Fair today and cooler. Partly cloudy and somewhat warmer Saturday. High today, 80; low, 52. High Thursday, 85; low, 64.

Milestone Social Security Bill Passes, Goes to White House

WASHINGTON (UP) - The senate unanimously passed and sent to the White House Thursday a "milestone bill" bringing 10-million Americans under social security for the first time and nearly doubling the monthly benefits for retired workers.

The first major overhaul of the social security program in 15 years received final approval by voice vote with little debate and no opposition. The house passed the bipartisan bill Wednesday by a vote of 374 to 1.

While it falls short of the goals which President Truman set, and contains at least two provisions which he opposes, the bill seemed assured of early signature at the White House. Bigger checks would start for a 3-million age beneficiaries late next month.

Chairman Walter F. George (D-Ga.) of the senate finance committee, told the senate the bill is the most important domestic legislation "that has come before the 81st congress."

More than a year in preparation, the finally-enacted legislation is a compromise worked out by a conference committee after the senate and house earlier passed differing versions.

Truman Rebukes Remark by Wherry

WASHINGTON (AP) - President Truman delivered a sharp rebuke to Sen. Kenneth Wherry (R-Neb.) Thursday for saying "the blood of our boys in Korea" is on the shoulders of Secretary of State Dean Acheson.

Mr. Truman told reporters it was a "contemptible statement and beneath comment," and gave them permission to quote the remark, unusual for him.

Wherry, senate Republican floor leader, made the accusation in a senate speech Wednesday during the third consecutive day of angry debate over administration foreign policy.

He followed up Thursday night with a statement that the President's "failure to remove Acheson, after repudiating his stupid foreign policies, is contemptible."

Iowa City Police Seeking Parolee

Iowa City police were searching Thursday for a man identified as Dick Russell, who is believed to have passed three false checks in local drug stores Wednesday.

Police said the checks, totaling \$150, were passed in Gibbs, Lubin's and Ford Hopkins drug stores. They were signed with the name, "Richard Russell."

Russell, a parolee, was reported to have left a farm east of Iowa City where he was employed early Thursday morning.

Russell is described as being five-feet, eight inches in height, weighing 150 pounds, with black hair, and a deep tan. He was last seen wearing blue slacks and a gray sport shirt.

Tornado Kills One

KILGORE, TEXAS (AP) - A small tornado churned through here Thursday, causing one death.

GI's Stripped Almost Naked, With Hands Bound Behind Their Backs - Scared Red Troops Kill 32 Captive Americans

WITH U.S. FIRST CAVALRY DIVISION IN KOREA (AP) - Thirty-two captive American soldiers, stripped almost naked and their hands bound behind their backs

More Atrocities WITH U.S. FIRST CAVALRY IN KOREA (FRIDAY) (AP) - Seven captured American tankmen were reported today to have been executed in the same battle for hill 303 north of Waegwan in which 32 other Yanks were atrocity victims of North Koreans.

Bodies of seven soldiers were found on the road near their two tanks which had been knocked out two days before.

with wire, shoestrings and rawhide, were killed Thursday by a bunch of scared Communist troops. The Reds herded 37 prisoners in a hillside gully west of Waeg-

Says Reds to Invade Tibet; India Makes Peace Overtures

NEW DELHI, INDIA (AP) - A foreign ministry source said Thursday India has made overtures to Communist China in an effort to preserve the political independence of Tibet.

A Chinese Nationalist defense spokesman declared in Taipei, Formosa, that Chinese Red troops how are moving toward an invasion of Tibet - ancient, lofty land of the Lamas - from the east and north. He said the troops from the East are under one-eyed Gen. Liu Po-Cheng.

The foreign ministry sources said India has expressed the hope to Communist China that the status of Tibet will be settled by friendly negotiations.

India would be pleased, he said, if the negotiations resulted in a continuance of the status quo, leaving Tibet autonomous under Chinese rule. India recognized Mao Tse-Tung's Red regime as the government of China.

The Chinese Communists have offered Tibet "regional autonomy" if the Tibetan ruler, the Dalai Lama, and his government join the Chinese Red regime peacefully. The Tibetans were invited to send a delegation to Peiping to work out details.

For many years, Tibet has been politically independent, although under nominal Chinese rule. It is isolated from the world and aloof toward foreigners. The country has a population of about 3-million and covers 470,000 square miles.

It is the contention of Wherry and some other Republicans that the President's decision to fight in Korea, and to protect Formosa against Communist attack, reversed Acheson's policies.

11-Month-Old Girl Victim of Polio

An 11-month-old child from Decorah has been admitted as a polio patient to University hospitals. She is Sandra Bakken, daughter of Nels Bakken. Her condition is described as "fair."

Also admitted, in "fair" condition were James Wollison, 19 months, son of Jim Wollison, Vinton; Violet Houdek, 33, Decorah, and Mrs. Mona Simon, 30, Cedar Rapids.

Transferred to inactive wards were Georgia Bell, 2, Wellman; Dagmar Ingvalstad, 40, Decorah, and Sharree Knode, 7, Waterloo. Two children discharged from the hospitals were Norma Barker, 7, Centerville, and Sandra Kienzle, 2, Wellsburg.

Present number of active polio cases at University hospitals is listed as 21.

Wounded Recovering Fast

TOKYO (AP) - Maj. Gen. Edgar Trskine Hume, top army surgeon in the Far East, said Thursday that American soldiers wounded in Korea are recovering so rapidly they may beat the World War II medical record.

"Then they lined us up and marched us down a place north of Waegwan. They took us into a gully after taking our shirts, our shoes, our helmets and our ammo. Then they tied our hands with telephone wire, shoestrings and rawhide."

The Reds told the GI's they were going to take them to Seoul, fallen capital of the republic of South Korea, where they said there already were 5,000 American prisoners.

But, Rudd said, other U.S. soldiers were getting too close and the Communists moved the prisoners elsewhere and gave them their first food since their capture - a pear and an apple apiece.

"We dug holes in the sand for water," said the corporal. "Then they kicked sand in the hole and hit us with their weapons. Last (Wednesday) night they took five out of our original group of 43 men and I never did

know what they did to them." Rudd said the Communists then marched them back down to the gully north of Waegwan, where they had been stripped and bound. At daybreak, he said, the Communists began to exchange fire with approaching American soldiers.

"We sat there all morning with our hands still bound behind us," Rudd said. "I thought my wrists would be cut in two. My fingers are still numb."

"That afternoon," he continued, "they took us to another ravine. We were worried because Cpl. Day had heard them talking the night before and an officer said they would kill us if our own troops got too close."

"There were two guards watching us. They got on each end of the ravine and hollered something and about 14 Red soldiers ran up. Then the guards and soldiers opened up on us with burp guns,"

'Here I Am'

PVT. CECILE UDEHL (above) will report for duty with the air force next Tuesday because a clerical error listed her as "Cecile." While reporting with active reservists she was informed that no WAF's were being called. She replied: "I have quit my job, sold my furniture and said goodbye to my family. Here are my orders to report and here I am." She was assigned to Chanute field, Ill.

Inspectors Find Only One Out of 12 Cars Without Defects

Only about one out of every twelve automobiles which have gone through the safety testing lane in Iowa City Wednesday and Thursday was found to have no defective features.

This report was made by inspection authorities after testing about 550 cars over the two-day period.

Authorities said, however, defects found in most vehicles were minor and that the faulty equipment could easily be fixed.

The majority of motorists are reportedly repairing defects and inspectors said the cooperation of the motorists has been "very good."

The lane was set up Wednesday on Clinton street, between Iowa avenue and Dubuque street. Drivers will have a final opportunity to have cars checked from 1 to 9 p.m. today.

The check-up, sponsored by the local junior chamber of commerce, will be followed next week by a state-wide "Drive Right" campaign, aimed at saving a life a day during the two week period beginning Tuesday.

Elizabeth Sends Note To Garbage Man's Wife

LONDON (AP) - Just a half hour before Princess Elizabeth delivered her second child, a nine-pound son was born in London to a garbage collector's wife.

The birth was difficult and Thursday the 30-year-old mother, Mrs. Violet Wells, was in "poor condition."

Someone handed her a blue note which read: "I send you my best wishes for the health and happiness of your son, and my sincere desire for your speedy recovery."

It was signed by Elizabeth, who heard about Mrs. Wells' condition and dictated the note from her bed.

Truman Rules Out UMT; 'Too Controversial'

WASHINGTON (AP) - President Truman Thursday all but ruled out passage of a universal military training law this year when he said there is no reason to clutter up congress now with such controversial legislation.

Defense Secretary Louis Johnson - with Mr. Truman's permission - asked congress Wednesday for immediate passage of a standby UMT program for 17-year-olds. It would be put into effect by the President whenever he believed it was needed.

But Mr. Truman explained at a news conference that he, personally, had not asked for UMT at this session of congress because he does not want to start a congressional battle that might delay his more urgent Korean war program.

As the President put it, he does not want to project himself into what he regards as a very controversial matter.

Most members of congress shared the President's view. Like Mr. Truman, they thought it would be a good thing but would not be approved before the next session.

Indications were that it would be enacted early next year, especially if the international situation grows worse.

Call Second Rail Strike in 24 Hours

WASHINGTON (AP) - Two railroad unions called their second strike in 24 hours Thursday, but President Truman voiced hope their dispute will be settled before it explodes into a nationwide walkout.

The new strike was called by the Brotherhood of Railroad Trainmen and the Order of Railway Conductors against the Elgin, Joliet and Eastern railroad of Chicago and the Pittsburgh & Lake Erie railroad of Pittsburgh.

Some 5,000 yardmen and train employes were ordered to start a five day strike at 6 a.m., local time, Tuesday - just 24 hours after yardmen are due to walk off the job at terminals in three other cities.

Railroad officials claimed the strike was aimed at "crippling" the defense-important steel industry and predicted the White House "will get immediate squawks from the steelmakers."

Bills Provide for Soldiers' Families

WASHINGTON (AP) - Federal payments of \$45 to \$85 a month to families of the lowest grades of enlisted men are provided in legislation approved Thursday by senate and house committees.

A man would have to add \$40 a month to this out of his pay. A raw recruit starts at \$75 a month. The bills vary greatly in detail, but both call the payments "quarters allowance." This is the term for allotments to families which are not provided homes at military bases. At present the lowest grades do not receive such allowances.

The senate bill, approved by the armed services committee, may be ready for senate consideration next week. In the house, an armed services subcommittee gave approval to its bill. It will go before the full committee for action.

War at a Glance

Korean Front - North Koreans launch massive attack with 30,000 men on north-central front, capturing Kumhwa, only 12 miles north of strategic Taegu. Civilians ordered to flee city. Marines fight savagely against 12,000 Communists farther south in Changnyong area. Reds murder 32 captive American soldiers.

Lake Success - Security council fails to break deadlock over seating Korean representatives in UN. U.S. calls on other UN members to speed sending ground troops to Korea.

Washington - President Truman accepts offer of Philippine regimental combat team to fight in Korea. Republicans and Democrats join to approve tax-boosting bill intended to help arm non-Communist world.

Taft Raps Administration CLEVELAND (AP) - Sen. Robert Taft (R-Ohio) charged Thursday night that the administration's foreign policy has been "wavering, uncertain and dilatory," and called for a "strong national government, 100 percent opposed to communism."

Red Spearhead Within 12 Miles Of Taegu As Threat Mounts

Urges Korean Peace Provide Unified Land

LAKE SUCCESS (AP) - The United States insisted Thursday that any UN peace program for Korea must include among its objectives creation of a unified and independent country.

This declaration, coming in the midst of the Korean conflict, was interpreted by some diplomats as a hint that the unified command might keep on driving past the 38th parallel and occupy all Korea once it started the North Korean Communists on the run.

Avoids Direct Reference Chief U.S. Delegate Warren Austin, however, avoided any direct reference to this possibility in outlining the U.S. peace aims before the UN security council.

Austin said the primary objective, of course, must be the cessation of hostilities. He added that this must be done in such a manner that no opportunity is provided for another attempt at invasion.

This also was seen by some as a suggestion that the North Korean forces must be liquidated. Closed Session "Another objective," Austin said, "is to provide a demonstration of UN achievement in regard to Korea that will deter and prevent aggression anywhere."

The U.S. delegate spoke after a 90-minute closed-door session at which the 11-nation council again failed to break its procedural deadlock over the seating of Korean representatives.

The closed meeting was called by Russia's Jakob Malik, council president for this month. Another private meeting will be held Monday.

Order Civilians To Flee as Shells Hit City

TOKYO (FRIDAY) (AP) - A massive tank-led Korean Communist offensive punched from the north today to within 12 miles of Taegu and the more than half million civilian population was ordered to quit that key American supply base in South Korea.

BULLETIN

TOKYO (FRIDAY) (AP) - North Korean troops in the Changnyong bulge of the Nakdong river have begun a withdrawal back across to the west bank, a U.S. Marine spokesman said today.

On the northern front, South Korean troops have fought back into the port of Pohang on the east coast. Disclosing this today, an Eighth army spokesman cautioned it was yet too early to say Pohang had been recaptured.

The threat from the north was frankly admitted by the U.S. Eighth army in a communique as "the main threat."

The South Korean provisional government, headquartered at Taegu, issued the civilian evacuation order but decided to remain there for the present.

Send Steel Spearhead A force of 30,000 Reds sent a steel spearhead down from the vulnerable north, signalling what may be the long expected major bid of the North Koreans.

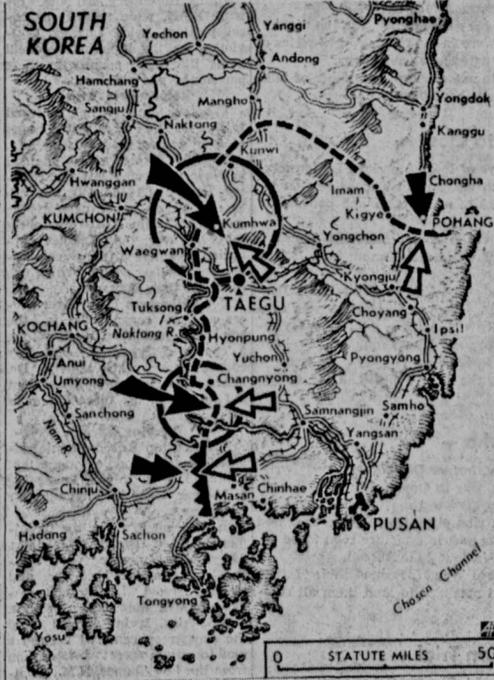

A Communist regiment, advancing nearly three miles through South Korean defenses, captured the town of Kumhwa astride a main road leading to Taegu. Some artillery and mortar shells, probably fired from the Nakton's east bank, hit Taegu.

Associated Press Correspondent Leif Erickson, at U.S. Eighth army headquarters in Korea, reported it was possible the Reds were waiting to coordinate this drive with another to be launched in the vicinity of Waegwan.

Sector III by B-29s That is the sector hit Wednesday by B-29s in a move against a reported concentration of 60,000 Reds. Waegwan is 12 miles northwest of Taegu. Kunwi is 20 miles northeast of Waegwan and about 25 miles due north of Taegu.

While the northern thrust was under way, American Marines and U.S. 24th division infantrymen 25 miles southwest of Taegu today halted savage Red counterattacks in the bloody Nakdong river bulge near Changnyong.

At the southern end of the line, defended by the U.S. 24th division, the Red Sixth division continued to build up strength west of Masan but had not yet opened the attack expected there by American officers.

CIRCLES LOCATE AREAS of the heaviest fighting in South Korea where North Korean forces, in a drive aimed at Taegu Thursday, took Kumhwa, about 12 miles north of the key city. The Reds also were attempting to expand their bridgehead over the Nakdong river south of Changnyong. Lines were reported stable in the Masan and Pohang sectors.

Senate Finance Group Okays Income Tax Hike

WASHINGTON (AP) - The senate finance committee unanimously approved Thursday the \$5-billion stopgap war tax bill including a 10 to 20 percent boost in personal income taxes.

The remainder is to come from closing "loopholes" in present tax laws. They include putting a tax Ga. said it will be ready for senate debate by the middle of next week. Swift passage is expected.

Generally, the bill provides what President Truman requested in the way of a "quickie" tax hike to start paying Korean war costs. Most of it will come from individuals and corporation profits. It includes:

Personal income - An increase of 10 to 20 percent, effective Oct. 1. It virtually wipes out reductions which taxpayers received in 1945 and 1948. It is estimated to raise \$2-billion a year.

Corporations - The rate boosted from 38 percent to 42 percent on 1950 profits above \$25,000 and up to 45 percent on 1951 earnings. It is estimated to raise \$1-billion a year at the top rate.

New taxes - An excise tax of 10 percent on the manufacturer's price of television sets and deep freezers. It is estimated to raise about \$40-million a year.

Chairman Walter F. George (D-Ga.) said it will be ready for senate debate by the middle of next week. Swift passage is expected.

No Violence in Bettendorf Strike —

BETTENDORF (UP) — Pickets shouted at truck drivers who attempted to enter the J. I. Case Co. plant area Thursday, but there was no violence as the strike went through its second day. Observers said there was an air of tension along the picket lines, but the pickets did not attempt to upset any of the trucks that approached his plant.

Truman Doesn't Plan Labor Day Speech —

WASHINGTON (AP) — President Truman said Thursday he has no plans for a speech on Labor day, a traditional opener for political campaigns.

Asked at his news conference about the possibility of a speech then, Mr. Truman recalled that after the Korean war broke out he cancelled all out of town speaking engagements.

He said he is busy every day at his desk and far into the night. Before the Korean crisis, plans were in the making for a series of whistle-stop speaking tours in the congressional campaigns.

Some of his advisors want him to make a limited number of talks in key cities, but they say no firm plans have been made.

Legion Auxiliary Meetings to Close —

DES MOINES (AP) — Four days of Iowa American Legion auxiliary group meetings will close with an executive board session today. The purpose of the meetings was to make plans and policies for the coming year.

The child welfare and rehabilitation committees met Tuesday. Mrs. R. B. Monk of Sheldon is child welfare chairman; Mrs. Robert Crook of Atlantic, rehabilitation chairman.

The finance committee met Wednesday. It is headed by Miss Dorothy Christensen of Council Bluffs. A school of instruction was conducted Thursday for district presidents, the three department vice-presidents, and the membership chairman, Mrs. Frank P. Abraham, Mt. Pleasant, auxiliary president.

Twenty women from throughout the state will attend the executive board meeting.

Movie Star Reagan in Omaha —

OMAHA (AP) — Ronald Reagan, former Des Moines sports writer and announcer now a movie star, was in Omaha Thursday for an appearance at the premier showing of his latest movie, "Louisa."

With him were Piper Laurie, 18, who plays the juvenile lead, and Leslie Banning, 19, who has a leading part in a picture soon to be released starring Miss Banning's sister-in-law, Jane Russell.

An air corps captain during World War II, Reagan said: "I flew desk all over the United States, and managed to land them all safely at 5 p.m. each day."

Des Moines Detective Goes on Trial —

DES MOINES (AP) — Detective L. Stanger Geyer went on trial Thursday in justice court on a charge of disturbing the peace and quiet in a public place by using obscene language in a hotel tavern.

A second charge of intoxication also is pending against Geyer. The two charges were filed by Deputy Sheriffs Frank Vivone and Arvid Mellin following an altercation in the Nook, July 21.

Involved in the altercation were Geyer, the deputies, and Theodore Vivone, operator of the tavern and brother of Deputy Vivone.

Theodore Vivone was convicted on a charge of assault and battery in municipal court about two weeks ago. That charge was filed by Geyer following the altercation.

Son of Mandarin Leads Indo-Chinese Reds

Associated Press News Feature

To leaders face each other in Indo-China's tug of war. Behind each of them pull opposing nationalistic forces.

Ho Chi-Minh, Moscow trained Communist leader, faces Bao Dai, puppet leader and heir to the throne of Annam.

Ho, called the "One Who Shines" and the "One Who Sees Clearly," was born in Annam, south of Vietnam, 56 years ago. He was the son of a mandarin of the Annamite empire who held a position corresponding roughly to that of lieutenant governor of a small province.

In 1910 Ho's father was relieved of his position. The French said it was because of drunkenness. Ho's friends say it was because his political ideas were too far advanced for the good of the French cause.

Ho Traveled Widely

As a young man Ho worked as a servant on a French steamer and visited the United States, Britain and France. He stayed in Paris, educated himself and took up left wing politics.

In 1932 he went to Moscow as a delegate to an international

meeting and stayed to study under the Communists.

Two years later he turned up at Canton, China and made a plunge into revolutionary work. In 1931 he directed an unsuccessful revolt against the French in his country. By this time he was a Communist agent for southeast Asia and landed in a British prison for 18 months. He was sentenced to death, in absentia, in Indo-China.

Fought Japanese After the outbreak of World War II the Chinese Nationalists put him in jail for a year. In 1944 he slipped over the border into Indo-China with 700 followers and organized the Vietminh or "League for the Independence of Vietnam." With allied support he fought a guerrilla war in Indo-China against the Japanese.

He became "Uncle Ho" to many Vietnamese who saw in him the symbol of their passion for independence. Indo-China had been under French influence since 1877 and under French control since 1887.

Ho became the hero of a wide following of Communists and nationalists. A wispy bearded, snaggle-toothed politician, he has a beguiling personality. One Amer-

Soviet Diplomat Linked to Atomic Espionage Ring

NEW YORK (AP) — A Soviet diplomat was formally linked Thursday to an international atomic espionage ring as a federal grand jury indicted a former Russian vice-counsel on espionage conspiracy charges.

The former Soviet official, Anatoli H. Yakolev, was named as a conspirator along with a New York engineer and his 35-year-old wife.

The three were linked to the Klaus Fuchs international spy ring which is charged with working to obtain documents, drawings and other data on national defense to turn over to Russia.

Julius Rosenberg, 33, and his wife, Ethel, were named as co-conspirators with Yakolev. Conviction on the indictment could bring the death penalty to these parents of two children.

Returned to Russia

Yakolev, however, has returned to Russia. The FBI has little hopes of ever getting its hands on him.

Yakolev, former vice-counsel in New York who left the country Dec. 27, 1946, was not accused of any overt acts in the indictment. The FBI previously said, however, that Yakolev furnished members of the Fuchs's apparatus money with which to carry on their operations.

The indictment listed three others as co-conspirators in the spy ring, including Harry Gold, a confessed Soviet A-bomb spy courier who worked under Dr. Fuchs. However, the indictment did not name the three others as defendants.

Serving Term

Fuchs, a top British atomic scientist who funneled important atomic data to Russia, is serving a 14-year term in England for espionage.

In addition to Gold, the indictment named David Greenglass, 28, youngest member of the alleged ring arrested so far, and his 26-year-old wife, Ruth. Greenglass is Mrs. Rosenberg's brother.

U.S. Atty. Irving Saypol said the conspiracy centered around a plot to obtain secret information from the Los Alamos, N.M., atomic bomb project.

LEWIS DENIES VIOLATIONS

WASHINGTON (AP) — John L. Lewis and the United Mine Workers denied Wednesday they violated the Taft-Hartley act with their four key demands in last winter's contract dispute. Operators had accused them of using coercive methods in a drive to get illegal provisions into a contract.

Wise Soldiers Live Longer

— It Helps to be Tough

WITH THE 24TH INFANTRY DIVISION IN KOREA (AP)—Here are a few tips, soldier, on how to stay alive in this strange war in Korea.

Better put this tip-sheet in your pocket. Take it out every once in a while and study it until you have memorized it, because these paragraphs can mean the difference between life and death.

They were learned the hard way by men like you who suddenly were called to war. They learned a lot, these veterans, in fighting the enemy. So read this carefully:

1. Get yourself as hard physically as you can. Work at it, soldier, until you are ready to drop. Get your legs in shape to climb mountains. That's where you will do most of your fighting — up there in the rugged mountains. And the tougher you are the better your chance to save yourself and your buddies.

2. Don't underestimate the enemy you are going to fight. The Red soldier won't have equipment or weapons quite as good as yours. He's thin and scrawny looking and he can stand under your outstretched arm. But he knows how to handle his weapons. He's a good fighter. And he can climb mountains all day long. He's been doing it since he was a kid, soldier.

3. When you reach Korea pump all the information you can get out of the veterans. Ask the old-timers what they have learned. Soak up all the things they tell you. And if possible ask your commanding officers to call in combat veterans to give you lectures before you get into the combat line. It's your life, soldier, and in this war you must know as much as possible before facing the enemy.

4. Don't go out into the fighting area alone. Stay with small groups traveling on the roads or in the hills. A sniper is less likely to fire on you in a group than a single soldier. And a small group has a better chance of getting through the enemy than single soldiers.

5. Never forget this is a battle for the highest ridges — and it cannot be fought from jeeps on the road. The man who sits on the highest ground is looking down the other man's throat. So that's where you want to be — on the high ground. It's tough to get up there — but always remember you are a sitting duck if the enemy is looking down on you.

6. When you drive the enemy out of a position — search for hidden weapons. The North Koreans have a sly trick of hiding their weapons in bushes and in crevices in the mountains before they run from our fire. You think you have driven them away but then they slip back at night and pick up their weapons to open fire on you again next morning.

7. Keep your guards out at all times even in areas five and ten miles behind the fighting line. They're playing for keeps in this one and you can't drop your guard at any time.

8. Don't let "refugees" come

In for Another Trimming — Like It or Not!

Korean War Tips — Wise Soldiers Live Longer

— It Helps to be Tough

filtering through your lines and get behind you.

Many Americans are dead today because they let the refugees collect behind their position without checking to see if there were guns, mortars, and machineguns in the packs carried by the natives. But don't search the refugees alone. Do it in groups with your guns ready. The other day two soldiers became suspicious of a refugee column. And suddenly the "refugees" opened fire and killed the two Americans. Dirty? Sure it's dirty. But they are playing dirty in this war.

9. Don't come over here cockily expecting to kick the enemy in the teeth before Christmas. This is going to be a hard campaign that may well last into next spring. That means you could be fighting through snow and ice in the mountains in a country that has bitterly cold winter.

It's a tough war, soldier. But there's no one who can win it but you — the foot soldier. The airforce and the navy, and the tankmen, the artillery — all are doing a great job. But this is your war, soldier, and it will be won only if you are tough enough to climb those mountains and stay on the ridgetop.

GOOD ENOUGH REASON

SANDY, UTAH (AP) — Most of the water meters weren't working in Sandy Wednesday. Sand in the water mains, city officials said.

By SIGRID ARNE

WASHINGTON — President Truman asked congress for a sort of middle-of-the-road program of trade controls because his advisers think the needs now are different from the needs at the start of World War II.

This is questioned by Bernard M. Baruch, who told a senate committee that the danger to the nation is great enough right now to justify all-out controls, including rationing and price controls. Many members of congress take issue with the administration too.

The President's advisers are driving at one central problem. They want to prevent prices from jumping because of some material shortage that may arise.

They think steel is most likely to become the first commodity that is short. But they don't think steel will be so short as it was in the early stages of World War II. They cite these facts:

The United States now has many ports and hundreds of ships built for World War II. There will be no new drain on steel supplies for them. An aviation industry — plants and machines — which the country did not have in 1941 is in existence now. The navy has many ships it didn't have in 1941.

These are the most important reasons the President's economic advisers think all-out control of the nation's business is unnecessary. They proposed four moves that they think will take care of any current wild drive toward sky-

Dulles Reappointed As U.S. Delegate To General Assembly

WASHINGTON (AP) — John Foster Dulles accepted reappointment as a delegate to the UN general assembly Thursday and took himself out of the running for the Republican senate nomination in New York.

After a 30-minute private talk with President Truman, Dulles announced he will serve on the American delegation to the UN meeting next month "even though it excludes my running again for the senate."

It was the second time this week that a diplomatic assignment from the White House had sharply altered the New York political picture. Mayor William O'Dwyer of New York confirmed Tuesday he will resign Sept. 1 to accept appointment as U.S. ambassador to Mexico.

Before talking to Dulles, Mr. Truman met with Sen. Herbert H. Lehman (D - NY) who defeated Dulles for the senate in a special election last year.

Lehman said they discussed possibilities for the Democratic ticket in New York this fall. He declined to say whether he plans to seek reelection.

Dulles, a leading Republican spokesman on foreign affairs, served in the senate briefly early last year when he was appointed by Gov. Thomas E. Dewey to replace resigned Sen. Robert F. Wagner (D - NY). Lehman captured the seat last November, and it is up again this fall when candidates will compete for a full six-year term.

Trade Controls: Needed or Not?

By SIGRID ARNE

WASHINGTON — President Truman asked congress for a sort of middle-of-the-road program of trade controls because his advisers think the needs now are different from the needs at the start of World War II.

This is questioned by Bernard M. Baruch, who told a senate committee that the danger to the nation is great enough right now to justify all-out controls, including rationing and price controls. Many members of congress take issue with the administration too.

The President's advisers are driving at one central problem. They want to prevent prices from jumping because of some material shortage that may arise.

They think steel is most likely to become the first commodity that is short. But they don't think steel will be so short as it was in the early stages of World War II. They cite these facts:

The United States now has many ports and hundreds of ships built for World War II. There will be no new drain on steel supplies for them. An aviation industry — plants and machines — which the country did not have in 1941 is in existence now. The navy has many ships it didn't have in 1941.

These are the most important reasons the President's economic advisers think all-out control of the nation's business is unnecessary. They proposed four moves that they think will take care of any current wild drive toward sky-

Interpreting the News —

Republicans Ask Ultimatum

By J. N. ROBERTS JR. AP Foreign Affairs Analyst

Some important Republicans are demanding an ultimatum to Russia about further aggression, direct or through its satellites.

Harold Stassen, Sen. Henry Lodge and Rep. Frederic Coe of New York all raised their voices on this theme Tuesday. Stassen was the most direct, calling for a congressional declaration that further Communist assault anywhere in the world would mean that "war will come to Moscow, to the Urals and to the Ukraine."

All of the statements are designed to convey the impression that the Democratic administration is confused and indefinite in its objectives. There is also an apparent belief that if we will just deliver a real ultimatum, Russia will immediately lie doggo.

Some Democratic leaders and a lot of just plain people have the same idea. Well, it looks as if American policy might get another test soon.

The Communists seem to be preparing another "Greece" for us in Indo-China. An attempt is being made to turn Ho Chi-Minh's Communist guerrilla forces into a real army, with training in Communist Chinese camps, and beyond a shadow of a doubt, with the aid of Chinese Communist volunteers.

It appears now that the "indirect" system used to attack Greece will be followed, rather than a direct invasion of Indo-China by Chinese Communists.

The United States already has taken cognizance of the situation and begun shipment of arms to the French and native puppet governments.

But will the United States throw troops into Indo-China as it has into Korea? Not now. And for a very good reason. We haven't got them.

It's going to be long enough — and no mere weeks, either — before we have enough troops to do the job already undertaken in Korea. That is partly the administration's fault, for not keeping our military strength up to our political commitments. But it is very largely the fault of the American people who condoned the "I wanna go home" demonstrations in the overseas forces after the last war, didn't care if demobilization was accomplished at 10 cents on the dollar so long as it was accomplished, and who later encouraged the saving of dollars at the expense of America's military position during an extremely

critical political period without realizing that strong diplomacy must have muscle behind it.

I have thought for a long time that the public showed signs of being way ahead of the administration — especially the department of defense — in the switch around, but of course that is pure speculation.

The point is, unless we want to go to war on the ground and at the time of the other fellows choosing, we are in no position to present any ultimatums now. The first thing is to put some bite behind our bark.

Atomic Bomb Proof Underground House Designed by Texan

HOUSTON, TEXAS (AP) — For only \$5,550 you can live like a mole in a cool, five-room house and be safe from atomic bombs.

L. R. Ashmore, a Houston contractor, announced he could start building his "house of tomorrow" in two weeks. He has applied for a patent and will confer with U.S. engineers.

Ashmore, 54, said the house will build in a subterranean five-room cottage, with bath. Its circular holes in the ground, 17 feet deep, would be connected by hallways.

Walls of Ashmore's atom house would curve upward into a ceiling more than eight feet high. An air shaft above each room and five feet across would extend upward six feet to the ground level and jut another two feet into a ventilating box.

Two other shafts would be located between the rooms, Ashmore said. One would house an elevator and ventilating fan, and the other a sump pit, equipped with an electric pump to divert waste into the city sewers.

Rubber tile would cover the atom house's floors. Alternate layers of asphalt, waterproofing and gunite would insulate the walls.

"Those underground houses are not just for atomic bomb safety," said Ashmore. "I believe lots of people will want to live underground, even in peace time. It's protection against heat, lightning, fire, windstorms and everything."

Ashmore said the house would require no upkeep and "will give you more space."

"You can use the top of your lot for gardening, or in case of business, for parking."

official daily BULLETIN

FRIDAY, AUGUST 18, 1950 VOL. XXVI, NO. 268

UNIVERSITY CALENDAR

UNIVERSITY CALENDAR items are scheduled in the President's office, Old Capitol

Wednesday, September 6

— Close of independent study unit.

Thursday, September 14

— Beginning orientation of new students.

For information regarding dates beyond this schedule, see reservations in the office of the President, Old Capitol.

GENERAL NOTICES

GENERAL NOTICES should be deposited with the city editor of The Daily Iowan in the newsroom in East Hall. Notices must be submitted by 2 p.m. the day preceding first publication; they will NOT be accepted by phone, and must be TYPED OR LEGIBLY WRITTEN and SIGNED by a responsible person.

MACBRIDE HALL and Serials-Reserve reading rooms will observe the following hours during the interim period, Thursday, Aug. 11, through Wednesday, Sept. 20: Monday through Friday, 9 a.m. to 4 p.m.; Saturday, 9 a.m. to 12 noon. The interim hours for a departmental library will be posted on the door of that unit.

OFF - CAMPUS HOUSING bureau needs private home listings for students requesting living quarters. Persons who have or will have rooms available for the fall semester are asked to call 8-0511, extension 2191. Rooms and apartments for married couples as well as rooms for single men and women are in demand.

It's Later Than You Think

AMA Committee Hits 'Abuses' Of Britain's Health Program

CHICAGO (UP) — A committee of the American Medical Association declared Thursday that the British national health service is full of "abuses" which will lead to "further limitations on freedom and further deterioration of the quality of medicine."

The AMA has been a bitter foe of the administration's proposed national health plan in this country.

A committee of five doctors sent to Great Britain by the AMA reported that despite the vast sums spent on the British medical program, it found "no present evidence that it was in any significant way improved, the health of the people or added to their happiness."

The committee listed some of the abuses it said were "evident everywhere." They included:

1. A waiting time of 18 months to two years for a child's tonsilectomy.
2. "Irreparable" damage to the teeth of hundreds of thousands of school children because of the transfer of dental surgeons into the health service.
3. A confusion of jurisdiction which may put a pregnant woman under three separate government agencies and her newborn child under a fourth.
4. Waiting lists of six months to two years in all general hospitals.
5. A tendency to "degrade" the general practitioner, or family doctor, to "the level of a clerk."

Freight Derailed Near Mankato, Minnesota

MANKATO, MINN. (UP) — A freight train of the Chicago, St. Paul, Minneapolis and Omaha railroad derailed just outside Mankato Thursday, but no one was hurt although four cars left the track.

Railroad officials investigated to learn the cause.

The train, No. 190 from Minneapolis to New Ulm, ripped up 300 to 400 feet of track and overturned cars carrying lumber, grain and coal. The grain car was ripped open by an empty oil tank car and rye was scattered along the right of way.

Charge Iowa Youth In Parole Violation

OSCEOLA (UP) — Clarke County Atty. F. R. Curry said Thursday he would charge Gerald Burns, 17-year-old minister's son, with parole violation.

Sheriff Norlan Miller left for Detroit, Mich., to return Burns here to face the charges after federal authorities agreed to turn the youth over to Clarke county officials. Burns waived extradition.

Burns, who tried to rob a bank at Murray, Iowa, last year, has been free on parole after pleading guilty to juvenile delinquency in connection with the attempted holdup.

He was arrested Monday in Detroit, driving a car stolen from Des Moines. Federal and Polk county authorities waived prosecution of Burns on car theft charges to permit the parole violation charge to be filed.

Curry said revocation of the parole would mean Burns could be committed to Eldora training school for boys until he is 21.

Senate Receives Compelling Measures To Anti-Red Bill

WASHINGTON (AP) — President Truman's anti-Communist bill was introduced in the senate Thursday and thereupon the judiciary committee whipped out a competing measure.

The committee's 9-3 vote sent to the senate floor a sweeping bill by Chairman Pat McCarran (D-Nev) which would require registration of Communists and Red-front organizations. This is the administration's main objection to the McCarran measure.

In many other respects the two proposals are similar in attempting to tighten internal security of the nation.

Previously the committee had approved a Republican-sponsored measure of Sens. Karl Mundt (SD) and Homer Ferguson (Mich) for Communist controls also containing the registration feature.

A showdown on the three measures may be near since the senate appears in a mood for passing strong legislation.

The administration bill, instead of Communist registration provisions, puts much emphasis on vigorous enforcement of existing laws and revision of some of them. It was introduced by nine senators.

VACATION IN SAN FRANCISCO

Mr. and Mrs. Truman Peek, 15 E. Harrison street, will leave today on a two-weeks vacation to San Francisco. Accompanying them will be Mr. and Mrs. John Peek and their son, Mike, of Cedar Rapids.

Summer Care Needed for Healthy Roses

To keep roses healthy during the hot, dry summer months, as much care must be given the bushes as in the spring. This care must include a regular program of watering, weeding, spraying and feeding to keep the plants in the best possible condition.

Regular watering is perhaps the most important phase of rose culture during these months. Water-

ing of the plants must be thorough. The soil should be completely soaked to a depth of at least ten inches without wetting the foliage.

The use of mulch can greatly simplify the endless job of weeding. Mulching, not only keeps the weeds down, but it keeps the soil in the rose bed damp and cool.

Where no mulch has been used, light cultivation of the surface soil will probably be necessary to remove weeds and prevent caking. Avoid deep cultivation which will damage small roots growing near the surface.

The application of plant food in August, worked into the soil around the plant, will bring excellent results.

Spraying or dusting to control fungus diseases and insects is another important summer chore. Here again, a regular program must be employed. Sprays or dusts should be applied at ten day intervals during the early morning or late afternoon.

During wet spells, the frequency should be increased as blackspot and mildew increase rapidly in these periods. Remember that the dust or spray must cover the underside of the leaves as well as the top to gain the maximum effect.

Summer chores in the rose garden are neither difficult nor time-consuming, but they require regular attention.

REMEMBER Special Edition 19th Aug.

The Biggest Daily Iowan Of The Year

Your Saturday copy of The Daily Iowan will be the annual gigantic August Special Edition. Six full sections, 48 pages of facts and figures, with over 100 pictures. All about the University, Iowa City, and the people you know. Reserve your copy now, and be sure to read all about - SUI sports outlook - Expansion and construction of SUI facilities - What the well dressed SUI students will be wearing - and many other interesting features.

Dodgers Dump Giants Twice, Take 2nd Place in NL Chase

NEW YORK (AP) — The Brooklyn Dodgers moved into second place in the National League race, sweeping both ends of a double-header from the New York Giants Thursday, 8-6 and 5-1.

A crowd of 47,148 watched Erv Palica cool off the Giants with four hits in the nightcap after homers by Gene Hermanski, Gil Hodges and Billy Cox had helped Don Newcombe struggle through to his 12th triumph.

Despite the homers, the Brooks needed a standout relief job by Preacher Roe to wrap up the first

HERMANSKI FURILLO

game. Trailing, 8-3, the Giants ganged up on Newcombe and Ralph Branca to smack three runs over the plate and load the bases with only one out. Roe then took over and got Don Mueller to rap into a double play.

The Brooks collected 12 hits off five Giant pitchers, with Hermanski's triple and homer accounting for three runs.

Carl Furillo was the Dodgers' big gun in the second game. The outfielder batted in three runs with his 14th home run, a single and long fly. An inside-the-park homer by Catcher Sam Calderone ruined Palica's bid for a shutout. Dave Koslo was the loser.

(1st game)
 Brooklyn 002 122 010-8 12 2
 New York 000 120 008-6 8 1
 Newcombe, Branca (8) Roe (6) and Campanella; Jones, Hartung (6) Kennedy (6) Spencer (7) Jansera (9) and Calderone. Winning pitcher, Newcombe (12-8). Losing pitcher, Jones (9-13). Home runs — Hermanski (15th), Hodges (19th), Cox (7th).
(2nd game)
 Brooklyn 101 091 101-5 7 6
 New York 000 010 000-1 4 2
 Palica (6-4) and Edwards; Koslo, Kramer (9) and Calderone. Losing pitcher, Koslo (11-11). Home runs — Furillo (14th), Reese (7th), Calderone.

Iowa City Midgets Win District Game

Iowa City's midget baseball team belted Barney's Paint of Cedar Rapids, 18-7, at the City high field Thursday night and advanced into tonight's semifinal round in the district tournament against Springfield.

In other first round games, the Cedar Rapids Eagles downed Swab Motors of Cedar Rapids in a run-scoring marathon which lasted more than three hours, 19-15. Blairstown beat Cadillac Motors of Cedar Rapids, 9-0, by forfeit.

Tonight's games:

Riley Battles Kirk In Women's Amateur

CHICAGO (AP) — Four girls who never before won the meet's title Thursday advanced to the semifinals of the 50th women's Western Amateur golf tourney after a storm-splattered quarter-final round.

Pitch-black skies opened up and deluged Exmoor Country club, but all of the soaked quarterfinalists kept right on playing.

The meet medalist, Polly Riley of Fort Worth, Tex., turned back Mrs. Lyle Bowman of Portland, Ore., 2 and 1, after spotting her west coast rival a two-hole lead on the third.

Peggy Kirk, 1949 runner-up, from Findlay, Ohio, gained the semi-final pairing against Miss Riley with a 4 and 3 verdict over Marjorie Lindsay, Decatur, Ill.

The lower bracket semifinalists are sensational Mae Murray, the Rutland, Vt., youngster making her Western debut, and Mrs. Maurice Glick of Baltimore, Md.

White, Dyer Stock Car Winners at All-Iowa Fair

CEDAR RAPIDS — Don White, Keokuk, and Ralph Dyer, Shreveport, La., were the winners in Thursday's 50-mile stock car races at the All-Iowa fair in Cedar Rapids.

White, winner of the 100-mile race July 4 in Des Moines, piloted his 1950 Mercury into the number one position early in the first race and easily maintained his lead throughout the rest of the 100-lap event.

Heafner's 65 Shatters Record in Eastern Golf

BALTIMORE (AP) — Clayton Heafner dissected the Mount Pleasant course for a record-breaking seven-under-par 65 to take the lead in Thursday's first 18 holes of the Eastern Open golf tourney.

The 36-year-old pro from Charlotte, N.C., went out in front of his five nearest competitors by four strokes in the 72-hole event.

Yanks Lose Ground As Nats Win, 2-1; Hank Bauer Injured

WASHINGTON (AP) — The New York Yankees suffered a double loss Thursday when the Washington Senators defeated them, 2-1.

In addition to losing ground in the American league pennant race, the world champions also lost the services of outfielder Hank Bauer for an undetermined period. However, he is expected to rejoin his mates today.

Bauer, the club's leading hitter, was hit in the back of the head by a thrown ball and removed to a hospital. Washington Catcher Al Evans attempted to pick the Yankee off third in the third inning but the throw struck Bauer near the left ear.

Bauer was carried off the field on a stretcher. A stitch was required to close a cut on his ear. X-rays showed no break but the player was ordered to remain under observation for 24 hours. He never lost consciousness.

Held hitless for six and one third innings by Allie Reynolds, the Senators came to life in the eighth, scoring both their runs to overcome a 1-0 Yankee advantage. At that, it took a two-out fumble by Phil Rizzuto of Pitcher Sid Hudson's grounder to open the gates.

Ed Yost followed with a single and both scored when Gil Coan slammed the first pitch down the right center alley for a triple.

(1st game)
 Washington 001 000 000-1 6 2
 New York 000 000 025-2 7 3
 Reynolds, Ostrowski (8) and Berra; Hudson (11-10) and Evans. Losing pitcher, Reynolds (10-11).

Tigers Bolster Lead, Whip White Sox, 8-3

DETROIT (AP) — The Detroit Tigers walked nine hits and nine walks into an 8 to 3 decision over the Chicago White Sox Thursday to bolster their American league lead.

Hal White scattered seven White Sox hits to even his season's record at 4-4 while Randy Gumpert was charged with his sixth loss.

The Tigers spread their scoring over four innings with George Kell and Aaron Robinson each contributing home run No. 8 to spark the attack.

Detroit surged into a 6-1 lead in the first three stanzas as they mauled Gumpert who went six innings. Lou Kretlow worked the last two innings for the losers, giving up five walks in that short time but escaping without a run being made against him.

(1st game)
 Detroit 102 020 008-8 9 2
 Gumpert, Kretlow (7) and Nickerson; White (4-4) and Robinson. Losing pitcher, Gumpert (5-6). Home runs — A. Robinson (10th), Kell (8th).

Wynn's Single Gives Tribe 5-4 Triumph

CLEVELAND (AP) — Early Wynn singled in the winning run in the 12th inning Thursday night as the Cleveland Indians beat the St. Louis Browns, 5-4.

The Browns had worked a triple play in the second inning, the second here within a week and the second in the 19-year history of Lakefront stadium.

Wynn, a pitcher, went in as a pinch hitter for Steve Gromek. He singled home Ray Boone, whose triple opened the third extra inning.

The triple play occurred with the bases loaded with Indians. Dale Mitchell hit to Third Baseman Owen Friend, who stepped on third to double Bob Kennedy and then threw to George Starnes at second to triple Ray Murray.

(1st game)
 St. Louis 100 021 000 000-4 9 1
 Cleveland 102 020 008-8 9 2
 Gumpert, Kretlow (7) and Nickerson; White (4-4) and Robinson. Losing pitcher, Gumpert (5-6). Home runs — A. Robinson (10th), Kell (8th).

Red Sox Take 5th In Row Over A's

BOSTON (AP) — Boston's fourth place Red Sox whipped off their fifth consecutive victory over the Philadelphia Athletics Thursday night, 10-6, before a ladies night crowd of 18,838.

Ellis Kinder, who staggered at the end, pitched the route for the Sox, gaining his 12th decision of the campaign. The loss was the 19th in a row suffered by the A's at Fenway park in the last two seasons.

Vern Stephens led a 14-hit attack against three Philadelphia pitchers with three safeties in four times at bat.

Stevie eluded his 27th homer in the sixth with one on.

Kinder allowed only one run until the eighth when Joe Tipton walloped his fourth homer of the season, scoring two teammates ahead of him.

(1st game)
 Philadelphia 000 100 002-6 12 3
 Boston 025 002 018-10 14 0
 Murray, Scheib (3), Shantz (7) and Tipton; Kinder and Batts. Losing pitcher, Stephens. Home runs — Stephens, Tipton. (12 innings)

Ryan's Clout Helps Reds Beat Cubs, 2-1

CHICAGO (AP) — Ken Raffensberger scattered six Chicago hits Thursday as the Cincinnati Reds defeated the Cubs, 2 to 1.

About all Raffensberger needed was a little help and he got that from Connie Ryan, a refugee from the Braves. Ryan walloped one of Bob Rush's pitches for a homer in the second inning, then drove in the Reds' other run with a single in the fourth. Raffle won his 12th victory of the season while Rush went down to his 15th defeat.

Raffensberger permitted just one Cub to get as far as second base. That was Rush, who doubled in the third inning and scored the only Cub run of the game. Raffle didn't walk a single batter.

(1st game)
 Cincinnati 010 000 000-2 7 3
 Chicago 001 000 000-1 6 0
 Raffensberger (12-13) and Pramesa, Howell (7); Rush (10-15) and Owen. Home run — Ryan (10th).

Brewer Favored in Juniors

AMES (AP) — Gay Brewer, slender sharpshooter from Lexington, Ky., jumped into the favorite's role in the National Junior golf tournament Thursday.

The 18-year-old Kentuckian swept into the quarterfinals with a 2 and 1 victory over Tommy Morrow of Shreveport, La.

The triumph climaxed a busy day for Gay in the tournament sponsored by the U.S. Junior Chamber of Commerce. He was up early to finish a second round match delayed by darkness Wednesday night. It took him two holes to close out Bill Burke, Hartford, Conn., 4 and 3.

Brewer, winner of the USGA's junior championship in 1949, went right to work in the third round against Tom Keyton, Independence, Mo. He made it a short job by a 6 and 5 score. Then came the afternoon triumph over Morrow.

Also entering the quarterfinals were Denny Bolster, Silver Spring, Md.; Roger Dunn, Los Angeles; Clayton Westrum, Albert Lea, Minn.; Phil Wiechman, Chapmansville, W. Va.; Eddie Merrins, Meridian, Miss.; Doug Koepeke, Madison, Wis., and Jim Grady, Cincinnati, Ohio.

Bolster's 5 and 4 afternoon victory came against Don Dosen of Minneapolis, 3 and 2 winner over Billy Sparks of Atlanta, Ga., tournament medalist, in the third round.

Dunn ripped through Bob Richards, Lawrence, Kan., 7 and 6 and Westrum piled up a 5 and 4 decision over Dirk Prather, Phoenix, Arizona.

'Why Did They Take My Mommy Away?'

FIGHTING IN LOS ANGELES FOR CUSTODY of her child was Mrs. Jean H. Browning, 38, who struggled with deputy sheriffs while being taken to jail on a charge of resisting arrest and assault. The incident grew out of efforts of the child's father, Frank M. Browning, a New York engineer, to obtain custody of Jean, (pictured at

right), through a final divorce decree and a New Jersey custody order. A hearing begun Wednesday was continued until today. In the picture at the right, Jean sobbed to two nurses: "Why did they take my mommy away?"

Mexicans Raid Station Airing Coded Messages

CHIHUAHUA CITY, MEXICO (UP) — Mexican inspectors raided a hidden radio station here Thursday and arrested a Spanish refugee they said had been transmitting unauthorized coded messages to Europe.

The raiding party was led by Jesus Galindo, chief of inspectors for the communications ministry. It arrested Enrique Cortes, estimated to be in his 40's, and confiscated the modern U.S. - made equipment he used for his transmissions.

Galindo said Ricart Cortes both transmitted and received messages from the Republic of Andorra in Europe. He said the reception of the messages was checked for "some time" and that there was "no doubt" on where they came from.

Equipment "Magnificent" Ricart Cortes, who entered Mexico "sometime after the end of the Spanish civil war," is the owner of a mattress factory in this city, about 200 miles south of the U.S. border at El Paso, Tex.

Ministry officials said his equipment was "magnificent." They said Ricart Cortes had applied for a license as an amateur operator from the communications ministry but was refused. Before coming to Chihuahua, he worked in Mexico City as the telegraph editor of a daily newspaper.

Galindo said Ricart Cortes had been operating from midnight to 5 a.m. (Iowa time) for the past month. He transmitted and received in both English and French. The station transmitted on a frequency of 13,999 kilocycles, Galindo said.

Several code books were found by the raiding party. They were turned over to the communications ministry for decoding. The raiding party acted on tips from U.S. military intelligence officers, Galindo said. Unauthorized signals from northern Mexico had been observed "for some time," he said.

"We must at once state publicly," the Anglican bishops said, "that the Church of England does not and cannot hold this doctrine to be a necessary part of the Catholic faith, belief in which may be required of members of the church."

Truman Asks Cut In Highway Bill WASHINGTON (AP) — President Truman opened his drive for cuts in non-defense spending Thursday by asking the senate public works committee to trim \$120-million from a pending highway construction bill.

In a letter to Committee Chairman Dennis Chavez (D-NM), he urgently requested that federal aid to state road-building programs this year be held down to the \$500-million he recommended in his budget message last January.

The house has passed a bill authorizing \$570-million for the program, and Chavez' committee recently boosted this another \$50-million, making a total of \$620-million. The senate may act on the measure next Tuesday.

Two-Year-Old Dies HARLAN (AP) — Funeral services will be held here this morning for two-year-old Bruce Klein, of Kirkman, who died in a Council Bluffs hospital late Wednesday following an unsuccessful attempt to remove two small black beans from his bronchial tubes. The beans had lodged on each side of his windpipe.

Iowa Casualties WASHINGTON (AP) — The defense department announced Thursday that Pfc. John E. Beggs of Sioux City was killed in action in Korea, and that Pvt. Edwin Doll of Omaha was wounded.

Beggs was the son of Mrs. Vivian F. Karr of 1301 Morningside avenue, Sioux City, and Doll is a son of Elmer E. Doll, 4116 North 60th street, Omaha.

Listed as missing in action is Pvt. George Johnson, Eddyville, Iowa, son of Fred Johnston, of Eddyville.

Texas Town Plagued by Discoloring Fumes BAYTOWN, TEXAS (AP) — Puzzled and slightly angry residents turned to chemists Thursday night in an attempt to halt a mysterious chemical invasion of their town which has left scores of white homes covered with big yellowish-gray patches.

They fear the whole town may be attacked by the persistent chemical fumes unless the source of the invasion is found and choked off.

Fire Chief A.M. Lintelman said that approximately 100 homes, mostly in a two-square mile area of West Baytown, have been attacked by the discoloring fumes. A few homes southeast of the city also have been damaged.

So far the attack has caused no damage from a health standpoint, city authorities said. No particular odor has been detected.

Room and Board By GRNE ASERN I DON'T MIND BUNK BEDS, RODNEY, BUT THERE AREN'T ANY SHEETS OR BLANKETS AND THOSE MATTRESSES ARE HARDLY MORE THAN PADS. IN MY CASE THEY'D OFFER NO MORE COMFORT THAN LYING ON A WAFFLE IRON!

WE'LL DRIVE INTO A TOWN NEAR HERE AND BUY SOME CHEAP BED CLOTHES! THE JUDGE MUST GROAN THE SCALES AT 200, SO I'LL ASK HIM TO USE THE LOWER BUNK!

JUST A BARE SHACK! "Earned his own living since he was seven, eh? What was he before that? A hobo?"

Mystery Attack Puzzles Chippewa Falls Police

CHIPPewa FALLS, WIS. (AP) — Chippewa Falls police have another mystery attack on their hands today.

Roland Nyhus, 31, walked into headquarters Thursday afternoon with a story of being forced to drive "a stranger" to La Crosse, an auto wreck and two days of wandering.

Nyhus is in a hospital here with chest and face injuries and a possible brain concussion.

Reconstructed Story Police reconstructed the story, told haltingly, and are looking for Nyhus' car and the mysterious "stranger."

Nyhus told them he stepped into his car Tuesday afternoon and a man followed him. "I want to get out of the state," he said and ordered Nyhus to drive out of town. Once clear of the city, Nyhus said, he pulled a gun.

Nyhus said near La Crosse the

Polish Officials Ask Two-Car Collision Here Results in \$175 Damage

WASHINGTON (AP) — Three high-ranking officials of the Polish embassy have split with the Warsaw Communist-controlled government and appealed for sanctuary in the United States, the state department announced Thursday.

A spokesman indicated the appeals will be granted following the usual security investigations. The three officials, who resigned when they were ordered to new posts in Poland or eastern Germany, were Minister Junusz Zolowski, embassy counselor, Stefan Rogozinski, and Wladyslaw Nizinski, embassy second secretary.

Their decisions to seek asylum riddled the diplomatic top command of the Polish embassy. Of the five top officials assigned to the embassy, only Ambassador Josef Winiewicz and a commercial counselor named Zygmunt Litynski remain.

32 Fieldworkers Serve Red Cross in Korea The American Red Cross has 32 field workers now in Korea, the local office reported Thursday.

Besides assisting U.S. servicemen, the Red Cross is serving nine other countries of the United Nations who are fighting in Korea. The Red Cross recently requested \$90,000 worth of supplies for use in Korea.

Wounded Marine, Reinforcements, Gunfire On Korean Front

A U.S. CHAPLAIN KNEELS IN PRAYER beside a seriously wounded marine on the Korean front. Marines withdrew from the Chinju sector five days ago to bolster U.S. troops farther north.

REINFORCEMENTS FOR DEFENDERS in action in Korea stand on the dock at an undisclosed port after disembarking from transport. Pusan is now one of the few Korean ports open to U.S. use.

LITTERED GROUND SPELLS TROUBLE FOR THE ENEMY as this field artillery unit pours explosives at North Korean lines. This defense department photo shows activity in the central area of the Korean front.

Hospital — Then and Now

SUI's State Fair Exhibit to Feature Model Operating Rooms: 1900 and 1950

Reproductions of an operating room from a hospital of the year 1900 and one from a modern hospital will be the central feature of SUI's exhibit at the Iowa State fair in Des Moines Aug. 25 through Sept. 1.

The 1900 operating room will include an old operating table, a gas instrument sterilizer, chloroform mask, ether cone and old surgical instruments.

Campus Murals

It will contrast sharply with the 1950-style room, which is to feature the latest types of surgical equipment.

This contrast is in line with the theme of SUI's exhibit; fifty years of progress in higher education.

Also at the exhibit will be two large murals in color, showing the SUI campus of 1900 and 1950.

Publications on Display

Three illuminated display boxes with enlarged color photographs will illustrate the functions of a modern university. SUI publications will also be displayed.

Iowa Citizen Cruises With Naval ROTC

Chauncey E. Schmidt, son of Mr. and Mrs. Walter F. Schmidt, 6 Woolf avenue court, is one of about 1,400 midshipmen and naval ROTC students participating in the second phase of the 1950 midshipmen cruise aboard units of the Atlantic fleet.

Schmidt is stationed at the U.S. naval academy, Annapolis, Md. The group is embarked on a nine-ship task force, headed by the battleship USS Missouri. During the cruise, the future naval officers are to participate in all routine and emergency operations and drills as members of the ships' crews.

Tactical maneuvers, gunnery, anti-submarine warfare, air defense and a refueling at sea are included on the agenda for the trainees.

Meetings Set for Rural Teachers

Two pre-school-opening meetings for Johnson county rural school teachers will be held Aug. 25 and Sept. 1 in the courtroom at the Johnson county courthouse, Supt. Frank J. Snider said Thursday.

Work for the year will be discussed at the meetings and supplies will be issued to teachers. About half the rural schools will open Aug. 28, and the others will open Sept. 4 and 5.

A countywide two-day workshop will be held at the Coralville school Sept. 7 and 8.

A three-county teaching institute will be held at the Iowa City high school Sept. 25. Teachers from Linn, Cedar and Johnson county will attend the meeting.

Effects of Radiation

Effects of radiation and blast accompanying atom bomb explosions will be discussed Friday at the regular meeting of the Masonic service club, at the Masonic temple.

Prof. Carl Menzer, SUI department of electrical engineering, and director of radio station WSUI, will speak to the group on that subject.

New Type Rockets Developed Quickly When Need Arose

TOKYO (AP) — Fifth airforce fighter planes began using a new 6.5-inch aerial rocket against North Korean tanks only four weeks after Airforce Chief of Staff Gen. Hoyt S. Vandenberg learned the need for such a weapon, it was announced Thursday.

Gen. Douglas MacArthur's headquarters said the powerful new type aerial rocket is being used with "devastating results" against the Korean Russian-built tanks from which bazooka charges and old-model aerial rockets bounced harmlessly.

Although many of the details surrounding the new weapon remain a secret, it can be said that it is a larger adaptation of the old 5-inch rocket. The new 6.5-inch rocket warhead is larger than the previous one, but is propelled by the same rocket charge and packs a much greater wallop.

Rapid development of the new type rocket — probably a record for a weapon's inception and its use in battle — stemmed from Vandenberg's last visit to the Far East airforce some six weeks ago when he learned the rockets in use were not stopping the big Red tanks.

BICYCLE STOLEN

Don Irwin, 529 Brown street, has reported to police the theft of a bicycle. He said the maroon, black and white bike was stolen near the Capitol theater.

Irate Georgian Beats Communist Chairman

CARROLLTON, GA., (UP) — Homer B. Chase, chairman of the Communist party in Georgia, was severely beaten here Thursday by three men, while others stood by shouting "tar and feather him" and "let's string him up."

Chase had been on the black list in these parts since leaflets signed by the Communist party were distributed condemning a recent murder conviction of a Negro.

He and several other Georgia Communists were charged with contempt of court and Chase served a 20-day sentence before getting out on an appeal bond.

Chase showed up in town Thursday afternoon. A witness to the altercation said Chase stepped from his car and called out, "You — — —" to a man in the downtown area.

The man pursued Chase to his car, caught him before he could get away, and started beating him about the face. He was joined by two others and between the three they beat Chase's face bloody and bruised.

None of the men was identified. The fight attracted a large crowd which cheered Chase's opponents with such remarks as "tar and feather him" and "let's string him up."

But the fight was purely localized. After Chase was given what one witness described as a "thorough working over," he was released and drove away.

French Robbery Nets \$47,000 Jewels

NICE, FRANCE (AP) — Police disclosed another French Riviera jewel robbery Thursday, only a few hours after they questioned Fashion Designer Elsa Schiaparelli regarding possession of gems alleged to have been taken from her in a previous theft.

Police said \$47,000 worth of jewels were stolen from a villa near Cannes in the third large-scale theft in two weeks along the swank Riviera coast. Reports that a handsome man — a "rafles" type — may have been responsible for all three crimes stunned the international set in this world-famous playground.

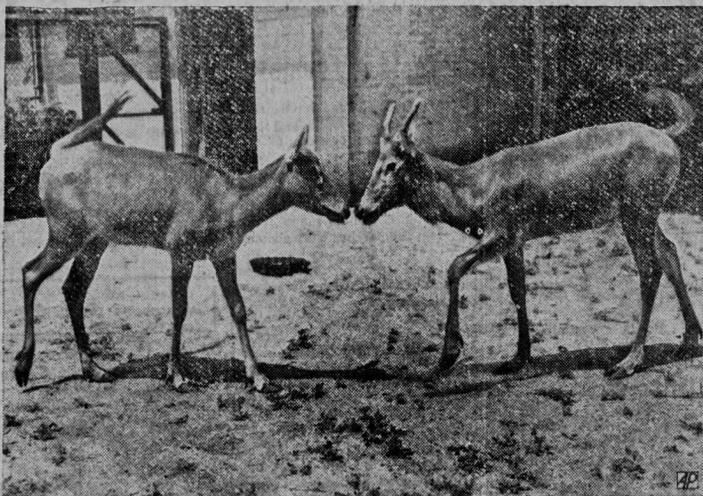

The latest jewels taken belonged to Mme. Jeanne D'Arraujo, prominent Cannes and Paris socialite. She was not at her villa when the theft occurred.

Mme. Schiaparelli was at the villa La Roc of American Socialite Norman Winston, after police halted her Wednesday at the Nice airport as she was leaving for Tunis. They questioned her more than three hours about three hours about three pieces of jewelry on her person, which she had reported missing earlier in an \$85,000 gem robbery at the Winston villa.

Marriage Licenses

Five marriage licenses were issued Thursday in Johnson county clerk's office to William F. Cox and Jane C. Darling, both of Iowa City; Nyle W. Jones Jr. and Gretchen E. Yetter, both of Iowa City; Robert A. Kennedy, Eldora, and Leona Holdgrafer, Williams; William J. Hoene, Duluth, Minn., and Rose Mary Harmer, Iowa City, and Rex M. Mathis, Des Moines, and Nancy Preston, Palos Heights, Ill.

Rare Deer Given to Zoo

RECENT ADDITIONS to the new Brookfield zoo in Chicago are these rare Father David deer, a gift of the Duke of Bedford. They have horns of deer, feet of cattle, camel-like necks and mule tails.

Doctors Report New Drug Effective Against Pneumonias

Results indicate that terramycin, a newer antibiotic drug derived from a mold, is remarkably effective against both pneumococci and virus pneumonia, a group of New York doctors reported in the current Journal of the American Medical Association.

Terramycin proved to be valuable in treating 18 patients with pneumonia due to pneumococcus microbes and seven patients with virus pneumonia, the doctors reported.

Columbia University

The report was by Drs. George W. Melcher Jr., Count B. Gibson Jr., Harry M. Rose and Yale Kneeland Jr., of the Columbia university college of physicians and surgeons, and Presbyterian hospital.

The drug was administered by mouth in the form of tablets or capsules.

Side Effects

Vomiting and nausea occurred in some patients as side effects of terramycin, but these symptoms seemed less severe than similar reactions observed in patients following administration of aureomycin, the doctors reported.

France Makes Proposal: Western World Treasury

PARIS (AP) — France formally proposed Thursday night that the western world create an "Atlantic treasury" to foot the bills for arming against any Russian aggression.

The proposal was made in a memorandum handed to U.S. Ambassador David K. Bruce. The note also is to go before deputies of the Atlantic pact nations, meeting in London next week.

It was learned on high authority, that the French suggested the 12-nation Atlantic pact community set up central boards to handle financial, political and military matters on a closely-gauged cooperative basis.

Egypt's Farouk Arrives at Resort

DEAUVILLE, FRANCE (AP) — Egypt's King Farouk arrived in this fashionable resort Thursday night for a 10-day visit after a trip from Marseille.

Two bodyguards shoved their way through the crowd to make a path for the husky monarch. A dozen photographers took pictures of his arrival at the Hotel du Golf where the monarch had reserved a suite of 25 rooms.

Farouk's journey through France coincided with information that Narriman Sadek, often reported as tentative choice for queen, had left her hotel at St. Moritz, Switzerland.

Dauville was buzzing with rumors that Miss Sadek was coming here to join Farouk, but there was no confirmation.

Living on the same floor of the Hotel de Golf, but in the opposite wing, are the Aga Khan and his Begum, who are getting along with five rooms. Close by, Prince Sadrudin, the Aga Khan's second son, has a room.

Prince Aly Khan and his wife movie star Rita Hayworth, are living in town at the same villa where they stayed last year.
