy committee, promised his group "will further explore the matter fully."

Fuchs worked on the A-bomb project in the United States from late 1943 until June, 1946.

High Position FBI officials in Washington said Fuchs held the same place in Britain's atomic setup as the brilliant J. Robert Oppenheimer held in the United States during the wartime atomic program. Oppenheimer, master of research theory, headed the Los Alamos, N.M., laboratory where the first A-bomb was put together and tested. Fuchs had access to what the atomic energy committee described as "a wide area of the most vital weapons information" while he was in America.

The dates contained in the charges indicate that the leakages of information occurred well before Russia is supposed to have brought off her first atomic explosion last September. Officials both in London and Washington left open the question of whether there was any direct connection.

Husband Shows No Emotion Over Birth Of Bergman's Child

HOLLYWOOD (AP) — Dr. Peter Lindstrom disappeared to a secret hideaway Friday after refusing to comment about his wife's new baby, but friends reported he's taking all of this in his stride.

Lindstrom was told "by friends" Thursday that his estranged actress wife, Ingrid Bergman, had a bouncing baby boy. But, unlike most husbands, he "didn't show any emotion one way or another," the friend said.

Hubby Level-Headed "He's pretty level-headed. He's doing all right," said the friend. "At least, he doesn't show any embarrassment."

"All he wants now is to get his divorce suit filed in California, get this mess off the front pages and get back to work."

Under California law, Lindstrom is automatically regarded as the father of the baby. He visited his wife in Italy early last May. Attorneys said that would give him strong grounds for claiming the child if he wants to. Lindstrom's associates said he doesn't.

They said he will fight, however, for the custody of Pia Lindstrom, the 11-year-old child that the doctor and Swedish star had during their 14-year marriage.

"It seems certain he will get Pia," a friend added.

Ingrid Plans Marriage Ingrid and Roberto Rossellini, brilliant Italian movie director, plan to marry as soon as she gets the divorce decree she has asked at Jauze, Mexico.

It is expected that the decree will be issued between Feb. 10 and 20.

The baby's birth must be registered under Italian law by Feb. 17.

Friends said Friday that registration will be delayed until the last moment in hope that the divorce decree will come through before then and that, when the birth is registered, Ingrid and Rossellini may be recorded not only as the parents but as man and wife.

FLOWERS FOR INGRID BERGMAN were presented by an anonymous donor Friday after the Swedish actress gave birth to a son Thursday in Rome. A bicycle messenger is shown entering the hospital grounds where Miss Bergman and son were both "doing well."

A PROBE OF THE FUCHS ATOMIC SECRETS LEAK began Friday as the joint congressional atomic energy committee opened an extraordinary hearing on the case of Klaus Fuchs, a British physicist who worked on atomic bombs in the United States, and is now being charged in a British court with giving away atomic secrets. Huddling to discuss the case Friday were Sen. Tom Connally (D-Tex) (left) a committee member, David Lilienthal, former AEC chairman (center), and Sen. Brien McMahon (D-Conn), chairman of the joint congressional atomic committee.

Record Mid-Year Commencement Today

Over 700 Candidates To Receive Degrees

More than 700 seniors and graduate students today will receive academic degrees in SU's record mid-year commencement ceremonies, beginning at 1:45 p.m.

President Virgil M. Hancher will deliver the traditional charge to the candidates. Students to receive degrees are as follows:

CANDIDATES For the Degree of MASTER OF ARTS

Jennie McGrady Adams, John Goodman Abrecht, Mita Lewis Banks, Gerald Alphonso Baughman, Donald Alphonso Baughman, Samuel Walter Byrum, William Edward Campbell, Kenneth Donald Cartwright, Chang Chen, Pei-Yeh Chen, Hsing Chow, Sara Elizabeth Conlon, Maria James Crabtree, James R. Curtin, Ruth Evelyn Danilovich, Mable Anna Dechert, Leon J. Dunn, George James Ellett, Shirley James Farroh, Everett William Faulkner, J. S. Davenport Tramples City High, 55-33, For Eighth Straight Conference Victory

Fenton Tallies 14 In Losing Cause

By LEE OLSON
DAVENPORT — Coach Paul Moon's rampaging Blue Devils took another step toward the Mississippi Valley basketball championship here Friday night by smothering second-place Iowa City, 55-33.

The lop-sided win was Davenport's eighth without a loss in conference competition and its 12th victory of the season against two defeats. Losses have been to West Waterloo and Moline, Ill.

Fourth Defeat
The Little Hawks, never in the game after Davenport shot to a 7-3 lead, took their fourth setback against 10 wins for the year. In Valley play the record now stands at five victories and three defeats.

Forward Bill Stenger paced the tournament-bound Blue Devils with 15 points, while his teammates, Ed Lindsey and Center Bob LeBuhn, had 11 and nine, respectively.

The game was five and one-half minutes old before Iowa City could muster a field goal. Bill Fenton, whose 14 points paced the visitors, tallied on a rebound and the Little Hawks were through scoring from the field in the opening quarter.

Davenport delighted the 4,000 fans who packed the high school gymnasium by romping to a 27-3 first half lead. Iowa City scored three field goals in the entire half, two by Fenton and a set shot by Jerry White.

City high came back in the third period and managed to outscore the home club, 11-10, but was unable to narrow the commanding lead the red-hot Blue Devils had compiled.

Short-Lived Rally
At one point in the third quarter Bob Fry, Duane Davis and Fenton scored field goals and Fenton added a free throw, all in 30 seconds, to come within one point of the Little Hawks' entire first half point production.

The score at the close of the third quarter was 37-21, while at one time in the period Iowa City had closed the gap to 33-21.

At extreme left is Bubber Jonnard, assistant to Hubbell and on right is Bobby Thomson, Giant outfielder and as instructor at the school. Hubbell is flanked by two students.

Coach Hunt in 'Detailed Interviewing Stage'

The search for a new Iowa head football coach now has reached the "detailed interviewing stage," Athletic Director Paul Brechler said Friday.

Two more names were added to the list of candidates for the job recently resigned by Dr. Eddie Anderson. Brechler said the list now contains not more than 12 names.

Brechler would not hint at who the new possibilities might be, except to say they are prominent coaches. The usually good rumor sources also were silent.

Ready for Details
"We are now ready to get down to details with the men left on our list," Brechler said. "Before we just wanted to know who was interested in the job. Now we want to find out the qualifications

of the men we think are definite prospects."

Brechler said the five-member staff committee of Iowa's board of control of athletics probably will hold a meeting this weekend. Then he and Dr. Paul Blommers, chairman of the athletic board, plan to make a trip to "several different places" to interview candidates, beginning the first of next week.

He gave no indication of where the trip would lead them. He said both coasts and the deep south were possibilities.

Persons close to the athletic department think the west coast is the best guess. Many top candidates, including Wes Fry, assistant coach at California; Kip Taylor, Oregon State coach; Jim Phenlan, former coach of the now

defunct professional Los Angeles Dons; Jeff Cravath, Southern California coach, and Lawrence Siemering, College of the Pacific coach, are in that area.

Received Telegram
Fry graduated from Iowa in 1927 and has been an assistant coach under Lynn Waldorf for many years at Northwestern and California. Brechler said he received a telegram from a west coast newspaper Friday wanting to know if Fry is a "top candidate." He said he can't answer questions like that.

"I'm sorry we have to keep certain things a secret," Brechler said. "We appreciate the tremendous interest in the state and want to do everything possible to let people know what is going on. But we have to protect the individuals concerned."

Middlecoff at Top
TUCSON, ARIZ. (AP) — National Open Champ Cary Middlecoff and unknown Manuel De La Torre Friday took the lead in the \$10,000 Tucson open golf tournament with 36 hole totals of 131.

Middlecoff, of Ormond Beach, Fla., jumped from a seven-way tie for 20th place into a first place tie. He carded a seven-under-par 63 to add to Thursday's 68. De La Torre, Glencoe, Ill., is co-leader for the second day in a row. He toured the 6402 yard El Rio layout in 65 Thursday, 67 Friday.

Bremer's Wins 1st AAU Basketball Test, 66-41

Bremer's clothing store basketball team got off to a winning start in the state AAU meet Thursday night with a 66-41 win over the Oskaloosa Pepsi-Cola five.

Don Farnsworth led the Iowa Citizens with 24 points, while Roger Finley scored 16, Bob McKenzie 13, Newell Pinch eight and Bob Graham five.

Next game will be Monday night, when Bremer's meets the winner of the Wally's Drive-In (Des Moines), Abel & Abel (Green Mt.) game. That contest will start at 8:30.

Ohio State Selected By 9-Points to Whip Badgers at Columbus

CHICAGO (AP) — Ohio State was a nine-point favorite Friday to defeat Wisconsin at Columbus tonight in the Big Ten's game of the week and probably clinch at least a share of the league championship with the win.

The Buckeyes held a game and one half margin on the second place Badgers in the conference race and after tonight's scrap, the only meeting between the teams this year, Ohio State will have only four more conference games.

Rough Road for Badgers
Wisconsin, on the other hand, will have seven remaining and would have a tough job going through all of them without another loss, even should the Buckeyes be defeated.

Ohio's remaining matches will be at Indiana, Michigan and Northwestern with another against the Hoosiers at Columbus. The Buckeyes, victors twice in three conference road games, looked to be able to at least split with Indiana while downing Michigan and Northwestern for the second time this season.

After Ohio State, Wisconsin must play at Northwestern, Iowa, Illinois and Minnesota, while entertaining Iowa, Purdue and the Wildcats. The road games against Illinois and Minnesota looked like particularly tough hurdles, as Wisconsin beat the Illini at home by nine points and eked out by a three point decision over the Gophers.

The Ohio-Wisconsin scrap will match the two top scorers of the conference, Badger Center Don Rehfeldt, who has a 21.75 point per game average, and Buckeye Forward Dick Schnittker, with a 21 points mark.

Schnittker, though, probably will get more help in hitting the net from Forward Bob Donham and Center Fred Taylor than Rehfeldt can expect from his mates.

Gophers Favored
Minnesota was a four point choice over Illinois for another conference game at Minneapolis. A battle between a pair of tough-headed Scandinavians was expected with Whitey Skoog of Minnesota matched against Bill Erickson of the Illini. Skoog ranked third in conference scoring with an 18.6 average, while Erickson has a string of 19 consecutive free throws without a miss, a new league record.

Indiana was the favorite over Northwestern by three points in the final league game of the night, at the Chicago stadium.

Illini Grappler

BILL VOHASKA, 175-pound Illinoi wrestler, will oppose Joe Scarpello tonight when the Hawkeyes take on Illinois in a Big Ten meet in the fieldhouse. Vohaska is 5-feet, 11-inches tall, is from Cicero, Ill.

Illini Matmen Here Tonight

Iowa's wrestling team will try once again tonight to snap an Illinois wrestling jinx when the Illini and Hawkeyes tangle in a Big Ten wrestling meet in the fieldhouse.

Illinois, always strong in the mat sport, has beaten Iowa 18 straight times since 1922. Tonight at 8 the two teams meet in what Coach Mike Howard says may be the best wrestling meet of the season.

Hawks Down Wisconsin
Iowa has topped Wisconsin in conference competition and downed Wheaton in a non-league home meet. Illinois has whipped Michigan and Wisconsin, but lost to Iowa State Teachers Friday night, 23-2.

Joe Pulsen, the heavyweight who was instrumental in Iowa's two victories this season, will be replaced in the starting lineup by Junebug Perrin, a member of last year's varsity.

Paulsen pulled a muscle in his left shoulder earlier this week and will not be able to compete. Perrin accidentally shot himself with a .22 rifle a month ago but has been able to work out and now is in satisfactory condition.

Four Iowans, 2-0
Four Iowa wrestlers have 2-0 records this season. They are Vern McCoy, 121; George Tesla, 145; Joe Scarpello, 175 and Paulsen.

Seven of Iowa's 18 defeats by Illinois have been by a total margin of 12 points and the heavyweight bout decided half of the meets.

The probable lineups:
IOWA: McCoy, Tesla, Scarpello, Paulsen, Pulsen, Perrin.
ILLINOIS: Miller, Miller, Miller, Miller, Miller, Miller.

Have You Heard? — Paper Names Anderson 'One of Nation's Top Six'

By JOHN HOLWAY
Dr. Eddie Anderson is "one of the top half-dozen football coaches in the land... He has proven ability and recognized genius in turning out winning teams."

Those quotes were taken from a Boston newspaper last Sunday when fever was high in the Hub to bring Dr. Eddie back to Holy Cross.

The writer went on to say Anderson is "one of the great football coaches of intercollegiate ranks," and "Holy Cross hasn't had a football director worthy of holding Anderson's chart book since he left for Iowa."

"Holy Cross wants Anderson, has wanted him from the moment a search for a coach was started, and will forcefully attempt to lure Anderson back to the crusader grid helm... He can have the portfolio at Holy Cross for the asking. Nobody else will be sought until he replies so irrevocably in the negative that it is no longer feasible to attempt any further negotiations."

So Boston is really hepped up about Dr. Eddie's return. From the sound of the article, a lot of happy years are in store for our erstwhile coach there. Here's hoping all prospects are realized.

"There," Mike Howard announced, a little short of breath, "I've got him, and by golly, he'll half a hard time getting out of that one."

The genial Danish wrestling coach was demonstrating a complicated hold to his phys ed class with Joe Grothus, 190-pound ex-football guard, obligingly on the bottom.

Joe was, indeed, in a very compromising position. Both arms were held at the elbows in tight locks by Mike's legs and arms. "Go ahead," invited Mike, his shock of sandy hair ruffled above a crimson face, "try and get out."

In an instant Joe freed one arm and started to roll Howard over while the class giggled. With a surprised smile, the 218-pound coach shifted to another hold.

Grothus squirmed across the mat and back while Howard, chuckling in short gasps with the rest of the class, tried one hold after another. Finally, Mike relaxed and Joe struggled up.

"By golly," wheezed Mike, standing uncertainly up, "I wish I'd seen you about three years ago!"

Step up and shake hands with Kenny Marsh, the new director of the municipal swimming pool. But to squeeze the hand of the gentle-mannered ex-Hawkeye, you'd never guess that he's left a trail of broken test-your-grip machines: strewn around the country.

Ken just can't resist one of the machines, sometimes putting his left hand up against both hands of anyone in the crowd.

A tavern owner in Minnesota once was so impressed with Kenny's proficiency at squeezing the little handle that he offered a certain favor of the house for every time Ken rang the bell.

"It was costing him so much," the curly-headed swimmer says with just the trace of a dimpled smile, "he wouldn't give me any more. And then I broke his machine and he really was aggravated."

Blue Hawks Battered, 57-24

By JACK SQUIRE
League-leading Mt. Vernon had no trouble duplicating a previous victory over cellar-dwelling U-high at the Blue Hawks' gym Friday night. The count on this occasion was 57-24.

The win kept the Maroons undefeated in six conference games and gives them an overall mark of 14 victories against two setbacks.

Mt. Vernon raced to a 10-0 lead before Curt Miller's free throw put U-high in the scoring column after four minutes of play. With Chub Litts, the visitors' 6-foot, 5-inch center, controlling both backboards and tallying nine points from in close, the Maroons posted a 16-8 margin at the quarter.

The Blue Hawks continued their frigid shooting in the second period, registering only one field goal for the entire session. Mt. Vernon, also cool in this quarter, ended the half with a 13-point lead, 25-12.

The local side showed improved form in the third quarter as Miller, U-high captain and high scorer, put on a one man exhibition. He tallied nine points in the period to cut the deficit to 34-22.

Mt. Vernon left no doubt, however, as it ran the Blue Hawks into the ground in the final period. As Ken Moore set the pace, the Maroons recorded 23 points to a lone field goal by the home team.

Yale Picks Successor To Kiphuth as Director

NEW HAVEN, CONN. (AP) — Several reliable sources disclosed Thursday that Robert A. (Bob) Hall of Rosemont, Pa., a former football quarterback here, is Yale's new athletic director.

Hall would fill the post vacated last December by Robert H. J. (Bob) Kiphuth, famed swimming coach. Kiphuth resigned as athletic boss because of a serious illness.

Honor Student At Cornell U. Found Dead

ITHACA, N.Y. — The body of Lawrence Woodworth, 21, Cornell university honor student who disappeared from a fraternity house party Thursday night was found Friday below a bridge spanning a 125-foot gorge near the campus.

An investigation was begun immediately to determine whether Woodworth, of Los Angeles, fell from the bridge or was pushed.

The body, frozen and broken, was found by a fraternity brother near the Delta Upsilon house.

Woodworth, son of Mr. and Mrs. Ralph Woodworth, recently was elected president of the fraternity. He held an engineering scholarship and was captain of the Cornell lacrosse team.

A fraternity brother said Woodworth had been entertaining a girl at the Junior Week house party. He said that Woodworth appeared to "have a lot on his mind." He left the party at 10:36 p.m.

University officials describe Woodworth as "a steady and consistent student." He had made outstanding marks previously at St. Paul's school, Baltimore, Md.

Coroner Ralph Low announced he would hold an inquest.

Farmer Suffocates In Wheat-Filled Bin; Sons Dig Out Body

COUNCIL BLUFFS — A 49-year-old farmer fell into a wheat-filled storage bin Friday and suffocated before rescuers, including his two sons, could pull him from the stifling, sifting grain.

Arthur Malone tripped and fell into a huge bin filled to the 55-foot level with wheat. Police, firemen and employees of the Interstate Grain corporation shovelled furiously for more than three hours.

Malone's body was pulled out by his sons Everett, 28, and Don, 32, after a rope had been tied over his shoulders. Coroner Stanley Woodring said he suffocated. His body was also "badly battered" authorities said.

Heavy dust and semi-darkness delayed rescue attempts. Some 30 men poked in the wheat with long poles and shovelled it out in relays. Malone kept "sinking deeper into the wheat," police said.

Malone's wife watched her two sons hoist their father's body to the top of the bin. She was near collapse.

Malone operated a 140-acre farm near here but worked at the grain elevator during the winter.

He was helping shovel wheat on a conveyor belt Friday afternoon when he lost his footing. He sank gradually out of sight in the mound of wheat, fellow workmen said.

A large crowd gathered at the scene as rescuers several times seemed ready to bring Malone out. Each time, the dry grain shifted and covered him again.

New GOP Chairman Plans Intensive Fight

DES MOINES — Robert Goodwin, newly-elected Iowa Republican chairman, indicated Friday he hoped to organize an "intensive, grass roots campaign" to get GOP candidates elected in November.

Goodwin, 44, Redfield, Iowa, brick and tile plant operator, was elected to the post of chairman by the state central committee Thursday night and accepted the post Friday. His election was heralded as a move for harmony within state GOP ranks as the party for the first time in 26 years went outside the central committee for a chairman.

Goodwin visited state GOP headquarters here after his election and said he did not know how he will set up his "grass roots" campaign, but has a "few hazy ideas."

He will devote full time to the job after getting business affairs in order. Goodwin predicted a "rather rugged campaign."

The choice of Goodwin to head the party was endorsed by National Committeeman Harrison Spangler, Martin Levesen, Dewitt attorney, and Robert Osmundson, Iowa City, president of the Iowa Young Republicans.

Third Publication Year Started by 'Villager'

The Villager, married students' newspaper, began its third year of publication Friday.

The paper started Feb. 6, 1948. Merrit Ludwig, now assistant to the director of the school of journalism, but then an undergraduate, served as the first editor.

John Weber, C. Dubuque, took over in May, 1948, and still edits the Villager.

Group to Discuss Nursing Legislation

Current legislation in nursing will be the topic of the February meeting of the SUI college of nursing alumni association Monday.

Pres. Gwen Tudor, superintendent of nursing and instructor at the Psychopathic hospital, said Dean Myrtle E. Kitchell will speak on the program, following a business meeting.

The monthly meeting will be held in the Westlaw parlors, Miss Tudor said. Doris Levensen, head of surgical nursing in the SUI hospitals, will serve as chairman.

Psychiatrist Says Mercy Killer Not Insane

BRIDGEPORT, CONN. — A psychiatrist testified Friday that Carol Paught, 21, knew exactly what she was doing when she killed her cancer-ridden father. He said she later suffered from a type of amnesia which causes forgetfulness of painful incidents.

Dr. Joseph M. Lesko, a Bridgeport neuro-psychiatrist, was called by the prosecution to refute testimony of a defense doctor that the tall, blonde girl was insane when she shot Police Sgt. Carl W. Paught, her father, in a Stamford, Conn., hospital.

There was an outbreak among the spectators in the packed court-

Moeller Named to Press Prize Group

Prof. Leslie G. Moeller, director of the SUI school of journalism, has been named a member of the 1950 Iowa Press Association committee to make the association's annual Master Editor - Publisher award.

Moeller said the awards are made each year to Iowans "who have distinguished themselves by their work as editors and publishers of newspapers in the state."

The announcement of this year's awards will be made April 14, at the annual convention of the association in Des Moines, he said.

'Stromboli' Barred in Indiana Movies

INDIANAPOLIS — Operators of a chain of 12 small-city theaters in Indiana refused Friday to show the movie "Stromboli" because Ingrid Bergman starred in it.

Miss Bergman gave birth to a son in Rome Thursday.

Syndicate Theaters, Inc., notified patrons through newspaper ads in nine cities and sent letters to 320 other Hoosier theater owners, representing 75 percent of the industry, suggesting they do likewise.

Rembusch said his refusal to show the film "the only way we can show our resentment."

"There is no place in my theaters for a picture starring a person such as Miss Bergman," Rembusch said.

"No more can exhibitors hide behind block booking. This sort of affair dealt the industry a severe blow. We feel that the responsibility rests on the people in the movie industry who have failed to discipline errant stars."

"The exhibitor in no way deserves to be saddled with the acts of some of the stars," they said.

Rembusch said at his offices in Franklin, Ind., "the only way we can show our resentment."
