Russia Proposes Korean Peace Plan

Asks Cease Fire, Withdrawal Of Foreign Troops, Elections

LAKE SUCCESS (AP)—Soviet Foreign Minister Andrei Y. Vishinsky and the Russian bloc submitted a seven-point Korean peace plan to the United Nations Monday.

It called for immediate cessation of hostilities, immediate withdrawal of American and all other foreign troops from Korea and for all-Korean elections observed by a UN committee including Russia and Communist China.

Arraign Riverside Youth Indicted For Manslaughter

Charles Yordi, 21, Riverside, indicted Wednesday by the Johnson county grand jury for manslaughter, was one of six persons arraigned Monday in district court.

Yordi was the driver of a truck which overturned one mile west of Tiffin last June 9 killing Irene Crow, 17, who had just graduated from Iowa City high school.

Yordi's truck skidded around a curve apparently out of control and rolled over on the edge of the highway, according to police. Yordi and two other women occupants were injured.

Yordi was released on \$2,000 bond after pleading not guilty.

Four of those arraigned Monday were indicted by the grand jury for operating a motor vehicle while intoxicated. All pleaded not guilty.

For Earl Gough, Iowa City, and Martin Shebetka, Oxford, it was the second indictment.

Lester J. Gafeller, West Liberty, and Donald Woods, Iowa City, were appearing for the first time.

Walter Kadera, Iowa City, was arraigned for operating a motor vehicle while his driver's license was under suspension for drunken driving. He also pleaded not guilty.

Fee Payments Begin Today

SUI students will begin paying their registration fees today for the fall semester.

University Treasurer F. L. Hamburg said this includes veterans, and all students with scholarships and appointments carrying tuition rebates.

Students will be required to call at the treasurer's office by 5 p.m. Friday to complete registration with fee payment. The office will be open between 8 a.m. and 5 p.m.

The fine for late payment, Hamburg said, is \$2 for the first day, Saturday, and \$1 for each day thereafter.

Student identification card pictures will be taken in the hall below the treasurer's office, after fees have been paid. The cards may be picked up 24 hours later in the same hall.

North Liberty Man Sentenced 10 Years

Elmer H. Raim, 33, North Liberty, was sentenced to 10 years in the state penitentiary at Ft. Madison Monday for forging his brother's name to at least 33 checks.

Raim pleaded guilty at his arraignment Aug. 30 but was not sentenced by District Judge James P. Gaffney at that time. He previously was convicted in Johnson county court of the same charge and served a sentence at the Anamosa reformatory for men.

The check on which Raim was arrested was returned by the State Savings Bank of Swisher because the signature did not resemble that of Raim's brother, Clarence.

The Skelly oil company, 204 N. Dubuque street, cashed the \$60 check to pay for two tires Raim bought.

Parking Tickets Always Get Their Man

Like the Northwest Mounties, parking tickets always seem to get their man.

At least one ticket issued by Iowa City police took the long way around, however. It was issued to a Minneapolis man who evidently got all the way back home before he noticed the little pink slip under his windshield wiper.

Faithfully, he sent the ticket back to Iowa City with a dollar bill, but to a somewhat odd address—State of Iowa, City of Iowa, Iowa City, Iowa, Traffic Department.

Postoffice employees puzzled over it for a while and then sent it on to the University hospitals traffic department. There, traffic clerk F. C. Rea opened the envelope, found the ticket and money, and sent it to the police department.

South Koreans Speed 35 Miles Beyond Parallel

TOKYO (TUESDAY) (AP)—South Korean troops have sped 35 miles beyond the 38th parallel into North Korea and are within about 60 miles of the east coast industrial city of Wonsan, a U.S. 10th Corps spokesman said today.

The spokesman said other South Korean troops of the Capital division are 15 miles north of the artificial boundary but no American units are north of it.

The deepest penetration was made by the republic's Third division. It has moved five miles past the town of Kansong where it was reported Monday. Kansong is 30 miles north of the 38th parallel.

AP Correspondent Tom Lambert said there still was no indication if the South Koreans were advancing on orders from the U.S. Eighth army or on the orders of their own commanders.

Lambert said Communists driven from Seoul were showing signs of flight against U.S. marines advancing at a point about 10 miles due north of the capital. Monday the leathernecks knocked out four Red tanks, killed or wounded 475 Communists and captured 200.

Point System Announced For Homecoming Parade

A point system for judging float entries in the Homecoming parade Oct. 20 was adopted by members of the parade committee Monday evening.

It will be possible for an entry to receive a total of 50 points by the new system, based on these categories:

Beauty, 15; originality, 15; ingenuity, 8; humor, 7, and relation to the theme of the parade, "Hawkeye Highlights," 5.

William D. Coder, chairman of the Homecoming parade committee, said five judges will be selected to evaluate float entries.

A first place trophy will be awarded the entry with the most points.

The number of trophies to be awarded will depend on the number of floats entered.

Two Die of Polio At U-Hospitals; Seven New Cases

Two persons died from polio at University hospitals Sunday. They were Mary Connell, 10, daughter of Vincent Connell, Long Grove, and Arnold Brunstedt, 29, West Branch. Both were admitted for treatment Saturday.

Seven new cases were reported Monday while 10 were transferred from the active to inactive ward.

New cases diagnosed as polio were Marilyn Schneider, 11, Tiffin; Connie Haines, 4 1/2 months, Clinton; Donald Arthaud, 1, Anamosa; Dianne Walljasper, 9, Salem; Vernon Volesky, 21 months, Cedar Rapids; Elizabeth Neebel, 17, Waterloo, and Zenith Snook, 28, Elgin. All were reported to be in "fair" condition.

Transferred from the active to the inactive ward were Franklin Tinkle, 3, Iowa City; Jerold Latweson, 6, Waverly; Roger Silhanek, 6, Elberon; Joseph Kurimski, 15, Lovilla; John Paulsen, 3, Postville; Margaret Louk, 33, Wilton Junction; Betty Young, 28, Cedar Rapids; Donald Cassill, 34, Ottumwa; Jeanne Hendrix, 29, Cedar Rapids; and Mary Morgan, 26, Columbus Junction.

Five others discharged were Diane Cole, 5, Fairfield; Anna Lee Allen, 14, Cedar Rapids; Ingeborg Teepee, 20, Charles City; Ray Teepee, 24, Charles City, and Jean Penaluna, 28, Waterloo.

Iowa-Southern Cal Movies Today

Iowa - Southern California football movies will be shown in Macbride auditorium at 4 p.m. today.

Members of Tailfeathers, SUI pep club, are planning to show movies of Hawkeye games every Tuesday for the remainder of the season.

This is a non-profit project of the Tailfeathers. However, a 10-cent admission is necessary to cover expenses.

Laughton to Open University Lecture Series

Charles Laughton, veteran actor of movies, theater and radio, will be the first speaker in the SUI lecture series this fall.

Laughton will appear Oct. 17 at 8 p.m. in the main lounge of the Iowa Union. He will present a series of readings from famous books. Title of the performance is "An Evening With Charles Laughton."

The program probably will include readings from Shakespeare, Dickens, Thomas Wolfe and the Bible, but Laughton has admitted he never knows exactly what he is going to read when he begins his lecture.

A tattered heap of books is the only scenery Laughton uses in his one-man show.

Local Guard Unit To Accept Enlistees

Enlistments of draft-eligible men will be accepted tonight by Iowa City's 109th medical Clearing company, Iowa national guard, Maj. Stephen C. Ware, company commander, said Monday.

Ware said enlistments will be processed tonight and their enlistment blanks will be forwarded to their draft boards immediately.

Draft-eligible men who enlist in the national guard before receiving notification of being drafted will be deferred so long as they are active in guard training and perform adequately, he said.

Enlistees will be required to drill twice a week for two-hour periods and will receive a full day's army pay for each two-hour drill period.

Mercury Skids To Chilly 44

Iowa City pulled up its coat collars Monday as the mercury dropped to a chilly 44 degrees during the night, giving the first sign the weatherman knows summer is over.

Although the temperature climbed to a comfortable high of 75 degrees in the Iowa City area at noon Monday, the mercury began to drop shortly afterward as northwest winds brought in the cooler air.

This area was not alone in feeling the first threat of winter. The first snow of the season fell in Montana, and the forsythia got mixed up in its seasons in Brooklyn. The plant which usually blooms in the spring sent out its blossoms in the strange mixture of hot and cold weather.

Another U.S. Destroyer Damaged by Mine

WASHINGTON (AP)—Damaging of another American destroyer by a mine off the coast of North Korea was disclosed by the navy Monday.

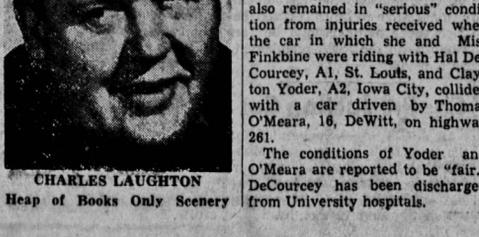

Seven men were injured when the U.S.S. Mansfield struck a mine Saturday, 40 or 50 miles north of the 38th parallel and off the east coast of the Korean peninsula, the navy said.

Sally Finkbine Now Conscious

Sally Finkbine, 33, Storm Lake, injured in an automobile accident Sept. 22, has regained consciousness, but remained in "serious" condition, University hospitals officials reported Monday.

Sue Rightmire, 41, Des Moines, also remained in "serious" condition from injuries received when the car in which she and Miss Finkbine were riding with Hal DeCoursey, 41, St. Louis, and Clayton Yoder, 42, Iowa City, collided with a car driven by Thomas O'Meara, 16, DeWitt, on highway 261.

The conditions of Yoder and O'Meara are reported to be "fair." DeCoursey has been discharged from University hospitals.

'Happy' Still First in Line for Tickets

"Happy" set up housekeeping last week in a packing box tent in Philadelphia. He hung the "congratulations" sign on his "home-at-Shibe-park" as soon as he heard the Phils won the National league pennant. (World series pre-story; another picture on page 4.)

Plans Tentatively Prepared For Production of 'Panacea'

Plans for the fourth annual presentation of "Panacea," all-student musical comedy, were tentatively prepared at a meeting of the Student council's Panacea committee Sunday.

Chairman Edward Diekmann, E3, Ottumwa, said Monday that matters of budget, dates, organization and production were discussed.

Two week-ends are under consideration for the presentation of the show, one in late November and the other in early December. The selection of dates will be announced after the committee meets Sunday.

The winning script, chosen from a contest which closed Saturday, will be selected this week and the winner announced as soon as possible. Candidates for "Panacea" director will be interviewed by committee members during the week.

Financial backing, Diekmann said, is virtually assured by substantial guarantees from the SUI Student council and Omicron Delta Kappa, men's honorary leadership fraternity.

Applications are being sought for the positions of business manager, ticket sales manager and publicity and advertising assistants.

Iowa City Council Accepts Paving Bid

The Iowa City council Monday night accepted the William Horabin Contracting company bid of \$38,490.06 for paving of sections of Main and Prentiss streets and Seventh avenue.

The council, however, asked that Prentiss street be stricken from the contract for a 30-day period until a "fair and just" assessment for the property along the street can be determined.

This action was prompted by City Atty. William H. Bartley's suggestion that work on Prentiss street should not begin until assessment rates for property on the street be fixed to current values. He estimated current assessments to be half of present real estate costs.

Work on the other two streets is expected to begin within three weeks. The project is expected to take eight months to complete.

Military Contracts Given Top Priority

WASHINGTON (AP)—The government Monday ordered into effect a mandatory priority system giving the armed forces first call on the nation's industrial assembly lines.

The national production authority (NPA) issued the regulation, effective today. It directs all plants to accept and fill any order bearing the priority rating—shunting aside civilian work if need be to meet the defense timetable.

The overriding military contracts will carry the new symbol "DO," for "defense order." This rating may be used by the defense department and the atomic energy commission. Its enforcement is backed up by criminal penalties.

Two Men Fined \$300 For Drunken Driving

Two persons were fined \$300 each Monday by District Judge James P. Gaffney for operating a motor vehicle while intoxicated.

Vincent A. Murphy, Oquawaka, Ill., and Luther Hertz, 616 E. Bloomington, pleaded guilty to County Atty. Jack C. White's information.

Community Chest Reaches 8 Percent

Eight percent of the goal for Iowa City's 1951 Community Chest fund was reached after the first two days of the drive.

As of noon Monday, \$2,255 had been contributed toward the \$28,468.24 goal, Chairman Elbert E. Beaver announced.

Iowa Citizens are being urged to contribute four hours' pay or two percent of their salaries to the annual Community Chest campaign which began last Friday and ends next Saturday.

Expect Completion Of Library by Dec. 1

SUI's new library building will be completed Dec. 1 unless the present shortage of materials continues, SUI architect George Horner said Monday.

If the shortage continues, the library will not be finished until the end of the second semester.

At present the plumbing and heating is 90 percent complete and the wiring has been finished, Horner added.

Bids for additional light fixtures and partitioning will be received in November, he said.

Bids for the steam service will be opened Oct. 13.

Library officials hope to move in during Christmas vacation.

### Chance to Enter Homecoming Parade —

An excellent opportunity has presented itself to certain campus organizations this year. Some of the smaller fraternities, clubs, social and professional groups which are financially weak, will have the opportunity to do two things: they can be represented in the Homecoming parade Oct. 20, and they can have a hand in making this year's celebration the biggest the campus has ever seen.

William D. Coder, director of veterans service and chairman of the Homecoming parade committee, has announced plans in which local business establishments will supply financial means for building floats if a university organization will supply the ideas and work.

Many organizations last year, the first year a Homecoming parade was staged, were unable to enter a float simply because their treasuries couldn't stand the drain. There is no reason to believe the members of those particular groups were any less capable than others to do the creative work necessary.

Absence of floats in most instances merely meant an absence of funds.

Under this year's plan the parade can be even bigger and more beautiful than the gala procession we saw last October. We would like to see the event grow in magnitude, beauty and ingenuity each year, until the entire state considers Homecoming day here one of the biggest celebrations in Iowa.

Every organization on campus which has no treasury of its own, or which has a nearly depleted treasury, should contact the parade chairman right away to find out the details for securing the backing of a local business firm.

Lack of funds is no longer an excuse for not entering the parade. All an organization needs is an idea to conform with the parade's theme, "Hawkeye Highlights."

### You and Your Roommate —

#### KEEP SMILING!

**WHAT MAKES a good roommate?**  
That's a vital question for students who have been thrown together in a new environment.

The "college board" of the Going-to-College Handbook this year, made up of 150 students from all over the country, agreed:

A good roommate is considerate about lights, radio, use of the room, and so on; respects personal property and privacy; is loyal; goes at least half-way, helps keep a neat room; can discuss controversial questions in a bull session without getting ruffled; makes reasonable adjustments; keeps regular hours; and cultivates a cheerful disposition.

An undesirable roommate thinks chiefly of self; makes unreasonable demands; betrays confidences; borrows without asking; leaves things scattered around; argues heatedly; is noisy—and noisy; comes in late and wakes everybody up; is too solitary—or too sociable.

That's a pretty good checklist for every student. Better than waiting for your roommate to show it to you, re-read the list with self-criticism in mind.

You're a student of human relations as well as scholastic problems.

### Grains, Stocks Up; Livestock Down

**CHICAGO (AP)**—A sudden upward thrust by soybeans in the closing minutes provided a climax Monday for a steadily advancing grain market.

All cereals turned in a fairly impressive display of strength, particularly in view of the gains of late last week. Corn set the pace at the start. Later, it was wheat and beans which came to the fore. Most contracts ended at the day's highs, except for oats.

Wheat closed at 1 1/2 higher, corn 1 1/2 to 2 1/2 higher, oats 1/4 to 1 cent higher, rye 1/2 to 3/4 higher, soybeans 2 1/2 to 4 1/2 higher, and lard 20 to 28 cents a hundred pounds higher.

Below freezing temperatures were predicted for Minnesota and the Dakotas Monday night. Some corn may be caught in that area. Even more may be damaged in Iowa, where the forecast was for a low of 25 to 30 in the extreme northwest to the middle 50s in the southwest.

### Small Declines

**CHICAGO (AP)**—After a slow start, trading in live hogs turned moderately active Monday on price declines amounting to 25 to 35 cents a hundred pounds. Cattle were mostly steady to weak, vealers steady to \$1.00 lower, lambs steady to weak, and ewes strong.

Receipts were estimated at 13,000 in the hog alleys compared of 10,707. Most butchers sold from \$18.00 to \$20.40, a top of \$20.50 being paid but sparingly. Sows took \$16.75 to \$19.50. Clearance was good with shippers taking about 1,500.

Medium to choice steers ranged from \$26.00 to \$32.50 with a few loads grading choice to prime meriting \$33.00 to \$33.50. Good to choice heifers fetched \$28.75 to \$30.50, one load testing choice to prime moving up to \$32.00. Good cows topped at \$23.00, sausage bulls at \$28.00, and vealers at

\$34.00. A load of choice yearling feeders took \$32.00, most good and choice feeding steers and yearlings ranging from \$28.00 to \$31.50.

### New High

**NEW YORK (AP)**—A big scramble to buy stocks gave a vigorous thrust forward to prices Monday.

Gains ranged downward to fractions from the astonishing 20 1/2-point rise of Nickel Plate railroad. Plenty of stocks posted advances running from 1 to more than 4 points.

The Associated Press average of 60 stocks picked up \$1.50 at \$84.20, reaching not only a new 1950 high, but also a peak for a period stretching all the way back to Feb. 28, 1931.

The factors contributing chiefly to the further upswing in stock prices were increased fears of inflation, news of planned production increases, juicy dividend declarations and reports of proposals — none of them confirmed — to split stocks.

### Truman-Nehru Parley Asked by Lattimore

**CHICAGO (AP)**—Owen Lattimore said Monday night that President Truman should journey to India for a meeting with Premier Nehru as a move to win the support and alliance of free Asia.

The far eastern affairs expert said Mr. Truman should make the proposal for the conference, and invite representatives of free countries in both Europe and Asia to attend.

"The voyage to India would deflate the Russian and Communist propaganda that America is trying to impose a policy on Asia. It would dramatize America's need and desire to know what Asia thinks should be done in Asia," he said.

### Educational Group Plans \$35-Million Request of State

**DES MOINES (AP)**—The Iowa State Education association announced Monday it had decided to postpone promotion of a "minimum foundation" school aid fund calling for a certain budget a classroom unit.

Charles F. Martin, secretary of the association, said the ISEA decided at a weekend meeting to drop its "minimum foundation" plan for two years and instead ask the 1951 legislature to grant \$35-million a year under the present system.

The "minimum foundation" plan would require state support to assure each school district \$3,800 a classroom unit in high schools and \$2,650 a classroom unit in elementary schools.

It was estimated the plan would require \$85-million a year from state and local funds. The state probably would be required to furnish \$35-million of that amount, ISEA officials said.

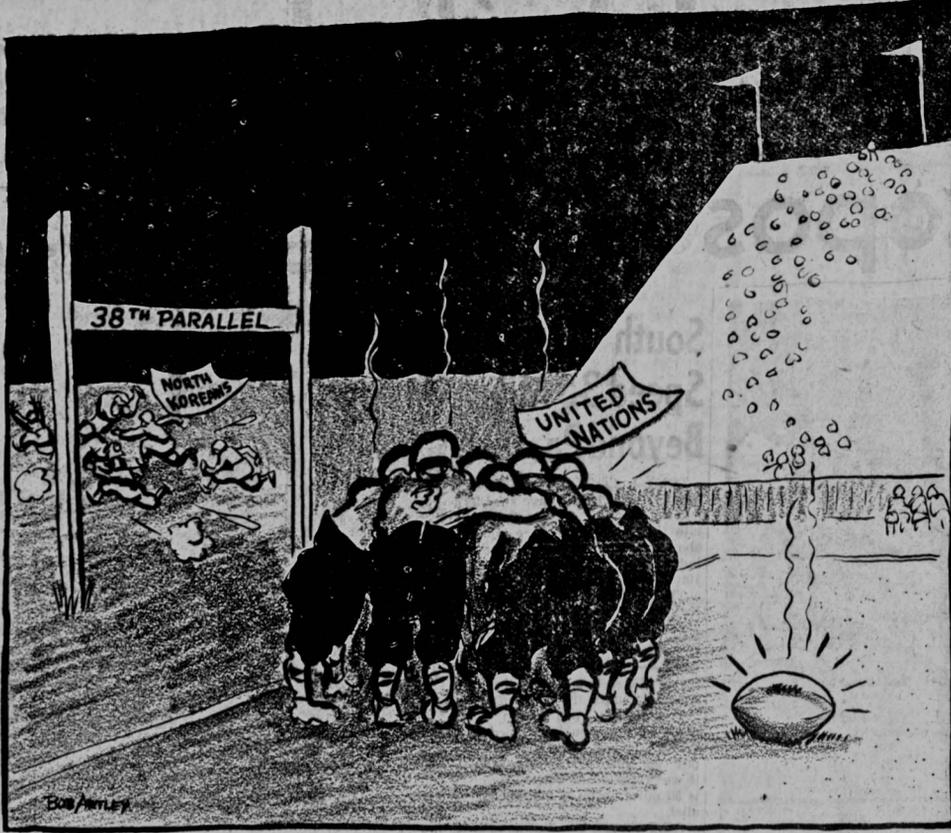

The plan was drawn up last August by a research committee appointed by the state public instruction department. However, amendments later were made to the original plan.

Martin said that conferences with county education association officers indicated the amendments "would have to be considered before the program would be acceptable to the ISEA membership as a whole."

### Car Production Cut

**DETROIT (AP)**—Spokesmen for the automobile industry said Monday that the nation's rearmament drive may cut production of cars and trucks by 10 to 15 percent within the next 12 months.

### Disagrees with Review . . .

**TO THE EDITOR:**  
Upon reading your recent editorial, "Western Front A Classic," in the Sept. 29, 1950 issue of The Daily Iowan, it occurred to me that a misinterpretation was included in an otherwise good editorial.

I refer particularly to the reference concerning the "timeliness" of the film, "All Quiet on the Western Front," as contrasted with another film which was implied to be Cecil B. de Mille's recent production, "Samson and Delilah."

After seeing both films, it appears that the latter film is just as "timely" and possibly more vital today than a repetition of what generally is thought of as a fatalistic attitude toward war. Perhaps humanity is as much in need of the truth behind the crumbling temple as "with the crumbling of a blood-and-guts world."

John P. Fry  
SUI Grad Student  
(Editor's Comment: The "otherwise good editorial" was misinterpreted. It was not an editorial at all but a movie review by Jack Larsen.)

## School Utilizes Retired Brains

**NEW YORK (AP)**—Is a man, sound in mind and body, ever too old to teach?

The new school for social research is setting out to get an answer to this question with a new faculty, headed by a retired college professor and staffed by retired professors from leading colleges and universities.

Each year, ten retired professors will be invited to give a series of 15-lectures for which each will be paid \$1,500. Those that prove "popular" will be retained as regular members of the faculty.

Their main business will be to give advanced courses for college graduates and other adults in special courses. They will teach their subject without fancy frills and jargon usually surrounding teaching in the under-graduate level.

Dr. Alvin Johnson, president emeritus of the new school, is originator of the plan and head of the new faculty.

"We are developing in this country a system of forced retirements at fixed ages," said Dr.

Johnson. "Instead, we should be applying part of the engineering talent now concentrated upon technological problems to map out, in each institution and in each business enterprise, plans for directing its aging personnel toward functions less dependent on physical elasticity and more mental steadiness and reliability. Let us have no dated retirements; no pensions without disability.

"In education, compulsory retirement of college professors is a widely accepted institution. Some professors welcome it, but most of those I know are not happy with their enforced leisure.

"We are on the eve of an immense expansion of adult education at various levels," Dr. Johnson said. "There are hundreds of thousands of college graduates who have come to realize that when they left college education was for them unfinished business.

"They would gladly 'go back to school,' but not to the 'second eleven,' to the cub instructor with his morale bolstered by roll calls, quizzes, and college credits. These

adults want contact with mature scholars, men who by long teaching experience have learned how to give the gist of a subject without pedagogical irrelevances. Mature men and women care more for content than method. They need the intellectual association of men wise enough to check their academic phraseology outside the door, who recognize that intelligence is not contained within a fence of degrees and academic honors."

"Frankly, I'm out for education reform," Dr. Johnson says. "After 30 years of teaching the same routines a man may be stale. But with new people, adult people, he gets a fresh start. He gets a chance to increase a retirement pension averaging \$3,500 a year. He performs a service to the community and also to the institution.

"My thought is that once a retired professor gets a chance to show what he can do in adult work at one college, he will be a time at other universities, so invited to carry on, a semester at long as he is physically able."

## Uncle Sam Makes Books 'Talk' for Blind

**By DEANE and DAVID HELLER**  
Central Press Correspondents  
**WASHINGTON**—Ever hear of a talking book?

Chances are that you haven't, but as you read these words, somewhere — on the plains of the Dakotas, along the bayous of Louisiana, or on the coast of New England, a blind person is attentively listening to a book that does "talk."

One of the least known and most heart-warming of the myriad services furnished by our federal government is a program of furnishing talking books to the blind.

A talking book is simply a series of phonograph records on which the entire book is recorded. Sometimes the book is dramatized, much like a radio play. More often it is read by a radio or stage personality chosen for a clear, pleasant voice. Most of the readers are volunteers.

Contrary to popular belief, the vast majority of blind persons cannot read by Braille. They are cut off in their world of inky blackness except for the human voice. To them the talking book is literally a godsend.

Congress began a program of providing books for the blind in 1933, placing administration of the work with the library of congress, division of the blind. In addition to talking books, the library has 4,000 books in pressed Braille, copies of which are sent to local libraries and welfare agencies in the states and loaned to the blind through them.

Volunteers, many of them blind, working for a dollar a year, have transcribed into Braille some 50,000 single copies of other books not popular enough to warrant pressing.

The books (phonographs and all) are available to blind persons in any part of the United States.

**TRUMAN RESTS ON YACHT**  
**ABOARD YACHT COMMANDER, CHESAPEAKE BAY (AP)**—President Truman basked in the warm sunshine of Indian summer aboard the Presidential Yacht Williamsburg Monday, taking it easy on the third day of eight-day cruise.

Even shipping charges on the spent on talking books.

The average talking book takes about 11 hours to "read." Seventeen hundred titles, ranging from "Mrs. Wiggs of the Cabbage Patch" to Ernie Pyle's "This Is Your War," and from packaged disks are paid by the government. In 1950, congress appropriated \$1-million to carry on the work. Three-fourths of it was

dedicated to scientific explanations of atomic energy, are available. The Bible is by far the most popular selection.

Besides cheering the long, never-ending hours of the blind, talking books have another purpose. They educate and train. Books on physics, chemistry, electricity, geology, gardening, handicrafts, and other subjects help rehabilitate the blind and enable them to find places for themselves in society.

HE'S READING ONE of his favorite books. For the many blind who can't read Braille, the recorded book is one means of penetrating their world of darkness.

## Delta Delta Delta Wins Scholarship Cup

Delta Delta Delta, social sorority, won the Panhellenic scholarship cup for the second consecutive year Monday evening at the annual Panhellenic scholarship dinner.

The sorority maintained the highest grade point, 2.714, of any SUI sorority last year.

Second place winner was Kappa Kappa Gamma, with 2.703, and third was Chi Omega, with 2.619. The average of all sororities was 2.5.

Approximately 650 SUI sorority members, advisors, housemothers and special guests attended the dinner in the main lounge of the Iowa Union.

President Virgil M. Hancher praised the SUI sororities for maintaining high scholarship.

Jo Fran Kouba, A3, Cedar Rapids and Panhellenic scholarship chairman, was mistress of ceremonies and gave a history of the scholarship cup.

Special guests were President and Mrs. Hancher, Dean and Mrs. L. Dale Faunce, Dean and Mrs. Dewey B. Stuit, Dean and Mrs. Sidney G. Winter, Dean and Mrs. R. A. Keuver and Helen Focht.

Emily Pratt, A4, Council Bluffs, Panhellenic president, presented the cup to Marilyn Anderson, A4, Princeton, Ill., scholarship chairman of Delta Delta Delta.

This is the fifteenth year the women's Panhellenic association has sponsored the presentation of the scholarship cup. The cup, a traveling award, must be won three consecutive years to remain in the permanent possession of a sorority. The present cup is the third cup that has been in circulation.

ADMIRING THE PANHELLENIC SCHOLARSHIP CUP after winning it Monday night were Delta Delta Delta members Cyrena Dingle, A2, Ottumwa; Jerri Briggs, A3, Des Moines; Marilyn Anderson, A4, Princeton, Ill.; Delores Brechwald, A2, Ft. Dodge; and Patricia Richey, A2, Des Moines.

## Play School Post Given Mrs. McGuire

Mrs. Kirk C. McGuire has been appointed director of the Veterans' Play school, the school's executive council announced Monday.

She will be introduced at the first parents meeting of the year at the school, Currier cottage 12, E. Bloomington street, at 8 p.m. Wednesday.

Ruth Updegraff of the Child Welfare Research station will speak at the meeting. Plans for the year will be discussed.

Mrs. McGuire received her B.S. degree in child development from low Sate college, Ames, in 1944. She has been supervising recreational activities at Children's hospital since then.

### NURSES APPOINTED

Two nurses have been appointed to the Psychopathic hospital staff, acting superintendent of nursing Jean Butler announced Monday. They are Caroline Mae Franck and Mary Louise Costello, both of Davenport.

## 'Profile Previews' To Begin Rehearsals

Rehearsals for Profile Previews, annual style show sponsored by the University Women's association, are scheduled to begin at 7 p.m. today.

Chairman Doris Horslund, A4, Waterloo, said that tonight's rehearsal will be for models wearing casual clothes and the rehearsal at 7 p.m. Thursday will be for dressy clothes.

All rehearsals will be in the ladies' lounge of the Iowa Union. Members of the committee in charge of models at rehearsals are Barbara Bender, A4, Des Moines; Shirley Skelly, A3, and Sue Manbeck, A4, Des Moines.

The Previews will be open to the public Oct. 12.

### Church to Hold Supper

The Iowa City Presbyterian church will hold a family potluck supper at 6:15 p.m. Thursday at the church.

Those wishing to attend are asked to bring table service, sandwiches and food to share. The church's Pollock circle will provide coffee.

### Panhellenic Juniors To Discuss Scholarship

The Junior Panhellenic association will hold a panel discussion on scholarship at 4:30 p.m. today in 221A Schaeffer hall, Chairman Margaret McRoberts, A4, Des Moines, said Monday.

The meeting will be open to all sorority pledges, scholarship chairmen and pledge trainers.

Speakers on the panel will be Joan Sywassink, A4, Muscatine; Nancy Wilson, A4, Des Moines; Sue Orsborn, A3, Red Oak, and Nancy Adler, A3, Winnetka, Ill.

Jo Fran Kouba, A3, Cedar Rapids, Panhellenic scholarship chairman, will be in charge of the program.

### Ten SUI Highlanders To Present Skit Tonight

Ten SUI Scottish Highlanders will present a short skit for the engineering student-faculty mixer scheduled for 7:30 p.m. today in the Community building.

All pre-engineering and engineering students are invited to attend the mixer to become acquainted with faculty and staff members.

## SUI Newman Club To Present Dance

The Newman club will present "Autumn Serenade," its annual informal fall dance, Friday from 9 p.m. to midnight in the main lounge of the Iowa Union.

The Newman club queen and her attendants will be presented at intermission, Chairman Tom Ryan, G. Brooklyn, Iowa, said Monday.

Bill Meardon and his orchestra will provide music.

Dance tickets may be purchased from Newman club members, at Racines and Whetstone's drug store.

Dance committee members are Ryan, Robert Newman, A2, New York, N.J.; tickets: Virginia Wise, A3, Cherokee, and Kathleen Kelly, A4, Des Moines, decorations.

## SUI Graduates Married

Dr. and Mrs. Rolf Kruse

## Lois Ann Schaller, Rolf Kruse, Wed At Cedar Falls

Lois Ann Schaller, Cedar Falls, was married at 2:30 p.m. Saturday to Dr. Rolf Kruse, in the Evangelical United Brethren church, Cedar Falls.

The bride, daughter of Mr. and Mrs. Louis W. Schaller, Cedar Falls, attended Vanderbilt university, Nashville, Tenn., and is a 1947 graduate of SUI. She received her master's degree from SUI in 1948.

Kruse, son of Mrs. Henry H. Kruse and the late Dr. Rolf Kruse, Rockford, received his B.A. and M.D. degrees from SUI, where he was affiliated with Phi Beta Phi, medical fraternity.

The Rev. J. I. LaFavre officiated at the double ring service. He was assisted by the Rev. P. Hewison Pollock, Iowa City.

Carol Jean Schaller, Cedar Falls, sister of the bride, served as maid of honor. Carolyn Covert, Cedar Falls, A4, and Elaine Ellis, Manning, attended the bride as bridesmaids.

Frank N. Stepanek Jr., A4, Cedar Rapids, brother-in-law of the bride, was the best man. Ushers were Dr. Clayton Schmidt and Dr. James Struthers, both of Milwaukee, Wis.

Immediately following the ceremony, a reception was held in the church parlors.

## Ceylon Woman Will Study Audio-Visual Aids

Mrs. Theja Gunawardena, vice-president and chief organizer of the Association of Women's institutes, Ceylon, will come to the SUI campus this week for training in the use of audio-visual materials.

Mrs. Gunawardena was sent to Iowa for special instruction under the direction of Lee W. Cochran, executive assistant in the SUI extension division, upon request of the U.S. office of education.

Mrs. Gunawardena has been active in social work since 1936 in Ceylon. One of her chief interests is the revival of ancient arts and crafts in that country.

While on the SUI campus she will study operation of the 16-millimeter motion picture camera and projector, making of filmstrips and slides, film editing and operation of tape and wire recorders.

Her knowledge of these audio-visual aids will be an aid in her adult education work in Ceylon.

On a three-month tour of various cities and universities throughout the country, Mrs. Gunawardena will leave Iowa City Sunday for a similar visit at the University of Chicago's school of social work.

## Author Cassill Writing Another Book

By WAYNE DANIELSON  
SUI English instructor Verlin Cassill, 31, who had his novel, "The Eagle on the Coin," published Sept. 18, is already hard at work on another book.

In fact, Cassill has not even had time to read "The Eagle" in finished form; he has been too busy writing and teaching in the SUI writer's workshop.

But Cassill had read the manuscript at least seven or eight times while it was being published.

"Some portions I read hundreds of times," Cassill groaned.

He called the production of the novel "the purest kind of drugery." But he hastened to say that he still liked the story in spite of all the work he spent on it.

The author was not eager to talk about his next book, because it is still in the formative stage. However, he did recount the story of how he wrote "The Eagle on the Coin."

The novel grew out of a short story he started in the summer of 1949.

"As I wrote, new ideas and experiences came to me," Cassill said, "and before I knew it I had the beginnings of a novel."

The book concerns some citizens in a Mississippi valley town who try to get a Negro elected to the school board.

"The story is an examination of the emotional, cultural and economic strain which results," Cassill said.

During the first four months of writing, the brown-eyed young author worked six to eight hours a day. Later, while revising his work, he spent two months writing four to five hours a day.

Cassill flashed a quick smile as he said that the acceptance of the novel for publication was "no climax." He had been in contact with the publisher for months preceding that date.

Cassill said that he has plans for four more novels and has ideas for "many" others. He intends to stay in the teaching profession for a while at least.

He wrote his first short story while a freshman at SUI. It was about a young woman driven to hysteria by her romantic attachment with a truck driver.

During the war he served 32 months in the South Pacific as a lieutenant in the medical administration corps. He used his experience as background in the short story, "The Conditions of Justice," which won a \$750 prize from the Atlantic Monthly.

As in his novel, the central problem of the story concerned the status of a Negro. In this case, the Negro was a patient in an army hospital.

Cassill received his M.A. degree from SUI in 1947 after completing a group of short stories for his thesis.

He lives at 1819 G street. His wife, Kathie, is a librarian in the journalism reading room.

For a hobby, Cassill still dabbles in drawings and water colors. His painting, "Small Town Evening" won fourth prize at last year's "Artists Along the Mississippi" contest in Davenport.

Asked what he considered the hardest part of writing, Cassill replied: "Just getting started."

Yankee Manager Stengel Names Raschi to Hurl First Game

# Celebration Over, Phillies Calmly Await Series Opener Wednesday

PHILADELPHIA — After a bedlam celebration that threatened to put new cracks in the Liberty bell, the Philadelphia Phillies calmly digested the news Monday that they will face New York Yankee ace Vic Raschi in the world series opening at Shibe park Wednesday.

The kid Phillies, some of whom woke up Monday morning with the first hangovers of their young lives, didn't think the announcement of Raschi as starting pitcher was cause for additional headaches.

Most of them knew already that Yankee Manager Casey Stengel

had switched from earlier plans and was going with his big 21-game winner in the series opener, following with another right hander, Allie Reynolds, in the second game, and switching to a southpaw, Ed Lopat, in the third, which will be at Yankee stadium.

But it didn't bother them. Least concerned was Manager Eddie Sawyer, who for the first time in a week wasn't wearing that worried look.

"We've got to face him sooner or later, so it might as well be right away," he said.

Sawyer was not yet ready to

reveal who will oppose Raschi in expected warm and fair weather come Wednesday as 34,000 fans crowd into the dingy little north Philadelphia ball yard.

If workhorse Robin Roberts can take it he probably will be asked to go again. The handsome kid pitcher, who turned in a magnificent five-hitter against the Dodgers Sunday, worked three games in the last five days of the season, and will be making his fourth start in eight days if he goes in the opener in this first world series for the Phillies since 1915.

Manager Casey Stengel of the Yankees not only was naming his own hurlers for three games, but was doing some fancy guessing on the Philly flingers. He thought that Sawyer would by-pass the over-worked Roberts and use veteran lefty Ken Heintzelman, even though he has won only three games all year long.

"Guys like Heintzelman gave us trouble in our own league this year," said the wily Stengel.

The Phillies are quoted all the way from 12-5 to 2-1 underdogs in the betting.

# Joe Says He May Fight Again

NEW YORK — Joe Louis once more kicked the lid off his pugilistic coffin Monday by admitting he might fight again.

Bomber Joe, with left eye and left cheek still badly swollen, said he would decide "in about a month" whether to try for a return title shot at Heavyweight Champion Ezzard Charles.

It was Charles who gave Louis such a thorough 15-round trouncing at Yankee stadium Wednesday night that the Bomber immediately announced his second retirement from the ring.

That retirement was "just one of those things done in excitement after the fight and without full consideration," explained the big, battered, 36-year-old Negro

Monday during his first public appearance since the fight.

To prevent the reporters at his press conference from being completely staggered by Monday's turn of events, Joe emphasized that he wouldn't decide definitely about fighting again until he and Trainer Mennie Seamon had reviewed motion picture of the fight and had "taken them apart."

However, Seamon's attitude indicated that Louis has definitely decided to continue fighting. He said, "With four months of training and with no cold, Joe would make a much better showing than he did Wednesday night."

### Tennis Candidates

All candidates for the freshmen and varsity tennis teams, who have not already done so, should report to the varsity courts at the fieldhouse any afternoon this week, Coach Don Klotz said Monday.

OUTFIELDER DICK SISLER, who brought the Philadelphia Phils the 1950 National league pennant with his 10th inning home run against Brooklyn Sunday, waved happily from the second-story porch of his Norristown, Pa., home Monday. The entire front of the house was decorated by his family and friends.

# Confidence Bolstered, Hawks Prepare For Indiana

The spirited Iowa Hawkeyes, their confidence bolstered by Friday night's 20-14 upset victory over Southern California, returned to the practice field Monday to prepare for the opening of the Big Ten season.

The Hawks will meet six conference foes on successive Saturdays, three on the road and three at home. The grind starts Saturday when Iowa meets Indiana at Bloomington.

Then in the following weeks, Coach Leonard Raffensperger's squads plays Wisconsin, Purdue, Ohio State, Minnesota and Illinois.

Raff and the rest of the coaching staff were pleased with the performance of the linemen and

backs in the Trojan game. Pat Boland's line turned in a splendid defensive game, Bob Fitch seems to have found a pair of reliable ends in Jerry Long and Bob Hoff and Bernie Masterson's backs turned in the hard running game that was forecast.

Halfback Jerry Faske was the big gun in the running attack, rolling up 124 yards in 14 carries and scoring two touchdowns. But backs Glenn Drahn, who guided the Hawk attack and threw to

Faske for one score, Bill Reichardt, Don Commack and Duane Brandt came in for their share of ball-carrying honors.

Only casualties of the Trojan game were Chuck Denning and Harold Bradley, both of whom pulled muscles. Both will be ready for Saturday's game along with Fullback Mike Riley, who was used sparingly against USC.

Fullback Jerry Nordman, out with a bad knee, is the only name on the injured list. Nordman will

probably miss the Hoosier contest, but should be back for the Hawks' home opener against Wisconsin Oct. 14.

Monday's practice was devoted to signal drills and wind sprints as the Iowa squad loosened up sore muscles.

Scouts Maury Kent and Wally Schwank, who watched the Hoosiers rally to tie Nebraska, 20-20, Saturday, reported to Coach Raffensperger Monday. Both said Indiana had speed and deception,

costly fumbles hurting the Hoosiers' chances for a victory.

Iowa's chief worry is reading a defense against the southpaw passing of Lou D'Achille. The Hoosier sophomore's main target is Clinton Anderson, who tallied Indiana's only touchdown against Iowa a year ago. Iowa won that Homecoming battle 35-9, on the strength of a second half rally.

### Lettermen Club to Hold First Meeting of Year

The SUI Lettermen's club will hold their first meeting of the school year at 7:30 p.m. today in room 334 of the fieldhouse.

President John Dinzole Monday strongly urged all members to attend the meeting.

# Everyone Excited over Jerry, Except Jerry Himself — Faske Lauds Hawks' Spirit, Coordination

By JACK SQUIRE

Everyone and his grandmother, it seems, is excited over Jerry Faske. Everyone, that is, except Jerry Faske, himself.

While sports writers and fans continue to recount the spectacular deeds of Iowa's 185-pound thunderbolt, who scored two touchdowns and gained 124 yards against Southern California Friday night, Faske was looking

ahead to future events.

"This looks like it's going to be a fine season," said the transplanted Brooklynite.

"I've never seen such spirit as we have now. The backs are really a close knit unit and help each other out a lot of ways. And these linemen are terrific. If they don't block well one play they apologize and then go out and do it on the next one."

Faske, of course, was pleased with his showing Friday night—more so than would usually be the case. In addition to sparking his team to an upset victory, his fine showing gave him a boost in the self-confidence department.

Followers of Iowa football will recall that Faske's career at Iowa has been marked by series of ups and downs, starting one Satur-

# Iowa 15th in UP Grid Poll

NEW YORK — Despite its narrow squeak against North Carolina, Notre Dame came out of football's first big weekend of the season as the nation's No. 1 team.

The Fighting Irish, forced to the limit before they turned back the Tarneels, 14-7, in the last three minutes of play, received 17 first place votes and a total of 291 points in the second weekly ratings of the United Press board of football experts.

The 35 prominent coaches who make up the board voted army's No. 2 team and placed Michigan State, 13-7 upset victor over Michigan, in third place.

Southern Methodist was ranked fourth, Oklahoma fifth, Texas sixth, California seventh, Kentucky eighth, Stanford ninth and UCLA tenth to round out the first ten.

In all, 30 teams received points. Iowa, upset victor over Southern California; Mississippi State, which turned back heavily-favored Tennessee; Alabama, conqueror of Tulane; the Texas Aggies, who beat Texas Tech, and Clemson, victor over Missouri, received points for the first time.

## For College Training Program — Navy Schedules Exams Dec. 9

The fifth nation-wide competitive examination for the navy's college training program will be Dec. 9, it was announced Monday.

High school seniors and graduates between the ages of 17 and 21 are eligible to take the examination. Successful candidates will be given a four-year college education at government expense and will be commissioned as officers of the navy or marine corps upon graduation.

Those who pass the aptitude test will be interviewed and given physical examinations. If they are found qualified in all respects, their names will be submitted to state and territorial selection committees composed of prominent citizens and naval officers.

Students selected by these committees will be assigned to naval ROTC units and if accepted by

the colleges, they will be appointed midshipmen.

These students will have their tuition, books and normal fees paid for by the government. In addition they will receive \$50 a month for the four-year period. Upon graduation they will be required to serve on active duty for two years.

### Letts Bound to Jury On False Check Charge

John H. Letts, Columbus Junction, was charged in Iowa City police court Monday morning with issuing a false check. Letts waived preliminary hearing and was bound over to the grand jury.

Letts is accused of writing a \$20 check on the Columbus Junction bank and receiving cash for it in the Iowa City Big B market about April 20.

He was arrested earlier this week by Davenport police and turned over to Iowa City officers who brought him here.

### Fined \$27.50

Ruby E. Marsh, Ft. Madison, was fined \$27.50 in police court Monday on a charge of driving without a license. Marsh was detained by Iowa City police after his car collided Sunday with a parked car owned by John B. Tweeten, 423 S. Madison street. Total damage was estimated by police at \$100.

## Car Wreck Injures Two Iowa Citizens

Two Iowa Citizens were among ten persons injured early Sunday in an auto collision seven miles south of Cedar Rapids on Highway 218.

Leonard J. Rebal, 416 Second avenue, suffered a broken jaw and bruises and lacerations of the face in the accident, and his wife suffered a broken leg, hip injuries, facial lacerations and bruises.

Mr. and Mrs. Rebal, along with Mrs. Maurice Heinsius, Solon, and Mrs. Jack Davis, Cedar Rapids, are in St. Luke's hospital in Cedar Rapids. Six other persons slightly injured in the accident were released from the hospital after treatment.

The accident occurred when a car driven by Maurice Heinsius, Solon, collided with one driven by Kenneth L. Merrifield, Cedar Rapids. Mr. and Mrs. Rebal were riding with Mr. and Mrs. Heinsius. The six other persons were in Merrifield's car.

### Student Council Seeks Public Relations Workers

Students interested in student council publicity and public relations work have been asked to leave their names in the student council office at Old Dental building.

Murray Seeger, A4, Hamburg, for the SUI student council, said Monday all persons interested would be interviewed.

## Thirty Miles Past Parallel

**SOUTH KOREAN FORCES PUSHED 30 miles into Communist North Korea (1) Monday, reaching Kansong.** The drive through the border along the 38th parallel was aimed at Wonsan. Jagged line is from Wonsan through Pyongyang area where Reds may make a major stand. Inland, another South Korean division is poised at the parallel after a drive from Cunchon. U.S. forces (2) are driving on Uijongbu. The big mystery still is whether Chinese Communist troops massed on Manchurian border (troops and question mark) will march south to aid retreating Reds.

### Students, Iowa Citizen Forfeit Traffic Bonds

Two SUI students and an Iowa City man forfeited bonds by failing to appear in police court Saturday morning in answer to traffic violation charges.

Alexander F. Inne, A2, Sloan, failed to appear on a charge of passing a stop sign, forfeiting \$15; Harry S. Bunker, A2, Colorado Springs, left \$5 for not answering charges of driving on the wrong side of the street, and Michael C. Sewall, 125 S. Lucas street, forfeited a \$20 bond by failing to appear on a speeding count.

Clyde E. Bowman, fined \$12.50 by Judge Emil G. Trott on a charge of vagrancy, had his fine suspended on condition that he leave town.

### McAdam Appointed U-High Principal

The appointment of J.E. McAdam as principal of University high school, was announced Monday by Prof. L.A. Van Dyke, director of the school.

McAdam was acting director of the school last year during Van Dyke's absence.

The appointment of Dwight Davis, as vice-principal of the high school, was also announced Monday. His main duties will be those of guidance director and student counselor.

Van Dyke said the appointment represents a change in previous policy of appointing a doctoral candidate as principal for a relatively short term. More continuity will be given the program with a permanent administrative head, he said.

### 3 Students, 4 Others Pay Fines in Court

Seven men, including three SUI students, paid a total of \$145 in fines Monday in police court.

Thomas D. Ghrist, A4, Des Moines, paid \$52.50 on a charge of reckless driving; Richard L. Donohue, A3, New Hampton, was fined \$12.50 for having passengers on the outside of his car, and Harley M. Guess, A4, Jefferson, paid \$5 for passing on the right side. Fined on charges of intoxication by Judge Emil G. Trott were Gene Carrell, 421 Third avenue, who paid \$22.50, and Eugene V. Stanfield, 514 S. Linn street, who paid \$27.50.

Ray Grablin, Oxford, was fined \$12.50 for carrying a loaded rifle in his car, and Jack Potter, Tiffin, paid \$12.50 for hunting without a license.

The cases of Paul Gesling, Ainsworth, and Darrell Atkins, 108 S. Linn street, both charged with driving while intoxicated, were continued until 5:15 p.m. Wednesday.

## Prof. T. Z. Koo Directs New SUI Department

Prof. T. Z. Koo, noted Chinese Christian leader and former SUI guest teacher in the school of religion, has been appointed director of the newly installed department of Oriental studies.

Koo was graduated from St. John's university in Shanghai, China. He started his career as an executive for Chinese railroads in 1909, and later turned to Christian student work.

From 1934 to 1947 he served as secretary of the World's Student Christian federation, and taught at the University of Florida during 1949-50 school year.

The new department, first of its kind on the SUI campus, is designed to acquaint the student with the cultural development of the people of the Orient and to provide an understanding of current events in that part of the world.

"The best way to achieve an understanding of a country," Prof. Koo explained, "is through the study of its cultures."

Students enrolled in the courses offered this fall, he said, are majors in commerce, science, philosophy and several other fields of study.

The department of Oriental studies does not plan to offer a major program of study or grant degrees, Koo explained, but will concentrate on providing a background for students who plan to work or study in the Orient.

Courses in Chinese are being emphasized this semester by the department, but plans are under way to add studies on India and Japan.

Chinese culture and China in the twentieth century are included in the schedule this fall, with a course in development of Buddhist thought to be added next semester.

Art, literature, history, geography and other courses applying to the development of ethical philosophical movements in the Orient may also be included in the department studies.

Mrs. Koo is with her husband in Iowa City, but their oldest daughter is in Communist China. Three other children are in the United States, including one son who is attending the University of Florida and two daughters at Pennsylvania State college, where their husbands are teachers.

Koo is scheduled to be featured

T. Z. KOO, NOTED CHINESE CHRISTIAN LEADER, will direct work in the newly organized department of Oriental studies at SUI. Born and educated in China, he has spoken in various Iowa cities and colleges on numerous occasions. He is scheduled to speak at University Vespers Sunday at 4 p.m. in Macbride auditorium.

speaker when the YMCA fall conference convenes at Boone Friday. "What Does God Require of Us?" will be the theme of the three-day conference.

He also will speak at University vespers at 4 p.m. Sunday on "Old Dreams and New Visions." No tickets are required and the university community is invited to the program, to be held in Macbride auditorium.

**CONFERENCE OPENS**  
The eighth annual underwater ballistics conference, sponsored by the office of naval research, opened at SUI Monday. Experts in naval gunnery from the United States, Britain and Canada are attending the meeting.

## Orchestra Concert Planned Oct. 11

SUI's symphony orchestra will give its first concert of the season Oct. 11 at 8 p.m. in the Iowa Union.

Prof. Philip Greeley Clapp, head of the music department, is scheduled to conduct the 95-piece orchestra in works by Bach, Mozart and Brahms.

Miss Dorothy White, instructor of music at SUI, will be flute soloist in the Mozart number, "Concerto in G major" for flute with orchestra.

A graduate of Oberlin college, Oberlin, Ohio, Miss White teaches both flute and harp at SUI. The "Overture in D major" by Johann Sebastian Bach will open the orchestra's program and "Symphony No. 4 in E minor, Opus 98" by Johannes Brahms will close the performance.

Student tickets for the concert will be available at the Iowa Union beginning Saturday. To obtain a ticket, the student must present his ID card at the information desk.

## SUI Doctor to Speak About Heart Disease

Dr. J. W. Culbertson, assistant professor of internal medicine at the SUI college of medicine, will speak Wednesday evening at the first fall meeting of the Johnson County Medical society.

His topic will be "Congenital Heart Diseases."

A dinner will open the meeting at 6 p.m. at the Hotel Jefferson. This will be followed by a business meeting, the lecture, and a discussion led by Dr. J. L. Ehrenhaft, assistant professor of thoracic surgery in the college of medicine.

## Placement Office Plans Job Meeting

The business and industrial placement office will conduct a meeting at 4:30 p.m. Wednesday in the chemistry auditorium for all seniors and graduate students interested in jobs in the industrial or business fields.

All students graduating in February, June or August, except those of the colleges of engineering, are urged to attend this meeting. The college of engineering has its own placement office.

A brief survey of the job opportunities for the past year and the outlook for 1951 will be given. Written information will be given those attending the meeting concerning procedures for registration and the services available at the placement office.

## French Club to Hold 'Get Acquainted' Party

The French club will meet at 7:30 p.m. today for an informal "get-acquainted" gathering of students and faculty members who are interested in the language and culture of France.

Students who do not yet have a thorough speaking knowledge of French and all previous members are invited to the meeting at the home of Prof. Grace Cochran, 10 Oakridge avenue.

## Chemistry Group Plans Lab Safety Lecture

Safety in laboratories and research rooms of the chemistry building will be discussed by Prof. R.E. Buckles, organic chemistry department, at 8 p.m. Oct. 10, in the chemistry auditorium.

The lecture will be sponsored by the safety committee of Alpha Chi Sigma, professional chemistry fraternity.

## Congratulates Reactivated Chapter

DAVE RIEDE, PRESIDENT OF PHI KAPPA, newly reactivated national Catholic social fraternity, is congratulated by SUI President Virgil M. Hancher (second from right) before the fraternity's initiation banquet Saturday. Looking on are Rev. Leonard Brugman (left), director of the Catholic student center, and F. L. Chinery (right), national secretary-treasurer of Phi Kappa. Delta chapter of Phi Kappa was instituted for the first time on this campus in 1914 and operated until 1924, when a fire destroyed its house and the charter was discontinued due to financial difficulties.

## Five Parties Scheduled At Union This Fall

Larry Sjuln, C4, Hamburg, publicity chairman of the central party committee, announced the coming fall parties at the Iowa Union.

They include: the Homecoming party, Oct. 21; Norman Evan's Jazz at the Philharmonic concert, Oct. 27; Dads' Day dance, Nov. 10; Spinster's Spree, Nov. 17, and the Christmas formal, Dec. 1.

He added that anyone interested in working on publicity or decorations committees of the central party committee should apply with Frank Bruce, assistant director of the Iowa Union.

## Funeral Services Today for Wilbur Cannon

Funeral services for Wilbur Dugan Cannon, 56, SUI alumnus and Iowa City businessman, will be held at 2 p.m. today in the First Methodist church.

He will be buried at Oakland cemetery.

Mr. Cannon was secretary-treasurer of the Economy Advertising company for almost thirty years. A World War I veteran, Mr. Cannon joined his father's firm after returning from overseas and became secretary-treasurer when his father died.

A 1917 graduate of SUI, Mr. Cannon was a member of the Quarterback and "I" clubs as well as a member of the SUI Alumni association.

While in business, Mr. Cannon gave employment to SUI athletes. Mr. Cannon was a member of the Iowa City airport commission. He was instrumental in much of the airport's development.

Born in Omaha, Nebr., May 30, 1894, the son of W. D. Cannon and Salome Ann Dugan, Mr. Cannon moved to Iowa City with his parents and attended the public schools. He was graduated from Iowa City high school in 1913 and received a B.A. degree from SUI in 1917.

While at SUI he was a member of the Delta Tau Delta fraternity, and was acting advisor for the local chapter.

After enlisting in the Quartermaster corps of the army in 1917, he married Annatta Katherine Newcombe before going overseas.

He is survived by his widow; two sons, Wilbur David Cannon Jr., of Iowa City, who is associated with the Economy advertising company, and Gerald Newcomb Cannon, a senior at Kenyon col-

HAVE YOU EVER WONDERED... what the boys you know will be doing ten or twenty years from now? We have, and we've noticed something pretty important. The chaps who have been our newspaperboys seem to invariably come out ahead of the bunch. They seem to have that extra something that counts.

YES THAT'S TRUE... and for several very good reasons. In the first place the average newspaperboy has better than average marks in school—that's important. Then, too, a newspaperboy learns to be dependable, how to meet and get along with people, how to save the money he himself earns. Yes, you seldom have to wonder whether your newspaperboy will be successful... he's already started up the ladder.
