

Budge Patty, Sedgman in Wimbledon Finals

WIMBLEDON, ENG. (AP) — Budge Patty of Los Angeles, a slender stylist who has campaigned abroad for so long he isn't even ranked in the U.S., rolled into the finals of the Wimbledon tennis championship Wednesday along with fighting Frank Sedgman of Australia in a pair of matches that carried a capacity crowd of 15,000 from boredom to bedlam in a single afternoon.

Patty bowled over young Vic Seixas of Philadelphia, 6-3, 5-7, 6-2, 7-5, in yawn — provoking

fashion while Sedgman blazed back with his second uphill fight in two days and dealt a cruel blow to the professional hopes of Jaroslav Drobný of Egypt, 3-6, 3-6, 6-3, 7-5, 6-2.

Drobný, self-exiled Czech who had hoped to use Wimbledon as a springboard to a lucrative pro bid, was a tragic figure in the final stages as he fought to regain the magic touch on the sizzling service that blasted the 22-year-old Aussie at will in the first two sets.

But the sandy-haired battler from down under kept cool under fire and his form prevailed with little opposition in the fifth set.

Cards Keep Lead, Drop Reds, 5-3

Houtteman Gets Win; Tips Browns

DETROIT (AP) — The Detroit Tigers stayed four games ahead in the American league race by trimming the St. Louis Browns Wednesday night, 6-1. Art Houtteman registered his 11th victory against five defeats.

The triumph was the eighth for the Tigers in nine games with the Browns this season.

Ned Garver, who suffered his eighth setback to go with six wins, gave up only two more hits than Houtteman but the Tigers made their count with men on the bases.

St. Louis 000 000 000-3 7 0
 Detroit 001 000 000-4 11 9
 Garver and Lollar; Houtteman and Robinson. Home run—Kolloway.

Lemon Whips Chisox For 11th Victory, 8-3

CLEVELAND (AP) — Pitcher Bob Lemon of Cleveland, given a five run advantage in the first inning, defeated the Chicago White Sox Wednesday night, 8-3. Lemon allowed nine scattered hits, including home runs by Dave Philley and Eddie Robinson, but marked up his 11th win of the season.

For Lemon, the game meant his first victory over Chicago this season, the only team in the American league he hadn't beaten. A crowd of 23,006 watched him do it.

Chicago Pitcher Billy Pierce had to suffer all the way through that first inning. He was tagged for five hits and two walks. From then on, the White Sox matched Cleveland run for run.

Pierce went out for a pinch hitter in the seventh inning but was charged with his seventh defeat against six victories.

Chicago 000 001 000-3 9 0
 Cleveland 009 001 000-8 10 2
 Pierce, Judson (7); Aloma (7); and Masi, Niarhos (3); Lemon and Hegan. Home runs—Philley, Robinson. WP—Lemon; LP—Pierce.

Lehner Cut Down at Home Plate

YANKEE CATCHER YOGI BERRA tagged out Paul Lehner, Philadelphia left fielder, at the plate in the first inning of the New York-Athletics game Wednesday. Lehner attempted to score from second base in Eddie Joost's pop fly to short right field which was caught by New York second baseman Gerry Coleman. Umpire Jim Honochick called the play. The Yankees whipped the sagging Athletics, 12-8.

Phils Dump Giants Twice, 9-7, 10-3

PHILADELPHIA (AP) — The Philadelphia Phillies edged to within one game of the league leading St. Louis Cardinals Wednesday night by taking two from the New York Giants, 9-7 and 10-3. The first game was a one-inning affair, completing a game suspended at the end of the eighth two months ago.

The umpires called the Philadelphia-Giants contest on May 14 at the end of the eighth because of Pennsylvania's curfew law which forbids play after 6:59 p.m. on Sundays.

Taking no chances, Manager Eddie Sawyer sent his ace pitcher, Robin Roberts, to the mound for the ninth and Roberts set down the Giants one-two-three to preserve the victory for Jim Konstanty, his sixth of the year.

In the second game, Russ Meyer got credit for his fourth victory of the season although the Giants tagged him for 11 hits, including three for extra bases.

The Giants used four pitchers in an effort to halt the 15 hit barrage by the Phillies. Clint Hurdless was charged with his third defeat of the year.

(Suspended game of May 14 at end of eighth)

New York 000 100 100-7 11 3
 Philadelphia 001 011 000-9 11 1
 Hansen, S. Jones (5); Kennedy (6); Kramer (6); Higbe (8) and Westrum, E. Mueller; Meyer, Miller (1), Borowy (4), Konstanty (5), Roberts (9) and Seminick. WP—Konstanty. LP—Jones. Home runs—Thompson, Ennis.

Nats Rally to Defeat Red Sox in 7 Innings

BOSTON (AP) — The Washington Senators overcame a 5-1 deficit while overhauling the Boston Red Sox for a 9-7 victory Wednesday night before a packed 32,695 crowd. After a delay of 63 minutes, the game was called at the end of 7 innings because of rain.

Washington 100 000 0-9 14 0
 Boston 001 002 0-7 15 1
 (called end 7th rain)

Consuegra, Singleton (6), Harris (7) and Evans, Grasso (7); Stobbs, Dobson (5), Kinder (7), McDermott (7) and Bats. WP—Singleton; LP—Kinder. Home run—Dropsie.

Browns Told to Stop Franchise Moving Talk

NEW YORK (AP) — Commissioner A.B. Chandler has ordered St. Louis Browns' officials to stop talking about moving their franchise to a minor league city.

Frank J. (Shag) Shaughnessy, president of the International league, said Wednesday that Chandler, acting on his complaint, told Bill DeWitt of the Browns, that talk about moving his club "is hurting attendance in the minor leagues."

Eddie Joost Hurt; Yankees Beat A's, 12-8

NEW YORK (AP) — Eddie Joost, shortstop of the Philadelphia Athletics, sustained severely torn ligaments in his left knee Wednesday afternoon as the seventh-placers were beaten by the New York Yankees, 12-8.

The 34-year-old infielder was involved in a collision at second base with Cliff Mape, big Yankee outfielder, in the seventh inning. He was carried from the field on a stretcher and, after an examination was removed to a hospital for X-rays. He probably will be sidelined at least a month.

The injury occurred just a bit before the game was halted by rain. With one out in the Philadelphia eighth, showers forced a 35 minute delay.

The Yankees bagged three Athletic hurlers for 13 hits, with Alex Kellner taking the loss. He was trounced for five in the fourth, three crossing on Mape's seventh homer of the season. Phil Rizzuto made three hits for New York and Johnson had a perfect day with four for four.

Philadelphia 101 002 103-8 13 0
 New York 010 002 138-12 13 1
 Kellner, Wynn (6); Scheib (7) and Guerra; Byrne, Ostrowski (6) and Berra. WP—Byrne (9-3). LP—Kellner (5-8). Home run—Mape (7th).

The Poor Fish

BOSTON (AP) — A Gloucester baseball fan nudged a mackerel along a street with his nose Wednesday because the Boston Red Sox let him down.

Joseph Capillo, 21, vowed publicly last month he'd push the fish along Commonwealth avenue if the Sox weren't leading the American league by July 4.

They didn't. He did.

Audio-Visual Conference, Workshop Planned

An audio-visual workshop and conference will be held at SUI during the week of July 17-22. Lee W. Cochran, audio-visual director and extension division assistant, announced Wednesday.

Cochran said the workshop and conference, sponsored by the SUI college of education and extension division, have been scheduled together to allow workshop participants to attend both events.

Over 100 school administrators, teachers and audio-visual directors, primarily from Iowa, are expected to attend the workshop which will be held July 17-21 in studio E of radio station WSUI.

Learning Aids

The newly formed Iowa Audio-Visual Education Association will hold its first meeting July 21-22 in the audio-visual laboratory, room E-205, East Hall.

The workshop will provide students with facilities to investigate intensively problems related to the more effective use of learning aids in the classroom.

Outlines of the latest achievements in audio-visual will be presented. Persons may enroll in the workshop for one hour of graduate or undergraduate credit, or may audit it the session.

Registration in the workshop, limited to 125 persons, will be accepted by the extension division. Final registration will be July 17 from 8 to 10 a.m.

The Iowa Audio-Visual Education Association will feature reports from association committees concerning problems in audio-visual, and plans for coming year.

Prominent Persons

J.W. Litherland, Iowa State college, will report on recent developments in establishing an office of audio-visual education in the Iowa department of public instruction.

Among prominent persons attending the workshop and conference are Elizabeth Golterman, director of audio-visual education, St. Louis public schools; J. Stanley McIntosh, assistant director, educational services, Missouri Picture Association of America.

W.E. Johnson, vice-president and educational director, Society for Visual Education; Dennis R. Williams, vice-president, Encyclopaedia Britannica Films; Godfrey Elliott, executive vice-president, Young America Films, and J. Margaret Carter, American representative, national film board of Canada.

County Bond Sales Near Quota in Drive

U.S. savings bonds sales in Johnson county have reached \$267,559 in the current Independence bond drive according to the latest reports of Frank D. Williams and Ben S. Summerwill, co-chairmen of the county drive.

This figure is about 60 percent of the county's \$447,168 quota. Although the drive lasts until July 17, promotional activities were climaxed Tuesday in Des Moines when State Co-Chairman Herbert L. Horton presented a replica of the liberty bell to Gov. William S. Beardsley for the citizens of Iowa.

Police Course Opens Monday

Public relations for police will be emphasized in SUI's 14th annual peace officers short course, Prof. Richard L. Holcomb said Wednesday.

Holcomb, director of the bureau of safety at the institute of public affairs, will head the course which opens Monday. Police who follow good public relations practices benefit in two ways, he said. The public will volunteer more information to a police department it believes is doing a good job and is more apt to support the department with increased funds.

Holcomb is author of a 36-page booklet, "The Police and the Public," which will be given to each peace officer enrolled in the short course.

The text is illustrated by 50 cartoons drawn by Robert W. Gadsbois, G. Iowa City. Franklin M. Kreml, director of the Northwestern university traffic institute, wrote the introduction.

Nearly all suggestions in the book are "common-sense observations" based on the experiences of many law enforcement officers in all sections of the country. Holcomb said.

His book is designed as a public relations guidebook for individual officers and as a training aid for police departments.

Material covers nearly every contact a policeman might have with the public, Holcomb said.

Among topics discussed are the officers' uniform, bearing and attitude; conduct while making arrests and investigations, and answering complaints against the city administration. Another section of the book deals with police press relations.

More than 70 peace officers have registered for the course, Holcomb said, adding that about 200 officers are expected to attend the session.

SUI's short course is one of the few of its kind given in the U.S. A number of universities include police training in their curricula but most of them include only specialized areas such as traffic control.

The course was designated as the official training course for Iowa peace officers by the 48th Iowa general assembly. The Code of Iowa allows local governmental units to send officers to attend the course at public expense.

Holcomb was a lieutenant in the Kansas City, Mo., police department and headed the Montgomery Ward and company protective services before coming to SUI.

Farmers, Nation Face Over-Population Problem

Over-population and adjustment to changing demand are two of the major problems facing the farm population of the nation, the SUI workshop of economic education was told Wednesday.

Wallace Ogg, extension service economist for Iowa State college said the solution is two sided: whether the people want government interference in order to lessen the effect of adjustment; or whether they want to leave adjustment to the pricing system and accept any hardships which result.

Repairs Completed On Rail Washout

Rock Island railroad section crews completed repairs Wednesday on 400 feet of roadbed washed out in Saturday's cloudburst, line officials announced.

The washout occurred seven miles east of Iowa City.

Railroad officials believe the washout was caused by newly-mown hay which blocked a culvert and caused run-off water to undermine the tracks.

Trains will be able to operate over the tracks at reduced speed when the switchmen's strike is settled, Rock Island officials said.

Forty carloads of gravel, crushed rock and cinders were required to repair the damage to the roadbed.

\$500 Awarded In Divorce Case

Elwyn A. Wienandt, G. 111 S. Governor street, was awarded a divorce Wednesday in district court from Cecile M. Wienandt.

Mrs. Wienandt was awarded \$500 as settlement of obligations arising from the marriage contract, and Wienandt was ordered to pay \$110 for attorney fees and costs.

The suit, filed Feb. 11, said the two were married Aug. 26, 1939, in Manitowac, Wis. and separated June, 1949.

Skarda Seeks Divorce In District Court Suit

Suit for divorce has been filed in district by Joe M. Skarda, 904 Clark street, against Ebel Skarda, charging cruel and inhuman treatment.

According to the petition, the couple was married in Rock Island, Ill., June 4, 1948, and separated July 1, 1950.

Three New Appointments To Faculty Announced

Three men have been appointed to faculty positions at SUI. President Virgil M. Hancher announced Wednesday.

Dr. R. B. Michener will be a physician in student health effective Sept. 1.

Dr. John C. Whinery will be acting head of the college of dentistry's dental surgery and anesthesia department.

Robert E. Evans will be principal bacteriologist and assistant director of the State Bacteriological laboratory.

Michener has been a college physician for two years at Kansas State Teachers college, Hays. He has also served at the University of Wyoming, Laramie, and at the Wichita, Kan., public schools.

Whinery spent eight years previously as physician at Friends Mission hospital, Kisumu, Kenya, East Africa. He received his M.D. degree from McGill university, Montreal, Canada.

Evans has been research director for a commercial sanitation company in Pittsburgh since April. Previously he spent five years directing the Evanston public health department laboratory, Evanston, Ill.

He received his Ph.D. degree from Massachusetts university in 1948 and has done research in control of insects, including the corn borer.

Whinery, assistant professor of oral surgery, succeeds Dr. Ralph A. Fenton, who has retired in part-time work in the college of dentistry.

Whinery received both his B.S. and D.D.S. degrees from SUI and also served his internship here. He received a B.S. degree from the University of Pittsburgh where he served a residency.

Two new officers have joined the staff of the SUI department of military science and tactics, department officials announced Wednesday.

Lt. Col. Harold E. Dilley has replaced Maj. John P. Christensen as the dental officer assigned to the SUI school of dentistry.

First Lt. Richard O. Jett has come to SUI from the 14th regimental combat team, stationed at Camp Carson, Colo., to serve as an ROTC infantry instructor.

Dilley, a 1933 SUI graduate, will reside with his wife and three children at 1130 Kirkwood court after Aug. 1.

Jett, a 1945 West Point graduate, and his wife and son will live at 232 S. Summit street.

Little Tots to Study Emotional Problems

Getting along with people is easy—if you understand them. This will be the lesson first and second graders at the Longfellow school will be taught this fall.

Doris Bernd, 712 Grant street, and Hazel Fritze, 460 Wales street, teachers at the school, have just finished studying the causal developed by Prof. Ralph H. Ojemann of SUI's child welfare station.

The women were two of the forty-five Iowa school administrators and teachers registered for SUI's second annual workshop in education in human relations and mental health. The session ended Friday.

Ojemann and the workshop staff sided Miss Bernd and Miss Fritze in planning and writing stories to be used in teaching primary children the causal approach to behavior.

The key question in the causal approach, Ojemann said is "why did the child do that?" From there, the teacher can decide whether the behavior is indicative of any serious emotional problem.

Parents must understand that children's overt actions are an attempt to find an answer to emotional problems, Ojemann told workshop members.

Children who are bullies or who want to be first, are children who have emotional difficulties, Ojemann pointed out.

It is Ojemann's belief, he said, that human behavior must be a part of all courses in the schools. Ojemann's techniques were developed in SUI elementary and high schools in the early 1940's.

MARRIED-HERE

Harry L. Fetter and Opal D. Kepler, both of Cedar Rapids, were married Saturday by Justice of the Peace C. J. Hutchinson in a ceremony held in his office.
