

**Pacific Bases' Warnings**  
 Defense Secretary was told Monday that the United States must present bases in Japan because the Communists have access to the biggest air bases in Asia. The bases in Japan will be kept, but the bases in the Far East retained, Johnson said.

Johnson was given by Gen. Arthur when Johnson, Omar Bradley, the joint chiefs of a conference of air chiefs were told bases on Formosa and possibly the Philippines. Johnson said that while the chiefs were rejecting it, Johnson and Bradley were equally impressed. Johnson said that the continued Communist presence in this country is a threat to the United States.

Johnson and Bradley were talking, representative parade of army, navy, marine members of the forces.

# The Daily Iowan

Est. 1868 — AP Leased Wire, AP Wirephoto, UP Leased Wire — Five Cents  
 Iowa City, Iowa, Wednesday, June 21, 1950 — Vol. 84, No. 219

**Weather**  
 Partly cloudy today. Not much change in temperature. Scattered showers Thursday. High today, 89; low, 55. High Tuesday, 78; low, 52.

## Teachers May Continue Study Under New GI Interpretation

Teachers now attending SUI will be allowed to attend summer sessions after July 25, 1951, under the GI bill, even though they return to teaching jobs every fall, William Coder, director of the SUI Veterans' service, announced Tuesday.

This reversed a statement issued April 10, 1950, regarding the future eligibility of veteran-students.

## City Considering Proposal to Open Three New Streets

A proposal to open three new streets, build two railroad underpasses and widen a street intersection was being considered by the city Tuesday.

The city council Monday night referred this proposal to the planning and zoning commission following council action on spending nearly \$145,000 on the improvement of Iowa City streets.

The proposal includes:

1. Opening of Seventh avenue north from Morningside addition to Rochester avenue. This would provide for about three blocks of new street.
2. Opening Seventh avenue north from Muscatine road, and connecting these two streets with a railroad underpass.
3. Opening Washington street to connect with Wilson street and Morningside drive.
4. Establishing an underpass under the railroad tracks at the intersection of Linn and Des Moines streets.
5. Widening the street turn north from Newton road onto Woolf avenue near the Veteran's hospital.

## Had to Keep Enrolled

This meant a teacher working toward a graduate degree and in school on or after July, 1951, would be required to remain enrolled without interruption until the acquisition of that degree.

Any interruption in a teacher's training, such as returning to a teaching job during the "school year" would have resulted in immediate loss of eligibility under the GI bill.

Now teachers may meet the requirement of "continuous training" if the following conditions are met:

1. The student-veteran-teacher must be enrolled in a graduate college and working directly for a graduate degree.
2. He must continue graduate study during successive summers.
3. He must continue to be employed as a teacher during successive school years of his training period.
4. If any veteran-teacher ceased to be employed in that profession during the course of a "school year" he would automatically cut off his remaining GI benefits.

## Issued During April

The interpretation which was issued during April, 1950, pointed out that a veteran, in order to receive his educational benefits, must have begun his training not later than four years after the end of the war or the date of his discharge, whichever was later.

In addition, all veterans must have completed their courses of study not later than nine years after the end of the war.

After this period, benefits for GI education will cease entirely.

## Film Personalities May Reopen Contempt Fight

WASHINGTON (AP)—Eight Hollywood writers and directors who refused to tell congress whether they were Communists, may reopen their three-year-old legal fight to escape jail on contempt charges, their attorney said Tuesday.

Three will go to trial here today, three more on Thursday and two on Friday.

## Move to Grill Jaffe Gains Support; Will Set New Precedent

WASHINGTON (AP)—A majority of the senate sub-committee investigating communism threw their support Tuesday behind a move to prosecute Philip J. Jaffe for refusing to answer questions about the controversial Amerasia stolen secrets case.

Jaffe, former co-editor of Amerasia, was called before the Tydings committee June 12 and asked about the justice department investigation of Amerasia files in 1945. He flatly refused to answer all questions on grounds that he might incriminate himself.

While congress frequently has brought about prosecution of witnesses who refused to answer questions, it has never acted against one who took refuge in self-incrimination.

Chairman Millard E. Tydings (D-Md) of the senate investigating sub-committee recommended Jaffe's prosecution. He revealed that former Ambassador Patrick J. Hurley had refused to testify in investigation of the five-year-old case on grounds his testimony would have "no point."

Jaffe was co-editor of Amerasia magazine in 1945 when agents of the wartime office of strategic services found 1,700 military and diplomatic papers cached in his New York office. He was fined \$2,500 for his part in the case.

## L.A. Transit Men End 5-Day Strike

By The Associated Press  
 Los Angeles streetcar and bus workers voted Tuesday night to accept a new contract and end their five-day strike.

Across the continent, in New York, the American Telephone and Telegraph company and a CIO union representing 20,000 workers in 40 states agreed upon a new one-year pact.

Los Angeles transit workers will get five cents an hour raises immediately and an additional three cents an hour after one year.

The A. T. and T. agreement is subject to ratification by affected members of division 10, CIO communication workers of America.

It provides no general wage increase but shortens the wage progression scale to give employees top scale in six and one-half years, instead of the present eight years.

In New York, federal mediators reported a third attempt to settle the strike of CIO newspaper guildsmen against the World-Telegram and Sun ended in failure.

## Says Hartley Didn't Taste Communism

OMAHA (AP)—Warren Batterson of Omaha, Iowa - Nebraska chairman of the Communist party, said Tuesday that wasn't communism which residents of Hartley tasted last Wednesday, Flag day.

He termed it instead a "pro-Nazi demonstration."

Hartley was "seized" by Communists Wednesday in a Flag day pageant sponsored by the American legion.

"The people of Hartley did not experience communism on Flag day," said Batterson. "If the good people of that town or any other American town, could really experience communism for one day, they would never again want a taste of the system of capitalism."

## Iowa Child-Parent Conference Opens Here

A child's mental health lies in the strength of his own experience and is not identical with happiness, Prof. Percival M. Symonds of Columbia university said Tuesday.

Symonds spoke here at the opening session of the 23rd annual Iowa child-parent conference, the general theme of which is "Developing the Healthy Personality."

A capacity audience in the senate chamber of Old Capitol heard him. Symonds stressed the importance of praise in developing a healthy personality. He said that first of all a child must learn the value of being loved in order to be self-confident and mentally healthy.

The Columbia professor of education said a child needs to develop a healthy evaluation of himself, and such a feeling is primarily a function of being loved and having the respect of others.

The conference devoted the afternoon to a discussion of the Mid-Century White House Conference on Children and Youth, with Louis De Boer, national director of state and local action on the conference, the principal speaker.

The White House conference, similar in nature to the one being held here now, will be held in Washington, D.C., in December.

De Boer said this year's is the fifth White House conference to be called by the President of the United States.

Iowa's part in the White House conference was discussed by a panel of eight members, who are chairmen of committees on the

## Expect to Settle Plan for Jap Peace Treaty

TOKYO (WEDNESDAY)—John Foster Dulles, special adviser to the state department, said today he expects "positive results" from his talks with Gen. Douglas MacArthur on the Japanese peace treaty problem.

It was understood that procedure for concluding a separate western peace treaty with Japan will be worked out during the four-day conference here.

Dulles arrived here today from Seoul, Korea.

The decision on concluding a separate treaty—leaving out Russia and Communist China—will be made by President Truman.

If the President decides the treaty should be written now, full details for starting it will be ready in advance on the basis of the report Dulles will make on his return to Washington.

## Former Hawk Hoeksema Hurls Shut-out Triumph

DAVENPORT—Lefty Dick Hoeksema, former University of Iowa pitcher, hurled the Quad cities to a 7-0 triumph over Decatur Tuesday night.

Hoeksema, victim of a no-hit, 1-0, loss in his first Three-I league start, allowed only four hits.

## Two Scouts Killed In Truck Crash

LUMBERTON, N.C.—A truck carrying 24 Sea Scouts home from a camping trip plunged off the road Tuesday, killing two boys and injuring 10 in a pitiful pileup of bodies and scouting gear.

Several of the 10 injured were reported in critical condition with possible skull fractures and internal injuries. Slightly injured and unhurt scouts joined the rescue work.

Of three adults in the truck the one at the wheel when it turned over was placed under \$1,000 bond by the highway patrol.

## Former Hawk Hoeksema Hurls Shut-out Triumph

DAVENPORT—Lefty Dick Hoeksema, former University of Iowa pitcher, hurled the Quad cities to a 7-0 triumph over Decatur Tuesday night.

Hoeksema, victim of a no-hit, 1-0, loss in his first Three-I league start, allowed only four hits.

**Summer Is Here At Last**  
 HUCK FINN ANGLING BY A CREEK never greeted the first day of summer more fervently than little Randy Ray—even though Randy's three years don't quite qualify him to play hookey and ride on a raft. Randy, son of Mr. and Mrs. David B. Ray, Jr., 44, Memphis, Tenn., hoped to land a miniature Moby Dick in his Quonset park backyard—but all he turned up were a few toes and a big smile. Today marks the official beginning of summer. The weather bureau, however, doesn't seem willing to revise its schedule to meet the new demand. Prediction: cloudy and cool.

## Judy Not Hurt; Was Worried Over Job

HOLLYWOOD (AP)—Despair over career troubles drove Judy Garland to slash her throat with the shattered edge of a water-glass, her studio disclosed Tuesday.

The troubled star is resting under the care of her physician, who calls the wound "very minor." No stitches were taken.

Dr. Francis Ballard later said he believed "there was no intent of self-injury," adding:

"I have been treating Miss Garland for several months, during which time she has suffered several emotional reactions. Last evening I was called and upon examination, discovered several minor scratches on her neck.

"I was informed she had inflicted them in a moment of vexation. These required no treatment, and in my opinion there was no intent of self injury."

Her studio, MGM, told this story:

"Miss Garland had been under nervous strain since Saturday when she was suspended for failing to report for work. Last evening at six she was hashing out the problem at her home above the Sunset Strip. Present were her husband, Director Vincent Minnelli, her manager, Carlton Alsp, and her secretary, Myrtle Tully.

"The actress became hysterical, and dashed out of the room. Locking herself in the bathroom, she broke a drinking glass and rubbed the sharp edge against her throat.

"Minnelli ran to the door and begged her to open it. She turned the lock and appeared before him, weeping and remorseful."

Later Tuesday, Miss Garland was still sleeping and reporters were not permitted to see her.

In recent years, she has had many blowups with her studio. One of the biggest occurred last year when she failed to report to the "Annie Get Your Gun" set.

The latest break with the studio came last Saturday when she failed to appear for rehearsal of a forthcoming film with Fred Astaire.

## 73 Feared Dead in Red Sea Ship Blast

ALEXANDRIA, EGYPT—Seventy-three of the 74 seamen aboard the explosive-laden freighter Indian Enterprise were feared dead Tuesday after the ship blew up in the sultry Red sea.

Agents for Lloyds of London said there was only one known survivor of the blast which wrecked the 7,319-ton vessel after it steamed into the Red sea from the Suez canal.

They said there was no confirmation of reports that others of the mixed Indian-British crew may have been saved.

Officials could confirm only that a Norwegian tanker had picked up one sailor at the scene, 300 miles south of the Suez canal.

Unconfirmed reports said the Indian Enterprise was blasted to pieces and the hull sank almost immediately.

## Free Payments Today

Students whose last names begin with the letters A-L are scheduled to make fee payments for the 1950 summer session today, and all other students are scheduled to pay Thursday.

All payments are to be made at the office of the treasurer, University hall, which will be open from 8 a.m. to noon and from 1 p.m. to 5 p.m. Deadline for all fee payments is 5 p.m. Thursday.

## It Ain't Decent

BERLIN (AP)—East German Communists Tuesday told actresses to cover their busts and "upper thighs."

The Communist-edited newspaper "German Week" printed a photograph of a shapely, unidentified American beauty clad in a bathing suit.

The newspaper captioned the picture: "What our actresses should not become."

## Senate Votes Raise In Social Security, Extends Eligibility

WASHINGTON—The senate Tuesday overwhelmingly passed a bill to overhaul the social security system by increasing benefits 100 percent, bringing 10-million more persons under the program and raising payroll taxes as much as \$18 a year per person.

The senate, moving with only negligible opposition toward passage of a social security expansion bill, accomplished the boosts by voting to apply the old age pension taxes to the first \$3,800 a year of pay, instead of the present \$3,000.

Iowa Sens. Bourke Hickenlooper (R) and Guy Gillette (D) both voted with the majority. The vote was 81 for and two against.

These are the major changes the bill would make in the existing old-age retirement system:

1. About 16-million persons, mostly self-employed operators of small businesses, farm and domestic workers, would be added to the 35-million.
2. Monthly benefits to persons already retired would go up on the average by about 85 to 90 percent. The present average of \$26 would rise to \$48.
3. The present payroll tax of 1 1/2 percent each on worker and employer would stay at that level until 1956. After that year it would rise gradually until 1970 when it would be 3 1/4 percent. Only the bare pay is taxed.
4. Eligibility rules would be relaxed to make it easier for older persons to qualify for benefits. A worker would be fully insured if he were in a covered job for half of the calendar quarters from 1950, or from the time he was 21 years old, to retirement.

## Stalin Ends Entire School of Linguist Study

MOSCOW (AP)—At a single blow Prime Minister Stalin Tuesday demolished the entire school of language study—the followers of N.Y. Marr—which ruled among Soviet scientists for years.

The Soviet leader said the conduct of the leader of the Marr school of philology—language study—was equivalent to sabotage. It was time, he said, Soviet philology freed itself from the "mistakes" of Marr and liquidated the "Arakcheev regime."

Arakcheev was a harsh military ruler whose name is synonymous in Russia for oppression.

Up to now, Marr, who died in 1924, had been regarded as the founder of Marxist-Leninist linguistic doctrine. He had been referred to in the most respectful terms in Soviet publications as the proponent of "correct" doctrine.

The Soviet prime minister's blast came in a page-and-a-half article in the official Communist party newspaper Pravda. It was in the form of questions and answers and was signed by Stalin.

## Crosby Arrives Home Amid Rumors of Rift

LOS ANGELES (AP)—Bing Crosby came home from Europe Tuesday amid reports of a rift between him and his wife, Dixie. Both have issued denials, however.

Crosby arrived by train, but eluded photographers and reporters waiting for him at Union Station by getting off at East Los Angeles, where a chauffeur and limousine were waiting.

## SUI Doctor Admitted To University Hospitals

Dr. Milford E. Barnes, head of hygiene and preventive medicine in the college of medicine, has been admitted to the University hospitals, it was reported Tuesday.

The nature of his illness was not disclosed.

## Subscriptions Begin for SUI Insurance Plan

SUI's employe group insurance program came nearer reality Tuesday as three representatives of the Bankers Life Insurance Co., Des Moines, began enrolling subscribers to the service.

SUI's personnel office announced that nearly 900 employes have signed for the plan.

All employes in two departments—tinnners and maintenance—were contacted by solicitors, and more than the necessary 75 percent minimum from each department have enrolled, Wendell Moats of the Bankers company announced.

Bankers Life representatives will continue to contact all employes of the physical plant until every employe is given an opportunity to join in the plan.

Academic employes are being solicited by mail.

Arlyn C. Marks, director of the SUI personnel service, urged all interested employes to return their enrollment forms as soon as possible, so the plan can get under way by July 1.

Under the program, employes

## 73 Feared Dead in Red Sea Ship Blast

ALEXANDRIA, EGYPT—Seventy-three of the 74 seamen aboard the explosive-laden freighter Indian Enterprise were feared dead Tuesday after the ship blew up in the sultry Red sea.

Agents for Lloyds of London said there was only one known survivor of the blast which wrecked the 7,319-ton vessel after it steamed into the Red sea from the Suez canal.

They said there was no confirmation of reports that others of the mixed Indian-British crew may have been saved.

Officials could confirm only that a Norwegian tanker had picked up one sailor at the scene, 300 miles south of the Suez canal.

## Free Payments Today

Students whose last names begin with the letters A-L are scheduled to make fee payments for the 1950 summer session today, and all other students are scheduled to pay Thursday.

All payments are to be made at the office of the treasurer, University hall, which will be open from 8 a.m. to noon and from 1 p.m. to 5 p.m. Deadline for all fee payments is 5 p.m. Thursday.

## It Ain't Decent

BERLIN (AP)—East German Communists Tuesday told actresses to cover their busts and "upper thighs."

The Communist-edited newspaper "German Week" printed a photograph of a shapely, unidentified American beauty clad in a bathing suit.

The newspaper captioned the picture: "What our actresses should not become."

**SPEAKING AT A CHILD DEVELOPMENT and Parent Education meeting Tuesday, Louis De Boer (standing) told a group of state educators how to meet modern problems. He said "we must develop a future generation that will be free of inhibitions and will come to grips with the problems of war, depression and racial strife." The occasion was a discussion panel of the Mid-Century White House Conference on Children and Youth meeting Tuesday and today in the senate chamber of Old Capitol.**

**TRADING HIS STILLSON for a fountain pen, an SUI plumber, Marshall O'Hara, Tuesday signed up for SUI's employe insurance and disability benefit program. Charles De Winter of the Bankers Life Insurance Co., Des Moines, is pictured waiting to enroll O'Hara in the plan. The plan will go into effect July 1 if more than 75 percent of SUI's employes agree to join.**

# Wire Service Briefs

From The Iowan's Leased Wires

## He Put His Thumb Down

WINTER GARDEN, FLA. (AP)—H. Grace W. Shook's thumb was bitten off by a mad motorist following a traffic collision. The victim gave this account to Peace Justice Pete Tucker: Shook accidentally drove his car into the back of another vehicle in which Guy Hall, 33, and his wife, Ruby, were passengers. The Halls decided to settle the matter on the spot. In the scuffle which ensued Hall bit an inch from Shook's thumb while his wife stood by with a wrench in hand. At his arraignment, Hall pleaded innocent to a charge of mayhem. His wife, charged with aiding and abetting, also pleaded innocent.

## Roosevelts Hold Reunion

LOUD VOSSEMER, NETHERLANDS (AP)—Fifty-four Roosevelts, including Mrs. Eleanor Roosevelt and her son, Elliott, held a reunion in the same room Tuesday. "I never knew there were so many Roosevelts," Mrs. Roosevelt said. Mrs. Roosevelt and Elliott met the other Roosevelts during a visit to tiny Thole island here off the north coast, where, according to Dutch heraldic experts, Farmer Claes Martenszoon Van Roosevelt emigrated in 1651 to found what is now the Roosevelt family in the United States.

## A Date: Strawberry, Six-Year-Old, Princess

EAST GRINSTEAD, ENGLAND (AP)—Roger Williams and his special strawberry kept their date with Princess Margaret Tuesday. Roger is six years old and blind. He lives at the East Grinstead home for children and has a little garden patch of his own. Six weeks ago Roger learned that Princess Margaret planned to visit the home. He decided to make her a gift of the biggest, reddest, sweetest strawberry ever raised in East Grinstead. He put up a big, fearsome scarecrow to guard his plants. He covered them with netting to make sure the birds couldn't get them. Then he prayed for warm, sunny weather. Tuesday Princess Margaret came. "Do you like strawberries?" Roger asked anxiously. The blue eyes of the pretty princess twinkled. "I love them," she said. Carefully Roger pulled away the netting. His sensitive fingers reached for his prize strawberry. Gently he picked it, wrapped it in a leaf and gave it to Princess Margaret. Triumphantly Roger told her: "I knew it would be ready in time." Princess Margaret patted Roger's head, thanked him and walked on.

# Russia Leads Race For Hydrogen Bomb Atom Authority Says

NEW YORK (AP)—The Russians may be ahead of the United States in developing a hydrogen bomb, an authority on atomic fission said Tuesday.

William L. Laurence, science reporter for the New York Times, said the confession of British Scientist Klaus Fuchs, who gave atomic bomb details to Russia, "made it evident that the Russians were without doubt already at work on the hydrogen bomb and had probably been working on it uninterruptedly since 1945."

"The tragic prospect," Laurence said in an article in this week's Saturday Evening Post, "is that instead of the Russians catching up with us, it is we who may have to catch up with them."

Laurence also said, "The time may come when we shall have to search every vessel several hundred miles off-shore, for a hidden atomic bomb, and the time may be nearer than we think."

Laurence quoted Dr. Albert Einstein as his authority for saying that "poisoning of the atmosphere" was theoretically possible with the H-bomb.

"The radioactivity produced by the Bikini bombs was detected within about one week in the United States," Laurence wrote, "in that short time the westerly winds swept the radioactive air mass 4,150 miles from Bikini to San Francisco."

"When it reached our shores, the activity was weak and harmless but still detectable," Laurence said that was "how we learned that the Russians had exploded their first bomb."

He said possession of the hydrogen bomb by both the U.S. and Russia might make war "unthinkable," since neither side would win. But, he warned, "it is by no means unthinkable that a Hitler, faced with certain defeat, would not choose to die in a great 'Gottterdammerung' in which he would pull down the whole of humanity with him to destruction."

Laurence said the Atomic Energy commission is being called upon "to answer some embarrassing questions" now that the public has learned that work on the H-bomb was "apparently dropped altogether during the past years." He quoted Prof. Hans A. Bethe, "one of the world's top theoretical physicists," as saying the U.S. would have had the H-bomb as long ago as 1948 if it had not stopped working on it.

# U.S. Reports Drop In Tropical Disease Among Pacific Isles

LAKE SUCCESS (AP)—The United States has reduced the incidence of the tropical scourge of yaws from 90 percent to less than one percent among the 54,000 inhabitants of its Pacific island trust territory, the United Nations trusteeship council was informed Tuesday.

This outstanding advance in public health was one of the highlights of the annual report submitted by Rear Adm. Leon S. Fiske, U.S. special representative for the Pacific islands wrested from Japan during World War II and administered by the U.S. under the UN trusteeship system.

The trust territory covers an ocean area as large as the U.S. with a dry land area of only 687 square miles. Eight different languages and cultural groups reside in 64 of the 96 distinct island groups comprising the Marshalls, the Carolines, and the Marianas.

Fiske told the trusteeship council that although "it has not seemed practicable as yet to transfer the seat of government to a site within the territory itself, the administering authority has established a field headquarters on Truk. Truk was Japan's chief naval bastion in the south Pacific until it fell of its own weight after being outflanked by American successes in the Pacific war."

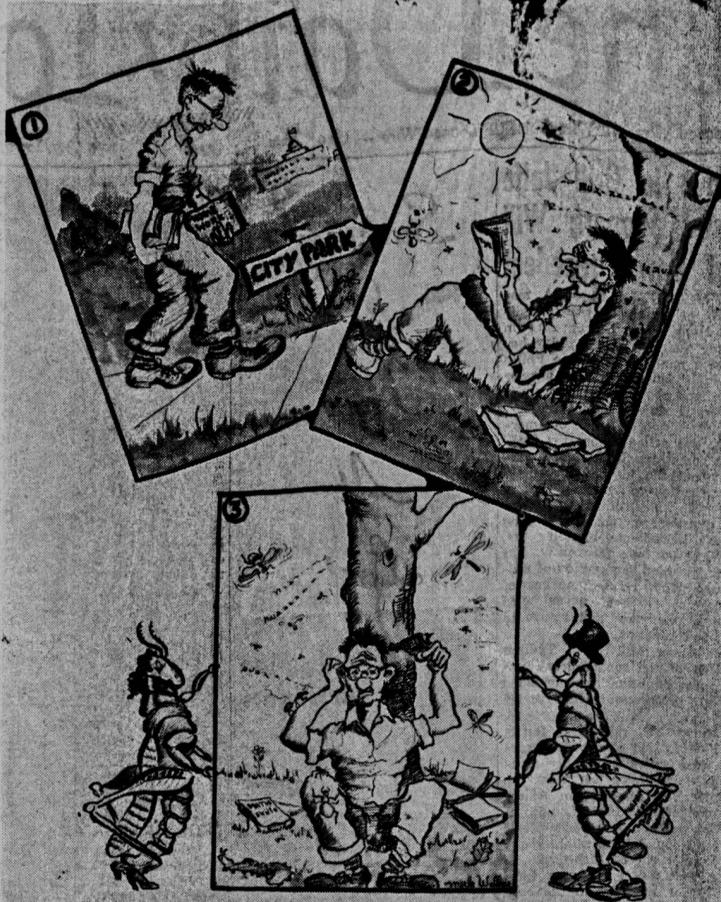

Fiske said that the U.S. derived some \$300,000 annually from the island territory but spent at least \$7-million a year to administer the area.

"In the field of social advancement," he said, "most conspicuous progress has been made in public health. As indicated in our report, active yaws, which originally estimated to be present in 90 percent of the population, has been reduced until an open lesion of yaws is now seen infrequently, perhaps less than the one percent of the patients presenting themselves for treatment."

"While statistics indicate that the incidence of pulmonary tuberculosis is not as great as some had feared, tuberculosis continues to be a problem."

**HERTZ BOUND OVER** Luther Hertz, 1616 E. Bloomington street, was bound over to the Johnson county grand jury by Emil G. Trott police court judge, Monday under \$500 bond on a charge of operating a motor vehicle while intoxicated.

# Summer's Ripening Breath

# I Hear That — Parking Meters Don't Lie

By TOM DORSEY  
**AIN'T IT EMBARRASSING!** One Iowa Citian was rather red-faced recently.

Patrolman Frank Burns was busy writing a pretty pink ticket for a pale blue car when the owner rushed up and violently protested, claiming the meter was faulty. The tall, husky Burns listened intently as the motorist explained how the one-armed bandit meter had failed to register any time after he deposited not one, but two nickels.

After listening to the motorist's tale of woe, the patient patrolman took out a key and unlocked the meter's money box — which like Old Mother Hubbard's cupboard, was bare. The sheepish motorist paid the fine.

**FULLER LOVE HATH NO MAN:** A Wichita, Kan., husband sued his wife for divorce for neglecting and abandoning him. Name of the separated couple: Fullerlove. Yeah!

**DID YOU KNOW THAT:** The man who is in line for the GOP governor's nomination in New York now that Tom Dewey, has stepped out is a former Iowa minister and SUI graduate. He's 74-year-old Lt. Gov. Joe R. Hanley who got his law degree in 1899. From 1909 to 1913 he was a Methodist minister at Centerville.

**OMAHA, NEB., POLICE** are looking for a stolen swimming pool. An Omaha woman has reported to police that a swimming pool was stolen from her front yard the other night. The pool — one of those miniature affairs — is six feet in circumference.

**BEST I'VE HEARD:** Vaughan Monroe, the CBS maestro who brings his band to Cedar Rapids Saturday, tells of the man who sent a telegram to his daughter who eloped. It read, "Do not come home and all will be forgiven."

**BACKSTAGE:** When the spectators viewed the smooth-moving commencement exercises in the fieldhouse a while back, they probably were unaware of the careful, complicated planning done by a man under the gold dome of Old Capitol to produce the well-organized event.

Although dozens of persons participate in the organization of the commencement, the overall planning is done by one man — Frederick G. Higbee, head of the engineering drawing department. Higbee has been organizing commencements at SUI for the past 25 years.

**AN IOWA CITY MAN** said, "I don't drive fast, Judge. In fact, I almost drive too slow" when testifying at an accident hearing in police court Monday. "It's just as dangerous to drive too slow as it is to drive too fast," Judge Trott replied.

"Well, Judge, maybe I just better quit driving then," the elderly farmer said. Guess the judge agreed — the man was fined \$27.50.

# THE PEARL in the oyster shell that used to be around this corner is headed towards the bright lights of America's wonderland — Hollywood. Gil Pearlman, sheepskin and oyster shell in hand, is off for the big time.

**WHAT'S IN A NAME:** On the police blotter at Montgomery, Ala., are these names: Love 'em Fat Lee, Banjo Eyes Powell, Dopey Owens, Joe Elijah, alias the Prophet and Seldom Gamble. And they still say, what's in a name.

# Army Top-Sergeant Laments Replacing Horses with Jeeps

ATLANTA (AP)—A top kick who remembers when "I used to sleep with my horse's head in my lap" Tuesday mourned the final passing of the United States cavalry.

Master - Sgt. W. C. Page rides an inside job now at Ft. McPherson here. He was sad when congress ordered cavalry eliminated from the army, with mechanized cavalry units to be absorbed in armored outfits.

Page rode as a young soldier in the service that found its traditions in tough little Phil Sheridan and the cavalier Jeb Stuart.

Page enlisted in the days when cavalry recruits learned to ride bareback. "We'd ride, have the raw spots painted, then ride some more."

"Your horse was more than equipment in those days," he recalled. "It was a friend in the field or at an outpost, you were never alone."

Discipline was strict in the old horse cavalry outfits. If a man upset a mess tray, he had to go without his spurs for 30 days. "That would hurt worse than the guardhouse," Page said. "A horse cavalryman without his spurs is just lost."

The cavalryman lost both spurs and horse when the army mechanized. The old - timers kicked, but Page recalls a lesson that satisfied them. On maneuvers, his troop was trapped by armored forces as the cavalrymen watered their horses.

Escape was cut off, so they galloped into a charge; horsemen armed with pistols against tanks. The cavalrymen never lost their sentimental attachment to horses, but they accepted the switch to steel-slabbled gasoline steeds.

Their intense pride in their units carried over into the mechanized cavalry, Page said, but something was missing. The men who once worked for hours on their own time grooming their horses, teaching them tricks, couldn't feel the same way about jeeps and armored cars.

Maj. Gen. William C. Chase, chief of staff of the Third army here, said the crossed sabres, symbol of the cavalry, will probably vanish from the army's list of official insignia.

# Nation's Prosperity, Future Outlook Good, Truman's Aid Says

WASHINGTON (AP)—President Truman's top economic adviser, Leon H. Keyserling, said Tuesday the nation is at the peak of postwar prosperity and the future business outlook is good.

As chairman of the President's council of economic advisers, he called at the White House to begin a series of conferences on Mr. Truman's forthcoming mid-year economic report. He was accompanied by Dr. John D. Clark, a council member.

Keyserling told reporters he does not consider recent upswing in prices as danger signals of renewed inflation. Meanwhile, however, Secretary of the Treasury John W. Snyder was telling a news conference that anti-inflation controls may have to be reimposed on consumer credit if installment buying continues to rise.

The commerce department, in its monthly survey of business, reported raw material prices have moved up an average of two percent under the impact of the spring increase in industrial output.

Building materials went up an average of four percent. It said the home - building boom and automobile sales continued to lead the way in activity. Output of non - durable goods, such as clothing and food, was at about the same level as the end of 1949.

Snyder saw no immediate cause for alarm in federal reserve board figures showing consumer credit had reached a near - record \$18,629,000,000 at the end of April. But he added that the figure "should be carefully watched" and if it continues to rise, the reserve board should consider stand-by plans for controls.

# Maine Republicans Expect Competition

PORTLAND, ME. (AP)—Maine's Republican leadership expects the sharpest fight of the September state election in the first congressional district. There, Democratic Monday nominated Miss Lucia M. Cormier their national committee woman.

Miss Cormier's opponent will be the veteran Rep. Robert Hale, who was renominated for a fifth term by Republicans.

While voicing optimism that the Republicans would sweep all major offices in September — as they have since 1936 — Republican Chairman Ralph C. Masterman of Bar Harbor said Tuesday: "I think the first district contest will be the sharpest of all."

Democratic State Chairman James Morang said Miss Cormier, "with her charm and political know-how" will "make a difficult situation for Hale."

Hale overwhelmed Ray Stetson, also a Portland lawyer, Miss Cormier, a 38-year-old Rumford book store operator and former high school teacher, won the nomination by better than two to one. She defeated Dr. Adrian H. Scotlen, Portland skin specialist.

# Cell Disorder — Blood Disease Fools Doctors

— Takes Many Forms

NEW YORK (AP)—Doctors are getting wise to a disease that has fooled them more almost than any disease ever did. This fooler has made them think a person had any one of 50 other illnesses. It's a mocking bird among diseases, imitating things it isn't. It is far more common than polio.

It has a terrible name—infectious mononucleosis (mah-nuh-new-klee-oh-sis). Another name is glandular fever. It makes you feel rotten. But it's not nearly so bad as its name. With rest, it goes away by itself and rarely causes complications.

But it can be especially wicked when it makes doctors suspect you have some fatal disease. You can be mighty upset before blood tests unmask the real culprit.

This disease can make doctors suspect cancer of the blood (leukemia) or cancer of the lymph glands (Hodgkin's disease). It can lead them to suspect tuberculosis, kidney or liver diseases, mumps, measles, meningitis, food rash, chickenpox, meningitis, typhoid fever, scarlet fever, tumors, nerve, eye or heart diseases, to mention some.

One medical report says 25 different diseases were diagnosed in 61 patients before they were shown to have mononucleosis. Other reports add 19 other mistaken diagnoses. One physician puts the total number as high as 60.

Twenty years ago, infectious mononucleosis was scarcely recognized at all. Today it is fairly common, but

there are no figures on how many people get it. There may be more cases, or merely better recognition of the disease.

Children and young adults are the main victims. It bursts forth in epidemics, or may occur here and there for no apparent reason.

It brings an increase of white blood cells having one nucleus, hence the name mononucleosis. But many diseases increase the white blood cell count.

It brings fever and swelling of the lymph glands, in the neck particularly. It may make you feel like you have grippe. You feel tired out, may have legs pains, headaches, stiffness of the neck, and light may hurt your eyes. You may have chest pains and cough. The heart may skip beats. Other complaints are nausea, pains in the stomach, jaundice, sore throat. The spleen becomes enlarged about half the time, and some people get enlarged livers.

All these complaints make it tough for the physician. Some of these symptoms could mean a fatal illness. He must rule them out but even mention of them might scare his patient.

Today blood tests pin down mononucleosis. One test looks for a large number of unusual white blood cells. A second checks for peculiar antibodies in the blood. If there is more than a certain amount of this kind of antibody, the disease is mononucleosis. But these antibodies may not appear in the blood for days, or even weeks.

# 'Tide in the Affairs of Men'

## Novel Pitchers Travel Far to Join Woman's Collection

A play-set pitcher of heavy crockery that she owned as a child started a collection of 520 pitchers for Mrs. Blanche Piatt, 830 Hudson avenue.

Mrs. Piatt has pitchers of different shapes and sizes from almost every state and several foreign countries. At 65, she says her hobby is "lots of fun" and that she will go on until she "runs out of pitchers."

In her home, the pitchers are displayed in two glass wall cabinets. Close inspection is required to appreciate the tiniest ones. She said the diminutive ones are the size of "very small peas" and she has had to glue them on little cork pads to handle them.

**SUI Students**  
SUI students have contributed 15 or 20 of her pitchers, and the others have come from her own travels, her family and friends.

During the war many of her friends in service sent them from foreign countries. One came directly from Japan during the war and another in rich Oriental colors came from Casablanca.

Her nephew brought one with him from Naples. A copper one tinted blue inside is of Chinese origin. Not a one was broken in mailing, she said.

When traveling, she looks for the unusual. On a trip through Tama, an Indian woman beaded a pitcher for her. She has a deep maroon one made of polished redwood from California. Her blown-glass pitchers were made at Knottsberry farm in Los Angeles.

**Hillbilly Pitcher**  
A pewter "hillbilly" pitcher with an acorn base came from the Ozarks. Some are fashioned from highly polished English walnuts, black walnuts and pecans. She also has several tiny left-handed pitchers, made to be poured with either hand.

A surprise in materials comes up, again and again—a smelted penny for one, light tinted shells large and small for others.

Shapes vary including the long-lipped ones, low slung Aladdin lamp shapes and some in colonial style. A rose-painted one, suggestive of Carmen, came from the Mexican quarter in Los Angeles. In the Alamo colonies she found a "sweet" old-fashioned one decorated with a red rose.

**Started Collection**  
Mrs. Piatt started her collection about five years ago. She said she makes friends through her hobby as she expands her collection and meets the persons who come to see her pitchers.

"To keep the pitchers clean, I keep them in that cabinet," she said. She has pasted numbered labels on all her pitchers and keeps a book where she records the names of the persons who gave them to her, where and when they got them.

**Kidney Transplanted In New Operation**

CHICAGO (AP) — In a new and dramatic operation, surgeons have transplanted a dead woman's kidney to another woman.

Within a week or two they will know whether it will mean a new lease on life for Mrs. Howard Tucker, 49, a once doomed woman — and other similar sufferers.

The transplant was made Saturday morning and Monday Mrs. Tucker's condition was termed good and the outlook promising.

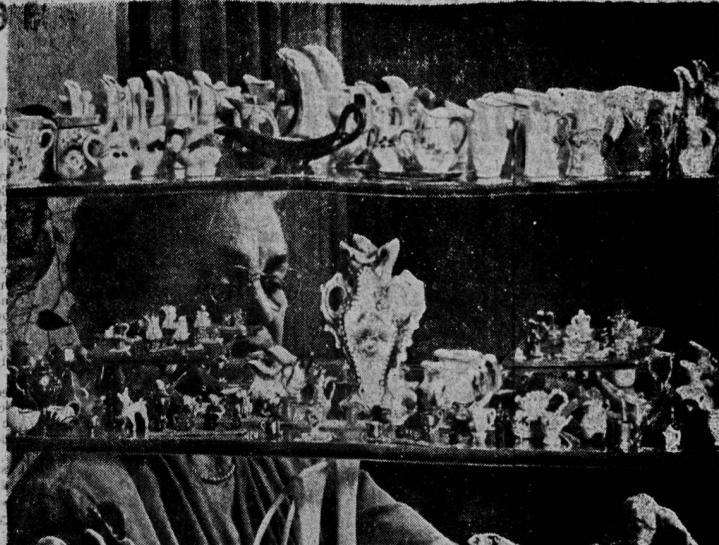

The surgery was directed by Dr. Richard H. Lawler, member of the faculty of Loyola Stritch School of Medicine.

This is the first time, available medical records indicate, that a human organ has been transmitted from one person to another. However, successful transplants have been made of nerves, tendons, bones, skin, eye corneas and lung lobes.

**Most Beautiful**

**MOST BEAUTIFUL** voted on 100 American college campuses is distinction bestowed on Betty Anne Buchanan of Southern Methodist by a committee of beauty authorities in New York. She is winner of title "Miss Fashion Plate of 1950" over beauty queens on 100 campuses.

"LOTS OF FUN" is what Mrs. Blanche Piatt, 65, says about her hobby. At her home, 830 Hudson street, she displays 520 pitchers she has been collecting for about five years. They are of many shapes and sizes, from nearly every state and several foreign countries. She started her collection with a pitcher left from a play-set of dishes she had as a child.

## Lutheran Pastor to Attend Church Convention

The Rev. John F. Choitz, pastor of St. Paul's Lutheran church, leaves today for Milwaukee to attend the 41st national convention of the Lutheran Church - Missouri Synod.

Rev. Choitz is chairman of a joint committee considering a resolution to integrate the Boy Scout program into church work. Other committees, he said, have taken the stand both for and against the resolution.

Rev. Choitz said he will lead the discussion in favor of accepting the resolution on the convention floor.

**30 PTA Members Discuss Leadership**  
Thirty members of the Iowa Congress of Parents and Teachers are meeting at SUI this week for study of discussion group leadership.

Topics under discussion include methods of parent education and how to get to know parents, as well as practical techniques for leading group discussion.

Ethel Kawan, National congress adviser in parent education, is leading several workshop sessions. Other speakers are Prof. Hew Roberts, of the SUI adult education department, and Prof. Ralph H. Ojemann, Afton Smith, and May Pardee Youtz, of the Iowa child welfare research station.

**Five Installed to Head Women Business Group**  
Mrs. Edris Rinella, 712 S. Duquesne street, was installed as president of the Federated Business and Professional Women's club at a dinner business meeting at the Iowa Union Sunday.

Other officers installed were Blanche Holmes, vice - president; Gertrude Paulus, recording secretary; Marguerite Wolke, treasurer and Irene Larew, corresponding secretary. Opal Tanner of Muscatine was installing officer.

**Coralville Woman Injured In Car Collision Monday**

Mrs. Louise Canney, 24, Coralville, received slight bruises in a collision of two cars Monday afternoon at the intersection of Washington and Capitol streets.

She was a passenger in the car driven by Jack W. Canney, 28, Coralville, which collided with one driven by John C. Nunn, 56, 1120 E. Burlington.

Canney estimated the damage to his car at \$120 and Nunn said the damage to his was about \$100.

**City Plans Remodeling Park Refreshment Stand**

Nearly \$1,000 in improvements will be spent by the city soon on remodeling the refreshment stand at City Park to prevent further break-ins at the stand.

The playground and recreation commission reported four break-ins in the past two weeks at the present stand, a converted shelter-house near the swimming pool.

## Fine Oakdale Man \$25 on Two Counts

Eldon Reddick, Oakdale, was fined \$25 on two counts at a special hearing Tuesday night by Justice of the Peace C. J. Hutchinson, acting police judge.

Reddick was fined \$12.50 for failure to observe a stop sign and \$12.50 for leaving the scene of an accident without leaving his name and address.

Reddick drove his truck through a stop sign at Market and Dodge streets and struck a truck belonging to H. F. Beranek, 808 Hudson avenue.

Beranek estimated the damage to be \$50. Reddick also agreed to pay to repair Beranek's truck.

**SON BORN TO MCBRIDES**  
Mr. and Mrs. William McBride are parents of an 8 lb., 11 oz. boy, Shawn Thompson, born Sunday about 3 p.m. Mr. McBride is employed at the SUI personnel service.

**SHATTUCK OFFICIAL VISITS**  
Kenneth S. Agarter, Faribault, Minn., is visiting alumni of Shattuck school, Faribault, in Iowa City today. Mr. Agarter is chairman of the science department at Shattuck.

**Town 'n' Campus**  
WIVES OF CHEMISTRY GRADUATE STUDENTS — All wives of graduate students in chemistry are invited to an evening of bridge, canasta or sewing at 7:45 p.m. Tuesday at the Delta Sigma Delta fraternity house, 108 River street. Mrs. Myron Olson will be hostess. Those who plan to attend are asked to contact Mrs. Robert Hilsabeck or Mrs. Donald Blood before Tuesday.

## Marjorie Layton Of Cedar Rapids Weds SUI Graduate

Marjorie Layton, Cedar Rapids, became the bride of DeLoss J. Woodworth, 1950 SUI graduate from Nashua, Sunday afternoon in the First Congregational church in Iowa City.

The bride is the daughter of Mr. and Mrs. George Layton of Cedar Rapids, and the granddaughter of Mr. Edwin B. Wilson of Iowa City. Mr. Woodworth is the son of Mr. and Mrs. J. C. Woodworth of Nashua.

The Rev. John G. Craig officiated at the double ring ceremony. Marilyn Woodworth, sister of the bridegroom, attended the bride as maid of honor, and Phyllis Apeland, Cedar Rapids was bridesmaid.

The bridegroom's brother, Wendell Woodworth served as best man, and ushers were Jim Taylor and Craig Campbell, both of Nashua.

Following a wedding trip to Yellowstone National Park, the couple will live in Peoria, Ill. Mr. Woodworth is employed as an accountant at the Caterpillar Tractor company, and Mrs. Woodworth will attend Bradley university.

## Firms Bid \$48,000 For Coralville Job

Quail and Co., and Beyer-Ruefeland Co., Davenport bond-buying firms, were low bidders for Coralville's sewer bonds Monday night at a special council hearing in the Coralville town hall, Coralville Atty. William F. Morrison said Tuesday.

The two companies jointly bought the \$48,000 worth of bonds with the low bid on the interest rate of two and three - fourths percent, and a premium of \$400. Eight firms competed in the bidding.

The bonds will be issued from December, 1951, to December, 1962. Construction is scheduled to start soon on the Coralville municipal sewer system.

**SON BORN TO MCBRIDES**  
Mr. and Mrs. William McBride are parents of an 8 lb., 11 oz. boy, Shawn Thompson, born Sunday about 3 p.m. Mr. McBride is employed at the SUI personnel service.

**SHATTUCK OFFICIAL VISITS**

**Try and Stop Me**  
By BENNETT CERF

ON ONE of those brilliant afternoon quiz programs recently a housewife was asked to name the state (for a two hundred dollar refrigerator, mind you!) that is distinguished by orange groves, motion picture studios, and the Golden Gate. The lady furrowed her brow and finally came up with "Illinois." "No, no," said the M.C., "but you're mighty close. It's California."

"I knew all the time," said the housewife, "but I'm from Florida myself, and I don't care to publicize that state."

Is the human critter going to improve his character in the second half of the Twentieth Century?

Claude Hooper, the rating expert, opines, "He'll see more of his wife and children. Henry Ford took the family apart. Television is beginning to put it together again."

Peggy Fears says, "A wise father can get his teen-age daughter back into line simply by threatening to take his shirts and slacks away from her."

James Thurber predicts: "Women will be stronger and more numerous. There will not be many men around. The dog will hold its own."

Is everything perfectly clear now?

## SUI Graduates Wed

Mrs. John Almon

## Newlyweds to Make Home in Milwaukee

Beth LaVaun Wilson, 1949 SUI graduate, and John Perry Almon, 1950 SUI graduate, were married Sunday afternoon in the Methodist church in Iowa City. Dr. L. Dunnington officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Charles C. Wilson, 824 E. College street, and the bridegroom is the son of Mr. and Mrs. Grover C. Almon of Minneapolis, Minn.

The bride was given in marriage by her father. Mrs. Maurice Kirkhofer attended the bride as matron of honor. Bridesmaids included Mrs. Wayne Hubbard Housel, Clay Center, Kan.; Gretchen Vetter, Iowa City and Helen Gover, Iowa City.

Richard Bogue, State Center, 1950 SUI graduate, served as best man. Ushers were Robert Vial, Davenport, and the bride's cousins, Robert Sterner, Springville, and Fenn Horton, Davenport.

Two-hundred guests attended a reception at the bride's home following the ceremony. Dining room hostesses included Mrs. George Fegan, Anamosa, Mrs. James Remley, Anamosa, Mrs. Clair Whipple and Mrs. L. N. Patten.

Serving as parlor hostesses were Mrs. Robert Ye'ter, Mrs. John El-

dridge, Mrs. Hal Dane, Mrs. Eugene Hubbard and Mrs. P. W. Herrick, all of Iowa City; and Mrs. Charles Sleichter of Cedar Rapids. Mrs. Boyd Horton of Mt. Vernon, Mrs. Fenn Horton, jr. of Davenport, both cousins of the bride; and Mrs. John Dane and Mona Lou DeRue also were hostesses.

Joan Patten and Carolyn Cooper, cousins of the bride, held the guestbook.

Following a trip to Wisconsin and Canada, the couple will live in Milwaukee, Wis., where Mr. Almon is an engineer in a heating and air-conditioning firm.

The bride is affiliated with Alpha Delta Pi social sorority. Mr. Almon was a member of Alpha Tau Omega, social fraternity, and Pi Tau Sigma, and Pi Eta Sigma, honorary engineering fraternities.

**MARRIAGE LICENSES ISSUED**  
Marriage licenses were issued Tuesday in the Johnson county clerk's office to: Lyle Harding Madden and Iona Cecile Beckler, both of Tiffin; Gerald Joseph Milder and Frieda Pauline Dohner, both of Iowa City; Leo J. Nugent and Cecelia Ann Drnavich, both of Davenport; and Richard Alan Gay and Marilou Carson, both of Iowa City.

## Maxine Warson, Robert L. Ruppert Wed in Iowa City

The First Presbyterian church in Iowa City was the scene of the marriage Saturday afternoon of Maxine Jean Warson, rural route 6, Iowa City and Robert L. Ruppert, rural route 7, Iowa City. The Rev. P. Hewison Pollock performed the double-ring service.

The bride is the daughter of Mr. and Mrs. Roy Warson, rural route 6, Iowa City and the bridegroom is the son of Mrs. Katherine Ruppert, rural route 6, Iowa City.

Laila Warson, Donnellson, cousin of the bride, attended her as maid of honor. Richard Ruppert, rural route 7, Iowa City, served as best man. Ushers were Kenneth Irvings, Claire Lindholm, Martin Warson and Bob Hatcher, all of Iowa City. The bride was given in marriage by her father.

Following the ceremony 125 guests attended the reception in the church parlors.

After June 24, the couple will live at 603 W. Benton street.

## To Speak Spanish, French at Noons

Persons wishing to spend their lunch hour in French or Spanish conversation are invited to eat in the Iowa Union. Prof. Camille J. LeVois, of the romance languages department, said Tuesday.

LeVois said tables will be set aside for those wishing to have a conversational hour during the summer session. He added that students not enrolled in French or Spanish courses are welcome to attend.

Gatherings will be held daily from 12 noon to 1 p.m. in the soda fountain in the rear of the Iowa Union. Miss Hilda Faust, French instructor and Mrs. Igarzabal Sausjord, Spanish instructor, will be in charge of the tables.

## Court Fines Teenagers \$32.50 in Special Hearing

Two teenagers were fined a total of \$32.50 in a special hearing Tuesday by Justice of the Peace C. J. Hutchinson, acting police judge.

One was fined \$12.50 for throwing firecrackers from a car window on highway 261 Sunday. The other, the driver of the car, was fined \$12.50 for failing to wear his glasses while driving, and \$7.50 for operating a vehicle having defective brakes.

# PCC All-Star Trackmen Clip Big Ten, 69-63

## Iowa's Entries Fail In Individual Events

(Special to The Daily Iowan)

MADISON, Wis. — Pacific Coast All-Star trackmen beat a Big Ten team 69-63 but Don Gehrmann, Wisconsin's great distance star, stole the show.

Gehrmann blazed to victory in the half-mile race in 1 minute 50.7 seconds, only 1.5 seconds slower than the world record of 1:49.2 set by Sid Wooderson of Great Britain in 1938.

**Fast Half Mile**

It was the fastest half mile run anywhere this year and broke the meet and stadium records.

He pulled up from apparent defeat to take the race, picking up 25 yards on the last lap to win from Bob Chambers of USC by two yards. He was in last place, trailing the field with about 300 yards to go before he started his great stretch drive.

Earlier he had won the one mile run with a great sprint in the last 150 yards, coming from behind Len Truex of Ohio State to beat him by three yards. His time for the mile was 4 minutes 11.1 seconds, a new stadium record.

**Iowa's Entries**

Iowa's three entries in the meet—Marcellus Boston, Jack Weik and Dean Deuel—failed to place in individual events.

Boston kept pace in the 220-yard dash around a curve until near the tape. When it became apparent that he wouldn't win, Boston slowed down and loped across the finish line last.

In the 440-yard relay, Boston ran third for the Big Ten. He gained about four yards on his opponent but the Pacific Coast conference nosed out the Big Ten by a yard.

Weik was eliminated from high jump competition at 6 feet, 3 inches. The event ended in a three way tie between Eric Roberts, Washington State, Edgar Jones, Purdue and Jack Barnes, Southern California. All three jumped 3 feet, 4 1/4 inches.

Deuel faded near the end of the 20-yard low hurdles to finish last. He maintained the pace of his leaders until near the end.

Russ Merkel, Iowa's Big Ten high hurdles champion, worked out Monday but didn't compete in Tuesday's meet. Merkel pulled leg muscle in winning the conference championship and hasn't been in peak form since. He finished last in a qualifying heat in last week's NCAA meet at Minneapolis.

A crowd of 10,500 saw a great meet that was not decided until he next to last race.

**New Records**

Four meet records were broken, besides the new half mile record, new standards were set in the hot put, high hurdles and two mile run.

The old half mile meet record was 1:51.4 set by Bill Clifford of Ohio State in 1947.

Otis Chandler of Stanford set new record of 56 feet, 1 3/4 inches in the shot. The old mark was 54 feet, 8 3/4 inches set by Lew Davis of Stanford in 1949.

Dick Atlessey of USC set a new meet record of 13.8 seconds in the 20 yard high hurdles. The old record was 13.9, set by Bill Portier of Northwestern in 1948. Atlessey also won the 220 yard low hurdles.

The fourth meet record broken was by Don McEwen of Michigan. He ran the two-mile in 9 minutes, 9.6 seconds. The old record of 9:12.8 was set by Ralph Schwarzkopf, Michigan in 1939.

Gehrmann's appearance Tuesday was the last time the little madger star will run for Wisconsin.

**Dodgers Advance in NCAA Tourney**

OMAHA (AP)—Wisconsin eliminated Alabama 3-1, in the first game of a double-header in the national collegiate athletic association baseball tournament here Tuesday night.

Wisconsin's Horton Kipper allowed only one run.

The one run against Kipper came in the first inning on a walk, a stolen base and a double right field by Ed White.

The loss dropped Alabama from the tourney and left four teams still in the race.

The three Wisconsin runs also were counted in the first inning. Gene Evans and Sheldon Fink singled. After one out Bob Shea hit a grounder which was batted and Evans dashed home.

Gene Elliott walked to fill the bases. Paul Furseth's ground ball brought in Fink and all runners were safe on a fielder's choice.

The third run was brought in by Mel Gaestle's single.

Kipper held complete control after the first inning.

**GOLF CLINICS**

Iowa Golf Coach Bucky O'Connor announced that the first of a series of free golf clinics for women will be held at 10:30 a.m. today. The clinics will be at Finkbine field.

## Dodgers Take Lead, Down Cincinnati, 8-2

BROOKLYN (AP)—The Brooklyn Dodgers took over undisputed possession of first place in the National league Tuesday night by defeating Cincinnati's Reds, 8-2, as the St. Louis Cardinals lost to the Giants.

Gil Hodges hit a grand slam homer in the third inning for the Dodgers.

It was Brooklyn's fifth straight victory.

A gathering of 16,180 saw Preacher Roe scatter 11 hits to register his eighth victory of the season. Aided by four double plays, Roe plucked himself out of several tight spots and didn't walk a single batter. One Cincinnati run was unearned.

Cincinnati ..... 010-000-100 2-11-0  
Brooklyn ..... 010-000-100 8-2-1-0  
Raffensberger, Smith (3) Earnst (7)  
L. F. Ruffenberger (5-0), Home run — Cox (2nd), Hodges (th), Furillo (5th).

## Cubs Win in 10th, Beat Boston, 4-3

BOSTON (AP)—The Chicago Cubs tied together three singles for their winning run in the tenth inning Tuesday night as they clipped the Boston Braves, 4-3, in the opener of a two game series before 12,334 fans. The loss was the fifth for big John Sain who was after his tenth victory of the season. Bob Rush, tall Cub righthander, gave only five hits as he racked up his eighth decision against five losses.

Roy Smalley, rugged Chicago shortstop, powered his eighth homer of the campaign, a lusty blast over the center field rampart, in the seventh inning for the Cubs' second score.

Chicago ..... 100-000-101-1 4-12-0  
Boston ..... 002-100-000-0 3-11-0  
Rush (8-3), Walker, Owen (10), Sain (9-5) and Cooper (10 Innings)

## VETERAN GOLFER PAUL RUNYAN shows Sammy Snead (left) and Skip Alexander how to blast out of a sand trap as they prepare for the annual PGA tournament. The meet this year will be played at the Scioto country club in Columbus, Ohio. Snead ranks as one of the favorites in the tournament. Ben Hogan, who climaxed his comeback by winning the U.S. Open in a playoff, will not compete in the tournament.

## New York Tips Cardinals, 3-2

NEW YORK (AP)—The New York Giants won their first game of the season over the St. Louis Cardinals Tuesday night when Wes Westrum blasted his eighth home run in the eighth inning to snap a 2-2 tie and give the Giants a 3-2 triumph. The Cards had beaten the Giants six straight.

The Giants hadn't beaten the Red Birds since Aug. 26 of last year.

Both Sheldon Jones for the Giants and Harry (The Cat) Brecheen for the Cards went the distance, with Jones chalking up his fifth victory and Brecheen getting charged with his fourth defeat.

## Dan Gardella Fired; Threatens Law Suit

NEW YORK (AP)—Organized baseball was threatened with a new law suit unless it makes peace with Danny Gardella, who was given his unconditional release Tuesday by the St. Louis Cardinals.

"I have nothing to say," the stormy little outfielder declared when told of the St. Louis announcement. "The matter is being handled by my attorneys."

Gardella listed his attorneys as the law firm of Moritt, Eisenstein and Johnson.

A member of the firm, Frederick A. Johnson, handled Gardella's famous \$300,000 suit against baseball which kicked around in the courts for more than two years before it was settled last fall.

Johnson declined to make a statement on the latest developments.

The Cardinals said Tuesday all other major league clubs had waived on the flycatcher's services and he had been given his unconditional release from Houston, St. Louis farm.

They said Gardella's pay would end 30 days after the release date as is customary in such cases.

The new suit, if filed, would be to regain the full \$5,000 yearly salary which was reported to be a part of the agreement in dropping the original litigation.

## Freshman Golfer Shoots Par Round

SOUTH BEND, IND. — Tom Crabbe, who was a member of the freshman golf team at SUI this spring, and William Casper, Chula Vista, Cal., Tuesday led qualifiers in the 33rd annual Western Junior Golf tournament.

The 19-year-old Cedar Rapids golfer put together rounds of 39-32 for par 71 to equal Casper's rounds of 33-38.

This spring, Crabbe shot a 64 on his home Finkbine field, in Iowa City to equal the course record. He, and 31 other young golfers, start play today in the championship flight of the tournament.

## Steady Golf

Dean Lind of Rockford, Ill., and the University of Michigan, the defending champion, who didn't have to qualify, went around with the boys and shot a steady 37-34 — 71 to show them he would be in the title scramble.

Par for the 3,495-yard University of Notre Dame course is 36-35-71.

Kenneth Campbell of Quincy, Mass., was third with 72. Joe Morasco of Staten Island, N.Y., took fourth with 73 and led Notre Dame to the team championship. His teammates were Tom Matey of Warren, Ohio, who tied for fifth with 75, and James Hutchinson of Butler, Pa., with 79.

Sandy Hollow county club of Rockford was second with 237, compiled by Donald Pugh with 77, Russ Johnson with 79 and Pete Anderson with 81.

## Defending Champions

The defending champion team, Nakoma, Wis., and Skokie, Ill., tied for third with 238.

It took six extra holes to fill out the championship flight of 32. Thirteen youths tied at 79, and 12 of them went out to shoot for the last six places.

Seven of the dozen shot par 4s on the first hole, and four of the seven made the grade with par 4s on the second, three shooting 5s. One of those squeezed in with a par 4 on the third. Hutchinson and Phil Schoenbeck of Stoughton, Wis., matched strokes until Schoenbeck three-putted the sixth to tie Hutchinson quality.

## Alumni Meetings in California

Details of the proposed trip in a special Pullman train to Los Angeles for the Iowa-Southern Cal football game Sept. 29 are now being mailed to alumni club members around the state.

Bill Olson, one of the trip's sponsors, said Tuesday that alumni club meetings in San Francisco and Los Angeles are being arranged. Loren Hickerson, director of the alumni service, is in charge of the meetings.

An itinerary of the 11-day trip starting Sunday, Sept. 24, includes such points as Salt Lake City, Utah and the Grand Canyon. The train is scheduled to arrive in San Francisco Wednesday, Sept. 27. From there it will go to Los Angeles, the site of the game the following day.

The Hawkeyes should have quite a following among California residents—including the movie colony. Many Iowans who have moved to California to escape the severities of the climate here will probably turn out for the game. One of the most prominent rooters in Los Angeles is movie star Ronald "Dutch" Reagen. Reagen was a former sportscaster in Des Moines and broadcast Iowa games for several seasons.

When Happy Chandler, commissioner of baseball, campaigned for a seven year extension to his present contract last December, he found that all the major league club owners weren't solidly behind him.

Chandler failed to get the necessary 12 votes by one. Fred Saigh, owner of the St. Louis Cardinals, is one of those reported to have voted against Chandler.

The differences between these two baseball figures were highlighted recently by a squabble over a scheduled Sunday night game. Chandler ordered Saigh not to play the game and the Cardinal retorted that he would if he felt like it. Chandler contended that baseball rules prohibited playing Sunday night and Saigh took the opposite view.

Saigh finally yielded when Ford Frick, president of the National league ordered re-scheduling of the game.

Mrs. America of 1949 has entered the \$15,000 Sioux City Open golf tournament, July 27 through 30. However, Mrs. Francis Cloyd has entered in a non-playing role. She will keep score.

Tournament officials expect some of professional golf's big names to be lured by the prize money.

This is the only golf meet in Iowa that offers enough in prize money to draw top flight players.

Dave Cannon, Bucky O'Connor and all others concerned with the state junior amateur golf tournament held here on Finkbine field deserve a lot of credit for an efficient job.

Cannon, as tournament manager, had the responsibility of not only supervising the play of 120 golfers, but also of providing housing facilities and recreation.

The meet, which was co-sponsored by the Iowa Golf association and the Iowa City Junior Chamber of Commerce, was won by Don Webber of Ames. Seven of the tourney's quarterfinalists qualified for play in the national meet in Ames this August.

Jim VerHelst, outstanding high school pitcher from St. Joseph's in Mason City, and a team mate, Dick Colloton, were in Iowa City over the week end conferring with Iowa athletic officials. Both would be good additions to Otto Vogel's baseball team.

# Five Beat Colorado River After Eight Days of Rapids

GRAND CANYON, ARIZ. (AP)—One of two motorboats which set out to run the treacherous rapids of the muddy Colorado river safely into calmer waters late Tuesday.

In the craft were five of the seven men who shoved off from Lees Ferry June 12. Theirs was the second motorboat ever to make the perilous trip through mile-deep Grand Canyon. The first, a companion craft on this expedition, made the voyage a year ago but was disabled in the attempted repeat performance.

After successfully fighting the churning Colorado for nine days, the boatmen have ahead only a short stretch of river and then the comparatively smooth surface of Lake Mead.

"The worst part of their trip is over," Bob Manning, chief pilot of Desert Skyways at Boulder City, Nev., said after a reconnaissance flight on which he sighted the boat. "They are about 85 air miles from Boulder City and should reach Pierce's Ferry on schedule."

"The men waved to us as we flew low over the boat. They had just successfully run a small rapids."

Earlier two members of the party were rescued by helicopter after their boat was disabled.

Ed Hudson of Paso Robles, Calif., co-leader of the party with Otis Marston, and his son, Ed Jr., abandoned the disabled boat and remained on a sand bar. They were brought out in helicopters but only after Ed Sr. was injured slightly when one of the aircraft crashed on a rocky plateau 1,300 feet from the canyon's floor.

## Chicago Transit Boss Says Driver 'Going Too Fast'

CHICAGO (AP)—Ralph Budd, chairman of the Chicago Transit authority, told a "blue-ribbon" coroner's jury Tuesday that a motorman was going "too fast" when his streetcar crashed into a gasoline truck May 25 and killed 33 persons.

But Budd said there never could be a satisfactory explanation of the crash because the motorman, Paul Manning, was killed.

The jury adjourned until June 29, when it indicated a verdict would be returned.

## Vatican Stalls Hopes To Release Vogeler

LONDON (AP)—The delicate negotiations between the United States and Hungary over the release of Robert A. Vogeler from prison have been disrupted temporarily by the Vatican, usually well informed sources said Tuesday.

Informants said the Vatican informed American authorities it did not believe the ancient gold and silver, gem-encrusted crown of St. Stephen should be returned to Hungary as long as the Communists hold power.

The crown is one of the priceless art treasures of the world. It is a national treasure, and the Communists demand it on that ground. But to the Vatican it is a historic symbol of cooperation between Hungary and the popes.

Return of the crown is part of the price Hungary is demanding for the release of Vogeler, assistant vice-president of the International Telephone and Telegraph corporation, who was seized by Hungarian secret police Nov. 18, 1949.

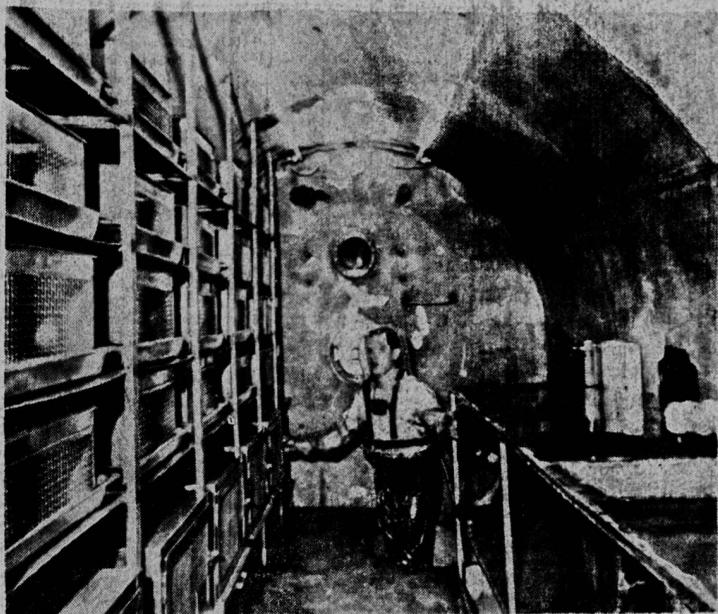

The Vatican is reported to have requested American officials to find "some other way" than returning the crown if possible, to satisfy the Hungarians.

## Chicago Salesman Killed In Truck-Auto Crash

CEDAR RAPIDS (AP)—Robert Skinner, 30, Chicago salesman, was killed Tuesday when his car swerved out of control into the path of an unloaded auto transport.

Skinner's car left the highway 17 miles west of here, then swung back on the road in the path of the truck. Charles Aver, Evergreen, Colo., driver of the truck, escaped with minor injuries.

## Notre Dame to Dedicate Animal Colony Today

(AP Wirephoto)

COMPLETELY ENCLOSED in a plastic diving suit an attendant at Notre Dame University comes up from a trap containing an antiseptic germicide solution through which he must pass to tend a stock colony of germ-free animals being housed for scientific research. The animals will be raised in this laboratory which will be dedicated today.

## Reservations Still Available for UWF Dinner

Interested persons may still make reservations for the United World Federalists dinner meeting tonight, Atty. J. Newman Toomey, president of the UWF county chapter, announced Tuesday.

Toomey said David Stanley, UWF state executive director, and Mrs. Richard Holcomb, wife of Prof. Holcomb, bureau of police science, are in charge of the dinner.

The banquet will be held at 6:30 p.m. in the D & L grill. Principal speakers will be Gen. George Olmsted, Des Moines, and C. M. Stanley, Muscatine.

Olmsted, national vice-president of the UWF, will speak on "A Businessman Looks at World Government," and Stanley will speak on "How Can We Get World Government?"

GEORGE OLMSTED

## SUI Law Grads Taking Bar Exams

Seventy-nine SUI law graduates and four out-of-state male applicants for admission to the Iowa bar are being given bar examinations by the state law examining board this week.

Results of the examination, which are being given in the law building, will be announced Thursday, according to Dottie Cummings, secretary for the board.

The written examinations, which started Monday, last about two and one-half days. Thursday morning the oral examinations will be given.

## Three Youths Promise To Work for Damages

Three teen-age youths who damaged farm machinery in the Capitol implement company storage yard, 120 S. Capitol, Monday night, have agreed to work to pay for the damage, police said Tuesday.

The machinery owners, Jack Kennedy and Glenn Hope, said a tractor, a combine and a cultivator were damaged. They suggested the youths be allowed to work at the implement company to pay for the damage.

Police said Kennedy and Hope had not informed them of the extent of the damage.

## Bull Uninjured After Two Days in Eighty-Foot Well

ORTONVILLE, MINN. (AP)—An \$800 purebred shorthorn bull disappeared from the farm of John Thyne, 22 miles northwest of here two days ago and Thyne couldn't explain it.

Pasture fences were unbroken and the gate lock worked perfectly. None of Thyne's neighbors had seen the bull, but Tuesday Thyne had the answers and some strained muscles.

He found the bull at the bottom of an 80-foot abandoned well, and hoisted it to the top with the help of eight neighbors, a block and tackle, and tractor. The bull apparently suffered no injury.

## City Council Renews 49 Cigarette Permits

Forty-nine permits for the sale of cigarettes and cigarette papers were renewed Monday night by the city council.

Among places receiving renewed permits were the Iowa dining service in the Union, Currier hall, and Quadrangle and Hillcrest dormitories.

# SUI Doctors to Present Exhibits At American Medical Convention

About 20 doctors from the SUI college of medicine plan to attend the 99th annual American Medical Association convention in San Francisco Monday through June 30.

At least eight of them will present papers or exhibits at the convention or at one of the medical societies meeting in conjunction with the association.

Among those attending are: Dr. William B. Bean, professor and department head; Dr. Lewis E. January and Dr. James W. Culbertson, both assistant professors; Dr. Murray Franklin and Dr. James F. Embick, both associates, and Dr. Kenneth Kingsbury, resident, all of internal medicine.

Dr. Nathan A. Womack, professor and head of surgery; Dr. Lucien E. Morris, assistant professor and acting chairman of anesthesiology; Dr. Frederick H. Hesser, assistant professor of neurology.

Dr. R. H. Flocks, professor and head of urology; Dr. William C. Keetel, associate professor of obstetrics and gynecology; Dr. S. B. Barker, associate professor of physiology.

Dr. Stephen A. Forbes, assistant professor of radiology; Dr. W. O. Nelson, professor of anatomy; Dr. P. J. Leinfelder, professor of ophthalmology; and Dr. George E. Perrett, assistant professor of neurosurgery, and Dr. Robert W. Newman, associate professor and acting head of orthopedics.

Keetel will present an exhibit at the meeting on a study made to determine effects of injections of blood and other substances. The materials were injected into the abdominal cavities of patients who were subject to pelvic surgery.

This was done to determine if the presence of blood caused discomfort and other symptoms which are present following rupture of the Fallopian tubes. Such a rupture occurs when an embryo is conceived in the tubes instead of the uterus.

**Paper on Sterility**  
Nelson will give a paper on infertility studies at the American Society for the Study of Sterility, a group meeting along with the American Medical Association. He and Barker will attend meetings of the Association for the Study of Internal Secretions,

of which Nelson is chairman of the board of publications. Barker will report on studies of chemical compounds similar to thyroxine at that meeting. Thyroxine is the thyroid hormone used to stimulate metabolism in persons with low metabolic rates.

Morris will give a statistical survey on "Controlling Clinical Evaluation of Three Curare Preparations" at the convention. This was prepared by Dr. Stuart Cullen, chairman of anesthesiology, who is in Denmark.

**Evaluation of Techniques**  
Flocks will give an evaluation of surgical techniques used at SUI in treating cancer of the

bladder. These techniques are called transurethral resection and ureterointestinal anastomosis with total cystectomy.

They have been developed in part by members of the SUI urology department. Leinfelder will give a paper on causes of swelling of the optic nerve. He will also discuss significance of this swelling as a sign of brain tumor.

An exhibit concerning night blindness which Leinfelder helped prepare will also be shown at the convention.

Perrett will give a paper concerning investigations of nerve injuries to the arms and hands.

## Committee Completes 'Veto Proof' Tax Bill

WASHINGTON (AP)—The house ways and means committee completed its \$1-billion "veto proof" excise tax bill Tuesday by adopting a plan to make corporations pay their income taxes on a speeded-up timetable.

Democratic leaders said the committee will meet Thursday to approve the final draft and that house floor debate will begin next Tuesday. Rep. Jere Cooper (D-Tenn.), predicted passage by next Wednesday night.

Senate Democratic Leader Scott W. Lucas said meantime he "believes" the senate will go along with the house committee in approving higher corporation taxes to offset losses from the cuts in federal sales taxes on such items as furs, cosmetics, luggage, movie tickets, travel tickets, and telephone tolls.

President Truman has warned he would veto any bill that fails to balance off revenue losses with gains in other fields. The committee met this by voting to close "loopholes" in present laws to

bring in an additional \$465-million a year, and by approving a \$433-million annual hike in corporation taxes.

The new schedule, approved Monday, would grant some tax relief to smaller firms but would raise the income levy from 33 to 41 percent on corporations earning more than \$167,000 a year.

## Classics Department Lists 25 Teachers In Latin Workshop

Twenty-five high school Latin teachers, from 13 states and Canada, are enrolled in the second annual SUI Latin workshop, Prof. Gerald F. Else, head of the classics department reported Tuesday.

The purpose of the workshop, which opened Monday and continues through July 1, is to refresh and broaden the members' view of Roman civilization and to inform teachers of the latest teaching methods.

The session carries two semester hours of graduate credit. Additional hours are awarded for special projects.

Tuesday's program featured a radio talk over station WSUI by Prof. Norman J. Dewitt, head of the classics department at Minnesota's university, on "The Problem-Solution Method in Language Teaching."

Dewitt will present today an illustrated lecture on "Gaul Before the Coming of Caesar." The lecture will be given at 4:15 p.m. in the English reading room of Schaeffer hall and is open to the public.

## Thirteen Facial Operations Finished on Girl

(AP Wirephoto)

RETURNING FROM HER THIRTEENTH SKIN-GRAFTING OPERATION at the Indiana University Medical center in Indianapolis is sixteen-year-old JoAnn Reeve of Auburn, Ala. JoAnn goes to the center once a year for plastic surgery "patch work" to replace scar tissue from burns suffered nine years ago. She was burned at a children's party when her mother's dress caught fire from a candle flame.

## 25 Invited to Write for State Law Review

Twenty-five SUI sophomore law students have been invited to write for the Iowa Law Review, Richard D. Hobbes, L.S. Eagle Grove, editor of the review, said Tuesday.

Each year, all law students who for the first time have achieved a grade average of 75 or more during the previous year, are invited to write for the review, Hobbes said.

In the college of law, a grade average of 75 is approximately equal to a B-plus average in liberal arts.

The Iowa Law Review is published four times each year by

the SUI college of law. It is edited and managed by students. About half of each issue is student written, while the other half is written by law professors and judges.

The students invited to write for the review are Leo M. Baker, Iowa City; Gil Boyard, Minneapolis, Minn.; Wayne A. Brooks, Davenport; Charles D. Campbell, Cedar Rapids; Donald D. Cavelli, Toledo; Robert L. Claypool, Williamsburg.

William R. Crary, Iowa City; David T. Doty; William K. Doran,

Boone; David H. Foster, Cedar Rapids; Robert C. Frost, Clinton; William B. Garten, Des Moines; William H. Houseal, Washington; Kenneth L. Keith, Delhi; George J. Lindeman, Waterloo.

George W. McBurney, Iowa Bluffs; Albert C. McClain, Council Bluffs; Michael C. Mealey, Sheldon; Walter F. Johnson, Chillicothe; Elliott R. McDonald Jr., Davenport; Wayne M. Newport, Dixon; John L. Redfern, Burlington; Albert L. Sessler, Davenport; Roy K. Stoddard, Iowa City, and William L. Velman, Hospers.

## Democrats Aghast: Will Lausche Turn?

COLUMBUS, OHIO (AP)—Ohio Democrats were stunned Tuesday by a hint that their party leader — Gov. Frank J. Lausche — might vote for the Republican Sen. Robert A. Taft.

Lausche in a shockingly frank statement didn't say he would; but he didn't say he wouldn't.

He told newsmen in White Sulphur Springs, W. Va., that "my general disposition would be to vote for the Democratic candidate for U.S. senator," Joseph T. Ferguson. But he added that he would vote for the best candidate and "if it is Taft, I shall vote for him."

The Lausche statement dropped like a bomb on a conference of national and state Democratic leaders in Columbus. The meeting was called for the express purpose of helping Ferguson beat Taft in the Nov. 7 election.

Ferguson himself, the fiery state auditor who is noted for sizzling political potshots, for once had no comeback — at least not for Lausche.

He just declared: "I am still going to beat Taft by 250,000 votes."

### John's Dark Days

CHICAGO (AP)—John Sadowski has become too big a man for his job.

John is a boiler washer at City hall. Three new boilers now being installed have openings only 12 by 16 inches through which a man must enter to clean combustion chambers and water reservoirs.

Now John is looking for a new job — all 241 pounds of him.

## Critic Commends Cast —

# 'Earnest' Play Refreshing

— Wilde's Comedy Appeals

★ ★ ★ ★ ★

By BARNEY SEIBERT

It is refreshing to see comedy which is arch without being bawly, risqué without being vulgar, and that is perhaps the best description of "The Importance of Being Earnest."

Wilde's farce opened Tuesday, the first play of SUI's summer theater season.

Although probably hilarious when it was fresh, the Wilde wit has not survived the half century which has elapsed since it was first written. However, his barbed stings at Victorian society are as bright as the day they were born and it is here that the play gains its chief appeal.

The cast would not rate as good Broadway, but it is superior to most summer theatrical groups and the equal of at least some of the so-called national companies. Wilde's plot concerns the hackneyed situation of the young man of a good family who is kidnapped as a baby and raised by strangers.

Like something out of a dime novel, he takes his cast through cases of mistaken identity, imaginary brothers and characters masquerading as others. If plaudits are to be given, and they are certainly due, they must go to Jacqueline Brooks who played "Lady Bracknell." She

was every bit the Victorian dowager she was cast to be.

Rev. Canon Chasuble, (Robert Paulus) was a delightful 19th century Friar Tuck and Miss Prism (Mary Joanne Schütz) did well as his pursuer.

Andrew Krawetz as "John Worthing" and James Sprouts as "Algernon Moncrief" were convincing in their roles though both tended to gallop a little.

Corinne Silberman, who played the female lead, seemed to take her cues from the proficient professionals and did a creditable job.

So with Claude Loftiss, the second lead, although she would have been more engaging in her ingenue role if her make-up had been better handled.

Others in the cast include Jack Davis and John Kohrs as butlers of the Wodehouse variety. Kohrs performance was a trifle rocky at the outset but he steadied and carried the role quite well.

The play is directed by Lewin Goff and the settings were done by Arnold Gillette.

Performances of "The Importance of Being Earnest" will continue through Friday.

## Stemming Expansion Of Communism Not Hopeless: Acheson

WHITE SULPHUR SPRINGS, W. VA. (AP)—Secretary of State Dean Acheson told the nation's governors Tuesday that the United States faces a "tough and grim" but by no means hopeless fight against Communist expansion in Europe.

He appealed for their help and understanding in a two-hour closed session after assuring them publicly that the state department is a "good, clean, loyal outfit" despite the Red charges hurled at it by Sen. Joseph R. McCarthy (R-Wis).

The governors, Republicans and Democrats alike, seemed generally satisfied with his presentation. One conference leader said Acheson's summation of the situation in Europe "scared hell out of us."

A leading GOP governor said his outline of the problems confronting the United States in Europe and what the state department is doing to solve them "swept the room."

Acheson's three-and-a-half hour session with the governors at his 42nd annual convention was a strong administration bid for "grass roots" support for the programs which President Truman and Acheson believe necessary to stem the tide of communism.

The gist of his statement, it was learned, was that the western allies have made great strides and have confounded Communist propagandists with western Europe's rapid economic recovery. What we must do now, he said, is to catch up with Russia from a military viewpoint.

### NO CREDIT

NIAGARA FALLS, ONT. (AP)—Lloyd Hill went out to buy a steel barrel Tuesday but a welding firm refused to sell him one on credit. Hill plans to be dropped from a helicopter on July 16, 200 yards upstream from Niagara Falls and plunge over the 200-foot falls in a steel barrel.

## Arts Festival Plans Opera

The featured attraction of the 12th annual fine arts festival will be "The Bartered Bride," a three act opera by Bedrich Smetana, to be produced July 26 and 27 in Macbride auditorium.

The opera will be jointly sponsored by the departments of music and dramatic arts.

The last opera on SUI's campus was in 1940 when Victor Herbert's "The Serenade" was staged. Prior to that, Mascagni's "Cavalleria Rusticana" was presented in 1938.

The setting of "The Bartered Bride" is a restaurant and street scene in a Bohemian village; the occasion is a feast day to celebrate the marriage of Marie — the bartered bride. The theme concerns Marie's marital fate at the hands of a marriage broker.

Marie will be double cast with Victoria Sedlacek of Cedar Rapids and Lura Reed of Danville singing the role.

The role of Jenik, a principal character also will be double cast with Harlan Bass, A4, of Cedar Falls and Richard Koupal, of the music department staff, singing the part.

Other roles will be sung by Edith Le Cocqu, member of the music department at Central college, Pella and an SUI graduate student this summer; Harry Morrison, A3, Douds; Dorothy Krebill, A3, Doanellon; Robert Eckert, graduate assistant; Charles Davis, G, Buffalo Center, music instructor; James Wood, Lindsayburg, Kan.; Max Collins, Muscatine and Mrs. Fred Erbe, Iowa City.

## Hit-and-Run Driver Strikes Parked Car

W. W. Holberg, Minneapolis, reported to police his car was damaged at 8 p.m. Monday while parked in the 100 block on S. Dubuque street.

Holberg said a car apparently struck the left rear fender of his car and the driver failed to leave his address. Holberg estimated the damage at \$15.

## Motorist Held Here On OMVI Charge

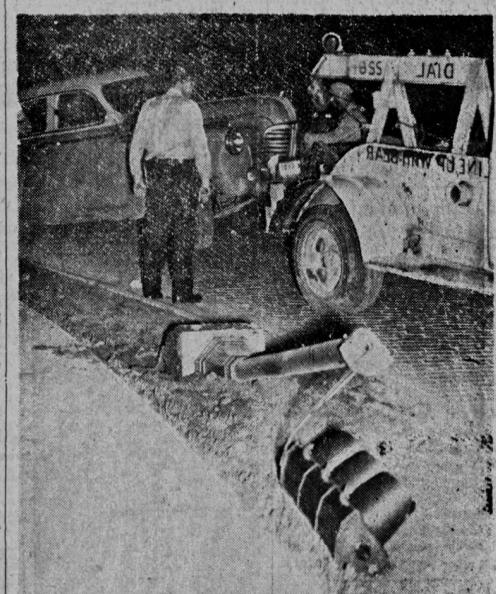

Vinton R. Murphy, Reardon hotel, waived preliminary hearing and was bound over to the Johnson county grand jury Tuesday by Judge Emil G. Trott on the charge of operating a motor vehicle while intoxicated.

Police said he is being held in Johnson county jail pending posting of a \$500 bond.

Mrs. Elton W. Janney, 127 Grand avenue court, a passenger in Murphy's car, was fined \$102.50 for intoxication on a public highway.

Murphy's car struck a traffic signal and broke it from its concrete base Monday night at the intersection of Riverside drive and Iowa avenue. All traffic light circuits in the vicinity were shorted, police said.

## Traffic Light Down for the Count

(Daily Iowan Photo)

ALL TRAFFIC LIGHTS IN THE surrounding area were shorted Monday night when a car driven by Vinton R. Murphy, Reardon hotel, struck this signal pole, breaking it and ripping it from its concrete base at the intersection of Riverside drive and Iowa avenue.

## Professor Plans Paper for Engineers Parley

Prof. Hunter Rouse, SUI department of hydraulics and mechanics, will present a paper Thursday at the 16th conference of the National Applied Mechanics division of the American Society of Mechanical Engineers, at Purdue university.

Co-author of the paper was Abdel-Hadi Abul-Fetouh, lecturer of the college of engineering at Farouk El-Awal university, Alexandria, Egypt. He received his doctor's degree in mechanics and hydraulics at SUI in 1949.

Rouse also will read a paper by Prof. Chia-Shun Yih, department of mathematics, University of British Columbia. Yih received his doctorate in mechanics and hydraulics at SUI in 1948.

The paper by Rouse and Abul-Fetouh is based on a theoretical analysis of fluid motion conducted by Abul-Fetouh as a doctoral dissertation. The analysis was under Rouse's direction, and was partially supported by the Office of Naval Research.

Title of the paper is "Characteristics of Irrotational Flow through Axially Symmetric Orifices."
