Iowa City, Iowa, Tuesday, September 12, 1950 - Vol. 84, No. 288

Weather

Partly cloudy today with light rain. Today's high 70. Low 58. Monday's high 74, low 56.

Reds Mass Troops for Assault Despite Heavy Air Attack

UN Planes Hit Enemy In 670 Sorties

TOKYO (TUESDAY) (AP) - Intense artillery and aerial poundings kept reinforced Korean Reds pinned down today in positions north of Taegu.

THE MAP LOCATES A VITAL TAEGU sector where a fresh North Korean attack has been expected to follow the artillery duel that has raged north of Taegu.

Acheson 'Confident' Big Three Meeting Will Promote Peace

NEW YORK (AP) - Secretary of State Dean Acheson arrived here Monday "confident" that the forthcoming meeting of the big three western foreign ministers will contribute to world peace.

Acheson, arriving at LaGuardia airfield, handed reporters a written statement which he said would make "several concrete proposals for discussion by the other ministers which I believe will advance the cause to which the North Atlantic treaty organization is dedicated."

The conference between Acheson, British Foreign Minister Ernest Bevin and French Foreign Minister Robert Schuman begins at the Waldorf Astoria hotel today.

The big three meetings will relate only to European problems, Acheson's statement indicated. His statement did not reveal the exact nature of his "concrete proposals" which he said he would make with President Truman's approval.

The two main topics of the discussions were expected to be the forging of new western European defense lines against Communist aggression and closer coordination of far eastern policies.

Schuman Speaks ...

NEW YORK (AP) - Robert Schuman, French foreign minister, Monday called President Truman's proposal to send more American troops to Europe an important contribution to the common defense of that continent.

Schuman and other top diplomats arriving for conferences of the foreign ministers of France, United States and Britain this week showed evident pleasure at the President's decision.

33 Die in Troop Train Wreck; 61 National Guardsmen Hurt

THIS WAS THE VIEW FROM THE AIR after a troop train was rammed at Coshocton, Ohio, Monday. Blanket-covered bodies dotted the scene of the wreck in which 33 Pennsylvania national guardsmen were killed and 61 others injured.

Two Trains Crash in Fog Early Monday

BULLETIN - Three more bodies were found under an overturned diesel locomotive Monday night, raising still higher the death toll in the collision of a passenger train and troop train.

COSHOCTON, OHIO (AP) - Thirty-two persons, most of them soldiers, were killed early Monday when the Pennsylvania railroad's "Spirit of St. Louis" rammied the rear of a stalled troop train.

Sixty-one soldiers, members of the Pennsylvania national guard were injured, 20 of them critically. The accident occurred in a fog, five minutes after their train stopped because of a broken air hose.

At least 27 of the dead were guardsmen on their way to Camp Atterbury, Ind., to enter the army. Hours later rescue workers with acetylene torches still were combing the wreckage for additional victims.

"We saw the Spirit of St. Louis about a mile away," related Lt. Col. Frank Townsend, Dallas, Pa., commander of the troop train. "We thought it would surely see the flames and lantern and stop."

"Although it did not, we shouted and waved our arms until we could see there was going to be a crash."

Most of the soldiers were sleeping; a few had been awakened for breakfast. The huge diesel, pulling 17 cars, knocked the rear coach into the air, smashed the second car aside and ploughed into the third.

"It was so dark and foggy that all we could hear was the screams of the men," said J.A. Brangman, Columbus, Ohio, brakeman of the Spirit. "It was chaos everywhere, punctured with screaming, yelling and cursing of men."

The troop train had stopped automatically when an air hose broke. It had made an earlier stop because of a broken coupling. "The two rear coaches were smashed like tin cans," Sgt. Joseph Warhola, Simpson, Pa., said.

Meanwhile, three investigations got underway; by the railroad, interstate commerce commission and government authorities. The railroads, unable to report now on the cause of the accident, did say the scene area "is equipped with the most modern signaling and protective devices."

FORT DODGE WORKERS QUIT

FORT DODGE (AP) - Six maintenance workers at the city sewage plant quit Monday after the city council rejected their request for an immediate pay increase.

City Waits, Wonders, Prays

WILKES-BARRE, PA. (AP) - A wartime tragedy - without a shot fired - sobered this Eastern Pennsylvania anthracite city Monday.

A week of mourning was proclaimed officially by Major Luther W. Kniffen. Everywhere the people had only one topic of conversation, the Ohio train wreck where nearly 100 men from this area were killed or injured.

The citizens, soldiers of the 28th division, Pennsylvania national guard, were on active duty in the Korean emergency.

First word of the tragic wreck came Monday as the city and surrounding communities, many of them coal mining centers, started another business day. Almost instantly radio and newspaper telephones were flooded with calls from anxious relatives.

For long hours there was no information for the callers. The army delayed any public announcement until next of kin of the victims were notified.

People who talked by phone with their guardsmen in Ohio said they were told the boys were standing in long lines waiting to get calls through over the few circuits available.

Here the people could only wait, and pray. Vigil lights burned silently before church altars. Kneeling women fingered rosary beads in whispered prayer.

Iowa City Bus Fares to Rise

The five-cent bus ride in Iowa City is scheduled to be a thing of the past soon.

J. E. Negus, manager of the Iowa City Coach company, said Monday that in the near future bus fares will be increased from five to ten cents cash or four tokens for 25 cents.

He said the increase was necessary because the number of daily passengers had gone down, and overall expenses had gone up. Iowa City has been one of the few cities of its size in the state where bus fares have remained at the pre-World War II price.

Miss America - A Queen and Her Court

MISS AMERICA OF 1951, YOLANDE BETBEZE (center) of Mobile, Ala., sat on a diving board with four of the beauty pageant's runners-up Sunday. She won the coveted title in the contest finals at Atlantic City Saturday night.

Dependents' Checks Roll in December

WASHINGTON (AP) - The armed services disclosed Monday that first checks for direct family dependency payments under the new servicemen's allowance law will be in the mail early in December.

The new law, signed by President Truman last Monday, provide for government allowances of \$45 to \$85 a month to dependents of enlisted personnel.

To become eligible for dependency allowances, servicemen are required first to allot a portion of their own pay - \$40 to \$80 a month according to pay grades. The government share is in addition to regular pay.

The new allowances law is retroactive to Aug. 1. To meet retroactive allowances for August, September, and October, the air force and army will make cash payments direct to servicemen probably at the time they draw their regular pay in September and October.

The navy expects to perfect a plan to handle its allowance payments for the August - October period within a day or two.

House Delays Bill For Raising Taxes

WASHINGTON (AP) - House backers of an immediate excess profits tax forced a delay Monday in final action on the \$4.5-billion tax-boosting bill.

But Speaker Sam Rayburn (D-Texas) told them they were only wasting time and holding up funds that "the government needs desperately." Rayburn said from the floor that senate and house rules won't permit the addition of an excess profits tax to the present bill.

The tax bill delay came when Rep. Stephen Young (D-Ohio) objected to a motion sending the measure to conference for ironing out differences between house and senate versions.

This motion - made by Chairman Robert Doughton (D-N.C.) of the ways and means committee - needed unanimous consent for immediate adoption, so that Young's objection was enough to block it.

Army Accuses Major Of Misplacing \$250,000

WASHINGTON (AP) - The army disclosed Monday it is looking for Maj. Harold D. Banning, Houston, Texas, recently returned from Germany, in connection with alleged "misapplication" of more than \$250,000.

Police and federal officials were asked to help track down the 39-year-old officer, who returned to this country Aug. 25 for 60 days leave.

Security Council Refuses To Invite Chinese Reds

LAKE SUCCESS (UP) - The Chinese Communists failed by a single vote Monday night to win an invitation to the United Nations security council on its charges of American air attacks on Manchuria.

Six nations - one short of the needed majority - voted for the Russian motion to invite Peiping envoys to join the debate. The United States, Nationalist China and Cuba voted against the motion while Egypt and Ecuador abstained. Seven votes were required for positive action by the council.

It was the closest the Chinese Communists have ever come to sitting at the council table - even for a limited purpose.

But the United States won its campaign to keep them out, charging that the Mao Tse-tung regime was more interested in making propaganda here than in seeing that victims of the alleged attacks were compensated.

The best support the Chinese Communists ever had received before was five votes - from the five council members that have recognized their regime. They are Russia, Yugoslavia, India, Norway and Britain.

Monday France joined them, though making clear that its stand did not mean it would vote for them. It merely meant, French Delegate Jean Chauvel said, that France believed the Peiping regime should get a hearing on the U.S. proposal to send an investigating commission to their territory to get the facts on the incident.

The other key vote in the council was Egypt's, for its was Egypt that provided the seventh vote last week in giving priority to debate on whether to invite Peiping envoys.

Urban Appointed Daily Iowan Managing Editor

The appointment of Glenn C. Urban, A4, Larrabee, as managing editor of The Daily Iowan was approved Monday by Publisher Fred M. Pownall.

Urban served as assistant city editor during the summer session, and was police reporter during the spring semester.

Professor's Daughter Among Polio Patients

Lorraine Nybakken, 15, daughter of SUI Prof. Oscar E. Nybakken and wife, was among the 16 polio stricken patients admitted to University hospitals during the weekend.

Three other Iowa Citizens also were admitted: Loretta Teresa Donahue, 30; Sedra Ann Altmaier, 7, daughter of Sedrick Altmaier, and Reginald Eckhoff, 21.

Lorraine Nybakken's younger sister, Ruth, 11, was also in the hospital with polio. She entered the hospital Sept. 5, and was reported Monday to be in "good" condition.

The death of Nancy Kadera, the transfer of seven cases from active to inactive brought the total number of active cases in the hospital Monday to 44.

No patients were discharged during the weekend.

War at a Glance

Korean front - Thunderous artillery duel between United Nations and Communists continues second straight day north of Taegu.

Allied planes strafe, rocket and bomb Red concentrations ringing Taegu. Allied forces take firm control of flank positions in north-east.

Lake Success - United States accuses Russia of inspiring Communist China's charges of American aggression in Manchuria and Formosa.

Washington - Senate and house foreign relations committee members issue joint statement expressing hope for practical responses from free world to the Soviet challenge.

Services Planned for Girl, 5, Polio Victim

Private funeral services will be held today for Nancy Jane Kadera, 5, oldest daughter of Mr. and Mrs. Charles Kadera of near West Branch, who died in University hospitals Sunday of bilateral polio.

She was the 11th polio patient to die in the hospital during the present polio year.

Famous Soldier, Leader for Four Months -

South Africa's Jan Christian Smuts Dies at 80

JOHANNESBURG, SOUTH AFRICA (AP) - Jan Christian Smuts, a statesman of world stature and the Union of South Africa's most famous soldier, died Monday night at the age of 80.

The bearded field marshal who twice was prime minister of South Africa and a British empire leader in two world wars, had been ill since May 28, four days after nationwide celebrations of his 80th birthday.

A back ailment first put him to bed, and he later developed pneumonia. He was barely recovered from the attack when he was stricken by influenza. His doctors said a few days ago he was showing the effects of heart strain and post-influenza depression.

He finally gave up his leadership of the United party less than three months ago after a lifetime of arduous political, military, scientific and literary activity.

In his career he had authored the concept of the British Commonwealth of Nations and the preamble to the United Nations charter, and shared in launching the old League of Nations.

A guerrilla leader of Boer rebels in the South African war with the British in 1899-1902, Smuts became a lieutenant general in the British army in the field World War and led British and South African forces in the successful campaign against the Kaiser's forces in East Africa.

In the second World War, he again led his country to the side of the Allies. He became a field marshal in the British army in 1941.

In 1948, he lost in a general election to the Nationalists of Daniel F. Malan and resigned as prime minister. His last political defeat was Aug. 30 when the Nationalists won all six seats at stake in the South African parliament and 16 out of 18 local representative seats in the territory of Southwest Africa. It was the first election for representatives of the Union parliament in which Southwest Africa had participated. The territory previously had been administered as a mandate from the League of Nations.

General Grahl Leaves Iowa Post, Goes to Active Duty

DES MOINES (AP) - Brig. Gen. Charles H. Grahl announced Monday that he has asked a leave of absence as Iowa's adjutant general, and several hours later his assistant, Col. Fred A. Tandy, was recommended for appointment as Grahl's successor.

Gen. Grahl said he had applied for active duty in the armed forces, has been accepted and expects shortly to be transferred to national selective service headquarters in Washington. He has been on part-time duty as director of the Iowa selective service system.

Gov. William S. Beardsley indicated he will approve Gen. Grahl's request for a leave as adjutant general. The advisory board of the Iowa national guard met immediately and considered 57 senior and ranking officers for the adjutant appointment.

The five-man board reported to the governor late Monday its unanimous recommendation that Col. Tandy be given the appointment. The colonel has been assistant adjutant general for about two years.

Grahl this month is completing 29 years with the Iowa national guard. He has been adjutant general since January, 1932, and was assistant adjutant general from 1927 to 1932. He served as director of Iowa selective service from December, 1940, to July, 1947, and recently resumed the position.

Iowa Union Opens Doors Wednesday

The Iowa Union is scheduled to open all its facilities to students and the public at 6:30 a.m. Wednesday.

Prof. Earl E. Harper, Union director, announced Monday the Union will open daily at that time and remain open until 10:30 p.m.

He said the cafeteria will be open daily from 11:30 a.m. to 1 p.m. and from 5 p.m. to 7 p.m. The grill, he added, will be open from 6:30 a.m. to 7 p.m.

Liechty Chosen to Head City Quarterback Club

E. J. Liechty, local professional man, Monday was elected president of the Iowa City Quarterback club at the organization's opening fall meeting.

SUI Head Coach Leonard Rafensperger spoke at the meeting and told members of the club about the progress his football team has made in fall practice.

(See page 4 for a story by The Daily Iowan's sports editor on the Hawkeye practice sessions this fall.)

School Days Return for Iowa City Children

YES, IT'S THAT TIME OF THE YEAR again and some boys feel that the summer was entirely too short. Harley Rogers, 14, 524 N. Lucas (left) and David Machovec, 13, 812 E. Fairchild (right) became a bit remorseful when they sighted a sign on a Horace Mann school bulletin board. The sign said, "Come, put on your thinking caps, children. And tie them under your chin; And blow the dust from your spelling books. It's time for school to begin!"

HOW MANY SAW A CIRCUS THIS SUMMER, asked Miss Lucille Dahlgren, first grade teacher at Horace Mann school, and seven raised their hands. Miss Dahlgren said she has 30 children in her class this year. They spent their first day at school getting acquainted, telling about their vacations and singing. Many of the students in the picture couldn't decide whether to devote their attention to the teacher or the photographer.

Record Number Returns to Local Schools

A record 2,344 boys and girls swarmed back to Iowa City's public schools Monday. Tentative figures released Monday by Iver A. Opstad, superintendent of schools, revealed that the enrollment in the eight public schools is about two and one-half percent over last year's 2,288 record. Enrollments by schools are: City high, 667; Junior high, 314; Longfellow, 564; Horace Mann, 351; Henry Sabin, 165; Lincoln, 101; Roosevelt, 124, and Kirkwood, 58. The two Catholic schools in Iowa City, St. Mary's and St. Patrick's, opened one week ago also with record enrollments. The schools registered a total of 643 students. University high and elementary school students are still on vacation but will report back to their classrooms Sept. 18. University high expects 235 boys and girls and University elementary 210. Registration for University high school students will be Wednesday, Thursday and Friday from 9 a.m. to 12 and from 1 to 4 p.m., school officials said Monday. Grades 7 and 8 will register Wednesday, grades 9 and 10 Thursday and grades 11 and 12 Friday. Both old and new students will register at those times in the University high school building.

Doris Marilyn Hall Weds James Erfurdt In Methodist Church

A former SUI student, Doris Marilyn Hall, daughter of Mr. and Mrs. G. R. Hall, 804 Hudson avenue, and James Harrison Erfurdt were married Sunday at 2:00 p.m. in the First Methodist church. The bridegroom is the son of Mr. H. J. Erfurdt, Denver, Colo. Dr. L. L. Dunnington officiated at the double ring ceremony. The bride's sister, Janet Hall, served as maid of honor. Best man was Douglas Michel, Denver, Colo. Ushers were Gordon Phifer and Oscar Moss, both of Denver. Following the ceremony, a reception was held at the Hall home. The couple then left on a wedding trip to Colorado. The bride is a graduate of Iowa City High school and attended SUI for two years. The bridegroom has attended the University of Denver. The couple plans to live in Denver, where they will both attend the University of Denver.

Field Day Planned By Walton Group

EMMETSBURG (AP) — The Palo Alto Izaak Walton league has completed plans for its annual field day to be held Sunday on a 70-acre tract bordering the east shore of Five Island lake. Among events of the day will be retriever trials on both land and water, greyhound races, an all-breed bench show, a pistol shooting contest, a casting tournament, and a trapshoot. The Iowa conservation commission's traveling exhibit of live birds and animals also will be present.

PTA GROUP
The Horace Mann PTA executive council will hold its first meeting of the year at 3 p.m. today in the school kitchen.

City Council Votes To Lease Area for Off-Street Parking

The Iowa City council Monday night officially approved the leasing of a half-block on Gilbert and Washington streets for use as an off-street parking lot. The property, owned by Dorothy Musser, will be leased for \$300 a month for five years. Should the city decide to buy the land, the \$66,000 price would carry the agreement that a new city hall would be built on the site in the future. The area will provide parking space for about 190 cars. At the council meeting, no public objections were raised to the leasing of the lot. In other action, the council awarded contracts to the William Horrabin company for the following street work:

- (1) A \$20,342 contract for the widening of Linn street from Iowa avenue south to Burlington street and Washington street from Linn street east to Van Buren street.
- (2) A \$4,400 contract for the removing of center islands on Capitol street from Prentiss to Lafayette street.
- (3) Several other street improvement projects were approved Monday night. They were:
 - (1) The widening of Riverside drive from River street to Grove street.
 - (2) The repairing of College street from Clinton street to Capitol street and Clinton street from College street to Burlington street.
 - (3) The repairing of Seventh avenue, Prentiss street and Main street.

North Dakotan Shoots Wife, Kills Himself

BERGEN, N.D. (AP) — Ed Severson, 72, Bergen, shot and seriously wounded his 69-year-old wife and then killed himself with a .22 caliber rifle Monday, according to McHenry county authorities. Deputy Sheriff L.G. Hardie said the shootings were a "clear case of attempted murder and suicide." He said the couple had quarrelled "frequently."

Shaw Undergoes Surgery After Fall in Garden

LUTON, ENGLAND (UP) — George Bernard Shaw, 94, the most renowned dramatist of this century, underwent a grave operation here Monday after fracturing his left thigh bone in a fall in his garden. An official hospital statement said the condition of the playwright, wit and political philosopher was "satisfactory at present." But it also noted that an operation on a man of his age "must be regarded as serious."

The hospital statement said: "Mr. George Bernard Shaw has had an operation to join the broken surfaces of the neck of the thigh bone together. Although a fracture of this nature in a man of Mr. Shaw's age must be regarded as serious, his condition at present is satisfactory."

Mr. L. R. Plewes, noted bone specialist who has had success in mending aged patients, assisted by Sir Thomas Fairbank, heart specialist from London, performed the operation after Sir Thomas decided Shaw's heart could stand the strain. Dr. C. R. Cullinan also was in attendance. A member of the hospital staff said Shaw will be unconscious for several hours. "The critical moments will come sometime during the night," he said. Shaw's "brittle bones," as he called them, gave way while he was walking in the bright sunshine of his backyard garden at Ayot St. Lawrence Sunday. He had just stepped out of his library where he was working on a new play. He slipped on some gravel on the garden's steep slope and fell backward. The operation was performed in the Luton and Dunstable hospital to which Shaw was rushed in the rain by ambulance Monday morning. Among the first things the bearded near-centenarian did upon arrival was to joke with Sister Hilda Carpenter, the young nurse assigned to care for him. "The nursing profession reckons to kill its patients by washing

Iowa Corn Outlook Far Below Average

DES MOINES (AP) — Iowa will produce far less corn this year than in 1949 or in an average year for two reasons, the Iowa crop and livestock reporting service estimated Monday. One prime factor has been the unusually cool summer. The other is the lower acreage. Acreages were reduced this year partly because the U.S. department of agriculture acreage allotments, and partly due to farmers' own volition. The service forecast, on the basis of conditions on Sept. 1, that the 1950 crop will total 476,329,000 bushels. Last year's yield mounted to 553,847,000 bushels. The 1939 - 48 ten-year average production was 527,548,000 bushels. The service predicted further that this year's yield will average 49 bushels to the acre, compared with the same figure last year and the 10-year average of 51.6 bushels. "The development of the crop is still delayed in many areas although relatively good improvement was made in other areas during the latter part of August," the service said. It added: "About nine percent of the crop was hard and well dented by the week end (Saturday) but on the comparable date of Sept. 10, 1949, about 78 percent was well dented. "Early indications point to

about 66 percent of the crop expected to mature without frost damage."

Plane Builders Behind Pre-Pearl Harbor Rate

AMES (AP) — An aircraft industry spokesman said Monday the industry is delivering only as many military planes a year as it was delivering a month at the time of Pearl Harbor. Harvey Stowers, assistant to the president of the Aircraft Industries association, said current annual deliveries were "just about equal" to the 2,461 monthly rate in December of 1941. Stowers spoke during second day activities of the annual three-day convention of the Iowa-Neb-raska district Kiwanis convention.

Cedar Rapids Man Pleads Innocent in Murder Case

CEDAR RAPIDS (AP) — Lloyd Hunter, 43, Cedar Rapids, pleaded innocent Monday to charges of first degree murder and was returned to county jail without bond. He appeared before District Judge M. C. Hammill to answer charges of slaying William Hughes, 86, last Saturday on the steps of their rooming house here. The shooting culminated a long-standing feud between the two men, police said. They said Hunter fired a single shot from a shotgun.

Second Generation Suler

LIKE FATHER, LIKE SON as Elmer Lampe Jr., 18, Bellevue, checked in at the Quadrangle to begin his first year at his father's alma mater. Dr. Elmer Lampe Sr. graduated from the SUI medical school 40 years ago. Young Lampe plans to enroll in the Liberal Arts college, but hasn't decided whether to follow his father's footsteps in medicine. In the above picture the elder Lampe is shown helping his son get settled in his home for the coming academic year.

Senator Claims Truman's Request Shunned As Workers Go on Strike

BILOXI, MISS. (AP) — Sen. John C. Stennis (D-Miss) said Monday night he understands that "we have 450 or more fullgrown atomic bombs and perhaps more. "This is enough," he said, "for 50 bombs to each major Russian industrial city."

In a speech prepared for delivery before the Mississippi supervisors association convention here, Stennis did not advocate using the atomic bomb against Russia now. But he did urge quick preparation for an "all-out war" on the plea that we are now fighting for "our very existence."

"It is absurd," he said, "to talk about this Korean war as being a police action... I emphasize, we are not fighting primarily for Korea. We are fighting primarily for ourselves; we are fighting to defend ourselves and our freedom... it is a fight for our very existence."

Stennis also recommended shifting United States aid to Europe to "military aid altogether," and advocated rearming western Germany although admitting that such action would be dangerous.

Of atomic bombs, Stennis said: "Russia has fired an atomic explosion. We must assume that she has the atomic bombs. But according to all calculations, we definitely have a great superiority in atomic bombs, and we do not propose to lose it, either. This part of the program has proceeded at full speed, and will continue at all events."

"We already have 2,000 airforce bombers able to carry atom bombs, including 200 of the huge B-36 type. A B-36 type bomber can fly from New York to Moscow and return to Dallas, Texas, without having to land. I understand we have 450 or more full-grown atomic bombs and perhaps more. This is enough for 50 bombs to each major Russian industrial city."

DEFENSE PLAN READY SOON
CHICAGO (AP) — The executive committee of the National Governor's conference said Friday that the federal government's master plan for civil defense probably will be made available on or before Oct. 1.

Truman's Request Shunned As Workers Go on Strike

Workers went on strike for more pay in scattered sections of the nation Tuesday despite President Truman's plea for no new wage demands.

At Cleveland, some 2,500 members of the CIO electrical workers union walked out at 18 General Electric units to enforce contract demands.

The IUE, which has 30,000 other members on strike at GE plants elsewhere in the country, has been seeking more money in national negotiations.

Bus drivers at Louisville, Ky., went on strike, forcing an estimated 200,000 daily riders to walk, hitch-hike or ride taxis to work.

Nearly 1,000 drivers, members of the Brotherhood of Railway Trainmen, were seeking a 15-cent hourly wage boost.

About 60,000 commuters were affected at Detroit by a walkout of 250 suburban Greyhound drivers. The strikers also sought higher pay.

The auto industry, however, seemed assured of long-term labor peace with the signing of the last major producer, Studebaker, to a five-year contract granting wage boosts and adjustments.

About 800,000 of the industry's 1-million workers now have drawn fatter pay checks, with Nash the only sizeable holdout.

President Truman's plea, advanced with his economic program for meeting a big rearmament drive, drew opposition from both the AFL and CIO.

President William Green of the AFL said in a letter to the National Association of Manufacturers that it would be unjust to the working man to freeze wages at current levels, because prices have outrun them.

Two high officials of the CIO steelworkers union, Secretary David J. McDonald and General Counsel Arthur Goldberg, rejected the plea on the grounds that "fabulous" profits of the steel industry must be shared with the workers.

At Washington, a presidential fact-finding board recommended a 40-hour week with no cut in pay for the present 48-hour week, plus a seven-cent hourly raise for non-operating employees of the 16 short-line railroads.

Students Attend Indiana Classes As Parents Protest

ONWARD, IND. (AP) — Onward young folks went to the school of their choice Monday while their parents tightened a picket ring around the building.

While grade school children from Onward and a rival town nearby recited peacefully together on the first day of classes, about 70 high school students defied their township trustee's order to go to school at Walton.

A line of automobiles parked bumper to bumper in a ring around the Onward building parted to admit buses bringing children from Walton, in line with Trustee Virgil Turner's order.

Parents abandoned the auto ring but consolidated the grade schools of Onward and Walton. Turner continued to guard the doorway to keep Turner from removing desks.

But only a handful of Onward high school students obeyed Turner's instructions consolidating the two high schools at Walton. Walton folk rallying around Turner cheered this as indicating a crack in Onward's "solid front."

Walton Principal Dally Hunter said "about 15" Onward youths reported for classes. But Onward Principal William Helms estimated the number at "six or seven" and added it couldn't have been more than 10.

Classes were held at both schools. Teachers at Walton, however, found many vacant seats, while at Onward there weren't enough teachers to go around.

Five Win Prizes In Trail Ride

Five members of the Iowa City Saddle club won prizes in the 70-mile trail ride last weekend from Ely to Tipton and back.

They were Steve Bauserman, 13, Iowa City, who placed fourth in the junior class; Charles Cochran, Solon, second in the junior class; Dorothy Cochran, Solon, seventh in the junior class.

Warren Hunter, Iowa City, sixth in the heavyweight class and Earl Groat, Iowa City, seventh in the heavyweight class.

Eleven members of the local club participated in the trail ride, which was sponsored by the Cedar County Saddle club, Cedar Rapids Horsemen's club, Clear Creek Saddle club and Iowa City Saddle club.

Jail Love Affair Told by Blonde Girl

CHICAGO (AP) — Mrs. Mary Gregory, blonde, 22-year-old former prisoner, went before the grand jury Monday to tell a story of love life in the county jail in the springtime.

The jury is investigating charges of the state's attorney's office that jail inmates can buy drugs, liquor and women by bribing the guards.

Mrs. Gregory, slim and attractive, was the long-sought "other half" of an alleged love tryst in the jail with Edward Leonard, 28, a former prisoner.

Leonard last week told state's attorney investigators that he was able to have private meetings with the girl in Warden Chester Fordney's office and also visited her.

Mrs. Gregory was found by investigators Sunday. She said she formerly was a redhead and dyed her hair blonde in an effort to avoid questioning.

Assistant State's Atty. James Brown quoted her as saying that she met Leonard at least 15 times in the warden's office. Brown said she told him that mostly they held hands and talked — but not always.

Brown said Mrs. Gregory promised to "tell all" about the jail before the grand jury.

Warden Fordney has denied the charges made against the jail. His superior, Sheriff Elmer Walsh, a Republican, has accused the Democratic state's attorney's office of a politically-inspired campaign against the jail.

LAFF-A-DAY

Where 33 Died in Troop Train Collision

BODIES OF MANY OF THE 33 Pennsylvania National Guardsmen, killed early Monday when the diesel-driven "Spirit of St. Louis" crashed into the rear of their stalled train, were in this car.

CLOSE UP VIEW shows the smashed troop train cars of the Pennsylvania National Guard which figured in a collision near West LaFayette early Monday.

THESE MEMBERS OF THE 28th National Guard Division rest on the ground alongside the tracks where their troop train was wrecked Monday morning in a collision with the Spirit of St. Louis.

Anti-Subversive Committee Challenges Gypsy Rose Lee

CHICAGO (AP)—Edward Clamage, chairman of the Illinois American legion's anti-subversive committee, said Monday Gypsy Rose Lee is an entertainer who was reported to be a dear and close associate of the traitors of our country. The strip teaser denied the charge.

Clamage a Chicago florist, made the statement on the floor of the Illinois legion convention. In New York, Miss Lee said: "I am not now and never have been a member of the Communist party, a fellow-traveller, sympathizer, or anyone of the associated brand."

"I abhor totalitarianism whether Red, Brown or Black and their treacherous methods of guilt by smear and without trial."

"This may be all right for Russia, but, I hope, not for us." Miss Lee is scheduled to be mistress of ceremonies of an audience participation show over the ABC network starting next Saturday night.

Clamage said, "I want to make an appeal to the sponsors of the program to determine whether or not she is appearing as a true and loyal American or if she's going to be serving her Communist friends."

He said he had telegraphed the president of ABC asking what he intended to do about the program. ABC officials in New York were not immediately available for comment.

Clamage said Miss Lee's political leanings are documented in the book, "Red Channels." He said she spoke at a meeting of the Hollywood anti-Nazi league and had sent greetings to a dinner of the Joint anti-Fascist refugee committee. He said she served as auctioneer at a gathering of the league of American Writers. The latter two groups, he declared, have been cited by the justice department as subversive.

Miss Lee said in New York her lawyers had been alerted to take action "if necessary." She cited her numerous wartime benefit performances, including one which she said was a "Bundles for Britain" program put on "during the Hitler - Stalin pact."

Miss Lee also cited the loyalty affidavit she said she had signed as an officer of the American Guild of Variety Artists.

Lester Gillette Charges Legislature Fails Labor

NEWTON (AP)—Lester S. Gillette, Democratic nominee for governor, declared Monday the Republican dominated 1949 legislature "failed to do a single thing for the workingman."

He said further in remarks prepared for a campaign speech during the 1948 campaign "to do a lot of things for labor." Gillette emphasized that the Democratic state platform for both 1948 and 1950 carried a plank demanding repeal of the state's "two vicious anti-labor laws." The laws prohibit the closed shop and secondary boycotts.

Larson's Office May Lose Four Men to Armed Forces

DES MOINES (AP)—Atty. Gen. Robert L. Larson said Monday he has prospects of losing four of his staff of eight assistant attorneys general to the armed forces.

In the reserves are Don Hise, first assistant; and Assistants Kent Emery, Earl Shostrom, and Charles O'Connor. Larson said, however, he hoped he wouldn't lose any of his men. He added that any action toward requests for deferment would depend upon whether the men are called, and their personal desires.

Services Planned For James Moylan

Funeral services will be held at 9 a.m. today at St. Patrick's church for James Moylan, 75, who died Sunday morning at Mercy hospital.

Burial will be in St. Joseph's cemetery. The rosary was recited at the Hohenschuh mortuary Monday.

Mr. Moylan, 420 S. Clinton street, died after a long illness. In early Iowa City days, Mr. Moylan was proprietor of the New West hotel.

He was survived by a son, Clell Moylan, Oshkosh, Wis.; three sisters: Mrs. L. H. Billick, Iowa City, Mrs. Thomas McCarthy, Alameda, Calif., and Mrs. George Black, Muscatine, and two brothers, Frank, West Liberty, and Ralph of Phoenix, Ariz.

Two Divorces Granted In District Court

Two divorces were granted in Johnson county district court Monday.

Juanita Hull, 729 Page street, was granted a divorce from Melvin L. Hull. She charged cruel and inhuman treatment.

Mrs. Hull was granted custody of two minor children, and was given the couple's furniture. The family home was to remain in the names of both parties.

The two were married July 4, 1927, in Iowa City and lived together until July 21, 1950. Mrs. Hull's attorney was Edward W. Lucas.

The second divorce was granted to Bessie Curl, Johnson county, from Jack E. Curl. She charged cruel and inhuman treatment.

Mrs. Curl was given custody of a minor child and her former husband was ordered to pay \$35 a month support until the child reaches her majority. Household goods and personal property were ordered divided equally.

The couple was married at Gainsville, Texas, March 22, 1947, and lived together until Aug. 22, 1950. Mrs. Curl's attorneys were Swisher and Swisher.

Fifteen State Departments File Budget Requests

DES MOINES (AP)—The state comptroller's office said Monday about 15 of the 75 state departments, commissions, bureaus and other agencies have presented their budget requests.

The requests go to the comptroller and other needs for the two-year period beginning next July 1. The requests go to the comptroller, who tabulates them, then makes recommendations to the governor.

Later, perhaps in November or December, Comptroller Ray Johnson and Gov. William S. Beardsley will hold hearings at which each agency will explain its askings. On that basis the governor will make his recommendations to the 1951 legislature for appropriations.

PROFESSOR'S DAUGHTER

Joan Shriner, daughter of Prof. and Mrs. Ralph L. Shriner, plans to attend Mount Holyoke college, South Hadley, Mass., this year. Shriner is a professor in the SUI organic chemistry department.

Officials Say No Evidence of Willful Draft Violations

WASHINGTON (AP)—Justice department officials said Monday they have no evidence that eligible draftees who fail to show up for pre-induction examinations are willful draft law violators.

They said most men who turn up missing when their names are called just don't realize that when you have a date with Uncle Sam, you have to keep it.

There have been reports from New York and many other cities that large numbers of draftees have skipped their dates with draft doctors — essential preliminary for induction of those found fit.

They said the government is "trying to give the boys a break" by using "education rather than prosecution" to convince them that when Uncle Sam calls, he means it.

Meantime, Rep. Paul J. Kilday (D-Texas) told the house that fewer draftees are being turned down for failing to meet intelligence standards than most people think.

But he added that there is an unusually high rate of mental turndowns, due largely to stiffer intelligence tests and the fact that many of those called up first have been "culled" before for military duty.

Kilday, a member of the house armed services committee, attacked what he called "conflicting and alarming" statements that mental tests for draftees are too stiff.

Oxford Man Waives Hearing in OMVI Case

Martin Shebetka, Oxford, waived preliminary hearing in Iowa City police court Monday to a charge of operating a motor vehicle while intoxicated.

Shebetka was bound over to the grand jury and released on \$1,000 bond.

The charge was filed following an auto belonging to Allen J. Roth, route 5, and then rammed another vehicle driven by Robert Glaspey, route 2.

No one was reported injured in either crash. Damage to the Roth auto was estimated at \$150 while the Glaspey car incurred only minor damages.

North Korean Nurse Trained in Manchuria

SOMEWHERE IN KOREA (AP)—An attractive North Korean nurse, captured Aug. 25 north of Taegu said Monday she was one of about 200 women doctors and nurses who were trained in Communist Manchuria and sent to North Korea before the invasion of the south began.

Miss Chae Kum Byung, 19, interviewed in a prison stockade, said she was trained at the 23rd Field Hospital of the Chinese Red army in Manchuria.

A woman doctor, Capt. Kim Yung Soon, 22, who was captured at the same time and suffered a bullet wound in the thigh, confirmed the nurse's story.

Jury Questioned In Arson Case

CHARLES CITY (AP)—A jury panel of about 100 persons filled the first seven rows of benches in the Floyd county court house at the arson trial of night club operator Gordon E. (Jack) Churchill opened here Monday.

No spectators were admitted inside the third floor courtroom, although about 20 stood outside. Churchill was indicted early this year in connection with a fire that destroyed a partly constructed night club west of here October, 1947.

Florida Clamps Down On Big Gambling

TALLAHASSEE (AP)—Big-time gambling apparently is closed down all over Florida.

Gov. Fuller Warren's deadline for sheriffs to clean up their counties or face suspension is five days past, and there hasn't been a report of a major bookie, bolita, slot machine or casino gambling operation since then.

This is the normal off-season for gambling in Florida, but even the church bingo games aren't running.

The heat remained on from half a dozen sources — the governor, the Miami crime commission, several grand juries, Atty. Gen. Richard Ervin, the state utilities commission which blocked race wires for bookmakers, the state beverage department and the press.

Several of them had put on combined pressure that resulted in Warren's suspension of three sheriffs and two constables in the six weeks before he announced he would in the future fire them first, then listen to their excuses.

Four Leave for Rome On Holy Year Pilgrimage

The Rt. Rev. Msgr. Carl H. Meinberg, of St. Mary's Catholic church, and three other Iowa Citizens are scheduled to sail from New York Wednesday on a Holy Year pilgrimage to Rome.

The three others: Miss Marie J. Condon, 121 E. Court street; Miss Dorothy Ryan, case worker in social services at University hospitals, and Miss Mathilda Brugman, housemother at the Catholic Student center here.

Monsignor Meinberg's trip was made possible by financial donations of the members of St. Mary's parish.

Stranded! SUI Instructor Among Students in France

James B. Ludtke, SUI instructor in economics, was one of 180 American students and teachers stranded in Paris, France, when arrangements for their return trip broke down.

The travelers got stuck 11 days ago when the chartered airlines which were supposed to fly them back to America failed to appear.

A spokesman for the group attributed their plight to the failure of the Student Travel Service of Chicago and New York to pay the airline. Each of the tourists had paid the service \$355 for round-trip transportation, the spokesman added.

Margaret Justen, Jack Stewart Wed; Both SUI Students

Two SUI students, Margaret Justen, Iowa City, and Jack Stewart, Fairfield, were married here Sunday afternoon.

The ceremony was performed at the home of the bride's parents, Mr. and Mrs. Raymond H. Justen, 310 Blackhawk avenue, Fairfield.

Attending the couple were Mr. and Mrs. Robert Gaines, Ft. Madison, brother-in-law and sister of the bridegroom.

A reception was held at the bride's home following the ceremony.

Following a wedding trip, the couple plans to live at 310 1/2 Blackhawk avenue.

The bride is a graduate of Iowa City high school. Stewart is a graduate of Fairfield high school and is affiliated with Sigma Nu social fraternity.

Command!

BE A LEADER!

Leaders of tomorrow are being made today—on the college campuses of America. And the Army ROTC is training the best of them.

Prepare now for leadership in national emergency and in the competitive world after graduation. Get your U. S. Army Commission, and learn to be a leader of men in civilian life while you earn it.

Point your path toward success in business and industry — success and leadership in the duties of citizenship—by learning in Army ROTC courses to make the quick, sound decisions that count. Of such stuff is leadership made.

FRESHMEN:
Register now for basic Army ROTC training!

QUALIFIED JUNIORS:
Sign up now for advanced Army ROTC training!

See your faculty adviser and your Professor of Military Science and Tactics
