'Raff' Tells How They Did It

(Daily Iowan Photo from Cecil Franzen)

SPEAKING AT A WELCOME HOME RALLY, Coach Leonard Raffensperger Saturday night told a large and excited crowd that he hoped similar meetings would be held before and after each Iowa game. Background left, Line Coach Pat Boland and Varsity Assistant Ben Douglas looked on approvingly. Coach "Raff's" Hawkeyes defeated Southern California's Trojans 20-14 Friday night in their first football game of the year.

Cheering Crowd Bonfire Welcome Hawkeyes Home

By CHUCK McLAUGHLIN

The Iowa Hawkeyes topped victory with surprise by arriving ahead of schedule Saturday night for the pep rally scheduled at 9:30 p.m.

The group arrived at the Iowa Union by bus from Cedar Rapids about 40 minutes sooner than expected.

Despite the miscalculation, 1,500 SUI students were on hand to receive the squad and coaches with an ovation similar to their send-off.

As the buses pulled into the Union, a tremendous bonfire was lighted, throwing flames 25 feet into the air.

The crowd, which started gathering about 8:30 let out a huge cheer as the buses came into sight. The players emerged from the buses and arranged themselves on the band shell as the cheerleaders led the crowd with yells which echoed over several blocks.

Then the rousing phrases of "On Iowa" burst forth as the spirit of the rally came to a head.

SUI President Virgil M. Hancher was on hand and expressed his pride in the Iowa team.

As Hancher concluded, a huge roar came from the crowd.

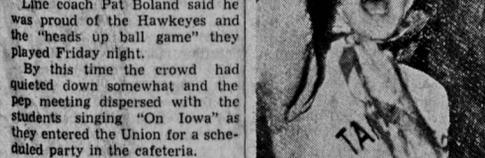

Game Captains
After the noise had subsided, someone called out for the game captains, Lou Ginsberg and Bill Greene. The co-captains expressed their appreciation for the turnout as their concluding words were drowned out by a roar from the gathering.

Coach Leonard Raffensperger was called on for a few words and he too commented on the spirit shown by the SUI students. He mentioned the eight "tough games" ahead of them and he hoped there would be similar meetings before and after every game.

Spirit Essential
Raffensperger said spirit is essential to any team and such gatherings help create that necessary spirit.

Line coach Pat Boland said he was proud of the Hawkeyes and the "heads up ball game" they played Friday night.

By this time the crowd had quieted down somewhat and the pep meeting dispersed with the students singing "On Iowa" as they entered the Union for a scheduled party in the cafeteria.

Canadians Release Dollar Restrictions

OTTAWA (AP) — Canada, with her gold and American dollar reserves at an all-time high, Saturday freed the Canadian dollar from the devalued peg on which she fixed it a year ago.

Finance Minister Douglas Abbott announced:
"It has been decided not to establish any new fixed parity for the Canadian dollar at this time, nor to prescribe any new official fixed rates of exchange."

Ching Offered Wage Position

(From the Wire Services)
WASHINGTON — President Truman has taken another major step toward home front mobilization by picking Federal Mediation Chief Cyrus S. Ching as head of the new wage stabilization board, it was learned Saturday.

The 74-year-old Ching has not yet made up his mind whether to take the job, but he had expected to announce his decision early next week.

Under President Truman's executive order of Sept. 9, the board will make recommendations to the economic stabilization administrator on wage stabilization policies. That administrator has not been named yet.

The White House has been under rising pressure to create promptly the price and wage control machinery it authorized three weeks ago.

President Truman's council of economic advisers, originally lukewarm to ceilings, Saturday was reported to be "tremendously interested" in getting the new economic stabilization agency set up as soon as possible.

The government, meanwhile, went into action to insure that the nation's manpower needs are filled rapidly to keep pace with the expanding defense program.

Secretary of Labor Maurice J. Tobin set up a new office of defense manpower to guarantee employers an adequate labor supply.

Iowa Farm Income Leads Other States

WASHINGTON (AP) — Iowa, which wound up a close third among the states in total 1949 farm income, is out in front for the first seven months of this year.

Agriculture department figures for the January - July period show Iowa in top place with \$1,105,116,000.

An agricultural expert says Iowa farmers may finish this year with more dollars in their pockets than they had figured on.

"The outlook for the country and for the west north central area is, of course, much brighter than it was a few months ago," he said.

So with Iowa running above the national average now, the farmers may wind up with only a small deficit in total income from marketings or may even surpass last year's totals.

Critic to Discuss Fiction Monday

Arthur Mizener, noted critic and short story writer, will discuss the fiction of F. Scott Fitzgerald at a writer's workshop lecture Monday at 7:30 p.m. in the senate chamber of Old Capitol.

Mizener is the head of the English department at Carleton college, Northfield, Minn. Currently writing the biography of Fitzgerald, Mizener will explain the structural aspects of Fitzgerald's fiction.

They Urged the Hawkeyes to Win

Three unidentified SUI coeds displayed some of the same SUI spirit which helped the Hawkeyes to a 20-14 win over the Southern California Trojans Friday night.

Feathers Set Off Community Chest Drive

Red feathers fell and the Community Chest barometer went up during the first day of Iowa City's 1951 Community Chest campaign.

By noon Saturday \$2,097 had been contributed toward the \$28,468.24 goal set for the local "red feather" drive.

A shower of 20,000 red feathers was dropped on the business district from a plane shortly before noon Saturday. The feathers, official symbol for the Community Chest, were released over the city as a reminder that the 1951 campaign was underway.

General Chairman Elbert E. Beaver said he was "pleased very much with the progress of the drive," and reminded Iowa citizens that the campaign will continue through next Saturday.

Approximately 200 solicitors Saturday began calling on businessmen, university personnel, national firms and residents for contributions to the Community Chest fund.

Red Feather benefactors are the Boy Scouts of America, city rest room, Salvation Army, Visiting Nurses association, Girl Scouts, Parent-Teachers association and associated services.

SUI Staff Magazine Distributed Monday Features 'Raff'

All SUI staff members — including academic and non-academic personnel — will receive their first copies Monday of "Staff" magazine, a new university publication.

Pocket-size and generously illustrated, the first issue of "Staff" contains 32 pages of news about the people who teach and administer to nearly 12,000 students and university employees.

Articles describe a demonstration of fire fighting recently held for university janitors; the student advisory system; the faculty wives' Newcomers club, and the Iowa medical service plan of the college of medicine.

President Virgil M. Hancher contributes a foreword to the issue and Prof. Robert S. Hoyt, SUI history department, describes his experiences while doing research in England.

A picture feature on Head Football Coach Leonard E. Raffensperger and his family is also included in the first issue of "Staff."

Staff Editor William D. McBride is a 1949 journalism graduate and former member of the Press Columnists of Iowa. He wrote a daily column, "McBride's Haul," while on the staff of The Daily Iowan and was an SUI information service intern.

39 Polio Patients Now in U. Hospitals

Three persons were discharged and two admitted at the polio ward of University hospitals Saturday, bringing the total number of active polio cases to 39.

Admitted, in "fair" condition, were Richard Weber, 19, Harper, and Anna Lee Allen, 14, Cedar Rapids.

Discharged were Sidney Hilberg, 3, Decorah; Phillip Koppe, 7, Bloomfield, and Larry Goff, 8, Manchester.

Transferred from the active to the inactive ward were: Gary Haines, 3, Clinton; Kathline Charnoski, 5, Clinton; Chalmers Wineinger, 33, Bloomfield; Lee Yoder, 22 months, Wellman; Marvin Sletan, 28, Osage, and Evelyn Jiroutek, 19, Cedar Rapids.

Nine Bands to Play at Union Saturday

Music will ring out in the Iowa Union Saturday from 2 to 5 p.m. when the third annual Carnival of Bands program gets underway.

Ed McLaughlin, E3, Des Moines, chairman of the Carnival of Bands committee, said approximately nine bands and 75 musicians will provide the music for the program.

Members of the American Federation of Musicians, Local 45, are donating their services for the program, financed by the music performance fund of the A.F. of M.

Bands will be playing for dancing and listening pleasure in the main lounge, River room, cafeteria and the south conference room of the Union.

MacArthur Demands Red Army 'Surrender Unconditionally'

U.S. Policy: Victory With No Revenge

(From the Wire Services)
WASHINGTON (AP)—The United States government has decided on a policy of victory without vengeance toward the defeated people of North Korea. This underlines Gen. Douglas MacArthur's surrender demand.

The attitude of leniency—which President Truman is said to approve fully—does not cover two relatively small groups of North Koreans for whom stern justice will be sought when and if circumstances make it possible.

Those are the leaders of the North Korean Communist regime and the officers and men who have committed atrocities against United Nations—mostly American—forces.

Capturing Red Leaders
The prospects for capturing the Red political leaders who actually started the aggression that the United States has formally blamed on North Korea is another matter.

Officials here predict the Communist big shots will desert their country and take refuge across the northern border in Red China or Soviet Russia.

American policy-makers think Russia may come up with an eleven-hour offer to help end the Korean war and salvage some Communist prestige.

Possible Action
In the view of American experts, the Russians now have two possible courses of action:

1. **Maintain a strict hands-off attitude and do nothing but shout that the Korean war was started by the United States and its South Korean "puppets" and that the Soviet Union remains the world's peace champion.**

2. **Attempt to get into the final negotiation by offering, perhaps through India, the good offices of the Soviet Union to wind up the Korean war.**

Western Germany Police Act to Avert Red Demonstrations

COLOGNE, GERMANY (AP)—Police raiders struck Saturday in an attempt to smash the Communist leadership of outbreaks threatened in a dozen Ruhr cities this weekend.

Police said they had been tipped off by informers in the Communist ranks that 30,000 trained agitators and street fighters had been smuggled into West Germany from the East to spearhead "blitz rallies" or surprise demonstrations.

Search Homes
In the industrialized Ruhr of the British zone, where the most trouble was feared, police suddenly searched scores of Communist homes for evidence of illegal activity.

Thirty-six Communist officials and informers were seized at Gelsenkirchen when the party office was surrounded and ransacked. Red sentries standing outside were taken into custody so quickly they were unable to sound a get-away alarm.

Grab Youth Leaders
Twenty-one leaders of the Communist free German youth (FDJ) were grabbed at Dortmund, a steel town of 600,000 population, in a dawn raid.

Another 63 Communists were arrested during the day in various other Ruhr cities. Several small Communist gatherings throughout the Ruhr were dispersed without incident, police reported.

Many known Communists vanished from public view throughout the Ruhr, apparently to avoid the police dragnet.

Former WAC Center Transferred to Iowa

WASHINGTON (AP)—President Truman Saturday signed a bill authorizing transfer of the Fort Des Moines army post to the state of Iowa.

Fort Des Moines was used during the war as a training center for the women's army corps.

The property had been declared surplus.

Text of MacArthur's Call for Surrender

"To the commander in chief, North Korean forces: the early and total defeat and complete destruction of your armed forces and war making potential is now inevitable.

"In order that the decisions of the United Nations may be carried out with a minimum of further loss of life and destruction of property, I, as the UN commander in chief, call upon you and the forces under your command, in whatever part of Korea situated, forthwith to lay down your arms and cease hostilities under such military supervision as I may direct and I call upon you to once to liberate all UN prisoners of war and civilian internees under your control and to make adequate provision for their protection, care, maintenance and immediate transportation to such places as I indicate.

"North Korean forces, including prisoners of war in the hands of the UN command, will continue to be given the care dictated by civilized custom and practice and permitted to return to their homes as soon as practicable.

"I shall anticipate your early decision upon this opportunity to avoid the further useless shedding of blood and destruction of property.

"Douglas MacArthur."

War at a Glance

Korean front — General MacArthur demands that immediate North Korean surrender be demanded throughout Korea. Eager South Korean forces massed along 38th parallel to back up UN commander demand. Unconfirmed reports at U.S. Eighth army headquarters say South Koreans on east coast already have plunged across parallel.

Lake Success — U.S. Delegate Warren R. Austin pleaded with UN not to permit North Korean aggressor forces to take refuge behind parallel. Assembly political committee puts Korean peace and unity plans at top of agenda; defeats Soviet move to invite North as well as South Koreans to participate in debate. Security council rejects Russian demand that it call on U.S. to stop air attacks in Korea.

Peiping — Chinese Communist premier brands United States as aggressor in Far East; warns Chinese Reds will not "supinely tolerate" seeing their neighbors "savagely invaded by imperialists."

Warm Saturday, But It Won't Last
It was hot, humid and windy in Iowa City Saturday, but the weather man hinted some chilly fall weather is on the way.

Temperatures here reached as high as 82 Saturday. At Sioux City the mercury climbed to 83, and the coolest reading in the state was a mild 73 at Atlantic.

Cool air is expected to move into the northwest part of the state today and will cover the whole state by Monday night. Temperatures probably will remain close to 80 today except in areas covered by the cold air, where highs will be around 55.

Near freezing temperatures are expected in the northwest Tuesday morning.

He Threatens Destruction As Alternative

TOKYO (SUNDAY) (AP) — General MacArthur demanded today that the defeated North Korean Red army surrender unconditionally — or face destruction by United Nation forces now at the 38th parallel.

Unconfirmed reports reached U.S. Eighth army headquarters that South Korean troops on the east coast already have plunged one-fourth of a mile into North Korea.

From Communist China, the Peiping radio broadcast charges by the Red premier that the United States is the aggressor in the Far East and warned that the Chinese Reds will not "supinely tolerate" seeing their neighbors being savagely invaded by imperialists.

The bristling statement of Premier Chou En-Lai expressed belief the North Korean Reds ultimately would win.

Beginning at noon (9 p.m. CST Saturday), powerful Tokyo transmitters began hourly broadcasts of MacArthur's warning that "complete destruction of your armed forces and war-making potential is inevitable."

He called on the North Koreans to surrender "in whatever part of Korea situated" under "such military supervision as I may direct."

He made no reference to the possibility of crossing the 38th parallel.

Four South Korean divisions were approaching or waiting at the border on the east; U.S. troops on the west above liberated Seoul were less than 25 miles from it. AP Correspondent Tom Lambert said Red resistance had disappeared and U.S. forces were expanding their positions north of Seoul.

At Lake Success, N.Y., Warren R. Austin, U.S. delegate to the United Nations, called upon that organization to determine quickly if the 38th parallel shall "remain removed" as an artificial barrier to Korean unity. He said that must be done so as not to permit North Korean aggressor forces to take refuge behind it.

The South Korean assembly, in Pusan, unanimously urged United Nations forces — including their own Republican government troops — to seek out and smash the tag-ends of the North Korean army in North Korea.

Wishes From Stalin

SAN FRANCISCO (AP) — Congratulations from Premier Stalin of the Soviet Union topped a long list of birthday greetings broadcast by the Peiping radio Saturday in connection with the first anniversary of the Chinese Red regime Oct. 1.

Let's Consider —

Considerable comment was aroused here last year as a result of SUI losing a number of very competent faculty members to other institutions. Presumably, many of the professors left because they could make more money elsewhere.

Before the same thing gets underway again this year—and it certainly might—we have a couple of points to make.

One administration member told us not long ago that we shouldn't feel that the situation was all bad—that it had its good features.

For instance, he said, we should feel some satisfaction in knowing we have an institution good enough to make others seek our men. The very fact that we have the facilities to develop men here that make them sought by larger and more financially able universities is a testimony to our own high qualities.

We can't say the fellow was wrong, because we do have a great university and it really is satisfying to know that other universities recognize the fact. However, his idea appears to be a strong case of rationalization.

We think there's another answer. We think the blame for the situation has been directed at the wrong parties.

It's absurd to think the administration of this university can pay a professor any amount it desires. The total amount paid in salaries can be no more than the total amount allowed by the residents of the state (through their representatives) to be used for that purpose.

President Hancher doesn't TELL the board of education how much money will be allowed SUI each year. And the board of education, which is a representative of the students and all the other residents of the state, can only allow as much as the people it represents are willing to provide.

It would appear, then, that if an increased budget for SUI is what the students want, they should make it known to their representatives in Des Moines—and then be willing as citizens of the state to pay the difference.

We're not suggesting that we shouldn't complain if we feel unjustified in doing so. We merely suggest that the blame be placed on the right shoulders—those of the people who pay the way.

Let's Grow Up —

(We reprint the following editorial from the Michigan State News, newspaper at Michigan State college. May those who should please note)

A group of juvenile delinquents spread their artistic talent over our campus last week, splattering blue paint in at least four spots. Lovely azure "M's".

Coming from a university noted in this country for high scholastic standards, the school boy pranks of the youngsters from Ann Arbor seem slightly incongruous. There was no originality in the vandalism and consequently no humor. Defacing landmarks long ago passed out of favor among practical jokers.

It has come to be looked down upon not only by the jokers themselves, but by people who appreciate jokes. Defacing landmarks draws little but sour looks, because that method of spreading school spirit is now no longer even in good taste.

Each year this old malarky continues its rampant course, with stupidity shown on either side. Each year "M's" and "S's" are painted in blue and green, respectively. Each year for the past many, these antics have brought no chuckles from those who have seen them. And each year, custodians on either campus have been called forth to remove the unsightly remnants of the annual MSC-U of M game.

But Friday night's paint job by U or M students can turn into an actual asset for Michigan State. The fat blue "M" on the memorial to war-killed Spartans in front of Macklin Stadium should be left for all to see. It should become as much a part of this campus as the statue of Sparty.

It should draw from campus visitors an impression of the University of Michigan that will for a long time be a just detriment to the dignity of that university.

Reports on UN Available at SUI Libraries

(Editor's Note: This is another in a series of weekly summaries of recent periodical articles on various aspects of the war in Korea and on foreign affairs. These articles are selected and annotated by staff members of the serials reserve department of the SUI library.)

With the capture of Seoul and the subsequent problems concerning the 38th parallel, interest centers on the United Nations and policy decisions to be made.

One of the most valuable magazines concerned with UN news is the "United Nations Bulletin," an official organ published by the department of public information of the United Nations. Its purpose is to present a concise account of the activities of the UN and its specialized agencies. Proceedings and decisions of the various agencies as well as messages and articles from leading UN officials are published.

The Sept. 15 issue of the Bulletin contains a detailed account of security council proceedings in relation to Korea, and a report from MacArthur on unified command operations. Items on the provisional agenda of the fifth regular session of the general assembly are also listed in this issue.

MacArthur's Opinions
Other magazines available in the Serials Reserve library that are specifically devoted to UN news are the "United Nations World" and "United Nations News." The latter is the publication of the British United Nations association.

"Life" magazine in its Sept. 25 issue carries a lengthy article on "MacArthur and Asia" by John Osborne. Since MacArthur is responsible for major decisions on military matters it is especially interesting to read his opinions on Far Eastern diplomatic strategy.

His plan is to contain the Reds in the east, then be free to face Russia elsewhere. His military credo is not preventive war but preventive strength, in Europe as well as Asia. In addition to reporting MacArthur's beliefs Osborne reports on MacArthur's own men, as men under his command view him.

Russian View Given
For the Russian viewpoint on the American soldier in Korea read the "New Times," a weekly journal published by the newspaper "Trud" in Moscow.

In its Aug. 23 number the "New Times" is still making news of the early American reverses and begins the article by saying, "Impotent fury mingled with painful perplexity is the way one might define the reaction of the monopoly press to the American aggressor's military reverses in Korea."

The author claims that the American soldier does not know why he is fighting in Korea

For the Record

By JOHN VOORHEES

Any English teacher on the campus surely would tell you that a careful choosing of words is most important in anything you write, and they would be able to use the song "La Vie En Rose" as a perfect example.

Several years ago the same melody appeared under the title "You're Too Dangerous, Cherie," but it was not an overnight success. Now, as "La Vie En Rose," it has been climbing to the top on all the important lists.

Perhaps the number of recordings is merely proving the old saying about strength in numbers for at the local record shops you can find versions of the song by Ralph Flanagan, Tony Martin, Harry James, Edith Piaf (who started the whole thing), Louis Armstrong, Bing Crosby, Paul Weston and an organ version by Owen Bradley. It's even included on a long - play disc by Decca by Victor Young titled "April in Paris," an honor usually reserved for standards.

Songwriters have a penchant for animals; not normal animals, mind you, but mostly for reindeer with red noses, rabbits with cotton tails, and chickens that go "Cha-La." The latest denizen of this musical zoo is a dancing pig from Cincinnati. If you care to, you can bring home this bacon by Vit Damone on Mercury or Gene Krupa on Victor. Even Teresa Brewer stopped chewing her gum long enough to chew the fat for the London label.

If the number of records issued is the criterion for judging a winner in the Flanagan-Antony-Jerry Grey-Tex Beneke Glenn Miller sweetsakes, then Ralph Flanagan will get a "win." RCA Victor is still plugging him strenuously and while his first records appeared only a year ago we've heard so much as though he's always been around.

His latest issue to arrive in the stores here is a recording of his theme, "Singing Winds," written by Flanagan and Herb Hendler. The reverse is the tune of a little over ten years ago, "Harbo Lights," by Jimmy Kennedy and Hugh Williams. This tune is also available by Ray Anthony on Capitol, Bing Crosby on Decca, and Guy Lombardo, as well as Sammy Kaye, the guy who started the revival.

According to Victor, its "hot test" Flanagan disc is "The Red We Want Is The Red We've Got," a song (?) which might sound patriotic after ten or twelve beers but without them it sounds more like a mish-mash of every flag-waver from "Yankee Doodle" to "Remember Pearl Harbor."

I much prefer the other side, "Nevertheless," the Ruby Kalmarsong which is featured in MGM's probably would be very unenthusiastic if he was told . . . "that the war is being waged in order that MacArthur and his confederates and other American bankers and industrialists may be able to plunder Korea and other Asian countries without hindrance."

City Manager System Used In Nearly 1,000 Communities

CHICAGO (P) — The fast-traveling city manager plan is headed for a milestone mark of 1,000. The manager form of local government has been adopted by 986 communities — 345 of them in the last five years.

Clarence E. Ridley, director of the International City Manager association, says:

"We wouldn't be surprised if it reached the 1,000 mark late this year or early in 1951."

"If the trend of the past five years continues," he adds, "the council - manager plan will be the dominant plan of local government in this country by 1960."

The manager plan, in its bid for public favor, has been competing against two older types of municipal government. One is the familiar mayor - council type. It dates back to colonial times.

The second is the commission system. Under this setup, a city is run by a group of men — usually five — elected by the voters. It was introduced in 1900.

The council - manager plan, as it is formally known, usually

LETTERS TO THE EDITOR

Facing the Facts . . .

One of our misfortunes is our "courage" and "smartness" in hiding some of the painful facts of life. But unfortunately, we realize always that these weapons of courage and smartness are not useful.

Before I study anything in the morning, I decided this fall to begin my study with The Daily Iowan editorials. Today's "Student Backing Needed" was my assignment. But like some other assignments, it was debatable.

The editor says, "At Thursday night's meeting only a handful of non - member students attended. We were sorry to learn this . . ." This "we" is full heartily backed, and the feeling of sorrow is felt by many. But what is that to the student council? Or, does the council feel that way?

I attended that Thursday night's meeting and felt that sorrow. And when the president — in time — recognized an audience and its rights, I asked the question: "Does the council realize this lack of interest of the students in the council? And what was done about it?"

The president's answer was "partially," "somewhat" a recognition of the lack and an attempt to open the door at discussing the subject — and trying to see about it.

But, in an over-second the picture was turned over. Some members, two girls and a man, took the stand to prove that there is quite, "A great interest in the council." And when asked how is that shown, the answer came, "Well, that's easy when we know that the Daily Iowan is read by all the students, and we in turn, report the council's meetings and works."

This is something of what I was able to hear. When, for some reason, I kept quiet, the defendants' side was considered the right side, and that it's perfectly all right students will read everything in The Daily Iowan.

"Courage" in fighting logic and psychology — and all their principles, and "smartness" in winning a case against a student who ignores these weapons. But, for his information and learning and maybe for some others, these questions are furthermore kindly asked.

"Is there really a student body's interest in the student council? And how is it shown?"

"Shall we go to the council's meetings for participation and backing according to the Editor's call and as our duties demand? Or shall we just 'read The Daily Iowan and that will be perfectly all right?"

Very sincerely, not being critical in any sense or word in all of this, "What would become of our old, good, and sweet, "American way of life" — if we are going to take this policy — read a newspaper — and it's all right not to attend activities.

A body of millions and millions of those who oppose it, I am sure of, is our victorious Hawks; and their full interest in us students as we perfectly know and even can touch — is to go and occupy the stadium instead of reading The Daily Iowan next day. I think life would be much sweeter, and more profitable, and less quarrelsome, if we just try to face its facts.

Citizens of Seoul Mistreated by Reds

SEOUL (P) — North Korea's political commissars tried without much popular support to institute a typical Communist regime in this Korean capital during their reign of almost three months.

Battle-shocked citizens, who emerged in great numbers this week in this liberated city, said the North Koreans, with Russian advisers, had confiscated the property of all persons they deemed "traitors" and "pro-American collaborators."

The citizens said the Reds had put in their own mayor and pushed a not-so-subtle campaign against religion.

The civilians said the Reds had paraded American prisoners through the streets over and over in an attempt to convince onlookers that they were capturing many Americans. In at least one such parade, they said, the prisoners were forced to carry a large banner declaring that the United States was interfering in Korea's internal affairs.

While many orientals tend to say what they think the hearer wants them to say, these reports were obtained from people still stunned from the brawling fight for Seoul.

works this way:
Citizens elect a city council on a non - partisan basis. The council hires an experienced administrator as city manager. The council sets up the budget, enacts laws and determines the policies to be followed.

The manager takes it from there. He appoints department heads, supervises city employees and directs the day-to-day operations of the city government.

The first municipal use of the title "manager" was in Staunton, Va. The office of "general manager" was created there in 1908. Sumter, S.C., adopted the manager system in 1912 and it began to spread.

Among the larger centers that have had managers for 15 years or more are San Diego, Miami, Kansas City, Mo., Cincinnati, Rochester, N.Y., Dayton, Oklahoma

Ridley estimates that 20-million people live in manager areas in this country.

Airforce Expansion Expected by Officials

WASHINGTON (P) — Well informed officials believe that if the U.S. commits more ground forces to Europe the airforce will be expanded beyond the present 69-group program.

However, despite widespread discussion centering on number of groups, airforce officials put more emphasis on other elements of air power — particularly the number of bases in operation and continued improvement in quality of fighting planes.

The \$8 - million to be spent by next June 30 for military aircraft and related equipment is expected to buy around 12,000 planes for the U.S. airforce and navy and countries in the mutual defense assistance program.

Bridal Workshop to Tour Iowa City Homes

A tour of three Iowa City homes will be conducted Tuesday by Bridal Workshop as the first program of a series sponsored by the YWCA.

The series, which will cover various aspects of homemaking, will begin at 7:30 p.m., Helen Hays, A3, Iowa City, chairman of the committee, announced Saturday.

SUI women who are interested in the tour and other programs of Bridal Workshop may sign up by contacting the YWCA offices in the Iowa Union by Tuesday.

One of the homes to be visited is the Raymond Justens, 310 Blackhawk street, a new house in the Pennsylvania farm style.

Mrs. Justen will describe the blending in her home of provincial and modern trends in construction, color arrangement, and design.

She will also show the basement, originally a single 27-foot room, which was converted into an apartment for her married daughter and husband.

The tour will include one of Iowa City's oldest houses, owned by the Fred Pownalls, 1602 N. Dubuque street. Pownall, director of SUI publications, and Mrs. Pownall have renovated the house dating from Civil War times.

It is furnished with early American antiques, and with chests, trays and wooden plaques painted in Scandinavian and Pennsylvania Dutch patterns by Mrs. Pownall.

The group will also visit the home of Prof. and Mrs. Edward Mason, 32 Olive court. Mrs. Mason is a noted ceramist who has made an extensive study of pottery making.

She will demonstrate techniques of glazing different types of clay and will show examples of her work in sculpture and wood-carving.

From there the group will be taken to the home of Mrs. Dewey Stuit, chairman of the advisory board, where refreshments will be served.

Transportation will be provided by the Iowa City YWCA advisory board.

PLANNING TUESDAY'S BRIDAL WORKSHOP TOUR are Helen Hays, A3, Iowa City (left), and Mrs. Raymond Justen, seated before the kitchen fireplace in the Justens' new home, 310 Blackhawk street. The fireplace, set in a corner, is the focal point of the kitchen. The wooden cornice, pictured in the upper right hand corner, extends the length of the room over the stove and sink. All four walls are of wood and the wide floorboards are wooden pegged.

Time was when Mom had a fit when Sister threw one leg over the arm of a chair because it was considered unladylike.

Now a manufacturer has come out with a "side-saddle" chair, featuring one side lower than another for leg rest. The chair is a circular, barrel type design.

King-sized neckties are the last word in Paris fashions — for women. They knot like a man's tie at the neck, then slot through a tight belt, leaving the ends to dangle down the front of the skirt.

Some are lace and chiffon for formal wear. Others are decorated with tiny rhinestones.

"It's Raining Cats and Dogs," and "Rain! Rain! Go Away, Come Again Another Day," adorn the new children's umbrellas. They're made from transparent plastic.

Stuffed celery rings can get a dinner or party off to a flying start. Cut tops from celery, wash and dry each stalk.

Fill smallest stalk with a tangy cheese, then next smallest and so on until you have a bunch. Tie with string and chill. Slice crosswise into 1-2 inch slices. Brush with French dressing.

Some coeds are solving the strapless dress problem by taping corsages to their shoulder blades. Gives an interesting behind view and prevents crushing while dancing.

Who ever heard of carpeting a bathroom? One manufacturer claims it makes an interesting conversation topic if nothing else. He says a little water won't hurt carpeting. It would save getting "housewife's knees" from scrubbing tile.

Congressional Directory Prints Story on SUI

An editorial entitled "New Foreign Studies Course at Iowa" and a letter on the same subject from SUI President Virgil M. Hancher were entered into the Congressional Record Appendix by Sen. Guy M. Gillette (D-Iowa).

The editorial from the Sept. 4 Des Moines Register explains the importance of the foreign studies curriculum in helping students become better acquainted with Germany and Austria, France, Spain, and Russia.

"Our program brings together a large number of departments—geography, history, modern foreign languages, and political science,"

President Hancher's letter said. "Goal of the program is to familiarize the student with the geography, the political and economic concepts, cultural traditions and the language to the extent where he may use his knowledge as a member of the armed forces, in the diplomatic service or as a business representative," he wrote.

Fee Payments Set To Start Tuesday

Mark a circle around Tuesday on your calendar—for that is the day SUI students begin paying registration fees.

University Treasurer F. L. Hamburg said this includes veterans, and all students with scholarships and appointments carrying tuition rebates.

Students are to call at the treasurer's office beginning at 8 a.m. Tuesday to complete registration with payment of fee.

Deadline for payments is 5 p.m. Friday.

The fine for late payment, Hamburg said, is \$2 for the first day, Saturday, and \$1 for each day thereafter.

Student identification card pictures will be taken in the hall below the treasurer's office, after fees have been paid. The cards may be picked up 24 hours later in the same hall.

Burke to Manage Married Housing

Gerald E. Burke, Kingsley, has been appointed acting manager of married student housing at SUI. Virgil S. Copeland, manager of university dormitory operations, announced Friday.

Burke succeeds J. Robert Cotter, now on a military leave of absence.

A graduate of the university with a bachelor of science in commerce degree, Burke has been assistant to Cotter since July 1 of this year.

Cotter, 28, was called to active duty as a master sergeant in the army. He served three years in the army during World War II, spending 19 months of that time overseas.

Visiting Revival Leader Trades Baton for Bible

By TOM COUSINS

From a salary of \$7,000 weekly as a bandleader and singer to the uncertain income of a traveling evangelist is the story of the Rev. Marion Edward McKee.

The evangelist's current engagement in Iowa City is drawing a nightly audience to the Community building where his revival meetings are being conducted. The revival is being held by the Iowa City Church of Christ.

Fourteen years ago under the stage name of Marion Edwards, Rev. McKee was earning \$7,000 weekly in night club and theater engagements, he said. He gave this up because of his conviction

"Although I am sorry about them, my years in the show business have made me a better preacher; but I wouldn't urge young people to try show business," Rev. McKee said.

Rev. McKee was born and raised in Mattoon, Ill. At fourteen he formed his first dance band, a high school group. Later he began entertaining as a singer in nightclubs.

"Superfluity of show business has no depth," he said. "It is all on the 'outside' and everyone is trying to get ahead on others' tough breaks."

"His first break came while he was singing in a nightclub in Decatur, Ill. A wealthy Chicago man who liked his singing offered to back him financially. That followed, he said, he felt "something lacking," and becoming a minister of the gospel, made his life complete.

Rev. McKee attended Bible college at Butler university in Indianapolis, Ind. While in school he taught voice to pay his way. Although he had been making big money, he had wasted it foolishly and was "flat broke" when he entered Bible college, he said.

Both Rev. McKee and his wife are accomplished musicians. Their seven-year old daughter, Lonetta Jones, is a talented singer. Her father said she has been singing publicly since she was two and he believes she is the youngest singing evangelist in America.

In his thirteen years in the ministry, Rev. McKee has traveled over the entire nation. His home is Lexington, Neb., where the church employs two ministers.

Applications Open For Fulbright Honors

Applications for Fulbright scholarships for the 1951-52 school year will be available until Oct. 31, at the graduate college and office of student affairs, Richard E. Sweitzer, Fulbright program advisor announced Saturday.

Fulbright scholarships provide opportunity for more than 600 Americans to do graduate study or research of any kind in approved institutions in 17 foreign countries.

These grants, made possible through the sale of surplus U.S. property abroad, are usually made for one academic year. They include round trip transportation, tuition or stipend, a living allowance and a small amount for books and equipment.

Countries in which grants are available are Austria, Australia, Belgium, Burma, Egypt, France, Greece, India, Iran, Italy, the Netherlands, New Zealand, Norway, the Philippines, Thailand, Turkey, and the United Kingdom.

Peace Petitions, Graduation, Tragedy Highlighted Summertime in Iowa City

By MARVIN BRAVERMAN

Although the absence of first 6,000 and later 10,000 SUI students had a tempering effect upon Iowa City, the past summer was not without its major news breaks, both in town and on the campus.

An attempted suicide, a crippling railway strike and the resignations of several prominent faculty members are only a few of the many news events that affected Iowa City and the campus this summer.

Peace Petitions
Arising from the Korean war was the appearance of an "Iowa City for peace" organization to promote what members called "world peace."

The organization, including about 25 SUI students and Iowa Citizens, denied any connection with any outside group. They said the petition circulated in Iowa City was not the same one condemned by the house un-American activities committee. The petition was circulated on the campus without the approval of SUI.

ROTC Training

Summer training for SUI ROTC students and Iowa City reservists took on an added significance this year in view of the Korean war. Twenty-nine SUI ROTC students attended Camp McCoy, Wis., for six weeks ending July 27, while 100 Iowa City national guardsmen received training at Ft. Leonard Wood during the Iowa-Nebraska encampment.

Thirty-four Iowa City reservists, members of the 410th regimental headquarters, attended Camp McCoy Aug. 20 to Sept. 3.

Instructor Called

First SUI instructor called to active duty in the armed services was Harry Ainsworth, college of commerce. He was assigned to airforce duty Aug. 7. Also called to service during the summer was James L. Julian, graduate assistant in the bureau of newspaper service, Robert A. Stupay, G. Lisle, Ill., was the first SUI student who reported to the armed forces during the current emergency.

Prof. Shoben Resigns

Two SUI professors and one instructor resigned their positions this summer to take jobs at other universities.

Prof. Edward J. Shoben Jr., director of the student counseling office, resigned July 11 to accept a position at Columbia Teachers college, N.Y.

Shoben gained recognition during the murder trial of Robert E. Bednasek when he claimed his interview with Bednasek should be kept confidential. Shoben has been a leader in a movement to license psychologists.

Prof. Edward C. Moore, philosophy department, announced his departure July 24. He left to become head of the philosophy department at the University of Idaho in Moscow, Idaho.

Richard Spencer III, managing editor of the information service for the past three years, became editor of publications at the University of Colorado.

He is the creator of Herky the Hawk, official emblem of the SUI athletic department.

Killed in Explosion

Howard Green, 23, Iowa City air conditioning repair man, was killed in Muscatine Sept. 7 when the refrigeration unit he was installing exploded.

A fellow worker, Lawrence Swails, 25, 1807 C street, suffered fractured ribs, a broken hand and shock in the explosion.

'Drive-Right' Campaign

Johnson county's part in the state-wide "drive right" campaign was termed a success, with no traffic deaths occurring in the county between Aug. 22 and Sept. 5.

Prior to the campaign, Johnson county conducted a three-day vehicle inspection.

Veterans' Checks

World War II veterans enrolled at SUI this fall will not receive their first subsistence checks until November.

This was disclosed just before fall classes opened by the Veterans administration in Des Moines.

Rent Increase Granted

The Johnson county rent control office Sept. 13 granted a 15 percent rent increase to a number of landlords in Iowa City and East and West Lucas townships.

The allowance affected landlords who own structures containing no more than four rental

units. These owners must have had no rent increases since June 30, 1947.

Students Spend Millions
In a survey conducted by two SUI college of commerce professors, it was revealed that SUI students spent \$10,444,060 during the 1949-50 school year.

According to the findings of Profs. Wendell Smith and John Lund, the average male student spent \$921.46 the past year, while the average coed spent \$790. A married couple averaged \$1,632.10.

Mexicans Charged

Twelve Mexican farm laborers were apprehended near North Liberty Aug. 9 and charged with illegal entry into the United States.

Federal immigration inspectors took the group, who had been held in Johnson county jail, to Omaha Aug. 10 for disposition.

Faunce Appointed

Two new deans were appointed to positions at SUI this summer.

L. Dale Faunce, 39, is the new dean of students, succeeding Walter R. Goetsch, who was killed in a traffic crash May 8.

SUI Prof. Walter F. Loehweg, was named dean of the graduate college. He formerly was head of the botany department.

Among the other persons named to new positions this summer were:

Walter Steigleman, associate professor in the school of journalism; Stow S. Persons professor in the history department; John R. Winnie, visiting assistant professor in the dramatic arts department, and Marie Neuschaefer, coordinator of public health nursing in the college of nursing.

Rent Advisory Board

Five Iowa Citizens, including Wilbur J. Teeters, dean-emeritus of the SUI College of pharmacy, were named to the new Johnson county rent advisory board.

The former six-member board resigned June 30, after congress passed the new housing and rent law.

Other persons elected to the board were: Herb Olson, radio station KXIC, chairman; David Whittell, 410 Melrose avenue; Frank H. McCabe, head of the Iowa City Commercial college, and Mrs. Lair Hamilton, 422 N. Linton street.

Wisconsin Pilgrimage

At least 80 Iowa Citizens were among the 100,000 persons who

swarmed back to the eight Iowa city public schools this fall. The two local Catholic schools, St. Mary's and St. Patrick's, also reported record enrollments this fall.

Auto Death

Thomas H. Thompson, 47, Iowa City, was killed Aug. 28 when the car he was driving skidded off highway 218 near LaPorte City.

Thompson was enroute to Charles City where he was employed. He was returning from visiting his family in Iowa City.

Suicide Attempt?

Because he said his fiance had told him she did not want to marry him, Robert E. Smith, 26, Lynden, Kan., jumped into the Iowa river July 22.

Smith managed to swim ashore after the plunge. He was taken to University hospitals for treatment.

City Police Reorganize

The Iowa City police force reorganized its personnel this fall giving the senior men on the squad their choice of three permanent shifts.

Prior to September, the 22 men in the department rotated shifts.

New School Principals

Two men were appointed principals in the Iowa City public schools for the 1950-51 school term.

Burford W. Garner, Maryville Mo., was named principal at City high school, succeeding Ralph A. Austermler, who is now connected with the Waterloo public schools.

Robert K. Sorensen, Spooner Wis., became the new head of Junior high school. He succeeded Otis Walker.

About 33 Iowa Mountaineers returned to Iowa City Sept. 5, after spending nine days scaling the Canadian Rockies.

The 4,500-mile journey included excursions to Moraine lake, Lake Louise, Emerald Lake, Columbia ice fields, Maligne lake and Jasper.

Winter Appointed Dean
SUI Prof. Sidney G. Winter became dean of the college of commerce July 1, replacing Chester A. Phillips.

Phillips, who headed the college since 1921, will continue teaching as professor of money and banking.

Record Enrollment
A record 2,300 boys and girls

were present at Nececan, Wis., Aug. 15 when Mrs. Fred Van Hoof said she saw an apparition of the Virgin Mary.

Those contacted after their return to Iowa City said the pilgrimage was "very inspiring."

Population Hits 45,000

Because of the inclusion of SUI students, the 1950 Johnson county population now hovers around the 45,000 mark.

Previously, SUI students were included in their home town census figures.

Railroad Strike

Normal business activity was reported in Iowa City this summer despite the strike, of 4,000 AFL railway switchmen.

Mail deliveries to and from Iowa City were carried by truck, however.

About 43 local railway employees were off their jobs during the two-week strike.

'Statue of Liberty'

Johnson county Boy Scouts are erecting a miniature Statue of Liberty at City high school to remind Iowa Citizens of their heritage of freedom.

The replica, to be completed sometime this month, will be eight feet, four inches in height from base to torch.

Local Man Killed

Less than five hours after his driver's license was revoked for bad vision, Carol P. Hedges, 25, route 5, was killed Aug. 7 in a traffic crash.

He was killed when the car he was driving overturned one-half mile east of Iowa City.

John R. Graham, Clinton, N.Y.

Hancher Speaks
SUI Pres. Virgil M. Hancher told 853 summer graduates Aug. 9 that their class "may be the first class to be graduated in World War III."

The ceremony was held before 5,000 persons in the fieldhouse. Members of the graduating class represented 92 Iowa counties, 42 states, 11 foreign countries, Puerto Rico and the District of Columbia.

Endorses Truman
Johnson county Republicans and Democrats endorsed Pres. Harry Truman's decision in Korea at conventions in Iowa City June 30.

Republicans denounced the administration's federal deficit spending and opposed the Brannan farm plan. Atty. William F. Morrison was re-elected chairman of the county central committee.

Democrats approved the Brannan plan at their convention. They re-elected Atty. Edward W. Lucas chairman of their group.

Surpass Bond Quota

Johnson county surpassed its saving bond quota in the Independence bond drive by 17 percent, amassing \$525,681. The drive was held from May 15 to July 17.

A seven-year-old boy, son of an SUI graduate student, was rescued by a law student June 15, after the boy had fallen into a pond near Law Commons.

The boy was Mickey Smith, son of Mr. and Mrs. George Smith, Riverside park. His rescuer was

John R. Graham, Clinton, N.Y.

Summertime Enrollment
SUI enrollment during the summer session dropped to 4,534 students, about a 7 percent decrease from the 1949 summer session figure.

Men students outnumbered women three to one, with the graduate college and college of nursing showing the only increases.

Enrollment in the two-week Independent Study unit, Aug. 10 to Sept. 6, was 210.

Dean Ladd Rescues

Dean Mason Ladd, SUI college of law, came to the rescue of two women Aug. 5, after their car plunged down an embankment three miles south of Iowa City.

The women were Corneila Polasky, 22, 1950 SUI graduate, and her sister-in-law, Mrs. Mary Polasky, 23. Both are from Iowa City.

Ladd was aided in the rescue by Robert Ojemann, A2, Iowa City.

Graduates Hear Johnston

Eric Johnston, president of the Motion Picture Association of America, addressed the 1,850 SUI graduates at spring commencement exercises.

During commencement week, the SUI Alumni association, operated informally since 1923, adopted a corporate form at its 1950 annual reunion.

T. G. Garfield, Iowa Supreme Court Justice became the corporation's first president.

Girl Killed

A 17-year-old Iowa City girl, Irene Crew, was killed June 9 in a truck accident near Tiffin, less than 12 hours after she and 140 other City high graduates heard a commencement speaker plead for careful driving.

Those Wonderful Hawkeyes!

A SMALL ARMY OF IOWA FOOTBALL players escorted Hal-back Don Commaek (22) around end for a short gain against Southern California at Los Angeles Friday night. The Hawks were on their way to upsetting the Trojans 20-14, marking the first time Iowa has won a game on the Pacific coast. Iowa players above were End Jerry Long (36), Guard Austin Turner (78), Tackle Hubert

Johnston (37) and Fullback Bill Reichardt (30). The Iowa squad returned Saturday and was welcomed by thousands of fans both at the Cedar Rapids airport and in Iowa City. Coach Leonard Ruffensperger was high in his praise of the Hawkeye linemen and backs, but said the squad would go back to heavy work in preparation for their Big Ten opener with Indiana at Bloomington Saturday.

SOPHOMORE SAFETY MAN BURT BRITZMAN (right) closed in to halt Southern California's Ralph Pucci after Pucci had rambed 22 yards early in the game. Britzman, playing his first college ball, was in the game fulltime on defense for the Hawks. Jerry Faska scored two touchdowns and Don Commaek tallied the third. Bill Reichardt converted on two of three extra point attempts.

Bright Gets 86; Drake Tops South Dakota, 41-13

VERMILLION, S. D. (AP) — Left halfback John Bright took the opening kickoff Saturday night for an 83-yard run to a touchdown and set the pace for Drake's lopsided 41 to 13 triumph over the University of South Dakota. Bright starred throughout the game, accounting for three of the six touchdowns and 21 yards of the 232 Drake gained by rushing. Both teams resorted to an aerial attack with the Iowans completing 17 of 28 attempts. South Dakota attempted 27 and completed 11.

Spartans Stun Wolves

Late Touchdown Nets 14-7 Upset

By JOHN F. MAYHEW
ANN ARBOR (AP) — Fullback LeRoy Crane smashed over the goal line in the final period to break a 7-7 deadlock and give Michigan State a 14-7 victory over Michigan Saturday before the day's biggest crowd, 97,239, in the day's biggest football upset.

Michigan, co-champions of the Big Ten and ranked third in the Associated Press pre-season poll, was favored to win by two touchdowns but Michigan State packed too much power.

Everett (Sonny) Grandelius, 195-pound Spartan halfback, took a pass in the first quarter for the first touchdown, and Crane scored the clincher after Jesse Thomas had carried a Michigan punt back 23 yards to the Michigan 19.

Crane went over on the third play. A huge delegation of Michigan State followers swarmed out of the stadium seats to congratulate the Spartan crew that finally made the grade. The Michigan squad, which hasn't lost an opener since its 19 to 14 loss to state in 1937, walked dejectedly from the field.

Michigan State, which fought Michigan to the wall before succumbing 7 to 3 last year, jumped into this game with fire. Michigan suffered the loss of its star performer, Chuck Ortmann, early in the game.

After the Spartan touchdown, Ortmann ran back the next kickoff 35 yards to his own 36, where he was hit by Bob Carey and State's swift defensive halfback, Jesse Thomas.

On the next play, when Ortmann attempted to pass, he pivoted and sank to the ground. He was removed from the game and never returned, although trainers continued to work on him on the sidelines.

Opening drills for freshmen interested in gymnastics will begin Monday. Coach Norman Holzappel said Friday. The first meeting will be held in the north gymnasiums of the fieldhouse.

SMU Rally Beats Buckeyes

By FRITZ HOWELL

COLUMBUS (AP) — Southern Methodist's Mustangs overcame a 14-point deficit with a 19-point fourth period scoring spree Saturday to defeat Ohio State's Rose Bowl champions, 32-27.

A stunned crowd of 80,672 watched Fred Benners, 190-pound SMU quarterback, put on one of the most scintillating aerial attacks ever witnessed here to pull the game out of the fire.

The tall Texan completed 19 of 34 passes for 306 yards, four of them going for touchdowns in the closing moments of the see-saw contest.

Ohio held a 27-13 edge a minute after the final period opened, and then Benners went into his aerial barrage, which completely befuddled the Buckeye defenders. His opening gun was a 67-yard scoring throw to little Johnny Champion. Three minutes later he tossed 17 yards to H.N. Russell for another score, climaxing a 49-yard aerial journey, and with a minute and 43 seconds to go, he pitched one 18 yards to end Ben White to finish up a 65-yard advance for the winning touchdown.

The SMU ground attack was smothered by the Ohio line, the Mustangs winding up with a minus-seven yards rushing on 18 plays. But the 415 yards piled up by the Texans on 25 completions of 47 passes more than made up for the inability to move on the ground.

Kyle Rote, SMU's all-America candidate, was overshadowed by Benner's sterling performance and that of Vic Janowicz, the Ohio State signal caller.

ILLINI BREEZE ...

CHAMPAIGN (AP) — Illinois mixed a strong running and passing attack Saturday to post 28 to 2 victory over an outclassed Ohio university team.

The game, played before 32,685 spectators in Memorial stadium, was only five minutes old when Illinois' Sam Piazza, 150-pound halfback raced 40 yards for the first touchdown. After that, Illinois dominated the game completely.

Johnny Karras, the Argo express who led Big Ten ground gainers last year as a sophomore, passed for one of the Illinois touchdowns and scored another. Dick Raklovits, who made several dazzling runs, counted the other touchdown.

Dodgers Squeeze Phils, 7-3 Extend NL Race to Final Day

Homers Seal Win For Hustling Bums

BROOKLYN (AP) — Pennant-crazy Brooklyn slashed the staggering Phillies National league lead to one game with one to play Saturday with a delirious 7-3 triumph on the home run bats of Duke Snider and Roy Campanella.

The Dodgers "miracle finish" thus carries into the last day of the season when they again face the weary and wobbly Phils in the pennant game.

By blowing all but one game of a solid 7½ game lead they held as late as Sept. 21, the Phils now must take today's game to clinch that elusive pennant. If Brooklyn wins the two teams will be tied, forcing a post-season play-off. The Dodgers have won 13 of their last 16 games and the Phils have lost eight of their last ten.

Robin Roberts (19-11) will pitch for the Phils today against big Don Newcombe (19-10) in a clash of two pitching aces.

In case it winds up in a tie, President Ford Frick announced Saturday, a best-of-three playoff for the championship starts at Brooklyn Monday afternoon. The second game would be played at Philadelphia Tuesday afternoon and also a third there if necessary.

Philadelphia 500 003 000-3 7 1
Brooklyn 000 010 03x-7 10 1
Miller, Kanstanty (5) and Seminick, Louisa (7); Pallas (12-8) and Campanella. Losing pitcher, Miller (11-6). Home runs—Snider (21st), Campanella (21st).

Irish Survive Tarheels, 14-7

Williams Passing Extends Win Streak

By JERRY LISKA
SOUTH BEND (AP) — Modern football's greatest reign of invincibility tottered but held firm Saturday as Notre Dame, weary and worn, staggered to a 14-7 opening win over a North Carolina team that nearly played the Irish off their feet in the second half.

A 28 yard touchdown pass with only two minutes left, from hero Bob Williams to End Jim Mutscheller, a combination that accounted for both Irish scores, produced Notre Dame's 39th straight game without defeat.

A capacity crowd of 56,430 saw Notre Dame confidently capitalize on two North Carolina fumbles for a 7-0 lead in the first four minutes of the game and then fight with its back to the wall the rest of the way.

The Tar Heels, led by 163-pound halfback Dick Bunting, who almost matched Williams as the day's individual star, slashed 78 yards for a fourth period touchdown by Sophomore Bud Wallace that tied the score at 7-7.

Then came the closing desperation drive by Notre Dame which covered 66 yards and was capped by Williams' decisive heave down the middle to Mutscheller.

Early in the game, Williams stepped back and fired a short pass to Mutscheller in the end zone for the first Irish touchdown.

Wisconsin Romps to 28-6 Win in Opener

MADISON (AP) — Wisconsin had everything its way Saturday as it scored in every period to win its season's opener against Marquette 28-6 before a sellout shirt-sleeved crowd in Camp Randall stadium.

Paced by Quarterback Bob Petruska's accurate passes and Left Half Rollie Strehlow's ground gaining, Wisconsin kept the ball in Marquette territory during most of the first three periods.

COLORADO TRIUMPHS

BOULDER (AP) — Colorado defeated Kansas State, 34-6, in a Big Seven conference game Saturday before 20,000 fans in Folsom stadium.

Washington Surprises Minnesota, 28-13

SEATTLE (AP) — The University of Washington flicked a 200-pound rapier named Hurryin' Hugh McElheny at the University of Minnesota Saturday and punctured a seven-game jinx with a 28-13 football triumph.

A record crowd of 49,500 was giddy with joy over a victory they had waited 14 years to witness. Washington had never won in the long series starting in 1936.

McElheny returned Minnesota's first punt 19 yards to set his style. In a dozen plays around, over and through the burly Gopher line, Washington's Huskies lashed to a touchdown and the lead they never gave up.

Trailing 7-0, Washington came grinding back from its own 20 to the Washington 17. But Washington's defensive line held.

The Gophers got a king-sized break early in the third period when Bob Thompson intercepted McElheny's running pass on the Washington 35. The thrust fizzled on the Washington 8.

Wildcats Dump Iowa State, 23-13

EVANSTON (AP) — Northwestern, an unknown quantity in the Western conference football championship race, defeated Iowa State 23 to 13 Saturday in its 1950 debut before 41,000 fans at Dyche stadium.

After being held to a 7-7 deadlock through the first two periods, Northwestern assured control of the game in the second half with superior line play, a stronger running attack and some surprisingly accurate passing by Quarterback Dick Flowers.

Northwestern's margin of victory was due in a large measure to the running of Dick Alban, Gene and Johnny Miller and Rich Athan. The Cyclones, through the brilliant passing by Billy Weeks, were slightly better in the air with 151 yards gained to 142 by Northwestern.

Latest Addition to SUI Law Faculty
Has Long List of Degrees

By BILL AYERS

Charles W. Davidson, newest addition to the faculty of the college of law, has let few chances for scholastic honor pass him by.

Early in his college career, he became a member of the commerce scholastic honor fraternity, Beta Gamma Sigma, at Ohio State university.

When he graduated from the Ohio State law school in 1949, he was first in his class and was accepted as a member of the Order of the Coif, highest legal scholastic honor society.

In addition to teaching real and personal property at SUI, Davidson will be returning to the publishing field. At Ohio State he was editor-in-chief of the Ohio Law Review. Here he will serve as faculty adviser to the Iowa Law Review.

In his spare time he is writing a book on one phase of the law of future interest.

Davidson fills a vacancy in the faculty created when Prof. Leo Levin accepted a position at the University of Pennsylvania. On the Law Review he replaces Prof. F. R. Kennedy, who will devote his full time to teaching.

Davidson has a B. S. degree in business administration and a juris doctor degree from Ohio State. He received a master of law degree from the University of Michigan in April.

He did research into the economics of public finance for the college of commerce and various research for the college of law at Ohio State.

Davidson taught business administration at Michigan, while finishing the residence requirements for the degree of doctor of science of law. He is still working for that degree.

Davidson was in the U. S. army for five years, most of that time as a captain in the field artillery. He spent two years on the faculty of the field artillery school at Ft. Sill, Okla.

He went into action at the Battle of the Bulge, and saw service in France, Belgium, and Germany.

Davidson, 32, is married, and has two daughters, 3½ and 1½. His wife, Jean, is a former army nurse he met in a Texas hospital in 1941.

Man Ill From Food Poisoning

Ray Swanson, 39, Keosauqua, was taken to University hospitals at 10:30 p.m. Friday when he fell ill, apparently from food poisoning.

Swanson came into the lobby of the Campus Hotel, where he was staying, at about 10:20 p.m. Friday and told the night clerk that he was poisoned. The clerk immediately called the police, who took Swanson to the hospital.

Swanson, who is in town to visit his wife in University hospitals, said he had suffered an attack of food poisoning three or four days before in Keosauqua, the night clerk reported.

Hospitals authorities reported his condition as "fair."

The Holes Have the Answers — Student IBM Cards Speed Up Post-Registration Work

By BETTY MCDANIELS

Printed class lists already have reached instructors. That yellow oblong card someone handed you as you staggered through the last mile of registration was the ticket to a real show of untouched-by-human-hands efficiency.

This was the student master card, a part of the International Business Machine system which furnishes spectacular shortcuts for Registrar Ted McCarrel and his office staff in preparing data required—even before the registration dust settles.

Only a day after registration, statistics of total enrollment of all those who registered according to schedule were available. In less than a week the SUI directory was ready for printing.

the master card.

An IBM counting and sorting machine also speeds special statistical reports which answer such questions as:
How many foreign students are here and from which countries?

What is the total number of new students? Are there more persons here from Wisconsin or Illinois? Are there as many women as men on campus? How many veterans are enrolled? Which high schools in Iowa send the most students?

A general account of the use of the master card shows how a part of the IBM magic works. The statistical service at University hall prepares a master card for every student at SUI.

The service uses a form sent by the registrar's office, with data including the student's name, number, sex, race, birth date, classification, academic major, home address and high school.

On every card are 80 vertical columns and 12 horizontal rows. The position of the punch in these columns and rows designates a number, letter or combination of letters.

Every student calls for his master card at registration and turns it in with his student directory and course cards. The number of the master cards is quickly totaled by machine, and the enrollment count is available.

The information on the master card is printed on all these cards, and data on these is printed on

SUI Student Sues Commerce Instructor

An SUI student's suit against an SUI instructor is set to open in Johnson county district court.

Dale Aunsbach, A2, Newton, has filed a suit for \$225.58 against Milo W. Smith, an instructor in the college of commerce, as a result of a collision last April.

In another case scheduled this week for jury trial before Judge James P. Gaffney, five former SUI students and James Lauman, A4, Sioux Rapids, are suing Vernon Dearmin of Wapello, for a total of \$32,000.

The suit stems from an accident which occurred on an icy hill on highway 218 four miles south of Iowa City in January, 1947. A car driven by Dearmin allegedly struck a car owned by Glen Cullen, Sioux Rapids, and driven by Lauman.

Later the same night, Cullen claimed his car was hit by a truck owned by Doudna and Son company of Columbus Junction.

Biggest amount asked in the petition was by SUI alumnus Otto Anderson, Sioux Rapids, \$25,000. Cullen was suing for \$1,750 from Dearmin and \$534.02 from Doudna and Son.

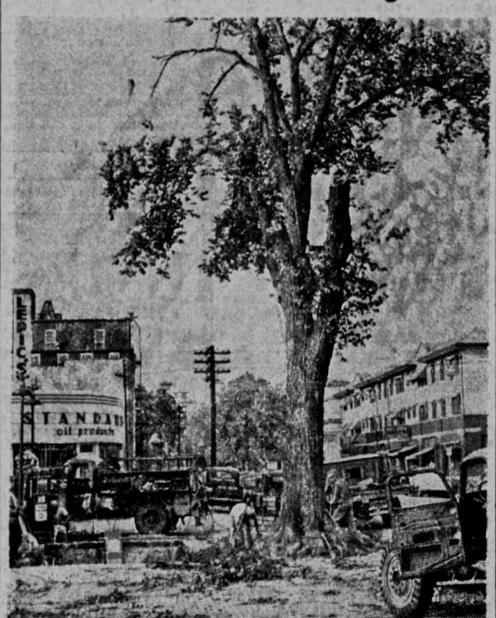

Two other cases were on the docket, but one, Robert Seydel vs. Geoffrey L. Hess for \$12,000 was settled Thursday for \$1,250. The other case has been continued without a date set for trial.

Firemen Quench Blaze From Gasoline Stove

A flaming gasoline stove at the home of Mrs. W. A. Anderson, 530 Ferson avenue, was extinguished Saturday morning by Iowa City firemen.

The firemen quickly put out the fire and carried the stove outside before any damage was done to the house.

Is This Your Impression Of The Average Newspaperboy?

When you think of a newspaperboy do you think of the occasional ragamuffin you used to see on some street corner? . . . Or do you think of the clean-cut, ambitious young fellow who regularly brings the paper to your home?

Today's average newspaperboy is a young fellow who is dependable, honest and desirous of earning his own money. He is gaining invaluable experience . . . practical experience, in addition to his regular school studies . . . Did you know that most newspapers require a boy to have an above average record in school before a route is leased to him? And for a very good reason: the brighter fellows make the best carriers.

Newspapers work very closely with school authorities and with the parents of the boys. It is realized that teenage boys need careful guidance and assistance.
