Iowa City, Iowa, Friday, June 30, 1950 - Vol. 84, No. 227

Weather

Generally fair today. Saturday partly cloudy and slightly cooler with scattered showers. High today, 84; low, 54. High Thursday, 77; low, 52.

Reports Railroad Union Offers to Settle Strike

CHICAGO (AP)—Government mediators kept separate peace talks going with the railroads and four unions Thursday, but made no report of progress. However, the fact these talks have not been broken off as futile gave a slight ray of hope that the national (railway) mediation board might be able to work out some compromise.

Education Difficult Task, Hancher Tells Press, Radio Groups

Higher education is a large undertaking and a difficult one, President Virgil M. Hancher told a press and radio conference sponsored by the state board of education Thursday. Earlier the state board announced that it had accepted "with regret" the resignation of President Malcolm Price, Iowa State Teachers college, Cedar Falls.

The board-appointed Price a full professor in the college of education at Iowa Teachers "at the unanimous request of the faculty" at the school. President Hancher spoke at the dinner meeting on "The Problems Which Affect Higher Education Generally."

Money Not Chief Interest "The teacher is somewhere between the professional and the monk. He hasn't taken the vow of poverty but money is not his chief interest in life," he said. "No one is striving to improve the world as much as the professor. He is preparing youth for an unpredictable world," he said.

"We want good people in our institutions," he told the group. "Two thousand second-rate physicists could not have made the atomic bomb. A few brilliant men could aid. Education Under Fire "We are in a period when a great many things are said about education which are not necessarily so," President Hancher said. "Academic freedom is difficult to define; difficult to discuss and sometimes difficult to defend," he said.

Teaching Based on Fact "But, a man with different political views should have the right to teach what he believes if he is intellectually honest and bases his teaching on fact," President Hancher said. "Are we preparing too many college graduates for the world?" President Hancher asked. "The answer is, 'yes,' if the world is going to stand still, but the answer is, 'no,' if the world is going to grow increasingly complex, he said.

Iowa Depends on Intelligence Iowa is especially dependent upon intelligence because it has no mineral resources. If it is to be a great state it must have a population above average in intelligence and education, he said. Henry Shull, Sioux City, president of the state board of education since 1940, introduced other members of the board and outlined its history. Shull has been "associated with" the board since 1925, he said.

Convict 8 Movemen On Contempt Charge

WASHINGTON (AP) — Eight Hollywood figures who wouldn't tell congress whether they ever were Communists were convicted Thursday and six immediately went to jail. The other two, ill, will be sentenced later. At the same time, the house un-American activities committee moved to slap contempt citations on three atomic scientists and general manager Philip Bart of the Communist newspaper, the Daily Worker, for declining to talk.

Maximum sentences of a year in jail and \$1,000 fine were imposed on Ring Lardner Jr., Lester Cole, Albert Maltz and Alvah Bessie. Writer — Director Herbert Biberman and Director Edward Dmytryk drew six months in jail and \$1,000 fines. Writer Samuel Ornitz will hear his fate today. Writer — producer Adrian Scott was told to appear between Aug. 18 and Sept. 2 for sentencing.

The other two Hollywood experts who tried unsuccessfully to get the supreme court to intervene were Dalton Trumbo and John Howard Lawson. They went to jail at Ashland, Ky., June 9 to begin maximum sentences — a year and \$1,000. The three atomic scientists whom the committee decided to cite for contempt are David Bohm, Giovanni Rossi Lomanitz and Irving David Fox.

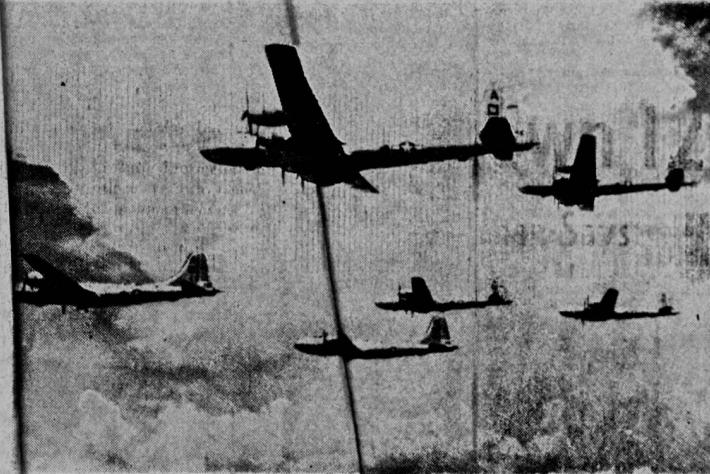

Too Much Bull Causes Trouble

FLINT, MICH. (AP) — A bull can be clumsy in a barn, too. Farmer Glenn Jefferson's knocked down a post. Then he tangled himself in electric wires, causing a short. The short touched off a fire. Before it was over the barn burned down, three calves and a pig perished, considerable machinery and 975 bales of alfalfa were destroyed. Loss was estimated at \$25,000. The bull got out unharmed.

Conventioner Gets Lost Here

The latest "casualty" from the Shriner's convention in Los Angeles wandered into Iowa City Thursday night on the 6 p.m. bus from Omaha. The "casualty" is a 78-year-old shriner, Louis E. Jentz, from Terre Haute, Ind. He told a tale of bus travel from California to Colorado, from Colorado to Canada, from there back to Colorado, and then to Iowa City in his struggle to find his way home.

Hearing Battery Dies He told of losing his baggage and glasses, and of having the battery on his hearing aid go dead. He had three extra batteries in the suitcase. Jentz said he left Indiana May 14 with another man for the Shriner convention in San Francisco. Sunday they left San Francisco and drove to Sacramento, where they parted. His companion went to Canada to fish while Jentz took a bus for Denver, via Salt Lake City. From that point, he isn't sure

B-29 SUPERFORTRESSES such as those pictured in flight pounded Communist-held targets in the Seoul, Korea, area Thursday, helping check the invasion below the country's 38th parallel.

Bombers Like These Lound Korean Reds

WASHINGTON (AP) — President Truman Thursday expressed full confidence that Red - invaded South Korea will be saved as a free nation, and denounced the Communist attackers as a "bunch of bandits."

Korean War at a Glance

LONDON—The Soviet Union flatly refuses American request to see its influence to stop Korean war. Russian reply, broadcast by Moscow radio, asserts that events in Korea were "provoked" by an attack of South Korean troops on frontier areas of Northern Korea.

TOKYO—Gen. Douglas MacArthur's headquarters announced Korean battle lines stabilized. Counterattack drives Communist invaders from Seoul's Kimp'o airport. MacArthur returns to Tokyo from front. U.S. bombers and warships continue to blast strategic points. Red Chinese leaders, in Peiping broadcast, accuse U.S. of "inciting" war.

WASHINGTON—Optimistic reports ease pressure in Washington for decision on whether U.S. ground troops should be sent to Korea. President Truman declines comment on question of ground force; calls North Korean troops "bandits" and says he has no doubt Korea's independence will be maintained. Secretary of State Dean Acheson calls Communist invasion "direct challenge" to survival of UN.

NEW DELHI—India abandons neutrality to support UN policy. CANBERRA—Australia and New Zealand offer naval forces to aid their allied units in Korean waters.

Milk Strike Settled After Three Weeks

PITTSBURGH (AP) — The three-week-old western Pennsylvania milk strike ended Thursday. By agreeing to a new contract, more than 2,000 AFL members voted to accept a new two-year contract. Driver salesmen get a guarantee of \$12.50 a day. The union had asked \$13.50, compared to \$10 under the old contract.

Army Reports First U.S. Soldier Casualty

WASHINGTON (AP) — The army has notified Ralph B. Walsh Sr., of Massillon, Ohio, that his son, Pvt. Frederick J. Walsh, was wounded in action in Korea. The army said this was the first casualty notification sent from here since the fighting started.

Report Korean Front Stabilized

AMERICAN COMBAT PLANES BLASTED enemy ground installations Friday at the Seoul airport in Korea. American headquarters in Tokyo reported nearby units were joining in the attack on the North Korean Communists by pounding enemy positions on both the east and west coasts. The Reds are reported to have landed amphibious troops 200 miles south of the North-South border. U.S. authorities said bad weather hampered air activities, but claimed at least 12 enemy planes destroyed. Informed sources indicated Australian air units may soon join American forces.

U.S. Airmen Hit Reds; Down 12 Enemy Planes

Truman Says Not at War, Supporting UN

WASHINGTON (AP) — President Truman Thursday expressed full confidence that Red - invaded South Korea will be saved as a free nation, and denounced the Communist attackers as a "bunch of bandits."

Soviet Rejects Plea From U.S. to Help End Korean Battle

LONDON (AP) — The Soviet Union Thursday night flatly rejected an American request that Moscow use its influence to end the Korean war.

The United States made the request in Moscow Tuesday, when U.S. Ambassador Alan G. Kirk called on the foreign office. The reply, a declaration to Kirk by Andrei A. Gromyko, deputy Soviet foreign minister, was broadcast by the Moscow radio Thursday.

The Soviet Union fielded that the events in Korea were "provoked" by an attack of South Korean troops upon the frontier areas of Northern Korea — a contention contrary to United Nations findings. In turning down the U.S. request for Russian action, the reply said:

"As is known, the Soviet government withdrew its troops from Korea earlier than did the U.S. government and thereby confirmed its traditional principle of non-interference in the internal affairs of other states. The Soviet government holds now also to the principle of the inadmissibility of the interference of foreign powers in the internal affairs of Korea."

Gromyko said the Soviet Union had found it impossible to take part in United Nations meetings dealing with the Korean question because "by virtue of the U.S. government" the delegates of Red China had not been admitted to the security council. Keeping Red China on the outside, Gromyko said, meant that it was "impossible for the security council to take decisions which have legal force."

Referring to the invasion of South Korea by North Korean forces, the American note said: "In view of the generally known fact of the close relations between the USSR and the North Korean regime, the U.S. government asks for an assurance that the USSR will not take upon itself the responsibility for this unprovoked and unjustified attack and that it will use its influence with the North Korean authorities towards immediate withdrawal of their invading forces."

Army Plane Crash Kills Crew of Four

SMYRNA, TENN. (AP) — A big troop - carrier from Sewart air force base here crashed in Alabama Thursday. It was the second wreck of a C-119 packet from this base in 19 hours. The air force launched an immediate investigation.

The crew of four died in the first crash near Nashville, 20 miles away, Wednesday night. But 26 paratroopers from Fort Campbell, Ky., jumped to safety. Thursday another C-119, successor to the flying boxcar, crashed near Pryor Field, Ala., across the Tennessee river from Decatur. Two of the crew of five on a routine mission were hurt. The plane was destroyed.

Name Clair Hamilton Manager Chairman

Atty. Clair Hamilton was elected permanent chairman of the Iowa City Council Manager association Thursday by the association's hard of representatives. Other officers elected were: Atty. Dan Duthier, vice-president; Mrs. Don Lewis, secretary, and Mrs. Alexander Kern, treasurer. Mrs. Lewis is the wife of an SUI psychology professor.

Members to be standing committee were also elected. This committee will select the CMA candidates for election to the City council in March 1951. Committee members are: T.A. Foote, first ward; Dr. Kenneth MacDonald, second ward; R. P. White, third ward; Mrs. Don Guthrie, fourth ward, and Dale Weid, fifth ward.

A temporary committee also was formed to select members to the association's other four committees: Membership, Finance, Election, and Education and Information. Temporary committee members appointed were: Mrs. Allyn Lemme, Roy Ewers, Roy J. McGinnis, Fred V. Johnson, Mrs. Paul Vermillion and Mrs. Don Lewis.

RETURNING FROM THE FRONT, Gen. Douglas MacArthur arrived at Haneda air field near Tokyo Thursday after a sortie at the shooting line in South Korea.

Back from Korea, MacArthur Readies Attack Ships, Planes

TOKYO (FRIDAY) (AP) — Gen. Douglas MacArthur's key officers hastened preparations today to use the ships and planes of three nations in intensified attacks on Communist positions in South Korea.

Authoritative sources said MacArthur already has accepted the offer of Great Britain and Australia to use their naval units, including aircraft carriers. He also is studying the use of land-based Australian planes from Japan.

MacArthur returned Thursday from a bold flight to the Korean front during which a North Korean fighter tried to attack his unarmed transport plane. As his famed "Bataan" approached the air base of Suwon, 20 miles south of Seoul, a North Korean fighter tried to get in for an attack.

A twin-fuselage Mustang drove off the northerner before it could open fire. Later, while he conferred with his senior officers at Suwon, four Russian-made planes attacked the city. One bomb hit the air field. Another landed half a mile from where MacArthur was conferring.

Undeterred, MacArthur and his party went on to the front on the south bank of the Han river at the southern outskirts of Seoul. MacArthur seemed satisfied with what he saw. He immediately issued orders to aid the U.S.-trained South Korean army.

His first was to have destroyed the 1st bridge over the Han river south of Seoul. Other measures are expected soon. This will include all the aid he can give the south from supplies within his command.

Ten British warships including the 13,000-ton aircraft carrier Triumph are in Japanese waters now. Two Australian destroyers are due here tomorrow. An Australian air unit has been maintained in central Japan for several years. MacArthur has authority to use American carriers in Far Eastern waters and intends to do so soon, informants said.

India Supports UN Stand On Korean Intervention

NEW DELHI (AP) — India, the biggest non-Communist power in Asia, switched Thursday night from neutrality to support of the United Nations policy for stopping the Korean conflict with allied armed force. There was no indication as to whether India would offer material aid in Korea.

House Sends \$1-Billion Tax Cut to Senate

WASHINGTON (AP) — A bill slashing excise or "nuisance" taxes by \$1.01-billion a year and raising levies on large corporations by \$433-million was rammed through the house Thursday by a smashing 375 to 14 vote. It now goes to the senate, where an uncertain fate awaits it in view of the Korean war and the tense international situation.

The measure would cut the excises, many of them imposed in World War II, on jewelry, furs, pocketbooks, movies, telephones, baby bottle warmers and scores of other items. "Veto Proof" Bill Republicans joined Democrats in the overwhelming house vote after they failed in a drive to get a separate vote on a bill cutting excise taxes only. There was overwhelming support in the house for cutting the excises, but Republicans bitterly fought other sections of the bill. The corporation tax increase — affecting corporations making more than \$107,000 a year — was

Score Major Hits; Defenders Counterattack

TOKYO (FRIDAY) (AP) — Giant B-29's and other American warplanes caused widespread damage to military targets in Communist - invaded South Korea Friday, Gen. Douglas MacArthur announced today. Five enemy aircraft were shot down. There were no U.S. losses reported.

B-26 bombers, F-80 jets and F-51 single - engine Mustangs joined with the Superforts in bombing and strafing North Korean Red positions throughout the Seoul area. Together they made a total of 183 flights. MacArthur's summary indirectly denied assertions by the North Korean radio that U.S. bombers had attacked the Communist capital at Pyongyang. Only the sector around Seoul was mentioned specifically in the announcement.

The F-51's entered the sky war for the first time. Acting as escorts, they disposed of four out of the five northern planes destroyed for a total of 12 since the Red invasion began last Sunday. A sixth plane was marked down as probably destroyed and two damaged by the F-80 shooting stars. Defenders Counterattack The battle of Korea was stabilized on the critical central front just south of fallen Seoul and a counterattack hurled the Reds from the city's Kimp'o airport.

The Communists were reported to have driven about eight miles south of the Han river south of Seoul Thursday, but MacArthur on his visit to that sector of the front saw no evidence of it and briefing officers said the Reds had not crossed the Han in this area. Elements of the U.S. Fifth and 20th airforces carried out the daylight sorties without loss in aircraft or personnel. The 20th is the Superfort group based on Guam, an easy 1,200 miles southeast of Seoul. MacArthur said the B-29's left extensive damage to hangars, runways and equipment at Seoul's Kimp'o airfield. There was no mention of how many participated in the first Superfort raids.

Weather Aids Planes The statement said the weather cleared over Korea, aiding in making the operations the most successful since the Korean offensive began. The American pilots destroyed five tanks and at least 50 trucks together with their personnel, MacArthur reported. Eight more trucks were listed as damaged or probably destroyed. The northerners have a beachhead about 20 miles long extending from Kangnun south to Samchok, 40 miles south of the border. U.S. naval vessels attacked several points along this beachhead, which the headquarters summary described as "only a few miles deep." North Korean naval units also were attacked by U.S. warships, but no details were given.

Mable Recovering After Stroke Prof. E. C. Mable, head of the SUI speech and dramatic art department, was reported "improving" Thursday night by his attending physician. Mable has been at Mercy hospital since he was admitted Tuesday morning, suffering from a partial stroke.

SUI Fashions

(Daily Iowan Photo)

NEAT IN NYLON is Jan Lauderdale, G. Toledo, who has selected this cool sleeveless aqua frock for Monday's street dance, co-sponsored by Union Board and Central party committee. Jan wears pink leather sandals with the crisp nylon-crepe. A tiny collar, slit pockets and a narrow pink belt complete the simple summer dress.

Speech Clinic Therapy Includes Singing, Dancing

Iowa's speech handicapped school children are singing and dancing their way to new speech adjustments.

Community singing and square dancing are taking their places along with tape recorders and speech drill sessions during the SUI summer speech clinic which opened Monday and lasts through Aug. 4.

Speech therapy is broader than a clinical program, according to Miss Eleanor Cohen, coordinator of the summer clinic.

The clinic's purpose is to give the student a chance to speak without fear, and to provide the formal means for training and correcting the speech handicapped, she said.

Recreation Program

An extensive recreation program has been set up to provide means for overcoming social barriers facing handicapped children. Al Thimmesh, A4, Dubuque, boys recreation director said "the program will parallel any recreation program these 64 children would have in their home communities."

House Clinicians

The function of these clinicians is to see that the practices used in the short drill sessions are incorporated into everyday activities of the children.

Howard house, the boys dormitory, will alternate with McChesney house as the social center during the summer.

Physical education students will supervise the planned outdoor recreation program every afternoon. A full social program has also been provided.

Tuesday and Thursday are movie nights for the children. Wednesday nights the dramatic art department is providing story tellers for the younger children. A drama program is planned for the older students.

Movie parties in town will be planned on Friday nights. Week-ends will be devoted to outdoor activities such as swimming and picnics.

Saturday night will be party night at the individual dormitories.

Thimmesh said a tournament athletic program is planned. "Clinic students are not interested in individual competition but in group sports. Tentative plans are being made to play some city teams."

Clinic Personnel

The summer clinic staff includes Mr. and Mrs. Robert Huffman, Millersburg, boy's house parents; Jack Ross, Peoria, Calif., boy's proctor; Mrs. Nada Colwell, Iowa City, McChesney house mother; Miss Kay Craibee, Toronto, Canada, girl's proctor.

Mrs. June Fones, Burlingame, Calif., is recreation supervisor; and Mrs. Mary Brown of Batavia, N. Y., is nurse for the group.

House clinicians are Bob Millard and Audrey Kirsch, New York, N. Y.

Frederic Darley, speech clinic instructor supervised the general planning of the summer clinic. Also helping the boys recreation director are Lloyd Myatt, Davenport, Kieth Felgenhauer, Davenport and David Bernard, Srean, Illinois.

Philippine Woman Studying at SUI

Among the foreign students attending SUI this summer, is a woman who is a supervisor of the secondary and normal training schools in the Philippines.

She is Aurora L. Samonte from Manila, here to study for a master's degree in combined English and education under a new program offered by the SUI English department. After receiving her M.A., she will return to her position with the Philippine bureau of public schools.

English, which is compulsory throughout the Philippines school system, is the medium of instruction from first grade through college, Miss Samonte said.

Children in the islands also learn to read and write their native language and Spanish, which became a requirement for high school students by legislative action last year.

Aurora is the second one of her family to come to the United States to study. Her brother completed his medical studies in Manila and is an intern at the Evangelical Deaconess hospital in Cleveland, Ohio.

Among her brothers and sisters at home, one sister holds a master's degree and is teaching in the elementary schools. Another is in high school and two are attending college now.

Aurora brought with her several articles of women's wear fashioned of pina cloth, an unusual ivory-colored fabric woven from pineapple leaf fibres.

Besides handkerchiefs of this material, she has blouses, doilies, table-runners and a small purse, hand-embroidered.

Among the native costumes she packed was one which her grandmother wore. It is called the "Maria Clara" and is a replica of the heroine's dress described in the early 19th century novel, "Noli Me Tangere" (Touch Me Not).

Red Slippers
The Maria Clara has a red and black striped satin skirt, a sheer blouse and a triangular kerchief of the sheer embroidered fabric.

With it are worn red plush slippers with beaded toes. This costume is appropriate now only at folk dances or on special occasions to show the evolution in fashion, she explained.

A white formal gown of eyelet material has a bolero and sequins are stitched on the flared sleeves.

A "more modern" formal gown of lilac colored satin is styled with a bustle and cluster of flowers.

Hand-woven table runners, napkins and doilies are made by mountain villagers and are sold to tourists as a rule, she said. Machine-made articles from the United States, she explained.

(Daily Iowan Photo)

A PHILIPPINE FORMAL GOWN fashioned of lilac satin was brought from home by Aurora L. Samonte, G. Manila, when she came to SUI this summer. She is shown modeling the gown at Currier hall where she lives while working on a master's degree in education and English.

Former Professor Gets Engineer Post

Col. Jack J. Hinman, Jr., 121 Melrose avenue, has been appointed chairman of the national defense committee of the National Society of Professional Engineers.

Hinman is a former professor of the SUI department of hygiene and preventive medicine.

He came to SUI in 1914, and took leave of absence in 1940 for active military service until he resigned his SUI post in 1948.

The defense committee is concerned with the use of registered, professional engineers in all phases of defense work, Hinman said.

Lime Chiffon Pie Offers Refreshing Dessert

Cool to look at, cool to taste, cool to make.

Coconut Lime Chiffon pie is a dessert the housewife appreciates on those hot sultry days, for the refrigerator does the job instead of the oven.

The crunchy graham cracker crust can be put together in a no time and stored in the refrigerator until chilled.

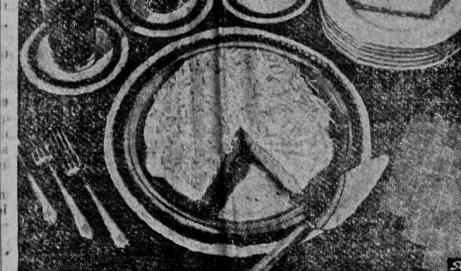

The lime-flavored gelatin filling is whipped until fluffy, spread into the crust, topped with whipped cream and sprinkled with coconut.

Here is the recipe for Coconut Lime Chiffon Pie:

- 1 package lime-flavored gelatin
- 1 1/2 cups hot water
- 1/3 teaspoon salt
- 2 teaspoons lemon juice
- 3/4 cup cream, whipped
- 1 cup shredded coconut, cut

To make the graham cracker pie shell, mix together one-half cup of melted butter, one and one-half cups of fine graham cracker crumbs and two table-spoons of sugar.

Press the batter firmly on the bottom and sides of an eight-inch pie pan, and chill thoroughly.

A DESSERT THE HOUSEWIFE DESERVES on hot sultry days is Coconut Lime Chiffon pie—it does not require baking. Made with a crisp graham cracker crust and fluffy lime gelatin filling, this pie will rate as a favorite summer dessert with the family.

Are you planning a holiday weekend trip?

Would you like to spend the day at Lake McBride? Would you like to take a trip to the Amanas? Would you like to eat at any of the nearby towns? Would you like to take a trip around Iowa City? Or do you have a train connection to make? Call Yellow Cab.

Stern, Steigleman Write for Quarterly

Two SUI journalism instructors, Bernard Stern and Walter Steigleman, had articles published in the June issue of Journalism Quarterly.

Stern's article reports on content analysis of techniques in handling local government news in three Iowa newspapers. It is called "How local Governmental News Is Handled by Three Dailies."

"Mortality Among Editorial Workers on Daily Newspapers" is the title of Steigleman's work. It deals with a study of deaths reported among journalists during the years 1945 through 1949.

Journalism Quarterly is the official publication of the American Association of Teachers of Journalism and the Association of Accredited Schools and Departments of Journalism.

Robert H. Lind was installed as president of the Iowa City Rotary club at the weekly meeting Tuesday at the Jefferson hotel.

A report of the recent Rotary International convention in Detroit was made by Lind, Richard T. Feddersen and William L. Nusser, delegations to the convention.

Two from I.C. to Attend Florida Elks Convention

Dr. William H. Ward, exalted ruler of the Iowa City Elks lodge and Clyde U. Shellady, past exalted ruler and past district deputy of the lodge, will attend the 86th Grand lodge convention in Miami, Fla., July 9-13.

Thirty thousand Elks, representing every state and territory in the United States, are expected to attend the conventions. Gen. George C. Kenny, commanding general of the U.S. airforce's air university, will be a feature speaker.

Brooklyn Keeps Slim Lead in National League Race —

Braves Clip Phils, 3-2; Giants Topple Dodgers

Bickford Out-Duels Heintzelman for Win

BOSTON (AP) — The Boston Braves knocked the Philadelphia whiz kids out of a temporary first place tie with the Brooklyn Dodgers Thursday night as Vern Bickford out-duelled Lefty Ken Heintzelman for a 3-2 decision. Buddy Kerr's two-run single settled matters for the Tribesmen in the eighth inning, despite the valiant efforts of the Phillies' Dick Slesler, who banged out three doubles and a single in four trips.

Fleet Sam Jethroe, however, provided the 15,980 crowd with its most exciting thrill while scoring the first Boston tally in the sixth inning.

That speedster reached base on an error, stole second base, his 18th theft in 64 games, and then raced home from there when Earl Torgeson grounded out, First Baseman Eddie Waitkus to Heintzelman who covered the base.

Before Kerr banged his two-run single, Walker Cooper drove safely to left field and Tommy Holmes doubled to deep right-center and then had the faster Sibby Sisti run for him.

Bob Rush Hurls Cubs to Win Over Cards, 6-1

Losers' 12th Loss In Last 16 Games

CHICAGO (AP) — Some choice twirling by Bob Rush and a solid Chicago attack, including Hank Sauer's 14th homer, swept the Cubs to a 6-1 triumph over the St. Louis Cardinals before 13,981 at Wrigley Field Thursday.

The triumph evened the series and handed the Cardinals their 12th defeat in the last 16 games.

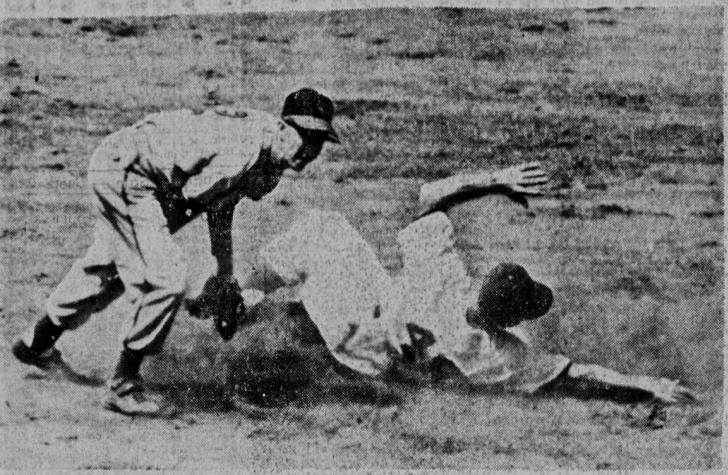

Rush notched his ninth victory against six defeats — and his 10th complete performance in 15 starts — with a crisp five-hitter, his fourth of the season.

The Cubs knocked Al Brazle off the mound in the fifth after mauling him for all six of their marksmen. Sauer's two-run homer in the fourth proved the winning blow. It followed Phil Cavaretta's single.

Fred Martin succeeded Brazle and held the Cubs to one hit the rest of the way. The Cards' lone tally came in the second on Bill Howerton's triple and Harry Walker's double.

The Cubs added a third run in the fourth after Sauer's circuit wallop and picked up three more in the fifth on four hits and an intentional walk.

St. Louis . . . 010 000 000-1 3 2

CHICAGO OUTFIELDER ANDY PAFKO slid hard into second base during the Cub-St. Louis Cardinal game Thursday in a successful effort to break up a double play. Pafko was forced at the base by Cardinal second baseman Red Schoendienst who threw the ball to first base. Shortstop Marty Marion fielded Hank Edward's ground ball and tossed to Schoendienst for the force play. The Cubs defeated the Cardinals for the second day in a row, 6-1. St. Louis won the first two games of the series.

Bid to Winslow Brings Protest

WASHINGTON — An invitation to Don Winslow, former Iowa tackle, and Charlie Justice, of South Carolina, to play in the Collegiate All-Star football game brought an official protest from Washington Redskins owner George Marshall Thursday night.

Both Winslow and Justice are on the Redskins' reserve list.

Marshall said that four of his Washington players had already been invited to play in the game. "The game's contract says that no more than four players be taken from any one team without that team's permission," Marshall said.

Those already invited are Eddie LaBaron, George Thomas, Hall Haynes and Harry Uliniski.

The Washington owner said he had filed the protest with National Football League Commissioner Bert Bell.

Jones Tops National League 3rd Basemen

CHICAGO (AP) — Willie Edward Jones of the Philadelphia Phillies may be another new starter in the 17th annual All-Star baseball game at Chicago's Comiskey Park, July 11.

Jones, who answers quickly to the nickname of "Puddin' Head," is drawing away from his National League rivals for the third base spot in the national poll to pick the fans' opening line-ups for the inter-league contest. The 20 day balloting being conducted by 287 newspapers and radio stations will end at midnight Saturday.

The latest compilation of returns Thursday shows the Dillon, S.C., lad with 623,917 votes, 177,359 more than Sid Gordon of the Boston Braves.

First Baseman Walter Dropo, Boston Red Sox rookie, is more than 315,000 votes ahead of his closest rival, Ferris Fain of the Philadelphia Athletics.

George Kell, Detroit third baseman, continues to lead as the highest individual vote getter with 856,796.

Chicago's Cain Downs Tigers

DETROIT (AP) — Lefthander Bob Cain of the Chicago White Sox settled down after a shaky first inning Thursday to beat the Detroit Tigers 7-3 and keep them from increasing their four and a half game American League lead.

The Tigers roughed up Cain for two runs and four hits in that initial inning, but could do little against him the rest of the way.

The White Sox, in the meantime, kept up their 14 hits off Freddie Hutchinson and Relief Pitcher Saul Rogovin. After Detroit got off to a two run lead, the White Sox moved out in front 3-2, only to emerge tied at 3-3 in the seventh.

The Chicagoans broke loose after two were out in the eighth as they banged out four singles good for two runs and a 5-3 lead.

They ran the score to 7-3 in the ninth as they mauled Hutchinson and Rogovin.

That was all the help Cain needed to get his fourth win as against five losses.

Chicago . . . 001 011 022-7 14 0
Detroit . . . 200 000 100-3 9 1
Cain (4-5) and Masi; Hutchinson, Rogovin (9) and Robinson. LP—Hutchinson (8-3).

Red Sox Trounce A's; Teams Score 36 Runs

Brooks Don't Lose Ground by Selback

PHILADELPHIA (AP)—Boston's run-whacky Red Sox out-slugged the Philadelphia Athletics 22-14 and the two-team total of 36 runs established a new American league record.

It was one of the weirdest baseball games ever played. By the time the second inning had been completed 21 runs had been scored with the Red Sox in the lead 14-7.

From then on, there was an unending succession of base hits and walks with nine pitchers giving up 38 hits and 21 bases on balls.

Oddly enough, only one home run was produced in the 2 hour and 50 minute marathon. That was by Ted Williams, who now has smacked 24 four-baggers.

Williams drove in six runs to hike his RBI total to 80 in 69 games.

It was Williams who broke the old run making record by doubling in the ninth off Joe Coleman, fifth Philadelphia pitcher. That swat drove in two runs.

Boston . . . 080 112 302-22 19 1
Philadelphia . . . 030 011 329-14 13 3
Selback, Banl (4), Schanz (3), McDermott (8) and Batta; Hooper, Scheil (1), Fowler (2), Bartschy (7), Coleman (9) and Guter, Astroh (2), WF—Pappal (4-2), LF—Hooper (7-5). Home run—Williams (24th).

Nats Get 18 Hits, Smash Yanks, 12-7

NEW YORK (AP) — The Washington Senators blasted three ineffective New York Yankee pitchers for 18 hits Thursday and took the rubber game of the series, 12-7.

Catcher Al Evans led the battering with four hits and Irv Noren pumped a three-run homer as the Nats scored six runs in the fourth inning.

The loss was New York's seventh in the past nine games and cost them their third successive series.

Washington . . . 120 000 201-12 18 2
New York . . . 001 010 000-7 8 1

Compact Sets May Take Elevator Ride

Staging Plan for Opera Becomes Reality

By IRA SCHNEIDERMAN

A Bohemian village is being moved into Macbride auditorium but it's not because of a housing or displaced person problem.

Prof. Arnold S. Gillette, set designer for "The Bartered Bride" is moving his props on stage in preparation for the opening of Smetana's three-act opera July 26 and 27.

The production, jointly sponsored by the departments of music and dramatic arts, is part of the SUI 1950 fine arts festival. Gillette explained that the Macbride stage dominated the type of set created. Macbride is being used because it has a large seating capacity, and can accommodate the full orchestra.

Gillette quoted Prof. Herald Stark, who is directing the opera and chorus, as saying the opera can only be performed a few days due to voice strain.

Since the stage is only 18 feet from front to back, there is no room for stage crews to handle elaborate sets.

"By keeping away from three dimensional scenes props will be able to run to the wall, allowing the greatest possible space for the singers and dancers," Gillette said.

The "Bride" will have one scenery prop which will combine the two scenes called for in the opera he added.

The setting of the opera is a restaurant and street scene in a Bohemian village, and is "artificial and brittle to correspond with the comic theme of the opera," he said.

50 in Chorus. Gillette, who has designed many of SUI's theater sets, said the basic problem of opera stage design is that an opera set must allow room for a chorus. The "Bride" has a chorus of about 50 students.

In addition, "the sets have been built in the theater and have to be trucked over to Macbride. If the sets are too large for the freight elevator they must be carried up three flights of stairs. To aid in transportation, the props have been limited to 14 feet and built in sections.

"Though the set is not to be taken as a replica of Czech architecture, authentic Bohemian themes have served as models for the set.

"The buttress, window arrangement, door details, turret and practically everything else has been checked for historical accuracy," he said.

Work on the sets for the July opera started late in April, when Gillette was asked for a list of recommended alterations necessary for the Macbride performance.

Working drawings were in the shop by the middle of May and were finished in early June. The final painting of the set was completed about a week ago.

Designing Sets. The steps in creating a stage set, from blue print to finished flat begin with the designer's sketch.

In order to construct the set, a scaled drawing of the front view is presented. This plan includes all the shapes and dimensions of the set.

Although these drawings are in detail they do not tell how to build the flat.

The next step is to construct working drawings which represent the set as it appears from a rear view.

The drawings are compiled, and from these, the actual structures are made.

"The Bartered Bride" is the first opera to be presented on the campus in 10 years. The last one was Victor Herbert's "The Serenade."

CRANE CRUSHES MAN

SIoux CITY (AP)—Glenn Odorfer, about 35 years old, of Iola, Kan., was killed Thursday when a crane rolled into a ditch and crushed him beneath it.

Not Curious? Elmer Herdliska IC Resident, Dies

Complete Amerasia Files In Reserve

Iowa Citizens in general and SUI students in particular apparently are not a very curious lot, or they would have discovered that the complete file of the magazine Amerasia is in SUI's Reserve library.

Despite the publicity the revival of the Amerasia case has received within the past several weeks, no one has requested the magazine, according to the two librarians on duty at the serials desk.

All 11 Volumes. All 11 volumes of the publication file, beginning with January 1937 up to July 1947 when the periodical suspended publication.

The format changed several times during the 10 years of publication, and the frequency of publication varied.

Amerasia began life as a flimsy-pulp-paper bi-monthly. It died as a hard-backed monthly. Publication was suspended between April and October 1946, when it resumed publication as a monthly.

Some illustrations were used before World War II and by-lines appeared on nearly every article. At that time Owen Lattimore was a member of the editorial board.

After World War II began, no more by-lines were used and illustrations were not resumed until the magazine became a monthly.

Amerasia was without advertising except for a monthly advertisement offering a choice of a number of books for new subscribers. Some of the books advertised were written by Communists. Anna Louise Strong was one of the authors included.

The number of pages varied from as few as 16 to as many as 43.

Eighteen DP's Bound For Iowa, Land in U.S.

DES MOINES (AP)—Another boat loaded with displaced persons from Europe will dock at New York today carrying 1,306 persons, including 18 destined for Iowa, Secretary of State Melvin D. Synhorst said Thursday.

Synhorst is chairman of the Iowa displaced persons committee. Well over 200 displaced persons have come to Iowa for rehabilitation in the last five months.

Iowa Citian Fined; To Appear July 5 On Contempt Charge

Lyle Murray, Iowa City, who allegedly violated a court injunction Wednesday by going to 510 Bowers street and beating his wife, was fined \$17.50 Thursday in police court on a charge of disturbing the peace.

At first Murray chose to spend five days in jail, but later paid his fine and was released.

Mrs. Murray's attorneys, Swisher and Swisher, filed an application for a citation of contempt of court Thursday.

District Judge Harold D. Evans ordered Murray to appear in court July 5 and show cause why he should not be punished for contempt.

Mrs. Murray filed suit for divorce Wednesday and obtained an injunction restraining Murray from coming to her home at 510 Bowers street and from molesting her and her five children.

The petition charges that after the injunction was served about 5 p.m. Wednesday, Murray violated it by going to the home about 11 p.m. and striking Mrs. Murray and one of her children.

Murray was arrested by police and was held in the city jail Wednesday night. Mrs. Murray's divorce petition charged cruel and inhuman treatment. It said that she had started divorce proceedings twice before but both times Murray had promised to stop all actions which would be grounds for divorce.

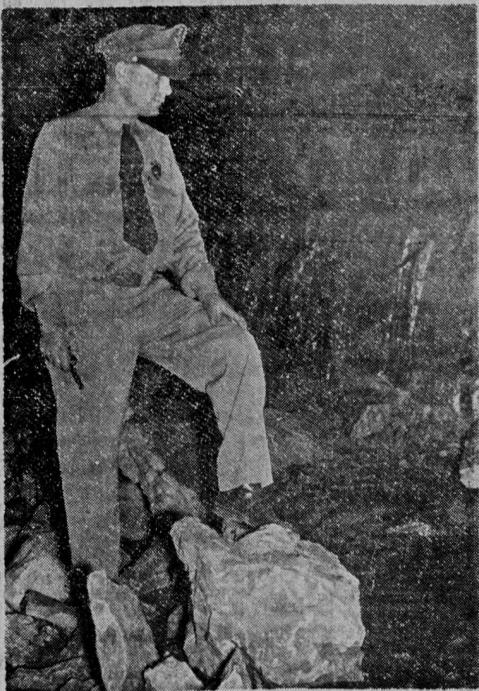

Mrs. Murray asked custody of the five children, Thomas, 1; Alene, 12; Gary, 11; Marilyn, 8; and Billy 5. She also asked equitable alimony and support, household belongings and the family's Model A Ford.

The two were married March 4, 1936, according to the petition.

Local Soldier in Japan Gets New Military Rank

Cpl. Carroll M. Irvin, son of Mr. and Mrs. Willard M. Irvin, 1735 F. street, stationed at Yokohama, Japan has been qualified in the military occupational specialties of safety inspector and truck driver, Eighth army headquarters has announced.

On Lookout for Illegal Fishing

(Daily Iowan Photo)

STATE CONSERVATION OFFICER, WES ASHBY takes a look at shallow pools among the rocks near the Corvallis dam where illegal fishing has been reported. Ashby said the fish get up close to the dam during high waters in an effort to move upstream to spawn. As the fish pile up near the dam, Ashby said, fishermen are tempted to use illegal means of taking them, either by hand or snagging.

Grooming Lassie for Pet Parade

(Daily Iowan Photo by Frank Slattery)

THREE-YEAR-OLD Christian Summerville, daughter of Mr. and Mrs. Ben E. Summerville, 12 Woolf avenue court, prepares her dog, Lassie, for the big July 4 pet parade. Dogs of all sizes and abilities will compete for numerous prizes. The canines will parade before the public at 10:30 a.m. in City park and then pass before a reviewing stand where prizes will be awarded. Persons wishing to enter their dogs in the parade and contest may register them at Koza and McCullister grocery not later than 6 p.m. Monday.

SUI Workshop on Human Behavior Ends

SUI's second annual workshop on education in human relations and mental health will wind up its two-week session today, Prof. Ralph H. Ojemann said Thursday.

Forty-five teachers, school administrators and supervisors attended the workshop. They were instructed in Ojemann's technique of making human behavior a part of all courses in the schools.

Ojemann is an associate professor of educational psychology and parent education at SUI's child welfare research station.

Workshop students spent most of their time developing individual projects for use in their own schools this fall. They attempted to plan in-service programs for teachers and course content for classes to exploit the techniques they learned, he said.

Ojemann's techniques were developed in SUI's elementary and high schools in the early 1940's.

Since then they received additional testing in the Cedar Rapids and Tipton school systems.

The workshop project is partially supported by grants from the Iowa Mental Health authority.

Other members of 1950's workshop staff included Prof. Jacques Gottlieb, assistant director, Prof. John Haefner, Mrs. Margaret Ashby, SUI resident social worker and Dr. Charles Graves, director of Iowa mental institutions.

Chicago Streetcar Minus Proper Exit Coroner's Jury Finds

CHICAGO (AP)—A blue-ribboned coroner's jury found Thursday that a streetcar which carried 34 persons to a fiery death in a crash May 25, lacked adequate emergency exits and was traveling at "an excessive speed."

The trolley crashed into a heavy gasoline trailer truck, which exploded in a shower of flaming fuel.

The jury, composed of traffic, safety and engineering experts, held that the truck was obeying all traffic laws.

But the panel said that motorist Paul Manning, who was killed in the crash, was going too fast when he hit a switch that carried him into the path of the truck.

Streetcars on the route of the death car were being switched to avoid a flooded underpass, but the jury said Manning apparently did not realize that he was heading into the switch. Witnesses earlier testified that supervisors warned Manning of the switch and a flagman at the scene tried to wave him down.

In a list of recommendations, the jury said that new, streamlined streetcars of the type involved in the accident have "entirely inadequate" emergency exits.

Students Involved In Triple Accident

Three cars driven by SUI students were involved in an accident on the Iowa avenue bridge during the between-class rush Thursday at 11 a.m. No one was injured.

William M. Mineart, G. Washington, said he stopped for a stop light at Iowa avenue and highway 6 and a car struck his car in the rear, forcing it into the car ahead.

His car was the last in an 80-yard-long line waiting for the red light at Iowa avenue and Riverside drive to change, he said.

The car behind Mineart's was driven by Sherod J. Collins, G. Kirksville, Mo. There were three girls in the car. The car in front of Mineart's, an SUI services for the crippled children car, was driven by David Ray Jr., A. Memphis, Tennessee.

Damage was estimated at \$100 to Mineart's car, \$200 to Collins' car and \$25 to Ray's car, police said.

In another accident Thursday, cars driven by Theodore J. Springman, A4. Washington, and Marcus P. Dowell, 329 Church street, collided at Clinton and Blooming streets at 12:30 p.m. Springman estimated damage to his car at \$175, and Dowell said damage to his was \$300.

Havlicek Appointed Lions Club President

Frank J. Havlicek, SUI athletic business manager, was appointed president of the Iowa City Lions club at the weekly meeting Wednesday.

Havlicek succeeds Ralph A. Austermilller, who recently resigned as principal of City high school to accept a position in Waterloo.

Other officers installed were James Herriot, second vice-president; Robert Ballantyne, director of SUI student placement service; third vice-president.

Gus Pusteri, secretary; Robert Munn, treasurer; O. N. Riggs and Ted Sandy, board of directors; Chester Alger, tall twister, and Daryl Ely, Lion tamer.

CONSERVATION HEAD NAMED DES MOINES (AP)—William Darbyshire of Rockwell City has been elected chairman of the Iowa soil conservation committee, the organization's headquarters reported Thursday. Darbyshire will succeed Chris H. Jensen of Audubon Saturday.
