Weather

Few scattered showers, cloudy and cool today. Wednesday partly cloudy and continued cool. Today's high, 50; low, 33. Monday's high, 52; low, 45.

Russian Attack Real Danger, Truman Says

WASHINGTON (AP) - President Truman said Monday night that the "noisy but small" Communist minority in this country is pretty well under control and the "real danger" is an eventual Russian attack from abroad.

In a strong defense of his efforts to weed subversives out of government, Mr. Truman told the 30th anniversary dinner meeting of the Federal Bar association that the best way to fight communism is to improve conditions at home and bolster our democratic allies abroad.

Answer to McCarthy While he mentioned no names, the President's 20-minute address clearly was an answer to Sen. Joseph R. McCarthy (R-Wis.) and other Republicans who have charged that the state department is a haven for Communists and Red sympathizers.

He said every questionable federal employe has been checked and, where facts warranted, fired. He challenged anyone with information about disloyal officials to turn it over to the FBI. If their facts are right, he said, the persons will be prosecuted.

No "Gestapo" The President added, however, that the FBI would not be transformed into a "Gestapo-like" secret police. There is no reason he said, "to turn the U.S. into a right-wing totalitarian country in order to deal with a left-wing totalitarian threat."

"We know that the greatest threat to us does not come from the Communists in this country, where they are a noisy but small and universally despised group."

SUI Plans to Move Newton Park Units For Building Space

At least some of the six Newton park buildings, married student housing area, will be removed late this summer or next fall to permit construction on the new Hospital School for Severely Handicapped Children.

SUI Business Manager Fred Ambrose said, "I am not sure how many buildings must be removed."

The location of the new hospital is to be north and west of the University hospitals. Newton park housing units must be removed to permit access to the new hospital.

A road must be constructed leading to the hospital site on the south side of Newton road. When final plans for the new \$750,000 state hospital school are approved by the state board of education, the exact number of units to be removed will be known, Ambrose said.

Newton park as 12 apartments, two in each building. Mrs. Inelda Murphy, manager of the dormitory assignment office, said students - families, who must vacate because of the removal of the buildings, will be placed at the top of the transfer list for other housing units.

She said they also are being permitted to select a unit they want and to sign a lease for it, providing the present occupants plan to leave in June.

It is not known what will be done with the units when they are removed, Ambrose said. Two possibilities were mentioned: the units could be moved to another location and used as housing for married students, or they could be sold to the public.

U.S. Troops Prepare for Red Push on West Berlin

PRACTICING RIOT TACTICS, soldiers of the American Seventh Constabulary battalion go through creeping wedge and flanking formations of the courtyard of the former headquarters of Hitler's personal SS bodyguard unit in Berlin. High U.S. officials say an expected invasion of Berlin's western zone—designed to drive the western powers out of the city—by a half-million German youths will be resisted to the limit.

FBI Probes Fire Near California Atom Project

BERKELEY, CALIF. (UP)—Scores of close-mouthed FBI agents prowled through the ruins of a two-story frame building here Monday seeking possible evidence of sabotage. A mysterious fire threatened to destroy the University of California's super-secrect atomic energy project Sunday night.

The fire broke out at 10:25 p.m. Sunday, and razed the project's wooden administration building containing the engineering and research offices. A lucky downhill wind kept the flames away from nearby concrete structures housing the priceless cyclotrons, bevatrtons and other atom-smashing devices.

The tightly-guarded laboratory area is perched high on a hill overlooking the university campus and fire-fighters were hampered by a lack of water pressure.

As dawn broke over the smoking ruin of the administration building, federal men threw up a security wall around their investigation and cautioned city firemen not to talk to newspapermen.

They refused to discuss the possibility of sabotage or to speculate about the cause of the blaze which broke out despite the project's extremely rigid fire precautions. Their only statement was a terse announcement saying "we are attempting to determine all of the facts in the case."

Rexford A. Barton, manager of the atomic laboratory, said the loss was "very serious," but later Dr. Harold Fidler, area manager for the atomic energy commission, said that a vault containing most of the classified documents in the building was found intact.

In Washington, the atomic energy commission estimated the damage at \$150,000.

Radio, TV Not Affected By U.S. Telephone Strike

NEW YORK (AP) - Television and radio fans throughout the nation will still be able to get their favorite programs, if 200,000 telephone workers strike on schedule tonight, the four major networks said Monday.

Press association wires also are expected to continue normal operation with telephone company supervisory employes manning the control points.

These will include limitation of window service to hours between 8 a.m. and 6 p.m. on week days and from 8 a.m. to noon on Saturdays. Postal savings and money order business will be conducted only between 9 a.m. and 5 p.m. weekdays and from 8 a.m. to noon on Saturday.

Preferential treatment of "time limit" third class matter, obtained by paying first class rates, also will be suspended. Mail will be collected from street boxes in the morning so that letters mailed at night may be delivered to the business districts the same day. Daily collections will be made so that mail will reach the postoffice not later than 8:30 p.m.

Once the new delivery program has been completed, all residential districts in Iowa City, including SUI dormitory units, sororities and fraternities, will receive only one mail delivery a day, Monday through Saturday, Barrow said. Some homes will not receive mail until late afternoon.

Business districts will continue to receive two daily mail deliveries, with only one on Saturday. Parcel post deliveries also will be made once a day, in business and residential areas, unless the volume of business parcels becomes too great, Barrow said.

Berlin Police Don't Expect Much Violence In May Day March

BERLIN (AP)—West Berlin's police chief said Monday German Communists appear overawed by western preparations to meet their May march on the city. He expects the demonstration will be little more than a bloodless battle of words.

Chief Johannes Stumm's force of 9,000 policemen has been increased to 11,000 by the allied commandants in preparation for the threatened Communist invasion. In addition, his special anti-riot squads have been provided with tear gas, gas masks and armored fire-hose trucks.

Stern warnings from high U.S. officials in Washington said an invasion of west Berlin by a half-million German Communist youth in a Russian effort to drive the allied occupation powers out of the city, will be resisted to the limit, with the use of machine guns if necessary.

If the Russians want to force the east-west cold war issue by attempting to take Berlin—using the Communist youth march as a wedge—high U.S. officials declared, the west must be prepared to meet steel with steel. Allied troops will stand by to strengthen the police if they cannot cope with the situation next month.

Expect Completion Of Student Census

The census of SUI students living in university housing units should be completed by the end of the week, George W. Kanak, local census supervisor, said Monday.

Local census-takers left individual census report forms at dormitories for students living there to fill out. Most students living in private homes are being contacted individually by census-takers.

Kanak said local enumerating will not be completed by the end of April as originally scheduled but will take at least one additional week.

Other awards and winners are: Membership and keys in Omicron Kappa Upsilon - Joseph Cahalan, D4, Harpers Ferry; Paul Koch, D4, Lisbon; Vincent LaBahn, D4, Waverly; Robert Mellinger, D4, Burlington, and Harry Schott, D4, Marquette.

Certificate and membership in the American Society of Dentistry or Children - Robert Ervin, D4, Rockford, certificate of merit, and Henry DeJong, D4, Boyden, journal of the society.

Rudy E. Minger Memorial fund cash awards (\$50) - Mary Louise Thompson, D1, Red Oak, and Joseph Carl Lecher, D2, Dubuque.

The Minger awards are presented annually to the outstanding freshman and sophomore in the college of dentistry.

Rail Strike Postponed; Phone Strikers Told To 'Jam' Lines

Bell Equipment Installers Quit Across Nation

NEW YORK (AP) - Nearly 10,000 Bell Telephone equipment installers struck coast-to-coast Monday and were directed by union officers to jam the nation's long distance lines with "hang up" calls.

With negotiations adjourned overnight in New York, there were growing signs that an all-out national phone strike will hit the nation at dawn Wednesday.

Federal mediators, however, were set for an 11th hour try today to avert a general strike. They are seeking a settlement of a nationwide wage dispute plus a midwest deadlock that touched off Monday's walkout.

In New York, Pres. Ernest Weaver of striking division six, CIO communications workers, said he had no hope for a truce today. He called Monday's talks a waste of time.

The strike by division six of the CIO communication workers of America (CWA) was ordered in 43 states and the District of Columbia as a result of a dispute with Western Electric company over working conditions at a television tower installation in South Bend, Ind.

Weaver backed up a jamming order issued to division six members by Secretary Treasurer Paul M. Williams in Chicago.

Jamming works like this, Williams explained: The union members call long distance until they get an answer. Then they hang up and do it over again. The idea is to swamp long distance operators with fake calls and keep them too busy to handle real ones.

CIO President Philip Murray has pledged to the phone workers the all-out support of every CIO member. But he has not said whether other unions will take part in the jamming.

17 Phone Installers Here Walk off Jobs On Orders by Union

Seventeen installation men in the Iowa City area, members of Western Electric local 62 of the CIO communication workers walked off their jobs Monday noon when their union steward, A. W. Nelson, received a telegram from local headquarters in Minneapolis.

The striking men perform only installation work, according to Nelson and R. A. Williams, Northwestern Bell Telephone company manager in Iowa City.

Nelson, who is from Minneapolis, said the telegram ordered the men off their jobs, but forbade picketing or any other action until further notice. The telegram was signed by Local President A. W. Stein, Nelson said.

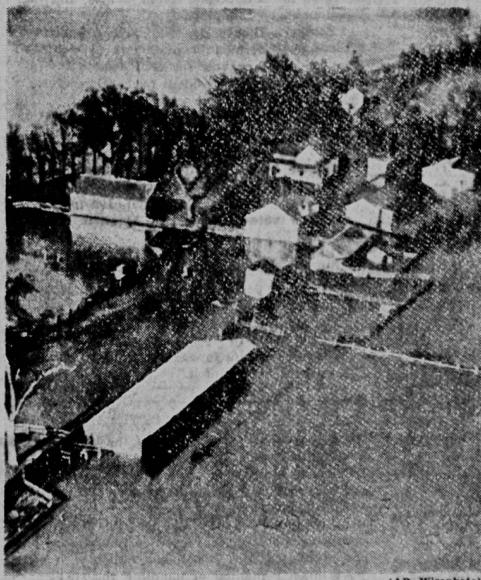

Fifteen of the men had been working on the radio relay station at Nolan Settlement, 10 miles northeast of here, and the two others were working in the Iowa City telephone office, Nelson said.

Williams said he expected telephone service to continue throughout today without interruption, but didn't know what would happen Wednesday.

Clarence Conover, 1510 Sheridan avenue, president of the Iowa City chapter of Northwestern Bell division 45, CIO-CWA, said he had no orders to strike.

He did not know, he said, if union telephone operators would cross a picket line, if one should be established by installation workers.

If local operators go on strike, or refuse to cross the expected picket lines, SUI's telephone exchange also would go on strike, he said.

(AP Wirephoto)

Big Muddy Covers Nebraska Farms

FARM BUILDINGS a mile from the Missouri river lay under water Monday as the Big Muddy river swelled over some 4,000 acres of Nebraska land southeast of Fort Calhoun. A crest of 23 feet, one and a half feet higher than in the 1943 flood, is forecast for Blair, Neb., just above Fort Calhoun by Wednesday. Floods also covered large parts of Minnesota and North Dakota and authorities said the situation was becoming "steadily worse."

More Umbrella-Overshoe Weather Predicted

Iowa Citizens who got their fill of rain Monday probably will need raincoats and overshoes again today, because U.S. forecasters predict more rain for Iowa City.

Scattered minor power and telephone failures were reported as a result of the thunder and wind storm Sunday. Winds up to 29 miles an hour were recorded by the civil aeronautics administration at the airport. Heavier gusts, however, which are not recorded, were felt during the day.

R. H. Lind, district manager of the Iowa - Illinois Gas and Electric company, reported about 50 power failures in three scattered areas. A section in southeast Iowa City, a section in Manville Heights and several rural areas were hit.

In the southeast section of Iowa City on Kirkwood avenue near Summit street, a tree limb fell across light wires Sunday, but workmen were able to move it off soon after it happened, Lind said.

However, the three limb broke street light wires knocking out about one-third of the street lights in Iowa City, Lind said.

Officials of Northwestern Bell Telephone company reported Monday about 17 telephones were knocked out of order Sunday because of the wind and rain. Telephone service to the trouble areas was restored by Monday, the officials said.

The thunder and rain storm came after temperatures soared into the 80-degree area Friday and Saturday. A record was broken April 21 when the mercury dipped to a new low of 23 degrees for that date.

Most students Monday were complaining about the rainy weather and some classes were hard-hit by low attendances. Of all the complaints though, the heart-breaker came when a wet and dripping student said, "The instructor didn't even show up."

Abdullah Signs Papers Annexing West Palestine AMMAN, HASHEMITE JORDAN (AP) - King Abdullah Monday formally signed documents annexing western Palestine and the old city of Jerusalem to his Jordan kingdom. He thereby confronted the Arab league and United Nations with direct challenges.

The signing came after a stormy session of parliament at which at least five Palestinian members voted for delay in acting on the union.

Mediators Win 2-Week Truce From Firemen

WASHINGTON (AP) - The government won a two-week truce Monday night in the strike originally set for Wednesday by locomotive firemen against four major railroads.

The new strike deadline is May 10.

Chairman Francis A. O'Neill Jr. of the national mediation board said that an effort will be made in the meantime to settle the issue in dispute.

Want Extra Fireman This is a demand by the brotherhood of locomotive firemen for an extra fireman on big diesel engines. Two presidential fact-finding boards have found the second fireman - the diesels already are operated by two-man crews of an engineer and fireman - is unnecessary.

The strike was scheduled Wednesday morning against major portions of the Pennsylvania and New York Central systems, and against the entire operations of the Southern railway system and the Santa Fe.

Embargo orders barring long-distance passenger service and western freight service had already been issued by the Pennsylvania. These were immediately lifted. The Santa Fe had also embargoed livestock and perishable freight. The Southern cancelled its plans for a freight and passenger traffic embargo after getting word of the strike postponement.

Accept Proposal O'Neill submitted the two-week truce request from here at midday. David B. Robertson, the brotherhood's president, announced his acceptance of the proposal Monday night after a meeting of brotherhood aides in Chicago.

The mediation board will seek today, O'Neill said, to arrange meetings within the next few days in Chicago between the union and the carriers to seek a solution of the long diesel controversy.

Committee Appointed To Study Extension Of IC Bus Service

No decision was reached Monday night on a proposal to extend bus service to east and south Iowa City. However, a group of interested persons was appointed at an Iowa City council meeting to study the issue.

More than 75 persons attended a public hearing in the city hall, called in response to two petitions signed by about 800 Iowa Citizens who requested "adequate transportation" in those sections of town.

Petitioners present at Monday's meeting appointed nine representatives who will meet with the council's committee on parking, public safety and police, with Joseph E. Negus, manager of the Iowa City Coach company, and with local chamber of commerce representatives. No date was set for a meeting.

Negus Monday night said his company could make no profit operating buses in east and south Iowa City. Residents of those sections said many persons would ride the buses and would be willing to pay a ten-cent fare, even if the other sections of the city now served by buses still were charged a five-cent fare.

The council Monday night also authorized a \$1,000 down payment on part of the late Martin Koser's estate which the city has offered to buy for \$25,000 for use as a parking lot. The city's offer has not yet been accepted by the estate's heirs.

House Nixes Postoffice Funds to Stop Cutbacks

WASHINGTON (AP) - The House refused Monday to vote extra funds for the postoffice department to head off a scheduled cutback in mail service.

Start Work on One-a-Day Mail Schedule

Iowa City postal officials Monday began preliminary work on a one-a-day mail delivery schedule in residential districts, but the changeover probably won't go into effect until next week, Postmaster Walter J. Barrow said.

Local delivery routes, now numbering 22, must be expanded and their number cut down to conform to the new schedule, ordered last Tuesday on a nation-wide basis by Postmaster-General Jesse M. Donaldson, Barrow said.

Several provisions of the new postal ruling already have been applied at the Iowa City postoffice, he said.

No parcel post, second or third class mailings will be accepted at the postoffice between 6 p.m. and 8 a.m. Directory service on mail other than registered, COD, insured or special delivery also has been discontinued.

ed simultaneously with the changeover in delivery schedules, Barrow said.

These will include limitation of window service to hours between 8 a.m. and 6 p.m. on week days and from 8 a.m. to noon on Saturdays. Postal savings and money order business will be conducted only between 9 a.m. and 5 p.m. weekdays and from 8 a.m. to noon on Saturday.

Preferential treatment of "time limit" third class matter, obtained by paying first class rates, also will be suspended. Mail will be collected from street boxes in the morning so that letters mailed at night may be delivered to the business districts the same day. Daily collections will be made so that mail will reach the postoffice not later than 8:30 p.m.

Once the new delivery program has been completed, all residential districts in Iowa City, including SUI dormitory units, sororities and fraternities, will receive only one mail delivery a day, Monday through Saturday, Barrow said. Some homes will not receive mail until late afternoon.

Business districts will continue to receive two daily mail deliveries, with only one on Saturday. Parcel post deliveries also will be made once a day, in business and residential areas, unless the volume of business parcels becomes too great, Barrow said.

The change-over likely will result in elimination of some temporary postoffice help, he added. Eight unclassified and 11 classified substitutes now are employed, all but five of whom are veterans.

Regular postoffice personnel won't be affected by the readjustment, Barrow said. They will work their normal 40-hour weeks.

with necessary revision made in off-duty, vacation, sick-leave and "Saturday compensation" hours.

One mail delivery trip will take about eight hours under the new program, instead of the customary four, he added. Mail relay boxes probably will be shifted to accommodate the change.

All sections of Iowa City except SUI married housing units and rural districts now receive two daily deliveries, Monday through Friday, and one Saturday delivery, Barrow said. He added there have been "no complaints" from residents concerning the new schedule.

The postal ruling, designed as an economy measure to reduce the huge postoffice deficit, has been protested by the National Association of Letter Carriers (AFL) as a "rape of the postal service."

Snakes in Frat Basement

Pi Rho Sigma Members Lower the Boom On Uninvited, Non-Rent Paying Guests

Members of Pi Rho Sigma, SUI medical fraternity, thought they had a just weekend on their hands when snakes were discovered in the fraternity house basement Saturday.

After a thorough investigation of the basement a decision of "they're real" was reached.

Five snakes, like the two on the snake and staff symbol of the medical profession, were in a room near the coal cellar of the house.

Caduceus, the medical symbol, was temporarily dismantled as fraternity men turned the staff on the snakes "in St. Patrick's style."

"It was one of the biggest things that ever happened in the house," Jerry Phelps, A1, Muscatine, said. "We had heard stories of poisonous snakes being in the neighborhood and thought we had a few on our hands."

He said two of the snakes were about three-and-a-half feet long, the other three were about a foot long, and that they probably came in through cracks in the basement's cement foundation.

The heroic praises for Ware, M3, Des Moines, and Clemens, M3, Des Moines, were short lived, Phelps said. A next door neighbor informed fraternity members that the snakes were common garter snakes.

Prof. R.L. King, zoology department, said there was nothing very unusual about garter snakes entering a house.

"When its chilly snakes look for warm places," he said, "Garter snakes hibernate for the winter and come out when its warm. A sudden cold spell will set them searching for a warm place to stay."

The cement cracks in the fraternity house basement have been filled, Jerry Newton, C1, Muscatine, said, and there has been talk of forming a "snake committee."

A check of local music stores revealed there are flutes on sale for prospective snake charmers.

Look Away - Dixieland -

Two Democratic primaries in the deep south May 2 may well have a far reaching effect on the future of both major political parties. They are important because they are the first experiments for a "trial marriage at the top" between Republicans and states' rights Democrats.

The contest in Florida has attracted the most national attention. "Fair Dealing" Sen. Claude Pepper is fighting for his political life against Republican George A. Smathers.

Smathers is campaigning against everything that smacks of the fair deal and has open support from Republican leaders and Dixiecrats. Pepper has the blessing of the Truman administration.

If Smathers unseats Pepper, many political observers believe the path will be cleared for close harmony between Republicans and southern Democrats.

The situation in Alabama is more complicated and probably more important.

Alabama's Democratic party is controlled almost entirely by Dixiecrats. That control will be challenged May 2 by Sen. Lister Hill generally regarded as pro-Truman — and most of Alabama's representatives.

Since Alabama is the heart of the Dixiecrat movement, the primary will decide whether the Dixiecrats are likely to collapse or whether they will become a potent force in the 1952 election.

If the Dixiecrats win in these two elections, they will be strengthened considerably throughout the south. This in turn would clear the way to put in motion a Republican-Dixiecrat strategy which could easily cost the Democrats the 1952 election.

The Dixiecrat revolt in 1948 cost President Truman more than a million votes and 39 electoral votes. It did not interfere with his victory in the rest of the nation, but it did cost him the electoral votes of four states — Alabama, Louisiana, Mississippi and South Carolina.

The Dixiecrat-Republican plan would be much more effective in 1952 than the Dixiecrat strategy in 1948.

Dixiecrat conventions would be called in every southern state early in 1952. The Dixiecrats neglected to do this two years ago. Instead of naming candidates of their own as they did in 1948, the Dixiecrats would simply endorse the Republican candidate.

Southern Democrats, who have a tendency to become ill at mention of the word "Republican," could then vote for GOP candidates for president and vice president on a "Democratic" ticket.

When Sen. John W. Bricker (R-Ohio) suggested a GOP-States' Rights coalition nearly a year ago, many Republicans threw up their hands in shocked consternations. "Put aside the principles on which the Republican party was founded for paltry southern votes? Shades of Abraham Lincoln!"

But last month Guy G. Gabrielson, Republican national chairman, announced he had been meeting personally with Dixiecrat leaders to work out a coalition.

As one Republican spokesman put it, "If we were successful in 1952 and worked together with these people for four years, something else might grow out of it."

Wanted, A New Umpire -

"Three strikes and you're out," they say in baseball, but it's a good thing that the saying doesn't hold true for the economic situation of the United States.

It seems that U.S. labor and management just can't be at peace with each other for more than a few months at a time. Two months ago the coal workers and industry were having their brawl — now two other groups, telephone equipment workers and the Chrysler branch of the United Mine Workers have walked out on their respective managements.

On top of that, a third strike is in the offing — the Brotherhood of Locomotive Firemen and Engineers vs. railroad management.

How these major strikes can cripple the country was plainly shown during the last coal crisis. A transportation tie-up which may result from the coming rail workers strike could be equally serious.

Just what the main cause for all of these strikes is, is hard to determine. A big point probably lay in the fact that industrial profits have been high during and since the war and

labor is pushing for their cut of the big money. Regardless of the cause, the "strike plague" is slowing down production and injuring our economic stability at a time when half of the world is depending on us for aid.

The fault probably does not lie with labor or management or "the unsettled times" as some would like to pass it off, but rather with our government's method of handling the strikes.

The crisis of the last coal strike was not recognized by the government until too late — strictly for political reasons, and the fact-finding board-system of strike settlement has left much to be desired.

At the root of the problem seems to be the need for effective legislation — something certainly more effective and agreeable than the Taft-Hartley law which proved its inadequacy during the coal crisis.

But it's election year and congress rightly considers any labor legislation as political dynamite. Wise legislators wouldn't dream of bringing up the issue now — but sooner or later they will have to come out of their political dug-outs and call some signals or the whole U.S. economic team will be batting .000.

Victory for 'Free Thinking' -

A battle for academic freedom that has been raging at the University of California for many months ended last week. Academic freedom won.

Several hundred faculty men objected to signing special loyalty oaths, which were designed to prevent communism from creeping into California's curriculum.

The compromise agreement requires university employees to take the oath to support the constitution required of all state workers. It also states whether a teacher is a member of the

Communist party, or any group dedicated to the violent overthrow of the government.

These provisions will protect California schools from the specter of communism without accusing teachers of being an especially dangerous group.

The compromise seems to please everyone, including the teachers who can still have some latitude in their thinking. The compromise does not impose a strait jacket on the "free thinkers" who supply the diversity of opinion so necessary in a truly academic climate.

Coffee Club Clan -

In this day and age when everyone is looking for causes, purposes, and eyeing any neighbor who wears a red shirt, it is indeed rare and gratifying to find a group of people banded together who admit that their organization has no purpose.

Such a group exists in Washington, Iowa. They call themselves unpretentiously "The Coffee Club," and that covers aims, purposes and by-laws.

At 10 a.m. every morning (except Monday) a group of representative professional and business men gather at a local cafe for a short meeting. But the only business taken up is the election of a president — a new one each day.

The office of president holds many surprises but little if any honor. He is given a chance to make a five second speech. No one is elected to the office more than once.

One of the club's few rules is that if a member has a birthday, he is supposed to pass around a cake at the daily gathering. The only other rule is that business is taboo.

Conversation usually centers around new members, the election, and news events of the day — but it's usually the humorous news events that get the most attention.

Purpose? None but good fellowship. Aims? None but good coffee.

The club has been called one of nature's strange phenomena but it's a popular group in Washington.

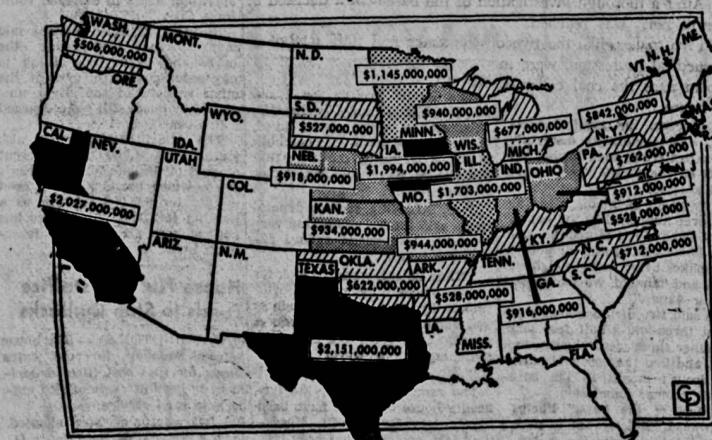

It has been said that Iowa City is the "Athens of America," and one of the great cultural centers in the Midwest.

There is certainly much truth in such statements. Few cities, especially in Iowa, can boast of so much cultural activity in the way of music, drama, lectures, and art displays.

Yet, so much more could be done if greater coordination between schools, colleges and departments were utilized.

Combining the talents abounding throughout the campus could greatly increase the cultural prestige of SUI and its surroundings.

Texas Gains as Top Farm Income State

TEXAS JUMPED FROM THIRD in 1948 to first in 1949 in farm income, with a total income of \$2,151-million, according to the bureau of agricultural economics. Dollar farm income states topping \$500,000 is indicated on map (above). The "Big Three" including Iowa, are shown in black with totals exceeding or approaching \$2-billion. States with totals above \$1-billion are indicated by heavy dots, those above \$900-million in light dots and states with incomes above \$500-million are indicated by diagonal lines.

Political 'Man Made Snow' Experiment

Letters to the Editor

(Readers are invited to express opinion in Letters to the Editor. All letters must include hand written signature and address — typewritten signatures not acceptable. Letters become property of The Daily Iowan; we reserve the right to edit or withhold letters. We suggest letters be limited to 300 words or less. Opinions expressed do not necessarily represent those of The Daily Iowan.)

be represented in the two one-day programs because it does not qualify as a political party under Iowa law.

THE EDITOR

Palestine Policy . . .

TO THE EDITOR: Mr. Truman's recent declarations about how American foreign policy should be determined hereafter inspire hope and skeptical faith.

In his pledge to accept Republican ideas in formulating the foreign policy, the President is giving up a self acquired discretionary power which was misused in certain cases by sacrificing the national interest for the sake of pressure groups.

A concrete and as yet unsettled case, is the role played by Mr. Truman in the Palestine, Arab-Jewish problem. The state department was fully aware that it was to the national detriment to support the false Jewish claims in Palestine and lose the friendship of the Arab countries in this critical situation of east-west struggle. Nevertheless, the state department, after changing its Palestine policy three times in a few months submitted to Jewish pressure groups and ranked national and international prestige second.

All this amounted to messing up the lives of thousands of peacefully living Arab people in Palestine and led thousands of Jews to insecurity and ultimately led to their repulsion when the original Arab inhabitants are ready to see their way back to their homes which they will never

give up. In view of Mr. Truman's newly sought "Truth Crusade" the Arabs find themselves morally bound to follow his idealism. They are determined, therefore, to see that Truth wins; and the only way to do it will be to show the Zionist, the back door. This time the Jews have either to concede to logical compromise or be forced to lose all they have achieved, including American sponsored developments; at any cost, and despite a probable American intervention if the U.S. decides to divert from its "Truth Crusade." For the sake of humanity let us seek Truth and be considerate before we decide the fate of other men.

Tydings Says Hoover Wanted Files Secrecy

WASHINGTON — Chairman Millard E. Tydings (D-Md) said Monday it was FBI Director J. Edgar Hoover and not President Truman who insisted on withholding government loyalty files from a senate foreign relations subcommittee.

Tydings' subcommittee is investigating charges by Sen. Joseph R. McCarthy (R-Wis) that the state department is Communist-infiltrated. At McCarthy's demand, it issued subpoenas for FBI records and state department files on some 100 persons whom McCarthy branded disloyal. But President Truman rejected the subpoenas last month.

Interpreting the News -

UN, 5-Year-Old Invalid

By J.M. ROBERTS JR.
AP Foreign Affairs Analyst

Five years ago today, while the guns were still firing, men from 46 nations met in San Francisco in an effort to extend into peacetime the unity they had been able to establish in war.

They wanted, most of them, a world in which they could exercise the faith they expressed in "fundamental human rights, in the dignity and worth of the human person, in the equal rights of men and women, and of nations large and small."

But there were some there who in their cynicism subscribed to such sentiments with tongue in cheek. Behind a facade of cooperation which even then was very thin, they were planning to exploit the misery of a world torn by war for their own political and imperial ambitions.

Today the organization that was formed at San Francisco, the United Nations, is an invalid. Russia and her satellites are not participating in its major activities, and for long have prevented it from getting to the heart of its job.

People are talking war again, more than at any time since the Berlin crisis of 1948. The United States is reinforcing its Berlin garrison against an expected Communist uprising next month, and there is open talk that the shooting may begin there.

few weeks ago was talking about a lull in the cold war, now tells commons that foreign dangers are sharpening.

Secretary of State Dean Acheson says America is the primary target of a Soviet campaign against all free people.

He and the President say war is not inevitable, but they believe recent Russian actions forecast a test this spring of American determination. And that determination is to offer strong resistance at every point where Russia may seek to break out. Even to the point of a shooting test in Berlin.

Russia is devoting a vast proportion of her entire national effort to war preparations. She is trying to drive western diplomatic representatives out of the sphere which she controls. She attacks an American plane under circumstances which at least suggest the possibility of a deliberate attempt to create a political issue. She revives her pressure on Turkey about the Dardanelles, on Iran about oil rights and the Iranian suppression of communism. She seeks to muddle Italian-Yugoslav negotiations about Trieste. She is conducting a high-pressure campaign to unify the economies of the countries within her sphere for her own benefit and to cut them off completely from the rest of the world.

Five years. And the term United Nations remains a mockery.

UNIVERSITY CALENDAR

UNIVERSITY CALENDAR items are scheduled in the President's office, Old Capitol

- Wednesday, April 26
 - Careers conference sponsored by the collegiate chamber of commerce, Old Capitol.
 - 8 p.m. — United World Federalists panel discussion, senate chamber, Old Capitol.
- Thursday, April 27
 - Careers conference sponsored by the collegiate chamber of commerce, Old Capitol.
 - 10:30 a.m. — Supreme court day, senate chamber, Old Capitol.
 - 7:30 p.m. — The University club, partner bridge, Iowa Union.
 - 7:45 p.m. — Naval Reserve Research unit, senate chamber, Old Capitol.
- Friday, April 28
 - 3:30 p.m. — Baseball: Purdue U., here.
 - 8 p.m. — Humanities Society, Morton Zabel on "W. H. Auden: An Effort at Definition," senate chamber, Old Capitol.
- Saturday, April 29
 - 2 p.m. — Baseball: Purdue U., here.
- Monday, May 1
 - 2 p.m. — University newcomers, tea and program, hostesses: Mrs. Homer Dill, 1127 Dill street.
 - 8 p.m. — Lecture by Dr. Sherman Wengert of "Reef Sedimentation of the Mjuro Atoll," auspices of the Graduate college and the department of geology.
- Tuesday, May 2
 - 6:30 p.m. — YMCA annual banquet, River room, Iowa Union.
- Wednesday, May 3
 - 8 p.m. — University band concert, Iowa Union.
- Thursday, May 4
 - 9 a.m. — The University club, May breakfast, Iowa Union.
 - 8 p.m. — Northern Oratorical league contest, senate chamber, Old Capitol.

(For information regarding dates beyond this schedule, see reservations in the office of the President, Old Capitol.)

GENERAL NOTICES

GENERAL NOTICES should be deposited with the city editor of The Daily Iowan in the newsroom in East Hall. Notices must be submitted by 2 p.m. the day preceding first publication; they will NOT be accepted by phone, and must be TYPED OR LEGIBLY WRITTEN and SIGNED by a responsible person.

APPLICATIONS for scholarships for the 1950 - 51 school year are now available at the Office of Student Affairs. Information pertaining to these scholarships may be obtained there.

NAVAL RESEARCH reserve unit will meet Thursday, April 27, at 7:45 p.m. in the senate chamber, Old Capitol. Interested naval reservists are invited.

ORDER OF ARTUS will meet Tuesday, April 25, at 12:15 p.m. in the pine room of Reich's cafe. Speaker will be Clark C. Bloom of the department of business.

YMCA — Everyone is invited to the "Grass Hop", the first of the campus frolic series of square dances sponsored by the YMCA. The dance will be held Saturday, April 29, at 8 p.m. at the Iowa Union band shell area. The dance is free and will be followed by a campfire on the Iowa river bank.

FRENCH CLUB will meet at the home of Prof. Grace Cochran, 10 Oak Ridge, at 7:30 p.m. Tuesday, April 25.

PHI GAMMA NU pledging will be held at 5:45 p.m. Wednesday, April 26, in Hotel Jefferson.

SUI YOUNG DEMOCRATS will meet Thursday, April 27, at 7:30 p.m. in room 225, Schaeffer hall.

STUDENT COUNCIL will meet Thursday, April 27, at 7:30 p.m. in the house chamber, Old Capitol.

MEMBERS of the Society of American Military Engineers and the Pontineers will meet at 6:50 a.m. Thursday, April 27, in the lobby of the Jefferson hotel to leave for the Rock Island field trip.

FUTURE TEACHERS will meet Thursday, April 27, at 7:30 p.m. in room 332 of the University elementary schools. Anyone interested is invited.

ADS — Alpha Delta Sigma advertising fraternity will hold a regular meeting in the Iowa Union Wednesday, April 26, at 7:30 p.m.

BILLY MITCHELL squabble will meet Thursday, April 27, at 7:30 p.m. in room 11, Army.

SUI Graduate to Marry

MR. AND MRS. CECIL WILSON, 824 E. College street, announce the engagement and approaching marriage of their daughter, Beth LeVan, an SUI graduate, to John Perry Almon, E4, Elm Grove, Wis. Mr. Almon is the son of Mr. and Mrs. Grover C. Almon, Minneapolis. Miss Wilson received a B.A. degree in chemistry last June. She is a member of Kappa Epsilon, honorary pharmaceutical sorority, and Alpha Delta Pi, social sorority. Mr. Almon will receive his B. S. degree in mechanical engineering in June. He is a member of Pi Tau Sigma, honorary engineering fraternity, Pi Eta Sigma, freshman men's honorary fraternity, and Alpha Tau Omega, social fraternity.

WRA to Select 1950-51 Intramural Board

The Women's Recreation association intramural board for the 1950-51 school year will be chosen this week, Intramurals Chairman Arlene Silverman, A4, Chicago, said Monday.

Girls interested in applying for board positions should pick up applications at the women's gymnasium before Wednesday. The applications are due Thursday at 5:30 p.m., Miss Silverman said. Events sponsored by the board this year were volleyball, basketball, mixed badminton, table tennis, swimming, mixed volleyball, bowling, tennis and golf. Each year a trophy is awarded the housing unit accumulating the most points in the intramural

Strawberry Time Means Taste Treats

It won't be long until strawberries will be a breakfast, lunch and dinner taste treat.

For a superlative dessert, strawberry shortcakes, or variations on that theme, are the answer. Strawberry trifles are a recent addition to the dessert list.

Fluffy cake is often used for shortcakes, and individual ones are made by baking batter in muffin pans. Use either a conventionally mixed two-egg or quick-mix cake, or sponge cake recipe, or if pressed for time, bake the plain cup or sponge cakes to make this excellent springtime dessert.

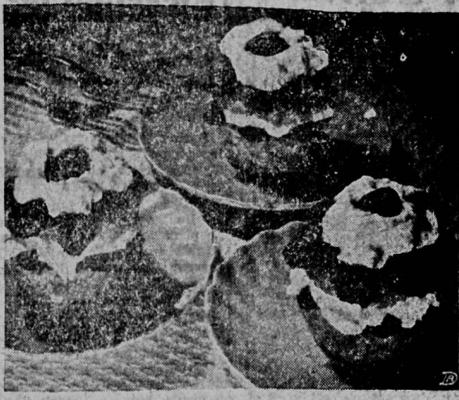

When ready to serve, cut the tops off the cupcakes and spread with whipped cream and berries. Put the top back on, and then cover with more berries and whipped cream. The result is a family favorite. The fluffy cake recipe may be made according to the following directions:

Strawberry Trifles

- 2 cups sifted enriched flour
- 3 teaspoons baking powder
- 1 teaspoon salt
- 1/2 cup shortening
- 1 cup sugar
- 2 eggs, beaten
- 1 teaspoon vanilla extract
- 3/4 cup milk

Sift together flour, baking powder and salt. Cream together shortening and sugar until light and fluffy. Add eggs, beating well. Add vanilla extract, then add flour mixture to creamed mixture alternately with milk.

Fill greased three-inch muffin pans one-half full and bake in a moderate oven (375 degrees F.) about 25 minutes. Cut off tops of cup cakes, and spread with whipped cream and halves of strawberries. Replace tops of cup cakes, garnish with more strawberry halves, and top with whipped cream and one whole strawberry. This makes about 14 three-inch cakes.

Strawberry Trifles

SUI Coeds Eligible to Enter Model Contest

An SUI coed may be the answer to an artist's search for modeling talent.

John Whitcomb, illustrator and creator of "The Whitcomb Girl," is sponsoring a national contest for women to model color page advertisements for a national silverware company.

Anne Smith, A4, Galesburg, Ill., is in charge of the contest in the Iowa City area.

Four women will be chosen from contestants throughout the country—one from the 25,000 and under population areas; one from cities between 25,000 and 100,000; one from areas between 100,000 and 500,000 and one from cities over 500,000.

Winners will be chosen by a committee headed by Whitcomb, Miss Smith said.

Each winner will receive an all-expense paid trip to New York City for one week for herself and her chaperone or husband; \$100 a day modeling fees while posing (approximately three days of the week); \$100 extra cash for incidentals, and the original of a \$2,000 painting of herself by Whitcomb.

Contestants should take any recent portrait or snapshot—posed or candid—to their jewelry store or silverware department, Miss Smith said. There they may fill

Tri-Delts to Attend State Meeting in Des Moines

Collegiate members and alumnae of the local chapter of Delta Delta Delta social sorority will attend the annual state meeting Saturday in Des Moines.

Active chapters from Iowa State, Simpson and Coe colleges also will attend.

State officers attending the meeting are Mrs. H. H. Koch, state recommendation chairman; Mrs. Walter Meads, state president, and Mrs. L. C. Pendry, permanent secretary.

Personal Notes

Mr. and Mrs. Philip R. Key, 533 S. Lucas street, returned Sunday from a two-week trip through Texas where they visited in Dallas, Hillsboro, Roscoe and the Panhandle section. On their return to Iowa City, they stopped in Kansas City, Kan., to visit their niece, Mrs. C. E. Loetel.

A son was born Sunday at Mercy hospital to Mr. and Mrs. Boyd Milroy, 202 Westlawn park.

Mr. and Mrs. Michael T. Delaney, 202 W. Park road, are the parents of a daughter born Monday at Mercy hospital.

A son was born Monday at Mercy hospital to Mr. and Mrs. Bert H. Long, 202 W. Park road.

Church Women's Circles Plan Luncheon Meetings

Luncheons, dessert meetings and potluck dinners are on the agenda for the Wednesday circle meetings of the Woman's Society of the First Methodist church.

Group meetings begin with Circle One meeting at 8 p.m. in Fellowship hall.

Mrs. Ralph Austermiller, 710 Clark street, will be hostess to Circle Two at 8 p.m. Mrs. L. L. Dunnington will give a book review. Assistant hostesses will be Mrs. Allen Wolfe, Mrs. J. M. Trummel and Mrs. Warren Bentzinger.

Plans Dessert Meeting Circle Three will hold a dessert meeting at 1:30 p.m. in the home of Mrs. Frank Kinney, 740 Kirkwood avenue. Speaker will be Mrs. J. A. Swisher. Mrs. Ewald Kuhlman will assist the hostess.

A dessert luncheon will be held at 1:15 p.m. in the home of Mrs. F. W. Richardson, 116 Golvieve street. Circle Four hostess, Mrs. Paul Nosek and Mrs. Roscoe Nifenegger will assist.

Mrs. Manly Fountain will lead devotions and Mrs. Ernest Bright will be in charge of the program. Circle Five will have a dessert luncheon at 1:30 p.m. in the home of Mrs. Roy Lackender, 1631 Morningside drive. Mrs. E. C. Richards will assist, and Mrs. C. A. Malmberg will be group leader.

Group Discussion Mrs. John W. Kobes, 436 S. Governor street, will be hostess

to Circle Six at 12 p.m. luncheon. Mrs. Clarice York will lead a group discussion on "Helps for Mental Housecleaning," at a dessert meeting of Circle Seven at 1:30 p.m. Mrs. E. E. Manville, 126 Richards street, will be hostess. She will be assisted by Mrs. J. J. Lechky, Mrs. Forrest Barker and Mrs. Aubrey White.

Mrs. Glenn Boylan, 618 Brown street, will be hostess to a dessert meeting of Circle Eight at 1:30 p.m. Mrs. George Abbott and Mrs. M. J. Fitzgerald will assist. Mrs. Ella McCrary will lead devotions.

A potluck meeting will be held at 1 p.m. in the home of Mrs. Roy Ewers, 1033 E. Washington street, Circle Nine hostess. Mrs. A. N. Hieronymus, Mrs. R. J. Libby and Mrs. C. Woody Thompson will assist. Mrs. Glenn Swails will lead devotions.

To Review Book Circle Ten will meet at 2 p.m. in Fellowship hall.

At 1 p.m. Circle Eleven will meet for luncheon in the home of Mrs. E. E. Cline, 603 E. College street. Mrs. Chan Coulter will give a book review and Mrs. Grant Snider will lead devotions.

Assistant hostesses will be Mrs. P. W. Henrick, Estella Boot, Mrs. A. K. Wesenberg and Mrs. L. L. Webster.

Circle Twelve will meet at 7:45 p.m. in Wesley house.

Catholic Student Center Adds Facilities

Expansion Includes Kitchen, Lounge

By CHARLES MICK
SUI Catholic students soon will have more rooms and facilities in their student center at 108 McLean street.

Two more rooms, a large kitchen and a lounge, recently have been made available for student use. New lounge furniture and equipment also have been ordered for the center, according to Thomas Ryan, G. Brooklyn, Newman club president.

Newman club, a national organization of Catholic students, is one of the major Catholic student organizations on the SUI campus. The club has three primary aims: religious, educational and social, he said.

Formerly Had One Room
The two rooms which recently have been made available to the students are on the basement level in the center. They were formerly used by Catholic priests. Students formerly had only one room there.

"The rooms below are considered the rumpus rooms, while the center rooms above have a more dignified air," Ryan said. The rooms below are the Newman club rooms; however, Ryan said all students are welcome to use them at any time.

The lounge when completely furnished will contain six new lounge type chairs, a study desk, card tables, lamps, a radio and phonograph, a large selection of both popular and classical records, and current magazines. Religious paintings will adorn the walls.

Welcome Addition
The kitchen will be a welcome addition to the center, Ryan said. It contains a large refrigerator, a gas stove and plenty of cupboard space.

"The recent changes here will provide Catholic students with a seven-day-a-week center," said the Rev. Robert Welch, one of

THE REV. ROBERT WELCH Newman club adviser, confers with Thomas Ryan, G. Brooklyn, club president, at a meeting last week. The Newman club is one of the major student Catholic organizations on the SUI campus. It has more than 300 SUI members.

three priests engaged in student work.

The center rooms on the floor level are richly furnished in hardwood tables and chairs. Large religious pictures adorn the walls, and there is a fireplace in the middle of one large student room.

800 Book Library
A small library of over 800 books is located just off the main student room. A grand piano is another outstanding feature in the student center rooms on the floor level.

The SUI Catholic Student center was founded on May 7, 1944. The center's first — and present — director priest was the Rev. Leonard Brugman.

Father Brugman is the director of all Catholic student activity. He is assisted in student work by Father Welch and the Rev. J. Walter McEleney.

Father McEleney is the adviser for the Catholic Student Nurses guild, which meets once a month in the center for intellectual religious activity.

Seminar for Law Students
Father Brugman is adviser for the Canon Law seminar, Catholic organization for law students, which meets twice a month.

Father Welch is adviser for the Newman club and the St. Albertus guild, which is made up of medical students and doctors.

This last fall, club members presented a series of programs explaining the Catholic Mass on the morning chapel hour at 8 a.m. over radio station WSUI.

Panel discussions on current topics are held each Sunday in the student center rooms, and many noted speakers are brought in to lead the discussions.

Lectures on Marriage
A series of lectures on "Marriage" will be held in May in the center. Four speakers, including Father Welch, will present the series.

After Sunday, the Newman club will hold its regular meetings each Sunday at 5 p.m. The meetings will be followed by a supper and social hour.

Father Welch said that the center will be open during the SUI summer session. Many activities are being planned for that period.

U-High Student Elected Youth Commission Head

A University high school student was elected president of the youth commission of the Episcopal diocese of Iowa at the spring convention of the group in Des Moines Saturday.

The new president is Steve Hulme, son of Mr. and Mrs. E.S. Hulme, 530 N. Clinton street, Episcopal Student Director Janet Kedney said Monday.

YMCA MEETING
The public is invited to the YMCA membership meeting at 7:30 p.m. Thursday in the YMCA room at the Iowa Union, Vice-President William Davis, A4, Burlington said. A panel report of a survey on discrimination will highlight the meeting.

SUI's Newman Club Elects New Officers

Elmer Hentges, A3, Dyersville, was elected president of the SUI Newman club Sunday, Thomas Ryan, G. Brooklyn, retiring president of the club, announced Monday.

The newly elected officers will be installed May 21 when a Newman club banquet will be given in Hotel Jefferson at 6:30 p.m., Ryan said.

Others elected to office include Sally Lachner, A3, Des Moines, vice - president; Jean Halback, A1, Clinton, recording secretary; Kathleen Morrissey, A3, Cedar Rapids, corresponding secretary; and Catherine Welter, A3, Iowa City, treasurer.

Ryan said the Newman club banquet will be one of the years "highlights" for the club, and awards to outstanding Catholic students will be given at the banquet.

Expect Confidence Votes For Labor Government

LONDON (AP) — Winston Churchill said Monday that the Labor government's "extravagance" and "class hatred" have brought Britain to the brink of disaster.

The famous British wartime leader warned that his followers will try to throw the Laborites out of power by forcing two confidence votes Wednesday on the 1950-51 budget.

Churchill, climaxing the opposition attack on Chancellor of the Exchequer Sir Stafford Cripps' list of proposed expenditures, accused the government of "amazing dissipation" of Britain's resources.

Music Instructor to Play On Faculty Music Hour

John Simms, instructor in music, will present a three-selection program at 8 p.m. Wednesday on the Faculty Music hour over radio station WSUI.

He will play Bach's "Italian Concerto," Franck's "Prelude, Chorale and Fugue" and Samuel Barber's "Sonata in E flat minor, opus 26."

Spring Brings — Bicycling for Fun, Health

Spring weather makes bicycling anyone's sport, whether it's for fun, fresh air, or pedaling away unwanted pounds.

William Novotny, proprietor of an Iowa City bicycle shop, said he plans to get two tandems and 10 new rental bikes to add to his present stock to meet the demands of SUI students and Iowa Citizens with the wanderlust.

Most people keep the bicycles out for an average of two hours.

Study in Country
"I tell them to go out for only an hour unless they are going on a picnic, because I don't like to see anyone tired out too much when they are not used to riding," Novotny said. "A person has to be in practice."

During final exams, students often take their books and bicycle into the country for some peace and quiet while studying.

Another popular use of bicycles is for room hunting, which requires covering a lot of territory not on the buslines.

After bicycles are brought in each time, they are checked to see that they are in working order.

Habits Different

"About 15 years ago people got up at four or six o'clock in the morning to go bicycling," Novotny said, "but they just don't get up that early anymore. Their habits are different."

The approaching summer season with its picnics and excursions means a boom in the bicycle business, Novotny said, and preparations are being made to take care of the demand for bikes.

MARRIAGE LICENSES ISSUED

Marriage licenses were issued Monday in the Johnson county clerk's office to Vernon Louis Horak and Shirley Irene Turecek, both of Cedar Rapids, and to Darrel K. Moreland and Marguerite Aikman, both of Tipton.

Instructor's Drama On Air Wednesday

"The Spirit of Valley Forge," a fifteen minute radio drama written by Instructor Crawford B. Thayer, SUI school of journalism, will be broadcast over radio station WSUI Wednesday evening at 8 p.m.

The radio drama points up the national jamboree of the Boy Scouts of America to be held at Valley Forge, Pa., June 30 through July 6.

In the program, Thayer will interview E. R. Williams, 525 S. Lucas street, jamboree chairman of the Iowa River Valley Council; Mrs. Wade Russell, Coralville; Eagle Scout Jerry Holland, 325 Melrose Court, and Scout Melvin Vevera, 1121 N. Dodge street.

Holland will be with the Iowa contingent of Boy Scouts who will leave Iowa City June 25 to visit Detroit and New York City, before attending the first national convocation of Boy Scouts since the 1936 jamboree.

A pre-training camp will be held in City park June 23 through June 25, where the scouts will be indoctrinated before leaving for New York.

Old Age Assistance To 461 in March

Old age assistance was given to 461 persons in Johnson county during March, the Iowa department of social welfare has reported.

The average payment was \$49.17 to each person, which equaled the statewide average.

The departmental report showed that the number of old age assistance cases in the state took a drop from 49,323 in March to 49,213 in April.

This was attributed to the fact that 532 of the cases were closed by deaths. The addition of 521 new cases presented a larger drop in the total number of persons receiving assistance.

The report also indicated there were 12 needy blind persons in Johnson county receiving an average of \$65.66 each.

Aid to 126 dependent children averaged \$28.73, the report said.

Park Bench Turns Love Seat

CITY FATHERS of Los Angeles, perhaps because spring is in the air, are replacing old-style park benches with this type — a love seat built for two. Two young people, also conscious of spring, demonstrate the advantages of the new type bench.

Local Officers to Attend AAUW Meeting

Five officers of the Iowa City branch of the American Association of University Women will participate in a bi-annual meeting of the Iowa Division of the AAUW Thursday through Saturday in Sioux City.

Discussing "Organizing AAUW Study Groups" will be Mrs. Paul Huston, 445 Grand avenue, president; Mrs. Lloyd Knowler, 207 and Prof. Amy Frances Brown of the SUI college of nursing, program chairman.

Vice-President Mary Parden, of the office of SUI's division of health services and sciences, will discuss "AAUW Standards of Recognition for Colleges and Universities."

Mrs. Otto Bowling, 1411 1-2 Rochester street, local education chairman and also education chairman of the state division, will conduct a workshop on AAUW educational surveys.

Election of state officers also will be held. Mrs. Huston said, Miss Parden is a candidate for vice-president of the Iowa division.

About 250 women from various parts of Iowa are expected to attend the meeting. Delegates are expected from each of the 33 branches in the state.

The Iowa City group expects to leave Wednesday.

Feather-bedding scheme of Firemen's Union to put an additional fireman on diesel locomotives has been CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were REJECTED TWICE!

FEATHER-BEDDING!

Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

LEADERS of the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman... upon either the ground of safety or that of efficiency and economy of operation."

what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good..."

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The real reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding."

The railroads have no intention of yielding to these wasteful make-work demands.

"The Safety Record of Diesels is Outstandingly Good..."
PRESIDENTIAL FACT FINDING BOARD REPORT
Read these excerpts from official reports of Presidential Fact Finding Boards:

"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation..."

Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders.

Safety Record of Diesels is Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them.

They represent that an extra fireman is needed for "safety" reasons. Here's

EASTERN SOUTHEASTERN WESTERN RAILROADS

Tommy Dorsey's Band To Play at 'Cotton Ball'

Tommy Dorsey, the "Sentimental Gentleman of Swing," will play "The Cotton Ball," Currier's annual girl-take-boy spring dance, Friday night in the Iowa Union.

Currier association members, Town Women, Westlawn residents and their dates will attend the dance. Currier Social Chairman Ruth Celke, C4, Cleveland, said Town Women can purchase their tickets in the Office of Student Affairs. Tickets are \$3 a couple.

TOMMY DORSEY Sentimental Gentleman of Swing

Dorsey, a trombonist, has started many vocalists on their way to success during his many years in the band business. Among them are Frank Sinatra, Jo Stafford, Dick Haymes, Connie Haines and the Pied Pipers.

Tommy's brother Jimmy played for the SUI Christmas formal in December, 1949. The two brothers formed a band together in 1934.

but split up soon afterward. Since that time, both have formed big-name bands. The movie, "The Fabulous Dorseys," told the success story of Tommy and Jimmy.

Best-known and remembered of Tommy's records are "Song of India" and "Marie." Use of a choral background, now a common practice in orchestra numbers, was introduced by Dorsey in "Marie."

Lions on the Loose

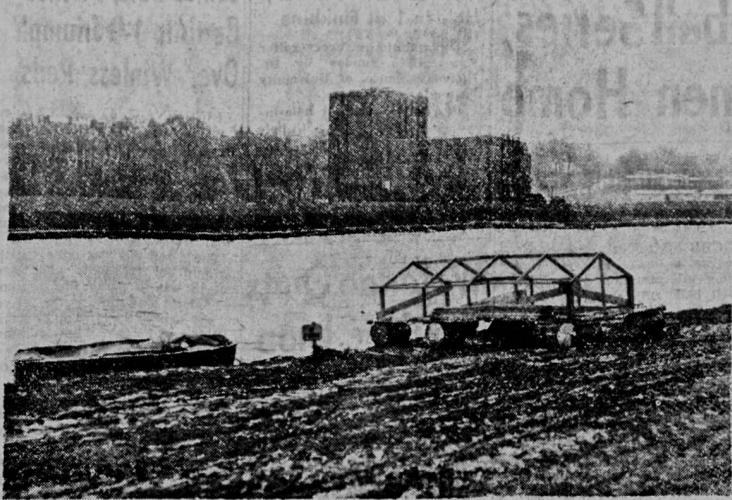

BADEN BADEN, GERMANY (AP) — Two lions clawed a German girl to death Monday and police arrested a discharged circus performer on suspicion that he freed the lions from their cages for revenge.

The discharged performer was questioned closely by police after a witness reported seeing him fumbling with the lock on the lions' cage. His name was withheld pending conclusion of the investigations.

STUDY RED "WEEDING"

WASHINGTON (AP) — Sens. Theodore Green (D-RI) and Henry Cabot Lodge Jr. (R-Mass) were assigned Monday to conduct an objective study of the state department's machinery for weeding out Communists.

SUI Patrol Boat to Get Floating Shelter

CONSTRUCTION OF A NEW FLOATING boathouse for SUI's 18-foot Chris-Craft speed boat was halted Monday afternoon by rain. The structure was started last Friday and will be completed sometime this week. The boathouse will be located north of the Fitzgerald boathouse, which houses the many canoes used on the Iowa river. The boathouse will be 20 feet by 10 feet. The boat, first used last fall, was stored in an SUI garage during the winter.

SUI Builds New Boathouse

A new 20 by 10 foot boathouse is being built for SUI's 18-foot Chris-Craft patrol boat, R.J. Phillips, superintendent of the division of maintenance and operations, said Monday.

The boathouse, to be anchored north of Fitzgerald's boathouse by the Iowa Union, will be fastened by a chain hooked to a post.

The patrol boat then will be able to move in and out of the shelter.

Eight barrels, fastened by long bolts to the shelter, will support the structure in the water.

A hatch in the roof of the floating boathouse will serve as an entrance to the closed shelter.

Phillips said the boat will be on full-time patrol duty to aid students whose canoes overturn in the river.

The boat will patrol from 4 to 6 p.m. and 7 to 10 p.m. Mondays through Thursdays.

On Fridays, Saturdays and Sundays it will be used from 1 to 6 p.m. and 7 to 10 p.m.

Marvin Hull, physical plant employee, will operate the boat. Swimmers from the SUI swimming team also will man the boat for live-saving purposes, he said.

The craft, purchased in September of 1949, carries live-saving equipment.

Iowa City Farm Store Faces Eviction Suit

Suit was filed in district court Monday asking the eviction of Charles S. and Joseph C. Gaeta from the building at 26 S. Van Buren street where they operate the Iowa City Farm Store.

The petition, filed by Gladys S. Nall, 350 Hutchinson avenue, charged the defendants had failed to pay their rent April 1 in compliance with their lease on the south half of the Nall building.

Attorneys for the plaintiff are William R. Hart and Louis Shulman, 604 Iowa State Bank & Trust building.

Oh, Well, They're Mighty Pretty, Anyway! —

Celestial 'Twinkles' Puzzle Star Scientists

By TOB SOGARD
Twinkle, twinkle, little star, How I wonder WHY you are! Why stars twinkle is a question many astronomers and optical experts would like to be able to answer positively.

Its not an academic question, because astronomers sometimes have trouble keeping "jumping stars" focused sharply when they take photographs of the heavens.

Prof. C.C. Wylie, SUI astronomy department, said the twinkling effect can be at least partly explained by "air turbulence."

An example would be the "dancing black patterns" seen in sunlight coming through a window and over a hot radiator, Wylie said.

Recently, one of the professors astronomy students called the astronomer to the SUI observatory to see the "edge of the sun boiling."

The student had witnessed the same effect as that produced by the sunlight over the radiator, Wylie explained. The earth's atmosphere is more or less "turbulent," just as is the heated air above a radiator.

Slanting rays of sunlight from the dimmest part of the sun, its edge, cut through more of the earth's moving air than they would at mid-day, which made for some king-sized "twinkles."

The "twinkles" produced the boiling effect seen by Wylie's pupil.

A recent report in an astronomy journal told of a device using an electric eye which moves every time a star "twinkles." In this way, clear pictures of stars can be made regardless of how jumpy the star is, the report said.

Optical Illusion? A British ophthalmologist, H. Hartridge, said it all in a person's eyes.

Hartridge, a member of the Institute of Ophthalmology in London, said in a Scientific American magazine article that the human eye rests on an object only about one-tenth of a second.

Since cells in the retina that "pick up" light have different sensitivities, Hartridge said, pinpoints of light, such as the stars, seem to dim and brighten. This gives the effect of twinkling, he said.

Wylie said Hartridge's explanation does not take into account photographic records of stars "twinkles."

"Broadcasting" Stars New sources of twinkling radiation are being studied by British astronomers. These "point sources" aren't visible by their light, but send radio waves similar to those from a broadcasting station.

These astronomers aren't star gazers; they're "star listeners." They use powerful radio receivers with directional antennas instead of telescopes to study the puzzling "broadcasting" stations from outer space.

Strange interstellar noise-makers, some of these objects are 100-million times as "loud" as our sun. And they, too, twinkle!

Identical receivers side by side pick up the signals with different brilliance, which is radio astronomy's equivalent to the twinkling of visible stars.

Some radio astronomers say the twinkling of the "radio stars" is caused by electron clouds in space that deflect the radio waves.

But nobody seems to agree just why either the visible type or the "radio" variety of stars twinkle.

Bills Proposed By U-High Lose

Bills proposed by University high school's representatives to the youth legislature in Des Moines last weekend were defeated, Hi-Y Adviser J.R. Skretting said Monday.

The bills were for the removal of food taxes and to require mudguards on trucks.

Representing University high school at the session were Jim Zeman, son of Mr. and Mrs. John Zeman, route 4; Dave Banc, son of Mr. and Mrs. Feryl Banc, 822 Rider street; Steve Hulme, son of Mr. and Mrs. E.S. Hulme, 530 N. Clinton street; and Nick Johnson, son of Prof. and Mrs. Wendell Johnson, 508 Melrose court.

Bob Ballantyne, son of Mr. and Mrs. Robert Ballantyne, 516 E. College street, acted as governor for the youth and government program.

The delegation was accompanied to Des Moines by Advisors J.R. Skretting and R.D. Castater. "The program has been most successful in achieving the goals set for it," Skretting said. "It is an opportunity for the students to see government in operation and come in contact with the 'top men.'"

An awards assembly will be held at the school Friday at 8:30 a.m. for presentation of honors in track, basketball, speech and other activities, Day said.

U-High to Hear SUI Professor

Prof. Richard Holcomb of the bureau of safety, SUI institute of public affairs, will tell of his work with the state bureau of investigation in an assembly at University high, 10:30 a.m. today.

Evan Clasen, son of Mr. and Mrs. Glen Clasen, route 5, and Dick Walton, son of Mr. and Mrs. Henry Walton, route 4, will act as masters of ceremony. Instructor James E. Day said Monday.

An awards assembly will be held at the school Friday at 8:30 a.m. for presentation of honors in track, basketball, speech and other activities, Day said.

Windstorm Destroys Ottumwa Dairy Barn

THIS LARGE DAIRY BARN on the Earl Harsch farm three miles south of Ottumwa was destroyed Saturday night by a windstorm which struck southeast Iowa. A small boy views the ruins of the farm. Mother Nature played its tricks in other parts of the state last weekend with an asserment of wind, hail, rain and thunderstorms.

Man's Best Friend

MILWAUKEE, WIS. (AP) — Hennen J. Blanton, 22, sobbed to a judge Monday that "love for my horse" drove him to pass two bad checks.

Blanton said he bought Rex, a riding horse, last month, but found he needed a saddle and bridle.

He admitted passing bad checks for \$98 and \$30 here to buy the equipment.

City Schools Pick Queen Candidates

Iowa City's four high schools have chosen candidates for Paper Doll Queen, Pres. Bob Ballantyne of the dance council said Monday.

The queen will be presented at the Paper Doll dance Friday.

Candidate from St. Mary's high school is Marilyn Meade, daughter of Mr. and Mrs. Emmett Meade, Osgrove.

St. Patrick's high school has chosen Jeanne Brennan, daughter of Mr. and Mrs. John Brennan, 705 S. Dubuque street.

City high school selected Pat Kelly, daughter of Mr. and Mrs. John Kelly, 230 Magowan avenue; Nancy Faris, daughter of Mr. and Mrs. Ralph Faris, 1100 1-2 N. Dodge street; and Donna Ebert, daughter of Mr. and Mrs. George Ebert, 1623 Wilson street.

University high school's candidate is Peggy Miller, daughter of Prof. and Mrs. A.K. Miller, 6 Melrose court.

Purdue Here Next For 2-Game Baseball Series, Thinclads to Drake, Golfers, Netmen Home

Rain Halts Outdoor Workouts Monday

Two home baseball games with Purdue headline the five contests scheduled for Iowa sports teams this weekend. Other activities for the Hawkeyes include the Drake relays, the opening of the Big Ten tennis season and a golf meet with Indiana.

The Iowa baseball team is tied for second in the conference race, with an even break in four games. Purdue has won four and lost five non-conference games. The series with Iowa will be its first league play.

16 to Drake
Sixteen track and field athletes will compete in the Drake relays at Des Moines Friday and Saturday. Iowa will enter a team in

Orth Hospitalized

Dick Orth, Iowa baseball pitcher, entered University hospitals Monday suffering what was thought to be glandular fever. Coach Otto Vogel said Monday the Waterloo junior became ill and went home Friday. Monday afternoon he returned to Iowa City and entered the hospital. Vogel said he was not certain as to the nature of the illness but understood it was glandular fever. Hospital attendants Monday night listed Orth's condition as "satisfactory."

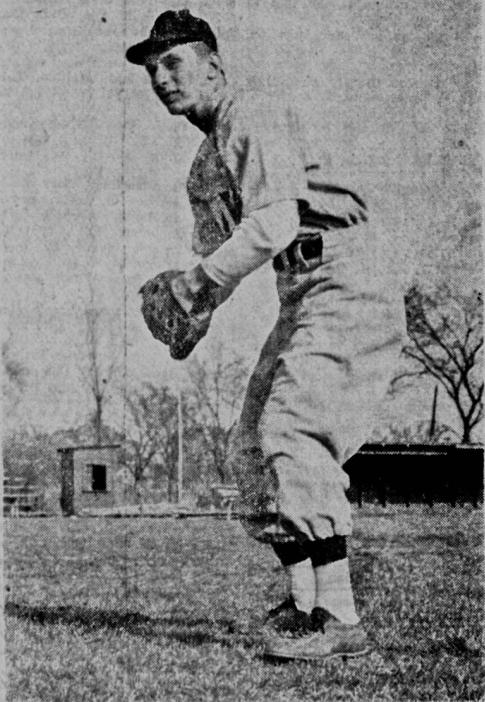

Orth, a left-hander was scheduled to pitch for the Hawkeyes last Saturday against Indiana.

440, 880 and mile relays, as well as the shuttle hurdles relay. Iowans also will be in four or five individual events.

Heading the track men at Drake will be Russ Merkel, Kansas relays champion in the 120-yard high hurdles. Merkel now has won four championships this season — the Big Ten indoor high and low hurdles, Illinois Tech high and Kansas relays high.

The tennis team will open its conference season against Illinois Saturday morning on the home courts.

In another home affair Monday the Iowa golfers, who have

ALL-AMERICAN COLLEGIATE baseball player Jack Dittmer is playing his last season for Iowa. The Hawkeyes' star second baseman led five individual departments for last season's Big Ten co-champions and again this year is leading in hitting, runs batted in and stolen bases. The 22-year-old Elkader senior hopes to play professional baseball after graduation.

already played four meets, take on Indiana.

Rain and a muddy diamond forced the Iowa baseball team inside Monday, hampering the Hawkeyes in their preparation for a two-game series with Purdue this weekend.

Iowa split with Indiana in two games Friday and Saturday, los-

ing the first game, 5-4, and taking the second, 6-1, with Glenn Drahn holding the Hoosiers to six hits.

Coach Otto Vogel was pleased with the team's play in the latter game and also the fact that in the two games the Hawkeyes out-hit Indiana 16 to 14. Vogel has hopes of even more improvement in the hitting department. The team batting average for 14 games, 10 of which were won, is .244.

Second Baseman Jack Dittmer proved to be the sparkplug of the team Saturday. He flied sharply and drove in three runs with his homer.

1-Second Rule Won't Affect Us: Harridge

CHICAGO (AP) — The American league is using its own long-time interpretation of the baseball rule and feels that it complies "100 percent" with this year's "one-second" revision.

League President Will Harridge Monday disclosed that his loop was following the same procedure on balk interpretation it has followed since 1937. It intends to keep following it, Harridge said.

This covers the revised version, adopted last December at New York, which stipulates a complete stop of at least one second between a pitcher's stretch and the start of his delivery, Harridge said.

"The American league is not affected by the so-called one-second rule," Harridge said. "We advised our umpires that they must be satisfied the pitcher comes to a full stop. Naturally, we are following the spirit of the revision, but we have always required a stop."

"We feel it's a matter of interpretation as to what is a second, but if a pitcher comes to a stop, it necessarily will require a second."

Harridge's comments followed reports that the American league was about to drop the one-second interpretation.

"The revision didn't start anything new," Harridge continued. "It was recommended as something to go by for the minor leagues and possibly the National League."

National League President Ford Frick was quick to reply at New York that "the National league follows the rule book. We don't carry any stop — watch, but we make them come to a complete stop like the rule book says."

Hawkllets Win Mile Relay at Cedar Falls

City high's mile medley relay team of Bob Moore, Jerry White, Dick Oliphant and LeRoy Ebert took first place honors in that event in the class A high school division at the 27th annual Teachers' college relays in Cedar Falls Saturday.

The winning time of the Hawkllet quartet was 3:47.4. In the 800-yard relay the same foursome finished third behind Des Moines North and Mason City.

University high placed in three of four class B events, entered, Bruce Nolt, Ron Coldsnow, Curt Miller and Bob Ewalt gave the Blues a second in the mile medley relay, won by the meet victors, Oelwein.

The Blue Hawks quarter-mile team of Frank Baker, Bob Cantrell, Coldsnow and Miller placed third behind Oelwein and Clarion; and the half-mile quartet — Cantrell, Miller, Coldsnow and Nolt — took fourth in that event behind Oelwein, Clarion and Perry. The Blues failed to place in the mile relay.

City high will send 26 Hawkllets to Davenport this afternoon for a triangular meet with Davenport and St. Ambrose.

Golf Season Official, Hole-in-1 at Finkbine

The ambition of every golfer was realized Sunday by Dr. Nicholas Doubas of University hospitals.

Dr. Doubas fired a hole-in-one on Finkbine field's 8th hole — a 160-yard par three layout. He used a No. 8 iron.

Playing with Dr. Doubas were Doctors Albert Alter and James Taylor. It was Dr. Doubas' first ace.

Waterloo Quits Pro Cage Loop

CHICAGO (AP) — Three members, Denver, Colo.; Sheboygan, Wis.; and Waterloo, Iowa, Monday quit the National Basketball association and immediately announced plans for an eight or 10-team rival circuit.

Representatives of the three cities named Dixie Moore, veteran professional cage executive, as commissioner of the proposed loop.

The three clubs had failed to post a \$15,000 cash performance bond and their walkout left the NBA with a membership of 12 clubs. St. Louis last Saturday announced it was quitting the NBA and Anderson, Ind., previously had sold its franchise to the league.

Moore, who is general manager and coach of Anderson and headed the former National Basketball league which was absorbed by the NBA, said he would call a meeting in two weeks to organize the new league.

He said interested cities also include Oshkosh, Wis., or Milwaukee, Grand Rapids, Mich.; St. Paul, Des Moines, Omaha, Colorado Springs, Colo., Rockford, Ill.; Anderson, Terre Haute, Ind.; St. Louis and Evansville, Ind.

The rift again sets the stage for competitive bidding for players which existed before the NBA gobbled up the National loop two years ago.

Owners Favor Tall Men in NBA Draft

CHICAGO (AP) — The National Basketball association Monday night began preparation of its 1950 college draft list with team owners showing a preference for tall men.

High on the list of sought-after cage stars are Don Rehefeld, 6-foot, 5-inch sensation from Wisconsin, Charles Share of Bowling Green, Ohio, Dick Schmittner of Ohio State, and Bob Lavoy of Western Kentucky.

Walter Kennedy, NBA publicity director, said some teams were considering Charlie Cooper, 6-foot, 6-inch Negro rebound star from Duquesne. If signed, Cooper would become the first Negro to play in the NBA.

Kennedy said teams were ready to draft five or six new players each to make a total college draft list of about 60.

Carideo in U. Hospitals To Undergo Treatment

Frank Carideo, former Iowa backfield coach, has entered the University hospitals suffering from an acute infection, it was learned Monday.

Carideo will undergo treatment only, it was reported, at the eye, ear, nose and throat clinic. No surgery was planned.

The former assistant on Dr. Eddie Anderson's coaching staff announced he would quit football coaching shortly after Anderson's resignation at Iowa but said he planned to remain in Iowa City and go into business.

Lanier Bats, Pitches Cards to 1-0 Triumph Over Winless Reds

CINCINNATI (AP) — Max Lanier doubled home the only run of the game in the ninth inning Monday night to give the St. Louis Cards a 1-0 victory over Cincinnati. Lanier and Ken Raffensberger had waged a brilliant scoreless pitching duel until that final frame.

The defeat was the fifth straight for the Reds who have yet to win a game this season. Lanier's long ninth inning drive to left scored Harry Walker from Steve Bilko had opened the inning with a single. Walker went in to run for him and was sacrificed to second by Del Rice.

Raffensberger managed to get Eddie Miller but Lanier then came through with his wallop.

The chunky Cardinal southpaw hurled brilliant ball in winning his first game of the season. He allowed only two hits after the second inning, fanned seven and walked only two.

St. Louis 000 000 001-1 10
Cincinnati 000 000 000-0 11
Lanier and Rice; Raffensberger and Cooper.

Scarborough Blanks Red Sox on 3 Hits

WASHINGTON (AP) — Washington's Ray Scarborough continued to exercise his hex over Boston Monday night, limiting the Red Sox to three hits — all by Al Zarilla — as the Senators edged Al Pappal, 3-0.

Pappal, who held the Senators to four hits, was the victim of a weird eighth inning when Washington scored all its runs without getting the ball out of the infield. Manager Joe McCarthy of Boston was ejected from the game in that inning, but allowed to return.

Scarborough walked to start the uprising. Gil Coan sacrificed and both runners were safe when First Baseman Billy Goodman threw wide to second attempting to force Scarborough.

Sam Dent beat out a bunt down the third base line, filling the bases, but when Johnny Pesky threw wild past first Scarborough scored and Coan took third. Irv Noren struck out and Eddie Robinson tapped to Pappal, who trapped Coan between third and the plate.

On the ensuing rundown Coan bumped into Catcher Matt Batts and was permitted to score on Batts' interference. McCarthy protested vigorously and was thumped out by Bill McKinley, plate umpire. Dente, who took third on the attempted rundown, scored when Ed Stewart grounded out to Goodman.

Boston 000 000 000-0 3 10
Washington 000 000 003-3 4 10
Pappal and Batts; Scarborough and Evans.

Instruction Today On Water Safety

A water safety instructors course will be held today, Wednesday and Thursday at 4:30 p.m. in the Iowa pool, Coach Dave Armbruster announced Monday.

To be eligible for the course a person must have held a senior life saving certificate for one year. Applicants must also be 19 years of age and "have a definite need" for the course, Armbruster said.

Anyone in Johnson county meeting these requirements is eligible. Registration should be made with Armbruster today.

MONDAY'S SCORES

NATIONAL LEAGUE
St. Louis 1, Cincinnati 0 (night)
Brooklyn 6, Boston 4 (night)
Philadelphia at New York, rain (Only games scheduled)

AMERICAN LEAGUE
Washington 3, Boston 0 (night)
Detroit at St. Louis (night), rain
Cleveland at Chicago, rain
Philadelphia at Philadelphia, rain

TODAY'S PITCHERS
Brooklyn at Boston—Hatten (0-0) or Philadelphia (1-0) vs. Rickard (0-1)
Philadelphia at New York—Meyer (0-1) vs. Jansen (0-1)
Chicago at Pittsburgh (night) — Rush (1-0) vs. Green (0-0)
(Only games scheduled)
New York at Philadelphia—Raschi (0-1) vs. Brissie (0-1)
Boston at Washington (night)—McDermott (1-0) vs. Hudson (0-1)
Cleveland at Chicago—Garcia (0-0) vs. Cain (0-0)
Detroit at St. Louis (night)—Trucks (1-0) vs. Fanning (0-0) or Ostrowski (0-0)

It's Getting Near That Time
IT'S LOUISVILLE AWAY for Christopher T. Chenery's Hill Prince, one of the top choices to cop the 76th running of the rich Kentucky Derby. Eddie Arcaro, already the winner of four Derbys, has chosen Hill Prince for this year's 3-year-old classic. With Hill Prince is his groom, Bill Street and the stable's mascot, Nellie, a black cocker spaniel.

Wildcat Golfers Crush Iowa

EVANSTON, ILL. — Northwestern's golf team opened its Big Ten season by defeating Iowa, 23 1-2 to 6 1-2, over a rain swept Northwestern university course Monday.

The Wildcats won the morning doubles matches, 6-3, and then captured the afternoon singles, 17 1-2 - 3 1-2.

Bob Reiland of Northwestern posted a par equalling 36-35-71 to win the No. 1 singles match from Iowa's Bill Ferguson, 3-0. Reiland's 71 was the best score of the day.

Ferguson topped the Hawkeye shooters with a 72 in the morning as he teamed with Chuck Kromer to win the No. 2 doubles from Bob Steingraber and Bob White of Northwestern, 3-0.

It was the second conference loss for Iowa. Saturday the Hawkeyes fell to Illinois, 16-14, after defeating the two non-conference foes.

Doubles
Bill Ferguson and Charles Kromer 11-71, defeated Bob Steingraber and Bob White 75, 3-0.
Bob Reiland and Bob Fisher (NW) 11, defeated Gene Slack and Skip Carbo 76, 3-0.
Larry Feldman and Jim Love (NW) 71, defeated Dick Miller and Les Fields 76, 3-0.

Singles
Reiland (NW) 71, defeated Ferguson 75, 3-0.
Fisher (NW) 71, defeated Slack 80, 2-14
Love (NW) 76, defeated Carlson 71, 2-12 - 1-2.
White (NW) 77, defeated Kromer 84, 3-0.
White (NW) 72, defeated D. Anderson 75, 2-12 - 1-2.
A. Anderson (NW), defeated Miller 81, 3-0.
D. Anderson (I) 78, defeated A. Anderson 80, 2-1.

'Nothing New' on Hawkeye Cage Job

Iowa Athletic Director Paul Brechler said Monday "there is nothing new" concerning the selection of a head basketball coach.

Rumors were current Monday that an appointment had been made to fill the vacancy created when the board in control of athletics dismissed Lawrence (Pops) Harrison, April 10.

It is likely that a staff committee meeting will be held later this week, at a time yet to be determined, Brechler said.

Last Wednesday Brechler said the new coach would be named "in the near future." He declined to say just how soon the selection would be made, however.

At that time the athletic director said that some 30 applications for the job had been received. He did say that there would be no trans-continental trip to interview candidates.

Bad Throw Lets Brooklyn Win, 6-4

BOSTON (AP) — By scoring two runs on a bad throw to third in the seventh inning Monday night the Brooklyn Dodgers whipped the Boston Braves, 6-4, before 18,478 fans who sat through 47 degree temperature for nearly three hours.

The defeat, in the first night game of the season, was suffered by 23-year-old Dick Donovan who made his first major league start. Don Newcombe, who was relieved by Willard Ramsdell in the ninth when the Tribe threatened, was credited with the decision, his first. He lost his first start.

Roy Campanella, Dodger catcher, aided his team's effort by crashing a two run homer off the base of the scoreboard in left field in the sixth inning. It was the second four base swat of the young season for Newcombe's battering mate.

That pulled the Dodgers into a 4-4 tie which was broken far good when Catcher Del Crandall threw poorly to third base in an effort to pick off Duke Snider.

The ball skittered into left field foul territory. Snider and Carl Furillo, whose steal of second prompted Crandall to peg to third trying to trap Snider, raced home with the winning runs.

Brooklyn 100 012 200-6 7 9
Boston 003 010 003-4 9 3
Newcombe, Ramsdell 19 and Campanella; Donovan, Chipman 71 and Crandall. HR: Bkn.—Campanella.

Johnson County Retail Sales Up 206 Percent Since 1939

Johnson county retail, wholesale and service establishments increased their volume of business and the number of their employees from 1939 to 1948, the federal census bureau reported Monday.

The bureau based its report on preliminary figures from the 1948 census of business, the first of its kind since 1939.

Retail sales in Johnson county during 1948 totalled \$41,344,000, an increase of 206 percent over 1939's total of \$13.5-million. Of the 442 county retail trade establishments, 296 are located in Iowa City.

County wholesale business during 1948 totalled \$20,175,000, or an increase of 446 percent over the \$3.7-million total of 1939. Iowa City has 32 of the country's 59 wholesale trade establishments.

Receipts of county service trades in 1948 totalled \$1,465,000, an increase of 114 percent over the 1939 total of \$700,000. Of the 97 service trades, 75 are in Iowa City.

The census bureau reported retail, wholesale and service establishments in Iowa City employed 2,780 of the 3,125 Johnson county workers in these trades during the workweek ending near Nov. 15, 1948.

For the same workweek in 1939, county retail, wholesale and service trades employed only \$,07 workers.

Freshman Orientation Committees Set Up For Next School Year

Twelve committees for 1950-51 freshman orientation were set up Monday when more than 30 SUI students attended the men's orientation meeting in the house chamber of Old Capitol.

The committee generally will follow the procedures of the past years, but more extensively, according to Chairman Don Guthrie, A3, Iowa City.

The goal of the program is to acquaint, advise, assist and encourage new students at SUI.

A new phase of freshman orientation — a freshmen variety show — may begin next year. A committee has been appointed to investigate the possibility of a freshmen variety show.

Mass meetings used in past orientation programs will be discontinued, Guthrie said, and housing unit get-togethers will be substituted.

Many of the ideas for this year's orientation program came from a questionnaire sent to freshman students after orientation last year, Guthrie said. The function which most students chose as best was the Iowa Union open house.

The deadline for completing the program to use next fall has been set for May 22.

Prof. Olson Elected To Head Association

Prof. Paul R. Olson, economics department, was elected president of the Midwest Economics association which met in Des Moines Friday through Sunday.

Prof. C. Woody Thompson, director of SUI's bureau of business and economic research, was reelected secretary-treasurer.

About 25 SUI faculty members attended the three-day conference.

New Secretary of U.S. Airforce Congratulated

NEW AIRFORCE SECRETARY Thomas K. Finletter receives a congratulatory handshake from Secretary of Defense Louis Johnson (right) after being sworn in at a Pentagon ceremony Monday. Also congratulating Finletter (extreme left), New York lawyer and long-time champion of a larger airforce, are (left to right) W. Stuart Symington, retiring airforce secretary; Secretary of State Dean Acheson; Mrs. Finletter, and Johnson, who administered the oath of office.

World Government Week Events Announced

The schedule of events for World Government week was announced Monday by Atty. J. Newman Toomey, chairman of the Johnson county United World Federalists chapter.

Mayor Preston Koser Saturday issued a proclamation which opened World Government week in Iowa City Monday.

Toomey said the major event of the week will be a rally at 8 p.m. Wednesday in the senate chamber of Old Capitol.

The Rev. Evans Worthley, local chairman of the UWF's government week committee and pastor of the Unitarian church here, will preside at the rally.

A five-speaker panel will discuss "How Can We Get World Government?" This will be followed by a general question period, Toomey said.

Toomey listed the following schedule of events: Two broadcasts will be heard today, both over local stations.

At 6:30 p.m. a special World Government week program will be presented, followed at 7:45 p.m. by another program entitled, "Are You Too Busy?"

Wednesday, a dinner meeting for members of Johnson county and SUI members of UWF will be held in the D & L grill. The dinner precedes the rally in Old Capitol at 8 p.m.

Thursday, a third broadcast will be made from one of the local stations at 6:30 p.m. The week's activities will close Saturday with members of both local chapters of UWF attending the state convention in Des Moines.

SUI Grad Writes Book on Surgery

Dr. Gerald H. Pratt, 1928 graduate of the SUI college of medicine, has written a book entitled "Surgical Management of Vascular Diseases," published recently by Lea and Febiger company.

In his book, Dr. Pratt presents a classification of the diseases of the circulatory system, clinical pictures of each disease and a complete outline of current methods of treatment.

Dr. Pratt is now assistant clinical professor of surgery at New York post-graduate medical school in New York City.

Four-Room House Can Be Finished in Three Weeks —

Framework of Pre-Fabricated Home Built in Just a Day

By VANCE CLARK
A new low - priced house which can be built in three weeks may answer a few of Iowa City's housing problems.

The framework of the pre-fabricated home is constructed in one day. The only remaining work then is trimming the outside and finishing the interior.

The economy - size pre-fabricated homes are being constructed by Gene Schlaegel, 904 E. Fairchild street and Elmer Giblin, 521 S. Governor street.

Schlaegel graduated from the SUI college of law in 1936.

Five Built Here
Five of the pre - fabricated homes have been built in Iowa City so far, four of them in the 400 block on W. Benton street and one at the corner of Court street and Second avenue.

The house measures 24 by 28 feet and sells from \$7,000 to \$7,800, including the lot, Schlaegel said.

Iowa's High Court To Hear Seniors Argue Law Case

Four SUI law seniors will argue before the nine Iowa supreme court justices Thursday afternoon as part of the college of law's annual Supreme Court day on the SUI campus.

The four law students, who were winners in the junior arguments last fall, are John A. Stuchnoth, Iowa City; P. L. Nymann, Cedar Falls; Richard D. Hobbet, Eagle Grove, and Tom Stewart, Knoxville.

The arguments will be held at 2:30 p.m. Thursday in the senate chamber of Old Capitol. They will be open to the public.

Participation in the Supreme Court day arguments is one of the highest honors to be won by students in the college of law, Atty. Arthur O. Luff, faculty director of the arguments, said Monday.

Argue Mythical Case

The case the students will argue is a mythical appeal concerned with the question of a city's immunity from damage suits, Luff said.

A city, without passing an ordinance, made it a practice to send its fire truck to answer calls outside the city.

It solicited contributions from farm organizations and individuals to purchase a new truck so it could continue to provide this service.

One day, one of the contributing farmers called the fire department for help. A police car accompanying the truck to the fire collided with another car on the highway, and the driver sued.

Can City be Sued?
The question to be decided is "Was answering the farmer's call a legal governmental function of the city fire department?"

If it was not, the city can be sued for damages. If it was, the city cannot be sued.

A lower court directed a verdict in favor of the city, and the owner of the damaged car appealed the case.

The Supreme Court day activities also will include Coff initiation ceremonies in the morning and a banquet in the evening.
Coff is an order for law students high in their class scholastically. Henry C. Shull, member of the state board of education, will be initiated into honorary membership.

3 SUI Physicists To Attend Meeting

Three faculty members of the SUI department of physics will attend the annual meeting of the American Physics society Thursday through Saturday at Washington, D.C., according to Prof. Louis A. Turner, head of the department.

Attending will be Profs. Arthur Roberts, Fritz Coester and Turner. Roberts will present a paper, "Internal Conversion Coefficients in Cobalt 60," prepared by Milton Moon, G. Iowa City; Margaret Waegoner, G. Washington, Iowa, and Roberts.

Turner said he also will attend a Wednesday meeting of the council of the society. Before returning to Iowa City he will meet in Chicago with the Chicago board of governors of the Argonne National laboratories Monday and the Council of Participating Universities of the Argonne laboratories Tuesday.

Alarm Clocks? Pooh!

MASSILLON, OHIO (AP) — City Auditor Edgar L. Lash Monday withheld payment for three \$5 alarm clocks for the Massillon fire department. He gave this reason: "There should be a fireman on duty 24 hours a day. I see no reason for an alarm clock to wake up anyone."

IKE COUNSELS NEWSPAPERS
NEW YORK (AP) — Gen. Dwight D. Eisenhower called on the nation's newspapers Monday to keep unbiased and to defend "the political and economic freedom of each one of us."

said. The modern home has a living room, kitchen, bath and two bedrooms, and is equipped with a gas furnace and hot water heater, Schlaegel said.

The kitchen has a two-tub sink and cupboard space measures 108 inches, he said.

Three Weeks to Finish
Schlaegel estimated it would take about three weeks to finish building and trimming a ready-to-move-in home.

The living room floor is covered

with 8-inch oak squares, while floors in the other rooms are covered with asphalt tile.

Interior paneling is made of plywood which has been lacquered and waterproofed, he said.

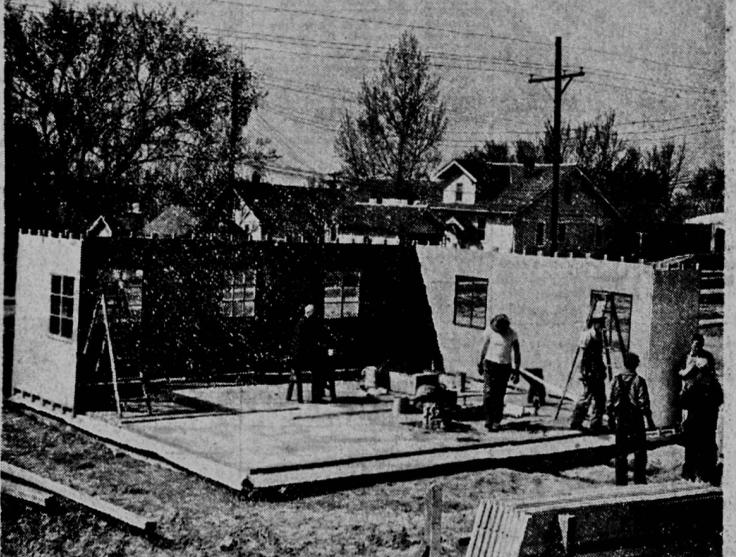

15 to 20 Percent Cheaper
Schlaegel pointed out that tests show this home will withstand a 200 mile an hour wind, and that it is 15 to 20 percent cheaper to heat than the ordinary home.

The home is put together with bolts and lag-screws. Very few nails are used in the construction.

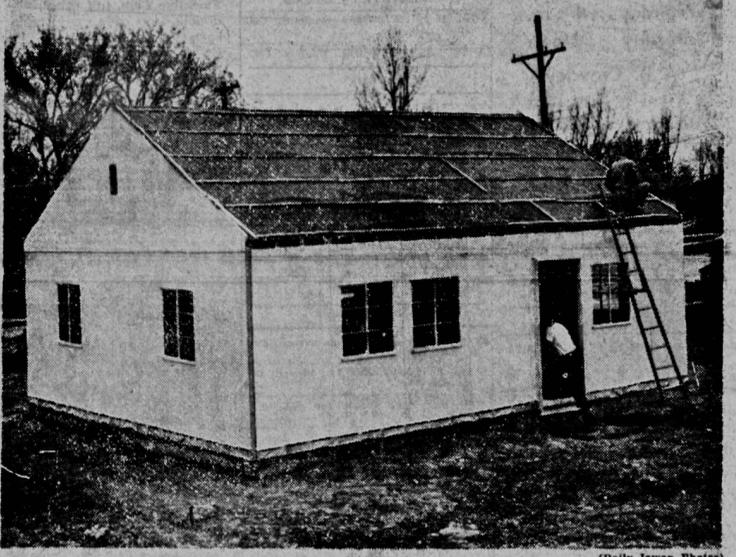

The "quickie" homes have a truss roof construction which puts the weight of the roof on the sidewalls and not the partition.

Outside walls are made of special process plywood which allows them to withstand the weather.

Schlaegel told of one humorous reaction to the speed of putting up the house. He said a worker who daily passes the corner of Court street and Second avenue, almost ran his car into the ditch when he saw the house that hadn't been there that morning.

STARTING FROM SCRATCH at 7 a.m., construction of this pre-fabricated house was well on the way when picture was taken at 9:30 a.m. This is the fifth of such homes constructed by Gene Schlaegel, 904 E. Fairchild and Elmer Giblin, 521 S. Governor. According to Schlaegel, it takes about three weeks to complete a pre-fabricated ready-to-move-in home.

ELEVEN HOURS LATER the frame of the pre-fabricated structure had been completed except for trimming the outside and finishing the interior. This "down to dusk" house was constructed in the 400 block on W. Benton street. Gene Schlaegel, 904 E. Fairchild street, estimated cost of the homes to be between \$7,000 and \$7,800, including the lot. Construction for four-room homes takes about three weeks, Schlaegel said.

FCC Leader Asks Measures to Halt Gambling Syndicates

WASHINGTON (AP) — Chairman Wayne Coy of the federal communications commission asked congress Monday to strike at organized gambling by outlawing interstate transmission of information on bets, odds or prices — even in regular news reports.

He offered a senate commerce subcommittee a new bill drafted by the FCC as a substitute for legislation proposed by the justice department to crack down on interstate gambling syndicates.

Bill Too Vague
Coy said the justice department bill is "too vague" and would be "impossible to administer."

The justice department bill would not interfere with newspaper publication of any sporting information or its transmission by the major wire services. But it would require radio and television broadcasters to observe a one-hour time lag before broadcasting race results, odds or prices.

Remove Blanket Exemption
The FCC proposal would remove the blanket exemption for the major news wire services. Newspapers would not be permitted to receive over interstate facilities any information on bets, odds or prices, and broadcasters would be forbidden to air such information at any time.

Coy said such information has "no independent news value" aside from its gambling interest.

6 Schools to Compete in Oratorical Contest

Representatives from six mid-western universities, including SUI, will participate in the Northern Oratorical league contest here May 5.

The one-day session will be held in the senate chamber of Old Capitol, instructor Merrill Baker, speech department, said.

Each school will be represented by a single participant in the contest. Prizes will be given to the winning speaker and the second place winner. First prize of \$100 and the runner-up prize of \$50 are provided from an endowment established by Frank O. Lowden, SUI class of 1885, Baker said.

Gilbert Peafliman, A.B., Des Moines, will represent SUI. He qualified for the NOL by winning the 1950 Hancher Oratorical contest.

In addition to SUI, the following universities will participate: Minnesota, Northwestern, Western Reserve, Wisconsin and Michigan.

Elect George Anderson Nu Sigma Nu President

George Anderson, M3, Avoca, was elected president of Nu Sigma Nu, national medical fraternity for the 1950-51 school year at a recent meeting, according to John Hastings, M3, Des Moines, retiring president.

Other new officers elected were Harold Caudle, M3, Williams, vice - president; John Nickless, M2, St. Charles, Ill., secretary; James Gannon, M1, Spencer, treasurer; Norris James Wilson, M3, Shenandoah, custodian; John Baker, M1, Des Moines, and Walter Larson, M1, Madrid, co-athletic chairmen, and Jay Moeller, M2, Des Moines, social chairman.

Audio-Visual Aids Grow

SUI's Library Now One of Oldest in U.S., Nearly 500 Miles of Film in Storage

By JULIE JENSEN
About 492 miles of movie film is stored in SUI's audio-visual library, according to John Hedges, associate director of the bureau of audio-visual aids.

The library, established in 1814, is one of the oldest of its kind in the United States. Originated long before the 16 millimeter movie was invented, the library for many years distributed slides for visual education.

Today the audio - visual library circulates wire recordings, tape recordings and sound films in color and in black and white.

About 7,000 reels of film on 2,000 subjects are kept in the library's storage room, Hedges said.

Cost \$50 a Reel
The films are purchased from all parts of the country. Many are made by the Encyclopaedia Britannica Films, Coronet company, the Canadian Film board and the International Film foundation.

All films must be previewed by a committee from the department interested in the picture before it is purchased.

The average cost of films is \$50 a reel.
The range of topics includes fire prevention, government, psychology, speech correction, religion, vocational guidance and many others.

Among the SUI departments that have sponsored films produced on the campus are the Iowa child welfare research station, the bureau of dental hygiene, the department of physical education for women, the department of athletics and physical education for men and the college of medicine.

Distributes 50,000 Reels
About 50,000 reels of the 16 millimeter film were distributed among schools, clubs, P.T.A. groups and churches in Iowa during 1949, Hedges said. The SUI campus alone used 7,500 reels.

Charges for the use of reels are \$1 for black and white films and \$1.50 for color films.

Before a film is shipped to an exhibitor, it must be taken from storage and inspected to see if it

Farm Youth Denies He Tried to Murder Parents with Truck

ADEL (AP) — Harry Lux, 22, who authorities said became angered over a balky cow and ran down his parents with a truck, pleaded innocent at his arraignment Monday on a charge of assault with intent to commit murder.

He waived to the grand jury, which meets next in September. Bond was set at \$10,000, which Lux failed to produce. He was returned to jail.

Sheriff Evan A. Burzer, who arrested Lux earlier Monday at his farm home near Waukeg, said Lux previously admitted running down his parents and also admitted attempting to set fire to his parents' home near Waukeg.

The sheriff said Lux's only explanation for his actions last Saturday was that he "got mad."

Burzer added, however, that there had been friction between Lux and his parents for some time.

Lux's sister said he appeared to "blow his top" over the actions of a balky cow. Authorities said that after the cow refused to enter a barn, Lux got into the truck, ran over his mother and then tried to drive upon a porch where his invalid father was sitting in a wheel chair. The elder Lux's chair rolled off the porch, the sheriff said.

Neither of the parents was badly hurt.

Red-Ousted Missionary To Visit in Iowa City

Dale T. Tingey, 25, one of the American missionaries ordered out of Czechoslovakia by the Communist regime last month, will arrive this week for a two-day visit with his brother, Calvin Tingey, 421 S. Capitol street.

Dale is a missionary of the Church of Jesus Christ of Latter Day Saints, and spent two years behind the Iron Curtain in Czechoslovakia before the American activities there were halted by the authorities. The Czechs accused the Americans of espionage.

After visiting his brother, also a missionary of the same church, he will travel to Salt Lake City.

WITH SMOKERS WHO KNOW... IT'S
Camels for Mildness!
Yes, Camels are SO MILD that in a coast-to-coast test of hundreds of men and women who smoked Camels — and only Camels — for 30 consecutive days, noted throat specialists, making weekly examinations, reported
NOT ONE SINGLE CASE OF THROAT IRRITATION due to smoking CAMELS!

Flat-Top says:
"Pile 'em on, friend; (that's what I'm built for)"
You see, Swaners handy-andy "Flat-top" makes another welcome shelf in your crowded refrigerator. Crammed with too many dishes, bowls, or cartons? Just pile 'em on "Flat-top." That's what this helpful Home Town milk container is built for. His snug, easy-to-open cap fits back into place, flat as a floor, so dishes sit level on top.
Keep your refrigerator neat as "Flat-top" himself. When you buy milk today, choose Swaner's Home Town "Flat-top." Same low price, "Flat-top" or glass.
In "Flat-Tops", buy these Swaner stars:
★ Homogenized — Vitamin D Milk
★ Cream-line Milk
★ Half and Half Cream Milk
"Flat Top" means Home Town
it's all SWANERS
