SUI Graduate To Marry

THE ENGAGEMENT AND APPROACHING MARRIAGE of Margaret McCaslin, 1949 SUI graduate, to Richard Max Hemingway, I, has been announced by the bride-elect's parents, Mr. and Mrs. Charles E. McCaslin of Fort Madison. Mr. Hemingway, who is the son of Dr. and Mrs. John D. Hemingway of Waverly, is a member of Phi Kappa Psi social fraternity and Phi Delta Phi legal fraternity. Miss McCaslin is affiliated with Delta Gamma social sorority and Gamma Alpha Chi advertising sorority. The wedding is planned for August in Fort Madison.

34 County Democrats To Attend Convention

All 34 Johnson county delegates to the state Democratic convention today in Des Moines expect to attend, County Chairman Edward W. Lucas said Monday. The delegates were elected June 30 at the Johnson county convention. They are scheduled to caucus today at 9 a.m. with other delegates from the first district in Hotel Fort Des Moines. Johnson county's delegation probably will urge more state support of higher education in Iowa. A resolution to that effect, and one to support the Brannan plan were passed at the county convention.

The convention is scheduled for 11 a.m. in the KRNT radio theater. Lucas and County Atty. Jack C. White were among the Democrats who left for Des Moines Wednesday.

Town 'n' Campus

CARNATION REBEKAH LODGE NO. 376 — Members of Carnation Rebekah Lodge No. 376 will meet at 8 p.m. Friday in the Odd Fellows hall. Installation of officers will be held.

IOWA CITY REBEKAH LODGE NO. 416 — At a meeting of Iowa City Rebekah Lodge No. 416 at 8 p.m. today in the Odd Fellows hall, installation of officers will be held and the Rebekah lodge of Solon will present the traveling emblem to the Iowa City group. Elizabeth McLachlan, 1017 Diana street, will act as chairman of the refreshment committee. Others on the committee will be Mrs. Lee Douglass, West Branch; Mrs. Virgil Bowers, Corralville; Mrs. J. P. Clark, 809 Page street and Mrs. Roy Mackey, 222 E. Davenport street.

American Socialite Dies in France

VERSAILLES, FRANCE — Lady Charles Mendel, American-born hostess who entertained three generations of royalty and international socialites by standing on her head at her parties, died of arthritis at her villa here Wednesday.

The petite, perennial "party girl" as she sometimes called herself, gave her birthdate as Dec. 20, 1870, in New York City. Her intimates said she was perhaps 10 years older, although she seldom acted her age, turning cartwheels for kings and often declaring it was easier for her to stand on her head than on her feet.

She died after a long illness in the Versailles villa where her fabulous parties set a standard for glamour and originality.

State Fair Offers \$4,100 In FFA Prize Money

DES MOINES — Fair Board Secretary L. B. Cunningham said Wednesday youths participating in the Future Farmers of America livestock show at the Iowa mid-century state fair next August would be eligible for \$4,100 in prizes. Premiums will be awarded to FFA exhibitors in swine, sheep and dairy heifer departments, Cunningham said. Deadline for entries, he said, is Aug. 1.

MARRIAGE LICENSE ISSUED

A marriage license was issued Wednesday in the county clerk's office to James M. Rees, Buckingham, and Dorothy Foss, Waterloo.

Designer Adapts Lorgnette to Modern Use

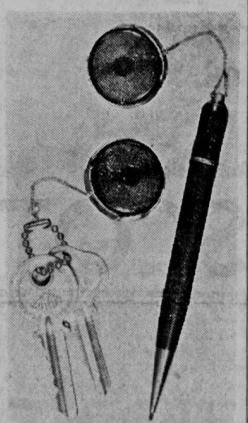

Grandma's lorgnette holder has been streamlined.

Years ago, the style-conscious individual used a lorgnette eye glass for dress-up occasions. It was attached to a fine chain connected to a small mechanical reel pinned to the user's clothing.

When he needed his eye glass, he drew the chain to the desired length and pulled it to one side to lock it in place. With a twist of the chain, the lorgnette was reeled back into place.

Designers have used this principle to make a handy mechanical pencil on a chain and reel which can be pinned to the lining of a wallet or purse, or to clothing.

A key chain with a reel arrangement is another modern development. These two little gadgets are especially appropriate for gifts or party prizes. The adapted lorgnette holder eliminates fumbling in the purse for two of the most elusive articles persons carry — keys and a pencil.

TAKING A TIP FROM GRANNY, designers have developed a pencil and a key chain that are attached by a mechanical reel to lorgnette holders. The holders can be pinned to clothing or in a purse to keep the pencil and keys handy.

Their father is a graduate student in chemical engineering.

Workshop Speaker Lauds Co-op Benefits

Cooperatives add to the incomes of their members by reducing marketing costs, 55 high school teachers and administrators were told here Tuesday.

Prof. Lincoln Clark, University of Tennessee economist, spoke at a session of the SUI workshop on economic education held June 25 through Saturday.

Speaking on "Cooperative Enterprise in a Free Economy," Clark warned that cooperative enterprise is not a cure - all for social and economic ills.

While cooperatives are beneficial to their members and the general public, he said, they should serve a legitimate purpose,

Woman Asks for Home, Land in Divorce Suit

Myrtle Madden, 503 S. Capitol street, filed suit for divorce Wednesday in district court against Richard Madden, charging cruel and inhuman treatment.

The couple was married Oct. 1, 1918, according to the petition.

Mrs. Madden asked sole possession of their home in Tiffin, and of 248 acres of real estate in Johnson county. Mrs. Madden inherited the property from her father, the petition said.

and not be allowed to restrict the quantity of a product put on the general market.

Clark said cooperatives harness human resources and utilize abilities of people, thus creating a certain amount of psychological benefit for their members.

Police View Mobile Crime Laboratory

EQUIPPED WITH BATTLE TURRET, BULLET PROOF GLASS AND ARMOR, this 16-ton "land battleship" was formerly used by Illinois state police to battle criminals. This is the only mobile crime laboratory of its kind in the United States. It has been converted to an educational unit by the Great Central Insurance company of Peoria, Ill., and was in here Wednesday for examination by members of the peace officers short course, being conducted at SUI this week.

Bubble Travels 200 Miles

Soap Bubble Remained Intact 200 Days, Was Carried In Automobile, Suitcase

HUNTINGTON, IND (UP) — Eiffel G. Plasterer revealed Wednesday his soap bubble that stayed intact for 200 days traveled 200 miles in an automobile.

"I carried it around in the car on several lecture trips," said Plasterer, a retired high school physics and chemistry teacher. "I wasn't trying to set a record with it."

Plasterer said he kept it in an airtight glass jar resting on a water glass and there was only three-quarters of an inch clearance between the bubble and the glass. On trips, the jar was placed in a satchel.

"Lots of people carried the satchel between the car and the lecture hall and they didn't even know there was a bubble in it," he said.

Plasterer blew four more bubbles Tuesday and said he wouldn't carry them around. "I didn't know 'old 200' was going to set a record, or I might have been more careful with it," he said.

"When they are young, traveling doesn't seem to bother them," he said. "I've had bubbles that traveled between 500 and 1,000 miles."

Plasterer said it wasn't uncommon for his bubbles to last 90 days.

Newsman Fears U.S. Faces Defeat In Korean Fighting

The United States may be close to being driven out of Korea, a news director of a Cedar Rapids radio station said here Wednesday.

Jim Bowmann, news director of station WMT, painted a discouraging picture of the war as he spoke at an Optimist club luncheon at the Hotel Jefferson.

Bowmann said he had received a report from the station's Washington correspondent telling of the grave concern with which the nation's leaders view the Korean war.

"Our correspondent told me in a telephone conversation this morning (Wednesday) the situation in Korea is bad and the people don't know how serious it is," Bowmann said.

He added:

"The correspondent told me the Communist invaders are using weapons the Americans know nothing about. He said the weapons which the Americans need, such as the recoilless weapons . . . are not yet ready for production, and it will be a long time before we will have them in action."

Stonework Scrubbed On Hillcrest Addition

Ordinary kitchen cleanser and elbow grease are the ingredients being used to clean the stonework of the new five-story wing of Hillcrest dormitory, Harold Van Horn, construction superintendent, said Monday.

The completed brick-work is being cleaned with muriatic acid, which is brushed on with a fiber brush and washed off with water. This removes all old mortar and dirt which accumulated during construction.

The last of the copstones along the top edge of the brick-work on the fifth floor were laid Monday afternoon.

Inside the building, the rough plumbing has been installed, and is now being connected with the older part of the building. The storm sewers, for drainage of excess rain water, have also been completed and connected, Van Horn said.

Two-thirds of the window frames have been installed, and most of the partitions within the building are ready for the application of plaster.

Union Upheld in Quaker Oats Claim

CEDAR RAPIDS (AP) — The Quaker Oats company and the independent union representing its employees reported Wednesday the union has been upheld by a government-appointed arbitrator in a recent dispute.

The company had claimed the contract with the union excluded the union's international representative from sitting in on lower level grievance procedure. The union contended the contract specifically provided for representation at the sessions by the union official.

This was the third dispute submitted by the union and company to arbitration. The company won the first. The third has not been decided.

The union is the food and tobacco workers group.

UN BATTLE FLAGS — The United Nations is rushing 200 battle flags by Northwest Airliner from New York to Minneapolis where they will be loaded on an Orient-bound plane, it was announced here Wednesday.

4,534 Enrolled This Summer

A total of 4,534 students have enrolled at SUI for summer school. This is a drop of only 328 from the 1949 enrollment of 4,862, Registrar Ted H. McCarrel reported.

The only colleges to gain in enrollment over 1949 were the graduate college and the nursing college.

According to McCarrel's report, final enrollment figures for the summer show an increase of 344 students over the preliminary enrollment report issued at the beginning of summer school.

The break-down of figures shows that there are 3,249 men and 1,864 women. Veteran students number 1,806.

Graduate college enrollment is the largest with 2,778. Second largest is the college of liberal arts with a total of 1,002.

The following figures compare 1949 and 1950 enrollments at the seven SUI colleges.

Commerce, 1949, 359; 1950, 176; engineering, 1949, 228; 1950, 108; graduate, 1949, 2,407; 1950, 2,778; law, 1949, 187; 1950, 184; liberal arts, 1949, 1,410; 1950, 1,002; nursing, 1949, 231; 1950, 256; and pharmacy, 1949, 40; 1950, 30.

HELD FOR OMVI

Donald J. Woods, 444 Second avenue, was arrested Monday at 8 p.m. and charged with operating a motor vehicle while intoxicated, police reported. He was held in jail Monday night pending preliminary hearing.

Crime Detection Devices Shown in Truck Unit

A 16-ton mobile crime laboratory, completely bullet-proof and equipped with all latest scientific equipment for crime investigation, visited Iowa City Wednesday.

It was here as part of the 14th annual peace officers short course. Formerly used as a "land battleship" by Illinois state police to fight criminals, the unit is now owned by the Illinois insurance company.

A distinctive feature of the bus-like truck is the hydraulic battle turret, which is large enough to hold three men firing weapons. It can be extended four feet above the roof of the laboratory.

Inside are a lie detector, a photographic dark room, fingerprinting equipment, complete first aid equipment, a short wave radio receiver and inter-communication phones.

Dictaphone Too
Even a dictaphone which can be used for routine work or the recording of evidence or confessions is included.

In glass cases, both on the outside and on the inside, are displays of pistols, rifles and shotguns, knives, axes, brass knuckles, black jacks and "jimmy" bars for burglary — all of which have been used in actual crimes.

One of the pistols in the display was carried by a bandit who held up a restaurant in an Iowa town. Nine minutes after he held it up, he was killed by two police.

The laboratory is under the direction of William L. McFatrige, crime specialist and a United States court spy for four years during the last war. His assistant is Frank Marjan, Peoria, Ill.

McFatrige, in demonstrating the lie detector, said lie detector evidence is not admissible in court in most states.

"This machine's chief value is in screening a group of suspects," he said. "Even though conclusive evidence is seldom obtained, innocent people are eliminated, giving the police one or fewer people on whom to concentrate efforts."

How It Works
Basically, the machine measures blood pressure, heart beat, respiration and electro-dermal reflexes. (The latter is a change in conduction of electricity upon the skin through an increase or decrease in perspiration.)

Any sudden change in measurement of these body responses usually means the question asked was not answered truthfully, he explained.

McFatrige said the purpose of the laboratory, now touring 20 states, is to educate peace officers and holders of insurance policies for protection against crime.

Policy holders are advised of the latest and most foolproof locks, safes and other safety devices.

He said, "Any lock or safe can be opened, but the best ones are so difficult to open that a great amount of noise is usually made and attention is attracted to the act."

Iowa Citizen Files \$150 Damage Suit

Suit for \$150 was filed Wednesday in Johnson county district court by Jack Estelle, 2029 Muscatine avenue, against Charles Durian Jr., Wellman.

The suit was the result of an accident July 5 on highway 218 about one-half mile south of Iowa City.

Estelle claimed that his daughter, Betty, 19, was driving south in his truck, that she signalled she was going to make a turn, and that Durian's car struck the rear of the truck.

Estelle's suit charged Durian with carelessness and negligence and asked \$75 for repair to the truck and \$75 for loss of the truck from his business for three days. Three persons riding in the Durian limousine were hospitalized. Damage to the Durian car was estimated at \$500.

MARKET HITS 1950 LOW
NEW YORK (AP) — The stock market plunged to a new 1950 low Wednesday in one of the worst breaks since intervention in Korea.

(Daily Iowan Photo)

THIS LITTLE DEVICE, AND A MAN'S WIFE HAVE A LOT IN COMMON — IT'S A LIE DETECTOR. The machine uses a different method, though. It measures sudden changes in blood pressure, heart beat and breathing which occur when questions are not answered truthfully. Frank Marjan Wednesday demonstrated how the detector works. It is part of the equipment of mobile crime laboratory displayed at the 14th annual peace officers course at SUL.

3 Miners Injured In Airplane Crash

ST. LOUIS (AP) — Three Illinois coal miners crawled out of an airplane that crashed in a cemetery Wednesday minutes before the craft exploded and burned completely.

The men, all of Mt. Olive, Ill., were the only occupants of the Cinson four-seater plane which they rented from the WLS flying service at Staunton, Ill.

Registered Pilot John Joseph Polovich who was at the controls suffered head injuries and was in serious condition at a hospital here. John Studic, 28, and John Kertus, 23, were treated at the hospital and released.

The plane landed safely at Ross airport here during the afternoon and took off at 6 p.m. for the return trip. About six blocks from the airport, the plane stalled at 100 feet above the ground, witnesses said. It crashed in the driveway of Calvary cemetery.

Wisconsin Group Urges Budget Cuts

MADISON, WIS. (AP) — The state chamber of commerce asked Wisconsin's two senators Wednesday to vote against every budget increase that doesn't concern the nation's armed might.

In a telegram to Sens. Joseph McCarthy and Alexander Wiley, the chamber urged them to "drop domestic and foreign social reform spending and concentrate on a balanced budget and adequate military funds within present tax revenues."

The chamber advised them to vote for budget cuts wherever possible and said it was "particularly opposed to profligate spending at this time for rivers, harbors, and flood control — even Wisconsin projects."

The business group said it was asking its 357 local state chapters to join in the economy campaign and tell their representatives how they feel.

PROPOSE INDIAN PAYMENT

WASHINGTON (AP) — North Dakota Indians would benefit from a request sent to congress Wednesday by President Truman who asked for a supplemental appropriation for government expenses.

The President asked for a total of \$77,880,442.50 which includes \$7.5-million to repay the Indians on Fort Berthold reservation, N.D., for losses suffered in the construction of Garrison dam.

Byrnes Swept Into Race for Governor; Thurmond Defeated

COLUMBIA, S.C. — Voters of South Carolina rejected Gov. J. Strom Thurmond, their States' Rights hero of 1948 and returned anti-civil rights Sen. Olin D. Johnston to the senate for a six-year term, returns showed Wednesday.

They also brought former Secretary of State James F. Byrnes out of political retirement and made him governor of his home state by a huge margin in Tuesday's Democratic primary. That amounts to an election in one-party South Carolina.

The latest figures gave Johnston 178,088, Thurmond 153,554. Only a few precincts still were missing.

Thurmond's popularity was great in 1948 when he ran for president against Mr. Truman as leader of the south's States' Rights Democrats.

But Thurmond's defiance of the regular Democratic party failed to match the voting pull of Johnston, who favors fighting out issues within the regular Democratic party even though his racial and political views coincide largely with Thurmond's.

Johnston's victory over Thurmond could give Mr. Truman little cause for optimism because Johnston quite often has been a critic of the Fair Deal and a leader in filibustering movements to prevent passage of the civil rights program.

Byrnes' nomination was interpreted as a solid setback for the Fair Deal. After the 70-year-old Byrnes stepped down as Mr. Truman's secretary of state to retire to his home at Spartanburg, S.C., he became an outspoken critic of the "welfare state."

45 Persons Burned In Gasoline Explosion

FAIRVIEW, OKLA. (AP) — Forty-five persons were burned, five seriously, when a 30,000-gallon gasoline tank exploded Wednesday. Fire spread to six other fuel tanks, two oil company warehouses, and two railroad freight cars.

One of the warehouses was destroyed and the other was damaged. Santa Fe railroad officials said the two cars were "practically destroyed." One was loaded with lumber, the other with cement.

The first tank erupted in a shower of flaming gasoline as Wayne Patrick, major county distributor for Sinclair Oil Co., loaded his tank truck. Patrick said he hit a spout on his truck with the hose nozzle, apparently causing a spark. He escaped with minor injuries.

B.S. Chamberlain, former night watchman, prevented blasts in the other six tanks by shooting holes in them with a 30 calibre rifle. However, the gasoline caught fire as it spilled onto the ground.

The fire, which started about 9:55 a.m., was brought under control at 2 p.m.

'Fox Smarter Than Me' Writes Farmer

BISMARCK, N.D. (AP) — Mark Worcester, director of the state district of the federal division of predatory animal and rodent control, said Wednesday one farmer admits "the fox is smarter than me."

Worcester said the farmer, seeking help, wrote him: "As there is some foxes around here I lost twelve chickens on the day of May 3, in the afternoon. . . . He comes from the south thru the ravine so I can't see him so you may come and catchem as the fox is smarter than me."

CIO, AFL Agree to Merger Talks July 25

WASHINGTON (AP) — The AFL and CIO announced Wednesday that they will start a new series of "unity" talks on July 25, their first since May, 1947.

In a joint statement, the two big labor organizations that split apart in bitterness during the 1930's merely gave the date and the place — Washington — and listed their spokesmen who will meet to talk about merging, or cooperating more closely.

AFL President William Green and CIO President Philip Murray will head the delegations.

Other AFL men: Charles McGowan of the boilermakers, Dan Tobin of the truck drivers, and Dan Tracy of the brotherhood of electrical workers.

Other CIO men: Secretary-Treasurer James E. Carey, Vice-President Allan S. Haywood, and five other vice-presidents, Walter Reuther of the auto workers, Joe Curran of the maritime workers, Emil Rieve of the textile workers, Frank Rosenblum of the clothing workers, and L.S. Buckmaster of the rubber workers.

During years of attempts to get the AFL and CIO together again, the same big stumbling blocks always brought failure.

Those same obstacles are present today. But at least each organization has agreed to discuss the viewpoint of the other, and they have hinted there might be some relaxing of their previous positions.

VISITS DAUGHTER

Mrs. Emil Ruppert, 311 E. Davenport street, is visiting her daughter and son-in-law, Mr. and Mrs. Charles Baker in New York for two weeks.

Try and Stop Me

By BENNETT CERF

MRS. BENTLEY was determined that her daughter Miriam would make a good marriage and, sure enough, a wealthy young man finally came along to nibble at the bait. He was invited to the Bentley ancestral mansion for Sunday dinner, and ma made up her mind that her unpendable spouse was going to throw no monkey wrench into the proceedings. "You just watch your manners today, Pa," she warned. "No eating with a knife, no rolled-up shirt sleeves at the table, no dipping bread in the gravy, you hear?"

"Don't need you teaching me manners at this stage of my life," grumbled Pa. "I'll make that darned young sprout think I wrote the Book of Etiquette!" The dinner was a great success. Pa ate very little and said less. Then the coffee was served, and while Ma and her daughter looked daggers at Pa, he calmly poured it into his saucer. Keenly aware of their disapproval, he lifted the saucer to his mouth and threatened, "One word out of either of you, and I swear I'll make bubbles!"

Rail Workers' Strike Move Stopped 'Because of War'

CHICAGO (UP) — The AFL Yardmasters Union, representing key yard employees on 66 railroads, joined trainmen and conductors Wednesday in withholding strike action because of the Korean war.

The yardmasters, like 250,000 trainmen and conductors, legally would be free to strike Saturday in a wage and hour dispute with carriers.

M. G. Schoch, president of the yardmasters, sent a telegram to President Truman advising him that the union would set aside the strike weapon, for the time being at least, because "of the situation in which our country finds itself."

However, the yardmasters also joined the trainmen and conductors in rejecting a presidential fact-finding board's recommendations for ending their disputes. Conferences with federal mediators are scheduled to open here Friday in new attempts at peaceful settlement of the issues.

The action of the yardmasters removed the major threats to railroad labor peace at present. Several thousand Pullman conductors had scheduled a strike for Tuesday, but the walkout was averted for at least 60 days when Mr. Truman appointed a fact-finding board last week.

Kennedy said the 250,000 workers who postponed their nationwide strike because of the Korean war, however, had no intention of being "kicked around by the railroads who are hiding behind the Korean situation."

Police Charge Man With Two Murders

MORGANTOWN, W. VA. (AP) — A man who tried to break up the romance between his half-sister and an elderly grocer was charged Wednesday with murder in their deaths.

Police at first thought Joseph Blaney, 65, and Margaret Miller, 25, had drowned. Their bodies were pulled from the Monogahela river Sunday. Mortuary workers discovered Blaney had been bashed on the head.

Sheriff Mike Gill said Wednesday Albert Moore, 30, had admitted hitting Blaney with an oar after an argument Saturday night at Blaney's fishing cabin.

The sheriff said Moore pushed Blaney and Miss Miller, who couldn't swim, into the river and capsized a small boat to make it look as if they had drowned.

Moore waived a preliminary hearing and was held without bail for action of the Monogalia county grand jury.

Carrier Not Hit, Navy Officials Say

WASHINGTON (AP) — The navy said Wednesday night there is nothing to rumors that the air craft carrier Valley Forge has been torpedoed in Korean waters.

Capt. Walter Karig, a spokesman for the navy department, said contact has been made with the ship following reports that the vessel had been hit.

"I checked position and heading at 5 p.m. (Iowa time) and at that time I knew where she was heading and she was not going down," Karig told a reporter.

Asked if the ship had been torpedoed or otherwise damaged in any way, the navy officer said: "I am authorized to deny that, too."

Minnesota Truck Drivers Receive Salary Boosts

MINNEAPOLIS (AP) — Five more small petroleum transport firms in the Twin Cities agreed Wednesday to give higher wages to their drivers, Sidney Brennan, AFL teamsters' union vice-president, announced.

He said 13 smaller companies now have come to terms with the union, which demands that hourly wages for Minnesota gasoline drivers be brought in line with those paid in Wisconsin. The firms which signed reportedly boosted wages from an average of \$1.37 an hour to \$1.66.

Stormy Weather in Missouri Valley —

Rain Forces Tennis Meet Indoors

Two Seeded Players Defeated Wednesday

By **HOBERT DUNCAN**
Daily Iowan Sports Editor

The bulk of the field in the 44th annual Missouri Valley tennis tournament had a day of rest Wednesday as rain forced the players off the university's outdoor courts into the Iowa fieldhouse.

Only four courts are available in the fieldhouse and many scheduled matches, including the one between Dick Hainline and Mike Weatherly, were postponed.

Tournament officials were busy Wednesday revising the schedule for today's matches. The clay courts adjacent to the reserve library annex, in use the first two days of the tourney, will probably be too wet for play this morning.

Favorable Weather
With favorable weather, however, the courts may be available this afternoon. A full slate of doubles matches are scheduled for this morning in the fieldhouse with singles matches on the card for this afternoon.

Two seeded players were ousted from the tournament Wednesday. Shirley Anderson, Des Moines, defeated fourth seeded Phyllis Vance, Omaha, in the girl's singles. Suzy Hamilton, Iowa City, whipped Carole Boshard, St. Louis, second seeded in the girl's under 15 class, 6-0, 6-4, in a semifinal match.

Miss Hamilton will meet Sallie Ann Rieley, Kansas City, Mo., in the final round. Miss Rieley, top seeded in the division, advanced to the finals with a 6-2, 6-2 win over Ruth Rundberg, Des Moines.

Match Re-Scheduled
The postponed Hainline-Weatherly match has been re-scheduled for this afternoon at 4. Hainline, the Rock Island, Ill., dentist, is seeded No. 1 in the men's singles. He started defense of the men's championship won last year with a 6-2, 6-0 conquest of Herb Irwin Tuesday.

Weatherly, 18-year-old from St. Louis, won the right to meet Hainline with a 9-7, 2-6, 6-1 victory over John Winnie of Iowa City in a first round match Tuesday.

The Missouri player is also entered in the junior boy's class and the men's doubles.

In Wednesday's curtailed action, Natalie Cobough, St. Joseph, Mo., won her way into the semi-finals of the girl's singles class. Miss Cobough won this championship last year and is favored to repeat.

Another top-seeded player to advance Wednesday was Leigh Strasser of St. Louis. Strasser, seeded first in the boy's class, beat John Channer of Oelwein, one of the few Iowans left in the meet, 6-1, 6-1.

Andrews Wins
Jamie Andrews of Iowa City teamed with Norman Barnes of Cedar Rapids to advance Wednesday in the junior boy's doubles. They defeated Cyrus Tuttle and Bob Ewing of St. Louis, 6-2, 6-4.

A tennis party, honoring participants in the tournament, was held Wednesday evening in the river room of the Iowa Memorial Union.

MEN'S SINGLES
(Second Round)
Ward Parker, St. Louis, def. C. J. Hixson, Fort Smith, Ark., 6-1, 6-2; Clinton Nettleton, Austin, Texas, def. Bob Light, St. Louis, 10-8, 7-5.

JUNIOR BOY'S SINGLES
(Third Round)
Ben Bishop, St. Louis, def. Don Blocker, Omaha, 9-7, 6-4.

BOY SINGLES
(Quarterfinal Round)
Leigh Strasser, St. Louis, def. John Channer, Oelwein, 6-1, 6-1; Tom Davidson, Topeka, def. Al Holtman, St. Louis, 6-2, 6-1; Dale Anderson, Shawnee, Okla., def. Mike Mehaffy, Little Rock, Ark., 7-5, 6-3.

GIRL'S SINGLES
(Quarterfinal Round)
Natalie Cobough, St. Joseph, Mo., def. Jackie Dueker, St. Louis, 6-1, 6-1; Shirley Anderson, Des Moines, def. Phyllis Vance, Omaha, 6-3, 6-4.

GIRL'S 15 AND UNDER
(Semifinal Round)
Sallie Ann Rieley, Kansas City, def. Ruth Rundberg, Des Moines, 6-2, 6-2; Suzy Hamilton, Iowa City, def. Carole Boshard, St. Louis, 6-0, 6-4.

WOMEN'S DOUBLES
(First Round)
Parker and Hrdlicka, St. Louis, def. Seibert and Swanson, Kansas City, by default; Kenny and Burton, Kansas City, def. Card, St. Louis, and Straube, Kansas City, 4-6, 6-0, 6-4.

BOY'S DOUBLES
(First Round)
Strasser and Singer, St. Louis, def. Channer, Oelwein, and Richardson, Independence, Kan., 6-3, 6-0.

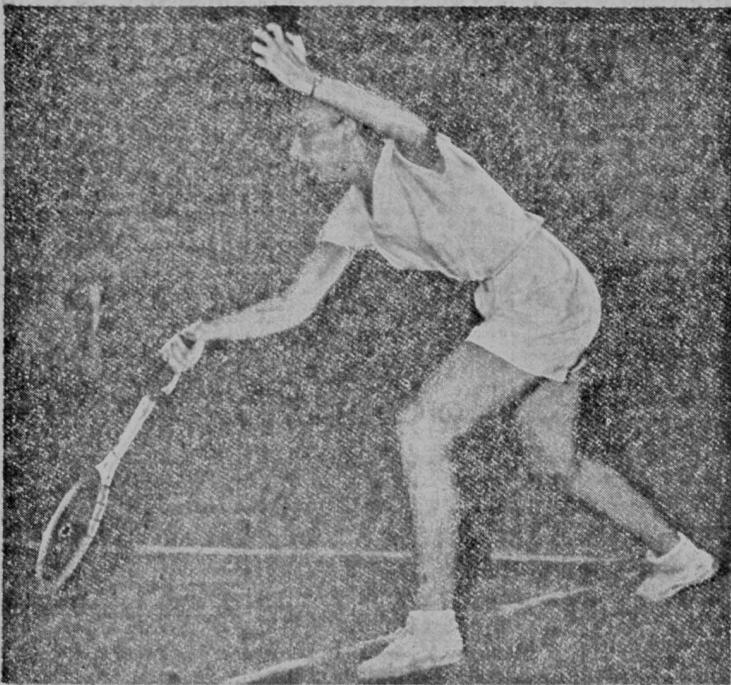

JUNIOR BOY'S DOUBLES
(First Round)
Ethridge, Ada, Okla., and Anderson, Shawnee, Okla., def. Mehaffy and Roach, Little Rock, Ark., 6-1, 6-1.

GIRL'S DOUBLES
(First Round)
Sullivan and Arner, Omaha, Neb., def. Ginter and Dueker, St. Louis, 6-1, 2-6, 11-9.

WOMEN'S DOUBLES
(Second Round)
Vassely and Groebel, St. Louis, def. Walker and Schramm, Burlington, 6-0, 6-2; Cobough, St. Joseph, Mo., and Anderson, Des Moines, def. Rundberg and Rundberg, Des Moines, 6-1, 6-4.

Inverness Starts
TOLEDO, OHIO (P) — One of goldom's fanciest birdie battles, the 13th Inverness four-ball round robin for a \$15,000 pot of gold, gets under way today.

THREE-I LEAGUE
Cedar Rapids 16, Waterloo 3

SHIRLEY ANDERSON OF DES MOINES defeated one of the few upsets of the 44th annual Missouri Valley tennis tourney Wednesday when she defeated fourth seeded Phyllis Vance, Omaha, Neb., in a girl's singles match. Miss Anderson, shown driving a hard smash, is unseeded. Play in the tournament was transferred to the Iowa fieldhouse Wednesday because of rain.

WITH LITTLE ACTION GOING ON in the Missouri Valley tennis tournament Wednesday because of rain, Mary Vassely of St. Louis, Mo., caught up on her knitting. She got an assist from Mike Weatherly, also from St. Louis, who is scheduled to play Dick Hainline in a men's singles match this afternoon. Hainline is the defending champion and seeded No. 1 this year. Miss Vassely is seeded second in the girl's singles division behind Natalie Cobough of St. Joseph, Mo.

LaMotta Whips Tiberio Mitri in Title Fight

NEW YORK (P) — Jake LaMotta, "the Bronx Bull," turned boxing master Wednesday night and kept his world middleweight crown by winning a lop-sided unanimous 15-round decision over young Tiberio Mitri of Italy before 16,369 at Madison Square Garden.

LaMotta foresook his usual wild-hooking, slam-bang attack to give the most polished performance of his career as he spoiled handsome young Mitri's 24th birthday, nearly perfect record and formerly unblemished profile.

It was the brown-haired challenger's first defeat in 53 professional bouts.

Large Gate
Although Wednesday night's title scrap was one of the most criticized in advance in many years, it drew a surprisingly large gate of \$99,841. No television and no broadcasting unquestionably helped.

Mitri took a severe battering and was practically "out" on his feet in the ninth and 10th rounds.

He was groggy in several other sessions. Nevertheless, the amateurish scrapper from Trieste was the stronger at the finish. He battered the champion from rope to rope in the 13th round, and had the better of their exhausted exchange in the 15th.

The crowd, which included Gov. Tom Dewey of New York state, gave the young invader an ovation for his display of ruggedness, despite his lack of punch and ring-guile.

Mitri was bleeding from gashes beneath both eyes, and his right eye was swollen nearly shut when he climbed down from the ring. LaMotta was bleeding from a gashed upper lip and from the nose.

LaMotta, 29, was exhausted at the finish, and he had slowed up considerably in the last three rounds. His ordeal of paring down to the 160-pound limit for the first time in 13 months had weakened him somewhat. However, his greater experience and his harder punching had enabled him to pile up enough rounds in the early

Jacobs, Tom Crabbe In Semi-Final Round Of State Golf Meet

MASON CITY (P) — Johnny Jacobs, "the old pro" from Cedar Rapids, seeking his sixth title, came up with a blistering sub-par performance Wednesday to enter the semifinal round of the Iowa amateur golf tournament.

Jacobs' brilliant fourth round 5 and 4 victory included a conceded birdie two on the 14th and last hole after Humphrey had taken three shots and was eight feet away. Johnny's tee shot was on the fringe of the green, 15 feet from the cup on the par three 150-yard hole.

Jacobs will meet Johnny Stoltz, of Ottumwa, in today's 36-hole semifinal. Stoltz dropped Veteran Johnny Kraft of Denver, Colo., registering from Oelwein, 2 and 1. Kraft was two up at the end of four holes, but Stoltz held a one-up lead at the turn and never lost his advantage.

Tom Crabbe Jr., Cedar Rapids tournament medalist, and Les Handt, of Independence will clash in the other semifinal match. Crabbe, a 19-year-old sophomore at Iowa went an extra hole before he ousted Jim Rasley, of Des Moines. Rasley messed up the 19th hole and took a five. He conceded Crabbe a birdie three. Rasley was two under par and held a two-up lead at the end of six holes, but then bogeyed the next three holes and was one down at nine.

Ike Williams Falls To Sugar Costner

PHILADELPHIA (P) — George (Sugar) Costner scored the fistic upset of the year Wednesday night by thrashing lightweight Champion Ike Williams to gain an unanimous 10-round decision before an estimated 7,500 at Shibe Park. Costner weighed 148 and Williams 143 for the non-title scrap.

The lanky Costner hit Williams with everything but the ringposts, but was unable to floor the plucky 135-pound king. Williams, rated along with Welterweight king Ray (Sugar) Robinson as the two best fighters — pound for pound — in the ring today, never had a chance after the hard punching Costner clipped him with a vicious left hook in the third round.

Judge Frank Knarsborough gave Costner all 10 rounds while Judge Lou Tress and Referee Dave Beloff carded eight rounds for Costner and two for Williams. The Associated Press voted eight rounds to Costner, one to Williams and one even.

Williams Breaks Arm in All-Star Game Star May Be Out Balance of Season

BOSTON (P) — Ted Williams, who hoped to break Babe Ruth's home run record this year, broke his left arm in the all-star game and may be out the rest of the season, the Boston Red Sox disclosed Wednesday.

A club spokesman said the slugging outfielder was "bitterly heartsick and disappointed" when X-rays showed he suffered a fracture running into the brick wall of Chicago's Comiskey Park Tuesday to catch a fly ball in the first inning of the all-star game.

Speed Recovery
Dr. Joseph H. Shortell will operate on the 31-year-old left fielder today in hope removal of a bone fragment might speed Williams' recovery and return him to the fourth-place Red Sox "before the end of the season."

Manager Steve O'Neill said Clyde Vollmer will replace Williams in left field and as third man in the batting order. Vollmer, obtained from Washington earlier this season, is batting .287 as compared with the .321 average compiled by Williams.

Though Williams mark was far behind the .403 clip he batted in 1941, the American league's most valuable player in 1946 and 1949 was making his most determined challenge of Ruth's record of 60 homers in a season.

TED WILLIAMS
No Record This Year

He already had smashed 25 this year and was tied with Al Rosen of Cleveland for the home run lead in both leagues. Williams also was tied with teammate Walt Droppo in leading both leagues with 83 runs batted in.

An offensive star in most of the seven previous all-star games for which he was chosen, Williams was hurt while making a thrilling defensive play in Tuesday's contest. His wall-crashing

catch deprived Pittsburgh's Ralph Kiner of an extra-base hit. Williams stayed in the game until the ninth inning, getting one hit in four times at bat.

Joe DiMaggio, Berra Hurt in All-Star Game

NEW YORK (P) — Joe DiMaggio and Catcher Larry Berra will be lost to the New York Yankees "for at least a few days" as a result of injuries aggravated in Tuesday's all-star game.

DiMaggio strained muscles in his groin running out his game-ending double play grounder and Yankee officials said he definitely would miss the three-game series with the third-place Cleveland Indians, which opens tonight and might miss a half dozen games.

Berra, who caught for the American league despite a wrenched left knee, said he wouldn't play tonight but "might be able to make it Friday."

Statements Prove Files Stripped Says McCarthy

WASHINGTON (AP) — Senator Joseph McCarthy (R-Wis) produced papers Wednesday which showed, he said, that government files were stripped in 1946 of all material derogatory to state department employees.

McCarthy made the charge of file-stripping in a six-page letter to President Truman.

With the letter he sent four statements which he said had been signed by men hired to throw away all discrediting documents.

The letter to Mr. Truman and photographic copies of the statements — were made public at a news conference. McCarthy told reporters that file-stripping was done shortly before President Truman's loyalty program started in 1947.

McCarthy

According to McCarthy, the following three men were hired to take out and throw away derogatory information in state department files:

1. A man who still is in the state department, and whose name McCarthy therefore withheld.

2. Francis Eugene Brien, 25, who now works in a Sears Roebuck store.

3. Paul E. Sullivan, now a student at Georgetown university, whose statement read:

"All the clerks on this project were to pull out of the files all matters considered derogatory either morally or politically."

Now FBI Agent The fourth statement, McCarthy said, was signed by Burney Thredgill Jr., now an FBI agent. Thredgill didn't work on the files, himself, but did typing in an office down the hall.

"This project was very confused, hurried and very little supervision of the clerks," Thredgill said. "I recall talking to one of the other clerks when he told me that he knew some of the employees of the state department had come to the files and removed derogatory material which was in the file on themselves."

The statements were all in the handwriting of one of McCarthy's investigators. They were signed, but not sworn. McCarthy said the investigator had no authority to take sworn statements.

Girl Outside After 57-Day Coma

(AP Wirephoto)

AWAKE AFTER A COMA 12-year old Patricia Murphy sat in a wheel chair Tuesday after being unconscious for 57 days. The coma was the result of an automobile accident. Her parents, Mr. and Mrs. Edwin Murphy spent hours each day attempting to break the coma during the 57 days. Doctors reported her recent recovery from the brain injury remarkable.

Youth Held as Suspect In Michigan Boat Theft

SOUTH BEND, IND. (AP) — Gaylord Kotzback, 21-year-old youth who served two years in a Connecticut prison on a boat-looting conviction, was held for questioning here Wednesday in connection with a mystery motorboat found on a lonely Lake Michigan shore.

Kotzback told police he was a native of Hartford, Conn., but had no home now. He was arrested Tuesday night in a city park by officers who charged him with vagrancy.

The 18-foot boat, its ignition and spotlight wires severed, was found Sunday at Michiana Shores, Ind.

Fort Dodger Appeals Judge's Ruling on Estate

FORT DODGE (AP) — Attorneys for Herman O. Hale Wednesday filed notice of an appeal to the Iowa supreme court from Judge Bruce M. Snell's recent decision that Hale is not entitled to a share in the \$1-million estate of his foster father, Henry O. Hale.

Judge Snell held that Herman is not, as he contended, a legally adopted son of Henry O. Hale and his first wife, Elizabeth, and that no contract existed between Herman and the Hales under which he was to have inherited from their estates.

Super Market Sells Cars by the Pound

PLAINFIELD, N.J. (AP) — Kings super market here moved automobiles in among its groceries Wednesday and started selling them at 72 cents a pound.

That's a total of \$1,495 for the British-made Hillman Minx cars. They're being sold just like meats of produce, said Joseph Bildner, president of the 20-store chain. No salesmen, just an information clerk. Immediate delivery. Cash sales rung up on the register.

Western Allies Have 170,000 Men in Europe

FRANKFURT, GERMANY (AP) — The western powers have at least 170,000 top grade fighting men in western Germany, most of them armed with the latest American and British equipment, a United Press survey showed Wednesday.

Military observers said the situation that would confront any possible invader was a "far cry" from South Korea at the time of the outbreak of Communist aggression there.

The western allies believed the force here was sufficient to provide the "security guarantee" asked repeatedly by Chancellor Konrad Adenauer to protect west Germany against the east zone "people's police."

Whether the force was strong enough to do more than delay a full-scale Russian assault against west Germany, nobody could say. But there was no doubt it was enough to preclude any outbreak of the localized kind of "civil war" that happened in Korea.

Everything concerning western military strength in Germany has been placed under "secrecy" wraps since the outbreak of the Korean war.

But a survey of previously released information showed U.S., British and French troop strength in Germany as on June 25 approximately as follows:

The United States — 110,000 well-trained, heavily armed fighting men. Eighty thousand of these are ground forces, spearheaded by the battle-hardened first division — "The Big Red" — which fought in Tunisia and from the beachheads of Normandy to the Czechoslovak border in World War II, and the reorganized, streamlined armored constabulary. The latter has been reinforced and equipped with heavy tanks and guns that give the strike power of an armored division — plus Super Bombers

Twenty thousand airmen, topped by the second air division, based in Germany and organized in two fighter-bomber wings in "Flying Star" jets, the other with eighty F-47 "Thunderbolts." The long range punch of the U.S. airforce in Europe is packed by 40 - odd globe-girdling B-50 super-bombers of the third air division, based in England. Also on hand in Germany is a two group troop-carrier wing equipped with forty four - engine C-54 transport planes and forty C-82 "Flying Boxcars," both veterans of the Berlin airlift.

(In Washington, the airforce announced that two additional B-50 bomber groups will be sent to England together with a group of F84D Thunderjet fighter bombers.)

Radar Net Great Britain — 40,000 troops, topped by the seventh armored division — the famed "Desert Rats" — a motorized division and representative battalions of many famous "county regiments." Britain also has based in Germany two squadrons of "Vampire" jets and her bomber command, based in England, is within easy striking range of the possible German front.

France — an estimated 20,000 troops mostly lightly armed. Guarding against a sneak air attack is a radar net of the U.S. 501st aircraft control and a warning unit of the second air division. There is also an undisclosed number of reactivated anti-aircraft units armed with the latest radar devices and modern anti-aircraft guns.

War Skit Loses Humor; Removed From Show

LONDON (AP) — The American revue "Touch and Go" Wednesday eliminated a skit based on Americans at war.

The skit, one of the features of the show, showed two American generals more interested in compiling their memoirs than in conducting a military campaign.

Producer Bernard Delfon said events in Korea had taken all the humor out of the dialogue.

The sketch was used when the revue played on Broadway in 1949-50.

North Carolina Quints Die Soon After Birth

WILLIAMSTON, N.C. (AP) — Mrs. Viola Brown, 21, wife of Negro sawmill worker Alonzo Brown, gave birth to quintuplets here Wednesday. They died shortly after birth.

The three boys and two girls weighed from one to one and a quarter pounds.

Two years ago the mother bore quadruplets. They were dead at birth.

Thought I'd freshen up a bit.

All in a Day's Work

NO MAD FANCY, BUT SERIOUS BUSINESS was this "operation Red Head" staged Wednesday afternoon at an Iowa City beauty salon. Participants were Theodore Herstand, Al, Cleveland, Ohio, (left); and Earl G. Hoover, G. Manhattan, Kan., who play "John" and "Father" in a University theater's next production, "Life With Mother." Since the play calls for a family of red-heads, five of the six cast members portraying the "Days" have gone through the dyeing process. Herstand, who has naturally jet-black hair, finds the only trouble with his flaming top is that friends fail to recognize him when they see him on the street. He said he plans to re-dye it after the performance. Hoover, formerly of the light brown hair, plans to let the natural color grow out again. Only reaction he reported was from his nine-year-old daughter, who thought the change an improvement. The University production of Clarence Day's sequel to "Life With Father" is scheduled to run July 17 through July 24. No performance is scheduled for July 23.

'Life With Mother' to Open Here Tuesday

Two boys, 9 and 12, both sons of SUI faculty members, are among the cast of the University Theater produced play, "Life with Mother." The play, a comedy by Howard Lindsay and Russell Crouse, opens Tuesday and runs through July 24, except for Sunday. It is the second dramatics offering of the 1950 fine arts festival. Tickets are available at the theater ticket office, or at room 8A, Schaeffer hall. The Schaeffer hall ticket office will be open Monday through Friday from 9 a.m. until noon and from 1 p.m. to 4 p.m. The office is open from 9 a.m. until noon on Saturday. The theater ticket office opens about one hour before 8 p.m. curtain time.

Students Get Tickets
For students, tickets may be obtained without charge by presenting I.D. (yellow) cards and student number cards. (They are not the same, although some students' number cards also are yellow.) The two juvenile cast members are: Mike Gillette, 9, son of Prof. and Mrs. Arnold S. Gillette, SUI department of dramatic arts, and Paul Morgan, 12, son of Prof. and Mrs. Philip F. Morgan, SUI department of sanitary engineering. Other members of the cast: Earl Hoover, G. Manhattan, Kan.; John Herstand, Cleveland Heights, Ohio; Richard Steckel, G. Davenport; Patricia Smith, G. Bloomfield; Russel Swafford, A. Centerville.

Betty Sage, A. Des Moines; Mary Joanne Schutz, A. Sheldon; Jeanette Lloyd, G. Freeport, Ill.; Elizabeth Engrav, A. Iowa City, and West T. Hill, G. Covington, Ky. **Foley Directs Play**
The play is directed by Prof. Gregory Foley, dramatic arts, assisted by Edwin Clark, G. Iowa City. Costuming is handled by Helen Forest Lauterer, visiting lecturer in speech, and the lighting and props are supervised by Walter S. Dewey, lecturer in dramatic arts. Joseph Johnston, visiting lecturer from the University of Texas, Austin, designed two of the three sets to be used in the play. The third set was designed by Gillette.

Commission Postpones Rail Service Hearing

DES MOINES (AP) — The Iowa Commerce commission said Wednesday it had postponed hearings on a petition by the Chicago and Northwestern railway to discontinue trains operating between Jewell and Hawarden and Eagle Grove and Dolliver. ICC officials had scheduled a hearing on the petition for July 18 and 19 at Eagle Grove, but said it was necessary to postpone the matter until another date to be determined later. The commission said it would conduct a hearing July 25 at Des Moines on petitions for construction of 18 power lines in the state. Plans called for constructing new lines in Mahaska, Keokuk and Black Hawk counties.

Hand Car-Freight Crash Injures Two Iowans

CEDAR RAPIDS (AP) — Two men were injured Wednesday when the railroad handcar on which they were riding and a Milwaukee freight train collided head-on. The men, brought to a Cedar Rapids hospital, were Curtis Lint, 53, and Paul Bartlett, 49, both of Marion. The accident happened one and a half miles east of Marion on the Milwaukee line. A railroad spokesman said there apparently had been some misunderstanding as to when the east-bound freight was due.

Wisconsin to Tear Down Old Boys' Reform School

MADISON, WIS. (AP) — The welfare board decided Wednesday that the state should tear down its school for delinquent boys and build a completely new school on the same grounds at Waukesha. Board members voted unanimously to ask the 1951 legislature for the money to do the job. And they decided to ask the state building commission immediately for money to design a new school. The board did not estimate the cost of the project, which was recommended by John W. Tramburg, new welfare department director. Tramburg called the school's present buildings "antiquated, unsuitable and undesirable" for the care and treatment of delinquent boys.

Shoben Speaks to Workshop on Counseling

Student counselors must learn to recognize individual differences among persons who come to them for help, Prof. Edward J. Shoben Jr., director of SUI counseling office said Tuesday. Speaking to a group at the second annual campus workshop on guidance and counseling, Shoben indicated a need for counselors to determine whether or not the individual actually is in need of adjustment. Thirty-four guidance directors, counselors, deans and administrators are attending the workshop which began Monday and will run through July 21. "Two criteria are essential in helping a person to adjust," Shoben said. "Personal unhappiness and a tendency of ill-feeling toward his group are usual indication of a need for adjustment." Shoben Tuesday announced his resignation from the SUI faculty to accept a teaching and clinical appointment to Teachers college of Columbia university, New York. His resignation becomes effective Aug. 31, and he will assume his duties at Columbia Sept. 1.

The program of the workshop includes lectures each morning with discussion groups and demonstrations held in the afternoon and evening sessions. Guest speakers at the workshop will be Donald Emery, director of the division of special services, Cedar Rapids public schools; Prof. Raymond J. Selicher, Iowa State Teachers college. Roland G. Ross, director, Iowa Occupational Information and Guidance service, Des Moines, and Grace M. Freymann, chief psychologist, state department of special education. Directors of the campus workshop are Prof. John E. McAdam, director, University high; Prof. Clayton Gerken, personnel counselor, Shoben and Irl Irwin, graduate student in psychology, Iowa City.

BREMERS Annual July Action SALE

Starts TODAY at 9 a. m.

You'll Save During This Sale

If you wish to save money do not miss this sale, for here are groups of broken lots and sizes of men's fine quality, summer weight, and also, a few regular weight, suits and topcoats, as well as boys' wear and men's shoes . . . all priced to clear rapidly during this July Action Sale.
